

Commodity Credit Corporation, USDA

§ 1496.2

§ 1494.1100 General statement.

This subpart sets forth the criteria to be considered in evaluating and approving proposals for initiatives to facilitate export sales under the Commodity Credit Corporation's (CCC) Dairy Export Incentive Program (DEIP). These criteria are interrelated and will be considered together in order to select eligible commodities and eligible countries for DEIP initiatives which will best meet the program's objectives. The objectives of the program are to increase U.S. agricultural commodity exports and to encourage other countries exporting agricultural commodities to undertake serious negotiations on agricultural trade problems. Under the DEIP, bonuses are made available by CCC to enable exporters to meet prevailing world prices for targeted dairy products in targeted destinations. In the operation of the DEIP, CCC will make reasonable efforts to avoid the displacement of commercial export sales of U.S. dairy products and to ensure that sales facilitated by the DEIP are in addition to, and not in place of, any export sales of dairy products that the exporter would have otherwise made in the absence of the program.

§ 1494.1101 Criteria.

The criteria considered in evaluating and approving proposals for the DEIP are those set forth in § 1494.20 of this part.

§ 1494.1200 Program operations.

This subpart contains the regulations governing the operation of the Dairy Export Incentive Program (DEIP) of the Commodity Credit Corporation (CCC). Under the DEIP, CCC facilitates the export of U.S. dairy products by paying bonuses to exporters which export U.S. dairy products to targeted markets in accordance with the terms and conditions of an Agreement entered into between the exporter and

CCC. Except as otherwise provided in this subpart, the program operations provisions of subpart B of this part, relating to the Export Enhancement Program, will also apply to the DEIP. Any terms or conditions applicable to a particular Invitation for Offers (Invitation) under the DEIP, beyond those terms or conditions set forth in this subpart or subpart B of this part, will be specifically provided for in such Invitation.

§ 1494.1201 Paperwork Reduction Act.

The information collection requirements contained in this subpart have been approved by the Office of Management and Budget (OMB) in accordance with the provisions of 44 U.S.C. chapter 35 and have been assigned OMB control No. 0551–0029.

§ 1496.1 General statement.

This subpart sets forth the policies, procedures and requirements governing procurement, including allocation to U.S. ports, of processed agricultural commodities for donation under Title II, Pub. L. 480.

[44 FR 27407, May 10, 1979, as amended at 52 FR 5728, Feb. 25, 1987]

§ 1496.2 Administration.

(a) The program will be carried out by the Farm Service Agency (referred to in this subpart as “FSA”) under the general supervision and direction of the Executive Vice President of CCC.

§ 1496.3

The program will be administered through the Office of the Deputy Administrator, Commodity Operations, FSA, Washington, DC and the Kansas City Commodity Office (KCCO), FSA, Kansas City, Missouri. Procurement will be in accordance with USDA-1, "General Terms and Conditions for the Procurement of Agricultural Commodities or Services", as amended or revised, applicable provisions of the Federal Acquisition Regulations (48 CFR), and applicable purchase announcements and bid invitations.

(b) Purchases are made to fulfill commodity requests received in KCCO from AID.

[44 FR 27407, May 10, 1979, as amended at 52 FR 5728, Feb. 25, 1987]

§ 1496.3 Definitions.

As used in the regulations in this subpart and in the forms and documents related thereto, the following terms shall have the meaning assigned to them in this section.

(a) *AID* means the Agency for International Development, an agency within the United States Department of State.

(b) *FSA* means the Farm Service Agency, an agency within the United States Department of Agriculture.

(c) *DACO* means the Deputy Administrator, Commodity Operations, FSA.

(d) *CCC* means Commodity Credit Corporation, a corporate agency within the United States Department of Agriculture.

(e) *Commodity Office* means the Kansas City Commodity Office, within FSA, which is responsible for assigned inventory management, acquisition, disposition and related program activities of CCC.

(f) *Lowest landed cost* means the lowest combined total cost of the commodity plus transportation charges to the port of discharge.

[44 FR 27407, May 10, 1979, as amended at 52 FR 5728, Feb. 25, 1987]

§ 1496.4 Issuance of invitations.

From time to time, CCC will issue invitations to purchase or process agricultural products for utilization in the Title II, Pub. L. 480 program. The invitations will specify the contract terms;

7 CFR Ch. XIV (1-1-02 Edition)

the closing date for acceptance of bids; the date contracts will be awarded; and other pertinent information. Invitations will be issued at least 10 days prior to the deadline for submission of bids. The bid submission deadlines and contract awards will be timed so not more than one market day elapses between bid opening (bid submission deadline) and contract awards.

§ 1496.5 Consideration of bids.

(a)(1) *Lowest landed cost*. The general principle of awarding contracts that will result in the lowest landed cost will prevail. Lowest landed cost will be calculated on the basis of U.S. flag rates and service for that portion of the commodities being purchased that CCC determines is necessary and practicable to meet cargo preference requirements and on an overall (foreign and U.S. flag) basis for the remaining portion of the commodities being purchased. However, the additional factors set forth in this section will be considered in awarding contracts.

(b)(1) *Availability of ocean service*. Prior to receipt of offers from commodity suppliers, CCC will review ocean freight information from available sources including, but not limited to, trade journal newspapers, port publications, and steamship publications to determine the availability of appropriate ocean service.

(2) Additional information will be gathered, if necessary by direct contact with the steamship company involved, regarding such factors as the minimum tonnage and/or revenue required to perform the service needed.

(3) Special emphasis will be placed on assuring that under normal conditions the vessels will be calling at U.S. ports to coordinate loading with cargo arrival from suppliers.

(4) Freight rates will be obtained from published ocean tariffs to make cost comparisons between various steamship companies and coastal ranges.

(5) Available service will be analyzed to ensure that the port or coastal range selected for exportation has available ocean transportation service that will provide maximum compliance with the stated policy of AID with regard to the utilization of U.S. and

other flag vessels to carry commodities shipped under Title II, Pub. L. 480.

(c) *Adequacy of service.* (1) Prior to the selection of a coastal range or U.S. port from which commodities will be shipped, the ocean transportation service available may be examined to determine adequacy of service. The data utilized may include, but not necessarily be limited to, the past performance of a particular vessel or steamship line in terms of loss and/or damage to cargo when received at destination port; past performance in meeting established delivery schedules, etc. CCC may eliminate from consideration ports or coastal ranges where ocean transportation service is considered inadequate by CCC. When clearly superior service is available at another port or coastal range it may be selected over other service.

(d) *Port performance.* (1) Each port will be contacted prior to bid evaluation to determine their cargo handling capabilities for Title II, Pub. L. 480, commodities when it is reasonably expected that quantities of 1,000 tons or more may be shipped. Allocations to that port will be governed by the minimum or maximum quantities indicated.

(2) Limits of quantities purchased for delivery to a port or coastal range may also be imposed by the amount of vessel space available during the expected delivery and loading period.

(3) Prior to the final selection of a U.S. port from which commodities will be shipped, the adequacy of the port to receive, accumulate, warehouse, handle, store, and protect the cargo will be considered.

(4) Factors which will be considered in this determination will include, but are not necessarily limited to, the adequacy of building structures, proper ventilation, freedom from insects and rodents, cleanliness, and overall good housekeeping and warehousing practices.

(5) When it is determined that the U.S. port is congested, facilities are overloaded, and a vessel would not be able to dock and load cargo without delay, or when labor disputes or lack of labor will prohibit the loading of the cargo onboard a vessel in a timely

manner, another coastal range or port will be considered.

(e) *Transit time.* CCC will consider total transit time, as it relates to a final delivery date, in order to satisfy program requirements.

(f) *Great Lakes ports.* (1) Commodities offered for delivery "free alongside ship" (f.a.s.) Great Lakes port range or intermodal bridge-port Great Lakes port range that represent the overall (foreign and U.S. flag) lowest landed cost will be awarded on that basis. Such offers will not be reevaluated on a lowest landed cost U.S.-flag basis unless CCC determines that 25 percent of the total annual tonnage of bagged, processed or fortified commodities furnished under Title II of Public Law 480 has been, or will be, transported from the Great Lakes port range during that fiscal year.

(2) CCC will consider commodity offers as offers for delivery "intermodal bridge-port Great Lakes port range" only if:

(i) The offer specifies delivery at a marine cargo-handling facility that is capable of loading ocean going vessels at a Great Lakes port, as well as loading ocean going conveyances such as barges and container vans, and

(ii) The commodities will be moved from one transportation conveyance to another at such a facility.

[44 FR 27407, May 10, 1979, as amended at 52 FR 5729, Feb. 25, 1987; 63 FR 11104, Mar. 6, 1998]

§ 1496.6 Data to be used.

(a) CCC will use all available historical and current data as a basis for procurement considerations, including evaluations and decisions regarding the physical facilities and performance of ports. Heavy reliance will be placed upon current port conditions as determined from first hand observations and reports from USDA and other reliable sources.

(b) The primary source of historical data will be documents used in the normal course of conducting business. Sources include contract documents, ocean bills of lading, survey and/or outturn reports made by commercial cargo surveyors, claim settlement agreements, claim payment documents, etc. CCC will utilize only such

§ 1496.7

data and make only those analyses that it believes will provide a valid measure of program performance.

§ 1496.7 Final contract determinations.

The KCCO shall be responsible for making lowest landed cost determinations. KCCO shall provide that information to an Ad Hoc Committee designated by the Administrator, FSA, to review the lowest landed cost determinations as a result of any or all of the factors referred to herein. If, after the committee makes its review and it is recommended that contracts should be awarded based on the additional factors which would override lowest landed cost determinations, these recommendations will be presented to the Contracting Officer for a final decision. These decisions will be fully documented and explained as to the reasons the lowest landed cost was not selected.
