

Department of Veterans Affairs

§ 17.149

VA medical facility and request the items needed.

(3) Payments for travel expenses associated with obtaining a dog under paragraph (c)(1) of this section. Travel costs will be provided only to a veteran who has been prescribed a service dog by a VA clinical team under paragraph (b) of this section. Payments will be made as if the veteran is an eligible beneficiary under 38 U.S.C. 111 and 38 CFR part 70, without regard to whether the veteran meets the eligibility criteria as set forth in 38 CFR part 70. Note: VA will provide payment for travel expenses related to obtaining a replacement service dog, even if the veteran is receiving other benefits under this section for the service dog that the veteran needs to replace.

(4) The veteran is responsible for procuring and paying for any items or expenses not authorized by this section. This means that VA will not pay for items such as license tags, nonprescription food, grooming, insurance for personal injury, non-sedated dental cleanings, nail trimming, boarding, pet-sitting or dog-walking services, over-the-counter medications, or other goods and services not covered by the policy. The dog is not the property of VA; VA will never assume responsibility for, or take possession of, any service dog.

(e) *Dog must maintain ability to function as a service dog.* To continue to receive benefits under this section, the service dog must maintain its ability to function as a service dog. If at any time VA learns from any source that the dog is medically unable to maintain that role, or VA makes a clinical determination that the veteran no longer requires the dog, VA will provide at least 30 days notice to the veteran before benefits will no longer be authorized.
