§ 169.1 Definitions.

As used in this part 169:

(a) *Secretary* means the Secretary of the Interior or his authorized representative acting under delegated authority. Before proceeding under these regulations anyone desiring a right-of-way should inquire at the Indian Agency, Area Field Office, or other office of the Bureau of Indian Affairs having immediate supervision over the lands involved to determine the identity of the authorized representative of the Secretary for the purposes of this part 169.

(b) *Individually owned land* means land or any interest therein held in trust by the United States for the benefit of individual Indians and land or any interest therein held by individual Indians subject to Federal restrictions against alienation or encumbrance.

(c) *Tribes* means a tribe, band, nation, community, group or pueblo of Indians.

(d) *Tribal land* means land or any interest therein, title to which is held by the United States in trust for a tribe, or title to which is held by any tribe subject to Federal restrictions against alienation or encumbrance, and includes such land reserved for Indian Bureau administrative purposes. The term also includes lands held by the United States in trust for an Indian corporation chartered under section 17 of the Act of June 18, 1934 (48 Stat. 988; 25 U.S.C. 477).

(e) *Government owned land* means land owned by the United States and under the jurisdiction of the Secretary which was acquired or set aside for the use and benefit of Indians and not included in the definitions set out in paragraphs (b) and (d) of this section.

§ 169.2 Purpose and scope of regulations.

(a) Except as otherwise provided in §1.2 of this chapter, the regulations in this part 169 prescribe the procedures, terms and conditions under which rights-of-way over and across tribal land, individually owned land and Government owned land may be granted.

(b) Appeals from administrative action taken under the regulations in this part 169 shall be made in accordance with part 2 of this chapter.

(c) The regulations contained in this part 169 do not cover the granting of rights-of-way upon tribal lands within a reservation for the purpose of constructing, operating, or maintaining dams, water conduits, reservoirs, powerhouses, transmission lines or other works which shall constitute a part of any project for which a license is required by the Federal Power Act. The Federal Power Act provides that any license which shall be issued to use tribal lands within a reservation shall be subject to and contain such conditions as the Secretary of the Interior shall deem necessary for the adequate protection and utilization of such lands. (16 U.S.C. 797(e)). In the case of tribal lands belonging to a tribe organized under the Act of June 18, 1934 (48 Stat. 984), the Federal Power Act requires that annual charges for the use of such tribal lands under any license

§ 169.4 Permission to survey.

Anyone desiring to obtain permission to survey for a right-of-way across individually owned, tribal or Government owned land must file a written application therefor with the Secretary. The application shall adequately describe the proposed project, including the purpose and general location, and it shall be accompanied by the written consents required by § 169.3, by satisfactory evidence of the good faith and financial responsibility of the applicant, and by a check or money order of sufficient amount to cover twice the estimated damages which may be sustained as a result of the survey. With the approval of the Secretary, a surety bond may be substituted in lieu of a check or money order accompanying an application, provided the company issuing the surety bond is licensed to do business in the State where the land to be surveyed is located. The application shall contain an agreement to indemnify the United States, the owners of the land, and occupants of the land, against liability for loss of life, personal injury and property damage occurring because of survey activities and caused by the applicant, his employees, contractors and their employees, or subcontractors and their employees. When the applicant is an agency or instrumentality of the Federal or a State Government and is prohibited by law from depositing estimated damages in advance or agreeing to indemnification, the requirement for such a deposit and indemnification may be waived providing the applicant agrees in writing to pay damages promptly when they are sustained. An application filed by a corporation must be accompanied by a copy of its charter or articles of incorporation duly certified by the proper State official of the State where the corporation was organized, and a certified copy of the resolution or bylaws of the corporation authorizing the filing of the application. When the land covered by the application is located in a State other than
