(Parts 13, 14, and 15), and small business programs (Part 19));

(2) The ordering activity contracting officer has determined the price for the items not on the Federal Supply Schedule is fair and reasonable;

(3) The items are clearly labeled on the order as items not on the Federal Supply Schedule; and

(4) All clauses applicable to items not on the Federal Supply Schedule are included in the order.

(g) When using the Governmentwide commercial purchase card as a method of payment, orders at or below the micro-purchase threshold are exempt from verification in the Central Contractor Registration (CCR) database as to whether the contractor has a delinquent debt subject to collection under the Treasury Offset Program (TOP).

8.403 Applicability.

(a) Procedures in this subpart apply to—

(1) Individual orders for supplies or services placed against Federal Supply Schedules contracts; and

(2) BPAs established against Federal Supply Schedule contracts.

(b) GSA may establish special ordering procedures for a particular schedule. In this case, that schedule will specify those special ordering procedures. Unless otherwise noted, special ordering procedures established for a Federal Supply Schedule take precedence over the procedures in 8.405.

(c) In accordance with section 1427(b) of Public Law 108-136, for requirements that substantially or to a dominant extent specify performance of architect-engineer services (as defined in 2.101), agencies—

(1) Shall use the procedures at Subpart 36.6; and

(2) Shall not place orders for such requirements under a Federal Supply Schedule.

[69 FR 34234, June 18, 2004, as amended at 70 FR 11738, Mar. 9, 2005]

8.404 Use of Federal Supply Schedules.

(a) *General.* Parts 13 (except 13.303-2(c)(3)), 14, 15, and 19 (except for the requirement at 19.202-1(e)(1)(iii)) do not

apply to BPAs or orders placed against Federal Supply Schedules contracts (but see 8.405-5). BPAs and orders placed against a MAS, using the procedures in this subpart, are considered to be issued using full and open competition (see 6.102(d)(3)). Therefore, when establishing a BPA (as authorized by 13.303-2(c)(3)), or placing orders under Federal Supply Schedule contracts using the procedures of 8.405, ordering activities shall not seek competition outside of the Federal Supply Schedules or synopsise the requirement; but see paragraph (e) of this section for orders (including orders issued under BPAs) funded in whole or in part by the American Recovery and Reinvestment Act of 2009 (Pub. L. 111-5).

(b) The contracting officer, when placing an order or establishing a BPA, is responsible for applying the regulatory and statutory requirements applicable to the agency for which the order is placed or the BPA is established. The requiring agency shall provide the information on the applicable regulatory and statutory requirements to the contracting officer responsible for placing the order.

(c) *Acquisition planning.* Orders placed under a Federal Supply Schedule contract—

(1) Are not exempt from the development of acquisition plans (see subpart 7.1), and an information technology acquisition strategy (see Part 39);

(2) Must comply with all FAR requirements for a bundled contract when the order meets the definition of “bundled contract” (see 2.101(b)); and

(3) Must, whether placed by the requiring agency, or on behalf of the requiring agency, be consistent with the requiring agency’s statutory and regulatory requirements applicable to the acquisition of the supply or service.

(d) *Pricing.* Supplies offered on the schedule are listed at fixed prices. Services offered on the schedule are priced either at hourly rates, or at a fixed price for performance of a specific task (e.g., installation, maintenance, and repair). GSA has already determined the prices of supplies and fixed-price services, and rates for services offered at hourly rates, under schedule contracts to be fair and reasonable. Therefore, ordering activities are not

required to make a separate determination of fair and reasonable pricing, except for a price evaluation as required by 8.405–2(d). By placing an order against a schedule contract using the procedures in 8.405, the ordering activity has concluded that the order represents the best value (as defined in FAR 2.101) and results in the lowest overall cost alternative (considering price, special features, administrative costs, etc.) to meet the Government’s needs. Although GSA has already negotiated fair and reasonable pricing, ordering activities may seek additional discounts before placing an order (see 8.405–4).

(e) Publicizing contract actions funded in whole or in part by the American Recovery and Reinvestment Act of 2009 (Pub. L. 111–5):

(1) Notices of proposed MAS orders (including orders issued under BPAs) that are for “informational purposes only” exceeding \$25,000 shall follow the procedures in 5.704 for posting orders.

(2) Award notices for MAS orders (including orders issued under BPAs) shall follow the procedures in 5.705.

[69 FR 34234, June 18, 2004, as amended at 74 FR 14638, Mar. 31, 2009]

8.405 Ordering procedures for Federal Supply Schedules.

Ordering activities shall use the ordering procedures of this section when placing an order or establishing a BPA for supplies or services. The procedures in this section apply to all schedules.

8.405–1 Ordering procedures for supplies, and services not requiring a statement of work.

(a) Ordering activities shall use the procedures of this subsection when ordering supplies and services that are listed in the schedules contracts at a fixed price for the performance of a specific task, where a statement of work is not required (*e.g.*, installation, maintenance, and repair).

(b) *Orders at or below the micro-purchase threshold.* Ordering activities may place orders at, or below, the micro-purchase threshold with any Federal Supply Schedule contractor that can meet the agency’s needs. Although not required to solicit from a specific number of schedule contractors, ordering

activities should attempt to distribute orders among contractors.

(c) *Orders exceeding the micro-purchase threshold but not exceeding the maximum order threshold.* (1) Ordering activities shall place orders with the schedule contractor that can provide the supply or service that represents the best value. Before placing an order, an ordering activity shall consider reasonably available information about the supply or service offered under MAS contracts by surveying at least three schedule contractors through the GSA Advantage! on-line shopping service, or by reviewing the catalogs or pricelists of at least three schedule contractors (see 8.405–5).

(2) When an order contains brand name specifications, the contracting officer shall post the Request for Quote (RFQ) along with the justification or documentation as required by 8.405–6.

(3) In addition to price, when determining best value, the ordering activity may consider, among other factors, the following:

(i) Past performance.

(ii) Special features of the supply or service required for effective program performance.

(iii) Trade-in considerations.

(iv) Probable life of the item selected as compared with that of a comparable item.

(v) Warranty considerations.

(vi) Maintenance availability.

(vii) Environmental and energy efficiency considerations.

(viii) Delivery terms.

(d) *Orders exceeding the maximum order threshold.* Each schedule contract has a maximum order threshold established on a SIN-by-SIN basis. Although a price reduction may be sought at any time, this threshold represents the point where, given the dollar value of the potential order, the ordering activity shall seek a price reduction. In addition to following the procedures in paragraph (c) of this section and before placing an order that exceeds the maximum order threshold or establishing a BPA (see 8.405–3), ordering activities shall—

(1) Review (except see (c)(2) of this subsection) the pricelists of additional
