

concluded on behalf of the Air Force by SAF/MII as the approval authority for use of Air Force real property for periods exceeding 5 years. The joint-use agreement will state the extent to which the provisions of subpart B of this part, Civil Aircraft Landing Permits, apply to civil aircraft operations.

(1) Joint-use agreements are tailored to accommodate the needs of the community and minimize the impact on the defense mission. Although each agreement is unique, attachment 4 to this part provides basic terms that are frequently included in such agreements.

(2) Agreements for joint use at Air Force airfields on foreign soil are subject to the requirements of AFI 51-701, Negotiating, Concluding, Reporting, and Maintaining International Agreements<sup>10</sup>.

(g) HQ USAF/XOOBC and SAF/MII approval is required to amend existing joint use agreements. The evaluation and decision processes followed in concluding an initial joint-use proposal

must be used to amend existing joint-use agreements.

**§ 855.23 Other agreements.**

(a) Temporary use of Air Force runways occasionally is needed for extended periods when a local civil airport is unavailable or to accommodate special events or projects. Such use requires agreement between the Air Force and the local airport authority or other equivalent responsible entity.

(b) The local proponent and Air Force personnel should draft and submit an agreement to the MAJCOM Director for Operations, or equivalent level, for review and comment. The agreement must address all responsibilities for handling aircraft, cargo, and passengers, and hold the Air Force harmless of all liabilities. The agreement will not exceed 3 years. Although each agreement will be unique, attachment 5 of this part provides one example. The draft agreement, with all comments and recommendations, must be sent to HQ USAF/XOOBC for final approval.
