(g) The withdrawal from an exchange proposal by the authorized officer at any time prior to the notice of decision pursuant to § 254.13 of this subpart is not appealable under 36 CFR part 214 or 215.

[59 FR 10867, Mar. 8, 1994, as amended at 64 FR 25822, May 13, 1999; 78 FR 33725, June 5, 2013]

### § 254.5 Assembled land exchanges.

(a) Whenever the authorized officer determines it to be practicable, an assembled land exchange arrangement may be used to facilitate exchanges and reduce costs.

(b) The parties to an exchange may agree to such an arrangement where multiple ownership parcels of non-Federal lands are consolidated into a package for the purpose of completing one exchange transaction.

(c) An assembled land exchange arrangement must be documented in the agreement to initiate an exchange, pursuant to § 254.4 of this subpart.

### § 254.6 Segregative effect.

(a) If a proposal is made to exchange Federal lands, the authorized officer may request the appropriate State Office of the Bureau of Management (BLM) to segregate the Federal lands by a notation on the public land records. Subject to valid existing rights, the Federal lands shall be segregated from appropriation under the public land laws and mineral laws for a period not to exceed 5 years from the date of record notation.

(b) Any interests of the United States in the non-Federal lands that are cov-

ered by the exchange proposal may be noted and segregated from appropriation under the mineral laws for a period not to exceed 5 years from the date of notation.

(c) The segregative effect terminates as follows:

(1) Automatically, upon issuance of a patent or other document of conveyance to the affected lands;

(2) On the date and time specified in an opening order, published in the FEDERAL REGISTER by the appropriate BLM State Office, if a decision is made not to proceed with the exchange or upon removal of any lands from the exchange proposal; or

(3) Automatically, at the end of the segregation period not to exceed 5 years from the date of notation on the public land records, whichever occurs first.

### § 254.7 Assumption of costs.

(a) Generally, each party to an exchange will bear their own costs of the exchange. However, if the authorized officer finds it is in the public interest as specified in paragraph (b) of this section, an agreement to initiate an exchange may provide that:

(1) One or more of the parties may assume, without compensation, all or part of the costs or other responsibilities or requirements that the authorized officer determines would ordinarily be borne by the other parties; or

(2) Subject to the limitation in paragraph (c) of this section, the parties may agree to make adjustments to the relative values involved in an exchange transaction, in order to compensate parties for assuming costs or other responsibilities or requirements that the authorized officer determines would ordinarily be borne by the other parties. These costs or services may include but are not limited to: land surveys; appraisals; mineral examinations; timber cruises; title searches; title curative actions; cultural resource surveys and mitigation; hazardous substance surveys and controls; removal of encumbrances; arbitration, including all fees; bargaining; cure of deficiencies preventing highest and best use of the land; conduct of public hearings; assemblage of non-Federal parcels from multiple ownerships; and the expenses

of complying with laws, regulations, and policies applicable to exchange transactions, or which are necessary to bring the Federal and non-Federal lands involved in the exchange to their highest and best use for appraisal and exchange purposes.

(b) As a condition of an agreement to initiate, the authorized officer may agree to assume without compensation costs ordinarily borne by the non-Federal party or to compensate the non-Federal party for assuming Federal costs only on an exceptional basis when it is clearly in the public interest and when the authorized officer determines and documents that each of the following circumstances exist:

(1) The amount of such cost assumed or compensation is reasonable and accurately reflects the value of the cost or service provided, or any responsibility and requirement assumed;

(2) The proposed exchange is a high priority of the agency;

(3) The land exchange must be expedited to protect important Federal resource values, such as congressionally designated areas or endangered species habitat;

(4) Cash equalization funds are available for compensation of the non-Federal party; and

(5) There are no other practicable means available to the authorized officer for meeting Federal exchange processing costs, responsibilities, or requirements.

(c) The total amount of an adjustment agreed to as compensation for costs pursuant to this section shall not exceed the limitations set forth in § 254.12(b) of this subpart.

#### § 254.8 Notice of exchange proposal.

(a) Upon entering into an agreement to initiate an exchange, the authorized officer shall publish a notice once a week for four consecutive weeks in newspapers of general circulation in the counties in which the Federal and non-Federal lands or interests proposed for exchange are located. The authorized officer shall notify authorized users, the jurisdictional State and local governments, and the congressional delegation and shall make other

distribution of the notice as appropriate. At a minimum, the notice shall include:

(1) The identity of the parties involved in the proposed exchange;

(2) A description of the Federal and non-Federal lands being considered for exchange;

(3) A statement as to the effect of segregation from appropriation under the public land laws and mineral laws, if applicable;

(4) An invitation to the public to submit in writing any comments on or concerns about the exchange proposal, including advising the agency as to any liens, encumbrances, or other claims relating to the lands being considered for exchange; and

(5) The deadline by which comments must be received, and the name, title, and address of the official to whom comments must be sent and from whom additional information may be obtained.

(b) To be assured of consideration in the environmental analysis of the proposed exchange, all comments must be made in writing to the authorized officer and postmarked or delivered within 45 days after the initial date of publication.

(c) The authorized officer is not required to republish legal descriptions of any lands that may be excluded from the final exchange transaction, provided such lands were identified in the notice of exchange proposal. In addition, minor corrections of land descriptions and other insignificant changes do not require republication.

#### § 254.9 Appraisals.

The Federal and non-Federal parties to an exchange shall comply with the appraisal standards as set forth in paragraphs (a) through (d) of this section, and, to the extent appropriate, with the Uniform Appraisal Standards for Federal Land Acquisitions: Interagency Land Acquisition Conference 1992 (Washington, DC, 1992), ISBN 0-16-038050-2 when appraising the values of the Federal and non-Federal lands involved in an exchange.
