

118TH CONGRESS  
2D SESSION

# H. RES. 1503

Expressing support for the designation of October 2024 as “National Youth Justice Action Month”.

---

## IN THE HOUSE OF REPRESENTATIVES

SEPTEMBER 25, 2024

Mr. CÁRDENAS (for himself, Mr. TRONE, and Ms. MOORE of Wisconsin) submitted the following resolution; which was referred to the Committee on Education and the Workforce

---

## RESOLUTION

Expressing support for the designation of October 2024 as “National Youth Justice Action Month”.

Whereas the historical role of the juvenile court system is to rehabilitate and treat young people while holding them accountable and maintaining public safety, and the juvenile court system is therefore better equipped to work with youth than the adult criminal justice system, which is punitive in nature;

Whereas youth are developmentally different from adults, and those differences have been—

(1) documented by research on the adolescent brain;

and

(2) acknowledged by the Supreme Court of the United States, State supreme courts, and many State

and Federal laws that prohibit youth under the age of 18 from taking on major adult responsibilities such as voting, jury duty, and military service;

Whereas most laws allowing the prosecution of youth as adults were enacted before the publication of research-based evidence by the Centers for Disease Control and Prevention and the Office of Juvenile Justice and Delinquency Prevention of the Department of Justice demonstrating that prosecuting youth in adult court actually decreases public safety as, on average, youth prosecuted in adult court are 34 percent more likely to commit future crimes than youth retained in the juvenile court system;

Whereas youth deserve an opportunity to demonstrate their potential to grow and change, and youth who are placed under the commitment of the juvenile court system too often do not receive access to age-appropriate services and education and remain far from their families, which increases the likelihood that those youth will commit offenses in the future;

Whereas, in the United States, between 2000 to 2022, there was a 75-percent decline in youth incarceration, but troubling disparities remain;

Whereas youth of color, youth with disabilities, youth with mental health challenges, and youth in foster care are disproportionately represented at all stages of the juvenile justice system;

Whereas it is harmful to public safety and to young people in the legal system to confine youth in adult jails or prisons where they are significantly more likely to be phys-

ically and sexually assaulted and placed in solitary confinement;

Whereas youth sentenced as adults receive an adult criminal record that hinders future education, housing, and employment opportunities; and

Whereas, in October, people around the United States participate in Youth Justice Action Month to increase public awareness of the impact of the justice system on youth and families and to provide people across the United States with an opportunity to develop action-oriented events in their communities: Now, therefore, be it

1       *Resolved*, That the House of Representatives—

2               (1) acknowledges that the collateral consequences normally applied in the adult criminal justice system should not automatically apply to youth arrested for crimes before the age of 18;

6               (2) expresses support for the designation of “National Youth Justice Action Month”;

8               (3) recognizes and supports the goals and ideals of National Youth Justice Action Month; and

10              (4) recognizes the 50th anniversary of the Juvenile Justice and Delinquency Prevention Act of 1974, as amended by the Juvenile Justice Reform Act of 2018, and the importance of reauthorization, funding, and continued implementation of the Act in

- 1 a manner in keeping with the spirit and intent of
- 2 the law.
