Subpart D—Redemption or Payment

§ 306.25 Presentation and surrender.

(a) *General.* Securities, whether in registered or bearer form, are payable in regular course of business at maturity unless called for redemption before maturity in accordance with their terms, in which case they will be payable in regular course of business on the date of call. The Secretary of the Treasury may provide for the exchange of maturing or called securities, or in advance of call or maturity, may afford owners the opportunity of exchanging a security for another security pursuant to a prerefunding or an advance refunding offer. Registered and bearer securities should be presented and surrendered for redemption to the Bureau. No assignments or evidence in support of assignments will be required by or on behalf of the registered owner or assignee for redemption for his or its account, or for redemption-exchange, or exchange pursuant to a prerefunding or an advance refunding offer, if the new securities are to be registered in exactly the same names and forms as appear in the registrations or assignments of the securities surrendered. To the extent appropriate, these rules also apply to securities registered in the title of public officers who are official custodians of public funds.

(b) *“Overdue” securities.* If a bearer security or a registered security assigned in blank, or to bearer, or so assigned as to become in effect payable to bearer, is presented and surrendered for redemption after it has become overdue, the Secretary of the Treasury will ordinarily require satisfactory proof of ownership. (Form PD 1071 may be used.) A security shall be considered

to be overdue after the lapse of the following periods of time from its face maturity:

(1) One month for securities issued for a term of 1 year or less.

(2) Three months for securities issued for a term of more than 1 year but not in excess of 7 years.

(3) Six months for securities issued for a term of more than 7 years.

§ 306.26 Redemption of registered securities at maturity, upon prior call, or for prerefunding or advance refunding.

Registered securities presented and surrendered for redemption at maturity or pursuant to a call for redemption before maturity need not be assigned, unless the owner desires that payment be made to some other person, in which case assignments should be made to "The Secretary of the Treasury for redemption for the account of (inserting name and address of person to whom payment is to be made). Specific instructions for the issuance and delivery of the redemption check, signed by the owner or his authorized representative, must accompany the securities, unless included in the assignment. (Form PD 3905 may be used.) Payment of the principal will be made by check drawn on the United States Treasury to the order of the persons entitled and mailed in accordance with the instructions received. Securities presented for prerefunding or advance refunding should be assigned as provided in the prerefunding or advance refunding offer.

§ 306.27 Redemption of bearer securities at maturity, upon prior call, or for advance refunding or prerefunding.

All interest coupons due and payable on or before the date of maturity or date fixed in the call for redemption before maturity should be detached from coupon securities presented for redemption and should be collected separately in regular course. All coupons bearing dates subsequent to the date fixed in a call for redemption, or

offer of prerefunding or advance refunding, should be left attached to the securities. If any such coupons are missing, the full face amount thereof will be deducted from the payment to be made upon redemption or the prerefunding or advance refunding adjustment unless satisfactory evidence of their destruction is submitted. Any amounts so deducted will be held in the Department to provide for adjustments or refunds in the event it should be determined that the missing coupons were subsequently presented or their destruction is later satisfactorily established. In the absence of other instructions, payment or bearer securities will be made by check drawn to the order of the person presenting and surrendering the securities and mailed to him at his address, as given in the advice accompanying the securities. (Form PD 3905 may be used.) Under appropriate circumstances, payment to a financial institution for detached past due coupons may be made by crediting the amount of the proceeds to the account maintained by the financial institution at the Federal Reserve bank of its district.

Subpart E—Interest

§ 306.35 Computation of interest.

The interest on Treasury securities accrues and is payable on a semiannual basis unless otherwise provided in the circular offering them for sale or exchange. If the period of accrual is an exact 6 months, the interest accrual is an exact one-half year's interest without regard to the number of days in the period. If the period of accrual is less than an exact 6 months, the accrued interest is computed by determining the daily rate of accrual on the basis of the exact number of days in the full interest period and multiplying the daily rate by the exact number of days in the fractional period for which interest has actually accrued. A full interest period does not include the day as of which securities were issued or the day on which the last preceding interest became due, but does include the day on which the next succeeding interest payment is due. A fractional part of an

§ 306.36

interest period does not include the day as of which the securities were issued or the day on which the last preceding interest payment became due, but does include the day as of which the transaction terminating the accrual of interest is effected. The 29th of February in a leap year is included whenever it falls within either a full interest period or a fractional part thereof.⁷

§ 306.36 Termination of interest.

Securities will cease to bear interest on the date of their maturity unless they have been called for redemption before maturity in accordance with their terms, or are presented and surrendered for redemption-exchange or exchange pursuant to an advance refunding or prerefunding offer, in which case they will cease to bear interest on the date of call, or the exchange date, as the case may be.

§ 306.37 Interest on registered securities.

(a) *Method of payment.* The interest on registered securities is payable by checks drawn on the United States Treasury to the order of the registered owners, except as otherwise provided herein. Interest checks are prepared by the Department in advance of the interest payment data and are ordinarily mailed in time to reach the addresses on that date. Interest on a registered security which has not matured or been called and which is presented for any transaction during the period the books for that loan are closed will be paid by check drawn to the order of the registered owner of record. Upon receipt of notice of the death or incompetency of an individual named as registered owner, a change in the name or in the status of a partnership, corporation, or unincorporated association, the removal, resignation, succession, or death of a fiduciary or trustee, de-

⁷The appendix to this subpart contains a complete explanation of the method of computing interest on a semiannual basis on Treasury bonds, notes, and certificates of indebtedness, and an outline of the method of computing the discount rates on Treasury bills. Also included are tables of computation of interest on semiannual and annual basis.

31 CFR Ch. II (7-1-11 Edition)

livery of interest checks will be withheld pending receipt and approval of evidence showing who is entitled to receive the interest checks. If the inscriptions on securities do not clearly identify the owners, delivery of interest checks will be withheld pending reissue of the securities in the correct registration. The final installment of interest, unless otherwise provided in the offering circular or notice of call, will be paid by check drawn to the order of the registered owner of record and mailed in advance of the interest payment date in time to reach the addressee on or about that date. Interest on securities presented for prerefunding or advance refunding will be adjusted as provided in the prerefunding or advance refunding offer.

(b) *Change of address.* To assure timely delivery of interest checks, owners should promptly notify the Bureau of any change of address. (Form PD 345 may be used.) The notification must be signed by the registered owner or a joint owner or an authorized representative, and should show the owner's taxpayer identifying number, the old and new addresses, the serial number and denomination of each security, the titles of the securities (for example: 4 $\frac{1}{4}$ percent Treasury Bonds of 1987-92, dated August 15, 1962), and the registration of each security. Notifications by attorneys in fact, trustees, or by the legal representatives of the estates of deceased, incompetent, or minor owners should be supported by proof of their authority, unless, in the case of trustees or legal representatives, they are named in the registration.

(c) *Collection of interest checks—(1) General.* Interest checks may be collected in accordance with the regulations governing the endorsement and payment of Government warrants and checks, which are contained in the current revision of Department Circular No. 21 (part 240 of this chapter).

(2) *By voluntary guardians of incompetents.* Interest checks drawn to the order of a person who has become incompetent and for whose estate no

legal guardian or similar representative has been appointed should be returned to the Bureau with a full explanation of the circumstances. For collection of interest, the Department will recognize the relative responsible for the incompetent's care and support or some other person as voluntary guardian for the incompetent. (Application may be made on Form PD 1461.)

(d) *Nonreceipt, loss, theft, or destruction of interest checks.* If an interest check is not received within a reasonable period after an interest payment date, or if a check is lost, stolen, or destroyed after receipt, notification should be sent to the Bureau of the Public Debt, Division of Customer Service, Parkersburg, WV 26102. Notification should include the name and address of the owner, his taxpayer identifying number, and the serial number, denomination, and title of the security upon which the interest was payable. If the check is subsequently received or recovered, the Bureau should be notified.

[38 FR 7078, Mar. 15, 1973, as amended at 64 FR 38126, July 15, 1999]

§ 306.38 Interest on bearer securities.

Unless the offering circular and notice of call provide otherwise, interest on coupon securities is payable in regular course of business upon presentation and surrender of the interest coupons as they mature. Such coupons are payable at participating Federal Reserve banks or by the Bureau.⁸ Interest on Treasury bills, and any other bearer securities which may be sold and issued on a discount basis and which are payable at par at maturity, is represented by the difference between the purchase price and the par value, and no coupons are attached.

[38 FR 7078, Mar. 15, 1973, as amended at 64 FR 38126, July 15, 1999]

⁸Banking institutions will usually cash the coupons without charge as an accommodation to their customers.

APPENDIX TO SUBPART E OF PART 306— INTEREST—COMPUTATION OF INTEREST ON TREASURY BONDS, TREASURY NOTES, AND TREASURY CERTIFICATES OF INDEBTEDNESS, AND COMPUTATION OF DISCOUNT ON TREASURY BILLS— INTEREST TABLES

COMPUTATION OF INTEREST ON ANNUAL BASIS

One Day's Interest is $\frac{1}{365}$ or $\frac{1}{366}$ of 1-Year's Interest

Computation of interest on Treasury bonds, notes, and certificates of indebtedness will be made on an annual basis in all cases where interest is payable in one amount for the full term of the security, unless such term is an exact half-year (6 months), and it is provided that interest shall be computed on a semi-annual basis.

If the term of the securities is exactly 1 year, the interest is computed for the full period at the specified rate regardless of the number of days in such period.

If the term of the securities is less than 1 full year, the annual interest period for purposes of computation is considered to be the full year from but not including the date of issue to and including the anniversary of such date.

If the term of the securities is more than 1 full year, computation is made on the basis of one full annual interest period, ending with the maturity date, and a fractional part of the preceding full annual interest period.

The computation of interest for any fractional part of an annual interest period is made on the basis of 365 actual days in such period, or 366 days if February 29 falls within such annual period.

COMPUTATION OF INTEREST ON SEMIANNUAL BASIS

ONE DAY'S INTEREST IS $\frac{1}{181}$, $\frac{1}{182}$, $\frac{1}{183}$ OR $\frac{1}{184}$ OR $\frac{1}{2}$ YEAR'S INTEREST

Computation of interest on Treasury bonds, notes, and certificates of indebtedness will be made on a semiannual basis in all cases where interest is payable for one or more full half-year (6 months) periods, or for one or more full half-year periods and a fractional part of a half-year period. A semi-annual interest period is an exact half-year or 6 months, for computation purposes, and may comprise 181, 182, 183 or 184 actual days.

An exact half-year's interest at the specified rate is computed for each full period of exactly 6 months, irrespective of the actual number of days in the half-year.

If the initial interest covers a fractional part of a half-year, computation is made on the basis of the actual number of days in the half-year (exactly 6 months) ending on the day such initial interest becomes due. If the initial interest covers a period in excess of 6

months, computation is made on the basis of one full half-year, ending with the interest due date, and a fractional part of the preceding full half-year period.

Interest for any fractional part of a full half-year period is computed on the basis of

the exact number of days in the full period, including February 29 whenever it falls within such a period.

The number of days in any half-year period is shown in the following table:

FOR THE HALF-YEAR

Interest period	Beginning and ending days are 1st or 15th of months listed under interest period (number of days)		Beginning and ending days are last days of months listed under interest period (number of days)

USE OF INTEREST TABLES

In the appended tables decimals are set forth for use in computing interest for fractional parts of interest periods. The decimals cover interest on \$1,000 for 1 day in each possible semiannual (Table I), and annual (Table II) interest period, at all rates of interest, in steps of 1/8 percent, from 1/8 to 9 percent. The amount of interest accruing on any date (for a fractional part of an interest period) on \$1,000 face amount of any issue of Treasury bonds, Treasury notes, or Treasury certificates of indebtedness may be ascertained in the following way:

(1) The date of issue, the dates for the payment of interest, the basis (semiannual or annual) upon which interest is computed,

and the rate of interest (percent per annum) may be determined from the text of the security, or from the official circular governing the issue.

(2) Determine the interest period of which the fraction is a part, and calculate the number of days in the full period to determine the proper column to be used in selecting the decimal for 1 day's interest.

(3) Calculate the actual number of days in the fractional period from but not including the date of issue or the day on which the last preceding interest payment was made, to and including the day on which the next succeeding interest payment is due or the day as of which the transaction which terminates the accrual of additional interest is effected.

(4) Multiply the appropriate decimal (1 day's interest on \$1,000) by the number of days in the fractional part of the interest period. The appropriate decimal will be found in the appended table for interest payable semiannually or annually, as the case may be, opposite the rate borne by the security, and in the column showing the full interest period of which the fractional period is a part. (For interest on any other amount, multiply the amount of interest on \$1,000 by the other amount expressed as a decimal of \$1,000.)

TREASURY

The methods of computing discount rates on U.S. Treasury bills are given below:

Computation will be made on an annual basis in all cases. The annual period for bank

Fiscal Service, Treasury

Pt. 306, Subpt. E, App.

discount is a year of 360 days, and all computations of such discount will be made on that basis. The annual period for true discount is 1 full year from but not including the date of issue to and including the anniversary of such date. Computation of true discount for a fractional part of a year will be made on the basis of 365 days in the year, or 366 days if February 29 falls within the year.

BANK DISCOUNT

The bank discount rate on a Treasury bill may be ascertained by: (1) Subtracting the sale price of the bill from its face value to obtain the amount of discount; (2) dividing the amount of discount by the number of days the bill is to run to obtain the amount of discount per day; (3) multiplying the amount of discount per day by 360 (the number of days in a commercial year of 12 months of 30 days each) to obtain the amount of discount per year; and (4) dividing the amount of discount per year by the face value of the bill to obtain the bank discount rate.

For example:

91-day bill:

Principal amount—maturity value	\$100.00
Price at issue—amount received	99.50
Amount of discount50

$\$0.50 \div 91 \times 360 \div \$100 = .01978$ or 1.978 percent

TRUE DISCOUNT

The true discount rate on a Treasury bill of not more than one-half year in length may be ascertained by (1 and 2) obtaining the amount of discount per day by following the first two steps described under "Bank Discount"; (3) multiplying the amount of discount per day by the actual number of days in the year from date of issue (365 ordinarily, but 366 if February 29 falls within the year from date of issue) to obtain the amount of discount per year; and (4) dividing the amount of discount per year by the sale price of the bill to obtain the true discount rate.

For example:

91-day bill:

Principal amount—maturity value	\$100.00
Price at issue—amount received	99.50
Amount of discount50

$\$0.50 \div 91 \times 365 \div \$99.50 = .02016$ or 2.016 percent

Subpart F—Assignments of Registered Securities—General

§ 306.40 Execution of assignments.

The assignment of a registered security should be executed by the owner, or his or her authorized representative, in the presence of an individual authorized to certify assignments. All assignments must be made on the backs of the securities, unless otherwise authorized by the Bureau. An assignment by mark (X) must be witnessed not only by a certifying individual, but also by at least one other person, who should add an endorsement substantially as follows: "Witness to signature by mark," followed by the witness' signature and address.

[59 FR 59036, Nov. 15, 1994, as amended by 64 FR 38126, July 15, 1999]

§ 306.41

§ 306.41 Form of assignment.

Registered securities may be assigned in blank, to bearer, to a specified transferee, or to the Secretary of the Treasury for redemption or for exchange for other securities offered at maturity, upon call or pursuant to an advance refunding or prerefunding offer. Assignments to "The Secretary of the Treasury," "The Secretary of the Treasury for transfer," or "The Secretary of the Treasury for exchange" will not be accepted unless supplemented by specific instructions by or in behalf of the owner.

[38 FR 7078, Mar. 15, 1973, as amended at 64 FR 38126, July 15, 1999]

§ 306.42 Alterations and erasures.

If an alteration or erasure has been made in an assignment, the assignor should appear before an authorized certifying officer and execute a new assignment to the same assignee. If the new assignment is to other than the assignee whose name has been altered or erased, a disclaimer from the first-named assignee should be obtained. Otherwise, an affidavit of explanation by the person responsible for the alteration or erasure should be submitted for consideration.

§ 306.43 Voidance of assignments.

An assignment of a security to or for the account of another person, not completed by delivery, may be voided by a disclaimer of interest from that person. This disclaimer should be executed in the presence of an officer authorized to certify assignments of securities. Unless otherwise authorized by the Bureau, the disclaimer must be written, typed, or stamped on the back of the security in substantially the following form:

The undersigned as assignee of this security hereby disclaims any interest herein.

(Signature)

I certify that the above-named person as described, whose identity is well known or proved before me, personally appeared before me the ____ day of _____ (Month and year) at _____ (Place) and signed the above disclaimer of interest.

(SEAL) _____
(Signature and official designation of certifying officer)

In the absence of a disclaimer, an affidavit or affidavits should be submitted for consideration explaining why a disclaimer cannot be obtained, reciting all other material facts and circumstances relating to the transaction, including whether or not the security was delivered to the person named as assignee and whether or not the affiants know of any basis for the assignee claiming any right, title, or interest in the security. After an assignment has been voided, in order to dispose of the security, an assignment by or on behalf of the owner will be required.

[38 FR 7078, Mar. 15, 1973, as amended at 64 FR 38126, July 15, 1999]

§ 306.44 Discrepancies in names.

The Department will ordinarily require an explanation of discrepancies in the names which appear in inscriptions, assignments, supporting evidence or in the signatures to any assignments. (Form PD 385 may be used for this purpose.) However, where the variations in the name of the registered owner, as inscribed on securities of the same or different issues, are such that both may properly represent the same person, for example, "J. T. Smith" and "John T. Smith," no proof of identity will be required if the assignments are signed exactly as the securities are inscribed and are duly certified by the same certifying officer.

§ 306.45 Certifying individuals.

(a) *General.* The following individuals may certify assignments of, or forms with respect to, securities:

(1) Officers and employees of depository institutions, corporate central credit unions, and institutions that are members of Treasury-recognized signature guarantee programs who have been authorized:

(i) Generally to bind their respective institutions by their acts;

(ii) Unqualifiedly to guarantee signatures to assignments of securities; or

(iii) To certify assignments of securities.

(2) Officers and authorized employees of Federal Reserve Banks and branches.

(3) Officers of Federal Land Banks, Federal Intermediate Credit Banks and

(4) Commissioned officers and warrant officers of the Armed Forces of the United States but only with respect to signatures executed by Armed Forces personnel, civilian field employees, and members of their families.

(5) U.S. Attorneys, Collectors of Customs, and Regional Commissioners, District Directors, and Service Center Directors, Internal Revenue Service.

(6) Judges and Clerks of U.S. Courts.

(7) Such other persons as the Commissioner of the Public Debt or his designee may authorize.

(b) *Foreign countries.* The following individuals are authorized to certify assignments of, or forms with respect to, securities executed in a foreign country:

(1) United States diplomatic or consular officials.

(2) Managers and officers of foreign branches of depository institutions and institutions that are members of Treasury-recognized signature guarantee programs.

(3) Notaries public and other officers authorized to administer oaths, provided their official position and authority are certified by a United States diplomatic or consular official under seal of the office.

(c) *Duties and liabilities of certifying individuals*—(1) *General.* Except as specified in paragraph (c)(2) of this section, a certifying individual shall require that the security or related form be signed in the certifying individual's presence after he or she has established the identity of the person seeking the certification. An employee who is not an officer should insert the words "Authorized signature" in the space provided for the title. A certifying individual and the organization for which he or she is acting are jointly and severally liable for any loss the United States may incur as a result of the individual's negligence in making the certification.

(2) *Signature guaranteed.* The assignment or related form need not be executed in the presence of a certifying individual if he or she unqualifiedly guarantees the signature, in which case the certifying individual shall, after the signature, add the following en-

dorsement: "Signature guaranteed, First National Bank of Smithville, Smithville, NH, by A.B. Doe, President", and add the date. In guaranteeing a signature, the certifying individual and the organization for which he or she is acting warrant to the Department that the signature is genuine and that the signer had the legal capacity to execute the assignment or related form.

(3) *Absence of signature guaranteed by depository institution.* A security or related form need not be actually signed by the owner in any case where a certifying individual associated with a depository institution has placed an endorsement on the security or the form reading substantially as follows: "Absence of signature by owner and validity of transaction guaranteed, Second State Bank of Jonesville, Jonesville, NC, by B.R. Butler, Vice President". The endorsement should be dated, and the seal of the institution should be added. This form of endorsement is an unconditional guarantee to the Department that the institution is acting for the owner under proper authorization.

(d) *Evidence of certifying individual's authority.* The authority of a certifying individual to act is evidenced by affixing to the certification the following:

(1) *Officers and employees of depository institutions.* The institution's seal or signature guarantee stamp; if the institution is an authorized paying agent for U.S. Savings Bonds, a legible imprint of the paying agent's stamp; or, if the institution is a member of the Securities Transfer Agents Medallion Program (STAMP), a legible imprint of the STAMP signature guarantee stamp.

(2) *Officers and authorized employees of institutions that are members of Treasury-recognized signature guarantee programs.* A legible imprint of the program's signature guarantee stamp, e.g., the STAMP, SEMP, or MSP stamp for members of the Securities Transfer Agents Medallion Program, the Stock Exchanges Medallion Program, or the New York Stock Exchange Incorporated Medallion Signature Program, respectively.

§ 306.55

(3) *Officers and authorized employees of Federal Reserve Banks.* Whatever is prescribed in procedures established by the Department.

(4) *Officers and employees of corporate central credit unions and other entities listed in paragraph (a)(3) of this section.* The entity's seal.

(5) *Notaries public, diplomatic or consular officials.* The official seal or stamp of the office. If the certifying individual has no seal or stamp, then the official's position must be certified by some other authorized individual, under seal or stamp, or otherwise proved to the satisfaction of the Department.

(6) *Commissioned or warrant officers of the United States Armed Forces.* A statement which sets out the officer's rank and the fact that the person executing the assignment or form is one whose signature the officer is authorized to certify under the regulations in this part.

(7) *A judge or clerk of the court.* The seal of the court.

(8) *Any other certifying individual.* The official seal or stamp of the office. If the certifying individual has no seal or stamp, then the certifying individual's position and signature must be certified by some other authorized individual under official seal or stamp, or otherwise proved to the satisfaction of the Department.

(e) *Interested persons not to act as certifying individual.* Neither the transferor, the transferee, nor any person having an interest in a security involved in the transaction may act as a certifying individual. However, an authorized officer or employee of a depository institution or of an institution that is a member of a Treasury-recognized signature guarantee program may act as a certifying individual on a security or related form for transfer of a security to the institution, or any security or related form executed by another individual on behalf of the institution.

Subpart G—Assignments by or in Behalf of Individuals

§ 306.55 Signatures, minor errors and change of name.

The owner's signature to an assignment should be in the form in which the security is inscribed or assigned, unless such inscription or assignment is incorrect or the name has since been changed. In case of a change of name, the signature to the assignment should show both names and the manner in which the change was made, for example, "John Young, changed by order of court from Hans Jung." Evidence of the change will be required. However, no evidence is required to support an assignment if the change resulted from marriage and the signature, which must be duly certified by an authorized officer, is written to show that fact, for example, "Mrs. Mary J. Brown, changed by marriage from Miss Mary Jones."

§ 306.56 Assignment of securities registered in the names of or assigned to two or more persons.

(a) *Transfer or exchange.* Securities registered in the names of or assigned to two or more persons may be transferred during the lives of all the joint owners only upon assignments by all or on their behalf by authorized representatives. Upon proof of the death of one, the Department will accept an assignment by or in behalf of the survivor or survivors, unless the form of registration or assignment includes words which precludes the right of survivorship.⁹ In the latter case, in addition to assignment by or in behalf of the survivor or survivors, an assignment in behalf of the decedent's estate will be required.

(b) *Advance refunding or prerefunding offers.* No assignments are required for exchange of securities registered in the names of or assigned to two or more persons if the securities to be received in the exchange are to be registered in the same names and form. If securities in a different form are to be issued, all persons named must assign, except

⁹See § 306.11(a) (2) for forms of registration expressing or precluding survivorship.

that in case of death paragraph (a) of this section shall apply.

(c) *Redemption or redemption-exchange*—(1) *Alternative registration or assignment*. Securities registered in the names of or assigned to two or more persons in the alternative, for example, “John B. Smith or Mrs. Mary J. Smith” or “John B. Smith or Mrs. Mary J. Smith or the survivor,” may be assigned by one of them at maturity or upon call, for redemption or redemption-exchange, for his own account or otherwise, whether or not the other joint owner or owners are deceased.

(2) *Joint registration or assignment*. Securities registered in the names of or assigned to two or more persons jointly, for example, “John B. Smith and Mrs. Mary J. Smith,” or “John B. Smith and Mrs. Mary J. Smith as tenants in common,” or “John B. Smith and Mary J. Smith as partners in community,” may be assigned by one of them during the lives of all only for redemption at maturity or upon call, and then only for redemption for the account of all. No assignments are required for redemption-exchange for securities to be registered in the same names and forms as appear in the registration or assignment of the securities surrendered. Upon proof of the death of a joint owner, the survivor or survivors may assign securities so registered or assigned for redemption or redemption-exchange for any account, except that, if words which preclude the right of survivorship⁹ appear in the registration or assignment, assignment in behalf of the decedent's estate also will be required.

§ 306.57 Minors and incompetents.

(a) *Assignments by natural guardian of securities registered in name of minor*. Securities registered in the name of a minor for whose estate no legal guardian or similar representative has qualified may be assigned by the natural guardian upon qualification. (Form PD 2481 may be used for this purpose.)

(b) *Assignments of securities registered in name of natural guardian of minor*. Securities registered in the name of a natural guardian of a minor may be assigned by the natural guardian for any

authorized transaction except one for the apparent benefit of the natural guardian. If the natural guardian in whose name the securities are registered is deceased or is no longer qualified to act as natural guardian, the securities may be assigned by the person then acting as natural guardian. The assignment by the new natural guardian should be supported by proof of the death or disqualification of the former natural guardian and by evidence of his own status as natural guardian. (Form PD 2481 may be used for this purpose.) No assignment by a natural guardian will be accepted after receipt of notice of the minor's attainment of majority, removal of his disability of minority, disqualification of the natural guardian to act as such, qualification of a legal guardian or similar representative, or the death of the minor.

(c) *Assignments by voluntary guardian of incompetents*. Registered securities belonging to an incompetent for whose estate no legal guardian or similar representative is legally qualified may be assigned by the relative responsible for his care and support or some other person as voluntary guardian:

(1) For redemption, if the proceeds of the securities are needed to pay expenses already incurred, or to be incurred during any 90-day period, for the care and support of the incompetent or his legal dependents.

(2) For redemption-exchange, if the securities are matured or have been called, or pursuant to an advance refunding or prerefunding offer, for reinvestment in other securities to be registered in the form “A, an incompetent (123-45-6789) under voluntary guardianship.”

An application on Form PD 1461 by the person seeking authority to act as voluntary guardian will be required.

(d) *Assignments by legal guardians of minors or incompetents*. Securities registered in the name and title of the legal guardian or similar representative of the estate of a minor or incompetent may be assigned by the representative for any authorized transaction without proof of his qualification. Assignments by a representative of any other securities belonging to a

§ 306.58

minor or incompetent must be supported by properly certified evidence of qualification. The evidence must be dated not more than 1 year before the date of the assignments and must contain a statement showing the appointment is in full force unless (1) it shows the appointment was made not more than 1 year before the date of the assignment, or (2) the representative or a corepresentative is a corporation. An assignment by the representative will not be accepted after receipt of notice of termination of the guardianship, except for transfer to the former ward.

§ 306.58 Nontransferable securities.

The provisions of this subpart, so far as applicable, govern transactions in Treasury Bonds, Investment Series B-1975-80.

Subpart H—Assignments in Behalf of Estates of Deceased Owners

§ 306.65 Decedent's estate.

(a) *Estate is being administered.* (1) A legal representative of a deceased owner's estate may request payment of matured securities to the estate, or may assign securities to or for the benefit of the persons entitled.

(2) Appropriate proof of appointment for the legal representative of the estate is required. Letters of appointment must be dated not more than one year prior to the date of submission of the letters of appointment.

(b) *Estate has been settled previously.* If the estate has been settled previously through judicial proceedings, the persons entitled may request payment of matured securities, or may request assignment of unmatured securities. A certified copy of the court-approved final accounting for the estate, the court's decree of distribution, or other appropriate evidence is required.

(c) *Special provisions under the law of the jurisdiction of the decedent's domicile.* If there is no formal or regular administration and no representative of the estate is to be appointed, the person appointed to receive or distribute the assets of a decedent's estate without regular administration under summary

31 CFR Ch. II (7-1-11 Edition)

or small estates procedures under applicable local law may request payment of matured securities, or may request assignment of the securities. Appropriate evidence is required.

(d) *When administration is required.* If the total redemption value of the Treasury securities and undelivered payments, if any, held directly on our records that are the property of the decedent's estate is greater than \$100,000, administration of the decedent's estate will be required. The redemption value of savings bonds and the principal amount of marketable securities will be used to determine the value of securities, and will be determined as of the date of death. Administration may also be required at the discretion of the Department for any case.

(e) *Voluntary representative for small estates that are not being otherwise administered—(1) General.* A voluntary representative is a person qualified according to paragraph (e)(3) of this section, to request payment of a decedent's matured securities or to make an assignment of a decedent's unmatured securities. The voluntary representative procedures are for the convenience of the Department; entitlement to the decedent's securities and held payments, if any, is determined by the law of the jurisdiction in which the decedent was domiciled at the date of death. Voluntary representative procedures may be used only if:

(i) There has been no administration, no administration is contemplated, and no summary or small estate procedures under applicable local law have been used;

(ii) The total redemption value of the Treasury securities and held payments, if any, held directly on our records that are the property of the decedent's estate is \$100,000 or less as of the date of death; and

(iii) There is a person eligible to serve as the voluntary representative according to paragraph (e)(3) of this section.

(2) *Authority of voluntary representative.* A voluntary representative may:

(i) Request payment of the decedent's matured securities on behalf of the persons entitled by the law of the jurisdiction in which the decedent was domiciled at the date of death;

(ii) Assign the decedent's securities to the persons entitled by the law of the jurisdiction in which the decedent was domiciled at the date of death.

(3) *Order of precedence for voluntary representative.* An individual eighteen years of age or older may act as a voluntary representative according to the following order of precedence: a surviving spouse; if there is no surviving spouse, then a child of the decedent; if there are none of the above, then a descendant of a deceased child of the decedent; if there are none of the above, then a parent of the decedent; if there are none of the above, then a brother or sister of the decedent; if there are none of the above, then a descendant of a deceased brother or sister of the decedent; if there are none of the above, then a next of kin of the decedent, as determined by the law of the jurisdiction in which the decedent was domiciled at the date of death. As used in this order of precedence, child means a natural or adopted child of the decedent.

(4) *Liability.* By serving, the voluntary representative warrants that the distribution of payments or securities is to or on behalf of the persons entitled by the law of the jurisdiction in which the decedent was domiciled at the date of death. The United States is not liable to any person for the improper distribution of payments or securities. Upon payment or assignment of the securities at the request of the voluntary representative, the United States is released to the same extent as if it had paid or delivered to a representative of the estate appointed pursuant to the law of the jurisdiction in which the decedent was domiciled at the date of death. The voluntary representative shall indemnify and hold harmless the United States and all creditors and persons entitled to the estate of the decedent. The amount of the indemnification is limited to an amount no greater than the value received by the voluntary representative.

(f) *Creditor.* If there has been no administration, no administration is contemplated, no summary or small estate procedures under applicable local law have been used, and there is no person eligible to serve as a voluntary representative pursuant to paragraph (e)

of this section, then a creditor may make a claim for the amount of the debt, providing the debt has not been barred by applicable local law. The claim may only be satisfied by the proceeds of matured securities.

§§ 306.66–306.67 [Reserved]

§ 306.68 Nontransferable securities.

The provisions of this subpart, so far as applicable, govern transactions in Treasury Bonds, Investment Series B–1975–80.

Subpart I—Assignments by or in Behalf of Trustees and Similar Fiduciaries

§ 306.75 Individual fiduciaries.

(a) *General.* Securities registered in, or assigned to, the names and titles of individual fiduciaries will be accepted for any authorized transaction upon assignment by the designated fiduciaries without proof of their qualification. If the fiduciaries in whose names the securities are registered, or to whom they have been assigned, have been succeeded by other fiduciaries, evidence of successorship must be furnished. If the appointment of a successor is not required under the terms of the trust instrument or otherwise and is not contemplated, assignments by the surviving or remaining fiduciary or fiduciaries must be supported by appropriate proof. This requires:

(1) Proof of the death, resignation, removal or disqualification of the former fiduciary and

(2) Evidence that the surviving or remaining fiduciary or fiduciaries are fully qualified to administer the fiduciary estate, which may be in the form of a certificate by them showing the appointment of a successor has not been applied for, is not contemplated and is not necessary under the terms of the trust instrument or otherwise.

Assignments of securities registered in the titles, without the names of the fiduciaries, for example, “Trustees of the George E. White Memorial Scholarship Fund under deed of trust dated 11/10/40, executed by John W. White,” must be supported by proof that the assignors

§ 306.76

are the qualified and acting trustees of the designated trust estate, unless they are empowered to act as a unit in which case the provisions of § 306.76 shall apply. (Form PD 2446 may be used to furnish proof of incumbency of fiduciaries.) Assignments by fiduciaries of securities not registered or assigned in such manner as to show that they belong to the estate for which the assignors are acting must also be supported by evidence that the estate is entitled to the securities.

(b) *Life tenants.* Upon termination of a life estate by reason of the death of the life tenant in whose name a security is registered, or to whom it has been assigned, the security will be accepted for any authorized transaction upon assignment by the remainderman, supported by evidence of entitlement.

§ 306.76 Fiduciaries acting as a unit.

Securities registered in the name of or assigned to a board, committee or other body authorized to act as a unit for any public or private trust estate may be assigned for any authorized transaction by anyone authorized to act in behalf of such body. Except as otherwise provided in this section, the assignments must be supported by a copy of a resolution adopted by the body, properly certified under its seal, or, if none, sworn to by a member of the body having access to its records. (Form PD 2495 may be used.) If the person assigning is designated in the resolution by title only, his incumbency must be duly certified by another member of the body. (Form PD 2446 may be used.) If the fiduciaries of any trust estate are empowered to act as a unit, although not designated as a board, committee or other body, securities registered in their names or assigned to them as such, or in their titles without their names, may be assigned by anyone authorized by the group to act in its behalf. Such assignments may be supported by a sworn copy of a resolution adopted by the group in accordance with the terms of the trust instrument, and proof of their authority to act as a unit may be required. As an alternative, assignments by all the fiduciaries, supported by proof of their incumbency, if not

31 CFR Ch. II (7-1-11 Edition)

named on the securities, will be accepted.

[38 FR 7078, Mar. 15, 1973; 38 FR 10004, Apr. 23, 1973]

§ 306.77 Corepresentatives and fiduciaries.

If there are two or more executors, administrators, guardians or similar representatives, or trustees of an estate, all must unite in the assignment of any securities belonging to the estate. However, when a statute, a decree of court, or the instrument under which the representatives or fiduciaries are acting provides otherwise, assignments in accordance with their authority will be accepted. If the securities have matured or been called and are submitted for redemption for the account of all, or for redemption-exchange or pursuant to an advance refunding or prerefunding offer, and the securities offered in exchange are to be registered in the names of all, no assignment is required.

§ 306.78 Nontransferable securities.

The provisions of this subpart, so far as applicable, govern assignments of Treasury Bonds, Investment Series B-1975-80.

Subpart J—Assignments in Behalf of Private or Public Organizations

§ 306.85 Private corporations and unincorporated associations (including nominees).

Securities registered in the name of, or assigned to, an unincorporated association, or a private corporation in its own right or in a representative or fiduciary capacity, or as nominee, may be assigned in its behalf for any authorized transaction by any duly authorized officer or officers. Evidence, in the form of a resolution of the governing body, authorizing the assigning officer to assign, or to sell, or to otherwise dispose of the securities will ordinarily be required. Resolutions may relate to any or all registered securities owned by the organization or held by it in a representative or fiduciary capacity. (Form PD 1010, or any substantially similar form, may be used when

Fiscal Service, Treasury

§ 306.95

the authority relates to specific securities; Form PD 1011, or any substantially similar form, may be used for securities generally.) If the officer derives his authority from a charter, constitution or bylaws, a copy, or a pertinent extract therefrom, properly certified, will be required in lieu of a resolution. If the resolution or other supporting document shows the title of an authorized officer, without his name, it must be supplemented by a certificate of incumbency. (Form PD 1014 may be used.)

§ 306.86 Change of name and succession of private organizations.

If a private corporation or unincorporated association changes its name or is lawfully succeeded by another corporation or unincorporated association, its securities may be assigned in behalf of the organization in its new name or that of its successor by an authorized officer in accordance with § 306.85. The assignment must be supported by evidence of the change of name or succession.

§ 306.87 Partnerships (including nominee partnerships).

An assignment of a security registered in the name of or assigned to a partnership must be executed by a general partner. Upon dissolution of a partnership, assignment by all living partners and by the persons entitled to assign in behalf of any deceased partner's estate will be required unless the laws of the jurisdiction authorize a general partner to bind the partnership by any act appropriate for winding up partnership affairs. In those cases where assignments by or in behalf of all partners are required this fact must be shown in the assignment; otherwise, an affidavit by a former general partner must be furnished identifying all the persons who had been partners immediately prior to dissolution. Upon voluntary dissolution, for any jurisdiction where a general partner may not act in winding up partnership affairs, an assignment by a liquidating partner, as such, must be supported by a duly executed agreement among the partners appointing the liquidating partner.

§ 306.88 Political entities and public corporations.

Securities registered in the name of, or assigned to, a State, county, city, town, village, school district or other political entity, public body or corporation, may be assigned by a duly authorized officer, supported by evidence of his authority.

§ 306.89 Public officers.

Securities registered in the name of, or assigned to, a public officer designated by title may be assigned by such officer, supported by evidence of incumbency. Assignments for the officer's own apparent individual benefit will not be recognized.

§ 306.90 Nontransferable securities.

The provisions of this subpart apply to Treasury Bonds, Investment Series B-1975-80.

Subpart K—Attorneys in Fact

§ 306.95 Attorneys in fact.

(a) *General.* Assignments by an attorney in fact will be recognized if supported by an adequate power of attorney. Every power must be executed in the presence of an authorized certifying officer under the conditions set out in § 306.45 for certification of assignments. Powers need not be submitted to support redemption-exchanges or exchanges pursuant to advance refunding or prefunding offers where the securities to be issued are to be registered in the same names and forms as appear in the inscriptions or assignments of the securities surrendered. In all other cases, the original power, or a photocopy showing the grantor's autograph signature, properly certified, must be submitted, together with the security assigned on the owner's behalf by the attorney in fact. An assignment by a substitute attorney in fact must be supported by an authorizing power of attorney and power of substitution. An assignment by an attorney in fact or a substitute attorney in fact for the apparent benefit of either will not be accepted unless expressly authorized. (Form PD 1001 or 1003, as appropriate, may be used to appoint an attorney in fact. An

attorney in fact may use Form PD 1006 or 1008 to appoint a substitute. However, any form sufficient in substance may be used.) If there are two or more joint attorneys in fact or substitutes, all must unite in an assignment, unless the power authorizes less than all to act. A power of attorney or of substitution not coupled with an interest will be recognized until the Bureau receives proof of revocation or proof of the grantor's death or incompetency.

(b) *For legal representatives and fiduciaries.* Assignments by an attorney in fact or substitute attorney in fact for a legal representative or fiduciary, in addition to the power of attorney and of substitution, must be supported by evidence, if any, as required by §§ 306.57(d), 306.66(b), 306.75, and 306.76. Powers must specifically designate the securities to be assigned.

(c) *For corporations or unincorporated associations.* Assignments by an attorney in fact or a substitute attorney in fact in behalf of a corporation or unincorporated association, in addition to the power of attorney and power of substitution, must be supported by one of the following documents certified under seal of the organization, or, if it has no seal, sworn to by an officer who has access to the records:

(1) A copy of the resolution of the governing body authorizing an officer to appoint an attorney in fact, with power of substitution, if pertinent, to assign, or to sell, or to otherwise dispose of, the securities, or

(2) A copy of the charter, constitution, or bylaws, or a pertinent extract therefrom, showing the authority of an officer to appoint an attorney in fact, or

(3) A copy of the resolution of the governing body directly appointing an attorney in fact.

If the resolution or other supporting document shows only the title of the authorized officer, without his name, a certificate of incumbency must also be furnished. (Form PD 1014 may be used.) The power may not be broader than the resolution or other authority.

(d) *For public corporations.* A general power of attorney in behalf of a public corporation will be recognized only if it is authorized by statute.

§ 306.96 Nontransferable securities.

The provisions of this subpart shall apply to nontransferable securities, subject only to the limitations imposed by the terms of the particular issues.

Subpart L—Transfer Through Judicial Proceedings

§ 306.100 Transferable securities.

The Department will recognize valid judicial proceedings affecting the ownership of or interest in transferable securities, upon presentation of the securities together with evidence of the proceedings. In the case of securities registered in the names of two or more persons, the extent of their respective interests in the securities must be determined by the court in proceedings to which they are parties or must otherwise be validly established.¹⁰

§ 306.101 Evidence required.

Copies of a final judgment, decree, or order of court and of any necessary supplementary proceedings must be submitted. Assignments by a trustee in bankruptcy or a receiver of an insolvent's estate must be supported by evidence of his qualification. Assignments by a receiver in equity or a similar court officer must be supported by a copy of an order authorizing him to assign, or to sell, or to otherwise dispose of, the securities. Where the documents are dated more than 6 months prior to presentation of the securities, there must also be submitted a certificate dated within 6 months of presentation of the securities, showing the judgment, decree, or order, or evidence of qualification, is in full force. Any such evidence must be certified under court seal.

¹⁰Title in a finder claiming ownership of a registered security will not be recognized. A finder claiming ownership of a bearer security or a registered security assigned in blank or so assigned as to become in effect payable to bearer must perfect his title in accordance with the provisions of State law. If there are no such provisions, the Department will not recognize his title to the security.

§ 306.102 Nontransferable securities.

The provisions of this subpart shall apply to Treasury Bonds, Investment Series B-1975-80, except that prior to maturity any reference to assignments shall be deemed to refer to assignments of the bonds for exchange for the current series of 1½ percent 5-year EA or EO Treasury notes.

Subpart M—Requests for Suspension of Transactions

§ 306.105 Requests for suspension of transactions in registered securities.

(a) *Timely notice.* If prior to the time a registered security bearing an apparently valid assignment has been functioning, a claim is received from the owner or his authorized representative showing that:

(1) The security was lost, stolen, or destroyed and that it was unassigned, or not so assigned as to have become in effect payable to bearer, or

(2) The assignment was affected by fraud, the transaction for which the security was received will be suspended.

The interested parties will be given a reasonable period of time in which to effect settlement of their interests by agreement, or to institute judicial proceedings.

(b) *Late notice.* If, after a registered security has been transferred, exchanged, or redeemed in reliance on an apparently valid assignment, an owner notifies the Bureau that the assignment was affected by fraud or that the security had been lost or stolen, the Department will undertake only to furnish available information.

(c) *Forged assignments.* A claim that an assignment of a registered security is a forgery will be investigated. If it is established that the assignment was in fact forged and that the owner did not authorize or ratify it, or receive any benefit therefrom, the Department will recognize his ownership and grant appropriate relief.

§ 306.106 Requests for suspension of transactions in bearer securities.

(a) *Securities not overdue.* Neither the Department nor any of its agents will accept notice of any claim or of pend-

ing judicial proceedings by any person for the purpose of suspending transactions in bearer securities, or registered securities so assigned as to become in effect payable to bearer which are not overdue as defined in § 306.25.¹¹ However, if the securities are received and retired, the department will undertake to notify persons who appear to be entitled to any available information concerning the source from which the securities were received.

(b) *Overdue securities.* Reports that bearer securities, or registered securities so assigned as to become in effect payable to bearer, were lost, stolen, or possibly destroyed after they became overdue as defined in § 306.25 will be accepted by the Bureau for the purpose of suspending redemption of the securities if the claimant establishes his interest. If the securities are presented, their redemption will be suspended and the presenter and the claimant will each be given an opportunity to establish ownership.

¹¹ It has been the longstanding policy of the Department to assume no responsibility for the protection of bearer securities not in the possession of persons claiming rights therein and to give no effect to any notice of such claims. This policy was formalized on April 27, 1867, when the Secretary of the Treasury issued the following statement:

“In consequence of the increasing trouble, wholly without practical benefit, arising from notices which are constantly received at the Department respecting the loss of coupon bonds, which are payable to bearer, and of Treasury notes issued and remaining in blank at the time of loss, it becomes necessary to give this public notice, that the Government cannot protect and will not undertake to protect the owners of such bonds and notes against the consequences of their own fault or misfortune.”

“Hereafter all bonds, notes, and coupons, payable to bearer, and Treasury notes issued and remaining in blank, will be paid to the party presenting them in pursuance of the regulations of the Department, in the course of regular business; and no attention will be paid to caveats which may be filed for the purpose of preventing such payment.”

Subpart N—Relief for Loss, Theft, Destruction, Mutilation, or Defacement of Securities

§ 306.110 Statutory authority and requirements.

Relief is authorized, under certain conditions, for the loss, theft, destruction, mutilation or defacement of U.S. securities, whether before, at, or after maturity. A bond of indemnity, in such form and with such surety, sureties or security as may be required to protect the interests of the United States, is required as a condition of relief on account of any bearer security or any registered security assigned in blank or so assigned as to become in effect payable to bearer, and is ordinarily required in the case of unassigned registered securities.

§ 306.111 Procedure for applying for relief.

Prompt report of the loss, theft, destruction, mutilation or defacement of a security should be made to the Bureau. The report should include:

(a) The name and present address of the owner and his address at the time the security was issued, and, if the report is made by some other person, the capacity in which he represents the owner.

(b) The identity of the security by title of loan, issue date, interest rate, serial number and denomination, and in the case of a registered security, the exact form of inscription and a full description of any assignment, endorsement or other writing.

(c) A full statement of the circumstances.

All available portions of a mutilated, defaced or partially destroyed security must also be submitted.

§ 306.112 Type of relief granted.

(a) *Prior to call or maturity.* After a claim on account of the loss, theft, destruction, mutilation, or defacement of a security which has not matured or been called has been satisfactorily established and the conditions for granting relief have been met, a security of like description will be issued to replace the original security.

(b) *At or after call or maturity.* Payment will be made on account of the loss, theft, destruction, mutilation, or defacement of a called or matured security after the claim has been satisfactorily established and the conditions for granting relief have been met.

(c) *Interest coupons.* Where relief has been authorized on account of a destroyed, mutilated or defaced coupon security which has not matured or been called, the replacement security will have attached all unmatured interest coupons if it is established to the satisfaction of the Secretary of the Treasury that the coupons were attached to the original security at the time of its destruction, mutilation or defacement. In every other case only those unmatured interest coupons for which the Department has received payment will be attached. The price of the coupons will be their value as determined by the Department at the time relief is authorized using interest rate factors based on then current market yields on Treasury securities of comparable maturities.

§ 306.113 Cases not requiring bonds of indemnity.

A bond of indemnity will not be required as a condition of relief for the loss, theft, destruction, mutilation, or defacement of registered securities in any of the following classes of cases unless the Secretary of the Treasury deems it essential in the public interest:

(a) If the loss, theft, destruction, mutilation, or defacement, as the case may be, occurred while the security was in the custody or control of the United States, or a duly authorized agent thereof (not including the Postal Service when acting solely in its capacity as public carrier of the mails), or while in the course of shipment effected under regulations issued pursuant to the Government Losses in Shipment Act (parts 260, 261, and 262 of this chapter).

(b) If substantially the entire security is presented and surrendered and the Secretary of the Treasury is satisfied as to the identity of the security and that any missing portions are not sufficient to form the basis of a valid claim against the United States.

Fiscal Service, Treasury

(c) If the security is one which by the provisions of law or by the terms of its issue is nontransferable or is transferable only by operation of law.

(d) If the owner or holder is the United States, a Federal Reserve bank, a Federal Government corporation, a State, the District of Columbia, a territory or possession of the United States, a municipal corporation, or, if applicable, a political subdivision of any of the foregoing, or a foreign government.
