§ 555.3 Scope.

The Commission shall take such action under this part as it considers necessary and appropriate when it determines that any laws, rules, regulations, policies, or practices of foreign governments, or any practices of foreign carriers or other persons providing maritime or maritime-related services in a foreign country, result in conditions that adversely affect the operations of United States carriers in United States oceanborne trade, and do not exist for foreign carriers of that country in the United States under the laws of the United States or as a result of acts of United States carriers or other persons providing maritime or maritime-related services in the United States.

§ 555.4 Petitions.

(a) A petition for investigation to determine the existence of adverse conditions as described in § 555.3 may be submitted by any person, including any common carrier, shipper, shippers' association, ocean freight forwarder, or marine terminal operator, or any branch, department, agency, or other component of the Government of the United States. (4) A precise description and, if applicable, citation of any law, rule, regulation, policy or practice of a foreign government or practice of a foreign carrier or other person causing the conditions complained of;

(5) A certified copy of any law, rule, regulation or other document involved and, if not in English, a certified English translation thereof;

(6) Any other evidence of the existence of such laws and practices, evidence of the alleged adverse effects on the operations of United States carriers in United States oceanborne trade, and evidence that foreign carriers of the country involved are not subjected to similar adverse conditions in the United States.

(7) With respect to the harm already caused, or which may reasonably be expected to be caused, the following information, if available to petitioner:

(i) Statistical data documenting present or prospective cargo loss by United States carriers due to foreign government or commercial practices for a representative period, if harm is alleged on that basis, and the sources of the statistical data;

§ 555.5 Investigations.

(a) An investigation to determine the existence of adverse conditions as described in § 555.3 may be initiated by the Commission on its own motion or on the petition of any person pursuant to § 555.4. An investigation shall be considered to have been initiated for the purpose of the time limits imposed by the Foreign Shipping Practices Act of 1988 upon the publication in the FEDERAL REGISTER of the Commission's notice of investigation, which shall announce the initiation of the proceeding upon either the Commission's own motion or the filing of a petition.

(b) The provisions of part 502 of this chapter (Rules of Practice and Procedure) shall not apply to this part except for those provisions governing *ex parte* communications (§ 502.11 of this chapter) and except as the Commission may otherwise determine by order. In any event, investigations initiated under this part shall proceed expeditiously, consistent with due process, to conform with the time limits specified in the Foreign Shipping Practices Act and to identify promptly the conditions described in § 555.3 of this part.

(c) Upon initiation of an investigation, interested persons will be given the opportunity to participate in the proceeding pursuant to the procedures set forth in the notice. Submissions filed in response to a notice of investigation may include written data and statistics, views, and legal arguments. Factual information submitted shall be certified under oath. An original and 15 copies of such submissions will be filed with the Secretary, Federal Maritime Commission, Washington, DC 20573. Persons who receive information requests from the Commission pursuant to § 555.6 of this part are not precluded from filing additional voluntary submissions in accordance with this paragraph.

(d) An investigation shall be completed and a decision rendered within 120 days after it has commenced as defined in paragraph (a) of this section, unless the Commission determines that an additional 90-day period is necessary in order to obtain sufficient information on which to render a decision. When the Commission determines to extend the investigation period for an additional 90 days, it shall issue a notice clearly stating the reasons therefor.

To this end, persons submitting information for consideration in a proceeding or investigation under this part may indicate in writing any factors they wish the Commission to consider relevant to a decision on confidentiality under this section; however, such information will be advisory only, and the actual determination will be made by the Commission. In the event that a request for confidentiality is not accommodated, the person making the request will be so advised before any disclosure occurs.
