**THE PRESIDENT OF THE UNITED STATES**

TRANSMITTING

A REQUEST FOR FY 2008 BUDGET AMENDMENTS FOR DEPART-  
MENT OF DEFENSE OPERATIONS IN THE GLOBAL WAR ON TER-  
ROR

AUGUST 2, 2007.—Message and accompanying papers referred to the  
Committee on Appropriations and ordered to be printed

U.S. GOVERNMENT PRINTING OFFICE

THE WHITE HOUSE,  
*Washington, July 31, 2007.*

Hon. NANCY PELOSI,  
*Speaker of the House of Representatives,*  
*Washington DC.*

DEAR MADAM SPEAKER: I ask the Congress to consider the enclosed revisions to the FY 2008 Budget request for Department of Defense operations in the Global War on Terror. This request would provide the additional resources necessary to maximize the production of Mine Resistant Ambush Protected vehicles and rapidly field this capability to our servicemembers in Iraq and Afghanistan. Overall, the discretionary budget authority in my FY 2008 request for Operation Iraqi Freedom and Operation Enduring Freedom would be increased by \$5.3 billion, for a Department of Defense total of \$147.0 billion for these operations.

I hereby designate the specific proposals in the amounts requested herein as emergency requirements. This request represents urgent and essential requirements and I encourage you to take up the FY 2008 war funding, including this critical force protection funding, as soon as possible. The details of the request are set forth in the enclosed letter from the Director of the Office of Management and Budget.

Sincerely,

GEORGE W. BUSH.

[Estimate No. 5, 110th Cong., 1st Sess.]

EXECUTIVE OFFICE OF THE PRESIDENT,  
OFFICE OF MANAGEMENT AND BUDGET,  
*Washington, DC, July 31, 2007.*

The PRESIDENT,  
*The White House.*

Submitted for your consideration are amendments to the FY 2008 Department of Defense (DOD) request to fund ongoing military operations in the Global War on Terror. These revisions would enable DOD in FY 2008 to maximize the production and fielding of Mine Resistant Ambush Protected (MRAP) vehicles, which are a critical priority joint-Service program to counter significant in theater force protection threats especially from improvised explosive devices.

This \$5.3 billion proposal would be in addition to your current request of \$141.7 billion for military operations. Specifically, the request would procure 1,520 additional MRAP vehicles; with the goal of delivering a total of 8,000 in theater by May 2008. In addition to the increase in the MRAP fleet, the funds would support Government furnished equipment, continued technological development and upgrades, and support and transportation for the Military Services and U.S. Special Operations Command for the entire fleet.

*Recommendation*

This request fulfills known and urgent requirements that cannot reasonably be met within the request submitted with your FY 2008 Budget. Consistent with the original request, I recommend that you designate the specific amendments contained in this transmittal as emergency requirements.

I have carefully reviewed these proposals and am satisfied that they are necessary at this time. Therefore, I join the Secretary of the Defense in recommending you transmit the proposals to the Congress.

Sincerely,

ROB PORTMAN,  
*Director.*

Enclosures.
