Introduction

On December 18, 2013, Congress passed House Joint Resolution 59, which included two Acts: the “Bipartisan Budget Act of 2013” and the “Pathway for SGR Reform Act of 2013”. It was signed by President Barack Obama on December 26, 2013 and became Public Law 113-67. This Committee Print explains and provides background and explanatory information on this law. In doing so, this document primarily concentrates on “The Bipartisan Budget Act of 2013” which can be found in Division A of the Joint Resolution.

The House adopted House Concurrent Resolution 25, the concurrent resolution on the budget for fiscal year 2014, on March 21, 2013. The Senate adopted its version of the budget resolution, Senate Concurrent Resolution 8, on March 23, 2013.

A conference committee on these two concurrent resolutions was agreed to with Senate Concurrent Resolution 8 as the measure on which the two Houses disagreed. Representative Paul Ryan, Chairman of the Committee on the Budget of the House, acted as the Chairman of this conference. He did so by tradition, since each Chairman of the Committee on the Budget of each House alternates as Chair of the Committee of Conference on a budget resolution. The previous time a budget resolution conference was held, Senator Kent Conrad, Chairman of the Committee on the Budget of the Senate, chaired. Senator Patty Murray, Senate Budget Committee Chairman, co-chaired the conference on S. Con. Res. 8.

During the negotiations, Chairman Ryan and Chairman Murray decided to pursue legislation that would make changes in law to modify discretionary caps on spending and to make other reductions in spending. Since this would require changes in existing law, a concurrent resolution would not be appropriate since it is an internal Congressional document, is not signed by the President, and does not become law. It was decided the vehicle to accomplish this would be to use House Joint Resolution 59, originally a spending measure.

Chairman Ryan offered a motion to amend this Joint Resolution on the House floor with the legislative text the two Chairmen had developed on behalf of their respective chambers. Before coming to the floor, though, the Committee on Rules of the House added additional language to the agreement which became Division B of the joint resolution, titled “Pathway for SGR Reform Act of 2013”.

The motion passed and the joint resolution, as amended, was sent to the Senate, where it passed, and then presented to the President who signed it on December 26, 2013.

It was subsequently amended by the “Consolidated Appropriations Act, Fiscal Year 2014” (Public Law 113-76).

Legislative History

During the first session of the 113th Congress, the House and Senate each passed a fiscal year 2014 concurrent resolution on the budget: House Concurrent Resolution 25 and Senate Concurrent Resolution 8, respectively. The House requested a conference on S. Con. Res. 8, the fiscal year 2014 concurrent resolution on the budget, to which the Senate agreed. Representative Paul Ryan (WI) chaired the Committee on the Conference on the budget resolution.

The Conference Committee held two meetings: the first on October 30, 2013 and the second on November 13, 2013.

The Bipartisan Budget Act of 2013 (BBA of 2013) was a House amendment to the Senate amendment to House Joint Resolution 59. This House amendment included legislation establishing a budget resolution for fiscal year 2014, authorized a budget resolution for fiscal year 2015, and made other changes in law.

House Concurrent Resolution 25

On March 13, 2013, the House Committee on the Budget marked up the fiscal year 2014 concurrent resolution on the budget, H. Con. Res. 25. The report accompanying H. Con. Res. 25, House Report 113-17, was filed on March 15, 2013. The House considered H. Con. Res. 25 on March 19 through March 21, 2013. H. Con. Res. 25 passed the House on March 21, 2013, by a vote of 221-207 (Roll No. 88). On March 22, 2013, the House-passed fiscal year 2014 concurrent resolution on the budget was received in the Senate.

On October 16, 2013, Mr. Ryan (WI) asked unanimous consent the House take from the Speaker's table S. Con. Res. 8; adopt an amendment in the nature of a substitute consisting of the text of H. Con. Res. 25, as adopted by the House; adopt such concurrent resolution, as amended; insist on its amendment; and request a conference with the Senate thereon; and during the remainder of the 113th Congress, that it would not be in order to offer a motion under clause 7(c) of rule 22 with respect to S. Con. Res. 8. This unanimous consent request was agreed to without objection. The Speaker then appointed conferees (see Appendix C).

Senate Concurrent Resolution 8

On March 13 and 14, 2013, the Senate Committee on the Budget marked up the fiscal year 2014 concurrent resolution on the budget, S. Con. Res. 8. The Senate Committee on the Budget filed a committee print, S. Prt. 113-12, to accompany S. Con. Res. 8 in March 2013. The Senate considered S. Con. Res. 8 on March 20 through March 23, 2013. S. Con. Res. 8 passed the Senate on March 23, 2013. The resolution was agreed to in the Senate, as amended, by Yea-Nay Vote: 50-49 (Record Vote Number: 92).

On April 15, 2013, the Senate-passed fiscal year 2014 concurrent resolution on the budget was received in the House.

On October 16, 2013, the Senate disagreed to the House amendment to S. Con. Res. 8, agreed to the request for a conference on the fiscal year 2014 concurrent resolution on the budget, and appointed conferees. By Unanimous Consent, the Senate agreed that it would not be in order for the Senate to consider a conference report with respect to H. Con. Res. 25 or S. Con. Res. 8 if it included reconciliation instructions to raise the debt limit.

House Joint Resolution 59

On September 10, 2013, Representative Rogers (KY) introduced House Joint Resolution 59, a continuing appropriations resolution for fiscal year 2014. On September 20, 2013, House Joint Resolution 59 passed the House by recorded vote: 230-189 (Roll No. 478). The Senate then proceeded to consideration of the measure and on September 27, 2013, House Joint Resolution 59 passed the Senate with an amendment by Yea-Nay Vote: 54-44 (Record Vote Number 209). House Joint Resolution 59 was then further considered and amended in the House and subsequently received in the Senate. A motion to table the House amendments to the Senate amendment was then made and agreed to in the Senate.

On September 30, 2013, Mr. Rogers (KY) made a motion that the House recede and concur with an amendment in the Senate amendment. This motion was agreed to by recorded vote: 228-201 (Roll No. 504). A motion to table the House amendment to the Senate amendment was then made and agreed to in the Senate by Yea-Nay Vote: 54-46 (Record Vote Number: 211).

The House Committee on Rules reported a rule making it in order for the House to take House Joint Resolution 59 from the Speaker's table, with the House amendment to the Senate amendment thereto, insist on its amendment, and request a conference with the Senate thereon.

On October 1, 2013, this rule passed the House and the Speaker appointed conferees for the consideration of the Senate amendment and the House amendment and modifications. A motion to table the message from the House with respect to House Joint Resolution 59 was then made and agreed to in the Senate by Yea-Nay Vote: 54-46 (Record Vote Number: 212).

On December 12, 2013, Mr. Ryan (WI) moved the House recede and concur with an amendment to the Senate amendment to House Joint Resolution 59. This amendment comprised the text of the Bipartisan Budget Act of 2013 (BBA of 2013). This motion was agreed to by recorded vote: 332-94 (Roll No. 640). The transcript of debate in the House of Representatives on this motion to recede and concur can be found on pages H8053-H8085 of the Congressional Record (113th Congress).

On December 15, 2013, the measure was laid before the Senate by unanimous consent and Senator Reid made a motion to concur in the House amendment to the Senate amendment.

On December 17, 2013, a cloture motion on the motion to concur in the House amendment to the Senate amendment was agreed to: 67-33 (Record Vote Number: 279). A motion to table Senator Reid's motion to concur with an amendment was then made in the Sen-

ate. This motion to table was rejected by Yea-Nay Vote: 46-54 (Record Vote Number: 280). The Senate then proceeded to the consideration of the BBA of 2013 (the House amendment to the Senate amendment to House Joint Resolution 59).

On December 18, 2013, the Senate agreed to the House amendment to the Senate amendment to House Joint Resolution 59 by Yea-Nay Vote. 64-36 (Record Vote Number: 281). The transcript of debate in the Senate can be found on pages S8816, S8870, S8872-8899, and S8920-8957 of the Congressional Record (113th Congress).

The BBA of 2013 was presented to the President on December 19, 2013, signed by the President on December 26, 2013, and became Public Law 113-67.

H.R. 3547

On November 20, 2013, H.R. 3547 was introduced in the House. A House amendment to the Senate amendments to H.R. 3547 incorporated the text of the Consolidated Appropriations Act for fiscal year 2014. That bill included an amendment to the BBA of 2013 pertaining to military retirement reform.

On January 15, 2014, this House amendment to the Senate amendments was agreed to in the House by the Yeas and Nays: 359-67 (Roll No. 21). The measure was then received in the Senate and laid before the Senate by unanimous consent.

On January 16, 2014, cloture on the motion to concur in the House amendment to the Senate amendment was invoked in the Senate by Yea-Nay Vote: 72-26 (Record Vote Number: 12). The Senate then proceeded to concur in the House amendment to the Senate amendment by Yea-Nay Vote: 72-26 (Record Vote Number: 13).

On January 17, 2014, the Consolidated Appropriations Act for fiscal year 2014 was presented to and signed by the President and became Public Law 113-76.

Section by Section Description

Sec. 1. Short title and table of contents.

Subsection 1(a) provides that the short title of this Division is the “Bipartisan Budget Act of 2013”.

Subsection 1(b) sets forth the table of contents for the Division.

TITLE I—BUDGET ENFORCEMENT

SUBTITLE A—AMENDMENTS TO THE BALANCED BUDGET AND EMERGENCY DEFICIT CONTROL ACT OF 1985

Sec. 101. Amendments to the Balanced Budget and Emergency Deficit Control Act of 1985.¹

The limits on discretionary spending are established in section 251(c) of the Balanced Budget and Emergency Deficit Control Act of 1985 (BBEDCA). The limits are subdivided in each fiscal year through 2021 into two categories: revised security category and revised nonsecurity category.

The revised security category is defined to be the National Defense budget function (Function 050) which includes funding for the Department of Defense, the nuclear weapons-related work of the Department of Energy, intelligence-related activities, and the national security elements of the Departments of Commerce, Justice, Homeland Security, and several independent agencies. The Department of Defense (including the intelligence programs) usually receives over 95 percent of the budget authority in this function.

The revised nonsecurity category comprises discretionary spending not contained in the revised security category.

Subsection 101(a) amended section 251(c) of BBEDCA to increase the limits on discretionary spending for fiscal years 2014 and 2015. The revised levels for each category are shown in Table 1.

TABLE 1.—CAPS ON DISCRETIONARY BUDGET AUTHORITY

	Revised security		Revised nonsecurity	
	2014	2015	2014	2015
Current Law	\$498,082,000,000	\$512,046,000,000	\$469,391,000,000	\$483,130,000,000
Revised Cap	\$520,464,000,000	\$521,272,000,000	\$491,773,000,000	\$492,356,000,000

In addition to the limits on discretionary spending, section 251A of BBEDCA also includes a sequester of direct spending, the size of which interacts with the discretionary spending levels.

¹ On February 15, 2014, the President signed into law Public Law 113-82, which among other things extends through 2024 the mandatory sequester under section 251A of the Balanced Budget and Emergency Control Act of 1985.

Subsection 101(b) provides for the implementation of the sequester of direct spending as if the amendments in subsection 101(a) had not been made. The President is required by law to implement the sequester of direct spending ordered on April 10, 2013 (as corrected on May 20, 2013) and the one in the Sequestration Preview Report for Fiscal Year 2015 as if the amendments in subsection 101(a) had not been made.

Subsection 101(c) reduces spending by \$28 billion by requiring the President to sequester the same percentage of direct spending in 2022 and 2023 as will be sequestered in 2021.

Subsection 101(d) makes various conforming changes.

SUBTITLE B—ESTABLISHING A CONGRESSIONAL BUDGET

Sec. 111. Fiscal year 2014 budget resolution.

Subsection 111(a) establishes a congressional budget for fiscal year 2014. It does so by authorizing the Chairman of the Committee on the Budget, Representative Paul Ryan (WI), to submit for publication in the Congressional Record the relevant levels for enforcing the budget resolution as a conference report. These levels are included in this print, and may be found on page H1428 (113th Congress) of the Congressional Record.

Subsection 111(b) requires the Chairmen of the House and Senate Budget Committees to each submit for publication in the Congressional Record the allocations of budgetary resources for each congressional committee and aggregate spending and revenue levels.

These levels are enforceable for fiscal year 2014 as if included in a conference agreement on a budget resolution for that fiscal year. Consistent with the different requirements of the Congressional Budget Act of 1974 in the House and Senate, the Chairman of the Senate Committee on the Budget also published levels of revenues and outlays for Social Security. These levels may be found on page S361 (113th Congress) of the Congressional Record, as well as in Table 10 of this print.

The submissions made pursuant to this section are consistent with the discretionary spending limits established in this Act and the Congressional Budget Office's May 2013 baseline, adjusted for legislation enacted subsequent to the publication of that baseline and adjusted for the budgetary effects of this Act.

In addition, subsection 111(c) provides that in the House, the Chairman of the Budget Committee is authorized to reduce the aggregates, allocations, and other budgetary levels included in the statement required to be submitted pursuant to this section for the subsequent enactment of any additional deficit-reducing legislation during the 113th Congress.

Sec. 112. Limitation on advance appropriations in the Senate.

Section 112 provides that a vote of sixty votes would be required to waive a point of order in the Senate against appropriations in 2014 bills that would first become effective in any year after 2014, and against appropriations in 2015 bills that would first become effective in any year after 2015. It does not apply against appropriations for veterans' medical services, medical support and compli-

ance, or medical facilities, or the Corporation for Public Broadcasting. Additionally, there is an exemption for each of 2015 and 2016 of up to \$28.852 billion for programs identified in the Congressional Record. Those programs are:

LABOR, HEALTH AND HUMAN SERVICES, AND EDUCATION
APPROPRIATIONS ACT

Employment and Training Administration
Job Corps
Education for the Disadvantaged
School Improvement
Special Education
Career, Technical, and Adult Education

FINANCIAL SERVICES AND GENERAL GOVERNMENT

Payment to Postal Service

TRANSPORTATION, HOUSING AND URBAN DEVELOPMENT

Tenant-based Rental Assistance
Project-based Rental Assistance

Subsection 112(b) provides that the provisions of subsection (a) expire if a concurrent resolution on the budget for fiscal year 2015 is agreed to by the Senate and the House.

Sec. 113. Rule of construction in the House of Representatives.

Section 113 provides that H. Con. Res. 25 (113th Congress), the budget resolution for fiscal year 2014 as placed in force by H. Res. 243 (113th Congress), remains in force to the extent that its budgetary levels have not been superseded by this subtitle or further action of the House. Items that remain in force include the recommended levels contained in Title III, the reserve funds in Title IV, the estimates of direct spending in Title V, the budget enforcement matters in Title VI, and the policy statements in title VII of that concurrent resolution. This matter will remain in force until the adoption of a subsequent concurrent resolution on the budget or the end of the 113th Congress, unless they are carried into the 114th Congress by an act of the House.

Sec. 114. Additional Senate budget enforcement.

Subsection 114(a) provides for the elimination of any balances on the Senate pay-as-you-go scorecard following enactment of this Act and again for purposes of budget year 2015.

Subsection 114(b) provides for the continuance in effect of certain provisions of the fiscal year 2010 budget resolution relating to the budgetary treatment of certain discretionary expenses of certain off-budget programs; the application and effect of changes in allocations and aggregates; and adjustments to reflect changes in concepts and definitions.

Subsection 114(c) establishes in the Senate only a deficit neutral reserve fund to replace sequestration.

Subsection 114(d) places into effect certain deficit-neutral reserve funds included in S. Con. Res. 8 (113th Congress). Those provisions are listed in table 2.

Subsection 116(a) authorizes in the Senate a congressional budget for fiscal year 2015.

Subsection 116(b) provides that the chair of the Senate Committee on the Budget will submit after April 15 and no later than May 15, 2014 for publication in the Congressional Record allocations of budgetary resources for each congressional committee, aggregate spending and revenue levels, and levels of revenues and outlays for Social Security that will be enforceable as if included in a conference agreement on a budget resolution.

Subsection 116(c) provides that the submission pursuant to subsection (b) may also include reserve funds for fiscal year 2015 that are the same as those included in section 114(c) and (d) updated to cover the new budget window.

Subsection 116(d) provides that the filing referred to in subsection (b) for fiscal year 2014 will supersede the statement referred to in section 111(b).

Subsection 116(e) provides that this section will expire if a concurrent resolution on the budget for fiscal year 2015 is agreed to by the Senate and the House.

Sec. 117. Exclusion of savings from PAYGO scorecards.

Subsection 117(a) provided that the budgetary effects of this Act will not be entered on either PAYGO scorecard maintained pursuant to section 4(d) of the Statutory Pay-As-You-Go Act of 2010 (Public Law 111-139).

Subsection 117(b) provided that the budgetary effects of this Act will not be entered on any PAYGO scorecard maintained for the purposes of section 201 of S. Con. Res. 21 (110th Congress).

Sec. 118. Exercise of rulemaking powers.

This section states that the provisions of this subtitle are enacted as an exercise of the rulemaking power of each house of Congress and that each house retains its constitutional right to change such rules as they relate to that house.

SUBTITLE C—TECHNICAL CORRECTIONS

Sec. 121. Technical corrections to the Balanced Budget and Emergency Deficit Control Act of 1985.

This section corrects technical and grammatical errors in the Balanced Budget and Emergency Deficit Control Act of 1985.

Sec. 122. Technical corrections to the Congressional Budget Act of 1974.

This section corrects technical and grammatical errors in the Congressional Budget Act of 1974.

TITLE II—PREVENTION OF WASTE, FRAUD, AND ABUSE

Sec. 201. Improving the collection of unemployment insurance overpayments.

Many states used the Treasury Offset Program (TOP) to recover Unemployment Insurance (UI) debts stemming from overpayments due to fraud or failure to report earnings. However, other states are not using this tool. Section 201 amended the Social Security Act to require states to use TOP to recover the specified UI debts. States are still required to provide due process opportunities for individuals to challenge the validity of the debt, before seeking to recover the funds through TOP. This section ensures that all states will participate in TOP leading to more recovery of UI debts.

Sec. 202. Strengthening Medicaid Third-Party Liability.

By law, Medicaid is the payer of last resort for medical treatment. Section 202 affirms Medicaid's position as the payer of last resort by strengthening third-party liability to improve states' and providers' abilities to receive payments for beneficiary services, as appropriate.

Subsection 202(a) allows states to delay payment of costs for prenatal and preventive pediatric claims when third parties are responsible and allows states to collect medical child support where health insurance is available from a non-custodial parent. This au-

thorization is limited to the extent that beneficiary access to care is not negatively impacted.

Subsection 202(b) allows Medicaid to recover costs from beneficiary liability settlements. Subsection 202(c) provides that these amendments shall take effect on October 1, 2014.

Sec. 203. Restriction on access to the death master file.

The Death Master File (DMF) is a list of deceased individuals maintained by the Social Security Administration (SSA). The DMF contains the full name, Social Security Number, date of birth, and date of death for listed decedents, and it is updated weekly. This information is distributed through the Department of Commerce and is widely available on many websites for free or for a nominal fee.

Section 203 establishes a program under which the Secretary of Commerce restricts access to the information contained on the DMF for a three-year period beginning on the date of the individual's death, except to persons who are certified under a program to be established by the Secretary of Commerce. Under the program, persons who have a fraud prevention interest or other legitimate need for the information and agree to maintain the information under safeguards similar to those required of Federal agencies that receive return information, as described in section 6103(p)(4) of title 26 of the United States Code, may apply for certification. The Secretary of Commerce reviews the eligibility of applicants, examines safeguards for protecting the information and conducts audits of certified entities to assure compliance with safeguards.

As part of implementation of the required program, the Secretary of Commerce is required to establish and collect user fees sufficient to recover all costs associated with the certification program. The Secretary of Commerce is required to report both the total fees collected and the total costs of administering the certification program. The required report is to be submitted annually to both the Senate Committee on Finance and the House Committee on Ways and Means.

A penalty of \$1,000 for each disclosure or misuse of the information is imposed on any persons who improperly disclose the DMF information. A certified person in receipt of DMF information is responsible for any subsequent disclosure of such information. Even if the initial disclosure to a third party is appropriate, if that third party subsequently improperly discloses the information, the certified person is deemed to have also improperly disclosed the information.

Thus, in a case in which the improper disclosure is made by a third party who received the information from a certified person, both the certified person and the person who improperly disclosed the information are subject to the penalty. The penalty may not exceed \$250,000 per person for any calendar year, except in the case of willful disclosure. In such cases, the penalty is not limited.

The provision also brings the DMF within the scope of the exemptions available under the Freedom of Information Act to ensure that Federal agencies do not disclose the information about deceased individuals maintained by SSA or contained in the DMF, except to recipients who are certified persons.

Section 203 is effective 90 days after the date of enactment, except for the FOIA exemption, which is now effective.

Sec. 204. Identification of inmates requesting or receiving improper payments.

The Social Security Administration's (SSA) Prisoner Update Processing System (PUPS) contains all identifying information requested by the SSA and supplied by a reporting source, including the individual's name, Social Security number, date of birth, sex, date of conviction, date of confinement, inmate status code, and such other information as may be supplied or acquired by SSA during the suspension or reinstatement of retirement, survivors, or disability insurance benefits. PUPS contains Federal, State, and local prisoner data.

Subsection 204(a) expands the information the prisons are required to report to SSA to include release dates, making the system more valuable to users.

Subsection 204(b) authorizes the Commissioner of Social Security to transfer PUPS data to the Department of the Treasury on a regular basis, where it will be maintained for use by other Federal agencies. The PUPS data will help prevent prisoners from illegally receiving payments, such as unemployment compensation from the Department of Labor, and identify individuals who are filing fraudulent tax returns. This subsection also authorizes the use of PUPS data for research conducted by Federal and state agencies.

Subsection 204(c) updated the authorizing legislation for the Do Not Pay Initiative to include a requirement for agencies to query PUPS prior to certifying a Federal payment or award.

TITLE III—NATURAL RESOURCES

Sec. 301. Ultra-deepwater and unconventional natural gas and other petroleum resources.

The ultra-deepwater and unconventional natural gas and other petroleum resources program, which was created by the Energy Policy Act of 2005, is a public-private partnership that was designed to develop technologies to increase America's domestic oil and gas production and reduce U.S. dependency on foreign imports. The program utilizes a non-profit consortium to manage the research, established two federal advisory committees, and receives \$50 million per year of funding. Section 301 repealed the ultra-deepwater oil and gas research and development program and rescinded the program's remaining funds.

Sec. 302. Amendment to the Mineral Leasing Act.

Since 2010, states receiving significant payments from mineral development on Federal lands also share in the costs of administering the Federal mineral leases from which the revenue is generated. The states pay their share of the administrative costs in the form of a 2 percent deduction of monies paid to the states by the federal government. This deduction was scheduled to expire at the end fiscal year 2014. Section 302 made this deduction permanent.

Sec. 303. Approval of agreement with Mexico.

Section 303 approved the Agreement between the United States of America and the United Mexican States Concerning Transboundary Hydrocarbon Reservoirs in the Gulf of Mexico signed in February 2012 on how to explore, develop, and share revenue from hydrocarbon reservoirs that cross the international maritime boundary between the United States and Mexico in the Gulf of Mexico. Each country's legislative body is required to approve the agreement and Mexico ratified the agreement in April 2012.

Sec. 304. Amendment to the Outer Continental Shelf Lands Act.

Section 304 provided permanent authority for the Secretary of the Interior to implement the terms of any transboundary hydrocarbon agreement for the management of transboundary hydrocarbon reservoirs entered into by the President and approved by Congress. It requires any such agreement to be submitted to Congress within 180 days of any such agreement being completed. This section also allows the Secretary of the Interior to implement the Agreement between the United States of America and the United Mexican States Concerning Transboundary Hydrocarbon Reservoirs in the Gulf of Mexico. The Obama Administration signed the Agreement with Mexico in 2012 to develop energy resources bridging our international maritime boundary and that Agreement makes provision for the sharing of royalties on transboundary reservoirs, and also has very specific requirements on maintaining data confidentiality.

Sec. 305. Federal oil and gas royalty prepayment cap.

Subsection 305(a) clarifies current law by providing that if a federal lease holder pays more in royalties than the amount due, then the Secretary of the Interior shall not pay interest on any amount in excess of 110 percent of the amount due. Overpayments below the threshold continue to receive interest payments and underpayments continue to be subject to penalties. Subsection 305(b) provides that this provision is effective on July 1, 2014.

Sec. 306. Strategic Petroleum Reserve.

Subsection 306(a) prohibits the Secretary of Energy from acquiring crude oil received by the United States as payment of royalties on production from federal lands due from private sector energy producers—a practice commonly referred to as royalty-in-kind payments—for the purpose of filling the Strategic Petroleum Reserve. This section also made a technical correction by prohibiting the Secretary of Energy from acquiring crude oil produced by the federal government on federal land for the purpose of filling the Strategic Petroleum Reserve, as this practice no longer occurred. The practical effect of this section is to require that any crude oil acquired by the Secretary of Energy for purposes of filling the Strategic Petroleum Reserve is acquired using funds from the “SPR Petroleum Account” or funds appropriated by Congress.

Subsection 306(b) permanently rescinded any unobligated funds remaining in the “SPR Petroleum Account” as of the date of enactment of this legislation. This section has no bearing on any future funds deposited into the account. All future funds deposited into

the account will remain available to the Secretary of Energy, until expended, to fill the Strategic Petroleum Reserve. Funds currently in the account were deposited as a result of the 30.64 million barrels released from the Strategic Petroleum Reserve and sold in July and August of 2011.

TITLE IV—FEDERAL CIVILIAN AND MILITARY RETIREMENT

Sec. 401. Increase in contributions to Federal Employees' Retirement System for new employees.

Prior to the enactment of this Act, the typical revised annuity federal employee who participates in the Federal Employee Retirement System (FERS) was required to pay 3.1 percentage points of pay into the Civil Service Retirement and Disability Fund (CSRDF). Depending on the type of service, different employees are required to pay different amounts. Law enforcement officers, nuclear materials couriers and customs and border protection officers pay 3.6 percentage points.

Subsection 401(a) creates a new category of employees that are considered further revised annuity employees.

Subsection 401(b) requires that newly hired employees who participate in the FERS contribute an additional 1.3 percentage points of pay that began on January 1, 2014, for a total of 4.4 percentage points into the CSRDF. Other categories of employees pay 4.9 percentage points.

Subsection 401(c) requires employing agencies continue their contributions at the current level in order to pay down the deficit in the CSRDF, which at the close of fiscal year 2011 was \$761 billion. Once the unfunded liability is eliminated, agency contributions will be determined on the basis of ensuring the full normal cost of the retirement benefit is paid into the CSRDF on an accrual basis.

Subsection 401(d) ensures that certain (Members of Congress and Congressional employees) further revised annuity employees will continue to accrue benefits at the same rate as revised annuity employees.

Sec. 402. Foreign Service Pension System.

Prior to the enactment of this Act, the typical revised annuity federal employee who participates in the Foreign Service Retirement and Disability System was required to pay 3.65 percentage points of pay into the Foreign Service Pension System.

Subsection 402(a) creates a new category of foreign service employees that are considered further revised annuity employees.

Section 402(b) requires that newly hired employees who participate in the Foreign Service Retirement and Disability System (FSRDF) and the Foreign Service Pension System contribute an additional 1.3 percentage points of pay.

Subsection 402(c) requires employing agencies continue their contributions at the current level in order to pay down the deficit in the FSRDF. Once the unfunded liability is eliminated, agency contributions are determined on the basis of ensuring the full normal cost of the retirement benefit is paid into the FSRDF on an accrual basis.

*Sec. 403. Annual adjustment of retired pay and retainer pay amounts for retired members of the Armed Forces under age 62.*²

Generally, service members who have completed 20 years of service, regardless of age, are eligible for non-disability retirement with immediate commencement of retired pay. For most retirees, pay is a percentage of the highest 36 months of the service member's Basic Pay. A service member who retires after 20 years of service receives 50 percent of his or her High-36 month Basic Pay with the percentage increasing in 2.5 percent increments for each year above 20. Because service members can retire well before the normal retirement age in the private sector, most service members begin a second career after leaving the military. Section 403 provides for an annual cost of living adjustment (COLA) of inflation (measured by the Consumer Price Index) less one percentage point for adjustments starting on December 1, 2015 until the retiree reaches age 62. There is no alteration to the 2014 COLA. At age 62, the retired pay is adjusted as if the COLA had been the full CPI adjustment in all previous years. Annual COLAs for service members after age 62 are at the full CPI.

This provision does not change the cost of living adjustments for participants in the REDUX retirement system.

TITLE V—HIGHER EDUCATION

Sec. 501. Default reduction program.

Prior to the enactment of this Act, when guaranty agencies rehabilitated defaulted loans from the Federal Family Education Loan (FFEL) program, they charged borrowers 18.5 percent of the outstanding principal and interest owed on the loan at the time of sale and retained 18.5 percent of a federal default reinsurance payment. Section 501 lowers the maximum borrower collection fee to 16 percent and requires the agency to return 100 percent of the federal default reinsurance payment, beginning on July 1, 2014. Moreover, it enables guaranty agencies to transfer rehabilitated loans to the Department of Education if they are unable to find a FFEL lender to purchase the loan. These steps make the compensation earned by guaranty agencies comparable to the compensation earned by the Department of Education's private sector contractors that rehabilitate defaulted FFEL and Direct Loan program loans held by the Department. It also lowers costs to borrowers as collection fees are typically added to the loan balance when rehabilitated.

Sec. 502. Elimination of nonprofit servicing contracts.

In 2010, as part of the Health Care and Education Reconciliation Act (HCERA), Congress eliminated the guaranteed student loan program. Anticipating the need for increased student loan servicing capacity, in 2009, the Department of Education awarded perform-

²This section was amended by section 10001 of Division C of the Consolidated Appropriations Act, 2014 (Public Law 113-76). A description of section 10001 and the relevant legislative text can be found on pages 25 and 257 of this Committee Print, respectively. On February 15, 2014, the President signed into law Public Law 113-82, which among other things provides that the changes made in section 403 of the Bipartisan Budget Act of 2013 apply only to those service members who first became members on or after January 1, 2014.

ance-based contracts to four entities to service its portfolio of federal student loans, including those made under the Direct Loan program. During debate of HCERA, Congress established a special carve-out for non-profit firms to service student loans. The law required the Department to award at least 100,000 borrower loan accounts to each eligible non-profit servicer, and the law set aside mandatory funding for this purpose. In contrast, the for-profit servicers selected by the Department of Education on a performance basis were, and continue to be, paid with discretionary dollars. Section 502 eliminated the carve-out for non-profit servicers and requires them to be paid with discretionary dollars. See Appendix A for explanation of Congressional intent related to the impact of this section.

TITLE VI—TRANSPORTATION

Sec. 601. Aviation security service fees.

Prior to September 11, 2001, airlines paid for and carried out passenger and baggage security screening. With the formation of the Transportation Security Administration (TSA) came a mandate to substantially increase and coordinate aviation security procedures, and TSA screeners were deployed to airports across the country. To offset the cost of aviation security operations, the Aviation and Transportation Security Act instituted aviation passenger security fees, which were to cover the costs of security operations including technology, salaries and benefits of screeners, the air marshals program, Federal Security Managers, capital improvements, and other functions. TSA receives approximately \$2 billion a year in offsetting collections under current law through air carrier and aviation passenger security fees. These fees cover about 30 percent of the agency's aviation security costs.

The aviation passenger security fee was initially established at a charge of \$2.50 per enplanement with a maximum one-way trip fee of \$5.00 (a passenger taking a non-stop flight paid a total of \$2.50, while a passenger with at least one connecting flight paid \$5.00).

Section 601 simplifies the fee structure to a flat, \$5.60 fee per one-way trip, regardless of the number of enplanements. It also eliminates the Aviation Infrastructure Security Fee (ASIF) charged to air carriers. This fee structure allows TSA to offset approximately 43 percent of its aviation security costs.

Section 601(a) repeals the ASIF that is currently imposed on air carriers, effective October 1, 2014.

Section 601(b) restructured the aviation passenger security fee to make it a \$5.60 per one-way trip charge, which is \$.60 above the current maximum fee.

Section 601(c) requires receipts in excess of the \$250,000,000 deposited annually into the Aviation Security Capital Fund be deposited in the general fund of the Treasury to partially defray the cost to the taxpayer of providing these services.

Section 601(d) provides that the fee structure shall be changed effective July 1, 2014.

Section 601(e) provides that nothing in this section effects the availability of funds in the Checkpoint Screening Security Fund.

Sec. 602. Transportation cost reimbursement.

U.S. agencies are required to transport 50 percent of equipment, materials, and commodities shipped to foreign countries on vessels registered in the U.S., which is generally more expensive than foreign flag shipping. Food aid sent by the Department of Agriculture (USDA) and the U.S. Agency for International Development (USAID) to foreign countries is not exempt from this requirement, making this international assistance more costly than it would otherwise be. When shipping expenses for food aid exceed 20 percent of total program cost (the value of commodities plus shipping expenses) in a given fiscal year, the Maritime Administration (MARAD) must reimburse USDA and USAID by the dollar amount above 20 percent. Section 602 eliminates the reimbursements from MARAD.

Sec. 603. Sterile areas at airports.

The Transportation Security Administration (TSA) screens airline passengers when they enter the secured boarding area (officially, “sterile area”) of all airports and monitors passengers as they exit from the secured boarding area at some airports. Funding for this activity is provided in part by security fees charged to passengers and air carriers. Earlier this year, TSA announced that, beginning in January 2014, all airport operators will be responsible for monitoring all passengers as they leave sterile areas. This responsibility imposed new cost on some airports. Section 603 requires TSA to continue monitoring airport exit lanes at airports currently receiving this service.

TITLE VII—MISCELLANEOUS PROVISIONS

Sec. 701. Extension of customs user fees.

Section 701 extends the user fees collected by the Department of Homeland Security’s Bureau of Customs and Border Protection (CBP) through 2023. There are nine different conveyance and passenger user fees and a merchandise processing fee collected by the CBP. The conveyance and passenger user fees were first established by the Consolidated Omnibus Budget Reconciliation Act (COBRA) of 1985. Prior to the enactment of this Act, customs user fees would have expired after 2021.

Sec. 702. Limitation on allowable government contractor compensation costs.

Since the 1990s, federal law has placed a limit on the amount of contractor employees’ compensation costs that is allowed to be charged on federal government contracts. Compensation costs can include many elements, such as salary, bonuses, stock options, and employer contributions to pension plans, although under federal law and the Federal Acquisition Regulation (FAR), contractors are only allowed to charge some elements of compensation to federal government contracts. This cap, currently set at \$952,308, has increased in real terms by 95 percent since this approach was first used in 1998. The formula used by the Office of Federal Procurement Policy before the enactment of this Act was flawed, as it resulted in an escalation of \$611,658, or nearly 180 percent (in nomi-

nal terms), in the 15 years following the year in which the compensation cap was established in law.

Subsection 702(a) amended section 4304(a)(16) of title 41 United States Code, and section 2324(e)(1)(P) of title 10, United States Code, by replacing the statutory benchmark compensation formula used to determine the amount of contractor compensation considered an allowable cost for a federal contract, with a cap of \$487,000. It also limited additional changes to this level to the U.S. Bureau of Labor Statistics Employment Cost Index for all workers. This subsection also provided for one or more narrowly targeted exceptions for scientists, engineers, or other specialists upon a determination that such exceptions are needed to ensure that the executive agency has continued access to needed skills and capabilities.

Subsection 702(b) repealed the authority of the Office of Management and Budget to annually determine the allowable compensation costs.

Subsection 702(c) requires the limitation in subsection (a) to only apply to contracts entered into on or after 180 days after the enactment of this Act.

Subsection 702(d) requires the Director of the Office of Management and Budget to report annually to Congress on the use of the statutory exceptions to the limitation in subsection (a).

Subsection 702(e) requires a report from the Secretary of Defense and the Director of the Office of Management and Budget on alternative benchmarks and industry standards for compensation.

Sec. 703. Pension Benefit Guaranty Corporation premium rate increases.

The Pension Benefit Guaranty Corporation (PBGC) consists of two insurance programs: one for multiemployers and the other for single employers. These two programs protect the defined-benefit pensions of nearly 44 million participants. Since fiscal year 2002, PBGC has ended each fiscal year with a deficit. PBGC faces a \$36 billion deficit, which may leave the Corporation incapable of fulfilling its insurance obligations, resulting in cuts to benefits or lead to a transfer from the General Fund of the Treasury. Changes in this section apply to the single employer insurance program.

Each sponsor of a pension plan insured by PBGC's single employer insurance program pays annual premiums. PBGC collects three types of premiums: (1) a flat-rate, per participant premium, (2) a variable-rate premium, based on the dollar amount of a plan's underfunding, and (3) a per-participant premium, payable for three years after a defined-benefit pension plan terminates.

Before the enactment of this Act, the flat-rate premium of \$42 per participant would have increased to \$49 in 2014 and increased with the growth in wages thereafter. Plans that do not have enough assets set aside to pay 100 percent of the promised benefits are considered underfunded. The sponsors of underfunded defined-benefit plans pay the variable-rate annual premium of \$9 per \$1,000 of underfunding. Beginning in 2014, the variable-rate premium would have been indexed to increase by the average wage index. Plans that terminate their defined-benefit pension plans under certain conditions are liable for a termination premium of \$1,250 per plan participant per year for three years.

Section 703 increased both flat-rate premiums and variable-rate premiums to reduce the deficit of the PBGC.

Subsection 703(a) increased the flat-rate premium to \$57 for plan year 2015 and to \$64 for plan year 2016.

Subsection 703(b) indexed the flat-rate premiums to the growth in wages after plan year 2016.

Subsection 703(c) increased the variable-rate premium by \$5 in plan year 2015 and an additional \$5 in plan year 2016.

Subsection 703(d) made conforming changes ensuring the variable-rate premiums would then be indexed to the growth in wages after plan year 2016. This subsection also increased the variable-rate premium cap to \$500 beginning for plan years beginning after 2015.

Subsection 703(e) requires these provisions be effective for plan years beginning after December 31, 2013.

Sec. 704. Cancellation of unobligated balances.

The Department of Justice Asset Forfeiture Fund was established by the Comprehensive Crime Control Act of 1984 (Public Law 98-473) to seize and collect the proceeds of criminal activities. The fund uses the proceeds of forfeited assets—through a permanent, indefinite appropriation—to cover the costs of carrying out forfeiture activities. Annual Fund receipts are usually in excess of program needs, resulting in a large unobligated balance from year to year. A renewed emphasis on fraud and financial crime cases resulted in average annual outlays of nearly \$1.5 billion since 2007, with collections during that time ranging from \$1.6 billion in 2007 to \$4.2 billion in 2012.

Subsection 704(a) permanently canceled \$693 million of this balance.

The Treasury Forfeiture Fund (TFF) supports participating Treasury Department and Homeland Security agencies in the use of asset forfeiture to disrupt and dismantle criminal enterprises and deter criminal activity. The focus of the TFF program is customs enforcement, whereas the Department of Justice Asset Forfeiture Fund specifically combats money laundering and fraud. The TFF collects cash and the proceeds of property forfeited pursuant to customs laws. TFF funds are available to cover costs related to seizures and forfeitures and certain other law enforcement activities. Annual TFF receipts are usually in excess of program needs, resulting in large unobligated balances from year to year. Program outlays have been about 70 percent of program receipts and collections over the past 5 years.

Subsection 704(b) permanently canceled \$867 million of these balances.

Sec. 705. Conservation planning technical assistance user fees.

The Department of Agriculture's Natural Resources Conservation Service (NRCS) provides technical assistance for the development of individualized, site-specific conservation plans and the establishment of measures to conserve soil and water, including farm irrigation, flood prevention, and agricultural pollution control. The technical assistance provided to agricultural landowners and operators

varies depending upon the complexity of the soil or water conservation resource concern.

Subsection 705(a) authorizes NRCS to prescribe and collect fees of up to \$150 per conservation plan to cover some of the costs of providing technical assistance for completing a conservation plan for a producer or landowner. This section authorizes the Secretary of Agriculture to waive fees for assistance provided to members of historically underserved groups, such as beginning farmers or ranchers, limited resource farmers or ranchers, and socially disadvantaged farmers or ranchers. Fees also could be waived by the Secretary for assistance provided to USDA program participants seeking to maintain payment eligibility under Section 1212 of the Food Security Act of 1985, or to comply with local, state, or Federal regulatory requirements.

Subsection 705(b) establishes a Conservation Technical Assistance Fund to receive the fees authorized in subsection (a). Monies deposited in the fund are available only pursuant to future appropriations.

Sec. 706. Self plus one coverage.

The law governing the Federal Employees Health Benefits Program (FEHBP), as originally enacted in 1959, only allows for employees to enroll as individuals (“self only”) or as a family (“self and family”). Section 706 modernizes the FEHBP to include a “self plus one” enrollment tier. This section aligns the FEHB Program with the commercial market and serves to spread costs across different enrollment types.

DIVISION B—MEDICARE AND OTHER HEALTH PROVISIONS

Sec. 1001. Short title; table of contents.

Subsection 1001(a) provides that the short title of this Division is the “Pathway for SGR Reform Act of 2013”.

Subsection 1001(b) sets forth the table of contents for the Division.

TITLE II—OTHER HEALTH PROVISIONS

* * * * *

Sec. 1205. Realignment of the Medicare sequester for fiscal year 2023.

This section further amends the direct spending sequester in section 101(d)(2)(C) of section 251A of the Balanced Budget and Emergency Deficit Control Act of 1985, extended to fiscal years 2022 and 2023 by section 101(c) of the Bipartisan Budget Act of 2013, Division A of this Act. The section increases the amount of the sequester for the first six months of fiscal year 2023 to 2.90

percent and decreases it to 1.11 percent for the second six months of that fiscal year.

Section by Section Description

The Consolidated Appropriations Act for fiscal year 2014, Public Law 113-76, as enacted, has several short titles. This section by section concentrates on Division C, the Department of Defense Appropriations Act, 2014, which included a provision that amended section 403 of the Bipartisan Budget Act of 2013.

Sec. 1. Short Title.

This section establishes the short title of this Act as the “Consolidated Appropriations Act, 2014”.

**TITLE X—MILITARY DISABILITY RETIREMENT AND SURVIVOR
BENEFIT ANNUITY RESTORATION**

Sec. 10001. Inapplicability of annual adjustment of retired pay for members of the Armed Forces under the age of 62 under the Bipartisan Budget Act of 2013 to members retired for disability and to retired pay used to compute certain survivor benefit plan annuities.

Section 10001(a) amends 10 U.S.C. 1401a (as amended by the Bipartisan Budget Act) to exempt Chapter 61 retirees and Survivors Benefit Plan annuitants from the reduced cost-of-living adjustment for retirees under age 62 that will go into effect with the December 2015 COLA pursuant to section 403 of the Bipartisan Budget Act.

Section 10001(b) clarifies that the reduced cost-of-living adjustment for retirees under age 62 shall not have the effect of reducing Combat-Related Special Compensation or concurrent receipt of VA disability compensation. It also clarifies that the reduced COLA cannot cause a pay inversion.

Section 10001(c) provides that this provision takes effect on December 1, 2015, when the Bipartisan Budget Act changes become effective.

Section 10001(d) provides that the budgetary effects of this change (\$573 million in increased spending over 10 years) not be entered onto the pay-as-you-go scorecards. This provision is a correction to the Bipartisan Budget Act of 2013, the budgetary effects of which were not entered onto the scorecards. Therefore to main-

tain consistent treatment, this provision is accorded the same treatment with respect to the PAYGO scorecards.

AGGREGATES, ALLOCATIONS, AND OTHER BUDGETARY LEVELS OF THE
FISCAL YEAR 2014 BUDGET RESOLUTION

Mr. RYAN of Wisconsin: Mr. Speaker, section 111 of the Bipartisan Budget Act of 2013, Public Law No: 113-67, which established a concurrent resolution on the budget for fiscal year 2014, requires the chairs of the House and Senate Budget Committees to submit for printing in the Congressional Record committee allocations, aggregates, and other budgetary levels for fiscal year 2014.

Pursuant to section 111 of the Bipartisan Budget Act of 2013, I hereby submit for printing in the Congressional Record: (1) an allocation for fiscal year 2014 for the House Committee on Appropriations, (2) allocations for fiscal years 2014 and 2014 through 2023 for committees other than the Committee on Appropriations, (3) aggregate spending levels for fiscal year 2014, and (4) aggregate revenue levels for fiscal years 2014 and 2014 through 2023.

In the case of allocations for committees other than the Committee on Appropriations and for the revenue aggregates, the levels shall be set consistent with the Congressional Budget Office's May 2013 baseline, adjusted to account for the budgetary effects of the Bipartisan Budget Act of 2013 and other legislation enacted since the release of the May 2013 baseline. In other words, in these instances, the new allocations and levels are set equal to the updated May baseline.

Associated tables are attached. These committee allocations, aggregates, and other budgetary levels are made for the purposes of enforcing titles III and IV of the Congressional Budget Act of 1974, and other budgetary enforcement provisions.

If there are any questions on these committee allocations, aggregates, and other budgetary levels please contact Paul Restuccia, Chief Counsel of the Budget Committee, at 202-226-7270.

Sincerely,

PAUL D. RYAN of Wisconsin, *Chairman,*
House Budget Committee.

Senate Tables

Senator Murray (WA) submitted the following statement of committee allocations, aggregates, and other budgetary levels for fiscal year 2014 for the Congressional Record as required by section 111 of the Bipartisan Budget Act of 2013. This statement can be found on pages S361-363 of the Congressional Record (113th Congress).

Publication of Budgetary Material—(Senate—January 15, 2014)

SUBMISSION OF COMMITTEE ALLOCATIONS, BUDGET AGGREGATES, PAY-AS-YOU-GO SCORECARD, AND LIST OF ADVANCE APPROPRIATIONS PURSUANT TO SECTIONS 111, 112, AND 114 OF THE BIPARTISAN BUDGET ACT OF 2013

Ms. MURRAY. Mr. President, the Bipartisan Budget Act of 2013, which Congress passed last month, provides relief to families and the economy from the harmful effects of sequestration, more than offsetting the costs of providing that relief with savings elsewhere in the federal budget. In addition to those changes, the Bipartisan Budget Act also establishes a Congressional Budget for 2014 and, if necessary, for 2015, authorizing the Chairmen of the Senate and House Budget Committees to file allocations, aggregates, and levels in the Senate and the House for budget year 2014.

Specifically, to provide for continued enforcement in the Senate, section 111 requires the Chairman of the Budget Committee to file: (1) an allocation for fiscal year 2014 for the Committee on Appropriations; (2) allocations for fiscal years 2014, 2014 through 2018, and 2014 through 2023 for committees other than the Committee on Appropriations; (3) aggregate spending levels for fiscal year 2014; (4) aggregate revenue levels for fiscal years 2014, 2014 through 2018, and 2014 through 2023; and (5) aggregate levels of outlays and revenue for fiscal years 2014, 2014 through 2018, and 2014 through 2023 for Social Security.

In the case of the Committee on Appropriations for 2014, the allocation shall be set consistent with the discretionary spending limits set forth in the Bipartisan Budget Act, which imposes limits on the amount of budget authority that can be provided under both the revised security category and the revised nonsecurity category.

Both the discretionary spending limits and the allocation to the Committee on Appropriations can be revised for certain adjustments specifically authorized under the Budget Control Act of 2011. H.R. 3547, the Consolidated Appropriations Act, 2014, which the Senate will soon consider, includes several such adjustments. Consistent with the funding levels included in H.R. 3547, I am incorporating into the allocation to the Committee on Appropriations adjustments for overseas contingency operations and the global war on terrorism, disaster funding, and the program integrity initiative in the area of continuing disability reviews. I am also adjusting for a change in outlays previously designated as an emergency requirement. These adjustments are authorized by section 251 of the Balanced Budget and Emergency Deficit Control Act of 1985, as modified by section 101 of the Budget Control Act, and by section 314(a) of the Congressional Budget Act.

In the case of allocations for committees other than the Committee on Appropriations and for the revenue and Social Security aggregates, the levels shall be set consistent with the Congressional Budget Office's May 2013 baseline, adjusted to account for the budgetary effects of the Bipartisan Budget Act and other legislation enacted since the release of the May 2013 baseline. In other words, in these instances, the new allocations and levels are set equal to the updated May baseline.

In the case of the spending aggregates for 2014, the levels shall be set in accordance with the allocation for the Committee on Appropriations and the allocations for committees other than the Committee on Appropriations, as described previously.

Section 114 directs the Chairman of the Budget Committee also to reset the Senate pay-as-you-go scorecard to zero for all fiscal years. Pursuant to section 114, those revisions occurred immediately upon enactment of the Bipartisan Budget Act. I am now notifying the Senate and including the revised scorecard as part of the submission on revised enforcement for budget year 2014.

Finally, section 112 of the Bipartisan Budget Act establishes a point of order in the Senate against appropriations bills that provide advance appropriations. That Act includes limited exceptions to this prohibition including up to \$28.852 billion in

advance appropriations for programs, projects, activities, or accounts included in a statement submitted by the Chairman of the Budget Committee in the Congressional Record. Pursuant to section 112, the list of allowable advance appropriations subject to the limit is as follows:

ACCOUNTS IDENTIFIED FOR ADVANCE APPROPRIATIONS

Labor, Health and Human Services, and Education:

Employment and Training Administration
 Job Corps
 Education for the Disadvantaged
 School Improvement
 Special Education
 Career, Technical, and Adult Education

Financial Services and General Government:

Payment to Postal Service

Transportation, Housing and Urban Development:

Tenant-based Rental Assistance
 Project-based Rental Assistance

Mr. President, my counterpart, the Chairman of the House Budget Committee, Congressman Ryan, similarly is filing allocations, aggregates, and levels in the House. The two filings will allow the House and the Senate to extend budget enforcement measures for 2014, an important principle of the bipartisan deal that Chairman Ryan and I agreed to last month.

I ask unanimous consent that the following tables detailing enforcement in the Senate for budget year 2014, including new committee allocations, budgetary and Social Security aggregates, as well as adjustments to those levels, and the pay-as-you-go scorecard, be printed in the RECORD.

CONGRESSIONAL BUDGET OFFICE COST ESTIMATE
DECEMBER 11, 2013

BIPARTISAN BUDGET ACT OF 2013

As posted on the website of the House Committee on Rules on December 10, 2013

SUMMARY

The legislation, offered as an amendment to H.J. Res. 59, the Continuing Appropriations Resolution, 2014, would revise the limits on discretionary appropriations for fiscal years 2014 and 2015, allowing for higher levels of funding in those years than is allowed under the caps and budget enforcement procedures in current law. CBO estimates that, if appropriations for 2014 and 2015 equaled the revised limits, discretionary outlays would be roughly \$62 billion higher over the 2014-2023 period than if appropriations for those years equaled the limits in current law. (Nearly \$48 billion of the anticipated increase in discretionary outlays would occur in 2014 and 2015.)

The legislation also would make several changes in programs that are not funded through annual appropriations, as well as a few changes that would affect federal revenues. In addition, the bill would extend across-the-board cuts (known as sequestration) in certain direct spending programs for an additional two years—2022 and 2023—beyond the period during which sequestration will apply under current law; those additional cuts would be the same percentage of spending required under current law for 2021. CBO and the staff of the Joint Committee on Taxation (JCT) estimate that, in total, those provisions would reduce direct spending by about \$78 billion and increase revenues by about \$7 billion over the 2014-2023 period. Thus, the legislation's changes in direct spending and revenues would reduce deficits by roughly \$85 billion over the next 10 years. Some of those changes also would affect discretionary spending, but such changes would be subject to appropriation and limited under the caps on annually appropriated funding.

Although enacting the legislation would affect direct spending and revenues, pay-as-you-go procedures do not apply because the legislation specifies that its budgetary effects shall not be entered onto the scorecards maintained under the Statutory Pay-As-You-Go Act of 2010.

The legislation contains no intergovernmental mandates as defined in the Unfunded Mandates Reform Act (UMRA). It would impose private-sector mandates as defined in UMRA on airline passengers, sponsors of defined-benefit pension plans, and users of customs services. CBO estimates that the cost of the mandates would total more than \$1 billion in fiscal year 2015 and more than \$2 billion annually be-

*An identical letter was sent to Senator Murray.

ginning in fiscal year 2016. Thus, the aggregate cost of mandates would significantly exceed the annual threshold established in UMRA for private-sector mandates (\$150 million in 2013, adjusted annually for inflation) during the first five years that the mandates are in effect.

Section 204 of the legislation would amend portions of the Social Security Act that relate to the Old-Age, Survivors, and Disability Insurance programs under title II of the Social Security Act. UMRA excludes from its application any legislation that applies to those provisions of the Social Security Act. Consequently, CBO has not reviewed section 204 for mandates.

ESTIMATED IMPACT ON THE FEDERAL BUDGET

The estimated budgetary impact of the Bipartisan Budget Act of 2013 is summarized in Table 1. (Details for the estimates of effects on direct spending and revenues are provided in Table 2, attached at the end of this cost estimate.) The effects of this legislation fall within several budget functions, including those covering defense, natural resources, transportation, education, health care, and income security.

 a. In addition to the effects on direct spending and revenues, some provisions of the legislation would affect spending subject to appropriation, which is controlled by annual caps on such discretionary funding. Those additional effects are not included in these rows.
 b. Positive numbers denote an increase in revenues.

BASIS OF ESTIMATE

The legislation would allow for greater spending subject to appropriation than is allowed under current law by increasing the caps on new discretionary funding in fiscal years 2014 and 2015 (see the Memorandum section of Table 1).

The legislation also would directly affect budget deficits by changing provisions related to direct spending programs and by amending the Internal Revenue Code. Some of those changes also would affect discretionary spending, but such changes would be subject to appropriation and limited under the caps on annually appropriated funding.

Title I—Budget Enforcement

The Bipartisan Budget Act of 2013 would increase the caps on discretionary budget authority—that is, the caps on new annual appropriations—for fiscal years 2014 and 2015. For 2014, the caps on defense and nondefense funding would each be about \$22 billion higher than the current caps (which include the effects of the automatic spending reductions described in the Budget Control Act of 2011).³ For 2015, the defense and nondefense caps would each be raised by about \$9 billion. CBO estimates that, if appropriations for 2014 and 2015 equaled the revised limits, discretionary outlays would be roughly \$62 billion higher over the 2014-2023 period than if appropriations for those years equaled the limits in current law.

The legislation also would extend the automatic spending reductions applied to certain mandatory spending accounts through 2023 (those reductions are currently in effect through 2021). The legislation would require that the sequestration percentage applied to nonexempt mandatory accounts in 2021 be continued and applied in the same manner in 2022 and 2023. CBO estimates that extending those spending reductions for nonexempt mandatory programs for two additional years would decrease direct spending by \$28 billion over the 2022-2023 period.

In addition, the legislation would make some changes in the Congressional budget process related to adoption of the budget resolution and budget enforcement within the House of Representatives and the Senate. Those changes would not, by themselves, have a direct budgetary impact, but they could affect Congressional decisions about budget-related legislation in 2014 and future years.

Title II—Prevention of Waste, Fraud, and Abuse

The legislation would enhance the ability of states and the federal government to reduce certain payments (including some that stem from fraud) and increase recoveries of overpayments. In total, CBO estimates that enacting title II would reduce direct spending by about \$1.9 billion and increase revenues by \$0.6 billion over the 2014-2023 period. The proposed changes would:

- Require states to use the Treasury Offset Program (TOP) to recover overpayments of unemployment compensation. Under current law, states may use TOP, but are not required to do so.
- Enable states to avoid paying for prenatal and preventive pediatric claims when a third party is liable for such payments. The legislation also would give states additional time to collect payments in cases involving medical child support and allow states to recover payments from certain liability settlements, thereby reducing net direct spending for Medicaid.
- Restrict access to the Death Master File maintained by the Social Security Administration, which includes information that might be used by individuals to file fraudulent tax returns or submit fraudulent claims to Medicare.
- Expand the data on inmates that are available to the Department of Treasury, which would result in higher revenue collections and lower payments for refundable tax credits.

Three of those four provisions would affect both direct spending and revenues, producing budgetary savings in both of those categories. The provision for Medicaid third-party liability would affect only direct spending.

Title III—Natural Resources

Title III would make various changes to federal oil and gas programs that would reduce spending by \$4.5 billion over the 2014-2023 period, CBO estimates. Title III would:

³The Budget Control Act of 2011 (Public Law 112-25) established an initial set of caps on annual discretionary funding as well as a set of lower caps (for 2014 through 2021) that were triggered by the failure of the Joint Select Committee on Deficit Reduction to achieve a targeted amount of deficit reduction. The lower caps are currently in place through 2021; the legislation would increase those caps for 2014 and 2015, and leave the caps unchanged for other years through 2021.

- Repeal provisions in the Energy Policy Act of 2005 that authorized direct spending through fiscal year 2014 for research on the development of certain oil and gas resources.
- Reduce the amount of payments made to states under the Mineral Leasing Act, which requires the federal government to make payments to states based on the proceeds from mineral leasing activities on federal lands.
- Approve an agreement between the United States and Mexico regarding oil and gas resources near the international border in the Gulf of Mexico and establish procedures for implementing future agreements affecting such border areas.
- Amend the procedures used to determine the amount of interest that may be paid on overpayments of oil and gas royalties from federal leases.
- Permanently rescind the unobligated balances currently available for purchase of oil for the Strategic Petroleum Reserve (SPR) and repeal the authority of the SPR program to acquire oil using royalty-in-kind payments from companies that develop oil and gas resources under federal leases.

Title IV—Federal Civilian and Military Retirement

The bill would make several changes to retirement benefits for employees of federal agencies. In total, CBO estimates that enacting title IV would reduce spending by \$6.2 billion and increase revenues by \$6.0 billion, respectively, over the 2014-2023 period. Specifically, title IV would:

- Increase the contribution rate that federal employees, including those covered under the Foreign Service Retirement System, pay toward their future retirement benefit (such contributions are considered revenues to the Treasury). The legislation would increase contributions by 1.3 percent of pay for federal employees that begin service on or after January 1, 2014.
- Reduce the annual cost-of-living adjustment (COLA) for military retirees under the age of 62 by 1 percent. Monthly retired pay for those individuals would be readjusted upward at age 62 as if the COLA reduction had not taken place and retirees would receive full annual COLAs thereafter.

The COLA provision also would reduce discretionary accrual payments to the Military Retirement Fund over the 2015-2023 period. While such payments count against discretionary amounts allocated to the Department of Defense as part of the annual appropriations process, they are intragovernmental transactions, and do not result in outlays from the government. If, within the discretionary caps, the reduction in accrual payments makes possible an offsetting increase in other appropriations, the net effect would be an increase in outlays—because an intragovernmental payment would be replaced by spending that goes outside the government.

Title V—Higher Education

CBO estimates that enacting title V would reduce direct spending by \$5.1 billion over the 2014-2023 period by amending the Higher Education Act of 1965. Those changes would:

- Eliminate the share of outstanding guaranteed student loan amounts that guaranty agencies are permitted to retain when they rehabilitate defaulted loans, increasing the share that is returned to the federal government; and reduce the maximum fee that a guaranty agency can charge borrowers to cover the administrative costs of collections for loans being rehabilitated.
- Eliminate mandatory payments, authorized through 2019, to nonprofit organizations that service student loans. Although this provision would reduce direct spending by an estimated \$3.1 billion over the 2014-2023 period, those loans would still need to be serviced. As a result, CBO estimates that implementing this provision would require additional discretionary appropriations of roughly the same magnitude as the mandatory funding that would be eliminated.

Title VI—Transportation

Title VI would amend provisions of the Aviation and Transportation Security Act pertaining to security-related fees and would repeal a current requirement for compensation related to shipping of food aid. Together, those provisions would reduce direct spending by \$13.4 billion over the 2014-2023 period. This title would:

- Increase security-related fees charged to air passengers and repeal other fees paid by air carriers, resulting in an overall net increase in fees. It would amend current law to direct the Transportation Security Administration (TSA) to collect a specified portion of such fees, without further appropriation, which would be recorded as offsetting receipts—a credit against direct spending. (The remaining portion of TSA fees would continue to be subject to appropriation action.)
- Repeal the requirement that the Maritime Administration pay certain costs to compensate the Department of Agriculture to transport food aid on ships registered in the United States rather than ships registered in other countries.

Title VII—Miscellaneous Provisions

Title VII would make changes affecting customs fees, pensions, and health care for federal employees, among other things. CBO and JCT estimate that those provisions would reduce direct spending by \$19.3 billion over the 2014-2023 period.

- Section 701 would extend the authority of Customs and Border Protection (within the Department of Homeland Security) to collect certain fees. That authority, which is set to expire in October of 2021, would be extended through fiscal year 2023.

- Section 703 would raise rates for both variable and flat rate premiums paid by sponsors of defined benefit pension plans to the Pension Benefit Guaranty Corporation, and increase the cap on the variable rate premium.

- Section 704 would permanently cancel authority to spend certain unobligated balances from the Treasury Forfeiture Fund and the Assets Forfeiture Fund.

- Section 705 would establish a fee to offset the cost to the U.S. Department of Agriculture of providing conservation assistance to owners of private lands.

- Section 706 would add a two-person “self plus one” coverage option for federal employees and retirees under the Federal Employees Health Benefits (FEHB) program. CBO estimates that option would be priced below the “self plus family” option currently available. However, the “self plus family” option would become more costly than under current law because the average number of people covered by policies of that type would rise. CBO expects that federal retirees would be more likely than active federal employees to switch to “self plus one” policies. As a result, the average cost of FEHB policies for federal retirees would be lower than under current law, and the average cost of FEHB policies for active federal employees would be higher than under current law.

The provision would reduce direct spending because the government contribution for health benefits for federal retirees is classified as direct spending. On the other hand, implementing the provision would increase spending subject to appropriation, assuming appropriation of the necessary funds, because the government contribution for health benefits for active federal employees is classified as discretionary spending.

PAY-AS-YOU-GO CONSIDERATIONS

The Statutory Pay-As-You-Go Act of 2010 establishes budget-reporting and enforcement procedures for legislation affecting direct spending or revenues. Although enacting the legislation would affect both direct spending and revenues, pay-as-you-go procedures do not apply because the legislation specifies that its budgetary effects shall not be entered onto the scorecards maintained under the Statutory Pay-As-You-Go Act.

INTERGOVERNMENTAL AND PRIVATE-SECTOR IMPACT

The legislation contains no intergovernmental mandates as defined in the Unfunded Mandates Reform Act. It would, however, impose mandates on private entities by increasing or extending some government fees. The legislation would increase the fee paid by airline passengers for security services and increase insurance premiums paid by sponsors of defined-benefit pension plans to the Pension Benefit Guaranty Corporation.

CBO estimates that the cost of those mandates would total more than \$1 billion in fiscal year 2015 and more than \$2 billion annually beginning in fiscal year 2016. The legislation also would extend through fiscal year 2023 the customs users fees that are set to expire in October of 2021 under current law. The cost of the mandate to users of customs services would exceed \$3 billion in each of fiscal years 2022 and 2023. Consequently, the aggregate cost of the mandates in the legislation would significantly exceed the annual threshold established in UMRA for private-sector mandates (\$150 million in 2013, adjusted annually for inflation).

 Estimates assume enactment near the end of calendar year 2013, and are relative to CBO's May 2013 baseline.
 a. Section 403 would also reduce discretionary accrual payments to the Military Retirement Fund by about \$8 billion over the 2015-2023 period. If, within the discretionary caps, the reduction in accrual payments makes possible an offsetting increase in other appropriations, the net effect would be an increase in outlays—because an intragovernmental payment would be replaced by spending that goes outside the government.
 b. Section 502 would eliminate mandatory payments to nonprofit organizations that service student loans but would not change the need for loan servicing. Because the Department of Education would still need to make those payments to loan servicers, CBO estimates that this provision would result in additional appropriations that would be roughly the same magnitude as the mandatory funding that is being eliminated.

In the House, the chair of the Committee on the Budget may revise the allocations, aggregates, and other appropriate levels in this concurrent resolution for the budgetary effects of any bill or joint resolution, or amendment thereto or conference report thereon, that repeals all or part of the decreases in Medicare spending included in the Patient Protection and Affordable Care Act or the Health Care and Education Reconciliation Act of 2010, if such measure would not increase the deficit for the period of fiscal years 2014 through 2023.

In the House, the chair of the Committee on the Budget may revise the allocations, aggregates, and other appropriate levels in this concurrent resolution for the budgetary effects of any bill or joint resolution, or amendment thereto or conference report thereon, that includes provisions amending or superseding the system for updating payments under section 1848 of the Social Security Act, if such measure would not increase the deficit for the period of fiscal years 2014 through 2023.

SEC. 409. IMPLEMENTATION OF A DEFICIT AND LONG-TERM DEBT REDUCTION AGREEMENT.

In the House, the chair of the Committee on the Budget may revise the allocations, aggregates, and other appropriate levels in this concurrent resolution to accommodate the enactment of a deficit and long-term debt reduction agreement if it includes permanent spending reductions and reforms to direct spending programs.

TITLE V—ESTIMATES OF DIRECT SPENDING

SEC. 501. DIRECT SPENDING.

(a) MEANS-TESTED DIRECT SPENDING.—

(1) For means-tested direct spending, the average rate of growth in the total level of outlays during the 10-year period preceding fiscal year 2014 is 6.7 percent.

(2) For means-tested direct spending, the estimated average rate of growth in the total level of outlays during the 10-year period beginning with fiscal year 2014 is 6.2 percent under current law.

(3) The following reforms are proposed in this concurrent resolution for means-tested direct spending:

(A) In 1996, a Republican Congress and a Democratic president reformed welfare by limiting the duration of benefits, giving States more control over the program, and helping recipients find work. In the five years following passage, child-poverty rates fell, welfare caseloads fell, and workers' wages increased. This budget applies the lessons of welfare reform to both the Supplemental Nutrition Assistance Program and Medicaid.

(B) For Medicaid, this budget converts the Federal share of Medicaid spending into a flexible State allotment tailored to meet each State's needs, indexed for inflation and population growth. Such a reform would end the misguided one-size-fits-all approach that has tied the hands of State governments. Instead, each State would have the freedom and flexibility to tailor a Medicaid program that fits the needs of its unique population. Moreover, this budget repeals the Medicaid expansions in the President's health care law, relieving State governments of its crippling one-size-fits-all enrollment mandates.

(C) For the Supplemental Nutrition Assistance Program, this budget converts the program into a flexible State allotment tailored to meet each State's needs, increases in the Department of Agriculture Thrifty Food Plan index and beneficiary growth. Such a reform would provide incentives for States to ensure dollars will go towards those who need them most. Additionally, it requires that more stringent work requirements and time limits apply under the program.

(b) NONMEANS-TESTED DIRECT SPENDING.—

(1) For nonmeans-tested direct spending, the average rate of growth in the total level of outlays during the 10-year period preceding fiscal year 2014 is 5.9 percent.

(2) For nonmeans-tested direct spending, the estimated average rate of growth in the total level of outlays during the 10-year period beginning with fiscal year 2014 is 5.3 percent under current law.

(3) The following reforms are proposed in this concurrent resolution for nonmeans-tested direct spending:

(A) For Medicare, this budget advances policies to put seniors, not the Federal Government, in control of their health care decisions. Those in or near retirement will see no changes, while future retirees would be given a choice of private plans competing alongside the traditional fee-for-service Medicare program. Medicare would provide a premium-support payment either to pay for or offset the premium of the plan chosen by the senior, depending on the plan's cost. The Medicare premium-support payment would be adjusted so that the sick would receive higher payments if their conditions worsened; lower-income seniors would receive additional assistance to help cover out-of-pocket costs; and wealthier seniors would assume responsibility for a greater share of their premiums. Putting seniors in charge of how their health care dollars are spent will force providers to compete against each other on price and quality. This market competition will act as a real check on widespread waste and skyrocketing health care costs.

(B) In keeping with a recommendation from the National Commission on Fiscal Responsibility and Reform, this budget calls for Federal employees—including Members of Congress and congressional staff—to make greater contributions toward their own retirement.

TITLE VI—BUDGET ENFORCEMENT

SEC. 601. LIMITATION ON ADVANCE APPROPRIATIONS.

(a) **FINDINGS.**—The House finds the following:

(1) The Veterans Health Care Budget and Reform Transparency Act of 2009 provides advance appropriations for the following veteran medical care accounts: Medical Services, Medical Support and Compliance, and Medical Facilities.

(2) The President has yet to submit a budget request as required under section 1105(a) of title 31, United States Code, including the request for the Department of Veterans Affairs, for fiscal year 2014, hence the request for veteran medical care advance appropriations for fiscal year 2015 is unavailable as of the writing of this concurrent resolution.

(3) This concurrent resolution reflects the most up-to-date estimate on veterans' health care needs included in the President's fiscal year 2013 request for fiscal year 2015.

(b) **IN GENERAL.**—In the House, except as provided for in subsection (c), any bill or joint resolution, or amendment thereto or conference report thereon, making a general appropriation or continuing appropriation may not provide for advance appropriations.

(c) **EXCEPTIONS.**—An advance appropriation may be provided for programs, projects, activities, or accounts referred to in subsection (d)(1) or identified in the report to accompany this concurrent resolution or the joint explanatory statement of managers to accompany this concurrent resolution under the heading "Accounts Identified for Advance Appropriations".

(d) LIMITATIONS.—For fiscal year 2015, the aggregate level of advance appropriations shall not exceed—

(1) \$55,483,000,000 for the following programs in the Department of Veterans Affairs—

(A) Medical Services;

(B) Medical Support and Compliance; and

(C) Medical Facilities accounts of the Veterans Health Administration; and

(2) \$28,852,000,000 in new budget authority for all programs identified pursuant to subsection (c).

(e) DEFINITION.—In this section, the term “advance appropriation” means any new discretionary budget authority provided in a bill or joint resolution, or amendment thereto or conference report thereon, making general appropriations or any new discretionary budget authority provided in a bill or joint resolution making continuing appropriations for fiscal year 2015.

SEC. 602. CONCEPTS AND DEFINITIONS.

Upon the enactment of any bill or joint resolution providing for a change in budgetary concepts or definitions, the chair of the Committee on the Budget may adjust any allocations, aggregates, and other appropriate levels in this concurrent resolution accordingly.

SEC. 603. ADJUSTMENTS OF AGGREGATES, ALLOCATIONS, AND APPROPRIATE BUDGETARY LEVELS.

(a) ADJUSTMENTS OF DISCRETIONARY AND DIRECT SPENDING LEVELS.—If a committee (other than the Committee on Appropriations) reports a bill or joint resolution, or amendment thereto or conference report thereon, providing for a decrease in direct spending (budget authority and outlays flowing therefrom) for any fiscal year and also provides for an authorization of appropriations for the same purpose, upon the enactment of such measure, the chair of the Committee on the Budget may decrease the allocation to such committee and increase the allocation of discretionary spending (budget authority and outlays flowing therefrom) to the Committee on Appropriations for fiscal year 2014 by an amount equal to the new budget authority (and outlays flowing therefrom) provided for in a bill or joint resolution making appropriations for the same purpose.

(b) ADJUSTMENTS TO IMPLEMENT DISCRETIONARY SPENDING CAPS AND TO FUND VETERANS’ PROGRAMS AND OVERSEAS CONTINGENCY OPERATIONS/GLOBAL WAR ON TERRORISM.—

(1) FINDINGS.—(A) The President has not submitted a budget for fiscal year 2014 as required pursuant to section 1105(a) of title 31, United States Code, by the date set forth in that section.

(B) In missing the statutory date by which the budget must be submitted, this will be the fourth time in five years the President has not complied with that deadline.

(C) This concurrent resolution reflects the levels of funding for veterans’ medical programs as set forth in the President’s fiscal year 2013 budget request.

(2) PRESIDENT’S BUDGET SUBMISSION.—In order to take into account any new information included in the budget submission by the President for fiscal year 2014, the chair of the Com-

mittee on the Budget may adjust the allocations, aggregates, and other appropriate budgetary levels for veterans' programs, Overseas Contingency Operations/Global War on Terrorism, or the 302(a) allocation to the Committee on Appropriations set forth in the report of this concurrent resolution to conform with section 251(c) of the Balanced Budget and Emergency Deficit Control Act of 1985 (as adjusted by section 251A of such Act).

(3) REVISED CONGRESSIONAL BUDGET OFFICE BASELINE.—The chair of the Committee on the Budget may adjust the allocations, aggregates, and other appropriate budgetary levels to reflect changes resulting from technical and economic assumptions in the most recent baseline published by the Congressional Budget Office.

(c) DETERMINATIONS.—For the purpose of enforcing this concurrent resolution on the budget in the House, the allocations and aggregate levels of new budget authority, outlays, direct spending, new entitlement authority, revenues, deficits, and surpluses for fiscal year 2014 and the period of fiscal years 2014 through fiscal year 2023 shall be determined on the basis of estimates made by the chair of the Committee on the Budget and such chair may adjust such applicable levels of this concurrent resolution.

SEC. 604. LIMITATION ON LONG-TERM SPENDING.

(a) IN GENERAL.—In the House, it shall not be in order to consider a bill or joint resolution reported by a committee (other than the Committee on Appropriations), or an amendment thereto or a conference report thereon, if the provisions of such measure have the net effect of increasing direct spending in excess of \$5,000,000,000 for any period described in subsection (b).

(b) TIME PERIODS.—The applicable periods for purposes of this section are any of the four consecutive ten fiscal-year periods beginning with fiscal year 2024.

SEC. 605. BUDGETARY TREATMENT OF CERTAIN TRANSACTIONS.

(a) IN GENERAL.—Notwithstanding section 302(a)(1) of the Congressional Budget Act of 1974, section 13301 of the Budget Enforcement Act of 1990, and section 4001 of the Omnibus Budget Reconciliation Act of 1989, the report accompanying this concurrent resolution on the budget or the joint explanatory statement accompanying the conference report on any concurrent resolution on the budget shall include in its allocation under section 302(a) of the Congressional Budget Act of 1974 to the Committee on Appropriations amounts for the discretionary administrative expenses of the Social Security Administration and the United States Postal Service.

(b) SPECIAL RULE.—For purposes of applying sections 302(f) and 311 of the Congressional Budget Act of 1974, estimates of the level of total new budget authority and total outlays provided by a measure shall include any off-budget discretionary amounts.

(c) ADJUSTMENTS.—The chair of the Committee on the Budget may adjust the allocations, aggregates, and other appropriate levels for legislation reported by the Committee on Oversight and Government Reform that reforms the Federal retirement system, if such

adjustments do not cause a net increase in the deficit for fiscal year 2014 and the period of fiscal years 2014 through 2023.

SEC. 606. APPLICATION AND EFFECT OF CHANGES IN ALLOCATIONS AND AGGREGATES.

(a) APPLICATION.—Any adjustments of the allocations, aggregates, and other appropriate levels made pursuant to this concurrent resolution shall—

- (1) apply while that measure is under consideration;
- (2) take effect upon the enactment of that measure; and
- (3) be published in the Congressional Record as soon as practicable.

(b) EFFECT OF CHANGED ALLOCATIONS AND AGGREGATES.—Revised allocations and aggregates resulting from these adjustments shall be considered for the purposes of the Congressional Budget Act of 1974 as allocations and aggregates included in this concurrent resolution.

(c) BUDGET COMPLIANCE.—(1) The consideration of any bill or joint resolution, or amendment thereto or conference report thereon, for which the chair of the Committee on the Budget makes adjustments or revisions in the allocations, aggregates, and other appropriate levels of this concurrent resolution shall not be subject to the points of order set forth in clause 10 of rule XXI of the Rules of the House of Representatives or section 604.

(2) Section 314(f) of the Congressional Budget Act of 1974 shall not apply in the House of Representatives to any bill, joint resolution, or amendment that provides new budget authority for a fiscal year or to any conference report on any such bill or resolution, if—

- (A) the enactment of that bill or resolution;
- (B) the adoption and enactment of that amendment; or
- (C) the enactment of that bill or resolution in the form recommended in that conference report;

would not cause the appropriate allocation of new budget authority made pursuant to section 302(a) of such Act for that fiscal year to be exceeded or the sum of the limits on the security and non-security category in section 251A of the Balanced Budget and Emergency Deficit Control Act as reduced pursuant to such section.

SEC. 607. CONGRESSIONAL BUDGET OFFICE ESTIMATES.

(a) FINDINGS.—The House finds the following:

(1) Costs of Federal housing loans and loan guarantees are treated unequally in the budget. The Congressional Budget Office uses fair-value accounting to measure the costs of Fannie Mae and Freddie Mac, but determines the cost of other Federal housing programs on the basis of the Federal Credit Reform Act of 1990 (“FCRA”).

(2) The fair-value accounting method uses discount rates which incorporate the risk inherent to the type of liability being estimated in addition to Treasury discount rates of the proper maturity length. In contrast, cash-basis accounting solely uses the discount rates of the Treasury, failing to incorporate risks such as prepayment and default risk.

(3) The Congressional Budget Office estimates that the \$635 billion of loans and loan guarantees issued in 2013 alone would generate budgetary savings of \$45 billion over their life-

time using FCRA accounting. However, these same loans and loan guarantees would have a lifetime cost of \$11 billion under fair-value methodology.

(4) The majority of loans and guarantees issued in 2013 would show deficit reduction of \$9.1 billion under FCRA methodology, but would increase the deficit by \$4.7 billion using fair-value accounting.

(b) FAIR VALUE ESTIMATES.—Upon the request of the chair or ranking member of the Committee on the Budget, any estimate prepared by the Director of the Congressional Budget Office for a measure under the terms of title V of the Congressional Budget Act of 1974, “credit reform”, as a supplement to such estimate shall, to the extent practicable, also provide an estimate of the current actual or estimated market values representing the “fair value” of assets and liabilities affected by such measure.

(c) FAIR VALUE ESTIMATES FOR HOUSING PROGRAMS.—Whenever the Director of the Congressional Budget Office prepares an estimate pursuant to section 402 of the Congressional Budget Act of 1974 of the costs which would be incurred in carrying out any bill or joint resolution and if the Director determines that such bill or joint resolution has a cost related to a housing or residential mortgage program under the FCRA, then the Director shall also provide an estimate of the current actual or estimated market values representing the “fair value” of assets and liabilities affected by the provisions of such bill or joint resolution that result in such cost.

(d) ENFORCEMENT.—If the Director of the Congressional Budget Office provides an estimate pursuant to subsection (b) or (c), the chair of the Committee on the Budget may use such estimate to determine compliance with the Congressional Budget Act of 1974 and other budgetary enforcement controls.

SEC. 608. TRANSFERS FROM THE GENERAL FUND OF THE TREASURY TO THE HIGHWAY TRUST FUND THAT INCREASE PUBLIC INDEBTEDNESS.

For purposes of the Congressional Budget Act of 1974, the Balanced Budget and Emergency Deficit Control Act of 1985, or the rules or orders of the House of Representatives, a bill or joint resolution, or an amendment thereto or conference report thereon, that transfers funds from the general fund of the Treasury to the Highway Trust Fund shall be counted as new budget authority and outlays equal to the amount of the transfer in the fiscal year the transfer occurs.

SEC. 609. SEPARATE ALLOCATION FOR OVERSEAS CONTINGENCY OPERATIONS/GLOBAL WAR ON TERRORISM.

(a) ALLOCATION.—In the House, there shall be a separate allocation to the Committee on Appropriations for overseas contingency operations/global war on terrorism. For purposes of enforcing such separate allocation under section 302(f) of the Congressional Budget Act of 1974, the “first fiscal year” and the “total of fiscal years” shall be deemed to refer to fiscal year 2014. Such separate allocation shall be the exclusive allocation for overseas contingency operations/global war on terrorism under section 302(a) of such Act. Section 302(c) of such Act shall not apply to such separate allocation. The Committee on Appropriations may provide suballocations

of such separate allocation under section 302(b) of such Act. Spending that counts toward the allocation established by this section shall be designated pursuant to section 251(b)(2)(A)(ii) of the Balanced Budget and Emergency Deficit Control Act of 1985.

(b) ADJUSTMENT.—In the House, for purposes of subsection (a) for fiscal year 2014, no adjustment shall be made under section 314(a) of the Congressional Budget Act of 1974 if any adjustment would be made under section 251(b)(2)(A)(ii) of the Balanced Budget and Emergency Deficit Control Act of 1985.

SEC. 610. EXERCISE OF RULEMAKING POWERS.

The House adopts the provisions of this title—

(1) as an exercise of the rulemaking power of the House of Representatives and as such they shall be considered as part of the rules of the House of Representatives, and these rules shall supersede other rules only to the extent that they are inconsistent with other such rules; and

(2) with full recognition of the constitutional right of the House of Representatives to change those rules at any time, in the same manner, and to the same extent as in the case of any other rule of the House of Representatives.

TITLE VII—POLICY STATEMENTS

SEC. 701. POLICY STATEMENT ON ECONOMIC GROWTH AND JOB CREATION.

(a) FINDINGS.—The House finds the following:

(1) Although the U.S. economy technically emerged from recession roughly four years ago, the recovery has felt more like a malaise than a rebound with the unemployment rate still elevated and real economic growth essentially flat in the final quarter of 2012.

(2) The enormous build-up of Government debt in the past four years has worsened the already unsustainable course of Federal finances and is an increasing drag on the U.S. economy.

(3) During the recession and early stages of recovery, the Government took a variety of measures to try to boost economic activity. Despite the fact that these stimulus measures added over \$1 trillion to the debt, the economy continues to perform at a sub-par trend.

(4) Investors and businesses make decisions on a forward-looking basis. They know that today's large debt levels are simply tomorrow's tax hikes, interest rate increases, or inflation — and they act accordingly. It is this debt overhang, and the uncertainty it generates, that is weighing on U.S. growth, investment, and job creation.

(5) Economists have found that the key to jump-starting U.S. economic growth and job creation is tangible action to rein in the growth of Government spending with the aim of getting debt under control.

(6) Stanford economist John Taylor has concluded that reducing Government spending now would “reduce the threats of higher taxes, higher interest rates and a fiscal crisis”, and

would therefore provide an immediate stimulus to the economy.

(7) Federal Reserve Chairman Ben Bernanke has stated that putting in place a credible plan to reduce future deficits “would not only enhance economic performance in the long run, but could also yield near-term benefits by leading to lower long-term interest rates and increased consumer and business confidence.”

(8) Lowering spending would boost market confidence and lessen uncertainty, leading to a spark in economic expansion, job creation, and higher wages and income.

(b) **POLICY ON ECONOMIC GROWTH AND JOB CREATION.**—It is the policy of this resolution to promote faster economic growth and job creation. By putting the budget on a sustainable path, this resolution ends the debt-fueled uncertainty holding back job creators. Reforms to the tax code put American businesses and workers in a better position to compete and thrive in the 21st century global economy. This resolution targets the regulatory red tape and cronyism that stack the deck in favor of special interests. All of the reforms in this resolution serve as means to the larger end of growing the economy and expanding opportunity for all Americans.

SEC. 702. POLICY STATEMENT ON TAX REFORM.

(a) **FINDINGS.**—The House finds the following:

(1) A world-class tax system should be simple, fair, and promote (rather than impede) economic growth. The U.S. tax code fails on all three counts – it is notoriously complex, patently unfair, and highly inefficient. The tax code’s complexity distorts decisions to work, save, and invest, which leads to slower economic growth, lower wages, and less job creation.

(2) Since 2001 alone, there have been more than 3,250 changes to the code. Many of the major changes over the years have involved carving out special preferences, exclusions, or deductions for various activities or groups. These loopholes add up to more than \$1 trillion per year and make the code unfair, inefficient, and very complex.

(3) These tax preferences are disproportionately used by upper-income individuals. For instance, the top 1 percent of taxpayers reap about 3 times as much benefit from special tax credits and deductions (excluding refundable credits) than the middle class and 13 times as much benefit than the lowest income quintile.

(4) The large amount of tax preferences that pervade the code end up narrowing the tax base by as much as 50 percent. A narrow tax base, in turn, requires much higher tax rates to raise a given amount of revenue.

(5) The National Taxpayer Advocate reports that taxpayers spent 6.1 billion hours in 2012 complying with tax requirements.

(6) Standard economic theory shows that high marginal tax rates dampen the incentives to work, save, and invest, which reduces economic output and job creation. Lower economic output, in turn, mutes the intended revenue gain from higher marginal tax rates.

(7) Roughly half of U.S. active business income and half of private sector employment are derived from business entities (such as partnerships, S corporations, and sole proprietorships) that are taxed on a “pass-through” basis, meaning the income flows through to the tax returns of the individual owners and is taxed at the individual rate structure rather than at the corporate rate. Small businesses in particular tend to choose this form for Federal tax purposes, and the top Federal rate on such small business income reaches 44.6 percent. For these reasons, sound economic policy requires lowering marginal rates on these pass-through entities.

(8) The U.S. corporate income tax rate (including Federal, State, and local taxes) sums to just over 39 percent, the highest rate in the industrialized world. The total Federal marginal tax rate on corporate income now reaches 55 percent, when including the shareholder-level tax on dividends and capital gains. Tax rates this high suppress wages and discourage investment and job creation, distort business activity, and put American businesses at a competitive disadvantage with foreign competitors.

(9) By deterring potential investment, the U.S. corporate tax restrains economic growth and job creation. The U.S. tax rate differential with other countries also fosters a variety of complicated multinational corporate behaviors intended to avoid the tax, which have the effect of moving the tax base offshore, destroying American jobs, and decreasing corporate revenue.

(10) The “worldwide” structure of U.S. international taxation essentially taxes earnings of U.S. firms twice, putting them at a significant competitive disadvantage with competitors with more competitive international tax systems.

(11) Reforming the U.S. tax code to a more competitive international system would boost the competitiveness of U.S. companies operating abroad and it would also greatly reduce tax avoidance.

(12) The tax code imposes costs on American workers through lower wages, on consumers in higher prices, and on investors in diminished returns.

(13) Revenues have averaged 18 percent of the economy throughout modern American history. Revenues rise above this level under current law to 19.1 percent of the economy, and – if the spending restraints in this budget are enacted – this level is sufficient to fund Government operations over time.

(14) Attempting to raise revenue through tax increases to meet out-of-control spending would sink the economy.

(15) Closing tax loopholes to fund spending does not constitute fundamental tax reform.

(16) The goal of tax reform should be to curb or eliminate loopholes and use those savings to lower tax rates across the board – not to fund more wasteful Government spending. Tax reform should be revenue-neutral and should not be an excuse to raise taxes on the American people.

(b) POLICY ON TAX REFORM.—It is the policy of this resolution that Congress should enact legislation during fiscal year 2014 that

provides for a comprehensive reform of the U.S. tax code to promote economic growth, create American jobs, increase wages, and benefit American consumers, investors, and workers through revenue-neutral fundamental tax reform, which should be reported by the Committee on Ways and Means to the House not later than December 31, 2013, that—

(1) simplifies the tax code to make it fairer to American families and businesses and reduces the amount of time and resources necessary to comply with tax laws;

(2) substantially lowers tax rates for individuals, with a goal of achieving a top individual rate of 25 percent and consolidating the current seven individual income tax brackets into two brackets with a first bracket of 10 percent;

(3) repeals the Alternative Minimum Tax;

(4) reduces the corporate tax rate to 25 percent; and

(5) transitions the tax code to a more competitive system of international taxation.

SEC. 703. POLICY STATEMENT ON MEDICARE.

(a) FINDINGS.—The House finds the following:

(1) More than 50 million Americans depend on Medicare for their health security.

(2) The Medicare Trustees Report has repeatedly recommended that Medicare’s long-term financial challenges be addressed soon. Each year without reform, the financial condition of Medicare becomes more precarious and the threat to those in or near retirement becomes more pronounced. According to the Congressional Budget Office—

(A) the Hospital Insurance Trust Fund will be exhausted in 2023 and unable to pay scheduled benefits; and

(B) Medicare spending is growing faster than the economy and Medicare outlays are currently rising at a rate of 6.2 percent per year, and under the Congressional Budget Office’s alternative fiscal scenario, direct spending on Medicare is projected to exceed 7 percent of GDP by 2040 and reach 13 percent of GDP by 2085.

(3) The President’s health care law created a new Federal agency called the Independent Payment Advisory Board (“IPAB”) empowered with unilateral authority to cut Medicare spending. As a result of that law—

(A) IPAB will be tasked with keeping the Medicare per capita growth below a Medicare per capita target growth rate. Prior to 2018, the target growth rate is based on the five-year average of overall inflation and medical inflation. Beginning in 2018, the target growth rate will be the five-year average increase in the nominal Gross Domestic Product (GDP) plus one percentage point;

(B) the fifteen unelected, unaccountable bureaucrats of IPAB will make decisions that will reduce seniors access to care;

(C) the nonpartisan Office of the Medicare Chief Actuary estimates that the provider cuts already contained in the Affordable Care Act will force 15 percent of hospitals, skilled nursing facilities, and home health agencies to close in 2019; and

(D) additional cuts from the IPAB board will force even more health care providers to close their doors, and the Board should be repealed.

(4) Failing to address this problem will leave millions of American seniors without adequate health security and younger generations burdened with enormous debt to pay for spending levels that cannot be sustained.

(b) **POLICY ON MEDICARE REFORM.**—It is the policy of this resolution to protect those in or near retirement from any disruptions to their Medicare benefits and offer future beneficiaries the same health care options available to Members of Congress.

(c) **ASSUMPTIONS.**—This resolution assumes reform of the Medicare program such that:

(1) Current Medicare benefits are preserved for those in or near retirement.

(2) For future generations, when they reach eligibility, Medicare is reformed to provide a premium support payment and a selection of guaranteed health coverage options from which recipients can choose a plan that best suits their needs.

(3) Medicare will maintain traditional fee-for-service as an option.

(4) Medicare will provide additional assistance for lower-income beneficiaries and those with greater health risks.

(5) Medicare spending is put on a sustainable path and the Medicare program becomes solvent over the long-term.

SEC. 704. POLICY STATEMENT ON SOCIAL SECURITY.

(a) **FINDINGS.**—The House finds the following:

(1) More than 55 million retirees, individuals with disabilities, and survivors depend on Social Security. Since enactment, Social Security has served as a vital leg on the “three-legged stool” of retirement security, which includes employer provided pensions as well as personal savings.

(2) The Social Security Trustees Report has repeatedly recommended that Social Security’s long-term financial challenges be addressed soon. Each year without reform, the financial condition of Social Security becomes more precarious and the threat to seniors and those receiving Social Security disability benefits becomes more pronounced:

(A) In 2016, the Disability Insurance Trust Fund will be exhausted and program revenues will be unable to pay scheduled benefits.

(B) In 2033, the combined Old-Age and Survivors and Disability Trust Funds will be exhausted, and program revenues will be unable to pay scheduled benefits.

(C) With the exhaustion of the Trust Funds in 2033, benefits will be cut 25 percent across the board, devastating those currently in or near retirement and those who rely on Social Security the most.

(3) The recession and continued low economic growth have exacerbated the looming fiscal crisis facing Social Security. The most recent CBO projections find that Social Security will run cash deficits of \$1.319 trillion over the next 10 years.

(4) Lower-income Americans rely on Social Security for a larger proportion of their retirement income. Therefore, re-

forms should take into consideration the need to protect lower-income Americans' retirement security.

(5) The Disability Insurance program provides an essential income safety net for those with disabilities and their families. According to the Congressional Budget Office (CBO), between 1970 and 2012, the number of people receiving disability benefits (both disabled workers and their dependent family members) has increased by over 300 percent from 2.7 million to over 10.9 million. This increase is not due strictly to population growth or decreases in health. David Autor and Mark Duggan have found that the increase in individuals on disability does not reflect a decrease in self-reported health. CBO attributes program growth to changes in demographics, changes in the composition of the labor force and compensation, as well as Federal policies.

(6) If this program is not reformed, families who rely on the lifeline that disability benefits provide will face benefit cuts of up to 25 percent in 2016, devastating individuals who need assistance the most.

(7) Americans deserve action by the President, the House, and the Senate to preserve and strengthen Social Security. It is critical that bipartisan action be taken to address the looming insolvency of Social Security. In this spirit, this resolution creates a bipartisan opportunity to find solutions by requiring policymakers to ensure that Social Security remains a critical part of the safety net.

(b) POLICY STATEMENT ON SOCIAL SECURITY.—It is the policy of this resolution that Congress should work on a bipartisan basis to make Social Security sustainably solvent. This resolution assumes reform of a current law trigger, such that:

(1) If in any year the Board of Trustees of the Federal Old-Age and Survivors Insurance Trust Fund and the Federal Disability Insurance Trust Fund annual Trustees Report determines that the 75-year actuarial balance of the Social Security Trust Funds is in deficit, and the annual balance of the Social Security Trust Funds in the 75th year is in deficit, the Board of Trustees shall, no later than September 30 of the same calendar year, submit to the President recommendations for statutory reforms necessary to achieve a positive 75-year actuarial balance and a positive annual balance in the 75th-year. Recommendations provided to the President must be agreed upon by both Public Trustees of the Board of Trustees.

(2) Not later than December 1 of the same calendar year in which the Board of Trustees submit their recommendations, the President shall promptly submit implementing legislation to both Houses of Congress including his recommendations necessary to achieve a positive 75-year actuarial balance and a positive annual balance in the 75th year. The Majority Leader of the Senate and the Majority Leader of the House shall introduce the President's legislation upon receipt.

(3) Within 60 days of the President submitting legislation, the committees of jurisdiction to which the legislation has been referred shall report the bill which shall be considered by the full House or Senate under expedited procedures.

- (4) Legislation submitted by the President shall—
- (A) protect those in or near retirement;
 - (B) preserve the safety net for those who count on Social Security the most, including those with disabilities and survivors;
 - (C) improve fairness for participants;
 - (D) reduce the burden on, and provide certainty for, future generations; and
 - (E) secure the future of the Disability Insurance program while addressing the needs of those with disabilities today and improving the determination process.

SEC. 705. POLICY STATEMENT ON HIGHER EDUCATION AFFORDABILITY.

(a) FINDINGS.—The House finds the following:

(1) A well-educated workforce is critical to economic, job, and wage growth.

(2) More than 21 million students are enrolled in American colleges and universities.

(3) Over the last decade, tuition and fees have been growing at an unsustainable rate. Between the 2001-2002 Academic Year and the 2011-2012 Academic Year:

(A) Published tuition and fees for in-State students at public four-year colleges and universities increased at an average rate of 5.6 percent per year beyond the rate of general inflation.

(B) Published tuition and fees for in-State students at public two-year colleges and universities increased at an average rate of 3.8 percent per year beyond the rate of general inflation.

(C) Published tuition and fees for in-State students at private four-year colleges and universities increased at an average rate of 2.6 percent per year beyond the rate of general inflation.

(4) Over that same period, Federal financial aid has increased 140 percent beyond the rate of general inflation.

(5) This spending has failed to make college more affordable.

(6) In his 2012 State of the Union Address, President Obama noted that, “We can’t just keep subsidizing skyrocketing tuition; we’ll run out of money.”

(7) American students are chasing ever-increasing tuition with ever-increasing debt. According to the Federal Reserve Bank of New York, student debt nearly tripled between 2004 and 2012, and now stands at nearly \$1 trillion. Student debt now has the second largest balance after mortgage debt.

(8) Students are carrying large debt loads and too many fail to complete college or end up defaulting on these loans due to their debt burden and a weak economy and job market.

(9) Based on estimates from the Congressional Budget Office, the Pell Grant Program will face a fiscal shortfall beginning in fiscal year 2015 and continuing in each subsequent year in the current budget window.

(10) Failing to address these problems will jeopardize access and affordability to higher education for America's young people.

(b) **POLICY ON HIGHER EDUCATION AFFORDABILITY.**—It is the policy of this resolution to address the root drivers of tuition inflation, by—

(1) targeting Federal financial aid to those most in need;

(2) streamlining programs that provide aid to make them more effective;

(3) maintaining the maximum Pell grant award level at \$5,645 in each year of the budget window; and

(4) removing regulatory barriers in higher education that act to restrict flexibility and innovative teaching, particularly as it relates to non-traditional models such as online coursework and competency-based learning.

SEC. 706. POLICY STATEMENT ON DEFICIT REDUCTION THROUGH THE CANCELLATION OF UNOBLIGATED BALANCES.

(a) **FINDINGS.**—The House finds the following:

(1) According to the last available estimate from the Office of Management and Budget, Federal agencies were expected to hold \$698 billion in unobligated balances at the close of fiscal year 2013.

(2) These funds represent direct and discretionary spending made available by Congress that remains available for expenditure beyond the fiscal year for which they are provided.

(3) In some cases, agencies are granted funding and it remains available for obligation indefinitely.

(4) The Congressional Budget and Impoundment Control Act of 1974 requires the Office of Management and Budget to make funds available to agencies for obligation and prohibits the Administration from withholding or cancelling unobligated funds unless approved by an act of Congress.

(5) Greater congressional oversight is required to review and identify potential savings from unneeded balances of funds.

(b) **POLICY STATEMENT ON DEFICIT REDUCTION THROUGH THE CANCELLATION OF UNOBLIGATED BALANCES.**—Congressional committees shall through their oversight activities identify and achieve savings through the cancellation or rescission of unobligated balances that neither abrogate contractual obligations of the Government nor reduce or disrupt Federal commitments under programs such as Social Security, veterans' affairs, national security, and Treasury authority to finance the national debt.

(c) **DEFICIT REDUCTION.**—Congress, with the assistance of the Government Accountability Office, the Inspectors General, and other appropriate agencies should make it a high priority to review unobligated balances and identify savings for deficit reduction.

SEC. 707. POLICY STATEMENT ON RESPONSIBLE STEWARDSHIP OF TAXPAYER DOLLARS.

(a) **FINDINGS.**—The House finds the following:

(1) The House of Representatives cut budgets for Members of Congress, House committees, and leadership offices by 5 percent in 2011 and an additional 6.4 percent in 2012.

(2) The House of Representatives achieved savings of \$36.5 million over three years by consolidating House operations and renegotiating contracts.

(b) POLICY.—It is the policy of this resolution that:

(1) The House of Representatives must be a model for the responsible stewardship of taxpayer resources and therefore must identify any savings that can be achieved through greater productivity and efficiency gains in the operation and maintenance of House services and resources like printing, conferences, utilities, telecommunications, furniture, grounds maintenance, postage, and rent. This should include a review of policies and procedures for acquisition of goods and services to eliminate any unnecessary spending. The Committee on House Administration should review the policies pertaining to the services provided to Members and committees of the House, and should identify ways to reduce any subsidies paid for the operation of the House gym, barber shop, salon, and the House dining room.

(2) No taxpayer funds may be used to purchase first class airfare or to lease corporate jets for Members of Congress.

SEC. 708. POLICY STATEMENT ON DEFICIT REDUCTION THROUGH THE REDUCTION OF UNNECESSARY AND WASTEFUL SPENDING.

(a) FINDINGS.—The House finds the following:

(1) The Government Accountability Office (“GAO”) is required by law to identify examples of waste, duplication, and overlap in Federal programs, and has so identified dozens of such examples.

(2) In testimony before the Committee on Oversight and Government Reform, the Comptroller General has stated that addressing the identified waste, duplication, and overlap in Federal programs “could potentially save tens of billions of dollars.”

(3) In 2011 and 2012, the Government Accountability Office issued reports showing excessive duplication and redundancy in Federal programs including—

(A) 209 “Science, Technology, Engineering, and Mathematics” (“STEM”) education programs in 13 different Federal agencies at a cost of \$3 billion annually;

(B) 200 separate Department of Justice crime prevention and victim services grant programs with an annual cost of \$3.9 billion in 2010;

(C) 20 different Federal entities administer 160 housing programs and other forms of Federal assistance for housing with a total cost of \$170 billion in 2010;

(D) 17 separate Homeland Security preparedness grant programs that spent \$37 billion between fiscal year 2011 and 2012;

(E) 13 programs, 3 tax benefits, and one loan program to reduce diesel emissions; and

(F) 94 different initiatives run by 11 different agencies to encourage “green building” in the private sector.

(4) The Federal Government spends about \$80 billion each year for information technology. GAO has identified broad ac-

quisition failures, waste, and unnecessary duplication in the Government's information technology infrastructure. Experts have estimated that eliminating these problems could save 25 percent – or \$20 billion – of the Government's annual information technology budget.

(5) Federal agencies reported an estimated \$108 billion in improper payments in fiscal year 2012.

(6) Under clause 2 of Rule XI of the Rules of the House of Representatives, each standing committee must hold at least one hearing during each 120 day period following its establishment on waste, fraud, abuse, or mismanagement in Government programs.

(7) According to the Congressional Budget Office, by fiscal year 2014, 42 laws will expire, possibly resulting in \$685 billion in unauthorized appropriations. Timely reauthorizations of these laws would ensure assessments of program justification and effectiveness.

(8) The findings resulting from congressional oversight of Federal Government programs should result in programmatic changes in both authorizing statutes and program funding levels.

(b) **POLICY STATEMENT ON DEFICIT REDUCTION THROUGH THE REDUCTION OF UNNECESSARY AND WASTEFUL SPENDING.**—Each authorizing committee annually shall include in its Views and Estimates letter required under section 301(d) of the Congressional Budget Act of 1974 recommendations to the Committee on the Budget of programs within the jurisdiction of such committee whose funding should be reduced or eliminated.

SEC. 709. POLICY STATEMENT ON UNAUTHORIZED SPENDING.

It is the policy of this resolution that the committees of jurisdiction should review all unauthorized programs funded through annual appropriations to determine if the programs are operating efficiently and effectively. Committees should reauthorize those programs that in the committees' judgment should continue to receive funding.

TITLE VIII—SENSE OF THE HOUSE PROVISIONS

SEC. 801. SENSE OF THE HOUSE ON THE IMPORTANCE OF CHILD SUPPORT ENFORCEMENT.

It is the sense of the House that—

(1) additional legislative action is needed to ensure that States have the necessary resources to collect all child support that is owed to families and to allow them to pass 100 percent of support on to families without financial penalty; and

(2) when 100 percent of child support payments are passed to the child, rather than administrative expenses, program integrity is improved and child support participation increases.

Passed the House of Representatives March 21, 2013.

**SELECTED PROVISIONS OF THE
REPORT ON H. CON. RES. 25**

* * * * *

**TITLE III—RECOMMENDED LEVELS FOR
FISCAL YEARS 2030, 2040, AND 2050**

SECTION 301. LONG-TERM BUDGETING

This section sets out recommended budgetary levels for certain budget aggregates for each of fiscal years 2030, 2040, and 2050 as a percentage of the gross domestic product of the United States as follows:

Federal Revenues

Fiscal Year 2030: 19.1 percent
Fiscal Year 2040: 19.1 percent
Fiscal Year 2050: 19.1 percent

Budget Outlays

Fiscal Year 2030: 19.1 percent
Fiscal Year 2040: 19.1 percent
Fiscal Year 2050: 19.1 percent

Deficits

Fiscal Year 2030: 0 percent
Fiscal Year 2040: 0 percent
Fiscal Year 2050: 0 percent

TITLE IV—RESERVE FUNDS

SECTION 401. RESERVE FUND FOR THE REPEAL OF THE 2010 HEALTH CARE LAWS

This section permits the Chairman of the Committee on the Budget to revise allocations of spending authority, provided to committees of the House, and to adjust other budgetary enforcement levels for a measure that fully repeals the Patient Protection and Affordable Care Act (Public Law 111-148) and the health care-related provisions of the Health Care and Education Reconciliation Act of 2010 (Public Law 111-152). Those measures are the health care bills enacted into law in 2010. These adjustments would not be available for measures that only offered a partial repeal, such as a repeal of certain sections of these laws. The reserve fund is intended to apply to the health care provisions and would not apply to the repeal of the education-related provisions of the reconciliation act referred to above.

A measure repealing the health care laws must solely achieve that purpose and may not include language which is extraneous to that purpose, whether such language has a budgetary effect or not. In addition, the repeal must be permanent and may not include a sunset date.

Multiple measures may take advantage of the reserve fund, as long as each meets the parameters outlined, until such repeal is enacted.

An amendment (or a motion to recommit), if it qualifies under the terms of this reserve fund, may be offered to an unrelated measure, but should such a measure as amended be returned to the House as a conference report or an amendment between the Houses, no adjustments would be made if that measure contained text unrelated to the purpose of this reserve fund which is to repeal the laws referred to above.

A measure receiving an adjustment under the terms of this reserve fund may be open for amendment, subject to the special rule providing for its consideration, but the amendment, if it does not meet the terms outlined in this section, must be compliant with the Budget Act and the Rules of the House without regard to the adjustments made to the underlying measure.

SECTION 402. DEFICIT-NEUTRAL RESERVE FUND FOR THE REFORM OF THE 2010 HEALTH CARE LAWS

This section permits the Chairman of the Committee on the Budget to revise allocations of spending authority, provided to committees of the House, and to adjust other budgetary enforcement levels for a measure that reforms or replaces the Patient Protection and Affordable Care Act (Public Law 111-148) or the Health Care and Education Reconciliation Act of 2010 (Public Law 111-152), as long as the measure is deficit-neutral for the period of fiscal years 2014 through 2023. Those public laws are the health care bills enacted in 2010.

For purposes of this section, if a bill, joint resolution, amendment or conference report fulfills the purpose of reforming or replacing these health care laws and is deficit neutral in the applicable period, then legislative text not related to these purposes may be included as long as the entire measure meets these two requirements.

SECTION 403. DEFICIT-NEUTRAL RESERVE FUND RELATED TO THE MEDICARE PROVISIONS OF THE 2010 HEALTH CARE LAWS

This section permits the Chairman of the Committee on the Budget to revise allocations of spending authority, provided to committees of the House, and to adjust other budgetary enforcement levels for a measure that repeals the Medicare spending cuts in the Patient Protection and Affordable Care Act (Public Law 111-148) or the Health Care and Education Reconciliation Act of 2010 (Public Law 111-152), as long as the measure is deficit-neutral for the period of fiscal years 2014 through 2023.

A measure that repeals only part of these Medicare spending reductions is also eligible for these adjustments. A series of bills, joint resolutions, amendments or conference reports may receive adjustments under this section, only limited by the cumulative amount of the Medicare spending reductions included in the public laws referenced, as estimated by the Chairman of the Committee on the Budget.

Once the limit is reached through enacted measures, no more adjustments may be made under this reserve fund. The amount necessary to repeal the Medicare spending cuts is a cap on the adjustments that may be made under this section, but as measures are

considered in the House that meet these terms, the amount is not reduced until such measure fulfilling this purpose is enacted.

SECTION 404. DEFICIT-NEUTRAL RESERVE FUND FOR THE SUSTAINABLE GROWTH RATE OF THE MEDICARE PROGRAM

This section permits the Chairman of the Committee on the Budget to revise the allocations of spending authority provided to applicable committees and to adjust other budgetary enforcement levels in this resolution for a measure amending or superseding the system for updating payments under section 1848 of the Social Security Act, as long as the measure does not increase the deficit in the period of fiscal years 2014 through 2023.

SECTION 405. DEFICIT-NEUTRAL RESERVE FUND FOR REFORMING THE TAX CODE

This section permits the Chairman of the Committee on the Budget to revise the allocations of spending authority provided to the Committee on Ways and Means and to adjust other budgetary enforcement levels in this resolution for bills, joint resolutions, amendments or conference reports reforming the Internal Revenue Code of 1986, as long as such a measure does not increase the deficit in the period of fiscal years 2014 through 2023.

Since 1997, the Rules of the House of Representatives (now Rule XIII, clause 3(h)(2)), have required the publication of a macroeconomic impact analysis from the Joint Committee on Taxation (JCT) of legislation amending the tax code. This section is designed to facilitate comprehensive, fundamental tax reform that significantly broadens the tax base and lowers tax rates (see the Revenue chapter of this report for additional details). Reform of this sort could have significant economic effects. The Chairman of the Committee on the Budget will consider the JCT macroeconomic impact analysis in determining if the conditions in this section have been met.

SECTION 406. DEFICIT-NEUTRAL RESERVE FUND FOR TRADE AGREEMENTS

This section permits the Chairman of the Committee on the Budget to revise the allocations of spending authority provided to the Committee on Ways and Means and to adjust other budgetary enforcement levels in this resolution for legislation that implements a trade agreement, as long as such a measure does not increase the deficit in the period of fiscal years 2014 through 2023.

SECTION 407. DEFICIT-NEUTRAL RESERVE FUND FOR REVENUE MEASURES

This section permits the Chairman of the Committee on the Budget to revise the allocations of spending authority provided to the Committee on Ways and Means for legislation that causes a decrease in revenue. The Chairman of the Committee on the Budget may adjust the allocations and aggregates of this concurrent resolution if the measure does not increase the deficit in the period of fiscal years 2014 through 2023. This allows the Committee on Ways and Means to report a bill that reduces revenue below the level provided for in the concurrent resolution on the budget but only if it decreases outlays by an equal or greater amount in the applicable period.

SECTION 408. DEFICIT-NEUTRAL RESERVE FUND FOR RURAL COUNTIES AND SCHOOLS

This concurrent resolution provides for a deficit-neutral reserve fund to accommodate the extension of the Secure Rural Schools and Community Self Determination Act of 2000 (Public Law 106-393) in order to provide the federal government, local counties, and industry the time necessary to enact, implement, and begin performing sustained yield harvests of federal timber lands on which local counties are financially dependent. The plan assumed by this reserve fund is based on the best available science, provides for active forest management to improve the health of the resource, creates strong local family-wage job markets, and provides rural counties with fiscal independence from federal payments owed to them because of a lack of timber harvests on federal lands.

SECTION 409. IMPLEMENTATION OF A DEFICIT AND LONG-TERM DEBT REDUCTION AGREEMENT

This section permits the Chairman of the Committee on the Budget to revise the allocations, aggregates, and other appropriate levels in this resolution to accommodate the enactment of a deficit and long-term debt reduction agreement if it includes permanent spending reductions and reforms to direct spending programs.

Under the Budget Control Act of 2011 (BCA), at least \$1.2 trillion in deficit reduction was to be accomplished in the period of fiscal years 2013 through 2021 by legislation recommended by a specially created Joint Select Committee on Deficit Reduction. When that committee was unable to meet that budget goal, an automatic enforcement procedure ensured that this deficit reduction was achieved but did so in a way that focused disproportionately on the 36 percent of the budget that is approved annually through the appropriations process.

Under the fiscal year 2013 sequester, for example, discretionary spending bore fully 80 percent of the spending cuts and in fiscal year 2014 discretionary spending is estimated to absorb 84 percent of the automatic enforcement burden. Given the projected 78 percent growth of mandatory spending programs by 2023, the BCA's focus on discretionary spending is misplaced and inadequate to addressing the deficit and debt problems facing the nation. It is contemplated that an agreement achieving significant deficit reduction and long-term debt reduction will reallocate the burden of the BCA automatic enforcement procedures more equitably.

TITLE V—ESTIMATES OF DIRECT SPENDING

SECTION 501. DIRECT SPENDING

Subsection (a) notes the average and estimated average rate of growth in means-tested direct spending for the 10-year periods before and after fiscal year 2014 respectively. It also proposes reforms to the means-tested category of direct spending.

Subsection (b) notes the average and estimated average rate of growth in nonmeans-tested direct spending for the 10-year periods before and after fiscal year 2014 respectively. It also proposes reforms to the nonmeans-tested category of direct spending.

This section is required under the Separate Orders of H. Res. 5 (113th Congress) which implements the Rules of the House of Representatives and is a requirement for the consideration of a concurrent resolution on the budget for the 113th Congress. See section designated 'Direct Spending Trends and Reforms' within this report for more information on Section 501.

TITLE VI—BUDGET ENFORCEMENT

SECTION 601. LIMITATION ON ADVANCE APPROPRIATIONS

Subsection (a) sets out findings.

Subsection (b) prohibits any general or continuing appropriation providing for advance appropriations that do not fall into certain specified exceptions.

Subsection (c) provides the list of excepted programs that may receive advance appropriations. Those accounts are referred to in this report in the section designated as "Accounts Identified for Advance Appropriations" within this report.

Subsection (d) specifically sets a limit on the amount of total allowable advance appropriations for fiscal year 2015. It allows advance appropriations of up to \$55.483 billion for fiscal year 2015 for Veterans Medical Services, Veterans Medical Support and Compliance, and Veterans Medical Facilities accounts of the Veterans Health Administration. Under the terms of Section 603 of the concurrent resolution, this level of spending may be revised upon the review of the budget submitted by the President required under 31 U.S.C. 1105(a).

It also allows up to \$28.852 billion for the programs referred to in subsection (c).

Subsection (e) defines advance appropriation as any new discretionary budget authority provided in a bill, joint resolution, amendment, or conference report making general or continuing appropriations for fiscal year 2015.

SECTION 602. CONCEPTS AND DEFINITIONS

This section permits the Chairman of the Committee on the Budget to adjust levels and allocations in this budget resolution upon enactment of legislation changing concepts or definitions.

SECTION 603. ADJUSTMENTS OF AGGREGATES, ALLOCATIONS AND APPROPRIATE BUDGETARY LEVELS

Subsection (a) sets out a procedure to facilitate the consideration of legislation subjecting direct spending to annual appropriations. Under current law, there are impediments to reclassifying direct spending as discretionary spending since once the direct spending is eliminated, effectively the purpose is eliminated as well.

Under current practice, if the intent is to preserve the purpose, but authorize the program and subject it to annual appropriations, the Committee on Appropriations would have to find additional resources within its section 302(a) allocation, as required to be set in the report on the budget resolution by section 301(e)(2)(F) of the Congressional Budget Act of 1974.

Under the terms of this subsection, should an authorizing committee want to retain the purpose of a direct spending program, but determines it should be subject to annual appropriations, it

can, at the time it eliminates the direct spending, authorize appropriations for the program. If that elimination of the direct spending and authorization of appropriations is enacted, the Chairman of the Committee on the Budget may increase the 302(a) allocation of budgetary resources to the Committee on Appropriations by an amount up to the authorized level of appropriations for the same purpose in fiscal year 2014.

This rule holds the Committee on Appropriations harmless if it appropriates money under the terms of that authorization because the allocation under section 302(a) set in this report is adjusted.

Subsection (b)(1) sets out findings related to the statutory requirement that the President submit an annual budget by the first Monday in February of each year.

Subsection (b)(2) provides authority to the Chairman of the Committee on the Budget to adjust the allocations, aggregates, and other appropriate budgetary levels as necessary once the President's budget request has been submitted to Congress as is required under section 1105(a) of Title 31 of the United States Code.

The limitation on advance appropriations for veterans medical care in section 601(d)(1) of this concurrent resolution is based on information provided in the President's budget submitted in February 2012 and is for the fiscal year that begins in October of 2014. The Chairman of the Committee on the Budget is authorized by this section to update this limit on advance appropriations.

The level of funding for Overseas Contingency Operations/Global War on Terrorism is an estimate based on indications by the President pursuant to that purpose. This section authorizes the Chairman of the Committee on the Budget to adjust the relevant aggregates, allocations, and budgetary levels in this resolution to ensure that commitment is fulfilled.

The levels included in this concurrent resolution on the budget reflect the total level of discretionary budget authority, prior to any authorized adjustments, provided for in the spending limits in section 251(c) of the Balanced Budget and Emergency Deficit Control Act of 1985 (as adjusted under section 251A of that Act). The discretionary spending limits for fiscal year 2014 will be set in the fiscal year 2014 Sequester Preview Report, which was supposed to have been submitted together with the President's budget on February 4, 2013.

In the absence of this preview report for the fiscal year 2014 discretionary spending category limits, this resolution uses estimates provided by the Director of the Congressional Budget Office.

This section authorizes the Chairman of the Committee on the Budget to adjust the allocation to the Appropriations Committee provided to it under section 302(a) of the Congressional Budget Act to reflect the preview report that will be included in the fiscal year 2014 President's budget submission.

Subsection (b)(3) authorizes the Chairman of the Committee on the Budget to adjust levels and allocations in this concurrent resolution on the budget to reflect technical and economic assumptions in the most recent baseline published by the Congressional Budget Office.

Subsection (c) authorizes the Chairman of the Committee on the Budget to determine the levels and adjustments provided for in this concurrent resolution on the budget.

SECTION 604. LIMITATION ON LONG-TERM SPENDING

Subsection (a) establishes a point of order against the consideration of measures increasing direct spending by \$5 billion or more for any 10-year period within 40 years starting in fiscal year 2024.

Subsection (b) explains that there are four consecutive ten-year periods as referred to in subsection (a) that would be as follows:

- Fiscal years 2024 through 2033;
- Fiscal years 2034 through 2043;
- Fiscal years 2044 through 2053;
- Fiscal years 2054 through 2063.

SECTION 605. BUDGETARY TREATMENT OF CERTAIN TRANSACTIONS

Subsection (a) provides that the administrative expenses of the Social Security Administration and the United States Postal Service are reflected in the allocation to the Committee on Appropriations. This language is necessary to ensure that the Committee on Appropriations retains control of administrative expenses through the annual appropriations process.

Subsection (b) provides for a special rule stating the allocation to the Committee on Appropriations of the House is enforced under the Congressional Budget Act of 1974 using estimates of the budgetary effects of a measure and includes any off-budget discretionary amounts.

Subsection (c) allows the Chairman of the Committee on the Budget to adjust the spending or revenue levels of this concurrent resolution for legislation, if reported by the Committee on Oversight and Government Reform, to reform the Federal retirement system. The Chairman is permitted to make adjustments only if a measure would not cause an increase in the deficit in fiscal year 2014 and fiscal years 2014 through 2023.

SECTION 606. APPLICATION AND EFFECT OF CHANGES IN ALLOCATIONS AND AGGREGATES

Subsection (a) details the allocation and aggregate adjustment procedures required to accommodate legislation provided for in this resolution. It provides that the adjustments apply while the legislation is under consideration and take effect upon enactment of the legislation. In addition, this subsection requires the adjustments to be printed in the Congressional Record.

Subsection (b) requires, for purposes of enforcement of the concurrent resolution, aggregate and allocation levels resulting from adjustments made pursuant to the terms of this resolution have the same effect as if adopted in the originally adopted aggregates and allocations.

Subsection (c) provides an exemption for legislation for which the Chairman of the Committee on the Budget has made adjustments in the allocations, aggregates, and other appropriate budgetary levels of the resolution and that complies with this Concurrent Resolution on the Budget. By such an exemption, such legislation is subject to neither the Cut-As-You-Go point of order (clause 10 of rule XXI of the Rules of the House of Representatives) nor section

604 of the concurrent resolution on the budget (the long-term spending point of order).

In addition, this subsection (c)(2) provides that section 314(f) of the Congressional Budget Act of 1974 does not apply to any bill, joint resolution, amendment, or conference report that provides new budget authority for a fiscal year that does not cause the allocation of new budget authority made pursuant to section 302(a) of that Act for that fiscal year to be exceeded or the sum of the limits on the security and non-security category in the Balanced Budget and Emergency Deficit Control Act as reduced pursuant to section 251A of that Act.

Section 314(f) prohibits the consideration of measures that would cause either of the two statutory spending category limits, security or nonsecurity, to be breached for a fiscal year. The 302(a) allocation for the House Appropriations Committee, provided by the concurrent resolution under the requirements of the Budget Act, is the sum of these two categories. Though the section refers to the sum of the categories, the effect of paragraph (2) of subsection (c), the operative component is the test as to whether the Appropriations Committee is within its 302(a) allocation—if so, the 314(f) point of order will not apply even if one of the category limits, either security or nonsecurity, is exceeded by that measure.

SECTION 607. CONGRESSIONAL BUDGET OFFICE ESTIMATES

Subsection (a) sets out findings.

Subsection (b) provides specific authority for the Chairman or Ranking Member of the Committee on the Budget to request a supplemental estimate for any program affecting or establishing Federal loans or loan guarantees. Under current law, such a measure would be scored on a “net present value” basis under the terms of the Federal Credit Reform Act found in Title V of the Congressional Budget Act of 1974. The supplemental estimate would be scored using a “fair value” basis that generally incorporates a more realistic market risk factor.

Subsection (c) requires that, whenever the Congressional Budget Office prepares an estimate of the cost of legislation with a cost related to a housing or residential mortgage program under the Federal Credit Reform Act of 1990, the Director must also provide an estimate of the “fair value” of the assets and liabilities affected.

Subsection (d) allows the Chairman of the Committee on the Budget to use the supplemental estimates to determine compliance with the Congressional Budget Act of 1974 and other budgetary enforcement controls.

SECTION 608. TRANSFERS FROM THE GENERAL FUND OF THE TREASURY TO THE HIGHWAY TRUST FUND THAT INCREASE PUBLIC INDEBTEDNESS

This section provides that for purposes of budget enforcement, transfers of funds from the general fund of the Treasury to the Highway Trust Fund are to be counted as new budget authority and outlays equal to the amount of the transfer in the fiscal year the transfer occurs.

SECTION 609. SEPARATE ALLOCATION FOR OVERSEAS CONTINGENCY OPERATIONS/GLOBAL WAR ON TERRORISM

Subsection (a) provides for a separate section 302(a) allocation under the Congressional Budget Act of 1974, and is set out in this report in allocation tables, to the Committee on Appropriations for overseas contingency operations and the global war on terrorism (OCO/GWOT). For purposes of enforcing the point of order set out in section 302(f) of the Congressional Budget Act of 1974, the “first fiscal year” and the “total of fiscal years” refer to fiscal year 2014 only. This separate allocation is the exclusive allocation for OCO/GWOT under section 302(a).

It states that any provision designated as such under section 251(b)(2)(A)(ii) of the Balanced Budget and Emergency Deficit Control Act of 1985 which raises the statutory spending limits by the amount designated will be counted toward the separate OCO/GWOT allocation and not to the general section 302(a) allocation.

Subsection (b) provides that the procedure of adjusting the general 302(a) allocation under section 314 of the Budget Act for this purpose does not apply, as it is unnecessary with the special allocation.

SECTION 610. EXERCISE OF RULEMAKING POWERS

This section provides for the general application of the text of this concurrent resolution on the budget.

TITLE VII—POLICY STATEMENTS

SECTION 701. POLICY STATEMENT ON ECONOMIC GROWTH AND JOB CREATION

Subsection (b) states the policy on tax reform assumed by this concurrent resolution on the budget.

SECTION 703. POLICY STATEMENT ON MEDICARE

Subsection (a) sets out findings.

Subsection (b) states that the policy of this concurrent resolution on the budget is to protect those in or near retirement from any disruptions to their Medicare benefits and offer future beneficiaries the same health care options available to Members of Congress.

Subsection (c) sets out the assumptions of this concurrent resolution on the budget for the parameters of future Medicare reforms.

SECTION 704. POLICY STATEMENT ON SOCIAL SECURITY

Subsection (a) sets out findings.

Subsection (b) states the policy on Social Security assumed by this concurrent resolution on the budget.

SECTION 705. POLICY STATEMENT ON HIGHER EDUCATION AFFORDABILITY

Subsection (a) sets out findings.

Subsection (b) states the policy on higher education affordability assumed by this concurrent resolution on the budget.

SECTION 706. POLICY STATEMENT ON DEFICIT REDUCTION THROUGH THE CANCELLATION OF UNOBLIGATED BALANCES

Subsection (a) sets out findings.

Subsection (b) directs congressional committees through their oversight activities to identify and achieve savings through the cancellation or rescission of unobligated balances that neither abrogate contractual obligations of the Federal Government nor reduce or disrupt Federal commitments under programs such as Social Security, veterans' affairs, national security, and Treasury authority to finance the national debt.

Subsection (c) provides that Congress, with the assistance of the Government Accountability Office, the Inspectors General, and other appropriate agencies should make it a high priority to review unobligated balances and identify savings for deficit reduction.

While there is year-to-year variability, unobligated balances have generally been trending upwards over the past ten years, from \$253 billion at the end of fiscal year 2000 to \$725 billion at the end of fiscal year 2011. According to the Office of Management and Budget, federal agencies will have an estimated \$698 billion in unobligated balances at the close of fiscal year 2014, though agencies tend to overestimate their rate of obligations. Legislation introduced by Dr. Tom Price of Georgia (H.R.828) would rescind \$45 billion in unobligated discretionary funds within 60 days of enactment. CBO has informally estimated that such a measure could reduce spending by approximately \$22 billion.

The large sums of unobligated balances indicate that there are major opportunities for savings to reduce the deficit. Additional investigation is necessary to determine what portion of these anticipated unobligated balances can be cancelled or rescinded for deficit reduction without abrogating the Federal Government's contractual obligations or reducing or disrupting federal commitments under high priority programs and Treasury's authority to finance the national debt.

A reasonable goal would be to reduce unobligated balances by 10 percent, excluding Departments of Defense, Treasury, Veterans Affairs, and the Social Security Administration, to achieve savings for deficit reduction.

SECTION 707. POLICY STATEMENT ON RESPONSIBLE STEWARDSHIP OF TAXPAYER DOLLARS

Subsection (a) sets out findings.

Subsection (b) states that the policy of this concurrent resolution on the budget is to identify any savings that can be achieved through greater productivity and efficiency gains in the operation and maintenance of House services and resources.

SECTION 708. POLICY STATEMENT ON DEFICIT REDUCTION THROUGH THE REDUCTION OF UNNECESSARY AND WASTEFUL SPENDING

Subsection (a) sets out findings.

Subsection (b) states that each Congressional Committee shall as part of its annual Views and Estimates letter to the Committee on the Budget submit recommendations for reductions in spending that result from that committee's oversight activities.

SECTION 709. POLICY STATEMENT ON UNAUTHORIZED SPENDING

This section states that the committees of jurisdiction should review all unauthorized programs funded through annual appropriations to determine if the programs are operating efficiently and effectively and reauthorize only those programs that in the committees' judgment should continue to receive funding.

**TITLE VIII—SENSE OF THE HOUSE
PROVISIONS****SECTION 801. SENSE OF THE HOUSE ON THE IMPORTANCE OF CHILD
SUPPORT ENFORCEMENT**

This section expresses the sense of the House that additional legislative action is needed to ensure that States have the necessary resources to collect all child support that is owed to families and to allow them to pass 100 percent of support on to families without financial penalty.

It also expresses the sense that when 100 percent of child support payments are passed to the child, rather than spent on administrative expenses, program integrity is improved and child support participation increases.

SEC. 504. SENSE OF SENATE ON UNDERUTILIZED FACILITIES OF THE NATIONAL AERONAUTICS AND SPACE ADMINISTRATION AND THEIR POTENTIAL USE.

(a) FINDINGS.—The Senate finds the following:

(1) The National Aeronautics and Space Administration (NASA) is the ninth largest real property holder of the Federal Government, with more than 124,000 acres and more than 4,900 buildings and other structures with a replacement value of more than \$30,000,000,000.

(2) The annual operation and maintenance costs of the National Aeronautics and Space Administration have increased steadily, and, as of 2012, the Administration has more than \$2,300,000,000 in annual deferred maintenance costs.

(3) According to Office of Inspector General (OIG) of the National Aeronautics and Space Administration, the Administration continues to retain real property that is underutilized, does not have identified future mission uses, or is duplicative of other assets in its real property inventory.

(4) The Office of Inspector General, the Government Accountability Office (GAO), and Congress have identified the aging and duplicative infrastructure of the National Aeronautics and Space Administration as a high priority and long-standing management challenge.

(5) In the NASA Authorization Act of 2010, Congress directed the National Aeronautics and Space Administration to examine its real property assets and downsize to fit current and future missions and expected funding levels, paying particular attention to identifying and removing unneeded or duplicative infrastructure.

(6) The Office of Inspector General found at least 33 facilities, including wind tunnels, test stands, airfields, and launch infrastructure, that were underutilized or for which National Aeronautics and Space Administration managers could not identify a future mission use and that the need for these facilities have declined in recent years as a result of changes in the mission focus of the Administration, the condition and obsolescence of some facilities, and the advent of alternative testing methods.

(7) The Office of Inspector General found that the National Aeronautics and Space Administration has taken steps to minimize the costs of continuing to maintain some of these facilities by placing them in an inactive state or leasing them to other parties.

(8) The National Aeronautics and Space Administration has a series of initiatives underway that, in the judgment of the Office of Inspector General, are “positive steps towards ‘rightsizing’ its real property footprint”, and the Office of Inspector General has concluded that “it is imperative that

NASA move forward aggressively with its infrastructure reduction efforts”.

(9) Existing and emerging United States commercial launch and exploration capabilities are providing cargo transportation to the International Space Station and offer the potential for providing crew support, access to the International Space Station, and missions to low Earth orbit while the National Aeronautics and Space Administration focuses its efforts on heavy-lift capabilities and deep space missions.

(10) National Aeronautics and Space Administration facilities and property that are underutilized, duplicative, or no longer needed for Administration requirements could be utilized by commercial users and State and local entities, resulting in savings for the Administration and a reduction in the burden of the Federal Government to fund space operations.

(b) SENSE OF SENATE.—It is the sense of the Senate that the levels in this concurrent resolution assume—

(1) the National Aeronautics and Space Administration should move forward with plans to reduce its infrastructure and, to the greatest extent practicable, make property available for lease to a government or private tenant or report the property to the General Services Administration (GSA) for sale or transfer to another entity;

(2) the National Aeronautics and Space Administration should pursue opportunities for streamlined sale or lease of property and facilities, including for exclusive use, to a private entity, or expedited conveyance or transfer to a State or political subdivision, municipality, instrumentality of a State, or Department of Transportation-licensed launch site operators for the promotion of commercial or scientific space activity and for developing and operating space launch facilities; and

(3) leasing or transferring underutilized facilities and properties to commercial space entities or State or local governments will reduce operation and maintenance costs for the National Aeronautics and Space Administration, save money for the Federal Government, and promote commercial space and the exploration goals of the Administration and the United States.

Passed the Senate March 23 (legislative day, March 22), 2013.

* * * * *

SEC. 401. DISCRETIONARY SPENDING LIMITS, PROGRAM INTEGRITY INITIATIVES, AND OTHER ADJUSTMENTS.

The Committee-reported resolution strengthens fiscal responsibility by establishing discretionary spending limits for 2013 and 2014, and enforcing them with a point of order in the Senate that can be waived only with 60 votes. The discretionary caps contain a “firewall” between security and nonsecurity spending for fiscal year 2013. The security category includes discretionary appropriations associated with agency budgets for the Department of Defense, the Department of Homeland Security, the Department of Veterans Affairs, the National Nuclear Security Administration, the intelligence community management account, and all budget accounts in function 150 (international affairs). The nonsecurity category includes all other discretionary appropriations.

The discretionary caps also contain a firewall between a revised security category and a revised nonsecurity category for fiscal year 2014. The revised security category includes discretionary appropriations in budget function 050 (defense). The revised nonsecurity category includes all other discretionary appropriations. The point of order can be raised against legislation breaching the caps in either category.

The Committee-reported resolution permits adjustments to the discretionary spending limits, allocations, and aggregates for certain legislation making appropriations for emergency requirements, disability reviews and redeterminations, health care fraud and abuse control, disaster relief, and overseas contingency operations. These adjustments are consistent with those included in the BCA. The adjustments for overseas contingency operations are limited in the resolution to certain dollar amounts for each of fiscal years 2013 and 2014.

SEC. 402. ADVANCE APPROPRIATIONS.

The Committee-reported resolution provides a supermajority point of order in the Senate against appropriations in 2014 bills that would first become effective in any year after 2014, and against appropriations in 2015 bills that would first become effective in any year after 2015. It does not apply against appropriations for veterans’ medical services, support, or facilities, or the Corporation for Public Broadcasting. Additionally, there is an exemption for each of 2015 and 2016 of up to \$28.852 billion for the following:

ACCOUNTS IDENTIFIED FOR ADVANCE APPROPRIATIONS IN THE SENATE

Labor, HHS:

- Employment and Training Administration
- Job Corps
- Education for the Disadvantaged
- School Improvement
- Special Education
- Career, Technical, and Adult Education

Financial Services and General Government:

- Payment to Postal Service

Transportation, Housing and Urban Development:

Tenant-based Rental Assistance
 Project-based Rental Assistance

SEC. 403. ADJUSTMENTS FOR SEQUESTRATION OR SEQUESTRATION REPLACEMENT.

Because the discretionary spending limits described above as well as aggregates and committee allocations must comply with the Budget Control Act of 2011 (BCA) until the sequestration process is replaced, the Committee-reported resolution permits adjustments to the allocations, aggregates, levels and limits in the resolution if the enforcement procedures, including sequestration, established by the BCA and modified by the American Taxpayer Relief Act of 2012 remain or go into effect. This section also allows for adjustments if a law is enacted that amends those enforcement procedures or the BCA discretionary spending limits contained in the Balanced Budget and Emergency Deficit Control Act of 1985. It also allows for adjustments for program integrity initiatives to fund anti-fraud activities or for legislation to fund investments that will lay the foundation for job growth and long-term economic development.

SEC. 404. SENATE POINT OF ORDER AGAINST PROVISIONS OF APPROPRIATIONS LEGISLATION THAT CONSTITUTE CHANGES IN MANDATORY PROGRAMS AFFECTING THE CRIME VICTIMS FUND.

The Committee-reported resolution includes a new 60-vote point of order that applies to appropriations legislation containing one or more provisions that constitute a change in a mandatory program that affects the Crime Victims Fund, as defined by section 10601 of title 42, United States Code.

OTHER MATTERS

SEC. 501. TO REQUIRE TRANSPARENT REPORTING ON THE ONGOING COSTS TO TAXPAYERS OF OBAMACARE.

The Committee-reported resolution directs the Congressional Budget Office, upon the release of its annual Update to the Budget and Economic Outlook, to report changes in direct spending and revenue associated with the Patient Protection and Affordable Care Act (Public Law 111-148) and the Health Care and Education Reconciliation Act of 2010 (Public Law 111-152), including the net impact on deficit, both with on-budget and off-budget effects.

SEC. 502. TO REQUIRE FULLER REPORTING ON POSSIBLE COSTS TO TAXPAYERS OF OBAMACARE.

The Committee-reported resolution directs the Congressional Budget Office, upon the release of its annual update to the Budget and Economic Outlook, to provide an analysis of the budgetary effects of 30 percent, 50 percent, and 100 percent of Americans losing employer sponsored health insurance and accessing coverage through Federal or state exchanges.

CONGRESSIONAL RECORD—HOUSE, DECEMBER 12, 2013, PAGE H8075

(The Speaker Pro Tempore recognized Chairman Paul Ryan (WI) for two minutes for the purpose of this colloquy)

Mr. RYAN of Wisconsin. Mr. Speaker, at this time, I yield 2 minutes to the gentleman from Iowa (Mr. Latham) for the purposes of a colloquy.

Mr. LATHAM. Mr. Speaker, I yield to the gentleman from Vermont (Mr. Welch).

Mr. WELCH. Mr. Speaker, I rise to enter into a colloquy with the gentleman from Wisconsin regarding the not-for-profit student loan servicing provisions in the Bipartisan Budget Act of 2013.

Is it your understanding and intent that the not-for-profit servicing provision in this act does not require the termination of the existing Federal loan servicing contracts of any not-for-profit servicers who are currently servicing Federal loans?

And is it the further understanding and intent of the gentleman from Wisconsin that the Education Department will continue to enter into contracts with not-for-profit servicers based on their performance?

Mr. RYAN of Wisconsin. Mr. Speaker, will the gentleman from Iowa yield?

Mr. LATHAM. I yield to the gentleman.

Mr. RYAN of Wisconsin. Mr. Speaker, yes, it is the legislative intent that existing contracts to use the services for not-for-profit servicers are not terminated by this bill and that they will be permitted to compete with the Department of Education's title IV servicers for additional accounts.

Mr. LATHAM. Mr. Speaker, I associate myself with the comments of the managers and am pleased to know it is their intent that the use of not-for-profit servicers continues and that not-for-profit servicers will be permitted to compete in the future for additional accounts.

Mr. KLINE. Mr. Speaker, will the gentleman yield?

Mr. LATHAM. I yield to the gentleman from Minnesota.

Mr. KLINE. Mr. Speaker, I also rise to associate myself with the comments of the managers and am pleased to know it is their intent that the use of not-for-profit servicers continues and that not-for-profit servicers will be permitted to compete in the future for additional accounts.

Colloquy Related to the Death Master File

CONGRESSIONAL RECORD—SENATE, DECEMBER 17, 2013,
PAGE S8890—S8891

(The Presiding Officer recognized Senator Murray (WA) to engage in this colloquy)

Mr. NELSON.

* * * * *

I would like to take a moment to acknowledge a small but significant provision in this budget compromise. It is section 203 of the Budget Act of 2013, and it limits access to what is known as Social Security's Death Master File, which is important because criminals utilize fraudulently the Death Master File to steal people's identities.

When someone dies, the Social Security Administration puts their information into the Death Master File and releases it to the public through the Commerce Department. It lists their name, their Social Security number, and other personal identification information.

The public release shortly after death of the Death Master File came about as a result of a Freedom of Information Act lawsuit back in the 1980s. Over time, Federal agencies and industries came to rely on the information from the Death Master File. Life insurers use it to know when to pay out benefits. Banks and credit card companies use information from the file to prevent fraud. A whole host of Federal and State agencies, as well as other industries, depend on the information for legitimate purposes, including pension funds, unclaimed property auditors, and identity theft protection companies.

But there is somebody else who is using the Death Master File too. It is the criminals who are stealing identities, including especially the Social Security number. When that is posted online, they are using it fraudulently. What are they doing? They are filing an income tax return. They are utilizing somebody else's identity—in this case easily accessible, the Death Master File—creating a false return and getting a tax refund.

You may find this hard to believe, but this actually happened in Tampa, FL. Street crime—hijackings, stickups, burglaries, dope dealing—actually dropped because the criminals found a new way of being able to steal people's money. They did it with a laptop instead of with a crowbar or a gun. Street crime actually reduced because the criminals have found a new way.

They would steal people's identities in many different ways. They would go to senior citizens' mailboxes, and they would get their ID, they would get their Social Security number. They would go through hospital records, and they would get Social Security numbers. They would do it a number of ways. But one of the easiest ways was this Death Master File.

I want to tell you about the story of Alexis Agin, the daughter of two courageous parents John and Neely, who have joined us today. Tragically, Alexis died from cancer 2 weeks shy of her 5th birthday. Obviously, no parent should have to go through the pain

of seeing their child go through this kind of ordeal and then losing the child.

So you can imagine how they felt when months later they learned that someone had used Alexis' identity, obtained from the Death Master File, to file a fraudulent tax return, claiming a refund, and the IRS—when they tried to correct this—asked them to prove that Alexis was their daughter and was not the one responsible for the fraudulent tax return.

Because I have heard so many stories of innocent Americans whose identities have been stolen, this Senator filed this legislation that would restrict access to the Death Master File by establishing a certification program run by the Commerce Department while still allowing access to the Death Master File for legitimate purposes.

This brings us to the budget agreement. I am very pleased that the Senator from Washington has included within this budget that we are going to pass—it would be nice if it were today, but it looks as if it is going to be tomorrow—what some of us have been calling on for years: restricting access to this master file, making it harder for criminals to steal identities and therefore making it harder to steal taxpayer money.

That is where this actually has a revenue effect because we are going to actually save the U.S. Government money by doing this. We are going to save the U.S. Government money that otherwise would be stolen. So I thank the courageous chairman of the Budget Committee for including this idea in the act and for crafting what used to be S. 676, the Identity Theft and Tax Fraud Prevention Act.

It was never the intent of this Senator or the cosponsors to deny access to the master file by the people who need it for legitimate purposes. The language in this budget deal would include the file in the Freedom of Information Act exemptions so that it will not be available to just anyone off the street. However, the Social Security Administration and Commerce would still be able to release the information in the file for those who need it.

So I want to ask the distinguished chair of the committee whether it is true that as Commerce sets up a certification program, the Social Security Administration and Commerce will still be able to release the Death Master File to folks who need to use it for legitimate purposes?

The PRESIDING OFFICER. The Senator from Washington.

Mrs. MURRAY. Mr. President, I would ask unanimous consent to engage in a colloquy with the Senator from Florida and the Senator from Pennsylvania so I may respond.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mrs. MURRAY. The Senator from Florida is correct. That is absolutely our intention. There is nothing in law that prevents the continued public release of the Death Master File while the Commerce Department sets up the certification program. This act simply exempts the Social Security Administration's death records from freedom of information requests under section 552 of title 5 of the United States Code, subsection (b).

Mr. CASEY. Mr. President, echoing the comments of my colleague from Florida, I am pleased that the budget includes language to ad-

dress the fraud that is perpetrated with information from the Death Master File. Tax fraud is a large and growing problem. We know that. In 2012, for example, the IRS reported that they identified over 1.2 million identity theft returns. As of June 2013, they identified 1.6 million for this year. Thousands of these cases involve the identities of deceased taxpayers. A recent audit of the 2011 tax year identified 19,000 fraudulent returns from recently deceased taxpayers. Under current practice, for \$10, criminals can purchase the full name, Social Security number, date of birth, and date of death of a deceased citizen or legal resident.

As a member of the Finance Committee, I have worked with my colleagues to address this issue. I am pleased to see the language limiting access to the Death Master File in the budget deal.

As Commerce begins its rulemaking, it is essential to strike the correct balance. The reality is that the Death Master File is used by companies across Pennsylvania and the Nation to prevent fraud and provide other essential consumer protections. Banks, investment companies, insurers, and numerous other businesses run this file to ensure the identity of those accessing their services. Striking the correct balance in the regulatory process is critical to ensuring the continued legitimate use of this information.

Businesses and those who contract for assistance with fraud prevention and other businesses must maintain access to the file. Furthermore, access must remain available as those regulations are promulgated.

In short, as a certification program is set up, it is important that we get it right. The Death Master File is critical to fraud prevention and must remain available to legitimate users. To that point, I ask the Senator from Washington, the distinguished chairwoman, is it the intention of the Bipartisan Budget Act for the Commerce Department to seek input from stakeholders as it creates the certification program to ensure legitimate users maintain access to the file?

Mrs. MURRAY. Mr. President, the Senator from Pennsylvania is correct. We intended for Commerce to follow notice-and-comment rulemaking procedures in the establishment of the certification program.

Mr. NELSON. Mr. President, I want to close by again thanking the distinguished chairwoman of the committee. She has been a quiet hero, and the proof is in the pudding of all of her labors. She deserves the praise of the country that we have a budget, No. 1, but I also thank her for making it a lot more difficult for criminals to steal the identities of those who have passed on.

Colloquy Related to Transboundary Agreements

CONGRESSIONAL RECORD—SENATE, DECEMBER 17, 2013, PAGE S8898

Mr. MENENDEZ. Mr. President, I want to briefly discuss Section 304 of the Bipartisan Budget Act of 2013, which contained an amendment to the Outer Continental Shelf Lands Act. I was disappointed to see that the amended Section 32 requires submissions regarding future transboundary hydrocarbon agreements be made to the Speaker of the House, the Senate Majority Leader, the chair of the Committee on Natural Resources of the House of Represent-

atives, and the chair of the Committee on Energy and Natural Resources in the Senate. This language fails to mention the Senate Foreign Relations Committee, an omission I find curious in light of the Foreign Relations Committee's jurisdiction over international agreements. I would like to yield to my colleague from Washington in order to clarify that this language was not intended to negate the Foreign Relations Committee's jurisdiction of transboundary hydrocarbon agreements.

Mrs. MURRAY. I thank the Senator for his question, and I appreciate his leadership as Chairman of the Senate Foreign Relations Committee. I understand his concerns and can assure him that the language in the Bipartisan Budget Act of 2013 was not intended to alter or negate the Foreign Relation Committee's jurisdiction.

Mr. MENENDEZ. I thank the Senator from Washington for her response, and I appreciate the tremendous work she has done to arrive at a budget agreement. Due to the importance of this issue, I want to seek additional confirmation of this point. The February 20, 2012 Agreement between the United States of America and the United Mexican States Concerning Transboundary Hydrocarbon Reservoirs in the Gulf of Mexico went through the Senate Committee on Energy and Natural Resources with the approval of the Senate Foreign Relations Committee because the implementing legislation was narrow and addressed the ability of the Department of the Interior to carry out the agreement. However, the Foreign Relations Committee engaged in robust oversight of this agreement in meetings with high-ranking officials at the Department of State and the Department of the Interior, including the submission of a detailed letter with several questions, which received a lengthy response. These actions reflect the Senate Foreign Relations Committee's intention to retain oversight of transboundary hydrocarbon agreements, and to reserve the right to draft and oversee implementing legislation for future transboundary hydrocarbon agreements.

Mrs. MURRAY. I thank the chairman of the Senate Foreign Relations Committee. It is quite clear by the extensive work the committee has done on the U.S.-Mexico Transboundary Hydrocarbon Agreement that the committee has an expertise in international agreements and should play an integral role in the oversight of future transboundary hydrocarbon agreements. The language in the Bipartisan Budget Act was not intended to undermine the Senate Foreign Relations Committee's jurisdiction with respect to any matter that would be properly before it.

Mr. MENENDEZ. I thank the chair of the Budget Committee for her responses.

Colloquy Related to Not-for-Profit Loan Servicing

CONGRESSIONAL RECORD—SENATE, DECEMBER 17, 2013,
PAGE S8898–S8899

Mr. SANDERS. Mr. President, I rise to enter into a colloquy with the chairman of the Budget Committee, Senator MURRAY, and several of my colleagues regarding the not-for-profit student loan servicing provisions in the Bipartisan Budget Act of 2013. Is it your understanding and intent that the not-for-profit servicing provision in

this act does not require the termination of the existing Federal loan servicing contracts of any not-for-profit servicers who are currently servicing Federal loans?

Is it further the understanding and intent of the chairman of the Senate Budget Committee that the Education Department will continue to enter into contracts with not-for-profit servicers based on their performance?

Mrs. MURRAY. Mr. President, the Senator from Vermont is correct. It is my intent that existing contracts to use the services of not-for-profit servicers are not terminated by this bill and that they will be permitted to compete with the Department of Education's title IV servicers for additional accounts. I know several of my colleagues also feel strongly about this issue. I would like to recognize the following Senators to also join in on the colloquy: Senators LEAHY, HARKIN, ALEXANDER, HATCH, SHAHEEN, BEGICH, GRASSLEY, KING, BAUCUS, TESTER, and MURKOWSKI.

Mr. LEAHY. Mr. President, if I may join in this colloquy, I am glad for the clarification from the senior Senator from Washington and am pleased to know it is her legislative intent for the Department of Education to continue to use not-for-profit servicers and maintain their existing contracts and that not-for-profit servicers will be permitted to compete in the future for additional accounts. Like other notfor-profits around the country, the Vermont Student Assistance Corporation, VSAC, has provided counseling services and low-cost loans to students and Vermonters for more than 40 years. Since then, VSAC has worked hard to establish and maintain strong and longstanding working relationships with Vermont's higher education institutions, as well as K-12 schools, to provide outreach programs critical to the economic vitality of Vermont. In their new role servicing Federal loans, VSAC has consistently received praise from their customers and scored high in customer satisfaction surveys. In fact, when Congress switched to direct lending we ensured that not-for-profit servicers would continue to service Federal loans because of the superior customer service experience that not-for-profits servicers have consistently provided. I am glad that Congress is continuing to recognize the importance of not-for-profit servicers in our communities and intends to allow for their continued role of servicing Federal loans and helping more students gain access to college and more students to complete their degrees.

Mr. HARKIN. Mr. President, as chairman of the Health, Education, Labor and Pensions Committee, which holds jurisdiction over the servicing of our Federal student loan programs, it is my understanding that the intent of the budget agreement is to allow for the continuation of the existing notfor-profit servicer contracts and that they will be permitted to compete based on performance with the Department of Education's title IV servicers for additional accounts, so that students receive the best possible service and taxpayer funds are used efficiently.

Mr. ALEXANDER. Mr. President, I thank the Senator from Vermont for engaging in this dialogue and appreciate the Senator from Washington clarifying that it is the intent of the budget measure for the Department of Education to continue to use not-for-profit servicers for the Federal loan program and that these entities

should be permitted to compete for additional loan volume in the future.

Mr. HATCH. Mr. President, I thank the Senator from Vermont and the Senator from Washington for providing clarification on this issue. I am happy to hear that the legislative intent of the budget deal is to continue the use of the not-for-profit student loan servicers and that they will be permitted to compete in the future for additional accounts.

Mrs. SHAHEEN. Mr. President, I would like to associate myself with the comments of the senior Senator from Washington and am pleased to know it is her intent that not-for-profit servicers, like the New Hampshire Higher Education Loan Corporation and the NHHEAF Network, will be able to continue their important work and that they will be able to compete in the future for additional accounts. For over 50 years, the New Hampshire Higher Education Loan Corporation and the NHHEAF Network have provided critical college access, financial education, and default-prevention programs to students in New Hampshire and across the country. The New Hampshire Higher Education Loan Corporation's dedicated staff services a national portfolio over 250,000 borrowers, helping them to manage repayment of almost \$5 billion in student loans. These professionals play a uniquely important role in helping students to succeed in postsecondary education, and I am pleased that it is the Senator from Washington's intent to allow them to continue their work.

Mr. BEGICH. Mr. President, I rise as well to thank the senior Senator from Washington for her insight and to echo the comments from my colleagues, especially my good friend from Alaska.

The not-for-profit student loan servicer in my State, the Alaska Student Loan Corporation, does an outstanding job of servicing student loans. They take a proactive and supportive role with the accounts they receive from the Department, and I want to ensure they will be able to continue to participate in this important program. I was pleased to learn that the chairman's intent in including this language was not to exclude not-for-profit servicers from competing for additional servicing accounts.

Mr. GRASSLEY. Mr. President, I would like to associate myself with the comments of the senior Senator from Washington and am pleased to know it is her intent that the use of not-for-profit servicers continues and that not-for-profit servicers will be permitted to compete on an equal basis in the future for additional accounts.

Mr. KING. Mr. President, I wish to associate myself with the comments of the senior Senator from Washington. I am pleased to know that it is her intent that the work of not-for-profit servicers advances and that they will continue to be allowed to compete for additional accounts in the future. In Maine, two not-for-profit servicers, the Finance Authority of Maine and Maine Education Services, provide essential services to Maine students through financial literacy education and the servicing of Federal student loans. Indeed, not-for-profit servicers do meaningful work across the country, and I am glad to know it is the Senate Budget Committee Chairman's intent to continue to allow these State agencies and nonprofits to play a role in servicing federal student loans.

Mr. BAUCUS. Mr. President, I would also like to associate myself with the senior Senator from Washington, my colleague from Vermont, and my colleague from Montana. Our Montana servicer, the Student Assistance Foundation, provides vital services to Montana students by delivering financial aid education, scholarships, and grants. I am therefore pleased to know it is the intent of the chairman of the Senate Budget Committee that not-for-profit student loan servicers will continue to play a role in the servicing market and will be permitted to compete for future servicing contracts.

Mr. TESTER. Mr. President, I rise to share in this important discussion and would also like to associate myself with the comments of the senior Senator from Washington and my colleague from Montana. The Student Assistance Foundation is a strong employer in Montana, representing nearly 200 jobs, and I am pleased to know it is the chair of the Budget Committee's intent that the use of not-for-profit servicers continues. I am also pleased that not-for-profit servicers, such as the Student Assistance Foundation, will be permitted to compete in the future for additional accounts.

Ms. MURKOWSKI. Mr. President, I am pleased to know it is the intent of the chairman of the Senate Budget Committee—the chief Senate negotiator for the Bipartisan Budget Act—that nonprofit servicers will continue to play an important role in servicing Federal student loans, both now and in the future. I strongly support this intent and the vital public service role that nonprofit and State agency servicers have played in Federal student loan programs on behalf of Federal student loan borrowers and the American public. I will be one of those who will expect the Department to pay close attention to congressional intent in this matter. I also look forward to working with my colleagues on both the Senate Health, Education, Labor and Pensions Committee and the Appropriations Committee to ensure that this intent is carried out.

Ms. COLLINS. Mr. President, I would like to thank the chairman of the Senate Budget Committee, who coauthored this legislation, for clarifying that it is not the intent of the bill's authors to require that existing contracts with not-for-profit student loan servicers be canceled and that such servicers will continue to be able to compete for additional Department of Education contracts in the future. Not-for-profit servicers provide students in Maine and across the country with important financial counseling services, and I am pleased to know that they will continue to be allowed to compete to perform this work under this legislation.

*Colloquy Related to Reserve Funds/Section 114(c)
of the BBA of 2013*

CONGRESSIONAL RECORD—SENATE, JANUARY 7, 2014, PAGE S67

Mrs. MURRAY. Madam President, I rise to enter into a colloquy with the Senator from Ohio, Mr. PORTMAN, to discuss section 114(c) of the Bipartisan Budget Act of 2013, which establishes a deficit-neutral reserve fund to replace sequestration.

Before I turn to Senator PORTMAN for his questions, I would like to note that the Senate has relied on reserve funds for nearly 30 years to help it carry out its priorities as part of the annual budget

process. In fact, during debate on the 2014 budget resolution, the Senate considered or filed over 300 reserve funds. These included multiple amendments from Members of both parties to create new reserve funds. This particular reserve fund, section 114(c), was included and voted on as part of both the Senate Budget Committee-reported resolution and the Senate-passed budget resolution.

I would now like to turn to my colleague for his questions.

Mr. PORTMAN. I would like to thank the chairman of the Budget Committee for the opportunity to engage in this colloquy with her. As I understand it, the intent of the reserve fund under section 114(c) is to be available to adjust certain budgetary levels for deficit-neutral legislation that would replace sequestration. Do I have that correct?

Mrs. MURRAY. Yes, the bipartisan budget agreement reached between the House and Senate replaces some of the sequester cuts that otherwise would occur in 2014 and 2015. By avoiding sequestration and reaching agreement on bipartisan funding levels for 2014 and 2015, this agreement will provide relief to our families, servicemembers, and the economy. Sequestration, however, continues to remain in place, unmodified, for fiscal years 2016 through 2021. Assuming legislation met the necessary requirements specified in section 114(c), this reserve fund would be available to further address the harmful effects of sequestration.

Mr. PORTMAN. I thank the chairman for her response. There is a concern that the reserve fund in section 114(c) could deprive the minority of an opportunity to require 60 votes for legislation that would modify the statutory limits on discretionary spending and pay for some or all of that cost with new revenue. Is that concern accurate?

Mrs. MURRAY. I thank the Senator for his question. No, that concern is not accurate. While a useful tool to help the Senate carry out its priorities under the budget process, a reserve fund is limited in what it allows me to do, in my capacity as chairman of the Budget Committee. In general, for legislation that meets the required criteria, reserve funds allow me to revise the levels adopted in a budget resolution and enforced in the Senate, such as committee allocations and the budgetary aggregates.

A reserve fund, however, does not have any impact on the standing rules of the Senate, including the cloture process and the need for 60 votes to end debate. Nothing in the Bipartisan Budget Act would change that process.

A reserve fund also does not waive budget points of order. I can use a reserve fund to revise the committee allocations and budgetary aggregates, such that legislation that meets the criteria of the reserve fund, including deficit neutrality, can be brought into compliance with the allocations and aggregates. But, it does not allow me to waive budget points of order that still may lie against the legislation following the reserve fund adjustment. Budget points of order generally can only be waived by unanimous consent or with 60 votes. Nothing in the Bipartisan Budget Act would change that.

Further, the Senator from Ohio proposed the specific hypothetical example of legislation that would increase the statutory limits on discretionary spending and offset some or all of those

costs with new revenue. Recognizing this is a hypothetical scenario, I believe in that situation the legislation would be subject to a 60-vote point of order for violating section 306 of the Congressional Budget Act, which creates a point of order against legislation dealing with matters within the jurisdiction of the Budget Committee that has not been reported out of the Budget Committee. Ultimately, the Parliamentarian of the Senate determines whether points of order under section 306 lie against legislation, but legislation to alter the statutory limits in discretionary spending has historically been within the jurisdiction of the Budget Committee. A reserve fund would have no impact on a section 306 point of order and nothing in the Bipartisan Budget Act would change that.

In addition, legislation increasing the statutory caps on discretionary spending above the existing levels, as the Senator from Ohio outlines in his question, would also violate section 312(b) of the Congressional Budget Act, which prohibits consideration of legislation that would exceed any of the statutory limits on discretionary spending. The reserve fund in 114(c), like other reserve funds, deals only with Senate enforcement and would have no impact on that point of order. Again, nothing in the Bipartisan Budget Act would change that.

Finally, I would suggest to my colleague that legislation originating in the Senate rather than in the House of Representatives that raises revenue would likely be subject to a "blue slip" and returned back to the Senate by the House of Representatives. Again, nothing in the Bipartisan Budget Act would change that process.

Mr. PORTMAN. I thank the Chairman for her answer. I understand that we were discussing a hypothetical example. I thank her for engaging with me in this colloquy.

Appendix B—Statements for the Congressional Record

The following statements regarding provisions of the Bipartisan Budget Act of 2013 were submitted for the Congressional Record, (113th Congress).

CONGRESSIONAL RECORD: HOUSE, DECEMBER 12, 2013,
PAGE: H8066-8067

STATEMENT FOR THE RECORD BY HON. PAUL D. RYAN, CHAIRMAN,
COMMITTEE ON THE BUDGET, ON THE BIPARTISAN BUDGET ACT OF
2013

Section 203 restricts access to the Death Master File, DMF, which is a list of deceased individuals maintained by the Social Security Administration.

This provision charges the Secretary of Commerce with establishing a program to restrict access to the information contained on the DMF for a three-year period beginning on the date of an individual's death, except to persons who are certified under the program. Under the program, persons certified by the Secretary of Commerce to have a fraud prevention interest or other legitimate need for the information and agree to maintain the information under significant safeguards may continue to access DMF information on a current basis. The provision also provides for penalties in cases of unauthorized disclosures or uses of DMF information by certified persons. Finally, the provision also brings the DMF within the scope of the exemptions available under the Freedom of Information Act to ensure that Federal agencies do not disclose the information about deceased individuals maintained by SSA or contained in the DMF, except to recipients who are certified persons.

In implementing this section, the Department of Commerce should promulgate regulations establishing and providing guidelines for the certification program and provide sufficient time for legitimate current users of DMF information to comment on the regulations, especially as it relates to the timing of the effectiveness of this Section and as it relates to the authority to release the Death Master File to the public.

CONGRESSIONAL RECORD: HOUSE, DECEMBER 19, 2013, PAGE: E1906

Mr. RYAN of Wisconsin. Mr. Speaker, Section 401 creates a new category of employee called a "Further Revised Annuity Employee" and would require Further Revised Annuity Employees to con-

tribute additional amounts into the CRSDF.⁵ It is the intent of Congress for OPM to create a new normal cost for the Further Revised Annuity Employees, and to ensure that the retirement plan not be underfunded.

Additionally, it is the intent that for the new Further Revised Annuity Employee Plan that the only determinant of whether an individual is a FERS employee or Member, as opposed to a FERS Revised Annuity Employee or FERS Further Revised Annuity Employee, is through application of the FERS Revised Annuity Employee test. And that the new Further Revised Annuity Employee test only differentiates between FERS Revised Annuity Employee coverage and new FERS Further Revised Annuity Employee coverage.

CONGRESSIONAL RECORD: SENATE, DECEMBER 17, 2013, PAGE: S8898

Mrs. MURRAY. Mr. President, Section 401 of the Bipartisan Budget Act of 2013 creates a new category of employee called a further revised annuity employee and would require further revised annuity employees to contribute additional amounts into the Civil Service Retirement and Disability Fund. It is the intent of Congress for the Office of Personnel Management to create a new normal cost for the further revised annuity employees, and to ensure that the retirement plan not be underfunded.

Additionally, it is the intent that for the new further revised annuity employee plan that the only determinant of whether an individual is a Federal Employee Retirement System, FERS, employee or Member, as opposed to a FERS revised annuity employee or FERS further revised annuity employee, is through application of the FERS revised annuity employee test. And that the new further revised annuity employee test only differentiates between FERS revised annuity employee coverage and new FERS further revised annuity employee coverage.

⁵A typographical error in the Congressional Record had this acronym misspelled—should be “CSRDF” (Civil Service Retirement and Disability Fund).

(B) LIMITATIONS ON BUDGET AUTHORITY.—With respect to the Federal Hospital Insurance Trust Fund, the Supplementary Medical Insurance Trust Fund, the Unemployment Trust Fund, and the railroad retirement account, any amount that is precluded from obligation in a fiscal year by a provision of law (such as a limitation or a benefit formula) shall not be budget authority in that year.

(C) NEW BUDGET AUTHORITY.—The term “new budget authority” means, with respect to a fiscal year—

(i) budget authority that first becomes available for obligation in that year, including budget authority that becomes available in that year as a result of a re-appropriation; or

TITLE II—CONGRESSIONAL BUDGET OFFICE

ESTABLISHMENT OF OFFICE

SEC. 201. [2 U.S.C. 601] (a) IN GENERAL.—

(1) There is established an office of the Congress to be known as the Congressional Budget Office (hereinafter in this title referred to as the “Office”). The Office shall be headed by a Director; and there shall be a Deputy Director who shall perform such duties as may be assigned to him by the Director and, during the absence or incapacity of the Director or during a vacancy in that office, shall act as Director.

(2) The Director shall be appointed by the Speaker of the House of Representatives and the President pro tempore of the Senate after considering recommendations received from the Committees on the Budget of the House and the Senate, without regard to political affiliation and solely on the basis of his fitness to perform his duties. The Deputy Director shall be appointed by the Director.

(3) The term of office of the Director shall be 4 years and shall expire on January 3 of the year preceding each Presidential election. Any individual appointed as Director to fill a vacancy prior to the expiration of a term shall serve only for the unexpired portion of that term. An individual serving as Director at the expiration of a term may continue to serve until

his successor is appointed. Any Deputy Director shall serve until the expiration of the term of office of the Director who appointed him (and until his successor is appointed), unless sooner removed by the Director.

(4) The Director may be removed by either House by resolution.

(5)(A) The Director shall receive compensation at an annual rate of pay that is equal to the lower of—

(i) the highest annual rate of compensation of any officer of the Senate; or

(ii) the highest annual rate of compensation of any officer of the House of Representatives.

(B) The Deputy Director shall receive compensation at an annual rate of pay that is \$1,000 less than the annual rate of pay received by the Director, as determined under subparagraph (A).

(b) PERSONNEL.—The Director shall appoint and fix the compensation of such personnel as may be necessary to carry out the duties and functions of the Office. All personnel of the Office shall be appointed without regard to political affiliation and solely on the basis of their fitness to perform their duties. The Director may prescribe the duties and responsibilities of the personnel of the Office, and delegate to them authority to perform any of the duties, powers, and functions imposed on the Office or on the Director. For purposes of pay (other than pay of the Director and Deputy Director) and employment benefits, rights, and privileges, all personnel of the Office shall be treated as if they were employees of the House of Representatives.

(c) EXPERTS AND CONSULTANTS.—In carrying out the duties and functions of the Office, the Director may procure the temporary (not to exceed one year) or intermittent services of experts or consultants or organizations thereof by contract as independent contractors, or, in the case of individual experts or consultants, by employment at rates of pay not in excess of the daily equivalent of the highest rate of basic pay payable under the General Schedule of section 5332 of title 5, United States Code.

(d) RELATIONSHIP TO EXECUTIVE BRANCH.—The Director is authorized to secure information, data, estimates, and statistics directly from the various departments, agencies, and establishments of the executive branch of Government and the regulatory agencies and commissions of the Government. All such departments, agencies, establishments, and regulatory agencies and commissions shall furnish the Director any available material which he determines to be necessary in the performance of his duties and functions (other than material the disclosure of which would be a violation of law). The Director is also authorized, upon agreement with the head of any such department, agency, establishment, or regulatory agency or commission, to utilize its services, facilities, and personnel with or without reimbursement; and the head of each such department, agency, establishment, or regulatory agency or commission is authorized to provide the Office such services, facilities, and personnel.

(e) RELATIONSHIP TO OTHER AGENCIES OF CONGRESS.—In carrying out the duties and functions of the Office, and for the purpose

of coordinating the operations of the Office with those of other congressional agencies with a view to utilizing most effectively the information, services, and capabilities of all such agencies in carrying out the various responsibilities assigned to each, the Director is authorized to obtain information, data, estimates, and statistics developed by the General Accounting Office, and the Library of Congress, and (upon agreement with them) to utilize their services, facilities, and personnel with or without reimbursement. The Comptroller General, and the Librarian of Congress are authorized to provide the Office with the information, data, estimates, and statistics, and the services, facilities, and personnel, referred to in the preceding sentence.

(f) REVENUE ESTIMATES.—For the purposes of revenue legislation which is income, estate and gift, excise, and payroll taxes (i.e., Social Security), considered or enacted in any session of Congress, the Congressional Budget Office shall use exclusively during that session of Congress revenue estimates provided to it by the Joint Committee on Taxation. During that session of Congress such revenue estimates shall be transmitted by the Congressional Budget Office to any committee of the House of Representatives or the Senate requesting such estimates, and shall be used by such Committees in determining such estimates. The Budget Committees of the Senate and House shall determine all estimates with respect to scoring points of order and with respect to the execution of the purposes of this Act.

(g) APPROPRIATIONS.—There are authorized to be appropriated to the Office for each fiscal year such sums as may be necessary to enable it to carry out its duties and functions. Until sums are first appropriated pursuant to the preceding sentence, but for a period not exceeding 12 months following the effective date of this subsection, the expenses of the Office shall be paid from the contingent fund of the Senate, in accordance with the paragraph relating to the contingent fund of the Senate under the heading “UNDER LEGISLATIVE” in the Act of October 1, 1888 (28 Stat. 546; 2 U.S.C. 68), and upon vouchers approved by the Director.

DUTIES AND FUNCTIONS

SEC. 202. [2 U.S.C. 602] (a) ASSISTANCE TO BUDGET COMMITTEES.—It shall be the primary duty and function of the Office to provide to the Committees on the Budget of both Houses information which will assist such committees in the discharge of all matters within their jurisdictions, including (1) information with respect to the budget, appropriation bills, and other bills authorizing or providing new budget authority or tax expenditures, (2) information with respect to revenues, receipts, estimated future revenues and receipts, and changing revenue conditions, and (3) such related information as such Committees may request.

(b) ASSISTANCE TO COMMITTEES ON APPROPRIATIONS, WAYS AND MEANS, AND FINANCE.—At the request of the Committee on Appropriations of either House, the Committee on Ways and Means of the House of Representatives, or the Committee on Finance of the Senate, the Office shall provide to such Committee any information which will assist it in the discharge of matters within its jurisdiction, including information described in clauses (1) and (2) of sub-

section (a) and such related information as the Committee may request.

(c) ASSISTANCE TO OTHER COMMITTEES AND MEMBERS.—

(e) HEARINGS AND REPORT.—

(1) IN GENERAL.—In developing the concurrent resolution on the budget referred to in subsection (a) for each fiscal year, the Committee on the Budget of each House shall hold hearings and shall receive testimony from Members of Congress and such appropriate representatives of Federal departments and agencies, the general public, and national organizations as the committee deems desirable. Each of the recommendations as to short-term and medium-term goal set forth in the report submitted by the members of the Joint Economic Committee under subsection (d) may be considered by the Committee on the Budget of each House as part of its consideration of such concurrent resolution, and its report may reflect its views thereon, including its views on how the estimates of revenues and levels of budget authority and outlays set forth in such concurrent resolution are designed to achieve any goals it is recommending.

(2) REQUIRED CONTENTS OF REPORT.—The report accompanying the resolution shall include—

(A) a comparison of the levels of total new budget authority, total outlays, total revenues, and the surplus or deficit for each fiscal year set forth in the resolution with those requested in the budget submitted by the President;

(2) After the Congress has expressed its opinion pursuant to paragraph (1) as to the year in which the goals for reducing unemployment set forth in section 4(b) of the Employment Act of 1946 can be achieved, if, pursuant to section 4(e) of such Act, the President recommends in the Economic Report that such goals be achieved in a year which is different from the year in which the Congress has expressed its opinion that such goals should be achieved, either in its action pursuant to paragraph (1) or in its most recent action pursuant to this paragraph, the concurrent resolution on the budget for the fiscal year beginning after the date on which such Economic Report is received by the Congress may set forth the year in which, in the opinion of the Congress, such goals can be achieved.

(3) It shall be in order to amend the provision of such resolution setting forth such year only if the amendment thereto also proposes to alter the estimates, amounts, and levels (as described in subsection (a)) set forth in such resolution in germane fashion in order to be consistent with the economic goals (as described in sections 3(a)(2) and (4)(b) of the Employment Act of 1946) which such amendment proposes can be achieved by the year specified in such amendment.

(g) ECONOMIC ASSUMPTIONS.—

(1) It shall not be in order in the Senate to consider any concurrent resolution on the budget for a fiscal year, or any amendment thereto, or any conference report thereon, that sets forth amounts and levels that are determined on the basis of more than one set of economic and technical assumptions.

(2) The joint explanatory statement accompanying a conference report on a concurrent resolution on the budget shall set forth the common economic assumptions upon which such joint statement and conference report are based, or upon which any amendment contained in the joint explanatory statement

to be proposed by the conferees in the case of technical disagreement, is based.

(3) Subject to periodic reestimation based on changed economic conditions or technical estimates, determinations under titles III and IV of the Congressional Budget Act of 1974 shall be based upon such common economic and technical assumptions.

(h) BUDGET COMMITTEES CONSULTATION WITH COMMITTEES.—The Committee on the Budget of the House of Representatives shall consult with the committees of its House having legislative jurisdiction during the preparation, consideration, and enforcement of the concurrent resolution on the budget with respect to all matters which relate to the jurisdiction or functions of such committees.

(i) SOCIAL SECURITY POINT OF ORDER.—It shall not be in order in the Senate to consider any concurrent resolution on the budget (or amendment, motion, or conference report on the resolution) that would decrease the excess of social security revenues over social security outlays in any of the fiscal years covered by the concurrent resolution. No change in chapter 1 of the Internal Revenue Code of 1986 shall be treated as affecting the amount of social security revenues unless such provision changes the income tax treatment of social security benefits.

SEC. 302. [2 U.S.C. 633] (a) COMMITTEE SPENDING ALLOCATIONS.—

(1) ALLOCATION AMONG COMMITTEES.—The joint explanatory statement accompanying a conference report on a concurrent resolution on the budget shall include an allocation, consistent with the resolution recommended in the conference report, of the levels for the first fiscal year of the resolution, for at least each of the ensuing 4 fiscal years, and a total for that period of fiscal years (except in the case of the Committee on Appropriations only for the fiscal year of that resolution) of—

- (A) total new budget authority; and
- (B) total outlays;

among each committee of the House of Representatives or the Senate that has jurisdiction over legislation providing or creating such amounts.

(2) NO DOUBLE COUNTING.—In the House of Representatives, any item allocated to one committee may not be allocated to another committee.

(3) FURTHER DIVISION OF AMOUNTS.—

(A) IN THE SENATE.—In the Senate, the amount allocated to the Committee on Appropriations shall be further divided among the categories specified in section 250(c)(4) of the Balanced Budget and Emergency Deficit Control Act of 1985 and shall not exceed the limits for each category set forth in section 251(c) of that Act.

(B) IN THE HOUSE.—In the House of Representatives, the amounts allocated to each committee for each fiscal year, other than the Committee on Appropriations, shall be further divided between amounts provided or required

by law on the date of filing of that conference report and amounts not so provided or required. The amounts allocated to the Committee on Appropriations shall be further divided—

(i) between discretionary and mandatory amounts or programs, as appropriate; and

(ii) consistent with the categories specified in section 250(c)(4) of the Balanced Budget and Emergency Deficit Control Act of 1985.

(4) AMOUNTS NOT ALLOCATED.—In the House of Representatives or the Senate, if a committee receives no allocation of new budget authority or outlays, that committee shall be deemed to have received an allocation equal to zero for new budget authority or outlays.

(5) ADJUSTING ALLOCATION OF DISCRETIONARY SPENDING IN THE HOUSE OF REPRESENTATIVES.—(A) If a concurrent resolution on the budget is not adopted by April 15, the chairman of the Committee on the Budget of the House of Representatives shall submit to the House, as soon as practicable, an allocation under paragraph (1) to the Committee on Appropriations consistent with the discretionary spending levels in the most recently agreed to concurrent resolution on the budget for the appropriate fiscal year covered by that resolution.

(B) As soon as practicable after an allocation under paragraph (1) is submitted under this section, the Committee on Appropriations shall make suballocations and report those suballocations to the House of Representatives.

(b) SUBALLOCATIONS BY APPROPRIATIONS COMMITTEES.—As soon as practicable after a concurrent resolution on the budget is agreed to, the Committee on Appropriations of each House (after consulting with the Committee on Appropriations of the other House) shall suballocate each amount allocated to it for the budget year under subsection (a) among its subcommittees. Each Committee on Appropriations shall promptly report to its House suballocations made or revised under this subsection. The Committee on Appropriations of the House of Representatives shall further divide among its subcommittees the divisions made under subsection (a)(3)(B) and promptly report those divisions to the House.

(c) POINT OF ORDER.—After the Committee on Appropriations has received an allocation pursuant to subsection (a) for a fiscal year, it shall not be in order in the House of Representatives or the Senate to consider any bill, joint resolution, amendment, motion, or conference report within the jurisdiction of that committee providing new budget authority for that fiscal year, until that committee makes the suballocations required by subsection (b).

(d) SUBSEQUENT CONCURRENT RESOLUTIONS.—In the case of a concurrent resolution on the budget referred to in section 304, the allocations under subsection (a) and the subdivisions under subsection (b) shall be required only to the extent necessary to take into account revisions made in the most recently agreed to concurrent resolution on the budget.

(e) ALTERATION OF ALLOCATIONS.—At any time after a committee reports the allocations required to be made under subsection (b), such committee may report to its House an alteration of such

allocations. Any alteration of such allocations must be consistent with any actions already taken by its House on legislation within the committee's jurisdiction.

(f) LEGISLATION SUBJECT TO POINT OF ORDER.—

(1) IN THE HOUSE OF REPRESENTATIVES.—After the Congress has completed action on a concurrent resolution on the budget for a fiscal year, it shall not be in order in the House of Representatives to consider any bill, joint resolution, or amendment providing new budget authority for any fiscal year, or any conference report on any such bill or joint resolution, if—

(A) the enactment of such bill or resolution as reported;

(B) the adoption and enactment of such amendment;

or

(C) the enactment of such bill or resolution in the form recommended in such conference report,

would cause the applicable allocation of new budget authority made under subsection (a) or (b) for the first fiscal year or the total of fiscal years to be exceeded.

(2) IN THE SENATE.—After a concurrent resolution on the budget is agreed to, it shall not be in order in the Senate to consider any bill, joint resolution, amendment, motion, or conference report that would cause—

(A) in the case of any committee except the Committee on Appropriations, the applicable allocation of new budget authority or outlays under subsection (a) for the first fiscal year or the total of fiscal years to be exceeded; or

(B) in the case of the Committee on Appropriations, the applicable suballocation of new budget authority or outlays under subsection (b) to be exceeded.

(g) PAY-AS-YOU-GO EXCEPTION IN THE HOUSE.—

(1) IN GENERAL.—(A) Subsection (f)(1) and, after April 15, section 303(a) shall not apply to any bill or joint resolution, as reported, amendment thereto, or conference report thereon if, for each fiscal year covered by the most recently agreed to concurrent resolution on the budget—

(i) the enactment of that bill or resolution as reported;

(ii) the adoption and enactment of that amendment; or

(iii) the enactment of that bill or resolution in the form recommended in that conference report,

would not increase the deficit, and, if the sum of any revenue increases provided in legislation already enacted during the current session (when added to revenue increases, if any, in excess of any outlay increase provided by the legislation proposed for consideration) is at least as great as the sum of the amount, if any, by which the aggregate level of Federal revenues should be increased as set forth in that concurrent resolution and the amount, if any, by which revenues are to be increased pursuant to pay-as-you-go procedures under section 301(b)(8), if included in that concurrent resolution.

(B) Section 311(a), as that section applies to revenues, shall not apply to any bill, joint resolution, amendment thereto, or conference report thereon if, for each fiscal year covered

by the most recently agreed to concurrent resolution on the budget—

- (i) the enactment of that bill or resolution as reported;
- (ii) the adoption and enactment of that amendment; or
- (iii) the enactment of that bill or resolution in the form

recommended in that conference report,

would not increase the deficit, and, if the sum of any outlay reductions provided in legislation already enacted during the current session (when added to outlay reductions, if any, in excess of any revenue reduction provided by the legislation proposed for consideration) is at least as great as the sum of the amount, if any, by which the aggregate level of Federal outlays should be reduced as required by that concurrent resolution and the amount, if any, by which outlays are to be reduced pursuant to pay-as-you-go procedures under section 301(b)(8), if included in that concurrent resolution.

(2) REVISED ALLOCATIONS.—(A) As soon as practicable after Congress agrees to a bill or joint resolution that would have been subject to a point of order under subsection (f)(1) but for the exception provided in paragraph (1)(A) or would have been subject to a point of order under section 311(a) but for the exception provided in paragraph (1)(B), the chairman of the Committee on the Budget of the House of Representatives shall file with the House appropriately revised allocations under section 302(a) and revised functional levels and budget aggregates to reflect that bill.

(B) Such revised allocations, functional levels, and budget aggregates shall be considered for the purposes of this Act as allocations, functional levels, and budget aggregates contained in the most recently agreed to concurrent resolution on the budget.

(b) EXCEPTIONS IN THE HOUSE.—In the House of Representatives, subsection (a) does not apply—

(c) APPLICATION TO APPROPRIATION MEASURES IN THE SENATE.—

(1) IN GENERAL.—Until the concurrent resolution on the budget for a fiscal year has been agreed to and an allocation has been made to the Committee on Appropriations of the Senate under section 302(a) for that year, it shall not be in order in the Senate to consider any appropriation bill or joint resolution, amendment or motion thereto, or conference report thereon for that year or any subsequent year.

A motion to recommit the concurrent resolution is not in order, and it is not in order to move to reconsider the vote by which the concurrent resolution is agreed to or disagreed to.

(3) Following the presentation of opening statements on the concurrent resolution on the budget for a fiscal year by the chairman and ranking minority member of the Committee on the Budget of the House, there shall be a period of up to four hours for debate on economic goals and policies.

(4) Only if a concurrent resolution on the budget reported by the Committee on the Budget of the House sets forth the economic goals (as described in sections 3(a)(2) and (4)(b) of the Full Employment Act of 1946) which the estimates, amounts, and levels (as described in section 301(a)) set forth in such resolution are designed to achieve, shall it be in order to offer to such resolution an amendment relating to such goals, and such amendment shall be in order only if it also proposes to alter such estimates, amounts, and levels in germane fashion in order to be consistent with the goals proposed in such amendment.

(5)¹⁴ Consideration of any concurrent resolution on the budget by the House of Representatives shall be in the Committee of the Whole, and the resolution shall be considered for amendment under the five-minute rule in accordance with the applicable provisions of rule XVIII of the Rules of the House of Representatives. After the Committee rises and reports the resolution back to the House, the previous question shall be considered as ordered on the resolution and any amendments thereto to final passage without intervening motion; except that it shall be in order at any time prior to final passage (notwithstanding any other rule or provision of law) to adopt an amendment (or a series of amendments) changing any figure or figures in the resolution as so reported to the extent necessary to achieve mathematical consistency.

(6) Debate in the House of Representatives on the conference report on any concurrent resolution on the budget shall be limited to not more than 5 hours, which shall be divided equally between the majority and minority parties. A motion further to limit debate is not debatable. A motion to recommit the conference report is not in order, and it is not in order to move to reconsider the vote by which the conference report is agreed to or disagreed to.

(7) Appeals from decisions of the Chair relating to the application of the Rules of the House of Representatives to the

procedure relating to any concurrent resolution on the budget shall be decided without debate.

(b) PROCEDURE IN SENATE AFTER REPORT OF COMMITTEE; DEBATE; AMENDMENTS.—

(1) Debate in the Senate on any concurrent resolution on the budget, and all amendments thereto and debatable motions and appeals in connection therewith, shall be limited to not more than 50 hours, except that with respect to any concurrent resolution referred to in section 304 all such debate shall be limited to not more than 15 hours. The time shall be equally divided between, and controlled by, the majority leader and the minority leader or their designees.

(2) Debate in the Senate on any amendment to a concurrent resolution on the budget shall be limited to 2 hours, to be equally divided between, and controlled by, the mover and the manager of the concurrent resolution, and debate on any amendment to an amendment, debatable motion, or appeal shall be limited to 1 hour, to be equally divided between, and controlled by, the mover and the manager of the concurrent resolution, except that in the event the manager of the concurrent resolution is in favor of any such amendment, motion, or appeal, the time in opposition thereto shall be controlled by the minority leader or his designee. No amendment that is not germane to the provisions of such concurrent resolution shall be received. Such leaders, or either of them, may, from the time under their control on the passage of the concurrent resolution, allot additional time to any Senator during the consideration of any amendment, debatable motion, or appeal.

(3) Following the presentation of opening statements on the concurrent resolution on the budget for a fiscal year by the chairman and ranking minority member of the Committee on the Budget of the Senate, there shall be a period of up to four hours for debate on economic goals and policies.

(4) Subject to the other limitations of this Act, only if a concurrent resolution on the budget reported by the Committee on the Budget of the Senate sets forth the economic goals (as described in sections 3(a)(2) and 4(b) of the Employment Act of 1946) which the estimates, amounts, and levels (as described in section 301(a)) set forth in such resolution are designed to achieve, shall it be in order to offer to such resolution an amendment relating to such goals, and such amendment shall be in order only if it also proposes to alter such estimates, amounts, and levels in germane fashion in order to be consistent with the goals proposed in such amendment.

(5) A motion to further limit debate is not debatable. A motion to recommit (except a motion to recommit with instructions to report back within a specified number of days, not to exceed 3, not counting any day on which the Senate is not in session) is not in order. Debate on any such motion to recommit shall be limited to 1 hour, to be equally divided between, and controlled by, the mover and the manager of the concurrent resolution.

(6) Notwithstanding any other rule, an amendment or series of amendments to a concurrent resolution on the budget

proposed in the Senate shall always be in order if such amendment or series of amendments proposes to change any figure or figures then contained in such concurrent resolution so as to make such concurrent resolution mathematically consistent or so as to maintain such consistency.

(c) ACTION ON CONFERENCE REPORTS IN THE SENATE.—

(1) A motion to proceed to the consideration of the conference report on any concurrent resolution on the budget (or a reconciliation bill or resolution) may be made even though a previous motion to the same effect has been disagreed to.

(2) During the consideration in the Senate of the conference report (or a message between Houses) on any concurrent resolution on the budget, and all amendments in disagreement, and all amendments thereto, and debatable motions and appeals in connection therewith, debate shall be limited to 10 hours, to be equally divided between, and controlled by, the majority leader and minority leader or their designees. Debate on any debatable motion or appeal related to the conference report (or a message between Houses) shall be limited to 1 hour, to be equally divided between, and controlled by, the mover and the manager of the conference report (or a message between Houses).

(3) Should the conference report be defeated, debate on any request for a new conference and the appointment of conferees shall be limited to 1 hour, to be equally divided between, and controlled by, the manager of the conference report and the minority leader or his designee, and should any motion be made to instruct the conferees before the conferees are named, debate on such motion shall be limited to one-half hour, to be equally divided between, and controlled by, the mover and the manager of the conference report. Debate on any amendment to any such instructions shall be limited to 20 minutes, to be equally divided between and controlled by the mover and the manager of the conference report. In all cases when the manager of the conference report is in favor of any motion, appeal, or amendment, the time in opposition shall be under the control of the minority leader or his designee.

(4) In any case in which there are amendments in disagreement, time on each amendment shall be limited to 30 minutes, to be equally divided between, and controlled by, the manager of the conference report and the minority leader or his designee. No amendment that is not germane to the provisions of such amendments shall be received.

(d) CONCURRENT RESOLUTION MUST BE CONSISTENT IN THE SENATE.—It shall not be in order in the Senate to vote on the question of agreeing to—

(1) a concurrent resolution on the budget unless the figures then contained in such resolution are mathematically consistent; or

(2) a conference report on a concurrent resolution on the budget unless the figures contained in such resolution, as recommended in such conference report, are mathematically consistent.

(c) COMPLIANCE WITH RECONCILIATION DIRECTIONS.—(1) Any committee of the House of Representatives or the Senate that is directed, pursuant to a concurrent resolution on the budget, to determine and recommend changes of the type described in paragraphs (1) and (2) of subsection (a) with respect to laws within its jurisdiction, shall be deemed to have complied with such directions—

(A) if—

(i) the amount of the changes of the type described in paragraph (1) of such subsection recommended by such committee do not exceed or fall below the amount of the changes such committee was directed by such concurrent resolution to recommend under that paragraph by more than—

(I) in the Senate, 20 percent of the total of the amounts of the changes such committee was directed to make under paragraphs (1) and (2) of such subsection; or

(d) LIMITATION ON AMENDMENTS TO RECONCILIATION BILLS AND RESOLUTIONS.—

(1) It shall not be in order in the House of Representatives to consider any amendment to a reconciliation bill or reconcili-

ation resolution if such amendment would have the effect of increasing any specific budget outlays above the level of such outlays provided in the bill or resolution (for the fiscal years covered by the reconciliation instructions set forth in the most recently agreed to concurrent resolution on the budget), or would have the effect of reducing any specific Federal revenues below the level of such revenues provided in the bill or resolution (for such fiscal years), unless such amendment makes at least an equivalent reduction in other specific budget outlays, an equivalent increase in other specific Federal revenues, or an equivalent combination thereof (for such fiscal years), except that a motion to strike a provision providing new budget authority or new entitlement authority may be in order.

(2) It shall not be in order in the Senate to consider any amendment to a reconciliation bill or reconciliation resolution if such amendment would have the effect of decreasing any specific budget outlay reductions below the level of such outlay reductions provided (for the fiscal years covered) in the reconciliation instructions which relate to such bill or resolution set forth in a resolution providing for reconciliation, or would have the effect of reducing Federal revenue increases below the level of such revenue increases provided (for such fiscal years) in such instructions relating to such bill or resolution, unless such amendment makes a reduction in other specific budget outlays, an increase in other specific Federal revenues, or a combination thereof (for such fiscal years) at least equivalent to any increase in outlays or decrease in revenues provided by such amendment, except that a motion to strike a provision shall always be in order.

(3) Paragraphs (1) and (2) shall not apply if a declaration of war by the Congress is in effect.

(4) For purposes of this section, the levels of budget outlays and Federal revenues for a fiscal year shall be determined on the basis of estimates made by the Committee on the Budget of the House of Representatives or of the Senate, as the case may be.

(e) PROCEDURE IN THE SENATE.—

(1) Except as provided in paragraph (2), the provisions of section 305 for the consideration in the Senate of concurrent resolutions on the budget and conference reports thereon shall also apply to the consideration in the Senate of reconciliation bills reported under subsection (b) and conference reports thereon.

(2) Debate in the Senate on any reconciliation bill reported under subsection (b), and all amendments thereto and debatable motions and appeals in connection therewith, shall be limited to not more than 20 hours.

(f) COMPLETION OF RECONCILIATION PROCESS.—It shall not be in order in the House of Representatives to consider any resolution providing for an adjournment period of more than three calendar days during the month of July until the House of Representatives has completed action on the reconciliation legislation for the fiscal year beginning on October 1 of the calendar year to which the adjournment resolution pertains, if reconciliation legislation is required to be reported by the concurrent resolution on the budget for such fiscal year.

(g) LIMITATION ON CHANGES TO THE SOCIAL SECURITY ACT.—Notwithstanding any other provision of law, it shall not be in order in the Senate or the House of Representatives to consider any reconciliation bill or reconciliation resolution reported pursuant to a concurrent resolution on the budget agreed to under section 301 or 304, or a joint resolution pursuant to section 258C of the Balanced Budget and Emergency Deficit Control Act of 1985, or any amendment thereto or conference report thereon, that contains recommendations with respect to the old-age, survivors, and disability insurance program established under title II of the Social Security Act.

BUDGET-RELATED LEGISLATION MUST BE WITHIN APPROPRIATE
LEVELS

SEC. 311. [2 U.S.C. 642] (a) ENFORCEMENT OF BUDGET AGGREGATES.—

(1) IN THE HOUSE OF REPRESENTATIVES.—Except as provided by subsection (c), after the Congress has completed action on a concurrent resolution on the budget for a fiscal year, it shall not be in order in the House of Representatives to consider any bill, joint resolution, amendment, motion, or conference report providing new budget authority or reducing revenues, if—

(A) the enactment of that bill or resolution as reported;

(B) the adoption and enactment of that amendment; or

(C) the enactment of that bill or resolution in the form recommended in that conference report;

would cause the level of total new budget authority or total outlays set forth in the applicable concurrent resolution on the budget for the first fiscal year to be exceeded, or would cause revenues to be less than the level of total revenues set forth in that concurrent resolution for the first fiscal year or for the total of that first fiscal year and the ensuing fiscal years for which allocations are provided under section 302(a), except when a declaration of war by the Congress is in effect.

(2) IN THE SENATE.—After a concurrent resolution on the budget is agreed to, it shall not be in order in the Senate to consider any bill, joint resolution, amendment, motion, or conference report that—

(A) would cause the level of total new budget authority or total outlays set forth for the first fiscal year in the applicable resolution to be exceeded; or

(B) would cause revenues to be less than the level of total revenues set forth for that first fiscal year or for the

total of that first fiscal year and the ensuing fiscal years in the applicable resolution for which allocations are provided under section 302(a).

(3) ENFORCEMENT OF SOCIAL SECURITY LEVELS IN THE SENATE.—After a concurrent resolution on the budget is agreed to, it shall not be in order in the Senate to consider any bill, joint resolution, amendment, motion, or conference report that would cause a decrease in social security surpluses or an increase in social security deficits relative to the levels set forth in the applicable resolution for the first fiscal year or for the total of that fiscal year and the ensuing fiscal years for which allocations are provided under section 302(a).

(b) SOCIAL SECURITY LEVELS.—

(1) IN GENERAL.—For purposes of subsection (a)(3), social security surpluses equal the excess of social security revenues over social security outlays in a fiscal year or years with such an excess and social security deficits equal the excess of social security outlays over social security revenues in a fiscal year or years with such an excess.

(2) TAX TREATMENT.—For purposes of subsection (a)(3), no provision of any legislation involving a change in chapter 1 of the Internal Revenue Code of 1986 shall be treated as affecting the amount of social security revenues or outlays unless that provision changes the income tax treatment of social security benefits.

(c) EXCEPTION IN THE HOUSE OF REPRESENTATIVES.—Subsection (a)(1) shall not apply in the House of Representatives to any bill, joint resolution, or amendment that provides new budget authority for a fiscal year or to any conference report on any such bill or resolution, if—

(1) the enactment of that bill or resolution as reported;

(2) the adoption and enactment of that amendment; or

(3) the enactment of that bill or resolution in the form recommended in that conference report;

would not cause the appropriate allocation of new budget authority made pursuant to section 302(a) for that fiscal year to be exceeded.

DETERMINATIONS AND POINTS OF ORDER

SEC. 312. [2 U.S.C. 643] (a) BUDGET COMMITTEE DETERMINATIONS.—For purposes of this title and title IV, the levels of new budget authority, outlays, direct spending, new entitlement authority, and revenues for a fiscal year shall be determined on the basis of estimates made by the Committee on the Budget of the House of Representatives or the Senate, as applicable.

(b) DISCRETIONARY SPENDING POINT OF ORDER IN THE SENATE.—

(1) IN GENERAL.—Except as otherwise provided in this subsection, it shall not be in order in the Senate to consider any bill or resolution (or amendment, motion, or conference report on that bill or resolution) that would exceed any of the discretionary spending limits in section 251(c) of the Balanced Budget and Emergency Deficit Control Act of 1985.

(2) EXCEPTIONS.—This subsection shall not apply if a declaration of war by the Congress is in effect or if a joint resolu-

tion pursuant to section 258 of the Balanced Budget and Emergency Deficit Control Act of 1985 has been enacted.

(c) **MAXIMUM DEFICIT AMOUNT POINT OF ORDER IN THE SENATE.**—It shall not be in order in the Senate to consider any concurrent resolution on the budget for a fiscal year, or to consider any amendment to that concurrent resolution, or to consider a conference report on that concurrent resolution, if—

(1) the level of total outlays for the first fiscal year set forth in that concurrent resolution or conference report exceeds; or

(2) the adoption of that amendment would result in a level of total outlays for that fiscal year that exceeds; the recommended level of Federal revenues for that fiscal year, by an amount that is greater than the maximum deficit amount, if any, specified in the Balanced Budget and Emergency Deficit Control Act of 1985 for that fiscal year.

(d) **TIMING OF POINTS OF ORDER IN THE SENATE.**—A point of order under this Act may not be raised against a bill, resolution, amendment, motion, or conference report while an amendment or motion, the adoption of which would remedy the violation of this Act, is pending before the Senate.

(e) **POINTS OF ORDER IN THE SENATE AGAINST AMENDMENTS BETWEEN THE HOUSES.**—Each provision of this Act that establishes a point of order against an amendment also establishes a point of order in the Senate against an amendment between the Houses. If a point of order under this Act is raised in the Senate against an amendment between the Houses and the point of order is sustained, the effect shall be the same as if the Senate had disagreed to the amendment.

(f) **EFFECT OF A POINT OF ORDER IN THE SENATE.**—In the Senate, if a point of order under this Act against a bill or resolution is sustained, the Presiding Officer shall then recommit the bill or resolution to the committee of appropriate jurisdiction for further consideration.

EXTRANEOUS MATTER IN RECONCILIATION LEGISLATION

SEC. 313. [2 U.S.C. 644] (a) **IN GENERAL.**—When the Senate is considering a reconciliation bill or a reconciliation resolution pursuant to section 310 (whether that bill or resolution originated in the Senate or the House) or section 258C of the Balanced Budget and Emergency Deficit Control Act of 1985, upon a point of order being made by any Senator against material extraneous to the instructions to a committee which is contained in any title or provision of the bill or resolution or offered as an amendment to the bill or resolution, and the point of order is sustained by the Chair, any part of said title or provision that contains material extraneous to the instructions to said Committee as defined in subsection (b) shall be deemed stricken from the bill and may not be offered as an amendment from the floor.

(b) **EXTRANEOUS PROVISIONS.**—(1)(A) Except as provided in paragraph (2), a provision of a reconciliation bill or reconciliation resolution considered pursuant to section 310 shall be considered extraneous if such provision does not produce a change in outlays or revenue, including changes in outlays and revenues brought

about by changes in the terms and conditions under which outlays are made or revenues are required to be collected (but a provision in which outlay decreases or revenue increases exactly offset outlay increases or revenue decreases shall not be considered extraneous by virtue of this subparagraph); (B) any provision producing an increase in outlays or decrease in revenues shall be considered extraneous if the net effect of provisions reported by the Committee reporting the title containing the provision is that the Committee fails to achieve its reconciliation instructions; (C) a provision that is not in the jurisdiction of the Committee with jurisdiction over said title or provision shall be considered extraneous; (D) a provision shall be considered extraneous if it produces changes in outlays or revenues which are merely incidental to the non-budgetary components of the provision; (E) a provision shall be considered to be extraneous if it increases, or would increase, net outlays, or if it decreases, or would decrease, revenues during a fiscal year after the fiscal years covered by such reconciliation bill or reconciliation resolution, and such increases or decreases are greater than outlay reductions or revenue increases resulting from other provisions in such title in such year; and (F) a provision shall be considered extraneous if it violates section 310(g).

(2) A Senate-originated provision shall not be considered extraneous under paragraph (1)(A) if the Chairman and Ranking Minority Member of the Committee on the Budget and the Chairman and Ranking Minority Member of the Committee which reported the provision certify that: (A) the provision mitigates direct effects clearly attributable to a provision changing outlays or revenue and both provisions together produce a net reduction in the deficit; (B) the provision will result in a substantial reduction in outlays or a substantial increase in revenues during fiscal years after the fiscal years covered by the reconciliation bill or reconciliation resolution; (C) a reduction of outlays or an increase in revenues is likely to occur as a result of the provision, in the event of new regulations authorized by the provision or likely to be proposed, court rulings on pending litigation, or relationships between economic indices and stipulated statutory triggers pertaining to the provision, other than the regulations, court rulings or relationships currently projected by the Congressional Budget Office for scorekeeping purposes; or (D) such provision will be likely to produce a significant reduction in outlays or increase in revenues but, due to insufficient data, such reduction or increase cannot be reliably estimated.

(3) A provision reported by a committee shall not be considered extraneous under paragraph (1)(C) if (A) the provision is an integral part of a provision or title, which if introduced as a bill or resolution would be referred to such committee, and the provision sets forth the procedure to carry out or implement the substantive provisions that were reported and which fall within the jurisdiction of such committee; or (B) the provision states an exception to, or a special application of, the general provision or title of which it is a part and such general provision or title if introduced as a bill or resolution would be referred to such committee.

(c) EXTRANEIOUS MATERIALS.—Upon the reporting or discharge of a reconciliation bill or resolution pursuant to section 310 in the Senate, and again upon the submission of a conference report on

such a reconciliation bill or resolution, the Committee on the Budget of the Senate shall submit for the record a list of material considered to be extraneous under subsections (b)(1)(A), (b)(1)(B), and (b)(1)(E) of this section to the instructions of a committee as provided in this section. The inclusion or exclusion of a provision shall not constitute a determination of extraneousness by the Presiding Officer of the Senate.

(d) CONFERENCE REPORTS.—When the Senate is considering a conference report on, or an amendment between the Houses in relation to, a reconciliation bill or reconciliation resolution pursuant to section 310, upon—

(1) a point of order being made by any Senator against extraneous material meeting the definition of subsections (b)(1)(A), (b)(1)(B), (b)(1)(D), (b)(1)(E), or (b)(1)(F), and

(2) such point of order being sustained,

such material contained in such conference report or amendment shall be deemed stricken, and the Senate shall proceed, without intervening action or motion, to consider the question of whether the Senate shall recede from its amendment and concur with a further amendment, or concur in the House amendment with a further amendment, as the case may be, which further amendment shall consist of only that portion of the conference report or House amendment, as the case may be, not so stricken. Any such motion in the Senate shall be debatable for two hours. In any case in which such point of order is sustained against a conference report (or Senate amendment derived from such conference report by operation of this subsection), no further amendment shall be in order.

(e) GENERAL POINT OF ORDER.—Notwithstanding any other law or rule of the Senate, it shall be in order for a Senator to raise a single point of order that several provisions of a bill, resolution, amendment, motion, or conference report violate this section. The Presiding Officer may sustain the point of order as to some or all of the provisions against which the Senator raised the point of order. If the Presiding Officer so sustains the point of order as to some of the provisions (including provisions of an amendment, motion, or conference report) against which the Senator raised the point of order, then only those provisions (including provisions of an amendment, motion, or conference report) against which the Presiding Officer sustains the point of order shall be deemed stricken pursuant to this section. Before the Presiding Officer rules on such a point of order, any Senator may move to waive such a point of order as it applies to some or all of the provisions against which the point of order was raised. Such a motion to waive is amendable in accordance with the rules and precedents of the Senate. After the Presiding Officer rules on such a point of order, any Senator may appeal the ruling of the Presiding Officer on such a point of order as it applies to some or all of the provisions on which the Presiding Officer ruled.

(e) SENATE POINT OF ORDER AGAINST AN EMERGENCY DESIGNATION.—

(1) IN GENERAL.—When the Senate is considering a bill, resolution, amendment, motion, amendment between the Houses, or conference report, if a point of order is made by a Senator against an emergency designation in that measure, that provision making such a designation shall be stricken from the measure and may not be offered as an amendment from the floor.

(4) FORM OF THE POINT OF ORDER.—A point of order under paragraph (1) may be raised by a Senator as provided in section 313(e) of the Congressional Budget Act of 1974.

(5) CONFERENCE REPORTS.—When the Senate is considering a conference report on, or an amendment between the Houses in relation to, a bill, upon a point of order being made by any Senator pursuant to this section, and such point of order being sustained, such material contained in such conference report shall be deemed stricken, and the Senate shall proceed to consider the question of whether the Senate shall recede from its amendment and concur with a further amendment, or concur in the House amendment with a further amendment, as the case may be, which further amendment shall consist of only that portion of the conference report or House amendment, as the case may be, not so stricken. (a) IN GENERAL.—It shall not be in order in the Senate or the House of Representatives to consider—

(1) any bill or joint resolution that is reported by a committee unless the committee has published a statement of the Director on the direct costs of Federal mandates in accordance with section 423(f) before such consideration, except this paragraph shall not apply to any supplemental statement prepared by the Director under section 424(d); and

(2) any bill, joint resolution, amendment, motion, or conference report that would increase the direct costs of Federal intergovernmental mandates by an amount that causes the thresholds specified in section 424(a)(1) to be exceeded, unless—

(A) the bill, joint resolution, amendment, motion, or conference report provides new budget authority or new entitlement authority in the House of Representatives or direct spending authority in the Senate for each fiscal year for such mandates included in the bill, joint resolution, amendment, motion, or conference report in an amount equal to or exceeding the direct costs of such mandate; or

(B) the bill, joint resolution, amendment, motion, or conference report includes an authorization for appropriations in an amount equal to or exceeding the direct costs of such mandate, and—

(i) identifies a specific dollar amount of the direct costs of such mandate for each year up to 10 years during which such mandate shall be in effect under the bill, joint resolution, amendment, motion or conference report, and such estimate is consistent with the estimate determined under subsection (e) for each fiscal year;

(ii) identifies any appropriation bill that is expected to provide for Federal funding of the direct cost referred to under clause (i); and

(iii)(I) provides that for any fiscal year the responsible Federal agency shall determine whether there are insufficient appropriations for that fiscal year to provide for the direct costs under clause (i) of such mandate, and shall (no later than 30 days after the beginning of the fiscal year) notify the appropriate authorizing committees of Congress of the determination and submit either—

(aa) a statement that the agency has determined, based on a re-estimate of the direct costs

of such mandate, after consultation with State, local, and tribal governments, that the amount appropriated is sufficient to pay for the direct costs of such mandate; or

(bb) legislative recommendations for either implementing a less costly mandate or making such mandate ineffective for the fiscal year;

(II) provides for expedited procedures for the consideration of the statement or legislative recommendations referred to in subclause (I) by Congress no later than 30 days after the statement or recommendations are submitted to Congress; and

(III) provides that such mandate shall—

(aa) in the case of a statement referred to in subclause (I)(aa), cease to be effective 60 days after the statement is submitted unless Congress has approved the agency's determination by joint resolution during the 60-day period;

(bb) cease to be effective 60 days after the date the legislative recommendations of the responsible Federal agency are submitted to Congress under subclause (I)(bb) unless Congress provides otherwise by law; or

(cc) in the case that such mandate that has not yet taken effect, continue not to be effective unless Congress provides otherwise by law.

(b) **RULE OF CONSTRUCTION.**—The provisions of subsection (a)(2)(B)(iii) shall not be construed to prohibit or otherwise restrict a State, local, or tribal government from voluntarily electing to remain subject to the original Federal intergovernmental mandate, complying with the programmatic or financial responsibilities of the original Federal intergovernmental mandate and providing the funding necessary consistent with the costs of Federal agency assistance, monitoring, and enforcement.

(c) **COMMITTEE ON APPROPRIATIONS.**—

(1) **APPLICATION.**—The provisions of subsection (a)—

(A) shall not apply to any bill or resolution reported by the Committee on Appropriations of the Senate or the House of Representatives; except

(B) shall apply to—

(i) any legislative provision increasing direct costs of a Federal intergovernmental mandate contained in any bill or resolution reported by the Committee on Appropriations of the Senate or House of Representatives;

(ii) any legislative provision increasing direct costs of a Federal intergovernmental mandate contained in any amendment offered to a bill or resolution reported by the Committee on Appropriations of the Senate or House of Representatives;

(2) CERTAIN PROVISIONS STRICKEN IN SENATE.—Upon a point of order being made by any Senator against any provision listed in paragraph (1)(B), and the point of order being sustained by the Chair, such specific provision shall be deemed stricken from the bill, resolution, amendment, amendment in disagreement, or conference report and may not be offered as an amendment from the floor.

(d) DETERMINATIONS OF APPLICABILITY TO PENDING LEGISLATION.—For purposes of this section, in the Senate, the presiding officer of the Senate shall consult with the Committee on Governmental Affairs, to the extent practicable, on questions concerning the applicability of this part to a pending bill, joint resolution, amendment, motion, or conference report.

(e) DETERMINATIONS OF FEDERAL MANDATE LEVELS.—For purposes of this section, in the Senate, the levels of Federal mandates for a fiscal year shall be determined based on the estimates made by the Committee on the Budget.

(b) DISPOSITION OF POINTS OF ORDER.—

(1) APPLICATION TO THE HOUSE OF REPRESENTATIVES.—This subsection shall apply only to the House of Representatives.

(2) THRESHOLD BURDEN.—In order to be cognizable by the Chair, a point of order under section 425 or subsection (a) of this section must specify the precise language on which it is premised.

SEC. 428. [2 U.S.C. 658g] CLARIFICATION OF APPLICATION.

(a) **IN GENERAL.**—This part applies to any bill, joint resolution, amendment, motion, or conference report that reauthorizes appropriations, or that amends existing authorizations of appropriations, to carry out any statute, or that otherwise amends any statute, only if enactment of the bill, joint resolution, amendment, motion, or conference report—

(1) would result in a net reduction in or elimination of authorization of appropriations for Federal financial assistance that would be provided to State, local, or tribal governments for use for the purpose of complying with any Federal intergovernmental mandate, or to the private sector for use to comply with any Federal private sector mandate, and would not eliminate or reduce duties established by the Federal mandate by a corresponding amount; or

(2) would result in a net increase in the aggregate amount of direct costs of Federal intergovernmental mandates or Federal private sector mandates other than as described in paragraph (1).

(b) **DIRECT COSTS.**—

(1) **IN GENERAL.**—For purposes of this part, the direct cost of the Federal mandates in a bill, joint resolution, amendment, motion, or conference report that reauthorizes appropriations, or that amends existing authorizations of appropriations, to carry out a statute, or that otherwise amends any statute, means the net increase, resulting from enactment of the bill, joint resolution, amendment, motion, or conference report, in the amount described under paragraph (2)(A) over the amount described under paragraph (2)(B).

(2) **AMOUNTS.**—The amounts referred to under paragraph (1) are—

(A) the aggregate amount of direct costs of Federal mandates that would result under the statute if the bill, joint resolution, amendment, motion, or conference report is enacted; and

(B) the aggregate amount of direct costs of Federal mandates that would result under the statute if the bill, joint resolution, amendment, motion, or conference report were not enacted.

(3) **EXTENSION OF AUTHORIZATION OF APPROPRIATIONS.**—For purposes of this section, in the case of legislation to extend authorization of appropriations, the authorization level that would be provided by the extension shall be compared to the authorization level for the last year in which authorization of appropriations is already provided.

TITLE V—CREDIT REFORM

SEC. 500. SHORT TITLE.

This title may be cited as the “Federal Credit Reform Act of 1990”.

SEC. 501. [2 U.S.C. 661] PURPOSES.

The purposes of this title are to—

- (1) measure more accurately the costs of Federal credit programs;
- (2) place the cost of credit programs on a budgetary basis equivalent to other Federal spending;
- (3) encourage the delivery of benefits in the form most appropriate to the needs of beneficiaries; and
- (4) improve the allocation of resources among credit programs and between credit and other spending programs.

SEC. 502. [2 U.S.C. 661a] DEFINITIONS.

For purposes of this title—

(1) The term “direct loan” means a disbursement of funds by the Government to a non-Federal borrower under a contract that requires the repayment of such funds with or without interest. The term includes the purchase of, or participation in, a loan made by another lender and financing arrangements that defer payment for more than 90 days, including the sale of a government asset on credit terms. The term does not include the acquisition of a federally guaranteed loan in satisfaction of default claims or the price support loans of the Commodity Credit Corporation.

(2) The term “direct loan obligation” means a binding agreement by a Federal agency to make a direct loan when specified conditions are fulfilled by the borrower.

(3) The term “loan guarantee” means any guarantee, insurance, or other pledge with respect to the payment of all or a part of the principal or interest on any debt obligation of a non-Federal borrower to a non-Federal lender, but does not include the insurance of deposits, shares, or other withdrawable accounts in financial institutions.

(4) The term “loan guarantee commitment” means a binding agreement by a Federal agency to make a loan guarantee when specified conditions are fulfilled by the borrower, the lender, or any other party to the guarantee agreement.

(5)(A) The term “cost” means the estimated long-term cost to the Government of a direct loan or loan guarantee or modification thereof, calculated on a net present value basis, excluding administrative costs and any incidental effects on governmental receipts or outlays.

(B) The cost of a direct loan shall be the net present value, at the time when the direct loan is disbursed, of the following estimated cash flows:

- (i) loan disbursements;
- (ii) repayments of principal; and
- (iii) payments of interest and other payments by or to the Government over the life of the loan after adjusting for

estimated defaults, prepayments, fees, penalties, and other recoveries;
including the effects of changes in loan terms resulting from the exercise by the borrower of an option included in the loan contract.

(C) The cost of a loan guarantee shall be the net present value, at the time when the guaranteed loan is disbursed, of the following estimated cash flows:

(i) payments by the Government to cover defaults and delinquencies, interest subsidies, or other payments; and

(ii) payments to the Government including origination and other fees, penalties and recoveries;
including the effects of changes in loan terms resulting from the exercise by the guaranteed lender of an option included in the loan guarantee contract, or by the borrower of an option included in the guaranteed loan contract.

(D) The cost of a modification is the difference between the current estimate of the net present value of the remaining cash flows under the terms of a direct loan or loan guarantee contract, and the current estimate of the net present value of the remaining cash flows under the terms of the contract, as modified.

(E) In estimating net present values, the discount rate shall be the average interest rate on marketable Treasury securities of similar maturity to the cash flows of the direct loan or loan guarantee for which the estimate is being made.

(F) When funds are obligated for a direct loan or loan guarantee, the estimated cost shall be based on the current assumptions, adjusted to incorporate the terms of the loan contract, for the fiscal year in which the funds are obligated.

(6) The term "credit program account" means the budget account into which an appropriation to cover the cost of a direct loan or loan guarantee program is made and from which such cost is disbursed to the financing account.

(7) The term "financing account" means the non-budget account or accounts associated with each credit program account which holds balances, receives the cost payment from the credit program account, and also includes all other cash flows to and from the Government resulting from direct loan obligations or loan guarantee commitments made on or after October 1, 1991.

(8) The term "liquidating account" means the budget account that includes all cash flows to and from the Government resulting from direct loan obligations or loan guarantee commitments made prior to October 1, 1991. These accounts shall be shown in the budget on a cash basis.

(9) The term "modification" means any Government action that alters the estimated cost of an outstanding direct loan (or direct loan obligation) or an outstanding loan guarantee (or loan guarantee commitment) from the current estimate of cash flows. This includes the sale of loan assets, with or without recourse, and the purchase of guaranteed loans. This also includes any action resulting from new legislation, or from the exercise of administrative discretion under existing law, that

directly or indirectly alters the estimated cost of outstanding direct loans (or direct loan obligations) or loan guarantees (or loan guarantee commitments) such as a change in collection procedures.

(10) The term “current” has the same meaning as in section 250(c)(9) of the Balanced Budget and Emergency Deficit Control Act of 1985.

(11) The term “Director” means the Director of the Office of Management and Budget.

SEC. 503. [2 U.S.C. 661b] OMB AND CBO ANALYSIS, COORDINATION, AND REVIEW.

(a) **IN GENERAL.**—For the executive branch, the Director shall be responsible for coordinating the estimates required by this title. The Director shall consult with the agencies that administer direct loan or loan guarantee programs.

(b) **DELEGATION.**—The Director may delegate to agencies authority to make estimates of costs. The delegation of authority shall be based upon written guidelines, regulations, or criteria consistent with the definitions in this title.

(c) **COORDINATION WITH THE CONGRESSIONAL BUDGET OFFICE.**—In developing estimation guidelines, regulations, or criteria to be used by Federal agencies, the Director shall consult with the Director of the Congressional Budget Office.

(d) **IMPROVING COST ESTIMATES.**—The Director and the Director of the Congressional Budget Office shall coordinate the development of more accurate data on historical performance of direct loan and loan guarantee programs. They shall annually review the performance of outstanding direct loans and loan guarantees to improve estimates of costs. The Office of Management and Budget and the Congressional Budget Office shall have access to all agency data that may facilitate the development and improvement of estimates of costs.

(e) **HISTORICAL CREDIT PROGRAM COSTS.**—The Director shall review, to the extent possible, historical data and develop the best possible estimates of adjustments that would convert aggregate historical budget data to credit reform accounting.

(f) **ADMINISTRATIVE COSTS.**—The Director and the Director of the Congressional Budget Office shall each analyze and report to Congress on differences in long-term administrative costs for credit programs versus grant programs by January 31, 1992. Their reports shall recommend to Congress any changes, if necessary, in the treatment of administrative costs under credit reform accounting.

SEC. 504. [2 U.S.C. 661c] BUDGETARY TREATMENT.

(a) **PRESIDENT’S BUDGET.**—Beginning with fiscal year 1992, the President’s budget shall reflect the costs of direct loan and loan guarantee programs. The budget shall also include the planned level of new direct loan obligations or loan guarantee commitments associated with each appropriations request.

(b) **APPROPRIATIONS REQUIRED.**—Notwithstanding any other provision of law, new direct loan obligations may be incurred and new loan guarantee commitments may be made for fiscal year 1992 and thereafter only to the extent that—

(1) new budget authority to cover their costs is provided in advance in an appropriations Act;

(2) a limitation on the use of funds otherwise available for the cost of a direct loan or loan guarantee program has been provided in advance in an appropriations Act; or

(3) authority is otherwise provided in appropriation Acts.

(c) EXEMPTION FOR MANDATORY PROGRAMS.—Subsections (b) and (e) shall not apply to a direct loan or loan guarantee program that—

(1) constitutes an entitlement (such as the guaranteed student loan program or the veterans' home loan guaranty program); or

(2) all existing credit programs of the Commodity Credit Corporation on the date of enactment of this title.

(d) BUDGET ACCOUNTING.—

(1) The authority to incur new direct loan obligations, make new loan guarantee commitments, or modify outstanding direct loans (or direct loan obligations) or loan guarantees (or loan guarantee commitments) shall constitute new budget authority in an amount equal to the cost of the direct loan or loan guarantee in the fiscal year in which definite authority becomes available or indefinite authority is used. Such budget authority shall constitute an obligation of the credit program account to pay to the financing account.

(2) The outlays resulting from new budget authority for the cost of direct loans or loan guarantees described in paragraph (1) shall be paid from the credit program account into the financing account and recorded in the fiscal year in which the direct loan or the guaranteed loan is disbursed or its costs altered.

(3) All collections and payments of the financing accounts shall be a means of financing.

(e) MODIFICATIONS.—An outstanding direct loan (or direct loan obligation) or loan guarantee (or loan guarantee commitment) shall not be modified in a manner that increases its costs unless budget authority for the additional cost has been provided in advance in an appropriations Act.

(f) REESTIMATES.—When the estimated cost for a group of direct loans or loan guarantees for a given credit program made in a single fiscal year is reestimated in a subsequent year, the difference between the reestimated cost and the previous cost estimate shall be displayed as a distinct and separately identified subaccount in the credit program account as a change in program costs and a change in net interest. There is hereby provided permanent indefinite authority for these reestimates.

(g) ADMINISTRATIVE EXPENSES.—All funding for an agency's administration of a direct loan or loan guarantee program shall be displayed as distinct and separately identified subaccounts within the same budget account as the program's cost.

SEC. 505. [2 U.S.C. 661d] AUTHORIZATIONS.

(a) AUTHORIZATION OF APPROPRIATIONS FOR COSTS.—There are authorized to be appropriated to each Federal agency authorized to make direct loan obligations or loan guarantee commitments, such

sums as may be necessary to pay the cost associated with such direct loan obligations or loan guarantee commitments.

(b) AUTHORIZATION FOR FINANCING ACCOUNTS.—In order to implement the accounting required by this title, the President is authorized to establish such non-budgetary accounts as may be appropriate.

(c) TREASURY TRANSACTIONS WITH THE FINANCING ACCOUNTS.—The Secretary of the Treasury shall borrow from, receive from, lend to, or pay to the financing accounts such amounts as may be appropriate. The Secretary of the Treasury may prescribe forms and denominations, maturities, and terms and conditions for the transactions described above, except that the rate of interest charged by the Secretary on lending to financing accounts (including amounts treated as lending to financing accounts by the Federal Financing Bank (hereinafter in this subsection referred to as the “Bank”) pursuant to section 405(b)) and the rate of interest paid to financing accounts on uninvested balances in financing accounts shall be the same as the rate determined pursuant to section 502(5)(E). For guaranteed loans financed by the Bank and treated as direct loans by a Federal agency pursuant to section 405(b), any fee or interest surcharge (the amount by which the interest rate charged exceeds the rate determined pursuant to section 502(5)(E)) that the Bank charges to a private borrower pursuant to section 6(c) of the Federal Financing Bank Act of 1973 shall be considered a cash flow to the Government for the purposes of determining the cost of the direct loan pursuant to section 502(5). All such amounts shall be credited to the appropriate financing account. The Bank is authorized to require reimbursement from a Federal agency to cover the administrative expenses of the Bank that are attributable to the direct loans financed for that agency. All such payments by an agency shall be considered administrative expenses subject to section 504(g). This subsection shall apply to transactions related to direct loan obligations or loan guarantee commitments made on or after October 1, 1991. The authorities described above shall not be construed to supersede or override the authority of the head of a Federal agency to administer and operate a direct loan or loan guarantee program. All of the transactions provided in this subsection shall be subject to the provisions of subchapter II of chapter 15 of title 31, United States Code. Cash balances of the financing accounts in excess of current requirements shall be maintained in a form of uninvested funds and the Secretary of the Treasury shall pay interest on these funds.

(d) AUTHORIZATION FOR LIQUIDATING ACCOUNTS.—(1) Amounts in liquidating accounts shall be available only for payments resulting from direct loan obligations or loan guarantee commitments made prior to October 1, 1991, for—

- (A) interest payments and principal repayments to the Treasury or the Federal Financing Bank for amounts borrowed;
- (B) disbursements of loans;
- (C) default and other guarantee claim payments;
- (D) interest supplement payments;

(E) payments for the costs of foreclosing, managing, and selling collateral that are capitalized or routinely deducted from the proceeds of sales;

(F) payments to financing accounts when required for modifications;

(G) administrative expenses, if—

(i) amounts credited to the liquidating account would have been available for administrative expenses under a provision of law in effect prior to October 1, 1991; and

(ii) no direct loan obligation or loan guarantee commitment has been made, or any modification of a direct loan or loan guarantee has been made, since September 30, 1991; or

(H) such other payments as are necessary for the liquidation of such direct loan obligations and loan guarantee commitments.

(2) Amounts credited to liquidating accounts in any year shall be available only for payments required in that year. Any unobligated balances in liquidating accounts at the end of a fiscal year shall be transferred to miscellaneous receipts as soon as practicable after the end of the fiscal year.

(3) If funds in liquidating accounts are insufficient to satisfy obligations and commitments of such accounts, there is hereby provided permanent, indefinite authority to make any payments required to be made on such obligations and commitments.

(e) **AUTHORIZATION OF APPROPRIATIONS FOR IMPLEMENTATION EXPENSES.**—There are authorized to be appropriated to existing accounts such sums as may be necessary for salaries and expenses to carry out the responsibilities under this title.

(f) **REINSURANCE.**—Nothing in this title shall be construed as authorizing or requiring the purchase of insurance or reinsurance on a direct loan or loan guarantee from private insurers. If any such reinsurance for a direct loan or loan guarantee is authorized, the cost of such insurance and any recoveries to the Government shall be included in the calculation of the cost.

(g) **ELIGIBILITY AND ASSISTANCE.**—Nothing in this title shall be construed to change the authority or the responsibility of a Federal agency to determine the terms and conditions of eligibility for, or the amount of assistance provided by a direct loan or a loan guarantee.

SEC. 506. [2 U.S.C. 661e] TREATMENT OF DEPOSIT INSURANCE AND AGENCIES AND OTHER INSURANCE PROGRAMS.

(a) **IN GENERAL.**—This title shall not apply to the credit or insurance activities of the Federal Deposit Insurance Corporation, National Credit Union Administration, Resolution Trust Corporation, Pension Benefit Guaranty Corporation, National Flood Insurance, National Insurance Development Fund, Crop Insurance, or Tennessee Valley Authority.

(b) **STUDY.**—The Director and the Director of the Congressional Budget Office shall each study whether the accounting for Federal deposit insurance programs should be on a cash basis on the same basis as loan guarantees, or on a different basis. Each Director shall report findings and recommendations to the President and the Congress on or before May 31, 1991.

(c) ACCESS TO DATA.—For the purposes of subsection (b), the Office of Management and Budget and the Congressional Budget Office shall have access to all agency data that may facilitate these studies.

SEC. 507. [2 U.S.C. 661f] EFFECT ON OTHER LAWS.

(a) EFFECT ON OTHER LAWS.—This title shall supersede, modify, or repeal any provision of law enacted prior to the date of enactment of this title to the extent such provision is inconsistent with this title. Nothing in this title shall be construed to establish a credit limitation on any Federal loan or loan guarantee program.

(b) CREDITING OF COLLECTIONS.—Collections resulting from direct loans obligated or loan guarantees committed prior to October 1, 1991, shall be credited to the liquidating accounts of Federal agencies. Amounts so credited shall be available, to the same extent that they were available prior to the date of enactment of this title, to liquidate obligations arising from such direct loans obligated or loan guarantees committed prior to October 1, 1991, including repayment of any obligations held by the Secretary of the Treasury or the Federal Financing Bank. The unobligated balances of such accounts that are in excess of current needs shall be transferred to the general fund of the Treasury. Such transfers shall be made from time to time but, at least once each year.

forth in a special message transmitted by the President under section 1013; and

(5) continuity of a session of the Congress shall be considered as broken only by an adjournment of the Congress sine die, and the days on which either House is not in session because of an adjournment of more than 3 days to a day certain shall be excluded in the computation of the 45-day period referred to in paragraph (3) of this section and in section 1012, and the 25-day periods referred to in sections 1016 and 1017(b)(1). If a special message is transmitted under section 1012 during any Congress and the last session of such Congress adjourns sine die before the expiration of 45 calendar days of continuous session (or a special message is so transmitted after the last session of the Congress adjourns sine die), the message shall be deemed to have been retransmitted on the first day of the succeeding Congress and the 45-day period referred to in paragraph (3) of this section and section 1012 (with respect to such message) shall commence on the day after such first day.

RESCISSION OF BUDGET AUTHORITY

SEC. 1012. [2 U.S.C. 683] (a) TRANSMITTAL OF SPECIAL MESSAGE.—Whenever the President determines that all or part of any budget authority will not be required to carry out the full objectives or scope of programs for which it is provided or that such budget authority should be rescinded for fiscal policy or other reasons (including the determination of authorized projects or activities for which budget authority has been provided), or whenever all or part of budget authority provided for only one fiscal year is to be reserved from obligation for such fiscal year, the President shall transmit to both Houses of Congress a special message specifying—

(1) the amount of budget authority which he proposes to be rescinded or which is to be so reserved;

(2) any account, department, or establishment of the Government to which such budget authority is available for obligation, and the specific project or governmental functions involved;

(3) the reasons why the budget authority should be rescinded or is to be so reserved;

(4) to the maximum extent practicable, the estimated fiscal, economic, and budgetary effect of the proposed rescission or of the reservation; and

(5) all facts, circumstances, and considerations relating to or bearing upon the proposed rescission or the reservation and the decision to effect the proposed rescission or the reservation, and to the maximum extent practicable, the estimated effect of the proposed rescission or the reservation upon the objects, purposes, and programs for which the budget authority is provided.

(b) REQUIREMENT TO MAKE AVAILABLE FOR OBLIGATION.—Any amount of budget authority proposed to be rescinded or that is to be reserved as set forth in such special message shall be made available for obligation unless, within the prescribed 45-day period, the Congress has completed action on a rescission bill rescinding

all or part of the amount proposed to be rescinded or that is to be reserved. Funds made available for obligation under this procedure may not be proposed for rescission again.

PROPOSED DEFERRALS OF BUDGET AUTHORITY

SEC. 1013. [2 U.S.C. 684] (a) TRANSMITTAL OF SPECIAL MESSAGE.—Whenever the President, the Director of the Office of Management and Budget, the head of any department or agency of the United States, or any officer or employee of the United States proposes to defer any budget authority provided for a specific purpose or project, the President shall transmit to the House of Representatives and the Senate a special message specifying—

(1) the amount of the budget authority proposed to be deferred;

(2) any account, department, or establishment of the Government to which such budget authority is available for obligation, and the specific project or governmental functions involved;

(3) the period of time during which the budget authority is proposed to be deferred;

(4) the reasons for the proposed deferral, including any legal authority invoked to justify the proposed deferral;

(5) to the maximum extent practicable, the estimated fiscal, economic, and budgetary effect of the proposed deferral; and

(6) all facts, circumstances, and considerations relating to or bearing upon the proposed deferral and the decision to effect the proposed deferral, including an analysis of such facts, circumstances, and considerations in terms of their application to any legal authority, including specific elements of legal authority, invoked to justify such proposed deferral, and to the maximum extent practicable, the estimated effect of the proposed deferral upon the objects, purposes, and programs for which the budget authority is provided.

A special message may include one or more proposed deferrals of budget authority. A deferral may not be proposed for any period of time extending beyond the end of the fiscal year in which the special message proposing the deferral is transmitted to the House and the Senate.

(b) CONSISTENCY WITH LEGISLATIVE POLICY.—Deferrals shall be permissible only—

(1) to provide for contingencies;

(2) to achieve savings made possible by or through changes in requirements or greater efficiency of operations; or

(3) as specifically provided by law.

No officer or employee of the United States may defer any budget authority for any other purpose.

(c) EXCEPTION.—The provisions of this section do not apply to any budget authority proposed to be rescinded or that is to be reserved as set forth in a special message required to be transmitted under section 1012.

TRANSMISSION OF MESSAGES; PUBLICATION

SEC. 1014. [2 U.S.C. 685] (a) DELIVERY TO HOUSE AND SENATE.—Each special message transmitted under section 1012 or 1013 shall be transmitted to the House of Representatives and the Senate on the same day, and shall be delivered to the Clerk of the House of Representatives if the House is not in session, and to the Secretary of the Senate if the Senate is not in session. Each special message so transmitted shall be referred to the appropriate committee of the House of Representatives and the Senate. Each such message shall be printed as a document of each House.

(b) DELIVERY TO COMPTROLLER GENERAL.—A copy of each special message transmitted under section 1012 or 1013 shall be transmitted to the Comptroller General on the same day it is transmitted to the House of Representatives and the Senate. In order to assist the Congress in the exercise of its functions under sections 1012 and 1013, the Comptroller General shall review each such message and inform the House of Representatives and the Senate as promptly as practicable with respect to—

(1) in the case of a special message transmitted under section 1012, the facts surrounding the proposed rescission or the reservation of budget authority (including the probable effects thereof); and

(2) in the case of a special message transmitted under section 1013, (A) the facts surrounding each proposed deferral of budget authority (including the probable effects thereof) and (B) whether or not (or to what extent), in his judgment, such proposed deferral is in accordance with existing statutory authority.

(c) TRANSMISSION OF SUPPLEMENTARY MESSAGES.—If any information contained in a special message transmitted under section 1012 or 1013 is subsequently revised, the President shall transmit to both Houses of Congress and the Comptroller General a supplementary message stating and explaining such revision. Any such supplementary message shall be delivered, referred, and printed as provided in subsection (a). The Comptroller General shall promptly notify the House of Representatives and the Senate of any change in the information submitted by him under subsection (b) which may be necessitated by such revision.

(d) PRINTING IN FEDERAL REGISTER.—Any special message transmitted under section 1012 or 1013, and any supplementary message transmitted under subsection (c), shall be printed in the first issue of the Federal Register published after such transmittal.

(e) CUMULATIVE REPORTS OF PROPOSED RESCISSIONS, RESERVATIONS, AND DEFERRALS OF BUDGET AUTHORITY.—

(1) The President shall submit a report to the House of Representatives and the Senate, not later than the 10th day of each month during a fiscal year, listing all budget authority for that fiscal year with respect to which, as of the first day of such month—

(A) he has transmitted a special message under section 1012 with respect to a proposed rescission or a reservation; and

(B) he has transmitted a special message under section 1013 proposing a deferral.

Such report shall also contain, with respect to each such proposed rescission or deferral, or each such reservation, the information required to be submitted in the special message with respect thereto under section 1012 or 1013.

(2) Each report submitted under paragraph (1) shall be printed in the first issue of the Federal Register published after its submission.

REPORTS BY COMPTROLLER GENERAL

SEC. 1015. [2 U.S.C. 686] (a) FAILURE TO TRANSMIT SPECIAL MESSAGE.—If the Comptroller General finds that the President, the Director of the Office of Management and Budget, the head of any department or agency of the United States, or any other officer or employee of the United States—

(1) is to establish a reserve or proposes to defer budget authority with respect to which the President is required to transmit a special message under section 1012 or 1013; or

(2) has ordered, permitted, or approved the establishment of such a reserve or a deferral of budget authority;

and that the President has failed to transmit a special message with respect to such reserve or deferral, the Comptroller General shall make a report on such reserve or deferral and any available information concerning it to both Houses of Congress. The provisions of this part shall apply with respect to such reserve or deferral in the same manner and with the same effect as if such report of the Comptroller General were a special message transmitted by the President under section 1012 or 1013, and, for purposes of this part, such report shall be considered a special message transmitted under section 1012 or 1013.

(b) INCORRECT CLASSIFICATION OF SPECIAL MESSAGE.—If the President has transmitted a special message to both Houses of Congress in accordance with section 1012 or 1013, and the Comptroller General believes that the President so transmitted the special message in accordance with one of those sections when the special message should have been transmitted in accordance with the other of those sections, the Comptroller General shall make a report to both Houses of the Congress setting forth his reasons.

SUITS BY COMPTROLLER GENERAL

SEC. 1016. [2 U.S.C. 687] If, under this title, budget authority is required to be made available for obligation and such budget authority is not made available for obligation, the Comptroller General is hereby expressly empowered, through attorneys of his own selection, to bring a civil action in the United States District Court for the District of Columbia to require such budget authority to be made available for obligation, and such court is hereby expressly empowered to enter in such civil action, against any department, agency, officer, or employee of the United States, any decree, judgment, or order, which may be necessary or appropriate to make such budget authority available for obligation. No civil action shall be brought by the Comptroller General under this section until the

expiration of 25 calendar days of continuous session of the Congress following the date on which an explanatory statement by the Comptroller General of the circumstances giving rise to the action contemplated has been filed with the Speaker of the House of Representatives and the President of the Senate.

PROCEDURE IN HOUSE AND SENATE

SEC. 1017. [2 U.S.C. 688] (a) REFERRAL.—Any rescission bill introduced with respect to a special message or impoundment resolution introduced with respect to a proposed deferral of budget authority shall be referred to the appropriate committee of the House of Representatives or the Senate, as the case may be.

(b) DISCHARGE OF COMMITTEE.—

(1) If the committee to which a rescission bill or impoundment resolution has been referred has not reported it at the end of 25 calendar days of continuous session of the Congress after its introduction, it is in order to move either to discharge the committee from further consideration of the bill or resolution or to discharge the committee from further consideration of any other rescission bill with respect to the same special message or impoundment resolution with respect to the same proposed deferral, as the case may be, which has been referred to the committee.

(2) A motion to discharge may be made only by an individual favoring the bill or resolution, may be made only if supported by one-fifth of the Members of the House involved (a quorum being present), and is highly privileged in the House and privileged in the Senate (except that it may not be made after the committee has reported a bill or resolution with respect to the same special message or the same proposed deferral, as the case may be); and debate thereon shall be limited to not more than 1 hour, the time to be divided in the House equally between those favoring and those opposing the bill or resolution, and to be divided in the Senate equally between, and controlled by, the majority leader and the minority leader or their designees. An amendment to the motion is not in order, and it is not in order to move to reconsider the vote by which the motion is agreed to or disagreed to.

(c) FLOOR CONSIDERATION IN THE HOUSE.—

(1) When the committee of the House of Representatives has reported, or has been discharged from further consideration of a rescission bill or impoundment resolution, it shall at any time thereafter be in order (even though a previous motion to the same effect has been disagreed to) to move to proceed to the consideration of the bill or resolution. The motion shall be highly privileged and not debatable. An amendment to the motion shall not be in order, nor shall it be in order to move to reconsider the vote by which the motion is agreed to or disagreed to.

(2) Debate on a rescission bill or impoundment resolution shall be limited to not more than 2 hours, which shall be divided equally between those favoring and those opposing the bill or resolution. A motion further to limit debate shall not be debatable. In the case of an impoundment resolution, no

amendment to, or motion to recommit, the resolution shall be in order. It shall not be in order to move to reconsider the vote by which a rescission bill or impoundment resolution is agreed to or disagreed to.

(3) Motions to postpone, made with respect to the consideration of a rescission bill or impoundment resolution, and motions to proceed to the consideration of other business, shall be decided without debate.

(4) All appeals from the decisions of the Chair relating to the application of the Rules of the House of Representatives to the procedure relating to any rescission bill or impoundment resolution shall be decided without debate.

(5) Except to the extent specifically provided in the preceding provisions of this subsection, consideration of any rescission bill or impoundment resolution and amendments thereto (or any conference report thereon) shall be governed by the Rules of the House of Representatives applicable to other bills and resolutions, amendments, and conference reports in similar circumstances.

(d) FLOOR CONSIDERATION IN THE SENATE.—

(1) Debate in the Senate on any rescission bill or impoundment resolution, and all amendments thereto (in the case of a rescission bill) and debatable motions and appeals in connection therewith, shall be limited to not more than 10 hours. The time shall be equally divided between, and controlled by, the majority leader and the minority leader or their designees.

(2) Debate in the Senate on any amendment to a rescission bill shall be limited to 2 hours, to be equally divided between, and controlled by, the mover and the manager of the bill. Debate on any amendment to an amendment, to such a bill, and debate on any debatable motion or appeal in connection with such a bill or an impoundment resolution shall be limited to 1 hour, to be equally divided between, and controlled by, the mover and the manager of the bill or resolution, except that in the event the manager of the bill or resolution is in favor in any such amendment, motion, or appeal, the time in opposition thereto, shall be controlled by the minority leader or his designee. No amendment that is not germane to the provisions of a rescission bill shall be received. Such leaders, or either of them, may, from the time under their control on the passage of a rescission bill or impoundment resolution, allot additional time to any Senator during the consideration of any amendment, debatable motion, or appeal.

(3) A motion to further limit debate is not debatable. In the case of a rescission bill, a motion to recommit (except a motion to recommit with instructions to report back within a specified number of days, not to exceed 3, not counting any day on which the Senate is not in session) is not in order. Debate on any such motion to recommit shall be limited to one hour, to be equally divided between, and controlled by, the mover and the manager of the concurrent resolution. In the case of an impoundment resolution, no amendment or motion to recommit is in order.

(4) The conference report on any rescission bill shall be in order in the Senate at any time after the third day (excluding Saturdays, Sundays, and legal holidays) following the day on which such a conference report is reported and is available to Members of the Senate. A motion to proceed to the consideration of the conference report may be made even though a previous motion to the same effect has been disagreed to.

(5) During the consideration in the Senate of the conference report on any rescission bill, debate shall be limited to 2 hours, to be equally divided between, and controlled by, the majority leader and minority leader or their designees. Debate on any debatable motion or appeal related to the conference report shall be limited to 30 minutes, to be equally divided between, and controlled by, the mover and the manager of the conference report.

(6) Should the conference report be defeated, debate on any request for a new conference and the appointment of conferees shall be limited to one hour, to be equally divided, between, and controlled by, the manager of the conference report and the minority leader or his designee, and should any motion be made to instruct the conferees before the conferees are named, debate on such motion shall be limited to 30 minutes, to be equally divided between, and controlled by, the mover and the manager of the conference report. Debate on any amendment to any such instructions shall be limited to 20 minutes, to be equally divided between, and controlled by the mover and the manager of the conference report. In all cases when the manager of the conference report is in favor of any motion, appeal, or amendment, the time in opposition shall be under the control of the minority leader or his designee.

(7) In any case in which there are amendments in disagreement, time on each amendment shall be limited to 30 minutes, to be equally divided between, and controlled by, the manager of the conference report and the minority leader or his designee. No amendment that is not germane to the provisions of such amendments shall be received.

NOTE:

The United States Supreme Court, in *Clinton v. City of New York*, U.S. Dist. Col. 1998, 118 S.Ct. 2091, 141 L.Ed.2d 393, found that the Line Item Veto Act of 1996, Pub.L. 104-130, April 9, 1996, 110 Stat. 1200, which is part C of title X of the Congressional Budget and Impoundment Control Act of 1974, was unconstitutional as a violation of the Presentment Clause of the United States Constitution (Art. LINE ITEM VETO AUTHORITY

SEC. 1021. [2 U.S.C. 691] (a) IN GENERAL.—Notwithstanding the provisions of parts A and B, and subject to the provisions of this part, the President may, with respect to any bill or joint reso-

lution that has been signed into law pursuant to Article I, section 7, of the Constitution of the United States, cancel in whole—

- (1) any dollar amount of discretionary budget authority;
- (2) any item of new direct spending; or

if the President—

(A) determines that such cancellation will—

- (i) reduce the Federal budget deficit;
- (ii) not impair any essential Government functions;

and

(iii) not harm the national interest; and

(B) notifies the Congress of such cancellation by transmitting a special message, in accordance with section 1022, within five calendar days (excluding Sundays) after the enactment of the law providing the dollar amount of discretionary budget authority, item of new direct spending, or limited tax benefit that was canceled.

(b) IDENTIFICATION OF CANCELLATIONS.—In identifying dollar amounts of discretionary budget authority, items of new direct spending, and limited tax benefits for cancellation, the President shall—

(1) consider the legislative history, construction, and purposes of the law which contains such dollar amounts, items, or benefits;

(2) consider any specific sources of information referenced in such law or, in the absence of specific sources of information, the best available information; and

(3) use the definitions contained in section 1026 in applying this part to the specific provisions of such law.

(c) EXCEPTION FOR DISAPPROVAL BILLS.—The authority granted by subsection (a) shall not apply to any dollar amount of discretionary budget authority, item of new direct spending, or limited tax benefit contained in any law that is a disapproval bill as defined in section 1026.

SPECIAL MESSAGES

SEC. 1022. [2 U.S.C. 691a] (a) IN GENERAL.—For each law from which a cancellation has been made under this part, the President shall transmit a single special message to the Congress.

(b) CONTENTS.—

(1) The special message shall specify—

(A) the dollar amount of discretionary budget authority, item of new direct spending, or limited tax benefit which has been canceled, and provide a corresponding reference number for each cancellation;

(B) the determinations required under section 1021(a), together with any supporting material;

(C) the reasons for the cancellation;

(D) to the maximum extent practicable, the estimated fiscal, economic, and budgetary effect of the cancellation;

upon the objects, purposes and programs for which the canceled authority was provided; and

(F) include the adjustments that will be made pursuant to section 1024 to the discretionary spending limits under section 251(c) of the Balanced Budget and Emergency Deficit Control Act of 1985 and an evaluation of the effects of those adjustments upon the sequestration procedures of section 251 of the Balanced Budget and Emergency Deficit Control Act of 1985.

(2) In the case of a cancellation of any dollar amount of discretionary budget authority or item of new direct spending, the special message shall also include, if applicable—

(c) TRANSMISSION OF SPECIAL MESSAGES TO HOUSE AND SENATE.—

(1) The President shall transmit to the Congress each special message under this part within five calendar days (excluding Sundays) after enactment of the law to which the cancellation applies. Each special message shall be transmitted to the House of Representatives and the Senate on the same calendar day. Such special message shall be delivered to the Clerk of the House of Representatives if the House is not in session, and to the Secretary of the Senate if the Senate is not in session.

(2) Any special message transmitted under this part shall be printed in the first issue of the Federal Register published after such transmittal.

CANCELLATION EFFECTIVE UNLESS DISAPPROVED

SEC. 1023. [2 U.S.C. 691b] (a) IN GENERAL.—The cancellation of any dollar amount of discretionary budget authority, item of new direct spending, or limited tax benefit shall take effect upon receipt in the House of Representatives and the Senate of the special message notifying the Congress of the cancellation. If a disapproval bill for such special message is enacted into law, then all cancellations disapproved in that law shall be null and void and any such dollar amount of discretionary budget authority, item of new direct spending, or limited tax benefit shall be effective as of the original date provided in the law to which the cancellation applied.

(b) COMMENSURATE REDUCTIONS IN DISCRETIONARY BUDGET AUTHORITY.—Upon the cancellation of a dollar amount of discretionary budget authority under subsection (a), the total appropriation for each relevant account of which that dollar amount is a part shall be simultaneously reduced by the dollar amount of that cancellation.

DEFICIT REDUCTION

SEC. 1024. [2 U.S.C. 691c] (a) IN GENERAL.—

(1) DISCRETIONARY BUDGET AUTHORITY.—OMB shall, for each dollar amount of discretionary budget authority and for each item of new direct spending canceled from an appropriation law under section 1021(a)—

(A) reflect the reduction that results from such cancellation in the estimates required by section 251(a)(7) of the Balanced Budget and Emergency Deficit Control Act of 1985 in accordance with that Act, including an estimate of the reduction of the budget authority and the reduction in outlays flowing from such reduction of budget authority for each outyear; and

(B) include a reduction to the discretionary spending limits for budget authority and outlays in accordance with the Balanced Budget and Emergency Deficit Control Act of 1985 for each applicable fiscal year set forth in section 251(c) of the Balanced Budget and Emergency Deficit Control Act of 1985 by amounts equal to the amounts for each fiscal year estimated pursuant to subparagraph (A).

(2) DIRECT SPENDING AND LIMITED TAX BENEFITS.—(A) OMB shall, for each item of new direct spending or limited tax benefit canceled from a law under section 1021(a), estimate the deficit decrease caused by the cancellation of such item or benefit in that law and include such estimate as a separate entry in the report prepared pursuant to section 252(d) of the Balanced Budget and Emergency Deficit Control Act of 1985.

(B) OMB shall not include any change in the deficit resulting from a cancellation of any item of new direct spending or limited tax benefit, or the enactment of a disapproval bill for any such cancellation, under this part in the estimates and reports required by sections 252(b) and 254 of the Balanced Budget and Emergency Deficit Control Act of 1985.

(b) ADJUSTMENTS TO SPENDING LIMITS.—After ten calendar days (excluding Sundays) after the expiration of the time period in section 1025(b)(1) for expedited congressional consideration of a disapproval bill for a special message containing a cancellation of discretionary budget authority, OMB shall make the reduction included in subsection (a)(1)(B) as part of the next sequester report required by section 254 of the Balanced Budget and Emergency Deficit Control Act of 1985.

(c) EXCEPTION.—Subsection (b) shall not apply to a cancellation if a disapproval bill or other law that disapproves that cancellation is enacted into law prior to 10 calendar days (excluding Sundays) after the expiration of the time period set forth in section 1025(b)(1).

(d) CONGRESSIONAL BUDGET OFFICE ESTIMATES.—As soon as practicable after the President makes a cancellation from a law under section 1021(a), the Director of the Congressional Budget Office shall provide the Committees on the Budget of the House of Representatives and the Senate with an estimate of the reduction of the budget authority and the reduction in outlays flowing from such reduction of budget authority for each outyear.

EXPEDITED CONGRESSIONAL CONSIDERATION OF DISAPPROVAL BILLS

SEC. 1025. [2 U.S.C. 691d] (a) RECEIPT AND REFERRAL OF SPECIAL MESSAGE.—Each special message transmitted under this part shall be referred to the Committee on the Budget and the appropriate committee or committees of the Senate and the Committee on the Budget and the appropriate committee or committees of the House of Representatives. Each such message shall be printed as a document of the House of Representatives.

(b) TIME PERIOD FOR EXPEDITED PROCEDURES.—

(1) There shall be a congressional review period of 30 calendar days of session, beginning on the first calendar day of session after the date on which the special message is received in the House of Representatives and the Senate, during which the procedures contained in this section shall apply to both Houses of Congress.

(2) In the House of Representatives the procedures set forth in this section shall not apply after the end of the period described in paragraph (1).

(3) If Congress adjourns at the end of a Congress prior to the expiration of the period described in paragraph (1) and a disapproval bill was then pending in either House of Congress or a committee thereof (including a conference committee of the two Houses of Congress), or was pending before the President, a disapproval bill for the same special message may be introduced within the first five calendar days of session of the next Congress and shall be treated as a disapproval bill under this part, and the time period described in paragraph (1) shall commence on the day of introduction of that disapproval bill.

(c) INTRODUCTION OF DISAPPROVAL BILLS.—(1) In order for a disapproval bill to be considered under the procedures set forth in this section, the bill must meet the definition of a disapproval bill and must be introduced no later than the fifth calendar day of session following the beginning of the period described in subsection (b)(1).

(2) In the case of a disapproval bill introduced in the House of Representatives, such bill shall include in the first blank space referred to in section 1026(6)(C) a list of the reference numbers for all cancellations made by the President in the special message to which such disapproval bill relates.

(d) CONSIDERATION IN THE HOUSE OF REPRESENTATIVES.—(1) Any committee of the House of Representatives to which a disapproval bill is referred shall report it without amendment, and with or without recommendation, not later than the seventh calendar day of session after the date of its introduction. If any committee fails to report the bill within that period, it is in order to move that the House discharge the committee from further consideration of the bill, except that such a motion may not be made after the committee has reported a disapproval bill with respect to the same special message. A motion to discharge may be made only by a Member favoring the bill (but only at a time or place designated by the Speaker in the legislative schedule of the day after the calendar day on which the Member offering the motion announces to the House his intention to do so and the form of the motion). The

motion is highly privileged. Debate thereon shall be limited to not more than one hour, the time to be divided in the House equally between a proponent and an opponent. The previous question shall be considered as ordered on the motion to its adoption without intervening motion. A motion to reconsider the vote by which the motion is agreed to or disagreed to shall not be in order.

(2) After a disapproval bill is reported or a committee has been discharged from further consideration, it is in order to move that the House resolve into the Committee of the Whole House on the State of the Union for consideration of the bill. If reported and the report has been available for at least one calendar day, all points of order against the bill and against consideration of the bill are waived. If discharged, all points of order against the bill and against consideration of the bill are waived. The motion is highly privileged. A motion to reconsider the vote by which the motion is agreed to or disagreed to shall not be in order. During consideration of the bill in the Committee of the Whole, the first reading of the bill shall be dispensed with. General debate shall proceed, shall be confined to the bill, and shall not exceed one hour equally divided and controlled by a proponent and an opponent of the bill. The bill shall be considered as read for amendment under the five-minute rule. Only one motion to rise shall be in order, except if offered by the manager. No amendment to the bill is in order, except any Member if supported by 49 other Members (a quorum being present) may offer an amendment striking the reference number or numbers of a cancellation or cancellations from the bill. Consideration of the bill for amendment shall not exceed one hour excluding time for recorded votes and quorum calls. No amendment shall be subject to further amendment, except pro forma amendments for the purposes of debate only. At the conclusion of the consideration of the bill for amendment, the Committee shall rise and report the bill to the House with such amendments as may have been adopted. The previous question shall be considered as ordered on the bill and amendments thereto for final passage without intervening motion. A motion to reconsider the vote on passage of the bill shall not be in order.

(3) Appeals from decisions of the Chair regarding application of the rules of the House of Representatives to the procedure relating to a disapproval bill shall be decided without debate.

(4) It shall not be in order to consider under this subsection more than one disapproval bill for the same special message except for consideration of a similar Senate bill (unless the House has already rejected a disapproval bill for the same special message) or more than one motion to discharge described in paragraph (1) with respect to a disapproval bill for that special message.

(e) CONSIDERATION IN THE SENATE.—

(1) REFERRAL AND REPORTING.—Any disapproval bill introduced in the Senate shall be referred to the appropriate committee or committees. A committee to which a disapproval bill has been referred shall report the bill not later than the seventh day of session following the date of introduction of that bill. If any committee fails to report the bill within that period, that committee shall be automatically discharged from further

consideration of the bill and the bill shall be placed on the Calendar.

(2) DISAPPROVAL BILL FROM HOUSE.—When the Senate receives from the House of Representatives a disapproval bill, such bill shall not be referred to committee and shall be placed on the Calendar.

(3) CONSIDERATION OF SINGLE DISAPPROVAL BILL.—After the Senate has proceeded to the consideration of a disapproval bill for a special message, then no other disapproval bill originating in that same House relating to that same message shall be subject to the procedures set forth in this subsection.

(4) AMENDMENTS.—

(A) AMENDMENTS IN ORDER.—The only amendments in order to a disapproval bill are—

(i) an amendment that strikes the reference number of a cancellation from the disapproval bill; and

(ii) an amendment that only inserts the reference number of a cancellation included in the special message to which the disapproval bill relates that is not already contained in such bill.

(B) WAIVER OR APPEAL.—An affirmative vote of three-fifths of the Senators, duly chosen and sworn, shall be required in the Senate—

(i) to waive or suspend this paragraph; or

(ii) to sustain an appeal of the ruling of the Chair on a point of order raised under this paragraph.

(5) MOTION NONDEBATABLE.—A motion to proceed to consideration of a disapproval bill under this subsection shall not be debatable. It shall not be in order to move to reconsider the vote by which the motion to proceed was adopted or rejected, although subsequent motions to proceed may be made under this paragraph.

(6) LIMIT ON CONSIDERATION.—(A) After no more than 10 hours of consideration of a disapproval bill, the Senate shall proceed, without intervening action or debate (except as permitted under paragraph (9)), to vote on the final disposition thereof to the exclusion of all amendments not then pending and to the exclusion of all motions, except a motion to reconsider or to table.

SEC. 251. [2 U.S.C. 901] ENFORCING DISCRETIONARY SPENDING LIMITS.

(a) ENFORCEMENT.—

(1) SEQUESTRATION.—Within 15 calendar days after Congress adjourns to end a session there shall be a sequestration to eliminate a budget-year breach, if any, within any category.

(2) ELIMINATING A BREACH.—Each non-exempt account within a category shall be reduced by a dollar amount calculated by multiplying the enacted level of sequestrable budgetary resources in that account at that time by the uniform percentage necessary to eliminate a breach within that category.

(3) MILITARY PERSONNEL.—If the President uses the authority to exempt any personnel account from sequestration under section 255(f), each account within subfunctional category 051 (other than those military personnel accounts for which the authority provided under section 255(f) has been exercised) shall be further reduced by a dollar amount calculated by multiplying the enacted level of non-exempt budgetary resources in that account at that time by the uniform percentage necessary to offset the total dollar amount by which outlays are not reduced in military personnel accounts by reason of the use of such authority.

(4) PART-YEAR APPROPRIATIONS.—If, on the date specified in paragraph (1), there is in effect an Act making or continuing appropriations for part of a fiscal year for any budget account, then the dollar sequestration calculated for that account under paragraphs (2) and (3) shall be subtracted from—

(A) the annualized amount otherwise available by law in that account under that or a subsequent part-year appropriation; and

(B) when a full-year appropriation for that account is enacted, from the amount otherwise provided by the full-year appropriation for that account.

(5) LOOK-BACK.—If, after June 30, an appropriation for the fiscal year in progress is enacted that causes a breach within a category for that year (after taking into account any sequestration of amounts within that category), the discretionary spending limits for that category for the next fiscal year shall be reduced by the amount or amounts of that breach.

(6) WITHIN-SESSION SEQUESTRATION.—If an appropriation for a fiscal year in progress is enacted (after Congress adjourns to end the session for that budget year and before July 1 of that fiscal year) that causes a breach within a category for that year (after taking into account any prior sequestration of amounts within that category), 15 days later there shall be a sequestration to eliminate that breach within that category following the procedures set forth in paragraphs (2) through (4).

(7) ESTIMATES.—

(A) CBO ESTIMATES.—As soon as practicable after Congress completes action on any discretionary appropriation, CBO, after consultation with the Committees on the Budget of the House of Representatives and the Senate, shall provide OMB with an estimate of the amount of discretionary new budget authority and outlays for the current year, if any, and the budget year provided by that legislation.

(B) OMB ESTIMATES AND EXPLANATION OF DIFFERENCES.—Not later than 7 calendar days (excluding Saturdays, Sundays, and legal holidays) after the date of enactment of any discretionary appropriation, OMB shall transmit a report to the House of Representatives and to the Senate containing the CBO estimate of that legislation, an OMB estimate of the amount of discretionary new budget authority and outlays for the current year, if any, and the budget year provided by that legislation, and an explanation of any difference between the 2 estimates. If during the preparation of the report OMB determines that there is a significant difference between OMB and CBO, OMB shall consult with the Committees on the Budget of the House of Representatives and the Senate regarding that difference and that consultation shall include, to the extent practicable, written communication to those committees that affords such committees the opportunity to comment before the issuance of the report.

(C) ASSUMPTIONS AND GUIDELINES.—OMB estimates under this paragraph shall be made using current economic and technical assumptions. (1) CONCEPTS AND DEFINITIONS.—When the President submits the budget under section 1105 of title 31, United States Code, OMB shall calculate and the budget shall include adjustments to discretionary spending limits (and those limits as cumulatively adjusted) for the budget year and each outyear to reflect changes in concepts and definitions. Such changes shall equal the baseline levels of new budget authority and outlays using up-to-date concepts and definitions, minus those levels using the concepts and definitions in effect before such changes. Such changes may only be made after consultation with the Committees on Appropriations and the Budget of the House of Representatives and the Senate, and that consultation shall include written communication to such committees that affords such committees the opportunity to comment before official action is taken with respect to such changes.

SEC. 251A. [2 U.S.C. 901a] ENFORCEMENT OF BUDGET GOAL.

Discretionary appropriations and direct spending accounts shall be reduced in accordance with this section as follows:

(1) **CALCULATION OF TOTAL DEFICIT REDUCTION.**—OMB shall calculate the amount of the deficit reduction required by this section for each of fiscal years 2013 through 2021 by—

(A) starting with \$1,200,000,000,000;

(B) subtracting the amount of deficit reduction achieved by the enactment of a joint committee bill, as provided in section 401(b)(3)(B)(i)(II) of the Budget Control Act of 2011;

(C) reducing the difference by 18 percent to account for debt service;

(D) dividing the result by 9; and

(E) for fiscal year 2013, reducing the amount calculated under subparagraphs (A) through (D) by \$24,000,000,000.

(2) **ALLOCATION TO FUNCTIONS.**—On March 1, 2013, for fiscal year 2013, and in its sequestration preview report for fiscal years 2014 through 2021 pursuant to section 254(c), OMB shall allocate half of the total reduction calculated pursuant to paragraph (1) for that year to discretionary appropriations and direct spending accounts within function 050 (defense function) and half to accounts in all other functions (nondefense functions).

(3) **DEFENSE FUNCTION REDUCTION.**—OMB shall calculate the reductions to discretionary appropriations and direct spending for each of fiscal years 2013 through 2021 for defense function spending as follows:

(A) **DISCRETIONARY.**—OMB shall calculate the reduction to discretionary appropriations by—

(i) taking the total reduction for the defense function allocated for that year under paragraph (2);

(ii) multiplying by the discretionary spending limit for the revised security category for that year; and

(iii) dividing by the sum of the discretionary spending limit for the security category and OMB's baseline estimate of nonexempt outlays for direct spending programs within the defense function for that year.

(B) **DIRECT SPENDING.**—OMB shall calculate the reduction to direct spending by taking the total reduction for the defense function required for that year under paragraph (2) and subtracting the discretionary reduction calculated pursuant to subparagraph (A).

(4) NONDEFENSE FUNCTION REDUCTION.—OMB shall calculate the reduction to discretionary appropriations and to direct spending for each of fiscal years 2013 through 2021 for programs in nondefense functions as follows:

(A) DISCRETIONARY.—OMB shall calculate the reduction to discretionary appropriations by—

(i) taking the total reduction for nondefense functions allocated for that year under paragraph (2);

(ii) multiplying by the discretionary spending limit for the revised nonsecurity category for that year; and

(iii) dividing by the sum of the discretionary spending limit for the revised nonsecurity category and OMB's baseline estimate of nonexempt outlays for direct spending programs in nondefense functions for that year.

(B) DIRECT SPENDING.—OMB shall calculate the reduction to direct spending programs by taking the total reduction for nondefense functions required for that year under paragraph (2) and subtracting the discretionary reduction calculated pursuant to subparagraph (A).

(C) Notwithstanding the 2 percent limit specified in subparagraph (A) for payments for the Medicare programs specified in section 256(d), the sequestration order of the President under such subparagraph for fiscal year 2023 shall be applied to such payments so that—

(i) with respect to the first 6 months in which such order is effective for such fiscal year, the payment reduction shall be 2.90 percent; and

(ii) with respect to the second 6 months in which such order is so effective for such fiscal year, the payment reduction shall be 1.11 percent.

(5) IMPLEMENTING DISCRETIONARY REDUCTIONS.—

(A) FISCAL YEAR 2013.—On March 1, 2013, for fiscal year 2013, OMB shall calculate and the President shall order a sequestration, effective upon issuance and under the procedures set forth in section 253(f), to reduce each account within the security category or nonsecurity category by a dollar amount calculated by multiplying the baseline level of budgetary resources in that account at that time by a uniform percentage necessary to achieve—

(i) for the revised security category, an amount equal to the defense function discretionary reduction calculated pursuant to paragraph (3); and

(ii) for the revised nonsecurity category, an amount equal to the nondefense function discretionary reduction calculated pursuant to paragraph (4).

(B) FISCAL YEARS 2014–2021.—Except as provided by paragraph (10), on the date of the submission of its sequestration preview report for fiscal years 2014 through 2021 pursuant to section 254(c) for each of fiscal years 2014 through 2021, OMB shall reduce the discretionary spending limit—

(i) for the revised security category by the amount of the defense function discretionary reduction calculated pursuant to paragraph (3); and

(ii) for the revised nonsecurity category by the amount of the nondefense function discretionary reduction calculated pursuant to paragraph (4).

(6) IMPLEMENTING DIRECT SPENDING REDUCTIONS.—(A) On the date specified in paragraph (2) during each applicable year, OMB shall prepare and the President shall order a sequestration, effective upon issuance, of nonexempt direct spending to achieve the direct spending reduction calculated pursuant to paragraphs (3) and (4). When implementing the sequestration of direct spending pursuant to this paragraph, OMB shall follow the procedures specified in section 6 of the Statutory Pay-As-You-Go Act of 2010, the exemptions specified in section 255, and the special rules specified in section 256, except that the percentage reduction for the Medicare programs specified in section 256(d) shall not be more than 2 percent for a fiscal year.

(B) On the dates OMB issues its sequestration preview reports for fiscal year 2022, for fiscal year 2023, and for fiscal year 2024, pursuant to section 254(c), the President shall order a sequestration, effective upon issuance such that—

(i) the percentage reduction for nonexempt direct spending for the defense function is the same percent as the percentage reduction for nonexempt direct spending for the defense function for fiscal year 2021 calculated under paragraph (3)(B); and

(ii) the percentage reduction for nonexempt direct spending for nondefense functions is the same percent as the percentage reduction for nonexempt direct spending for nondefense functions for fiscal year 2021 calculated under paragraph (4)(B).

(C) Notwithstanding the 2 percent limit specified in subparagraph (A) for payments for the Medicare programs specified in section 256(d), the sequestration order of the President under such subparagraph for fiscal year 2023 shall be applied to such payments so that—

(i) with respect to the first 6 months in which such order is effective for such fiscal year, the payment reduction shall be 2.90 percent; and

(ii) with respect to the second 6 months in which such order is so effective for such fiscal year, the payment reduction shall be 1.11 percent.

(7) ADJUSTMENT FOR MEDICARE.—If the percentage reduction for the Medicare programs would exceed 2 percent for a fiscal year in the absence of paragraph (6), OMB shall increase the reduction for all other discretionary appropriations and direct spending under paragraph (4) by a uniform percentage to a level sufficient to achieve the reduction required by paragraph (4) in the non-defense function.

(8) IMPLEMENTATION OF REDUCTIONS.—Any reductions imposed under this section shall be implemented in accordance with section 256(k).

(9) REPORT.—On the dates specified in paragraph (2), OMB shall submit a report to Congress containing information about the calculations required under this section, the adjusted discretionary spending limits, a listing of the reductions required for each nonexempt direct spending account, and any other data and explanations that enhance public understanding of this title and actions taken under it.

(10) IMPLEMENTING DIRECT SPENDING REDUCTIONS FOR FISCAL YEARS 2014 AND 2015.—(A) OMB shall make the calculations necessary to implement the direct spending reductions calculated pursuant to paragraphs (3) and (4) without regard to the amendment made to section 251(c) revising the discretionary spending limits for fiscal years 2014 and 2015 by the Bipartisan Budget Act of 2013.

(B) Paragraph (5)(B) shall not be implemented for fiscal years 2014 and 2015.

SEC. 252. [2 U.S.C. 902] ENFORCING PAY-AS-YOU-GO.

(a) PURPOSE.—The purpose of this section is to assure that any legislation enacted before October 1, 2002, affecting direct spending or receipts that increases the deficit will trigger an offsetting sequestration.

(b) SEQUESTRATION.—

(1) TIMING.—Not later than 15 calendar days after the date Congress adjourns to end a session and on the same day as a sequestration (if any) under section 251 or 253, there shall be a sequestration to offset the amount of any net deficit increase caused by all direct spending and receipts legislation enacted before October 1, 2002, as calculated under paragraph (2).

(2) CALCULATION OF DEFICIT INCREASE.—OMB shall calculate the amount of deficit increase or decrease by adding—

(A) all OMB estimates for the budget year of direct spending and receipts legislation transmitted under subsection (d);

(B) the estimated amount of savings in direct spending programs applicable to the budget year resulting from the prior year's sequestration under this section or section 253, if any, as published in OMB's final sequestration report for that prior year; and

(C) any net deficit increase or decrease in the current year resulting from all OMB estimates for the current year of direct spending and receipts legislation transmitted under subsection (d) that were not reflected in the final OMB sequestration report for the current year.

(c) ELIMINATING A DEFICIT INCREASE.—(1) The amount required to be sequestered in a fiscal year under subsection (b) shall be obtained from non-exempt direct spending accounts from actions taken in the following order:

(A) FIRST.—All reductions in automatic spending increases specified in section 256(a) shall be made.

(B) SECOND.—If additional reductions in direct spending accounts are required to be made, the maximum reductions permissible under sections 256(b) (guaranteed and direct stu-

dent loans) and 256(c) (foster care and adoption assistance) shall be made.

(C) THIRD.—(i) If additional reductions in direct spending accounts are required to be made, each remaining non-exempt direct spending account shall be reduced by the uniform percentage necessary to make the reductions in direct spending required by subsection (b); except that the medicare programs specified in section 256(d) shall not be reduced by more than 4 percent and the uniform percentage applicable to all other direct spending programs under this paragraph shall be increased (if necessary) to a level sufficient to achieve the required reduction in direct spending.

(ii) For purposes of determining reductions under clause (i), outlay reductions (as a result of sequestration of Commodity Credit Corporation commodity price support contracts in the fiscal year of a sequestration) that would occur in the following fiscal year shall be credited as outlay reductions in the fiscal year of the sequestration.

(2) For purposes of this subsection, accounts shall be assumed to be at the level in the baseline.

(d) ESTIMATES.—

(1) CBO ESTIMATES.—As soon as practicable after Congress completes action on any direct spending or receipts legislation, CBO shall provide an estimate to OMB of that legislation.

(2) OMB ESTIMATES.—Not later than 7 calendar days (excluding Saturdays, Sundays, and legal holidays) after the date of enactment of any direct spending or receipts legislation, OMB shall transmit a report to the House of Representatives and to the Senate containing—

(A) the CBO estimate of that legislation;

(B) an OMB estimate of that legislation using current economic and technical assumptions; and

(C) an explanation of any difference between the 2 estimates.

(3) SIGNIFICANT DIFFERENCES.—If during the preparation of the report under paragraph (2) OMB determines that there is a significant difference between the OMB and CBO estimates, OMB shall consult with the Committees on the Budget of the House of Representatives and the Senate regarding that difference and that consultation, to the extent practicable, shall include written communication to such committees that affords such committees the opportunity to comment before the issuance of that report.

(4) SCOPE OF ESTIMATES.—The estimates under this section shall include the amount of change in outlays or receipts for the current year (if applicable), the budget year, and each out-year excluding any amounts resulting from—

(A) full funding of, and continuation of, the deposit insurance guarantee commitment in effect under current estimates; and

(B) emergency provisions as designated under subsection (e).

(5) SCOREKEEPING GUIDELINES.—OMB and CBO, after consultation with each other and the Committees on the Budget of the House of Representatives and the Senate, shall—

(A) determine common scorekeeping guidelines; and

(B) in conformance with such guidelines, prepare estimates under this section.

(e)²¹ EMERGENCY LEGISLATION.—If a provision of direct spending or receipts legislation is enacted that the President designates as an emergency requirement and that the Congress so designates in statute, the amounts of new budget authority, outlays, and receipts in all fiscal years resulting from that provision shall be designated as an emergency requirement in the reports required under subsection (d). This subsection shall not apply to direct spending provisions to cover agricultural crop disaster assistance.

SEC. 253. [2 U.S.C. 903] ENFORCING DEFICIT TARGETS.

(a) SEQUESTRATION.—Within 15 calendar days after Congress adjourns to end a session (other than of the One Hundred First Congress) and on the same day as a sequestration (if any) under section 251 and section 252, but after any sequestration required by section 251 (enforcing discretionary spending limits) or section 252 (enforcing pay-as-you-go), there shall be a sequestration to eliminate the excess deficit (if any remains) if it exceeds the margin.

(b) EXCESS DEFICIT; MARGIN.—The excess deficit is, if greater than zero, the estimated deficit for the budget year, minus—

(1) the maximum deficit amount for that year;

(2) the amounts for that year designated as emergency direct spending or receipts legislation under section 252(e); and

(3) for any fiscal year in which there is not a full adjustment for technical and economic reestimates, the deposit insurance reestimate for that year, if any, calculated under subsection (h).

The “margin” for fiscal year 1992 or 1993 is zero and for fiscal year 1994 or 1995 is \$15,000,000,000.

(c) DIVIDING THE SEQUESTRATION.—To eliminate the excess deficit in a budget year, half of the required outlay reductions shall be obtained from non-exempt defense accounts (accounts designated as function 050 in the President’s fiscal year 1991 budget submission) and half from non-exempt, non-defense accounts (all other non-exempt accounts).

(d) DEFENSE.—Each non-exempt defense account shall be reduced by a dollar amount calculated by multiplying the level of sequestrable budgetary resources in that account at that time by the uniform percentage necessary to carry out subsection (c), except that, if any military personnel are exempt, adjustments shall be made under the procedure set forth in section 251(a)(3).

(e) NON-DEFENSE.—Actions to reduce non-defense accounts shall be taken in the following order:

(1) FIRST.—All reductions in automatic spending increases under section 256(a) shall be made.

(2) SECOND.—If additional reductions in non-defense accounts are required to be made, the maximum reduction per-

²¹ See clause 2(e) of rule XXI of the Rules of the House of Representatives.

missible under sections 256(b) (guaranteed student loans) and 256(c) (foster care and adoption assistance) shall be made.

(3) THIRD.—(A) If additional reductions in non-defense accounts are required to be made, each remaining non-exempt, non-defense account shall be reduced by the uniform percentage necessary to make the reductions in non-defense outlays required by subsection (c), except that—

(i) the medicare program specified in section 256(d) shall not be reduced by more than 2 percent in total including any reduction of less than 2 percent made under section 252 or, if it has been reduced by 2 percent or more under section 252, it may not be further reduced under this section; and

(ii) the health programs set forth in section 256(e) shall not be reduced by more than 2 percent in total (including any reduction made under section 251), and the uniform percent applicable to all other programs under this subsection shall be increased (if necessary) to a level sufficient to achieve the required reduction in non-defense outlays.

(B) For purposes of determining reductions under subparagraph (A), outlay reduction (as a result of sequestration of Commodity Credit Corporation commodity price support contracts in the fiscal year of a sequestration) that would occur in the following fiscal year shall be credited as outlay reductions in the fiscal year of the sequestration.

(f) BASELINE ASSUMPTIONS; PART-YEAR APPROPRIATIONS.—

(1) BUDGET ASSUMPTIONS.—For purposes of subsections (b), (c), (d), and (e), accounts shall be assumed to be at the level in the baseline minus any reductions required to be made under sections 251 and 252.

(2) PART-YEAR APPROPRIATIONS.—If, on the date specified in subsection (a), there is in effect an Act making or continuing appropriations for part of a fiscal year for any non-exempt budget account, then the dollar sequestration calculated for that account under subsection (d) or (e), as applicable, shall be subtracted from—

(A) the annualized amount otherwise available by law in that account under that or a subsequent part-year appropriation; and

(B) when a full-year appropriation for that account is enacted, from the amount otherwise provided by the full-year appropriation; except that the amount to be sequestered from that account shall be reduced (but not below zero) by the savings achieved by that appropriation when the enacted amount is less than the baseline for that account.

(g) ADJUSTMENTS TO MAXIMUM DEFICIT AMOUNTS.—

(1) ADJUSTMENTS.—

(A) When the President submits the budget for fiscal year 1992, the maximum deficit amounts for fiscal years 1992, 1993, 1994, and 1995 shall be adjusted to reflect up-to-date reestimates of economic and technical assumptions and any changes in concepts or definitions. When the President submits the budget for fiscal year 1993, the

maximum deficit amounts for fiscal years 1993, 1994, and 1995 shall be further adjusted to reflect up-to-date reestimates of economic and technical assumptions and any changes in concepts or definitions.

(B) When submitting the budget for fiscal year 1994, the President may choose to adjust the maximum deficit amounts for fiscal years 1994 and 1995 to reflect up-to-date reestimates of economic and technical assumptions. If the President chooses to adjust the maximum deficit amount when submitting the fiscal year 1994 budget, the President may choose to invoke the same adjustment procedure when submitting the budget for fiscal year 1995. In each case, the President must choose between making no adjustment or the full adjustment described in paragraph (2). If the President chooses to make that full adjustment, then those procedures for adjusting discretionary spending limits described in sections 251(b)(1)(C) and 251(b)(2)(E), otherwise applicable through fiscal year 1993 or 1994 (as the case may be), shall be deemed to apply for fiscal year 1994 (and 1995 if applicable).

(C) When the budget for fiscal year 1994 or 1995 is submitted and the sequestration reports for those years under section 254 are made (as applicable), if the President does not choose to make the adjustments set forth in subparagraph (B), the maximum deficit amount for that fiscal year shall be adjusted by the amount of the adjustment to discretionary spending limits first applicable for that year (if any) under section 251(b).

(D) For each fiscal year the adjustments required to be made with the submission of the President's budget for that year shall also be made when OMB submits the sequestration update report and the final sequestration report for that year, but OMB shall continue to use the economic and technical assumptions in the President's budget for that year.

Each adjustment shall be made by increasing or decreasing the maximum deficit amounts set forth in section 601 of the Congressional Budget Act of 1974.

(2) CALCULATIONS OF ADJUSTMENTS.—The required increase or decrease shall be calculated as follows:

(A) The baseline deficit or surplus shall be calculated using up-to-date economic and technical assumptions, using up-to-date concepts and definitions, and, in lieu of the baseline levels of discretionary appropriations, using the discretionary spending limits set forth in section 601 of the Congressional Budget Act of 1974 as adjusted under section 251.

(B) The net deficit increase or decrease caused by all direct spending and receipts legislation enacted after the date of enactment of this section (after adjusting for any sequestration of direct spending accounts) shall be calculated for each fiscal year by adding—

(i) the estimates of direct spending and receipts legislation transmitted under section 252(d) applicable to each such fiscal year; and

(ii) the estimated amount of savings in direct spending programs applicable to each such fiscal year resulting from the prior year's sequestration under this section or section 252 of direct spending, if any, as contained in OMB's final sequestration report for that year.

(C) The amount calculated under subparagraph (B) shall be subtracted from the amount calculated under subparagraph (A).

(D) The maximum deficit amount set forth in section 601 of the Congressional Budget Act of 1974 shall be subtracted from the amount calculated under subparagraph (C).

(E) The amount calculated under subparagraph (D) shall be the amount of the adjustment required by paragraph (1).

(h) TREATMENT OF DEPOSIT INSURANCE.—

(1) INITIAL ESTIMATES.—The initial estimates of the net costs of federal deposit insurance for fiscal year 1994 and fiscal year 1995 (assuming full funding of, and continuation of, the deposit insurance guarantee commitment in effect on the date of the submission of the budget for fiscal year 1993) shall be set forth in that budget.

(2) REESTIMATES.—For fiscal year 1994 and fiscal year 1995, the amount of the reestimate of deposit insurance costs shall be calculated by subtracting the amount set forth under paragraph (1) for that year from the current estimate of deposit insurance costs (but assuming full funding of, and continuation of, the deposit insurance guarantee commitment in effect on the date of submission of the budget for fiscal year 1993).

under section 254, the order shall provide that the necessary reduction in payments under contracts applicable to the commodity be uniformly applied to all contracts for the next succeeding crop of the commodity, under the authority provided in paragraph (3).

(3) DELAYED REDUCTION IN OUTLAYS PERMISSIBLE.—Notwithstanding any other provision of this title, if an order under section 254 is issued with respect to a fiscal year, any reduction under the order applicable to contracts described in paragraph (1) may provide for reductions in outlays for the account involved to occur in the fiscal year following the fiscal year to which the order applies.

(4) UNIFORM PERCENTAGE RATE OF REDUCTION AND OTHER LIMITATIONS.—All reductions described in paragraph (2) which are required to be made in connection with an order issued under section 254 with respect to a fiscal year shall be made so as to ensure that outlays for each program, project, activity, or account involved are reduced by a percentage rate that is uniform for all such programs, projects, activities, and accounts, and may not be made so as to achieve a percentage rate of reduction in any such item exceeding the rate specified in the order.

(5) DAIRY PROGRAM.—Notwithstanding any other provision of this subsection, as the sole means of achieving any reduction in outlays under the milk price support program, the Secretary of Agriculture shall provide for a reduction to be made in the price received by producers for all milk produced in the United States and marketed by producers for commercial use. That price reduction (measured in cents per hundred weight of milk marketed) shall occur under section 201(d)(2)(A) of the Agricultural Act of 1949 (7 U.S.C. 1446(d)(2)(A)), shall begin on the day any sequestration order is issued under section 254, and shall not exceed the aggregate amount of the reduction in outlays under the milk price support program that otherwise would have been achieved by reducing payments for the purchase of milk or the products of milk under this subsection during the applicable fiscal year.

(6) CERTAIN AUTHORITY NOT TO BE LIMITED.—Nothing in this joint resolution shall limit or reduce, in any way, any appropriation that provides the Commodity Credit Corporation with budget authority to cover the Corporation's net realized losses.

(k) EFFECTS OF SEQUESTRATION.—The effects of sequestration shall be as follows:

(1) Budgetary resources sequestered from any account shall be permanently cancelled, except as provided in paragraph (6).

(2) Except as otherwise provided, the same percentage sequestration shall apply to all programs, projects, and activities within a budget account (with programs, projects, and activities as delineated in the appropriation Act or accompanying report for the relevant fiscal year covering that account, or for accounts not included in appropriation Acts, as delineated in the most recently submitted President's budget).

(3) Administrative regulations or similar actions implementing a sequestration shall be made within 120 days of the sequestration order. To the extent that formula allocations differ at different levels of budgetary resources within an account, program, project, or activity, the sequestration shall be interpreted as producing a lower total appropriation, with the remaining amount of the appropriation being obligated in a manner consistent with program allocation formulas in substantive law.

(4) Except as otherwise provided, obligations in sequestered accounts shall be reduced only in the fiscal year in which a sequester occurs.

(5) If an automatic spending increase is sequestered, the increase (in the applicable index) that was disregarded as a result of that sequestration shall not be taken into account in any subsequent fiscal year.

(6) Budgetary resources sequestered in revolving, trust, and special fund accounts and offsetting collections sequestered in appropriation accounts shall not be available for obligation during the fiscal year in which the sequestration occurs, but shall be available in subsequent years to the extent otherwise provided in law.

SEC. 257. [2 U.S.C. 907] THE BASELINE.

(a) **IN GENERAL.**—For any budget year, the baseline refers to a projection of current-year levels of new budget authority, outlays, revenues, and the surplus or deficit into the budget year and the outyears based on laws enacted through the applicable date.

(b) **DIRECT SPENDING AND RECEIPTS.**—For the budget year and each outyear, the baseline shall be calculated using the following assumptions:

(1) **IN GENERAL.**—Laws providing or creating direct spending and receipts are assumed to operate in the manner specified in those laws for each such year and funding for entitlement authority is assumed to be adequate to make all payments required by those laws.

(2) **EXCEPTIONS.**—(A)(i) No program established by a law enacted on or before the date of enactment of the Balanced Budget Act of 1997 with estimated current year outlays greater than \$50,000,000 shall be assumed to expire in the budget year or the outyears. The scoring of new programs with estimated outlays greater than \$50,000,000 a year shall be based on scoring by the Committees on Budget or OMB, as applicable. OMB, CBO, and the Budget Committees shall consult on the scoring of such programs where there are differences between CBO and OMB.

(ii) On the expiration of the suspension of a provision of law that is suspended under section 171 of Public Law 104–127 and that authorizes a program with estimated fiscal year outlays that are greater than \$50,000,000, for purposes of clause (i), the program shall be assumed to continue to operate in the same manner as the program operated immediately before the expiration of the suspension.

(B) The increase for veterans' compensation for a fiscal year is assumed to be the same as that required by law for vet-

erans' pensions unless otherwise provided by law enacted in that session.

(C) Excise taxes dedicated to a trust fund, if expiring, are assumed to be extended at current rates.

(D) If any law expires before the budget year or any out-year, then any program with estimated current year outlays greater than \$50,000,000 that operates under that law shall be assumed to continue to operate under that law as in effect immediately before its expiration.

(3) HOSPITAL INSURANCE TRUST FUND.—Notwithstanding any other provision of law, the receipts and disbursements of the Hospital Insurance Trust Fund shall be included in all calculations required by this Act.

(c) DISCRETIONARY APPROPRIATIONS.—For the budget year and each outyear, the baseline shall be calculated using the following assumptions regarding all amounts other than those covered by subsection (b):

(1) INFLATION OF CURRENT-YEAR APPROPRIATIONS.—Budgetary resources other than unobligated balances shall be at the level provided for the budget year in full-year appropriation Acts. If for any account a full-year appropriation has not yet been enacted, budgetary resources other than unobligated balances shall be at the level available in the current year, adjusted sequentially and cumulatively for expiring housing contracts as specified in paragraph (2), for social insurance administrative expenses as specified in paragraph (3), to offset pay absorption and for pay annualization as specified in paragraph (4), for inflation as specified in paragraph (5), and to account for changes required by law in the level of agency payments for personnel benefits other than pay.

(2) EXPIRING HOUSING CONTRACTS.—New budget authority to renew expiring multiyear subsidized housing contracts shall be adjusted to reflect the difference in the number of such contracts that are scheduled to expire in that fiscal year and the number expiring in the current year, with the per-contract renewal cost equal to the average current-year cost of renewal contracts.

(3) SOCIAL INSURANCE ADMINISTRATIVE EXPENSES.—Budgetary resources for the administrative expenses of the following trust funds shall be adjusted by the percentage change in the beneficiary population from the current year to that fiscal year: the Federal Hospital Insurance Trust Fund, the Supplementary Medical Insurance Trust Fund, the Unemployment Trust Fund, and the railroad retirement account.

(4) PAY ANNUALIZATION; OFFSET TO PAY ABSORPTION.—Current-year new budget authority for Federal employees shall be adjusted to reflect the full 12-month costs (without absorption) of any pay adjustment that occurred in that fiscal year.

(5) INFLATORS.—The inflator used in paragraph (1) to adjust budgetary resources relating to personnel shall be the percent by which the average of the Bureau of Labor Statistics Employment Cost Index (wages and salaries, private industry workers) for that fiscal year differs from such index for the current year. The inflator used in paragraph (1) to adjust all other

budgetary resources shall be the percent by which the average of the estimated gross domestic product chain-type price index for that fiscal year differs from the average of such estimated index for the current year.

(6) CURRENT-YEAR APPROPRIATIONS.—If, for any account, a continuing appropriation is in effect for less than the entire current year, then the current-year amount shall be assumed to equal the amount that would be available if that continuing appropriation covered the entire fiscal year. If law permits the transfer of budget authority among budget accounts in the current year, the current-year level for an account shall reflect transfers accomplished by the submission of, or assumed for the current year in, the President's original budget for the budget year.

(d) UP-TO-DATE CONCEPTS.—In deriving the baseline for any budget year or outyear, current-year amounts shall be calculated using the concepts and definitions that are required for that budget year.

(e) ASSET SALES.—Amounts realized from the sale of an asset shall not be included in estimates under section 251, 252, or 253 if that sale would result in a financial cost to the Federal Government as determined pursuant to scorekeeping guidelines.

SEC. 258. [2 U.S.C. 907a] SUSPENSION IN THE EVENT OF WAR OR LOW GROWTH.

(a) PROCEDURES IN THE EVENT OF A LOW GROWTH REPORT.—

(1) TRIGGER.—Whenever CBO issues a low-growth report under section 254(i), the Majority Leader of the House of Representatives may, and the Majority Leader of the Senate shall, introduce a joint resolution (in the form set forth in paragraph (2)) declaring that the conditions specified in section 254(j) are met and suspending the relevant provisions of this title, titles III and VI of the Congressional Budget Act of 1974, and section 1103 of title 31, United States Code.

(2) FORM OF JOINT RESOLUTION.—

(A) The matter after the resolving clause in any joint resolution introduced pursuant to paragraph (1) shall be as follows: “That the Congress declares that the conditions specified in section 254(j)²⁵ of the Balanced Budget and Emergency Deficit Control Act of 1985 are met, and the implementation of the Congressional Budget and Impoundment Control Act of 1974, chapter 11 of title 31, United States Code, and part C of the Balanced Budget and Emergency Deficit Control Act of 1985 are modified as described in section 258(b) of the Balanced Budget and Emergency Deficit Control Act of 1985.”

(B) The title of the joint resolution shall be “Joint resolution suspending certain provisions of law pursuant to section 258(a)(2) of the Balanced Budget and Emergency Deficit Control Act of 1985.”; and the joint resolution shall not contain any preamble.

(3) COMMITTEE ACTION.—Each joint resolution introduced pursuant to paragraph (1) shall be referred to the appropriate

²⁵ So in law. Probably should be section 254(i).

committees of the House of Representatives or the Committee on the Budget of the Senate, as the case may be; and such Committee shall report the joint resolution to its House without amendment on or before the fifth day on which such House is in session after the date on which the joint resolution is introduced. If the Committee fails to report the joint resolution within the five-day period referred to in the preceding sentence, it shall be automatically discharged from further consideration of the joint resolution, and the joint resolution shall be placed on the appropriate calendar.

(4) CONSIDERATION OF JOINT RESOLUTION.—

(A) A vote on final passage of a joint resolution reported to the Senate or discharged pursuant to paragraph (3) shall be taken on or before the close of the fifth calendar day of session after the date on which the joint resolution is reported or after the Committee has been discharged from further consideration of the joint resolution. If prior to the passage by one House of a joint resolution of that House, that House receives the same joint resolution from the other House, then—

(i) the procedure in that House shall be the same as if no such joint resolution had been received from the other House, but

(ii) the vote on final passage shall be on the joint resolution of the other House.

When the joint resolution is agreed to, the Clerk of the House of Representatives (in the case of a House joint resolution agreed to in the House of Representatives) or the Secretary of the Senate (in the case of a Senate joint resolution agreed to in the Senate) shall cause the joint resolution to be engrossed, certified, and transmitted to the other House of the Congress as soon as practicable.

(B)(i) In the Senate, a joint resolution under this paragraph shall be privileged. It shall not be in order to move to reconsider the vote by which the motion is agreed to or disagreed to.

(ii) Debate in the Senate on a joint resolution under this paragraph, and all debatable motions and appeals in connection therewith, shall be limited to not more than five hours. The time shall be equally divided between, and controlled by, the majority leader and the minority leader or their designees.

(iii) Debate in the Senate on any debatable motion or appeal in connection with a joint resolution under this paragraph shall be limited to not more than one hour, to be equally divided between, and controlled by, the mover and the manager of the joint resolution, except that in the event the manager of the joint resolution is in favor of any such motion or appeal, the time in opposition thereto shall be controlled by the minority leader or his designee.

(iv) A motion in the Senate to further limit debate on a joint resolution under this paragraph is not debatable. A motion to table or to recommit a joint resolution under this paragraph is not in order.

(C) No amendment to a joint resolution considered under this paragraph shall be in order in the Senate.

(b) **SUSPENSION OF SEQUESTRATION PROCEDURES.**—Upon the enactment of a declaration of war or a joint resolution described in subsection (a)—

(1) the subsequent issuance of any sequestration report or any sequestration order is precluded;

(2) sections 302(f), 310(d), 311(a), and title VI of the Congressional Budget Act of 1974 are suspended; and

(3) section 1103 of title 31, United States Code, is suspended.

(c) **RESTORATION OF SEQUESTRATION PROCEDURES.**—

(1) In the event of a suspension of sequestration procedures due to a declaration of war, then, effective with the first fiscal year that begins in the session after the state of war is concluded by Senate ratification of the necessary treaties, the provisions of subsection (b) triggered by that declaration of war are no longer effective.

(2) In the event of a suspension of sequestration procedures due to the enactment of a joint resolution described in subsection (a), then, effective with regard to the first fiscal year beginning at least 12 months after the enactment of that resolution, the provisions of subsection (b) triggered by that resolution are no longer effective.

SEC. 258A. [2 U.S.C. 907b] MODIFICATION OF PRESIDENTIAL ORDER.

(a) **INTRODUCTION OF JOINT RESOLUTION.**—At any time after the Director of OMB issues a final sequestration report under section 254 for a fiscal year, but before the close of the twentieth calendar day of the session of Congress beginning after the date of issuance of such report, the majority leader of either House of Congress may introduce a joint resolution which contains provisions directing the President to modify the most recent order issued under section 254 or provide an alternative to reduce the deficit for such fiscal year. After the introduction of the first such joint resolution in either House of Congress in any calendar year, then no other joint resolution introduced in such House in such calendar year shall be subject to the procedures set forth in this section.

(b) **PROCEDURES FOR CONSIDERATION OF JOINT RESOLUTIONS.**—

(1) **REFERRAL TO COMMITTEE.**—A joint resolution introduced in the Senate under subsection (a) shall not be referred to a committee of the Senate and shall be placed on the calendar pending disposition of such joint resolution in accordance with this subsection.

(2) **CONSIDERATION IN THE SENATE.**—On or after the third calendar day (excluding Saturdays, Sundays, and legal holidays) beginning after a joint resolution is introduced under subsection (a), notwithstanding any rule or precedent of the Senate, including Rule XXII of the Standing Rules of the Senate, it is in order (even though a previous motion to the same effect has been disagreed to) for any Member of the Senate to move to proceed to the consideration of the joint resolution. The motion is not in order after the eighth calendar day (excluding Saturdays, Sundays, and legal holidays) beginning after a joint resolution (to which the motion applies) is intro-

duced. The joint resolution is privileged in the Senate. A motion to reconsider the vote by which the motion is agreed to or disagreed to shall not be in order. If a motion to proceed to the consideration of the joint resolution is agreed to, the Senate shall immediately proceed to consideration of the joint resolution without intervening motion, order, or other business, and the joint resolution shall remain the unfinished business of the Senate until disposed of.

(3) DEBATE IN THE SENATE.—

(A) In the Senate, debate on a joint resolution introduced under subsection (a), amendments thereto, and all debatable motions and appeals in connection therewith shall be limited to not more than 10 hours, which shall be divided equally between the majority leader and the minority leader (or their designees).

(B) A motion to postpone, or a motion to proceed to the consideration of other business is not in order. A motion to reconsider the vote by which the joint resolution is agreed to or disagreed to is not in order, and a motion to recommit the joint resolution is not in order.

(C)(i) No amendment that is not germane to the provisions of the joint resolution or to the order issued under section 254 shall be in order in the Senate. In the Senate, an amendment, any amendment to an amendment, or any debatable motion or appeal is debatable for not to exceed 30 minutes to be equally divided between, and controlled by, the mover and the majority leader (or their designees), except that in the event that the majority leader favors the amendment, motion, or appeal, the minority leader (or the minority leader's designee) shall control the time in opposition to the amendment, motion, or appeal.

(ii) In the Senate, an amendment that is otherwise in order shall be in order notwithstanding the fact that it amends the joint resolution in more than one place or amends language previously amended. It shall not be in order in the Senate to vote on the question of agreeing to such a joint resolution or any amendment thereto unless the figures then contained in such joint resolution or amendment are mathematically consistent.

(4) VOTE ON FINAL PASSAGE.—Immediately following the conclusion of the debate on a joint resolution introduced under subsection (a), a single quorum call at the conclusion of the debate if requested in accordance with the rules of the Senate, and the disposition of any pending amendments under paragraph (3), the vote on final passage of the joint resolution shall occur.

(5) APPEALS.—Appeals from the decisions of the Chair shall be decided without debate.

(6) CONFERENCE REPORTS.—In the Senate, points of order under titles III, IV, and VI of the Congressional Budget Act of 1974 are applicable to a conference report on the joint resolution or any amendments in disagreement thereto.

(7) RESOLUTION FROM OTHER HOUSE.—If, before the passage by the Senate of a joint resolution of the Senate intro-

duced under subsection (a), the Senate receives from the House of Representatives a joint resolution introduced under subsection (a), then the following procedures shall apply:

(A) The joint resolution of the House of Representatives shall not be referred to a committee and shall be placed on the calendar.

(B) With respect to a joint resolution introduced under subsection (a) in the Senate—

(i) the procedure in the Senate shall be the same as if no joint resolution had been received from the House; but

(ii)(I) the vote on final passage shall be on the joint resolution of the House if it is identical to the joint resolution then pending for passage in the Senate; or

(II) if the joint resolution from the House is not identical to the joint resolution then pending for passage in the Senate and the Senate then passes the Senate joint resolution, the Senate shall be considered to have passed the House joint resolution as amended by the text of the Senate joint resolution.

(C) Upon disposition of the joint resolution received from the House, it shall no longer be in order to consider the resolution originated in the Senate.

(8) SENATE ACTION ON HOUSE RESOLUTION.—If the Senate receives from the House of Representatives a joint resolution introduced under subsection (a) after the Senate has disposed of a Senate originated resolution which is identical to the House passed joint resolution, the action of the Senate with regard to the disposition of the Senate originated joint resolution shall be deemed to be the action of the Senate with regard to the House originated joint resolution. If it is not identical to the House passed joint resolution, then the Senate shall be considered to have passed the joint resolution of the House as amended by the text of the Senate joint resolution.

SEC. 258B. [2 U.S.C. 907c] FLEXIBILITY AMONG DEFENSE PROGRAMS, PROJECTS, AND ACTIVITIES.

(a) Subject to subsections (b), (c), and (d), new budget authority and unobligated balances for any programs, projects, or activities within major functional category 050 (other than a military personnel account) may be further reduced beyond the amount specified in an order issued by the President under section 254 for such fiscal year. To the extent such additional reductions are made and result in additional outlay reductions, the President may provide for lesser reductions in new budget authority and unobligated balances for other programs, projects, or activities within major functional category 050 for such fiscal year, but only to the extent that the resulting outlay increases do not exceed the additional outlay reductions, and no such program, project, or activity may be increased above the level actually made available by law in appropriation Acts (before taking sequestration into account). In making calculations under this subsection, the President shall use account outlay rates that are identical to those used in the report by the Director of OMB under section 254.

(b) No actions taken by the President under subsection (a) for a fiscal year may result in a domestic base closure or realignment that would otherwise be subject to section 2687 of title 10, United States Code.

(c) The President may not exercise the authority provided by this paragraph²⁶ for a fiscal year unless—

(1) the President submits a single report to Congress specifying, for each account, the detailed changes proposed to be made for such fiscal year pursuant to this section;

(2) that report is submitted within 5 calendar days of the start of the next session of Congress; and

(3) a joint resolution affirming or modifying the changes proposed by the President pursuant to this paragraph²⁷ becomes law.

(d) Within 5 calendar days of session after the President submits a report to Congress under subsection (c)(1) for a fiscal year, the majority leader of each House of Congress shall (by request) introduce a joint resolution which contains provisions affirming the changes proposed by the President pursuant to this paragraph.²⁷

(e)(1) The matter after the resolving clause in any joint resolution introduced pursuant to subsection (d) shall be as follows: “That the report of the President as submitted on [Insert Date] under section 258B is hereby approved.”

(2) The title of the joint resolution shall be “Joint resolution approving the report of the President submitted under section 258B of the Balanced Budget and Emergency Deficit Control Act of 1985.”

(3) Such joint resolution shall not contain any preamble.

(f)(1) A joint resolution introduced in the Senate under subsection (d) shall be referred to the Committee on Appropriations, and if not reported within 5 calendar days (excluding Saturdays, Sundays, and legal holidays) from the date of introduction shall be considered as having been discharged therefrom and shall be placed on the appropriate calendar pending disposition of such joint resolution in accordance with this subsection. In the Senate, no amendment proposed in the Committee on Appropriations shall be in order other than an amendment (in the nature of a substitute) that is germane or relevant to the provisions of the joint resolution or to the order issued under section 254. For purposes of this paragraph, an amendment shall be considered to be relevant if it relates to function 050 (national defense).

(2) On or after the third calendar day (excluding Saturdays, Sundays, and legal holidays) beginning after a joint resolution is placed on the Senate calendar, notwithstanding any rule or precedent of the Senate, including Rule XXII of the Standing Rules of the Senate, it is in order (even though a previous motion to the same effect has been disagreed to) for any Member of the Senate to move to proceed to the consideration of the joint resolution. The motion is not in order after the eighth calendar day (excluding Saturdays, Sundays, and legal holidays) beginning after such joint resolution is placed on the appropriate calendar. The motion is not debatable. The joint resolution is privileged in the Senate. A motion

²⁶So in original. Probably should be “section”.

to reconsider the vote by which the motion is agreed to or disagreed to shall not be in order. If a motion to proceed to the consideration of the joint resolution is agreed to, the Senate shall immediately proceed to consideration of the joint resolution without intervening motion, order, or other business, and the joint resolution shall remain the unfinished business of the Senate until disposed of.

(g)(1) In the Senate, debate on a joint resolution introduced under subsection (d), amendments thereto, and all debatable motions and appeals in connection therewith shall be limited to not more than 10 hours, which shall be divided equally between the majority leader and the minority leader (or their designees).

(2) A motion to postpone, or a motion to proceed to the consideration of other business is not in order. A motion to reconsider the vote by which the joint resolution is agreed to or disagreed to is not in order. In the Senate, a motion to recommit the joint resolution is not in order.

(h)(1) No amendment that is not germane or relevant to the provisions of the joint resolution or to the order issued under section 254 shall be in order in the Senate. For purposes of this paragraph, an amendment shall be considered to be relevant if it relates to function 050 (national defense). In the Senate, an amendment, any amendment to an amendment, or any debatable motion or appeal is debatable for not to exceed 30 minutes to be equally divided between, and controlled by, the mover and the majority leader (or their designees), except that in the event that the majority leader favors the amendment, motion, or appeal, the minority leader (or the minority leader's designee) shall control the time in opposition to the amendment, motion, or appeal.

(2) In the Senate, an amendment that is otherwise in order shall be in order notwithstanding the fact that it amends the joint resolution in more than one place or amends language previously amended, so long as the amendment makes or maintains mathematical consistency. It shall not be in order in the Senate to vote on the question of agreeing to such a joint resolution or any amendment thereto unless the figures then contained in such joint resolution or amendment are mathematically consistent.

(3) It shall not be in order in the Senate to consider any amendment to any joint resolution introduced under subsection (d) or any conference report thereon if such amendment or conference report would have the effect of decreasing any specific budget outlay reductions below the level of such outlay reductions provided in such joint resolution unless such amendment or conference report makes a reduction in other specific budget outlays at least equivalent to any increase in outlays provided by such amendment or conference report.

(4) For purposes of the application of paragraph (3), the level of outlays and specific budget outlay reductions provided in an amendment shall be determined on the basis of estimates made by the Committee on the Budget of the Senate.

(i) Immediately following the conclusion of the debate on a joint resolution introduced under subsection (d), a single quorum call at the conclusion of the debate if requested in accordance with the rules of the Senate, and the disposition of any pending amend-

ments under subsection (h), the vote on final passage of the joint resolution shall occur.

(j) Appeals from the decisions of the Chair relating to the application of the rules of the Senate to the procedure relating to a joint resolution described in subsection (d) shall be decided without debate.

(k) In the Senate, points of order under titles III and IV of the Congressional Budget Act of 1974 (including points of order under sections 302(c), 303(a), 306, and 401(b)(1)) are applicable to a conference report on the joint resolution or any amendments in disagreement thereto.

(l) If, before the passage by the Senate of a joint resolution of the Senate introduced under subsection (d), the Senate receives from the House of Representatives a joint resolution introduced under subsection (d), then the following procedures shall apply:

(1) The joint resolution of the House of Representatives shall not be referred to a committee.

(2) With respect to a joint resolution introduced under subsection (d) in the Senate—

(A) the procedure in the Senate shall be the same as if no joint resolution had been received from the House; but

(B)(i) the vote on final passage shall be on the joint resolution of the House if it is identical to the joint resolution then pending for passage in the Senate; or

(ii) if the joint resolution from the House is not identical to the joint resolution then pending for passage in the Senate and the Senate then passes the Senate joint resolution, the Senate shall be considered to have passed the House joint resolution as amended by the text of the Senate joint resolution.

(3) Upon disposition of the joint resolution received from the House, it shall no longer be in order to consider the joint resolution originated in the Senate.

(m) If the Senate receives from the House of Representatives a joint resolution introduced under subsection (d) after the Senate has disposed of a Senate originated joint resolution which is identical to the House passed joint resolution, the action of the Senate with regard to the disposition of the Senate originated joint resolution shall be deemed to be the action of the Senate with regard to the House originated joint resolution. If it is not identical to the House passed joint resolution, then the Senate shall be considered to have passed the joint resolution of the House as amended by the text of the Senate joint resolution.

SEC. 258C. [2 U.S.C. 907d] SPECIAL RECONCILIATION PROCESS.

(a) REPORTING OF RESOLUTIONS AND RECONCILIATION BILLS AND RESOLUTIONS, IN THE SENATE.—

(1) COMMITTEE ALTERNATIVES TO PRESIDENTIAL ORDER.—

After the submission of an OMB sequestration update report under section 254 that envisions a sequestration under section 252 or 253, each standing committee of the Senate may, not later than October 10, submit to the Committee on the Budget of the Senate information of the type described in section 301(d) of the Congressional Budget Act of 1974 with respect to

alternatives to the order envisioned by such report insofar as such order affects laws within the jurisdiction of the committee.

(2) INITIAL BUDGET COMMITTEE ACTION.—After the submission of such a report, the Committee on the Budget of the Senate may, not later than October 15, report to the Senate a resolution. The resolution may affirm the impact of the order envisioned by such report, in whole or in part. To the extent that any part is not affirmed, the resolution shall state which parts are not affirmed and shall contain instructions to committees of the Senate of the type referred to in section 310(a) of the Congressional Budget Act of 1974, sufficient to achieve at least the total level of deficit reduction contained in those sections which are not affirmed.

(3) RESPONSE OF COMMITTEES.—Committees instructed pursuant to paragraph (2), or affected thereby, shall submit their responses to the Budget Committee no later than 10 days after the resolution referred to in paragraph (2) is agreed to, except that if only one such Committee is so instructed such Committee shall, by the same date, report to the Senate a reconciliation bill or reconciliation resolution containing its recommendations in response to such instructions. A committee shall be considered to have complied with all instructions to it pursuant to a resolution adopted under paragraph (2) if it has made recommendations with respect to matters within its jurisdiction which would result in a reduction in the deficit at least equal to the total reduction directed by such instructions.

(4) BUDGET COMMITTEE ACTION.—Upon receipt of the recommendations received in response to a resolution referred to in paragraph (2), the Budget Committee shall report to the Senate a reconciliation bill or reconciliation resolution, or both, carrying out all such recommendations without any substantive revisions. In the event that a committee instructed in a resolution referred to in paragraph (2) fails to submit any recommendation (or, when only one committee is instructed, fails to report a reconciliation bill or resolution) in response to such instructions, the Budget Committee shall include in the reconciliation bill or reconciliation resolution reported pursuant to this subparagraph legislative language within the jurisdiction of the noncomplying committee to achieve the amount of deficit reduction directed in such instructions.

(5) POINT OF ORDER.—It shall not be in order in the Senate to consider any reconciliation bill or reconciliation resolution reported under paragraph (4) with respect to a fiscal year, any amendment thereto, or any conference report thereon if—

(A) the enactment of such bill or resolution as reported;

(B) the adoption and enactment of such amendment;

or

(C) the enactment of such bill or resolution in the form recommended in such conference report,

would cause the amount of the deficit for such fiscal year to exceed the maximum deficit amount for such fiscal year, unless the low-growth report submitted under section 254 projects

negative real economic growth for such fiscal year, or for each of any two consecutive quarters during such fiscal year.

(6) TREATMENT OF CERTAIN AMENDMENTS.—In the Senate, an amendment which adds to a resolution reported under paragraph (2) an instruction of the type referred to in such paragraph shall be in order during the consideration of such resolution if such amendment would be in order but for the fact that it would be held to be non-germane on the basis that the instruction constitutes new matter.

(7) DEFINITION.—For purposes of paragraphs (1), (2), and (3), the term “day” shall mean any calendar day on which the Senate is in session.

(b) PROCEDURES.—

(1) IN GENERAL.—Except as provided in paragraph (2), in the Senate the provisions of sections 305 and 310 of the Congressional Budget Act of 1974 for the consideration of concurrent resolutions on the budget and conference reports thereon shall also apply to the consideration of resolutions, and reconciliation bills and reconciliation resolutions reported under this paragraph and conference reports thereon.

(2) LIMIT ON DEBATE.—Debate in the Senate on any resolution reported pursuant to subsection (a)(2), and all amendments thereto and debatable motions and appeals in connection therewith, shall be limited to 10 hours.

(3) LIMITATION ON AMENDMENTS.—Section 310(d)(2) of the Congressional Budget Act shall apply to reconciliation bills and reconciliation resolutions reported under this subsection.

(4) BILLS AND RESOLUTIONS RECEIVED FROM THE HOUSE.—Any bill or resolution received in the Senate from the House, which is a companion to a reconciliation bill or reconciliation resolution of the Senate for the purposes of this subsection, shall be considered in the Senate pursuant to the provisions of this subsection.

(5) DEFINITION.—For purposes of this subsection, the term “resolution” means a simple, joint, or concurrent resolution.

SEC. 274. [2 U.S.C. 922] JUDICIAL REVIEW.

(a) EXPEDITED REVIEW.—

(1) Any Member of Congress may bring an action, in the United States District Court for the District of Columbia, for declaratory judgment and injunctive relief on the ground that any order that might be issued pursuant to section 254 violates the Constitution.

(3) Any Member of Congress may bring an action, in the United States District Court for the District of Columbia, for

declaratory and injunctive relief on the ground that the terms of an order issued under section 254 do not comply with the requirements of this title.

(4) A copy of any complaint in an action brought under paragraph (1), (2), or (3) shall be promptly delivered to the Secretary of the Senate and the Clerk of the House of Representatives, and each House of Congress shall have the right to intervene in such action.

(5) Any action brought under paragraph (1), (2), or (3) shall be heard and determined by a three-judge court in accordance with section 2284 of title 28, United States Code.

Nothing in this section or in any other law shall infringe upon the right of the House of Representatives to intervene in an action brought under paragraph (1), (2), or (3) without the necessity of adopting a resolution to authorize such intervention.

(b) APPEAL TO SUPREME COURT.—Notwithstanding any other provision of law, any order of the United States District Court for the District of Columbia which is issued pursuant to an action brought under paragraph (1), (2), or (3) of subsection (a) shall be reviewable by appeal directly to the Supreme Court of the United States. Any such appeal shall be taken by a notice of appeal filed within 10 days after such order is entered; and the jurisdictional statement shall be filed within 30 days after such order is entered. No stay of an order issued pursuant to an action brought under paragraph (1), (2), or (3) of subsection (a) shall be issued by a single Justice of the Supreme Court.

(c) EXPEDITED CONSIDERATION.—It shall be the duty of the District Court for the District of Columbia and the Supreme Court of the United States to advance on the docket and to expedite to the greatest possible extent the disposition of any matter brought under subsection (a).

(d) NONCOMPLIANCE WITH SEQUESTRATION PROCEDURES.—

(1) If it is finally determined by a court of competent jurisdiction that an order issued by the President under section 254 for any fiscal year—

(A) does not reduce automatic spending increases under any program specified in section 256(a) if such increases are required to be reduced by part C of this title (or reduces such increases by a greater extent than is so required), or

(B) does not sequester the amount of budgetary resources which is required to be sequestered by such part (or sequesters more than that amount) with respect to any program, project, activity, or account, the President shall, within 20 days after such determination is made, revise the order in accordance with such determination.

obligations, or spending authority which is required to be sequestered by such part, or

(C) does not reduce any obligation limitation by the amount by which such limitation is required to be reduced under such part,

on the claim or defense that the constitutional powers of the President prevent such sequestration or reduction or permit the avoidance of such sequestration or reduction, and such claim or defense is finally determined by the Supreme Court of the United States to be valid, then the entire order issued pursuant to section 254 for such fiscal year shall be null and void.

(e) **TIMING OF RELIEF.**—No order of any court granting declaratory or injunctive relief from the order of the President issued under section 254, including but not limited to relief permitting or requiring the expenditure of funds sequestered by such order, shall take effect during the pendency of the action before such court, during the time appeal may be taken, or, if appeal is taken, during the period before the court to which such appeal is taken has entered its final order disposing of such action.
