GENERAL PROVISIONS

§ 240.1 Scope of regulations.

(a) The regulations in this part prescribe the requirements for indorsement and the conditions for payment of checks drawn on the United States Treasury. These regulations also establish procedures for collection of amounts due the United States Treasury based on claims arising from the breach of presentment guarantees by presenting banks and other indorsers of Treasury checks when checks bearing material defects or alterations or forged disbursing officer (drawer) signatures are presented for payment and are paid.

(b) Standards contained in this regulation supersede existing Federal common law to the extent that they are inconsistent with Federal common law rules relating to counterfeit checks. Under the provisions of this regulation, the risk of loss on certain counterfeit checks is placed on presenting banks and other indorsers unless Treasury fails to timely reclaim on a check payment in accordance with 31 U.S.C. 3712(a) and § 240.8 of this regulation. Treasury will reclaim on counterfeit checks that are deemed paid under § 240.6(d) of this regulation when a presenting bank or other indorser fails to make all reasonable efforts to ensure that a check is an authentic Treasury check.

(c) Nothing in this regulation supercedes the rights or obligations of Treasury or any other person that are set forth in Regulation CC, 12 CFR part 229, with respect to substitute checks, as defined therein.

(d) A financial institution's indorsement or presentment of a U.S. Treasury check shall constitute its

agreement to this part. The financial institution hereby authorizes its servicing Federal Reserve Bank to debit the financial institution's Federal Reserve Master Account for the amount of the reclamation and any accrued interest, penalties and/or administrative costs in accordance with the provisions of § 240.9.

§ 240.3 Electronic checks and substitute checks.

(a) *Legal equivalence of electronic checks.* An electronic check for which a presenting bank has provided the guarantees described in § 240.4 is the legal equivalent of an original or substitute check for purposes of this part if the electronic check accurately represents all of the information on the front and back of the check that the presenting bank truncated. If a financial institution presents an electronic check for payment and the check is subject to return, Treasury may effect the return using an electronic check, but this part does not create any right for the presenting bank to return the check to the payee or any other person using an electronic check.

(b) *Safekeeping of original checks.* Any financial institution that creates a substitute check or electronic check shall prevent unauthorized access to the original or substitute check that was truncated by storing the check, until it is destroyed, in a manner consistent with federal banking agency guidelines for safeguarding customer information.

§ 240.4 Presentment guarantees.

The guarantors of a check presented to the Treasury for payment are deemed to guarantee to the Treasury all of the following:

(a) *Indorsements.* That all prior indorsements are genuine, whether or not an express guarantee is placed on the check. When the first indorsement has been made by one other than the payee personally, the presenting bank and the indorsers are deemed to guarantee to the Treasury, in addition to other guarantees, that the person who so indorsed had unqualified capacity

31 CFR Ch. II (7–1–20 Edition)

and authority to indorse the check on behalf of the payee.

(b) *Alterations.* That the check has not been materially altered.

(c) *Drawer's signature.* That the guarantors have no knowledge that the signature of the drawer is forged or unauthorized.

(d) *Authenticity.* That the guarantors have made all reasonable efforts to ensure that a check is an authentic Treasury check, not a counterfeit check.

(e) *Electronic check.* If the check is an electronic check, that—

(1) The check accurately represents all of the information on the front and back of the original or substitute check that was truncated and meets the technical requirements for sending electronic items to a Federal Reserve Bank as set forth in the Federal Reserve Banks' operating circulars;

(2) Treasury will not receive presentment of, or otherwise be charged for, the electronic check, the original check, or a substitute check (or a paper or electronic reproduction of any of the foregoing) such that Treasury will be asked to make payment based on a check it already has paid; and

(3) Treasury's receipt of the electronic check instead of the original or substitute check will not result in the loss of Treasury's ability to determine whether the check contains a material defect or alteration.

(f) *Substitute check.* If the check is a substitute check, that the guarantors make the warranties set forth at 12 CFR 229.52(a)(1) and (2) and the indemnity set forth at 12 CFR 229.53.

§ 240.5 Limitations on payment; cancellation and distribution of proceeds of checks.

(a) *Limitations on payment.* (1) Treasury shall not be required to pay any check that is not negotiated to a financial institution within 12 months after the date on which the check was issued.

(2) All checks shall bear a legend, stating "Void After One Year." The legend is notice to payees and indorsers of a general limitation on the payment of checks. The legend, or the inadvertent lack thereof, does not limit, or
