

Oil Spill Liability Trust Fund Disbursements for FY 2022

Report to Congress
July 18, 2023

U.S. Coast Guard

Foreword

July 18, 2023

I am pleased to present the following report, “Oil Spill Liability Trust Fund Disbursements for FY 2022,” prepared by the U.S. Coast Guard.

Section 2712 of Title 33, United States Code, directs the annual submission of a report listing each incident that occurred in the preceding two fiscal years that resulted in disbursements of \$500,000 or more from the Oil Spill Liability Trust Fund and an accounting of any amounts reimbursed to the Fund in the preceding fiscal year that were recovered from a responsible party for incidents with disbursements that totaled \$500,000 or more.

Pursuant to Congressional requirements, this report is provided to the following members of Congress:

The Honorable Maria Cantwell
Chair, Senate Committee on Commerce, Science, and Transportation

The Honorable Ted Cruz
Ranking Member, Senate Committee on Commerce, Science, and Transportation

The Honorable Sam Graves
Chairman, House Committee on Transportation and Infrastructure

The Honorable Rick Larsen
Ranking Member, House Committee on Transportation and Infrastructure.

I would be pleased to answer any questions you have, or your staff may contact my Senate Liaison Office at (202) 224-2913 or House Liaison Office at (202) 225-4775.

Sincerely,

A handwritten signature in blue ink that reads "L L Fagan".

I. Legislative Language

This report responds to the language under Section 2712 of Title 33, United States Code (U.S.C.), which states:

33 U.S.C. §2712. Uses of Fund

...

(l) Reports

(1) IN GENERAL.—Each year, on the date on which the President submits to Congress a budget under section 1105 of title 31, United States Code, the President, through the Secretary of the Department in which the Coast Guard is operating, shall—

(A) provide a report on disbursements for the preceding fiscal year from the Fund, regardless of whether those disbursements were subject to annual appropriations, to—

(i) the Senate Committee on Commerce, Science, and Transportation; and

(ii) the House of Representatives Committee on Transportation and Infrastructure; and

(B) make the report available to the public on the National Pollution Funds Center Internet website.

(2) CONTENTS.—The report shall include—

(A) a list of each incident that—

(i) occurred in the preceding fiscal year; and

(ii) resulted in disbursements from the Fund, for removal costs and damages, totaling \$500,000 or more;

(B) a list of each incident that—

(i) occurred in the fiscal year preceding the preceding fiscal year; and

(ii) resulted in disbursements from the Fund, for removal costs and damages, totaling \$500,000 or more; and

(C) an accounting of any amounts reimbursed to the Fund in the preceding fiscal year that were recovered from a responsible party for an incident that resulted in disbursements from the Fund, for removal costs and damages, totaling \$500,000 or more.

(3) AGENCY RECORDKEEPING.—Each Federal agency that receives amounts from the Fund shall maintain records describing the purpose for which such funds were obligated or expended in such detail as the Secretary may require for purposes of the report required under paragraph (1).”

II. Background

This report is the fifth submission of a revised Oil Spill Liability Trust Fund (OSLTF) Disbursement Report since the *Frank LoBiondo Coast Guard Authorization Act of 2018* amended Section 2712 of Title 33, U.S. Code. The report identifies incidents with cumulative disbursements of \$500,000 or more for removal costs or damages from the OSLTF.

- Section III Table 1 of this report lists incidents that occurred in fiscal year (FY) 2022 and resulted in disbursements from the Fund, for removal costs and damages, totaling \$500,000 or more.
- Section III Table 2 lists incidents that occurred in FY 2021 and resulted in disbursements from the Fund, for removal costs and damages, totaling \$500,000 or more.
- Section IV provides an accounting of any amounts reimbursed to the Fund in FY 2022 that were recovered from a responsible party for an incident that resulted in disbursements from the Fund, for removal costs and damages, totaling \$500,000 or more.

The OSLTF is the federal funding source for oil pollution prevention, response, and compensation under the Oil Pollution Act of 1990 (OPA 90). Amounts are available until expended and are administered by the National Pollution Funds Center (NPFC). The OSLTF is also a source of annual appropriations to federal agencies responsible for implementing, administering, and enforcing various oil pollution prevention programs under OPA 90 and section 311 of the Federal Water Pollution Control Act (FWPCA).

NPFC provides funding to Environmental Protection Agency and Coast Guard Federal On-Scene Coordinators (FOSCs) acting under FWPCA section 311(c) authority. FOSCs coordinate agency removal actions through contracts with commercial entities and interagency agreements with federal, state, and local response partners.

III. Disbursements for Pollution Incidents

Table 1 identifies incidents which occurred in FY 2022 and resulted in disbursements from the OSLTF for removal costs and damages, totaling \$500,000 or more.

¹ The MC-20A TAYLOR ENERGY incident (Federal Project Number N13024) is an ongoing spill not listed in these charts because the project commenced in FY 2013. For this offshore facility spill, the OSLTF's disbursements total \$119,172,667 through FY 2022. Because the spill is ongoing and the response is not yet complete, additional disbursements are expected in the future.

² As named by Federal On Scene Coordinator

IV. Amounts Reimbursed and Recovered

Table 3 provides an accounting of any amounts reimbursed to the OSLTF in FY 2022 that were recovered from a responsible party for an incident that resulted in disbursements from the Fund, for removal costs and damages, totaling \$500,000 or more. The incidents identified are not limited to those occurring only in the two preceding FYs—the incident may have occurred in any prior FY.
