FOREWORD

This volume of legislation and related material is part of a five volume set of laws and related material frequently referred to by the Committees on Foreign Affairs of the House of Representatives and Foreign Relations of the Senate, amended to date and annotated to show pertinent history or cross references.

Volumes I (A and B), II (A and B), III and IV contain legislation and related material and are republished with amendments and additions on a regular basis. Volume V, which contains treaties and related material, will be revised as necessary.

We wish to express our appreciation to Larry Q. Nowels and Dianne E. Rennack of the Foreign Affairs, Defense, and Trade Division of the Congressional Research Service of the Library of Congress and Suzanne Kayne of the U.S. Government Printing Office who prepared volume IV of this year's compilation.

HOWARD L. BERMAN,
Chairman, Committee on Foreign Affairs.

JOHN F. KERRY,
Chairman, Committee on Foreign Relations.

June 15, 2009.

EXPLANATORY NOTE

The body of statutory law set out in this volume was in force, as amended, at the end of 2005.

This volume sets out “session law” as originally enacted by Congress and published by the Archivist of the United States as “slip law” and later in the series *United States Statutes at Large* (as subsequently amended, if applicable). Amendments are incorporated into the text and distinguished by a footnote. Session law is organized in this series by subject matter in a manner designed to meet the needs of the Congress.

Although laws enacted by Congress in the area of foreign relations are also codified by the Law Revision Counsel of the House of Representatives, typically in title 22 United States Code, those codifications are not positive law and are not, in most instances, the basis of further amendment by the Congress. Cross references to the United States Code are included as footnotes for the convenience of the reader.

All Executive orders and State Department delegations of authority are codified and in force as of December 31, 2005.

Corrections may be sent to Matthew C. Weed at the Library of Congress, Congressional Research Service, Washington, D.C., 20540-7460, or by e-mail at mweed@crs.loc.gov.

SEC. 2.4 FINDINGS, PURPOSES AND POLICY.

(a) FINDINGS.—The Congress finds and declares the following:

(1) The fish off the coasts of the United States, the highly migratory species of the high seas, the species which dwell on or in the Continental Shelf appertaining to the United States, and the anadromous species which spawn in United States rivers or estuaries, constitute valuable and renewable natural resources. These fishery resources contribute to the food supply, economy, and health of the Nation and provide recreational opportunities.

(2)⁵ Certain stocks of fish have declined to the point where their survival is threatened, and other stocks of fish have been so substantially reduced in number that they could become similarly threatened as a consequence of (A) increased fishing pressure, (B) the inadequacy of fishery resource conservation and management practices and controls, or (C) direct and indirect habitat losses which have resulted in a diminished capacity to support existing fishing levels.

(3) Commercial and recreational fishing constitutes a major source of employment and contributes significantly to the economy of the Nation. Many coastal areas are dependent upon fishing and related activities, and their economies have been badly damaged by the overfishing of fishery resources at an ever-increasing rate over the past decade. The activities of

²Effective January 1, 1992, pursuant to sec. 103(b) and (c) of the Fishery Conservation Amendments of 1990 (Public Law 101-627; 104 Stat. 4439), the title for sec. 102 became "Highly migratory species".

³Sec. 107(b) of the Fishery Conservation Amendments of 1990 (Public Law 101-627; 104 Stat. 4444) struck out "Transitional provisions" and inserted in lieu thereof "Large-scale driftnet fishing".

⁴16 U.S.C. 1801.

⁵Sec. 101(1) of the Sustainable Fisheries Act (Public Law 104-297; 110 Stat. 3560) amended and restated para. (2), which formerly read as follows:

"(2) As a consequence of increased fishing pressure and because of the inadequacy of fishery conservation and management practices and controls (A) certain stocks of such fish have been overfished to the point where their survival is threatened, and (B) other such stocks have been so substantially reduced in number that they could become similarly threatened."

massive foreign fishing fleets in waters adjacent to such coastal areas have contributed to such damage, interfered with domestic fishing efforts, and caused destruction of the fishing gear of United States fishermen.

(4) International fishery agreements have not been effective in preventing or terminating the overfishing of these valuable fishery resources. There is danger that irreversible effects from overfishing will take place before an effective international agreement on fishery management jurisdiction can be negotiated, signed, ratified, and implemented.

(5) Fishery resources are finite but renewable. If placed under sound management before overfishing has caused irreversible effects, the fisheries can be conserved and maintained so as to provide optimum yields on a continuing basis.

(6) A national program for the conservation and management of the fishery resources of the United States is necessary to prevent overfishing, to rebuild overfished stocks, to insure conservation, to facilitate long-term protection of essential fish habitats,⁶ and to realize the full potential of the Nation's fishery resources.

(7) A national program for the development of fisheries which are underutilized or not utilized by United States fishermen,⁷ including bottom fish off Alaska, is necessary to assure that our citizens benefit from the employment, food supply, and revenue which could be generated thereby.

(8)⁸ The collection of reliable data is essential to the effective conservation, management, and scientific understanding of the fishery resources of the United States.

(9)⁹ One of the greatest long-term threats to the viability of commercial and recreational fisheries is the continuing loss of marine, estuarine, and other aquatic habitats. Habitat considerations should receive increased attention for the conservation and management of fishery resources of the United States.

(10)⁹ Pacific Insular Areas contain unique historical, cultural, legal, political, and geographical circumstances which make fisheries resources important in sustaining their economic growth.

(b) PURPOSES.—It is therefore declared to be the purposes of the Congress in this Act—

(1)¹⁰ to take immediate action to conserve and manage the fishery resources found off the coasts of the United States, and the anadromous species and Continental Shelf fishery resources of the United States, by exercising (A) sovereign rights

⁶Sec. 101(2) of the Sustainable Fisheries Act (Public Law 104-297; 110 Stat. 3560) inserted "to facilitate long-term protection of essential fish habitats," after "conservation,".

⁷Sec. 2(a) of Public Law 95-354 (92 Stat. 519) struck out "United States fishing industry" and inserted in lieu thereof "United States fishermen".

⁸Sec. 101(a) of the Fishery Conservation Amendments of 1990 (Public Law 101-627; 104 Stat. 4437) added para. (8).

⁹Sec. 101(3) of the Sustainable Fisheries Act (Public Law 104-297; 110 Stat. 3560) added paras. (9) and (10).

¹⁰Sec. 101(c)(1) of Public Law 99-659 (100 Stat. 3707) amended and restated para. (1).

for the purposes of exploring, exploiting, conserving, and managing all fish,¹¹ within the exclusive economic zone established by Presidential Proclamation 5030, dated March 10, 1983, and (B) exclusive fishery management authority beyond the exclusive economic zone over such anadromous species and Continental Shelf fishery resources, and fishery resources in the special areas;¹²

(2) to support and encourage the implementation and enforcement of international fishery agreements for the conservation and management of highly migratory species, and to encourage the negotiation and implementation of additional such agreements as necessary;

(3) to promote domestic commercial and recreational fishing under sound conservation and management principles, including the promotion of catch and release programs in recreational fishing;¹³

(4) to provide for the preparation and implementation, in accordance with national standards, of fishery management plans which will achieve and maintain, on a continuing basis, the optimum yield from each fishery;

(5) to establish Regional Fishery Management Councils to exercise sound judgment in the stewardship of fishery resources through the preparation, monitoring, and revision of¹⁴ such plans under circumstances (A) which will enable the States, the fishing industry, consumer and environmental organizations, and other interested persons to participate in, and advise on, the establishment and administration of such plans, and (B) which take into account the social and economic needs of the States;¹⁵

(2) The foreign nation, and the owner or operator of any fishing vessel fishing pursuant to such agreement, will abide by the requirement that—

(A) any officer authorized to enforce the provisions of this Act (as provided for in section 311) be permitted—

(i) to board, and search or inspect, any such vessel at any time,

(ii) to make arrests and seizures provided for in section 311(b) whenever such officer has reasonable cause to believe, as a result of such a search or inspection, that any such vessel or any person has committed an act prohibited by section 307, and

(D)⁶³ United States observers required under subsection (h)⁶⁴ be permitted to be stationed aboard any such vessel and that all of the costs incurred incident to such stationing, including the costs of data editing and entry and observer monitoring, be paid for, in accordance with such subsection, by the owner or operator of the vessel;

and will abide by any other monitoring, compliance, or enforcement requirement related to fishery conservation and management which is included in such agreement.

(3) The foreign nation and the owners or operators of all of the fishing vessels of such nation shall not, in any year, harvest an amount of fish which⁶⁵ exceeds such nation's allocation of the total allowable level of foreign fishing, as determined under subsection (e).

(4) The foreign nation will—

(A) apply, pursuant to section 204, for any required permits;

(B) deliver promptly to the owner or operator of the appropriate fishing vessel any permit which is issued under that section for such vessel;

(C) abide by, and take appropriate steps under its own laws to assure that all such owners and operators comply with, section 204(a) and the applicable conditions and restrictions established under section 204(b)(7); and

(D)⁶⁶ take, or refrain from taking, as appropriate, actions of the kind referred to in subsection (e)(1) in order to receive favorable allocations under such subsection.

(d)⁶⁷ TOTAL ALLOWABLE LEVEL OF FOREIGN FISHING.—The total allowable level of foreign fishing, if any, with respect to any fishery

⁶⁵Sec. 4(2) of Public Law 95-354 (92 Stat. 519) inserted "harvest an amount of fish which".

⁶⁶Sec. 2(a)(2) of Public Law 97-453 (96 Stat. 2481) added subpara. (D).

⁶⁷The text of subsec. (d) was restored to the original by sec. 104 of the Fishery Conservation Amendments of 1990 (Public Law 101-627; 104 Stat. 4439). Previously, sec. 230 of Public Law 96-561 amended and restated subsec. (d) to read as follows:

"(d) TOTAL ALLOWABLE LEVEL OF FOREIGN FISHING.—(1) As used in this subsection—

"(A) The term 'base harvest' means, with respect to any United States fishery, the total allowable level of foreign fishing during the 1979 harvesting season.

"(B) The term 'harvesting season' means the period established under this Act by the Secretary during which foreign fishing is permitted within a United States fishery. For purposes of this subsection, a harvesting season is designated by the calendar year in which the last day of the harvesting season occurs, regardless whether fishing is not permitted on that day due to emergency or other closure of the fishery.

"(C) The term 'calculation factor' means, with respect to each United States fishery, 15 percent of the base harvest.

"(D) The term 'reduction factor amount' means, with respect to each United States fishery, for any harvesting season after the 1980 harvesting season—

"(i) an amount equal to 15 percent of the base harvest for that fishery, if, in addition to the level of harvest by vessels of the United States in the designated preceding harvesting season for the fishery, such vessels harvest, in one or more harvesting seasons, not less than 75 percent of the calculation factor;

"(ii) an amount equal to 10 percent of the base harvest for the fishery, if, in addition to the level of harvest by vessels of the United States in the designated preceding harvesting season for the fishery, such vessels harvest, in one or more harvesting seasons, not less than 50 percent, but less than 75 percent, of the calculation factor; or

"(iii) an amount equal to 5 percent of the base harvest for the fishery, if, in addition to the level of harvest by vessels of the United States in the designated previous harvesting season for the fishery, such vessels harvest, in one or more harvesting seasons, not less than 25 percent, but less than 50 percent, of the calculation factor.

"For purposes of this paragraph, the term 'designated preceding harvest season' means—

"(I) until a reduction factor amount is first achieved under this paragraph with respect to the fishery concerned, the 1979 harvesting season, and

"(II) after such amount is first achieved, the most recent harvesting season in which a reduction factor amount was achieved.

"(E) The term 'annual fishing level' for any United States fishery during any harvesting season after the 1980 harvesting season is the base harvest for the fishery reduced by—

"(i) an amount equal to the reduction factor amount for that harvesting season; and

"(ii) an amount equal to the increased level of harvest by vessels of the United States over the level achieved by such vessels in the 1979 harvesting season for the fishery.

subject to the exclusive fishery management authority of the United States, shall be that portion of the optimum yield of such fishery which will not be harvested by vessels of the United States, as determined in accordance with this Act.

(e) ALLOCATION OF ALLOWABLE LEVEL.—(1)⁶⁸ (A) The Secretary of State, in cooperation with the Secretary, may make allocations to foreign nations from⁶⁹ the total allowable level of foreign fishing which is permitted with respect to each fishery subject to the exclusive fishery management authority of the United States.

(B) From the determinations made under subparagraph (A), the Secretary of State shall compute the aggregate of all of the fishery allocations made of each foreign nation.

(C) The Secretary of State shall initially release to each foreign nation for harvesting up to 50 percent of the allocations aggregate computed for such nation under subparagraph (B), and such release of allocation shall be apportioned by the Secretary of State, in cooperation with the Secretary, among the individual fishery allocations determined for that nation under subparagraph (A). The basis on which each apportionment is made under this subparagraph shall be stated in writing by the Secretary of State.

(D) After the initial release of fishery allocations under subparagraph (C) to a foreign nation, any subsequent release of an allocation for any fishery to such nation shall only be made—

(i) after the lapse of such period of time as may be sufficient for purposes of making the determination required under clause (ii); and

“ (F) The term ‘United States fishery’ means any fishery subject to the exclusive fishery management authority of the United States.

“(2) The total allowable level of foreign fishing, if any, with respect to any United States fishery for each harvesting season after the 1980 harvesting season shall be—

“(A) the level representing that portion of the optimum yield of such fishery that will not be harvested by vessels of the United States as determined in accordance with the provisions of this Act (other than those relating to the determination of annual fishing levels), or

“(B) the annual fishing level determined pursuant to paragraph (3) for the harvesting season.

“(3) For each United States fishery, the appropriate fishery management council, on a timely basis, may determine and certify to the Secretary of State and the Secretary the annual fishing level for that fishery for each harvesting season after the 1980 harvesting season.

“(4) If with respect to any harvesting season for any United States fishery for which the total allowable level of foreign fishing is determined under paragraph (2)(B), the Secretary, in consultation with the Secretary of State, approves the determination by any appropriate fishery management council that any portion of the optimum yield for that harvesting season will not be harvested by vessels of the United States, the Secretary of State, in accordance with subsection (e), may allocate such portion for use during that harvesting season by foreign fishing vessels; except that if—

“(A) the making available of such portion (or any part thereof) during that harvesting season is determined to be detrimental to the development of the United States fishing industry; and

“(B) such portion or part will be available for harvest in the immediately succeeding harvesting season, as determined on the basis of the best available scientific information; then such portion or part may be allocated for use by foreign fishing vessels in such succeeding harvesting season. The determinations required to be made under subparagraphs (A) and (B) of the preceding sentence shall be made by the Secretary in consultation with the Secretary of State and on the basis of any recommendation of any appropriate fishery management council.”.

⁶⁸Sec. 2(a)(4) of Public Law 97-453 (96 Stat. 2481) amended and restated para. (1). Previously, sec. 3 of Public Law 96-61 (93 Stat. 407) amended subsec. (e) by designating the existing text as para. (1) and adding a new para. (2). In addition, sec. 231 of Public Law 96-561 (94 Stat. 3297) amended and restated the last sentence of para. (1), effective for the 1981 harvesting season and harvesting seasons thereafter.

⁶⁹Sec. 404(2)(A) of Public Law 98-623 (98 Stat. 3408) struck out “shall determine the allocation among foreign nations of” and inserted in lieu thereof “may make allocations to foreign nations from”.

(ii) if the Secretary of State and the Secretary, after taking into account the size of the allocation for such fishery and the length and timing of the fishing season, determine in writing that such nation is complying with the purposes and intent of this paragraph with respect to such fishery.

If the foreign nation is not determined under clause (ii) to be in such compliance, the Secretary of State shall reduce, in a manner and quantity he considers to be appropriate (I) the remainder of such allocation, or (II) if all of such allocation has been released, the next allocation of such fishery, if any, made to such nation.

(E) The determinations required to be made under subparagraphs (A) and (D)(ii), and the apportionments required to be made under subparagraph (C), with respect to a foreign nation shall be based on—

(i) whether, and to what extent, such nation imposes tariff barriers or nontariff barriers on the importation, or otherwise restricts the market access, of both⁷⁰ United States fish and⁷⁰ fishery products, particularly fish and fishery products for which the foreign nation has requested as allocation;⁷⁰

(ii)⁷¹ whether, and to what extent, such nation is cooperating with the United States in both the advancement of existing and new opportunities for fishery exports from the United States through the purchase of fishery products from United States processors, and the advancement of fisheries trade through the purchase of fish and fishery products from United States fishermen, particularly fish and fishery products for which the foreign nation has requested an allocation;

(iii) whether, and to what extent, such nation and the fishing fleets of such nation have cooperated with the United States in the enforcement of United States fishing regulations;

(iv) whether, and to what extent, such nation requires the fish harvested from the exclusive economic zone⁵⁹ or special areas⁷² for its domestic consumption;

(v) whether, and to what extent, such nation otherwise contributes to, or fosters the growth of, a sound and economic United States fishing industry, including minimizing gear conflicts with fishing operations of United States fishermen, and transferring harvesting or processing technology which will benefit the United States fishing industry;

(vi) whether, and to what extent, the fishing vessels of such nation have traditionally engaged in fishing in such fishery;

(vii) whether, and to what extent, such nation is cooperating with the United States in, and making substantial contributions to, fishery research and the identification of fishery resources; and

⁷⁰Sec. 404(2)(B) of Public Law 98-623 (98 Stat. 3408) amended clause (i) by inserting “both”, by striking out “or” and inserting in lieu thereof “and”, and by adding the final phrase beginning with the words “, particularly fish and fishery products”.

⁷¹Sec. 404(2)(C) of Public Law 98-623 (98 Stat. 3408) amended and restated clause (ii). It previously read as follows:

“(ii) Whether, and to what extent, such nation is cooperating with the United States in the advancement of existing and new opportunities for fisheries trade, particularly through the purchase of fish or fishery products from United States processors or from United States fishermen.”

⁷²Sec. 301(d)(2) of Public Law 102-251 (106 Stat. 63) inserted “or special areas”.

(viii) such other matters as the Secretary of State, in cooperation with the Secretary, deems appropriate.

(2)⁷³ (A) For the purposes of this paragraph—

(i) The term “certification” means a certification made by the Secretary that nationals of a foreign country, directly or indirectly, are conducting fishing operations or engaging in trade or taking which diminishes the effectiveness of the International Convention for the Regulation of Whaling. A certification under this section shall also be deemed a certification for the purposes of section 8(a) of the Fisherman’s Protective Act of 1967 (22 U.S.C. 1978(a)).

(ii) The term “remedial period” means the 365-day period beginning on the date on which a certification is issued with respect to a foreign country.

(B) If the Secretary issues a certification with respect to any foreign country, then each allocation under paragraph (1) that—

(i) is in effect for that foreign country on the date of issuance; or

(ii) is not in effect on such date but would, without regard to this paragraph, be made to the foreign country within the remedial period;

shall be reduced by the Secretary of State, in consultation with the Secretary, by not less than 50 percent.

(C) The following apply for purposes of administering subparagraph (B) with respect to any foreign country:

(i) If on the date of certification, the foreign country has harvested a portion, but not all, of the quantity of fish specified under any allocation, the reduction under subparagraph (B) for that allocation shall be applied with respect to the quantity not harvested as of such date.

(ii) If the Secretary notified the Secretary of State that it is not likely that the certification of a foreign country will be terminated under section 8(d) of the Fishermen’s Protective Act of 1967 before the close of the period for which an allocation is applicable or before the close of the remedial period (whichever close first occurs) the Secretary of State, in consultation with the Secretary, shall reallocate any portion of any reduction made under subparagraph (B) among one or more foreign countries for which no certification is in effect.

(iii) If the certification is terminated under such section 8(d) during the remedial period, the Secretary of State shall return to the foreign country that portion of any allocation reduced under subparagraph (B) that was not reallocated under clause (ii); unless the harvesting of the fish covered by the allocation is otherwise prohibited under this Act.

(iv) The Secretary may refund or credit, by reason of reduction of any allocation under this paragraph, any fee paid under section 204.

(D) If the certification of a foreign country is not terminated under section 8(d) of the Fishermen’s Protective Act of 1967 before the close of the last day of the remedial period, the Secretary of State—

⁷³Sec. 3 of Public Law 96-61 (93 Stat. 407) added para. (2).

(i) with respect to any allocation made to that country and in effect (as reduced under subparagraph (B)) on such last day, shall rescind, effective on and after the day after such last day, any unharvested portion of such allocation; and

(ii) may not thereafter make any allocation to that country under paragraph (1) until the certification is terminated.

(f)⁷⁴ RECIPROCITY.—Foreign fishing shall not be authorized for the fishing vessels of any foreign nation unless such nation satisfies the Secretary and the Secretary of State that such nation extends substantially the same fishing privileges to fishing vessels of the United States, if any, as the United States extends to foreign fishing vessels.

(g)⁷⁴ PRELIMINARY FISHERY MANAGEMENT PLANS.—The Secretary, when notified by the Secretary of State that any foreign nation has submitted an application under section 204(b), shall prepare a preliminary fishery management plan for any fishery covered by such application if the Secretary determines that no fishery management plan for that fishery will be prepared and implemented, pursuant to title III, before March 1, 1977. To the extent practicable, each such plan—

(1)⁷⁵ shall contain a preliminary description of the fishery and a preliminary determination as to—

(A) the optimum yield from such fishery;

(B) when appropriate, the capacity and extent to which United States fish processors will process that portion of such optimum yield that will be harvested by vessels of the United States; and

(C) the total allowable level of foreign fishing with respect to such fishery;

(2) shall require each foreign fishing vessel engaged or wishing to engage in such fishery to obtain a permit from the Secretary;

(3) shall require the submission of pertinent data to the Secretary, with respect to such fishery, as described in section 303(a)(5); and

(4) may, to the extent necessary to prevent irreversible effects from overfishing, with respect to such fishery, contain conservation and management measures applicable to foreign fishing which—

(A) are determined to be necessary and appropriate for the conservation and management of such fishery,

(B) are consistent with the national standards, the other provisions of this Act, and other applicable law, and

(C) are described in section 303(b) (2), (3), (4), (5), and (7).

⁷⁴Sec. 4(3) of Public Law 95-354 (Stat. 519) redesignated subsecs. (f) and (g) as (g) and (h), respectively, and added a new subsec. (f), requiring an annual report from the Secretary of the Treasury on allocations made to foreign nations. Subsec. (f) was subsequently repealed by sec. 139(24) of the Foreign Relations Authorization Act, Fiscal Years 1994 and 1995 (Public Law 103-236; 108 Stat. 399). Sec. 105(a)(3) of the Sustainable Fisheries Act (Public Law 104-297; 110 Stat. 3563) repealed subsec. (f) again, and sec. 105(a)(4) of that Act redesignated subsecs. (g) through (j) as subsecs. (f) through (i).

⁷⁵Sec. 4(4) of Public Law 95-354 amended para. (1) by effectively adding the text of subpara. (B).

Each preliminary fishery management plan shall be in effect with respect to foreign fishing for which permits have been issued until a fishery management plan is prepared and implemented, pursuant to title III, with respect to such fishery. The Secretary may in accordance with section 553 of title 5, United States Code, also prepare and promulgate interim regulations with respect to any such preliminary plan. Such regulations shall be in effect until regulations implementing the applicable fishery management plan are promulgated pursuant to section 305.

(h)^{74, 76} FULL OBSERVER COVERAGE PROGRAM.—(1)(A) Except as provided in paragraph (2), the Secretary shall establish a program under which a United States observer will be stationed aboard each foreign fishing vessel while that vessel is engaged in fishing within the exclusive economic zone⁵⁹ or special areas.⁷⁷

(B)⁷⁸ The Secretary shall by regulation prescribe minimum health and safety standards that shall be maintained aboard each foreign fishing vessel with regard to the facilities provided for the quartering of, and the carrying out of observer functions by, United States observers.

(2) The requirement in paragraph (1) that a United States observer be placed aboard each foreign fishing vessel may be waived by the Secretary if he finds that—

(A) in a situation where a fleet of harvesting vessels transfers its catch taken within the exclusive economic zone⁷⁹ or special areas⁷⁷ to another vessel, aboard which is a United States observer, the stationing of United States observers on only a portion of the harvesting vessel fleet will provide a representative sampling of the by-catch of the fleet that is sufficient for purposes of determining whether the requirements of the applicable management plans for the by-catch species are being complied with;

(B)⁸⁰ in a situation where the foreign fishing vessel is operating under a Pacific Insular Area fishing agreement, the Governor of the applicable Pacific Insular Area, in consultation with the Western Pacific Council, has established an observer coverage program that is at least equal in effectiveness to the program established by the Secretary;

(C)⁸¹ the time during which a foreign fishing vessel will engage in fishing within the exclusive economic zone or special areas⁷⁷ will be of such short duration that the placing of a United States observer aboard the vessel would be impractical; or

(D)⁸⁰ for reasons beyond the control of the Secretary, an observer is not available.

⁷⁶Sec. 236 of Public Law 96-561 (94 Stat. 3299) added subsec. (i). Sec. 237 of the same Act stated that subsec. (i) shall take effect on October 1, 1981, and shall apply to permits issued under sec. 204 of this Act after December 31, 1981.

⁷⁷Sec. 301(d)(3) of Public Law 102-251 (106 Stat. 63) inserted "or special areas".

⁷⁸Sec. 103(a)(2) of Public Law 99-659 (100 Stat. 3708) added subpara. (B).

⁷⁹Sec. 101(c)(2) of Public Law 99-659 struck out "fishery conservation zone" and inserted in lieu thereof "exclusive economic zone" throughout this Act.

⁸⁰Sec. 105(a)(5) of the Sustainable Fisheries Act (Public Law 104-297; 110 Stat. 3564) redesignated subparas. (B) and (C) as subparas. (C) and (D), and added a new subpara. (B).

⁸¹Sec. 103(a)(2) of Public Law 99-659 (100 Stat. 3708) added subpara. (C) as subpara. (B). Sec. 105(a)(5) of the Sustainable Fisheries Act (Public Law 104-297; 110 Stat. 3564) redesignated subpara. (B) as subpara. (C).

(3)⁸² Observers, while stationed aboard foreign fishing vessels, shall carry out such scientific, compliance monitoring, and other functions as the Secretary deems necessary or appropriate to carry out the purposes of this Act; and shall cooperate in carrying out such other scientific programs relating to the conservation and management of living resources as the Secretary deems appropriate.

(4) In addition to any fee imposed under section 204(b)(10) of this Act and section 10(e) of the Fishermen's Protective Act of 1967 (22 U.S.C. 1980(e)) with respect to foreign fishing for any year after 1980, the Secretary shall impose, with respect to each foreign fishing vessel for which a permit is issued under such section 204, a surcharge in an amount sufficient to cover all the costs of providing a United States observer aboard that vessel. The failure to pay any surcharge imposed under this paragraph shall be treated by the Secretary as a failure to pay the permit fee for such vessel under section 204(b)(10). All surcharges collected by the Secretary under this paragraph shall be deposited in the Foreign Fishing Observer Fund established by paragraph (5).⁸³

(5) There is established in the Treasury of the United States the Foreign Fishing Observer Fund. The Fund shall be available to the Secretary as a revolving fund for the purpose of carrying out this subsection. The Fund shall consist of the surcharges deposited into it as required under paragraph (4). All payments made by the Secretary to carry out this subsection shall be paid from the Fund, only to the extent and in the amounts provided for in advance in appropriation Acts. Sums in the Fund which are not currently needed for the purposes of this subsection shall be kept on deposit or invested in obligations of, or guaranteed by, the United States.

(6)⁸⁴ If at any time the requirement set forth in paragraph (1) cannot be met because of insufficient appropriations, the Secretary shall, in implementing a supplementary observer program:

(A) certify as observers, for the purposes of this subsection, individuals who are citizens or nationals of the United States and who have the requisite education or experience to carry out the functions referred to in paragraph (3);

(B) establish standards of conduct for certified observers equivalent to those applicable to Federal personnel;

(C) establish a reasonable schedule of fees that certified observers or their agents shall be paid by the owners and operators of foreign fishing vessels for observer services; and

⁸²Sec. 2(a)(5)(A)(i) of Public Law 97-453 (96 Stat. 2482) amended and restated para. (3). It formally read as follows:

"(3) United States observers, while aboard foreign fishing vessels, shall carry out such scientific and other functions as the Secretary deems necessary or appropriate to carry out the purposes of this Act."

⁸³The Departments of Commerce, Justice, and State, the Judiciary, and Related Agencies Appropriations Act, 2003 (Division B of sec. 3 of Public Law 108-7; 117 Stat. 7), provided:

"FOREIGN FISHING OBSERVER FUND

"For expenses necessary to carry out the provisions of the Atlantic Tunas Convention Act of 1975, as amended (Public Law 96-339), the Magnuson-Stevens Fishery Conservation and Management Act of 1976, as amended (Public Law 100-627), the American Fisheries Promotion Act (Public Law 96-561) and the International Dolphin Conservation Program Act (Public Law 105-42), to be derived from the fees imposed under the foreign fishery observer program authorized by these Acts, not to exceed \$1,000, to remain available until expended."

⁸⁴Sec. 2(a)(5)(A)(ii) of Public Law 97-453 (96 Stat. 2482) added para. (6), effective January 1, 1984.

(D) monitor the performance of observers to ensure that it meets the purposes of this Act.

(i)^{74, 85} RECREATIONAL FISHING.—Notwithstanding any other provision of this title, foreign fishing vessels which are not operated for profit may engage in recreational fishing within the exclusive economic zone⁸⁶ or special areas⁸⁷ and the waters within the boundaries of a State subject to obtaining such permits, paying such reasonable fees, and complying with such conditions and restrictions as the Secretary and the Governor of the State (or his designee) shall impose as being necessary or appropriate to insure that the fishing activity of such foreign vessels within such zone, areas,⁸⁸ or waters, respectively, is consistent with all applicable Federal and State laws and any applicable fishery management plan implemented under section 304.⁸⁹ The Secretary shall consult with the Secretary of State and the Secretary of the Department in which the Coast Guard is operating in formulating the conditions and restrictions to be applied by the Secretary under the authority of this subsection.

SEC. 202.⁹⁰ INTERNATIONAL FISHERY AGREEMENTS.

(a) NEGOTIATIONS.—The Secretary of State—

(1) shall renegotiate treaties as provided for in subsection (b);

(2) shall negotiate governing international fishery agreements described in section 201(c);

(3) may negotiate boundary agreements as provided for in subsection (d);

(4) shall, upon the request of and in cooperation with the Secretary, initiate and conduct negotiations for the purpose of entering into international fishery agreements—

(A) which allow fishing vessels of the United States equitable access to fish over which foreign nations assert exclusive fishery management authority, and

(B) which provide for the conservation and management of anadromous species and highly migratory species; and

(5) may enter into such other negotiations, not prohibited by subsection (c), as may be necessary and appropriate to further the purposes, policy, and provisions of this Act.

(b) TREATY RENEGOTIATION.—The Secretary of State, in cooperation with the Secretary, shall initiate, promptly after the date of enactment of this Act, the renegotiation of any treaty which pertains to fishing within the exclusive economic zone⁸⁶ (or within the area that will constitute such zone after February 28, 1977) or special areas,⁹¹ or for anadromous species or Continental Shelf fishery

It is the sense of Congress that the United States shall withdraw from any such treaty, in accordance with its provisions, if such treaty is not so renegotiated within a reasonable period of time after such date of enactment.

(c) INTERNATIONAL FISHERY AGREEMENTS.—No international fishery agreement (other than a treaty) which pertains to foreign fishing within the exclusive economic zone⁸⁶ (or within the area that will constitute such zone after February 28, 1977) or special areas,⁹³ or for anadromous species or Continental Shelf fishery resources beyond such zone or areas—⁹⁴

(D) no owner or operator of a vessel of the United States which has adequate capacity to perform the transportation for which the application is submitted has indicated to the Secretary an interest in performing the transportation at fair and reasonable rates.

(4) WHOLE OR PARTIAL APPROVAL.—The Secretary may approve all or any portion of an application under paragraph (3).

¹³¹ Sec. 105(d)(4) of the Sustainable Fisheries Act (Public Law 104-297; 110 Stat. 3565) added subsecs. (d) and (e).

(5) FAILURE TO APPROVE APPLICATION.—If the Secretary does not approve any portion of an application submitted under paragraph (1), the Secretary shall promptly inform the applicant and specify the reasons therefor.

(6) CONDITIONS AND RESTRICTIONS.—The Secretary shall establish and include in each permit under this subsection conditions and restrictions, including those conditions and restrictions set forth in subsection (b)(7), which shall be complied with by the owner and operator of the vessel for which the permit is issued.

(7) FEES.—The Secretary shall collect a fee for each permit issued under this subsection, in an amount adequate to recover the costs incurred by the United States in issuing the permit, except that the Secretary shall waive the fee for the permit if the foreign nation under which the vessel is registered does not collect a fee from a vessel of the United States engaged in similar activities in the waters of such foreign nation.

(e) ¹³¹ PACIFIC INSULAR AREAS.—

(1) NEGOTIATION OF PACIFIC INSULAR AREA FISHERY AGREEMENTS.—The Secretary of State, with the concurrence of the Secretary and in consultation with any appropriate Council, may negotiate and enter into a Pacific Insular Area fishery agreement to authorize foreign fishing within the exclusive economic zone adjacent to a Pacific Insular Area—

(A) in the case of American Samoa, Guam, or the Northern Mariana Islands, at the request and with the concurrence of, and in consultation with, the Governor of the Pacific Insular Area to which such agreement applies; and

(B) in the case of a Pacific Insular Area other than American Samoa, Guam, or the Northern Mariana Islands, at the request of the Western Pacific Council.

(2) AGREEMENT TERMS AND CONDITIONS.—A Pacific Insular Area fishery agreement—

(A) shall not be considered to supersede any governing international fishery agreement currently in effect under this Act, but shall provide an alternative basis for the conduct of foreign fishing within the exclusive economic zone adjacent to Pacific Insular Areas;

(B) shall be negotiated and implemented consistent only with the governing international fishery agreement provisions of this title specifically made applicable in this subsection;

(C) may not be negotiated with a nation that is in violation of a governing international fishery agreement in effect under this Act;

(D) shall not be entered into if it is determined by the Governor of the applicable Pacific Insular Area with respect to agreements initiated under paragraph (1)(A), or the Western Pacific Council with respect to agreements initiated under paragraph (1)(B), that such an agreement will adversely affect the fishing activities of the indigenous people of such Pacific Insular Area;

(E) shall be valid for a period not to exceed three years and shall only become effective according to the procedures in section 203; and

(F) shall require the foreign nation and its fishing vessels to comply with the requirements of paragraphs (1), (2), (3) and (4)(A) of section 201(c), section 201(d), and section 201(h).

(3) PERMITS FOR FOREIGN FISHING.—

(A) Application for permits for foreign fishing authorized under a Pacific Insular Areas fishing agreement shall be made, considered and approved or disapproved in accordance with paragraphs (3), (4), (5), (6), (7) (A) and (B), (8), and (9) of subsection (b), and shall include any conditions and restrictions established by the Secretary in consultation with the Secretary of State, the Secretary of the department in which the Coast Guard is operating, the Governor of the applicable Pacific Insular Area, and the appropriate Council.

(B) If a foreign nation notifies the Secretary of State of its acceptance of the requirements of this paragraph, paragraph (2)(F), and paragraph (5), including any conditions and restrictions established under subparagraph (A), the Secretary of State shall promptly transmit such notification to the Secretary. Upon receipt of any payment required under a Pacific Insular Area fishing agreement, the Secretary shall thereupon issue to such foreign nation, through the Secretary of State, permits for the appropriate fishing vessels of that nation. Each permit shall contain a statement of all of the requirements, conditions, and restrictions established under this subsection which apply to the fishing vessel for which the permit is issued.

(4) MARINE CONSERVATION PLANS.—

(A) Prior to entering into a Pacific Insular Area fishery agreement, the Western Pacific Council and the appropriate Governor shall develop a 3-year marine conservation plan detailing uses for funds to be collected by the Secretary pursuant to such agreement. Such plan shall be consistent with any applicable fishery management plan, identify conservation and management objectives (including criteria for determining when such objectives have been met), and prioritize planned marine conservation projects. Conservation and management objectives shall include, but not be limited to—

(i) establishment of Pacific Insular Area observer programs, approved by the Secretary in consultation with the Western Pacific Council, that provide observer coverage for foreign fishing under Pacific Insular Area fishery agreements that is at least equal in effectiveness to the program established by the Secretary under section 201(h);

(ii) conduct of marine and fisheries research, including development of systems for information collection, analysis, evaluation, and reporting;

(iii) conservation, education, and enforcement activities related to marine and coastal management, such as living marine resource assessments, habitat monitoring and coastal studies;

(iv) grants to the University of Hawaii for technical assistance projects by the Pacific Island Network, such as education and training in the development and implementation of sustainable marine resources development projects, scientific research, and conservation strategies; and

(v) western Pacific community-based demonstration projects under section 112(b) of the Sustainable Fisheries Act and other coastal improvement projects to foster and promote the management, conservation, and economic enhancement of the Pacific Insular Areas.

(B) In the case of American Samoa, Guam, and the Northern Mariana Islands, the appropriate Governor, with the concurrence of the Western Pacific Council, shall develop the marine conservation plan described in subparagraph (A) and submit such plan to the Secretary for approval. In the case of other Pacific Insular Areas, the Western Pacific Council shall develop and submit the marine conservation plan described in subparagraph (A) to the Secretary for approval.

(C) If a Governor or the Western Pacific Council intends to request that the Secretary of State renew a Pacific Insular Area fishery agreement, a subsequent 3-year plan shall be submitted to the Secretary for approval by the end of the second year of the existing 3-year plan.

(5) RECIPROCAL CONDITIONS.—Except as expressly provided otherwise in this subsection, a Pacific Insular Area fishing agreement may include terms similar to the terms applicable to United States fishing vessels for access to similar fisheries in waters subject to the fisheries jurisdiction of another nation.

(6) USE OF PAYMENTS BY AMERICAN SAMOA, GUAM, NORTHERN MARIANA ISLANDS.—Any payments received by the Secretary under a Pacific Insular Area fishery agreement for American Samoa, Guam, or the Northern Mariana Islands shall be deposited into the United States Treasury and then covered over to the Treasury of the Pacific Insular Area for which those funds were collected. Amounts deposited in the Treasury of a Pacific Insular Area shall be available, without appropriation or fiscal year limitation, to the Governor of the Pacific Insular Area—

(A) to carry out the purposes of this subsection;

(B) to compensate (i) the Western Pacific Council for mutually agreed upon administrative costs incurred relating to any Pacific Insular Area fishery agreement for such Pacific Insular Area, and (ii) the Secretary of State for mutually agreed upon travel expenses for no more than 2 Federal representatives incurred as a direct result of complying with paragraph (1)(A); and

(C) to implement a marine conservation plan developed and approved under paragraph (4).

(7) WESTERN PACIFIC SUSTAINABLE FISHERIES FUND.—There is established in the United States Treasury a Western Pacific Sustainable Fisheries Fund into which any payments received by the Secretary under a Pacific Insular Area fishery agreement for any Pacific Insular Area other than American Samoa, Guam, or the Northern Mariana Islands shall be deposited. The Western Pacific Sustainable Fisheries Fund shall be made available, without appropriation or fiscal year limitation, to the Secretary, who shall provide such funds only to—

(A) the Western Pacific Council for the purpose of carrying out the provisions of this subsection, including implementation of a marine conservation plan approved under paragraph (4);

(B) the Secretary of State for mutually agreed upon travel expenses for no more than 2 Federal representatives incurred as a direct result of complying with paragraph (1)(B); and

(C) the Western Pacific Council to meet conservation and management objectives in the State of Hawaii if monies remain in the Western Pacific Sustainable Fisheries Fund after the funding requirements of subparagraphs (A) and (B) have been satisfied.

Amounts deposited in such fund shall not diminish funding received by the Western Pacific Council for the purpose of carrying out other responsibilities under this Act.

(8) USE OF FINES AND PENALTIES.—In the case of violations occurring within the exclusive economic zone off American Samoa, Guam, or the Northern Mariana Islands, amounts received by the Secretary which are attributable to fines or penalties imposed under this Act, including such sums collected from the forfeiture and disposition or sale of property seized subject to its authority, after payment of direct costs of the enforcement action to all entities involved in such action, shall be deposited into the Treasury of the Pacific Insular Area adjacent to the exclusive economic zone in which the violation occurred, to be used for fisheries enforcement and for implementation of a marine conservation plan under paragraph (4).

SEC. 205.¹³² IMPORT PROHIBITIONS.

(a) DETERMINATIONS BY SECRETARY OF STATE.—If the Secretary of State determines that—

(1) he has been unable, within a reasonable period of time, to conclude with any foreign nation an international fishery agreement allowing fishing vessels of the United States equitable access to fisheries over which that nation asserts exclusive fishery management authority, including fisheries of the tuna species¹³³ as recognized by the United States, in accordance with¹³³ fishing activities of such vessels, if any, and

under terms not more restrictive than those established under sections 201 (c) and (d) and 204(b) (7) and (10), because such nation has (A) refused to commence negotiations, or (B) failed to negotiate in good faith;

(2) any foreign nation is not allowing fishing vessels of the United States to engage in fishing for tuna¹³³ species in accordance with an applicable international fishery agreement, whether or not such nation is a party thereto;

(3) any foreign nation is not complying with its obligations under any existing international fishery agreement concerning fishing by fishing vessels of the United States in any fishery over which that nation asserts exclusive fishery management authority; or

(4) any fishing vessel of the United States, while fishing in waters beyond any foreign nation's territorial sea, to the extent that such sea is recognized by the United States, is seized by any foreign nation—

(A) in violation of an applicable international fishery agreement;

(B) without authorization under an agreement between the United States and such nation; or

(C) as a consequence of a claim of jurisdiction which is not recognized by the United States;

he shall certify such determination to the Secretary of the Treasury.

(b) PROHIBITIONS.—Upon receipt of any certification from the Secretary of State under subsection (a), the Secretary of the Treasury shall immediately take such action as may be necessary and appropriate to prohibit the importation into the United States—

(1) of all fish and fish products from the fishery involved, if any; and

(2) upon recommendation of the Secretary of State, such other fish or fish products, from any fishery of the foreign nation concerned, which the Secretary of State finds to be appropriated to carry out the purposes of this section.

(c) REMOVAL OF PROHIBITION.—If the Secretary of State finds that the reasons for the imposition of any import prohibition under this section no longer prevail, the Secretary of State shall notify the Secretary of the Treasury, who shall promptly remove such import prohibition.

(d) DEFINITIONS.—As used in this section—

(1) The term “fish” includes any highly migratory species.

(2) The term “fish products” means any article which is produced from or composed for (in which or in part) any fish.

SEC. 206.¹³⁴ LARGE-SCALE DRIFTNET FISHING.

(a) SHORT TITLE.—This section incorporates and expands upon provisions of the Driftnet Impact Monitoring, Assessment, and Control Act of 1987 and may be cited as the “Driftnet Act Amendments of 1990”.

¹⁰⁵(b) further struck out “traditional”, that previously followed “in accordance with”, struck out “highly migratory” in para. (2) and inserted in lieu thereof “tuna”.

¹³⁴ 16 U.S.C. 1826. Public Law 95-6 (91 Stat. 14) added sec. 206. Sec. 107(a) of the Fishery Conservation Amendments of 1990 (Public Law 101-627; 104 Stat. 4441) amended and restated sec. 206.

(b) FINDINGS.—The Congress finds that—

(1) the continued widespread use of large-scale driftnets beyond the exclusive economic zone of any nation is a destructive fishing practice that poses a threat to living marine resources of the world's oceans, including but not limited to the North and South Pacific Ocean, and the Bering Sea;

(2) the use of large-scale driftnets is expanding into new regions of the world's oceans, including the Atlantic Ocean and Caribbean Sea;

(3) there is a pressing need for detailed and reliable information on the number of seabirds, sea turtles, nontarget fish, and marine mammals that become entangled and die in actively fished large-scale driftnets and in large-scale driftnets that are lost, abandoned, or discarded;

(4) increased efforts, including reliable observer data and enforcement mechanisms, are needed to monitor, assess, control, and reduce the adverse impact of large-scale driftnet fishing on living marine resources;

(5) the nations of the world have agreed in the United Nations, through General Assembly Resolution Numbered 44-225, approved December 22, 1989, by the General Assembly, that a moratorium should be imposed by June 30, 1992, on the use of large-scale driftnets beyond the exclusive economic zone of any nation;

(6) the nations of the south Pacific have agreed to a moratorium on the use of large-scale driftnets in the South Pacific through the Convention for the Prohibition of Fishing with Long Driftnets in the South Pacific, which was agreed to in Wellington, New Zealand, on November 29, 1989; and

(7) increasing population pressures and new knowledge of the importance of living marine resources to the health of the global ecosystem demand that greater responsibility be exercised by persons fishing or developing new fisheries beyond the exclusive economic zone of any nation.

(c) POLICY.—It is declared to be the policy of the Congress in this section that the United States should—

(1) implement the moratorium called for by the United Nations General Assembly in Resolution Numbered 44-225;

(2) support the Tarawa Declaration and the Wellington Convention for the Prohibition of Fishing with Long Driftnets in the South Pacific; and

(3) secure a permanent ban on the use of destructive fishing practices, and in particular large-scale driftnets, by persons or vessels fishing beyond the exclusive economic zone of any nation.

(d) INTERNATIONAL AGREEMENTS.—The Secretary, through the Secretary of State and the Secretary of the department in which the Coast Guard is operating, shall seek to secure international agreements to implement immediately the findings, policy, and provisions of this section, and in particular an international ban on large-scale driftnet fishing. The Secretary, through the Secretary of

See also the High Seas Driftnet Fisheries Enforcement Act (Public Law 102-582; 106 Stat. 4900 *et seq.*).

State, shall include, in any agreement which addresses the taking of living marine resources of the United States, provisions to ensure that—

(1) each large-scale driftnet fishing vessel of a foreign nation that is party to the agreement, including vessels that may operate independently to develop new fishing areas, which operate beyond the exclusive economic zone of any nation, is included in such agreement;

(2) each large-scale driftnet fishing vessel of a foreign nation that is party to the agreement, which operates beyond the exclusive economic zone of any nation, is equipped with satellite transmitters which provide real-time position information accessible to the United States;

(3) statistically reliable monitoring by the United States is carried out, through the use of on-board observers or through dedicated platforms provided by foreign nations that are parties to the agreement, of all target and nontarget fish species, marine mammals, sea turtles, and sea birds entangled or killed by large-scale driftnets used by fishing vessels of foreign nations that are parties to the agreement;

(4) officials of the United States have the right to board and inspect for violations of the agreement any large-scale driftnet fishing vessels operating under the flag of a foreign nation that is party to the agreement at any time while such vessel is operating in designated areas beyond the exclusive economic zone of any nation;

(5) all catch landed or transshipped at sea by large-scale driftnet fishing vessels of a foreign nation that is a party to the agreement, and which are operated beyond the exclusive economic zone of any nation, is reliably monitored and documented;

(6) time and area restrictions are imposed on the use of large-scale driftnets in order to prevent interception of anadromous species;

(7) all large-scale driftnets used are constructed, insofar as feasible, with biodegradable materials which break into segments that do not represent a threat to living marine resources;

(8) all large-scale driftnets are marked at appropriate intervals in a manner that conclusively identifies the vessel and flag nation responsible for each such driftnet;

(9) the taking of nontarget fish species, marine mammals, sea turtles, seabirds, and endangered species or other species protected by international agreements to which the United States is a party is minimized and does not pose a threat to existing fisheries or the long-term health of living marine resources; and

(10) definitive steps are agreed upon to ensure that parties to the agreement comply with the spirit of other international agreements and resolutions concerning the use of large-scale driftnets beyond the exclusive economic zone of any nation.

(e)¹³⁵ REPORT.—Not later than January 1, 1991, and every year thereafter until the purposes of this section are met, the Secretary, after consultation with the Secretary of State and the Secretary of the department in which the Coast Guard is operating, shall submit to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Merchant Marine and Fisheries¹³⁶ of the House of Representatives a report—

(1) describing the steps taken to carry out the provisions of this section, particularly subsection (c);

(2) evaluating the progress of those efforts, the impacts on living marine resources, including available observer data, and specifying plans for further action;

(3)¹³⁵ containing a list and description of any new fisheries developed by nations that conduct, or authorize their nationals to conduct, large-scale driftnet fishing beyond the exclusive economic zone of any nation; and

(4)¹³⁵ containing a list of the nations that conduct, or authorize their nationals to conduct, large-scale driftnet fishing beyond the exclusive economic zone of any nation in a manner that diminishes the effectiveness of or is inconsistent with any international agreement governing large-scale driftnet fishing to which the United States is a party or otherwise subscribes.

(f) CERTIFICATION.—If at any time the Secretary, in consultation with the Secretary of State and the Secretary of the department in which the Coast Guard is operating, identifies any nation that warrants inclusion in the list described under subsection (e)(4),¹³⁷ the Secretary shall certify that fact to the President. Such certification shall be deemed to be a certification for the purposes of section 8(a) of the Fishermen's Protective Act of 1967 (22 U.S.C. 1978(a)).

(g) EFFECT ON SOVEREIGN RIGHTS.—This section shall not serve or be construed to expand or diminish the sovereign rights of the United States, as stated by Presidential Proclamation Numbered

¹³⁵Sec. 105(f)(1) of the Sustainable Fisheries Act (Public Law 104-297; 110 Stat. 3569) struck out paras. (3) and (4) of subsec. (e), and redesignated paras. (5) and (6) as paras. (3) and (4). Former paras. (3) and (4) read as follows:

“(3) identifying and evaluating the effectiveness of unilateral measures and multilateral measures, including sanctions, that are available to encourage nations to agree to and comply with this section, and recommendations for legislation to authorize any additional measures that are needed if those are considered ineffective;

“(4) identifying, evaluating, and making any recommendations considered necessary to improve the effectiveness of the law, policy, and procedures governing enforcement of the exclusive management authority of the United States over anadromous species against fishing vessels engaged in fishing beyond the exclusive economic zone of any nation.”.

¹³⁶Sec. 1(b)(3) of Public Law 104-14 (109 Stat. 187) provided that references to the Committee on Merchant Marine and Fisheries of the House of Representatives shall be treated as referring to—

(B) the Committee on National Security, in the case of a provision of law relating to inter-oceanic canals, the Merchant Marine Academy and State Maritime Academies, or national security aspects of merchant marine;

(C) the Committee on Resources, in the case of a provision of law relating to fisheries, wildlife, international fishing agreements, marine affairs (including coastal zone management) except for measures relating to oil and other pollution of navigable waters, or oceanography;

(D) the Committee on Science, in the case of a provision of law relating to marine research; and

(E) the Committee on Transportation, in the case of a provision of law relating to a matter other than a matter described in any of subparagraphs (A) through (D).

b. Marine Turtle Conservation Act of 2004

Public Law 108–266 [H.R. 3378], 118 Stat. 791, approved July 2, 2004

AN ACT To assist in the conservation of marine turtles and the nesting habitats of marine turtles in foreign countries.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1.¹ SHORT TITLE.

This Act may be cited as the “Marine Turtle Conservation Act of 2004”.

SEC. 2.² FINDINGS AND PURPOSES.

(a) FINDINGS.—The Congress finds that—

(1) marine turtle populations have declined to the point that the long-term survival of the loggerhead, green, hawksbill, Kemp’s ridley, olive ridley, and leatherback turtle in the wild is in serious jeopardy;

(2) 6 of the 7 recognized species of marine turtles are listed as threatened or endangered species under the Endangered Species Act of 1973 (16 U.S.C. 1531 et seq.), and all 7 species have been included in Appendix I of CITES;

(3) because marine turtles are long-lived, late-maturing, and highly migratory, marine turtles are particularly vulnerable to the impacts of human exploitation and habitat loss;

(4) illegal international trade seriously threatens wild populations of some marine turtle species, particularly the hawksbill turtle;

(5) the challenges facing marine turtles are immense, and the resources available have not been sufficient to cope with the continued loss of nesting habitats caused by human activities and the consequent diminution of marine turtle populations;

(6) because marine turtles are flagship species for the ecosystems in which marine turtles are found, sustaining healthy populations of marine turtles provides benefits to many other species of wildlife, including many other threatened or endangered species;

(7) marine turtles are important components of the ecosystems that they inhabit, and studies of wild populations of marine turtles have provided important biological insights;

(8) changes in marine turtle populations are most reliably indicated by changes in the numbers of nests and nesting females; and

¹ 16 U.S.C. 6601 note.

² 16 U.S.C. 6601.

(9) the reduction, removal, or other effective addressing of the threats to the long-term viability of populations of marine turtles will require the joint commitment and effort of—

(A) countries that have within their boundaries marine turtle nesting habitats; and

(B) persons with expertise in the conservation of marine turtles.

(b) **PURPOSE.**—The purpose of this Act is to assist in the conservation of marine turtles and the nesting habitats of marine turtles in foreign countries by supporting and providing financial resources for projects to conserve the nesting habitats, conserve marine turtles in those habitats, and address other threats to the survival of marine turtles.

SEC. 3.³ DEFINITIONS.

(C) assistance in the development, implementation, and improvement of national and regional management plans for nesting habitat ranges;

(D) enforcement and implementation of CITES and laws of foreign countries to—

(i) protect and manage nesting populations and nesting habitats; and

AN ACT To establish an interim procedure for the orderly development of hard mineral resources in the deep seabed, pending adoption of an international regime relating thereto, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1.¹ SHORT TITLE.

This Act may be cited as the “Deep Seabed Hard Mineral Resources Act”.

SEC. 2.² FINDINGS AND PURPOSES.

(a) FINDINGS.—The Congress finds that—

(1) the United States’ requirements for hard minerals to satisfy national industrial needs will continue to expand and the demand for such minerals will increasingly exceed the available domestic sources of supply;

(2) in the case of certain hard minerals, the United States is dependent upon foreign sources of supply and the acquisition of such minerals from foreign sources is a significant factor in the national balance-of-payments position;

(3) the present and future national interest of the United States requires the availability of hard mineral resources which is independent of the export policies of foreign nations;

(4) there is an alternate source of supply, which is significant in relation to national needs, of certain hard minerals, including nickel, copper, cobalt, and manganese, contained in the nodules existing in great abundance on the deep seabed;

(5) the nations of the world, including the United States, will benefit if the hard mineral resources of the deep seabed beyond limits of national jurisdiction can be developed and made available for their use;

(6) in particular, future access to the nickel, copper, cobalt, and manganese resources of the deep seabed will be important to the industrial needs of the nations of the world, both developed and developing;

¹30 U.S.C. 1401 note.

²30 U.S.C. 1401.

(7) on December 17, 1970, the United States supported (by affirmative vote) the United Nations General Assembly Resolution 2749 (XXV) declaring inter alia the principle that the mineral resources of the deep seabed are the common heritage of mankind, with the expectation that this principle would be legally defined under the terms of a comprehensive international Law of the Sea Treaty yet to be agreed upon;

(8) it is in the national interest of the United States and other nations to encourage a widely acceptable Law of the Sea Treaty, which will provide a new legal order for the oceans covering a broad range of ocean interests, including exploration for and commercial recovery of hard mineral resources of the deep seabed;

(9) the negotiations to conclude such a Treaty and establish the international regime governing the exercise of rights over, and exploration of, the resources of the deep seabed, referred to in General Assembly Resolution 2749 (XXV) are in progress but may not be concluded in the near future;

(10) even if such negotiations are completed promptly, much time will elapse before such an international regime is established and in operation;

(11) development of technology required for the exploration and recovery of hard mineral resources of the deep seabed will require substantial investment for many years before commercial production can occur, and must proceed at this time if deep seabed minerals are to be available when needed;

(12) it is the legal opinion of the United States that exploration for and commercial recovery of hard mineral resources of the deep seabed are freedoms of the high seas subject to a duty of reasonable regard to the interests of other states in their exercise of those and other freedoms recognized by general principles of international law;

(13) pending a Law of the Sea Treaty, and in the absence of agreement among states on applicable principles of international law, the uncertainty among potential investors as to the future legal regime is likely to discourage or prevent the investments necessary to develop deep seabed mining technology;

(14) pending a Law of the Sea Treaty, the protection of the marine environment from damage caused by exploration or recovery of hard mineral resources of the deep seabed depends upon the enactment of suitable interim national legislation;

(15) a Law of the Sea Treaty is likely to establish financial arrangements which obligate the United States or United States citizens to make payments to an international organization with respect to exploration or recovery of the hard mineral resources of the deep seabed; and

(16) legislation is required to establish an interim legal regime under which technology can be developed and the exploration and recovery of the hard mineral resources of the deep seabed can take place until such time as a Law of the Sea Treaty enters into force with respect to the United States.

(b) PURPOSES.—The Congress declares that the purposes of this Act are—

(1) to encourage the successful conclusion of a comprehensive Law of the Sea Treaty, which will give legal definition to the principle that the hard mineral resources of the deep seabed are the common heritage of mankind and which will assure, among other things, nondiscriminatory access to such resources for all nations;

(2) pending the ratification by, and entering into force with respect to, the United States of such a Treaty, to provide for the establishment of an international revenue-sharing fund the proceeds of which shall be used for sharing the international community pursuant to such Treaty;

(3) to establish, pending the ratification by, and entering into force with respect to, the United States of such a Treaty, an interim program to regulate the exploration for the commercial recovery of hard mineral resources of the deep seabed by United States citizens;

(4) to accelerate the program of environmental assessment of exploration for and commercial recovery of hard mineral resources of the deep seabed and assure that such exploration and recovery activities are conducted in a manner which will encourage the conservation of such resources, protect the quality of the environment, and promote the safety of life and property at sea; and

(5) to encourage the continued development of technology necessary to recover the hard mineral resources of the deep seabed.

SEC. 3.³ INTERNATIONAL OBJECTIVES OF THIS ACT.

(a) **DISCLAIMER OF EXTRATERRITORIAL SOVEREIGNTY.**—By the enactment of this Act, the United States—

(1) exercises its jurisdiction over United States citizens and vessels, and foreign persons and vessels otherwise subject to its jurisdiction, in the exercise of the high seas freedom to engage in exploration for, and commercial recovery of, hard mineral resources of the deep seabed in accordance with generally accepted principles of international law recognized by the United States; but

(2) does not thereby assert sovereignty of sovereign or exclusive rights or jurisdiction over, or the ownership of, any areas or resources in the deep seabed.

(b) **SECRETARY OF STATE.**—(1) The Secretary of State is encouraged to negotiate successfully a comprehensive Law of the Sea Treaty which, among other things, provides assured and nondiscriminatory access to the hard mineral resources of the deep seabed for all nations, gives legal definition to the principle that the resources of the deep seabed are the common heritage of mankind, and provides for the establishment of requirements for the protection of the quality of the environment as stringent as those promulgated pursuant to this Act.

(2) Until such a Treaty is concluded, the Secretary of State is encouraged to promote any international actions necessary to adequately protect the environment from adverse impacts which may result from any exploration for and commercial recovery of hard

TITLE I—REGULATION OF EXPLORATION AND COMMERCIAL RECOVERY BY UNITED STATES CITIZENS

SEC. 101.⁵ PROHIBITED ACTIVITIES BY UNITED STATES CITIZENS.

(a) PROHIBITED ACTIVITIES AND EXCEPTIONS.—(1) No United States citizen may engage in any exploration or commercial recovery unless authorized to do so under—

(A) a license or a permit issued under this title;

(B) a license, permit, or equivalent authorization issued by a reciprocating state; or

(C) an international agreement which is in force with respect to the United States.

(2) The prohibitions of this subsection shall not apply to any of the following activities:

⁵ 30 U.S.C. 1411.

(A) Scientific research, including that concerning hard mineral resources.

(B) Mapping, or the taking of any geophysical, geochemical, oceanographic, or atmospheric measurements or random bottom samplings of the deep seabed, if such taking does not significantly alter the surface or subsurface of the deep seabed or significantly affect the environment.

(C) The design, construction, or testing of equipment and facilities which will or may be used for exploration or commercial recovery, if such design, construction, or testing is conducted on shore, or does not involve the recovery of any incidental hard mineral resources.

(D) The furnishing of machinery, products, supplies, services, or materials for any exploration or commercial recovery conducted under a license or permit issued under this title, a license or permit or equivalent authorization issued by a reciprocating state, or under an international agreement.

(E) Activities, other than exploration or commercial recovery activities, of the Federal Government.

(b) EXISTING EXPLORATION.—(1) Subsection (a)(1)(A) shall not be deemed to prohibit any United States citizen who is engaged in exploration before the effective date of this Act from continuing to engage in such exploration—

(A) if such citizen applies for a license under section 103(a) with respect to such exploration within such reasonable period of time, after the date on which initial regulations to implement section 103(a) are issued, as the Administrator shall prescribe; and

(B) until such license is issued to such citizen or a final administrative or judicial determination is made affirming the denial of certification of the application for, or issuance of, such license.

(2) Notwithstanding paragraph (1), if the President by Executive order determines that immediate suspension of exploration activities is necessary for the reasons set forth in section 106(a)(2)(B) or the Administrator determines that immediate suspension of activities is necessary to prevent a significant adverse effect on the environment or to preserve the safety of life and property at sea, the Administrator is authorized, notwithstanding any other requirement of this Act, to issue an emergency order requiring any United States citizen who is engaged in exploration before the effective date of this Act to immediately suspend exploration activities. The issuance of such emergency order is subject to judicial review as provided in chapter 7 of title 5, United States Code.

(3) The timely filing of any application for a license under paragraph (1)(A) shall entitle the applicant to priority of right for the issuance of such license under section 103(b). In any case in which more than one application referred to in paragraph (1) is filed based on exploration plans required by section 103(a)(2) which refer to all or part of the same deep seabed area, the Administrator shall, in taking action on such applications, apply principles of equity which take into consideration, among other things, the date on

which the applicants or predecessors in interest, or component organizations thereof, commenced exploration activities and the continuity and extent of such exploration and amount of funds expended with respect to such exploration.

(c) INTERFERENCE.—No United States citizen may interfere or participate in interference with any activity conducted by any licensee or permittee which is authorized to be undertaken under a license or permit issued by the United States to the licensee or permittee under this Act or with any activity conducted by the holder of, and authorized to be undertaken under, a license or permit or equivalent authorization issued by a reciprocating state for the exploration or commercial recovery of hard mineral resources. United States citizens shall exercise their rights on the high seas with reasonable regard for the interests of other states in their exercise of the freedoms of the high seas.

SEC. 102.⁶ LICENSES FOR EXPLORATION AND PERMITS FOR COMMERCIAL RECOVERY.

(a) AUTHORITY TO ISSUE.—Subject to the provisions of this Act, the Administrator shall issue to applicants who are eligible therefor licenses for exploration and permits for commercial recovery.

(b) NATURE OF LICENSES AND PERMITS.—(1) A license or permit issued under this title shall authorize the holder thereof to engage in exploration or commercial recovery, as the case may be, consistent with the provisions of this Act, the regulations issued by the Administrator to implement the provisions of this Act, and the specific terms, conditions, and restrictions applied to the license or permit by the Administrator.

(2) Any license or permit issued under this title shall be exclusive with respect to the holder thereof as against any other United States legal entity organized or existing under the laws of, any reciprocating state.

(3) A valid existing license shall entitle the holder, if otherwise eligible under the provisions of this Act and regulations issued under this Act, to a permit for commercial recovery. Such a permit recognizes the right of the holder to recover hard mineral resources, and to own, transport, use, and sell hard mineral resources recovered, under the permit and in accordance with the requirements of this Act.

(4) In the event of interference with the exploration or commercial recovery activities of a licensee or permittee by nationals of other states, the Secretary of State shall use all peaceful means to resolve the controversy by negotiation, conciliation, arbitration, or resort to agreed tribunals.

(c) RESTRICTIONS.—(1) The Administrator may not issue—

(A) any license or permit after the date on which an international agreement is ratified by and enters into force with respect to the United States, except to the extent that issuance of such license or permit is not inconsistent with such agreement;

(B) any license or permit the exploration plan or recovery plan of which, submitted pursuant to section 103(a)(2), would apply to an area to which applies, or would conflict with, (i)

⁶ 30 U.S.C. 1412.

any exploration plan or recovery plan submitted with any pending application to which priority of right for issuance applies under section 103(b), (ii) any exploration plan or recovery plan associated with any existing license or permit, or (iii) any equivalent authorization which has been issued, or for which formal notice of application has been submitted, by a reciprocating state prior to the filing date of any relevant application for licenses or permits pursuant to this title;

(C) a permit authorizing commercial recovery within any area of the deep seabed in which exploration is authorized under a valid existing license if such permit is issued to other than the licensee for such area;

(D) any exploration license before July 1, 1981, or any permit which authorizes commercial recovery to commence before January 1, 1983;

(E) any license or permit the exploration plan or recovery plan for which applies to any area of the deep seabed if, within the 3-year period before the date of application for such license or permit, (i) the applicant therefor surrendered or relinquished such area under an exploration plan or recovery plan associated with a previous license or permit issued to such applicant, or (ii) a license or permit previously issued to the applicant had an exploration plan or recovery plan which applied to such area and such license or permit was revoked under section 106; or

(F) a license or permit, or approve the transfer of a license or permit, except to a United States citizen.

(2) No permittee may use any vessel for the commercial recovery of hard mineral resources or for the processing at sea at hard mineral resources recovered under the permit issued to the permittee unless the vessel is documented under the laws of the United States.

(3) Each permittee shall use at least one vessel documented under the laws of the United States for the transportation from each mining site of hard mineral resources recovered under the permit issued to the permittee.

(4) For purposes of the shipping laws of the United States, any vessel documented under the laws of the United States and used in the commercial recovery, processing, or transportation from any mining site of hard mineral resources recovered under a permit issued under this title shall be deemed to be used in, and used in an essential service in, the foreign commerce of foreign trade of the United States, as defined in section 905(a) of the Merchant Marine Act, 1936, and shall be deemed to be a vessel as defined in section 1101(b) of that Act.

(5) Except as otherwise provided in this paragraph, the processing on land of hard mineral resources recovered pursuant to a permit shall be conducted within the United States; *Provided*, That the President does not determine that such restrictions contravene the overriding national interests of the United States. The Administrator may allow the processing of hard mineral resources at a place other than within the United States if he finds, after opportunity for an agency hearing, that—

(A) the processing of the quantity concerned of such resource at a place other than within the United States is necessary for the economic viability of the commercial recovery activities of a permittee; and

(B) satisfactory assurances have been given by the permittee that such resource, after processing, to the extent of the permittee's ownership therein, will be returned to the United States for domestic use, if the Administrator so requires after determining that the national interest necessitates such return.

SEC. 103.⁷ LICENSE AND PERMIT APPLICATIONS, REVIEW, AND CERTIFICATION.

(a) APPLICATIONS.—(1) Any United States citizen may apply to the Administrator for the issuance of transfer of a license for exploration or a permit for commercial recovery.

(2)(A) Applications for issuance or transfer of license for exploration and permits for commercial recovery shall be made in such form and manner as the Administrator shall prescribe in general and uniform regulations and shall contain such relevant financial, technical, and environmental information as the Administrator may by regulations require as being necessary and appropriate for carrying out the provisions of this title. In accordance with such regulations, each applicant for the issuance of a license shall submit an exploration plan as described in subparagraph (B), and each applicant for a permit shall submit a recovery plan as described in subparagraph (C).

(B) The exploration plan for a license shall set forth the activities proposed to be carried out during the period of the license, describe the area to be explored, and include the intended exploration schedule and methods to be used, the development and testing of systems for commercial recovery to take place under the terms of the license, an estimated schedule of expenditures, measures to protect the environment and to monitor the effectiveness of environmental safeguards and monitoring systems for commercial recovery, and such other information as is necessary and appropriate to carry out the provisions of this title. The area set forth in an exploration plan shall be of sufficient size to allow for intensive exploration.

(C) The recovery plan for a permit shall set forth the activities proposed to be carried out during the period of the permit, and shall include the intended schedule of commercial recovery, environmental safeguards and monitoring systems, details of the area or areas proposed for commercial recovery, a resource assessment thereof, the methods and technology to be used for commercial recovery and processing, the methods to be used for disposal of wastes from recovery and processing, and such other information as is necessary and appropriate to carry out the provisions of this title.

(D) The applicant shall select the size and location of the area of the exploration plan or recovery plan, which area shall be approved unless the Administrator finds that—

(i) the area is not a logical mining unit; or

⁷ 30 U.S.C. 1413.

(ii) commercial recovery activities in the proposed location would result in a significant adverse impact on the quality of the environment which cannot be avoided by the imposition of reasonable restrictions.

(E) For purposes of subparagraph (D), “logical mining unit” means—

(i) in the case of a license for exploration, an area of the deep seabed which can be explored under the license in an efficient economical, and orderly manner with due regard for conservation and protection of the environment, taking into consideration the resource data, other relevant physical and environmental characteristics, and the state of the technology of the applicant as set forth in the exploration plan; or

(ii) in the case of a permit, an area of the deep seabed—

(I) in which hard mineral resources can be recovered in sufficient quantities to satisfy the permittee’s estimated production requirements over the initial 20-year term of the permit in an efficient, economical, and orderly manner with due regard for conservation and protection of the environment, taking into consideration the resource data, other relevant physical and environmental characteristics, and the state of the technology of the applicant set out in the recovery plan;

(II) which is not larger than is necessary to satisfy the permittee’s estimated production requirements over the initial 20-year term of the permit; and

(III) in relation to which the permittee’s estimated production requirements are not found by the Administrator to be unreasonable.

(b) PRIORITY OF RIGHT FOR ISSUANCE.—Subject to section 101(b), priority of right for the issuance of licenses to applicants shall be established on the basis of the chronological order in which license applications which are in substantial compliance with the requirements established under subsection (a)(2) of this section are filed with the Administrator. Priority of right shall not be lost in the case of any application filed which is in substantial but not full compliance with such requirements if the applicant thereafter brings the application into conformity with such requirements within such reasonable period of time as the Administrator shall prescribe in regulations.

(c) ELIGIBILITY FOR CERTIFICATION.—Before the Administrator may certify any application for issuance or transfer of a license for exploration or permit for commercial recovery, the Administrator must find in writing, after consultation with other departments and agencies pursuant to subsection (e) of this section, that—

(1) the applicant has demonstrated that, upon issuance or transfer of the license or permit, the applicant will be financially responsible to meet all obligations which may be required of a licensee or permittee to engage in the exploration or commercial recovery proposed in the application;

(2) the applicant has demonstrated that, upon issuance or transfer of the license or permit, the applicant will have the technological capability to engage in such exploration or commercial recovery;

(3) the applicant has satisfactorily fulfilled all obligations under any license or permit previously issued or transferred to the applicant under this Act; and

(4) the proposed exploration plan or recovery plan of the applicant meets the requirements of this Act and the regulations issued under this Act.

(d) ANTITRUST REVIEW.—(1) Whenever the Administrator receives any application for issuance or transfer of a license for exploration or permit for commercial recovery, the Administrator shall transmit promptly a complete copy of such application to the Attorney General of the United States and the Federal Trade Commission.

(2) The Attorney General and the Federal Trade Commission shall conduct such antitrust review of the application as they deem appropriate and shall, if they deem appropriate, advise the Administrator of the likely effects of such issuance or transfer on competition.

(3) The Attorney General and the Federal Trade Commission may make any recommendations they deem advisable to avoid any action upon such application by the Administrator which would create or maintain a situation inconsistent with the antitrust laws. Such recommendations may include, without limitation, the denial of issuance or transfer of the license or permit or issuance or transfer upon such terms and conditions as may be appropriate.

(4) Any advice or recommendation submitted by the Attorney General or the Federal Trade Commission pursuant to this subsection shall be submitted within 90 days after receipt by them of the application. The Administrator shall not issue or transfer the license or permit during that 90-day period, except upon written confirmation by the Attorney General and the Federal Trade Commission that neither intends to submit any further advice or recommendation with respect to the application.

(5) If the Administrator decides to issue or transfer the license or permit with respect to which denial of the issuance or transfer of the license or permit has been recommended by the Attorney General or the Federal Trade Commission, or to issue or transfer the license or permit without imposing those terms and conditions recommended by the Attorney General or the Federal Trade Commission as appropriate to prevent any situation inconsistent with the antitrust laws, the Administrator shall, prior to or upon issuance or transfer of the license or permit, notify the Attorney General and the Federal Trade Commission of the reasons for such decision.

(6) The issuance or transfer of a license or permit under this title shall not be admissible in any way as a defense to any civil or criminal action for violation of the antitrust laws of the United States, nor shall it in any way modify or abridge any private right of action under such laws.

(7) As used in this subsection, the term “antitrust laws” means the Act of July 2, 1890 (commonly known as the Sherman Act; 15 U.S.C. 1-7); sections 73 through 76⁸ of the Act of August 27, 1894

⁸Sec. 14102(c)(2)(E) of Public Law 107-273 (116 Stat. 1921) struck out “77” and inserted in lieu thereof “76”.

(commonly known as the Wilson Tariff Act; 15 U.S.C. 8-11); the Clayton Act (15 U.S.C. 12 *et seq.*); the Act of June 19, 1936 (commonly known as the Robinson-Patman Price Discrimination Act; 15 U.S.C. 13-13b and 21a); and the Federal Trade Commission Act (15 U.S.C. 41 *et seq.*).

(e) OTHER FEDERAL AGENCIES.—The Administrator shall provide by regulation for full consultation and cooperation, prior to certification of an application for the issuance or transfer of any license for exploration or permit for commercial recovery and prior to the issuance or transfer of such a license or permit, with other Federal agencies or departments which have programs or activities within their statutory responsibilities which would be affected by the activities proposed in the application for the issuance or transfer of a license or permit. Not later than 30 days after the date of enactment of this Act, the heads of any Federal departments or agencies having expertise concerning, or jurisdiction over, any aspect of the recovery or processing of hard mineral resources shall transmit to the Administrator written comments as to their expertise or statutory responsibilities pursuant to this Act or any other Federal law. To the extent possible, such agencies shall cooperate to reduce the number of separate actions required to satisfy the statutory responsibilities of these agencies. The Administrator shall transmit to each such agency or department a complete copy of each application and each such agency or department, based on its legal responsibilities and authorities, may, not later than 60 days after receipt of the application, recommend certification of the application, issuance or transfer of the license or permit, or denial of such certification, issuance, or transfer. In any case in which an agency or department recommends such a denial, it shall set forth in detail the manner in which the area of responsibility and shall indicate how the application may be amended, or how terms, conditions, or restrictions might be added to the license or permit, to assure compliance with such law or regulation.

(f) REVIEW PERIOD.—All time periods for the review of an application for issuance or transfer of a license or permit established pursuant to this section shall, to the maximum extent practicable, run concurrently from the date on which the application is received by the Administrator.

(g) APPLICATION CERTIFICATION.—Upon making the applicable determinations and findings required in sections 101, 102, and this section with respect to any applicant for the issuance or transfer of a license or a permit and the exploration or commercial recovery proposed by such applicant, after completion of procedures for receiving the application required by this Act, and upon payment by the applicant of the fee required under section 104, the Administrator shall certify the application for the issuance or transfer of the license or permit. The Administrator, to the maximum extent possible, shall endeavor to complete certification action on the application within 100 days after its submission. If final certification or denial of certification has not occurred within 100 days after submission of the application, the Administrator shall inform the

applicant in writing of the then pending unresolved issues, the Administrator's efforts to resolve them, and an estimate of the time required to do so.

SEC. 104.⁹ LICENSE AND PERMIT FEES.

No application for the issuance or transfer of a license for exploration or permit for commercial recovery shall be certified unless the applicant pays to the Administrator a reasonable administrative fee which shall be deposited into miscellaneous receipts of the Treasury. The amount of the administrative fee imposed by the Administrator on any applicant shall reflect the reasonable administrative costs incurred in reviewing and processing the application.

SEC. 105.¹⁰ LICENSE AND PERMIT TERMS, CONDITIONS, AND RESTRICTIONS; ISSUANCE AND TRANSFER OF LICENSES AND PERMITS.

(a) **ELIGIBILITY FOR ISSUANCE OR TRANSFER OF LICENSE OR PERMIT.**—Before issuing or transferring a license for exploration or permit for commercial recovery, the Administrator must find in writing, after consultation with interested departments and agencies pursuant to section 103(e), and upon considering public comments received with respect to the license or permit, that the exploration or commercial recovery proposed in the application—

(1) will not unreasonably interfere with the exercise of the freedoms of the high seas by other states, as recognized under general principles of international law;

(2) will not conflict with any international obligation of the United States established by any treaty or international convention in force with respect to the United States;

(3) will not create a situation which may reasonably be expected to lead to a breach of international peace and security involving armed conflict;

(4) cannot reasonably be expected to result in a significant adverse effect on the quality of the environment, taking into account the analyses and information in any applicable environmental impact statement prepared pursuant to section 109(c) or 109(d); and

(5) will not pose an inordinate threat to the safety of life and property at sea.

(b) **ISSUANCE AND TRANSFER OF LICENSES AND PERMITS WITH TERMS, CONDITIONS, AND RESTRICTIONS.**—(1) Within 180 days after certification of any application for the issuance or transfer of a license or permit under section 103(g), the Administrator shall propose terms and conditions for, and restrictions on, the exploration or commercial recovery proposed in the application which are consistent with the provisions of this Act and regulations issued under this Act. If additional time is needed, the Administrator shall notify the applicant in writing of the reasons for the delay and indicate the approximate date on which the proposed terms, conditions, and restrictions will be completed. The Administrator shall provide to each applicant a written statement of the proposed terms, conditions, and restrictions. Such terms, conditions, and restrictions shall be generally specified in regulations with general criteria and

⁹30 U.S.C. 1414.

¹⁰30 U.S.C. 1415.

standards to be used in establishing such terms, conditions and restrictions for a license or permit and shall be uniform in all licenses or permits, except to the extent that differing physical and environmental conditions require the establishment of special terms, conditions, and restrictions for the conservation of natural resources, protection of the environment, or the safety of life and property at sea.

(2) After preparation and consideration of the final environmental impact statement pursuant to section 109(d) on the proposed issuance of a license or permit and subject to the other provisions of this Act, the Administrator shall issue to the applicant the license or permit with the terms, conditions, and restrictions incorporated therein.

(3) The licensee or permittee to whom a license or permit is issued or transferred shall be deemed to have accepted the terms, conditions, and restrictions in the license or permit if the licensee or permittee does not notify the Administrator within 60 days after receipt of the license or permit of each term, condition, and restriction with which the licensee or permittee takes exception. The licensee or permittee, may, in addition to such objections as may be raised under applicable provisions of law, object to any term, condition, or restriction on the ground that the term, condition, or restriction is inconsistent with the Act or the regulations promulgated thereunder. If, after the Administrator takes final action on these objections, the licensee or permittee demonstrates that a dispute remains on a material issue of fact, the licensee or permittee is entitled to a decision on record after the opportunity for an agency hearing pursuant to sections 556 and 557 of title 5, United States Code. Any such decision made by the Administrator shall be subject to judicial review as provided in chapter 7 of title 5, United States Code.

(c) MODIFICATION AND REVISION OF TERMS, CONDITIONS, AND RESTRICTIONS.—(1) After the issuance or transfer of any license or permit under subsection (b), the Administrator, after consultation with interested agencies and the licensee or permittee, may modify any term, condition, or restriction in such license or point—

(A) to avoid unreasonable interference with the interests of other states in their exercise of the freedoms of the high seas, as recognized under general principles of international law;

(B) if relevant data and other information (including, but not limited to, data resulting from exploration or commercial recovery activities under the license or permit) indicate that modification is required to protect the quality of the environment or to promote the safety of life and property at sea and if such modification is consistent with the regulations issued to carry out section 109(b);

(C) to avoid a conflict with any international obligation of the United States, established by any treaty or convention in force with respect to the United States, as determined in writing by the President; or

(D) to avoid any situation which may reasonably be expected to lead to a breach of international peace in writing by the President.

(2) During the term of a license or a permit, the licensee or permittee may submit to the Administrator an application for a revision of the license or permit or the exploration plan or recovery plan associated with the license or permit. The Administrator shall approve such application upon a finding in writing that the revision will comply with the requirements of this Act and the regulations issued under this Act.

(3) The Administrator shall establish, by regulation, guidelines for a determination of the scale or extent of a proposed modification or revision for which any or all license or permit application requirements and procedures, including a public hearing, shall apply. Any increase in the size of the area, or any change in the location of an area, to which an exploration plan or a recovery plan applies, except an incidental increase or change, must be made by application for another license or permit.

(4) The procedures set forth in subsection (b)(3) of this section shall apply with respect to any modification under this subsection in the same manner, and to the same extent, as if such modification were an initial term, condition, or restriction proposed by the Administrator.

(d) **PRIOR CONSULTATIONS.**—Prior to making a determination to issue, transfer, modify, or renew a license or permit under this section, the Administrator shall consult with any affected Regional Fishery Management Council established pursuant to section 302 of the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1852),¹¹ if the activities undertaken pursuant to such license or permit could adversely affect any fishery within the Fishery Conservation Zone, or any anadromous species or Continental Shelf fishery resource subject to the exclusive management authority of the United States beyond such zone.

SEC. 106.¹² DENIAL OF CERTIFICATION OF APPLICATIONS AND OF ISSUANCE, TRANSFER, SUSPENSION, AND REVOCATION OF LICENSES AND PERMITS; SUSPENSION AND MODIFICATION OF ACTIVITIES.

(a) **DENIAL, SUSPENSION, MODIFICATION, AND REVOCATION.**—(1) The Administration may deny certification of an application for the issuance or transfer of, and may deny the issuance or transfer of, a license for exploration or permit for commercial recovery if the Administrator finds that the applicant, or the activities proposed to be undertaken by the applicant, do not meet the requirements set forth in section 103(c), section 105(a), or in any other provision of this Act, or any regulation issued under this Act, for the issuance or transfer of a license or permit.

(2) The Administrator may—

(A) in addition to, or in lieu of, the imposition of any civil penalty under section 302(a), or in addition to the imposition of any fine under section 303, suspend or revoke any license or permit issued under this Act, or suspend or modify any particular activities under such a license or permit, if the licensee

¹¹Sec. 211(b) of the Department of Commerce and Related Agencies Appropriations Act, 1997 (title II of sec. 101(a) of title I of Public Law 104-208; 101 Stat. 3009), provided that: "Effective 15 days after the enactment of the Sustainable Fisheries Act [enacted October 11, 1996], all references to the Magnuson Fishery Conservation and Management Act shall be redesignated as references to the Magnuson-Stevens Fishery Conservation and Management Act."

¹²30 U.S.C. 1416.

or permittee, as the case may be, substantially fails to comply with any provision of this Act, any regulation issued under this Act, or any term, condition, or restriction of the license or permit; and

(B) suspend or modify particular activities under any license or permit, if the President determines that such suspension or modification is necessary (i) to avoid any conflict with any international obligation of the United States established by any treaty or convention in force with respect to the United States, or (ii) to avoid any situation which may reasonably be expected to lead to a breach of international peace and security involving armed conflict.

(3) No action may be taken by the Administrator to deny issuance or transfer of or to revoke any license or permit or, except as provided in subsection (c), to suspend any license or permit or suspend or modify particular activities under a license or permit, unless the Administrator—

(A) publishes in the Federal Register and gives the applicant, licensee, or permittee, as the case may be, written notice of the intention of the Administrator to deny the issuance or transfer of or to suspend, modify, or revoke the license or permit and the reason therefor; and

(B) if the reason for the proposed denial, suspension, modification, or revocation is a deficiency which the applicant, licensee, or permittee can correct, affords the applicant, licensee, or permittee a reasonable time, but not more than 180 days from the date of the notice or such longer period as the Administrator may establish for good cause shown, to correct such deficiency.

(4) The Administrator shall deny issuance or transfer of, or suspend or revoke, any license or permit or order the suspension or modification of particular activities under a license or permit—

(A) on the thirtieth day after the date of the notice given to the applicant, licensee, or permittee under paragraph (3)(A) unless before such day the applicant, licensee, or permittee requests a review of the proposed denial, suspension, modification, or revocation; or

(B) on the last day of the period established under paragraph (3)(B) in which the applicant, licensee, or permittee must correct a deficiency, if such correction has not been made before such day.

(b) ADMINISTRATIVE REVIEW OF PROPOSED DENIAL, SUSPENSION, MODIFICATION, OR REVOCATION.—Any applicant, licensee, or permittee, as the case may be, who makes a timely request under subsection (a) for review of a denial of issuance or transfer, or a suspension or revocation, or a license for exploration or permit for commercial recovery, or a suspension or modification of particular activities under such a license or permit, is entitled to an adjudication on the record after an opportunity for an agency hearing with respect to such denial or suspension, revocation, or modification.

(c) EFFECT ON ACTIVITIES; EMERGENCY ORDERS.—The issuance of any notice of proposed suspension or revocation of a license for exploration or permit for commercial recovery or proposed suspension

or modification of particular activities under such a license or permit shall not affect the continuation of exploration or commercial recovery activities by the licensee or permittee. The provisions of paragraphs (3) and (4) of subsection (a) and the first sentence of this subsection shall not apply when the President determines by Executive order that an immediate suspension of a license for exploration or permit for commercial recovery, or immediate suspension or modification of particular activities under such a license or permit, is necessary for the reasons set forth in subsection (a)(2)(B), or the Administrator determines that an immediate suspension of such a license or permit, or immediate suspension or modification of particular activities under such a license or permit, is necessary to prevent a significant adverse effect on the environment or to preserve the safety of life and property at sea, and the Administrator issues an emergency order requiring such immediate suspension.

(d) JUDICIAL REVIEW.—Any determination of the Administrator, after any appropriate administrative review under subsection (b), to certify or deny certification of an application for the issuance or transfer of, or to issue, deny issuance of, transfer, deny the transfer of, modify, renew, suspend, or revoke any license for exploration or permit for commercial recovery, or suspend or modify particular activities under such a license or permit, or any immediate suspension of such a license or permit, or immediate suspension or modification of particular activities under such a license or permit, pursuant to subsection (c), is subject to judicial review as provided in chapter 7 of title 5, United States Code.

SEC. 107.¹³ DURATION OF LICENSES AND PERMITS.

(a) DURATION OF A LICENSE.—Each license for exploration shall be issued for a period of 10 years. If the license has substantially complied with the license and the exploration plan associated therewith and has requested extensions of the license, the Administrator shall extend the license on terms, conditions, and restrictions consistent with this Act and the regulations issued under this Act for periods of not more than 5 years each.

(b) DURATION OF A PERMIT.—Each permit for commercial recovery shall be issued for a term of 20 years and for so long thereafter as hard mineral resources are recovered annually in commercial quantities from the area to which the recovery plan associated with the permit applies. The permit of any permittee who is not recovering hard mineral resources in commercial quantities at the end of 10 years shall be terminated; except that the Administrator shall for good cause shown, including force majeure, adverse economic conditions, unavoidable delays in construction, major unanticipated vessel repairs that prevent the permittee from conducting commercial recovery activities during an annual period, or other circumstances beyond the control of the permittee, extend the 10-year period, but not beyond the initial 20-year term of the permit.

¹³30 U.S.C. 1417.

SEC. 108.¹⁴ DILIGENCE REQUIREMENTS.

(a) **IN GENERAL.**—The exploration plan or recovery plan and the terms, conditions, and restrictions of each, license and permit issued under this title shall be designed to assure diligent development. Each licensee shall pursue diligently the activities described in the exploration plan of the licensee, and each permittee shall pursue diligently the activities described in the recovery plan of the permittee.

(b) **EXPENDITURES.**—Each license shall require such periodic reasonable expenditures for exploration by the licensee as the Administrator shall establish, taking into account the size of the area of the deep seabed to which the exploration plan associated with the license applies and the amount of funds which is estimated by the Administrator to be required for commercial recovery of hard mineral resources to begin within the time limit established by the Administrator. Such required expenditures shall not be established at a level which would discourage exploration by persons with less costly technology than is prevalent in use.

(c) **COMMERCIAL RECOVERY.**—Once commercial recovery is achieved, the Administrator shall, within reasonable limits and taking into consideration all relevant factors, require the permittee to maintain commercial recovery throughout the period of the permit; except that the Administrator shall for good cause shown, including force majeure, adverse economic conditions, or other circumstances beyond the control of the permittee, authorize the temporary suspension of commercial recovery activities. The duration of such a suspension shall not exceed one year at any one time, unless the Administrator determines that conditions justify an extension of the suspension.

SEC. 109.¹⁵ PROTECTION OF THE ENVIRONMENT.

(a) **ENVIRONMENT ASSESSMENT.**—(1) **DEEP OCEAN MINING ENVIRONMENTAL STUDY (DOMES).**—The Administrator shall expand and accelerate the program assessing the effects on the environment from exploration and commercial recovery activities, including seabed processing and the disposal at sea of processing wastes, so as to provide an assessment, as accurate as practicable, of environmental impacts of such activities for the implementation of subsections (b), (c), and (d).

(2) **SUPPORTING OCEAN RESEARCH.**—The Administrator also shall conduct a continuing program of ocean research to support environmental assessment activity through the period of exploration and commercial recovery authorized by this Act. The program shall include the development, acceleration, and expansion, as appropriate, of studies of the ecological, and physical aspects of the deep seabed in general areas of the ocean where exploration and commercial development under the authority of this Act are likely to occur, including, but not limited to—

- (A) natural diversity of the deep seabed biota;
- (B) life histories of major benthic, midwater, and surface organism most likely to be affected by commercial recovery activities;

¹⁴30 U.S.C. 1418.

¹⁵30 U.S.C. 1419.

(C) long- and short-term effects of commercial recovery on the deep seabed biota; and

(D) assessment of the effects of seabased processing activities.

Within 160 days after the date of enactment of this Act, the Administrator shall prepare a plan to carry out the program described in this subsection, including necessary funding levels for the next five fiscal years, and shall submit the plan to the Congress.

(b) TERMS, CONDITIONS, AND RESTRICTIONS.—Each license and permit issued under this title shall contain such terms, conditions, and restrictions, established by the Administrator, which prescribe the actions the license or permittee shall take in the conduct of exploration and commercial recovery activities to assure protection of the environment. The Administrator shall require in all activities under new permits, and wherever practicable in activities under existing permits, the use of the best available technologies for the protection of safety, health, and the environment wherever such activities would have a significant effect on safety, health, or the environment, except where the Administrator determines that the incremental benefits are clearly insufficient to justify the incremental costs of using such technologies. Before establishing such terms, conditions, and restrictions, the Administrator shall consult with the Administrator of the Environmental Protection Agency, the Secretary of State, and the Secretary of the department in which the Coast Guard is operating, concerning such terms, conditions, and restrictions, and the Administrator shall take into account and give due consideration to the information contained in each final environmental impact statement prepared with respect to such license or permit pursuant to subsection (d).

(c) PROGRAMMATIC ENVIRONMENTAL IMPACT STATEMENT.—(1) If the Administrator, in consultation with the Administrator of the Environmental Protection Agency and with assistance of other appropriate Federal agencies, determines that a programmatic environmental impact statement is required, the Administrator shall, as soon as practicable after the enactment of this act, with respect to the areas of the oceans in which any United States citizen is expected to undertake exploration and commercial recovery under the authority of this Act—

(A) prepare and publish draft programmatic environmental impact statements which assess the environmental impacts of exploration and commercial recovery in such areas;

(B) afford all interested parties a reasonable time after such dates of publication to submit comments to the Administrator on such draft statements; and

(C) thereafter prepare (giving full consideration to all comments submitted under subparagraph (B)) and publish final programmatic environmental impact statements regarding such areas.

(2) With respect to the area of the oceans in which exploration and commercial recovery by any United States citizen will likely first occur under the authority of this Act, the Administrator shall prepare a draft and final programmatic environmental impact statement as required under paragraph (1), except that—

(A) the draft programmatic environmental impact statement shall be prepared and published as soon as practicable but not later than 270 days (or such longer period as the Administrator may establish for good cause shown) after the date of enactment of this Act; and

(B) the final programmatic environmental impact statement shall be prepared and published within 180 days (or such longer period as the Administrator may establish for good cause shown) after the date on which the draft statement is published.

(d) ENVIRONMENTAL IMPACT STATEMENTS ON ISSUANCE OF LICENSES AND PERMITS.—The issuance of, but not the certification of an application for, any license or permit under this title shall be deemed to be a major Federal action significantly affecting the quality of the human environment for purposes of section 102 of the National Environmental Policy Act of 1969. In preparing an environmental impact statement pursuant to this subsection, the Administrator shall consult with the agency heads referred to in subsection (b) and shall take into account, and give due consideration to, the relevant information contained in any applicable studies and any other environmental impact statement prepared pursuant to this section. Each draft environmental impact statement prepared pursuant to this subsection shall be published, with the terms, conditions, and restrictions proposed pursuant to section 105(d), within 180 days (or such longer period as the Administrator may establish for good cause shown in writing) following the date on which the application for the license or permit concerned is certified by the Administrator. Each final environmental impact statement shall be published 180 days (or such longer period as the Administrator may establish for good cause shown in writing) following the date on which the draft environmental impact statement is published.

(e) EFFECT ON OTHER LAW.—For the purposes of this Act, any vessel or other floating craft engaged in commercial recovery or exploration shall not be deemed to be “a vessel or other floating craft” under section 502(12)(B) of the Clean Water Act and any discharge of a pollutant from such vessel or other floating craft shall be subject to the Clean Water Act.

(f) STABLE REFERENCE AREAS.—

(1) Within one year after the enactment of this Act the Secretary of State shall, in cooperation with the Administrator and as part of the international consultations pursuant to subsection 118(f), negotiate with all nations that are identified in such subsection for the purpose of establishing international stable reference areas in which no mining shall take place: *Provided, however,* That this subsection shall not be construed as requiring any substantial withdrawal of deep seabed areas from deep seabed mining authorized by this Act.

(2) Nothing in this Act shall be construed as authorizing the United States to unilaterally establish such reference area or areas nor shall the United States recognize the unilateral claim to such reference area or areas by any State.

(3) Within four years after the enactment of this Act, the Secretary of State shall submit a report to Congress on the

progress of establishing such stable reference areas, including the designation of appropriate zones to insure a representative and stable biota of the deep seabed.

(4) For purposes of this section “stable reference areas” shall mean an area or areas of the deep seabed to be used as a reference zone or zones for purposes of resource evaluation and environmental assessment of deep seabed mining in which no mining will occur.

SEC. 110.¹⁶ CONSERVATION OF NATURAL RESOURCES.

For the purpose of conservation of natural resources, each license and permit issued under this title shall contain, as needed, terms, conditions, and restrictions which have due regard for the prevention of waste and the future opportunity for the commercial recovery of the unrecovered balance of the hard mineral resources in the area to which the license or permit applies. In establishing these terms, conditions, and restrictions, the Administrator shall consider the state of the technology, the processing system utilized and the value and potential use of any waste, the environmental effects of the exploration or commercial recovery activities, economic and resource data, and the national need for hard mineral resources. As used in this Act, the term “conservation of natural resources” is not intended to grant, imply, or create any inference of production controls or price regulation, in particular those which would affect the volume of production, prices, profits, markets, or the decision of which minerals or metals are to be recovered, except as such efforts may be incidental to actions taken pursuant to this section.

SEC. 111.¹⁷ PREVENTION OF INTERFERENCE WITH OTHER USES OF THE HIGH SEAS.

Each license and permit issued under this title shall include such restrictions as may be necessary and appropriate to ensure that exploration or commercial recovery activities conducted by the licensee or permittee do not unreasonably interfere with the interests of other states in their exercise of the freedoms of the high seas, as recognized under general principles of international law.

SEC. 112.¹⁸ SAFETY OF LIFE AND PROPERTY AT SEA.

(a) **CONDITIONS REGARDING VESSELS.**—The Secretary of the department in which the Coast Guard is operating, in consultation with the Administrator, shall require in any license or permit issued under this title, in conformity with principles of international law, that vessels documented under the laws of the United States and used in activities authorized under the license or permit comply with conditions regarding the design, construction, alteration, repair, equipment, operation, manning, and maintenance relating to vessel and crew safety and the promotion of safety of life and property at sea.

(b) **APPLICABILITY OF OTHER LAWS.**—Notwithstanding any other provision of law, any vessel described in subsection (a) shall be subject to the provisions of the International Voyage Load Line Act of 1973, and to the provisions of titles 52 and 53 of the Revised Statutes and all Acts amendatory thereof or supplementary thereto.

¹⁶ 30 U.S.C. 1420.

¹⁷ 30 U.S.C. 1421.

¹⁸ 30 U.S.C. 1422.

SEC. 113.¹⁹ RECORDS, AUDITS, AND PUBLIC DISCLOSURE.

(a) RECORDS AND AUDITS.—(1) Each licensee and permittee shall keep such records, consistent with standard accounting principles, as the Administrator shall by regulation prescribe. Such records shall include information which will fully disclose expenditures for exploration and commercial recovery, including processing of hard mineral resources, and such other information as will facilitate an effective audit of such expenditures.

SEC. 118.²⁴ RECIPROCATING STATES.

(a) **DESIGNATION.**—The Administrator, in consultation with the Secretary of State and the heads of other appropriate departments and agencies, may designate any foreign nation as a reciprocating state if the Secretary of State finds that such foreign nation—

(1) regulates the conduct of its citizens and other persons subject to its jurisdiction engaged in exploration for, and commercial recovery of, hard mineral resources of the deep seabed in a manner compatible with that provided in this Act and the regulations issued under this act, which includes adequate measures for the protection of the environment, the conservation of natural resources, and the safety of life and property at sea, and includes effective enforcement provisions;

(2) recognizes licenses and permits issued under this title to the extent that such nation, under its laws, (A) prohibits any person from engaging in exploration or commercial recovery which conflicts with that authorized under any such license or permit and (B) complies with the date for issuance of licenses and the effective date for permits provided in section 102(c)(1)(D) of this Act;

(3) recognizes, under its procedures, priorities of right, consistent with those provided in this Act and the regulations issued under this Act, for applications for licenses for exploration or permits for commercial recovery, which applications are made either under its procedures or under this Act; and

(4) provides an interim legal framework for exploration and commercial recovery which does not unreasonably interfere with the interests of other states in their exercise of the freedoms of the high seas, as recognized under general principles of international law.

(b) **EFFECT OF DESIGNATION.**—No license or permit shall be issued under this title permitting any exploration or commercial recovery which will conflict with any license, permit, or equivalent authorization issued by any foreign nation which is designated as a reciprocating state under subsection (a).

(c) **NOTIFICATION.**—Upon receipt of any application for a license or permit under this title, the Administrator shall immediately notify all reciprocating states of such application. The notification shall include those portions of the exploration plan or recovery plan submitted with respect to the application, or a summary thereof, and any other appropriate information not required to be withheld from public disclosure by section 113(c).

designation of a foreign nation as a reciprocating state if the Secretary of State finds that such foreign nation no longer complies with the requirements of subsection (a). At the request of any holder of a license, permit, or equivalent authorization of such foreign nation, who obtained the license, permit, or equivalent authorization while such foreign nation was a reciprocating state, the Administrator, in consultation with the Secretary of State, may decide to recognize the license, permit, or equivalent authorization for purposes of subsection (b).

(e) **AUTHORIZATION.**—The President is authorized to negotiate agreements with foreign nations necessary to implement this section.

(f) **INTERNATIONAL CONSULTATIONS.**—The Administrator, in consultation with the Secretary of State and the heads of other appropriate departments and agencies, shall consult with foreign nations which enact, or are preparing to enact, domestic legislation establishing an interim legal framework for exploration and commercial recovery of hard mineral resources. Such consultations shall be carried out with a view to facilitating the designation of such nations as reciprocating states and, as necessary, the negotiation of agreements with foreign nations authorized by subsection (e). In addition, the Administrator shall provide such foreign nations with information on environmental impacts of exploration and commercial recovery activities, and shall provide any technical assistance requested in designating regulatory measures to protect the environment.

TITLE II—TRANSITION TO INTERNATIONAL AGREEMENT

SEC. 201.²⁵ **DECLARATION OF CONGRESSIONAL INTENT.**

It is the intent of Congress—

(1) that any international agreement to which the United States becomes a party should, in addition to promoting other national oceans objectives—

(A) provide assured and nondiscriminatory access, under reasonable terms and conditions, to the hard mineral resources of the deep seabed for United States citizens, and

(B) provide security of tenure by recognizing the rights of United States citizens who have undertaken exploration or commercial recovery under title I before such agreement enters into force with respect to the United States to continue their operations under terms, conditions, and restrictions which do not impose significant new economic burdens upon such citizens with respect to such operations with the effect of preventing the continuation of such operations on a viable economic basis;

(2) that the extent to which any such international agreement conforms to the provisions of paragraph (1) should be determined by the totality of the provisions of such agreement, including, but not limited to, the practical implications for the security of investments of any discretionary powers granted to

²⁵ 30 U.S.C. 1441.

an international regulatory body, the structures and decision-making procedures of such body, the availability of impartial and effective procedures for the settlement of disputes, and any features that tend to discriminate against exploration and commercial recovery activities undertaken by United States citizens; and

In the implementation of such international agreement the Administrator, in consultation with the Secretary of State, shall make every effort, to the maximum extent practicable consistent with the provisions of that agreement, to provide for the continued operation of exploration and commercial recovery activities undertaken by United States citizens prior to entry into force of the agreement. The Administrator shall submit to the Congress, within one year after the date of such entry into force, a report on the actions taken by the Administrator under this section, which report shall include, but not be limited to—

(1) a description of the status of deep seabed mining operations of United States citizens under the international agreement; and

(2) an assessment of whether United States citizens who were engaged in exploration or commercial recovery on the date such agreement entered into force have been permitted to continue their operations.

SEC. 203.²⁷ PROTECTION OF INTERIM INVESTMENTS.

In order to further the objectives set forth in section 201, the Administrator, not more than one year after the date of enactment of this Act—

(1) shall submit to the Congress proposed legislation necessary for the United States to implement a system for the protection of interim investments that has been adopted as part of an international agreement and any resolution relating to such international agreement; or

(2) if a system for the protection of interim investments has not been so adopted, shall report to the Congress on the status of negotiations relating to the establishment of such a system.

i. Establishment of Exclusive Economic Zone of the United States

Proclamation 5030, March 10, 1983, 48 F.R. 10605¹

Whereas the Government of the United States of America desires to facilitate the wise development and use of the oceans consistent with international law;

Whereas international law recognizes that, in a zone beyond its territory and adjacent to its territorial sea, known as the Exclusive Economic Zone, a coastal State may assert certain sovereign rights over natural resources and related jurisdiction; and

Whereas the establishment of an Exclusive Economic Zone by the United States will advance the development of ocean resources and promote the protection of the marine environment, while not affecting other lawful uses of the zone, including the freedoms of navigation and overflight, by other States;

NOW, THEREFORE, I, RONALD REAGAN, by the authority vested in me as President by the Constitution and laws of the United States of America, do hereby proclaim the sovereign rights and jurisdiction of the United States of America and confirm also the rights and freedoms of all States within an Exclusive Economic Zone, as described herein.

The Exclusive Economic Zone of the United States is a zone contiguous to the territorial sea, including zones contiguous to the territorial sea of the United States, the Commonwealth of Puerto Rico, the Commonwealth of the Northern Mariana Islands (to the extent consistent with the Covenant and the United Nations Trusteeship Agreement), and United States overseas territories and possessions. The Exclusive Economic Zone extends to a distance 200 nautical miles from the baseline from which the breadth of the territorial sea is measured. In cases where the maritime boundary with a neighboring State remains to be determined, the boundary of the Exclusive Economic Zone shall be determined by the United States and other State concerned in accordance with equitable principles.

Within the Exclusive Economic Zone, the United States has, to the extent permitted by international law, (a) sovereign rights for the purpose of exploring, exploiting, conserving and managing natural resources, both living and non-living, of the seabed and subsoil and the superjacent waters and with regard to other activities for the economic exploitation and exploration of the zone, such as the production of energy from the water, currents and winds; and (b) jurisdiction with regard to the establishment and use of artificial islands, and installations and structures having economic purposes, and the protection and preservation of the marine environment.

¹ 16 U.S.C. 1453 note.

This Proclamation does not change existing United States policies concerning the continental shelf, marine mammals and fisheries, including highly migratory species of tuna which are not subject to United States jurisdiction and require international agreements for effective management.

The United States will exercise these sovereign rights and jurisdiction in accordance with the rule of international law.

Without prejudice to the sovereign rights and jurisdiction of the United States, the Exclusive Economic Zone remains an area beyond the territory and territorial sea of the United States in which all States enjoy the high seas freedoms of navigation, overflight, the laying of submarine cables and pipelines, and other internationally lawful uses of the sea.

IN WITNESS WHEREOF, I have hereunto set my hand this tenth day of March, in the year of our Lord nineteen and eighty-three, and of the Independence of the United States of America the two hundred and seventh.

j. Establishment of Territorial Sea of the United States

Proclamation 5928, December 27, 1988, 54 F.R. 777¹

International law recognizes that coastal nations may exercise sovereignty and jurisdiction over their territorial seas.

The territorial sea of the United States is a maritime zone extending beyond the land territory and internal waters of the United States over which the United States exercises sovereignty and jurisdiction, a sovereignty and jurisdiction that extend to the airspace over the territorial sea, as well as to its bed and subsoil.

Extension of the territorial sea by the United States to the limits permitted by international law will advance the national security and other significant interests of the United States.

NOW, THEREFORE, I, RONALD REAGAN, by the authority vested in me as President by the Constitution of the United States of America, and in accordance with international law, do hereby proclaim the extension of the territorial sea of the United States of America, the Commonwealth of Puerto Rico, Guam, American Samoa, the United States Virgin Islands, the Commonwealth of the Northern Mariana Islands, and any other territory or possession over which the United States exercises sovereignty.

The territorial sea of the United States henceforth extends to 12 miles from the baselines of the United States determined in accordance with international law.

In accordance with international law, as reflected in the applicable provisions of the 1982 United Nations Convention on the Law of the Sea, within the territorial sea of the United States, the ships of all countries enjoy the right of innocent passage and the ships and aircraft of all countries enjoy the right of transit passage through international straits.

Nothing in this Proclamation:

(a) extends or otherwise alters existing Federal or State law or any jurisdiction, rights, legal interests, or obligations derived therefrom; or

(b) impairs the determination, in accordance with international law, of any maritime boundary of the United States with a foreign jurisdiction.

IN WITNESS WHEREOF, I have hereunto set my hand this 27th day of December, in the year of our Lord nineteen and eighty-eight, and of the Independence of the United States of America the two hundred and thirteenth.

¹43 U.S.C. 1331 note.

k. Establishment of Contiguous Zone of the United States

Proclamation 7219, September 2, 1999, 64 F.R. 48701 ¹

International law recognizes that coastal nations may establish zones contiguous to their territorial seas, known as contiguous zones.

The contiguous zone of the United States is a zone contiguous to the territorial sea of the United States, in which the United States may exercise the control necessary to prevent infringement of its customs, fiscal, immigration, or sanitary laws and regulations within its territory or territorial sea, and to punish infringement of the above laws and regulations committed within its territory or territorial sea.

Extension of the contiguous zone of the United States to the limits permitted by international law will advance the law enforcement and public health interests of the United States. Moreover, this extension is an important step in preventing the removal of cultural heritage found within 24 nautical miles of the baseline.

NOW, THEREFORE, I, WILLIAM J. CLINTON, by the authority vested in me as President by the Constitution of the United States, and in accordance with international law, do hereby proclaim the extension of the contiguous zone of the United States of America, including the Commonwealth of Puerto Rico, Guam, American Samoa, the United States Virgin Islands, the Commonwealth of the Northern Mariana Islands, and any other territory or possession over which the United States exercises sovereignty, as follows:

The contiguous zone of the United States extends to 24 nautical miles from the baselines of the United States determined in accordance with international law, but in no case within the territorial sea of another nation.

In accordance with international law, reflected in the applicable provisions of the 1982 Convention on the Law of the Sea, within the contiguous zone of the United States the ships and aircraft of all countries enjoy the high seas freedoms of navigation and overflight and the laying of submarine cables and pipelines, and other internationally lawful uses of the sea related to those freedoms, such as those associated with the operation of ships, aircraft, and submarine cables and pipelines, and compatible with the other provisions of international law reflected in the 1982 Convention on the Law of the Sea.

Nothing in this proclamation:

- (a) amends existing Federal or State law;
- (b) amends or otherwise alters the rights and duties of the United States or other nations in the Exclusive Economic Zone of the United States established by Proclamation 5030 of March 10, 1983 [16 U.S.C. 1453 note]; or

¹ 43 U.S.C. 1331 note.

(c) impairs the determination, in accordance with international law, of any maritime boundary of the United States with a foreign jurisdiction.

IN WITNESS WHEREOF, I have hereunto set my hand this second day of September, in the year of our Lord nineteen hundred and ninety-nine, and of the Independence of the United States of America the two hundred and twenty-fourth.

Deepwater ports licensed under this Act do not possess the status of islands and have no territorial seas of their own.

(2) Except as otherwise provided by this Act, nothing in this Act shall in any way alter the responsibilities and authorities of a State or the United States within the territorial seas of the United States.

(3)¹³ The Secretary of State shall notify the government of each foreign state having vessels registered under its authority or flying its flag which may call at or otherwise utilize a deepwater port but which do not currently have an agreement in effect as provided in subsection (c)(2)(A)(i) of this section that the United States intends to exercise jurisdiction over vessels calling at or otherwise utilizing

(B) the vessel owner or operator has designated an agent in the United States for receipt of service of process in the event of any claim or legal proceeding resulting from activities of the vessel or its personnel while located within such a safety zone.

(3) For purposes of paragraph (2)(A)(ii) of this subsection, a licensee shall not be obliged to prohibit a call at or use of a deepwater port by a vessel registered in or flying the flag of an objecting state unless the licensee has been informed by the Secretary of State as required by subsection (a)(3) of this section.

(d) The customs laws administered by the Secretary of the Treasury shall not apply to any deepwater port licensed under this Act, but all foreign articles to be used in the construction of any such deepwater port, including any component thereof, shall first be made subject to all applicable duties and taxes which would be imposed upon or by reason of their importation if they were imported for consumption in the United States. Duties and taxes shall be paid thereon in accordance with the laws applicable to merchandise imported into the customs territory of the United States.

(e) The United States district courts shall have original jurisdiction of cases and controversies arising out of or in connection with the construction and operation of deepwater ports, and proceedings with respect to any such case or controversy may be instituted in the judicial district in which any defendant resides or may be found, or in the judicial district of the adjacent coastal State nearest the place where the cause of action arose.

e. Coral Reef Protection

Executive Order 13089, June 11, 1998, 63 F.R. 32701, 16 U.S.C. 6401 note

By the authority vested in me as President by the Constitution and the laws of the United States of America and in furtherance of the purposes of the Clean Water Act of 1977, as amended (33 U.S.C. 1251, *et seq.*), Coastal Zone Management Act (16 U.S.C. 1451, *et seq.*), Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1801, *et seq.*), National Environmental Policy Act of 1969, as amended (42 U.S.C. 4321, *et seq.*), National Marine Sanctuaries Act, (16 U.S.C. 1431, *et seq.*), National Park Service Organic Act (16 U.S.C. 1, *et seq.*), National Wildlife Refuge System Administration Act (16 U.S.C. 668dd-ee), and other pertinent statutes, to preserve and protect the biodiversity, health, heritage, and social and economic value of U.S. coral reef ecosystems and the marine environment, it is hereby ordered as follows:

Section 1. Definitions. (a) "U.S. coral reef ecosystems" means those species, habitats, and other natural resources associated with coral reefs in all maritime areas and zones subject to the jurisdiction or control of the United States (e.g., Federal, State, territorial, or commonwealth waters), including reef systems in the south Atlantic, Caribbean, Gulf of Mexico, and Pacific Ocean.

(b) "U.S. Coral Reef Initiative" is an existing partnership between Federal agencies and State, territorial, commonwealth, and local governments, nongovernmental organizations, and commercial interests to design and implement additional management, education, monitoring, research, and restoration efforts to conserve coral reef ecosystems for the use and enjoyment of future generations. The existing U.S. Islands Coral Reef Initiative strategy covers approximately 95 percent of U.S. coral reef ecosystems and is a key element of the overall U.S. Coral Reef Initiative.

(c) "International Coral Reef Initiative" is an existing partnership, founded by the United States in 1994, of governments, intergovernmental organizations, multilateral development banks, nongovernmental organizations, scientists, and the private sector whose purpose is to mobilize governments and other interested parties whose coordinated, vigorous, and effective actions are required to address the threats to the world's coral reefs.

Sec. 2. Policy. (a) All Federal agencies whose actions may affect U.S. coral reef ecosystems shall: (a) identify their actions that may affect U.S. coral reef ecosystems; (b) utilize their programs and authorities to protect and enhance the conditions of such ecosystems; and (c) to the extent permitted by law, ensure that any actions they authorize, fund, or carry out will not degrade the conditions of such ecosystems.

(b) Exceptions to this section may be allowed under terms prescribed by the heads of Federal agencies:

(1) during time of war or national emergency;

(2) when necessary for reasons of national security, as determined by the President;

(3) during emergencies posing an unacceptable threat to human health or safety or to the marine environment and admitting of no other feasible solution; or

(4) in any case that constitutes a danger to human life or a real threat to vessels, aircraft, platforms, or other man-made structures at sea, such as cases of force majeure caused by stress of weather or other act of God.

Sec. 3. Federal Agency Responsibilities. In furtherance of section 2 of this order, Federal agencies whose actions affect U.S. coral reef ecosystems, shall, subject to the availability of appropriations, provide for implementation of measures needed to research, monitor, manage, and restore affected ecosystems, including, but not limited to, measures reducing impacts from pollution, sedimentation, and fishing. To the extent not inconsistent with statutory responsibilities and procedures, these measures shall be developed in cooperation with the U.S. Coral Reef Task Force and fishery management councils and in consultation with affected States, territorial, commonwealth, tribal, and local government agencies, nongovernmental organizations, the scientific community, and commercial interests.

Sec. 4. U.S. Coral Reef Task Force. The Secretary of the Interior and the Secretary of Commerce, through the Administrator of the National Oceanic and Atmospheric Administration, shall co-chair a U.S. Coral Reef Task Force ("Task Force"), whose members shall include, but not be limited to, the Administrator of the Environmental Protection Agency, the Attorney General, the Secretary of the Interior, the Secretary of Agriculture, the Secretary of Commerce, the Secretary of Defense, the Secretary of State, the Secretary of Transportation, the Director of the National Science Foundation, the Administrator of the Agency for International Development, and the Administrator of the National Aeronautics and Space Administration. The Task Force shall oversee implementation of the policy and Federal agency responsibilities set forth in this order, and shall guide and support activities under the U.S. Coral Reef Initiative ("CRI"). All Federal agencies whose actions may affect U.S. coral reef ecosystems shall review their participation in the CRI and the strategies developed under it, including strategies and plans of State, territorial, commonwealth, and local governments, and, to the extent feasible, shall enhance Federal participation and support of such strategies and plans. The Task Force shall work in cooperation with State, territorial, commonwealth, and local government agencies, nongovernmental organizations, the scientific community, and commercial interests.

Sec. 5. Duties of the U.S. Coral Reef Task Force. (a) *Coral Reef Mapping and Monitoring.* The Task Force, in cooperation with State, territory, commonwealth, and local government partners, shall coordinate a comprehensive program to map and monitor U.S. coral reefs. Such programs shall include, but not be limited to, territories and commonwealths, special marine protected areas such as National Marine Sanctuaries, National Estuarine Research Reserves, National Parks, National Wildlife Refuges, and other entities having significant coral reef resources. To the extent feasible,

remote sensing capabilities shall be developed and applied to this program and local communities should be engaged in the design and conduct of programs.

(b) *Research.* The Task Force shall develop and implement, with the scientific community, research aimed at identifying the major causes and consequences of degradation of coral reef ecosystems. This research shall include fundamental scientific research to provide a sound framework for the restoration and conservation of coral reef ecosystems worldwide. To the extent feasible, existing and planned environmental monitoring and mapping programs should be linked with scientific research activities. This Executive order shall not interfere with the normal conduct of scientific studies on coral reef ecosystems.

(c) *Conservation, Mitigation, and Restoration.* The Task Force, in cooperation with State, territorial, commonwealth, and local government agencies, nongovernmental organizations, the scientific community and commercial interests, shall develop, recommend, and seek or secure implementation of measures necessary to reduce and mitigate coral reef ecosystem degradation and to restore damaged coral reefs. These measures shall include solutions to problems such as land-based sources of water pollution, sedimentation, detrimental alteration of salinity or temperature, over-fishing, over-use, collection of coral reef species, and direct destruction caused by activities such as recreational and commercial vessel traffic and treasure salvage. In developing these measures, the Task Force shall review existing legislation to determine whether additional legislation is necessary to complement the policy objectives of this order and shall recommend such legislation if appropriate. The Task Force shall further evaluate existing navigational aids, including charts, maps, day markers, and beacons to determine if the designation of the location of specific coral reefs should be enhanced through the use, revision, or improvement of such aids.

(d) *International Cooperation.* The Secretary of State and the Administrator of the Agency for International Development, in cooperation with other members of the Coral Reef Task Force and drawing upon their expertise, shall assess the U.S. role in international trade and protection of coral reef species and implement appropriate strategies and actions to promote conservation and sustainable use of coral reef resources worldwide. Such actions shall include expanded collaboration with other International Coral Reef Initiative ("ICRI") partners, especially governments, to implement the ICRI through its Framework for Action and the Global Coral Reef Monitoring Network at regional, national, and local levels.

Sec. 6. This order does not create any right or benefit, substantive or procedural, enforceable in law or equity by a party against the United States, its agencies, its officers, or any person.

Secretary of the Interior¹⁴ shall cause to be published in the Federal Register a general notice of proposed rulemaking and shall afford interested persons an opportunity to participate in the rulemaking through (1) submission of written data, views, or arguments, and (2) oral presentation at a public hearing. Such regulations shall be published in the Federal Register and shall be accompanied by a statement of the considerations involved in the issuance of the regulations. After publication in the Federal Register such regulations shall be applicable to all vessels and persons subject to the jurisdiction of the United States on such date as the Secretary of the Interior¹⁴ shall prescribe, but in no event prior to an agreed date for the application by all countries whose vessels engage in fishing for species covered by the convention in the regulatory area on a meaningful scale, in terms of effect upon the success of the conservation program, of effective measures for the implementation of the commission's recommendations applicable to all vessels and persons subject to their respective jurisdictions. The Secretary of the Interior¹⁴ shall suspend at any time the application of any such regulations when, after consultation with the Secretary of State and the United States Commissioners, he determines that foreign fishing operations in the regulatory area are such as to constitute a serious threat to the achievement of the objectives of the commission's recommendations. The regulations thus promulgated may include the selection for regulation of one or more of the species covered by the convention; the division of the convention waters into areas; the establishment of one or more open or closed seasons as to each area; the limitation of the size of the fish and quantity of the catch which may be taken from each area within any season during which fishing is allowed; the limitation or prohibition of the incidental catch of a regulated species which may be retained, taken, possessed, or landed by vessels or persons fishing for other species of fish; the requiring of such clearance certificates for vessels as may be necessary to carry out the purposes of the convention and this Act; and such other measures incidental thereto as the Secretary of the Interior¹⁴ may deem necessary to implement the recommendations of the commission: *Provided*, That upon the promulgation of any such regulations the Secretary of the Interior¹⁴ shall promulgate additional regulations, with the concurrence of the Secretary of State, which shall become effective simultaneously with the application of the regulations hereinbefore referred to (1) to prohibit the entry into the United States from any country when the vessels of such country are being used in the conduct of fishing operations in the regulatory area in such manner or in such circumstances as would tend to diminish the effectiveness of the conservation recommendations of the commission, of fish in any form of those species which are subject to regulation pursuant to a recommendation of the commission and which were taken from the regulatory area; and (2) to prohibit entry into the United States, from any country, of fish in any form of those species which are subject to regulation pursuant to a recommendation of the commission and which were taken from the regulatory area by vessels other than those of such country in such manner or in such circumstances as would tend to diminish the effectiveness of the conservation recommendations of the commission.

In the case of repeated and flagrant fishing operations in the regulatory area by the vessels of any country which seriously threaten the achievement of the objectives of the commission's recommendations, the Secretary of the Interior,¹⁴ with the concurrence of the Secretary of State, may, in his discretion, also prohibit the entry from such country of such other species of tuna, in any form, as may be under investigation by the commission and which were taken in the regulatory area. The aforesaid prohibitions shall continue until the Secretary of the Interior¹⁴ is satisfied that the condition warranting the prohibition no longer exists, except that all fish in any form of the species under regulation which were previously prohibited from entry shall continue to be prohibited from entry.

Sec. 7.¹⁵ Any person authorized to carry out enforcement activities under this Act and any person authorized by the commission shall have power without warrant or other process, to inspect, at any reasonable time, catch returns, statistical records, or other reports as are required by regulations adopted pursuant to this Act to be made, kept, or furnished.

Sec. 8.¹⁶ (a) It shall be unlawful for any master or other person in charge of a fishing vessel of the United States to engage in fishing in violation of any regulation adopted pursuant to section 6 of this Act or for any person knowingly to ship, transport, purchase, sell, offer for sale, import, export, or have in custody, possession, or control any fish taken or retained in violation of such regulations.

(b) It shall be unlawful for the master or any person in charge of any fishing vessel of the United States or any person on board such vessel to fail to make, keep, or furnish any catch returns, statistical records, or other reports as are required by regulations adopted pursuant to this Act to be made, kept, or furnished; or to fail to stop upon being hailed by a duly authorized official of the United States; or to refuse to permit the duly authorized officials of the United States or authorized officials of the commissions to board such vessels or inspect its catch, equipment, books, documents, records, or other articles or question the persons on board in accordance with the provisions of this Act, or the convention, as the case may be.

(c) It shall be unlawful for any person to import, in violation of any regulation adopted pursuant to section 4 of this Act, from any country, any fish in any form of those species subject to regulation pursuant to a recommendation of the commission, or any tuna in any form not under regulation but under investigation by the commission, during the period such fish have been denied entry in accordance with the provisions of section 4 of this Act. When so utilized, such personnel of the States of the United States are authorized to function as Federal law enforcement agents for these purposes, but they shall not be held and considered as employees of the United States for the purposes of any laws administered by the Director of the Civil Service Commission.¹⁹

(b) Enforcement activities at sea under the provisions of this Act for fishing vessels subject to the jurisdiction of the United States shall be primarily the responsibility of the Secretary of the department in which the Coast Guard is operating, in cooperation with the Secretary and the United States Customs Service. The Secretary after consultation with the Secretary of the department in which the Coast Guard is operating, shall adopt such regulations as may be necessary to provide for procedures and methods of enforcement pursuant to article IX of the Convention.

(B)²¹ Not later than June 30, 1991, the Secretary shall promulgate any additional regulations necessary to ensure that the United States is in full compliance with all recommendations made by the Commission that have been accepted by the United States and with other agreements under the Convention between the United States and any nation which is a party to the Convention.

(C)²¹ Regulations promulgated under this paragraph shall, to the extent practicable, be consistent with fishery management plans prepared and implemented under the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1801 et seq.).²²

¹⁹In a transfer of functions pursuant to Reorganization Plan No. 2 of 1978 (43 F.R. 36037; 92 Stat. 3783), effective January 1, 1979, as provided in Executive Order 12107 (44 F.R. 1055; December 28, 1978), "Director of the Office of Personnel Management" has been substituted for "Civil Service Commission" in the U.S. Code.

²⁰Sec. 305(1) of Public Law 104-43 (109 Stat. 385) amended sec. 6(c) by inserting "AND OTHER MEASURES" in the caption. Sec. 6(c) of this Act, however, does not have subsection captions, and so this amendment cannot be executed. In the U.S. Code at 16 U.S.C. 971d(c), the subsection caption is amended to read "Regulations and other measures to carry out Commission recommendations".

²¹Sec. 206(a) of the Fishery Conservation Amendments of 1990 (Public Law 101-627; 104 Stat. 4461) added subpara. designation (A), and added new subparas. (B) and (C).

Such regulations shall be published in the Federal Register and shall be accompanied by a statement of the considerations involved in the issuance of the regulations, and by a statement, based on inquiries and investigations, assessing the nature and effectiveness of the measures for the implementation of the Commission's recommendations which are being or will be carried out by countries whose vessels engage in fishing the species subject to such recommendations within the waters to which the Convention applies. After publication in the Federal Register, such regulations shall be applicable to all vessels and persons subject to the jurisdiction of the United States on such date as the Secretary shall prescribe. The Secretary shall suspend at any time the application of any such regulation when, after consultation with the Secretary of State and the United States Commissioners, he determines that fishing operations in the Convention area of a contracting party for whom the regulations are effective are such as to constitute a serious threat to the achievement of the Commission's recommendations.

(3) The regulations required to be promulgated under paragraph (1) of this subsection may—

(A) select for regulation one or more of the species covered by the Convention;

(B) divide the Convention waters into areas;

(C) establish one or more open or closed seasons as to each such area;

(D) limit the size of the fish and quantity of the catch which may be taken from each area within any season during which fishing is allowed;

²³Sec. 206(b) of the Fishery Conservation Amendments of 1990 (Public Law 101-627; 104 Stat. 4461) struck out "; and" and inserted in lieu thereof a semicolon at the end of subpara.

(I)²³ require any commercial or recreational fisherman to obtain a permit from the Secretary and report the quantity of the catch of a regulated species;

(J)²³ require that observers be carried aboard fishing vessels for the purpose of providing statistically reliable scientific data; and

(K)²³ impose such other requirements and provide for such other measures as the Secretary may determine necessary to implement any recommendation of the Convention or to obtain scientific data necessary to accomplish the purpose of the Convention;

except that no regulation promulgated under this section may have the effect of increasing or decreasing any allocation or quota of fish or fishing mortality level²⁴ to the United States agreed to pursuant to a recommendation of the Commission.

(a) **IN GENERAL.**—No high seas fishing vessel shall engage in harvesting operations on the high seas unless the vessel has on board a valid permit issued under this section.

(b) **ELIGIBILITY.**—

(1) Any vessel of the United States is eligible to receive a permit under this section, unless the vessel was previously authorized to be used for fishing on the high seas by a foreign nation, and

(A) the foreign nation suspended such authorization because the vessel undermined the effectiveness of international conservation and management measures, and the suspension has not expired; or

(B) the foreign nation, within the last three years preceding application for a permit under this section, withdrew such authorization because the vessel undermined the effectiveness of international conservation and management measures.

(2) The restriction in paragraph (1) does not apply if ownership of the vessel has changed since the vessel undermined the effectiveness of international conservation and management measures, and the new owner has provided sufficient evidence to the Secretary demonstrating that the previous owner or operator has no further legal, beneficial or financial interest in, or control of, the vessel.

(3) The restriction in paragraph (1) does not apply if the Secretary makes a determination that issuing a permit would not subvert the purposes of the Agreement.

(4) The Secretary may not issue a permit to a vessel unless the Secretary is satisfied that the United States will be able

⁵ 16 U.S.C. 5503.

to exercise effectively its responsibilities under the Agreement with respect to that vessel.

(c) APPLICATION.—

(1) The owner or operator of a high seas fishing vessel may apply for a permit under this section by completing an application form prescribed by the Secretary.

(1) The vessel shall be marked in accordance with the FAO Standard Specifications for the Marking and Identification of Fishing Vessels, or with regulations issued under section 305 of the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1855);⁶ and

The permitting fee may be in addition to any fee required under any regional permitting regime applicable to high seas fishing vessels.

(2) The fees authorized by paragraph (1) shall be collected and credited to the Operations, Research and Facilities account of the National Oceanic and Atmospheric Administration. Fees collected under this subsection shall be available for the necessary expenses of the National Oceanic and Atmospheric Administration in implementing this Act, and shall remain available until expended.

(a) **CIVIL PENALTIES.**—

(1) Any person who is found by the Secretary, after notice and opportunity for a hearing in accordance with section 554 of title 5, United States Code, to have committed an act prohibited by section 106 shall be liable to the United States for a civil penalty. The amount of the civil penalty shall not exceed \$100,000 for each violation. Each day of a continuing violation shall constitute a separate offense. The amount of such civil penalty shall be assessed by the Secretary by written notice. In determining the amount of such penalty, the Secretary shall take into account the nature, circumstances, extent, and gravity of the prohibited acts committed and, with respect to the violation, the degree of culpability, any history of prior offenses, and such other matters as justice may require.

Before executing the transfer of ownership of a vessel, by sale or otherwise, the owner shall disclose in writing to the prospective transferee the existence of any permit sanction that will be in effect or pending with respect to the vessel at the time of the transfer. The Secretary may waive or compromise a sanction in the case of a transfer pursuant to court order.

(4) In the case of any permit that is suspended under this subsection for nonpayment of a civil penalty or criminal fine, the Secretary shall reinstate the permit upon payment of the penalty or fine and interest thereon at the prevailing rate.

The Secretary shall promptly file in such court a certified copy of the record upon which such penalty or sanction was imposed, as provided in section 2112 of title 28, United States Code. In such action the validity and appropriateness of the final order imposing the civil penalty shall not be subject to review.

upon receipt of a satisfactory bond or other security from any person claiming such property. Such bond or other security shall be conditioned upon such person delivering such property to the appropriate court upon order thereof, without any impairment of its value, or paying the monetary value of such property pursuant to an order of such court. Judgment shall be recoverable on such bond or other security against both the principal and any sureties in the event that any condition thereof is breached, as determined by such court.

(2) Any living marine resources seized pursuant to this title may be sold, subject to the approval of the appropriate court, for not less than the fair market value thereof. The proceeds of any such sale shall be deposited with such court pending the disposition of the matter involved.

SEC. 309. MANAGEMENT OF ATLANTIC YELLOWFIN TUNA.

(a) Not later than 90 days after the date of the enactment of this Act, the Secretary of Commerce in accordance with this section shall publish a preliminary determination of the level of the United States recreational and commercial catch of Atlantic yellowfin tuna on an annual basis since 1980. The Secretary shall publish a preliminary determination in the Federal Register for comment for a period not to exceed 60 days. The Secretary shall publish a final determination not later than 140 days from the date of the enactment of this section.

(b) Not later than July 1, 1997,³⁵ the Secretary of Commerce shall implement the recommendations of the International Commission for the Conservation of Atlantic Tunas regarding yellowfin tuna made pursuant to Article VIII of the International Convention for the Conservation of Atlantic Tunas and acted upon favorably by the Secretary of State under section 5(a) of the Atlantic Tunas Convention Act of 1975 (16 U.S.C. 971c(a)).

SEC. 310. STUDY OF BLUEFIN TUNA REGULATIONS.

Not later than 270 days after the date of enactment of this Act, the Secretary of Commerce shall submit to the Committee on Commerce, Science and Transportation of the Senate and to the Committee on Resources of the House of Representatives a report on the historic rationale, effectiveness, and biological and economic efficiency of existing bluefin tuna regulations for United States Atlantic fisheries. Specifically, the biological rationale for each regional and category allocation, including directed and incidental categories, should be described in light of the average size, age, and maturity of bluefin tuna caught in each fishery and the effect of this harvest on stock rebuilding and sustainable yield. The report should examine the history and evaluate the level of wasteful discarding, and evaluate the effectiveness of non-quota regulations at constraining harvests within regions. Further, comments should be provided on levels of participation in specific fisheries in terms of vessels and trips, enforcement implications, and the importance of monitoring information provided by these allocations on the precision of the stock assessment estimates.

SEC. 311. SENSE OF THE CONGRESS WITH RESPECT TO ICCAT NEGOTIATIONS.

(a) **SHARING OF CONSERVATION BURDEN.**—It is the sense of the Congress that in future negotiations of the International Commission for the Conservation of Atlantic Tunas (hereafter in this section referred to as “ICCAT”), the Secretary of Commerce shall ensure that the conservation actions recommended by international commissions and implemented by the Secretary for United States commercial and recreational fishermen provide fair and equitable sharing of the conservation burden among all contracting harvesters in negotiations with those commissions.

(b) **ENFORCEMENT PROVISIONS.**—It is further the sense of the Congress that, during 1995 ICCAT negotiations on swordfish and other Highly Migratory Species managed by ICCAT, the Congress encourages the United States Commissioners to add enforcement provisions similar to those applicable to bluefin tuna.

(c) **ENHANCED MONITORING.**—It is further the sense of the Congress that the National Oceanic and Atmospheric Administration and the United States Customs Service should enhance monitoring activities to ascertain what specific stocks are being imported into the United States and the country of origin.

(d) **MULTILATERAL ENFORCEMENT PROCESS.**—It is further the sense of the Congress that the United States Commissioners should pursue as a priority the establishment and implementation prior to December 31, 1996, an effective multilateral process that will enable ICCAT nations to enforce the conservation recommendations of the Commission.

TITLE IV—FISHERMEN’S PROTECTIVE ACT**SEC. 401.³⁶ FINDINGS.**

The Congress finds that—

(1) customary international law and the United Nations Convention on the Law of the Sea guarantee the right of passage, including innocent passage, to vessels through the waters commonly referred to as the “Inside Passage” off the Pacific Coast of Canada;

(2) in 1994 Canada required all commercial fishing vessels of the United States to pay 1,500 Canadian dollars to obtain a “license which authorizes transit” through the Inside Passage;

(3) this action was inconsistent with international law, including the United Nations Convention on the Law of the Sea, and, in particular, Article 26 of that Convention, which specifically prohibits such fees, and threatened the safety of United States commercial fishermen who sought to avoid the fee by traveling in less protected waters;

(4) the Fishermen’s Protective Act of 1967 provides for the reimbursement of vessel owners who are forced to pay a license fee to secure the release of a vessel which has been seized, but does not permit reimbursement of a fee paid by the owner in advance in order to prevent a seizure;

(5) Canada required that the license fee be paid in person in 2 ports on the Pacific Coast of Canada, or in advance by mail;

³⁶22 U.S.C. 1980a note.

(6) significant expense and delay was incurred by commercial fishing vessels of the United States that had to travel from the point of seizure back to one of those ports in order to pay the license fee required by Canada, and the costs of that travel and delay cannot be reimbursed under the Fishermen's Protective Act;

(7) the Fishermen's Protective Act of 1967 should be amended to permit vessel owners to be reimbursed for fees required by a foreign government to be paid in advance in order to navigate in the waters of that foreign country if the United States considers that fee to be inconsistent with international law;

(8) the Secretary of State should seek to recover from Canada any amounts paid by the United States to reimburse vessel owners who paid the transit license fee;

(9) the United States should review its current policy with respect to anchorage by commercial fishing vessels of Canada in waters of the United States off Alaska, including waters in and near the Dixon Entrance, and should accord such vessels the same treatment that commercial fishing vessels of the United States are accorded for anchorage in the waters of Canada off British Columbia;

(10) the President should ensure that, consistent with international law, the United States Coast Guard has available adequate resources in the Pacific Northwest and Alaska to provide for the safety of United States citizens, the enforcement of United States law, and to protect the rights of the United States and keep the peace among vessels operating in disputed waters;

(11) the President should continue to review all agreements between the United States and Canada to identify other actions that may be taken to convince Canada that any reinstatement of the transit license fee would be against Canada's long-term interests, and should immediately implement any actions which the President deems appropriate if Canada reinstates the fee;

(12) the President should continue to convey to Canada in the strongest terms that the United States will not now, nor at any time in the future, tolerate any action by Canada which would impede or otherwise restrict the right of passage of vessels of the United States in a manner inconsistent with international law; and

(13) the United States should continue its efforts to seek expeditious agreement with Canada on appropriate fishery conservation and management measures that can be implemented through the Pacific Salmon Treaty to address issues of mutual concern.

SEC. 402. AMENDMENT TO THE FISHERMEN'S PROTECTIVE ACT OF 1967.

(a) * * *

(b) * * *

(c) Notwithstanding any other provision of law, the Secretary of State shall reimburse the owner of any vessel of the United States for costs incurred due to the seizure of such vessel in 1994 by Canada on the basis of a claim to jurisdiction over sedentary species

which was not recognized by the United States at the time of such seizure. Any such reimbursement shall cover, in addition to amounts reimbursable under section 3 of the Fishermen's Protective Act of 1967 (22 U.S.C. 1973), legal fees and travel costs incurred by the owner of any such vessel that were necessary to secure the prompt release of the vessel and crew. Total reimbursements under this subsection may not exceed \$25,000 and may be made available from the unobligated balances of previously appropriated funds remaining in the Fishermen's Protective Fund established under section 9 of the Fishermen's Protective Act (22 U.S.C. 1979).

TITLE VI—DRIFTNET MORATORIUM

SEC. 601.⁴⁰ SHORT TITLE.

The Congress finds that—

(1) Congress has enacted and the President has signed into law numerous Acts to control or prohibit large-scale driftnet fishing both within the jurisdiction of the United States and beyond the exclusive economic zone of any nation, including the Driftnet Impact Monitoring, Assessment, and Control Act of 1987 (title IV, Public Law 100-220), the Driftnet Act Amendments of 1990 (Public Law 101-627), and the High Seas Driftnet Fisheries Enforcement Act (title I, Public Law 102-582);

(2) the United States is a party to the Convention for the Prohibition of Fishing with Long Driftnets in the South Pacific, also known as the Wellington Convention;

the high seas, beginning with Resolution 44/225 in 1989 and most recently in Decision 48/445 in 1993;

(4) the General Assembly of the United Nations adopted these resolutions and decisions at the request of the United States and other concerned nations;

(5) the best scientific information demonstrates the wastefulness and potentially destructive impacts of large-scale driftnet fishing on living marine resources and seabirds; and

(6) Resolution 46/215 of the United Nations General Assembly calls on all nations, both individually and collectively, to prevent large-scale driftnet fishing on the high seas.

SEC. 603.⁴² PROHIBITION.

The United States, or any agency or official acting on behalf of the United States, may not enter into any international agreement with respect to the conservation and management of living marine resources or the use of the high seas by fishing vessels that would prevent full implementation of the global moratorium on large-scale driftnet fishing on the high seas, as such moratorium is expressed in Resolution 46/215 of the United Nations General Assembly.

SEC. 604.⁴³ NEGOTIATIONS.

The Secretary of State, on behalf of the United States, shall seek to enhance the implementation and effectiveness of the United Nations General Assembly resolutions and decisions regarding the moratorium on large-scale driftnet fishing on the high seas through appropriate international agreements and organizations.

SEC. 605.⁴⁴ CERTIFICATION.

The Secretary of State shall determine in writing prior to the signing or provisional application by the United States of any international agreement with respect to the conservation and management of living marine resources or the use of the high seas by fishing vessels that the prohibition contained in section 603 will not be violated if such agreement is signed or provisionally applied.

SEC. 606.⁴⁵ ENFORCEMENT.

The President shall utilize appropriate assets of the Department of Defense, the United States Coast Guard, and other Federal agencies to detect, monitor, and prevent violations of the United Nations moratorium on large-scale driftnet fishing on the high seas for all fisheries under the jurisdiction of the United States and, in the case of fisheries not under the jurisdiction of the United States, to the fullest extent permitted under international law.

AN ACT To protect marine mammals, to establish a Marine Mammal Commission, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act, with the following table of contents, may be cited as the “Marine Mammal Protection Act of 1972”.

* * * * *

TITLE III—INTERNATIONAL DOLPHIN CONSERVATION PROGRAM¹

SEC. 301.² FINDINGS AND POLICY.

(a) FINDINGS.—The Congress finds the following:

(1) The yellowfin tuna fishery of the eastern tropical Pacific Ocean has resulted in the deaths of millions of dolphins.

(2) Significant awareness and increased concern for the health and safety of dolphin populations has encouraged a change in fishing methods worldwide.

(3) United States tuna fishing vessels have led the world in the development of fishing methods to reduce dolphin mortalities in the eastern tropical Pacific Ocean and United States tuna processing companies have voluntarily promoted the marketing of tuna that is dolphin safe.

¹Sec. 2(a) of the International Dolphin Conservation Act of 1992 (Public Law 102-523; 106 Stat. 3425) added title III. Sec. 6(a) of Public Law 105-42 (111 Stat. 1129) amended the heading of title III, which previously read as follows: “GLOBAL MORATORIUM TO PROHIBIT CERTAIN TUNA HARVESTING PRACTICES”.

Sec. 8 of Public Law 105-42 (111 Stat. 1139) provided that the amendment made by sec. 6(a) would become effective upon certification by the Secretary of Commerce that sufficient funding is available to complete the first year of the study required under sec. 304(a) of the Marine Mammal Protection Act of 1972 and the study has commenced; and certification by the Secretary of State to Congress that a binding resolution of the Inter-American Tropical Tuna Commission or other legally binding instrument establishing the International Dolphin Conservation Program has been adopted and is in force.

The Secretary of Commerce made the certification referred to in sec. 8 on July 27, 1998; the Secretary of State made the certification on March 3, 1999.

²16 U.S.C. 1411.

(4)³ Nations harvesting yellowfin tuna in the eastern tropical Pacific Ocean have demonstrated their willingness to participate in appropriate multilateral agreements to reduce dolphin mortality progressively to a level approaching zero through the setting of annual limits, with the goal of eliminating dolphin mortality in that fishery. Recognition of the International Dolphin Conservation Program will assure that the existing trend of reduced dolphin mortality continues; that individual stocks of dolphins are adequately protected; and that the goal of eliminating all dolphin mortality continues to be a priority.

(b) POLICY.—It is the policy of the United States to—

(1) eliminate the marine mammal mortality resulting from the intentional encirclement of dolphins and other marine mammals in tuna purse seine fisheries;

(2)⁴ support the International Dolphin Conservation Program and efforts within the Program to reduce, with the goal of eliminating, the mortality referred to in paragraph (1);

(3)⁴ ensure that the market of the United States does not act as an incentive to the harvest of tuna caught with driftnets or caught by purse seine vessels in the eastern tropical Pacific Ocean not operating in compliance with the International Dolphin Conservation Program;

(4) secure appropriate multilateral agreements to ensure that United States tuna fishing vessels shall have continued access to productive tuna fishing grounds in the South Pacific Ocean and elsewhere; and

(5) encourage observer coverage on purse seine vessels fishing for tuna outside of the eastern tropical Pacific Ocean in a fishery in which the Secretary has determined that a regular and significant association occurs between marine mammals

³Sec. 6(b)(1) of Public Law 105-42 (111 Stat. 1129) amended and restated para. (4), which previously read as following:

“(4) Nations harvesting yellowfin tuna in the eastern tropical Pacific Ocean have indicated their willingness to participate in appropriate multilateral agreements to reduce, and eventually eliminate, dolphin mortality in that fishery.”

Sec. 8 of Public Law 105-42 (111 Stat. 1139) provided that the amendment made by sec. 6(b)(1) would become effective upon certification by the Secretary of Commerce that sufficient funding is available to complete the first year of the study required under section 304(a) of the Marine Mammal Protection Act of 1972 and the study has commenced; and certification by the Secretary of State to Congress that a binding resolution of the Inter-American Tropical Tuna Commission or other legally binding instrument establishing the International Dolphin Conservation Program has been adopted and is in force.

The Secretary of Commerce made the certification referred to in sec. 8 on July 27, 1998; the Secretary of State made the certification on March 3, 1999.

⁴Sec. 6(b)(2) of Public Law 105-42 (111 Stat. 1129) struck out paras. (2) and (3) and inserted in lieu thereof new paras. (2) and (3). Paras. (2) and (3) previously read as follows:

“(2) secure appropriate multilateral agreements to reduce, and eventually eliminate, the mortality referred to in paragraph (1);

“(3) ensure that the market of the United States does not act as an incentive to the harvest of tuna caught in association with dolphins or with driftnets;”

Sec. 8 of Public Law 105-42 (111 Stat. 1139) provided that the amendment made by sec. 6(b)(2) would become effective upon certification by the Secretary of Commerce that sufficient funding is available to complete the first year of the study required under section 304(a) of the Marine Mammal Protection Act of 1972 and the study has commenced; and certification by the Secretary of State to Congress that a binding resolution of the Inter-American Tropical Tuna Commission or other legally binding instrument establishing the International Dolphin Conservation Program has been adopted and is in force.

The Secretary of Commerce made the certification referred to in sec. 8 on July 27, 1998; the Secretary of State made the certification on March 3, 1999.

and tuna, and in which tuna is harvested through the use of purse seine nets deployed on or to encircle marine mammals.

SEC. 302.⁵ INTERNATIONAL DOLPHIN CONSERVATION PROGRAM.

The Secretary of State, in consultation with the Secretary, shall seek to secure a binding international agreement to establish an International Dolphin Conservation Program that requires—

(1) that the total annual dolphin mortality in the purse seine fishery for yellowfin tuna in the eastern tropical Pacific Ocean shall not exceed 5,000 animals with a commitment and objective to progressively reduce dolphin mortality to a level approaching zero through the setting of annual limits;

(2) the establishment of a per-stock per-year dolphin mortality limit, to be in effect through calendar year 2000, at a level between 0.2 percent and 0.1 percent of the minimum population estimate, as calculated, revised, or approved by the Secretary;

(3) the establishment of a per-stock per-year dolphin mortality limit, beginning with the calendar year 2001, at a level less than or equal to 0.1 percent of the minimum population estimate as calculated, revised, or approved by the Secretary;

(4) that if a dolphin mortality limit is exceeded under—

(A) paragraph (1), all sets on dolphins shall cease for the applicable fishing year; and

(B) paragraph (2) or (3), all sets on the stocks covered under paragraph (2) or (3) and any mixed schools that contain any of those stocks shall cease for the applicable fishing year;

(5) a scientific review and assessment to be conducted in calendar year 1998 to—

(A) assess progress in meeting the objectives set for calendar year 2000 under paragraph (2); and

(B) as appropriate, consider recommendations for meeting these objectives;

(xii) containing such other restrictions and requirements as the Secretary determines are necessary to implement the International Dolphin Conservation Program with respect to vessels of the United States.

(C) ADJUSTMENTS TO REQUIREMENTS.—The Secretary may make such adjustments as may be appropriate to requirements of subparagraph (B) that pertain to fishing gear, vessel equipment, and fishing practices to the extent the adjustments are consistent with the International Dolphin Conservation Program.

(b) CONSULTATION.—In developing any regulation under this section, the Secretary shall consult with the Secretary of State, the Marine Mammal Commission, and the United States Commissioners to the Inter-American Tropical Tuna Commission appointed under section 3 of the Tuna Conventions Act of 1950 (16 U.S.C. 952).

(c) EMERGENCY REGULATIONS.—

(1) If the Secretary determines, on the basis of the best scientific information available (including research conducted under section 304 and information obtained under the International Dolphin Conservation Program) that the incidental mortality and serious injury of marine mammals authorized under this title is having, or is likely to have, a significant adverse impact on a marine mammal stock or species, the Secretary shall—

(A) notify the Inter-American Tropical Tuna Commission of his or her determination, along with recommendations to the Commission as to actions necessary to reduce incidental mortality and serious injury and mitigate such adverse impact; and

(B) prescribe emergency regulations to reduce incidental mortality and serious injury and mitigate such adverse impact.

(2) Before taking action under subparagraph (A) or (B) of paragraph (1), the Secretary shall consult with the Secretary of State, the Marine Mammal Commission, and the United

States Commissioners to the Inter-American Tropical Tuna Commission.

(3) Emergency regulations prescribed under this subsection—

(A) shall be published in the Federal Register, together with an explanation thereof;

(B) shall remain in effect for the duration of the applicable fishing year; and

(C) may be terminated by the Secretary at an earlier date by publication in the Federal Register of a notice of termination if the Secretary determines that the reasons for the emergency action no longer exist.

(4) If the Secretary finds that the incidental mortality and serious injury of marine mammals in the yellowfin tuna fishery in the eastern tropical Pacific Ocean is continuing to have a significant adverse impact on a stock or species, the Secretary may extend the emergency regulations for such additional periods as may be necessary.

(5) Within 120 days after the Secretary notifies the United States Commissioners to the Inter-American Tropical Tuna Commission of the Secretary's determination under paragraph (1)(A), the United States Commissioners shall call for a special meeting of the Commission to address the actions necessary to reduce incidental mortality and serious injury and mitigate the adverse impact which resulted in the determination. The Commissioners shall report the results of the special meeting in writing to the Secretary and to the Secretary of State. In their report, the Commissioners shall—

(A) include a description of the actions taken by the harvesting nations or under the International Dolphin Conservation Program to reduce the incidental mortality and serious injury and measures to mitigate the adverse impact on the marine mammal species or stock;

(B) indicate whether, in their judgment, the actions taken address the problem adequately; and

(C) if they indicate that the actions taken do not address the problem adequately, include recommendations of such additional action to be taken as may be necessary.

b. International Dolphin Conservation Program Act

Partial text of Public Law 105-42 [H.R. 408], 111 Stat. 1122, approved August 15, 1977

AN ACT To amend the Marine Mammal Protection Act of 1972 to support the International Dolphin Conservation Program in the eastern tropical Pacific Ocean, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1.¹ SHORT TITLE; REFERENCES.

(a) SHORT TITLE.—This Act may be cited as the “International Dolphin Conservation Program Act”.

(b) REFERENCES TO MARINE MAMMAL PROTECTION ACT.—Except as otherwise expressly provided, whenever in this Act an amendment or repeal is expressed in terms of an amendment to, or repeal of, a section or other provision, the reference shall be considered to be made to a section or other provision of the Marine Mammal Protection Act of 1972 (16 U.S.C. 1361 et seq.).

SEC. 2.¹ PURPOSES AND FINDINGS.

(a) PURPOSES.—The purposes of this Act are—

(1) to give effect to the Declaration of Panama, signed October 4, 1995, by the Governments of Belize, Colombia, Costa Rica, Ecuador, France, Honduras, Mexico, Panama, Spain, the United States of America, Vanuatu, and Venezuela, including the establishment of the International Dolphin Conservation Program, relating to the protection of dolphins and other species, and the conservation and management of tuna in the eastern tropical Pacific Ocean;

(2) to recognize that nations fishing for tuna in the eastern tropical Pacific Ocean have achieved significant reductions in dolphin mortality associated with that fishery; and

(3) to eliminate the ban on imports of tuna from those nations that are in compliance with the International Dolphin Conservation Program.

(b) FINDINGS.—The Congress finds that—

(1) the nations that fish for tuna in the eastern tropical Pacific Ocean have achieved significant reductions in dolphin mortality associated with the purse seine fishery from hundreds of thousands annually to fewer than 5,000 annually;

(2) the provisions of the Marine Mammal Protection Act of 1972 that impose a ban on imports from nations that fish for tuna in the eastern tropical Pacific Ocean have served as an incentive to reduce dolphin mortalities;

¹ 16 U.S.C. 1361 note. For the most part, this Act amends the Marine Mammal Protection Act of 1972 (Public Law 92-522) and the Dolphin Protection Consumer Information Act (Public Law 101-627).

(3) tuna canners and processors of the United States have led the canning and processing industry in promoting a dolphin-safe tuna market; and

(4) 12 signatory nations to the Declaration of Panama, including the United States, agreed under that Declaration to require that the total annual dolphin mortality in the purse seine fishery for yellowfin tuna in the eastern tropical Pacific Ocean not exceed 5,000 animals, with the objective of progressively reducing dolphin mortality to a level approaching zero through the setting of annual limits and with the goal of eliminating dolphin mortality.

c. International Dolphin Conservation Act of 1992

Public Law 102-523 [H.R. 5419], 106 Stat. 3425, approved October 26, 1992

AN ACT To amend the Marine Mammal Protection Act of 1972 to authorize the Secretary of State to enter into international agreements to establish a global moratorium to prohibit harvesting of tuna through the use of purse seine nets deployed on or to encircle dolphins or other marine mammals, and for other purposes.

NOTE.—This Public Law consisted entirely of amendments to other laws. Sec. 2 added a new Title III to the Marine Mammal Protection Act of 1972 (Public Law 92-522; 16 U.S.C. 1361 *et seq.*), relating to a global moratorium to prohibit certain tuna harvesting practices. Sec. 3 amended the Tunas Conventions Act of 1950 and the South Pacific Tuna Act of 1988.

TITLE IX—DOLPHIN PROTECTION CONSUMER INFORMATION

DOLPHIN PROTECTION

SEC. 901.² (a) SHORT TITLE.—This section may be cited as the “Dolphin Protection Consumer Information Act”.

(b) FINDINGS.—The Congress finds that—

(1) dolphins and other marine mammals are frequently killed in the course of tuna fishing operations in the eastern tropical Pacific Ocean and high seas driftnet fishing in other parts of the world;

(2) it is the policy of the United States to support a worldwide ban on high seas driftnet fishing, in part because of the harmful effects that such driftnets have on marine mammals, including dolphins; and

(3) consumers would like to know if the tuna they purchase is falsely labeled as the effect of harvesting of the tuna on dolphins.

(c) DEFINITIONS.—For purposes of this section—

(1) the terms “driftnet” and “driftnet fishing” have the meanings given those terms in section 4003 of the Driftnet Impact Monitoring, Assessment, and Control Act of 1987 (16 U.S.C. 1822 note);

¹ Sec. 211(b) of the Department of Commerce and Related Agencies Appropriations Act, 1997 (title II of sec. 101(a) of title I of Public Law 104-208; 101 Stat. 3009), provided that: “Effective 15 days after the enactment of the Sustainable Fisheries Act [enacted October 11, 1996], all references to the Magnuson Fishery Conservation and Management Act shall be redesignated as references to the Magnuson-Stevens Fishery Conservation and Management Act.”

(d)³ LABELING STANDARD.—

(1) It is a violation of section 5 of the Federal Trade Commission Act (15 U.S.C. 45) for any producer, importer, exporter, distributor, or seller of any tuna product that is exported from or offered for sale in the United States to include on the label of that product the term ‘dolphin safe’ or any other term or symbol that falsely claims or suggests that the tuna contained in the product were harvested using a method of fishing that is not harmful to dolphins if the product contains tuna harvested—

(A) on the high seas by a vessel engaged in driftnet fishing;

(B) outside the eastern tropical Pacific Ocean by a vessel using purse seine nets—

(i) in a fishery in which the Secretary has determined that a regular and significant association occurs between dolphins and tuna (similar to the association between dolphins and tuna in the eastern tropical Pacific Ocean), unless such product is accompanied by a written statement, executed by the captain of the vessel and an observer participating in a national or international program acceptable to the Secretary, certifying that no purse seine net was intentionally deployed on or used to encircle dolphins during the particular voyage on which the tuna were caught and no dolphins were killed or seriously injured in the sets in which the tuna were caught; or

(ii) in any other fishery (other than a fishery described in subparagraph (D)) unless the product is accompanied by a written statement executed by the captain of the vessel certifying that no purse seine net was intentionally deployed on or used to encircle dolphins during the particular voyage on which the tuna was harvested;

³Sec. 5(a) of Public Law 105-42 (111 Stat. 1125) amended and restated subsec. (d).

Sec. 8 of Public Law 105-42 (111 Stat. 1139) provided that the amendment made by sec. 5(a) would become effective upon certification by the Secretary of Commerce that sufficient funding is available to complete the first year of the study required under sec. 304(a) of the Marine Mammal Protection Act of 1972 and the study has commenced; and certification by the Secretary of State to Congress that a binding resolution of the Inter-American Tropical Tuna Commission or other legally binding instrument establishing the International Dolphin Conservation Program has been adopted and is in force.

The Secretary of Commerce made the certification referred to in sec. 8 on July 27, 1998, and the Secretary of State made the certification on March 3, 1999.

(C) in the eastern tropical Pacific Ocean by a vessel using a purse seine net unless the tuna meet the requirements for being considered dolphin safe under paragraph (2); or

(D) by a vessel in a fishery other than one described in subparagraph (A), (B), or (C) that is identified by the Secretary as having a regular and significant mortality or serious injury of dolphins, unless such product is accompanied by a written statement executed by the captain of the vessel and an observer participating in a national or international program acceptable to the Secretary that no dolphins were killed or seriously injured in the sets or other gear deployments in which the tuna were caught, provided that the Secretary determines that such an observer statement is necessary.

(2) For purposes of paragraph (1)(C), a tuna product that contains tuna harvested in the eastern tropical Pacific Ocean by a vessel using purse seine nets is dolphin safe if—

(A) the vessel is of a type and size that the Secretary has determined, consistent with the International Dolphin Conservation Program, is not capable of deploying its purse seine nets on or to encircle dolphins; or

(B)(i) the product is accompanied by a written statement executed by the captain providing the certification required under subsection (h);

(ii) the product is accompanied by a written statement executed by—

(I) the Secretary or the Secretary's designee;

(II) a representative of the Inter-American Tropical Tuna Commission; or

(III) an authorized representative of a participating nation whose national program meets the requirements of the International Dolphin Conservation Program,

which states that there was an observer approved by the International Dolphin Conservation Program on board the vessel during the entire trip and that such observer provided the certification required under subsection (h); and

(iii) the statements referred to in clauses (i) and (ii) are endorsed in writing by each exporter, importer, and processor of the product; and

(C) the written statements and endorsements referred to in subparagraph (B) comply with regulations promulgated by the Secretary which provide for the verification of tuna products as dolphin safe.

(3)(A) The Secretary of Commerce shall develop an official mark that may be used to label tuna products as dolphin safe in accordance with this Act.

(B) A tuna product that bears the dolphin safe mark developed under subparagraph (A) shall not bear any other label or mark that refers to dolphins, porpoises, or marine mammals.

(C) It is a violation of section 5 of the Federal Trade Commission Act (15 U.S.C. 45) to label a tuna product with any label or mark that refers to dolphins, porpoises, or marine

mammals other than the mark developed under subparagraph (A) unless—

(i) no dolphins were killed or seriously injured in the sets or other gear deployments in which the tuna were caught;

(ii) the label is supported by a tracking and verification program which is comparable in effectiveness to the program established under subsection (f); and

(iii) the label complies with all applicable labeling, marketing, and advertising laws and regulations of the Federal Trade Commission, including any guidelines for environmental labeling.

(D) If the Secretary determines that the use of a label referred to in subparagraph (C) is substantially undermining the conservation goals of the International Dolphin Conservation Program, the Secretary shall report that determination to the United States Senate Committee on Commerce, Science, and Transportation and the United States House of Representatives Committees on Resources and on Commerce, along with recommendations to correct such problems.

(E) It is a violation of section 5 of the Federal Trade Commission Act (15 U.S.C. 45) willingly and knowingly to use a label referred to in subparagraph (C) in a campaign or effort to mislead or deceive consumers about the level of protection afforded dolphins under the International Dolphin Conservation Program.

(e) ENFORCEMENT.—Any person who knowingly and willfully makes a statement or endorsement described in subsection (d)(2)(B) that is false is liable for a civil penalty of not to exceed \$100,000 assessed in an action brought in any appropriate district court of the United States on behalf of the Secretary.

(f)⁴ REGULATIONS.—The Secretary, in consultation with the Secretary of the Treasury, shall issue regulations to implement this Act, including regulations to establish a domestic tracking and verification program that provides for the effective tracking of tuna labeled under subsection (d). In the development of these regulations, the Secretary shall establish appropriate procedures for ensuring the confidentiality of proprietary information the submission of which is voluntary or mandatory. The regulations shall address each of the following items:

(1) The use of weight calculation for purposes of tracking tuna caught, landed, processed, and exported.

⁴ Sec. 5(b) of Public Law 105-42 (111 Stat. 1127) amended and restated subsec. (f), which previously read as follows:

“(f) REGULATIONS.—The Secretary, in consultation with the Secretary of the Treasury, shall issue regulations to implement this section not later than 6 months after the date of the enactment of this Act, including regulations establishing procedures and requirements for ensuring that tuna products are labeled in accordance with subsection (d).”

Sec. 8 of Public Law 105-42 (111 Stat. 1139) provided that the amendment made by sec. 5(b) would become effective upon certification by the Secretary of Commerce that sufficient funding is available to complete the first year of the study required under sec. 304(a) of the Marine Mammal Protection Act of 1972 and the study has commenced; and certification by the Secretary of State to Congress that a binding resolution of the Inter-American Tropical Tuna Commission or other legally binding instrument establishing the International Dolphin Conservation Program has been adopted and is in force.

The Secretary of Commerce made the certification referred to in sec. 8 on July 27, 1998, and the Secretary of State made the certification on March 3, 1999.

(2) Additional measures to enhance current observer coverage, including the establishment of criteria for training, and for improving monitoring and reporting capabilities and procedures.

(3) The designation of well location, procedures for sealing holds, procedures for monitoring and certifying both above and below deck, or through equally effective methods, the tracking and verification of tuna labeled under subsection (d).

(4) The reporting, receipt, and database storage of radio and facsimile transmittals from fishing vessels containing information related to the tracking and verification of tuna, and the definition of set.

(5) The shore-based verification and tracking throughout the fishing, transshipment, and canning process by means of Inter-American Tropical Tuna Commission trip records or otherwise.

(6) The use of periodic audits and spot checks for caught, landed, and processed tuna products labeled in accordance with subsection (d).

(7) The provision of timely access to data required under this subsection by the Secretary from harvesting nations to undertake the actions required in paragraph (6) of this paragraph.

The Secretary may make such adjustments as may be appropriate to the regulations promulgated under this subsection to implement an international tracking and verification program that meets or exceeds the minimum requirements established by the Secretary under this subsection.

The initial finding shall be published immediately in the Federal Register and shall become effective upon a subsequent date determined by the Secretary.

(2) Between July 1, 2001, and December 31, 2002, the Secretary shall, on the basis of the completed study conducted under section 304(a) of the Marine Mammal Protection Act of 1972, information obtained under the International Dolphin Conservation Program, and any other relevant information, make a finding regarding whether the intentional deployment on or encirclement of dolphins with purse seine nets is having a significant adverse impact on any depleted dolphin stock in the eastern tropical Pacific Ocean. (2) The certification by the captain under subsection (d)(2)(B)(i) and the certification provided by the observer as specified under subsection (d)(2)(B)(ii) shall be that no tuna were caught on the trip in which such tuna were harvested using a purse seine net intentionally deployed on or to encircle dolphins, and that no dolphins were killed or seriously injured during the sets in which the tuna were caught, if the tuna were caught on a trip commencing—

(A) before the effective date of the initial finding by the Secretary under subsection (g)(1);

(B) after the effective date of such initial finding and before the effective date of the finding of the Secretary under subsection (g)(2), where the initial finding is that the intentional deployment on or encirclement of dolphins is having a significant adverse impact on any depleted dolphin stock; or

(C) after the effective date of the finding under subsection (g)(2), where such finding is that the intentional deployment on or encirclement of dolphins is having a significant adverse impact on any such depleted stock.

Partial text of Public Law 102-582 [H.R. 2152], 106 Stat. 4900, approved November 2, 1992; as amended by Public Law 104-43 [Fisheries Act of 1995; H.R. 716], 109 Stat. 366, approved November 3, 1995; and Public Law 104-208 [Department of Commerce and Related Agencies Appropriations Act; title II of sec. 101(a) of title I of Public Law 104-208; H.R. 3610], 110 Stat. 3009, approved September 30, 1996

AN ACT To enhance the effectiveness of the United Nations international driftnet fishery conservation program.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1.¹ SHORT TITLE.

This Act may be cited as the “High Seas Driftnet Fisheries Enforcement Act”.

SEC. 2.² FINDINGS AND POLICY.

(a) FINDINGS.—Congress makes the following findings:

(1) Large-scale driftnet fishing on the high seas is highly destructive to the living marine resources and ocean ecosystems of the world’s oceans, including anadromous fish and other living marine resources of the United States.

(2) The cumulative effects of large-scale driftnet fishing pose a significant threat to the marine ecosystem, and slow-reproducing species like marine mammals, sharks, and seabirds may require many years to recover.

(3) Members of the international community have reviewed the best available scientific data on the impacts of large-scale pelagic driftnet fishing, and have failed to conclude that this practice has no significant adverse impacts which threaten the conservation and sustainable management of living marine resources.

(4) The United Nations, via General Assembly Resolutions numbered 44-225, 45-197, and most recently 46-215 (adopted on December 20, 1991), has called for a worldwide moratorium on all high seas driftnet fishing by December 31, 1992, in all the world’s oceans, including enclosed seas and semi-enclosed seas.

(5) The United Nations has commended the unilateral, regional, and international efforts undertaken by members of the international community and international organizations to implement and support the objectives of the General Assembly resolutions.

¹ 16 U.S.C. 1801 note.
² 16 U.S.C. 1826a note.

(6) Operative paragraph (4) of United Nations General Assembly Resolution numbered 46-215 specifically “encourages all members of the international community to take measures individually and collectively to prevent large-scale pelagic driftnet fishing operations on the high seas of the world’s oceans and seas”.

(7) The United States, in section 307(1)(M) of the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1857(1)(M)),³ has specifically prohibited the practice of large-scale driftnet fishing by United States nationals and vessels both within the exclusive economic zone of the United States and beyond the exclusive economic zone of any nation.

(8) The Senate, through Senate Resolution 396 of the One Hundredth Congress (approved on March 18, 1988), has called for a moratorium on fishing in the Central Bering Sea and the United States has taken concrete steps to implement such moratorium through international negotiations.

(9) Despite the continued evidence of a decline in the fishery resources of the Bering Sea and the multiyear cooperative negotiations undertaken by the United States, the Russian Federation, Japan, and other concerned fishing nations, some nations refuse to agree to measures to reduce or eliminate unregulated fishing practices in the waters of the Bering Sea beyond the exclusive economic zones of the United States and the Russian Federation.

(10) In order to ensure that the global moratorium on large-scale driftnet fishing called for in United Nations General Assembly Resolution numbered 46-215 takes effect by December 31, 1992, and that unregulated fishing practices in the waters of the Central Bering Sea are reduced or eliminated, the United States should take the actions described in this Act and encourage other nations to take similar action.

(b) POLICY.—It is the stated policy of the United States to—

(1) implement United Nations General Assembly Resolution numbered 46-215, approved unanimously on December 20, 1991, which calls for an immediate cessation to further expansion of large-scale driftnet fishing, a 50 percent reduction in existing large-scale driftnet fishing effort by June 30, 1992, and a global moratorium on the use of large-scale driftnets beyond the exclusive economic zone of any nation by December 31, 1992;

(2) bring about a moratorium on fishing in the Central Bering Sea, or an international conservation and management agreement to which the United States and the Russian Federation are parties that regulates fishing in the Central Bering Sea; and

(3) secure a permanent ban on the use of destructive fishing practices, and in particular large-scale driftnets, by persons or

³Sec. 211(b) of the Department of Commerce and Related Agencies Appropriations Act, 1997 (title II of sec. 101(a) of title I of Public Law 104-208; 101 Stat. 3009), provided that: “Effective 15 days after the enactment of the Sustainable Fisheries Act [enacted October 11, 1996], all references to the Magnuson Fishery Conservation and Management Act shall be redesignated as references to the Magnuson-Stevens Fishery Conservation and Management Act.”.

vessels fishing beyond the exclusive economic zone of any nation.

(i) upon receipt of notification of the identification of a nation under paragraph (1)(A); or

(4) ADDITIONAL ECONOMIC SANCTIONS.—

(A) DETERMINATION OF EFFECTIVENESS OF SANCTIONS.—

Not later than six months after the date the Secretary of Commerce identifies a nation under paragraph (1), the Secretary shall determine whether—

(i) any prohibition established under paragraph (3) is insufficient to cause that nation to terminate large-scale driftnet fishing conducted by its nationals and vessels beyond the exclusive economic zone of any nation; or

(ii) that nation has retaliated against the United States as a result of that prohibition.

(B) CERTIFICATION.—The Secretary of Commerce shall certify to the President each affirmative determination under subparagraph (A) with respect to a nation.

(C) EFFECT OF CERTIFICATION.—Certification by the Secretary of Commerce under subparagraph (B) is deemed to be a certification under section 8(a) of the Fishermen's Protective Act of 1967 (22 U.S.C. 1978(a)), as amended by this Act.

SEC. 102.⁵ DURATION OF DENIAL OF PORT PRIVILEGES AND SANCTIONS.

This title may be cited as the “Driftnet Impact Monitoring, Assessment, and Control Act of 1987.”

SEC. 4002. FINDINGS

The Congress finds that—

- (1) the use of long plastic driftnets is a fishing technique that may result in the entanglement and death of enormous numbers of target and nontarget marine resources in the waters of the North Pacific Ocean, including the Bering Sea;

- (3) increased efforts are necessary to monitor, assess, and reduce the adverse impacts of driftnets.

Such agreements shall provide for—

(1) the use of a sufficient number of vessels from which scientists of the United States and the foreign governments may observe and gather reliable information; and

(2) appropriate methods of sharing equally the costs associated with such activities.

(b) **REPORT.**—The Secretary, in consultation with the Secretary of State, shall provide to the Congress not later than 1 year after the date of enactment of this Act a full report on the results of negotiations under this section.

(2) other species of fish, wildlife, and plants have been so depleted in numbers that they are in danger of or threatened with extinction;

(3) these species of fish, wildlife, and plants are of esthetic, ecological, educational, historical, recreational, and scientific value to the Nation and its people;

(4) the United States has pledged itself as a sovereign state in the international community to conserve to the extent practicable the various species of fish or wildlife and plants facing extinction, pursuant to—

(A) migratory bird treaties with Canada and Mexico;

(b) PURPOSES.—The purposes of this Act are to provide a means whereby the ecosystems upon which endangered species and threatened species depend may be conserved, to provide a program for the conservation of such endangered species and threatened species, and to take such steps as may be appropriate to achieve the purposes of the treaties and convention set forth in subsection (a) of this section.

(c) POLICY.—(1)⁵ It is further declared to be the policy of Congress that all Federal departments and agencies shall seek to conserve endangered species and threatened species and shall utilize their authorities in furtherance of the purposes of this Act.

(2) Any taking under this subsection may not be accomplished in a wasteful manner.

(3) As used in this subsection—

(i) The term “subsistence” includes selling any edible portion of fish or wildlife in native villages and towns in Alaska for native consumption within native villages or towns; and

(ii) The term “authentic native articles of handicrafts and clothing” means items composed wholly or in some significant respect of natural materials, and which are produced, decorated, or fashioned in the exercise of traditional native handicrafts without the use of pantographs, multiple carvers, or

other mass copying devices. Traditional native handicrafts include, but are not limited to, weaving, carving, stitching, sewing, lacing,³³ beading, drawing, and painting.

(4) Notwithstanding the provisions of paragraph (1) of this subsection, whenever the Secretary determines that any species of fish or wildlife which is subject to taking under the provisions of this subsection is an endangered species or threatened species, and that such taking materially and negatively affects the threatened or endangered species, he may prescribe regulations upon the taking of such species by any such Indian, Aleut, Eskimo, or non-Native Alaskan resident of an Alaskan native village. Such regulations may be established with reference to species, geographical description of the area included, the season for taking, or any other factors related to the reason for establishing such regulations and consistent with the policy of this Act. Such regulations shall be prescribed after a notice and hearings in the affected judicial districts of Alaska and as otherwise required by section 103 of the Marine Mammal Protection Act of 1972, and shall be removed as soon as the Secretary determines that the need for their impositions has disappeared.

(f)³⁴ (1) As used in this subsection—

(A) The term “pre-Act endangered species part” means—

(i) any sperm whale oil, including derivatives thereof, which was lawfully held within the United States on December 28, 1973, in the course of a commercial activity; or

(ii) any finished scrimshaw product, if such product or the raw material for such product was lawfully held within the United States on December 28, 1973, in the course of a commercial activity.

(B) The term “scrimshaw product” means any art form which involves the substantial³⁵ etching or engraving of designs upon, or the substantial³⁵ carving of figures, patterns, or designs from, any bone or tooth of any marine mammal of the order Cetacea. For purposes of this subsection, polishing or the adding of minor superficial markings does not constitute substantial etching, engraving, or carving.³⁶

(2) The Secretary, pursuant to the provisions of this subsection, may exempt, if such exemption is not in violation of the Convention, and pre-Act endangered species part from one or more of the following prohibitions:

(A) The prohibition on exportation from the United States set forth in section 9(a)(1)(A) of this Act.

(B) Any prohibition set forth in section 9(a)(1) (E) or (F) of this Act.

(3) Any person seeking an exemption described in paragraph (2) of this subsection shall make application therefor to the Secretary in such form and manner as he shall prescribe, but no such application may be considered by the Secretary unless the application—

³³ Sec. 1013(c) of Public Law 100-478 struck out “lacking” and inserted in lieu thereof “lacing”.

³⁴ Sec. 2 of Public Law 94-359 (90 Stat. 911) added subsec. (f).

³⁵ Sec. 6(3) of Public Law 97-304 (96 Stat. 1423) inserted “substantial”.

³⁶ Sec. 6(3) of Public Law 97-304 (96 Stat. 1423) added this sentence.

(A) is received by the Secretary before the close of the one-year period beginning on the date on which regulations promulgated by the Secretary to carry out this subsection first take effect;

(B) contains a complete and detailed inventory of all pre-Act endangered species parts for which the applicant seeks exemption;

(C) is accompanied by such documentation as the Secretary may require to prove that any endangered species part or product claimed by the applicant to be a pre-Act endangered species part is in fact such a part; and

(D) contains such other information as the Secretary deems necessary and appropriate to carry out the purposes of this subsection.

(4) If the Secretary approves any application for exemption made under this subsection, he shall issue to the applicant a certificate of exemption which shall specify—

(A) any prohibition in section 9(a) of this Act which is exempted;

(B) the pre-Act endangered species parts to which the exemption applies;

(C) the period of time during which the exemption is in effect, but no exemption made under this subsection shall have force and effect after the close of the three-year period beginning on the date of issuance of the certificate unless such exemption is renewed under paragraph (8);³⁷ and

(D) and term or condition prescribed pursuant to paragraph (5) (A) or (B), or both, which the Secretary deems necessary or appropriate.

(5) The Secretary shall prescribe such regulations as he deems necessary and appropriate to carry out the purposes of this subsection. Such regulations may set forth—

(A) terms and conditions which may be imposed on applicants for exemptions under this subsection (including, but not limited to, requirements that applicants register inventories, keep complete sales records, permit duly authorized agents of the Secretary to inspect and such inventories and records, and periodically file appropriate reports with the Secretary); and

(B) terms and conditions which may be imposed on any subsequent purchaser of any pre-Act endangered species part covered by an exemption granted under this subsection;

to insure that any such part so exempted is adequately accounted for and not disposed of contrary to the provisions of this Act. No regulation prescribed by the Secretary to carry out the purposes of this subsection shall be subject to section 4(f)(2)(A)(i) of this Act.

(6)(A) Any contract for the sale of pre-Act endangered species parts which is entered into by the Administrator of General Services prior to the effective date of this subsection and pursuant to the notice published in the Federal Register on January 9, 1973, shall not be rendered invalid by virtue of the fact that fulfillment of such contract may be prohibited under section 9(a)(1)(F).

³⁷Sec. 7(1) of Public Law 96-159 (93 Stat. 1230) inserted "unless such exemption is renewed under paragraph (8)".

(B) In the event that this paragraph is held invalid, the validity of the remainder of the Act, including the remainder of this subsection, shall not be affected.

(7) Nothing in this subsection shall be construed to—

(A) exonerate any person from any act committed in violation of paragraphs (1)(A), (1)(E), or (1)(F) of section 9(a) prior to the date of enactment of this subsection; or

(B) immunize any person from prosecution for any such act.

(8) (A)(i) Any valid certificate of exemption which was renewed after October 13, 1982, and was in effect on March 31, 1988, shall be deemed to be renewed for a six-month period beginning on the date of enactment of the Endangered Species Act Amendments of 1988. Any person holding such a certificate may apply to the Secretary for one additional renewal of such certificate for a period not to exceed 5 years beginning on the date of such enactment.

(B) If the Secretary approves any application for renewal of an exemption under this paragraph, he shall issue to the applicant a certificate of renewal of such exemption which shall provide that all terms, conditions, prohibitions, and other regulations made applicable by the previous³⁹ certificate shall remain in effect during the period of the renewal.

(C) No exemption or renewal of such exemption made under this subsection shall have force and effect after the expiration date of the certificate of renewal of such exemption issued under this paragraph.

(D)⁴⁰ No person may, after January 31, 1984, sell or offer for sale in interstate or foreign commerce, any pre-Act finished scrimshaw product unless such person holds a valid certificate of exemption issued by the Secretary under this subsection, and unless such product or the raw material for such product was held by such person on October 13, 1982.⁴¹

³⁸Sec. 7(2) of Public Law 96-159 (93 Stat. 1230) added para. (8). As enrolled, subpara. (A) has no clause (ii). Subsequently, Public Law 100-478 (102 Stat. 2314) amended and restated para. 8(A), which previously read as follows:

“(8)(A) Any person to whom a certificate of exemption has been issued under paragraph (4) of this subsection may apply to the Secretary for a renewal of such exemption for a period not to exceed three years beginning on the expiration date of such certificate. Such application shall be made in the same manner as the application for exemption was made under paragraph (3), but without regard to subparagraph (A) of such paragraph.”

Sec. 18 of Public Law 103-238 (108 Stat. 559) provided the following:

“SEC. 18. SCRIMSHAW EXEMPTIONS.

“Notwithstanding any other provision of law, any valid certification of exemption renewed by the Secretary (or deemed to be renewed) under section 10(f)(8) of the Endangered Species Act of 1973 (16 U.S.C. 1539(f)(8)) for any person holding such a certificate with respect to the possession of pre-Act finished scrimshaw products or raw material for such products shall remain valid for a period not to exceed 5 years beginning on the date of enactment of this Act.” [April 30, 1994].

³⁹Sec. 1011(b) of Public Law 100-478 (102 Stat. 2314) struck out “original” and inserted in lieu thereof “previous”.

⁴⁰Sec. 1011(c) of Public Law 100-478 (102 Stat. 2314) added subpara. (D).

(9) had required the Secretary to conduct a review of the effectiveness of the regulations prescribed pursuant to sec. 10(f)(5). In addition, subpara. (9) required that:

“The Secretary shall submit a report of such review to the Committee on Merchant Marine and Fisheries of the House of Representatives and the Committee on the Environment and Public Works of the Senate and make it available to the general public. Based on such review, the Secretary shall, on or before October 1, 1983, propose and adopt such revisions to such regulations as he deems necessary and appropriate to carry out this paragraph. Upon publication of such revised regulations, the Secretary may renew for a further period

(g)⁴² In connection with any action alleging a violation of section 9, any person claiming the benefit of any exemption or permit under this Act shall have the burden of proving that the exemption or permit is applicable, has been granted, and was valid and in force at the time of the alleged violation.

(h)⁴³ CERTAIN ANTIQUE ARTICLES.—(1) Sections 4(d), 9(a), and 9(c) do not apply to any article⁴⁴ which—

(A)⁴⁵ is not less than 100 years of age;

(B) is composed in whole or in part of any endangered species or threatened species listed under section 4;

(C) has not been repaired or modified with any part of any such species on or after the date of the enactment of this Act; and

(D) is entered at a port designated under paragraph (3).

(2) Any person who wishes to import an article under the exception provided by this subsection shall submit to the customs officer concerned at the time of entry of the article such documentation as the Secretary of the Treasury, after consultation with the Secretary of the Interior, shall by regulation require as being necessary to establish that the article meets the requirements set forth in paragraphs (1) (A), (B), and (C).

(3) The Secretary of the Treasury, after consultation with the Secretary of the Interior, shall designate one port within each customs region at which articles described in paragraphs (1) (A), (B), and (C) must be entered into the customs territory of the United States.

(4) Any person who imported, after December 27, 1973, and on or before the date of the enactment of the Endangered Species Act Amendments of 1978, any article described in paragraph (1) which—

(A) was not repaired or modified after the date of importation with any part of any endangered species or threatened species listed under section 4;

(B) was forfeited to the United States before such date of the enactment, or is subject to forfeiture to the United States on such date of enactment, pursuant to the assessment of civil penalty under section 11; and

(C) is in the custody of the United States on such date of enactment;

of not to exceed three years any certificate of exemption previously renewed under paragraph (8) of this subsection, subject to such new terms and conditions as are necessary and appropriate under the revised regulations; except that any certificate of exemption that would, but for this clause, expire on or after the date of enactment of this paragraph and before the date of the adoption of such regulations may be extended until such time after the date of adoption as may be necessary for purposes of applying such regulations to the certificate. Notwithstanding the foregoing, however, no person may, after January 31, 1984, sell or offer for sale in interstate or foreign commerce any pre-Act finished scrimshaw product unless such person has been issued a valid certificate of exemption by the Secretary under this subsection and unless such product or the raw material for such product was held by such person on the date of the enactment of this paragraph.”

⁴³ Sec. 5 of Public Law 95-632 (92 Stat. 3760) added subsec. (h).

⁴⁴ Sec. 6(4)(A)(i) of Public Law 97-304 (96 Stat. 1424) struck out the parenthetical phrase “(other than scrimshaw)”, which previously appeared at this point.

⁴⁵ Sec. 6(4)(A)(ii) of Public Law 97-304 (96 Stat. 1424) amended and restated subpara. (A) It formerly read as follows:

“(A) was made before 1830;”.

may, before the close of the one-year period beginning on such date of enactment, make application to the Secretary for return of the article. Application shall be made in such form and manner, and contain such documentation, as the Secretary prescribes. If on the basis of any such application which is timely filed, the Secretary is satisfied that the requirements of this paragraph are met with respect to the article concerned, the Secretary shall return the article to the applicant and the importation of such article shall, on and after the date of return, be deemed to be a lawful importation under this Act.

(i)⁴⁶ NONCOMMERCIAL TRANSSHIPMENTS.—Any importation into the United States of fish or wildlife shall, if—

(1) such fish or wildlife was lawfully taken and exported from the country of origin and country of reexport, if any;

(3) the exporter or owner of such fish or wildlife gave explicit instructions not to ship such fish or wildlife through any place subject to the jurisdiction of the United States, or did all that could have reasonably been done to prevent transshipment, and the circumstances leading to the transshipment were beyond the exporter's or owner's control;

(4) the applicable requirements of the Convention have been satisfied; and

(5) such importation is not made in the course of a commercial activity,

(j)⁴⁷ EXPERIMENTAL POPULATIONS.—(1) For purposes of this subsection, the term “experimental population” means any population (including any offspring arising solely therefrom) authorized by the Secretary for release under paragraph (2), but only when, and at such times as, the population is wholly separate geographically from nonexperimental populations of the same species.

(2)(A) The Secretary may authorize the release (and the related transportation) of any population (including eggs, propagules, or individuals) of an endangered species or a threatened species outside the current range of such species if the Secretary determines that such release will further the conservation of such species.

(B) Before authorizing the release of any population under subparagraph (A), the Secretary shall by regulation identify the population and determine, on the basis of the best available information, whether or not such population is essential to the continued existence of an endangered species or a threatened species.

(C) For the purposes of this Act, each member of an experimental population shall be treated as a threatened species; except that—

(i) solely for purposes of section 7 (other than subsection (a)(1) thereof), an experimental population determined under

(ii) critical habitat shall not be designated under this Act for any experimental population determined under subparagraph (B) to be not essential to the continued existence of a species.

(3) The Secretary, with respect to populations of endangered species or threatened species that the Secretary authorized, before the date of the enactment of this subsection, for release in geographical areas separate from the other populations of such species, shall determine by regulation which of such populations are an experimental population for the purposes of this subsection and whether or not each is essential to the continued existence of an endangered species or a threatened species.

AN ACT To protect marine mammals; to establish a Marine Mammal Commission; and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act, with the following table of contents, may be cited as the “Marine Mammal Protection Act of 1972”.

* * * * *

FINDINGS AND DECLARATION OF POLICY¹**Sec. 2.**² The Congress finds that—

(1) certain species and population stocks of marine mammals are, or may be, in danger of extinction or depletion as a result of man's activities;

(2) such species and population stocks should not be permitted to diminish beyond the point at which they cease to be a significant functioning element in the ecosystem of which they are a part, and, consistent with this major objective, they should not be permitted to diminish below their optimum sustainable population. Further measures should be immediately taken to replenish any species or population stock which has already diminished below that population. In particular, efforts should be made to protect essential habitats, including³ the rookeries, mating grounds, and areas of similar significance for each species of marine mammal from the adverse effect of man's actions;

(3) there is inadequate knowledge of the ecology and population dynamics of such marine mammals and of the factors which bear upon their ability to reproduce themselves successfully;

(4) negotiations should be undertaken immediately to encourage the development of international arrangements for research on, and conservation of, all marine mammals;

(5) marine mammals and marine mammal products either—

(A) move in interstate commerce, or

(B) affect the balance of marine ecosystems in a manner which is important to other animals and animal products which move in interstate commerce, and that the protection and conservation of marine mammals and their habitats⁴ is therefore necessary to insure the continuing availability of those products which move in interstate commerce; and

(6) marine mammals have proven themselves to be resources of great international significance, esthetic and recreational as well as economic, and it is the sense of the Congress that they should be protected and encouraged to develop to the greatest

¹Sec. 602 of the Foreign Relations Authorization Act, Fiscal Year 1979 (92 Stat. 985), contained the following sense of the Congress expressing its concern over the continuing destruction of marine mammals:

"SEC. 602. It is the sense of the Congress that the President should convey to all countries having an interest in cetacean sea life the serious concern of the Congress regarding the continuing destruction of these marine mammals (highlighted by the recent slaughter of dolphins in the Sea of Japan by Japanese fishermen) and should encourage such countries—

"(1) to join in international discussions with other such countries in order to advance general understanding of cetacean life and thereby facilitate an effective use of the living marine resources of the world which does not jeopardize the natural balance of the aquatic environment;

"(2) to participate in an exchange of information with the National Marine Fisheries Service of the United States Department of Commerce, including cooperation in studies of—

"(A) the impact of cetaceans on ecologically related human foodstuffs, and

"(B) alternative methods of dealing with cetacean problems as they occur;

"(3) to cooperate in establishing an international cetacean commission to advance understanding of cetacean life and to insure the effective conservation and protection of cetaceans on a global scale; and

"(4) to adopt comprehensive marine mammal protection legislation."

²16 U.S.C. 1361.

³Sec. 3(1) of Public Law 103-238 (108 Stat. 532) inserted "essential habitats, including".

⁴Sec. 3(2) of Public Law 103-238 (108 Stat. 532) inserted "and their habitats".

extent feasible commensurate with sound policies of resource management and that the primary objective of their management should be to maintain the health and stability of the marine ecosystem. Whenever consistent with this primary objective, it should be the goal to obtain an optimum sustainable population keeping in mind the⁵ carrying capacity of the habitat.

DEFINITIONS

Sec. 3.⁶ For the purposes of this Act—

(1)⁷ The term “depletion” or “depleted” means any case in which—

(A) the Secretary, after consultation with the Marine Mammal Commission and the Committee of Scientific Advisors on Marine Mammals established under title II of this Act, determines that a species or population stock is below its optimum sustainable population;

(B) a State, to which authority for the conservation and management of a species or population stock is transferred under the Endangered Species Act of 1973,⁸ determines that such species or stock is below its optimum sustainable population; or

(C) a species or population stock is listed as an endangered species or a threatened species under the Endangered Species Act of 1973 (16 U.S.C. 1531 et seq.).

(2) The terms “conservation” and “management” means the collection and application of biological information for the purposes of increasing and maintaining the number of animals within species and populations of marine mammals at their optimum sustainable population.⁹ Such terms include the entire scope of activities that constitute a modern scientific resource program, including, but not limited to, research, census, law enforcement, and habitat acquisition and improvement. Also included within these terms, when and where appropriate, is the periodic or total protection of species or populations as well as regulated taking.

(3) The term “district court of the United States” includes the District Court of Guam, District Court of the Virgin Islands, District Court of Puerto Rico, District Court of the Canal Zone, and, in the case of American Samoa and the Trust Territory of the Pacific Islands, the District Court of the United States for the District of Hawaii.

(4) The term “humane” in the context of the taking of a marine mammal means that method of taking which involves the least possible degree of pain and suffering practicable to the mammal involved.

⁵Sec. 1(b)(1) of Public Law 97-58 (95 Stat. 979) struck out “optimum” which previously appeared at this point.

⁶16 U.S.C. 1362.

⁷Sec. 1(b)(2)(A) of Public Law 97-58 (95 Stat. 979) amended and restated para. (1).

⁹Sec. 1(b)(2)(B) of Public Law 97-58 (95 Stat. 979) struck out “the optimum carrying capacity of their habitat” and inserted in lieu thereof “their optimum sustainable population”.

(5)¹⁰ The term “intermediary nation” means a nation that exports yellowfin tuna or yellowfin tuna products to the United States and that imports yellowfin tuna or yellowfin tuna products that are subject to a direct ban on importation into the United States pursuant to section 101(a)(2)(B).

(6)¹⁰ The term “marine mammal” means any mammal which (A) is morphologically adapted to the marine environment (including sea otters and members of the orders Sirenia, Pinnipedia and Cetacea), or (B) primarily inhabits the marine environment (such as the polar bear); and, for the purposes of this chapter, includes any part of any such marine mammal, including its raw, dressed, or dyed fur or skin.

(7)¹⁰ The term “marine mammal product” means any item of merchandise which consists, or is composed in whole or in part, of any marine mammal.

(8)¹⁰ The term “moratorium” means a complete cessation of the taking of marine mammals and a complete ban on the importation into the United States of marine mammals and marine mammal products, except as provided in this chapter.

(9)¹⁰ The term “optimum sustainable population” means, with respect to any population stock, the number of animals which will result in the maximum productivity of the population or the species, keeping in mind the carrying capacity¹¹ of the habitat and the health of the ecosystem of which they form a constituent element.

(10)¹⁰ The term “person” includes (A) any private person or entity, and (B) any officer, employee, agent, department, or instrumentality of the Federal Government, of any State or political subdivision thereof, or of any foreign government.

(11)¹⁰ The term “population stock” or “stock” means a group of marine mammals of the same species or smaller taxa in a common spatial arrangement, that interbreed when mature.

(12)¹⁰ (A)¹² Except as provided in subparagraph (B), the term “Secretary” means—

(i) the Secretary of the department in which the National Oceanic and Atmospheric Administration is operating, as to all responsibility, authority, funding, and duties under this chapter with respect to members of the order Cetacea and members, other than walruses, of the order Pinnipedia, and

(ii) the Secretary of the Interior as to all responsibility, authority, funding, and duties under this chapter with respect to all other marine mammals covered by this chapter.

¹⁰Sec. 401(a) of Public Law 102-582 (106 Stat. 4909) redesignated paras. (5) through (14) as paras. (6) through (15) and added a new para. (5).

¹¹Public Law 97-58 (95 Stat. 979) struck out “optimum carrying capacity” and inserted in lieu thereof “carrying capacity”.

¹²Sec. 3004(b) of Public Law 102-587 (106 Stat. 5067) added subpara. designation (A) to para. (11) (redesignated as para. (12)), added new subpara. (B), and redesignated former text as clauses. See also sec. 24(a) of Public Law 103-238 (108 Stat. 565) relating to the amendment, wherein the amendment is deemed to be applicable to sec. 3(12).

TITLE I—CONSERVATION AND PROTECTION OF MARINE MAMMALS

MORATORIUM AND EXCEPTIONS

Sec. 101.²² (a) There shall be a moratorium on the taking and importation of marine mammals and marine mammal products, commencing on the effective date of this Act, during which time no permit may be issued for the taking of any marine mammal and no marine mammal or marine mammal product may be imported into the United States except in the following cases:

(1)²³ Consistent with the provisions of section 104, permits may be issued by the Secretary for taking, and importation for purposes of scientific research, public display, photography for educational or commercial purposes, or enhancing the survival or recovery of a species or stock, or for importation of polar bear parts (other than internal organs) taken in sport hunts in Canada. Such permits, except permits issued under section 104(c)(5), may be issued if the taking or importation proposed to be made is first reviewed by the Marine Mammal Commission and the Committee of Scientific Advisors on Marine Mammals established under title II. The Commission and Committee shall recommend any proposed taking or importation, other than importation under section 104(c)(5), which is consistent with the purposes and policies of section 2 of this Act. If the Secretary issues such a permit for importation, the Secretary shall issue to the importer concerned a certificate to that effect in such form as the Secretary of the Treasury prescribes, and such importation may be made upon presentation of the certificate to the customs officer concerned.

(2) Marine mammals may be taken incidentally in the course of commercial fishing operations and permits may be issued therefor under section 104 subject to regulations prescribed by the Secretary in accordance with section 103, or in lieu of such permits, authorizations may be granted therefor under section 118, subject to regulations prescribed under that section by the Secretary without regard to section 103.²⁴ Such authorizations may be granted under title III with respect to purse seine fishing for yellowfin tuna in the eastern tropical Pacific Ocean, subject to regulations prescribed under that title by the Secretary without regard to section 103.²⁵ In any event it shall be the immediate goal that the incidental kill or incidental serious

injury of marine mammals permitted in the course of commercial fishing operations be reduced to insignificant levels approaching a zero mortality and serious injury rate.²⁶ The Secretary of the Treasury shall ban the importation of commercial fish or products from fish which have been caught with commercial fishing technology which results in the incidental kill or incidental serious injury of ocean mammals in excess of United States standards.

For purposes of applying the preceding sentence, the Secretary—

(A) Shall insist on reasonable proof from the government of any nation from which fish or fish products will be exported to the United States of the effects on ocean mammals of the commercial fishing technology in use for such fish or fish products exported from such nation to the United States;²⁷

(B)²⁸ in the case of yellowfin tuna harvested with purse seine nets in the eastern tropical Pacific Ocean, and products therefrom, to be exported to the United States, shall require that the government of the exporting nation provide documentary evidence that—

(i)(I) the tuna or products therefrom were not banned from importation under this paragraph before the effective date of section 4 of the International Dolphin Conservation Program Act; or

(II) the tuna or products therefrom were harvested after the effective date of section 4 of the International Dolphin Conservation Program Act by vessels of a nation which participates in the International Dolphin Conservation Program, and such harvesting nation is either a member of the Inter-American Tropical Tuna Commission or has initiated (and within 6 months thereafter completed) all steps required of applicant nations, in accordance with article V, paragraph 3 of the Convention establishing the Inter-American Tropical Tuna Commission, to become a member of that organization;

(ii) such nation is meeting the obligations of the International Dolphin Conservation Program and the obligations of membership in the Inter-American Tropical Tuna Commission, including all financial obligations; and

(iii) the total dolphin mortality limits, and per-stock per-year dolphin mortality limits permitted for that nation's vessels under the International Dolphin Conservation Program do not exceed the limits determined for 1997, or for

Subsequently, sec. 4(a)(2) of Public Law 105-42 (111 Stat. 1123) struck out “; provided that this goal shall be satisfied in the case of the incidental taking of marine mammals in the course of purse seine fishing for yellowfin tuna by a continuation of the application of the best marine mammal safety techniques and equipment that are economically and technologically practicable” which previously appeared at this point.

²⁷Sec. 4(a) of Public Law 100-711 (102 Stat. 4765) struck out “and” which previously appeared at this point.

²⁸Sec. 4(b)(1) of Public Law 105-42 (111 Stat. 1123) struck out subpara. (B) and inserted in lieu thereof a new subpara. (B). Previously, subpara. (B) had been amended by sec. 101 of Public Law 98-364 (98 Stat. 440), by sec. 4(a)(2) of Public Law 100-711 (102 Stat. 4765), and by sec. 4(a)(2) of Public Law 100-711 (102 Stat. 4765).

- (i) the government of the harvesting nation does not provide directly or authorize the Inter-American Tropical Tuna Commission to release complete and accurate information to the Secretary in a timely manner—
 - (I) to allow determination of compliance with the International Dolphin Conservation Program; and
 - (II) for the purposes of tracking and verifying compliance with the minimum requirements established by the Secretary in regulations promulgated under subsection (f) of the Dolphin Protection Consumer Information Act (16 U.S.C. 1385(f)); or
 - (ii) after taking into consideration such information, findings of the Inter-American Tropical Tuna Commission, and any other relevant information, including information that a nation is consistently failing to take enforcement actions on violations which diminish the effectiveness of the International Dolphin Conservation Program, the Secretary, in consultation with the Secretary of State, finds that the harvesting nation is not in compliance with the International Dolphin Conservation Program.
- (D)²⁹ shall require the government of any intermediary nation to certify and provide reasonable proof to the Secretary that it has not imported, within the preceding six months, any yellowfin tuna or yellowfin tuna products that are subject to a direct ban on importation to the United States under subparagraph (B);
- (E)²⁹ shall, six months after importation of yellowfin tuna or tuna products has been banned under this section, certify such fact to the President, which certification shall be deemed to be a certification for the purposes of section 8(a) of the Fishermen's Protective Act of 1967 (22 U.S.C. 1978(a)) for as long as such ban is in effect; and²⁷
- (F)²⁹ (i) except as provided in clause (ii), in the case of fish or products containing fish harvested by a nation whose fishing vessels engage in high seas driftnet fishing, shall require that the government of the exporting nation provide documentary evidence that the fish or fish product was not harvested with a large-scale driftnet in the South Pacific Ocean after July 1, 1991, or in any other water of the high seas after January 1, 1993,³⁰ and

For purpose of subparagraph (F),³¹ the term “driftnet” has the meaning given such term in section 4003 of the Driftnet Impact Monitoring, Assessment, and Control Act of 1987 (16 U.S.C. 1822 note), except that, until January 1, 1994, the term “driftnet” does not include the use in the northeast Atlantic Ocean of gillnets with a total length not to exceed five kilometers if the use is in accordance with regulations adopted by the European Community pursuant to the October 28, 1991, decision by the Council of Fisheries Ministers of the Community.³²

(3)(A) The Secretary, on the basis of the best scientific evidence available and in consultation with the Marine Mammal Commission, is authorized and directed, from time to time, having due regard to the distribution, abundance, breeding habits, and times and lines of migratory movements of such marine mammals, to determine when, to what extent, if at all, and by what means, it is compatible with this Act to waive the requirements of this section so as to allow taking, or importing of any marine mammal, or any marine mammal product, and to adopt suitable regulations, issue permits, and make determinations in accordance with sections 102, 103, 104, and 111 of this title permitting and governing such taking and importing, in accordance with such determinations: *Provided, however,* That the Secretary, in making such determinations, must be assured that the taking of such marine mammals is in accord with sound principles of resource protection and conservation as provided in the purposes and policies of this Act: *Provided further, however,* That no marine mammal or no marine mammal product may be imported into the United States unless the Secretary certifies that the program for taking marine mammals in the country of origin is consistent with the provisions and policies of this Act. Products of nations not so certified may not be imported into the United States for any purpose, including processing for exportation.

(B) Except for scientific research purposes, photography for educational or commercial purposes,³³ or enhancing the survival or recovery of a species or stock³⁴ as provided for in paragraph (1) of this subsection, or as provided for under paragraph (5) of this subsection,³⁵ during the moratorium no permit may be issued for the taking of any marine mammal

which³⁶ has been designated by the Secretary as depleted, and no importation may be made of any such mammal.

(4)³⁷ (A) Except as provided in subparagraphs (B) and (C), the provisions of this Act shall not apply to the use of measures—

(i) by the owner of fishing gear or catch, or an employee or agent of such owner, to deter a marine mammal from damaging the gear or catch;

(ii) by the owner of other private property, or an agent, bailee, or employee of such owner, to deter a marine mammal from damaging private property;

(iii) by any person, to deter a marine mammal from endangering personal safety; or

(iv) by a government employee, to deter a marine mammal from damaging public property, so long as such measures do not result in the death or serious injury of a marine mammal.

(B) The Secretary shall, through consultation with appropriate experts, and after notice and opportunity for public comment, publish in the Federal Register a list of guidelines for use in safely deterring marine mammals. In the case of marine mammals listed as endangered species or threatened species under the Endangered Species Act of 1973, the Secretary shall recommend specific measures which may be used to non-lethally deter marine mammals. Actions to deter marine mammals consistent with such guidelines or specific measures shall not be a violation of this Act.

(C) If the Secretary determines, using the best scientific information available, that certain forms of deterrence have a significant adverse effect on marine mammals, the Secretary may prohibit such deterrent methods, after notice and opportunity for public comment, through regulation under this Act.

(D) The authority to deter marine mammals pursuant to subparagraph (A) applies to all marine mammals, including all stocks designated as depleted under this Act.

(5)(A)(i)³⁸ Upon request therefor by citizens of the United States who engage in a specified activity (other than commercial fishing) within a specified geographical region, the Secretary shall allow, during periods of not more than five consecutive years each, the incidental, but not intentional, taking by citizens while engaging in that activity within that region

(ii)³⁸ For a military readiness activity (as defined in section 315(f) of Public Law 107-314; 16 U.S.C. 703 note), a determination of 'least practicable adverse impact on such species or stock' under clause (i)(II)(aa) shall include consideration of personnel safety, practicality of implementation, and impact on the effectiveness of the military readiness activity. Before making the required determination, the Secretary shall consult with the Department of Defense regarding personnel safety, practicality of implementation, and impact on the effectiveness of the military readiness activity.

(iii)³⁸ Notwithstanding clause (i), for any authorization affecting a military readiness activity (as defined in section 315(f) of Public Law 107-314; 16 U.S.C. 703 note), the Secretary shall publish the notice required by such clause only in the Federal Register.

(B) The Secretary shall withdraw, or suspend for a time certain (either on an individual or class basis, as appropriate) the permission to take marine mammals under subparagraph (A) pursuant to a specified activity within a specified geographical region if the Secretary finds, after notice and opportunity for public comment (as required under subparagraph (A) unless subparagraph (C)(i) applies), that—

 - (ii) the taking allowed under subparagraph (A) pursuant to one or more activities within one or more regions is having, or may have, more than a negligible impact on the species or stock concerned.
- (C)(i) The requirement for notice and opportunity for public comment in subparagraph (B) shall not apply in the case of a suspension of permission to take if the Secretary determines that an emergency exists which poses a significant risk to the well-being of the species or stock concerned.

(iii) The Secretary shall publish a proposed authorization not later than 45 days after receiving an application under this subparagraph and request public comment through notice in the Federal Register, newspapers of general circulation, and appropriate electronic media and to all locally affected communities for a period of 30 days after publication. Not later than 45 days after the close of the public comment period, if the Secretary makes the findings set forth in clause (i), the Secretary shall issue an authorization with appropriate conditions to meet the requirements of clause (ii).

(v) A person conducting an activity for which an authorization has been granted under this subparagraph shall not be subject to the penalties of this Act for taking by harassment that occurs in compliance with such authorization.

(vi)⁴⁴ For a military readiness activity (as defined in section 315(f) of Public Law 107-314; 16 U.S.C. 703 note), a determination of “least practicable adverse impact on such species or stock” under clause (i)(I) shall include consideration of personnel safety, practicality of implementation, and impact on the effectiveness of the military readiness activity. Before making the required determination, the Secretary shall consult with the Department of Defense regarding personnel safety, practicality of implementation, and impact on the effectiveness of the military readiness activity.

(vii)⁴⁴ Notwithstanding clause (iii), for any authorization affecting a military readiness activity (as defined in section 315(f) of Public Law 107-314; 16 U.S.C. 703 note), the Secretary shall publish the notice required by such clause only in the Federal Register.

(E)⁴³ (i) During any period of up to 3 consecutive years, the Secretary shall allow the incidental, but not the intentional, taking by persons using vessels of the United States or vessels which have valid fishing permits issued by the Secretary in accordance with section 204(b) of the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1824(b)),⁴⁵ while engaging in commercial fishing operations, of marine mammals from a species or stock designated as depleted because of its listing as an endangered species or threatened species under the Endangered Species Act of 1973 (16 U.S.C. 1531 et seq.) if the Secretary, after notice and opportunity for public comment, determines that—

(I) the incidental mortality and serious injury from commercial fisheries will have a negligible impact on such species or stock;

(II) a recovery plan has been developed or is being developed for such species or stock pursuant to the Endangered Species Act of 1973; and

(III) where required under section 118, a monitoring program is established under subsection (d) of such section, vessels engaged in such fisheries are registered in accordance with such section, and a take reduction plan has been developed or is being developed for such species or stock.

(ii) Upon a determination by the Secretary that the requirements of clause (i) have been met, the Secretary shall publish in the Federal Register a list of those fisheries for which such determination was made, and, for vessels required to register under section 118, shall issue an appropriate permit for each authorization granted under such section to vessels to which this paragraph applies. Vessels engaged in a fishery included in the notice published by the Secretary under this clause which are not required to register under section 118 shall not be subject to the penalties of this Act for the incidental taking of marine mammals to which this paragraph applies, so long as the owner or master of such vessel reports any incidental mortality or injury of such marine mammals to the Secretary in accordance with section 118.

(iii) If, during the course of the commercial fishing season, the Secretary determines that the level of incidental mortality or serious injury from commercial fisheries for which a determination was made under clause (i) has resulted or is likely to result in an impact that is more than negligible on the endangered or threatened species or stock, the Secretary shall use the emergency authority granted under section 118 to protect such species or stock, and may modify any permit granted under this paragraph as necessary.

(iv) The Secretary may suspend for a time certain or revoke a permit granted under this subparagraph only if the Secretary determines that the conditions or limitations set forth in such permit are not being complied with. The Secretary may amend or modify, after notice and opportunity for public comment, the list of fisheries published under clause (ii) whenever the Secretary determines there has been a significant change in the information or conditions used to determine such list.

(v) Sections 103 and 104 shall not apply to the taking of marine mammals under the authority of this subparagraph.

(vi) This subparagraph shall not govern the incidental taking of California sea otters and shall not be deemed to amend or repeal the Act of November 7, 1986 (Public Law 99-625; 100 Stat. 3500).

(F)⁴⁶ Notwithstanding the provisions of this subsection, any authorization affecting a military readiness activity (as defined

AN ACT To protect the rights of vessels of the United States on the high seas and in territorial waters of foreign countries.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That for the purposes of this Act² the term "vessel of the United States" shall mean any private vessel documented or certificated under the laws of the United States. Notwithstanding any other law, the documentation or certification of any such vessel shall not be considered to be affected, for the purposes of this Act, in any manner or to any extent if at any time during any voyage for the purpose of fishing beyond the fishery conservation zone (as defined in section 3(8) of the Magnuson-Stevens Fishery Conservation and Management Act

¹Public Law 90-482 (92 Stat. 729) provided that this Act may be cited as the "Fishermen's Protective Act of 1967".

²22 U.S.C. 1971.

(16 U.S.C. 1802(8)),³ the vessel is commanded by other than a citizen of the United States.⁴

Sec. 2.⁵ If—

(1)⁶ any vessel of the United States is seized by a foreign country on the basis of claims to jurisdiction that are not recognized by the United States, or on the basis of claims to jurisdiction recognized by the United States but exercised in a manner inconsistent with international law as recognized by the United States;

(2) any general claim of any foreign country to exclusive fishery management authority is recognized by the United States, and any vessel of the United States is seized by such foreign country on the basis of conditions and restrictions under such claim, if such conditions and restrictions—

(A) are unrelated to fishery conservation and management,

(B) fail to consider and take into account traditional fishing practices of vessels of the United States,

(C) are greater or more onerous than the conditions and restrictions which the United States applies to foreign fishing vessels subject to the exclusive fishery management authority of the United States (as established in title I of the Magnuson-Stevens Fishery Conservation and Management Act),⁷ or

(D) fail to allow fishing vessels of the United States equitable access to fish subject to such country's exclusive fishery management authority;

the Secretary of State, unless there is clear and convincing credible evidence that the seizure did not meet the requirements under

³Now the "exclusive economic zone". For definition, see sec. 3(6) of the Magnuson-Stevens Fishery Conservation and Management Act. See also Presidential Proclamation No. 5030 (48 F.R. 10605).

Sec. 211(b) of the Department of Commerce and Related Agencies Appropriations Act, 1997 (title II of sec. 101(a) of title I of Public Law 104-208; 101 Stat. 3009), provided that: "Effective 15 days after the enactment of the Sustainable Fisheries Act [enacted October 11, 1996], all references to the Magnuson Fishery Conservation and Management Act shall be redesignated as references to the Magnuson-Stevens Fishery Conservation and Management Act."

⁴Sec. 14 of Public Law 95-541 (92 Stat. 2057) added this sentence.

⁵22 U.S.C. 1972. Sec. 403(a) of the Magnuson Fishery Conservation and Management Act of 1976 (Public Law 94-265; 90 Stat. 360) amended and restated sec. 2. The amendments made by Sec. 403 became effective on March 1, 1977. Sec. 2 formerly read as follows:

"Sec. 2. In any case where—

"(a) a vessel of the United States is seized by a foreign country on the basis of rights or claims in territorial waters or the high seas which are not recognized by the United States; and

"(b) there is no dispute of material facts with respect to the location or activity of such vessel at the time of such seizure, the Secretary of State shall as soon as practicable take such action as he deems appropriate to attend to the welfare of such vessel and its crew while it is held by such country to secure the release of such vessel and crew, and to immediately ascertain the amount of any fine, fee, or other direct charge which may be reimbursable under section 3(a)."

⁶Sec. 303(a)(1) of Public Law 98-364 (98 Stat. 444) amended and restated para. (1), which formerly read as follows:

"(1) any vessel of the United States is seized by a foreign country on the basis of claims by territorial waters or the high seas which are not recognized by the United States; or"

Sec. 303(c) of Public Law 98-364 further stated that this amendment would apply with respect to seizures made after April 1, 1983, by foreign countries of vessels of the United States.

⁷Sec. 211(b) of the Department of Commerce and Related Agencies Appropriations Act, 1997 (title II of sec. 101(a) of title I of Public Law 104-208; 101 Stat. 3009), provided that: "Effective 15 days after the enactment of the Sustainable Fisheries Act [enacted October 11, 1996], all references to the Magnuson Fishery Conservation and Management Act shall be redesignated as references to the Magnuson-Stevens Fishery Conservation and Management Act."

paragraph (1) or (2), as the case may be, shall immediately take such steps as are necessary—⁸

(i) for the protection of such vessel and for the health and welfare of its crew;

(ii) to secure the release of such vessel and its crew; and

(iii) to determine the amount of any fine, license fee, registration fee, or other direct charge reimbursable under section 3(a) of this Act.

Sec. 3.⁹ (a) In any case where a vessel of the United States is seized by a foreign country under the conditions of section 2 and a fine, license fee, registration fee, or any other direct charge⁹ must be paid in order to secure the prompt release of the vessel and crew, the owners of the vessel shall be reimbursed by the Secretary of State in the amount certified by him¹⁰ as being the amount of the fine, license fee, registration fee, or any other direct charge actually paid. For purposes of this section, the term "other direct charge" means any levy, however characterized or computed (including, but not limited to, any computation based on the value of a vessel or the value of fish or other property on board a vessel), which is imposed in addition to any fine, license fee, or registration fee.¹¹ Any reimbursement under this section shall be made from the Fishermen's Protective Fund established pursuant to section 9.

(b)⁹ The Secretary of State shall make a determination and¹² certification under subsection (a) of this section as soon as possible after he is notified pursuant to section 2(b) of the amounts of the fines, fees, and other direct charges which were paid by the owners to secure the release of their vessel and crew. The amount of reimbursement made by the Secretary of State¹² to the owners of any vessel under subsection (a) of this section shall constitute a lien on the vessel which may be recovered in proceedings by libel in rem in the district court of the United States for any district within which the vessel may be. Any such lien shall terminate on the ninetieth day after the date on which the Secretary of State¹² reimburses the owners under this section unless before such ninetieth day the United States initiates action to enforce the lien.

⁸Sec. 303(a)(2) of Public Law 98-364 (98 Stat. 444) struck out "and there is no dispute as to the material facts with respect to the location or activity of such vessel at the time of such seizure, the Secretary of State shall immediately take such steps as are necessary—" and inserted in lieu thereof the text to this point after "(D)".

Sec. 303(c) of Public Law 98-364 further stated that this amendment would apply with respect to seizures made after April 1, 1983, by foreign countries of vessels of the United States.

⁹22 U.S.C. 1973. Public Law 90-482 (92 Stat. 729) inserted "license fee, registration fee, or any other direct charge." Public Law 92-569 (100 Stat. 3706) redesignated sec. 3 as sec. 3(a), added the last sentence, and added a new subsec. (b).

Public Law 92-569 also provided:

"SEC. 6. The amendment made by this Act shall apply with respect to seizures of vessels of the United States occurring on or after the date of the enactment of this Act; except that reimbursements under section 3 of the Fishermen's Protective Act of 1967 (as in effect before such date of enactment) may be made from the fund established by the amendment made by section 5 of this Act with respect to any seizure of a vessel occurring before such date of enactment and after December 31, 1970, if no reimbursement was made before such date of enactment."

¹⁰Sec. 302(a)(1) of Public Law 98-364 (98 Stat. 444) struck out "Secretary of the Treasury in the amount certified to him by the Secretary of State" and inserted in lieu thereof "Secretary of State in the amount certified by him".

¹¹Sec. 403(a)(2) of the Magnuson Fishery Conservation and Management Act of 1976 (Public Law 94-265; 90 Stat. 360) added this sentence. This amendment applies to seizures of vessels of the United States occurring on or after December 31, 1974.

¹²Sec. 302(a)(2) of Public Law 98-364 (98 Stat. 444) inserted "determination and", and struck out "Secretary of the Treasury" and inserted in lieu thereof "Secretary of State".

Sec. 4.¹³ The provisions of this Act shall not apply with respect to a seizure made by a country at war with the United States or a seizure made in accordance with the provisions of any applicable convention or treaty, if that treaty or convention was made with advice and consent to the Senate and was in force and effect for the United States and the seizing country at the time of the seizure.¹⁴

Sec. 5.¹⁵ (a) The Secretary of State shall—

(1) immediately notify a foreign country of—

(A) any reimbursement made by him¹⁶ under section 3 as a result of the seizure of a vessel of the United States by such country;

(B) any payment made pursuant to section 7 in connection with such seizure, and

(2) take such action as he deems appropriate to make and collect claims against such foreign country for the amounts so reimbursed and payments so made.

(b) If a foreign country fails or refuses to make payment in full on any claim made under subsection (a)(2) of this section within one hundred and twenty days after the date on which such country is notified pursuant to subsection (a)(1) of this section, the Secretary of State shall transfer an amount equal to such unpaid claim or unpaid portion thereof from any funds appropriated by Congress and programed for the current fiscal year for assistance to the government of such country under the Foreign Assistance Act of 1961 unless the President¹⁷ certifies to the Congress that it

Sec. 303(c) of Public Law 98-364 further stated that this amendment would apply with respect to seizures made after April 1, 1983, by foreign countries of vessels of the United States.

¹⁵ 22 U.S.C. 1975. Public Law 92-569 amended and restated sec. 5. Previously, sec. 5 read as follows:

"The Secretary of State shall take such action as he may deem appropriate to make and collect claims against a foreign country for amounts expended by the United States under the provisions of this Act (including payments made pursuant to section 7) because of the seizure of a vessel of the United States by such country. If such country fails or refuses to make payment in full within one hundred and twenty days after receiving notice of any such claim of the United States, the Secretary of State shall withhold, pending such payment, an amount equal to such unpaid claim from any funds programed for the current fiscal year for assistance to the government of such country (as shown in materials concerning such fiscal year presented to the Congress in connection with its consideration of amendments to the Foreign Assistance Act of 1961). Amounts withheld under this section shall not constitute satisfaction of any such claim of the United States against each foreign country."

Public Law 92-569 (86 Stat. 182) also provided:

"SEC. 6. The amendment made by this Act shall apply with respect to seizures of vessels of the United States occurring on or after the date of the enactment of this Act; except that reimbursements under section 3 of the Fishermen's Protective Act of 1967 (as in effect before such date of enactment) may be made from the fund established by the amendment made by section 5 of this Act with respect to any seizure of a vessel occurring before such date of enactment and after December 31, 1970, if no reimbursement was made before such date of enactment."

Previously, Public Law 90-482 (82 Stat. 729) amended and restated sec. 5.

(b) Subject to the provisions of this section, the owner or operator (hereinafter referred to as the “vessel owner”) of any fishing vessel which is a vessel of the United States is eligible for monetary compensation under this section for any damage to, loss of, or destruction of such vessel, or any fishing gear used with such vessel, or both, and for any resulting economic loss⁵³ if the damage, loss, or destruction—

(c) A vessel owner is not eligible for compensation under this section with respect to fishing vessel or fishing gear damage, loss, or destruction, and resulting economic loss⁵⁶ unless such owner—

(1) makes application to the Secretary for compensation under this section within 90 days⁵⁷ after the day on which the damage, loss, or destruction occurred or was first noticed by the owner;

⁵⁸ Sec. 241(4)(A) of Public Law 96-561 (94 Stat. 3302) inserted “, and resulting economic loss”.

⁵⁹ Sec. 241(4)(B) of Public Law 96-561 (96 Stat. 3302) amended and restated para. (2). It formerly read as follows:

“(2) The amount of compensation awarded to any vessel owner under this section shall be—

“(A) determined on the basis of the depreciated replacement cost, or the repair cost, whichever cost is less, of the fishing vessel or fishing gear concerned;

“(B) proportionally reduced to the extent that evidence indicates that negligence by the vessel owner contributed to the cause or extent of the damage, loss, or destruction; and

“(C) reduce by the amount of compensation, if any, which the vessel owner has received or will receive with respect to the damage, loss, or destruction through insurance, pursuant to any other provision of law, or otherwise.”

(A) the depreciated replacement cost, or the repair cost, whichever cost is less, of the fishing vessel or the fishing gear concerned; and

(B) 25 percent of any resulting economic loss.

Any amount determined pursuant to subparagraph (A) or (B) shall be reduced to the extent that evidence indicates that negligence by the vessel owner or operator contributed to the cause or the extent of the damage, loss, or destruction and shall be further reduced by the amount of compensation, if any, that the vessel owner or operator has received or will receive with respect to the damage, loss, destruction, or resulting economic loss through insurance, pursuant to any other provision of law, or otherwise.

(3) The initial determination made by the Secretary under paragraph (1) with respect to any application shall—

(A) if the application is disapproved, set forth the reasons therefore; or

(B) if the application is approved, set forth the amount of compensation to which the applicant is entitled and the basis on which such amount was determined.

(4) Any vessel owner who is aggrieved by any decision of the Secretary contained in the initial determination of the Secretary regarding such owner's application may, within thirty days after the date of issue of the initial determination, petition the Secretary for a review of the decision. If petition of review is not made to the Secretary within such thirty-day period regarding the initial determination, the initial determination shall be deemed to be the final determination on the application. Before undertaking any such review, the secretary shall provide to the vessel owner opportunity to submit additional written or oral evidence relating to the decision. After review the Secretary shall issue a final determination with respect to the application.

(5) If compensation is awarded under the final determination on any application, the Secretary shall promptly pay from the fund to such owner the amount of compensation stated in the final determination. Upon the acceptance of such payment by the vessel owner, the United States shall be subrogated to all rights of the vessel owner with respect to which the payment is made.

(e) In addition to any fee imposed under section 204(b)(10) of the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1824(b)(10))⁵⁴ with respect to any foreign fishing vessel for any year after 1978, the Secretary shall impose a surcharge in an amount not to exceed 20 percent of the amount of the fee imposed under such section for such year. The failure to pay any surcharge imposed under this subsection with respect to any foreign fishing vessel shall be treated by the Secretary as a failure to pay the fee for such vessel under such section 204(b)(10).

(f)(1) There is established in the Treasury of the United States the Fishing Vessel and Gear Damage Compensation Fund. The fund shall be available without fiscal year limitation as a revolving fund for the purposes of administering, and paying compensation awarded under, this section.

(2) The fund shall consist of—

(A) all sums recovered by the United States in the exercise of rights subrogated to it under subsection (d)(5);

- (B) all administrative fees collected under subsection (c)(2);
- (C) all surcharges collected under subsection (e);
- (D) revenues received from deposits or investments made under the last sentence of this paragraph; and
- (E) any revenue acquired through the issuance of obligations under paragraph (3).

Sums may be expended from the fund only to such extent and in such amounts as are provided in advance in appropriation Acts. Sums in the fund which are not currently needed for the purpose of paying such awards shall be kept on deposit or invested in obligations of, or guaranteed by the United States.

(3) Whenever the amount in the fund is not sufficient to pay compensation under this section, the Secretary may issue, in an amount not to exceed \$5,000,000, notes or other obligations to the Secretary of the Treasury, in such forms and denominations bearing such maturities, and subject to such terms and conditions as the Secretary of the Treasury may prescribe. Such notices or other obligations shall bear interest at a rate to be determined by the Secretary of the Treasury on the basis of the current average market yield on outstanding marketable obligations of the United State of comparable maturities during the month preceding the issuance of such notices or other obligations. Moneys obtained by the Secretary under this paragraph shall be deposited in the fund and redemptions of any such notices or other obligations shall be made from the fund. The Secretary of the Treasury shall purchase any such notes or other obligations, and for such purpose he may use as a public debt transaction the proceeds from the sale of any securities issued under the Second Liberty Bond Act. The Secretary of the Treasury may sell any such notices or other obligations at such times and prices and upon such terms and conditions as he shall determine. All purchases, redemptions, and sales of such notes or other obligations by the Secretary of the Treasury shall be treated as public debt transactions of the United States. All borrowing authority contained herein shall be effective only to such extent or in such amounts as are provided in advance in appropriation Acts.

(g) Any person who willfully makes any false or misleading statement or representation for the purpose of obtaining compensation under this section is guilty of a criminal offense and, upon conviction thereof, shall be punished by a fine of not more than \$25,000, or by imprisonment for not more than one year, or both.

SEC. 11.⁶⁰ (a) In any case on or after June 15, 1994, in which a vessel of the United States exercising its right of passage is charged a fee by the government of a foreign country to engage in transit passage between points in the United States (including a point in the exclusive economic zone or in an area over which jurisdiction is in dispute), and such fee is regarded by the United States as being inconsistent with international law, the Secretary of State shall, subject to the availability of appropriated funds, reimburse the vessel owner for the amount of any such fee paid under protest.

⁶⁰ 22 U.S.C. 1980a. Sec. 402(a) of the Fisheries Act of 1995 (Public Law 104-43; 109 Stat. 389) added sec. 11. See also sec. 401 and sec. 402(c) of that Act.

(b) In seeking such reimbursement, the vessel owner shall provide, together with such other information as the Secretary of State may require—

- (1) a copy of the receipt for payment;
- (2) an affidavit attesting that the owner or the owner's agent paid the fee under protest; and
- (3) a copy of the vessel's certificate of documentation.

(c) Requests for reimbursement shall be made to the Secretary of State within 120 days after the date of payment of the fee, or within 90 days after the date of enactment of this section, whichever is later.

(d) Such funds as may be necessary to meet the requirements of this section may be made available from the unobligated balance of previously appropriated funds remaining in the Fishermen's Protective Fund established under section 9. To the extent that requests for reimbursement under this section exceed such funds, there are authorized to be appropriated such sums as may be needed for reimbursements authorized under subsection (a), which shall be deposited in the Fishermen's Protective Fund established under section 9.

(e) The Secretary of State shall take such action as the Secretary deems appropriate to make and collect claims against the foreign country imposing such fee for any amounts reimbursed under this section.

(f) For purposes of this section, the term "owner" includes any charterer of a vessel of the United States.

SEC. 12.⁶¹ (a) If the Secretary of State finds that the government of any nation imposes conditions on the operation or transit of United States fishing vessels which the United States regards as being inconsistent with international law or an international agreement, the Secretary of State shall certify that fact to the President.

(b) Upon receipt of a certification under subsection (a), the President shall direct the heads of Federal agencies to impose similar conditions on the operation or transit of fishing vessels registered under the laws of the nation which has imposed conditions on United States fishing vessels.

(c) For the purposes of this section, the term 'fishing vessel' has the meaning given that term in section 2101(11a) of title 46, United States Code.

(d) It is the sense of the Congress that any action taken by any Federal agency under subsection (b) should be commensurate with any conditions certified by the Secretary of State under subsection (a).

SEC. 3019. STRATEGIC DIVERSIFICATION.

The Office of Barter within the United States Department of Commerce and the Interagency Group on Countertrade shall within six months from the date of enactment report to the President and the Congress on the feasibility of using barter, countertrade and other self-liquidating finance methods to facilitate the strategic diversification of United States oil imports through cooperation with the former Soviet Union in the development of its energy resources. The report shall consider among other relevant topics the feasibility of trading American grown food for Soviet produced oil, minerals or energy.

SEC. 3020.³⁶ CONSULTATIVE COMMISSION ON WESTERN HEMISPHERE ENERGY AND ENVIRONMENT.

(a) FINDINGS.—The Congress finds that—

(1) there is growing mutual economic interdependence among the countries of the Western Hemisphere;

(2) energy and environmental issues are intrinsically linked and must be considered together when formulating policy on the broader issue of sustainable economic development for the Western Hemisphere as a whole;

(3) when developing their respective energy infrastructures, countries in the Western Hemisphere must consider existing and emerging environmental constraints, and do so in a way that results in sustainable long-term economic growth;

(4) the coordination of respective national energy and environmental policies of the governments of the Western Hemisphere could be substantially improved through regular consultation among these countries;

(5) the development, production and consumption of energy can affect environmental quality, and the environmental consequences of energy-related activities are not confined within national boundaries, but are regional and global in scope;

(6) although the Western Hemisphere is richly endowed with indigenous energy resources, an insufficient energy supply would severely constrain future opportunities for sustainable economic development and growth in each of these member countries; and

(7) the energy markets of the United States are linked with those in other countries of the Western Hemisphere and the world.

³⁶42 U.S.C. 13555.

(b) DEFINITION.—For purposes of this section, the term “Commission” means the Consultative Commission on Western Hemisphere Energy and Environment.

(c) NEGOTIATIONS.—The President is authorized to direct the United States representative to the Organization of American States to initiate negotiations with the Organization of American States for the establishment of a Consultative Commission on Western Hemisphere Energy and Environment under the auspices of the Organization of American States.

(B) to recommend to the participating governments actions, policies, and institutional arrangements that will enhance cooperation and policy coordination among their respective countries in the future development and use of indigenous energy resources and technologies, and in the future development and implementation of measures to protect the environment of the Western Hemisphere; and

(C) to recommend to the participating governments actions and policies that will enhance energy and environmental cooperation and coordination among the countries of the Western Hemisphere and the world.

(2) COMPOSITION OF THE COMMISSION.—The Commission shall include representatives of—

(A) the respective foreign energy and environmental ministries or departments of the participating governments;

(B) the parliamentary or legislative bodies with legislative responsibilities for energy and environmental matters; and

(C) other governmental and non-governmental observers appointed by the heads of each participating government on the basis of their experience and expertise.

(3) SECRETARIAT.—A small secretariat shall be chosen by the participating governments for their expertise in the areas of energy and the environment.

(4) SUNSET PROVISION.—The Commission’s authority—

(A) shall terminate five years from the date of the agreement under which it was created; and

(B) may be extended for a five-year term at the expiration of the previous term by agreement of the participating governments.

(e) REPORT.—The President shall, within one year after the date of enactment of this Act, report to the Committee on Energy and Commerce and the Committee on Foreign Affairs of the House of

Representatives,³⁷ and to the Committee on Energy and Natural Resources and the Committee on Foreign Relations of the Senate, on the progress toward the establishment of the Commission and achievement of the purposes of this section.

³⁷Sec. 1(a)(4) of Public Law 104-14 (109 Stat. 186) provided that references to the Committee on Energy and Commerce of the House of Representatives shall be treated as referring to the Committee on Commerce of the House of Representatives. In making such analysis, the Secretary of Energy may consult with the Secretary of the Treasury, the Secretary of Agriculture, the Director of the Office of Management and Budget, and the heads of other appropriate Federal agencies. Such analysis shall—

(A) examine the equity and efficiency of such reliance,

(B) distinguish between the impacts of such reliance on various categories of business (including small business and agriculture) and on households of different income levels,

(C) specify the nature and administration of monetary and fiscal policies that would be followed including emergency tax cuts, emergency block grants, and emergency supplements to income maintenance programs, and

PROCEDURE FOR CONGRESSIONAL REVIEW OF PRESIDENTIAL REQUESTS TO IMPLEMENT CERTAIN AUTHORITIES

SEC. 551.⁵⁰ (a) For purposes of this section, the term “energy action” means any matter required to be transmitted, or submitted to the Congress in accordance with the procedures of this section.

(b) The President shall transmit any energy action (bearing an identification number) to both Houses of Congress on the same day. If both Houses are not in session on the day any energy action is received by the appropriate officers of each House, for purposes of this section such energy action shall be deemed to have been transmitted on the first succeeding day on which both Houses are in session.

(c)(1) Except as provided in paragraph (2) of this subsection, if energy action is transmitted to the Houses of Congress, such action shall take effect at the end of the first period of 15 calendar days of continuous session of Congress after the date on which such action is transmitted to such Houses, unless between the date of transmittal and the end of such 15-day period, either House passes a resolution stating in substance that such House does not favor such action.

(2) An energy action described in paragraph (1) may take effect prior to the expiration of the 15-calendar-day period after the date on which such action is transmitted, if each House of Congress approves a resolution affirmatively stating in substance that such House does not object to such action.

(d) For the purpose of subsection (c) of this section—

(1) continuity of session is broken only by an adjournment of Congress sine die; and

(2) the days on which either House is not in session because of an adjournment of more than 3 days to a day certain are excluded in the computation of the 15-calendar-day period.

(e) Under provisions contained in an energy action, a provision of such an action may take effect on a date later than the date on

⁴⁹Sec. 104(c)(3) of the Energy Policy and Conservation Amendments Act of 1985 (Public Law 99-58; 99 Stat. 105) repealed sec. 531 (42 U.S.C. 6401). It formerly read as follows:

⁵⁰42 U.S.C. 6421.

which such action otherwise takes effect pursuant to the provisions of this section.

(f)(1) This subsection is enacted by Congress—

(A) as an exercise of the rulemaking power of the Senate and the House of Representatives, respectively, and as such it is deemed a part of the rules of each House, respectively, but applicable only with respect to the procedure to be followed in that House in the case of resolutions described by paragraph (2) of this subsection; and it supersedes other rules only to the extent that it is inconsistent therewith; and

(B) with full recognition of the constitutional right of either House to change the rules (so far as relating to the procedure of that House) at any time, in the same manner and to the same extent as in the case of any other rule of the House.

(2) For purposes of this subsection, the term “resolution” means only a resolution of either House of Congress described in subparagraph (A) or (B) of this paragraph.

(A) A resolution the matter after the resolving clause of which is as follows: “That the _____ does not object to the energy action numbered _____ submitted to the Congress on _____, 19____.”, the first blank space therein being filled with the name of the resolving House and the other blank spaces being appropriately filled; but does not include a resolution which specifies more than one energy action.

(B) A resolution the matter after the resolving clause of which is as follows: “That the _____ does not favor the energy action numbered _____ transmitted to Congress on _____, 19____.”, the first blank space therein being filled with the name of the resolving House and the other blank spaces therein being appropriately filled; but does not include a resolution which specifies more than one energy action.

(3) A resolution once introduced with respect to an energy action shall immediately be referred to a committee (and all resolutions with respect to the same plan shall be referred to the same committee) by the President of the Senate or the Speaker of the House of Representatives, as the case may be.

(4)(A) If the committee to which a resolution with respect to an energy action has been referred has not reported it at the end of 5 calendar days after its referral, it shall be in order to move either to discharge the committee from further consideration of such resolution or to discharge the committee from further consideration of any other resolution with respect to such energy action which has been referred to the committee.

(B) A motion to discharge may be made only by an individual favoring the resolution, shall be highly privileged (except that it may not be made after the committee has reported a resolution with respect to the same energy action), and debate thereon shall be limited to not more than one hour, to be divided equally between those favoring and those opposing the resolution. An amendment to the motion shall not be in order, and it shall not be in order to move to reconsider the vote by which the motion was agreed to or disagreed to.

(C) If the motion to discharge is agreed to or disagreed to, the motion may not be renewed, nor may another motion to discharge

the committee be made with respect to any other resolution with respect to the same energy action.

(5)(A) When the committee has reported, or has been discharged from further consideration of, a resolution, it shall be at any time thereafter in order (even though a previous motion to the same effect has been disagreed to) to move to proceed to the consideration of the resolution. The motion shall be highly privileged and shall not be debatable. An amendment to the motion shall not be in order, and it shall not be in order to move to reconsider the vote by which the motion was agreed to or disagreed to.

(B) Debate on the resolution referred to in subparagraph (A) of this paragraph shall be limited to not more than 10 hours, which shall be divided equally between those favoring and those opposing such resolution. A motion further to limit debate shall not be debatable. An amendment to, or motion to recommit, the resolution shall not be in order, and it shall not be in order to move to reconsider the vote by which such resolution was agreed to or disagreed to; except that it shall be in order—

(i) to offer an amendment in the nature of a substitute consisting of the text of a resolution described in paragraph (2)(A) of this subsection with respect to an energy action, for a resolution described in paragraph (2)(B) of this subsection with respect to the same action; or

(ii) to offer an amendment in the nature of a substitute, consisting of the text of a resolution described in paragraph (2)(B) of this subsection with respect to an energy action, for a resolution described in paragraph (2)(A) of this subsection with respect to the same such action.

The amendments described in clauses (i) and (ii) of this subparagraph shall not be amendable.

(6)(A) Motions to postpone, made with respect to the discharge from committee, or the consideration of a resolution and motions to proceed to the consideration of other business, shall be decided without debate.

(B) Appeals from the decision of the Chair relating to the application of the rules of the Senate or the House of Representatives, as the case may be, to the procedure relating to a resolution shall be decided without debate.

(7) Notwithstanding any of the provisions of this subsection, if a House has approved a resolution with respect to an energy action, then it shall not be in order to consider in that House any other resolution with respect to the same such action.

Sec. 117.² Environment and Natural Resources.—(a) The Congress finds that if current trends in the degradation of natural resources in developing countries continue, they will severely undermine the best efforts to meet basic human needs, to achieve sustained economic growth, and to prevent international tension and conflict. The Congress also finds that the world faces enormous, urgent, and complex problems, with respect to natural resources, which require new forms of cooperation between the United States and developing countries to prevent such problems from becoming unmanageable. It is, therefore, in the economic and security interests of the United States to provide leadership both in thoroughly reassessing policies relating to natural resources and the environment, and in cooperating extensively with developing countries in order to achieve environmentally sound development.

²22 U.S.C. 2151p. Sec. 113 of Public Law 95-88 (91 Stat. 537) added sec. 117, originally as sec. 118. Subsequently, sec. 110 of Public Law 95-424 (92 Stat. 948), sec. 122 of Public Law 96-53 (93 Stat. 948), and sec. 307 of the International Security and Development Cooperation Act of 1981 (Public Law 97-113; 95 Stat. 1533) amended sec. 118. Sec. 301(1) of Public Law 99-529 (100 Stat. 3014) redesignated sec. 118 as sec. 117, resulting in the creation of two secs. 117. Sec. 301(2) of Public Law 99-529 further deleted sec. 117(d) which dealt with tropical forests. Sec. 301(3) of Public Law 99-529 further added a new sec. 118 entitled “Tropical Forests”. Prior to the amendments made by Public Law 99-529, sec. 118 read as follows:

“Sec. 118. Environment and Natural Resources.—(a) The President is authorized to furnish assistance under this part for developing and strengthening the capacity of less developed countries to protect and manage their environment and natural resources. Special efforts shall be made to maintain and where possible restore the land, vegetation, water, wildlife and other resources upon which depend economic growth and human well-being especially that of the poor.

“(b) In carrying out programs under this chapter, the President shall take into consideration the environmental consequence of development actions.”.

(b) In order to address the serious problems described in subsection (a), the President is authorized to furnish assistance under this part for developing and strengthening the capacity of developing countries to protect and manage their environment and natural resources. Special efforts shall be made to maintain and where possible to restore the land, vegetation, water, wildlife, and other resources upon which depend economic growth and human well-being, especially of the poor.

(c)(1) The President, in implementing programs and projects under this chapter and chapter 10 of this part,³ shall take fully into account the impact of such programs and projects upon the environment and natural resources of developing countries. Subject to such procedures as the President considers appropriate, the President shall require all agencies and officials responsible for programs or projects under this chapter—

(A) to prepare and take fully into account an environmental impact statement for any program or project under this chapter significantly affecting the environment of the global commons outside the jurisdiction of any country, the environment of the United States, or other aspects of the environment which the President may specify; and

(B) to prepare and take fully into account an environmental assessment of any proposed program or project under this chapter significantly affecting the environment of any foreign country.

Such agencies and officials should, where appropriate, use local technical resources in preparing environmental impact statements and environmental assessments pursuant to this subsection.

(2) The President may establish exceptions from the requirements of this subsection for emergency conditions and for cases in which compliance with those requirements would be seriously detrimental to the foreign policy interests of the United States.

Sec. 118.⁴ Tropical Forests.

(a) IMPORTANCE OF FORESTS AND TREE COVER.—In enacting section 103(b)(3) of this Act the Congress recognized the importance of forests and tree cover to the developing countries. The Congress is particularly concerned about the continuing and accelerating alteration, destruction, and loss of tropical forests in developing countries, which pose a serious threat to development and the environment. Tropical forest destruction and loss—

(1) result in shortages of wood, especially wood for fuel; loss of biologically productive wetlands; siltation of lakes, reservoirs, and irrigation systems; floods; destruction of indigenous peoples; extinction of plant and animal species; reduced capacity for food production; and loss of genetic resources; and

(2) can result in desertification and destabilization of the earth's climate.

³Sec. 562 of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1991 (Public Law 101-513; 104 Stat. 2026), added a new chapter 10 to part I of this Act, providing for long-term development in sub-Saharan Africa, and made a conforming amendment by inserting "and chapter 10 of this part".

⁴22 U.S.C. 2151p-1. Sec. 301(3) of Public Law 99-529 (100 Stat. 3014) added sec. 118. See also footnote 2.

Properly managed tropical forests provide a sustained flow of resources essential to the economic growth of developing countries, as well as genetic resources of value to developed and developing countries alike.

(b) **PRIORITIES.**—The concerns expressed in subsection (a) and the recommendations of the United States Interagency Task Force on Tropical Forests shall be given high priority by the President—

(1) in formulating and carrying out programs and policies with respect to developing countries, including those relating to bilateral and multilateral assistance and those relating to private sector activities; and

(2) in seeking opportunities to coordinate public and private development and investment activities which affect forests in developing countries.

(c) **ASSISTANCE TO DEVELOPING COUNTRIES.**—In providing assistance to developing countries, the President shall do the following:

(1) Place a high priority on conservation and sustainable management of tropical forests.

(2) To the fullest extent feasible, engage in dialogues and exchanges of information with recipient countries—

(A) which stress the importance of conserving and sustainably managing forest resources for the long-term economic benefit of those countries, as well as the irreversible losses associated with forest destruction, and

(B) which identify and focus on policies of those countries which directly or indirectly contribute to deforestation.

(3) To the fullest extent feasible, support projects and activities—

(A) which offer employment and income alternatives to those who otherwise would cause destruction and loss of forests, and

(B) which help developing countries identify and implement alternatives to colonizing forested areas.

(4) To the fullest extent feasible, support training programs, educational efforts, and the establishment or strengthening of institutions which increase the capacity of developing countries to formulate forest policies, engage in relevant land-use planning, and otherwise improve the management of their forests.

(5) To the fullest extent feasible, help end destructive slash-and-burn agriculture by supporting stable and productive farming practices in areas already cleared or degraded and on lands which inevitably will be settled, with special emphasis on demonstrating the feasibility of agroforestry and other techniques which use technologies and methods suited to the local environment and traditional agricultural techniques and feature close consultation with and involvement of local people.

(6) To the fullest extent feasible, help conserve forests which have not yet been degraded, by helping to increase production on lands already cleared or degraded through support of reforestation, fuelwood, and other sustainable forestry projects and practices, making sure that local people are involved at all stages of project design and implementation.

(7) To the fullest extent feasible, support projects and other activities to conserve forested watersheds and rehabilitate those which have been deforested, making sure that local people are involved at all stages of project design and implementation.

(8) To the fullest extent feasible, support training, research, and other actions which lead to sustainable and more environmentally sound practices for timber harvesting, removal, and processing, including reforestation, soil conservation, and other activities to rehabilitate degraded forest lands.

(9) To the fullest extent feasible, support research to expand knowledge of tropical forests and identify alternatives which will prevent forest destruction, loss, or degradation, including research in agroforestry, sustainable management of natural forests, small-scale farms and gardens, small-scale animal husbandry, wider application of adopted traditional practices, and suitable crops and crop combinations.

(10) To the fullest extent feasible, conserve biological diversity in forest areas by—

(A) supporting and cooperating with United States Government agencies, other donors (both bilateral and multilateral), and other appropriate governmental, intergovernmental, and nongovernmental organizations in efforts to identify, establish, and maintain a representative network of protected tropical forest ecosystems on a worldwide basis;

(B) whenever appropriate, making the establishment of protected areas a condition of support for activities involving forest clearance or degradation; and

(C) helping developing countries identify tropical forest ecosystems and species in need of protection and establish and maintain appropriate protected areas.

(11) To the fullest extent feasible, engage in efforts to increase the awareness of United States Government agencies and other donors, both bilateral and multilateral, of the immediate and long-term value of tropical forests.

(12) To the fullest extent feasible, utilize the resources and abilities of all relevant United States Government agencies.

(13) Require that any program or project under this chapter significantly affecting tropical forests (including projects involving the planting of exotic plant species)—

(A) be based upon careful analysis of the alternatives available to achieve the best sustainable use of the land, and

(B) take full account of the environmental impacts of the proposed activities on biological diversity, as provided for in the environmental procedures of the Agency for International Development.

(14) Deny assistance under this chapter for—

(A) the procurement or use of logging equipment, unless an environmental assessment indicates that all timber

harvesting operations involved will be conducted in an environmentally sound manner which minimizes forest destruction and that the proposed activity will produce positive economic benefits and sustainable forest management systems; and

(B) actions which significantly degrade national parks or similar protected areas which contain tropical forests or introduce exotic plants or animals into such areas.

(15) Deny assistance under this chapter for the following activities unless an environmental assessment indicates that the proposed activity will contribute significantly and directly to improving the livelihood of the rural poor and will be conducted in an environmentally sound manner which supports sustainable development:

(A) Activities which would result in the conversion of forest lands to the rearing of livestock.

(B) The construction, upgrading, or maintenance of roads (including temporary haul roads for logging or other extractive industries) which pass through relatively undegraded forest lands.

(C) The colonization of forest lands.

(D) The construction of dams or other water control structures which flood relatively undegraded forest lands.

(d) PVOs AND OTHER NONGOVERNMENTAL ORGANIZATIONS.—Whenever feasible, the President shall accomplish the objectives of this section through projects managed by private and voluntary organizations or international, regional, or national nongovernmental organizations which are active in the region or country where the project is located.

(e) COUNTRY ANALYSIS REQUIREMENTS.—Each country development strategy statement or other country plan prepared by the Agency for International Development shall include an analysis of—

(1) the actions necessary in that country to achieve conservation and sustainable management of tropical forests, and

(2) the extent to which the actions proposed for support by the Agency meet the needs thus identified.

(f) ANNUAL REPORT.—Each annual report required by section 634(a) of this Act shall include a report on the implementation of this section.

and by the destruction of habitats. The Congress further finds that the extinction of animal and plant species is an irreparable loss with potentially serious environmental and economic consequences for developing and developed countries alike. Accordingly, the preservation of animal and plant species through the regulation of the hunting and trade in endangered species, through limitations on the pollution of natural ecosystems, and through the protection of wildlife habitats should be an important objective of the United States development assistance.

(b)⁷ In order to preserve biological diversity, the President is authorized to furnish assistance under this part, notwithstanding section 660,⁸ to assist countries in protecting and maintaining wildlife habitats and in developing sound wildlife management and plant conservation programs. Special efforts should be made to establish and maintain wildlife sanctuaries, reserves, and parks; to enact and enforce anti-poaching measures; and to identify, study, and catalog animal and plant species, especially in tropical environments.

(c)⁹ FUNDING LEVEL.—For fiscal year 1987, not less than \$2,500,000 of the funds available to carry out this part (excluding funds made available to carry out section 104(c)(2), relating to the Child Survival Fund) shall be allocated for assistance pursuant to subsection (b) for activities which were not funded prior to fiscal year 1987. In addition, the Agency for International Development shall, to the fullest extent possible, continue and increase assistance pursuant to subsection (b) for activities for which assistance was provided in fiscal years prior to fiscal year 1987.

(d)⁹ COUNTRY ANALYSIS REQUIREMENTS.—Each country development strategy statement or other country plan prepared by the Agency for International Development shall include an analysis of—

- (1) the actions necessary in that country to conserve biological diversity, and
- (2) the extent to which the actions proposed for support by the Agency meet the needs thus identified.

(e)⁹ LOCAL INVOLVEMENT.—To the fullest extent possible, projects supported under this section shall include close consultation with and involvement of local people at all stages of design and implementation.

(f)⁹ PVOS AND OTHER NONGOVERNMENTAL ORGANIZATIONS.—Whenever feasible, the objectives of this section shall be accomplished through projects managed by appropriate private and voluntary organizations, or international, regional, or national nongovernmental organizations, which are active in the region or country where the project is located.

(g)⁹ ACTIONS BY AID.—The Administrator of the Agency for International Development shall—

⁹Sec. 302 of Public Law 99-529 (100 Stat. 3017) added paras. (c) through (h).

(2) look to the World Conservation Strategy as an overall guide for actions to conserve biological diversity;

(3) engage in dialogues and exchanges of information with recipient countries which stress the importance of conserving biological diversity for the long-term economic benefit of those countries and which identify and focus on policies of those countries which directly or indirectly contribute to loss of biological diversity;

(4) support training and education efforts which improve the capacity of recipient countries to prevent loss of biological diversity;

(5) whenever possible, enter into long-term agreements in which the recipient country agrees to protect ecosystems or other wildlife habitats recommended for protection by relevant governmental or nongovernmental organizations or as a result of activities undertaken pursuant to paragraph (6), and the United States agrees to provide, subject to obtaining the necessary appropriations, additional assistance necessary for the establishment and maintenance of such protected areas;

(6) support, as necessary and in cooperation with the appropriate governmental and nongovernmental organizations, efforts to identify and survey ecosystems in recipient countries worthy of protection;

(7) cooperate with and support the relevant efforts of other agencies of the United States Government, including the United States Fish and Wildlife Service, the National Park Service, the Forest Service, and the Peace Corps;

(8) review the Agency's environmental regulations and revise them as necessary to ensure that ongoing and proposed actions by the Agency do not inadvertently endanger wildlife species or their critical habitats, harm protected areas, or have other adverse impacts on biological diversity (and shall report to the Congress within a year after the date of enactment of this paragraph on the actions taken pursuant to this paragraph);

(9) ensure that environmental profiles sponsored by the Agency include information needed for conservation of biological diversity; and

(10) deny any direct or indirect assistance under this chapter for actions which significantly degrade national parks or similar protected areas or introduce exotic plants or animals into such areas.

SEC. 532.² (a) It is the policy of the United States that sustainable economic growth must be predicated on the sustainable management of natural resources. The Secretary of the Treasury shall instruct the United States Executive Director of each multilateral development bank (MDB) to continue to promote vigorously the environmental and energy initiatives established in section 533(a) of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1991 (Public Law 101-513).³ The Secretary of the Treasury, in cooperation with the Secretary of State, shall also undertake direct, bilateral discussions with appropriate officials of the governments of the member nations of the Organization for Economic Cooperation and Development with a goal of building greater international support for the environmental goals established in subsection (d) of this section. The Secretary of the Treasury shall submit a report to the Committees on Appropriations by March 1, 1993, which describes the progress of these bilateral discussions.

(b) The Secretary of the Treasury shall, not later than March 1, 1993, submit a report to the Congress containing the same information as requested in section 533(b) of Public Law 101-513.

(c)(1) In furtherance of the policies contained in section 533(a) of Public Law 101-513 and section 1308 of the International Development and Finance Act of 1989 (Public Law 101-240), and as a

basis for measuring more effectively progress by the MDBs toward improved environmental performance, the Secretary of the Treasury shall instruct the United States Executive Directors of the MDBs to encourage each MDB, at a minimum, to meet the benchmarks established in paragraph (2) in the areas of sustainable energy development, forest conservation, forced displacement of populations, and environmental impact assessment. On March 1, 1993 and March 1, 1994, the Secretary of the Treasury shall submit a report to the Congress describing in detail the progress being made by the MDBs in meeting these benchmarks.

(2) For the purposes of paragraph (1), benchmarks are as follows:

(A) In the area of sustainable energy development—

(i) all loans in the energy sector should be based on, or support development of, “least-cost” integrated resource plans. Such plans shall include analyses of possible end-use energy efficiency measures and nonconventional renewable energy options, and such plans shall reflect the quantifiable environmental costs of proposed energy developments;

(ii) a substantial portion of loans and grants in the energy, industry, and transportation sectors shall be devoted to end-use energy efficiency improvements and nonconventional renewable energy development; and

(iii) all organizational units within the MDBs should create staff positions in a management role in end-use efficiency and renewable energy, which positions shall be staffed by individuals with professional experience in program design and management and educational degrees in relevant technical disciplines.

(B) In the area of forest conservation—

(i) forestry loans should not support commercial logging in relatively undisturbed primary forests, nor should loans result in any significant loss of tropical forests;

(ii) forestry loans should not be disbursed until legal, economic, land tenure, and other policy conditions needed to ensure sustainability are in place;

(iii) loans should not support mineral, petroleum, or other industrial development in, or construction or upgrading of roads through, relatively undisturbed primary forests unless adequate safeguards and monitoring systems, developed in consultation with local populations, are already in place to prevent degradation of the surrounding forests;

(iv) loans should be consistent with and support the needs and rights of indigenous peoples and other long-term forest inhabitants and should not be made to countries which have shown an unwillingness to resolve fairly the territorial claims of such people; and

(v) support for protection of biological diversity, in close consultation with local communities, should be increased to account for a larger proportion of MDB lending.

(C) In the area of forced displacement of populations—

(i) the World Bank, Inter-American Development Bank, and Asian Development Bank should maintain a listing,

available to the Secretary of the Treasury, of all ongoing projects involving forced displacement of populations, including the number of people displaced and a report on the status of the implementation of their resettlement policy guidelines for each such project, and obtain agreements with borrowers to ensure that all ongoing projects involving forced displacement will be in full compliance with their resettlement policy guidelines by mid-1993; and

(ii) the African Development Bank should adopt and implement policy guidelines on forced displacement similar to such guidelines of the other MDBs.

(D) In the area of procedures for environmental impact assessment (EIA)—

(i) each MDB should require that draft and final EIA reports be made available to the public in borrowing and donor countries and that the public be offered timely opportunities for comment on the EIA process, including initial scoping sessions, review of EIA categories assigned to individual projects, and opportunities to comment on draft and final EIA reports;

(ii) each MDB should apply EIA requirements to all sector loans and develop and apply the methodology for environmental assessment of structural adjustment loans;

(iii) each MDB should require that the EIA process include analyses of the potential impacts of proposed projects on the global environment; and

(iv) each MDB should require the head of the appropriate environmental unit, rather than project officers, determine the appropriate type of environmental analysis required under the bank's EIA procedures.

(d) The Administrator of the Agency for International Development shall instruct all Agency missions and bureaus to continue to implement all elements of the "Global Warming Initiative" as defined in, and which may continue under, the authorities of sections 533(c) (1) through (4) of Public Law 101-513. The Initiative shall continue to emphasize the need to reduce emissions of greenhouse gases through strategies consistent with continued economic development, such as forest conservation, end-use energy efficiency, least-cost energy planning, and renewable energy development. The Administrator shall direct Agency mission directors to incorporate these strategies in their country programs.

(e) Of the funds appropriated by this Act under the headings in title II of this Act under "Agency for International Development", not less than \$650,000,000 shall be made available for environment and energy activities, including funds earmarked under section 533 of this Act, including the following—

(1) Not less than \$20,000,000 of the aggregate of the funds appropriated to carry out the provisions of sections 103 through 106 and chapter 10 of part I of the Foreign Assistance Act of 1961 shall be made available for biological diversity activities, of which \$5,000,000 shall be made available for the Parks in Peril project pursuant to the authority of section 119(b) of that Act; \$1,500,000 shall be for the National Science Foundation's international biological diversity program;

\$750,000 shall be for the Neotropical Bird Conservation Initiative of the National Fish and Wildlife Foundation; and up to \$2,000,000 shall be for Project Noah;

(2) Not less than \$15,000,000 of the funds appropriated for the Development Assistance Fund and to carry out the provisions of chapter 10 of part I of the Foreign Assistance Act of 1961 shall be made available to support replicable renewable energy projects, and the Agency for International Development shall initiate at least five significant new activities in renewable energy during fiscal year 1993;

(4) Not less than \$25,000,000 of the funds appropriated for the Development Assistance Fund shall be made available for the Office of Energy of the Agency for International Development; and

(5) Up to \$50,000,000 of the funds appropriated to carry out the provisions of chapter 4 of part II of the Foreign Assistance Act of 1961 may be made available to carry out the "Forests for the Future Initiative" and to achieve a Global Forest Agreement.

(f) Of the funds appropriated by this Act to carry out the provisions of part I and chapter 4 of part II of the Foreign Assistance Act of 1961, the Agency for International Development should, to the extent feasible and inclusive of funds earmarked under subsection (e) of this section, target assistance for the following activities:

(1) \$50,000,000 for projects associated with the Global Environment Facility;

(2) a total of \$10,000,000 for CORECT, the Environmental Technology Export Council, and the International Fund for Renewable Energy Efficiency; and

(3) \$55,000,000 for activities consistent with the Global Warming Initiative.

(g) Funds appropriated by this Act or any subsequent Act for the Development Assistance Fund and the Development Fund for Africa may be used for expenses (including related support costs) relating to the environment and energy sectors, of individuals detailed to or employed by the Agency for International Development, particularly those involved with the "Global Warning Initiative" described in this subsection.

GLOBAL WARMING INITIATIVE

SEC. 534. (a) TROPICAL FORESTRY ASSISTANCE.—(1) In order to achieve the maximum impact from activities relating to tropical forestry, the Agency for International Development shall focus tropical forestry assistance programs on the key middle- and low-income developing countries (hereinafter “key countries”) which are projected to contribute large amounts of greenhouse gases related to global warming as a result of industrialization and the burning of fossil fuels, and destruction of tropical forests.

(2) Funds appropriated to carry out the provisions of sections 103 and 106 of the Foreign Assistance Act of 1961, as amended, may be used by the Agency for International Development, notwithstanding any other provision of law, for the purpose of supporting tropical forestry programs aimed at reducing emissions of greenhouse gases with regard to the key countries in which deforestation makes a significant contribution to global warming, except that such assistance shall be subject to sections 116, 502B, and 620A of the Foreign Assistance Act of 1961.

(3) In providing assistance relating to tropical forests, the Administrator of that Agency shall, to the extent feasible and appropriate, assist countries in developing a systematic analysis of the appropriate use of their total tropical forest resources, with the goal of developing a national program for sustainable forestry.

(b) ENERGY ASSISTANCE.—(1) In order to achieve the maximum impact from activities relating to energy, the Agency for International Development shall focus energy assistance activities on the key countries, where assistance would have the greatest impact on reducing emissions from greenhouse gases. Such assistance

shall be focused on improved energy efficiency, increased use of renewable energy resources and national energy plans (such as least-cost energy plans) which include investment in end-use efficiency and renewable energy resources.

(2) Funds appropriated to carry out the provisions of sections 103 and 106 of the Foreign Assistance Act of 1961, as amended, may be used by the Agency for International Development, notwithstanding any other provision of law, for the purpose of supporting energy programs aimed at reducing emissions of greenhouse gases related to global warming with regard to the key countries, except that such assistance shall be subject to sections 116, 502B, and 620A of the Foreign Assistance Act of 1961.

(3) It is the sense of the Congress that the Agency for International Development should increase its efforts in the fields of energy efficiency, renewable energy, and energy planning. Such increase should take place with respect to key countries and countries with large Economic Support Fund project assistance. Such efforts should include—

(A) an increase in the number of Agency for International Development staff with energy expertise, including staff with expertise in renewable energy technologies and end-use efficiency;

(B) assistance to develop analyses of energy-sector actions that could minimize emissions of greenhouse gases at least cost, while at the same time meeting basic economic and social development needs. Such assistance should include country-specific analyses which compare the economic and environmental costs of actions to promote energy efficiency and non-conventional renewable energy with the economic and environmental costs of investments to provide additional conventional energy supplies;

(C) assistance to develop energy-sector plans that employ end-use analysis and other techniques to identify the most cost-effective actions to minimize increased reliance on fossil fuels, ensuring to the maximum extent feasible that non-governmental organizations and academic institutions are involved in this planning;

(D) insuring that AID energy assistance—including support for private-sector initiatives—is consistent with the analyses and plans described in subparagraphs (B) and (C) above, and that environmental impacts (including that on global warming) and alternatives have been fully analyzed;

(E) assistance to improve efficiency in the production, transmission, distribution, and use of energy. Such assistance should focus on the development of institutions to (i) promote energy efficiency in all sectors of energy production and use, (ii) provide training and technical assistance to help energy producers and users identify cost-effective actions to improve energy efficiency, (iii) finance specific investments in energy efficiency in all sectors of energy production and use, and (iv) improve local capabilities in the research, development, and sale of energy efficient technologies;

(F) assistance in exploiting nonconventional renewable energy resources, including wind, solar, small-hydro, geothermal,

and advanced biomass systems. This assistance should also promote efficient use of traditional biomass fuels through improved fuelwood management and improved methods of charcoal production;

(G) expanding efforts to meet the energy needs of the rural poor through the methods described in subparagraphs (E) and (F). Specifically these efforts should promote improved efficiency in the use of biomass fuels for household energy, improved systems of fuelwood management, and the development of the nonconventional renewable energy systems described in subparagraph (F);

(H) encouraging host countries to sponsor meetings with officials from the United States utility sector who are leaders in energy efficiency and other United States experts to discuss the application of least-cost planning techniques;

(I) developing a cadre of United States experts from industry, academia, nonprofit organizations, and government agencies capable of providing technical assistance to developing countries concerning energy policy and planning, energy efficiency and renewable energy resources;

(J) in cooperation with the Department of Energy, the Environmental Protection Agency, the World Bank,¹ and the Development Assistance Committee of the OECD, supporting research concerning the ways developing nations can meet their energy needs while minimizing global warming and how to meet those needs; and

(K) strengthening the Agency for International Development's partnership with the Department of Energy in order to ensure that the Agency's energy efforts take full advantage of United States expertise and technology.

(c) REPORTS AND AUTHORITIES.—(1) The Agency for International Development, in consultation with the Environmental Protection Agency (EPA), the Department of State, and other appropriate agencies, shall submit to Congress no later than April 15, 1990, a report which (1) examines the potential contributions of developing countries to future global emissions of greenhouse gases under different economic growth scenarios, (2) estimates the relative contributions of those countries to global greenhouse gas emissions, and (3) identifies specific key countries which stand to contribute significantly to global greenhouse gas emissions, and in which actions to promote energy efficiency, reliance on renewable energy resources, and conservation of forest resources could significantly reduce emissions of greenhouse gases. This report should utilize existing data, including the models and methodologies already developed by the EPA for their report to Congress on policy options for stabilizing global climate.

(2) Of the funds appropriated to carry out the provisions of sections 103 and 106 of the Foreign Assistance Act of 1961, as amended, the Agency for International Development may use such amounts as may be necessary to reimburse United States Government agencies, agencies of State governments, and institutions of higher learning for the full costs of employees detailed or assigned

to the Agency for International Development for the purpose of carrying out activities relating to forestry and energy programs aimed at reducing emissions of greenhouse gases related to global warming. Personnel who are detailed or assigned for the purposes of this section shall not be included within any personnel ceiling applicable to any United States Government agency during the period of detail or assignment.

(d)^{1,2} EXPORT-IMPORT BANK.—(1) Of the financing provided by the Export-Import Bank that is utilized for the support of exports for the energy sector, the Bank shall seek to provide not less than 5 per centum of such financing for renewable energy projects.

(2) The Export-Import Bank shall take all appropriate steps to finance information exchanges and training whose purpose it is to help link United States producers in the renewable energy sector with assistance programs and potential foreign customers.

(3) Beginning on April 15, 1990, the Chairman of the Export-Import Bank shall submit an annual report to the Committees on Appropriations on the Bank's implementation of this subsection.

(2) Congo Basin Forest Partnership Act of 2004

Public Law 108–200 [H.R. 2264], 118 Stat. 458, approved February 13, 2004

AN ACT To authorize appropriations for fiscal year 2004 to carry out the Congo Basin Forest Partnership program, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “Congo Basin Forest Partnership Act of 2004”.

SEC. 2. FINDINGS.

Congress finds the following:

(1) The tropical forests of the Congo Basin, located in the Central African countries of Cameroon, the Central African Republic, the Democratic Republic of the Congo, Equatorial Guinea, Gabon, the Republic of Congo, Rwanda, Burundi, and Gao Tome/Principe, are second in size only to the tropical forests of the Amazon Basin.

(2) These forests are a crucial economic resource for the people of the Central African region.

(3) Congo Basin forests play a critical role in sustaining the environment—absorbing carbon dioxide, cleansing water, and retaining soil.

(4) Congo Basin forests contain the most diverse grouping of plants and animals in Africa, including rare and endangered species, such as the lowland gorilla, mountain gorilla, chimpanzee, and okapi. These plants and animals are invaluable for many reasons, including their genetic and biochemical information, which could spark advances in medical, agricultural, and industrial technology.

(5) Logging operations, driven by a growing global demand for tropical hardwoods, are shrinking these forests. One estimate has logging taking out Congo Basin forest area at a rate of twice the size of the State of Rhode Island every year.

(6) The construction of logging roads and other developments are putting intense hunting pressure on wildlife. At current hunting levels, most species of apes and other primates, large antelope, and elephants will disappear from the Congo Basin, with some becoming extinct.

(7) If current deforestation and wildlife depletion rates are not reversed, the six countries of the Congo Basin most immediately, but also the world, will pay an immense economic, environmental, and cultural price.

(8) The United States has an interest in seeing political stability and economic development advance in the Congo Basin

countries. This interest will be adversely impacted if current deforestation and wildlife depletion rates are not reversed.

(9) Poorly managed and nonmanaged logging and hunting threatens to do to the Congo Basin what it did to West Africa, which lost much of its forest and wildlife through over-exploitation.

(10) Purged of wildlife, some Congo Basin forests already are “empty forests”.

(11) In an attempt to conserve the forests of the Congo Basin, the region’s governments convened the Yaounde (Cameroon) Forest Summit in March 1999.

(12) In September 2002, Secretary of State Colin Powell launched the Congo Basin Forest Partnership (CBFP) in Johannesburg, South Africa. The CBFP promotes the conservation and sustainable use of the region’s forests, for example, by working to combat poaching, illegal logging, and other unsustainable practices, and giving local populations an economic stake in the preservation of the forests, including through the development of ecotourism.

(13)(A) The United States contribution to the CBFP will focus on conserving 11 key landscapes in 6 countries—Cameroon, the Central African Republic, the Democratic Republic of the Congo, Equatorial Guinea, Gabon, and the Republic of Congo—identified at the Yaounde Forest Summit as being of the greatest biological importance to the region.

(B) The United States will fund field-based activities within these 25,000,000 acres that aim to support a network of 27 national parks and protected areas and well-managed forestry concessions.

(C) In this way, the work will build on existing United States efforts, including those of the Central African Regional Program for the Environment (CARPE) of the United States Agency for International Development, which will implement the CBFP.

(14) The CBFP has broad international financial support, including from non-African governments, the European Commission, the International Bank for Reconstruction and Development, and numerous nongovernment organizations.

(15) A dramatic step toward conserving Congo Basin forests has recently been taken by Gabon. In September 2002, President Omar Bongo announced the creation of 13 national parks, representing over 10 percent of Gabon’s surface area. Previously, Gabon had no national park system.

(16) With the CBFP and other initiatives, there exists unprecedented momentum for the conservation of Congo Basin forests.

SEC. 3. AUTHORIZATION OF APPROPRIATIONS.

(a) IN GENERAL.—There are authorized to be appropriated to the President to carry out the Congo Basin Forest Partnership (CBFP) program \$18,600,000 for fiscal year 2004.

(b) CARPE.—Of the amounts appropriated pursuant to the authorization of appropriations in subsection (a), \$16,000,000 is authorized to be made available to the Central Africa Regional Program for the Environment (CARPE) of the United States Agency for International Development.

(c) AVAILABILITY.—Amounts appropriated pursuant to the authorization of appropriations under subsection (a) are authorized to remain available until expended.

(3) Great Ape Conservation Act of 2000

Public Law 106-411 [H.R. 4320], 114 Stat. 1789, approved November 1, 2000

AN ACT To assist in the conservation of great apes by supporting and providing financial resources for the conservation programs of countries within the range of great apes and projects of persons with demonstrated expertise in the conservation of great apes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1.¹ SHORT TITLE.

This Act may be cited as the “Great Ape Conservation Act of 2000”.

SEC. 2.² FINDINGS AND PURPOSES.

(a) FINDINGS—Congress finds that—

(1) great ape populations have declined to the point that the long-term survival of the species in the wild is in serious jeopardy;

(2) the chimpanzee, gorilla, bonobo, orangutan, and gibbon are listed as endangered species under section 4 of the Endangered Species Act of 1973 (16 U.S.C. 1533) and under Appendix I of the Convention on International Trade in Endangered Species of Wild Fauna and Flora (27 UST 1087; TIAS 8249);

(3) because the challenges facing the conservation of great apes are so immense, the resources available to date have not been sufficient to cope with the continued loss of habitat due to human encroachment and logging and the consequent diminution of great ape populations;

(4) because great apes are flagship species for the conservation of the tropical forest habitats in which they are found, conservation of great apes provides benefits to numerous other species of wildlife, including many other endangered species;

(5) among the threats to great apes, in addition to habitat loss, are population fragmentation, hunting for the bushmeat trade, live capture, and exposure to emerging or introduced diseases;

(6) great apes are important components of the ecosystems they inhabit, and studies of their wild populations have provided important biological insights;

(7) although subsistence hunting of tropical forest animals has occurred for hundreds of years at a sustainable level, the tremendous increase in the commercial trade of tropical forest species is detrimental to the future of these species; and

(8) the reduction, removal, or other effective addressing of the threats to the long-term viability of populations of great

¹ 16 U.S.C. 6301 note.

² 16 U.S.C. 6301.

apes in the wild will require the joint commitment and effort of countries that have within their boundaries any part of the range of great apes, the United States and other countries, and the private sector.

(b) **PURPOSES**—The purposes of this Act are—

(1) to sustain viable populations of great apes in the wild; and

“For expenses necessary to carry out the African Elephant Conservation Act (16 U.S.C. 4201-4203, 4211-4213, 221-4225, 4241-4245, and 1538), the Asian Elephant Conservation Act of 1997 (Public Law 105-96; 16 U.S.C. 4261-4266), the Rhinoceros and Tiger Conservation Act of 1994 (16 U.S.C. 5301-5306), the Great Ape Conservation Act of 2000 (16 U.S.C. 6301), and the Marine Turtle Conservation Act of 2004 (Public Law 108-266; 16 U.S.C. 6601), \$6,500,000, to remain available until expended.”

(4) Neotropical Migratory Bird Conservation Act

Public Law 106-247 [S. 148], 114 Stat. 593, approved July 20, 2000

AN ACT To require the Secretary of the Interior to establish a program to provide assistance in the conservation of neotropical migratory birds.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1.¹ SHORT TITLE.

This Act may be cited as the “Neotropical Migratory Bird Conservation Act”.

SEC. 2.² FINDINGS.

Congress finds that—

(1) of the nearly 800 bird species known to occur in the United States, approximately 500 migrate among countries, and the large majority of those species, the neotropical migrants, winter in Latin America and the Caribbean;

(2) neotropical migratory bird species provide invaluable environmental, economic, recreational, and aesthetic benefits to the United States, as well as to the Western Hemisphere;

(3)(A) many neotropical migratory bird populations, once considered common, are in decline, and some have declined to the point that their long-term survival in the wild is in jeopardy; and

(B) the primary reason for the decline in the populations of those species is habitat loss and degradation (including pollution and contamination) across the species’ range; and

(4)(A) because neotropical migratory birds range across numerous international borders each year, their conservation requires the commitment and effort of all countries along their migration routes; and

(B) although numerous initiatives exist to conserve migratory birds and their habitat, those initiatives can be significantly strengthened and enhanced by increased coordination.

SEC. 3.³ PURPOSES.

The purposes of this Act are—

(1) to perpetuate healthy populations of neotropical migratory birds;

(2) to assist in the conservation of neotropical migratory birds by supporting conservation initiatives in the United States, Latin America, and the Caribbean; and

(3) to provide financial resources and to foster international cooperation for those initiatives.

(5) Responsibilities of Federal Agencies To Protect Migratory Birds

Executive Order 13186, January 10, 2001, 66 F.R. 3853, 16 U.S.C. 701 note

By the authority vested in me as President by the Constitution and the laws of the United States of America, and in furtherance of the purposes of the migratory bird conventions, the Migratory Bird Treaty Act (16 U.S.C. 703-711), the Bald and Golden Eagle Protection Acts (16 U.S.C. 668-668d), the Fish and Wildlife Coordination Act (16 U.S.C. 661-666c), the Endangered Species Act of 1973 (16 U.S.C. 1531-1544), the National Environmental Policy Act of 1969 (42 U.S.C. 4321-4347), and other pertinent statutes, it is hereby ordered as follows:

Section 1. Policy. Migratory birds are of great ecological and economic value to this country and to other countries. They contribute to biological diversity and bring tremendous enjoyment to millions of Americans who study, watch, feed, or hunt these birds throughout the United States and other countries. The United States has recognized the critical importance of this shared resource by ratifying international, bilateral conventions for the conservation of migratory birds. Such conventions include the Convention for the Protection of Migratory Birds with Great Britain on behalf of Canada 1916, the Convention for the Protection of Migratory Birds and Game Mammals-Mexico 1936, the Convention for the Protection of Birds and Their Environment- Japan 1972, and the Convention for the Conservation of Migratory Birds and Their Environment-Union of Soviet Socialist Republics 1978.

These migratory bird conventions impose substantive obligations on the United States for the conservation of migratory birds and their habitats, and through the Migratory Bird Treaty Act (Act), the United States has implemented these migratory bird conventions with respect to the United States. This Executive Order directs executive departments and agencies to take certain actions to further implement the Act.

Sec. 2. Definitions. For purposes of this order:

- (a) "Take" means take as defined in 50 C.F.R. 10.12, and includes both "intentional" and "unintentional" take.
- (b) "Intentional take" means take that is the purpose of the activity in question.
- (c) "Unintentional take" means take that results from, but is not the purpose of, the activity in question.
- (d) "Migratory bird" means any bird listed in 50 C.F.R. 10.13.
- (e) "Migratory bird resources" means migratory birds and the habitats upon which they depend.
- (f) "Migratory bird convention" means, collectively, the bilateral conventions (with Great Britain/Canada, Mexico, Japan, and Russia) for the conservation of migratory bird resources.

(g) "Federal agency" means an executive department or agency, but does not include independent establishments as defined by 5 U.S.C. 104.

(h) "Action" means a program, activity, project, official policy (such as a rule or regulation), or formal plan directly carried out by a Federal agency. Each Federal agency will further define what the term "action" means with respect to its own authorities and what programs should be included in the agency-specific Memoranda of Understanding required by this order. Actions delegated to or assumed by nonfederal entities, or carried out by nonfederal entities with Federal assistance, are not subject to this order. Such actions, however, continue to be subject to the Migratory Bird Treaty Act.

(i) "Species of concern" refers to those species listed in the periodic report "Migratory Nongame Birds of Management Concern in the United States," priority migratory bird species as documented by established plans (such as Bird Conservation Regions in the North American Bird Conservation Initiative or Partners in Flight physiographic areas), and those species listed in 50 C.F.R. 17.11.

Sec. 3. Federal Agency Responsibilities. (a) Each Federal agency taking actions that have, or are likely to have, a measurable negative effect on migratory bird populations is directed to develop and implement, within 2 years, a Memorandum of Understanding (MOU) with the Fish and Wildlife Service (Service) that shall promote the conservation of migratory bird populations.

(b) In coordination with affected Federal agencies, the Service shall develop a schedule for completion of the MOUs within 180 days of the date of this order. The schedule shall give priority to completing the MOUs with agencies having the most substantive impacts on migratory birds.

(c) Each MOU shall establish protocols for implementation of the MOU and for reporting accomplishments. These protocols may be incorporated into existing actions; however, the MOU shall recognize that the agency may not be able to implement some elements of the MOU until such time as the agency has successfully included them in each agency's formal planning processes (such as revision of agency land management plans, land use compatibility guidelines, integrated resource management plans, and fishery management plans), including public participation and NEPA analysis, as appropriate. This order and the MOUs to be developed by the agencies are intended to be implemented when new actions or renewal of contracts, permits, delegations, or other third party agreements are initiated as well as during the initiation of new, or revisions to, land management plans.

(d) Each MOU shall include an elevation process to resolve any dispute between the signatory agencies regarding a particular practice or activity.

(e) Pursuant to its MOU, each agency shall, to the extent permitted by law and subject to the availability of appropriations and within Administration budgetary limits, and in harmony with agency missions:

(1) support the conservation intent of the migratory bird conventions by integrating bird conservation principles, measures,

and practices into agency activities and by avoiding or minimizing, to the extent practicable, adverse impacts on migratory bird resources when conducting agency actions;

(2) restore and enhance the habitat of migratory birds, as practicable;

(3) prevent or abate the pollution or detrimental alteration of the environment for the benefit of migratory birds, as practicable;

(4) design migratory bird habitat and population conservation principles, measures, and practices, into agency plans and planning processes (natural resource, land management, and environmental quality planning, including, but not limited to, forest and rangeland planning, coastal management planning, watershed planning, etc.) as practicable, and coordinate with other agencies and nonfederal partners in planning efforts;

(5) within established authorities and in conjunction with the adoption, amendment, or revision of agency management plans and guidance, ensure that agency plans and actions promote programs and recommendations of comprehensive migratory bird planning efforts such as Partners-in-Flight, U.S. National Shorebird Plan, North American Waterfowl Management Plan, North American Colonial Waterbird Plan, and other planning efforts, as well as guidance from other sources, including the Food and Agricultural Organization's International Plan of Action for Reducing Incidental Catch of Seabirds in Longline Fisheries;

(6) ensure that environmental analyses of Federal actions required by the NEPA or other established environmental review processes evaluate the effects of actions and agency plans on migratory birds, with emphasis on species of concern;

(7) provide notice to the Service in advance of conducting an action that is intended to take migratory birds, or annually report to the Service on the number of individuals of each species of migratory birds intentionally taken during the conduct of any agency action, including but not limited to banding or marking, scientific collecting, taxidermy, and depredation control;

(8) minimize the intentional take of species of concern by: (i) delineating standards and procedures for such take; and (ii) developing procedures for the review and evaluation of take actions. With respect to intentional take, the MOU shall be consistent with the appropriate sections of 50 C.F.R. parts 10, 21, and 22;

(9) identify where unintentional take reasonably attributable to agency actions is having, or is likely to have, a measurable negative effect on migratory bird populations, focusing first on species of concern, priority habitats, and key risk factors. With respect to those actions so identified, the agency shall develop and use principles, standards, and practices that will lessen the amount of unintentional take, developing any such conservation efforts in cooperation with the Service. These principles, standards, and practices shall be regularly evaluated and revised to ensure that they are effective in lessening the

detrimental effect of agency actions on migratory bird populations. The agency also shall inventory and monitor bird habitat and populations within the agency's capabilities and authorities to the extent feasible to facilitate decisions about the need for, and effectiveness of, conservation efforts;

(10) within the scope of its statutorily-designated authorities, control the import, export, and establishment in the wild of live exotic animals and plants that may be harmful to migratory bird resources;

(11) promote research and information exchange related to the conservation of migratory bird resources, including coordinated inventorying and monitoring and the collection and assessment of information on environmental contaminants and other physical or biological stressors having potential relevance to migratory bird conservation. Where such information is collected in the course of agency actions or supported through Federal financial assistance, reasonable efforts shall be made to share such information with the Service, the Biological Resources Division of the U.S. Geological Survey, and other appropriate repositories of such data (e.g, the Cornell Laboratory of Ornithology);

(12) provide training and information to appropriate employees on methods and means of avoiding or minimizing the take of migratory birds and conserving and restoring migratory bird habitat;

(13) promote migratory bird conservation in international activities and with other countries and international partners, in consultation with the Department of State, as appropriate or relevant to the agency's authorities;

(14) recognize and promote economic and recreational values of birds, as appropriate; and

(15) develop partnerships with non-Federal entities to further bird conservation.

(f) Notwithstanding the requirement to finalize an MOU within 2 years, each agency is encouraged to immediately begin implementing the conservation measures set forth above in subparagraphs (1) through (15) of this section, as appropriate and practicable.

(g) Each agency shall advise the public of the availability of its MOU through a notice published in the **Federal Register**.

Sec. 4. Council for the Conservation of Migratory Birds. (a) The Secretary of Interior shall establish an interagency Council for the Conservation of Migratory Birds (Council) to oversee the implementation of this order. The Council's duties shall include the following: (1) sharing the latest resource information to assist in the conservation and management of migratory birds; (2) developing an annual report of accomplishments and recommendations related to this order; (3) fostering partnerships to further the goals of this order; and (4) selecting an annual recipient of a Presidential Migratory Bird Federal Stewardship Award for contributions to the protection of migratory birds.

(b) The Council shall include representation, at the bureau director/administrator level, from the Departments of the Interior, State, Commerce, Agriculture, Transportation, Energy, Defense,

and the Environmental Protection Agency and from such other agencies as appropriate.

Sec. 5. *Application and Judicial Review.* (a) This order and the MOU to be developed by the agencies do not require changes to current contracts, permits, or other third party agreements.

(b) This order is intended only to improve the internal management of the executive branch and does not create any right or benefit, substantive or procedural, separately enforceable at law or equity by a party against the United States, its agencies or instrumentalities, its officers or employees, or any other person.

(6) Asian Elephant Conservation Act of 1997

Public Law 105-96 [H.R. 1787], 111 Stat. 2150, approved November 19, 1997; as amended by Public Law 107-141 [Asian Elephant Conservation Reauthorization Act of 2002; H.R. 700], 116 Stat. 13, approved February 12, 2002

AN ACT To assist in the conservation of Asian elephants by supporting and providing financial resources for the conservation programs of nations within the range of Asian elephants and projects of persons with demonstrated expertise in the conservation of Asian elephants.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1.¹ SHORT TITLE.

This Act may be cited as the “Asian Elephant Conservation Act of 1997”.

SEC. 2.² FINDINGS.

The Congress finds the following:

(1) Asian elephant populations in nations within the range of Asian elephants have continued to decline to the point that the long-term survival of the species in the wild is in serious jeopardy.

(2) The Asian elephant is listed as an endangered species under section 4 of the Endangered Species Act of 1973 and under appendix I of the Convention on International Trade of Endangered Species of Wild Fauna and Flora.

(3) Because the challenges facing the conservation of Asian elephants are so great, resources to date have not been sufficient to cope with the continued loss of habitat and the consequent diminution of Asian elephant populations.

(4) The Asian elephant is a flagship species for the conservation of tropical forest habitats in which it is found and provides the consequent benefit from such conservation to numerous other species of wildlife including many other endangered species.

(5) Among the threats to the Asian elephant in addition to habitat loss are population fragmentation, human-elephant conflict, poaching for ivory, meat, hide, bones and teeth, and capture for domestication.

(6) To reduce, remove, or otherwise effectively address these threats to the long-term viability of populations of Asian elephants in the wild will require the joint commitment and effort of nations within the range of Asian elephants, the United States and other countries, and the private sector.

¹ 16 U.S.C. 4261 note.

² 16 U.S.C. 4261.

SEC. 3.³ PURPOSES.

The purposes of this Act are the following:

- (1) To perpetuate healthy populations of Asian elephants.
- (2) To assist in the conservation and protection of Asian elephants by supporting the conservation programs of Asian elephant range states and the CITES Secretariat.
- (3) To provide financial resources for those programs.

SEC. 4.⁴ DEFINITIONS.

In this Act:

(1) The term “CITES” means the Convention on International Trade in Endangered Species of Wild Fauna and Flora, signed on March 3, 1973, and its appendices.

(2) The term “conservation” means the use of methods and procedures necessary to bring Asian elephants to the point at which there are sufficient populations in the wild to ensure that the species does not become extinct, including all activities associated with scientific resource management, such as conservation, protection, restoration, acquisition, and management of habitat; research and monitoring of known populations; assistance in the development of management plans for managed elephant ranges; CITES enforcement; law enforcement through community participation; translocation of elephants; conflict resolution initiatives; and community outreach and education.

(3) The term “Fund” means the account established by division A, section 101(e), title I of Public Law 105-277 under the heading “multinational species conservation fund”.⁵

(4) The term “Secretary” means the Secretary of the Interior.

(5) The term “Administrator” means the Administrator of the Agency for International Development.

⁶ 16 U.S.C. 4264.

(3) A description of the qualifications of the individuals who will conduct the project.

(5) promote cooperative projects on those topics with other foreign governments, affected local communities, nongovernmental organizations, or others in the private sector.

(e) PROJECT SUSTAINABILITY.—To the maximum extent practical, in determining whether to approve project proposals under this section, the Secretary shall give consideration to projects which will enhance sustainable integrated conservation development programs to ensure effective, long-term conservation of Asian elephants.

(f) PROJECT REPORTING.—Each person who receives assistance under this section for a project shall provide periodic reports, as

the Secretary considers necessary, to the Secretary and the Administrator. Each report shall include all information required by the Secretary, after consulting with the Administrator, for evaluating the progress and success of the project.

TITLE IV—RHINOCEROS AND TIGER CONSERVATION¹

SEC. 401.² SHORT TITLE.

This title may be cited as the “Rhinoceros and Tiger Conservation Act of 1998”.

SEC. 402.² FINDINGS.

Congress finds that—

(1) the populations of all but 1 species of rhinoceros, and the tiger, have significantly declined in recent years and continue to decline;

(2) these species of rhinoceros and tiger are listed as endangered species under the Endangered Species Act of 1973 (16 U.S.C. 1531 et seq.) and listed on Appendix I of the Convention on International Trade in Endangered Species of Wild Fauna and Flora, signed on March 3, 1973 (27 UST 1087; TIAS 8249) (referred to in this title as “CITES”);

(3) the Parties to CITES have adopted several resolutions—

(A) relating to the conservation of tigers (Conf. 9.13 (Rev.)) and rhinoceroses (Conf. 9.14), urging Parties to CITES to implement legislation to reduce illegal trade in parts and products of the species; and

(B) relating to trade in readily recognizable parts and products of the species (Conf. 9.6), and trade in traditional medicines (Conf. 10.19), recommending that Parties ensure that their legislation controls trade in those parts and derivatives, and in medicines purporting to contain them;

(4) a primary cause of the decline in the populations of tiger and most rhinoceros species is the poaching of the species for use of their parts and products in traditional medicines;

(5) there are insufficient legal mechanisms enabling the United States Fish and Wildlife Service to interdict products that are labeled or advertised as containing substances derived from rhinoceros or tiger species and prosecute the merchandisers for sale or display of those products; and

¹ Except for sec. 401 and sec. 402 set out below, title IV amends the Rhinoceros and Tiger Conservation Act of 1994 (Public Law 103-391).

² 16 U.S.C. 5301 note.

(6) legislation is required to ensure that—

(A) products containing, or labeled or advertised as containing, rhinoceros parts or tiger parts are prohibited from importation into, or exportation from, the United States; and

(B) efforts are made to educate persons regarding alternatives for traditional medicine products, the illegality of products containing, or labeled or advertised as containing, rhinoceros parts and tiger parts, and the need to conserve rhinoceros and tiger species generally.

(8) Rhinoceros and Tiger Conservation Act of 1994

Public Law 103-391 [H.R. 4924], 108 Stat. 4094, approved October 22, 1994; as amended by Public Law 105-312 [Rhinoceros and Tiger Conservation Act of 1998; H.R. 2807], 112 Stat. 2956, approved October 30, 1998; and Public Law 107-112 [Rhinoceros and Tiger Conservation Reauthorization Act of 2001; H.R. 645], 115 Stat. 2097, approved January 8, 2002

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1.¹ SHORT TITLE.

This Act may be cited as the “Rhinoceros and Tiger Conservation Act of 1994”.

SEC. 2.² FINDINGS.

The Congress finds the following:

(1) The world’s rhinoceros population is declining at an alarming rate, a 90 percent decline since 1970.

(2) All 5 subspecies of tiger are currently threatened with extinction in the wild, with approximately 5,000 to 6,000 tigers remaining worldwide.

(3) All rhinoceros species have been listed on Appendix I of CITES since 1977.

(4) All tiger subspecies have been listed on Appendix I of CITES since 1987.

(5) The tiger and all rhinoceros species, except the southern subspecies of white rhinoceros, are listed as endangered species under the Endangered Species Act of 1973 (16 U.S.C. 1531 et seq.).

(6) In 1987, the parties to CITES adopted a resolution that urged all parties to establish a moratorium on the sale and trade in rhinoceros products (other than legally taken trophies), to destroy government stockpiles of rhinoceros horn, and to exert pressure on countries continuing to allow trade in rhinoceros products.

(7) On September 7, 1993, under section 8 of the Fishermen’s Protective Act of 1967 (22 U.S.C. 1978) the Secretary certified that the People’s Republic of China and Taiwan were engaged in trade of rhinoceros parts and tiger parts that diminished the effectiveness of an international conservation program for that endangered species.

¹ 16 U.S.C. 5301 note.

² 16 U.S.C. 5301.

(8) On September 9, 1993, the Standing Committee of CITES, in debating the continuing problem of trade in rhinoceros horn and tiger parts, adopted a resolution urging parties to CITES to implement stricter domestic measures, up to and including an immediate prohibition in trade in wildlife species.

(9) On November 8, 1993, under section 8 of the Fisherman's Protection Act of 1967 (22 U.S.C. 1978), the President announced that the United States would impose trade sanctions against China and Taiwan unless substantial progress was made by March 1994 towards ending trade in rhinoceros and tiger products.

(10) On April 11, 1994, under section 8 of the Fisherman's Protective Act of 1967 (22 U.S.C. 1978), the President—

(A) directed that imports of wildlife specimens and products from Taiwan be prohibited, in response to Taiwan's failure to undertake sufficient actions to stop illegal rhinoceros and tiger trade; and

(B) indicated that the certification of China would remain in effect and directed that additional monitoring of China's progress be undertaken.

SEC. 3.³ PURPOSES.

The purposes of this Act are the following:

(1) To assist in the conservation of rhinoceros and tigers by supporting the conservation programs of nations whose activities directly or indirectly affect rhinoceros and tiger populations, and the CITES Secretariat.

(2) To provide financial resources for those programs.

(3)⁴ To prohibit the sale, importation, and exportation of products intended for human consumption or application containing, or labeled or advertised as containing, any substance derived from any species of rhinoceros or tiger.

AN ACT To promote the conservation of wild exotic birds, to provide for the Great Lakes Fish and Wildlife Tissue Bank, to reauthorize the Fish and Wildlife Conservation Act of 1980, to reauthorize the African Elephant Conservation Act, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

TITLE I—WILD EXOTIC BIRD CONSERVATION

SEC. 101.¹ SHORT TITLE.

This title may be cited as the “Wild Bird Conservation Act of 1992”.

SEC. 102.² FINDINGS.

The Congress finds the following:

(1) In addition to habitat loss and local use, the international pet trade in wild-caught exotic birds is contributing to the decline of species in the wild, and the mortality associated with the trade remains unacceptably high.

(2) The United States, as the world’s largest importer of exotic birds and as a Party to the Convention, should play a substantial role in finding effective solutions to these problems, including assisting countries of origin in implementing programs of wild bird conservation, and ensuring that the market in the United States for exotic birds does not operate to the detriment of the survival of species in the wild.

(3) Sustainable utilization of exotic birds has the potential to create economic value in them and their habitats, which will contribute to their conservation and promote the maintenance of biological diversity generally.

(4) Utilization of exotic birds that is not sustainable should not be allowed.

(5) Broad international attention has focused on the serious conservation and welfare problems which currently exist in the trade in wild-caught animals, including exotic birds.

(6) Many countries have chosen not to export their wild birds for the pet trade. Their decisions should be respected and their efforts should be supported.

(7) Several countries that allow for the export of their wild birds often lack the means to develop or effectively implement scientifically based management plans, and these countries

¹ 16 U.S.C. 4901 note.

² 16 U.S.C. 4901.

should be assisted in developing and implementing management plans to enable them to ensure that their wild bird trade is conducted humanely and at sustainable levels.

(8) The major exotic bird exporting countries are Parties to the Convention.

(9) The Convention recognizes that trade in species that are threatened with extinction, or that may become so, should be subject to strict regulation.

(10) The necessary population assessments, monitoring programs, and appropriate remedial measures for species listed in Appendix II of the Convention are not always being undertaken in order to maintain species at levels above which they might become eligible for inclusion in Appendix I of the Convention.

(11) Resolutions adopted pursuant to the Convention recommend that the Parties to the Convention take appropriate measures regarding trade in species of exotic birds that have significantly high mortality rates in transport, including suspension of trade for commercial purposes between Parties when appropriate.

(12) Article XIV provides that the Convention in no way affects the right of any Party to the Convention to adopt stricter domestic measures for the regulation of trade in all species, whether or not listed in an Appendix to the Convention.

(13) The United States prohibits the export of all birds native to the United States that are caught in the wild.

(14) This title provides a series of nondiscriminatory measures that are necessary for the conservation of exotic birds, and furthers the obligations of the United States under the Convention.

SEC. 103.³ STATEMENT OF PURPOSE.

The purpose of this title is to promote the conservation of exotic birds by—

(1) assisting wild bird conservation and management programs in the countries of origin of wild birds;

(2) ensuring that all trade in species of exotic birds involving the United States is biologically sustainable and is not detrimental to the species;

(3) limiting or prohibiting imports of exotic birds when necessary to ensure that—

(A) wild exotic bird populations are not harmed by removal of exotic birds from the wild for the trade; or

(B) exotic birds in trade are not subject to inhumane treatment; and

(4) encouraging and supporting effective implementation of the Convention.

(2) TERMINATION OF MORATORIUM.—A species of exotic birds shall be subject to the prohibition on importation established by paragraph (1) until the Secretary, after notice and an opportunity for public comment—

⁵ 16 U.S.C. 4904.

(A) determines that appropriate remedial measures have been taken in the countries of origin for that species, so as to eliminate the threat of trade to the conservation of the species; and

(B) makes the findings described in section 106(c) for the species and includes the species in the list published under section 106(a).

(b) EMERGENCY AUTHORITY TO SUSPEND IMPORTS OF LISTED SPECIES.—

(1) AUTHORITY TO SUSPEND IMPORTS.—The Secretary is authorized to suspend the importation of exotic birds of any species that is listed in any Appendix to the Convention, and if applicable remove the species from the list under section 106(a), if the Secretary determines that—

(A)(i) trade in that species is detrimental to the species,
(ii) there is not sufficient information available on which to base a judgment that the species is not detrimentally affected by trade in that species, or

(iii) remedial measures have been recommended by the Standing Committee of the Convention that have not been implemented; and

(B) the suspension might be necessary for the conservation of the species.

(2) TERMINATION OF SUSPENSION.—A species of exotic birds shall be subject to a suspension of importation under paragraph (1) until the Secretary, after notice and an opportunity for public comment, makes the findings described in section 106(c) and includes the species in the list published under section 106(a).

(d) LIMITATION ON NUMBER IMPORTED DURING FIRST YEAR.—Notwithstanding any other provision of this Act, the Secretary shall prohibit the importation, during the 1-year period beginning on the date of the enactment of this Act, of exotic birds of each species that is listed under any Appendix to the Convention in excess of the number of that species that were imported during the most recent year for which the Secretary has complete import data.

SEC. 106.⁶ LIST OF APPROVED SPECIES.

(a) LISTING.—

(1) IN GENERAL.—One year after the date of enactment of this Act and periodically thereafter, the Secretary shall, after notice and an opportunity for public comment, publish in the Federal Register a list of species of exotic birds that are listed in an Appendix to the Convention and that are not subject to a prohibition or suspension of importation otherwise applicable under section 105 (a), (b), or (c).

⁶ 16 U.S.C. 4905.

(2) MANNER OF LISTING.—The Secretary shall list a species under paragraph (1) with respect to—

(A) the countries of origin from which the species may be imported; and

(B) if appropriate, the qualifying facilities in those countries from which the species may be imported.

(3) BASES FOR DETERMINATIONS.—In making a determination required under this subsection, the Secretary shall—

(B) consider the adequacy of regulatory and enforcement mechanisms in all countries of origin for the species, including such mechanisms for control of illegal trade.

(b) CAPTIVE BRED SPECIES.—The Secretary shall include a species of exotic birds in the list under subsection (a) if the Secretary determines that—

(1) the species is regularly bred in captivity and no wild-caught birds of the species are in trade; or

(2) the species is bred in a qualifying facility.

(c) NON-CAPTIVE BRED SPECIES.—The Secretary shall include in the list under subsection (a) a species of exotic birds that is listed in an Appendix to the Convention if the Secretary finds the Convention is being effectively implemented with respect to that species because of each of the following:

(1) Each country of origin for which the species is listed is effectively implementing the Convention, particularly with respect to—

(A) the establishment of a scientific authority or other equivalent authority;

(B) the requirements of Article IV of the Convention with respect to that species; and

(C) remedial measures recommended by the Parties to the Convention with respect to that species.

(2) A scientifically-based management plan for the species has been developed which—

(A) provides for the conservation of the species and its habitat and includes incentives for conservation;

(B) ensures that the use of the species is biologically sustainable and maintained throughout the range of the species in the country to which the plan applies at a level that is consistent with the role of the species in the ecosystem and is well above the level at which the species might become threatened with extinction; and

(C) addresses factors relevant to the conservation of the species, including illegal trade, domestic trade, subsistence use, disease, and habitat loss.

(3) The management plan is implemented and enforced.

(4) The methods of capture, transport, and maintenance of the species minimizes the risk of injury or damage to health, including inhumane treatment.

SEC. 107.⁷ QUALIFYING FACILITIES.

(a) DETERMINATION.—Upon submission of a petition under section 110 by any person, the Secretary shall determine whether an exotic bird breeding facility is a qualifying facility. Such determination shall be effective for a period specified by the Secretary, which may not exceed 3 years. The Secretary shall, from time to time, publish a list of qualifying facilities in the Federal Register.

(b) CRITERIA.—The Secretary shall determine under subsection (a) that a facility is a qualifying facility for a species of exotic birds if the Secretary finds each of the following:

(1) The facility has demonstrated the capability of producing captive bred birds of the species in the numbers to be imported into the United States from that facility.

(2) The facility is operated in a manner that is not detrimental to the survival of the species in the wild.

(3) The facility is operated in a humane manner.

(4) The appropriate governmental authority of the country in which the facility is located has certified in writing, and the Secretary is satisfied, that the facility has the capability of breeding the species in captivity.

(5) The country in which the facility is located is a Party to the Convention.

(6) All birds exported from the facility are bred at the facility.

SEC. 108.⁸ MORATORIA FOR SPECIES NOT COVERED BY CONVENTION.

(a) IN GENERAL.—The Secretary shall—

(1) review periodically the trade in species of exotic birds that are not listed in any Appendix to the Convention; and

(2) after notice and an opportunity for public comment, establish a moratorium or quota on—

(A) importation of any species of exotic birds from one or more countries of origin for the species, if the Secretary determines that—

(i) the findings described in section 106(c) (2), (3), and (4) cannot be made with respect to the species; and

(ii) the moratorium or quota is necessary for the conservation of the species or is otherwise consistent with the purpose of this title; or

(B) the importation of all species of exotic birds from a particular country, if—

(i) the country has not developed and implemented a management program for exotic birds in trade generally, that ensures both the conservation and the humane treatment of exotic birds during capture, transport, and maintenance; and

(ii) the Secretary finds that the moratorium or quota is necessary for the conservation of the species or is otherwise consistent with the purpose of this title.

⁷ 16 U.S.C. 4906.

⁸ 16 U.S.C. 4907.

- (1) within 90 days after receiving the petition, issue and publish in the Federal Register a preliminary ruling regarding whether the petition presents sufficient information indicating that the action requested in the petition might be warranted; and
- (2) for each petition determined to present such sufficient information—
 - (A) provide an opportunity for the submission of public comment on the petition; and

SEC. 112.¹² EXEMPTIONS.

Notwithstanding any prohibition, suspension, or quota under this title on the importation of a species of exotic bird, the Secretary may, through the issuance of import permits, authorize the importation of a bird of the species if the Secretary determines that such importation is not detrimental to the survival of the species and the bird is being imported exclusively for any of the following purposes:

(1) Scientific research.

(3) the United States should exercise a leadership role in preparations for the June 1992 meeting of the UNCED;

(4) the United States should carefully consider what it hopes to achieve through the UNCED and how United States national security interests may best be advanced in deliberations in that conference;

(5) the United States should seek ways to forge a global partnership and international cooperation among developing and industrialized nations on behalf of environmentally sound economic development;

(6) the United States should actively pursue creative approaches to the spectrum of UNCED issues which the conference will address, and in particular seek innovative solutions to the key cross-sectorial issues of technology transfer and financial resources;

(7) the United States should consider how best to strengthen international legal and institutional mechanisms to effectively

address the range of UNCED issues beyond the 1992 Conference and into the next century;

(8) the United States should promote broad international participation in the UNCED process at all levels, from grass roots to national;

(9) the Agency for International Development should assume an appropriate role in the preparations for the June 1992 meeting of the UNCED, in view of the mandate and expertise of that agency regarding the twin conference themes of international environment and development; and

CHANGE RESEARCH

SEC. 201.¹ SHORT TITLE.

This title may be cited as the “International Cooperation in Global Change Research Act of 1990.

SEC. 202.² FINDINGS AND PURPOSES.

(a) FINDINGS.—The Congress makes the following findings:

(1) Pooling of international resources and scientific capabilities will be essential to a successful global change program.

(2) While international scientific planning is already underway, there is currently no comprehensive intergovernmental mechanism for planning, coordinating, or implementing research to understand global change and to mitigate possible adverse effects.

(3) An international global change research program will be important in building future consensus on methods for reducing global environmental degradation.

(4) The United States, as a world leader in environmental and Earth sciences, should help provide leadership in developing and implementing an international global change research program.

(b) PURPOSES.—The purposes of this title are to—

(1) promote international, intergovernmental cooperation on global change research;

(2) involve scientists and policymakers from developing nations in such cooperative global change research programs; and

(3) promote international efforts to provide technical and other assistance to developing nations which will facilitate improvements in their domestic standard of living while minimizing damage to the global or regional environment.

SEC. 203.³ INTERNATIONAL DISCUSSIONS.

(a) GLOBAL CHANGE RESEARCH.—The President should direct the Secretary of State, in cooperation with the Committee,⁴ to initiate discussions with other nations leading toward international protocols and other agreements to coordinate global change research activities. Such discussions should include the following issues:

(1) Allocation of costs in global change research programs, especially with respect to major capital projects.

(2) Coordination of global change research plans with those developed by international organizations such as the International Council on Scientific Unions, the World Meteorological Organization, and the United Nations Environment Program.

(3) Establishment of global change research centers and training programs for scientists, especially those from developing nations.

(4) Development of innovative methods for management of international global change research, including—

(A) use of new or existing intergovernmental organizations for the coordination or funding of global change research; and

(B) creation of a limited foundation for global change research.

(5) the prompt establishment of international projects to)

(A) create globally accessible formats for data collected by various international sources; and

(B) combine and interpret data from various sources to produce information readily usable by policymakers attempting to formulate effective strategies for preventing, mitigating, and adapting to possible adverse effects of global change.

(6) Establishment of international offices to disseminate information useful in identifying, preventing, mitigating, or adapting to the possible effects of global change.

(b) ENERGY RESEARCH.—The President should direct the Secretary of State (in cooperation with the Secretary of Energy, the Secretary of Commerce, the United States Trade Representative, and other appropriate members of the Committee) to initiate discussions with other nations leading toward an international research protocol for cooperation on the development of energy technologies which have minimally adverse effects on the environment. Such discussions should include, but not be limited to, the following issues:

(1) Creation of an international cooperative program to fund research related to energy efficiency, solar and other renewable energy sources, and passively safe and diversion-resistant nuclear reactors.

(2) Creation of an international cooperative program to develop low cost energy technologies which are appropriate to the environmental, economic, and social needs of developing nations.

Not more than 180 days after the date of enactment of this Act, the President shall, in consultation with the Committee and all relevant Federal agencies, establish an Office of Global Change Research Information. The purpose of the Office shall be to disseminate to foreign governments, businesses, and institutions, as well as the citizens of foreign countries, scientific research information available in the United States which would be useful in preventing, mitigating, or adapting to the effects of global change. Such information shall include, but not be limited to, results of scientific research and development on technologies useful for—

(1) reducing energy consumption through conservation and energy efficiency;

(2) promoting the use of solar and renewable energy sources which reduce the amount of greenhouse gases released into the atmosphere;

(3) developing replacements for chlorofluorocarbons, halons, and other ozone-depleting substances which exhibit a significantly reduced potential for depleting stratospheric ozone;

(4) promoting the conservation of forest resources which help reduce the amount of carbon dioxide in the atmosphere;

(12) Rio Grande American Canal Extension Act of 1990

Public Law 101-438 [H.R. 4758], 104 Stat. 1001, approved October 18, 1990

AN ACT To provide for the construction, operation, and maintenance of an extension of the American Canal at El Paso, Texas.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “Rio Grande American Canal Extension Act of 1990”.

SEC. 2. FINDINGS.

The Congress finds the following:

(1) The Riverside Dam on the international reach of the Rio Grande River at El Paso, Texas, provides the water used to irrigate nearly 32,000 acres of farmland in the United States.

(2) In June 1987, the Riverside Dam failed, and the temporary replacement structure now in place cannot be relied upon to guarantee the continued provision of these waters to the United States.

(3) Building a permanent structure in an international reach of the Rio Grande would require the conditional approval of the Government of Mexico through an action of the International Boundary and Water Commission, United State and Mexico, and Mexico could use such structure to divert waters to its own land.

(4) The United States constructed the American Dam completely in United States territory to ensure that waters from the American Canal would be completely retained within the United States up to a point below Mexico’s diversion at the International Dam.

(5) Potentially disruptive international issues might arise from the commingling of the waters of the United States and the waters of Mexico in this reach of the Rio Grande, while such issues would not arise if a canal extension were constructed as operated wholly on the American side of the river.

(6) The construction and operation of any extension of the American Canal which would lie wholly in the United States would provide for a more equitable distribution of waters between the United States and Mexico, reduce water losses, and eliminate many hazards to public safety.

SEC. 3. CONSTRUCTION OF CANAL EXTENSION, OPERATION, MAINTENANCE AND USE.

(a) CONSTRUCTION OF EXTENSION.—Subject to subsection (e), the Secretary shall construct an extension of the American Canal, together with pumping plants, wasteways, measuring devices, and

other facilities needed to connect such extension with existing irrigation systems. Such extension shall lie wholly in the United States and shall be approximately 13 miles in length, beginning at the downstream end of the current American Canal in El Paso, Texas, and extending to Riverside Heading.

(b) OPERATION OF CANAL.—

(1) IN GENERAL.—Except as provided in paragraph (2), the Secretary shall operate the extension of the American Canal provided for in subsection (a).

(2) DELIVERY OF WATERS.—The Secretary shall enter into an agreement with El Paso County Water Improvement District Number 1 pursuant to which the Water Improvement District would be responsible for the operation of the American Canal with respect to the delivery of all waters, with the exception of those waters belonging to Mexico which, consistent with paragraph (3), the Secretary shall be responsible for delivering.

(3) UNITED STATES OBLIGATIONS UNDER 1906 AND 1933 CONVENTIONS.—In authorizing the agreement described in paragraph (2), this Act—

(A) does not in any way affect the jurisdiction, powers, or prerogatives of the International Boundary and Water Commission, United States and Mexico, and

(B) does not in any way impede the ability of the United States Government to fulfill its obligations under the 1906 and 1933 Conventions.

(c) USE OF CANAL AS CONVEYANCE CHANNEL.—

(1) USE BY MEXICO.—The Secretary may enter into an agreement with Mexico which permits Mexico to use the American Canal as a conveyance channel. Any such agreement shall require Mexico to make payments to the United States for Mexico's use of the American Canal.

(2) USE BY NON-FEDERAL ENTITIES.—Upon obtaining the express approval of the Secretary, El Paso County Water Improvement District Number 1 may enter into agreements with other non-Federal entities pursuant to which such entities may use the American Canal as a conveyance channel.

(d) MAINTENANCE OF EXTENSION.—The Secretary shall maintain the extension of the American Canal provided for in subsection (a).

(e) LOCAL CONTRIBUTION TO COSTS.—The extension of the American Canal provided for in subsection (a) may not be constructed unless the Secretary and El Paso County Water Improvement District Number 1 have entered into the following agreements:

(1) CONSTRUCTION COSTS.—An agreement pursuant to which El Paso County Water Improvement District Number 1 will pay \$5,000,000 as its share of the construction costs for the construction of the extension of the American Canal provided for in subsection (a).

(2) MAINTENANCE COSTS.—An agreement pursuant to which El Paso County Water Improvement District Number 1 will contribute a cumulative amount of \$50,000 each year to the United States Commissioner as its share of the costs for maintenance of the extension of the American Canal provided for in subsection (a). After the 7-year anniversary of the completion of the construction of that extension (and after the end of each

7-year interval since the last such renegotiation), the Secretary and the El Paso County Water Improvement District Number 1 may renegotiate the amount of the contribution of El Paso County Water Improvement District Number 1 pursuant to the agreement required by this paragraph in order to reflect any increase in Bureau of Labor Statistics Consumer Price Index—Urban Wage Earners and Clerical Workers (CPI-W)—1982–84–100 Index. In the event the funds contributed by the El Paso County Water Improvement District Number 1 pursuant to this paragraph are not utilized during any given year, the funds shall be carried over to the succeeding years in a contingency fund for necessary preventatives and routine maintenance work to be performed by the United States Section, International Boundary and Water Commission.

(f) REPEAL OF PREVIOUS CONSTRUCTION AUTHORIZATION.—Title IV of the Act entitled “an Act to authorize various Federal reclamation projects and programs, and for other purposes”, approved September 28, 1976 (Public Law 94-423; 90 Stat. 1327), is repealed.

SEC. 4. STUDY OF SUBSIDENCE DAMAGE.

The Secretary—

(1) shall conduct a study to determine the likelihood and extent of any damage to property adjacent to the American Canal which would be caused by subsidence related to the Canal extension provided for in section 3(a), and

(2) shall submit a report to the Congress detailing his findings not later than 1 year after the date of the enactment of this Act.

SEC. 5. AUTHORIZATION OF APPROPRIATIONS.

There are authorized to be appropriated—

(1) \$42,000,000 to construct the extension of the American Canal provided for in section 3(a); and

(2) such sums as may be necessary to operate and maintain that extension and to conduct the study required by section 4.

SEC. 6. DEFINITIONS.

As used in this Act—

(1) the term “American Canal” means the Rio Grande American Canal constructed pursuant to the Act of August 29, 1935 (49 Stat. 961);

(2) the term “United States Commissioner” means the United States Commissioner, International boundary and Water Commission, United States and Mexico; and

(3) the term “Secretary” means the Secretary of State, acting through the United States Commissioner.

Public Law 100-530 [H.J. Res. 648], 102 Stat. 2651, approved October 25, 1988

JOINT RESOLUTION To encourage increased international cooperation to protect biological diversity.

Whereas habitat destruction is a main cause of the accelerating extinction of animal and plant species;

Whereas increased international cooperation is essential to protect species threatened with extinction and to halt the loss of unique and irreplaceable ecosystems; and

Whereas the United States has strongly supported efforts to convene an international convention for preservation of the Earth's biological diversity: Now therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1.² STATEMENT OF POLICIES.

The Congress—

(1) supports the United States efforts, consistent with section 119(g) of the Foreign Assistance Act of 1961, to initiate discussions to develop an international agreement to preserve biological diversity; and

(2) calls upon the President to continue exerting United States leadership in order to achieve the earliest possible negotiation of an international convention to conserve the Earth's biological diversity, including the protection of a representative system of ecosystems adequate to conserve biological diversity.

TITLE II—AFRICAN ELEPHANT CONSERVATION

SEC. 2001.¹ SHORT TITLE.

This title may be cited as the “African Elephant Conservation Act.”

SEC. 2002.² STATEMENT OF PURPOSE.

The purpose of this title is to perpetuate healthy populations of African elephants.

SEC. 2003.³ FINDINGS.

The Congress finds the following:

(1) Elephant populations in Africa have declined at an alarming rate since the mid-1970’s.

(2) The large illegal trade in African elephant ivory is the major cause of this decline, and threatens the continued existence of the African elephant.

(3) The African elephant is listed as threatened under the Endangered Species Act of 1973 (16 U.S.C. 1531 et seq.) and its continued existence will be further jeopardized if this decline is not reversed.

(4) Because African elephant ivory is indistinguishable from Asian elephant ivory, there is a need to ensure that the trade in African elephant ivory does not further endanger the Asian elephant, which is listed as endangered under section 4 of the Endangered Species Act of 1973 (16 U.S.C. 1533) and under Appendix I of CITES.

(5) In response to the significant illegal trade in African elephant ivory, the parties to CITES established the CITES Ivory

² 16 U.S.C. 4201 note.

³ 16 U.S.C. 4202.

Control System to curtail the illegal trade and to encourage African countries to manage, conserve, and protect their African elephant populations.

(6) The CITES Ivory Control System entered into force recently and should be allowed to continue in force for a reasonable period of time to assess its effectiveness in curtailing the illegal trade in African elephant ivory.

(7) Although some African countries have effective African elephant conservation programs, many do not have sufficient resources to properly manage, conserve, and protect their elephant populations.

(8) The United States, as a party to CITES and a large market for worked ivory, shares responsibility for supporting and implementing measures to stop the illegal trade in African elephant.

(9) There is no evidence that sport hunting is part of the poaching that contributes to the illegal trade in African elephant ivory, and there is evidence that the proper utilization of well-managed elephant populations provides an important source of funding for African elephant conservation programs.

SEC. 2004.⁴ STATEMENT OF POLICY.

It is the policy of the United States—

(1) to assist in the conservation and protection of the African elephant by supporting the conservation programs of African countries and the CITES Secretariat; and

(2) to provide financial resources for those programs.

PART I—AFRICAN ELEPHANT CONSERVATION ASSISTANCE

SEC. 2101.⁵ PROVISION OF ASSISTANCE.

(a) **IN GENERAL.**—The Secretary may provide financial assistance under this part from the⁶ Fund for approved projects for research, conservation, management, or protection of African elephants.

(b) **PROJECT PROPOSAL.**—Any African government agency responsible for African elephant conservation and protection, the CITES Secretariat, and any organization or individual with experience in African elephant conservation may submit to the Secretary a project proposal under this section. Each such proposal shall contain—

(1) the name of the person responsible for conducting the project;

(2) a succinct statement of the need for and purposes of the project;

(3) a description of the qualifications of the individuals who will be conducting the project;

(4) an estimate of the funds and time required to complete the project;

⁴ 16 U.S.C. 4203.

⁵ 16 U.S.C. 4211.

⁶ Sec. 6(a)(1) of the African Elephant Reauthorization Act of 2001 (Public Law 107-111; 115 Stat. 2096) struck out “African Elephant Conservation”.

(6) any other information the Secretary considers to be necessary or appropriate for evaluating the eligibility of the project for funding under this title.

(c) **PROJECT REVIEW AND APPROVAL.**—The Secretary shall review each project proposal to determine if it meets the criteria set forth in subsection (d) and otherwise merits assistance under this title. Not later than six months after receiving a project proposal, and subject to the availability of funds, the Secretary shall approve or disapprove the proposal and provide written notification to the person who submitted the proposal and to each country within which the project is proposed to be conducted.

(d) **CRITERIA FOR APPROVAL.**—The Secretary may approve a project under this section if the project will enhance programs for African elephant research, conservation, management, or protection by—

(1) developing in a usable form sound scientific information on African elephant habitat condition and carrying capacity, total elephant numbers and population trends, or annual reproduction and mortality; or

(2) assisting efforts—

(A) to ensure that any taking of African elephants in the country is effectively controlled and monitored;

(B) to implement conservation programs to provide for healthy, sustainable African populations; or

(C) to enhance compliance with the CITES Ivory Control System.

(e)⁷ **PROJECT SUSTAINABILITY.**—To the maximum extent practical, in determining whether to approve project proposals under this section, the Secretary shall give consideration to projects that will enhance sustainable conservation programs to ensure effective long-term conservation of African elephants.

(f)⁷ **PROJECT REPORTING.**—Each entity that receives assistance under this section shall provide such periodic reports to the Director of the United States Fish and Wildlife Service as the Director considers relevant and appropriate. Each report shall include all information requested by the Director for evaluating the progress and success of the project.

SEC. 2102.⁸ ACCEPTANCE AND USE OF DONATIONS

The Secretary may accept and use donations of funds to provide assistance under this part. Amounts received by the Secretary in

⁷Sec. 5 of the African Elephant Reauthorization Act of 2001 (Public Law 107-111; 115 Stat. 2096) redesignated subsec. (e) as subsec. (f) and added a new subsec. (e).

(4) seek to ensure that staff of each bank facilitate debtor countries' collaboration with local and international non-governmental or private organizations in implementing debt-for-nature exchanges; and

(3) Protection of Antarctica as a Global Ecological Commons

Public Law 101-620 [S.J. Res. 206], 104 Stat. 3340, approved November 16, 1990

JOINT RESOLUTION Calling for the United States to encourage immediate negotiations toward a new agreement among Antarctic Treaty Consultative Parties, for the full protection of Antarctica as a global ecological commons.

Whereas Antarctica, like the great oceans and the atmosphere, is a part of the global commons;

Whereas the Antarctic region, including the continent and the Southern Ocean, is a fragile ecosystem that support an amazing abundance of life, and is, in turn, crucial to other life on Earth;

Whereas Antarctica is a critical areas in the study and documentation of global change;

Whereas negotiations of the Antarctic Treaty Consultative Parties have resulted in the Convention on the Regulation of Antarctic Mineral Resource Activities;

Whereas the Convention on the Regulation of Antarctic Mineral Resource Activities, while requiring consideration of environmental impacts prior to allowing minerals development in Antarctica, does not guarantee preservation of the Antarctic environment; and

Whereas the challenge to humankind is to ensure that Antarctica is stewarded in a manner that conserves its unique environment and preserves its value for scientific research: Now, therefore be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That—

(1) Antarctica is a global ecological commons, and should, therefore, be subject to a new agreement or protocol which supplement¹ the Antarctic Treaty of 1959, providing for comprehensive environmental protection of Antarctica, and which should for an indefinite period establish Antarctica as a region closed to commercial minerals development and related activities;

(2) under such new agreements, information about mineral or other resources in Antarctica should be obtained under strictly controlled arrangements and should be openly shared in the international scientific community;

(3) the Convention on the Regulation of Antarctic Mineral Resource Activities, through a considerable step forward, does not guarantee protection of the fragile environment of Antarctica and could actually stimulate movement toward commercial exploitation;

¹ As enrolled. Should probably read “supplements”.

(4) pending the negotiation and entry into force of the new agreements referred to in paragraph (1) the Convention on the Regulation of Antarctic Mineral Resource Activities should not be presented to the Senate for advice and consent to ratification;

(5) until such new agreements enter into force, the United States should support the interim restraint measures currently in effect among the Consultative Parties to the Antarctic Treaty; and

(6) the negotiation of a new agreements² referred to in paragraph (1) should be fully supported by the United States at the November 1990 meeting of the Antarctic Treaty Consultative Parties in Santiago, Chile.

²As enrolled. Should probably read "agreement" or "of new agreements".

(4) Antarctic Protection Act of 1990

Public Law 101-594 [H.R. 3977], 104 Stat. 2975, approved November 16, 1990; as amended by Public Law 104-227 [Antarctic Science, Tourism, and Conservation Act of 1996; H.R. 3060], 110 Stat. 3034, approved October 2, 1996

AN ACT To protect and conserve the continent of Antarctica, and for other purposes.

Be it enacted by the Senate and the House of Representatives of the United States of America in Congress assembled,

SECTION 1.¹ SHORT TITLE.

This Act may be cited as the “Antarctic Protection Act of 1990”.

SEC. 2.² FINDINGS AND PURPOSE.

(a) FINDINGS.—Congress finds that—

(1) the Antarctic continent with its associated and dependent ecosystems is a distinctive environment providing a habitat for many unique species and offering a natural laboratory from which to monitor critical aspects of stratospheric ozone depletion and global climate change;

(2) Antarctica is protected by a series of international agreements, including the Antarctic Treaty and associated recommendations, the Convention on the Conservation of Antarctic Seals, and the Convention on the Conservation of Antarctic Marine Living Resources, which are intended to conserve the renewable natural resources of Antarctica and to recognize the importance of Antarctica for the conduct of scientific research;

(3) recurring and recent developments in Antarctica, including increased siting of scientific stations, poor waste disposal practices, oil spills, increased tourism, and the over-exploitation of marine living resources, have raised serious questions about the adequacy and implementation of existing agreements and domestic law to protect the Antarctic environment and its living marine resources;

(4) the parties to the Antarctic Treaty have negotiated a Convention on the Regulation of Antarctic Mineral Resources Activities which the United States has signed but not yet ratified;

(5) the Convention on the Regulation of Antarctic Mineral Resources Activities does not guarantee the preservation of the fragile environment of Antarctica and could actually stimulate movement toward Antarctic mineral resource activity;

(6) the exploitation of mineral resources in Antarctica could lead to additional degradation of the Antarctic environment, including increased risk of oil spills;

¹ 16 U.S.C. 2461 note.

² 16 U.S.C. 2461.

(7) the Antarctic Treaty Consultative Parties have agreed to a voluntary ban on Antarctic mineral resource activities which needs to be made legally binding;

(8) the level of scientific study, including necessary support facilities, has increased to the point that some scientific programs may be degrading the Antarctic environment; and

(9) the planned special consultative meeting of parties to the Antarctic Treaty and the imminence of the thirtieth anniversary of the Antarctic Treaty provide opportunities for the United States to exercise leadership toward protection and sound management of Antarctica.

(b) PURPOSE.—The purpose of this Act is to—

(1) strengthen substantially overall environmental protection of Antarctica;

(2) prohibit prospecting, exploration, and development of Antarctic mineral resources by United States citizens and other persons subject to the jurisdiction of the United States;

(3) urge other nations to join the United States in immediately negotiating one or more new agreements to provide an indefinite ban on all Antarctic mineral resource activities and comprehensive protection for Antarctica and its associated and dependent ecosystems; and

(4) urge all nations to consider a permanent ban on Antarctic mineral resource activities.

SEC. 3.³ DEFINITIONS.

For the purposes of this Act:

TITLE I—UNITED STATES GLOBAL CHANGE RESEARCH
PROGRAM

SEC. 101.³ FINDINGS AND PURPOSE.

(a) **FINDINGS.**—The Congress makes the following findings:

(1) Industrial, agricultural, and other human activities, coupled with an expanding world population, are contributing to processes of global change that may significantly alter the Earth habitat within a few human generations.

(2) Such human-induced changes, in conjunction with natural fluctuations, may lead to significant global warming and thus alter world climate patterns and increase global sea levels. Over the next century, these consequences could adversely affect world agricultural and marine production, coastal habitability, biological diversity, human health, and global economic and social well-being.

(3) The release of chlorofluorocarbons and other stratospheric ozone-depleting substances is rapidly reducing the ability of the atmosphere to screen out harmful ultraviolet radiation, which could adversely affect human health and ecological systems.

(4) Development of effective policies to abate, mitigate, and cope with global change will rely on greatly improved scientific understanding of global environmental processes and on our ability to distinguish human-induced from natural global change.

(5) New developments in interdisciplinary Earth sciences, global observing systems, and computing technology make possible significant advances in the scientific understanding and prediction of these global changes and their effects.

(6) Although significant Federal global change research efforts are underway, an effective Federal research program will require efficient interagency coordination, and coordination with the research activities of State, private, and international entities.

(b) **PURPOSE.**—The purpose of this title is to provide for development and coordination of a comprehensive and integrated United States research program which will assist the Nation and the world to understand, assess, predict, and respond to human-induced and natural processes of global change.

(1) MONITORING.—The monitoring component of the program conducted under this section shall identify and determine sources of pollutants for which national ambient air quality standards (hereinafter referred to as “NAAQS”) and other air quality goals have been established in regions along the border between the United States and Mexico. any such monitoring component of the program shall include, but not be limited to, the collection of meteorological data, the measurement of air quality, the compilation of an emissions inventory, and shall be sufficient to the extent necessary to successfully support the use of a state-of-the-art mathematical air modeling analysis. Any such monitoring component of the program shall collect and produce data projecting the level of emission reductions necessary in both Mexico and the United States to bring about attainment of both primary and secondary NAAQS, and other air quality goals in regions along the border in the United States. any such monitoring component of the program shall include to the extent possible, data from monitoring programs undertaken by other parties.

(2) REMEDIATION.—The Administrator is authorized to negotiate with appropriate representatives of Mexico to develop joint remediation measures to reduce the level of airborne pollutants to achieve and maintain primary and secondary NAAQS, and other air quality goals, in regions along the border between the United States and Mexico. Such joint remediation measures may include, but not be limited to measures included in the Environmental Protection Agency’s Control Techniques and Control Technology documents. Any such remediation program shall also identify those control measures implementation of which in Mexico would be expedited by the use of material and financial assistance of the United States.

(c) ANNUAL REPORTS.—The Administrator shall, each year the program authorized in this section is in operation, report to Congress on the progress of the program in bringing nonattainment areas along the border of the United States into attainment with primary and secondary NAAQS. The report issued by the Administrator under this paragraph shall include recommendations on funding mechanisms to assist in implementation of monitoring and remediation efforts.

(d) FUNDING AND PERSONNEL.—The Administrator may, where appropriate, make available, subject to the appropriations, such funds, personnel, and equipment as may be necessary to implement the provisions of this section. In those cases where direct financial assistance of the United States is provided to implement monitoring and remediation programs in Mexico, the Administrator shall develop grant agreements with appropriate representatives of Mexico to assure the accuracy and completeness of monitoring data and the performance of remediation measures which are financed by the United States. With respect to any control measures within Mexico funded by the United States, the Administrator shall, to the maximum extent practicable, utilize resources of Mexico where

such utilization would reduce costs to the United States. Such funding agreements shall include authorization for the Administrator to—

(1) review and agree to plans for monitoring and remediation;

(2) inspect premises, equipment and records to insure compliance with the agreements established under and the purposes set forth in this section; and

(3) where necessary, develop grant agreements with affected States to carry out the provisions of this section.

TITLE IV—EXPORTS OF UNPROCESSED TIMBER

SEC. 487.¹ SHORT TITLE.

This title may be cited as the “Forest Resources Conservation and Shortage Relief Act of 1990”.

SEC. 488.² FINDINGS AND PURPOSES.

(a) FINDINGS.—The Congress makes the following findings:

(1) Timber is essential to the United States.

(2) Forests, forest resources, and the forest environment are exhaustible natural resources that require efficient and effective conservation efforts.

(3) In the interest of conserving those resources, the United States has set aside millions of acres of otherwise harvestable timberlands in the western United States, representing well over 100,000,000,000 board feet of otherwise harvestable timber.

(4) In recent years, administrative, statutory, or judicial action had been taken to set aside an increased amount of otherwise harvestable timberlands for conservation purposes.

(5) In the next few months and years, additional amounts of otherwise harvestable timberlands may be set aside for conservation purposes, pursuant to the Endangered Species Act of 1973, the National Forest Management Act of 1976, or other expected statutory, administrative, and judicial actions.

(6) There is evidence there is a shortfall in the supply of unprocessed timber in the western United States.

(7) There is reason to believe that any shortfall which may already exist may worsen unless action is taken,

(8) In conjunction with the broad conservation actions expected in the next few months and years, conservation action is necessary with respect to exports of unprocessed timber.

(b) PURPOSES.—The purposes of this title are—

¹ 16 U.S.C. 620 note.

² 16 U.S.C. 620.

(1) to promote the conservation of forest resources in conjunction with State and Federal resources management plans, and other actions or decisions, affecting the use of forest resources.

(2) to take action essential for the acquisition and distribution of forest resources or products in short supply in the western United States;

(3) to take action necessary, to meet the goals of Article XI 2.(a) of the GATT 1994 (as defined in section 3501(1)(B) of title 19),³ to ensure sufficient supplies of certain forest resources or products which are essential to the United States;

(4) to continue and refine the existing Federal policy of restricting the export of unprocessed timber harvested from Federal lands in the western United States; and

(5) to effect measures aimed at meeting these objectives in conformity with the obligations of the United States under the WTO Agreement and the multilateral trade agreements (as such terms are defined in paragraphs (9) and (4), respectively, of section 3501 of title 19).⁴

TITLE XI—GLOBAL CLIMATE PROTECTION¹

SEC. 1101. SHORT TITLE.

This title may be cited as the “Global Climate Protection Act of 1987”.

SEC. 1102. FINDINGS.

The Congress finds as follows:

(1) There exists evidence that manmade pollution—the release of carbon dioxide, chlorofluorocarbons, methane, and other trace gases into the atmosphere—may be producing a long-term and substantial increase in the average temperature on Earth, a phenomenon known as global warming through the greenhouse effect.

(2) By early in the next century, an increase in Earth temperature could—

(A) so alter global weather patterns as to have an effect on existing agricultural production and on the habitability of large portions of the Earth; and

(B) cause thermal expansion of the oceans and partial melting of the polar ice caps and glaciers, resulting in rising sea levels.

(3) Important research into the problem of climate change is now being conducted by various United States Government and international agencies, and the continuation and intensification of those efforts will be crucial to the development of an effective United States response.

(4) While the consequences of the greenhouse effect may not be fully manifest until the next century, ongoing pollution and deforestation may be contributing now to an irreversible process. Necessary actions must be identified and implemented in time to protect the climate.

(5) The global nature of this problem will require vigorous efforts to achieve international cooperation aimed at minimizing

¹ 15 U.S.C. 2901 note.

and responding to adverse climate change; such international cooperation will be greatly enhanced by United States leadership. A key step in international cooperation will be the meeting of the Governing Council of the United Nations Environment Program, scheduled for June 1989, which will seek to determine a direction for worldwide efforts to control global climate change.

(6) Effective United States leadership in the international arena will depend upon a coordinated national policy.

SEC. 1103. MANDATE FOR ACTION ON THE GLOBAL CLIMATE.

(a) GOALS OF UNITED STATES POLICY.—United States policy should seek to—

(1) increase worldwide understanding of the greenhouse effect and its environmental and health consequences;

(2) foster cooperation among nations to develop more extensive and coordinated scientific research efforts with respect to the greenhouse effect;

(3) identify technologies and activities to limit mankind's adverse effect on the global climate by—

(A) slowing the rate of increase of concentrations of greenhouse gases in the atmosphere in the near term; and

(B) stabilizing or reducing atmospheric concentrations of greenhouse gases over the long term; and

(4) work toward multilateral agreements.

(b) FORMULATION OF UNITED STATES POLICY.—The President, through the Environmental Protection Agency, shall be responsible for developing and proposing to Congress a coordinated national policy on global climate change. Such policy formulation shall consider research findings of the Committee on Earth Sciences of the Federal Coordinating Council on Science and Engineering Technology, the National Academy of Sciences, the National Oceanic and Atmospheric Administration, the National Science Foundation, the National Aeronautic and Space Administration, the Department of Energy, the Environmental Protection Agency, and other organizations engaged in the conduct of scientific research.

(c) COORDINATION OF UNITED STATES POLICY IN THE INTERNATIONAL ARENA.—The Secretary of State shall be responsible to coordinate those aspects of United States policy requiring action through the channels of multilateral diplomacy, including the United Nations Environment Program and other international organizations. In the formulation of these elements of United States policy, the Secretary of State shall, under the direction of the President, work jointly with the Administrator of the Environmental Protection Agency and other United States agencies concerned with environmental protection, consistent with applicable Federal law.

SEC. 1104. REPORT TO CONGRESS.

Not later than 24 months after the date of enactment of this Act, the Secretary of State and the Administrator of the Environmental Protection Agency shall jointly submit to all committees of jurisdiction in the Congress a report which shall include—

(1) a summary analysis of current international scientific understanding of the greenhouse effect, including its environmental and health consequences;

(2) an assessment of United States efforts to gain international cooperation in limiting global climate change; and

(3) a description of the strategy by which the United States intends to seek further international cooperation to limit global climate change.

SEC. 1105. INTERNATIONAL YEAR OF GLOBAL CLIMATE PROTECTION.

In order to focus international attention and concern on the problem of global warming, and to foster further work on multilateral treaties aimed at protecting the global climate, the Secretary of State shall undertake all necessary steps to promote, within the United Nations system, the early designation of an International Year of Global Climate Protection.

SEC. 1106. CLIMATE PROTECTION AND UNITED STATES RELATIONS WITH THE INDEPENDENT STATES OF THE FORMER SOVIET UNION.²

In recognition of the respective leadership roles of the United States and the independent states of the former Soviet Union³ in the international arena, and of the extent to which they are⁴ producers of atmospheric pollutants, the Congress urges that the President accord the problem of climate protection a high priority on the agenda of United States relations with the independent states.⁵

n. Environmental Effects Abroad of Major Federal Actions

Executive Order 12114, January 4, 1979, 44 F.R. 1957, 42 U.S.C. 4321 note

By virtue of the authority vested in me by the Constitution and the laws of the United States, and as President of the United States, in order to further environmental objectives consistent with the foreign policy and national security policy of the United States, it is ordered as follows:

SECTION 1

1-1. *Purpose and Scope.* The purpose of this Executive Order is to enable responsible officials of Federal agencies having ultimate responsibility for authorizing and approving actions encompassed by this Order to be informed of pertinent environmental considerations and to take such considerations into account, with other pertinent considerations of national policy, in making decisions regarding such actions. While based on independent authority, this Order furthers the purpose of the National Environmental Policy Act (42 U.S.C. 4321 et seq.) and the Marine Protection Research and Sanctuaries Act (16 U.S.C. 1431 et seq. and 33 U.S.C. 1401 et seq.) and the Deepwater Port Act (33 U.S.C. 1501 et seq.) consistent with the foreign policy and national security policy of the United States, and represents the United States government's exclusive and complete determination of the procedural and other actions to be taken by Federal agencies to further the purpose of the National Environmental Policy Act, with respect to the environment outside the United States, its territories and possessions.

SECTION 2

2-1. *Agency Procedures.* Every Federal agency taking major Federal actions encompassed hereby and not exempted herefrom having significant effects on the environment outside the geographical borders of the United States and its territories and possessions shall within eight months after the effective date of this Order have in effect procedures to implement this Order. Agencies shall consult with the Department of State and the Council on Environmental Quality concerning such procedures prior to placing them in effect.

2-2. *Information Exchange.* To assist in effectuating the foregoing purpose, the Department of State and the Council on Environmental Quality in collaboration with other interested Federal agencies and other nations shall conduct a program for exchange on a continuing basis of information concerning the environment. The objectives of this program shall be to provide information for use by decisionmakers, to heighten awareness of and interest in environmental concerns and, as appropriate, to facilitate environmental cooperation with foreign nations.

2-3. *Actions Included.* Agencies in their procedures under Section 2-1 shall establish procedures by which their officers having ultimate responsibility for authorizing and approving actions in one of the following categories encompassed by this Order, take into consideration in making decisions concerning such actions, a document described in Section 2-4(a):

(a) major Federal actions significantly affecting the environment of the global commons outside the jurisdiction of any nation (e.g., the oceans or Antarctica);

(b) major Federal actions significantly affecting the environment of a foreign nation not participating with the United States and not otherwise involved in the action;

(c) major Federal actions significantly affecting the environment of a foreign nation which provide to that nation:

(1) a product, or physical project producing a principal product or an emission or effluent, which is prohibited or strictly regulated by Federal law in the United States because its toxic effects on the environment create a serious public health risk;

or

(2) a physical project which in the United States is prohibited or strictly regulated by Federal law to protect the environment against radioactive substances.

(d) major Federal actions outside the United States, its territories and possessions which significantly affect natural or ecological resources of global importance designated for protection under this subsection by the President, or, in the case of such a resource protected by international agreement binding on the United States, by the Secretary of State. Recommendations to the President under this subsection shall be accompanied by the views of the Council on Environmental Quality and the Secretary of State.

2-4. *Applicable Procedures.* (a) There are the following types of documents to be used in connection with actions described in Section 2-3:

(i) environmental impact statements (including generic, program and specific statements);

(ii) bilateral or multilateral environmental studies, relevant or related to the proposed action, by the United States and one (or more) more foreign nations, or by an international body or organization in which the United States is a member or participant; or

(iii) concise reviews of the environmental issues involved, including environmental assessments, summary environmental analyses or other appropriate documents.

(b) Agencies shall in their procedures provide for preparation of documents described in Section 2-4(a), with respect to actions described in Section 2-3, as follows:

(i) for effects described in Section 2-3(a), an environmental impact statement described in Section 2-4(a)(i);

(ii) for effects described in Section 2-3(b), a document described in Section 2-4(a)(ii) or (iii), as determined by the agency;

(iii) for effects described in Section 2-3(c), a document described in Section 2-4(a)(ii) or (iii), as determined by the agency;

(iv) for effects described in Section 2-3(d), a document described in Section 2-4(a)(i), (ii) or (iii), as determined by the agency.

Such procedures may provide that an agency need not prepare a new document when a document described in Section 2-4(a) already exists.

(c) Nothing in this Order shall serve to invalidate any existing regulations of any agency which have been adopted pursuant to court order or pursuant to judicial settlement of any case or to prevent any agency from providing in its procedures for measures in addition to those provided for herein to further the purpose of the National Environmental Policy Act (43 U.S.C. 4321 et seq.) and other environmental laws, including the Marine Protection Research and Sanctuaries Act (16 U.S.C. 1431 et seq. and 33 U.S.C. 1401 et seq.), and the Deepwater Port Act (33 U.S.C. 1501 et seq.), consistent with the foreign and national security policies of the United States.

(d) Except as provided in Section 2-5(b), agencies taking action encompassed by this Order shall, as soon as feasible, inform other Federal agencies with relevant expertise of the availability of environmental documents prepared under this Order.

Agencies in their procedures under Section 2-1 shall make appropriate provision for determining when an affected nation shall be informed in accordance with Section 3-2 of this Order of the availability of environmental documents prepared pursuant to those procedures.

In order to avoid duplication of resources, agencies in their procedures shall provide for appropriate utilization of the resources of other Federal agencies with relevant environmental jurisdiction or expertise.

2-5. Exemptions and Considerations. (a) Notwithstanding Section 2-3, the following actions are exempt from this Order:

(i) actions not having a significant effect on the environment outside the United States as determined by the agency;

(ii) actions taken by the President;

(iii) actions taken by or pursuant to the direction of the President or Cabinet officer when the national security or interest is involved or when the action occurs in the course of an armed conflict;

(iv) intelligence activities and arms transfers;

(v) export licenses or permits or export approvals, and actions relating to nuclear activities except actions providing to a foreign nation a nuclear production or utilization facility as defined in the Atomic Energy Act of 1954 (42 U.S.C. 2011 et seq.), as amended, or a nuclear waste management facility;

(vi) votes and other actions in international conferences and organizations;

(vii) disaster and emergency relief action.

(b) Agency procedures under Section 2-1 implementing Section 2-4 may provide for appropriate modifications in the contents, timing and availability of documents to other affected Federal agencies and affected nations, where necessary to:

(i) enable the agency to decide and act promptly as and when required;

(ii) avoid adverse impacts on foreign relations or infringement in fact or appearance of other nations' sovereign responsibilities, or

(iii) ensure appropriate reflection of:

- (1) diplomatic factors;
- (2) international commercial, competitive and export promotion factors;
- (3) needs for governmental or commercial confidentiality;
- (4) national security considerations;
- (5) difficulties of obtaining information and agency ability to analyze meaningfully environmental effects of a proposed action; and
- (6) the degree to which the agency is involved in or able to affect a decision to be made.

(c) Agency procedure under Section 2-1 may provide for categorical exclusions and for such exemptions in addition to those specified in subsection (a) of this Section as may be necessary to meet emergency circumstances, situations involving exceptional foreign policy and national security sensitivities and other such special circumstances. In utilizing such additional exemptions agencies shall, as soon as feasible, consult with the Department of State and the Council on Environmental Quality.

(d) The provisions of Section 2-5 do not apply to actions described in Section 2-3(a) unless permitted by law.

SECTION 3

3-1. *Rights of Action.* This Order is solely for the purpose of establishing internal procedures for Federal agencies to consider the significant effects of their actions on the environment outside the United States, its territories and possessions, and nothing in this Order shall be construed to create a cause of action.

3-2. *Foreign Relations.* The Department of State shall coordinate all communications by agencies with foreign governments concerning environmental agreements and other arrangements in implementation of this Order.

3-3. *Multi-Agency Actions.* Where more than one Federal agency is involved in an action or program, a lead agency, as determined by the agencies involved, shall have responsibility for implementation of this Order.

3-4. *Certain Terms.* For purposes of this Order, "environment" means the natural and physical environment and excludes social, economic and other environments; and an action significantly affects the environment if it does significant harm to the environment even though on balance the agency believes the action to be beneficial to the environment. The term "export approvals" in Section 2-5(a)(v) does not mean or include direct loans to finance exports.

3-5. *Multiple Impacts.* If a major Federal action having effects on the environment of the United States or the global commons requires preparation of an environmental impact statement, and if the action also has effects on the environment of a foreign nation, an environmental impact statement need not be prepared with respect to the effects on the environment of the foreign nation.

PART A—AIR COMMERCE AND SAFETY

SUBPART I—GENERAL

CHAPTER 401—GENERAL PROVISIONS

* * * * *

§ 40105. International negotiations, agreements, and obligations

(a) **ADVICE AND CONSULTATION.**—The Secretary of State shall advise the Administrator of the Federal Aviation Administration and the Secretaries of Transportation and Commerce, and consult with them as appropriate, about negotiations for an agreement with a government of a foreign country to establish or develop air navigation, including air routes and services. The Secretary of Transportation shall consult with the Secretary of State in carrying out this part to the extent this part is related to foreign air transportation.

(b) **ACTIONS OF SECRETARY AND ADMINISTRATOR.**—(1) In carrying out this part, the Secretary of Transportation and the Administrator—

(A) shall act consistently with obligations of the United States Government under an international agreement;

(B) shall consider applicable laws and requirements of a foreign country; and

(C) may not limit compliance by an air carrier with obligations or liabilities imposed by the government of a foreign country when the Secretary takes any action related to a certificate of public convenience and necessity issued under chapter 411 of this title.

(2) This subsection does not apply to an agreement between an air carrier or an officer or representative of an air carrier and the government of a foreign country, if the Secretary of Transportation

disapproves the agreement because it is not in the public interest. Section 40106(b)(2) of this title applies to this subsection.

(c) CONSULTATION ON INTERNATIONAL AIR TRANSPORTATION POLICY.—In carrying out section 40101(e) of this title, the Secretaries of State and Transportation, to the maximum extent practicable, shall consult on broad policy goals and individual negotiations with—

- (1) the Secretaries of Commerce and Defense;
- (2) airport operators;
- (3) scheduled air carriers;
- (4) charter air carriers;
- (5) airline labor;
- (6) consumer interest groups;
- (7) travel agents and tour organizers; and
- (8) other groups, institutions, and governmental authorities affected by international aviation policy.

(d) CONGRESSIONAL OBSERVERS AT INTERNATIONAL AVIATION NEGOTIATIONS.—The President shall grant to at least one representative of each House of Congress the privilege of attending international aviation negotiations as an observer if the privilege is requested in advance in writing.

§ 40106. Emergency powers

(a) DEVIATIONS FROM REGULATIONS.—Appropriate military authority may authorize aircraft of the armed forces of the United States to deviate from air traffic regulations prescribed under section 40103(b)(1) and (2) of this title when the authority decides the deviation is essential to the national defense because of a military emergency or urgent military necessity. The authority shall—

- (1) give the Administrator of the Federal Aviation Administration prior notice of the deviation at the earliest practicable time; and
- (2) to the extent time and circumstances allow, make every reasonable effort to consult with the Administrator and arrange for the deviation in advance on a mutually agreeable basis.

(b) SUSPENSION OF AUTHORITY.—(1) When the President decides that the government of a foreign country is acting inconsistently with the Convention for the Suppression of Unlawful Seizure of Aircraft or that the government of a foreign country allows territory under its jurisdiction to be used as a base of operations or training of, or as a sanctuary for, or arms, aids, or abets, a terrorist organization that knowingly uses the unlawful seizure, or the threat of an unlawful seizure, of an aircraft as an instrument of policy, the President may suspend the authority of—

- (A) an air carrier or foreign air carrier to provide foreign air transportation to an from that foreign country;
- (B) a person to operate aircraft in foreign air commerce to and from that foreign country;
- (C) a foreign air carrier to provide foreign air transportation between the United States and another country that maintains air service with the foreign country; and

(D) a foreign person to operate aircraft in foreign air commerce between the United States and another country that maintains air service with the foreign country.

(2) The President may act under this subsection without notice or a hearing. The suspension remains in effect for as long as the President decides is necessary to ensure the security of aircraft against unlawful seizure. Notwithstanding section 40105(b) of this title, the authority of the President to suspend rights under this subsection is a condition to a certificate of public convenience and necessity, air carrier operating certificate, foreign air carrier or foreign aircraft permit, or foreign air carrier operating specification issued by the Secretary of Transportation under this part.

(3) An air carrier or foreign air carrier may not provide foreign air transportation, and a person may not operate aircraft in foreign air commerce, in violation of a suspension of authority under this subsection.

§ 40107. Presidential transfers

(a) GENERAL AUTHORITY.—The President may transfer to the Administrator of the Federal Aviation Administration a duty, power, activity, or facility of a department, agency, or instrumentality of the executive branch of the United States Government, or an officer or unit of a department, agency, or instrumentality of the executive branch, related primarily to selecting, developing, testing, evaluating, establishing, operating, or maintaining a system, procedure, facility, or device for safe and efficient air navigation and air traffic control. In making a transfer, the President may transfer records and property and make officers and employees from the department, agency, instrumentality, or unit available to the Administrator.

(b) DURING WAR.—If war occurs, the President by executive order may transfer to the Secretary of Defense a duty, power, activity, or facility of the Administrator. CHAPTER 449—SECURITY

SUBCHAPTER I—REQUIREMENTS

§ 44901. Screening passengers and property

(a)¹ IN GENERAL.—The Under Secretary of Transportation for Security shall provide for the screening of all passengers and prop-

¹Sec. 110(b) of the Aviation and Transportation Security Act (Public Law 107-71; 115 Stat. 614) struck out subssecs. (a) and (b), redesignated subsec. (c) as subsec. (h), and added new subssecs. (a) through (g).

Previously, subssecs. (a) and (b) read as follows:

“(a) GENERAL REQUIREMENTS.—The Administrator of the Federal Aviation Administration shall prescribe regulations requiring screening of all passengers and property that will be car-

erty, including United States mail, cargo, carry-on and checked baggage, and other articles, that will be carried aboard a passenger aircraft operated by an air carrier or foreign air carrier in air transportation or intrastate air transportation. In the case of flights and flight segments originating in the United States, the screening shall take place before boarding and shall be carried out by a Federal Government employee (as defined in section 2105 of title 5, United States Code), except as otherwise provided in section 44919 or 44920 and except for identifying passengers and baggage for screening under the CAPPS and known shipper programs and conducting positive bag-match programs.

(b)¹ SUPERVISION OF SCREENING.—All screening of passengers and property at airports in the United States where screening is required under this section shall be supervised by uniformed Federal personnel of the Transportation Security Administration who shall have the power to order the dismissal of any individual performing such screening.

(c)¹ CHECKED BAGGAGE.—A system must be in operation to screen all checked baggage at all airports in the United States as soon as practicable but not later than the 60th day following the date of enactment of the Aviation and Transportation Security Act.

(d)¹ EXPLOSIVE DETECTION SYSTEMS.—

(1) IN GENERAL.—The Under Secretary of Transportation for Security shall take all necessary action to ensure that—

(A) explosive detection systems are deployed as soon as possible to ensure that all United States airports described in section 44903(c) have sufficient explosive detection systems to screen all checked baggage no later than December 31, 2002, and that as soon as such systems are in place at an airport, all checked baggage at the airport is screened by those systems; and

(B) all systems deployed under subparagraph (A) are fully utilized; and

(C) if explosive detection equipment at an airport is unavailable, all checked baggage is screened by an alternative means.

(2)² DEADLINE.—

(A) IN GENERAL.—If, in his discretion or at the request of an airport, the Under Secretary of Transportation for Security determines that the Transportation Security Administration is not able to deploy explosive detection systems required to be deployed under paragraph (1) at all airports where explosive detection systems are required by December 31, 2002, then with respect to each airport for which the Under Secretary makes that determination—

ried in a cabin of an aircraft in air transportation or intrastate air transportation. The screening must take place before boarding and be carried out by a weapon-detecting facility or procedure used or operated by an employee or agent of an air carrier, intrastate air carrier, or foreign air carrier.

“(b) AMENDING REGULATIONS.—Notwithstanding subsection (a) of this section, the Administrator may amend a regulation prescribed under subsection (a) to require screening only to ensure security against criminal violence and aircraft piracy in air transportation and intrastate air transportation.”

²Sec. 425 of the Homeland Security Act of 2002 (Public Law 107–296; 116 Stat. 2186) added para. (2).

(i) the Under Secretary shall submit to the Senate Committee on Commerce, Science, and Transportation and the House of Representatives Committee on Transportation and Infrastructure a detailed plan (which may be submitted in classified form) for the deployment of the number of explosive detection systems at that airport necessary to meet the requirements of paragraph (1) as soon as practicable at that airport but in no event later than December 31, 2003; and

(ii) the Under Secretary shall take all necessary action to ensure that alternative means of screening all checked baggage is implemented until the requirements of paragraph (1) have been met.

(B) CRITERIA FOR DETERMINATION.—In making a determination under subparagraph (A), the Under Secretary shall take into account—

(i) the nature and extent of the required modifications to the airport's terminal buildings, and the technical, engineering, design and construction issues;

(ii) the need to ensure that such installations and modifications are effective; and

(iii) the feasibility and cost-effectiveness of deploying explosive detection systems in the baggage sorting area or other non-public area rather than the lobby of an airport terminal building.

(C) RESPONSE.—The Under Secretary shall respond to the request of an airport under subparagraph (A) within 14 days of receiving the request. A denial of request shall create no right of appeal or judicial review.

(D) AIRPORT EFFORT REQUIRED.—Each airport with respect to which the Under Secretary makes a determination under subparagraph (A) shall—

(i) cooperate fully with the Transportation Security Administration with respect to screening checked baggage and changes to accommodate explosive detection systems; and

(ii) make security projects a priority for the obligation or expenditure of funds made available under chapter 417 or 471 until explosive detection systems required to be deployed under paragraph (1) have been deployed at that airport.

(3) REPORTS.—Until the Transportation Security Administration has met the requirements of paragraph (1), the Under Secretary shall submit a classified report every 30 days after the date of enactment of this Act to the Senate Committee on Commerce, Science, and Transportation and the House of Representatives Committee on Transportation and Infrastructure describing the progress made toward meeting such requirements at each airport.

(e)¹ MANDATORY SCREENING WHERE EDS NOT YET AVAILABLE.—As soon as practicable but not later than the 60th day following the date of enactment of the Aviation and Transportation Security Act and until the requirements of subsection (b)(1)(A) are met, the Under Secretary shall require alternative means for screening any

piece of checked baggage that is not screened by an explosive detection system. Such alternative means may include 1 or more of the following:

- (1) A bag-match program that ensures that no checked baggage is placed aboard an aircraft unless the passenger who checked the baggage is aboard the aircraft.
- (2) Manual search.
- (3) Search by canine explosive detection units in combination with other means.
- (4) Other means or technology approved by the Under Secretary.

(f)¹ CARGO DEADLINE.—A system must be in operation to screen, inspect, or otherwise ensure the security of all cargo that is to be transported in all-cargo aircraft in air transportation and intrastate air transportation as soon as practicable after the date of enactment of the Aviation and Transportation Security Act.

(g)¹ DEPLOYMENT OF ARMED PERSONNEL.—

(1) IN GENERAL.—The Under Secretary shall order the deployment of law enforcement personnel authorized to carry firearms at each airport security screening location to ensure passenger safety and national security.

(2) MINIMUM REQUIREMENTS.—Except at airports required to enter into agreements under subsection (c), the Under Secretary shall order the deployment of at least 1 law enforcement officer at each airport security screening location. At the 100 largest airports in the United States, in terms of annual passenger enplanements for the most recent calendar year for which data are available, the Under Secretary shall order the deployment of additional law enforcement personnel at airport security screening locations if the Under Secretary determines that the additional deployment is necessary to ensure passenger safety and national security.

(h)¹ EXEMPTIONS AND ADVISING CONGRESS ON REGULATIONS.—
The Under Secretary—³

(1) may exempt from this section air transportation operations, except scheduled passenger operations of an air carrier providing air transportation under a certificate issued under section 41102 of this title or a permit issued under section 41302 of this title; and

(2) shall advise Congress of a regulation to be prescribed under this section at least 30 days before the effective date of the regulation, unless the Under Secretary³ decides an emergency exists requiring the regulation to become effective in fewer than 30 days and notifies Congress of that decision.

§ 44902. Refusal to transport passengers and property

(a) MANDATORY REFUSAL.—The Under Secretary³ of Transportation for Security⁴ shall prescribe regulations requiring an air

³Sec. 101(f)(7) of the Aviation and Transportation Security Act (Public Law 107-71; 115 Stat. 603) struck out “Administrator” and inserted in lieu thereof “Under Secretary”.

carrier, intrastate air carrier, or foreign air carrier to refuse to transport—

(1) a passenger who does not consent to a search under section 44901(a) of this title establishing whether the passenger is carrying unlawfully a dangerous weapon, explosive, or other destructive substance; or

(2) property of a passenger who does not consent to a search of the property establishing whether the property unlawfully contains a dangerous weapon, explosive, or other destructive substance.

(b) PERMISSIVE REFUSAL.—Subject to regulations of the Under Secretary,³ an air carrier, intrastate air carrier, or foreign air carrier may refuse to transport a passenger or property the carrier decides is, or might be, inimical to safety.

(c) AGREEING TO CONSENT TO SEARCH.—An agreement to carry passengers or property in air transportation or intrastate air transportation by an air carrier, intrastate air carrier, or foreign air carrier is deemed to include an agreement that the passenger or property will not be carried if consent to search the passenger or property for a purpose referred to in this section is not given.

§ 44903. Air transportation security

(a) DEFINITION.—In this section, “law enforcement personnel” means individuals—

(1) authorized to carry and use firearms;

(2) vested with the degree of the police power of arrest the Under Secretary³ of Transportation for Security⁴ considers necessary to carry out this section; and

(3) identifiable by appropriate indicia of authority.

(b) PROTECTION AGAINST VIOLENCE AND PIRACY.—The Under Secretary³ shall prescribe regulations to protect passengers and property on an aircraft operating in air transportation or intrastate air transportation against an act of criminal violence or aircraft piracy. When prescribing a regulation under this subsection, the Under Secretary³ shall—

(1) consult with the Secretary of Transportation, the Attorney General, the heads of other departments, agencies, and instrumentalities of the United States Government, and State and local authorities;

(2) consider whether a proposed regulation is consistent with—

(A) protecting passengers; and

(B) the public interest in promoting air transportation and intrastate air transportation;

(3) to the maximum extent practicable, require a uniform procedure for searching and detaining passengers and property to ensure—

(A) their safety; and

(B) courteous and efficient treatment by an air carrier, an agent or employee of an air carrier, and Government, State, and local law enforcement personnel carrying out this section; and

(4) consider the extent to which a proposed regulation will carry out this section.

(c) SECURITY PROGRAMS.—(1) The Under Secretary³ shall prescribe regulations under subsection (b) of this section that require each operator of an airport regularly serving an air carrier holding a certificate issued by the Secretary of Transportation to establish an air transportation security program that provides a law enforcement presence and capability at each of those airports that is adequate to ensure the safety of passengers. The regulations shall authorize the operator to use the services of qualified State, local, and private law enforcement personnel. When the Under Secretary³ decides, after being notified by an operator in the form the Under Secretary³ prescribes, that not enough qualified State, local, and private law enforcement personnel are available to carry out subsection (b), the Under Secretary³ may authorize the operator to use, on a reimbursable basis, personnel employed by the Under Secretary,³ or by another department, agency, or instrumentality of the Government with the consent of the head of the department, agency, or instrumentality, to supplement State, local, and private law enforcement personnel. When deciding whether additional personnel are needed, the Under Secretary³ shall consider the number of passengers boarded at the airport, the extent of anticipated risk of criminal violence or aircraft piracy at the airport or to the air carrier aircraft operations at the airport, and the availability of qualified State or local law enforcement personnel at the airport.

(2)(A) The Under Secretary³ may approve a security program of an airport operator, or an amendment in an existing program, that incorporates a security program of an airport tenant (except an air carrier separately complying with part 108 or 129 of title 14, Code of Federal Regulations) having access to a secured area of the airport, if the program or amendment incorporates—

(i) the measures the tenant will use, within the tenant's leased areas or areas designated for the tenant's exclusive use under an agreement with the airport operator, to carry out the security requirements imposed by the Under Secretary³ on the airport operator under the access control system requirements of section 107.14 of title 14, Code of Federal Regulations, or under other requirements of part 107 of title 14; and

(ii) the methods the airport operator will use to monitor and audit the tenant's compliance with the security requirements and provides that the tenant will be required to pay monetary penalties to the airport operator if the tenant fails to carry out a security requirement under a contractual provision or requirement imposed by the airport operator.

(B) If the Under Secretary³ approves a program or amendment described in subparagraph (A) of this paragraph, the airport operator may not be found to be in violation of a requirement of this subsection or subsection (b) of this section when the airport operator demonstrates that the tenant or an employee, permittee, or invitee of the tenant is responsible for the violation and that the airport operator has complied with all measures in its security program for securing compliance with its security program by the tenant.

(C)⁵ MAXIMUM USE OF CHEMICAL AND BIOLOGICAL WEAPON DETECTION EQUIPMENT.—The Secretary of Transportation may require airports to maximize the use of technology and equipment that is designed to detect or neutralize potential chemical or biological weapons.

(3)⁶ PILOT PROGRAMS.—The Administrator shall establish pilot programs in no fewer than 20 airports to test and evaluate new and emerging technology for providing access control and other security protections for closed or secure areas of the airports. Such technology may include biometric or other technology that ensures only authorized access to secure areas.

(d) AUTHORIZING INDIVIDUALS TO CARRY FIREARMS AND MAKE ARRESTS.—With the approval of the Attorney General and the Secretary of State, the Secretary of Transportation may authorize an individual who carries out air transportation security duties—

(1) to carry firearms; and

(2) to make arrests without warrant for an offense against the United States committed in the presence of the individual or for a felony under the laws of the United States, if the individual reasonably believes the individual to be arrested has committed or is committing a felony.

(e) EXCLUSIVE RESPONSIBILITY OVER PASSENGER SAFETY.—The Under Secretary³ has the exclusive responsibility to direct law enforcement activity related to the safety of passengers on an aircraft involved in an offense under section 46502 of this title from the moment all external doors of the aircraft are closed following boarding until those doors are opened to allow passengers to leave the aircraft. When requested by the Under Secretary,³ other departments, agencies, and instrumentalities of the Government shall provide assistance necessary to carry out this subsection.

(f)⁷ GOVERNMENT AND INDUSTRY CONSORTIA.—The Under Secretary³ may establish at airports such consortia of government and aviation industry representatives as the Under Secretary³ may designate to provide advice on matters related to aviation security and safety. Such consortia shall not be considered Federal advisory committees for purposes of the Federal Advisory Committee Act (5 U.S.C. App.).

⁵Sec. 120 of the Aviation and Transportation Security Act (Public Law 107-71; 115 Stat. 629) amended and restated subpara. (C). As added by sec. 6 of the Airport Security Improvement Act of 2000 (Public Law 106-528; 114 Stat. 2520), subpara. (C) previously read as follows:

“(C) MANUAL PROCESS.—

“(i) IN GENERAL.—The Administrator shall issue an amendment to air carrier security programs to require a manual process, at explosive detection system screen locations in airports where explosive detection equipment is underutilized, which will augment the Computer Assisted Passenger Prescreening System by randomly selecting additional checked bags for screening so that a minimum number of bags, as prescribed by the Administrator are examined.”

“(ii) LIMITATION ON STATUTORY CONSTRUCTION.—Clause (i) shall not be construed to limit the ability of the Under Secretary³ to impose additional security measures on an air carrier or a foreign air carrier when a specific threat warrants such additional measures.

“(iii) MAXIMUM USE OF EXPLOSIVE DETECTION EQUIPMENT.—In prescribing the minimum number of bags to be examined under clause (i), the Administrator shall seek to maximize the use of the explosive detection equipment.”

⁶Sec. 106(d) of the Aviation and Transportation Security Act (Public Law 107-71; 115 Stat. 610) added para. (3).

⁷Sec. 717 of the Wendell H. Ford Aviation Investment and Reform Act for the 21st Century (Public Law 106-181; 114 Stat. 163) added subsec. (f).

(g)⁸ IMPROVEMENT OF SECURED-AREA ACCESS CONTROL.—

(1) ENFORCEMENT.—

(A) UNDER SECRETARY³ TO PUBLISH SANCTIONS.—The Under Secretary³ shall publish in the Federal Register a list of sanctions for use as guidelines in the discipline of employees for infractions of airport access control requirements. The guidelines shall incorporate a progressive disciplinary approach that relates proposed sanctions to the severity or recurring nature of the infraction and shall include measures such as remedial training, suspension from security-related duties, suspension from all duties without pay, and termination of employment.

(B) USE OF SANCTIONS.—Each airport operator, air carrier, and security screening company shall include the list of sanctions published by the Under Secretary³ in its security program. The security program shall include a process for taking prompt disciplinary action against an employee who commits an infraction of airport access control requirements.

(2) IMPROVEMENTS.—The Under Secretary³ shall—

(A) work with airport operators and air carriers to implement and strengthen existing controls to eliminate airport access control weaknesses;⁹

(B) require airport operators and air carriers to develop and implement comprehensive and recurring training programs that teach employees their roles in airport security, the importance of their participation, how their performance will be evaluated, and what action will be taken if they fail to perform;

(C) require airport operators and air carriers to develop and implement programs that foster and reward compliance with airport access control requirements and discourage and penalize noncompliance in accordance with guidelines issued by the Under Secretary³ to measure employee compliance;

(D)¹⁰ on an ongoing basis, assess and test for compliance with access control requirements, report annually findings of the assessments, and assess the effectiveness of penalties in ensuring compliance with security procedures and take any other appropriate enforcement actions when noncompliance is found;

(E) improve and better administer the Under Secretary's¹¹ security database to ensure its efficiency, reliability, and usefulness for identification of systemic problems and allocation of resources;

⁸Sec. 4 of the Airport Security Improvement Act of 2000 (Public Law 106–528; 114 Stat. 2520) added subsec. (g).

⁹Sec. 106(c)(1) of the Aviation and Transportation Security Act (Public Law 107–71; 115 Stat. 609) struck out “weaknesses by January 31, 2001” and inserted in lieu thereof “weaknesses”.

¹⁰Sec. 106(c)(2) of the Aviation and Transportation Security Act (Public Law 107–71; 115 Stat. 609) amended and restated subpara. (D), which previously read as follows:

“(D) assess and test for compliance with access control requirements, report findings, and assess penalties or take other appropriate enforcement actions when noncompliance is found.”

¹¹Sec. 101(f)(8) of the Aviation and Transportation Security Act (Public Law 107–71; 115 Stat. 603) struck out “Administrator’s” and inserted in lieu thereof “Under Secretary’s”.

(F) improve the execution of the Under Secretary's¹¹ quality control program;¹² and

(G)¹³ work with airport operators to strengthen access control points in secured areas (including air traffic control operations areas, maintenance areas, crew lounges, baggage handling areas, concessions, and catering delivery areas) to ensure the security of passengers and aircraft and consider the deployment of biometric or similar technologies that identify individuals based on unique personal characteristics.

(h)¹⁴ IMPROVED AIRPORT PERIMETER ACCESS SECURITY.—

(1) IN GENERAL.—The Under Secretary, in consultation with the airport operator and law enforcement authorities, may order the deployment of such personnel at any secure area of the airport as necessary to counter the risk of criminal violence, the risk of aircraft piracy at the airport, the risk to air carrier aircraft operations at the airport, or to meet national security concerns.

(2) SECURITY OF AIRCRAFT AND GROUND ACCESS TO SECURE AREAS.—In determining where to deploy such personnel, the Under Secretary shall consider the physical security needs of air traffic control facilities, parked aircraft, aircraft servicing equipment, aircraft supplies (including fuel), automobile parking facilities within airport perimeters or adjacent to secured facilities, and access and transition areas at airports served by other means of ground or water transportation.

(3) DEPLOYMENT OF FEDERAL LAW ENFORCEMENT PERSONNEL.—The Secretary may enter into a memorandum of understanding or other agreement with the Attorney General or the head of any other appropriate Federal law enforcement agency to deploy Federal law enforcement personnel at an airport in order to meet aviation safety and security concerns.

(4) AIRPORT PERIMETER SCREENING.—The Under Secretary—

(A) shall require, as soon as practicable after the date of enactment of this subsection, screening or inspection of all individuals, goods, property, vehicles, and other equipment before entry into a secured area of an airport in the United States described in section 44903(c);

(B) shall prescribe specific requirements for such screening and inspection that will assure at least the same level of protection as will result from screening of passengers and their baggage;

§ 44904. Domestic air transportation system security

(a) ASSESSING THREATS.—The Under Secretary³ of Transportation for Security⁴ and the Director of the Federal Bureau of Investigation jointly shall assess current and potential threats to the domestic air transportation system. The assessment shall include consideration of the extent to which there are individuals with the capability and intent to carry out terrorist or related unlawful acts against that system and the ways in which those individuals might carry out those acts. The Under Secretary³ and the Director jointly shall decide on and carry out the most effective method for continuous analysis and monitoring of security threats to that system.

(b) ASSESSING SECURITY.—In coordination with the Director, the Under Secretary³ shall carry out periodic threat and vulnerability assessments on security at each airport that is part of the domestic air transportation system. Each assessment shall include consideration of—

- (1) the adequacy of security procedures related to the handling and transportation of checked baggage and cargo;
- (2) space requirements for security personnel and equipment;

(c) IMPROVING SECURITY.—The Under Secretary³ shall take necessary actions to improve domestic air transportation security by correcting any deficiencies in that security discovered in the assessments, analyses, and monitoring carried out under this section.

§ 44905. Information about threats to civil aviation

(a) PROVIDING INFORMATION.—Under guidelines the Secretary of Transportation prescribes, an air carrier, airport operator, ticket agent, or individual employed by an air carrier, airport operator, or ticket agent, receiving information (except a communication directed by the United States Government) about a threat to civil aviation shall provide the information promptly to the Secretary.

(b) FLIGHT CANCELLATION.—If a decision is made that a particular threat cannot be addressed in a way adequate to ensure, to the extent feasible, the safety of passengers and crew of a particular flight or series of flights, the Under Secretary³ of Transportation for Security⁴ shall cancel the flight or series of flights.

(c) GUIDELINES ON PUBLIC NOTICE.—(1) The President shall develop guidelines for ensuring that public notice is provided in appropriate cases about threats to civil aviation. The guidelines shall identify officials responsible for—

(A) deciding, on a case-by-case basis, if public notice of a threat is in the best interest of the United States and the traveling public;

(B) ensuring that public notice is provided in a timely and effective way, including the use of a toll-free telephone number; and

(C) canceling the departure of a flight or series of flights under subsection (b) of this section.

(2) The guidelines shall provide for consideration of—

(A) the specificity of the threat;

(B) the credibility of intelligence information related to the threat;

(C) the ability to counter the threat effectively;

(D) the protection of intelligence information sources and methods;

(E) cancellation, by an air carrier or the Under Secretary,³ of a flight or series of flights instead of public notice;

(f) **RESTRICTING ACCESS TO INFORMATION.**—In cooperation with the departments, agencies, and instrumentalities of the Government that collect, receive, and analyze intelligence information related to aviation security, the Under Secretary³ shall develop procedures to minimize the number of individuals who have access to information about threats. However, a restriction on access to that information may be imposed only if the restriction does not diminish the ability of the Government to carry out its duties and powers related to aviation security effectively, including providing notice to the public and flight and cabin crews under this section.

(g) **DISTRIBUTION OF GUIDELINES.**—The guidelines developed under this section shall be distributed for use by appropriate officials of the Department of Transportation, the Department of State, the Department of Justice, and air carriers.

§ 44906.²² Foreign air carrier security programs

The foregoing requirement shall not be interpreted to limit the ability of the Under Secretary³ to impose additional security measures on a foreign air carrier or an air carrier when the Under Secretary³ determines that a specific threat warrants such additional measures. The Under Secretary³ shall prescribe regulations to carry out this section.

The President may waive this subsection if the President decides, and reports to Congress, that the waiver is required because of national security interests or a humanitarian emergency.

(c) **ACTIONS NO LONGER REQUIRED.**—An action required under this section is no longer required only if the Secretary of Transportation has made a decision as provided under section 44907(d)(4) of this title. The Secretary shall notify Congress when the action is no longer required to be taken.

§ 44913. Explosive detection

(a) DEPLOYMENT AND PURCHASE OF EQUIPMENT.—(1) A deployment or purchase of explosive detection equipment under section 108.7(b)(8) or 108.20 of title 14, Code of Federal Regulations, or similar regulation is required only if the Under Secretary³ of Transportation for Security⁴ certifies that the equipment alone, or as part of an integrated system, can detect under realistic air carrier operating conditions the amounts, configurations, and types of explosive material that would likely be used to cause catastrophic damage to commercial aircraft. The Under Secretary³ shall base the certification on the results of tests conducted under protocols developed in consultation with expert scientists outside of the Transportation Security Administration.³⁴ Those tests shall be completed not later than April 16, 1992.

(2) Before completion of the tests described in paragraph (1) of this subsection, but not later than April 16, 1992, the Under Secretary³ may require deployment of explosive detection equipment described in paragraph (1) if the Under Secretary³ decides that deployment will enhance aviation security significantly. In making that decision, the Under Secretary³ shall consider factors such as the ability of the equipment alone, or as part of an integrated system, to detect under realistic air carrier operating conditions the amounts, configurations, and types of explosive material that would likely be used to cause catastrophic damage to commercial aircraft. The Under Secretary³ shall notify the Committee on Com-

The Under Secretary³ shall require that equipment deployed under this paragraph be replaced by equipment certified under paragraph (1) when equipment certified under paragraph (1) becomes commercially available. The Under Secretary³ is authorized, based on operational considerations at individual airports, to waive the required installation of commercially available equipment under paragraph (1) in the interests of aviation security. The Under Secretary³ may permit the requirements of this paragraph to be met at airports by the deployment of dogs or other appropriate animals to supplement equipment for screening passengers, baggage, mail, or cargo for explosives or weapons.

(4)³⁶ This subsection does not prohibit the Under Secretary³ from purchasing or deploying explosive detection equipment described in paragraph (1) of this subsection.

(b) GRANTS.—The Secretary of Transportation may provide grants to continue the Explosive Detection K-9 Team Training Program to detect explosives at airports and on aircraft.

b. Cape Town Treaty Implementation Act of 2004

Public Law 108–297 [H.R. 4226], 108 Stat. 1095, approved August 9, 2004

AN ACT To amend title 49, United States Code, to make certain conforming changes to provisions governing the registration of aircraft and the recordation of instruments in order to implement the Convention on International Interests in Mobile Equipment and the Protocol to the Convention on International Interests in Mobile Equipment on Matters Specific to Aircraft Equipment, known as the “Cape Town Treaty”.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1.¹ SHORT TITLE.

This Act may be cited as “Cape Town Treaty Implementation Act of 2004”.

SEC. 2. FINDINGS AND PURPOSE.

(a) FINDINGS.—Congress finds the following:

(1) The Cape Town Treaty (as defined in section 44113 of title 49, United States Code) extends modern commercial laws for the sale, finance, and lease of aircraft and aircraft engines to the international arena in a manner consistent with United States law and practice.

(2) The Cape Town Treaty provides for internationally established and recognized financing and leasing rights that will provide greater security and commercial predictability in connection with the financing and leasing of highly mobile assets, such as aircraft and aircraft engines.

(3) The legal and financing framework of the Cape Town Treaty will provide substantial economic benefits to the aviation and aerospace sectors, including the promotion of exports, and will facilitate the acquisition of newer, safer aircraft around the world.

(4) Only technical changes to United States law and regulations are required since the asset-based financing and leasing concepts embodied in the Cape Town Treaty are already reflected in the United States in the Uniform Commercial Code.

(5) The new electronic registry system established under the Cape Town Treaty will work in tandem with current aircraft document recordation systems of the Federal Aviation Administration, which have served United States industry well.

(6) The United States Government was a leader in the development of the Cape Town Treaty.

(a)(1) It shall be the policy of the United States to use the Space Shuttle for purposes that (i) require the presence of man, (ii) require the unique capabilities of the Space Shuttle or (iii) when other compelling circumstances exist.

(2) The term "compelling circumstances" includes, but is not limited to, occasions when the Administrator determines, in consultation with the Secretary of Defense and the Secretary of State, that important national security or foreign policy interests would be served by a Shuttle launch.

(3) The policy stated in subsection (a)(1) shall not preclude the use of available cargo space, on a Space Shuttle mission otherwise consistent with the policy described under subsection (a)(1), for the purpose of carrying secondary payloads (as defined by the Administrator) that do not require the presence of man if such payloads are consistent with the requirements of research, development, demonstration, scientific, commercial, and educational programs authorized by the Administrator.

(b) The Administrator shall, within six months after the date of enactment of this Act, submit a report to the Congress setting forth a plan for the implementation of the policy described in subsection (a)(1). Such plan shall include—

- (1) details of the implementation plan;
- (2) a list of purposes that meet such policy;
- (3) a proposed schedule for the implementation of such policy;
- (4) an estimate of the costs to the United States of implementing such policy; and
- (5) a process for informing the Congress in a timely and regular manner of how the plan is being implemented.

(c) At least annually, the Administrator shall submit to the Congress a report certifying that the payloads scheduled to be launched on the space shuttle for the next four years are consistent with the policy set forth in subsection (a)(1). For each payload scheduled to be launched from the space shuttle, which do not require the presence of man, the Administrator shall, in the certified report to Congress, state the specific circumstances which justified the use of the space shuttle. If, during the period between scheduled reports to the Congress, any additions are made to the list of certified payloads intended to be launched from the Shuttle, the Administrator shall inform the Congress of the additions and the reasons therefor within 45 days of the change.

(d) The report described in subsection (c) shall also include those National Aeronautics and Space Administration payloads designed solely to fly on the space shuttle which have begun the phase C/D of its development cycle.

SEC. 114.¹ STUDY ON INTERNATIONAL COOPERATION IN PLANETARY EXPLORATION.

(a) FINDINGS.—The Congress finds that

³ 42 U.S.C. 2465a.

(1) the President on July 20, 1989, established the long-range goal of establishing a lunar base, followed by manned exploration of Mars in the early twenty-first century;

(2) the United States and the Soviet Union, in cooperation with other countries, are currently planning further unmanned missions to the Moon and to Mars with the possible goal of landing a human on Mars;

(3) a series of international missions to expand human presence beyond Earth orbit would further a spirit of, and follow through on the commitment made in, the 1987 agreement between the Soviet Union and the United States for space cooperation, as well as the successful cooperative agreements the United States has pursued with over one hundred countries since its inception, including the agreement with Japan, Canada, and the European countries for Space Station Freedom;

(4) international manned missions beyond Earth orbit could further encourage a cooperative approach in world affairs unrelated to activities in space;

(5) international manned missions beyond Earth orbit could save the individual nations involved tens of billions of dollars over national missions; and

(6) a multilateral effort for manned missions to establish a lunar colony, a Mars mission, and any other missions that have the goal of establishing human presence beyond Earth's orbit and possibly landing a human on Mars would lead to greater understanding of our universe and greater sensitivity to our own planet.

(b) STUDY.—The National Space Council shall conduct a study on International Cooperation in Planetary Exploration (hereafter in this section referred to as the “study”).

(c) PURPOSE OF STUDY.—The purpose of the study is—

(1) to develop an inventory of technologies and intentions of all national space agencies with regard to lunar and planetary exploration, both manned and unmanned;

(2) to seek ways, through direct communication with appropriate officials of other nations or otherwise, to enhance the planning and exchange of information and data among the United States, the Soviet Union, European countries, Canada, Japan, and other interested countries with respect to unmanned projects beyond Earth orbit, in anticipation of later international manned missions to the Moon and to other bodies, including the possible goal of an international manned mission to Mars;

(3) to prepare a detailed proposal that most efficiently uses the resources of the national space agencies in cooperative endeavors to establish human presence beyond Earth orbit;

(4) to develop priority goals that accomplish unmet needs that could not be achieved by any individual country;

(5) to explore the possibilities of international unmanned probes to the Moon and Mars, and the possibilities for international manned missions beyond Earth's orbit; and

(6) to devise strategies for such cooperation that would prevent the unwanted transfer of technology.

In developing the inventory under paragraph (1), and in preparing the detailed proposal under paragraph (3), consideration shall be given to the potential contributions of commercial providers of space goods and services.

(d) REPORT.—The National Space Council shall, within one year after the date of the enactment of this Act, prepare and submit to Congress a report—

(1) outlining a preliminary strategy for cooperation among the United States, the Soviet Union, European countries, Canada, Japan, and other interested countries, based on their respective national strengths, with respect to unmanned projects beyond Earth orbit, in anticipation of later international manned missions to the Moon and to other bodies, including the possible goal of an international manned mission to Mars;

(2) including a conceptual design of a possible international manned mission, in coordination with the preliminary strategy referred to in paragraph (1), with target dates and a breakdown of responsibilities by nation;

(3) containing an inventory of planned and anticipated missions, manned and unmanned, that are being considered by national space agencies and commercial providers of space goods and services; and

(4) containing an inventory of space exploration technologies that either—

(A) are not immediately available in the United States but are available from other nations; or

(B) are available in the United States but are available from other nations in equal or superior form.

SEC. 118. SPACE DEBRIS.

(a) FINDINGS.—The Congress finds that—

(1) if space users fail to act soon to reduce their contribution to debris in space, orbital debris could severely restrict the use of some orbits within a decade;

(2) the lack of adequate data on the orbital distribution and size of debris will continue to hamper efforts to reduce the threat that debris poses to spacecraft; and

(3) existing international treaties and agreements are inadequate for minimizing the generation of orbital debris or controlling its effects.

(b) SENSE OF CONGRESS.—It is the sense of Congress that the goal of United States policy should be that—

(1) the space related activities of the United States should be conducted in a manner that does not increase the amount of orbital space debris; and

(2) the United States should engage other spacefaring Nations to develop an agreement on the conduct of space activities that ensures that the amount of orbital space debris is not increased.

SEC. 123. PEACEFUL USES OF SPACE STATION.

No civil space station authorized under section 103(a)(1) of this Act may be used to carry or place in orbit any nuclear weapon or any other weapon of mass destruction, to install any such weapon on any celestial body, or to station any such weapon in space in any other manner. This civil space station may be used only for peaceful purposes.

SEC. 126. NATIONAL CIVIL REMOTE-SENSING ADVISORY COMMITTEE.

Not later than 90 days after the date of enactment of this Act, the Director of the Office of Science and Technology Policy shall report to the Congress on the advisability of establishing a permanent National Civil Remote-Sensing Advisory Committee. The report should address concerns related to national security, conflict of interest, and duplication of existing authorities. In preparing the report, the Director shall assess the effectiveness of a National Civil Remote-Sensing Advisory Committee comprised of interested private-sector persons (including remote-sensing data users, data vendors, technology developers, system operators, information management and telecommunications specialists, and social scientists) which would—

(1) provide advice and policy recommendations to the President, the President's Science Advisor, the National Aeronautics and Space Administration, the National Oceanic and Atmospheric Administration, and relevant committees of the Congress on the development of a national civil remote-sensing policy that would be responsive to both user needs and global developments, in terms of—

(A) coordinating land, oceanic, and atmospheric remote-sensing systems, including ground stations;

(B) coordinating research and development, applications, and commercial remote-sensing activities;

(C) fostering effective integration of satellite, aerial, and in situ data; and

(D) assessing current institutional arrangements for the management, exploitation, and sharing of both real-time and archived data;

(2) provide recommendations on the conduct of cooperative test and applications demonstration projects designed to manage environmental pollution and the use of natural resources; and

(3) coordinate with the United States Global Change Research Program on issues of mutual concern.

(6) it is more cost effective to transport a payload in conjunction with a test or demonstration of a space transportation vehicle owned by the Federal Government; or

(7) a payload can make use of the available cargo space on a Space Shuttle mission as a secondary payload, and such payload is consistent with the requirements of research, development, demonstration, scientific, commercial, and educational programs authorized by the Administrator.

Nothing in this section shall prevent the Administrator from planning or negotiating agreements with foreign entities for the launch of Federal Government payloads for international collaborative efforts relating to science and technology.

(c) DELAYED EFFECT.—Subsection (a) shall not apply to space transportation services and space transportation vehicles acquired or owned by the Federal Government before the date of the enactment of this Act, or with respect to which a contract for such acquisition or ownership has been entered into before such date.

Space Shuttle program. Such plan shall keep safety and cost effectiveness as high priorities. Nothing in this section shall prohibit the National Aeronautics and Space Administration from studying, designing, developing, or funding upgrades or modifications essential to the safe and economical operation of the Space Shuttle fleet.

(b) **FEASIBILITY STUDY.**—The Administrator shall conduct a study of the feasibility of implementing the recommendation of the Independent Shuttle Management Review Team that the National Aeronautics and Space Administration transition toward the privatization of the Space Shuttle. The study shall identify, discuss, and, where possible, present options for resolving, the major policy and legal issues that must be addressed before the Space Shuttle is privatized, including—

(1) whether the Federal Government or the Space Shuttle contractor should own the Space Shuttle orbiters and ground facilities;

(2) whether the Federal Government should indemnify the contractor for any third party liability arising from Space Shuttle operations, and, if so, under what terms and conditions;

(3) whether payloads other than National Aeronautics and Space Administration payloads should be allowed to be launched on the Space Shuttle, how missions will be prioritized, and who will decide which mission flies and when;

(4) whether commercial payloads should be allowed to be launched on the Space Shuttle and whether any classes of payloads should be made ineligible for launch consideration;

(5) whether National Aeronautics and Space Administration and other Federal Government payloads should have priority over non-Federal payloads in the Space Shuttle launch assignments, and what policies should be developed to prioritize among payloads generally;

(6) whether the public interest requires that certain Space Shuttle functions continue to be performed by the Federal Government; and

(7) how much cost savings, if any, will be generated by privatization of the Space Shuttle.

(c) **REPORT TO CONGRESS.**—Within 60 days after the date of the enactment of this Act, the National Aeronautics and Space Administration shall complete the study required under subsection (b) and shall submit a report on the study to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Science of the House of Representatives.

SEC. 205.¹⁵ USE OF EXCESS INTERCONTINENTAL BALLISTIC MISSILES.

(a) **IN GENERAL.**—The Federal Government shall not—

(1) convert any missile described in subsection (c) to a space transportation vehicle configuration; or

(2) transfer ownership of any such missile to another person, except as provided in subsection (b).

(b) **AUTHORIZED FEDERAL USES.**—(1) A missile described in subsection (c) may be converted for use as a space transportation vehicle by the Federal Government if, except as provided in paragraph (2) and at least 30 days before such conversion, the agency seeking

to use the missile as a space transportation vehicle transmits to the Committee on Armed Services¹⁶ and the Committee on Science of the House of Representatives, and to the Committee on Armed Services and the Committee on Commerce, Science, and Transportation of the Senate, a certification that the use of such missile—

- (A) would result in cost savings to the Federal Government when compared to the cost of acquiring space transportation services from United States commercial providers;
- (B) meets all mission requirements of the agency, including performance, schedule, and risk requirements;
- (C) is consistent with international obligations of the United States; and
- (D) is approved by the Secretary of Defense or his designee.

(2) The requirement under paragraph (1) that the certification described in that paragraph must be transmitted at least 30 days before conversion of the missile shall not apply if the Secretary of Defense determines that compliance with that requirement would be inconsistent with meeting immediate national security requirements.

(c) **MISSILES REFERRED TO.**—The missiles referred to in this section are missiles owned by the United States that—

- (1) were formerly used by the Department of Defense for national defense purposes as intercontinental ballistic missiles; and
- (2) have been declared excess to United States national defense needs and are in compliance with international obligations of the United States.

- (3) serving the foreign policy and national security interests of the United States.

(b) **DEFINITIONS.**—In this section:

- (1) **SECRETARY.**—The term “Secretary” means the Secretary of Defense.
- (2) **TOTAL POTENTIAL NATIONAL MISSION MODEL.**—The term “total potential national mission model” means a model that—

j. Cooperative East-West Ventures in Space

Public Law 98-562 [S.J. Res. 236], 98 Stat. 2914, approved October 30, 1984

JOINT RESOLUTION Relating to cooperative East-West ventures in space.

Whereas the United States and the Soviet Union could soon find themselves in an arms race in space, which is in the interest of no one;

Whereas the prospect of an arms race in space between the United States and the Soviet Union has aroused worldwide concern expressed publicly by the governments of many countries;

Whereas the 1972-1975 Apollo-Soyuz project involving the United States and the Soviet Union and culminating with a joint docking in space was successful, thus proving the practicability of a joint space effort;

Whereas shortly after the completion of the Apollo-Soyuz project, and intended as a followup to it, the United States and the Soviet Union signed an agreement to examine the feasibility of a Shuttle-Salyut program and an international space platform program, but that initiative was allowed to lapse;

Whereas the United States signed a five-year space cooperation agreement with the Soviet Union in 1972, renewed it in 1977, then chose not to renew it in 1982;

Whereas the United States recently proposed to the Soviet Union that the two Nations conduct a joint simulated space rescue mission;

Whereas the Soviet Union has not yet responded to the substance of this proposal; and

Whereas the opportunities offered by space for prodigious achievements in virtually every field of human endeavor, leading ultimately to the colonization of space in the cause of advancing human civilization, would probably be lost irretrievably were space to be made into yet another East-West battleground: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the President should—

(1) endeavor, at the earliest practicable date, to renew the 1972-1977 agreement between the United States and the Soviet Union on space cooperation for peaceful purposes;

(2) continue energetically to gain Soviet agreement to the recent United States proposal for a joint simulated space rescue mission;

(3) seek to initiate talks with the Government of the Soviet Union, and with other governments interested for cooperative East-West ventures in space including cooperative ventures in such areas as space medicine and space biology, planetary science, manned and unmanned space exploration.

3. Arctic Research

a. Arctic Tundra Habitat Emergency Conservation Act

Public Law 106-108 [H.R. 2454], 113 Stat. 1491, approved November 24, 1999

AN ACT To assure the long-term conservation of mid-continent light geese and the biological diversity of the ecosystem upon which many North American migratory birds depend, by directing the Secretary of the Interior to implement rules to reduce the overabundant population of mid-continent light geese.

Be it enacted by the Senate and the House of Representatives of the United States of America in Congress assembled,

SECTION 1.¹ SHORT TITLE.

This Act may be cited as the “Arctic Tundra Habitat Emergency Conservation Act”.

SEC. 2.¹ FINDINGS AND PURPOSES.

(a) FINDINGS.—The Congress finds the following:

(1) The winter index population of mid-continent light geese was 800,000 birds in 1969, while the total population of such geese is more than 5,200,000 birds today.

(2) The population of mid-continent light geese is expanding by over 5 percent each year, and in the absence of new wildlife management actions it could grow to more than 6,800,000 breeding light geese in 3 years.

(3) The primary reasons for this unprecedented population growth are—

(A) the expansion of agricultural areas and the resulting abundance of cereal grain crops in the United States;

(B) the establishment of sanctuaries along the United States flyways of migrating light geese; and

(C) a decline in light geese harvest rates.

(4) As a direct result of this population explosion, the Hudson Bay Lowlands Salt-Marsh ecosystem in Canada is being systematically destroyed. This ecosystem contains approximately 135,000 acres of essential habitat for migrating light geese and many other avian species. Biologists have testified that one-third of this habitat has been destroyed, one-third is on the brink of devastation, and the remaining one-third is overgrazed.

(5) The destruction of the Arctic tundra is having a severe negative impact on many avian species that breed or migrate through this habitat, including the following:

(A) Canada Goose.

(B) American Wigeon.

(C) Dowitcher.

(D) Hudsonian Godwit.

¹ 16 U.S.C. 703 note.

- (E) Stilt Sandpiper.
- (F) Northern Shoveler.
- (G) Red-Breasted Merganser.
- (H) Oldsquaw.
- (I) Parasitic Jaeger.
- (J) Whimbrel.
- (K) Yellow Rail.

(6) It is essential that the current population of mid-continent light geese be reduced by 50 percent by the year 2005 to ensure that the fragile Arctic tundra is not irreversibly damaged.

(b) PURPOSES.—The purposes of this Act are the following:

(1) To reduce the population of mid-continent light geese.

(2) To assure the long-term conservation of mid-continent light geese and the biological diversity of the ecosystem upon which many North American migratory birds depend.

SEC. 3.¹ FORCE AND EFFECT OF RULES TO CONTROL OVERABUNDANT MID-CONTINENT LIGHT GEESE POPULATIONS.

(a) FORCE AND EFFECT.—

(1) IN GENERAL.—The rules published by the Service on February 16, 1999, relating to use of additional hunting methods to increase the harvest of mid-continent light geese (64 Fed. Reg. 7507-7517) and the establishment of a conservation order for the reduction of mid-continent light goose populations (64 Fed. Reg. 7517-7528), shall have the force and effect of law.

(2) PUBLIC NOTICE.—The Secretary, acting through the Director of the Service, shall take such action as is necessary to appropriately notify the public of the force and effect of the rules referred to in paragraph (1).

(b) APPLICATION.—Subsection (a) shall apply only during the period that—

(1) begins on the date of the enactment of this Act; and

(2) ends on the latest of—

(A) the effective date of rules issued by the Service after such date of the enactment to control overabundant mid-continent light geese populations;

(B) the date of the publication of a final environmental impact statement for such rules under section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4332(2)(C)); and

(C) May 15, 2001.

(c) RULE OF CONSTRUCTION.—This section shall not be construed to limit the authority of the Secretary or the Service to issue rules, under another law, to regulate the taking of mid-continent light geese.

SEC. 4.¹ COMPREHENSIVE MANAGEMENT PLAN.

AN ACT To provide for a comprehensive national policy dealing with national research needs and objectives in the Arctic, for a National Critical Materials Council, for development of a continuing and comprehensive national materials policy for programs necessary to carry out that policy, including Federal programs of advanced materials research and technology, and for innovation in basic materials industries, and for other purposes.

Be it enacted by the Senate and the House of Representatives of the United States of America in Congress assembled,

TITLE I—ARCTIC RESEARCH AND POLICY

SHORT TITLE

SEC. 101. This title may be cited as the “Arctic Research and Policy Act of 1984”.

FINDINGS AND PURPOSES

SEC. 102.¹ (a) The Congress finds and declares that—

(1) the Arctic, onshore and offshore, contains vital energy resources that can reduce the Nation’s dependence on foreign oil and improve the national balance of payments;

(2)² the Arctic is critical to national defense;

(3) the renewable resources of the Arctic, specifically fish and other seafood, represent one of the Nation’s greatest commercial assets;

(4) Arctic conditions directly affect global weather patterns and must be understood in order to promote better agricultural management throughout the United States;

(5) industrial pollution not originating in the Arctic region collects in the polar air mass, has the potential to disrupt global weather patterns, and must be controlled through international cooperation and consultation;

(6) the Arctic is a natural laboratory for research into human health and adaptation, physical and psychological, to climates of extreme cold and isolation and may provide information crucial for future defense needs;

(7) atmospheric conditions peculiar to the Arctic make the Arctic a unique testing ground for research into high latitude communications, which is likely to be crucial for future defense needs;

¹ 15 U.S.C. 4101.

² Sec. 601(1) of the FRIENDSHIP Act (Public Law 103-199; 107 Stat. 2327) struck out “as the Nation’s only common border with the Soviet Union,” preceding “the Arctic is critical”.

(8) Arctic marine technology is critical to cost-effective recovery and transportation of energy resources and to the national defense;

(9) the United States has important security, economic, and environmental interests in developing and maintaining a fleet of icebreaking vessels capable of operating effectively in the heavy ice regions of the Arctic;

(10) most Arctic-rim countries³ possess Arctic technologies far more advanced than those currently available in the United States;

(11) Federal Arctic research is fragmented and uncoordinated at the present time, leading to the neglect of certain areas of research and to unnecessary duplication of effort in other areas of research;

(12) improved logistical coordination and support for Arctic research and better dissemination of research data and information is necessary to increase the efficiency and utility of national Arctic research efforts;

(13) a comprehensive national policy and program plan to organize and fund currently neglected scientific research with respect to the Arctic is necessary to fulfill national objectives in Arctic research;

(14) the Federal Government, in cooperation with State and local governments, should focus its efforts on the collection and characterization of basic data related to biological, materials, geophysical, social, and behavioral phenomena in the Arctic;

(15) research into the long-range health, environmental, and social effects of development in the Arctic is necessary to mitigate the adverse consequences of that development to the land and its residents;

(16) Arctic research expands knowledge of the Arctic, which can enhance the lives of Arctic residents, increase opportunities for international cooperation among Arctic-rim countries, and facilitate the formulation of national policy for the Arctic; and

(17) the Alaskan Arctic provides an essential habitat for marine mammals, migratory waterfowl, and other forms of wildlife which are important to the Nation and which are essential to Arctic residents.

(b) The purposes of this title are—

(1) to establish national policy, priorities, and goals and to provide a Federal program to the Arctic, including natural resources and materials, physical, biological and health sciences, and social and behavioral sciences;

(2) to establish an Arctic Research Commission to promote Arctic research and to recommend Arctic research policy;

(3) to designate the National Science Foundation as the lead agency responsible for implementing Arctic research policy; and

³Sec. 601(2) of the FRIENDSHIP Act (Public Law 103-199; 108 Stat. 2327) struck out “, particularly the Soviet Union,” after “countries”.

(4) to establish an Interagency Arctic Research Policy Committee to develop a national Arctic research policy and a five-year plan to implement that policy.

¹²Public Law 90-137 (81 Stat. 463) struck out "The North Atlantic Treaty Organization Parliamentary Conference" and inserted in lieu thereof "North Atlantic Assembly". Public Law 90-137 further struck out "such Conference" and inserted in lieu thereof "such Assembly". Previously, sec. 303 of Title III of Continuing Appropriations, Fiscal Year 1988 (Public Law 100-202; 101 Stat. 1329-23), amended the amounts authorized to be appropriated which formerly read "\$50,000, \$25,000 for the House delegation and \$25,000 for the Senate delegation" (as authorized by Public Law 92-226). Prior to that authorization, the amounts were "\$30,000, \$15,000 for the House delegation and \$15,000 for the Senate delegation". The Foreign Relations Authorization Act (Public Law 100-204; 101 Stat. 1396) had directed that sec. 2 be amended by substituting "\$75,000" in lieu of "\$50,000", and "\$50,000" in lieu of "\$25,000" for the House delegation. This amendment could not be executed because of the prior amendment by Public Law 100-202. Previously, sec. 502(d) of Public Law 85-477 (72 Stat. 273) amended and restated this sentence.

Two members of the Commission shall constitute a quorum for the transaction of the business of the Commission.”

The Foreign Claims Settlement Commission was transferred by Public Law 96-209 (94 Stat. 96) to the Department of Justice. Public Law 96-209 provides the following:

“SEC. 101. The Foreign Claims Settlement Commission of the United States, established under Reorganization Plan Numbered 1 of 1954, is hereby transferred to the Department of Justice as a separate agency within that Department.

All functions, powers, and duties of the Foreign Claims Settlement Commission established by Reorganization Plan Numbered 1 of 1954 are hereby transferred with the Commission, together with personnel, assets, liabilities, unexpended balances of appropriations, authorizations, allocations, and other funds held, used, available, or to be made available in connection with the statutory functions of the Commission. The Commission shall continue to perform its functions as provided by the War Claims Act of 1948, as amended, the International Claims Settlement Act of 1949, as amended, and Reorganization Plan Numbered 1 of 1954.

“SEC. 103.(a) The Commission shall be composed of a Chairman and two members. The Chairman shall be appointed by the President, by and with the advice and consent of the Senate, to serve on a full-time basis for a term of three years, and compensated at the rate provided for level V of the Executive Schedule under section 5316 of title 5, United States Code.

“(b) The other members of the Commission shall be appointed by the President, by and with the advice and consent of the Senate, and serve on a part-time basis, and be compensated on a per diem basis at a rate of compensation equivalent to the daily rate for level V of the Executive Schedule under section 5316 of title 5, United States Code, for each day that such member is employed in the actual performance of official business of the Commission as may be directed by the Chairman. Each member shall be reimbursed for travel expenses, including per diem in lieu of subsistence, as authorized by section 5703 of title 5 for persons in Government service employed intermittently.

The incumbent of any such office may continue to serve until a successor takes office.

“(d) Notwithstanding the provisions of subsections (a), (b), and (c) of this section, members of the Foreign Claims Settlement Commission who are serving on the effective date of this Act, shall continue to serve in their same capacities until the expiration of the terms to which they were appointed.

delegate functions to any member, officer, or employee of the Commission. The President may fix a termination date for the authority of the Commission, and the terms of office of its members under this Title. Any member of the Commission may be removed by the Secretary of State,⁶ upon notice and hearing, for neglect of duty, or malfeasance in office, but for no other cause. Not later than six months after its organization, and every six months thereafter, the Commission shall make a report, through the Secretary of State,⁶ to the Congress concerning its operations under this Title. The Commission shall, upon completion of its work, certify in duplicate to the Secretary of State and to the Secretary of the Treasury the following: (1) A list of all claims disallowed; (2) a list of all claims allowed, in whole or in part, together and with the amount of each claim and the amount awarded thereon; and (3) a copy of the decision rendered in each case. No member of such Commission shall be appointed after the effective date of this Title until such Commission is reorganized by further Act of Congress but acting members may be designated by the President as provided by this section, who shall receive no compensation from the funds appropriated by H.R. 6200 for defraying the expenses of such Commission.⁷

Sec. 4.⁸ (a)(1) The Commission shall have jurisdiction to receive, examine, adjudicate, and render a final decision with respect to any claim of the Government of the United States or of any national of the United States—

abroad, and to pay allowances and benefits similar to those provided by title IX of the Foreign Service Act of 1946, as amended. The Commission is authorized, with the consent of the head of any other department or agency of the Federal Government, to utilize the facilities and services of such department or agency in carrying out the functions of the Commission. Officers and employees of any department and agency of the Federal Government may, with the consent of the head of such department or agency, be assigned to assist the Commission in carrying out its functions. The Commission shall reimburse such department and agency for the pay of such officers or employees.

“SEC. 105. All functions, powers, and duties not directly related to adjudicating claims are hereby vested in the Chairman, including the functions set forth in section 3 of Reorganization Plan Numbered 1 of 1954 and the authority to issue rules and regulations.

“SEC. 106. The Attorney General shall provide necessary administrative support and services to the Commission. The Chairman shall prepare the budget requests, authorization documents, and legislative proposals for the Commission within the procedures established by the Department of Justice, and the Attorney General shall submit these items to the Director of the Office of Management and Budget as proposed by the Chairman.

“SEC. 107. Nothing in this Act shall be construed to diminish the independence of the Commission in making its determinations on claims in programs that it is authorized to administer pursuant to the powers and responsibilities conferred upon the Commission by the War Claims Act of 1948, as amended, the International Claims Settlement Act of 1949, as amended, and Reorganization Plan Numbered 1 of 1954. The decisions of the Commission with respect to claims shall be final and conclusive on all questions of law and fact, and shall not be subject to review by the Attorney General or any other official of the United States or by any court by mandamus or otherwise.”

⁶The functions of the Secretary of State under these sentences were abolished and transferred to the Foreign Claims Settlement Commission by Reorganization Plan No. 1, 1954. Public Law 89-348 (79 Stat. 1310) modified this reporting requirement from semiannual to annual submission.

Subsequently, sec. 1 of Public Law 106-197 (114 Stat. 246) provided that:
 “Section 3003(a)(1) of the Federal Reports Elimination and Sunset Act of 1995 (31 U.S.C. 1113 note) does not apply to any report required to be submitted under any of the following provisions of law: * * *

⁷H.R. 6200 is the Supplemental Appropriation Act, 1954, Act of August 7, 1953 (67 Stat. 418).

⁸22 U.S.C. 1623. Sec. 2211 of Division G of the Omnibus Consolidated and Emergency Supplemental Appropriations Act, 1999 (Public Law 105-277; 112 Stat. 2681-812) struck out “(a) The” at the beginning of sec. 4 and inserted in lieu thereof para. (a)(1). Sec. 2211 further redesignated the second sentence of subsec. (a) as para. (2) and redesignated paras. (1) and (2) as subparas. (A) and (B).

(A) included within the terms of the Yugoslav Claims Agreement of 1948;

(B) included within the terms of any claims agreement concluded on or after March 10, 1954, between the Government of the United States and a foreign government (exclusive of governments against which the United States declared the existence of a state of war during World War II) similarly providing for the settlement and discharge of claims of the Government of the United States and of nationals of the United States against a foreign government, arising out of the nationalization or other taking of property, by the agreement of the Government of the United States to accept from that government a sum in en bloc settlement thereof; or

(C) included in a category of claims against a foreign government which is referred to the Commission by the Secretary of State.

(2)⁸ In the decision of claims under this Title, the Commission shall apply the following in the following order:

(A)⁸ The provisions of the applicable claims agreement as provided in this subsection.

(B)⁸ the applicable principles of international law, justice, and equity. In determining the value of a claim under international law, the Commission shall award the fair market value of the property as of the time of the taking by the foreign government involved (without regard to any action or event that occurs after the taking), except that the value of the claim shall not reflect any diminution in value attributable to actions which are carried out, or threats of action which are made, by the foreign government with respect to the property before the taking. Fair market value shall be ascertained in accordance with the method most appropriate to the property taken and equitable to the claimant, including—

(i) market value of outstanding equity securities;

(ii) replacement value;

(iii) going-concern value (which includes consideration of an enterprise's profitability); and

(iv) book value.

In the case of any claim for losses in a service industry, the appropriate basis of valuation shall be presumed to be that referred to in clause (iii). For purposes of the preceding sentence, the term "service" means economic activity the output of which is other than tangible goods.⁹

(b) The Commission shall give public notice of the time when, and the limit of time within which, claims may be filed, which notice shall be published in the Federal Register. In addition, the Commission is authorized and directed to mail a similar notice to the last-known address of each person appearing in the records of the Department of State as having indicated an intention of filing a claim with respect to a matter concerning which the Commission has jurisdiction under this Title. All decisions shall be upon such evidence and written legal contentions as may be presented within

⁹Sec. 1(a) of Public Law 99-451 (100 Stat. 1138) added the text to this point beginning with "In determining the value of a claim . . .".

such period as may be prescribed therefor by the Commission, and upon the results of any independent investigation of cases which the Commission may deem it advisable to make. Each decision by the Commission pursuant to this Title shall be by majority vote, and shall state the reason for such decision, and shall constitute a full and final disposition of the case in which the decision is rendered.

(c) Any member of the Commission, or any employee of the Commission, designated in writing by the Chairman of the Commission, may administer oaths and examine witnesses. Any member of the Commission may require by subpoena the attendance and testimony of witnesses, and the production of all necessary books, papers, documents, records, correspondence, and other evidence, from any place in the United States at any designated place of inquiry or of hearing. The Commission is authorized to contract for the reporting of inquiries or of hearings. Witnesses summoned before the Commission shall be paid the same fee and mileage that are paid witnesses in the courts of the United States. In case of disobedience to a subpoena, the aid of any district court of the United States, as constituted by chapter 5 of title 28, United States Code (28 U.S.C. 81 and the following), and the United States court of any Territory or other place subject to the jurisdiction of the United States may be invoked in requiring the attendance and testimony of witnesses and the production of such books, papers, documents, records, correspondence, and other evidence. Any such court within the jurisdiction of which the inquiry or hearing is carried on may, in case of contumacy or refusal to obey a subpoena issued to any person, issue an order requiring such person to appear or to give evidence touching the matter in question; and any failure to obey such order of the court may be punished by such court as a contempt thereof.

(d) The Commission may order testimony to be taken by deposition in any inquiry or hearing pending before it at any stage of such proceeding or hearing. Such depositions may be taken, under such regulations as the Commission may prescribe, before any person designated by the Commission and having power to administer oaths. Any person may be compelled to appear and depose, and to produce books, papers, documents, records, correspondence, and other evidence in the same way as witnesses may be compelled to appear and testify and produce documentary evidence before the Commission, as hereinabove provided. If a witness whose testimony may be desired to be taken by deposition be in a foreign country, the deposition may be taken, provided the laws of the foreign country so permit, by a consular officer, or by an officer or employee of the Commission, or other person commissioned by the Commission, or under letter rogatory issued by the Commission. Witnesses whose depositions are taken as authorized in this subsection, and the persons taking the same, shall severally be entitled to the same fees as are paid for like services in the courts of the United States.

(e) In addition to the penalties provided in title 18, United States Code, section 1001, any person guilty of any act, as provided therein, with respect to any matter under this Title, shall forfeit all rights under this Title, and, if payment shall have been made or granted, the Commission shall take such action as may be necessary to recover the same.

(f)¹⁰ No remuneration on account of services rendered on behalf of any claimant in connection with any claim filed with the Commission under this title shall exceed 10 per centum of the total amount paid pursuant to any award certified under the provisions of this title, on account of such claim. Any agreement to the contrary shall be unlawful and void. Whoever, in the United States or elsewhere, demands or receives, on account of services so rendered, any remuneration in excess of the maximum permitted by this section, shall be fined not more than \$5,000 or imprisoned not more than twelve months, or both.

(g) The Attorney General shall assign such officers and employees of the Department of Justice as may be necessary to represent the United States as to any claims of the Government of the United States with respect to which the Commission has jurisdiction under this title. Any and all payments required to be made by the Secretary of the Treasury under this title pursuant to any award made by the Commission to the Government of the United States shall be covered into the Treasury to the credit of miscellaneous receipts.

(h) The Commission shall notify all claimants of the approval or denial of their claims, stating the reasons and grounds therefor, and, if approved, shall notify such claimants of the amount for which such claims are approved. Any claimant whose claim is denied, or is approved for less than the full amount of such claim, shall be entitled, under such regulations as the Commission may prescribe, to a hearing before the Commission, or its duly authorized representatives, with respect to such claim. Upon such hearing, the Commission may affirm, modify, or revise its former action with respect to such claim, including a denial or reduction in the amount theretofore allowed with respect to such claim. The action of the Commission in allowing or denying any claim under this title shall be final and conclusive of all questions of law and fact and not subject to review by the Secretary of State or any other official, department, agency, or establishment of the United States or by any court by mandamus or otherwise.

(i) The Commission may in its discretion enter an award with respect to one or more items deemed to have been clearly established

¹⁰Sec. 1 of Public Law 90-421 (82 Stat. 420) amended subsec. (f), which previously read as follows:

“(f) In connection with any claim decided by the Commission pursuant to this Title in which an award is made, the Commission may, upon the written request of the claimant or any attorney heretofore or hereafter employed by such claimant, determine and apportion the just and reasonable attorney’s fees for services rendered with respect to such claim, but the total amount of the fees so determined in any case shall not exceed 10 per centum of the total amount paid pursuant to the award. Written evidence that the claimant and any such attorney have agreed to the amount of the attorney’s fees shall be conclusive upon the Commission: *Provided, however,* That the total amount of the fees so agreed upon does not exceed 10 per centum of the total amount paid pursuant to the award. Any fee so determined shall be entered as a part of such award, and payment thereof shall be made by the Secretary of the Treasury by deducting the amount thereof from the total amount paid pursuant to the award. Any agreement to the contrary shall be unlawful and void. The Commission is authorized and directed to mail to each claimant in proceedings before the Commission notice of the provisions of this subsection. Whoever, in the United States or elsewhere, pays or offers to pay, or promises to pay, or receives on account of services rendered or to be rendered in connection with any such claim, compensation which, when added to any amount previously paid on account of such services, will exceed the amount of fees so determined by the Commission, shall be guilty of a misdemeanor, and, upon conviction thereof, shall be fined not more than \$5,000 or imprisoned not more than twelve months, or both, and if any such payment shall have been made or granted, the Commission shall take such action as may be necessary to recover the same, and, in addition thereof, any such person shall forfeit all rights under this title.”

in an individual claim while deferring consideration and action on other items of the same claim.

(j) The Commission shall comply with the provisions of the Administrative Procedure Act of 1946 except as otherwise specifically provided by this title.

(k)¹¹ In exercising authority granted after the date of the enactment of this subsection under this or any other Act, the Commission, in determining the value of claims of the Government of the United States or of nationals of the United States (as defined in this Act or such other Act) against any foreign government for losses arising from the nationalization or other taking of property, shall comply with the principles set forth in subsection (a)(2) of this section.

Sec. 5.¹² The Commission shall, as soon as possible, and in the order of the making of such awards, certify to the Secretary of the Treasury and to the Secretary of State copies of the awards made in favor of the Government of the United States or of nationals of the United States under this Title. The Commission shall certify to the Secretary of State, upon his request, copies of the formal submissions of claims filed pursuant to subsection (b) of section 4 of this Act for transmission to the foreign government concerned.

Sec. 6.¹³ The Commission shall complete its affairs in connection with settlement of United States-Yugoslav claims arising under the Yugoslav Claims Agreement of 1948 not later than December 31, 1954;¹⁴ *Provided*, That nothing in this provision shall be construed to limit the life of the Commission, or its authority to act on future agreements which may be affected under the provisions of this legislation.

Sec. 7.¹⁵ (a) Subject to the limitations hereinafter provided, the Secretary of the Treasury is authorized and directed to pay, as prescribed by section 8 of this Title, an amount not exceeding the principal of each award, plus accrued interests on such awards as bear interest, certified pursuant to section 5 of this Title, in accordance with the award. Such payments, and applications for such payments, shall be made in accordance with such regulations as the Secretary of the Treasury may prescribe.

(b)¹⁶ (1) There shall be deducted from the amount of each payment made pursuant to subsection (c) of section 8, as reimbursement for the expenses incurred by the United States, an amount equal to 5¹⁷ per centum of such payment. All amounts so deducted shall be covered into the Treasury to the credit of miscellaneous receipts.

(d) The Secretary of the Treasury, upon the concurrence of the Secretary of State, is authorized and directed, out of the sum covered into the Yugoslav Claims Fund pursuant to subsection (b) of this section, after completing the payments of such funds pursuant to subsection (c) of this section, to make payment of the balance of any sum remaining in such fund of the Government of the Federal People's Republic of Yugoslavia to the extent required under article 1(c) of the Yugoslav Claims Agreement of 1948. The Secretary of State shall certify to the Secretary of the Treasury the total cost of adjudication, not borne by the claimants, attributable to the Yugoslav Claims Agreement of 1948. Such certification shall be final and conclusive and shall not be subject to review by any other official or department, agency, or establishment of the United States.

by the Commission pursuant to title V with respect to claims included within the terms of the Agreement Between the Government of the United States of America and the Government of the People's Republic of China Concerning the Settlement of Claims, signed on May 11, 1979, in the following order of priority:

(A) Payment in the amount of \$1,000 or the principal amount of the award, whichever is less.

(B) Thereafter, except as provided in paragraph (2), to the extent there remain unpaid principal balances on awards, payments from time to time on account of the unpaid principal balance of each remaining award which bear to such unpaid principal balance the same proportion as the total amount available for distribution at the time such payments are made bears to the aggregate unpaid principal balance of all such awards.

(C) Thereafter, payments from time to time on account of the unpaid balance of each award of interest which bear to such unpaid balance of interest the same proportion as the total amount available for distribution at the time such payments are made bears to the aggregate unpaid balance of interest of all such awards.

(2)(A) For the purpose of computing the payments to be made under paragraph (1) to any claimant which was an incorporated business enterprise on the date of nationalization or other taking of property, the award certified by the Commission under title V shall be reduced by the amount of Federal tax benefits derived by such claimant on account of the losses upon which such claim was based, but in no case shall payments be reduced below the amount paid to such claimant on account of such claim before the date of the enactment of this subsection. For purposes of this subparagraph, such Federal tax benefits shall be the amount by which the claimant's taxes in any prior taxable year or years under chapters 1, 2A, 2B, 2D, and 2E of the Internal Revenue Code of 1939, or subtitle A of the Internal Revenue Code of 1954, were decreased with respect to the loss or losses upon which the claim was based. The sum of the amounts which would otherwise be payable but for this paragraph which are not paid to any such claimant shall be aggregated, and the Secretary of the Treasury is authorized and directed to make payments out of such aggregated sums in accordance with subparagraph (B).

(B) To the extent that there remain unpaid principal balances on awards to claimants which were, on the date of nationalization or other taking of property, nonprofit organizations operated exclusively for the promotion of social welfare, religious, charitable, or educational purposes (after payments made to such nonprofit organizations pursuant to subparagraphs (A) and (B) of paragraph (1) are taken into account), the Secretary of the Treasury is authorized and directed to make payments from time to time on account of the unpaid principal balance of each remaining award to such nonprofit organizations which bear to such unpaid principal balance the same proportion as the total sums aggregated pursuant to subparagraph (A) at the times such payments are made bear to the aggregate unpaid principal balance of all such awards to nonprofit organizations.

(g)²⁷ The Secretary of the Treasury is authorized and directed to invest the amounts held respectively in the “special funds” established by this section in public debt securities with maturities suitable for the needs of the separate accounts and bearing interest at rates determined by the Secretary, taking into consideration the average market yield on outstanding marketable obligations of the United States of comparable maturities. The interest earned on the amounts in each special fund shall be used to make payments, in accordance with subsection (c), on awards payable from that special fund.

Sec. 9.²⁸ There is hereby authorized to be appropriated, out of any money in the Treasury not otherwise appropriated, such sums as may be necessary to enable the Commission to carry out its functions under this Title.

claimant is entitled. If suit shall be so instituted, then such property, or, if liquidated, the net proceeds thereof, shall be retained in the custody of said designee until any final judgment or decree which shall be entered in favor of the claimant shall be fully satisfied, or until final judgment or decree shall be entered against the claimant or suit otherwise terminated.

(b) Any person who has not instituted a suit under the provisions of subsection (a) of this section may file a notice of claim under oath for the return of any property, or the net proceeds thereof, vested in a designee of the President pursuant to section 202(a) and held by such designee. Such notice of claim shall be filed with said designee and in such form and containing such particulars as said designee shall require. Said designee may return any property so claimed, or the net proceeds thereof, whenever he shall determine—

(1) that the claimant is a person other than Bulgaria, Hungary, or Rumania, or a national thereof as defined in Executive Order 8389 of April 10, 1940, as amended; and

(2) that the claimant was the owner of such property immediately prior to its vesting, or is the successor in interest of such owner by inheritance, devise, or bequest.

Any person whose claim is finally denied in whole or in part by said designee may obtain review of such denial by filing a petition therefor in the United States Court of Appeals for the District of Columbia Circuit. Such petition for review must be filed within sixty days after the date of mailing of the final order of denial by said designee and a copy shall forthwith be transmitted to the said designee by the clerk of the court. Within forty-five days after receipt of such petition for review, or within such further time as the court may grant for good cause shown, said designee shall file an answer thereto, and shall file with the court the record of the proceedings with respect to such claim as provided in section 2112 of title 28, United States Code.⁴¹ The court may enter judgment affirming the order of the designee; or, upon finding that such order is not in accordance with law or that any material findings upon which such order is based are unsupported by substantial evidence, may enter judgment modifying or setting aside the order in whole or in part, and (1) directing a return of all or part of the property claimed, or (2) remanding the claim for further administrative proceedings thereon. If a notice of claim is filed under this subsection, the property which is the subject of such claim, or if liquidated, the net proceeds thereof, shall be retained in the custody of said designee until any final order of said designee or any final judgment or decree which shall be entered in favor of the claimant shall be fully satisfied, or until a final order of said designee or a final judgment or decree, shall be entered against the claimant, or the claim or suit otherwise terminated.

⁴¹Public Law 85-791 (72 Stat. 951) amended and restated the two previous sentences. They previously read as follows:

“Such petition for review must be filed within sixty days after the date of mailing of the final order of denial by said designee and a copy must be served on the said designee. Within forty-five days after service of such petition for review, or within such further time as the court may grant for good cause shown, said designee shall file an answer thereto, and shall certify and file with the court a transcript of the entire record of the proceedings with respect to such claim.”

(c) The sole relief and remedy of any person having any claim to any property vested pursuant to section 202(a), except a person claiming under section 216, shall be that provided by the terms of subsections (a) and (b) of this section, and in the event of the liquidation by sale or otherwise of such property, shall be limited to and enforced against the net proceeds received therefrom and held by the designee of the President.⁴² The claim of any person based on his ownership of shares of stock or other proprietary interest in a corporation which was the owner of property at the date of vesting thereof under sec. 202(a) shall be allowable under subsec. (a) or (b) of this section if 25 per centum or more of the outstanding capital stock or other proprietary interest in the corporation was owned at such date by nationals of countries other than Bulgaria, Hungary, Rumania, Germany, or Japan. But no such claim of a national of a foreign country shall be satisfied except after certification by the Department of State that the country of the national accords protection to nationals of the United States in similar types of cases.

(d) the designee of the President may retain or recover from any property, or the net proceeds thereof, returned pursuant to subsection (a) or (b) of this section an amount not exceeding that expended or incurred by him for the conservation, preservation, or maintenance of such property or proceeds.

Sec. 208.⁴³ (a) Any property vested in the designee of the President pursuant to section 202(a), or the net proceeds thereof, shall be equitably applied by such designee in accordance with this section to the payment of debts owed by the person who owned such property immediately prior to its vesting in such designee. No debt claim shall be allowed under this section—

(1) if it is asserted against Bulgaria, Hungary, or Rumania (including the government or any political subdivisions, agencies, or instrumentalities thereof); or

(2) if it is based upon an obligation expressed or payable in any currency other than the currency of the United States; or

(3) if it was not due and owing—

(A) on October 9, 1940, in the event the property in respect of which such debt claim is filed was owned immediately prior to vesting by a national of Rumania;

(B) on March 4, 1941, in the event the property in respect of which such debt claim is filed was owned immediately prior to vesting by a national of Bulgaria; or

(C) on March 13, 1941, in the event that the property in respect of which such debt claim is filed was owned immediately prior to vesting by a national of Hungary.

Any defense to the payment of such claim which would have been available to the debtor shall be available to the designee, except

⁴²Sec. 6 of Public Law 90-421 (82 Stat. 421) amended and restated this sentence. It previously read as follows:

"The sole relief and remedy of any person having any claim to any property vested pursuant to sec. 202(a) shall be that provided by the terms of subsec. (a) or (b) of this section, and in any event of the liquidation by sale or otherwise of such property, shall be limited to and enforced against the net proceeds received therefrom and held by the designee of the President."

that the period from and after December 7, 1941, shall not be included for the purpose of determining the applicability of any statute of limitations. Debt claims allowable under this section shall include only those of natural persons who were citizens of the United States at the dates their debtors became obligated to them; those of other natural persons who are and have been continuously since December 7, 1941, residents of the United States; those of corporations organized under the laws of the United States of any State, Territory, or possession thereof, or the District of Columbia; and those acquired by the designee of the President under this title. Successors in interest by inheritance, devise, bequest, or operation of law of debt claimants, other than persons who would themselves be disqualified hereunder from allowance of a debt claim, shall be eligible for payment to the same extent as their principals or predecessors would have been.

(b) The designee of the President under this title shall fix a date or dates after which the filing of debt claims in respect of any or all debtors shall be barred, and may extend the time so fixed, and shall give at least sixty days' notice thereof by publication in the Federal Register. In no event shall the time extend beyond the expiration of one year from the date of the last vesting in the designee of the President of any property of a debtor in respect to whose debts the date is fixed. No debt shall be paid prior to expiration of one hundred and twenty days after publication of the first such notice in respect of the debtor, nor in any event shall any payment of a debt claim be made out of any property or proceeds in respect of which a suit or proceeding for return pursuant to this title is pending.

(c) The designee shall examine the claims, and such evidence in respect thereof as may be presented to him or as he may introduce into the record, and shall make a determination, with respect to each claim, of allowance or disallowance, in whole or in part. The determination of the designee that a claim is within either paragraph (1) or (2) of subsection (a) of this section shall be final and shall not be subject to judicial review, and such claim shall not be considered a debt claim for any purpose under this section.

(d) Payment of debt claims shall be made only out of such money included in, or received as net proceeds from the sale, use, or other disposition of, any property owned by the debtor immediately prior to its vesting in the designee of the President, as shall remain after deduction of (1) the amount of the expenses of the designee (including both expenses in connection with such property or proceeds thereof, and such portion as the designee shall fix of his other expenses), and of taxes, as defined in section 212, paid by the designee in respect to such property or proceeds; and (2) such amount, if any, as the designee may establish as a cash reserve for the future payment of such expenses and taxes. If the money available hereunder for the payment of debt claims against the debtor is insufficient for the satisfaction of all claims allowed by the designee, ratable payments shall be made in accordance with subsection (g) of this section to the extent permitted by the money available and additional payments shall be made whenever the designee shall determine that substantial further money has become available,

through liquidation of any such property or otherwise. The designee shall not be required, through any judgment of any court, levy of execution, or otherwise, to sell or liquidate any property vested in him, for the purpose of paying or satisfying any debt claim.

(e) If the aggregate of debt claims filed as prescribed does not exceed the money from which, in accordance with subsection (d) of this section, payment may be made, the designee shall pay each claim to the extent allowed, and shall serve by registered mail, on each claimant whose claim is disallowed in whole or in part, a notice of such disallowance. Within sixty days after the date of mailing of the designee's determination, any debt claimant whose claim has been disallowed in whole or in part may file in the District Court of the United States for the District of Columbia a complaint for review of such disallowance naming the designee as defendant. Such complaint shall be served on the designee. The designee, within forty-five days after service on him, shall certify and file in said court a transcript of the record of proceedings with respect to the claim in question. Upon good cause shown such time may be extended by the court. Such record shall include the claim as filed, such evidence with respect thereto as may have been presented to the designee or introduced into the record by him, and the determination of the designee with respect thereto, including any findings made by him. The court may, in its discretion, take additional evidence, upon a showing that such evidence was offered to and excluded by the designee, or could not reasonably have been adduced before him or was not available to him. The court shall enter judgment affirming, modifying, or reversing the designee's determination, and directing payment in the amount, if any, which it finds due.

(f) If the aggregate of debt claims filed as prescribed exceeds the money from which, in accordance with subsection (d) of this section, payment may be made, the designee shall prepare and serve by registered mail on all claimants a schedule of all debt claims allowed and the proposed payment to each claimant. In preparing such schedule, the designee shall assign priorities in accordance with subsection (g) of this section. Within sixty days after the date of mailing of such schedule, any claimant considering himself aggrieved may file in the District Court of the United States for the District of Columbia a complaint for review of such schedule, naming the designee as defendant. A copy of such complaint shall be served upon the designee and on each claimant named in the schedule. The designee, within forty-five days after service on him, shall certify and file in said court a transcript of the record of proceedings with respect to such schedule. Upon good cause shown such time may be extended by the court. Such record shall include the claims in question as filed, such evidence with respect thereto as may have been presented to the designee or introduced into the record by him, any findings or other determinations made by the designee with respect thereto, and the schedule prepared by the designee. The court may, in its discretion, take additional evidence, upon a showing that such evidence was offered to and excluded by the designee or could not reasonably have been adduced before him or was not available to him. Any interested debt claimant who has

filed a claim with the designee pursuant to this section, upon timely application to the court, shall be permitted to intervene in such review proceedings. The court shall enter judgment affirming or modifying the schedule as prepared by the designee and directing payment, if any be found due, pursuant to the schedule as affirmed or modified and to the extent of the money from which, in accordance with subsection (d) of this section, payment may be made. Pending the decision of the court on such complaint for review, and pending final determination of any appeal from such decision, payment may be made only to an extent, if any, consistent with the contentions of all claimants for review.

(g) Debt claims shall be paid in the following order of priority: (1) Wage and salary claims, not to exceed \$600; (2) claims entitled to priority under sections 3466 and 3468 of the Revised Statutes (31 U.S.C., secs. 191 and 193), except as provided in subsection (h) of this section; (3) all other claims for services rendered; for expenses incurred in connection with such services, for rent, for goods and materials delivered to the debtor, and for payments made to the debtor for goods or services not received by the claimant; (4) all other debt claims. No payment shall be made to claimants within a subordinate class unless the money from which, in accordance with subsection (d) of this section, payment may be made, permits payment in full of all allowed claims in every prior class.

(h) No debt of any kind shall be entitled to priority under any law of the United States or any State, Territory, or possession thereof, or the District of Columbia, solely by reason of becoming a debt due or owing to the United States as a result of its acquisition by the designee of the President under this title.

(i) The sole relief and remedy available to any person seeking satisfaction of a debt claim out of any property vested in the designee under section 202(a), or the proceeds thereof, shall be the relief and remedy provided in this section, and suits for the satisfaction of debt claims shall not be instituted, prosecuted, or further maintained except in conformity with this section. No person asserting any interest, right, or title in any property or proceeds acquired by the designee shall be barred from proceeding pursuant to this title for the return thereof, by reason of any proceeding which he may have brought pursuant to this section; nor shall any security interest asserted by the creditor in any such property or proceeds be deemed to have been waived solely by reason of such proceeding. Nothing contained in this section shall bar any person from the prosecution of any suit at law or in equity against the original debtor or against any other person who may be liable for the payment of any debt for which a claim might have been filed hereunder. No purchaser, lessee, licensee, or other transferee of any property from the designee shall, solely by reason of such purchase, lease, license, or transfer, become liable for the payment of any debt owed by the person who owned such property prior to its vesting in the designee. Payment by the designee to any debt claimant shall constitute, to the extent of payment, a discharge of the indebtedness represented by the claim.

Sec. 209.⁴⁴ The officer or agency designated by the President under this title to entertain claims under section 207(b) and section 208 shall have power to hold such hearings as may be deemed necessary; to prescribe rules and regulations governing the form and contents of claims, the proof thereof, and all other matters related to proceedings on such claims; and in connection with such proceedings to issue subpoenas, administer oaths, and examine witnesses. Such powers, and any other powers conferred upon such officer or agency by section 207(b) and section 208, may be exercised through subordinate officers designated by such officer or agency.

Sec. 210.⁴⁵ No suit may be instituted pursuant to section 207(a) after the expiration of one year from the date of vesting of the property in respect of which relief is sought. No return may be made pursuant to section 207(b) unless notice of claim has been filed within one year from the date of vesting of the property in respect of which the claim is filed.

Sec. 211.⁴⁶ No property or proceeds shall be returned under this title, nor shall any payment be made or judgment awarded in respect of any property vested in any officer or agency designated by the President under this title unless satisfactory evidence is furnished to said designee, or the court, as the case may be, that the aggregate of the fees to be paid to all agents, attorneys at law or in fact, or representatives, for services rendered in connection with such return or payment or judgment does not exceed 10 per centum of the value of such property or proceeds or of such payment. Any agent, attorney at law or in fact, or representative, believing that the aggregate of the fees should be in excess of such 10 per centum may, in the case of any return of, or the making of any payment in respect of, such property or proceeds by the President or such officer or agency as he may designate, petition the district court of the United States for the district in which he resides for an order authorizing fees in excess of 10 per centum and shall name such officer or agency as respondent. The court hearing such petition or a court awarding any judgment in respect of any such property or proceeds, as the case may be, shall approve an aggregate of fees in excess of 10 per centum of the value of such property or proceeds only upon a finding that there exist special circumstances of unusual hardship which require the payment of such excess. Any person accepting any fee in excess of an amount approved under this section, or retaining for more than thirty days any portion of a fee, accepted prior to such approval, in excess of the fee as approved, shall be guilty of a violation of this title.

Sec. 212.⁴⁷ (a) The vesting in any officer or agency designated by the President under this title of any property or the receipt by such designee of any earnings, increment, or proceeds thereof shall not render inapplicable any Federal, State, Territorial, or local tax for any period before or after such vesting.

(b) The officer or agency designated by the President under this title shall, notwithstanding the filing of any claim or the institution

of any suit under this title, pay any tax incident to any such property, or the earnings, increment, or proceeds thereof, at the earliest time appearing to him to be not contrary to the interest of the United States. The former owner shall not be liable for any such tax accruing while such property, earnings, increment, or proceeds are held by such designee, unless they are returned pursuant to this title without payment of such tax by the designee. Every such tax shall be paid by the designee to the same extent, as nearly as may be deemed practicable, as though the property had not been vested, and shall be paid only out of the property, or earnings, increment, or proceeds thereof, to which they are incident or out of other property acquired from the same former owner, or earnings, increment, or proceeds thereof. No tax liability may be enforced from any property or the earnings, increment, or proceeds thereof while held by the designee except with his consent. Where any property is transferred, otherwise than pursuant to section 207(a) or 207(b) hereof, the designee may transfer the property free and clear of any tax, except to the extent of any lien for a tax existing and perfected at the date of vesting, and the proceeds of such transfer shall, for tax purposes, replace the property in the hands of the designee.

(c) Subject to the provisions of subsection (b) of this section, the manner of computing any Federal taxes, including without limitation by reason of this enumeration, the applicability in such computation of credits, deductions, and exemptions to which the former owner is or would be entitled, and the time and manner of any payment of such taxes and the extent of any compliance by the designee with provisions of Federal law and regulations applicable with respect to Federal taxes, shall be in accordance with regulations prescribed by the Secretary of the Treasury to effectuate this section. Statutes of limitations on assessments, collection, refund, or credit of Federal taxes shall be suspended with respect to any vested property or the earnings, increment, or proceeds thereof, while vested and for six months thereafter; but no interest shall be paid upon any refund with respect to any period during which the statute of limitations is so suspended.

(d) The word "tax" as used in this section shall include, without limitation by reason of this enumeration, any property, income, excess-profits, war-profits, excise, estate, and employment tax, import duty, and special assessment; and also any interest, penalty, additional amount, or addition thereto not arising from any act, omission, neglect, failure, or delay on the part of the designee.

Sec. 213.⁴⁸ Prior to covering the net proceeds of liquidation of any property into the Treasury pursuant to section 202(a), the designee of the President under this title shall determine—

(1) the amount of his administrative expenses attributable to the performance of his functions under this title with respect to such property and the proceeds thereof. The amount so determined, together with an amount not exceeding that expended or incurred for the conservation, preservation, or maintenance of such property and the proceeds thereof, and for taxes in respect of same, shall be deducted and retained by the

designee from the proceeds otherwise covered into the Treasury; and

(2) that the time for the institution of a suit under section 207(a), for the filing of a notice of claim under section 207(b), and for the filing of debt claims under section 208 has elapsed. The determinations of the designee under this section shall be final and conclusive.

Sec. 214.⁴⁹ No property conveyed, transferred, assigned, delivered, or paid to the designee of the President under this title, or the net proceeds thereof, shall be liable to lien, attachment, garnishment, trustee process, or execution, or subject to any order or decree of any court, except as provided in this title.

Sec. 215.⁵⁰ Whoever shall willfully violate any provision of this title or any rule or regulation issued hereunder, and whoever shall willfully violate, neglect, or refuse to comply with any order of the President or of a designee of the President under this title, issued in compliance with the provisions of this title shall be fined not more than \$5,000, or, if a natural person, imprisoned for not more than five years, or both; and the officer, director, or agent of any corporation who knowingly participates in such violation shall be punished by a like fine, imprisonment, or both.

Sec. 216.⁵¹ (a) Notwithstanding any other provision of this Act or any provision of the Trading With the Enemy Act, as amended, any person (1) who was formerly a national of Bulgaria, Hungary, or Rumania, and (2) who, as a consequence of any law, decree, or regulation of the nation of which he was a national discriminating against political, racial or religious groups, at no time between December 7, 1941, and the time when such law, decree, or regulation was abrogated enjoyed full rights of citizenship under the law of such nation, shall be eligible hereunder to receive the return of his interest in property which was vested under section 202(a) hereof or under the Trading With the Enemy Act, as amended, as the property of a corporation organized under the laws of Bulgaria, Hungary, or Rumania if 25 per centum or more of the outstanding capital stock of such corporation was owned at the date of vesting by such persons and nationals of countries other than Bulgaria, Hungary, Rumania, Germany, or Japan, or if such corporation was subjected after December 7, 1941, under the laws of its country, to special wartime measures directed against it because of the enemy character of some or all of its stockholders; and no certificate by the Department of State as provided under section 207(c) hereof shall be required for such persons.

(b) An interest in property vested under the Trading With the Enemy Act, as amended, as the property of a corporation organized under the laws of Bulgaria, Hungary, or Rumania shall be subject to return under subsection (a) of this section only if a notice of claim for the return of any such interest has been timely filed under the provisions of section 33 of that Act, provided that application may be made therefore within six months after the date of enactment hereof. In the event such interest has been liquidated and the net proceeds thereof transferred to the Bulgarian Claims

Sec. 313.⁸³ Payment of any award made pursuant to section 303 or 305 shall not, unless such payment is for the full amount of the claim, as determined by the Commission to be valid, with respect to which the award is made, extinguish such claim, or be construed to have divested any claimant, or the United States on his behalf, of any rights against the appropriate foreign government or national for the unpaid balance of his claim or for restitution of his property. All awards or payments made pursuant to this title shall be without prejudice to the claims of the United States against any foreign government.

Sec. 402.⁹³ (a) The Secretary of the Treasury is directed to hold, in an account in the Treasury of the United States, the net proceeds of the sale of certain Czechoslovakian steel mill equipment heretofore blocked and sold in the United States by order of the Secretary of the Treasury under authority of Executive Order Numbered 9193, dated July 6, 1942 (7 F.R. 5205, July 9, 1942).

(b)⁹⁴ There is hereby created in the Treasury of the United States a fund to be designated the Czechoslovakian Claims Fund, for the payment of unsatisfied claims of nationals of the United States against Czechoslovakia as authorized in this title.

(c) If, within one year following the date of enactment of this title, the Government of Czechoslovakia voluntarily settles with and pays to the Government of the United States a sum in payment of claims of United States nationals against Czechoslovakia, all moneys held pursuant to subsection (a) of this section will be disposed of in accordance with the terms of the settlement agreement with Czechoslovakia and applicable provisions of this title and the sum paid by Czechoslovakia shall be covered into the Czechoslovakian Claims Fund.

(d) Upon the expiration of one year after the date of enactment of this title if no settlement with Czechoslovakia of the type specified in subsection (c) of this section has occurred, all moneys held pursuant to subsection (a) of this section except amounts held in reserve pursuant to section 403 of this title, shall be covered into the Czechoslovakian Claims Fund.

(e) The Secretary of the Treasury shall deduct from the Czechoslovakian Claims Fund 5 per centum thereof as reimbursement to the Government of the United States for the expenses incurred by the Commission and by the Treasury Department in the administration of this title.⁹⁵ The amount so deducted shall be covered into the Treasury to the credit of miscellaneous receipts.

No other court shall have original jurisdiction to consider any such claim by mandamus or otherwise. If any action is brought pursuant to this section the Secretary of the Treasury shall set aside an appropriate reserve in the account containing the moneys held pursuant to subsection (a) of section 402 of this title. Such reserve shall be retained pending a final determination of all issues raised in the action and recovery in any such action shall be limited to and paid out of the moneys so reserved. After a final determination of all issues raised in the action and payment of any judgment against the United States entered pursuant thereto, any balance no longer required to be held in reserve shall be disposed of in accordance with the provisions of subsection (d) of section 402 of this title. Nothing in this section shall be construed to create (1) any liability against the United States for any action taken pursuant to section 404 of this title, (2) any liability against the United States in favor of the Government of Czechoslovakia, any agency or instrumentality thereof or any person who is an assignee or successor in interest thereto, or (3) any other liability against the United States.

sums as may be paid to or realized by the United States pursuant to the terms of any agreement settling those claims described in section 703 that may be entered into between the Governments of the United States and Vietnam.

RECEIPT AND DETERMINATION OF CLAIMS

Sec. 703.¹⁵⁶ The Commission shall receive and determine in accordance with applicable substantive law, including international law, the validity and amounts of claims by nationals of the United States against Vietnam arising on or after April 29, 1975, for losses incurred as a result of the nationalization, expropriation, or other taking of (or special measures directed against) property which, at the time of such nationalization, expropriation, or other taking, was owned wholly or partially, directly, or indirectly, by nationals of the United States to whom no restoration or adequate compensation for such property has been made. Such claims must be submitted to the Commission within the period specified by the Commission by notice published in the Federal Register (which period shall not be more than a period of two years beginning on the date of such publication) within sixty days after the date of the enactment of this title or of legislation making appropriations to the Commission for payment of administrative expenses incurred in carrying out its functions under this title, whichever date is later.

OWNERSHIP OF CLAIMS

Sec. 704.¹⁵⁷ A claim may be favorably considered under section 703 of this Act only if the property right on which it is based was owned, wholly or partially, directly, or indirectly, by a national of the United States on the date of loss and only to the extent that the claim has been held by one or more nationals of the United States continuously from the date that the loss occurred until the date of filing with the Commission.

A claim under section 703 based upon a debt of other obligation owing by any corporation, association, or other entity organized under the laws of the United States, or of any State, the District of Columbia, or the Commonwealth of Puerto Rico may be considered only if such debt or other obligation is a charge on property which has been nationalized, expropriated, or otherwise taken by Vietnam.

(b) A claim under section 703 based upon a direct ownership interest in a corporation, association, or other entity may be considered, subject to the other provisions of this title, if such corporation, association, or other entity on the date of the loss was not a

national of the United States, without regard to the per centum of ownership vested in the claimant.

(c) A claim under section 703 based upon an indirect ownership interest in a corporation, association, or other entity may be considered, subject to the other provisions of this title, only if at least 25 per centum of the entire ownership interest thereof, at the time of such loss, was vested in nationals of the United States or if, at the time of the loss, nationals of the United States in fact controlled the corporation, association, or entity, as determined by the Commission.

(d) The amount of any claim covered by subsection (b) or (c) of this section shall be calculated on the basis of the total loss suffered by the corporation, association, or other entity, with respect to which the claim is made, and shall bear the same proportion to such loss as the ownership interest of the claimant at the time of loss bears to the entire ownership interest thereof.

OFFSETS

Sec. 706.¹⁵⁹ In determining the amount of any claim under this title, the Commission shall deduct all amounts the claimant has received from any source on account of the same loss or losses for which the claim is filed.

CERTIFICATION; ASSIGNED CLAIMS

Sec. 707.¹⁶⁰ (a) The Commission shall certify to each claimant who files a claim under this title the amount determined by the Commission to be the loss suffered by the claimant which is covered by this title. The Commission shall certify to the Secretary of State such amount and the basic information underlying that amount, together with a statement of the evidence relied upon and the reasoning employed in making that determination.

(b) In any case in which a claim under this title is assigned by purchase before the Commission determines the amount due on that claim, the amount so determined shall not exceed the amount of actual consideration paid by the last such assignee.

CONSOLIDATED AWARDS

Sec. 708.¹⁶¹ With respect to any claim under section 703 of this Act which, at the time of the award, is vested in persons other than the person by whom the original loss was sustained, the Commission shall issue a consolidated award in favor of all claimants then entitled to the award, which award shall indicate the respective interests of such claimants in the award, and all such claimants shall participate, in proportion to their indicated interests, in any payments that may be made under this title in all respects as if the award has been in favor of a single person.

Sec. 709.¹⁶² (a) The Secretary of the Treasury may establish in the Treasury of the United States the Claims Fund for the payment of unsatisfied claims of nationals of the United States against Vietnam, as authorized by this title.

(b) The Secretary of the Treasury shall deduct from any amounts covered into the Claims Fund an amount equal to 5 per centum thereof as reimbursement to the Government of the United States for expenses incurred by the Commission and by the Treasury Department in the administration of this title. The amounts so deducted shall be covered into the Treasury as miscellaneous receipts.

AWARD PAYMENT PROCEDURES

Sec. 710.¹⁶³ (a) The Commission shall certify to the Secretary of the Treasury, in terms of United States currency, each award made pursuant to section 703 of this Act.

(b)(1) Upon certification of each award made pursuant to section 703, the Secretary of the Treasury shall, out of the sums covered into the Claims Fund, make payments on account of such awards as follows, and in the following order or priority:

(A) Payment in the amount of \$2,500 or the principal amount of the award, whichever is less.

(B) Thereafter, payments from time to time, in ratable proportions, on account of the unpaid balance of the principal amounts of all awards according to the proportions which the unpaid balance of such awards bear to the total amount in the Claims Fund available for distribution at the time such payments are made.

(2) After payment has been made in full of the principal amounts of all awards pursuant to paragraph (1), pro rata payments may be made on account of any interest that may be allowed on such awards.

(c) Payments or applications for payments under subsection (b) shall be made in accordance with such regulations as the Secretary of the Treasury may prescribe.

Sec. 711.¹⁶⁴ The Commission shall complete its affairs in connection with the settlement of claims pursuant to this title not later than three years after the final date for the filing of claims as provided in section 703 of this Act.

AUTHORIZATION OF APPROPRIATIONS

Sec. 713.¹⁶⁶ There are authorized to be appropriated for any fiscal year beginning on or after October 1, 1980, such sums as may be necessary to enable the Commission and the Treasury Department to pay their respective administrative expenses incurred in carrying out their functions under this title. Amounts appropriated under this section may remain available until expended.

FEES FOR SERVICES

Sec. 714.¹⁶⁷ No remuneration on account of services rendered on behalf of any claimant, in connection with any claim filed with the Commission under this title, shall exceed 10 per centum of the total amount paid pursuant to any award certified under the provisions of this title on account of such claim. Any agreement to the contrary shall be unlawful and void. Whoever, in the United States or elsewhere, demands or receives, on account of services so rendered, any remuneration in excess of the maximum permitted by this section shall be guilty of a misdemeanor and, upon conviction thereof, shall be fined not more than \$5,000 or imprisoned not more than twelve months, or both.

(a) AUTHORITY OF FOREIGN CLAIMS SETTLEMENT COMMISSION.—The Foreign Claims Settlement Commission of the United States is authorized to receive and determine the validity and amounts of claims by nationals of the United States against Iran which are settled en bloc by the United States. In deciding such claims, the Commission shall apply, in the following order—

- (1) the terms of any settlement agreement;
- (2) the relevant provisions of the Declarations of the Government of the Democratic and Popular Republic of Algeria of January 19, 1981, giving consideration to interpretations thereof by the Iran-United States Claims Tribunal; and
- (3) applicable principles of international law, justice, and equity.

Except as otherwise provided in this title, the provisions of title I of the International Claims Settlement Act of 1949 (22 U.S.C. 1621 et seq.) shall apply with respect to claims under this section. Any reference in such provisions to “this title” shall be deemed to refer to those provisions and to this section.

(b) CERTIFICATION AND PAYMENT.—The Commission shall certify to the Secretary of the Treasury any awards determined pursuant to subsection (a) in accordance with section 5 of title I of the International Claims Settlement Act of 1949 (22 U.S.C. 1624). Such awards shall be paid in accordance with sections 7 and 8 of such title (22 U.S.C. 1626 and 1627), except that—

(2) the Secretary of the Treasury may deduct, pursuant to section 7(b) of such title, an amount calculated in accordance with section 502(a) of this Act, instead of 5 percent of payments made pursuant to section 8(c) of such title.

SEC. 502.¹ DEDUCTIONS FROM ARBITRAL AWARDS

(a) DEDUCTION FOR EXPENSES OF THE UNITED STATES.—Except as provided in section 503, the Federal Reserve Bank of New York shall deduct from the aggregate amount awarded under each enumerated claim before the Iran-United States Claims Tribunal in favor of a United States claimant, an amount equal to 1½ percent of the first \$5,000,000 and 1 percent of any amount over \$5,000,000, as reimbursement against Iran before the Tribunal and the maintenance of the Security Account established pursuant to the Declarations of the Democratic and Popular Republic of Algeria of January 19, 1981. The Federal Reserve Bank of New York shall make the deduction required by the preceding sentence whenever the Bank receives an amount from the Security Account in satisfaction of an award rendered by the Iran-United States Claim Tribunal on the enumerated claim involved.

(b) DEDUCTION TREATED AS MISCELLANEOUS RECEIPT.—Amounts deducted by the Federal Reserve Bank of New York pursuant to subsection (a) shall be deposited into the Treasury of the United States to the credit of miscellaneous receipts.

(c) PAYMENT TO UNITED STATES CLAIMANTS.—Nothing in this section shall be construed to effect the payment to United States claimants of amounts received by the Federal Reserve Bank of New York in respect of awards by the Iran-United States Claims Tribunal, after deduction of the amounts calculated in accordance with subsection (a).

(d) EFFECTIVE DATE.—This section shall be effective as of June 7, 1982.

SEC. 503.¹ BLOC SETTLEMENT.

The deduction by the Federal Reserve Bank of New York provided for in section 502(a) of this Act shall not apply in the case of a sum received by the Bank pursuant to an en bloc settlement of any category of claims of United States nationals against Iran when such sum is to be used for payments in satisfaction of awards certified by the Foreign Claims Settlement Commission pursuant to section 501(b) of this Act.

SEC. 504.¹ REIMBURSEMENT TO THE FEDERAL RESERVE BANK OF NEW YORK.

The Secretary of the Treasury may reimburse the Federal Reserve Bank of New York for expenses incurred by the Bank in the performance of fiscal agency agreements relating to the settlement or arbitration of claims pursuant to the Declarations of the Democratic and Popular Republic of Algeria of January 19, 1981.

Notwithstanding section 552 of title 5, United States Code (commonly referred to as the Freedom of Information Act), records pertaining to the arbitration of claims before the Iran-United States

Claims Tribunal may not be disclosed to the general public, except that—

(1) rules, awards, and other decisions of the Tribunal and claims and responsive pleadings filed at the Tribunal by the United States on its own behalf shall be made available to the public, unless the Secretary of State determines that public disclosure would be prejudicial to the interests of the United States or United States claimants in proceedings before the Tribunal, or that public disclosure would be contrary to the rules of the Tribunal; and

(2) the Secretary of State may determine on case-by-case basis to make such information available when in the judgment of the Secretary the interests of justice so require.

c. Czechoslovakian Claims Settlement Act of 1981

Public Law 97-127 [S. 1946], 95 Stat. 1675, approved December 29, 1981

AN ACT To provide for the final settlement of certain claims against
Czechoslovakia, and for other purposes.

*Be it enacted by the Senate and the House of Representatives of
the United States of America in Congress assembled,*

SHORT TITLE

SECTION 1.¹ This Act may be cited as the “Czechoslovakian
Claims Settlement Act of 1981”.

APPROVAL OF AGREEMENT

SEC. 2. (a) The Congress hereby approves the Agreement be-
tween the Government of the United States of America and the
Government of the Czechoslovak Socialist Republic on the Settle-
ment of Certain Outstanding Claims and Financial Issues, initiated
at Prague, Czechoslovakia on November 6, 1981.

(b) The President may, without further approval by the Congress,
execute such technical revisions of the Agreement approved by sub-
section (a) of this section as in his judgment may from time to time
be required to facilitate the implementation of that Agreement.
Nothing in this subsection shall be construed to authorize any revi-
sion of that Agreement to reduce any amount to be paid by the
Government of the Czechoslovak Socialist Republic to the United
States Government under the Agreement, or to defer the payment
of any such amount.

DEFINITIONS

SEC. 3. For the purposes of this Act—

(1) “Agreement” means the Agreement on the Settlement of
Certain Outstanding Claims and Financial Issues approved by
section 2(a) of this Act;

(2) “national of the United States” has the meaning given
such term by section 401(1) of the International Claims Settle-
ment Act of 1949;

(3) “Commission” means the Foreign Claims Settlement
Commission of the United States;

(4) “Fund” means the Czechoslovakian Claims Fund estab-
lished by section 402(b) of the International Claims Settlement
Act of 1949;

(5) “Secretary” means the Secretary of the Treasury; and

(6) “property” means any property, right, or interest.

¹22 U.S.C. note prec. 1642. See also title IV of the International Claims Settlement Act of 1949 (Public Law 81-455; 22 U.S.C. 1642-1642q) for additional legislation on claims against Czechoslovakia.

THE FUND

SEC. 4. (a) The Secretary shall cover into the Fund the amount paid by the Government of the Czechoslovak Socialist Republic in settlement and discharge of claims of nationals of the United States pursuant to article 1(1) of the Agreement, and shall deduct from that amount \$50,000 for reimbursement to the United States Government for expenses incurred by the Department of the Treasury and the Commission in the administration of this Act and title IV of the International Claims Settlement Act of 1949. The amount so deducted shall be covered into the Treasury to the credit of miscellaneous receipts. The deduction required by this subsection shall be made in lieu of the deduction provided in section 402(e) of the International Claims Settlement Act of 1949; however, it is the sense of the Congress that the United States Government is entitled to a larger percentage of the total award (generally presumed to be 5 percent) and that the ex gratia payment hereinafter provide to certain claimants, who were otherwise excluded from sharing in this claims settlement under general-accepted principles of international law and United States practice, is justified only by the extraordinary circumstances of this case and does not establish any precedent for future claims negotiations or payments.

(b) The Secretary shall establish three accounts in the Fund into which the amount covered into the Fund pursuant to subsection (a) of this section, less the deduction required by that subsection, shall be covered as follows:

(1) An account into which \$74,550,000 shall be covered, to be available for payment in accordance with section 8 of this Act on account of awards certified pursuant to section 410 of the International Claims Settlement Act of 1949.

(2) An account into which \$1,500,000 shall be covered, to be available for payment in accordance with section 8 of this Act on account of awards determined pursuant to section 5 of this Act.

(3) An account into which the remainder of amounts in the Fund shall be covered, to be available for payment in accordance with section 8 of this Act on account of awards determined pursuant to section 6 of this Act.

DETERMINATION OF CERTAIN CLAIMS

SEC. 5. (a) The Commission shall receive and determine, in accordance with applicable substantive law, including international law, the validity and amount of claims by nationals of the United States against the Government of the Czechoslovak Socialist Republic of losses resulting from the nationalization or other taking of property owned at the time by nationals of the United States, which nationalization or other taking occurred between August 8, 1958, and the date of which the Agreement enters into force. In making the determination with respect to the validity and amount of any such claim and the value of the property taken, the Commission is authorized to accept the fair or proved value of such property as of the time when the property taken was last operated, used, managed, or controlled by the national or nationals of the United States asserting the claim, regardless of whether such time

is prior to the actual date of nationalization or other taking by the Government of the Czechoslovak Socialist Republic.

(b) The Commission shall certify to the Secretary the amount of any award determined pursuant to subsection (a).

DETERMINATION OF OTHER CLAIMS

SEC. 6. (a)(1) The Congress finds that—

(A) in the case of certain persons holding claims against the Czechoslovakian Government who became nationals of the United States by February 26, 1948, the date on which the current Communist Government of Czechoslovakia assumed power; and

(B) while the Commission had the authority to deny those claims described in subparagraph (A) on the basis that the properties involved had been taken by the Benes Government while the claimants were not yet nationals of the United States, the effect of that denial is to withhold compensation to persons who have been United States citizens for many years and whose expropriated property has benefited the Communist Government of Czechoslovakia no less than properties expropriated more directly and clearly by the Communist Government.

(2)(A) It is therefore the purpose of this section, in accordance with the intent of the Congress in enacting title IV of the International Claims Settlement Act of 1949 and in the interests of equity, to make ex gratia payments to the claimants described in paragraph (1) of this subsection.

(B) The Congress reaffirms the principle and practice of the United States to seek compensation from foreign governments on behalf only of persons who were nationals of the United States at the time they sustained losses by the nationalization or other taking of their property by those foreign governments. In making payments under this section, the Congress does not establish any precedent for future claims payments.

(b) The Commission shall reopen and redetermine the validity and amounts of any claim against the Government of Czechoslovakia which was filed with the Commission in accordance with the provisions of title IV of the International Claims Settlement Act of 1949, which was based on property found by the Commission to have been nationalized or taken by the Government of Czechoslovakia on or after January 1, 1945, and before February 26, 1948, and which was denied by the Commission because such property was not owned by a person who was a national of the United States on the date of such nationalization or taking. The provisions of section 405 of the International Claims Settlement Act of 1949 requiring that the property upon which a claim is based must have been owned by a national of the United States on the date of nationalization or other taking by the Government of Czechoslovakia shall be deemed to be met if such property was owned on such date by a person who became a national of the United States on or before February 26, 1948. The Commission shall certify to the Secretary the amount of any award determined pursuant to this subsection.

PROCEDURES

SEC. 7. (a) The provisions of sections 401, 403, 405, 406, 407, 408, 409, 414, 415, and 416 of the International Claims Settlement Act of 1949, to the extent that such provisions are not inconsistent with this Act, together with such regulations as the Commission may prescribe, shall apply with respect to any claim determined pursuant to section 5(a) of this Act or redetermined pursuant to section 6(b) of this Act.

(b) Not later than sixty days after the date of the enactment of this Act, the Commission shall establish and publish in the Federal Register a period of time within which claims described in section 5 of the Act must be filed with the Commission, and the date for the completion of the Commission's affairs in connection with the determination of those such claims and claims described in section 6 of this Act. Such filing period shall be not more than one year after the date of such publication in the Federal Register, and such completion date shall be not more than two years after the final date for the filing of claims under section 5. No person holding a claim to which section 6 of this Act applies shall be required to refile that claim before the Commission makes the redetermination required by that section.

PAYMENT OF AWARDS

SEC. 8. (a) As soon as practicable after the date of the enactment of this Act, the Secretary shall make payments from amounts in the account established pursuant to section 4(b)(1) of this Act on the unpaid balance of each award certified by the Commission pursuant to section 410 of the International Claims Settlement Act of 1949.

(b) As soon as practicable after the Commission has completed the certification of awards pursuant to section 5(b) of this Act, the Secretary shall make payments on account of each such award from the amounts in the account established pursuant to section 4(b)(2) of this Act.

(c) As soon as practicable after the Commission has completed the certification of awards pursuant to section 6(b) of this Act, the Secretary shall make payments on account of each such award from the amounts in the account established pursuant to section 4(b)(3) of this Act.

(d) In the event that—

(1) the amounts in the account established pursuant to section 4(b)(2) of this Act exceed the aggregate total of all awards certified by the Commission pursuant to section 5(b) of this Act, or

(2) the amounts in the account established pursuant to section 4(b)(3) of this Act exceed the aggregate total of all awards certified by the Commission pursuant to section 6(b) of this Act,

the Secretary shall cover such excess amounts into the account established pursuant to section 4(b)(1) of this Act. The Secretary shall make payments pursuant to subsection (a) of this section,

from such excess amounts, on the unpaid balance of awards certified by the Commission pursuant to section 410 of the International Claims Settlement Act of 1949.

(e) Payments under this section shall be made on the unpaid balance of each award which bear to such unpaid balance the same proportion as the total amount in the account in the Fund from which the payments are made bears to the aggregate unpaid balance of all awards payable from that account. Payments under this section, and applications for such payments, shall be made in accordance with such regulations as the Secretary may prescribe.

(f) In the event that—

(1) the Secretary is unable, within three years after the date of the establishment of the account prescribed by section 4(b)(1) of this Act, to locate any person entitled to receive payment under this section on account of an award certified by the Commission pursuant to section 410 of the International Claims Settlement Act of 1949 or to locate any lawful heirs, successors, or legal representatives of that person, or if no valid application for payment is made by or on behalf of that person within six months after the Secretary has located that person or that person's heirs, successors, or legal representatives; or

(2) within six months after the Commission has completed the certification of awards pursuant to sections 5(b) and 6(b) of this Act, no valid application for payment is made by or on behalf of any person entitled to receive payment under this section on account of an award certified by the Commission pursuant to either such section,

the Secretary shall give notice by publication in the Federal Register and in such other publications as the Secretary may determine that, unless valid application for payment is made within sixty days after the date of such publication, that person's award under title IV of the International Claims Settlement Act of 1949 or this Act, as the case may be, and that person's right to receive payment on account of such award, shall lapse. Upon the expiration of such sixty-day period that person's award and right to receive payment shall lapse, and the amounts payable to that person shall be paid pro rata by the Secretary on account of all other awards under title IV of the International Claims Settlement Act of 1949 or this Act, as the case may be.

INVESTMENT OF FUNDS

SEC. 9. The Secretary shall invest and hold in separate accounts the amounts held respectively in the accounts established by section 4 of this Act. Such investment shall be in public debt securities with maturities suitable for the needs of the separate accounts and bearing interest at rates determined by the Secretary, taking into consideration the average market yield on outstanding marketable obligations of the United States of comparable maturities. The interest earned on the amounts in each account established by section 4 of this Act shall be used to make payments, in accordance with section 8(e) of this Act, on awards payable from that account.

IMPLEMENTATION OF AGREEMENT

SEC. 10. (a) If, within sixty days after the date of the enactment of this Act—

(1) the Government of the Czechoslovak Socialist Republic does not make the payments to the United States Government described in article 6(2) of the Agreement, or

(2) the Czechoslovak Government does not receive the gold provided in article 6(1) of the Agreement, the provisions to this Act shall cease to be effective, and the provisions of the Agreement may not be implemented unless the Congress approves the Agreement after the end of that sixty-day period.

(b) The sixty-day period for implementation of the Agreement required by subsection (a) shall be extended by an additional period of thirty calendar days if, before the expiration of that sixty-day period, the Secretary of State certifies in writing that such extension is consistent with the purposes of this Act, and reports that certification to the Speaker of the House of Representatives and to the Chairman of the Committee on Foreign Relations of the Senate, together with a detailed statement of the reasons for the extension. Whereas certain Micronesian inhabitants of the Trust Territory of the Pacific Islands, formerly under League of Nations mandate to Japan, suffered from the hostilities of the Second World War; and

Whereas the United States, while not liable for wartime damages suffered by the Micronesians, has responsibility for the welfare of the Micronesian people as the administering authority of the Trust Territory of the Pacific Islands; and

Whereas the Governments of Japan and the United States entered into an agreement on April 18, 1969, to contribute ex gratia the equivalent of \$10,000,000 to the Micronesian inhabitants of the Trust Territory of the Pacific Islands in view of the suffering caused by the hostilities of the Second World War, each Government contributing the equivalent of \$5,000,000, Japan's contribution to take the form of products and services; and

The members of the Commission shall serve at the pleasure of the Chairman of the Foreign Claims Settlement Commission. No Commissioner shall hold other public office or engage in any other employment during the period of his service on the Commission, except as an employee of the Foreign Claims Settlement Commission.

(b) The members of the Commission shall receive compensation and allowances as determined by the Chairman of the Foreign Claims Settlement Commission by application of the rules and regulations which apply to officers and employees of the Trust Territory of the Pacific Islands, but in no event shall traveling and other expenses incurred in connection with their duties as members, or a per diem allowance in lieu thereof, exceed that prescribed in accordance with the provisions of subchapter 1 of chapter 57 of title 5, United States Code. (d) The Commission shall, subject to the approval of the Chairman of the Foreign Claims Settlement Commission, prescribe such rules and regulations as are necessary for carrying out its functions. As expeditiously as possible and, in any event, within three months of its appointment, the Commission shall give public notice in the Trust Territory of the Pacific Islands of the time when, and the limit of time within which, claims may be filed, which notice shall be given in such manner as the Commission shall prescribe: *Provided*, That the final date for the filing of claims shall not be more than one year after the appointment of the full membership of the Commission. A majority of the membership of the Commission shall be necessary to transact business: *Provided, however*, That an affirmative vote of at least three members shall be required for the promulgation of rules and regulations, and for the final adjudication of any claim.

(e) The Commission shall wind up its affairs³ as expeditiously as possible and in any event not later than three years after the expiration of the time for filing claims under this Act.

Sec. 104. The Commission shall notify all claimants of the approval or denial of their claims, and, if approved, shall notify such claimants of the amount for which such claims are approved. Any claimant whose claim is denied, or is approved for less than the full amount of such claim shall be entitled, under such regulations as the Commission may prescribe, to a hearing before the Commission or its representatives, with respect to such claim. Upon such hearing, the Commission may affirm, modify, or revise its former action with respect to such claim, including a denial or reduction in the amount theretofore allowed with respect to such claim. As claims are adjudicated, the Commissioner shall certify them to the Secretary for payment in such manner as he may direct.⁴ The claims covered by title I of this Act shall be paid from the Micronesian Claims Fund except that, as to claims based on death, up to \$1,000 shall be paid immediately

³The Commission terminated on August 3, 1976.

In the event the allowable and adjudicated claims covered by title I of the act exceed a total of \$10,000,000, the Secretary shall make pro rata payments.

(d) No payment shall be made on an award of the Commission unless the claimant shall first execute a full release to the United States and Japan in respect to any alleged liability of the United States or Japan, or both, arising before the date of the securing of the various islands of Micronesia by the United States Armed Forces.

Sec. 105. There is authorized to be appropriated such sums as may be necessary for the operation and administrative expenses of the Foreign Claims Settlement Commission, to the extent needed to cover activity connected with this Act, and of the Commission in order to carry out the purposes of this Act.

Sec. 106. e. Ryukyu Claims Settlement Act

Public Law 89-296 [S.J. Res. 32], 79 Stat. 1071, approved October 27, 1965

JOINT RESOLUTION To authorize a contribution to certain inhabitants of the Ryukyu Islands for death and injury to persons and for use of and damage to private property, arising from acts and omissions of the United States Armed Forces, or members thereof, after August 15, 1945, and before April 28, 1952.

Whereas certain persons of the Ryukyu Islands suffered damages incident to the activities of the Armed Forces of the United States, or members thereof, after the surrender of Japanese forces in the Ryukyus on August 15, 1945, and before the effective date of the Treaty of Peace with Japan on April 28, 1952;

Whereas article 19 of the Treaty of Peace with Japan extinguished the legal liability of the United States for any claims of Japanese nationals, including Ryukyuan, with the result that the United States has made no compensation for the above-mentioned damages (except for use of and damage to land during the period from July 1, 1950 to April 28, 1952);

Whereas it is particularly consonant with the concern of the United States, as the sole administering authority in the Ryukyu Islands, for the welfare of the Ryukyuan people, that those Ryukyuan who suffered damages incident to the activities of the United States Armed Forces, or members thereof, should be compensated therefor;

Whereas payment of ex gratia compensation, by advancing the welfare of the Ryukyuan people, will promote the security interest, foreign policy, and foreign relations of the United States; and

Whereas the High Commissioner of the Ryukyu Islands has considered the evidence regarding these claims, and has determined, in an equitable manner, those claims which are meritorious, and the amounts thereof: Therefore be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the United States should make an ex gratia contribution to the persons (excluding municipalities) determined by the High Commissioner of the Ryukyu Islands to be meritorious claimants, in the amounts determined by him, and that the Secretary of the Army or his designee should, under regulations prescribed by the Secretary of Defense, pay such amounts to the claimants or their legal heirs, as a civil function of the Department of the Army; and be it further

Resolved, That no funds appropriated under this joint resolution shall be disbursed to satisfy claims, or portions thereof, which have been satisfied by contributions made by the Government of Japan.

Sec. 2. There is authorized to be appropriated not to exceed \$22,000,000¹ to carry out the provisions of this joint resolution, which funds are authorized to remain available for two years from the effective date of their appropriation. Any funds unobligated by the end of that period shall be covered into the Treasury of the United States.

Sec. 3. No remuneration on account of services rendered on behalf of any claimant in connection with any claim shall exceed 5 per centum of the total amount paid, pursuant to the provisions of this joint resolution, or such claim; except that no remuneration on account of such services rendered on behalf of any association of claimants by any agent or attorney (including organizations thereof) shall exceed 1 per centum of the aggregate amount so paid on the claims involved. Fees already paid for such services shall be deducted from the amounts authorized under this joint resolution. Any agreement to the contrary shall be unlawful and void. Whoever, in the United States or elsewhere, demands or receives, on account of services so rendered, any remuneration in excess of the maximum permitted by this section, shall be guilty of a misdemeanor, and, upon conviction thereof, shall be fined not more than \$5,000 or imprisoned not more than twelve months, or both.

¹Public Law 89-691 (80 Stat. 1018), approved October 15, 1966, appropriated the amount "\$21,040,000."

4. Compacts of Free Association and Related Legislation

a. Compact of Free Association Amendments Act of 2003

JOINT RESOLUTION To approve the Compact of Free Association, as amended, between the Government of the United States of America and the Government of the Federated States of Micronesia, and the Compact of Free Association, as amended, between the Government of the United States of America and the Government of the Republic of the Marshall Islands, and to appropriate funds to carry out the amended Compacts.

Whereas¹ the United States (in accordance with the Trusteeship Agreement for the Trust Territory of the Pacific Islands, the United Nations Charter, and the objectives of the international trusteeship system of the United Nations) fulfilled its obligations to promote the development of the people of the Trust Territory toward self-government or independence as appropriate to the particular circumstances of the Trust Territory and its peoples and the freely expressed wishes of the peoples concerned;

Whereas the United States, the Federated States of Micronesia, and the Republic of the Marshall Islands entered into the Compact of Free Association set forth in title II of Public Law 99-239, January 14, 1986, 99 Stat. 1770, to create and maintain a close and mutually beneficial relationship;

Whereas the United States, in accordance with section 231 of the Compact of Free Association entered into negotiations with the Governments of the Federated States of Micronesia and the Republic of the Marshall Islands to provide continued United States assistance and to reaffirm its commitment to this close and beneficial relationship; and

Whereas these negotiations, in accordance with section 431 of the Compact, resulted in the “Compact of Free Association, as amended between the Government of the United States of America and the Government of the Federated States of Micronesia”, and the “Compact of Free Association, as amended between the Government of the United States of America and the Government of the Republic of the Marshall Islands”, which, together with their related agreements, were signed by the Government of the United States and the Governments of the Federated States of Micronesia and the Republic of the Marshall Islands on May 14, and April 30, 2003, respectively: Now, therefore, be it *Resolved by the Senate and House of Representatives of the United States of America in Congress assembled,*

The Comptroller General and his duly authorized representatives shall not be liable to arrest or detention pending trial, except in the case of a grave crime and pursuant to a decision by a competent judicial authority, and such persons shall enjoy immunity from seizure of personal property, immigration restrictions, and laws relating to alien registration, fingerprinting, and the registration of foreign agents. Such persons shall enjoy the same taxation exemptions as are set forth in Article 34 of the Vienna Convention on Diplomatic Relations. The privileges, exemptions and immunities accorded under this paragraph are not for the personal benefit of the individuals concerned but are to safeguard the independent exercise of their official functions. Without prejudice to those privileges, exemptions and immunities, it is the duty of all such persons to respect the laws and regulations of the Government of the Federated States of Micronesia.

(4) AUDITS DEFINED.—As used in this subsection, the term “audits” includes financial, program, and management audits, including determining—

(A) whether the Government of the Federated States of Micronesia has met the requirements set forth in the U.S.-FSM Compact, or any related agreement entered into under the U.S.-FSM Compact, regarding the purposes for which such grants and other assistance are to be used; and

(B) the propriety of the financial transactions of the Government of the Federated States of Micronesia pursuant to such grants or assistance.

(5) COOPERATION BY FEDERATED STATES OF MICRONESIA.—The Government of the Federated States of Micronesia will cooperate fully with the Comptroller General of the United States in the conduct of such audits as the Comptroller General determines necessary to enable the Comptroller General to fully discharge his responsibilities under this joint resolution.

SEC. 103.⁵ AGREEMENTS WITH AND OTHER PROVISIONS RELATED TO THE REPUBLIC OF THE MARSHALL ISLANDS.

(a) **LAW ENFORCEMENT ASSISTANCE.**—Pursuant to sections 222 and 224 of the U.S.-RMI Compact, the United States shall provide non-reimbursable technical and training assistance as appropriate, including training and equipment for postal inspection of illicit drugs and other contraband, to enable the Government of the Marshall Islands to develop and adequately enforce laws of the Marshall Islands and to cooperate with the United States in the enforcement of criminal laws of the United States. Funds appropriated pursuant to section 105(j) of this title may be used to reimburse State or local agencies providing such assistance.

(b) **EJIT.**—

(1) In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that the President of the United States shall negotiate with the Government of the Marshall Islands an agreement whereby, without prejudice as to any claims which have been or may be asserted by any party as to rightful title and ownership of any lands on Ejit, the Government of the Marshall Islands shall assure that lands on Ejit used as of January 1, 1985, by the people of Bikini, will continue to be available without charge for their use, until such time as Bikini is restored and inhabitable and the continued use of Ejit is no longer necessary, unless a Marshall Islands court of competent jurisdiction finally determines that there are legal impediments to continued use of Ejit by the people of Bikini.

(2) In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that if the impediments described in paragraph (1) do arise, the United States will cooperate with the Government of the Marshall Islands in assisting any person adversely affected by such judicial determination to remain on Ejit, or in locating suitable and acceptable alternative lands for such person's use.

(3) In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that paragraph (1) shall not be applied in a manner which would prevent the Government of the Marshall Islands from acting in accordance with its constitutional processes to resolve title and ownership claims with respect to such lands or from taking substitute or additional measures to meet the needs of the people of Bikini with their democratically expressed consent and approval.

(c) **SECTION 177 AGREEMENT.**—

(1) In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that in furtherance of the purposes of Article I of the Subsidiary Agreement for Implementation of Section 177 of the Compact, the payment of the amount specified therein shall be made by the United States under Article I of the Agreement between the Government of the United States and the Government of the Marshall Islands for the Implementation of section 177 of the Compact (hereafter in this subsection referred to as the "Section 177 Agreement") only

⁵ 48 U.S.C. 1921b.

after the Government of the Marshall Islands has notified the President of the United States as to which investment management firm has been selected by such Government to act as Fund Manager under Article I of the Section 177 Agreement.

(2) In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that in the event that the President determines that an investment management firm selected by the Government of the Marshall Islands does not meet the requirements specified in Article I of the Section 177 Agreement, the United States shall invoke the conference and dispute resolution procedures of Article II of Title Four of the Compact. Pending the resolution of such a dispute and until a qualified Fund Manager has been designated, the Government of the Marshall Islands shall place the funds paid by the United States pursuant to Article I of the Section 177 Agreement into an interest-bearing escrow account. Upon designation of a qualified Fund Manager, all funds in the escrow account shall be transferred to the control of such Fund Manager for management pursuant to the Section 177 Agreement.

(3) In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that if the Government of the Marshall Islands determines that some other investment firm should act as Fund Manager in place of the firm first (or subsequently) selected by such Government, the Government of the Marshall Islands shall so notify the President of the United States, identifying the firm selected by such Government to become Fund Manager, and the President shall proceed to evaluate the qualifications of such identified firm.

(4) In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that at the end of 15 years after the effective date of the Compact, the firm then acting as Fund Manager shall transfer to the Government of the Marshall Islands, or to such account as such Government shall so notify the Fund Manager, all remaining funds and assets being managed by the Fund Manager under the Section 177 Agreement.

(d) NUCLEAR TEST EFFECTS.—In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that in approving the Compact, the Congress understands and intends that the peoples of Bikini, Enewetak, Rongelap, and Utrik, who were affected by the United States nuclear weapons testing program in the Marshall Islands, will receive the amounts of \$75,000,000 (Bikini); \$48,750,000 (Enewetak); \$37,500,000 (Rongelap); and \$22,500,000 (Utrik), respectively, which amounts shall be paid out of proceeds from the fund established under Article I, section 1 of the subsidiary agreement for the implementation of section 177 of the Compact. The amounts specified in this subsection shall be in addition to any amounts which may be awarded to claimants pursuant to Article IV of the subsidiary agreement for the implementation of Section 177 of the Compact.

(e) ESPOUSAL PROVISIONS.—

(1) In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that it is the intention of the Congress of the United States that the provisions of section 177 of the Compact of Free Association and the Agreement between

the Government of the United States and the Government of the Marshall Islands for the Implementation of Section 177 of the Compact (hereafter in this subsection referred to as the "Section 177 Agreement") constitute a full and final settlement of all claims described in Articles X and XI of the Section 177 Agreement, and that any such claims be terminated and barred except insofar as provided for in the Section 177 Agreement.

(2) In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that in furtherance of the intention of Congress as stated in paragraph (1) of this subsection, the Section 177 Agreement is hereby ratified and approved. It is the explicit understanding and intent of Congress that the jurisdictional limitations set forth in Article XII of such Agreement are enacted solely and exclusively to accomplish the objective of Article X of such Agreement and only as a clarification of the effect of Article X, and are not to be construed or implemented separately from Article X.

(f) DOE RADIOLOGICAL HEALTH CARE PROGRAM; USDA AGRICULTURAL AND FOOD PROGRAMS.—

(1) MARSHALL ISLANDS PROGRAM.—Notwithstanding any other provision of law, upon the request of the Government of the Republic of the Marshall Islands, the President (either through an appropriate department or agency of the United States or by contract with a United States firm) shall continue to provide special medical care and logistical support thereto for the remaining members of the population of Rongelap and Utrik who were exposed to radiation resulting from the 1954 United States thermo-nuclear "Bravo" test, pursuant to Public Laws 95-134 and 96-205.

(2) AGRICULTURAL AND FOOD PROGRAMS.—

(A) IN GENERAL.—In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that notwithstanding any other provision of law, upon the request of the Government of the Marshall Islands, for the first fifteen years after the effective date of the Compact, the President (either through an appropriate department or agency of the United States or by contract with a United States firm or by a grant to the Government of the Republic of the Marshall Islands which may further contract only with a United States firm or a Republic of the Marshall Islands firm, the owners, officers and majority of the employees of which are citizens of the United States or the Republic of the Marshall Islands) shall provide technical and other assistance—

(i) without reimbursement, to continue the planting and agricultural maintenance program on Enewetak, as provided in subparagraph (C); and

(ii) without reimbursement, to continue the food programs of the Bikini and Enewetak people described in section 1(d) of Article II of the Subsidiary Agreement for the Implementation of Section 177 of the Compact

and for continued waterborne transportation of agricultural products to Enewetak including operations and maintenance of the vessel used for such purposes.

(B) POPULATION CHANGES.—The President shall ensure the assistance provided under these programs reflects the changes in the population since the inception of such programs.

(C) PLANTING AND AGRICULTURAL MAINTENANCE PROGRAM.—

(i) IN GENERAL.—The planting and agricultural maintenance program on Enewetak shall be funded at a level of not less than \$1,300,000 per year, as adjusted for inflation under section 218 of the U.S.-RMI Compact.

(ii) AUTHORIZATION AND CONTINUING APPROPRIATION.—There is hereby authorized and appropriated to the Secretary of the Interior, out of any funds in the Treasury not otherwise appropriated, to remain available until expended, for each fiscal year from 2004 through 2023, \$1,300,000, as adjusted for inflation under section 218 of the U.S.-RMI Compact, for grants to carry out the planting and agricultural maintenance program.

(3) PAYMENTS.—In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that payments under this subsection shall be provided to such extent or in such amounts as are necessary for services and other assistance provided pursuant to this subsection. It is the sense of Congress that after the periods of time specified in paragraphs (1) and (2) of this subsection, consideration will be given to such additional funding for these programs as may be necessary.

(g) RONGELAP.—

(1) In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that because Rongelap was directly affected by fallout from a 1954 United States thermonuclear test and because the Rongelap people remain unconvinced that it is safe to continue to live on Rongelap Island, it is the intent of Congress to take such steps (if any) as may be necessary to overcome the effects of such fallout on the habitability of Rongelap Island, and to restore Rongelap Island, if necessary, so that it can be safely inhabited. Accordingly, it is the expectation of the Congress that the Government of the Marshall Islands shall use such portion of the funds specified in Article II, section 1(e) of the subsidiary agreement for the implementation of section 177 of the Compact as are necessary for the purpose of contracting with a qualified scientist or group of scientists to review the data collected by the Department of Energy relating to radiation levels and other conditions on Rongelap Island resulting from the thermonuclear test. It is the expectation of the Congress that the Government of the Marshall Islands, after consultation with the people of Rongelap, shall select the party to review such data, and shall contract for such review and for submission of a report to the

President of the United States and the Congress as to the results thereof.

(2) In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that the purpose of the review referred to in paragraph (1) of this subsection shall be to establish whether the data cited in support of the conclusions as to the habitability of Rongelap Island, as set forth in the Department of Energy report entitled: "The Meaning of Radiation for Those Atolls in the Northern Part of the Marshall Islands That Were Surveyed in 1978", dated November 1982, are adequate and whether such conclusions are fully supported by the data. If the party reviewing the data concludes that such conclusions as to habitability are fully supported by adequate data, the report to the President of the United States and the Congress shall so state. If the party reviewing the data concludes that the data are inadequate to support such conclusions as to habitability or that such conclusions as to habitability are not fully supported by the data, the Government of the Marshall Islands shall contract with an appropriate scientist or group of scientists to undertake a complete survey of radiation and other effects of the nuclear testing program relating to the habitability of Rongelap Island. Such sums as are necessary for such survey and report concerning the results thereof and as to steps needed to restore the habitability of Rongelap Island are authorized to be made available to the Government of the Marshall Islands.

(3) In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that it is the intent of Congress that such steps (if any) as are necessary to restore the habitability of Rongelap Island and return the Rongelap people to their homeland will be taken by the United States in consultation with the Government of the Marshall Islands and, in accordance with its authority under the Constitution of the Marshall Islands, the Rongelap local government council.

(4) There are hereby authorized and appropriated to the Secretary of the Interior, out of any funds in the Treasury not otherwise appropriated, to remain available until expended, for fiscal year 2005, \$1,780,000; for fiscal year 2006, \$1,760,000; and for fiscal year 2007, \$1,760,000, as the final contributions of the United States to the Rongelap Resettlement Trust Fund as established pursuant to Public Law 102-154 (105 Stat. 1009), for the purposes of establishing a food importation program as a part of the overall resettlement program of Rongelap Island.

(h) FOUR ATOLL HEALTH CARE PROGRAM.—

(1) In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that services provided by the United States Public Health Service or any other United States agency pursuant to section 1(a) of Article II of the Agreement for the Implementation of Section 177 of the Compact (hereafter in this subsection referred to as the "Section 177 Agreement") shall be only for services to the people of the Atolls of Bikini, Enewetak, Rongelap, and Utrik who were affected by the consequences of the United States nuclear testing

program, pursuant to the program described in Public Law 95-134 (91 Stat. 1159) and Public Law 96-205 (94 Stat. 84) and their descendants (and any other persons identified as having been so affected if such identification occurs in the manner described in such public laws). Nothing in this subsection shall be construed as prejudicial to the views or policies of the Government of the Marshall Islands as to the persons affected by the consequences of the United States nuclear testing program.

(2) In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that at the end of the first year after the effective date of the Compact and at the end of each year thereafter, the providing agency or agencies shall return to the Government of the Marshall Islands any unexpended funds to be returned to the Fund Manager (as described in Article I of the Section 177 Agreement) to be covered into the Fund to be available for future use.

(3) In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that the Fund Manager shall retain the funds returned by the Government of the Marshall Islands pursuant to paragraph (2) of this subsection, shall invest and manage such funds, and at the end of 15 years after the effective date of the Compact, shall make from the total amount so retained and the proceeds thereof annual disbursements sufficient to continue to make payments for the provision of health services as specified in paragraph (1) of this subsection to such extent as may be provided in contracts between the Government of the Marshall Islands and appropriate United States providers of such health services.

(i) ENJEBI COMMUNITY TRUST FUND.—In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that notwithstanding any other provision of law, the Secretary of the Treasury shall establish on the books of the Treasury of the United States a fund having the status specified in Article V of the subsidiary agreement for the implementation of Section 177 of the Compact, to be known as the “Enjebi Community Trust Fund” (hereafter in this subsection referred to as the “Fund”), and shall credit to the Fund the amount of \$7,500,000. Such amount, which shall be *ex gratia*, shall be in addition to and not charged against any other funds provided for in the Compact and its subsidiary agreements, this joint resolution, or any other Act. Upon receipt by the President of the United States of the agreement described in this subsection, the Secretary of the Treasury, upon request of the Government of the Marshall Islands, shall transfer the Fund to the Government of the Marshall Islands, provided that the Government of the Marshall Islands agrees as follows:

(1) ENJEBI TRUST AGREEMENT.—In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that the Government of the Marshall Islands and the Enewetak Local Government Council, in consultation with the people of Enjebi, shall provide for the creation of the Enjebi Community Trust Fund and the employment of the manager of the Enewetak Fund established pursuant to the Section 177 Agreement as trustee and manager of the Enjebi Community Trust

Fund, or, should the manager of the Enewetak Fund not be acceptable to the people of Enjebi, another United States investment manager with substantial experience in the administration of trusts and with funds under management in excess of \$250,000,000.

(2) MONITOR CONDITIONS.—In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that upon the request of the Government of the Marshall Islands, the United States shall monitor the radiation and other conditions on Enjebi and within one year of receiving such a request shall report to the Government of the Marshall Islands when the people of Enjebi may resettle Enjebi under circumstances where the radioactive contamination at Enjebi, including contamination derived from consumption of locally grown food products, can be reduced or otherwise controlled to meet whole body Federal radiation protection standards for the general population, including mean annual dose and mean 30-year cumulative dose standards.

(3) RESETTLEMENT OF ENJEBI.—In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that in the event that the United States determines that the people of Enjebi can within 25 years of January 14, 1986, resettle Enjebi under the conditions set forth in paragraph (2) of this subsection, then upon such determination there shall be available to the people of Enjebi from the Fund such amounts as are necessary for the people of Enjebi to do the following, in accordance with a plan developed by the Enewetak Local Government Council and the people of Enjebi, and concurred with by the Government of the Marshall Islands to assure consistency with the government's overall economic development plan:

(A) Establish a community on Enjebi Island for the use of the people of Enjebi.

(B) Replant Enjebi with appropriate food-bearing and other vegetation.

(4) RESETTLEMENT OF OTHER LOCATION.—In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that in the event that the United States determines that within 25 years of January 14, 1986, the people of Enjebi cannot resettle Enjebi without exceeding the radiation standards set forth in paragraph (2) of this subsection, then the fund manager shall be directed by the trust instrument to distribute the Fund to the people of Enjebi for their resettlement at some other location in accordance with a plan, developed by the Enewetak Local Government Council and the people of Enjebi and concurred with by the Government of the Marshall Islands, to assure consistency with the government's overall economic development plan.

(5) INTEREST FROM FUND.—In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that prior to and during the distribution of the corpus of the Fund pursuant to paragraphs (3) and (4) of this subsection, the people of Enjebi may, if they so request, receive the interest earned by the Fund on no less frequent a basis than quarterly.

(6) **DISCLAIMER OF LIABILITY.**—In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that neither under the laws of the Marshall Islands nor under the laws of the United States, shall the Government of the United States be liable for any loss or damage to person or property in respect to the resettlement of Enjebi by the people of Enjebi, pursuant to the provision of this subsection or otherwise.

(j) **BIKINI ATOLL CLEANUP.**—

(1) **DECLARATION OF POLICY.**—In the joint resolution of January 14, 1986 (Public Law 99-239), the Congress determined and declared that it is the policy of the United States, to be supported by the full faith and credit of the United States, that because the United States, through its nuclear testing and other activities, rendered Bikini Atoll unsafe for habitation by the people of Bikini, the United States will fulfill its responsibility for restoring Bikini Atoll to habitability, as set forth in paragraph (2) and (3) of this subsection.

(2) **CLEANUP FUNDS.**—The joint resolution of January 14, 1986 (Public Law 99-239) authorized to be appropriated such sums as necessary to implement the settlement agreement of March 15, 1985, in *The People of Bikini, et al. against United States of America, et al.*, Civ. No. 84-0425 (D. Ha.).

(3) **CONDITIONS OF FUNDING.**—In the joint resolution of January 14, 1986 (Public Law 99-239) the Congress provided that the funds referred to in paragraph (2) were to be made available pursuant to Article VI, Section 1 of the Compact Section 177 Agreement upon completion of the events set forth in the settlement agreement referred to in paragraph (2) of this subsection.

(k) **AGREEMENT ON AUDITS.**—The Comptroller General (and his duly authorized representatives) shall have the authorities necessary to carry out his responsibilities under section 232 of the U.S.-RMI Compact and the agreement referred to in section 462(b)(4) of the U.S.-RMI Compact, including the following authorities:

(1) **GENERAL AUTHORITY OF THE COMPTROLLER GENERAL TO AUDIT.**—

(A) The Comptroller General of the United States (and his duly authorized representatives) shall have the authority to audit—

(i) all grants, program assistance, and other assistance provided to the Government of the Republic of the Marshall Islands under Articles I and II of Title Two of the U.S.-RMI Compact; and

(ii) any other assistance provided by the Government of the United States to the Government of the Republic of the Marshall Islands. Such authority shall include authority for the Comptroller General to conduct or cause to be conducted any of the audits provided for in section 232 of the U.S.-RMI Compact. The authority provided in this paragraph shall continue for at least three years after the last such grant has been made or assistance has been provided.

(B) The Comptroller General (and his duly authorized representatives) shall also have authority to review any audit conducted by or on behalf of the Government of the United States. In this connection, the Comptroller General shall have access to such personnel and to such records, documents, working papers, automated data and files, and other information relevant to such review.

(2) COMPTROLLER GENERAL ACCESS TO RECORDS.—

(A) In carrying out paragraph (1), the Comptroller General (and his duly authorized representatives) shall have such access to the personnel and (without cost) to records, documents, working papers, automated data and files, and other information relevant to such audits. The Comptroller General may duplicate any such records, documents, working papers, automated data and files, or other information relevant to such audits.

(B) Such records, documents, working papers, automated data and files, and other information regarding each such grant or other assistance shall be maintained for at least five years after the date such grant or assistance was provided and in a manner that permits such grants, assistance and payments to be accounted for distinct from any other funds of the Government of the Republic of the Marshall Islands.

(3) STATUS OF COMPTROLLER GENERAL REPRESENTATIVES.—

The Comptroller General and his duly authorized representatives shall be immune from civil and criminal process relating to words spoken or written and all acts performed by them in their official capacity and falling within their functions, except insofar as such immunity may be expressly waived by the Government of the United States. The Comptroller General and his duly authorized representatives shall not be liable to arrest or detention pending trial, except in the case of a grave crime and pursuant to a decision by a competent judicial authority, and such persons shall enjoy immunity from seizure of personal property, immigration restrictions, and laws relating to alien registration, fingerprinting, and the registration of foreign agents. Such persons shall enjoy the same taxation exemptions as are set forth in Article 34 of the Vienna Convention on Diplomatic Relations. The privileges, exemptions and immunities accorded under this paragraph are not for the personal benefit of the individuals concerned but are to safeguard the independent exercise of their official functions. Without prejudice to those privileges, exemptions and immunities, it is the duty of all such persons to respect the laws and regulations of the Government of the Republic of the Marshall Islands.

(4) AUDITS DEFINED.—As used in this subsection, the term “audits” includes financial, program, and management audits, including determining—

(A) whether the Government of the Republic of the Marshall Islands has met the requirements set forth in the U.S.-RMI Compact, or any related agreement entered into under the U.S.-RMI Compact, regarding the purposes for which such grants and other assistance are to be used; and

(1) KWAJALEIN.—

(1) STATEMENT OF POLICY.—It is the policy of the United States that payment of funds by the Government of the Marshall Islands to the landowners of Kwajalein Atoll in accordance with the land use agreement dated October 19, 1982, or as amended or superseded, and any related allocation agreements, is required in order to ensure that the Government of the United States will be able to fulfill its obligation and responsibilities under Title Three of the U.S.-RMI Compact and the subsidiary agreements concluded pursuant to the U.S.-RMI Compact.

(2) FAILURE TO PAY.—

(A) IN GENERAL.—If the Government of the Marshall Islands fails to make payments in accordance with paragraph (1), the Government of the United States shall initiate procedures under section 313 of the U.S.-RMI Compact and consult with the Government of the Marshall Islands with respect to the basis for the nonpayment of funds.

(B) RESOLUTION.—The United States shall expeditiously resolve the matter of any nonpayment of funds required under paragraph (1) pursuant to section 313 of the U.S.-RMI Compact and the authority and responsibility of the Government of the United States for security and defense matters in or relating to the Marshall Islands. This paragraph shall be enforced, as may be necessary, in accordance with section 105(e).

(3) DISPOSITION OF INCREASED PAYMENTS PENDING NEW LAND USE AGREEMENT.—Until such time as the Government of the Marshall Islands and the landowners of Kwajalein Atoll have concluded an agreement amending or superseding the land use agreement reflecting the terms of and consistent with the Military Use Operating Rights Agreement dated October 19, 1982, any amounts paid by the United States to the Government of the Marshall Islands in excess of the amounts required to be paid pursuant to the land use agreement dated October 19, 1982, shall be paid into, and held in, an interest bearing escrow account in a United States financial institution by the Government of the Republic of the Marshall Islands. At such time, the funds and interest held in escrow shall be paid to the landowners of Kwajalein in accordance with the new land use agreement. If no such agreement is concluded by the date

which is five years after the date of enactment of this resolution, then such funds and interest shall, unless otherwise mutually agreed between the Government of the United States of America and the Government of the Republic of the Marshall Islands, be returned to the U.S. Treasury.

(B) If no agreement amending or superseding the land use agreement dated October 19, 1982 is concluded by the date five years after the date of enactment of this resolution, then the President shall report to Congress on the intentions of the United States with respect to the use of Kwajalein Atoll after 2016, on any plans to relocate activities carried out on Kwajalein Atoll, and on the disposition of the funds and interest held in escrow under paragraph (3).

(5) ASSISTANCE.—The President is authorized to make loans and grants to the Government of the Marshall Islands to address the special needs of the community at Ebeye, Kwajalein Atoll, and other Marshallese communities within the Kwajalein Atoll, pursuant to development plans adopted in accordance with applicable laws of the Marshall Islands. The loans and grants shall be subject to such other terms and conditions as the President, in the discretion of the President, may determine are appropriate.

SEC. 104.⁶ INTERPRETATION OF AND UNITED STATES POLICY REGARDING U.S.-FSM COMPACT AND U.S.-RMI COMPACT.

(a) HUMAN RIGHTS.—In approving the U.S.-FSM Compact and the U.S.-RMI Compact, Congress notes the conclusion in the Statement of Intent of the Report of The Future Political Status Commission of the Congress of Micronesia in July, 1969, that “our recommendation of a free associated state is indissolubly linked to our desire for such a democratic, representative, constitutional government” and notes that such desire and intention are reaffirmed and embodied in the Constitutions of the Federated States of Micronesia and the Republic of the Marshall Islands. Congress also notes and specifically endorses the preamble to the U.S.-FSM Compact and the U.S.-RMI Compact, which affirms that the governments of the parties to the U.S.-FSM Compact and the U.S.-RMI Compact are founded upon respect for human rights and fundamental freedoms for all. The Secretary of State shall include in the annual reports on the status of internationally recognized human rights in foreign countries, which are submitted to Congress pursuant to sections 116 and 502B of the Foreign Assistance Act of 1961, “22 U.S.C. 2151n, 2304” a full and complete report regarding the status of internationally recognized human rights in the Federated States of Micronesia and the Republic of the Marshall Islands.

(b) IMMIGRATION AND PASSPORT SECURITY.—

⁶ 48 U.S.C. 1921c.

(1) **NATURALIZED CITIZENS.**—The rights of a bona fide naturalized citizen of the Federated States of Micronesia or the Republic of the Marshall Islands to enter the United States, to lawfully engage therein in occupations, and to establish residence therein as a nonimmigrant, to the extent such rights are provided under section 141 of the U.S.-FSM Compact and U.S.-RMI Compact, shall not be deemed to extend to any such naturalized citizen with respect to whom circumstances associated with the acquisition of the status of a naturalized citizen are such as to allow a reasonable inference, on the part of appropriate officials of the United States and subject to United States procedural requirements, that such naturalized status was acquired primarily in order to obtain such rights.

(2) **PASSPORTS.**—It is the sense of Congress that up to \$250,000 of the grant assistance provided to the Federated States of Micronesia pursuant to section 211(a)(4) of the U.S.-FSM Compact, and up to \$250,000 of the grant assistance provided to the Republic of the Marshall Islands pursuant to section 211(a)(4) of the U.S.-RMI Compact (or a greater amount of the section 211(a)(4) grant, if mutually agreed between the Government of the United States and the government of the Federated States of Micronesia or the government of the Republic of the Marshall Islands), be used for the purpose of increasing the machine-readability and security of passports issued by such jurisdictions. It is further the sense of Congress that such funds be obligated by September 30, 2004 and in the amount and manner specified by the Secretary of State in consultation with the Secretary of Homeland Security and, respectively, with the government of the Federated States of Micronesia and the government of the Republic of the Marshall Islands. Section 161

The Governments of the United States and the Federated States of Micronesia declare that it is their policy to promote efforts to prevent or eliminate damage to the environment and biosphere and to enrich understanding of the natural resources of the Federated States of Micronesia. In order to carry out this policy, the Government of the United States and the Government of the Federated States of Micronesia agree to the following mutual and reciprocal undertakings.

(a) The Government of the United States:

(1) shall continue to apply the environmental controls in effect on November 2, 1986 to those of its continuing activities subject to section 161(a)(2), unless and until those controls are modified under sections 161(a)(3) and 161(a)(4);

(3) shall comply also, in the conduct of any activity requiring the preparation of an Environmental Impact Statement under section 161(a)(2), with standards substantively similar to those required by the following laws of the United States, taking into

account the particular environment of the Federated States of Micronesia: the Endangered Species Act of 1973, as amended, 87 Stat. 884, 16 U.S.C. 1531 et seq.; the Clean Air Act, as amended, 77 Stat. 392, 42 U.S.C. (b) The Government of the Federated States of Micronesia shall continue to develop and implement standards and procedures to protect its environment. As a reciprocal obligation to the undertakings of the Government of the United States under this Article, the Federated States of Micronesia, taking into account its particular environment, shall continue to develop and implement standards for environmental protection substantively similar to those required of the Government of the United States by section 161(a)(3) prior to its conducting activities in the Federated States of Micronesia, substantively equivalent to activities conducted there by the Government of the United States and, as a further reciprocal obligation, shall enforce those standards.

Prior to any decision pursuant to this subsection, the views of the Government of the Federated States of Micronesia

shall be sought and considered to the extent practicable. If the President grants such an exemption, to the extent practicable, a report with his reasons for granting such exemption shall be given promptly to the Government of the Federated States of Micronesia.

(f) The laws of the United States referred to in section 161(a)(3) shall apply to the activities of the Government of the United States under this Compact, as amended, and its related agreements only to the extent provided for in this section.

of the Federated States of Micronesia shall be granted access to facilities operated by the Government of the United States in the Federated States of Micronesia, to the extent necessary for this purpose, except to the extent such access would unreasonably interfere with the exercise of the authority and responsibility of the Government of the United States under Title Three.

(b) The Government of the United States, in turn, shall be granted access to the Federated States of Micronesia for the purpose of gathering data necessary to discharge its obligations under this Article, except to the extent such access would unreasonably interfere with the exercise of the authority and responsibility of the Government of the Federated States of Micronesia under Title One, and to the extent necessary for this purpose shall be granted access to documents and other information to the same extent similar access is provided the Government of the Federated States of Micronesia under the Freedom of Information Act, 5 U.S.C. 552.

Section 214 - Annual Report

The Government of the Federated States of Micronesia shall report annually to the President of the United States on the use of United States sector grant assistance and other assistance and progress in meeting mutually agreed program and economic goals. The Joint Economic Management Committee shall review and comment on the report and make appropriate recommendations based thereon.

Section 215 - Trust Fund

(a) The United States shall contribute annually for twenty years from the effective date of this Compact, as amended, in the amounts set forth in section 216 into a Trust Fund established in accordance with the Agreement Between the Government of the United States of America and the Government of the Federated States of Micronesia Implementing Section 215 and Section 216 of the Compact, as Amended, Regarding a Trust Fund ("Trust Fund Agreement"). Any funds received by the Federated States of Micronesia under section 111 (d) of Public Law 99-239 (January 14, 1986), or successor provisions, would be contributed to the Trust Fund as a Federated States of Micronesia contribution.

(c) The terms regarding the investment and management of funds and use of the income of the Trust Fund shall be set forth in the separate Trust Fund Agreement described in subsection (a) of this section. Funds derived from United States investment shall

not be subject to Federal or state taxes in the United States or the Federated States of Micronesia. The Trust Fund Agreement shall also provide for annual reports to the Government of the United States and to the Government of the Federated States of Micronesia. The Trust Fund Agreement shall provide for appropriate distributions of trust fund proceeds to the Federated States of Micronesia and for appropriate remedies for the failure of the Federated States of Micronesia to use income of the Trust Fund for the annual grant purposes set forth in section 211. These remedies may include the return to the United States of the present market value of its contributions to the Trust Fund and the present market value of any undistributed income on the contributions of the United States. If this Compact, as amended, is terminated, the provisions of sections 451 through 453 of this Compact, as amended, shall govern treatment of any U.S. contributions to the Trust Fund or accrued interest thereon.

(1) With the exception of the services and programs covered by subsection (a) of this section, and unless the Congress of the United States provides otherwise, the Government of the United States shall make available to the Federated States of Micronesia the services and programs that were available to the Federated States of Micronesia on the effective date of this Compact, as amended, to the extent that such services and programs continue to be available to State and local governments of the United States. As set forth in the Fiscal Procedures Agreement, funds provided under subsection (a) of section 211 will be considered to be local revenues of the Government of the Federated States of Micronesia when used as the local share required to obtain Federal programs and services.

(2) Unless provided otherwise by U.S. law, the services and programs described in paragraph (1) of this subsection shall be extended in accordance with the terms of the Federal Programs and Services Agreement referred to in section 231.

Section 224

The Government of the Federated States of Micronesia may request, from time to time, technical assistance from the Federal agencies and institutions of the Government of the United States, which are authorized to grant such technical assistance in accordance with its laws. If technical assistance is granted pursuant to such a request, the Government of the United States shall provide the technical assistance in a manner which gives priority consideration to the Federated States of Micronesia over other recipients not a part of the United States, its territories or possessions, and equivalent consideration to the Federated States of Micronesia with respect to other states in Free Association with the United States. Such assistance shall be made available on a reimbursable or non-reimbursable basis to the extent provided by United States law.

Article III

Administrative Provisions

Section 231

Section 232

The Government of the United States, in consultation with the Government of the Federated States of Micronesia, shall determine and implement procedures for the periodic audit of all grants and other assistance made under Article I of this Title and of all funds expended for the services and programs provided under Article II of this Title. Such assistance by the Government of the Federated States of Micronesia to the Government of the United States shall not be unreasonably withheld. (c) The duty-free treatment provided under subsection (a) shall not apply to—

(1) watches, clocks, and timing apparatus provided for in Chapter 91, excluding heading 9113, of the Harmonized Tariff Schedule of the United States;

(b) The provisions of subsection (a) shall not apply to advantages accorded by the Federated States of Micronesia by virtue of their full membership in the Pacific Island Countries Trade Agreement (PICTA), done on August 18, 2001, to those governments listed in Article 26 of PICTA, as of the date the Compact, as amended, is signed.

(c) Prior to entering into consultations on, or concluding, a free trade agreement with governments not listed in Article 26 of PICTA, the Federated States of Micronesia shall consult with the United States regarding whether or how subsection (a) of section 244 shall be applied.

Section 253

A citizen of the Federated States of Micronesia, domiciled therein, shall be exempt from estate, gift, and generation-skipping transfer taxes imposed by the Government of the United States, provided that such citizen of the Federated States of Micronesia is neither a citizen nor a resident of the United States.

If the Government of the Federated States of Micronesia exercises such authority as provided in this subsection, any individual resident of the Federated States of Micronesia who is subject to tax by the Government of the United States on income which is also taxed by the Government of the Federated States of Micronesia shall be relieved of liability to the Government of the United States for the tax which, but for this subsection, would otherwise be imposed by the Government of the United States on such income. However, the relief from liability to the United States Government referred to in the preceding sentence means only relief in the form of the foreign tax credit (or deduction in lieu thereof) available with respect to the income taxes of a possession of the United States, and relief in the form of the exclusion under section 911 of the Internal Revenue Code of 1986. (b) The consultations referred to in this section shall be conducted expeditiously at senior levels of the two Governments, and the subsequent determination by the Government of the United States referred to in this section shall be made only at senior inter-agency levels of the Government of the United States.

(c) The Government of the Federated States of Micronesia shall be afforded, on an expeditious basis, an opportunity to raise its concerns with the United States Secretary of State personally and the United States Secretary of Defense personally regarding any determination made in accordance with this section.

(2) test, dispose of, or discharge any other radioactive, toxic chemical or biological materials in an amount or manner which would be hazardous to public health or safety.

(b) Unless otherwise agreed, other than for transit or overflight purposes or during time of a national emergency declared by the President of the United States, a state of war declared by the Congress of the United States or as necessary to defend against an actual or impending armed attack on the United States, the Federated States of Micronesia or the Republic of the Marshall Islands, the Government of the United States shall not store in the Federated States of Micronesia or the Republic of the Marshall Islands any toxic chemical weapon, nor any radioactive materials nor any toxic chemical materials intended for weapons use.

(c) Radioactive, toxic chemical, or biological materials not intended for weapons use shall not be affected by section 314(b).

(d) No material or substance referred to in this section shall be stored in the Federated States of Micronesia except in an amount and manner which would not be hazardous to public health or safety. In determining what shall be an amount or manner which would be hazardous to public health or safety under this section,

the Government of the United States shall comply with any applicable mutual agreement, international guidelines accepted by the Government of the United States, and the laws of the United States and their implementing regulations.

(e) Any exercise of the exemption authority set forth in section 161(e) shall have no effect on the obligations of the Government of the United States under this section or on the application of this subsection.

(f) The provisions of this section shall apply in the areas in which the Government of the Federated States of Micronesia exercises jurisdiction over the living resources of the seabed, subsoil or water column adjacent to its coasts.

Section 315

The Government of the United States may invite members of the armed forces of other countries to use military areas and facilities in the Federated States of Micronesia, in conjunction with and under the control of United States Armed Forces. (b) If, in the exercise of its authority and responsibility under this Title, the Government of the United States requires the use of areas within the Federated States of Micronesia in addition to those for which specific arrangements are concluded pursuant to section 321(a), it may request the Government of the Federated States of Micronesia to satisfy those requirements through leases or other arrangements. The Government of the Federated States of Micronesia shall sympathetically consider any such request and shall establish suitable procedures to discuss it with and provide a prompt response to the Government of the United States.

(c) The Government of the United States recognizes and respects the scarcity and special importance of land in the Federated States of Micronesia. In making any requests pursuant to section 321(b), the Government of the United States shall follow the policy of requesting the minimum area necessary to accomplish the required security and defense purpose, of requesting only the minimum interest in real property necessary to support such purpose, and of requesting first to satisfy its requirement through public real property, where available, rather than through private real property.

Such a determination by the Government of the United States shall be preceded by appropriate consultation with the Government of the Federated States of Micronesia.

Article IV

Service in Armed Forces of the United States

Any person entitled to the privileges set forth in Section 141 (with the exception of any person described in section 141(a)(5) who is not a citizen of the Federated States of Micronesia) shall be eligible to volunteer for service in the Armed Forces of the United States, but shall not be subject to involuntary induction into military service of the United States as long as such person has resided in the United States for a period of less than one year, provided that no time shall count towards this one year while a person admitted to the United States under the Compact, or the Compact, as amended, is engaged in full-time study in the United States. Any person described in section 141(a)(5) who is not a citizen of the Federated States of Micronesia shall be subject to United States laws relating to selective service.

Section 342

The Government of the United States shall have enrolled, at any one time, at least one qualified student from the Federated States

Article V

General Provisions

Section 351

(a) The Government of the United States and the Government of the Federated States of Micronesia shall continue to maintain a Joint Committee empowered to consider disputes arising under the implementation of this Title and its related agreements.

(b) The membership of the Joint Committee shall comprise selected senior officials of the two Governments. The senior United States military commander in the Pacific area shall be the senior United States member of the Joint Committee. For the meetings of the Joint Committee, each of the two Governments may designate additional or alternate representatives as appropriate for the subject matter under consideration.

(c) Unless otherwise mutually agreed, the Joint Committee shall meet annually at a time and place to be designated, after appropriate consultation, by the Government of the United States. The Joint Committee also shall meet promptly upon request of either of its members. The Joint Committee shall follow such procedures, including the establishment of functional subcommittees, as the members may from time to time agree. Upon notification by the Government of the United States, the Joint Committee of the United States and the Federated States of Micronesia shall meet promptly in a combined session with the Joint Committee established and maintained by the Government of the United States and the Republic of the Marshall Islands to consider matters within the jurisdiction of the two Joint Committees.

(d) Unresolved issues in the Joint Committee shall be referred to the Governments for resolution, and the Government of the Federated States of Micronesia shall be afforded, on an expeditious basis, an opportunity to raise its concerns with the United States Secretary of Defense personally regarding any unresolved issue which threatens its continued association with the Government of the United States.

Section 352

In the exercise of its authority and responsibility under Title Three, the Government of the United States shall accord due respect to the authority and responsibility of the Government of the Federated States of Micronesia under Titles One, Two and Four and to the responsibility of the Government of the Federated States of Micronesia to assure the well-being of its people.

Section 353

(a) The Government of the United States shall not include the Government of the Federated States of Micronesia as a named

party to a formal declaration of war, without that Government's consent.

(b) Absent such consent, this Compact, as amended, is without prejudice, on the ground of belligerence or the existence of a state of war, to any claims for damages which are advanced by the citizens, nationals or Government of the Federated States of Micronesia, which arise out of armed conflict subsequent to November 3, 1986, and which are:

(1) petitions to the Government of the United States for redress; or

(2) claims in any manner against the government, citizens, nationals or entities of any third country.

(c) Petitions under section 353(b)(1) shall be treated as if they were made by citizens of the United States.

Section 354

(a) The Government of the United States and the Government of the Federated States of Micronesia are jointly committed to continue their security and defense relations, as set forth in this Title. Accordingly, it is the intention of the two countries that the provisions of this Title shall remain binding as long as this Compact, as amended, remains in effect, and thereafter as mutually agreed, unless earlier terminated by mutual agreement pursuant to section 441, or amended pursuant to Article III of Title Four. If at any time the Government of the United States, or the Government of the Federated States of Micronesia, acting unilaterally, terminates this Title, such unilateral termination shall be considered to be termination of the entire Compact, in which case the provisions of section 442 and 452 (in the case of termination by the Government of the United States) or sections 443 and 453 (in the case of termination by the Government of the Federated States of Micronesia), with the exception of paragraph (3) of subsection (a) of section 452 or paragraph (3) of subsection (a) of section 453, as the case may be, shall apply.

(b) The Government of the United States recognizes, in view of the special relationship between the Government of the United States and the Government of the Federated States of Micronesia, and in view of the existence of the separate agreement regarding mutual security concluded with the Government of the Federated States of Micronesia pursuant to sections 321 and 323, that, even if this Title should terminate, any attack on the Federated States of Micronesia during the period in which such separate agreement is in effect, would constitute a threat to the peace and security of the entire region and a danger to the United States. In the event of such an attack, the Government of the United States would take action to meet the danger to the United States and to the Federated States of Micronesia in accordance with its constitutional processes.

(c) As reflected in Article 21(1)(b) of the Trust Fund Agreement, the Government of the United States and the Government of the Federated States of Micronesia further recognize, in view of the special relationship between their countries, that even if this Title should terminate, the Government of the Federated States of Micronesia shall refrain from actions which the Government of the United States determines, after appropriate consultation with that

Government, to be incompatible with its authority and responsibility for security and defense matters in or relating to the Federated States of Micronesia or the Republic of the Marshall Islands.

As set forth in the Fiscal Procedures Agreement, reasonable terms and conditions, including annual performance indicators that are necessary to ensure effective use of United States assistance and reasonable progress toward achieving program objectives may be attached. In addition, the United States may seek appropriate remedies for noncompliance with the terms and conditions attached to the assistance, or for failure to comply with section 234, including withholding assistance.

(b) The Government of the United States shall, for each fiscal year of the twenty years during which assistance is to be provided on a sector grant basis under section 211 (a), grant the Government of the Republic of the Marshall Islands an amount equal to the lesser of (i) one half of the reasonable, properly documented cost incurred during such fiscal year to conduct the annual audit required under Article VIII (2) of the Fiscal Procedures Agreement or (ii) \$500,000. The establishment and operations of the Joint Economic Management and Financial Accountability Committee shall be governed by the Fiscal Procedures Agreement.

Section 215 - Annual Report

The Government of the Republic of the Marshall Islands shall report annually to the President of the United States on the use of United States sector grant assistance and other assistance and progress in meeting mutually agreed program and economic goals. The Joint Economic Management and Financial Accountability Committee shall review and comment on the report and make appropriate recommendations based thereon.

(c) The terms regarding the investment and management of funds and use of the income of the Trust Fund shall be governed by the Trust Fund Agreement. Funds derived from United States investment shall not be subject to Federal or state taxes in the United States or any taxes in the Republic of the Marshall Islands. The Trust Fund Agreement shall also provide for annual reports to the Government of the United States and to the Government of the Republic of the Marshall Islands. The Trust Fund Agreement shall provide for appropriate distributions of trust fund proceeds to the Republic of the Marshall Islands and for appropriate remedies for the failure of the Republic of the Marshall Islands to use income of the Trust Fund for the annual grant purposes set forth in section 211. These remedies may include the return to the United States of the present market value of its contributions to the Trust Fund and the present market value of any undistributed income on the contributions of the United States. If this Compact, as amended, is terminated, the provisions of sections 451-453 of the Compact, as amended, and the Trust Fund Agreement shall govern treatment of any U.S. contributions to the Trust Fund or accrued income thereon.

(d) Unresolved issues in the Joint Committee shall be referred to the Governments for resolution, and the Government of the Republic of the Marshall Islands shall be afforded, on an expeditious basis, an opportunity to raise its concerns with the United States Secretary of Defense personally regarding any unresolved issue which threatens its continued association with the Government of the United States.

Section 352

In the exercise of its authority and responsibility under Title Three, the Government of the United States shall accord due respect to the authority and responsibility of the Government of the Republic of the Marshall Islands under Titles One, Two and Four and to the responsibility of the Government of the Republic of the Marshall Islands to assure the well-being of its people.

Section 353

(a) The Government of the United States shall not include the Government of the Republic of the Marshall Islands as a named party to a formal declaration of war, without that Government's consent.

(b) Absent such consent, this Compact, as amended, is without prejudice, on the ground of belligerence or the existence of a state of war, to any claims for damages which are advanced by the citizens, nationals or Government of the Republic of the Marshall Islands, which arise out of armed conflict subsequent to October 21, 1986, and which are:

(1) petitions to the Government of the United States for redress; or

(2) claims in any manner against the government, citizens, nationals or entities of any third country.

(c) Petitions under section 353(b)(1) shall be treated as if they were made by citizens of the United States.

Section 354

(a) The Government of the United States and the Government of the Republic of the Marshall Islands are jointly committed to continue their security and defense relations, as set forth in this Title. Accordingly, it is the intention of the two countries that the provisions of this Title shall remain binding as long as this Compact, as amended, remains in effect, and thereafter as mutually agreed,

unless earlier terminated by mutual agreement pursuant to section 441, or amended pursuant to Article III of Title Four. If at any time the Government of the United States, or the Government of the Republic of the Marshall Islands, acting unilaterally, terminates this Title, such unilateral termination shall be considered to be termination of the entire Compact, as amended, in which case the provisions of section 442 and 452 (in the case of termination by the Government of the United States) or sections 443 and 453 (in the case of termination by the Government of the Republic of the Marshall Islands), with the exception of paragraph (3) of subsection (a) of section 452 or paragraph (3) of subsection (a) of section 453, as the case may be, shall apply.

(b) The Government of the United States recognizes, in view of the special relationship between the Government of the United States and the Government of the Republic of the Marshall Islands, and in view of the existence of the separate agreement regarding mutual security concluded with the Government of the Republic of the Marshall Islands pursuant to sections 321 and 323, that, even if this Title should terminate, any attack on the Republic of the Marshall Islands during the period in which such separate agreement is in effect, would constitute a threat to the peace and security of the entire region and a danger to the United States. In the event of such an attack, the Government of the United States would take action to meet the danger to the United States and to the Republic of the Marshall Islands in accordance with its constitutional processes.

(c) As reflected in Article 21(1)(b) of the Trust Fund Agreement, the Government of the United States and the Government of the Republic of the Marshall Islands further recognize, in view of the special relationship between their countries, that even if this Title should terminate, the Government of Republic of the Marshall Islands shall refrain from actions which the Government of the United States determines, after appropriate consultation with that Government, to be incompatible with its authority and responsibility for security and defense matters in or relating to the Republic of the Marshall Islands or the Federated States of Micronesia.

The reports required under section 489⁶ of the Foreign Assistance Act of 1961 shall include relevant information concerning the Marshall Islands.

(b) ECONOMIC DEVELOPMENT PLANS REVIEW PROCESS.—

(1) SUBMISSION.—Notwithstanding section 211(b) of the Compact, the President may agree to an effective date for the Compact pursuant to section 101(b) of this title if the Government of the Marshall Islands agrees to submit economic development plans consistent with section 211(b) of the Compact to the Government of the United States for concurrence at intervals no greater than every 5 years for the duration of the Compact. Any capital construction project and any planned independent purchase of aircraft which is to be financed (directly or indirectly) through the use of funds provided under section 211 of the Compact shall be identified in the economic development plans.

(2) UNITED STATES GOVERNMENT REVIEW.—The United States shall not concur in those development plans described in paragraph (1) of this subsection until—

Sec. 6(a) of Public Law 102-583 (106 Stat. 4932), however, provided that "Any reference in any provision of law enacted before the date of enactment of this Act to section 481(e) or section 481(i) of that Act shall be deemed to be a reference to section 489 or section 481(e) (as amended * * *)".

court of competent jurisdiction finally determines that there are legal impediments to continued use of Ejit by the people of Bikini.

(2) If the impediments described in paragraph (1) do arise, the United States will cooperate with the Government of the Marshall Islands in assisting any person adversely affected by such judicial determination to remain on Ejit, or in locating suitable and acceptable alternative lands for such person's use.

(3) Paragraph (1) shall not be applied in a manner which would prevent the Government of the Marshall Islands from acting in accordance with its constitutional processes to resolve title and ownership claims with respect to such lands or from taking substitute or additional measures to meet the needs of the people of Bikini with their democratically expressed consent and approval.

(d) KWAJALEIN PAYMENTS.—

(1) STATEMENT OF POLICY.—The Congress of the United States hereby declares that it is the policy of the United States that payment of funds by the Government of the Marshall Islands to the landowners of Kwajalein Atoll in accordance with the land use agreement dated October 19, 1982, and the related allocation agreements, is required in order to ensure that the Government of the United States will be able to fulfill its obligations and responsibilities under Title Three of the Compact and the subsidiary agreements concluded pursuant thereto.

(2) FAILURE TO PAY.—In the event that the Government of the Marshall Islands fails to make payments in accordance with paragraph (1) of this subsection, the Government of the United States shall initiate procedures under Section 313 of the Compact and consult with the Government of the Marshall Islands with respect to the basis for such non-payment of funds. The United States shall expeditiously resolve the matter of any non-payment of funds as described in paragraph (1) of this subsection pursuant to Section 313 of the Compact and the authority and responsibility of the Government of the United States for security and defense matters in or relating to the Marshall Islands. This paragraph shall be enforced, as may be necessary, in accordance with section 105(g)(2) of this joint resolution.

(3) ASSISTANCE.—The President is hereby authorized to make loans and grants to the Government of the Marshall Islands for the sole use of the Kwajalein Atoll Development Authority for the benefit of the Kwajalein landowners of amounts sought by such authority for development purposes, pursuant to a development plan for Kwajalein Atoll which such authority has adopted in accordance with applicable laws of the Marshall Islands. Such loans and grants shall be subject to such other terms and conditions as the President, in his discretion, may determine appropriate and necessary.

(e) SECTION 177 AGREEMENT.—(1) In furtherance of the purposes of Article I of the Subsidiary Agreement for Implementation of Section 177 of the Compact, the payment of the amount specified therein shall be made by the United States under Article I of the Agreement between the Government of the United States and the

Government of the Marshall Islands for the Implementation of Section 177 of the Compact (hereafter in this subsection referred to as the "Section 177 Agreement") only after the Government of the Marshall Islands has notified the President of the United States as to which investment management firm has been selected by such Government to act as Fund Manager under Article I of the Section 177 Agreement.

(2) In the event that the President determines that an investment management firm selected by the Government of the Marshall Islands does not meet the requirements specified in Article I of the Section 177 Agreement, the United States shall invoke the conference and dispute resolution procedures of Article II of Title Four of the Compact. Pending the resolution of such a dispute and until a qualified Fund Manager has been designated, the Government of the Marshall Islands shall place the funds paid by the United States pursuant to Article I of the Section 177 Agreement into an interest-bearing escrow account. Upon designation of a qualified Fund Manager, all funds in the escrow account shall be transferred to the control of such Fund Manager for management pursuant to the Section 177 Agreement.

(3) If the Government of the Marshall Islands determines that some other investment firm should act as Fund Manager in place of the firm first (or subsequently) selected by such Government, the Government of the Marshall Islands shall so notify the President of the United States, identifying the firm selected by such Government to become Fund Manager, and the President shall proceed to evaluate the qualifications of such identified firm.

(4) At the end of 15 years after the effective date of the Compact, the firm then acting as Fund Manager shall transfer to the Government of the Marshall Islands, or to such account as such Government shall so notify the Fund Manager, all remaining funds and assets being managed by the Fund Manager under the Section 177 Agreement.

(5) An annual report concerning all actions of the Fund Manager pursuant to the Section 177 Agreement and this joint resolution, including information prepared by the Fund Manager, shall be transmitted by the Government of the Marshall Islands to the Congress. Such report shall include such information (whether received from the Fund Manager or any other source) as relates to the disbursements provided for in Article II of the Section 177 Agreement. Such report shall be made public.

(f) NUCLEAR TEST EFFECTS.—In approving the Compact, the Congress understands and intends that the peoples of Bikini, Enewetak, Rongelap, and Utrik, who were affected by the United States nuclear weapons testing program in the Marshall Islands, will receive the amounts of \$75,000,000 (Bikini); \$48,750,000 (Enewetak), \$37,500,000 (Rongelap); and \$22,500,000 (Utrik), respectively, which amounts shall be paid out of proceeds from the fund established under Article I, section 1 of the subsidiary agreement for the implementation of section 177 of the Compact. The amounts specified in this subsection shall be in addition to any amounts which may be awarded to claimants pursuant to Article IV of the subsidiary agreement for the implementation of Section 177 of the Compact.

(g) ESPOUSAL PROVISIONS.—(1) It is the intention of the Congress of the United States that the provisions of section 177 of the Compact of Free Association and the Agreement between the Government of the United States and the Government of the Marshall Islands for the Implementation of Section 177 of the Compact (hereafter in this subsection referred to as the “Section 177 Agreement”) constitute a full and final settlement of all claims described in Articles X and XI of the Section 177 Agreement, and that any such claims be terminated and barred except insofar as provided for in the Section 177 Agreement.

(2) In furtherance of the intention of Congress as stated in paragraph (1) of this subsection, the Section 177 Agreement is hereby ratified and approved. It is the explicit understanding and intent of Congress that the jurisdictional limitations set forth in Article XII of such Agreement are enacted solely and exclusively to accomplish the objective of Article X of such Agreement and only as a clarification of the effect of Article X, and are not to be construed or implemented separately from Article X.

(h) DOE RADIOLOGICAL HEALTH CARE PROGRAM; USDA AGRICULTURAL AND FOOD PROGRAMS.—

(1) MARSHALL ISLANDS PROGRAM.—Notwithstanding any other provision of law, upon the request of the Government of the Marshall Islands, the President (either through an appropriate department or agency of the United States or by contract with a United States firm) shall continue to provide special medical care and logistical support thereto for the remaining 174 members of the population of Rongelap and Utrik who were exposed to radiation resulting from the 1954 United States thermonuclear “Bravo” test, pursuant to Public Laws 95-134 and 96-205. Such medical care and its accompanying logistical support shall total \$22,500,000 over the first 11 years of the Compact.

(2) AGRICULTURAL AND FOOD PROGRAMS.—Notwithstanding any other provision of law, upon the request of the Government of the Marshall Islands, for the fifteen⁷ five years after the effective date of the Compact, the President (either through an appropriate department or agency of the United States or by contract with a United States firm) shall provide technical and other assistance—

(A) without reimbursement, to continue the planting and agricultural maintenance program on Enewetak;

(B) without reimbursement, to continue the food programs of the Bikini and Enewetak people described in section 1(d) of Article II of the Subsidiary Agreement for the Implementation of Section 177 of the Compact and for continued waterborne transportation of agricultural products to Enewetak including operations and maintenance of the vessel used for such purposes. The President shall ensure the assistance provided under these programs reflects the

changes in the population since the inception of such programs.⁷

(3) PAYMENTS.—Payments under this subsection shall be provided to such extent or in such amounts as are necessary for services and other assistance provided pursuant to this subsection. It is the sense of Congress that after the periods of time specified in paragraphs (1) and (2) of this subsection, consideration will be given to such additional funding for these programs as may be necessary.

(i) RONGELAP.—(1) Because Rongelap was directly affected by fallout from a 1954 United States thermonuclear test and because the Rongelap people remain unconvinced that it is safe to continue to live on Rongelap Island, it is the intent of Congress to take such steps (if any) as may be necessary to overcome the effects of such fallout on the habitability of Rongelap Island, and to restore Rongelap Island, if necessary, so that it can be safely inhabited. Accordingly, it is the expectation of the Congress that the Government of the Marshall Islands shall use such portion of the funds specified in Article II, section 1(e) of the subsidiary agreement for the implementation of section 177 of the Compact as are necessary for the purpose of contracting with a qualified scientist or group of scientists to review the data collected by the Department of Energy relating to radiation levels and other conditions on Rongelap Island resulting from the thermonuclear test. It is the expectation of the Congress that the Government of the Marshall Islands, after consultation with the people of Rongelap, shall select the party to review such data, and shall contract for such review and for submission of a report to the President of the United States and the Congress as to the results thereof.

(2) The purpose of the review referred to in paragraph (1) of this subsection shall be to establish whether the data cited in support of the conclusions as to the habitability of Rongelap Island, as set forth in the Department of Energy report entitled: "The Meaning of Radiation for Those Atolls in the Northern Part of the Marshall Islands That Were Surveyed in 1978", dated November 1982, are adequate and whether such conclusions are fully supported by the data. If the party reviewing the data concludes that such conclusions as to habitability are fully supported by adequate data, the report to the President of the United States and the Congress shall so state. If the party reviewing the data concludes that the data are inadequate to support such conclusions as to habitability or that such conclusions as to habitability are not fully supported by the data, the Government of the Marshall Islands shall contract with an appropriate scientist or group of scientists to undertake a complete survey of radiation and other effects of the nuclear testing program relating to the habitability of Rongelap Island. Such sums as are necessary for such survey and report concerning the results thereof and as to steps needed to restore the habitability of Rongelap Island are authorized to be made available to the Government of the Marshall Islands.

(3) It is the intent of Congress that such steps (if any) as are necessary to restore the habitability of Rongelap Island and return the Rongelap people to their homeland will be taken by the United States in consultation with the Government of the Marshall Islands

and, in accordance with its authority under the Constitution of the Marshall Islands, the Rongelap local government council.

(j) **FOUR ATOLL HEALTH CARE PROGRAM.**—(1) Services provided by the United States Public Health Service or any other United States agency pursuant to section 1(a) of Article II of the Agreement for the Implementation of Section 177 of the Compact (hereafter in this subsection referred to as the “Section 177 Agreement”) shall be only for services to the people of the Atolls of Bikini, Enewetak, Rongelap, and Utrik who were affected by the consequences of the United States nuclear testing program, pursuant to the program described in Public Law 95-134 and Public Law 96-205 and their descendants (and any other persons identified as having been so affected if such identification occurs in the manner described in such public laws). Nothing in this subsection shall be construed as prejudicial to the views or policies of the Government of the Marshall Islands as to the persons affected by the consequences of the United States nuclear testing program.

(2) At the end of the first year after the effective date of the Compact and at the end of each year thereafter, the providing agency or agencies shall return to the Government of the Marshall Islands any unexpended funds to be returned to the Fund Manager (as described in Article I of the Section 177 Agreement) to be covered into the Fund to be available for future use.

(3) The Fund Manager shall retain the funds returned by the Government of the Marshall Islands pursuant to paragraph (2) of this subsection, shall invest and manage such funds, and at the end of 15 years after the effective date of the Compact, shall make from the total amount so retained and the proceeds thereof annual disbursements sufficient to continue to make payments for the provision of health services as specified in paragraph (1) of this subsection to such extent as may be provided in contracts between the Government of the Marshall Islands and appropriate United States providers of such health services.

(k) **ENJEBI COMMUNITY TRUST FUND.**—Notwithstanding any other provision of law, the Secretary of the Treasury shall establish on the books of the Treasury of the United States a fund having the status specified in Article V of the subsidiary agreement for the implementation of Section 177 of the Compact, to be known as the “Enjebi Community Trust Fund” (hereafter in this subsection referred to as the “Fund”), and shall credit to the Fund the amount of \$7,500,000.⁸ Such amount, which shall be ex gratia, shall be in addition to and not charged against any other funds provided for in the Compact and its subsidiary agreements, this joint resolution, or any other Act. Upon receipt by the President of the United States of the agreement described in this subsection, the Secretary of the Treasury, upon request of the Government of the Marshall Islands, shall transfer the Fund to the Government of the Marshall Islands, provided that the Government of the Marshall Islands agrees as follows:

(1) **ENJEBI TRUST AGREEMENT.**—The Government of the Marshall Islands and the Enewetak Local Government Council, in

⁸The Department of the Interior and Related Agencies Appropriations Act, 1989 (Public Law 100-446; 102 Stat. 1774 at 1798), provided \$2,500,000 for this Fund, to remain available until expended.

consultation with the people of Enjebi, shall provide for the creation of the Enjebi Community Trust Fund and the employment of the manager of the Enewetak Fund established pursuant to the Section 177 Agreement as trustee and manager of the Enjebi Community Trust Fund, or, should the manager of the Enewetak Fund not be acceptable to the people of Enjebi, another United States investment manager with substantial experience in the administration of trusts and with funds under management in excess of 250 million dollars.

(a) HUMAN RIGHTS.—In approving the Compact, the Congress notes the conclusion in the Statement of Intent of the Report of The Future Political Status Commission of the Congress of Micronesia in July, 1969, that “our recommendation of a free associated state is indissolubly linked to our desire for such a democratic, representative, constitutional government” and notes that such desire and intention are reaffirmed and embodied in the Constitutions of the Federated States of Micronesia and the Marshall Islands. The Congress also notes and specifically endorses the preamble to the Compact, which affirms that the governments of the parties to the Compact are founded upon respect for human rights and fundamental freedoms for all. The Secretary of State shall include in the annual reports on the status of internationally recognized human rights in foreign countries, which are submitted to the Congress pursuant to sections 116 and 502B of the Foreign Assistance Act of 1961, a full and complete report regarding the status of internationally recognized human rights in the Federated States of Micronesia and the Marshall Islands.

(b) IMMIGRATION.—The rights of a bona fide naturalized citizen of the Marshall Islands or the Federated States of Micronesia to enter the United States, to lawfully engage therein in occupations, and to establish residence therein as a non-immigrant, pursuant to the provisions of section 141(a)(3) of the Compact, shall not extend to any such naturalized citizen with respect to whom circumstances associated with the acquisition of the status of a naturalized citizen are such as to allow a reasonable inference, on the part of appropriate officials of the United States and subject to United States procedural requirements, that such naturalized status was acquired primarily in order to obtain such rights.

(c) NONALIENATION OF LANDS.—The Congress endorses and encourages the maintenance of the policies of the Government of the Federated States of Micronesia and the Government of the Marshall Islands to regulate, in accordance with their Constitutions and laws, the alienation of permanent and long-term interests in real property so as to restrict the acquisition of such interests to

(d) NUCLEAR WASTE DISPOSAL.—In approving the Compact, the Congress understands that the Government of the Federated States of Micronesia and the Government of the Marshall Islands will not permit any other government or any nongovernmental party to conduct, in the Marshall Islands or in the Federated States of Micronesia, any of the activities specified in subsection (a) of section 314 of the Compact.

(e) IMPACT OF COMPACT ON U.S. AREAS.—

(1) STATEMENT OF CONGRESSIONAL INTENT.—In approving the Compact, it is not the intent of the Congress to cause any adverse consequences for the United States territories and commonwealths or the State of Hawaii.

(2) ANNUAL REPORTS AND RECOMMENDATIONS.—One year after the date of enactment of this joint resolution and at one year intervals thereafter, the Governor of any of the United States territories or commonwealths or the State of Hawaii may report to the Secretary of the Interior by February 1 of each year with respect to the impacts of the compacts of free association on the Governor's respective jurisdiction. The Secretary of the Interior shall review and forward any such reports to the Congress with the comments of the Administration. The Secretary of the Interior shall, either directly or, subject to available technical assistance funds, through a grant to the affected jurisdiction, provide for a census of Micronesians at intervals no greater than 5 years from each decennial United States census using generally acceptable statistical methodologies for each of the impact jurisdictions where the Governor requests such assistance, except that the total expenditures to carry out this sentence may not exceed \$300,000 in any year.¹¹ Reports submitted pursuant to this paragraph (hereafter in this subsection referred to as "reports") shall identify any adverse consequences resulting from the Compact and shall make recommendations for corrective action to eliminate those consequences. The reports shall pay particular attention to matters relating to trade, taxation, immigration, labor laws, minimum wages, social systems and infrastructure, and environmental regulation. With regard to immigration, the reports shall include statistics concerning the number of persons availing themselves of the rights described in section 141(a) of the Compact during the year covered by each report. With regard to trade, the reports shall include an analysis of the impact on the economy of American Samoa resulting from imports of canned tuna into the United States from the Federated States of Micronesia and the Marshall Islands.

(3) OTHER VIEWS.—In preparing the reports, the President shall request the views of the Government of the State of Hawaii, and the governments of each of the United States territories and commonwealths, the Federated States of Micronesia,

(6) IMPACT COSTS.—There are hereby authorized to be appropriated for fiscal years beginning after September 30, 1985, such sums as may be necessary to cover the costs, if any, incurred by the State of Hawaii, the territories of Guam and American Samoa, and the Commonwealth of the Northern Mariana Islands resulting from any increased demands placed on educational and social services by immigrants from the Marshall Islands and the Federated States of Micronesia.

(f) FISHERIES MANAGEMENT.—In clarification of Title One, Article II, section 121(b)(1) of the Compact:

(2) It is the understanding of Congress that none of the monies made available pursuant to the Compact or this joint resolution will be used by either the Federated States of Micronesia or the Marshall Islands for enforcement actions against any vessel of the United States on the basis of fishing by any such vessel for highly migratory species of fish outside the territorial sea of the Federated States of Micronesia or the Marshall Islands, respectively, in the absence of a licensing agreement.

(3) Appropriate United States officials shall apply the policies and provisions of the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1801 et seq.)¹² and the Fishermen’s Protective Act of 1967 (22 U.S.C. 1971 et seq.) with regard to any action taken by the Federated States of Micronesia or the Marshall Islands affecting any vessel of the United States engaged in fishing for highly migratory species of fish in waters outside the territorial seas of the Federated States of Micronesia or the Marshall Islands, respectively. (ii) that such an agreement should overcome existing jurisdictional differences and provide for a mutually beneficial relationship between the United States and the Pacific Island States that will promote the development of the tuna and other latent fisheries resources of the Central, Western, and South Pacific Ocean and the economic development of the region.

(B) At such time as an agreement referred to in subparagraph (A) is submitted to the Senate for advice and consent to ratification, the Secretary of State, after consultation with the Secretary of Commerce and other interested agencies and concerned governments, shall submit to the Congress a proposed long term regional fisheries development program which may include, but not be limited to—

This fund will be administered by the United States in accordance with the social security laws of the Trust Territory of the Pacific Islands in effect at the time of

The \$2 million received from the Government of the United States for the lease of this property will be placed into a trust fund, and used for the development and maintenance of the park in accordance with the Technical Agreement.

“SECTION 804. (a) The Government of the United States will cause all agreements between it and the Government of the Trust Territory of the Pacific Islands which grant to the Government of the United States use or other rights in real property in the Northern Mariana Islands to be terminated upon or before the effective date of the Section. All right, title and interest of the Government of the Trust Territory of the Pacific Islands in and to any real property with respect to which the Government of the United States enjoys such use or other rights will be transferred to the Government of the Northern Mariana Islands at the time of such termination. From the time such right, title and interest is so transferred the Government of the Northern Mariana Islands will assure the Government of the United States the continued use of the real property then actively used by the Government of the United States for civilian governmental purposes on terms comparable to those enjoyed by the Government of the United States under its arrangements with the Government of the Trust Territory of the Pacific Islands on the date of the signature of this Covenant.

“(b) All facilities at Isely Field developed with federal aid and all facilities at that field usable for the landing and take-off of aircraft will be available to the United States for use by military and naval aircraft, in common with other aircraft, at all times without charge, except, if the use by military and naval aircraft shall be substantial, a reasonable share, proportional to such use, of the cost of operating and maintaining the facilities so used may be charged at a rate established by agreement between the Government of the Northern Mariana Islands and the Government of the United States.

“SECTION 805. Except as otherwise provided in this Article, and notwithstanding the other provisions of this Covenant, or those provisions of the Constitution, treaties or laws of the United States applicable to the Northern Mariana Islands, the Government of the Northern Mariana Islands, in view of the importance of the ownership of land for the culture and traditions of the people of the Northern Mariana Islands, and in order to protect them against exploitation and to promote their economic advancement and self-sufficiency:

“(a) will until twenty-five years after the termination of the Trusteeship Agreement, and may thereafter, regulate the alienation of permanent and long-term interests in real property so as to restrict the acquisition of such interests to persons of Northern Mariana Islands descent; and

“(b) may regulate the extent to which a person may own or hold land which is now public land.

“SECTION 806. (a) The United States will continue to recognize and respect the scarcity and special importance of land in the Northern Mariana Islands. If the United States must acquire any interest in real property not transferred to it under this Covenant, it will follow the policy of seeking to acquire only the minimum area necessary to accomplish the public purpose for which the real property is required, of seeking only the minimum interest in real property necessary to support such public purpose, acquiring title

only if the public purpose cannot be accomplished if a lesser interest is obtained, and of seeking first to satisfy its requirement by acquiring an interest in public rather than private real property.

“(b) The United States may, upon prior written notice to the Government of the Northern Mariana Islands, acquire for public purposes in accordance with federal laws and procedures any interest in real property in the Northern Mariana Islands by purchase, lease, exchange, gift or otherwise under such terms and conditions as may be negotiated by the parties. The United States will in all cases attempt to acquire any interest in real property for public purposes by voluntary means under this Subsection before exercising the power of eminent domain. No interest in real property will be acquired unless duly authorized by the Congress of the United States and appropriations are available therefor.

“(c) In the event it is not possible for the United States to obtain an interest in real property for public purposes by voluntary means, it may exercise within the Commonwealth the power of eminent domain to the same extent and in the same manner as it has and can exercise the power of eminent domain in a State of the Union. The power of eminent domain will be exercised within the Commonwealth only to the extent necessary and in compliance with applicable United States laws, and with full recognition of the due process required by the United States Constitution.

Representatives and the Committee on Energy and Natural Resources of the Senate. Should the issue not be resolved within thirty days after the notification is received by the Government of the Northern Mariana Islands, the Secretary of the Interior may request authority from Congress to withhold payment of an appropriate amount of the operations funds identified in the schedule of payments in paragraph 2 of part II of the Agreement of the Special Representatives for a period of less than one year but no funds shall be withheld except by Act of Congress.

k. Placing Into Full Force and Effect the Covenant With the Commonwealth of the Northern Mariana Islands, and the Compacts of Free Association With the Federated States of Micronesia and the Republic of the Marshall Islands

Proclamation 5564, November 3, 1986, 51 F.R. 40399, 48 F.R. 1801 note

Since July 18, 1947, the United States has administered the United Nations Trust Territory of the Pacific Islands ("Trust Territory"), which includes the Northern Mariana Islands, the Federated States of Micronesia, the Marshall Islands, and Palau.

On February 15, 1975, after extensive status negotiations, the United States and the Marianas Political Status Commission concluded a Covenant to establish a Commonwealth of the Northern Mariana Islands in Political Union with the United States ("Covenant"). Sections 101, 1002, and 1003(c) of the Covenant provide that the Northern Mariana Islands will become a self-governing Commonwealth in political union with and under the sovereignty of the United States. This Covenant was approved by the Congress by Public Law 94-241 of March 24, 1976, 90 Stat. 263. Although many sections of the Covenant became effective in 1976 and 1978, certain sections have not previously entered into force.

On October 1, 1982, the Government of the United States and the Government of the Federated States of Micronesia concluded a Compact of Free Association, establishing a relationship of Free Association between the two Governments. On June 25, 1983, the Government of the United States and the Government of the Marshall Islands concluded a compact of Free Association, establishing a relationship of Free Association between the two Governments. Pursuant to Sections 111 and 121 of the Compacts, the Federated States of Micronesia and the Republic of the Marshall Islands become self-governing and have the right to conduct foreign affairs in their own name and right upon the effective date of their respective Compacts. Each Compact comes into effect upon (1) mutual agreement between the Government of the United States, acting in fulfillment of its responsibilities as Administering Authority of the Trust Territory of the Pacific Islands, and the other Government; (2) the approval of the Compact by the two Governments, in accordance with their constitutional processes; and (3) the conduct of a plebiscite in that jurisdiction. In the Federated States of Micronesia, the Compact has been approved by the Government in accordance with its constitutional processes, and in a United Nations-observed plebiscite on June 21, 1983, a sovereign act of self-determination. In the Marshall Islands, the Compact has been approved by the Government in accordance with its constitutional processes, and in a United Nations-observed plebiscite on September 7, 1983, a sovereign act of self-determination. In the United States the Compacts have been approved by Public law 99-239 of January 14, 1986, 99 Stat. 1770.

On January 10, 1986, the Government of the United States and the Government of the Republic of Palau concluded a Compact of Free Association, establishing a similar relationship of Free Association between the two Governments. On October 16, 1986, the Congress of the United States approved the Compact of Free Association with the Republic of Palau. In the Republic of Palau, the Compact approval process has not yet been completed. Until the future political status of Palau is resolved, the United States will continue to discharge its responsibilities in Palau as Administering Authority under the Trusteeship Agreement.

On May 28, 1986, the Trusteeship Council of the United Nations concluded that the Government of the United States had satisfactorily discharged its obligations as the Administering Authority under the terms of the Trusteeship Agreement and that the people of the Northern Mariana Islands, the Federated States of Micronesia, and the Republic of the Marshall Islands had freely exercised their right to self-determination, and considered that it was appropriate for that Agreement to be terminated. The Council asked the United States to consult with the governments concerned to agree on a date for entry into force of their respective new status agreements.

On October 15, 1986, the Government of the United States and the Government of the Republic of the Marshall Islands agreed, pursuant to Section 411 of the Compact of Free Association, that as between the United States and the Republic of the Marshall Islands, the effective date of the Compact shall be October 21, 1986.

On October 24, 1986, the Government of the United States and the Government of the Federated States of Micronesia agreed, pursuant to Section 411 of the Compact of Free Association, that as between the United States and the Federated States of Micronesia, the effective date of the Compact shall be November 3, 1986.

On October 24, 1986, the United States advised the Secretary General of the United Nations that, as a consequence of consultations held between the United States Government and the Government of the Marshall Islands, agreement had been reached that the Compact of Free Association with the Marshall Islands entered fully into force on October 21, 1986. The United States further advised the Secretary General that, as a result of consultations with their governments, agreement had been reached that the Compact of Free Association with the Federated States of Micronesia and the Covenant with the Commonwealth of the Northern Mariana Islands would enter into force on November 3, 1986.

As of this day, November 3, 1986, the United States has fulfilled its obligations under the Trusteeship Agreement with respect to the Commonwealth of the Northern Mariana Islands, the Republic of the Marshall Islands, and the Federated States of Micronesia, and they are self-governing and no longer subject to the Trusteeship. In taking these actions, the United States is implementing the freely expressed wishes of the peoples of the Northern Mariana Islands, the Federated States of Micronesia, and the Marshall Islands.

NOW, THEREFORE, I, RONALD REAGAN, by the authority vested in me as President by the Constitution and laws of the United States of America, including Section 1002 of the Covenant

to Establish a Commonwealth of the Northern Mariana Islands in Political Union with the United States of America, and Sections 101 and 102 of the Joint Resolution to approve the “Compact of Free Association”, and for other purposes approved on January 14, 1986 (Public Law 99–239), do hereby find, declare, and proclaim as follows:

Section 1. I determine that the Trusteeship Agreement for the Pacific Islands is no longer in effect as of October 21, 1986, with respect to the Republic of the Marshall Islands, as of November 3, 1986, with respect to the Federated States of Micronesia, and as of November 3, 1986, with respect to the Northern Mariana Islands. This constitutes the determination referred to in Section 1002 of the Covenant.

Sec. 2. (a) Sections 101, 104, 301, 302, 303, 506, 806, and 904 of the Covenant are effective as of 12:01 a.m., November 4, 1986, Northern Mariana Islands local time.

(b) The Commonwealth of the Northern Mariana Islands in political union with and under the sovereignty of the United States of America is fully established on the date and at the time specified in Section 2(a) of this Proclamation.

(c) The domiciliaries of the Northern Mariana Islands are citizens of the United States to the extent provided for in Sections 301 through 303 of the Covenant on the date and at the time specified in this Proclamation.

(d) I welcome the Commonwealth of the Northern Mariana Islands into the American family and congratulate our new fellow citizens.

Sec. 3. (a) The Compact of Free Association with the Republic of the Marshall Islands is in full force and effect as of October 21, 1986, and the Compact of Free Association with the Federated States of Micronesia is in full force and effect as of November 3, 1986.

(b) I am gratified that the people of the Federated States of Micronesia and the Republic of the Marshall Islands, after nearly forty years of Trusteeship, have freely chosen to establish a relationship of Free Association with the United States.

IN WITNESS WHEREOF, I have hereunto set my hand this third day of November, in the year of our Lord nineteen hundred and eighty-six, and of the Independence of the United States of America the two hundred and eleventh.

I. Placing Into Full Force and Effect the Compact of Free Association With the Republic of Palau

Proclamation 6726, September 27, 1994, 59 F.R. 49777, 48 U.S.C. 1931 note

Since July 18, 1947, the United States has administered the United Nations Trust Territory of the Pacific Islands ("Trust Territory"), which has included the Northern Mariana Islands, the Federated States of Micronesia, the Marshall Islands, and Palau.

On November 3, 1986, a Covenant between the United States and the Northern Mariana Islands came into force. This Covenant established the Commonwealth of the Northern Mariana Islands as a self-governing Commonwealth in political union with and under the sovereignty of the United States.

On October 21, 1986, in the case of the Republic of the Marshall Islands, and on November 3, 1986, in the case of the Federated States of Micronesia, Compacts of Free Association with the United States became effective. Under the Compacts, the Federated States of Micronesia and the Republic of the Marshall Islands became self-governing sovereign states, in free association with the United States. Following the changes in political status of the Northern Mariana Islands, the Marshall Islands, and the Federated States of Micronesia, the Trusteeship Agreement ceased to be applicable to those entities and only Palau remained as a Trust Territory of the Pacific Islands.

On January 10, 1986, the Government of the United States and the Government of the Republic of Palau concluded a Compact of Free Association similar to those that the United States entered into with the Republic of the Marshall Islands and with the Federated States of Micronesia. As in those instances, it was specified that the Compact with Palau would come into effect upon (1) mutual agreement between the Government of the United States, acting in fulfillment of its responsibilities as Administering Authority of the Trust Territory of the Pacific Islands, and the Government of Palau; (2) the approval of the Compact by the two Governments, in accordance with their constitutional processes; and (3) the approval of the Compact by plebiscite in Palau.

In Palau the Compact has been approved by the Government in accordance with its constitutional processes and by a United Nations-observed plebiscite on November 9, 1993, a sovereign act of self-determination. In the United States the Compact was approved by Public Law 99-658 of November 14, 1986, and Public Law 101-219 of December 12, 1989.

On May 25, 1994, the Trusteeship Council of the United Nations concluded that the Government of the United States had satisfactorily discharged its obligations as the Administering Authority under the terms of the Trusteeship Agreement and that the people of Palau had freely exercised their right to self-determination and considered that it was appropriate for the Trusteeship Agreement

to be terminated. The Council asked the United States to consult with the Government of Palau and to agree on a date, on or about October 1, 1994, for entry into force of their new status agreement.

On July 15, 1994, the Government of the United States and the Government of the Republic of Palau agreed, pursuant to Section 411 of the Compact of Free Association, that as between the United States and the Republic of Palau, the effective date of the Compact shall be October 1, 1994.

As of this day, September 27, 1994, the United States has fulfilled its obligations under the Trusteeship Agreement with respect to the Republic of Palau. On October 1, 1994, the Compact will enter into force between the United States and the Republic of Palau, and Palau will thereafter be self-governing and no longer subject to the Trusteeship. In taking these actions, the United States is implementing the freely expressed wishes of the people of Palau.

NOW, THEREFORE, I, WILLIAM J. CLINTON, President of the United States of America, by the authority vested in me by the Constitution and laws of the United States, including sections 101 and 102 of the Joint Resolution to approve the "Compact of Free Association" between the United States and the Government of Palau, and for other purposes, approved on November 14, 1986 (Public Law 99-658), and section 101 of the Joint Resolution to authorize entry into force of the Compact of Free Association between the United States and the Government of Palau, and for other purposes, approved on December 12, 1989 (Public Law 101-219), and pursuant to section 1002 of the Covenant to Establish a Commonwealth of the Northern Mariana Islands in Political Union with the United States of America, and consistent with sections 101 and 102 of the Joint Resolution to approve the "Compact of Free Association" and for other purposes, approved on January 14, 1986 (Public Law 99-239), do hereby find, declare, and proclaim as follows:

Section 1. I determine that the Trusteeship Agreement for the Pacific Islands will be no longer in effect with respect to the Republic of Palau as of October 1, 1994, at one minute past one o'clock p.m. local time in Palau. This constitutes the determination referred to in section 1002 of the Covenant with the Northern Mariana Islands (Public Law 94-241).

Sec. 2 The Compact of Free Association with the Republic of Palau will be in full force and effect as of October 1, 1994, at one minute past one o'clock p.m. local time in Palau.

Sec. 3. I am gratified that the people of the Republic of Palau, after 47 years of Trusteeship, have freely chosen to establish a relationship of Free Association with the United States.

IN WITNESS WHEREOF, I have hereunto set my hand this twenty-seventh day of September, in the year of our Lord nineteen hundred and ninety-four, and of the Independence of the United States of America the two hundred and nineteenth.

(B) Intelligence and intelligence-related activities of all other departments and agencies of the Government, including the tactical intelligence and intelligence-related activities of the Department of Defense.

(C) The organization or reorganization of a department or agency of the Government to the extent that the organization or reorganization relates to a function or activity involving intelligence or intelligence-related activities.

(D) Authorizations for appropriations, both direct and indirect, for the following:

(i) The Central Intelligence Agency, the Director of Central Intelligence, and the National Foreign Intelligence Program as defined in section 3(6) of the National Security Act of 1947.

(ii) Intelligence and intelligence-related activities of all other departments and agencies of the Government, including the tactical intelligence and intelligence-related activities of the Department of Defense.

(iii) A department, agency, subdivision, or program that is a successor to an agency or program named or referred to in (i) or (ii).

(2) Proposed legislation initially reported by the select committee (other than provisions solely involving matters specified in subparagraph (1)(A) or subparagraph (1)(D)(i)) containing any matter otherwise within the jurisdiction of a standing committee shall be referred by the Speaker to that standing committee. Proposed legislation initially reported by another committee that contains matter within the jurisdiction of the select committee shall be referred by the Speaker to the select committee if requested by the chairman of the select committee.

(3) Nothing in this clause shall be construed as prohibiting or otherwise restricting the authority of any other committee to study and review an intelligence or intelligence-related activity to the extent that such activity directly affects a matter otherwise within the jurisdiction of that committee.

(4) Nothing in this clause shall be construed as amending, limiting, or otherwise changing the authority of a standing committee to obtain full and prompt access to the product of the intelligence and intelligence-related activities of a department or agency of the Government relevant to a matter otherwise within the jurisdiction of that committee.

(c)(1) For purposes of accountability to the House, the select committee shall make regular and periodic reports to the House on the nature and extent of the intelligence and intelligence-related activities of the various departments and agencies of the United States. The select committee shall promptly call to the attention of the House, or to any other appropriate committee, a matter requiring the attention of the House or another committee. In making such

report, the select committee shall proceed in a manner consistent with paragraph (g) to protect national security.

(2) The select committee shall obtain annual reports from the Director of the Central Intelligence Agency, the Secretary of Defense, the Secretary of State, and the Director of the Federal Bureau of Investigation. Such reports shall review the intelligence and intelligence-related activities of the agency or department concerned and the intelligence and intelligence-related activities of foreign countries directed at the United States or its interests. An unclassified version of each report may be made available to the public at the discretion of the select committee. Nothing herein shall be construed as requiring the public disclosure in such reports of the names of persons engaged in intelligence or intelligence-related activities for the United States or the divulging of intelligence methods employed or the sources of information on which the reports are based or the amount of funds authorized to be appropriated for intelligence and intelligence-related activities.

(3) Within six weeks after the President submits a budget under section 1105(a) of title 31, United States Code, or at such time as the Committee on the Budget may request, the select committee shall submit to the Committee on the Budget the views and estimates described in section 301(d) of the Congressional Budget Act of 1974 regarding matters within the jurisdiction of the select committee.

(d)(1) Except as specified in subparagraph (2), clauses 8(a), (b), and (c) and 9(a), (b), and (c) of this rule, and clauses 1, 2, and 4 of rule XI shall apply to the select committee to the extent not inconsistent with this clause.

(2) Notwithstanding the requirements of the first sentence of clause 2(g)(2) of rule XI, in the presence of the number of members required under the rules of the select committee for the purpose of taking testimony or receiving evidence, the select committee may vote to close a hearing whenever a majority of those present determines that the testimony or evidence would endanger the national security.

(e) An employee of the select committee, or a person engaged by contract or otherwise to perform services for or at the request of the select committee, may not be given access to any classified information by the select committee unless such employee or person has—

(1) agreed in writing and under oath to be bound by the Rules of the House, including the jurisdiction of the Committee on Standards of Official Conduct and of the select committee concerning the security of classified information during and after the period of his employment or contractual agreement with the select committee; and

(2) received an appropriate security clearance, as determined by the select committee in consultation with the Director of Central Intelligence, that is commensurate with the sensitivity of the classified information to which such employee or person will be given access by the select committee.

(f) The select committee shall formulate and carry out such rules and procedures as it considers necessary to prevent the disclosure, without the consent of each person concerned, of information in the

possession of the select committee that unduly infringes on the privacy or that violates the constitutional rights of such person. Nothing herein shall be construed to prevent the select committee from publicly disclosing classified information in a case in which it determines that national interest in the disclosure of classified information clearly outweighs any infringement on the privacy of a person.

(g)(1) The select committee may disclose publicly any information in its possession after a determination by the select committee that the public interest would be served by such disclosure. With respect to the disclosure of information for which this paragraph requires action by the select committee—

(A) the select committee shall meet to vote on the matter within five days after a member of the select committee requests a vote; and

(B) a member of the select committee may not make such a disclosure before a vote by the select committee on the matter, or after a vote by the select committee on the matter except in accordance with this paragraph.

(2)(A) In a case in which the select committee votes to disclose publicly any information that has been classified under established security procedures, that has been submitted to it by the executive branch, and that the executive branch requests be kept secret, the select committee shall notify the President of such vote.

(B) The select committee may disclose publicly such information after the expiration of a five-day period following the day on which notice of the vote to disclose is transmitted to the President unless, before the expiration of the five-day period, the President, personally in writing, notifies the select committee that he objects to the disclosure of such information, provides his reasons therefor, and certifies that the threat to the national interest of the United States posed by the disclosure is of such gravity that it outweighs any public interest in the disclosure.

(C) If the President, personally in writing, notifies the select committee of his objections to the disclosure of information as provided in subdivision (B), the select committee may, by majority vote, refer the question of the disclosure of such information, with a recommendation thereon, to the House. The select committee may not publicly disclose such information without leave of the House.

(D) Whenever the select committee votes to refer the question of disclosure of any information to the House under subdivision (C), the chairman shall, not later than the first day on which the House is in session following the day on which the vote occurs, report the matter to the House for its consideration.

(E) If the chairman of the select committee does not offer in the House a motion to consider in closed session a matter reported under subdivision (D) within four calendar days on which the House is in session after the recommendation described in subdivision (C) is reported, then such a motion shall be privileged when offered by a Member, Delegate, or Resident Commissioner. In either case such a motion shall be decided without debate or intervening motion except one that the House adjourn.

(F) Upon adoption by the House of a motion to resolve into closed session as described in subdivision (E), the Speaker may declare a

recess subject to the call of the Chair. At the expiration of the recess, the pending question, in closed session, shall be, "Shall the House approve the recommendation of the select committee?"

(G) Debate on the question described in subdivision (F) shall be limited to two hours equally divided and controlled by the chairman and ranking minority member of the select committee. After such debate the previous question shall be considered as ordered on the question of approving the recommendation without intervening motion except one motion that the House adjourn. The House shall vote on the question in open session but without divulging the information with respect to which the vote is taken. If the recommendation of the select committee is not approved, then the question is considered as recommitted to the select committee for further recommendation.

(3)(A) Information in the possession of the select committee relating to the lawful intelligence or intelligence-related activities of a department or agency of the United States that has been classified under established security procedures, and that the select committee has determined should not be disclosed under subparagraph (1) or (2), may not be made available to any person by a Member, Delegate, Resident Commissioner, officer, or employee of the House except as provided in subdivision (B).

(B) The select committee shall, under such regulations as it may prescribe, make information described in subdivision (A) available to a committee or a Member, Delegate, or Resident Commissioner, and permit a Member, Delegate, or Resident Commissioner to attend a hearing of the select committee that is closed to the public. Whenever the select committee makes such information available, it shall keep a written record showing, in the case of particular information, which committee or which Member, Delegate, or Resident Commissioner received the information. A Member, Delegate, or Resident Commissioner who, and a committee that, receives information under this subdivision may not disclose the information except in a closed session of the House.

(4) The Committee on Standards of Official Conduct shall investigate any unauthorized disclosure of intelligence or intelligence-related information by a Member, Delegate, Resident Commissioner, officer, or employee of the House in violation of subparagraph (3) and report to the House concerning any allegation that it finds to be substantiated.

(5) Upon the request of a person who is subject to an investigation described in subparagraph (4), the Committee on Standards of Official Conduct shall release to such person at the conclusion of its investigation a summary of its investigation, together with its findings. If, at the conclusion of its investigation, the Committee on Standards of Official Conduct determines that there has been a significant breach of confidentiality or unauthorized disclosure by a Member, Delegate, Resident Commissioner, officer, or employee of the House, it shall report its findings to the House and recommend appropriate action. Recommendations may include censure, removal from committee membership, or expulsion from the House, in the case of a Member, or removal from office or employment or punishment for contempt, in the case of an officer or employee.

(h) The select committee may permit a personal representative of the President, designated by the President to serve as a liaison to the select committee, to attend any closed meeting of the select committee.

(i) Subject to the Rules of the House, funds may not be appropriated for a fiscal year, with the exception of a bill or joint resolution continuing appropriations, or an amendment thereto, or a conference report thereon, to, or for use of, a department or agency of the United States to carry out any of the following activities, unless the funds shall previously have been authorized by a bill or joint resolution passed by the House during the same or preceding fiscal year to carry out such activity for such fiscal year:

(1) The activities of the Central Intelligence Agency and the Director of Central Intelligence.

(2) The activities of the Defense Intelligence Agency.

(3) The activities of the National Security Agency.

(4) The intelligence and intelligence-related activities of other agencies and subdivisions of the Department of Defense.

(5) The intelligence and intelligence-related activities of the Department of State.

(6) The intelligence and intelligence-related activities of the Federal Bureau of Investigation, including all activities of the Intelligence Division.

(j)(1) In this clause the term “intelligence and intelligence-related activities” includes—

(A) the collection, analysis, production, dissemination, or use of information that relates to a foreign country, or a government, political group, party, military force, movement, or other association in a foreign country, and that relates to the defense, foreign policy, national security, or related policies of the United States and other activity in support of the collection, analysis, production, dissemination, or use of such information;

(B) activities taken to counter similar activities directed against the United States;

(C) covert or clandestine activities affecting the relations of the United States with a foreign government, political group, party, military force, movement, or other association;

(D) the collection, analysis, production, dissemination, or use of information about activities of persons within the United States, its territories and possessions, or nationals of the United States abroad whose political and related activities pose, or may be considered by a department, agency, bureau, office, division, instrumentality, or employee of the United States to pose, a threat to the internal security of the United States; and

(E) covert or clandestine activities directed against persons described in subdivision (D).

(2) In this clause the term “department or agency” includes any organization, committee, council, establishment, or office within the Federal Government.

(3) For purposes of this clause, reference to a department, agency, bureau, or subdivision shall include a reference to any successor department, agency, bureau, or subdivision to the extent that a successor engages in intelligence or intelligence-related activities

now conducted by the department, agency, bureau, or subdivision referred to in this clause.

(k) Clause 12(a) of rule XXII does not apply to meetings of a conference committee respecting legislation (or any part thereof) reported by the Permanent Select Committee on Intelligence.

(b) FINDINGS.—The Congress makes the following findings:

(1) The security of the United States is and will continue to depend on the ability of the United States to exercise international leadership.

(2) The ability of the United States to exercise international leadership is, and will increasingly continue to be, based on the political and economic strength of the United States, as well as on United States military strength around the world.

¹50 U.S.C. 1901.

²Sec. 404(a) of Public Law 102-496 (106 Stat. 3185) restated subsec. (a) to insert “David L. Boren” into the name of the Act.

(4) The future national security and economic well-being of the United States will depend substantially on the ability of its citizens to communicate and compete by knowing the languages and cultures of other countries.

(5) The Federal Government has an interest in ensuring that the employees of its departments and agencies with national security responsibilities are prepared to meet the challenges of this changing international environment.

(6) The Federal Government also has an interest in taking actions to alleviate the problem of American undergraduate and graduate students being inadequately prepared to meet the challenges posed by increasing global interaction among nations.

(7) American colleges and universities must place a new emphasis on improving the teaching of foreign languages, area studies, counterproliferation studies,³ and other international fields to help meet those challenges.

(c) PURPOSES.—The purposes of this title are as follows:

(1) To provide the necessary resources, accountability, and flexibility to meet the national security education needs of the United States, especially as such needs change over time.

(2) To increase the quantity, diversity, and quality of the teaching and learning of subjects in the fields of foreign languages, area studies, and other international fields that are critical to the Nation's interest.

(3) To produce an increased pool of applicants for work in the departments and agencies of the United States Government with national security responsibilities.

(4) To expand, in conjunction with other Federal programs, the international experience, knowledge base, and perspectives on which the United States citizenry, Government employees, and leaders rely.

SEC. 3.¹ REQUIREMENT OF DISCLOSURE OF RECORDS REGARDING PERSONS WHO COMMITTED NAZI WAR CRIMES.

(a) NAZI WAR CRIMINAL RECORDS.—For purposes of this Act, the term “Nazi war criminal records” means classified records or portions of records that—

(1) pertain to any person with respect to whom the United States Government, in its sole discretion, has grounds to believe ordered, incited, assisted, or otherwise participated in the persecution of any person because of race, religion, national origin, or political opinion, during the period beginning on March 23, 1933, and ending on May 8, 1945, under the direction of, or in association with—

(C) any government established with the assistance or cooperation of the Nazi government of Germany; or

other persons who shall be members of the public, of whom 3 shall be persons appointed under the provisions of this Act in effect on October 8, 1998.”

Sec. 802(b)(1) of Public Law 106-567 further provided that “Not later than 60 days after the date of the enactment of this Act, the President shall designate the Working Group established under the Nazi War Crimes Disclosure Act (Public Law 105-246; 5 U.S.C. 552 note) to also carry out the purposes of this title with respect to Japanese Imperial Government records, and that Working Group shall remain in existence for 3 years after the date on which this title takes effect. Such Working Group is redesignated as the ‘Nazi War Crimes and Japanese Imperial Government Records Interagency Working Group.’”

(b) RELEASE OF RECORDS.—

(1) IN GENERAL.—Subject to paragraphs (2), (3), and (4), the Nazi War Criminal Records Interagency Working Group shall release in their entirety Nazi war criminal records that are described in subsection (a).

(2) EXCEPTION FOR PRIVACY, ETC.—An agency head may exempt from release under paragraph (1) specific information, that would—

(A) constitute a clearly unwarranted invasion of personal privacy;

(B) reveal the identity of a confidential human source, or reveal information about the application of an intelligence source or method, or reveal the identity of a human intelligence source when the unauthorized disclosure of that source would clearly and demonstrably damage the national security interests of the United States;

(J) violate a treaty or international agreement.

(3) APPLICATION OF EXEMPTIONS.—

(A) IN GENERAL.—In applying the exemptions listed in subparagraphs (B) through (J) of paragraph (2), there shall be a presumption that the public interest in the release of Nazi war criminal records will be served by disclosure and release of the records. Assertion of such exemption may only be made when the agency head determines that disclosure and release would be harmful to a specific interest identified in the exemption. An agency head who makes

such a determination shall promptly report it to the committees of Congress with appropriate jurisdiction, including the Committee on the Judiciary of the Senate and the Committee on Government Reform and Oversight of the House of Representatives. The exemptions set forth in paragraph (2) shall constitute the only authority pursuant to which an agency head may exempt records otherwise subject to release under paragraph (1).

(B) APPLICATION OF TITLE 5.—A determination by an agency head to apply an exemption listed in subparagraphs (B) through (I) of paragraph (2) shall be subject to the same standard of review that applies in the case of records withheld under section 552(b)(1) of title 5, United States Code.

(4) LIMITATION ON APPLICATION.—This subsection shall not apply to records—

(A) related to or supporting any active or inactive investigation, inquiry, or prosecution by the Office of Special Investigations of the Department of Justice; or

(B) solely in the possession, custody, or control of that office.

(c) INAPPLICABILITY OF NATIONAL SECURITY ACT OF 1947 EXEMPTION.—Section 701(a) of the National Security Act of 1947 (50 U.S.C. 431) shall not apply to any operational file, or any portion of any operational file, that constitutes a Nazi war criminal record under section 3 of this Act.

SEC. 5.¹ EFFECTIVE DATE.

This Act and the amendments made by this Act shall take effect on the date that is 90 days after the date of enactment of this Act.

b. Making Public Nazi War Crimes Records—Sense of the Congress

Public Law 104-309 [H.R. 1281], 110 Stat. 3815, approved October 19, 1996

AN ACT To express the sense of the Congress that United States Government agencies in possession of records about individuals who are alleged to have committed Nazi war crimes should make these records public.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. FINDINGS.

The Congress finds that—

(1) during the 104th Congress, Americans commemorated the 50th anniversary of the conclusion of the Second World War and the end of the Holocaust, one of the worst tragedies in history;

(2) it is important to learn all that we can about this terrible era so that we can prevent such a catastrophe from ever happening again;

(3) the cold war is over;

(4) numerous nations, including those of the former Soviet Union, are making public their files on Nazi war criminals as well as crimes committed by agencies of their own governments;

(5) on April 17, 1995, President Clinton signed Executive Order 12958, which will make available certain previously classified national security documents that are at least 25 years old;

(6) that Executive Order stated: “Our democratic principles require that the American people be informed of the activities of their Government.”;

(7) this year marks the 30th anniversary of the passage of the Freedom of Information Act;

(8) agencies of the United States Government possess information on individuals who ordered, incited, assisted, or otherwise participated in Nazi war crimes;

(9) some agencies have routinely denied Freedom of Information Act requests for information about individuals who committed Nazi war crimes;

(10) United States Government agencies may have been in possession of material about the war crimes facilitated by Kurt Waldheim but did not make this information public;

(11) it is legitimate not to disclose certain material in Government files if the disclosure would seriously and demonstrably harm current or future national defense, intelligence, or foreign relations activities of the United States and if protection of these matters from disclosure outweighs the public interest of disclosure;

(12) the disclosure of most Nazi war crimes information should not harm United States national interests; and

(13) the Office of Special Investigations of the Department of Justice is engaged in vital work investigating and expelling Nazi war criminals from the United States, accordingly, the records created by these investigations and other actions should not be disclosed, and the investigations and other actions should not be interfered with.

SEC. 2. SENSE OF THE CONGRESS.

It is the sense of the Congress that United States Government agencies in possession of records about individuals who are alleged to have committed Nazi war crimes should make these records public.

d. Holocaust Victims Redress Act

Public Law 105-158 [S. 1564], 112 Stat. 15, approved February 13, 1998

AN ACT To provide redress for inadequate restitution of assets seized by the United States Government during World War II which belonged to victims of the Holocaust, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "Holocaust Victims Redress Act".

TITLE I—HEIRLESS ASSETS

SEC. 101. FINDINGS AND PURPOSES.

(a) FINDINGS.—The Congress finds as follows:

(1) Among the \$198,000,000 in German assets located in the United States and seized by the United States Government in World War II were believed to be bank accounts, trusts, securities, or other assets belonging to Jewish victims of the Holocaust.

(2) Among an estimated \$1,200,000,000 in assets of Swiss nationals and institutions which were frozen by the United States Government during World War II (including over \$400,000,000 in bank deposits) were assets whose beneficial owners were believed to include victims of the Holocaust.

(3) In the aftermath of the war, the Congress recognized that some of the victims of the Holocaust whose assets were among those seized or frozen during the war might not have any legal heirs, and legislation was enacted to authorize the transfer of up to \$3,000,000 of such assets to organizations dedicated to providing relief and rehabilitation for survivors of the Holocaust.

(4) Although the Congress and the Administration authorized the transfer of such amount to the relief organizations referred to in paragraph (3), the enormous administrative difficulties and cost involved in proving legal ownership of such assets, directly or beneficially, by victims of the Holocaust, and proving the existence or absence of heirs of such victims, led the Congress in 1962 to agree to a lump-sum settlement and to provide \$500,000 for the Jewish Restitution Successor Organization of New York, such sum amounting to 1/6th of the authorized maximum level of "heirless" assets to be transferred.

(5) In June of 1997, a representative of the Secretary of State, in testimony before the Congress, urged the reconsideration of the limited \$500,000 settlement.

(6) While a precisely accurate accounting of "heirless" assets may be impossible, good conscience warrants the recognition that the victims of the Holocaust have a compelling moral

claim to the unrestituted portion of assets referred to in paragraph (3).

(7) Furthermore, leadership by the United States in meeting obligations to Holocaust victims would strengthen—

(A) the efforts of the United States to press for the speedy distribution of the remaining nearly 6 metric tons of gold still held by the Tripartite Commission for the Restitution of Monetary Gold (the body established by France, Great Britain, and the United States at the end of World War II to return gold looted by Nazi Germany to the central banks of countries occupied by Germany during the war); and

(B) the appeals by the United States to the 15 nations claiming a portion of such gold to contribute a substantial portion of any such distribution to Holocaust survivors in recognition of the recently documented fact that the gold held by the Commission includes gold stolen from individual victims of the Holocaust.

(b) PURPOSES.—The purposes of this Act are as follows:

(1) To provide a measure of justice to survivors of the Holocaust all around the world while they are still alive.

(2) To authorize the appropriation of an amount which is at least equal to the present value of the difference between the amount which was authorized to be transferred to successor organizations to compensate for assets in the United States of heirless victims of the Holocaust and the amount actually paid in 1962 to the Jewish Restitution Successor Organization of New York for that purpose.

(3) To facilitate efforts by the United States to seek an agreement whereby nations with claims against gold held by the Tripartite Commission for the Restitution of Monetary Gold would contribute all, or a substantial portion, of that gold to charitable organizations to assist survivors of the Holocaust.

SEC. 102. DISTRIBUTIONS BY THE TRIPARTITE GOLD COMMISSION.

(a) DIRECTIONS TO THE PRESIDENT.—The President shall direct the commissioner representing the United States on the Tripartite Commission for the Restitution of Monetary Gold, established pursuant to Part III of the Paris Agreement on Reparation, to seek and vote for a timely agreement under which all signatories to the Paris Agreement on Reparation, with claims against the monetary gold pool in the jurisdiction of such Commission, contribute all, or a substantial portion, of such gold to charitable organizations to assist survivors of the Holocaust.

(b) AUTHORITY TO OBLIGATE THE UNITED STATES.—

(1) IN GENERAL.—From funds otherwise unobligated in the Treasury of the United States, the President is authorized to obligate subject to paragraph (2) an amount not to exceed \$30,000,000 for distribution in accordance with subsections (a) and (b).

(2) CONFORMANCE WITH BUDGET ACT REQUIREMENT.—Any budget authority contained in paragraph (1) shall be effective only to such extent and in such amounts as are provided in advance in appropriation Acts.

SEC. 103. FULFILLMENT OF OBLIGATION OF THE UNITED STATES.

(a) **AUTHORIZATION OF APPROPRIATIONS.**—There are authorized to be appropriated to the President such sums as may be necessary for fiscal years 1998, 1999, and 2000, not to exceed a total of \$25,000,000 for all such fiscal years, for distribution to organizations as may be specified in any agreement concluded pursuant to section 102.

(b) **ARCHIVAL RESEARCH.**—There are authorized to be appropriated to the President \$5,000,000 for archival research and translation services to assist in the restitution of assets looted or extorted from victims of the Holocaust and such other activities that would further Holocaust remembrance and education.

TITLE II—WORKS OF ART**SEC. 201. FINDINGS.**

Congress finds as follows:

(1) Established pre-World War II principles of international law, as enunciated in Articles 47 and 56 of the Regulations annexed to the 1907 Hague Convention (IV) Respecting the Laws and Customs of War on Land, prohibited pillage and the seizure of works of art.

(2) In the years since World War II, international sanctions against confiscation of works of art have been amplified through such conventions as the 1970 Convention on the Means of Prohibiting and Preventing the Illicit Import, Export and Transfer of Ownership of Cultural Property, which forbids the illegal export of art work and calls for its earliest possible restitution to its rightful owner.

(3) In defiance of the 1907 Hague Convention, the Nazis extorted and looted art from individuals and institutions in countries it occupied during World War II and used such booty to help finance their war of aggression.

(4) The Nazis' policy of looting art was a critical element and incentive in their campaign of genocide against individuals of Jewish and other religious and cultural heritage and, in this context, the Holocaust, while standing as a civil war against defined individuals and civilized values, must be considered a fundamental aspect of the world war unleashed on the continent.

(5) Hence, the same international legal principles applied among states should be applied to art and other assets stolen from victims of the Holocaust.

(6) In the aftermath of the war, art and other assets were transferred from territory previously controlled by the Nazis to the Union of Soviet Socialist Republics, much of which has not been returned to rightful owners.

SEC. 202. SENSE OF THE CONGRESS REGARDING RESTITUTION OF PRIVATE PROPERTY, SUCH AS WORKS OF ART.

It is the sense of the Congress that consistent with the 1907 Hague Convention, all governments should undertake good faith efforts to facilitate the return of private and public property, such as

works of art, to the rightful owners in cases where assets were confiscated from the claimant during the period of Nazi rule and there is reasonable proof that the claimant is the rightful owner.

21. To Locate and Secure the Return of Zachary Baumel

Public Law 106–89 [H.R. 1175], 113 Stat. 1305, approved November 8, 1999

AN ACT To locate and secure the return of Zachary Baumel, a United States citizen, and other Israeli soldiers missing in action.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. CONGRESSIONAL FINDINGS.

The Congress finds that—

(1) Zachary Baumel, a United States citizen serving in the Israeli military forces, has been missing in action since June 1982 when he was captured by forces affiliated with the Palestinian Liberation Organization (PLO) following a tank battle with Syrian forces at Sultan Ya'akub in Lebanon;

(2) Yehuda Katz and Zvi Feldman, Israeli citizens serving in the Israeli military forces, have been missing in action since June 1982 when they were also captured by these same forces in a tank battle with Syrian forces at Sultan Ya'akub in Lebanon;

(3) these three soldiers were last known to be in the hands of a Palestinian faction splintered from the PLO and operating in Syrian-controlled territory, thus making this a matter within the responsibility of the Government of Syria;

(4) diplomatic efforts to secure the release of these individuals have been unsuccessful, although PLO Chairman Yasser Arafat delivered one-half of Zachary Baumel's dog tag to Israeli Government authorities; and

(5) in the Gaza-Jericho agreement between the Palestinian Authority and the Government of Israel of May 4, 1994, Palestinian officials agreed to cooperate with Israel in locating and working for the return of Israeli soldiers missing in action.

SEC. 2. ACTIONS WITH RESPECT TO MISSING SOLDIERS.

(a) CONTINUING COMMUNICATION WITH CERTAIN GOVERNMENTS.—The Secretary of State shall continue to raise the matter of Zachary Baumel, Yehuda Katz, and Zvi Feldman on an urgent basis with appropriate government officials of Syria, Lebanon, the Palestinian Authority, and with other governments in the region and elsewhere that, in the determination of the Secretary, may be helpful in locating and securing the return of these soldiers.

(b) PROVISION OF ASSISTANCE TO CERTAIN GOVERNMENTS.—In deciding whether or not to provide United States assistance to any government or authority which the Secretary of State believes has information concerning the whereabouts of the soldiers described in subsection (a), and in formulating United States policy towards

such government or authority, the President should take into consideration the willingness of the government or authority to assist in locating and securing the return of such soldiers.

SEC. 3. REPORTS BY SECRETARY OF STATE.

(a) INITIAL REPORT.—Not later than 90 days after the date of the enactment of this Act, the Secretary of State shall prepare and submit to the Committee on International Relations of the House of Representatives and the Committee on Foreign Relations of the Senate a written report that describes the efforts of the Secretary pursuant to section 2(a) and United States policies affected pursuant to section 2(b).

(b) SUBSEQUENT REPORTS.—Not later than 15 days after receiving from any source any additional credible information relating to the individuals described in section 2(a), the Secretary of State shall prepare and submit to the committees described in subsection (a) a written report that contains such additional information.

(c) FORM OF REPORTS.—A report submitted under subsection (a) or (b) shall be made available to the public and may include a classified annex.

22. Taiwan's Participation in the World Health Organization

a. Participation of Taiwan in the World Health Organization, 2003

Public Law 108–28 [S. 243], 117 Stat. 769, approved May 29, 2003

AN ACT Concerning participation of Taiwan in the World Health Organization.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. CONCERNING THE PARTICIPATION OF TAIWAN IN THE WORLD HEALTH ORGANIZATION (WHO).

(a) FINDINGS.—The Congress makes the following findings:

(1) Good health is important to every citizen of the world and access to the highest standards of health information and services is necessary to improve the public health.

(2) Direct and unobstructed participation in international health cooperation forums and programs is beneficial for all parts of the world, especially with today's greater potential for the cross-border spread of various infectious diseases such as the human immunodeficiency virus (HIV), tuberculosis, and malaria.

(3) Taiwan's population of 23,500,000 people is greater than that of three-fourths of the member states already in the World Health Organization (WHO).

(4) Taiwan's achievements in the field of health are substantial, including one of the highest life expectancy levels in Asia, maternal and infant mortality rates comparable to those of western countries, the eradication of such infectious diseases as cholera, smallpox, and the plague, and the first to eradicate polio and provide children with hepatitis B vaccinations.

(5) The United States Centers for Disease Control and Prevention and its Taiwan counterpart agencies have enjoyed close collaboration on a wide range of public health issues.

(6) In recent years Taiwan has expressed a willingness to assist financially and technically in international aid and health activities supported by the WHO.

(7) On January 14, 2001, an earthquake, registering between 7.6 and 7.9 on the Richter scale, struck El Salvador. In response, the Taiwanese Government sent 2 rescue teams, consisting of 90 individuals specializing in firefighting, medicine, and civil engineering. The Taiwanese Ministry of Foreign Affairs also donated \$200,000 in relief aid to the Salvadoran Government.

(8) The World Health Assembly has allowed observers to participate in the activities of the organization, including the Palestine Liberation Organization in 1974, the Order of Malta, and the Holy See in the early 1950s.

(9) The United States, in the 1994 Taiwan Policy Review, declared its intention to support Taiwan's participation in appropriate international organizations.

(10) Public Law 106-137 required the Secretary of State to submit a report to the Congress on efforts by the executive branch to support Taiwan's participation in international organizations, in particular the WHO.

(11) In light of all benefits that Taiwan's participation in the WHO can bring to the state of health not only in Taiwan, but also regionally and globally, Taiwan and its 23,500,000 people should have appropriate and meaningful participation in the WHO.

(12) On May 11, 2001, President Bush stated in his letter to Senator Murkowski that the United States "should find opportunities for Taiwan's voice to be heard in international organizations in order to make a contribution, even if membership is not possible", further stating that his Administration "has focused on finding concrete ways for Taiwan to benefit and contribute to the WHO".

(13) In his speech made in the World Medical Association on May 14, 2002, Secretary of Health and Human Services Tommy Thompson announced "America's work for a healthy world cuts across political lines. That is why my government supports Taiwan's efforts to gain observership status at the World Health Assembly. We know this is a controversial issue, but we do not shrink from taking a public stance on it. The people of Taiwan deserve the same level of public health as citizens of every nation on earth, and we support them in their efforts to achieve it".

(14) The Government of the Republic of China on Taiwan, in response to an appeal from the United Nations and the United States for resources to control the spread of HIV/AIDS, donated \$1,000,000 to the Global Fund to Fight AIDS, Tuberculosis and Malaria in December 2002.

(b) PLAN.—The Secretary of State is authorized—

(1) to initiate a United States plan to endorse and obtain observer status for Taiwan at the annual week-long summit of the World Health Assembly in May 2003 in Geneva, Switzerland; and

(2) to instruct the United States delegation to Geneva to implement that plan.

(c) REPORT.—Not later than 14 days after the date of the enactment of this Act, the Secretary of State shall submit a report to Congress in unclassified form describing the action taken under subsection (b).

b. Free and Fair Elections in Peru

Public Law 106-186 [S.J. Res. 43], 114 Stat. 226, approved April 25, 2000

JOINT RESOLUTION Expressing the sense of Congress that the President of the United States should encourage free and fair elections and respect for democracy in Peru.

Whereas presidential and congressional elections are scheduled to occur in Peru on April 9, 2000;

Whereas independent election monitors, including the Organization of American States, the National Democratic Institute, and the Carter Center, have expressed grave doubts about the fairness of the electoral process due to the Peruvian Government's control of key official electoral agencies, systematic restrictions on freedom of the press, manipulation of the judicial processes to stifle independent reporting on radio, television, and newspaper outlets, and harassment and intimidation of opposition politicians, which have greatly limited the ability of opposing candidates to campaign freely; and

Whereas the absence of free and fair elections in Peru would constitute a major setback for the Peruvian people and for democracy in the hemisphere, could result in instability in Peru, and could jeopardize United States antinarcotics objectives in Peru and the region: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That it is the sense of Congress that the President of the United States should promptly convey to the President of Peru that if the April 9, 2000, elections are not deemed by the international community to have been free and fair, the United States will review and modify as appropriate its political, economic, and military relations with Peru, and will work with other democracies in this hemisphere and elsewhere toward a restoration of democracy in Peru.

c. Captive Nations Week

Public Law 86-90 [S.J. Res. 111], 73 Stat. 212, approved July 17, 1959

JOINT RESOLUTION Providing for the designation of the third week of July as "Captive Nations Week".

- Whereas the greatness of the United States is in large part attributable to its having been able, through the democratic process, to achieve a harmonious national unity of its people, even though they stem from the most diverse of racial, religious, and ethnic backgrounds; and
- Whereas this harmonious unification of the diverse elements of our free society has led the people of the United States to possess a warm understanding and sympathy for the aspirations of peoples everywhere and to recognize the natural interdependency of the peoples and nations of the world; and
- Whereas the enslavement of a substantial part of the world's population by Communist imperialism makes a mockery of the idea of peaceful coexistence between nations and constitutes a detriment to the natural bonds of understanding between the people of the United States and other peoples; and
- Whereas since 1918 the imperialistic and aggressive policies of Russian communism have resulted in the creation of a vast empire which poses a dire threat to the security of the United States and of all the free peoples of the world; and
- Whereas the imperialistic policies of Communist Russia have led, through direct and indirect aggression, to the subjugation of the national independence of Poland, Hungary, Lithuania, Ukraine, Czechoslovakia, Latvia, Estonia, White Ruthenia, Rumania, East Germany, Bulgaria, mainland China, Armenia, Azerbaijan, Georgia, North Korea, Albania, Idel-Ural, Tibet, Cossackia, Turkestan, North Vietnam, and others; and
- Whereas these submerged nations look to the United States, as the citadel of human freedom, for leadership in bringing about their liberation and independence and in restoring to them the enjoyment of their Christian, Jewish, Moslem, Buddhist, or other religious freedoms, and of their individual liberties; and
- Whereas it is vital to the national security of the United States that the desire for liberty and independence on the part of the peoples of these conquered nations should be steadfastly kept alive; and
- Whereas the desire for liberty and independence by the overwhelming majority of the people of these submerged nations constitutes a powerful deterrent to war and one of the best hopes for a just and lasting peace; and
- Whereas it is fitting that we clearly manifest to such peoples through an appropriate and official means the historical fact that the people of the United States share with them their aspirations

for the recovery of their freedom and independence: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, that:

The President of the United States is authorized and requested to issue a proclamation designating the third week in July 1959 as "Captive Nations Week" and inviting the people of the United States to observe such week with appropriate ceremonies and activities. The President is further authorized and requested to issue a similar proclamation each year until such time as freedom and independence shall have been achieved for all the captive nations of the world.¹

¹The President issued the most recent proclamation on July 15, 2005 (Proclamation 7913; 70 F.R. 41931).

USE OF THE INDEX

The index is organized by subject matter only. Each subject entry also includes the legal citation indicating the document to which it refers. These legal citations were not chosen on the basis of standard legal citation form, but rather for the amount of information they provided and for convenience in producing a computer-printed index.

Page references, wherever possible, indicate the exact page on which mention of the entry is made. Entries of a more general nature that refer to a large section or to an entire document are listed with the page on which the reference begins.
