PROCEEDINGS AND DEBATES OF THE 115th CONGRESS, SECOND SESSION

Vol. 164

WASHINGTON, THURSDAY, MAY 24, 2018

No. 86

House of Representatives

The House met at 9 a.m. and was called to order by the Speaker pro tempore (Mr. AMODEI).

DESIGNATION OF THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore laid before the House the following communication from the Speaker:

WASHINGTON, DC,
May 24, 2018.

I hereby appoint the Honorable MARK E. AMODEI to act as Speaker pro tempore on this day.

PAUL D. RYAN,
Speaker of the House of Representatives.

PRAYER

The Chaplain, the Reverend Patrick J. Conroy, offered the following prayer: Almighty God of the universe, we give You thanks for giving us another day.

We pray for the gift of wisdom to all with great responsibility in this House for the leadership of our Nation.

As the Members prepare to disperse to their various districts and our Nation enters a week which ends with Memorial Day, may we all retreat from the busyness of life to remember our citizen ancestors who served our Nation in the armed services.

Grant that their sacrifice of self, and for so many, of life, would inspire all of America's citizens to step forward, in whatever their path of life, to make a positive contribution to the strength of our democracy.

Bless us this day and every day, and may all that is done within these hallowed Halls be for Your greater honor and glory.

Amen.

THE JOURNAL

The SPEAKER pro tempore. The Chair has examined the Journal of the

last day's proceedings and announces to the House his approval thereof.

Pursuant to clause 1, rule I, the Journal stands approved.

PLEDGE OF ALLEGIANCE

The SPEAKER pro tempore. Will the gentlewoman from Florida (Mrs. MURPHY) come forward and lead the House in the Pledge of Allegiance.

Mrs. MURPHY of Florida led the Pledge of Allegiance as follows:

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore. The Chair will entertain up to five requests for 1-minute speeches on each side of the aisle.

CONGRATULATING KAREN MCGINNIS

(Mr. NEWHOUSE asked and was given permission to address the House for 1 minute.)

Mr. NEWHOUSE. Mr. Speaker, I rise to recognize and congratulate Karen McGinnis on her retirement.

For the past 20 years, Karen has served as the director for what is known as the Hazardous Materials Management and Emergency Response Federal Training Center, or HAMMER, which is in my district at the Hanford Site in Richland.

I have personally visited and can truly say HAMMER is a one-of-a-kind facility. I have witnessed the hands-on training they provide to Federal employees, like Hanford workers and emergency responders who are deployed throughout our Nation. The services they provide to the Tri-Cities community and the country are essential.

Karen has worked to strengthen HAMMER's partnerships with Federal and State agencies, Tribes, safety professionals, and community leaders. She focuses on worker health and preparedness, and she has a passion for employee safety. Her leadership has made HAMMER one of the premier training centers in the world. As director, Karen has facilitated the training that makes it possible for the Federal Government to fulfill its obligation to clean up the Hanford Site.

I thank Karen for her dedication to HAMMER, and I wish her the best in her retirement.

AMERICA'S FAITH IN CONGRESS

(Mrs. MURPHY of Florida asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Mrs. MURPHY of Florida. Mr. Speaker, the American people have little faith in Congress. They don't trust Members to work together in a bipartisan way, to put public interest above self-interest, and to do their most basic job, which is to set a budget and be fiscally responsible.

Our Nation is strongest when our democratic institutions generate confidence, not cynicism, and when our leaders inspire pride, not pessimism. That is why Congressman FITZPATRICK and I introduced the FAITH in Congress Act.

It requires House leaders to prioritize bipartisan bills over partisan ones, because we must put country over party.

It abolishes automatic pay increases for Members of Congress, and it prohibits first-class travel at taxpayer expense, because it is time we end these perks.

It enacts a simple principle called no budget, no pay, which says that if Congress doesn't pass a budget and appropriations bills on time, Members don't get paid, because the best way to stop incompetence is to stop rewarding it.

Finally, it imposes a lifetime ban on former Members becoming lobbyists, because there should be no doubt that Members come to Congress to serve the public, not to line their own pockets.

It is up to Congress to take the tough but necessary steps to earn the public's trust. The American people's faith in Congress has been damaged, and it is our job to repair it.

HONORING THE LIFE OF ERNIE SIMONS

(Mr. JODY B. HICE of Georgia asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. JODY B. HICE of Georgia. Mr. Speaker, I rise today to honor the life of Mr. Ernie Simons, a longtime Georgia resident, a brave hero of the Vietnam war, and a dedicated public servant who has worked tirelessly on behalf of the men and women who have served in our Armed Forces.

Having first served as a marine in Vietnam, Mr. Simons continued to serve as an employee of the Georgia Department of Veterans Service. During his 30 years there, he worked in a number of capacities, including as the director of the Georgia Veterans Memorial Cemetery and director of the Health and Memorials division of the Georgia Department of Veterans Service.

In April, the community renamed Veterans Drive, a road adjacent to the veterans home where Mr. Simons dedicated so many years, as Ernie Simons Veterans Way. There is perhaps no better tribute for a man who has given countless hours and his undivided attention to our local heroes than to have this road named in his honor.

Mr. Speaker, I ask my colleagues to please stand with me to honor the life and legacy of this Georgia hero, greatly deserving the respect of all Americans.

75TH ANNIVERSARY OF WOMEN AIRFORCE SERVICE PILOTS

(Mr. ARRINGTON asked and was given permission to address the House for 1 minute.)

Mr. ARRINGTON. Mr. Speaker, I rise today to recognize a very special group who will celebrate their 75th anniversary this Saturday in Sweetwater, Texas: the Women Airforce Service Pilots.

When the forces of fascism and totalitarianism were upending the entire global order, it took every ounce of our Nation's measure and every man and woman to win World War II.

Following the attack on Pearl Harbor, 28 female pilots volunteered to form America's first female squadron. From 1942 to 1944, over 1,000 women trained to fly "the Army way" at Avenger Airfield in west Texas.

As the first women to fly American military aircraft, they logged more than 60 million flight hours, flying

every plane in the military's arsenal. They ferried equipment, towed gunnery targets, and flight-tested aircraft, serving at over 120 bases across America so we could win the war abroad.

These brave ladies were vital to the war effort and, ultimately, to our victory. Seventy-five years later, their legacy continues to inspire us all.

God bless these female freedom fighters who served with less recognition than their male counterparts at the time, but with no less honor and distinction.

God bless America, and go west Texas.

DEMOCRACY REFORM

(Mr. CICILLINE asked and was given permission to address the House for 1 minute.)

Mr. CICILLINE. Mr. Speaker, President Trump promised to drain the swamp. In reality, he has made corruption much worse here in Washington.

Yesterday, we learned that a foreign government paid the President's personal attorney \$400,000 for a meeting with President Trump; the Secretary of the Treasury requested a government plane for his honeymoon; the VA Secretary took a \$125,000 taxpayer-funded trip to Europe with his spouse; and the Republicans who control Congress have done nothing about it. They are putting politics ahead of our country by turning a blind eye to this administration's corruption, and they are focusing on getting things done for their wealthy donors instead of their constituents.

The culture of corruption must end. That is why, early this week, Democrats introduced A Better Deal for our democracy: a bold, comprehensive proposal to bolster our Nation's ethics laws, overhaul our campaign finance system, and create more transparency and accountability so government works for all of the American people.

That is the Better Deal the American people deserve; that is the Better Deal Democrats will deliver; and that is why Democrats are fighting for it.

RECOGNIZING OFFICER MARK DALLAS

(Mr. KINZINGER asked and was given permission to address the House for 1 minute.)

Mr. KINZINGER. Mr. Speaker, I rise today to recognize my constituent, Dixon Police Officer Mark Dallas, for his heroic actions during the shooting incident at Dixon High School last week.

On the morning of Wednesday, May 16, a student opened fire inside Dixon High School. Without hesitation, Officer Dallas chased down the student and returned fire. He disarmed the shooter and took him into custody.

The swift, decisive actions by Officer Dallas demonstrate the difference between a job and one's calling. His fearless sacrifices are core to who Mark is and who God called him to be.

As more details emerge surrounding the shooting incident, one thing is certain: Officer Dallas is an American hero. He stepped into harm's way to prevent a terrible tragedy and saved countless lives. He heroically protected the students, including his own son Josh, the faculty and staff, and the entire Dixon community.

Mr. Speaker, it is the men and women of our law enforcement, like Officer Dallas, who embody the very best of who we are as a nation. The courageous service of America's finest is truly the thin blue line between order and chaos.

On behalf of the 16th District of Illinois, I thank Officer Mark Dallas for his bravery and heroism, for his steadfast commitment to protection and serving, for being a role model to so many, and for making us all Dixon strong.

STOP HIDING THE TRUTH

(Mr. JEFFRIES asked and was given permission to address the House for 1 minute.)

Mr. JEFFRIES. Mr. Speaker, while Democrats continue to focus on better jobs, better wages, and a better future for hardworking Americans, Republican indifference to the chaos, crisis, and corruption in this town, for example, at the EPA, is at an all-time high.

Why in the world, in the context of the fact that we have 17 different intelligence agencies who concluded that Russia interfered with the election and an ongoing investigation into whether the Trump campaign was involved in selling out our democracy, do some folks continue to try to undermine this investigation?

The ongoing criminal inquiry is a legitimate undertaking. It is not a witch hunt. In fact, everyone leading that investigation is a Republican: Bob Mueller, Republican; Rod Rosenstein, Republican; James Comey, Republican; Christopher Wray, Republican.

What exactly are you all complaining about? It is time for the cover-up caucus in this institution to stop hiding the truth from the American people.

NATIONAL POPPY DAY

(Mr. BOST asked and was given permission to address the House for 1 minute.)

Mr. BOST. Mr. Speaker, on May 25, we celebrate National Poppy Day.

After World War I, the poppy flourished in Europe. Scientists said the growth was because the soil in France and Belgium became enriched with lime from the rubble left by the war. From the dirt and mud grew beautiful red poppies.

The red poppy came to symbolize the blood shared during battle following the publication of a wartime poem, "In Flanders Fields," by Lieutenant Colonel John McCrae while serving on the front lines.

The poppy honors those who served and died for our country in all wars and

reminds the American people of the sacrifices made by our veterans while protecting our freedom.

To those who gave the ultimate sacrifice, we say thank you.

AMENDMENT NO. 98 OFFERED BY MR.
ROHRBACHER OF CALIFORNIA

At the end of subtitle B of title XII, add the following:

SEC. 12 . SENSE OF CONGRESS RELATING TO DR. SHAKIL AFRIDI.

(a) FINDINGS.—Congress finds the following:

(1) The attacks of September 11, 2001, killed approximately 3,000 people, most of whom were Americans, but also included hundreds of individuals with foreign citizenships, nearly 350 New York Fire Department personnel, and about 50 law enforcement officers.

(2) Downed United Airlines flight 93 was reportedly intended, under the control of the al-Qaeda high-jackers, to crash into the White House or the Capitol in an attempt to kill the President of the United States or Members of the United States Congress.

(3) The September 11, 2001, attacks were largely planned and carried out by the al-Qaeda terrorist network led by Osama bin

Laden and his deputy Ayman al Zawahiri, after which Osama bin Laden enjoyed safe haven in Pakistan from where he continued to plot deadly attacks against the United States and the world.

(4) Since 2001, the United States has provided more than \$30 billion in security and economic aid to Pakistan.

(5) The United States very generously and swiftly responded to the 2005 Kashmir Earthquake in Pakistan with more than \$200 million in emergency aid and the support of several United States military aircraft, approximately 1,000 United States military personnel, including medical specialists, thousands of tents, blankets, water containers and a variety of other emergency equipment.

(6) The United States again generously and swiftly contributed approximately \$150 million in emergency aid to Pakistan following the 2010 Pakistan flood, in addition to the service of nearly twenty United States military helicopters, their flight crews, and other resources to assist the Pakistan Army's relief efforts.

(7) The United States continues to work tirelessly to support Pakistan's economic development, including millions of dollars allocated towards the development of Pakistan's energy infrastructure, health services and education system.

(8) The United States and Pakistan continue to have many critical shared interests, both economic and security related, which could be the foundation for a positive and mutually beneficial partnership.

(9) Dr. Shakil Afridi, a Pakistani physician, is a hero to whom the people of the United States, Pakistan and the world owe a debt of gratitude for his help in finally locating Osama bin Laden before more innocent American, Pakistani and other lives were lost to this terrorist leader.

(10) Pakistan, the United States and the international community had failed for nearly 10 years following attacks of September 11, 2001, to locate and bring Osama bin Laden, who continued to kill innocent civilians in the Middle East, Asia, Europe, Africa and the United States, to justice without the help of Dr. Afridi.

(11) The Government of Pakistan's imprisonment of Dr. Afridi presents a serious and growing impediment to the United States' bilateral relations with Pakistan.

(12) The Government of Pakistan has leveled and allowed baseless charges against Dr. Afridi in a politically motivated, spurious legal process.

(13) Dr. Afridi is currently imprisoned by the Government of Pakistan, a deplorable and unconscionable situation which calls into question Pakistan's actual commitment to countering terrorism and undermines the notion that Pakistan is a true ally in the struggle against terrorism.

(b) SENSE OF CONGRESS.—It is the sense of Congress that Dr. Shakil Afridi is an international hero and that the Government of Pakistan should release him immediately from prison.

AMENDMENT NO. 100 OFFERED BY MR. LIPINSKI OF ILLINOIS

Page 201, after line 11, insert the following new section:

SEC. 626. EXTENSION OF CERTAIN MORALE, WELFARE, AND RECREATION PRIVILEGES TO CERTAIN VETERANS AND THEIR CAREGIVERS.

(a) SHORT TITLE.—This Act may be cited as the “Purple Heart and Disabled Veterans Equal Access Act of 2018”.

(b) FINDINGS.—Congress finds the following:

(1) In 2017, the Secretary of Defense determined that the addition of new patron categories to the commissary and exchange systems would support the growth of a robust customer base and help ensure the ability of both systems to provide benefits to members of the Armed Forces and their families.

(2) The Secretary previously opposed extending commissary and exchange privileges to large patron groups such as disabled veterans.

(3) In January 2017, the Secretary of Defense approved limited online exchange shopping privileges for all veterans, effective November 11, 2017.

(4) The Secretary determined that current patrons of exchanges did not perceive the extension of such privileges as diluting the benefit for members of the Armed Forces.

(5) The Purple Heart is the oldest military decoration, awarded to members of the Armed Forces who have been wounded or died in combat, fighting for the United States. Since the modern incarnation of the award was established in 1932, approximately 1,800,000 members of the Armed Forces have been awarded the Purple Heart.

(c) COMMISSARY STORES AND MWR FACILITIES PRIVILEGES FOR CERTAIN VETERANS AND VETERAN CAREGIVERS.—

(1) EXTENSION OF PRIVILEGES.—Chapter 54 of title 10, United States Code, is amended by adding at the end the following new section:

“(e) ELIGIBILITY OF CAREGIVERS FOR VETERANS.—A caregiver or family caregiver shall be permitted to use commissary stores and MWR facilities on the same basis as a member of the armed forces entitled to retired or retainer pay.

“(f) USER FEE AUTHORITY.—(1) The Secretary of Defense shall prescribe regulations that impose a user fee on individuals who are eligible solely under this section to purchase merchandise at a commissary store or MWR retail facility.

“(2) The Secretary shall set the user fee under this subsection at a rate that the Secretary determines will offset any increase in expenses arising from this section borne by

the Department of the Treasury on behalf of commissary stores associated with the use of credit or debit cards for customer purchases, including expenses related to card network use and related transaction processing fees.

“(3) The Secretary shall deposit funds collected pursuant to a user fee under this subsection in the General Fund of the Treasury.

“(4) Any fee under this subsection is in addition to the uniform surcharge under section 2484(d) of this title.

“(g) DEFINITIONS.—In this section:

“(1) The term ‘MWR facilities’ includes—

“(A) MWR retail facilities, as that term is defined in section 1063(e) of this title; and

“(B) military lodging operated by the Department of Defense for the morale, welfare, and recreation of members of the armed forces.

“(2) The term ‘Medal of Honor recipient’ has the meaning given that term in section 1074h(c) of this title.

“(3) The terms ‘veteran’, ‘former prisoner of war’, and ‘service-connected’ have the meanings given those terms in section 101 of title 38.

“(4) The terms ‘caregiver’ and ‘family caregiver’ have the meanings given those terms in section 1720G(d) of title 38.”

(2) CLERICAL AMENDMENT.—The table of sections at the beginning of chapter 54 of title 10, United States Code, is amended by adding at the end the following new item:

“1065. Use of commissary stores and MWR facilities: certain veterans and caregivers for veterans.”

(3) EFFECTIVE DATE.—Section 1065 of title 10, United States Code, as added by paragraph (1), shall take effect at the end of the 90-day period beginning on the date of the enactment of this Act.

(d) AUTHORIZATION OF APPROPRIATION FOR UPDATING EPACS FOR MILITARY COMMISSARIES.—There is hereby authorized to be appropriated, out of any funds in the Treasury not otherwise appropriated, \$500,000 to the Secretary of Defense for the purpose of updating the electronic physical access control system used by military commissaries and exchanges so that the system may recognize and accept veteran health identification cards.

(e) SENSE OF CONGRESS REGARDING INDIVIDUALS AWARDED THE PURPLE HEART.—It is the sense of Congress that the Secretary of Defense, in coordination with the Secretary of Veterans Affairs, should maintain a list of all individuals awarded the Purple Heart.

AMENDMENT NO. 101 OFFERED BY MR. LIPINSKI OF ILLINOIS

At the end of title I, add the following new section:

SEC. 1. ARMORED COMMERCIAL PASSENGER-CARRYING VEHICLES.

(a) IMPLEMENTATION OF GAO RECOMMENDATIONS.—In accordance with the recommendations of the Government Accountability Office in the report titled “Armored Commercial Vehicles: DOD Has Procurement Guidance, but Army Could Take Actions to Enhance Inspections and Oversight” (GAO-17-513), not later than 180 days after the date of the enactment of this Act, the Secretary of Army shall—

(1) ensure that in-progress inspections are conducted at the armoring vendor's facility for each procurement of an armored commercial passenger-carrying vehicle until the date on which the Secretary of Defense approves and implements an updated armoring and inspection standard for such vehicles; and

(2) designate a central point of contact for collecting and reporting information on armored commercial passenger-carrying vehicles (such as information on contracts execution and vehicle inspections).

(b) BRIEFING REQUIRED.—Not later than 180 days after the date of the enactment of this Act, the Secretary of Defense shall provide to the congressional defense committees a briefing on the progress of the Secretary in implementing Department of Defense Instruction O-2000.16 Volume 1, dated November 2016, with respect to armored commercial passenger-carrying vehicles, including—

(1) whether criteria for the procurement of such vehicles have been established and distributed to the relevant components of the Department; and

(2) whether a process is in place for ensuring that the relevant components of the Department incorporate those criteria into contracts for such vehicles.

AMENDMENT NO. 102 OFFERED BY MS. ESHOO OF CALIFORNIA

Page 877, insert after line 9 the following new section (and redesignate the succeeding sections accordingly):

SEC. 2822. SENSE OF CONGRESS REGARDING LAND CONVEYANCE, MOUNTAIN VIEW, CALIFORNIA.

(a) FINDINGS.—Congress finds as follows:

(1) The Secretary of the Army is proposing to convey 17.1 acres of real property in Mountain View, California, known as Shenandoah Square and the existing 126 housing units on such property in order to raise capital to improve other military housing owned by private entities, despite significant military demand for affordable housing in the San Francisco Bay Area from personnel spanning across the Air Force, Army, Marine Corps, Navy, and Coast Guard.

(2) Under the proposed conveyance, the existing 126 housing units at Shenandoah Square would be demolished to allow for the construction of high-density residential housing.

(3) Shenandoah Square is one of only 3 military housing complexes in the San Francisco Bay Area and is home to many California National Guard personnel serving in the 129th Rescue Wing at Moffett Federal Air Field and civilians who perform mission critical work for the 129th Rescue Wing.

(4) The San Francisco Bay Area is confronting one of the most severe affordable housing crises in the United States, which has led to a recruitment and retention crisis for the 129th Rescue Wing.

(5) The residents of these units have expressed concern about their displacement from Shenandoah Square, as this property is located in one of the most expensive housing markets in the country, Silicon Valley, and there is great uncertainty about the affordability of new potential housing on the site.

(b) SENSE OF CONGRESS.—It is the sense of Congress that the Secretary of the Army should explore all possible alternatives to a conveyance of Shenandoah Square, including subleasing the property to an entity that can better develop affordable housing on the property.

AMENDMENT NO. 103 OFFERED BY MS. SOTO OF FLORIDA

At the end of subtitle B of title II, add the following new section:

SEC. 2 . PERMANENT EXTENSION AND CODIFICATION OF AUTHORITY TO CONDUCT TECHNOLOGY PROTECTION FEATURES ACTIVITIES DURING RESEARCH AND DEVELOPMENT OF DEFENSE SYSTEMS.

(a) IN GENERAL.—Chapter 139 of title 10, United States Code, is amended by inserting before section 2358 the following new section: “**§2357. Technology protection features activities.**

“(a) ACTIVITIES.—The Secretary of Defense may carry out activities to develop and incorporate technology protection features in a designated system during the research and development phase of such system.

“(b) COST-SHARING.—Any contract for the design or development of a system resulting from activities under subsection (a) for the purpose of enhancing or enabling the exportability of the system, either for the development of program protection strategies for the system or the design and incorporation of exportability features into the system, shall include a cost-sharing provision that requires the contractor to bear half of the cost of such activities, or such other portion of such cost as the Secretary considers appropriate upon showing of good cause.

“(c) DEFINITIONS.—In this section:

“(1) The term ‘designated system’ means any system (including a major system, as defined in section 2302(5) of title 10, United States Code) that the Under Secretary of Defense for Acquisition and Sustainment designates for purposes of this section.

(4) enhance NATO capabilities to detect and deter Russian information operations.

The Acting CHAIR. Pursuant to House Resolution 908, the gentleman from Texas (Mr. THORNBERRY) and the gentleman from Washington (Mr. SMITH) each will control 10 minutes.

The Chair recognizes the gentleman from Texas.

Mr. THORNBERRY. Mr. Chairman, I yield 1 minute to the gentleman from California (Mr. ROHRABACHER).

Mr. ROHRABACHER. Mr. Chair, I rise in support of this legislation and especially this part of the bill, which includes a provision that declares Dr. Afridi an international hero.

For those who don't remember Dr. Afridi, who now languishes in a Pakistani prison, this was the brave soul who helped us identify Osama bin Laden, the mastermind of the slaughter of 3,000 Americans on 9/11.

Pakistan arrested him on trumped up charges, and he now lingers in a dungeon, ignored by us, ignored by the world.

This is an international hero. This is a man with courage.

It is a disgrace that our country still has relations, when Pakistan rubs this in our face. I would hope that this Congress—and, Mr. Chair, I thank the gentleman for putting this in the bill that we are declaring to the world Dr. Afridi must be freed, and he is a hero, an international hero to all of humankind.

Mr. SMITH of Washington. Mr. Chairman, I yield 1 minute to the gentleman from Texas (Mr. CUELLAR).

Mr. CUELLAR. Mr. Chairman, I thank Chairman THORNBERRY and Ranking Member Mr. SMITH, and I rise in support of this legislation, and in particular, in support of amendment No. 202 offered by myself and Mr. CASTRO and Mr. DOGGETT.

This amendment requires the Air Force to conduct a core sampling study at Lackland Air Force Base to determine potential hazardous substances along the route of a wastewater pipeline replacement project.

Project negotiations are being held up because the proposed route transects two very old landfills whose contents are unknown. Soil sampling to identify potential contaminants along the construction site will allow this project to move forward.

Replacing this crumbling pipeline is critical to avoid continual wastewater spills, which impact the environmental health and well-being of both the military base and the residents of San Antonio.

I urge all of my colleagues to support this amendment, the legislation, this en bloc amendment to bring wastewater services to over 500,000 residents in San Antonio, a rapidly growing southwest community.

Mr. THORNBERRY. Mr. Chairman, I reserve the balance of my time.

Mr. SMITH of Washington. Mr. Chairman, I yield 1 minute to the gentleman from California (Mr. CORREA).

Mr. CORREA. Mr. Chairman, I rise in support of my amendment 96 that is included in the en bloc amendment.

My amendment requires the Secretary of Defense to study how the Department of Defense can attract and recruit students from higher education institutions with backgrounds in science, technology, engineering, mathematics, artificial intelligence, machine learning, and cybersecurity.

To make sure we draw from the best and brightest of our country, this study would consist of students from all higher education institutions, including but not limited to Hispanic serving institutions, Historically Black Colleges and Universities, and Asian American and Native American Pacific Islander serving institutions.

World war III is currently taking place in cyberspace, and that is why it is important that we find our young men and women, the best and brightest we have, to fight this battle.

Additionally, with China racing to dominate the artificial intelligence space, we must find suitable individuals to keep up with China's artificial intelligence advancements and massive investments in this area.

My amendment would ensure that our Nation has the information it needs to recruit our brightest and best.

Mr. SMITH of Washington. Mr. Chair, I would inquire of the gentleman if he has any more speakers.

Mr. THORNBERRY. Mr. Chair, I don't have any more speakers.

Mr. SMITH of Washington. Mr. Chair, I yield 1 minute to the gentleman from Illinois (Mr. LIPINSKI).

Mr. LIPINSKI. Mr. Chair, I rise in support of my amendment to ensure that Purple Heart and Medal of Honor recipients, veterans with service-connected disabilities, and former prisoners of war have access to military exchanges, commissaries, and morale, welfare, and recreation facilities.

We should all agree that these heroes of our Armed Forces have done more than enough to earn this access. It is our duty as a Nation to not only say that we appreciate their service, but also to enact policies such as this demonstrating this gratitude.

A 2017 Defense Department report shows expanding access will not only make life easier for these veterans, but will also strengthen the commissary and exchange system.

This amendment has been endorsed by the VFW, American Legion, Military Order of the Purple Heart, Wounded Warrior Project, Disabled American Veterans, and AMVETS.

Mr. Chair, I thank Congressman WALTER JONES for joining me on the bill and on this amendment. I thank the chair and ranking member for including my amendment in this bloc and for their work on this bill, and I urge

my colleagues to support these amendments.

Mr. SMITH of Washington. Mr. Chairman, I yield 5 minutes to the gentlewoman from Texas (Ms. JACKSON LEE).

Ms. JACKSON LEE. Mr. Chair, I thank the ranking member and the chairman of the Rules Committee for listening to both my concerns and the amendments that we have offered. We are very pleased to have at least 10 amendments to deal with this important legislation.

Mr. Chair, I rise to thank the chair and the ranking member of the Armed Services Committee for the en bloc amendments.

I would like to draw particular attention to a few Jackson Lee amendments as the Congress prepares to adjourn for Memorial Day. I want to thank the men and women who serve in the United States military.

The Jackson Lee amendment offered in this year's NDAA will provide oversight with information or guidance on efforts at K-12 schools on Federal military facilities to maintain safety and security from active shooters. Just coming from my district and in the neighboring area, the Santa Fe tragedy, of which I attended vigils over the weekend and listening to children talk about being fearful of guns and going to school, has been a very difficult set of circumstances.

So the Jackson Lee amendment would, in fact, seek an assessment from the Secretary of Defense of the strategies that may be used to reduce the security threats posed by active shooter incidences at public schools and secondary schools.

Today, the DOD operates 60 schools in seven States, 26,000 military connected students, and that is a process where I think the Pentagon and the Defense Department can be very, very helpful.

Jackson Lee amendment No. 91 seeks to have a report 180 days following enactment from the Secretary of Defense, which will include the Coast Guard, on maternity mortality rates among members of the Armed Forces and the Department.

For every 100,000 births in the United States in 2013, the Centers for Disease Control estimated that 17.3 percent of mothers died, the highest mortality rate of all industrialized countries by several times over.

I believe we can be very effective in having solutions.

My amendment No. 68 considers the vital role in the National Guard and reservist field when called to service. I work with the National Guard. Mr. Chair, I thank the Texas Guard and the National Guard. I have seen them in Iraq and Afghanistan, and I believe it is an important assessment to continue to remind us of the work that they do, civilian soldiers, of course.

Jackson Lee amendment No. 89 provides a report 220 days after enactment on the DOD's capacity to provide survivors of natural disasters—we are still

experiencing the suffering of Hurricane Harvey, and I believe this is a major important time.

It is important as well to deal with cybersecurity, and so I have an amendment that seeks an assessment that would consider what occurred in 1992 following Hurricane Andrew when the DOD stood up emergency housing, and to look at those options.

The same thing with dealing with cybersecurity: I believe that it is important for the DOD to deal with the feasibility of creating an apprentice program to address the agency's shortages of qualified cybersecurity persons.

Let me just simply say that this legislation will be helpful in defining how we answer a lot of hard questions.

I do want to take note of the fact that I would like to see in the State Department and the DOD that we work on better relationships with Pakistan and try to discern how we can weave through some of the difficult issues that we are addressing and develop that alliance again.

My other amendments deal with raising awareness among students traveling abroad; expanding the report required by the bill to include information on the opportunities dealing with artificial intelligence, dealing with cybersecurity, sharing of Navy desalination technology for civilian applications.

Something that I have been working on for a number of years: I just was in a meeting dealing with the impact of Boko Haram and as well its far-reaching impact throughout Africa, north Africa, and the death that it has been engaged in. My amendment will be providing for DOD assistance to the Nigerian Government in developing a missing persons database to report on missing, exploited, and trafficked persons. The DOD has provided the kind of assistance that has been allowed by our laws, but it is a horrific circumstance.

Then finally, I have an amendment addressing dangers associated with man-made space debris in low Earth orbit to manned and unmanned missions.

Mr. Chair, I ask my colleagues to support our amendments. I thank those who have managed this legislation.

I think the important point I want to make sure is the active shooter; the mortality rates dealing with mothers, maternal mortality rates and the loss of mothers and the loss of children in the instance of child birth. I would ask that my amendments be accepted.

Mr. Chair, I rise to thank the Chair and Ranking Member of the Rules Committee for the inclusion of Jackson Lee Amendments in the Rules for H.R. 5515, the National Defense Authorization Act for FY 2019.

I also thank the Chair and Ranking Member of the Armed Services Committee, and their staffs for working with me and my staff to include Jackson Lee Amendments in the Amendment En Blocs for H.R. 5515, the National Defense Authorization Act for FY 2019.

As a Member of the House Budget Committee, I am keenly aware of the budget pres-

ures caused by Sequestration and repeated government shutdowns that have plagued defense and non-defense agencies.

It is past time for the Congress to engage in an authentic bipartisan budget process that puts the national interest over party interest so that we can complete the annual appropriations process by September 30, 2018, and prevent any further government shutdowns.

I have several amendments to H.R. 5515, the National Defense Authorization Act for FY 2019, which will be addressed in my submitted statement.

I would like to draw particular attention to a few Jackson Lee Amendments because of their importance to the people whom I serve in the 18th Congressional District of Texas, or they are of significance to the people who rely upon the resources provided by the National Defense Authorization Act to defend our nation.

As the Congress prepares to adjourn for Memorial Day weekend, I want to thank the men and women of the Armed Services, and the dedicated civilian professionals of the Department of Defense and its branches for their sacrifice and service to our nation.

I hope that in some small measure the passage of this bill will convey to them the heartfelt respect and appreciation this body has for what they do each day to keep our nation and its people safe from harm.

The Jackson Lee Amendments offered to this year's NDAA will provide oversight with information or guidance on:

1. Efforts at K–12 schools on federal military facilities to maintain safety and security from active shooter situations;
2. Reporting on maternity mortality rates among service women, and female dependents of all service members, including the Coast Guard;
3. Raising awareness among students traveling abroad about recruitment tactics used by foreign intelligence agencies seeking to snare them into spying against the United States;
4. Readiness of the National Guard and Reserve for disaster response;
5. Defense Department's capacity to provide emergency short-term housing to disaster survivors;
6. Development of a cybersecurity apprentice program to provide on the job training for certain cybersecurity positions and to support the acquisition of cybersecurity certifications;
7. Expanding a report required by the bill to include information on the opportunities and risks associated with advancements Artificial Intelligence and its sub-discipline of machine learning;
8. Reports on cybersecurity threats posed by the achievement of stable quantum computing;
9. Sharing of Navy desalination technology for civilian applications;
10. Condemning Boko Haram; and providing for DoD assistance to the Nigerian government in developing a missing persons database to report on missing, exploited and trafficked persons; and
11. Addressing dangers associated with man-made space debris in low earth orbit to manned and unmanned missions.

The Jackson Lee Amendments that I would like to emphasize include:

Jackson Lee Amendment No. 159, which seeks an assessment, from the Secretary of Defense, of the strategies that may be used to

reduce the security threats posed by active shooter incidents at public elementary schools and secondary schools located on the grounds of Federal military installations.

Our nation's military provides for the needs of military families including the education of their children.

Since 1816, a Military Service, the Department of War or the Department of Defense has operated schools on military installations.

Today, the DoD operates 60 schools in 7 states: Alabama, Georgia, Kentucky, North Carolina, New York, South Carolina and Virginia.

There are 26,000 military connected students attending Domestic Dependent Elementary and Secondary Schools, which are operated by Department of Defense Education Activity, which is located in the Office of the Secretary of Defense.

Local Education Agencies operate about 150 public schools on military installations throughout the United States, educating about 80,000 students.

As you already know, on Friday, May 18, 2018, the community of Santa Fe, Texas became the most recent school to experience an active shooter gun violence, which took the lives of eight students and two teachers.

No parent should have to endure the loss of a child.

Over the last year we have seen deadly active shooter attacks carried out by a lone gunman at K–12 schools, where the shooter was often a student.

The safety and wellbeing of children of our active duty personnel are our responsibility.

This Jackson Lee amendment seeks information on what is being done and what can be done to increase school security against activity shooters situations in K–12 schools on military installations.

Jackson Lee Amendment No. 91, which seeks a report 180 days following enactment from the Secretary of DoD, which will include the Coast Guard, on maternity mortality rates among members of the Armed Forces and the dependents of such members.

For every 100,000 births in the US in 2013 the Centers for Disease Control estimated that 17.3 mothers died, the highest maternal mortality rate of all industrialized countries—by several times over.

Between 1990 and 2015 it is reported that maternal mortality rates around the world fell by 30 percent while at the same time in the US, the ratio went up nearly 60 percent.

A 2012, Pentagon report states that mothers delivering at military hospitals are more likely to hemorrhage after childbirth than mothers at civilian hospitals.

More than 50,000 babies are born at military hospitals each year, and they are twice as likely to be injured during delivery as newborns nationwide.

This Jackson Lee Amendment would provide a clearer understanding of the mortality rates of mothers: who were pregnant, undergoing delivery, or had delivered a child less than 1 year before their deaths.

Jackson Lee amendments No. 68 and No. 89 provide additional attention to DoD disaster response.

Jackson Lee Amendment No. 68, considers the vital role the National Guard and Reservist's fill when called to service in disaster response.

I thank the Texas Guard, National Guard, and Reservists as well as the active duty military personnel, including the Coast Guard who

came to the aid of victims of Hurricane Harvey.

You saved thousands of lives and Texans will be forever grateful that you answered the call to serve our nation as members of the armed forces.

Hurricane Harvey's impact in Texas is still being felt nine months later.

The storm's footprint covered over 9,000 square miles, including the city of Houston, Texas.

Hurricane Harvey dropped over 52 inches of rain in the Houston area and over 60 inches were recorded elsewhere in the state.

At its peak on September 1, 2017, one-third of Houston, our nation's fourth largest city, was underwater leaving 34,575 evacuees in shelters across Texas.

Before the flood waters had receded in Houston two other monster hurricanes were bearing down on citizens living in the U.S. Virgin Islands and Puerto Rico.

The scope and magnitude of these dueling disasters tested the National Guard and Reservists in ways that were new.

Jackson Lee Amendment No. 68 requires a readiness report on the National Guard and Reservists to make sure they have what they need to assist communities in need of disaster assistance during the 2018 Hurricane Season which begins June 1st.

Many Texans are still recovering from Hurricane Harvey, and the same is true of Puerto Rico residents who are attempting to recover from Hurricane Maria.

Jackson Lee Amendment No. 68 improves the bill's ability to support the important mission of the National Guard and Reservists to engage in disaster response.

Jackson Lee Amendment No. 89 provides a report 220 days after enactment on the DoD's capacity to provide survivors of natural disasters with emergency short term housing.

Hurricane Harvey is the largest housing disaster to strike the U.S. in our nation's history.

During Hurricane Harvey over 300,000 structures flooded in southeastern Texas, where extreme rainfall hit many areas that are densely-populated.

At its peak on September 1, 2017, one-third of Houston, our nation's fourth largest city, was underwater with 34,575 evacuees in shelters across Texas.

The storm and resulting flooding damaged 203,000 homes, of which 12,700 were destroyed.

Port Arthur residents were living in tents, after 80 percent of the city's housing was flooded by Hurricane Harvey rains, which led to acute housing needs.

The city of Beaumont lost its fresh water supply leading to the closure of hospitals and evacuation of patients to hospitals in other cities.

There were significant delays in the provision of enough hotels for all of those impacted by the storm.

However, within weeks hotel rooms were sufficient to address most housing needs for those displaced by the storm.

Unfortunately, the number of hotel rooms in Jefferson County Texas was insufficient for the demand for housing, which left residents living in tents until housing options could be found.

This Jackson Lee amendment seeks an assessment that would consider, what occurred in 1992 following Hurricane Andrew, when the

DoD stood up emergency housing in the State of Florida for thousands of Floridians who lost their homes to that storm.

Earlier this year, the House passed H.R. 3202, the Cyber Vulnerabilities Disclosure Act, which I introduced to address the need for effective and aggressive action to deal with the threat of Zero Day Events.

A Zero Day Event describes the situation that network security professionals may find themselves when a previously unknown error or flaw in computing code is exploited by a cybercriminal or terrorist.

The term "Zero Day Event" simply means that there is zero time to prepare a defense against a cyberattack.

H.R. 3202 requires the Secretary of Homeland Security to submit a report on the policies and procedures developed for coordinating cyber vulnerability disclosures.

I have previously introduced legislation to address the cybersecurity workforce shortage in the Federal government.

On that bill, H.R. 1981, Cyber Security Education and Federal Workforce Enhancement Act, establishes the process for looking outside of DHS and within its ranks to solve the shortage of cybersecurity professionals.

Jackson Lee Amendment No. 97 seeks an assessment from the DoD on the feasibility of creating an apprentice program to address the agency's shortages of qualified cybersecurity professionals for certain cybersecurity positions.

There is a growing shortage of cybersecurity professionals with over a quarter-million positions remaining unfilled in the U.S. alone and a predicted shortfall of 1.5 million cybersecurity professionals by 2019.

There are additional Jackson Lee Amendments included in this bill that provide reports to the authorizing committees on a range of security and safety issues related to technology and innovation, with an eye toward the future.

The world is on the verge of significant breakthroughs in computing, space exploration, medical advancements, and innovations in medicine, engineering, and know how.

At the same time we are seeing extreme weather events that are causing significant shifts in rainfall patterns in this country and around the world that require that we invest in water management and desalination technology to assure reliable access to abundant fresh water.

Artificial intelligence (AI), and quantum computing are rapidly changing areas of computing science that will have direct and significant implications for our economy, national defense, and our nation's security.

I have two Jackson Lee Amendments that have been adopted in En Bloc Amendments that will provide additional scope to an existing report on AI, and another report on the implications for the security of computing networks should quantum computing innovation establish more stable systems.

The current stage of computing innovation is akin to the Age of Flight at the time of the Wright Brothers.

We are in the infancy of the Computing Age, the best is yet to come, but we should be mindful of the rewards as well as the risks.

We will have aggressive programs to meet the challenge of achieving stable quantum computing because if we are not on the bleeding edge of this innovation curve, there could

be dire consequences for the security of defense, civilian, private sector, and academic computing networks, challenges to our leadership in computing advancements, and we run the risk of negative economic impacts.

At best we are the first to achieve these advancements in computing, and at worse we are in second place.

I thank the Committees for including Jackson Lee Amendments Nos. 126 and 193 in the Amendment En Blocs for H.R. 5515.

Jackson Lee Amendment No. 90 directs that the Secretary of DoD will provide a report 240 days from enactment of this bill on the risks posed by man-made space debris in low-earth orbit, including recommendations on remediation of such risks, and outlines of plans to reduce the incident of space debris.

Space debris encompasses both natural and artificial particles.

This Jackson Lee Amendment would address the risk of man-made space debris.

Man-made objects in Earth's orbit that may no longer serve a useful function can include nonfunctional spacecraft, abandoned launch vehicle stages, mission-related debris and fragmentation debris.

Space debris travels at speeds up to 17,500 miles per hour is fast enough a small piece of man-made debris to damage to a satellite or a spacecraft.

There are more than 20,000 pieces of debris larger than a softball or orbiting the Earth.

There are 500,000 pieces of debris the size of a marble or larger.

There are many millions of pieces of debris that are so small they can't be tracked.

NASA tracks more than 500,000 pieces of man-made space debris in Earth's orbit.

Jackson Lee Amendment seeks a report from the Secretary of Defense on the risks posed by man-made space debris, solutions for reducing risks and strategies for reducing the incidence of more man-made space debris being introduced into space.

Jackson Lee Amendment No. 61 on the Rule for H.R. 5515, directs the following Secretary of Navy to submit reports to Congress on the feasibility of applying desalination technologies to provide drought relief in areas impacted by sharp declines in water availability for both military as well as civilian purposes. (listed as No. 482 on the Rules Committee Roster)

In 2010, the United States consumed about 355,000 million gallons of water per day.

Worldwide, some 700 million people do not have access to enough clean water.

In 10 years the number is expected to more than double to 1.8 billion.

Two-thirds of the Earth's surface is water, but in fact less than 1 percent it is available for human use.

The rest of the water on our planet is either salt water found in oceans, fresh water frozen in the polar ice caps, or too inaccessible for practical usage.

While population and demand on freshwater resources are increasing, supply will always remain constant.

And although the water cycle continuously returns water to Earth, it is not always returned to the same place, or in the same quantity and quality.

This is why I offered this Jackson Lee Amendment No. 61.

It is time to plan for the future water needs of our country.

There are serious water shortages in some regions of the country and the prospects that sustained water shortages due to regional growth and climate factors may make it necessary to develop alternative sources for water intended for human and agricultural uses.

If we can harness the technology to convert ocean water into fresh water the future of cities and rural communities that depend on water can be much brighter.

Jackson Lee Amendment No. 88 on the Rule for H.R. 5515, Requires the Secretary of Defense to report to Congress programs and procedures employed to ensure students studying abroad through Department of Defense National Security Education Programs are trained to recognize, resist, and report against recruitment efforts by agents of foreign governments.

The number of U.S. students studying abroad for credit during the 2015–2016 academic year totaled 325,339 students.

This represents just over 1.6 percent of all U.S. students enrolled at institutions of higher education in the United States and about 10 percent of U.S. graduates.

Study abroad provides opportunities to students and helps nation's economies.

A recent survey found that almost 40 percent of companies surveyed missed international business opportunities because of a lack of internationally-co competent personnel.

However, the opportunities to study in another country come with some risks.

In 2014, the FBI released a 28-minute spy film called "Game of Pawns," which was based in part on the real life story of Glenn Shriver, who in 2004 was a 22-year-old studying in Shanghai.

The Michigan native found a seemingly innocent job online—writing papers on U.S.-China relations.

Over time, the job description changed.

Glenn Shriver accepted \$70,000 from Chinese operatives and agreed to apply for U.S. government jobs in order to gain access to classified information. By then, the FBI was on to him.

He was arrested in 2010 and pleaded guilty to one count of attempting to spy.

He was sentenced to serve a four-year prison sentence.

At the time FBI did not say how many students had been turned into spies but said they are increasingly being targeted.

Destinations for U.S. students studying abroad include: Africa; Asia; Europe; Latin America; Middle East; and Oceania.

When 95 percent of consumers live outside of the United States, we cannot afford to ignore this essential aspect of higher education.

Jackson Lee Amendment No. 88 will provide the tools and education needed to U.S. students studying abroad to help them protect themselves from attempts the recruitment tactics of foreign agents.

Thank you to the Committee for the inclusion of these Jackson Lee Amendments in the final bill.

Mr. SMITH of Washington. Mr. Chair, we have no further speakers.

I urge adoption of the amendments en bloc, and I yield back the balance of my time.

Mr. THORNBERRY. Mr. Chairman, I yield back the balance of my time.

The Acting CHAIR. The question is on the amendments en bloc offered by

the gentleman from Texas (Mr. THORNBERRY).

The en bloc amendments were agreed to.

The Acting CHAIR. Pursuant to House Resolution 908, the gentleman from Texas (Mr. THORNBERRY) and the gentleman from Washington (Mr. SMITH) each will control 10 minutes.

The Chair recognizes the gentleman from Texas.

Mr. THORNBERRY. Mr. Chairman, I yield myself such time as I may consume.

Mr. Chairman, I want to take a moment as we approach the conclusion of this debate to again express my appreciation to the members of the Armed Services Committee, to all of the Members of the House who have contributed to this product, as well as to our staff.

Mr. Chairman, I think many Members do not realize that it requires a lot of long, hard, late work on the part of the staff to sift through the 578 amendments that were filed for the Rules Committee in order to make our floor consideration go as smoothly as it has.

I want to express again, as I have started our general debate, my appreciation to not only our committee staff, who have been doing this throughout markup and on to floor consideration, but the Rules Committee staff and the leadership staff on both sides that have facilitated this product.

It was a good bill to begin with, but with the assistance of a number of Members, it has become a better product, and it is certainly a worthy cause for Members to participate in and to show our support for the men and women who serve.

Mr. Chairman, I reserve the balance of my time.

Mr. SMITH of Washington. Mr. Chairman, I yield myself such time as I may consume.

Mr. Chairman, I, too, want to thank all the people who worked to put together this product. As always, our committee, I think, was a fine example, both of how to legislate and how to do it in a bipartisan way, starting at the committee process, starting with the chairman's mark.

As the chairman has mentioned, just about everybody in this House has contributed to this product, either in committee or once we got to the Rules Committee with the amendments that they offered.

It took an extraordinary amount of work on behalf of the Members, but, most importantly, on behalf of staff to sift through all of those amendments, to reach agreements where they could, to set up reasonable debate where they couldn't, and they did an outstanding job.

This is the best staff I have ever worked with. They do an amazing job.

And we all have to remember the baseline reason why we are doing this. As the authorizing bill for the Department of Defense, this is the bill that sets the policy that helps the men and women who fight and serve to protect our country. So it is an incredibly important task.

I want to particularly thank the chairman. It has been a great working relationship this year, as always. I think we have an excellent product. I look forward to getting it passed today and going to conference with the Senate.

Mr. Chairman, I yield back the balance of my time.

Mr. THORNBERRY. Mr. Chairman, I yield 1 minute to the gentleman from

Wisconsin (Mr. RYAN), the distinguished Speaker of the House.

(Mr. RYAN of Wisconsin asked and was given permission to revise and extend his remarks.)

Mr. RYAN of Wisconsin. Mr. Chairman, this has been a very busy week in the House.

I just came to the floor from a ceremony where I signed three major pieces of legislation that are now headed to the President's desk to become law.

This House has been very busy keeping its promises: to unleash our economy, to take care of our veterans, to provide hope for the terminally ill.

We just signed those three things that are now on their way to the President's desk.

But perhaps the most important promise that we made was the one that we made to the men and women who serve in our Armed Forces.

We promised to start rebuilding our military to give them the resources that they need to do their jobs, to reassert the United States' dominance in our military in the world.

After tax reform, that was my most important legislative priority, because that was our most important legislative priority.

Mr. Chairman, it is another promise kept.

Earlier this year, we enacted a historic increase in military funding, made possible by the bipartisan budget agreement that came before it.

This allowed us to advance the bill that we have before us right here today.

I want to thank the members of the Armed Services Committee, the ranking member, but I especially want to thank Chairman THORNBERRY for his work on this bill and his tireless advocacy for our men and women in uniform.

This National Defense Authorization presents another major step toward rebuilding and reforming our military. It will repair the damage done over the previous decade. It starts with readiness. It starts with readiness because this country has had a readiness crisis that has been costing us lives.

More American servicemembers are being killed in accidents and training exercises than on the battlefield. As Secretary Mattis put it, he was shocked by the poor state of our readiness. We must reverse that.

This bill invests in training. This bill invests in equipment. It grows the size of all branches of our military, and it prioritizes missile defense and our nuclear deterrent.

It is a very dangerous world, and this legislation will help us counter the threats, whether they are new or traditional, whether from China or Russia or Iran or North Korea.

But, like I said, we are not just rebuilding our military, we are reforming our military. The legislation streamlines the bureaucracy and improves the buying practices so that we are not devoting more resources to waste, we are

devoting more resources to what counts: keeping this country strong and keeping this country safe.

And, of course, we are taking care of our servicemembers and their families with the biggest pay raise for our troops in 9 years.

I am so proud of this legislation. I am so proud of our legislators. I am so proud of the chairman for making this moment possible.

Here we are, not just keeping our promise, but making this a better, stronger, safer United States. This will have a lasting impact, and this will ensure that America continues to lead in the 21st century.

Mr. Chairman, I thank the chairman and the members of the committee, and I urge adoption of this bill.

Mr. THORNBERRY. Mr. Chairman, with appreciation for the kind words, but especially for the commitment from the Speaker, I yield back the balance of my time.

The Acting CHAIR. The question is on the amendments en bloc offered by the gentleman from Texas (Mr. THORNBERRY).

The en bloc amendments were agreed to.

The Acting CHAIR. The Committee will rise informally.

The Speaker pro tempore (Mr. FERGUSON) assumed the chair.

NATIONAL DEFENSE AUTHORIZATION ACT FOR FISCAL YEAR 2019

The Committee resumed its sitting.

AMENDMENT NO. 168 OFFERED BY MR. FERGUSON

The Acting CHAIR (Mr. AMODEI). It is now in order to consider amendment No. 168 printed in House Report 115-702.

Mr. FERGUSON. Mr. Chairman, I rise today in support of my amendment

No. 168 to the 2019 National Defense Authorization Act.

The Acting CHAIR. The Clerk will designate the amendment.

The text of the amendment is as follows:

Page 353, line 21, insert “(a) IN GENERAL.—” before “Section”.

Page 354, line 16, strike the second period and insert a semicolon.

Page 354, after line 16, insert the following: (2) in subsection (h), by striking paragraph (3) and inserting the following:

“(3) agree not to use, for pricing, marketing, competitive, or other purposes, any information, including any Government-owned data, such as purchasing trends or spending habits, related to a product from a third-party supplier featured on the commercial e-commerce portal or the transaction of such product, except as necessary to comply with the requirements of the program established in subsection (a).”;

Page 354, line 17, strike “(2)” and insert “(3)”.

Page 354, line 19, strike “(3)” and insert “(4)”.

Page 355, after line 2, insert the following new subsection:

(b) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) the implementation of any e-commerce portal under such section 846 to procure commercial products will be done in a manner that will enhance competition, expedite procurement, and ensure reasonable pricing of commercial products;

(2) the implementation of the e-commerce portal will be completed with multiple contracts with multiple commercial e-commerce portal providers; and

(3) the Administrator of the General Services Administration should require any e-commerce portal provider to take the necessary precautions to safeguard data of all other e-commerce portal providers and any third-party suppliers.

The Acting CHAIR. Pursuant to House Resolution 908, the gentleman from Georgia (Mr. FERGUSON) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentleman from Georgia.

Mr. FERGUSON. Mr. Chairman, I yield myself such time as I may consume.

Mr. Chairman, I want to thank, first of all, Chairman THORNBERRY for working with me on this amendment to provide a clear legislative direction for the GSA's new e-commerce portal provider system for commercial off-the-shelf sales.

My amendment would strengthen supplier data protection requirements and express the sense of Congress that implementation of this program will be done in a manner that enhances competition.

I fully support the committee's efforts to reform the procurement process to increase efficiency and reduce waste for the Federal Government, and most importantly, the taxpayers.

However, there are still some unanswered questions regarding the implementation of the program.

Moving forward, I believe that there is still important work to be done to ensure that the portal results in robust competition from a broad range of sup-

pliers, which is vital to achieving the efficiencies and cost savings that the committee is seeking.

The American people have told us over and over again that they do not want the Federal Government picking winners and losers, and I fully agree. We do an amazing job around here sometimes of creating very large monolithic monopolies as unintended consequences.

Mr. Chairman, I want to make sure that we don't do that with this important reform.

While my amendment takes steps to improve data safeguards, I remain concerned about the anticompetitive efforts of concerns from suppliers, both large and small, regarding the baseline data access between competitors.

Whether a small business or a multinational corporation, private companies are fiercely and understandably protective of their proprietary data.

Competition requires willing competitors, and competitors expect a level playing field, a playing field on which the referee is not also a player on the other team.

Promoting competition in this program requires that we continue to listen to and, more importantly, address the concerns of potential suppliers.

My amendment is a step in the right direction, but there is more work to do, and I look forward to continuing to work with the chairman in good faith to improve this system to make sure that it is achieving the results that we truly know that it can.

Mr. Chairman, today, I urge my colleagues to vote in favor of amendment No. 168, and I reserve the balance of my time.

Mr. SMITH of Washington. Mr. Chairman, I claim time in opposition, although I am not opposed.

The Acting CHAIR. Without objection, the gentleman from Washington is recognized for 5 minutes.

There was no objection.

Mr. SMITH of Washington. Mr. Chairman, I yield 1 minute to the gentlewoman from Florida (Ms. FRANKEL).

Ms. FRANKEL of Florida. Mr. Chairman, I want to thank the committee for including language that will authorize the Department of Defense to include the role of women in their research on the National Strategy on Countering Violent Extremism.

Mr. Chairman, we are learning every day that women are active agents deterring or engaging in violent extremist movements.

A 2017 report by the organization Futures Without Violence found that several contemporary organizations, for example, the Islamic State and Boko Haram, capitalize on women's efforts and demonstrate keen awareness of the strategic and tactical potential of female extremists.

And while many, many more women are victims of terrorism, some are serving as supportive wives and mothers to the next generation of extremists; others are acting as propagandists, fundraisers, and suicide bombers.

The apparent proliferation of female actors in extremist groups, often underestimated, calls for strategies that effectively counter their participation in violent extremism.

Mr. SMITH of Washington. Mr. Chairman, I yield back the balance of my time.

Mr. FERGUSON. Mr. Chairman, I yield back the balance of my time.

The Acting CHAIR. The question is on the amendment offered by the gentleman from Georgia (Mr. FERGUSON).

The amendment was agreed to.

□ 0945

The Acting CHAIR. There being no further amendments, under House Resolution 908, the Committee rises.

Accordingly, the Committee rose; and the Speaker pro tempore (Mr. FERGUSON) having assumed the chair, Mr. AMODEI, Acting Chair of the Committee of the Whole House on the state of the Union, reported that that Committee, having had under consideration the bill (H.R. 5515) to authorize appropriations for fiscal year 2019 for military activities of the Department of Defense and for military construction, to prescribe military personnel strengths for such fiscal year, and for other purposes, and, pursuant to House Resolution 908, he reported the bill, as amended by House Resolution 905, back to the House with sundry further amendments adopted in the Committee of the Whole.

The SPEAKER pro tempore. Under the rule, the previous question is ordered.

Is a separate vote demanded on any further amendment reported from the Committee of the Whole? If not, the Chair will put them en gros.

The amendments were agreed to.

The SPEAKER pro tempore. The question is on the engrossment and third reading of the bill.

The bill was ordered to be engrossed and read a third time, and was read the third time.

This title and the amendments made by this title shall take effect 180 days after the date of enactment of this division.

Mr. THOMPSON of California (during the reading). Mr. Speaker, I ask unanimous consent to dispense with the reading.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from California?

There was no objection.

Mr. THORNBERRY. Mr. Speaker, I reserve a point of order against the motion to recommit.

The SPEAKER pro tempore. A point of order is reserved.

The gentleman from California is recognized for 5 minutes in support of his motion to recommit.

Mr. THOMPSON of California. Mr. Speaker, this is the final amendment to the bill, and it would not kill the bill or send it back to committee. If adopted, the bill will immediately proceed to final passage, as amended.

Mr. Speaker, less than 1 week ago, 10 people were shot and killed in their school in Santa Fe, Texas. As usual, Members sent thoughts and prayers. They said that things have got to change, and then they did nothing.

We held our 47th moment of silence since the tragedy at Sandy Hook Elementary School 5½ years ago. For every Member who looks into the face of yet another grieving family and says, “I am with you,” and then does nothing, I have a message for you: You are complicit. You are allowing criminals and the dangerously mentally ill easy access to guns. Your inaction is leading to gravestone after gravestone.

We have not had one vote on legislation to keep guns out of the hands of people who shouldn’t have them. If we are not allowed a vote, there is blood on the hands of Congress.

Since Sandy Hook, more kids have been killed by someone using a gun than all of our troops killed in combat since 9/11.

Let that sink in.

Seven thousand young kids are dead, in part, because of our inaction. I don’t know about you, but that number keeps me up at night.

These are children who are robbed of a lifetime of experiences and robbed of their future. Instead of going to their graduation, their parents go and visit their grave.

This amendment is straightforward, and, if adopted, it will not kill the bill. It does two things:

First, it provides grants to States to get more records into the background check system. I think we can all agree, for the system to work, it has to have the most up-to-date records.

Second, it would expand background checks to all commercial sale of firearms. So if you walk into a gun show and try to buy a gun, you have to undergo a background check. If you go online and try to buy a gun, you have to undergo a background check.

This isn’t some radical idea. 208 Members of this Congress, Democrats and Republicans, are cosponsors. Even 94 percent of gun owners support expanding background checks, and we can’t get 94 percent of the people to agree that the sky is blue. This kind of consensus should unify us. It should empower us on this floor to do what is right.

We know that background checks work. Every day, background checks stop more than 175 felons, some 50 domestic abusers, and nearly 20 fugitives from buying a gun. But in some States, these same folks can walk into a gun show and buy the same gun without a background check. This motion would change that.

Yesterday, the Gun Violence Prevention Task Force heard from young leaders who are begging Congress to pass laws to help prevent gun violence. One of the hardest things for me to hear was one student saying that he was not actually surprised that there was a shooting at his school. Kids now have an expectation that one day it will happen to them. This is shameful, and it is the future that we are leaving for our children and our grandchildren.

I know what the chairman is going to say. He is going to say the NDAA is no place for this amendment.

First, this isn’t an extraneous provision. The NDAA has language directly addressing guns and gun ownership. Without that language in the bill, we wouldn’t be able to offer this amendment today.

Second, the NDAA has long been a place for extraneous provisions. In this bill alone, the majority has weakened environmental oversight and permitted drilling, has addressed medical fees in national parks, and has addressed yacht safety, just to name a few extraneous provisions.

So I ask you to join me: No more complicity. No more blood on the hands of Congress. No more moments of silence.

It is time for moments of action. Vote “yes” on this motion. It will not kill the bill, but it will save lives.

Mr. Speaker, I yield back the balance of my time.

POINT OF ORDER

Mr. THORNBERRY. Mr. Speaker, I insist on my point of order. I have been advised that the amendment contains new direct spending. Therefore, the amendment violates section 302(f) of the Budget Act, and the CutGo rule.

Therefore, I must insist on my point of order, and I ask for a ruling from the Chair.

The SPEAKER pro tempore. Does any other Member wish to be heard on the point of order?

If not, the gentleman from Texas makes a point of order that the instructions in the motion to recommit offered by the gentleman from California violate clause 10 of rule XXI by proposing an increase in mandatory spending over a relevant period of time.

Pursuant to clause 10 of rule XXI and clause 4 of rule XXIX, the Chair is authoritatively guided by estimates from the chair of the Committee on the Budget that the net effect of the provisions in the motion to recommit would increase mandatory spending over a relevant period as compared to the bill.

Accordingly, the point of order is sustained and the motion is not in order.

Mr. THOMPSON of California. Mr. Speaker, I appeal the ruling of the Chair.

The SPEAKER pro tempore. The question is, Shall the decision of the Chair stand as the judgment of the House?

MOTION TO TABLE

Mr. THORNBERRY. Mr. Speaker, I move to lay the appeal on the table.

The SPEAKER pro tempore. The question is on the motion to table.

The question was taken; and the Speaker pro tempore announced that the ayes appeared to have it.

Mr. THOMPSON of California. Mr. Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.

The SPEAKER pro tempore. Pursuant to clause 9 of rule XX, this 15-minute vote on the motion to table will be followed by a 5-minute vote on passage of the bill, if arising without further proceedings in recommittal.

The vote was taken by electronic device, and there were—yeas 224, nays 191, not voting 12, as follows:

and daughters. Some did not return from the theater of conflict, giving their lives for our country and our liberty.

I extend my heartfelt gratitude to them and to their families. We owe them a debt we can never fully repay, as much as we try.

As we mark Memorial Day, we pray for the families of the veterans whose sacrifices have secured our freedoms, and we give thanks for the blessings of life and liberty, peace and prosperity that their service has secured for all of us.

AMENDMENTS INCLUDED IN THE NDAA

(Ms. JACKSON LEE asked and was given permission to address the House for 1 minute.)

Ms. JACKSON LEE. Mr. Speaker, as we come upon this weekend, I want to certainly offer my respect for the men and women in the United States military and those who have fallen in battle.

In this last authorization bill for the defense, I want to emphasize important amendments that I had approved dealing with active shooter, dealing with the violence against our children and having that explained or researched; and, as well, the maternal mortality rate will be included, along with 10 other of my amendments.

At the same time, I wish to speak about something that saddens me on the breach of the rule of law and the breach of the Constitution that our President is engaged in: the maligning of the special counsel and, of course, the attempt to expose a confidential source.

So let me hold up this picture of Rudy Giuliani who, in 1998, said in another investigation of a President: "He's got to do it. He's got to do it."

So I would offer to say that the President of the United States needs to sit down with the special counsel and tell the truth. That is what our men and women fight for overseas and around the world: democracy and the rule of law. That is what the President should do.

RECOGNIZING THE AMERICAN LEGION'S NATIONAL POPPY DAY

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Mr. Speaker, this weekend our Nation marks one of the most solemn occasions, Memorial Day. It is a time when we honor the sacrifices made by our fallen military members.

Tomorrow marks the American Legion National Poppy Day. Each year members of the American Legion distribute poppy flowers with the request that those receiving a flower making a donation to support our veterans, active servicemembers, and military families.

At the end of the First World War, the poppy flourished throughout Europe because of the lime in the rubble left over from the war. The red poppy is a nationally recognized symbol of sacrifice that has been worn by Americans since World War I to honor those who served and died for our country in all wars. It reminds Americans of the sacrifices made by our veterans while protecting our freedoms.

Mr. Speaker, I will proudly wear a poppy tomorrow to honor our fallen servicemembers, and it is my hope that all Americans will do the same.

HONORING CLIFFORD JOHNSON, SR.

(Ms. BARRAGÁN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. BARRAGÁN. Mr. Speaker, I rise today in honor of Mr. Clifford Johnson, Sr., who will be 100 years old on June 7.

Mr. Johnson, a Cherokee Indian Freedman, was born in Lenapah, Oklahoma, on June 7, 1918. He fought bravely during World War II, serving as a staff sergeant in the U.S. Army. He began a lifelong career with the United States Postal Service in 1946.

Mr. Johnson is a loving father, grandfather, and great-grandfather. Mr. JOHNSON is a patron of Macedonia Baptist Church in Watts, California, and attributes his longevity to being close to God and treating other people the way he would want to be treated.

I want to wish Mr. Clifford Johnson, Sr., a very happy birthday and thank him for his service to our country.

RECOGNIZING STAFF SERGEANT MICHAEL "MICK" DEHART

(Mr. DAVIDSON asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. DAVIDSON. Mr. Speaker, it is my honor to recognize Staff Sergeant Michael "Mick" DeHart for the selfless actions and bravery he showed on April 10, 1969, during the Vietnam war.

While conducting a routine reconnaissance operation, Staff Sergeant DeHart and his platoon were ambushed by a numerically superior force. Throughout the firefight, Staff Sergeant DeHart moved through the enemy fire to provide cover for injured soldiers, distribute supplies, and coordinate a counterattack.

As dusk approached, Sergeant DeHart, at significant personal risk, moved to an exposed position, fired on machine-gun positions and approaching enemy soldiers, halting their advance. He also aided in the successful exfiltration of his unit.

For his heroism in combat, Staff Sergeant DeHart recently had one of his two Silver Stars upgraded to a Distinguished Service Cross.

Thank you, Sergeant DeHart, for your heroism, courage, and service to our great country.

HONORING ROCIO GUILLEN ROCHA

(Mr. KIHUEN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. KIHUEN. Mr. Speaker, today I rise to remember the life of Rocio Guillen Rocha. Rocio attended the Route 91 festival on October 1 in Las Vegas.

Rocio would say that her greatest accomplishment was being a mom to her four kids—Marcus, Christopher, Sofia, and Austin—and being engaged to her fiancé, Chris Jaksha.

Rocio had lived through many major life events. She had given birth to her youngest child, Austin, just 6 weeks prior to her death, and she was paralyzed after giving birth to her second child, Christopher.

Rocio was a fighter who worked hard to walk again after being paralyzed. After a lot of work and training, she eventually was able to walk again.

Rocio was known as being a supermom who loved supporting her kids while they played baseball. She was an amazing mom who worked long hours as an assistant manager at California Pizza Kitchen so she could take care of her kids.

Rocio had a great sense of humor, and she was always laughing, even through the tough times. She is remembered for being patient and loving by all those who knew her.

I would like to extend my condolences to Rocio Guillen Rocha's family and friends. Please know that the city of Las Vegas, the State of Nevada, and the whole country grieve with you.

RECOGNIZING GORDON "BATMAN" VARNEDOE

(Mr. CARTER of Georgia asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CARTER of Georgia. Mr. Speaker, I rise today to recognize Gordon "Batman" Varnedoe's 80th birthday, which he celebrated on May 19. Mr. Varnedoe is a staple of Savannah, who lives to put a smile on everyone's face and is never afraid to try something new.

Known to locals as Batman, he is often seen in parades wearing his cape and mask, but he earned the nickname in high school for his passionate belief in truth, justice, and an American moment.

Mr. Varnedoe breaks out of his cape and into 18th century English attire as General James Oglethorpe, Savannah's founder, to welcome visitors to this historic city. His latest projects include substitute teaching at various schools and officiating weddings in his General Oglethorpe persona.

He sets records in international weightlifting competitions at 73 years old. He is likely the oldest rugby player in Georgia, and he has founded numerous organizations to help sports thrive.

Everyone can learn from Batman's enthusiasm for life and his ability to make the world a more colorful place. Happy birthday, my friend.

HONORING COACH SCOTT GLABB

(Mr. CORREA asked and was given permission to address the House for 1 minute.)

Mr. CORREA. Mr. Speaker, I take a few moments today to honor one of my constituents, Coach Scott Glabb, for his contributions to Orange County youth.

Mr. Glabb has been an important figure as a teacher and wrestling coach at Santa Ana High School for about 30 years. After wrestling in college for Eastern Washington University, Coach Glabb came to Santa Ana High School in 1990, where he became a teacher and a head coach.

Mr. Glabb's dedication led Santa Ana High School to 26 straight CIF championship league titles. Coach Glabb also coached two individual national high school champs: Tony Perez in 1998 and Jose Leon in 1999. With the girls, he was equally successful. He had two female wrestling State champs: Lizette Tenorio in 2009 and Berenice Blanco in 2012.

Mr. Glabb was more than a coach and a teacher. He was a role model for a lot of kids that didn't have a chance to make it out of their neighborhoods.

Thank you, Coach Glabb. We wish you success in your retirement.

ANNUAL ROLLING THUNDER MOTORCYCLE RIDE

(Mr. ROTHFUS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. ROTHFUS. Mr. Speaker, this weekend, the Nation sets aside time to remember those who gave all for our country.

Thousands will travel to Washington, D.C., for the annual Rolling Thunder motorcycle ride to remember and honor the fallen, and millions across the country will participate in parades or gather around monuments and parks to recall a loved one or a neighbor who never came home. There will be the playing of "Taps" and heartfelt and silent whispers of: I miss you; I wish I could see you; and thank you.

Memorial Day is truly a national holiday in that it is a day that politics are avoided, and given some of the debates we have been having and what you see on TV, that is not a bad thing.

When you visit Arlington Cemetery or any of the national cemeteries across the country, including the National Cemetery of the Alleghenies, not far from my district, the gravestones don't mark one's party affiliation. Rather, the simplicity of the stones remind us that they were Americans, they served, and that they are remembered.

May God grant eternal rest to those who gave the ultimate sacrifice to our country, and may He bless the families of the fallen with His tender mercies.

MENTAL HEALTH AWARENESS MONTH

(Mr. PANETTA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PANETTA. Mr. Speaker, I rise today to recognize Mental Health Awareness Month. We have got to realize that one in six adults in the United States lives with a mental illness. However, only 43 percent of them receive any sort of treatment.

I saw this firsthand as a prosecutor, as many, not all, but many men, women, and even juveniles were behind bars because of a mental illness. Unfortunately, due to the cutbacks in funding and the legislature's cutting back on sentences, many failed to receive the proper treatment, and what we had was a revolving door where we no longer could rely on the criminal justice system to house and treat those with mental illnesses.

Fortunately, in my district on the Central Coast of California, we have many organizations that realize this and attempt to provide proper services, including Interim, Parent's Place, and the Monterey and Santa Cruz Counties Behavioral Health Departments.

So now it is Congress' time to play their part. We, on the bipartisan Mental Health Caucus, are committed to ensuring accessible mental treatment. Good mental health this month and every month for all ages of life and all walks of life contribute to the overall health of our communities, and that is why we should continue to work to fund and provide mental health services throughout our country.

HONORING DALLAS POLICE DEPARTMENT OFFICER ROGELIO SANTANDER

(Mr. POE of Texas asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. POE of Texas. Mr. Speaker, recently, Officer Rogelio Santander of the Dallas, Texas, police department was responding to an ordinary call: a thief at a Home Depot. As Officer Santander and his colleagues attempted to arrest the outlaw, the crook pulled out a pistol and started blasting away at the officers.

All three officers responding to the call were critically wounded, the criminal's bullets hitting their mark as he cowardly ran away from his crimes. Police Officer Crystal Almeida and a civilian Home Depot employee were shot and are now recovering from their wounds.

At just 28 years of age, Officer Santander was murdered in the youth of his life. Another member of the thin

blue line killed simply because he wore the badge to protect and serve the rest of us.

A man of many hats, the 3-year veteran of the force was a member of the rare breed, the American breed. His fellow officers, friends, and family members remember this Texas law man, Santander, as a person who always went the extra mile to protect and serve his community. Without fail, he encouraged his friends and family to be the best version of themselves during their life.

Peace officers like Santander are the last strand of wire in the fence between the law and the lawless. We mourn his sacrifice, but we thank the good Lord that a remarkable man such as he has ever lived.

And that is just the way it is.

THE TIMES THEY ARE A-CHANGIN'

(Mr. COHEN asked and was given permission to address the House for 1 minute.)

Mr. COHEN. Mr. Speaker, our country's democracy and rule of law are in danger, being threatened at every moment.

Today is my birthday and also the birthday of Bobby Zimmerman aka Bob Dylan. And with that, I quote Bob Dylan:

Come writers and critics
Who prophesize with your pen
And keep your eyes wide
The chance won't come again
And don't speak too soon
For the wheel's still in spin
And there's no tellin' who that it's namin'
For the loser now will be later to win
For the times they are a-changin'
Come senators, congressmen
Please heed the call
Don't stand in the doorway
Don't block up the hall
For he that gets hurt
Will be he who has stalled
There's a battle outside and it is ragin'
It'll soon shake your windows and rattle
your walls
For the times they are a-changin'
The line that is drawn
The curse it is cast
The slow one now
Will later be fast
As the present now
Will later be past
The order is rapidly fadin'
And the first one now will later be last
For the times they are a-changin'

My colleagues, get it together and save democracy and protect us from this President.

RECOGNIZING THE 50TH ANNIVERSARY OF THE MICHIGAN INTERNATIONAL SPEEDWAY

(Mr. WALBERG asked and was given permission to address the House for 1 minute.)

Mr. WALBERG. Mr. Speaker, I rise today to recognize Michigan International Speedway as they celebrate their 50th anniversary in 2018.

Located in my district in the heart of the beautiful Irish Hills, Michigan

International Speedway is one of the Nation's premier racing facilities. Throughout the season, MIS will be commemorating this milestone by showcasing many of the memorable moments and drivers in the track's history.

I look forward to joining everyone to kick off their first NASCAR race of the year, which is just weeks away. In addition to NASCAR, MIS offers year-round entertainment and festivals, making it a leading tourist attraction for people near and far.

Through their extensive charity work and programs like the Spirit of America Blood Drive, MIS is actively involved in improving the community and impacting lives.

Mr. Speaker, Michigan International Speedway is a staple of our community and the world of racing. We are fortunate to have them in the Seventh District.

Here is to 50 more years of lasting memories for fans and drivers alike.

AMERICAN LEADERSHIP ON THE GLOBAL STAGE

(Mr. ENGEL asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. ENGEL. Mr. Speaker, as the ranking member on the Foreign Affairs Committee, I am absolutely flabbergasted at the announcement that just came out of the White House that President Trump is canceling his meeting with Kim Jong-un of North Korea.

The world held out hope that the Trump administration's diplomatic engagement with North Korea would bear fruit. But you cannot have thin skin if you want to make progress with a difficult adversary such as the Kim regime. Imagine how different the course of history would look if every chance for peace was scuttled because one party was too mean to the other.

To make matters worse, the President's bizarre letter returns to the same bellicose rhetoric that last year heightened tensions and raised the specter of war. Any type of military conflict on the Korean peninsula would come with horrific consequences.

After a year of alienating friends and allies, unwinding our commitments, and drawing back from the world stage, it is clear what the Trump motto of "America First" actually means "America Lashing Out," leaving America last and alone.

American leadership on the global stage has been laid low, not by a rival, but by a President who has sidelined diplomacy, shut out expertise, and thrown out any rational approach to making policy.

RECOGNIZING THE RETIREMENT OF DOUG WRIGHT

(Mr. BISHOP of Utah asked and was given permission to address the House for 1 minute.)

Mr. BISHOP of Utah. Mr. Speaker, June 1 will mark the end of an era in Utah broadcasting. For the past 40 years, Utahans have heard Doug Wright inform, uplift, and bloviate—that is his word, not mine.

On Fridays, he reviewed movies, crowned losers, and gave prizes worth up to dollars. For the callers, it was telephone torture, but for the listeners, it has been a friendship through the airways.

The Doug Wright Show is "Where Utah Comes to Talk." In Utah, it is not news until you hear it on Doug's show. Doug got exclusives, and he did it through hard work, fairness, and being worthy of the trust Utahans placed in him.

Doug wasn't always cooped up in a studio. From the back of a Harley and with a microphone in his hand, he raised the money to bring street lamps to his adopted home of Eureka. His motorcycle rally, the Ride to Light up Eureka, set records, and continues to grow each year.

Doug has earned awards and accolades and has been at the top of the ratings, but he will tell you the best thing to come from the newsroom was his wife, D. With her, he grew a family and shared with his audience all the joys and trials that come with a family.

As Doug advised us at the close of each day's program: Tonight, when you go home, make sure you hug the people you love.

SUPPORTING THE REVITALIZATION OF OUR NATIONAL DEFENSE

(Mr. LAMALFA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LAMALFA. Mr. Speaker, I rise today in support of the timely Senate action of the just passed National Defense Authorization Act for fiscal year 2019. Similar to last year, the NDAA is geared towards increasing the readiness of our military and properly equip our troops for their safety and for their effectiveness in their mission.

The steady decline of our Armed Forces under the previous administration is well documented. Now we are continuing the revitalization we started last year by investing in our soldiers and providing them with some of the necessary equipment needed to get their job done.

This is about providing for the well-being of our troops and their families, including the largest pay raise in 9 years. We are also investing in critical missile defense and nuclear deterrence programs that will substantially improve our national defense capabilities.

In order for America to continue as a leader of the free world, our military must be ready to defend us from all and any threat. As we head into this Memorial Day holiday, we can, in part, honor the fallen by an effective NDAA, giving

our military what it needs, and support, indeed, as we remember this Memorial Day weekend.

GLEN COVE'S 350TH ANNIVERSARY

The SPEAKER pro tempore (Mr. GAETZ). Under the Speaker's announced policy of January 3, 2017, the gentleman from New York (Mr. SUOZZI) is recognized for 60 minutes as the designee of the minority leader.

Mr. SUOZZI. Mr. Speaker, today marks the 350th anniversary of the founding of my hometown, Glen Cove, New York, on May 24, 1668. Earlier this year, we also celebrated the 100th anniversary of Glen Cove's designation as a city.

I love Glen Cove. I served as the city's mayor from 1994 to 2001. My father, Joseph, an Italian immigrant and an American success story, was the first Suozzi to serve as mayor from 1956 to 1960.

My uncle, Vincent, also known as Jimmy Suozzi, was the second. He served from 1973 to 1979 and again from 1984 to 1987. The most recent Suozzi to serve as mayor, my cousin Ralph served from 2006 to 2013.

In fact, in the 100 years since Glen Cove became a city, a Suozzi has served as mayor for 32 years. We Suozzis have devoted a great deal of our lives to serving the city we love, and we have been repaid with the satisfaction of knowing our friends, neighbors, and family will continue to strive to work to ensure our best days are still yet to come.

Glen Cove was the first industrial center of Long Island. The Carpenter, Simkin, and Cole families purchased over 2,000 acres of waterfront property overlooking Hempstead Harbor and the Long Island Sound from the Native American Matinecock Tribe.

□ 1100

There they built a lumber mill and a gristmill powered by the fresh water of Glen Cove Creek.

Originally named Musketa Cove, which means "a place of rushes" in the Matinecock language, Musketa Cove went on to become one of the top four ports for smuggling on Long Island, as no one wanted to pay the English taxes on brandy, rum, and wine.

The area grew with professional craftsmen, weavers, carpenters, wool spinners, tailors, millers, and shipbuilders. Corn farming developed in the surrounding area.

A second major industry began in the early 1800s when Dr. Thomas Garvie discovered massive clay deposits and began to mine and ship the clay to potteries in New York City and elsewhere on Long Island. Dr. Garvie also began a daily steamship operation between Glen Cove and New York City that began to attract residents looking to escape the city's sweltering summer heat.

Tourism-minded residents started to worry that the name Musketa Cove

sounded too much like mosquito cove, and, in 1834, they changed the name to Glen Cove. It worked. By the mid-1850s tourism was booming with daily steamship operations, leading to the development of six major hotels, taverns, and boarding houses.

A new industry emerged. The Duryea Starch factory took advantage of the fresh water, the gristmills, and the plentiful corn and became one of the world's largest starch factories. In fact, in 1878, Duryea won the Paris Gold Medal for the best starch in the world. Industry flourished, tourism flourished, and Glen Cove began to attract more attention.

In the early 1900s, some of the wealthiest families in the world made Glen Cove their home. J. P. Morgan, the wealthy financier, who bailed out the U.S. Government; F. W. Woolworth, the founder of the original five-and-dime department store, whose marketing began the commercialization of Christmas gift giving; and the Pratt family, who amassed their fortune by controlling the kerosene market and, ultimately, merging with John D. Rockefeller to form Standard Oil, all built their massive summer estates in Glen Cove, leading to the moniker of the "Gold Coast."

Between the industries that flourished on the waterfront and the Town & Country magazine rated Gold Coast estates, Glen Cove with its vibrant downtown of merchants was booming. Immigrants from all over the world and America flocked to the area to work at the starch factory, or the Ladew Leatherworks that tanned hides to be used for industrial belts. Immigrants like my grandfather and father from Italy, and others from Ireland, Poland, Germany, and elsewhere, worked not only in the factories, but in the gardens, kitchens, pantries, and garages of the Gold Coast estates. African Americans from the South migrated to the area and found work, many as experts training and caring for thoroughbreds and polo ponies.

Around 1917, Glen Cove residents, who saw the economic vibrancy from the estates, the factories, and the vibrant downtown, populated by Jewish, Italian, and English merchants, no longer wished to share their plentiful property and sales tax dollars with the town of Oyster Bay, under whose jurisdiction Glen Cove existed as a village. Community leaders worked with the State legislature and the Governor to break off and become Long Island's first city.

Glen Cove has traveled a long journey. Its population exploded, as did much of Long Island, with veterans returning from World War II.

Its industrial vibrancy, which went on to include Li Tungsten, a munitions factory; Mattiace Petrochemical; Columbia Ribbon and Carbon; Powers Chemco; Konica; and Photocircuits, a circuit board manufacturer, all left behind a negative environmental legacy that the City has now cleaned up as it

moves forward to a new age of development and waterfront revitalization.

With hundreds of acres of publically-owned nature preserves, three public beaches, golf courses, a fishing pier, and multiple ballfields and parks, Glen Cove has been restored to a waterfront community with a short commute to Manhattan that once attracted some of the wealthiest families in the world.

Unlike much of Long Island, that is either all rich or all poor, or all Black or all White, or all this or all that, Glen Cove remains a diverse community with the wealthiest of the wealthy and a large supply of low-income housing that is anchored by a solid middle class. It is home to over 60 ethnicities: two Catholic churches, two Baptist churches, two Jewish synagogues. It also has houses of worship for African Methodist Episcopalians, Lutherans, Methodists, Episcopalians, and Evangelicals. The Presbyterian church is one of the most beautiful architectural marvels of the City. Glen Cove is also home to a Russian Orthodox church, a Sikh gurdwara, Jehovah's Witnesses, and several Latino churches.

Many movies, television shows, and commercials have been filmed in Glen Cove, including Alfred Hitchcock's *North by Northwest*, starring Cary Grant and Eva Marie Saint; and *Sabrina*, starring Audrey Hepburn, William Holden, and Humphrey Bogart. In fact, as mayor, I met Harrison Ford while filming the remake of *Sabrina* with Julia Ormond and Greg Kinnear. I met Michael Douglas while filming *A Perfect Murder*, and told him how his dad, Kirk Douglas, had filmed *A Lovely Way to Die* in the 1960s in Glen Cove. A former Pratt estate, now the Webb Institute of Naval Architecture, was stately Wayne Manor in *Batman Forever*. A host of other movies, such as *Annie Hall*, *Hair*, *Eyes Wide Shut*, and one obscure favorite, *A New Leaf*, were all filmed in Glen Cove as well.

Famous historical figures called Glen Cove home. Bobby Kennedy resided in Glen Cove when he ran for United States Senator of New York. Jackie Kennedy called West Island home after the President had been shot.

The first female congresswoman from New York was Ruth Baker Pratt. Baseball legends, including Roy Campanella, Whitey Ford and, more recently, Yoenis Cespedes of the New York Mets. Billy Joel spent a short time in Glen Cove. And Ashanti grew up in Glen Cove—I attended her sweet 16 birthday party—while many other artists record here regularly at Cove City Sound Studios.

And Sergeant Major Dan Daly, a marine, is one of only 19 men in U.S. history, in our entire Nation, to have received the Medal of Honor, twice.

Many of the old estates have been repurposed, including Killenworth, a former Pratt estate that served as the home of the Soviet Ambassador of the United Nations, and still serves the Russian Ambassador. Nikita Khrushchev visited the estate after pound-

ing his shoe on the lectern at the United Nations back in the 1960s. Welwyn, another former Pratt estate, is a 200-acre nature preserve and serves as the Nassau County Holocaust Memorial and Tolerance Center.

Not every Glen Cove has a boldface name, but every Glen Cove resident contributes in their own unique way to the community: the first responders, the business owners, and the volunteers; the elected officials, city employees, the coaches, and the moms and dads; the teachers, preachers, and the gadflies that show up at the city council meetings; the world-class restaurateurs and bakers, the multigenerational shop owners, and the too many to mention fraternal and service organizations. Glen Cove is alive and will continue long after these words are forgotten.

As I said, I love Glen Cove and Glen Cove is why I love America. It has diversity. It has history. And it has wonderful people.

Glen Cove has offered opportunity to so many families, including mine. It is what makes America great.

E pluribus unum, "out of many one." Glen Cove has every type of ethnicity, religion, and income group. It enjoys low crime, low unemployment, and a robust community life. It works and it will continue to work.

Happy anniversary and congratulations to my friends and neighbors. God bless our warm city with the cool sound, and God bless the United States of America.

Mr. Speaker, I yield back the balance of my time.

TRUMP'S MOBILE SECURITY

The SPEAKER pro tempore. Under the Speaker's announced policy of January 3, 2017, the gentleman from California (Mr. TED LIEU) is recognized for the remainder of the hour as the designee of the minority leader.

Mr. TED LIEU of California. Mr. Speaker, I am here with Congressman RUBEN GALLEGO. I would like to talk about national security and how the President of the United States may be inadvertently giving away classified information.

The President, through public reporting, shows that he is unwilling to swap out his cell phones. There is a big problem with this.

Last term, I was involved with this flaw called the SS7 flaw. It is something that allows foreign powers and criminal syndicates affiliated with foreign powers to listen in on your cell phone just knowing your cell phone number, and there is no real good way to stop it. Our concern is that if the President finds it too inconvenient to deal with this issue of his cell phones, then his conversations could be listened in on by other foreign nations or by criminal syndicates.

We also find this somewhat ironic and hypocritical when the Republican-

controlled Congress, last term, went to great lengths to talk about the potential damage of having a private email server for Secretary of State Hillary Clinton. This is a very similar concept. These are cell phones from which foreign powers can get the actual conversations of the President of the United States.

We just want the White House, the Secret Service, and other agencies to talk to the President and say: Look, you just have to deal with operational security. You are their most highly-valued target in terms of intelligence information that foreign powers want; and, please, for our national security, swap out your cell phones.

Mr. Speaker, I yield to the gentleman from Arizona (Mr. GALLEG0).

Mr. GALLEG0. Mr. Speaker, I came down to the floor today to give a gentle reminder and a wake-up call to Chairman GOWDY and to Speaker RYAN. I know they have a lot going on. The Speaker is flying out to do a fundraiser today. But I want to make sure he actually understood that what we know, also from multiple media outlets, is that this President is using a phone that is potentially compromising national security.

Rather than use the best, most secure communication technology in the world, President Trump just reaches into his pocket and pulls out his regular off-the-shelf phone when he wants to discuss matters of state. Now, he can switch to another phone, a government-provided phone, one that is secure, and he can still even tweet from that phone, but, for some reason, he is still stuck on this phone that is a national security risk.

Why would the leader of the free world, and our Commander in Chief, expose sensitive communication to foreign intelligence agencies?

Why would he act in such a reckless, negligent manner?

Well, according to news reports, the simple answer is that Donald Trump uses his personal cell phone because he just feels like it; it is more convenient for him. Forget the rules and forget the warnings from the military. He just does what he wants and ignores the consequences.

I want to highlight this story for Chairman GOWDY and Speaker RYAN because I know they care deeply about data security at the highest level of our government. After all, when Secretary Clinton was found to have used her personal email server, they launched multiple, month-long investigations. They spent millions of tax dollars conducting five emergency hearings, including four, coincidentally, right before the election, and ended up issuing more than 70 subpoenas.

Their efforts helped generate huge amounts of media coverage. In one 6-day period, The New York Times ran as many cover stories about Hillary Clinton's emails as they did about all of the policy issues combined in the 69 days leading up to the election.

But now that President Trump's widely irresponsible use of his personal cell phone has been exposed, now that we know he could be exposing America's secrets to our gravest enemies, surely my Republican friends are going to be just as worried about data security as they were in the past and conduct some oversight. Surely, they will. They surely will demand and request all the documents, hold hearings, and question witnesses. Surely. They will want to get to the bottom of this scandal as soon as possible.

Prior to the election, Chairman GOWDY explained to the reporters:

This investigation is not about politics. This is not even about one individual.

If it wasn't about politics, and if it wasn't just about stopping Hillary Clinton, the Speaker of the House and the chairman of the Oversight and Government Reform Committee should certainly feel interested in investigating the President's cell phone use. And yet, coincidentally, they have been completely silent. Not one press statement, not one letter, not one word of warning to the White House.

It is almost as if they have no interest in conducting real oversight of this President. It is almost as if they are more interested in helping this President than holding him accountable. It is almost as if this Republican Party has completely lost its moral compass under this President.

Mr. Speaker, perhaps my good friend, Congressman TED LIEU, could shed some light on more of these troubling issues for me.

Mr. TED LIEU of California. Mr. Speaker, I thank Congressman GALLEG0 for his comments.

Both of us served Active Duty in the United States military—Congressman GALLEG0 served in combat—and we both know that one of the most important things to our military is operational security and protecting our communications and making sure that they are secure.

□ 1115

Donald Trump is the Commander in Chief of our military. If there is anyone that needs to have their communications secure, it has got to be our Commander in Chief.

Unfortunately, the President and the Republicans here that enable him are allowing him to have unsecured communications. That is really going to be harmful to our national security.

This is not some sort of theoretical flaw that exists. The Federal Communications Commission has issued a report saying that this flaw where foreign powers can listen in on our cell phone communications is real, it exists.

People have used it not just to listen in, but also to do nefarious things. A bank earlier this year lost millions of dollars because of this flaw.

So, again, we urge the President and the Republicans here to change the President's behavior, to do oversight on this issue.

Mr. Speaker, I am going to conclude this segment. I thank you for listening.

I yield back the balance of my time.

The SPEAKER pro tempore. Members are reminded to refrain from engaging in personalities toward the President.

RECOGNITION OF THE MAJORITY LEADER

The ACTING PRESIDENT pro tempore. The majority leader is recognized.

SENATE ACCOMPLISHMENTS

Mr. McCONNELL. Mr. President, we are in the midst of quite a productive week in the Senate. Yesterday, this body did its part in fulfilling an important promise to our Nation's veterans. We passed the VA MISSION Act by a wide, bipartisan margin.

Having already passed the House, this truly landmark bill will now head

to the White House where the President will soon sign it into law.

It will bring more options and greater flexibility to veterans who have spent years driving long distances to the nearest VA care facility, only to face long lines and waiting lists when they got there.

It will bring more peace of mind for veterans of all eras and their families who have faced uncertainty and limitations as their needs for care have evolved.

This legislation continues, expands, and improves the successful Veterans Choice Program that has already helped millions of veterans nationwide, including more than 23,000 Kentuckians last year alone.

Thanks to the stalwart leadership of Chairman ISAKSON and the Veterans' Affairs Committee, the hard-and-fast time and distance thresholds that kept too many veterans out of the Choice Program will soon be gone.

The providers we trust to provide top-notch care for our heroes will have clearer guidelines for prescribing opioids and more tools to attract and retain experienced professionals.

I have heard from Kentucky veterans exactly what this bill will mean to them. One wrote: "Kentucky disabled veterans greatly appreciate Congress is finally taking action to correct deficiencies in the Caregiver Program."

Another explained that the legislation "strikes the right balance to make sure we strengthen the VA system and provide veterans with the best care possible."

I thank my friend Chairman ISAKSON once more on this achievement. I am proud the Senate stepped up to the plate and showed America's veterans that, on our watch, a promise made is a promise kept.

What is more, we have already confirmed two executive branch nominees and will process two more before the end of the week. First up is Jelena McWilliams, President Trump's well-

qualified pick to chair the FDIC Board of Directors.

This week, we have also seen an impressive proposal to reform the way Congress handles workplace claims, especially claims of harassment. The Democratic leader and I strongly support this proposal, as do our colleagues Senator BLUNT and Senator KLOBUCHAR.

All this comes in addition to two major Senate-passed bills that passed the House this week and are now heading to the President's desk to become law: the legislation championed by our colleague Senator JOHNSON, which will give terminally ill patients the right to try experimental drugs that are still making their way through the full FDA approval process, and the mainstreaming of Dodd-Frank regulations for small lenders and community banks, thanks to the leadership of Senator CRAPO. This legislation will help secure access to credit for middle-class families and small businesses, and the President will sign it just a few hours from now.

There is also important activity underway at the committee level. Chairman BARRASSO is leading the Environment and Public Works Committee through consideration of measures to improve and expand America's waterways infrastructure. Chairman SHELBY and the Appropriations Committee today have already begun their work on the annual funding bills. Following the committee's robust discussions, I look forward to bringing the appropriations bills they craft to the Senate floor. Earlier this week, the Armed Services Committee began considering this year's Defense authorization bill. They have a solid foundation on which to build, thanks to the historic agreement reached earlier this year that delivered the highest year-on-year increase in funding for our Armed Forces in 15 years.

One bill after another, one confirmation after another, the Senate continues to produce major accomplishments that will directly improve the lives of the American people.

TAX REFORM

Mr. President, on that subject, yesterday brought yet another piece of exciting news for American workers and middle-class families. The U.S. manufacturer United Technologies announced new plans to invest \$15 billion right here in America and hire 35,000 American workers in the next several years.

This Fortune 100 company makes a wide variety of engineered products, from jet engines to elevators. Now, because of this favorable climate for business growth, investment, and job creation, they are putting billions into research and development and capital investment and creating tens of thousands of new job openings.

To fill some of these job openings, the company is partnering with community colleges, high schools, and other workforce training programs.

This all comes on the heels of the company's other recent investments, like the new 93,000-square-foot facility in Lansing, MI, and a new 80,000-square-foot facility in Foley, AL.

What is making all this possible? According to United Technologies' announcement, "The competitive tax system resulting from U.S. tax reform is encouraging global companies, such as United Technologies, to make long-term investments in innovation in America."

This announcement is exactly the kind of headline you would expect to see in an America that is growing again. It is exactly what you would expect to happen as Republican policies continue to get Washington, DC, out of the way of American workers and job creators, and let them do what they do best—build an economy that is the envy of the rest of the world.

Yesterday's announcement was no isolated incident. We are hearing announcements like this from job creators, large and small, from national employers to Main Street businesses in my State of Kentucky and all across the country.

Back in 2013, under the Democrats' policy agenda, more than two-thirds of U.S. manufacturers reported that a hostile business climate due to taxes and regulation was a primary obstacle in their way. That was in 2013.

Today, just 16 months into this unified Republican government, fewer than one in five say that. This comeback for American manufacturing means new job openings for American workers, more prosperity for our small towns and cities, and higher take-home pay for middle-class American families.

I suggest the absence of a quorum.

The ACTING PRESIDENT pro tempore. The clerk will call the roll.

The legislative clerk proceeded to call the roll.

Mr. SCHUMER. Madam President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER (Mrs. HYDE-SMITH). Without objection, it is so ordered.

RECOGNITION OF THE MINORITY LEADER

The Democratic leader is recognized.

Mr. SCHUMER. Madam President, this morning, I would like to address four issues at varying lengths: recent news on the North Korea summit, the Russia probe, the proposed rescission of Ebola funding, and a word about the upcoming Memorial Day holiday.

NORTH KOREA

First, Madam President, on the very recent news that President Trump has canceled the planned summit with Kim Jong Un of North Korea, the fear many of us had was that the summit between President Trump and Kim Jong Un would be a great show that produced nothing enduring. If a summit is to be reconstituted, the United States must show strength and achieve a concrete, verifiable, enduring elimination of Kim Jong Un's nuclear capabilities.

RUSSIA INVESTIGATION

Second, Madam President, on the Russia probe, today on Capitol Hill, Department of Justice, FBI, and intelligence community officials are scheduled to brief the Members of Congress on a few issues related to Special Counsel Mueller's investigation into Putin's meddling in the 2016 election.

There will be two briefings—one for a House Republican partisan who has relentlessly harassed the Justice Department to reveal sources and methods to him for the sole purpose of interfering with and denigrating the special counsel's investigation. After several requests, the Department of Justice will also brief the bipartisan Gang of 8 on the same information separately later in the day.

While we believe no briefing should occur, it is a good thing that the Gang of 8 will be briefed. The overwhelming fact remains that a separate meeting with a known partisan whose only intent is to undermine the Mueller investigation makes no sense and should be called off. What is the point of a separate briefing if not to cause partisan trouble and create a he said, she said scenario? It is so damaging to the way our officials in the Justice Department have always worked.

Representative NUNES, the architect of this sham briefing, no longer deserves the benefit of the doubt. He lost all claims to objectivity long ago with his ridiculous, late-night charade at the White House and his conduct on the House Intelligence Committee, culminating in a document of innuendo and whitewashing that has recently come to be called the Nunes memo.

The reason Leader PELOSI and I requested a Gang of 8 briefing was because that is the process for Congress to review sensitive and potentially classified information—it has been the process for decades—the reason being, the Gang of 8 is already read into sensitive national security information and because the Gang of 8 is bipartisan. When one party—Representative NUNES, who so clearly wants to distort national security information for partisan purposes—asks for a solitary briefing, there shouldn't be a briefing at all.

Our preference would still be for the Justice Department to cancel the briefing today, but if it goes forward, there should be one briefing and one briefing only: bipartisan, Gang of 8.

It is also wholly inappropriate that General Kelly is at all involved in these briefings. The White House should never be allowed to interfere in an ongoing DOJ investigation, but it is absolutely beyond the pale that they are interfering in an investigation involving the President and his campaign. The person and people being investigated are being briefed on their investigation before it concludes. That doesn't happen in our justice system no matter who you are. Americans will rightly wonder why General Kelly was present. To erase their doubts, he should skip the meeting.

Alongside all the action on Capitol Hill today, President Trump continues to fabricate a false narrative about deep-state bias against his Presidency. This is what a child does. You look at them like they are doing something wrong, and they blame something else. They try to divert your attention. That is how the President is acting.

Yesterday, he tweeted: "Look at how things have turned around on the Criminal Deep State." Well, Mr. President, I direct you to your own Secretary of State. You just appointed him, promoted him. Here is what he said yesterday:

I don't believe there's a deep state at the State Department. . . . The employees . . . at the CIA nearly uniformly were aimed at achieving . . . America's objectives.

That is the President's own Secretary of State, his own former CIA Director, dispensing with this fantastical notion of a deep state.

The President says there were spies in his campaign. It is all in the same vein of his other conspiracy theories. Remember, President Trump said that Obama tapped his phones. That was false. He said before that Russia did not interfere in our elections. That was false. Why should we think the claim that there were spies in his campaign is any different? He makes it up as he goes along to divert attention from the real issue: that Russia tried to influence our election; did influence our election; and there may, may, may—we don't know for sure, but we have to find out—have been collusion with members of President Trump's campaign and even President Trump in that regard. That is serious stuff. We have already had 13 indictments. It is beyond any doubt that Russia did try to influence our election. We need to find out who participated. That is imperative to the future of this country.

The President, acting like he has something to hide, keeps trying to subvert the investigation by simply inventing enemies out of shadows and sowing division in our country. If it were anyone else, we would call it paranoia.

Meanwhile, the President continues to risk our national security by using an unsecured cell phone for some of his communications. When the Washington Post asked a national security expert the odds of a foreign adversary having gained access to the President's unsecured cell phone, the expert responded: "100 percent, the question is how many foreign powers."

So while President Trump points the finger of blame in every direction and was relentless that Hillary Clinton broke security protocols, he is guilty of creating a real national security threat every time he picks up his cell phone to call Sean Hannity or Rudy Giuliani. It is amazing. It is utterly amazing, the times we are living in, and it amazes me so that our colleagues on the other side of the aisle still remain silent—still remain silent. Who would have thought.

EBOLA FUNDING

Madam President, in early May, President Trump proposed rescinding \$250 million meant to combat the Ebola virus and other infectious diseases. Not only are these rescissions a slap in the face of the bipartisan budget process, but they are dangerous to our national health and security.

Just last week, a new case of the Ebola virus was confirmed in the Democratic Republic of the Congo, and at least two dozen people have already died in this most recent outbreak.

Let's not forget how vociferously our friends on the other side of the aisle criticized President Obama on how he handled the Ebola outbreak in 2014. Once again, Donald Trump totally contradicts what he said in the past with what he is doing now.

Here is what Donald Trump tweeted in 2014:

Ebola has been confirmed in NYC with officials frantically trying to find all of the people and things he had contact with. Obama's fault.

Well, does he now say that it is Trump's fault? What mind-bending hypocrisy.

Now President Donald Trump proposes rescinding the same funding that Congress passed to help handle the Ebola crisis in 2014 and that continues to keep America safe. God forbid this funding is rescinded and Ebola outbreaks reemerge. It would actually be President Trump's fault.

The President should withdraw his rescission request for this funding, as Senator LEAHY and his colleagues on the State and Foreign Operations Appropriations Subcommittee asked in a letter this week. That funding should be free for USAID to use as Congress intended. And Donald Trump ought to learn from his past statements. If he can blame Obama for not fully going after the Ebola outbreak in 2014, why is he cutting money for Ebola now?

MEMORIAL DAY

Finally, Madam President, on a solemn note, before the Memorial Day weekend, I want to express my deep and abiding gratitude to the men and women in the armed services who gave their last full measure of devotion in defense of our Nation and our freedoms. This morning, I am thinking of one veteran: Larry Reilly, Sr., of Syracuse, NY. He was known to us by his naval rank: Chief Reilly. Chief Reilly served on the USS *Frank E. Evans*, along with his son who carried his name, Larry Reilly, Jr. The *Frank E. Evans* sunk, tragically, in a training accident just outside the combat zone during the Vietnam war, killing 74. Chief Reilly survived the accident; Larry Reilly, Jr., did not.

Because the Department of Defense did not consider the *Frank E. Evans* disaster a wartime casualty—it was a short distance outside the combat zone—we will not find the name of Larry Reilly, Jr., on that wall of black stone a few miles from here. None of the names of the 74 sailors who died

that day grace the Vietnam Veterans Memorial.

Chief Reilly spent much of his energies in the years since the war trying to right that wrong, to get his son and his son's fellow shipmates who passed away in that tragedy their rightful place in our Nation's history.

Chief Reilly, I regret to inform everyone, passed away earlier this week. We who knew Chief Reilly remember him fondly. We send our condolences to his friends and his family, along with the message that his cause does not die with him. In his honor, we will continue to pressure the Pentagon to recognize the *Frank E. Evans*, and those who were killed when it suffered this tragedy, on the Vietnam Veterans Memorial.

This weekend, as we honor our fallen veterans in big cities and in small towns throughout this grand country, I will be thinking of Chief Reilly and his son. May we never forget the sacrifices they made, along with so many others, so that we may all enjoy the full blessings of liberty.

I yield the floor.

The PRESIDING OFFICER. The Senator from Mississippi.

(The remarks of Mr. WICKER pertaining to the introduction of S. 2955 are printed in today's RECORD under "Statements on Introduced Bills and Joint Resolutions.")

Mr. WICKER. I yield the floor.

I suggest the absence of a quorum.

The PRESIDING OFFICER (Mr. CASIDY). The clerk will call the roll.

The senior assistant legislative clerk proceeded to call the roll.

Mr. LEE. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

ABORTION

Mr. LEE. Mr. President, last week, the Trump administration proposed new rules to finally bring Federal policy back in line with Federal law. This should not be controversial in a republic committed to the rule of law. But this new policy touches the question of abortion, which tempts all three branches of our Federal Government to turn truth, justice, and the law inside out in the service of violence. President Trump, to his credit, is resisting those temptations and affirming what the law should do—affirming the fact that the law should do what the law says.

The particular law in question is the Public Health Service Act. Every year, it allocates hundreds of millions of taxpayer dollars to public health centers across the country. Under the 1970 statute, no Public Health Service dollars "shall be used in programs where abortion is a method of family planning." That is, the bill was expressly written to fund healthcare for lower income communities, including family planning services, but not to fund or facilitate abortion, which, of course, is the opposite of healthcare.

Yet in the 1980s, the General Accounting Office found that abortion providers were colcoating their non-abortion and abortion-providing services and just keeping two different sets of books. This put patients, policymakers, and taxpayers in an impossible position. So regulations correcting this obvious abuse of the law were implemented; then they were upheld by the U.S. Supreme Court.

Subsequent Democratic Presidents rescinded these regulations, leaving the abortion industry free to indulge its ever-growing appetite for Americans' blood and treasure. This is the unacceptable status quo that the Trump administration would correct.

By reinstating some of those prior regulations, President Trump is following through on his campaign promise to the American people to get taxpayer money out of the abortion industry. This is to his great credit. Wherever you stand on the question of legalized killing of unborn children, it is essential that we draw the line at taxpayer funding of it.

The new rule would indeed reduce the flow of Federal dollars to abortion providers, including the billion-dollar behemoth of the grisly industry, Planned Parenthood. Even a modest step in this direction—in this case, about 15 percent—is to be commended.

In addition to incremental reform, this new rule is also a clarifying asset. After all, it does not deny Planned Parenthood or any colcoated clinics anything. It doesn't deny anything to them. It simply offers them a choice, and given Planned Parenthood's protestations that abortions are just a tiny fraction of what Planned Parenthood does, the choice should be easy enough.

If, despite their billions of dollars of taxpayer subsidies and private donations, Planned Parenthood and its accomplice organizations can't afford two local facilities—one for abortion and one for nonabortion care and counseling—they will just have to choose which clinic to keep open. They will have to decide—or, perhaps, just publicly admit—what business it is that they are really in: healthcare or abortion, life or death. Of course, we already know the answer. That is why Planned Parenthood is widely expected to lead a lawsuit to block the regulation just as soon as it is implemented.

As the New York Times recently put it, abortion is to Planned Parenthood what the internet is to Facebook; that is, like justice and the rule of law are to the American Republic.

Our abortion-on-demand legal regime today is doubly unjust, first, because it was created by judges rather than elected lawmakers and, second, because it denies the undeniable humanity of the unborn. President Trump's new policy would improve the law on both counts. First, it would bring the administration of the law back into line with Congress's clear, statutory text. Second, it would signal that in this White House, the protection of in-

nocent human life will be the guiding principle that it should be in any civilized society.

The new rule will protect Americans' right to protect themselves and the unborn from taxpayer-funded abortions and, hopefully, create just a little more space for the weakest and the most vulnerable among us to grow, to thrive, and to hope that we will one day see that inevitable day not so far from now when our laws and our hearts answer the immutable call of justice, love, and respect for the dignity of the human soul.

I yield the floor.

The PRESIDING OFFICER (Mr. SULLIVAN). The Senator from Massachusetts.

CONFIRMATION OF BRIAN MONTGOMERY

Ms. WARREN. Mr. President, Donald Trump promised during his inaugural address to fight for “the forgotten men and women of our country,” but in Donald Trump's Washington, the Senate sits on its hands as the revolving door spins faster and faster. Brian Montgomery is just the latest in a line of bankers, lawyers, investors, and consultants who cashed in on their big-time public service and now want back in.

Mr. Montgomery has just been confirmed to be the Commissioner of the Federal Housing Administration, the FHA, which provides taxpayer-backed insurance that helps millions of Americans buy homes they might not otherwise be able to afford. Lenders make loans to these families because the FHA gives them some protection in case the families default. Like any insurance, there are strict rules about who qualifies. Unless it is managed well, the FHA could expose taxpayers to a risk of billions of dollars in losses.

Mr. Montgomery knows something about the FHA. He was the Commissioner from 2006 to 2009 while the housing market was flying high and when it all came crashing down. Since almost the day he left, he has been making buckets of money selling his knowledge to banks who broke the rules and are trying to escape the consequences.

Here is what I mean. One month after leaving the FHA, Mr. Montgomery founded and became vice chairman of a new company called Collingwood Group which, according to reports, was known in the housing finance industry as a specialist in helping firms navigate FHA-related penalties and lawsuits. Who better to navigate the rules of the FHA than the guy who used to be in charge of the FHA?

One of Collingwood's clients was Wells Fargo. They were in trouble for defrauding FHA, and in 2016 paid HUD a \$1.2 billion fine. That is billion with a “b.” Wells Fargo admitted that from 2001 to 2008, it had lied to the FHA about whether certain loans were eligible for FHA insurance. Mr. Montgomery was in charge of the FHA from 2006 to 2008 and let that fraud happen. After he left, he went to the other team, giving Wells Fargo the inside scoop on how to beat the rap.

Collingwood also represented U.S. Bank. In 2014, U.S. Bank paid \$200 million for defrauding FHA. In its settlement, U.S. Bank admitted that “from 2006 through 2011, it repeatedly certified for FHA insurance mortgage loans that did not meet HUD underwriting requirements.” The taxpayers paid Mr. Montgomery to manage the FHA for 3 of those years, and he didn't stop the fraud. When he left, U.S. Bank paid him to help them get away with it. I guess it pays to be an inside guy.

I have seen some amazing cases of people spinning through the revolving door, but this one might take the cake. First, Montgomery runs an agency that puts taxpayer money on the line. While there, he looks the other way as the banks submit piles of fraudulent mortgages. The government then loses millions and millions of taxpayer dollars. Then, Mr. Montgomery waltzes right out the door and 1 month later starts a company advising the same big banks on how to pay the government back as little as possible for frauds they committed on his watch.

Look, he may have the best of intentions, but we can never expect the American people to trust Washington if we approve nominees like Mr. Montgomery. It is bad enough that he put taxpayer money at risk by looking the other way as the banks committed fraud and then bad enough that he got rich working for those same banks. Now the Senate is letting him go back and do it all over again? No way. It is finally time to crack down on the revolving door.

Mr. President, 10 years ago, as the economy lurched toward a financial crisis, millions of American families braced for the impact. Over the next few years, almost 9 million families lost their jobs and millions more lost their homes and their savings. Giant banks—pillars of Wall Street for generations—crumbled, bringing communities across this country with it.

In the aftermath of the crisis, Congress passed commonsense rules to make sure Wall Street could never again crash the economy and leave American families with the wreckage, but Donald Trump thinks that Dodd-Frank is “a disaster,” and he has promised to do a “big number” on the safeguards it created. He hired an army of bankers and bank lawyers from Wall Street to do the deed, and now Jelena McWilliams is the latest piece in the puzzle.

Here is just one example. In the runup to the crisis, giant banks proved to be terrible judges of risk and ended up sucking down billions of dollars in taxpayer bailouts just to survive. To fix this, Dodd-Frank directed the banking regulators to set strong capital standards that limited how much risk the big banks could load up on and required them to hold enough cushion to survive in case their bets went bad.

Policymakers and regulators from both sides of the aisle agree that these financial regulations made our economy safer. Former FDIC Chair Sheila

Bair and former Vice Chairman Thomas Hoenig—both Republican appointees—recently wrote in the Wall Street Journal that gutting capital rules “would weaken system resiliency.” Current FDIC Chair Martin Gruenberg—a Democrat—said that strong capital requirements were “among the most important post-crisis reforms” and has opposed joint efforts by the Fed and the Treasury to undermine them.

Ms. McWilliams would drop that opposition. In fact, she is not even sure there was anything wrong with the capitalist standards before the crisis. That is not the only rule she would roll back. Donald Trump’s Wall Street mercenaries have taken aim at a lot of critical post-crisis rules, and everything we know about Ms. McWilliams suggests she will support those efforts. Here is what is on the agenda.

First, there is the Volcker rule, which prohibits bank deposits from gambling with Grandma’s checking money. Banks are looking to scrap this rule, even though they are raking in literally record profits, but the FDIC has to agree before there are any changes. As soon as Ms. McWilliams is confirmed, bingo. Sorry, Grandma.

Next is guidance that prevents banks from offering abusive, short-term loans similar to payday loan products. The OCC has told the banks it regulates to have at it. With Ms. McWilliams in charge, it is only a matter of time before the FDIC banks get in the game.

Third, there is also the Community Reinvestment Act, the CRA, which is designed to make sure a bank serves all credit-worthy customers in its community, regardless of the color of their skin. Lending discrimination is rampant in America, even though 98 percent of banks pass their CRA exams, but banks and the Trump appointees they send to Washington want to make the test for passing even easier. Under Ms. McWilliams, the FDIC evidently will not stand in the way.

I could go on and on, but here is the thing. It is not just that I disagree with Ms. McWilliams or think her actions will make consumers and our economy less safe; it is that Senate Republicans are stacking the deck to allow Ms. McWilliams to make these decisions without any discussion.

The five-member FDIC Board is supposed to be split between Republicans and Democrats, but the Senate is moving to confirm Ms. McWilliams before the White House has even nominated a Democratic Vice Chair for the agency. If Ms. McWilliams moves forward, the FDIC will be under complete Republican control for an indefinite amount of time. Democrats should oppose the McWilliams nomination on this basis alone.

Ms. McWilliams is the latest Trump appointee who thinks the biggest problem with our financial rules is that the government is just too darn hard on the banks. Most Americans don’t feel that way. They want tougher rules on

Wall Street, not weaker ones. We should listen to them because they are the ones who pay the price when things go wrong on Wall Street.

I urge my colleagues to vote no.

I yield the floor.

Mr. SHELBY. Mr. President, I rise today in support of Jelena McWilliams to be the Chair of the Federal Deposit Insurance Corporation.

A native of the former Yugoslavia, Jelena earned her bachelor’s degree and J.D. from the University of California at Berkeley. From tough experiences that her family shared in Europe, Jelena understands the value hard work provides in a free market environment like ours.

The FDIC plays an important role in ensuring consumer confidence in our Nation’s banks. In addition to their work as the prudential regulator for State-chartered banks, the FDIC is also a key part of many interagency efforts to appropriately regulate financial institutions.

Due to her vast experience, Jelena is beyond qualified for this esteemed position. To put it clearly, she has worked in all fields that interact with her new role. She is certainly no stranger to the Senate. During my time as chairman, Jelena served as chief counsel and deputy staff director of the Senate Banking Committee. Additionally, she was assistant chief counsel on the Senate Small Business Committee and has experience working for the Federal Reserve. Jelena also has private sector experience as an attorney in private practice. She also served as executive vice president, chief legal officer, and corporate secretary for Fifth Third Bank.

Opposition to her nomination is unfathomable. Ms. McWilliams was reported out of the Banking Committee by a voice vote in February. She understands all sides of the areas she will regulate with the highest level of sophistication. However, that has not prevented Members of this body from being unreasonable. Opposition has appeared due to the nature of the Senate today, not due to any question regarding Jelena’s qualification for the job.

Passage of her nomination builds on positive momentum this week. With the passage of S. 2155, Congress has advanced appropriate scaling back of over-burdensome financial regulations. By confirming Jelena, the Senate has the opportunity to continue providing Main Street with commonsense regulatory relief. I am certain that Jelena is up for the challenge and confident that she will do an excellent job in this esteemed position.

The PRESIDING OFFICER. The majority whip.

MEMORIAL DAY

Mr. CORNYN. Mr. President, this weekend, we honor those who have fought on the frontlines in battle and made the ultimate sacrifice on behalf of the United States of America. These men and women represent America at its best—a nation that is restless and

unwavering in combating tyranny, that facilitates peace, and defends human rights and individual liberty across the globe; a nation that is unafraid to call evil by its name and then works to eradicate it through force, if necessary, even at great cost to itself and its own people.

Today, in advance of the holiday weekend, I say thank you to the 200,000 military men and women who are stationed in my State, the State of Texas, and to the 1.7 million veterans who call Texas home.

Thank you for having served over the course of so many years in the face of so many dangers and at such great individual sacrifice.

Of course, many of their predecessors gave their lives defending this country on the bloody fields of Gettysburg, in the trenches of the Western Front, during the storming of the beaches at Normandy, and during the Shock and Awe in Baghdad. These are just some examples, each of them unique but none of which we should ever forget.

We must also thank the military families of those warriors. I pray they find peace on Monday, when many of them will place flowers on military grave sites and speak privately to their loved ones who have passed on.

In just a few days, I will have the chance to speak to young Texans who thought hard about their futures and the future of our country and decided they want to attend our U.S. military academies. These talented high school students are the cream of the crop. They have been accepted to our Nation’s five prestigious military service academies, and they will be gathering together, on Monday, in San Antonio.

Even though I am not the one who has nominated all of them, we invite everyone who has been nominated—and their families—to come to this academy sendoff. This sendoff is something I look forward to each year because it is an inspiration to me. At a time when people talk about the next generation and America’s future, they reassure me that our country still produces talented, patriotic young men and women who want to serve their country and want to preserve our freedom. Meeting these young people who are making such bold and selfless decisions speaks well of the character of our Nation’s next generation.

Then I will be heading down to Georgetown, TX, which is just outside of Austin, to a community called Sun City, which has a large veteran population. There, I will join in celebrating Memorial Day in a place where patriotism is not a dirty word. In Sun City, it is not an act either. Loving one’s country and honoring fallen soldiers is simply a given, and I know there will be a lot of American flags on full display.

In the few days leading up to Memorial Day, we should also reflect on our duty as Members of Congress and as a nation to support our military servicemembers and their families and ask whether we are living up to our end of the bargain in Washington, DC.

Just yesterday, we took a very important step in that regard by passing the VA MISSION Act, which includes some of the most substantial reforms to the veterans' healthcare system that have been made in years.

It lowers the barriers to care for veterans and gives them more treatment options. It also simplifies the bureaucratic system of community care programs and streamlines them from seven to one. It expands the family caregivers program, which I became convinced was important after having visited wounded warriors at Walter Reed. Frequently, because of the catastrophic injuries they have suffered, a spouse has had to quit his or her job and basically tend to the needs of that wounded warrior, just as a practical matter, and provide assistance in addition to the medical care that has been received. Expanding the family caregivers program is, I think, a step in the right direction.

In this bill, we also address opioid prescription guidelines for outside providers and encourage the hiring and retention of more Veterans Health Administration healthcare professionals.

So there is a lot to talk about when we go home for Memorial Day, and I look forward to talking to our Active-Duty military and our veterans and to demonstrating that we are doing more than just talking about it; we are actually doing something that will make a difference in their lives.

Upon our return, I am also looking forward to continuing our hard work on the National Defense Authorization Act, which is something the Presiding Officer is intimately involved in, which was marked up yesterday in the Armed Services Committee.

For 57 straight years, a Defense authorization bill has been signed into law by Presidents of both parties and through the hard work of congressional majorities that have been led by both parties. This year's legislation will help ensure our military has what it needs to achieve the most difficult missions they have ever faced and to embark on those that will inevitably arise tomorrow.

I have spoken quite a bit about the China threat recently at this podium, and that country bears mentioning again, right now, because of its connection to the Defense Authorization Act.

As the chairman of the House Armed Services Committee said recently, it is "[i]n the Indo-Pacific region [where] the United States faces a near-term, belligerent threat armed with nuclear weapons and also a longer-term strategic competitor."

China is that longer term strategic competitor, of course, and that is what Congressman MAC THORNBERRY was talking about. Yet we can't just stop with China and North Korea. We need to talk about Russia, Iran, and the civil war and terrorist threat arising out of Syria and the Middle East.

All of those are important in our deliberations on the Defense authoriza-

tion bill because the NDAA prioritizes military readiness across the globe where American leadership remains indispensable. It promotes security and stability in the Indo-Pacific, particularly through military exercises with our allies, and it improves Taiwan's defense capabilities while we keep our commitment to Taiwan that was established a long time ago.

The Defense authorization bill is important for reasons that hit much closer to home as well. In past years, this bill has authorized needed improvements at Texas military facilities like Fort Hood, Joint Base San Antonio, the Red River Army Depot, and Ellington Field. It has also given our troops a much needed pay raise and updated advanced aircraft, ships, and ground vehicles. All of these have implications in Texas.

As we get closer and closer to Memorial Day, let's remember what our Armed Forces have given for us, including their very lives, and everything they have given to us, which is our freedom that we enjoy every day.

Let's make sure we keep up our end of the bargain here in Washington with legislation like the VA MISSION Act and the Defense authorization bill and at home with our patriotism and our frequent signs of appreciation for their service to our great country.

The PRESIDING OFFICER. The Senator from Indiana.

Mr. DONNELLY. Mr. President, I thank my colleague from Texas for his inspiring words and for his devotion to Texas veterans and to American veterans across our country.

As we approach Memorial Day, this is a time to honor our fallen soldiers and to reflect on the enormous sacrifices the men and women in uniform have made for us who were killed while serving this Nation.

Mr. President, I rise to recognize the service and ultimate sacrifice of four Hoosier servicemembers who gave their lives in defending our country in the last year. The sacrifices of Ryan Lohrey, Jonathon Hunter, Mark Boner, and Clayton Cullen will not be forgotten.

In July 2017, we lost Navy Corpsman Ryan Lohrey. He died with 15 other servicemembers when a military refueling aircraft crashed in a soybean field in Mississippi. He was 30 years old.

Born in Anderson, Ryan was described as selfless and patient and humble. He played football at Shenandoah High School in Middletown, where he graduated in 2005. Two years after graduation, Ryan joined the Navy and served our country in deployments to Afghanistan and Iraq. During his service, he earned a Purple Heart for being wounded in battle.

Last August, Army SGT Jonathon Hunter was killed in Afghanistan. Jonathon was born in Columbus. He was a man of faith who loved his country and his family. Before joining the Army, Jonathon played football at Co-

lumbus East High School and then pursued his dream of becoming a music producer before enrolling at Indiana State University in Terre Haute.

He left college to join the Army. He was 23 years old and just 32 days into his first deployment when he and a fellow soldier were killed in a suicide bombing attack on a NATO convoy in southern Afghanistan. Jonathon was posthumously awarded a Purple Heart as well as a Bronze Star.

In January, we lost SFC Mark Boner of the Indiana Army National Guard. Mark was born in Fort Wayne. After graduating from Elmhurst High School in 1993, he answered the call to serve his country.

Mark enjoyed being at the lake, and he was a fan of the Notre Dame Fighting Irish. He served in the Army and in the Indiana National Guard. Mark had completed tours in both Iraq and Kuwait and died at Fort Hood, TX, where he was training for his third deployment for his country. He was only 43 years old.

Also in January, we lost another Hoosier: Army 1LT Clayton Cullen, of Bicknell. Clay graduated from North Knox High School in 2011, where he played soccer and served as student body president. After high school, he earned a degree from Indiana University and was in the school's ROTC program.

Clay was 25. He died when the helicopter he was aboard with another servicemember crashed at the National Training Center at Fort Irwin, CA.

Each of these courageous men has left behind family, friends, and loved ones who miss them every day, miss them more tomorrow, and even more the following day.

As we pay tribute to these servicemembers, let us also recognize their families. Our hearts go out to every one of them, not only on Memorial Day but every day. At everything from family dinners and get-togethers to holidays, someone is missing their husband, their father, their brother or son. There is an empty seat that every heart wishes was filled.

While nothing could ever fill the void left by the loss of these servicemembers, their legacies live on through their families. The people I speak about represent not only the best of Hoosier values but of America's values. They serve their country so that we all can be safe, so that we all can be secure, so that we all can have our freedom protected. We grieve for them and we miss them. I join every Hoosier in praying for their friends, family, and fellow servicemembers.

On Memorial Day, we will pause to commemorate the extraordinary sacrifice so many men and women in uniform from across our State and Nation have made. Every day, in conflict zones across the world, American servicemembers put themselves in harm's way. We thank them for their courage

and bravery, and we remember the patriots who lost their lives and exemplified the very best of what our country is and can be.

One other note, I remember a few years ago when I was driving through Starke County, IN. It was early in the morning on Memorial Day. I drove through the town of Walkerton, IN. It was early in the morning. In the town cemetery there were a couple of dads and moms and their children. They were putting flags on every veteran's grave who had served our country and devoted their lives to our Nation. That scene that I saw was being duplicated in towns all across my State and all across our country, because the one thing all of us as Americans understand—whether we live in Indiana, Philadelphia, or in Ohio—is that there are young men and women from other towns and from other States who lost their lives to protect us, and we are all in it for each other. We are all in it together as Americans.

On Memorial Day, please say a prayer and think about all those who gave us the chance to celebrate our freedoms.

May God bless Indiana, and may God bless the United States of America.

Thank you, Mr. President.

I yield back.

I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The legislative clerk proceeded to call the roll.

Mr. BROWN. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. BROWN. Mr. President, last week, Pope Francis released an unprecedented document detailing what is wrong with our financial system. That the Pope thought it was that important to weigh in tells you a lot about where we are as a nation.

We have an economy, the Pope noted, that defines success by corporate profits and measures time in quarterly earnings reports. That is not how families think. Washington may think that way, corporate CEOs may think that way, but families mark time in school years, in 30-year mortgages, and in years left to save for retirement. That is why the Pope called our current financial system “an inadequate framework that excludes the common good.”

Right now, working families are struggling in this country. The economic statistics may look rosy, but they mask serious problems that hold too many workers back and prevent entire communities from sharing in that growth.

The Pope warned last week that “work itself, together with its dignity, is increasingly at risk of losing its value.” Work is increasingly at risk of losing its value. Our economy simply doesn't value work the way it should.

Over the past 40 years, the link between productivity and wage increases

has eroded. Profits have gone up, CEO compensation has gone up, worker productivity has gone up, but wages have been stagnant. Workers simply don't get the help they should in compensation. Workers simply don't share in the wealth they create for stockholders and the wealth they create for executives and the wealth they create for CEOs.

Wages have ticked up a tiny bit recently, but, looking at the long run, they have been largely flat. Think about this: If there are 100 people in the Galleries, if they are average—maybe they are, maybe they aren't. If there are 100 people in the Galleries, 44 of them can't afford an emergency expense of \$400. Think about that. If they are a \$15-an-hour worker and their car breaks down and it costs \$600, what do they do? They go to get a payday loan, and we know what happens when they do that. Forty-four percent of American adults can't afford an emergency expense of \$400.

This is even more troubling: One in four renters in this country spends at least half their income on housing. If one thing goes wrong in their lives—if their child gets sick—they are unlikely to have sick leave or vacation days. So if their child gets sick, they either send their child to school sick or they stay home with their daughter or son and lose a day's pay. And if they are spending 50 percent of their income on housing, what happens? They are likely to be evicted, likely to be foreclosed on if they own their home and then their lives really spiral down.

In light of all that, this Congress thought the best thing to do was pass another giveaway to the big banks because Wall Street hasn't done enough. This body can't help itself. They fall all over themselves. The lobbyists going in and out of Leader MCCONNELL's office, and the Wall Street lobbyists—the White House increasingly looks like a retreat for Wall Street executives. This body just falls all over itself. We always have to help Wall Street. Over the next 7 or 8 years, 80 percent of the tax-cut bill that was passed last year will go to the richest 1 percent of the country, as if they need the help.

The giveaway to the big banks the President is going to sign tomorrow comes on the heels of a \$1.5 trillion—how much is a trillion? A trillion is 1,000 billion. How much is a billion? A billion is 1,000 million. It was a \$1.5 trillion deficit-financed tax cut for millionaires and more likely billionaires who control one political party in this body. It was tax cuts for billionaires and corporations that ship jobs overseas. Apparently that is just not enough, so this week, the House passed a bill loosening taxpayer protections on big banks that received a combined \$239 billion in taxpayer bailouts. Think about that. It weakens stress tests for all large banks. It opens the door to less oversight of foreign megabanks.

This bill also eliminates data-gathering that guards against mortgage

discrimination. We are bringing back redlining. There has been no racial discrimination in housing in this country, apparently, so let the banks and let the government that sometimes goes along with the banks get that red pencil—it is done with computers now—and draw around those neighborhoods so that those families—often people of color but not always—can't get equal access to home mortgages.

The Congressional Budget Office, which is the independent, nonpartisan scorekeeper, confirmed that this bill that just passed would increase the likelihood of a big bank failure and a financial crisis and would add \$670 million to the deficit.

What problem exactly is this Congress trying to solve?

One of my favorite quotes is from Abraham Lincoln. He was in the White House, and his staff wanted him to stay there and win the war and free the slaves and preserve the Union. He said: No. I have to go out and get my “public opinion baths.”

When I go back to Cleveland, where I live, or when I see my grandkids in Columbus or when I go anywhere else in the State, I go out and listen to people, and I try to get these public opinion baths. Never once have I heard somebody say: You know, Senator, with the problems we have, the first thing we have to do is weaken regulations to help Wall Street. I never hear that. The only people who say that are bankers and a bunch of politicians who are all well compensated, who have very good healthcare paid for by taxpayers, and who do what the banks want them to do.

The FDIC—the Federal Deposit Insurance Corporation—released new data this week. Banks increased their profits by 13 percent over the last year. Of those 100 people in the Galleries, how many of them got a 13-percent raise last year? Well, banks increased their already strong profits by another 13 percent. It has happened almost every year this decade, since Congress bailed out the banks 8 years ago. That 13 percent is not even counting the windfall profits they got from the windfall tax bill. When they take the tax bill into account, banks profits went up not 13, not 15, not 20, but 28 percent.

The banking sector bought back \$77 billion worth of stock last year. Do you know what that means? That is all about raising compensation for the biggest stockholders and the CEO. The average bank teller in this country makes \$26,000 a year. Bank profits are up. CEO compensation is up. They are all doing very well. They got a big tax cut. The average teller makes \$26,000.

At my high school reunion in Mansfield a couple of years ago, I sat across the table from a woman with whom I graduated. She has worked as a teller in a large, well-known bank for 30 years, and she makes \$30,000 a year. She has worked there for 30 years. But the bank CEOs are doing very well—

millions and millions of dollars in compensation.

If these banks fail again, it will be those tellers, it will be the middle manager, it will be the millions of other American taxpayers who will be called on to bail them out. That is why we did Wall Street reform—Dodd-Frank—several years ago. We passed a law that created important protections for the financial system, for taxpayers, for homeowners, to hold banks and watchdogs accountable and prevent another crisis.

Do you know what? The day that bill was signed, the chief Financial Services—do you know what the chief bank lobbyist in this city did? The day it was signed, he said: “You know, it is halftime.”

What does that mean? “It is halftime” means that you might have passed this law that we didn’t like—we, Wall Street—but we are going to fight like hell to weaken the rules to implement the law. And once we get a Republican majority and we have a majority leader and, further down the hall, a Speaker of the House who does whatever Wall Street asks them to do, then it will be time to come back and weaken the laws.

That is what happened with the election of this President and the election of the majority leader and the Speaker of the House. It is time to go back to Wall Street and say: How can we help you, sir? It is almost always a sir.

Another bank lobbyist, when he talked about these negotiations, said: We don’t want a seat at the table; we want the whole table.

Wall Street greed knows no bounds. That is why it is a huge concern that the White House looks like a retreat for Wall Street executives. Special interests are getting the whole table. The President is signing the big bank give-away into law.

Here is the last point I want to spend a little time on. They are trying to install yet another Wall Street nominee with the troubling record of dismissing the harm Wall Street inflicted on Main Street—Jelena McWilliams, who is listed as Ms. McWilliams of Ohio, my State. I would like to support a fellow Ohioan. She hasn’t really lived in Ohio very long. I know she has moved back. But I would still like to support a fellow Ohioan. She has been nominated to be the Chair of the Federal Deposit Insurance Corporation, but she has never supported the need for strong rules and tough supervision for the banking system.

At her nomination hearing, she declined to acknowledge the role that excessive bank borrowing played in causing the 2008 collapse. What are we going to do? On whom are we going to blame the bank collapse, the economy going into the toilet, the fact that millions of Americans lost jobs, millions of Americans had their homes foreclosed on, and billions and billions of dollars were lost from seniors’ retirement accounts? We are going to blame

that on them? Wall Street, of course, had nothing to do with it.

Right now, the Fed is considering a proposal to weaken protections and give a \$120 billion windfall to the eight largest banks. Even former Chairs and Vice Chairs of the FDIC appointed by Republicans, two people I admire—Sheila Bair, who used to be chief of staff for Bob Dole, appointed to the FDIC by President Bush and kept by President Obama; and Thomas Hoenig, another Republican from the Kansas City Fed and a Republican regulator—they have opposed this proposal. But Mrs. McWilliams refused to do so.

On issue after issue—payday lending at banks, cost-benefit analysis, the Volcker rule—she has shown no independence from this White House that looks like a retreat for Wall Street executives.

The FDIC was designed to be independent and nonpartisan. We don’t need another rubberstamp from Wall Street’s agenda on the FDIC board, particularly when we have no commitment to move the nominations for Democratic seats. We need independent thinkers at these agencies who are willing to push back against a big-bank agenda.

Last week, Fed Vice Chair Randall Quarles gave a speech saying—just as we predicted—the Federal Reserve wants to loosen rules on foreign megabanks. So it is not just that we are doing favors for Wall Street, but we are doing favors for these multidecillion or hundreds of billions of dollars foreign banks. We decided to make it easier on them.

Yesterday, former OneWest banker Joseph Otting announced that he wants banks to get into the business of payday loans. They have always said they have nothing to do with these payday loans. Well, they do. Otting has other plans to gut the Community Reinvestment Act—a 40-year old law that ensures that banks serve their communities. And we could spend hours detailing what Mick Mulvaney is doing to the Consumer Protection Bureau.

In closing, I will go back to the Pope’s message. He noted that “while most of [the financial industry’s] operators are singularly animated by good and right intentions, it is impossible to ignore the fact that the financial industry . . . is a place where selfishness and the abuse of power have an enormous potential to harm the community.”

A little selfishness, a little abuse can have massive consequences when it comes to the financial system. Families in Ohio can’t afford that risk. It is our job to protect those families.

The Pope said: “Those entrusted with political authority find it difficult to fulfill to their original vocation as servants of the common good.”

We should listen a little more to the people we serve, and we should listen a little less to Wall Street. We should break the addiction to Wall Street money. We should break our allegiance

to Wall Street interests. That is how we create an economy that values work and create an economy that serves the common good and not corporate special interests.

TRIBUTE TO VAUGHAN WEHR

Mrs. FISCHER. Mr. President, I rise today to pay tribute to my longtime scheduler and dear friend, Vaughan Wehr. After 5½ years in Washington, Vaughan is returning home to her sprawling, tight-knit family in Omaha.

Vaughan started with me as an aide in my legislative office in Lincoln. It was an easy decision to ask her to come to Washington as an original member of my team. She did a good job, she worked hard, and she was a joy

to have around. She started out in the Senate, where so many do, answering phones and greeting constituents. That is hard work, but Vaughan always did it with a smile on her face.

It didn't take long for her to take on more responsibility, first as a deputy scheduler and later as a scheduler for nearly 4 years. Throughout that time, Vaughan always did her job with a special blend of diligence and humor. She has earned a reputation in the Senate as a top scheduler and the life of any party.

It is no exaggeration to say that Vaughan has been the beating heart of my office. She has made a mark here by doing her job with love and laughter every single day.

My husband, Bruce, and I are very thankful for her service, and most importantly, we are thankful for her friendship. She is one of a kind. We wish her the very best as she returns home to Nebraska.

I yield the floor.

The PRESIDING OFFICER. The assistant Democratic leader.

Mr. DURBIN. Mr. President, I ask unanimous consent to speak as in morning business.

The PRESIDING OFFICER. Without objection, it is so ordered.

VENEZUELA

Mr. DURBIN. Mr. President, it was about 5 or 6 weeks ago that I accepted an invitation and an opportunity to visit Caracas, Venezuela. I had never been to that country before and spent 4 days. It turns out that not many Members of Congress go to this country and very few are given permission if they ask, but for some reason, I was given permission and went down there to meet with the leaders of the government and to take stock of what was happening in Venezuela.

Sadly, I have to report that Venezuela—that proud nation—is teetering on collapse. I met with President Maduro, members of his government, opposition leaders, civic and humanitarian leaders, medical experts, victims of the regime's political repression, and an American who is currently jailed on political charges in Caracas.

What I found there and recounted on the floor a few weeks ago was a heart-breaking set of overlapping crises—humanitarian, economic, and political. While these three inexcusable crises of the government's making continue, the people of this poor nation are increasingly suffering and leaving in desperation. It is one of the most desperate situations I have ever seen in a country that is not in the midst of a war. In my discussion with President Maduro, I urged him to help get his country out of the international isolation that it currently faces and put an end to the human suffering by starting with a clean election.

Last Sunday, there was an election. It was a farce. I asked him to release political opponents so they could run for office. I asked him to authorize parties to field candidates. I asked him to

create enough time in the election cycle so there could be a real campaign. I told him, if he didn't and went through with his election campaign, it would not be a credible result. We know the Maduro regime was using food, among its starving people, to manipulate votes. The regime had, unfortunately, no credible election monitors before or during the vote, and, of course, it rushed the election to get the result it was looking for.

I recently joined with Senator MENENDEZ of New Jersey. We said, quite simply, that Maduro should have the courage to have an open election, a democratic process. As we arrived at the airport, we noticed the great hero of Venezuela, Hugo Chavez. Hugo Chavez won his first election in a democratic manner, and I urged President Maduro to now do the same.

I was also direct in saying to him that he had to release the American, Josh Holt, who is being held in prison, in Caracas, on political charges. Why is he being held? It is that he traveled to Venezuela to be with and to marry the woman he loved and to bring her and her two daughters back to his home State of Utah? He crossed the Maduro regime, and in that process, he was arrested on charges that are outrageous. He has been held now for almost 2 years without having had a meaningful trial or a resolution of the dispute.

As the events of the last few weeks have shown, the obvious path forward for Venezuela has been rejected by the Maduro regime. Instead, it went ahead with last Sunday's widely discredited election in which his regime jailed or disqualified any meaningful opponent. It was a farce. It will only result in the further isolation and suffering of the Venezuelan people. I know President Maduro is blaming Yankee imperialists for the problems his country is facing or the opposition to his leadership. He need only look to neighboring nations in Central and South America to see that they also reject what he has done politically.

Despite stirring video pleas from the prison in which Josh Holt, the American, is being held, Maduro's regime wouldn't even meet with our top diplomat in Caracas. Todd Robinson is the Charge d'Affaires who represents the United States since we are not allowed to have an ambassador in that country. He went to the Foreign Ministry on behalf of Josh Holt when he heard about the prison riot and the danger to this American prisoner who is being held on political charges. Obviously, he got under President Maduro's skin, and he has now expelled him.

The Trump administration has been unequivocal in claiming that the Venezuelan election was a sham and also in imposing new economic sanctions in order to put pressure on the leaders in the Venezuelan Government to change. As I told President Maduro and members of his government, both parties in America may have their squabbles and differences, but when it comes to Ven-

ezuela, we stand together. Republicans and Democrats agree that things need to change dramatically in Venezuela if it wants to enter the family of civilized nations around the world.

President Maduro has responded not by reaching out to the opposition and not by showing any true reform but by rejecting every overture. He refuses to release Josh Holt and his Venezuelan wife and daughters to allow them to come to the United States. He still keeps Leopoldo Lopez, a political leader in Venezuela, under house arrest. I spoke to Mr. Lopez by phone and met personally with his wife. It is shameful what they are doing to him.

By restoring the power of a legitimate national assembly, President Maduro would show he is willing to move toward the Constitution which guided his country, but he refuses. He refuses to start a meaningful dialogue with the Lima Group—other nations in the region—that want to work with him toward moving Venezuela to a better day. He refuses to work with neighbors and humanitarian groups that truly want to address the suffering in that country.

It was not until the public health briefing I had in Venezuela and a personal visit to a local hospital that it really hit me and hit me hard how bad things are. This is a country—one of the few on Earth—that is not at war but that is currently facing epidemics of measles, diphtheria, and malaria. When you go to Caracas city hospitals—not to remote, rural hospitals—and ask them what they need, they tell you vaccines, antibiotics, cancer drugs—the basics. They don't have them in that country.

You can just see on the streets of Caracas that the people are starving. They are starving. They don't have enough food to eat in that country. The inflation is so out of control that people stand in line for an hour a day to get the maximum withdrawals on their credit cards, in hard currency, because the withdrawals are worth the 60 cents they need for round trip bus fare to their places of work. At 11 o'clock at night, in the darkness, you will see people standing by ATM machines to withdraw wads of currency worth 60 cents so they can board the buses the next morning.

The expulsion of our Charge d'Affaires, Todd Robinson, was really disgraceful. He was accused of conspiring against the Venezuelan Government. What did he do? He stood up for the American prisoner, Josh Holt. That is all. Todd Robinson is one of the Nation's highly respected diplomats who carries the rank of Ambassador and has served with distinction in some of the most challenging countries in the world. I spoke with him on the phone yesterday. He is disappointed. He knows there is much work to be done in Venezuela to protect innocent people and to make sure the Americans have a strong presence in order to protect them as well, and now he is being expelled.

During my visit to Caracas a few weeks ago, I watched him try to establish a dialogue with the Maduro regime. It was next to impossible. A dialogue requires someone on the other side who will listen and respond in good faith. That was not the case. When I spoke to him—our Charge d'Affaires, Mr. Robinson—he was packing up and helping the Embassy staff prepare for his departure. He will be back in the Washington area over the weekend. I thanked him for his service in Venezuela and for his team that continues to soldier on under some of the most difficult circumstances in the world.

Until the Maduro regime stops dismantling its country's democracy and starts to address the true humanitarian crisis which exists in its country, I will continue to support U.S. and regional measures to put pressure on the Maduro regime to change. I know of no other way to do this that will not bring more suffering and death to the innocent people of Venezuela. This once great nation will not be great again until its leadership understands that the current approach—denying democracy, denying the electoral process, refusing to have an open dialogue with democratic nations around the world—will only sink them further into the abyss.

I yield the floor.

The PRESIDING OFFICER. The Senator from Iowa.

LAW ENFORCEMENT'S LEGAL PROTECTION AGAINST RETALIATION FOR COOPERATING WITH CONGRESS

Mr. GRASSLEY. Mr. President, as I often have to come to the floor to clear things up, I am back once again.

I have been seeing reports—reports that are wrong—that individuals within our Federal law enforcement agencies who want to talk to Congress about problems they have seen on the job have a fear that if they do that, they could be punished. The reports say these individuals then want to be subpoenaed by congressional committees rather than come forward voluntarily. There is a perception that without a subpoena, they have no legal protection against retaliation for their cooperating with Congress.

That is nonsense, and that is a misrepresentation that has been fomented by the FBI's and the Department of Justice's leadership for many years under both Republican and Democratic administrations. I have worked hard to strengthen legal protections, especially for FBI employees. FBI employees have a right to cooperate with congressional inquiries just as they have a right to cooperate with the inspector general. Anyone who tells these FBI agents anything else is lying. FBI agents and all Federal law enforcement are protected if they want to provide information to the Congress. That is true whether it is by subpoena or not.

If that is news to law enforcement people, including the FBI, I would encourage you to research the law individually. It is found at title 5, U.S. Code, section 2303.

As you will see in the law, nowhere in that language do its protections require a subpoena, nor do they require the approval of an agent's chain of command or congressional affairs staff approval.

Moreover, Federal appropriations law also forbids the use of taxpayers' dollars to pay the salary of any individual who interferes with or attempts to interfere with a Federal employee's right to communicate directly with Congress.

The Government Accountability Office recently found that an Obama Housing and Urban Development congressional affairs official did interfere that way in 2013, so paying that salary violated the restrictions Congress had placed on the money. Based on that ruling, Housing and Urban Development initiated collection efforts to recover a portion of the salary paid illegally, as a debt owed back to the United States from this executive branch staffer, as a result of interfering with somebody's right to talk to Congress.

Congress has the power of the purse, and bureaucrats need to understand that funding for their salaries comes with strings attached. Federal employees cannot be prevented from talking directly to Congress—pretty plain—period.

There can be no interference with any Federal employee talking directly to Congress. I should add that you shouldn't even try.

If unelected bureaucrats have so much contempt for an employee who voluntarily informs the people's elected representatives of facts necessary to do our constitutional responsibility of oversight, then we still have a lot of work to do. That kind of thinking is dangerous. It leads to irresponsible government, and is totally contrary to law. If that perception is persisting throughout law enforcement, including the FBI or, indeed, throughout government generally, then the leaders of those agencies are not doing their job. They are failing in their responsibility as leaders, they are failing the workforce, and they are failing the American taxpayer.

I don't want anyone out there to be confused. It is pretty simple. If you are a Federal employee and you want to disclose wrongdoing and waste to the Congress or you want to cooperate with a congressional inquiry, you are legally allowed to do so. You should not have to fear retaliation. No FBI agent or other government employee should be afraid to cooperate with Congress or with the inspector general.

Any FBI agent who has information to provide, or questions about their rights to provide it, should not hesitate to reach out and ask. Contact the committee. Contact the inspector general.

There are people there who can tell you more about what protections may apply to your specific situation.

It seems to me that if you know something is wrong, you have a patriotic responsibility to expose it. Transparency brings accountability, and what we don't have enough of in the U.S. Government is accountability.

I yield the floor.

I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The senior assistant legislative clerk proceeded to call the roll.

Mr. MENENDEZ. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. MENENDEZ. Mr. President, what is the pending order at the desk as it relates to the time of the vote?

The PRESIDING OFFICER. The vote is to occur at 1:45 p.m.

Mr. MENENDEZ. Mr. President, we are considering today the nomination of James "Randy" Evans to be Ambassador to Luxembourg. I opposed Mr. Evans' nomination in committee, and I will again oppose his confirmation on the floor.

My concerns with Mr. Evans center around his tenure on the Georgia State Election Board from 2002 to 2010. In March of 2005, Georgia passed a controversial new law requiring voters to show a photo ID in order to cast a vote.

Despite the fact that both Federal and State judges prohibited the law from going into effect, the Election Board made a decision in 2006 to send a letter to 200,000 voters with the false impression that the law would be in effect for the upcoming election. Appropriately, this action caused an uproar, and multiple voices accused the Board of defying the injunction in a deliberate attempt to mislead voters and possibly suppress minority turnout. The board subsequently mailed out a clarification letter, but the damage had already been done.

During his confirmation process, Mr. Evans unfortunately presented conflicting accounts of his involvement in this effort to suppress voter turnout. He first said he could not remember the details of how the letter was sent or who wrote it. However, other board members who served during that time period, as well as summaries of election board meeting minutes from 2006, clearly reflect that Mr. Evans and the board as a whole appeared to play a central role in drafting and distributing the letters.

These conflicting accounts trouble me. The right to express one's vote at the ballot box is fundamental to our democracy. Throughout our Nation's history, various actors have sought to systematically deny different groups of people this core right.

Those representing the United States abroad must embody and embrace our fundamental democratic values and ideals. I am not convinced that Mr.

Evans will do that. One cannot be advocating for democracy and human rights and suppressing votes here at home. I do not think he has demonstrated the judgment I would expect from our Ambassadors, and for this reason I will urge my colleagues to reject sending Mr. Evans to Luxembourg as the U.S. Ambassador.

Because my colleagues are here on the floor, although I have time reserved to speak on North Korea, I will yield, because I think they have an important action to take place.

The PRESIDING OFFICER. The Senator from Missouri.

Mr. BLUNT. Mr. President, I ask unanimous consent that the motion to reconsider be considered made and laid upon the table.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. BLUNT. Thank you, Mr. President.

I would like to turn to my colleague, Senator KLOBUCHAR. We have worked together on this bill. We are pleased to be able to bring it to the Senate floor today. We are pleased that all of our colleagues had time to see it, that it went through the process on both sides without objection, and that now it has been voted on by the Senate.

Senator KLOBUCHAR.

The PRESIDING OFFICER. The Senator from Minnesota.

Ms. KLOBUCHAR. Thank you very much.

Mr. President, I would like to thank Senator BLUNT for his work on this. This is an incredibly important moment. We are completely overhauling the sexual harassment policies of the Congress. This was an antiquated policy that literally required 30 days of forced counseling, 30 days of forced mediation, and 30 days of a cooling-off period. It was time for a change, and that is what we came together to do.

I wish thank our colleagues who have worked on this with us: Senators GILLIBRAND, MURRAY, MCCASKILL, HARRIS; our working group on Rules, including Senators BLUNT, FEINSTEIN, CORTEZ MASTO, CAPITO, and FISCHER; and of course the two leaders, Senator MCCONNELL and Senator SCHUMER, who worked on this.

Senators ENZI and KENNEDY would always say: If you can agree on things 80 percent of the time, that is a good day. This is a good day for changing the rules so that the deck is not stacked against victims, who should be in a safe workplace.

Thank you, Senator BLUNT.

Mr. BLUNT. I certainly appreciate the opportunity we have had to work on this. Senator KLOBUCHAR and I work together on the Rules Committee, as well, where I am the chairman and she is the ranking member, and the daily activities of the Senate come to us often.

This was an action that created an opportunity where we looked at the Congressional Accountability Act of 1995. As Senator KLOBUCHAR has suggested, there are things that may have been well-intended at the time, but they really put too many obligations and too many restrictions, in our view, on victims. Those things are all eliminated.

Members of Congress, if they are personally involved in harassment, will be personally liable for the compensatory damages of that. I think it puts the responsibility where the American people think it should be.

Both of our leaders have been very supportive—both Senator SCHUMER and Senator MCCONNELL. Many of our Members were involved in drafting this legislation, and there were many more who, after they had time to look at the final product, cosponsored the legislation. I think approximately one-third of the Senate by the time this bill came to the floor were cosponsors of the bill.

We look forward to this bill further defining what we see as our responsibilities. I am pleased to see the action of the Senate today with the unanimous clearance of every Senator on both sides, which enabled this bill to come to the floor and now has been approved.

Ms. KLOBUCHAR. Thank you very much.

Mrs. MURRAY. I want to thank my colleagues from Minnesota and Mis-

souri for all of their hard work on this issue. I would like to ask my colleagues through the chair about section 111 of the bill amending section 415 of the Congressional Accountability Act. A new subparagraph, which will become 415(d)(1)(D), describes certain violations for which reimbursement is required by a Member of the House of Representatives or a Senator. I am interested in my colleagues' understanding regarding how that language should be interpreted?

Ms. KLOBUCHAR. I Thank the Senator for her question. The description of harassment in section 111 of the bill is only relevant to the determination of whether a Member is required to reimburse the Treasury and is not intended to be used in other contexts.

Mr. BLUNT. Section 111 of the bill includes a new requirement for Members to reimburse the Treasury in specific circumstances. The description of harassment in this section is only intended to be used during adjudicatory processes to determine whether a Member is required to reimburse the Treasury.

Mrs. MURRAY. Thank you. That clarification is helpful for my understanding and for my colleagues' understanding as we take important steps to better address harassment in the U.S. Congress.

CONGRESSIONAL ACCOUNTABILITY ACT OF 1995 REFORM BILL

Ms. KLOBUCHAR. Mr. President, Senator BLUNT and I were here on the floor earlier to talk about the bill that was just passed through the Senate unanimously. That is the bill dealing with sexual harassment and other harassment rules of the Congress. This was a joint effort, and I wish to take this opportunity, first of all, to thank everyone who was involved in this.

First and foremost is Senator BLUNT, who has been a true partner. We have worked on everything together, from adoption to tourism. Last month, when he took over from Senator SHELBY's able leadership of the Rules Committee, he and I worked together on changing the Senate rules, for the first time in the history of the Senate, to be more family friendly. We worked with Senator TAMMY DUCKWORTH so that her baby will be allowed on the floor, as will other children of male and female Senators going forward.

The world is changing, and the Senate needs to change with it, and I would argue that the Senate should be in the lead.

It is no surprise, then, that we have had a number of women staff members take the lead and work with us on this bill. First is Lizzy Peluso, who is my lead and the ranking member's staff director of our Rules Committee. She was my chief of staff for a number of years and moved over to be our lead on the Rules Committee. She has done a tremendous job ushering in this legislation by listening to Members' concerns and working with people on the legislation.

There is also Stacy McBride, who has the same role working for Senator BLUNT and has worked with him on this. We thank her for her help as well.

I also want to mention Erin Sager Vaughn, who works with Senator SCHUMER and has really done a lot of work on this bill.

It just was a team effort.

To John Abegg, from Senator MCCONNELL's office, thank you for your help as well.

I want to thank Travis Talvitie from my office for his work on this bill.

This was a bill that was a long time in coming. I notice that there has been some excellent work over in the House. We want to thank Representative SPEIER and others who have been involved in their bill. We know it is a little different than our bill. We look forward to hearing them out and working with them as we move forward.

I did want to thank our colleagues in the Senate who supported this bill and worked with us. That would be Senator GILLIBRAND, who has been such a leader on this issue, Senator MURPHY, Senator MCCASKILL, and Senator HARRIS. Also, I want to thank our Rules Committee working group: Senator FEINSTEIN, Senator CORTEZ MASTO, Senator CAPITO, and Senator FISCHER. All are women who serve on the Rules Committee and know we had to change the rules.

I would say about this bill what Senator ENZI would always say about his work with Senator Ted Kennedy: You have to start with the 80 percent that you agree on.

We found a lot to agree on when it came to reforming the process in the Senate, which was literally staff against victims. It didn't include interns. It didn't include a number of people who had worked in the Senate. It was a very difficult process for people to bring claims.

Of course, our goal here is a safe workplace, not only in the Senate and in the House, not only in all of the Federal Government, but really across the country. So as much as this debate has been focused on people who serve in positions of power—as it well should be—we also have to remember the nurse on the frontline in the hospital and the factory worker on the poultry line in Minnesota, and we should have protections in place at all workplaces. I know

this discussion is going on across America, and we are more than ready to be part of that discussion.

So what is the problem? First of all, we have a situation where we had a 30-day forced counseling period. If someone were to bring a harassment claim in the Senate, they had to go through 30 days of forced mediation, even if they didn't want to mediate the claim. We had a 30-day forced cooling-off period before they could have access to a court. They could have been forced into a nondisclosure agreement. Interns had no protection at all, and there was no actual transparency around awards or settlement. It was literally set up to muzzle the victims in these cases.

So what have we done? First of all, Senator GRASSLEY and I worked on this last fall, along with Senator SHELBY and others, and on mandatory training. I appreciate the leadership of Senator MCCONNELL and Senator SCHUMER in working with us on this and getting this done quickly so that every staff member in the Senate, including every Senator, now goes through sexual harassment training. That had to happen for the first time by the end of January, and that happened.

We also were concerned that victims weren't reporting incidents. After all, 75 percent of individuals who experienced sexual harassment at work didn't report it. So we wanted to make sure we improved the process so that would change.

What does this legislation do? First of all, as I mentioned, it overhauls the process. That was our first and major goal—to make it easier for victims. It allows a victim to immediately pursue an administrative hearing or file a civil action—none of these cooling-off periods that are mandatory. It maintains the option for an employee to go into mediation.

Secondly, there are immediate protections for staff. The bill that just passed the Senate provides employees with immediate access to a dedicated advocate who would provide consultation and assistance and figure all of the options that they have and work with them on that.

As I mentioned, it covers interns, detailees, and others who work in the Senate as unpaid staff. It provides opportunities for employees to work remotely or request paid leave without fear of retribution, after they have made a complaint. It requires that a notification of rights of employees be posted within every employing office of the legislative branch, including State and district offices. There are a number of other provisions, which I will put in the RECORD, that are put in to immediately protect staff.

Last, there is accountability for Members. This bill holds Members of the House and Senate personally liable by requiring them to repay awards and settlements stemming from acts of harassment that they personally commit and ensures that Members who leave office would still be responsible

for repaying the Treasury, including garnishing nongovernment wages and retirement annuities to ensure repayment.

It requires public reporting of awards and settlements, including identifying if a Member of the House or Senate was personally liable. It also requires claims to be automatically referred to the Committee on Ethics for investigation or further action when there is a final award or settlement.

Those are the top lines of the bill, but I think we know that it is more than words on a page. It is more than going back and forth about which provision would be better. This is really about the cases that we have seen in the Senate and the House—that they be handled correctly, and that we have a new and improved workplace going forward so that all people feel safe, so that the culture here feels safe, and so that we can be true leaders for workplaces across the country.

Again, this wouldn't have happened without the decision of many Members who work here to, one, go out of their comfort zone and, two, decide they were more interested in getting something done than having a messaging bill. That is what every Senator here decided—that it was more important to change this process.

A year from now—once we get this passed through the House, and we work with them and we get this done—I believe we are going to come back and have a different story to tell about the workplaces that we work in.

I wish to thank my colleagues for making that decision to concretely get something done instead of just pointing fingers at each other.

Thank you.

I yield the floor.

The PRESIDING OFFICER. The Senator from Missouri.

Mrs. MCCASKILL. Mr. President, I want to thank Senator KLOBUCHAR for her work on this. I think the Senate has done good work today.

TRIBUTE TO LORENZO D'AUBERT

Mrs. MCCASKILL. Mr. President, I rise just for a few minutes to do what we don't do often enough around here, and that is to recognize the extraordinary work of the people who actually labor in the trenches of the Senate.

Back in September of 2008, a young man came to work in my office as an intern. Now, almost 10 years later, he is an essential part of my life.

I am not sure that people understand what the beating heart of a Senate office is, but everything revolves around the schedule. This young man, Lorenzo d'Aubert, who came to work for me in 2008, worked his way up from intern to staff assistant, which means you answer the phones when everybody is upset. Then he became a legislative correspondent, and then he worked as a systems analyst and on all of the computer stuff in my office. Eventually, his talent was so obvious, that I said: Please come sit outside my office and make everything work right, and that is what he has done.

It is a really hard job because when you are the executive assistant and the scheduler, you have to say no to a lot of people, and you have to say it nicely. You have to make everyone happy, even when you are telling them that the schedule will not allow that to happen. You have to manage phone calls from all seven of my children and my husband, who is upset, and manage the birth of grandchildren, the birthdays, the schedule of when I can get there and when I can't. Is the plane delayed, or is it not? Can you get on Southwest? No, maybe you can make the American flight. On top of it all, he gets me to a million meetings and a million places all at the same time, with a smile on his face, with kindness in his heart, with a whip-sharp intellect, and with a work ethic that is astounding.

I am really upset because he has the nerve to leave and go to law school. I am proud of him for his determination to seek a degree in law. I know he will be an amazing lawyer because he has that touch, where even when he is giving you bad news, you know that he is delivering it with kindness. We need much more of that in the legal profession.

Lorenzo is really important to me, and I will miss him terribly. I think it is important that all of us around here—who crave the lime light, who want all the attention, and who want everybody to think that we are moving mountains—know that it is the people around us who are moving the mountains. We are just lucky to be on the ride.

We will all miss you, Lorenzo. Congratulations to you and to your parents, Linda and Sergio. I know they are here today. I know how proud they are of you. We will miss you terribly, and we will be really mad at you if you don't stay in touch.

Thank you.

I yield the floor.

THE PRESIDING OFFICER. The Senator from Ohio.

VA MISSION BILL

Mr. PORTMAN. Mr. President, I will start by congratulating Senator KLOBUCHAR, who was on the floor earlier to speak about the Congressional Accountability Act, and Senator BLUNT for their hard work to enact legislation that will make this place work better. It is a rare display of bipartisanship, coming together to improve our processes with regard to sexual harassment and other issues, and I thank them for that.

Earlier this week, some of us talked about the veterans bill that passed this Chamber—another sign of bipartisanship. It passed with a big vote, and it will help our veterans in Ohio to get the care they need, where they want it. Going into Memorial Day, I am very glad it passed.

We have heard a lot of concerns that my colleagues raised about veterans not being able to get the care they

wanted in their hometowns or the specialist they wanted or not being able to get reimbursed appropriately for care outside of the VA system, and now they will be able to do it.

Another part of that legislation that helps our veterans deals with an issue that is affecting all of the States in this body and sadly has become an epidemic in our country; that is, the opioid epidemic. It is an issue that some of our veterans are facing when they come back from service. Some have PTSD. Some have traumatic brain injuries and other injuries that require procedures. In response to the acute pain and some of these other conditions, they are given opioid medication. As a result, sadly, a number of our veterans have become addicted to opioids.

This legislation will help by, No. 1, cutting back on the overprescribing of opioids but also by using nonaddictive pain alternatives—medicines that do not have opioids in them—and other forms of therapy to help them deal with pain. These therapies will now be used more in our VA hospital system. That is a good thing for our veterans.

OPIOID EPIDEMIC

Mr. PORTMAN. Mr. President, talking about the opioid issue, sadly, this is gripping my State of Ohio in a way that has caused us to have more deaths by opioids than any other cause of death. But it is not just Ohio; it is an epidemic because now, nationally, it is the No. 1 cause of accidental death, and for Americans under 50, it is the No. 1 cause of death, period. This makes it the worst drug epidemic we have faced in this country—the worst since, we will recall, back in the 1980s and 1990s when we were very concerned about cocaine and other drugs. This has become the worst drug epidemic we have ever faced.

We had a tele-townhall meeting this week where I called several thousand Ohioans. We had about 20,000 people on the call at any one time. During that call, we had a survey question. Among other questions, it asked about opioids, and it asked a very simple question: Do you know someone who has been personally affected? Have you been or do you know someone who has been personally affected by this opioid epidemic? The numbers were shocking this week. Typically, over half of the callers say yes. That is how bad it is in Ohio. This week, it was 66 percent—two-thirds of the callers. Thousands of people in Ohio reported back from a tele-townhall. So it is not a self-selected group; it is people who have called in to talk about various issues, and 66 percent said they know someone who has been directly affected by this opioid addiction issue.

It has unfolded in three waves. The first wave was really prescription drugs, and this was back in the late 1990s and into the 2000s. There were pill mills in Southern Ohio and other

States. Kentucky and West Virginia were hit hard. This was medication that was being abused, in many cases leading to an addiction.

The second wave was the heroin wave. This was when heroine became more readily available and was actually less expensive than prescription drugs, and many people turned to heroin. That heroin led to many more overdoses and other issues, including diseases associated with the use of needles, hepatitis C and others.

Now there is a new wave, and the new wave, sadly, is even more deadly than the first two. It is what is called synthetic opioids or synthetic heroin. The one that you have probably heard of is called fentanyl, sometimes carfentanil, which is even more powerful. It is truly at epidemic levels in my State, and it is being made worse by this new wave of synthetic heroin.

There are other drugs, as well, that are affecting us in our country. In my own State, in some regions of Ohio, crystal meth now coming up from Mexico is creating a bigger problem. Cocaine is certainly an issue. But as I have looked at the statistics and traveled the State, it is clear that our No. 1 issue is opioids and that synthetic opioids—50 times more potent than heroin—are the new face of the opioid epidemic.

Fentanyl was involved in about 37 percent of the deaths in Ohio as recently as 2015. By 2016, it was responsible for 58 percent of the overdose deaths. So it has gone from 37 percent to 58 percent in 1 year. We don't have all the numbers yet for 2017, but unfortunately the numbers we do have from various regions of the State indicate that 2017 is going to be just as bad, if not worse. Columbus, OH, as an example, has seen a staggering increase in opioid overdoses due to fentanyl. Two-thirds of the county's 2017 overdose deaths were due to fentanyl—two-thirds.

I am told by law enforcement that fentanyl—again, this drug that is so deadly that a few flakes of it can kill you—has also been sprinkled into other drugs. I have talked to recovering addicts who told me their stories about finding out that they were actually taking fentanyl when they thought they were taking another drug. It has been sprinkled into other street drugs, according to law enforcement and some of these recovering addicts I have talked to, including cocaine, even including marijuana, and including heroin.

Just last week, two men in the Toledo area were arrested for drug conspiracy with the intent to distribute. A little more than half a pound of fentanyl was seized upon their arrest. Half a pound of fentanyl would be equivalent to about 1 cup of fentanyl—small enough to fit into a ziplock bag in your kitchen. Yet that one drug seizure of 1 cup was enough fentanyl, according to experts, to kill 16,000 people. Remember, just a few flecks of it can

kill you. That is more than half of the population of Toledo, where this arrest took place. That is how dangerous these drugs are.

Fentanyl comes mostly from laboratories in China, and mostly it is shipped to the United States through a Federal agency; this is, the U.S. Postal Service. It is unbelievable to me that we are not doing more to push back on this given that it is actually a government entity through which the experts say most of this fentanyl is coming in, primarily from one country, primarily through the post office.

We looked into this in an 18-month investigation in the Senate Permanent Subcommittee on Investigations, which I chair. Our investigators revealed just how easy it is to purchase fentanyl online and have it shipped to the United States. The drugs can be found through a simple Google search, and overseas sellers essentially guarantee delivery if the fentanyl is sent through the U.S. Postal Service.

I have spent time talking to Postal Service employees about this, including back home in Ohio, and they don't want to be any part of this. No. 1, it is very dangerous. You can imagine, if these packages leak—I talked earlier about the dangers of fentanyl—people can be subjected to it, exposed to it, overdose themselves, even die. Also, they don't want to be any part of it because they don't want to see these poisons coming into our country—that they are delivering—and going to an empty warehouse or a post office box or even being delivered to someone's home, and during our investigation, we found all three. We found in several instances that people had received fentanyl through the mail and then had died of overdoses. We would have tracked that from hearing who had died and being able to track some of the payments and shipments. So there is no question that people are receiving fentanyl at their homes and taking it and dying. No one wants to be a part of that.

Why is the post office the preferred way for these drugs to come? Why do the traffickers say: If you send it through the post office, then delivery is guaranteed. It is really pretty simple. The U.S. Postal Service is exempt from a Federal law that was passed post-9/11. In 2002, Congress passed a law that required the private carriers—think FedEx or DHL or UPS—to get advance electronic data from their customers, which would then be provided to law enforcement, and it would tell law enforcement where the package is from, what is in the package, and where it is going. With that information, using big data analytics, Customs and Border Protection has been able to identify suspicious packages because they have this data on the packages coming in—every package, 100 percent of the packages. They then are able to pull these packages off line, test them, and not have this poison come into our communities.

The same is not true, unfortunately, with regard to the U.S. Postal Service. Until we began this congressional investigation and began to push the Postal Service, there was very little electronic data being provided on any packages from the Postal Service. Now, remember, there are 900 million packages coming in a year. How can law enforcement possibly find the suspect packages without having this data and without having good detection equipment to be able to find it? It is like finding a needle in a haystack. But with this information, they are able to be much more effective, as they have been with these private carriers—DHL, UPS, FedEx, and so on.

Under pressure from Congress, over the last year or so, the Postal Service has been getting some data on international packages. Last year, they received data on about 36 percent of their packages, based on the testimony they have given us, meaning that the United States received about 318 million packages without any of the screening, without any of this data on it at all. So 36 percent is an improvement, but still the vast majority of packages are not being stopped.

By the way, 20 percent of the packages that were identified by law enforcement as being problematic based on the amount of electronic data that was provided—20 percent of those packages were not presented to law enforcement, based on the testimony we received.

Finally, we learned that even though 36 percent of the packages had some sort of data, much of that data was not useful. It was not decipherable, not helpful for law enforcement.

So we have a long way to go, and we have a crisis in front of us. It is time for Congress to act because it is clear to me that the Postal Service needs this congressional mandate to more expeditiously close this loophole that is allowing this deadly poison to continue coming into our homes and onto our streets.

Again, this is the No. 1 killer in my home State of Ohio, and when we look nationally, this is the new face of the opioid epidemic. There is legislation to deal with this. It is called the STOP Act. It is a bipartisan bill I introduced with Senator AMY KLOBUCHAR. She spoke on the floor earlier. We talked earlier about getting this legislation passed. This legislation will close the loophole. It will insist that our international mail screening take place, and it will stop some of this deadly fentanyl from coming into our communities. It will simply hold the Postal Service to the same standard as private mail carriers and require that within 1 year, they get electronic data on all packages entering the United States. It is fair, it is commonsense, and it is going to make a big difference in our communities.

By the way, that is why about one-third of the Senate and about half of the House of Representatives have al-

ready signed on as cosponsors of our legislation. It is bipartisan. It is bicameral. The President's Opioid Commission—we remember that President Trump asked a bunch of experts to come together, led by Governor Chris Christie, to have a commission look at this opioid issue and come up with recommendations. One of the recommendations: Pass the STOP Act. Keep some of this fentanyl out of our country.

Last week, the House Ways and Means Committee took up our legislation, and I appreciate their doing that. Sadly, what they reported out was a weaker version of the STOP Act than is necessary to address this problem.

Their version gives the Postal Service, as an example, 4 years to implement these changes at a time when this is a crisis. Remember, it is increasing every year, to the point of being the No. 1 cause of death in my State and in many other States.

It also only requires them to get data on 95 percent of packages—not 100 percent—eventually.

It also gives the Federal Government the ability to waive the requirement altogether if it is “in the national security interest of the United States.” I hate to see them use that waiver. How could it possibly be in the national security interest of the United States of America not to have information to give to law enforcement to stop something this deadly from coming into our country? That makes no sense. I know from what I have seen and heard in Ohio that we need this and we need it now. We need this data on all foreign packages. That is in our national security interest, not setting lower screening standards or creating a loophole to evade accountability.

I am encouraged that the Ways and Means Committee chairman, KEVIN BRADY, has acknowledged these concerns. By the way, having spoken to him, I know he has a passion for addressing this issue.

I know he is personally committed to coming up with legislation that works. We need to resolve these differences, get this legislation to the floor of the House and the Senate, and get it passed so that we can begin to stop the fentanyl flooding into our country. It is at the forefront of the epidemic that we see around the country. It is taking lives. It is sidelining workers.

The No. 1 cause of crime in my State is related to opioids. Often, the criminal acts committed—such as burglary, shoplifting, and fraud—are to pay for the habit. It is crippling communities. It is breaking families apart. It is doing so at an alarming rate.

This morning, we had testimony in the Committee on Finance regarding rural healthcare, and some of the providers were talking about the fentanyl crisis. I asked them what they are doing about it and how it is going, particularly with regard to kids who were born with what is called neonatal abstinence syndrome, meaning they were

born to an addicted mother, and they have to be taken through withdrawal as a baby. These little babies you could hold in the palm of your hand are having to go through withdrawal.

They told me that the foster care systems in their States are overwhelmed; mine is, in Ohio. We have more kids under State supervision and in foster care than ever. We can't find foster families fast enough because so many of the parents are unable to take care of the kids. There are more grandparents and great-grandparents than ever having to step forward and take care of these kids. It is affecting our communities in so many ways.

The STOP Act alone isn't going to solve all of these problems. We get that. We have passed legislation around here in the last year and a half to increase prevention and education and to increase treatment and longer term recovery. That is very important, and we need to do more of it. We have new legislation to take that to the next level.

But combating this crisis at its source by making it harder for drugs to enter our country is certainly a step we can, and should, take. It is only common sense. At the very least, it would reduce supply and help to drive up the cost of this drug. One of our problems is that the drug is powerful, but it is also relatively inexpensive.

We have an opportunity with the STOP Act to make a real difference for families in every single State represented in this Chamber. If you are not already a cosponsor, I hope you will join us in this effort. If you are a cosponsor and you support this, I hope you will talk to your leadership, both sides of the aisle.

Let's get this to the floor. Let's get a vote. Let's ensure we are doing everything we possibly can to stop this poison.

I yield the floor.

VA MISSION BILL AND MEMORIAL DAY

Mr. SULLIVAN. Mr. President, a lot of our colleagues have been coming down to the floor today and had come down yesterday to talk about two things that are actually very connected. The first is the VA MISSION bill, which we just passed, that is going to significantly transform how we treat our veterans and how we make sure our vets are getting the care they have earned and deserve. Also, appropriately, as that bill has just passed the Senate and is heading to the President's desk, we are talking about Memorial Day and the Memorial Day

weekend that is fast approaching—a very important, sacred time for our country and, certainly, for my State, the great State of Alaska.

What I would like to do is to talk a little bit about the bill and then reflect a little bit more on the importance of Memorial Day as we move forward into this weekend.

One of the things we all do is, certainly, with regard to legislation like this is to look at the national implications. We also look at how our own constituents will be impacted and make sure their interests are served when there is broader, national legislation that we have been working on for months. Many of us had been working on this bill for almost a year. The Presiding Officer and I are on the Veterans' Affairs Committee, so we were very focused on it.

In my State, we proudly claim more veterans per capita than in any State in the country, but we also have unique challenges. Alaska is a very, very big place. With regard to enabling our veterans to get the healthcare they need and the services they need from the VA, it can be a challenge. So one of the things that we worked hard on was to make sure that if a veteran lives in a big State in a very rural part of America, they will still get the benefits they have earned as a veteran.

There are a number of things in the VA MISSION Act, which we just passed, that focus on the unique elements of Alaska. I will give a couple of examples that are now in the legislation that will be signed by the President in a couple days.

The bill requires access to community care—non-VA care—where the VA does not operate a full-service facility in the State. Well, there is no full-service VA facility in Alaska. So what this enables our veterans to do is to get care from other medical service providers, particularly our veterans who are in some of the more rural parts of the State.

It has a specific Alaska fee schedule for the reimbursement of providers because healthcare costs are structurally so much higher in my State, as are transportation costs. There is a fee schedule that the VA uses in this bill just for Alaska. It continues to allow the VA to have Tribal sharing agreements with members of Tribal organizations that, again, have a very far reach and provide excellent care to so many Alaskans, both Natives and non-Natives.

By the way, Alaska Natives serve at higher rates in the U.S. military than any other ethnic group in the country. There is incredible patriotism from those constituents in my State, whom we are all very proud of.

The bill creates standards for timely payments to community care providers. One of the big challenges we had in the VA was that non-VA medical providers provide care for veterans, and then the VA does not reimburse them for months. This causes

enormous challenges, including collection agencies calling the very veterans who got the care and services. This is completely unacceptable. We are trying to change that, and this bill will do it.

Finally, a bill that I had with Senator TESTER from Montana is called the Serving Our Rural Veterans Act, which is now part of the broader bill. What this does is create VA residency programs in States such as Alaska and Montana that don't have medical schools and where there are very few residency programs. Studies show that after doctors do their residency, well over 50 percent of the doctors stay in the States where they do residency programs. That is a great advantage if you have a lot of residency programs, but we don't. What this bill does is set up a pilot program by the VA to work with Native health organizations, DOD health organizations, IHS health organizations, and establish residency programs through the VA so that we can get doctors in Alaska who will do service for our veterans and then stay.

Those are just a few examples of how this bill helps not only veterans nationwide but certainly helps the veterans in my State. Of course, the implementation of this bill is going to be key. One thing that concerns me, to be frank, is that right now there is very little leadership at the highest levels of the VA. As a matter of fact, we have had four secretaries in 4 years. We need to start putting established, secure leaders in the VA to start implementing this important piece of legislation. We will continue the oversight role in Congress, but this is a good start.

More importantly, this bill also sends a strong message to our veterans throughout the country that the Senators in this body, Democrats and Republicans, have focused on them and have their backs, as do Americans all across the Nation.

This is what I want to talk about for the remainder of my remarks this afternoon, on the eve of Memorial Day weekend—looking at and reflecting for a little bit on the Senate floor about the ebb and flow of how we, as Americans, have treated our veterans and memorialized their service because that is what this weekend is all about.

We know and we continue always to lionize and celebrate our World War II veterans and the over 400,000 Americans who gave their lives defending freedom. That is who we are thinking about this weekend. During World War II, from ticker tape parades when they came home to Honor Flights that continue today, this "greatest generation" of Americans, both living and dead, has received the respect and honor that all of our veterans should have, and with good reason. Their sacrifice saved the world from authoritarian takeover, whether it was from Nazi Germany or Imperial Japan. So we always had the "greatest generation" up here in terms of how we view them, how we memori-

alize them—the veterans, those who gave the ultimate sacrifice.

Then, just 5 years later came the Korean war, and the respect we gave to the tens of thousands of veterans returning home from Korea started to decline, something akin to benign neglect. Many in American society during that time seemed as if they didn't want to be bothered by what was going on in Korea or didn't want to think about the tens of thousands who were killed in action, the over 8,000 who are still declared missing in action, and the over 100,000 American servicemembers wounded in the Korean war. This is reflected even today in the name that many historians have given this conflict, the "Forgotten War."

I have never liked that phrase. I think it is actually borderline disrespectful. The better way to memorialize the sacrifice of our Korean war veterans is in the words etched into the marble of the incredibly moving Korean War Veterans Memorial in Washington, DC, just a few miles from here. That memorial—for those who haven't visited, I highly recommend you do; for those who are visiting Washington, particularly on this weekend, it is great to go down there. But there is a simple phrase there: "Freedom is not free."

Freedom is not free. If this weekend means anything, it is the importance of that phrase on the Korean War Veterans Memorial. That memorial also states: "Our Nation honors her sons and daughters who answered the call to defend a country they never knew and a people they never met."

If you want to see an example of American bravery and what it meant, take a look at the difference between North and South Korea today. There is a satellite photo that is very famous. It shows the Korean Peninsula at night. The North is dark; even today it is dark. The South is full of light, vibrancy, and energy. The reason that happened—the reason that happens to this day is because of the bravery, the service, and the sacrifice of American military members.

These are powerful words on the Korean War Veterans Memorial in Washington, DC, and to me the rightful tribute to that war and our veterans shouldn't be the "Forgotten War"; it should be the "Noble War." Think about what our men and women did. As I mentioned, they were sent overseas to "defend a country they never knew and a people they never met." To this day, our troops are on the peninsula right now, keeping the peace—28,000 of them.

So we had benign neglect in the Korean war, and then what happened? Well, then came the Vietnam war.

We all know what happened. Yet to this day, we really don't know why it happened. Our country kind of went off-kilter, and in terms of the honor and respect we showed our Vietnam veterans and their wounded and fallen comrades, America hit rock bottom—

World War II, here; Korean war, benign neglect; Vietnam, disgraceful conduct toward the men and women serving in the military.

We have all heard the stories; they are sad and tragic. We have all heard the stories of young men and women who went to serve their country and fight overseas in Vietnam, who came home to protesters, were spit on, and called baby killers.

I remember hearing about one such episode from a senior marine officer when I was a young marine infantry lieutenant. He came home from combat and met his dad, who was a World War II veteran, at the airport. He was in his service alphas—the green uniform that marines wear—sea bag over his shoulder. His dad was with him. He came outside of the airport, and protesters were there, and someone threw red paint on him and his father.

Think about that. A dad and a young man who just came home from fighting in Vietnam—and that is what he got. But here is the amazing thing, and it is why our country owes such a debt of gratitude to our Vietnam veterans. Instead of being racked and incapacitated by bitterness and anger, these veterans did something amazing, something remarkable. They set out to make sure that future veterans of America's wars and their fallen comrades would receive better attention and better treatment and better respect than they did. They made it their mission in life that we as a nation would once again honor our military as we honored the veterans coming home from World War II—at the highest level. That is what they did.

Here is the amazing thing. They succeeded. They succeeded, and we need to really be thinking about our Vietnam veterans and those killed in action in Vietnam this Memorial Day.

Again, for those who haven't been there, if you want to go to a moving memorial about America's war sacrifices and war dead, there is nothing more moving than the Vietnam Veterans Memorial.

As someone who has seen what our Vietnam veterans have done for the next generation of veterans, I have also seen this throughout my own military career: When we come home from doing our duty, it is the Vietnam veterans who are there making sure that the current generation of American soldiers, American warriors, gets the respect and honor that these veterans never got.

Let me give you one example. Many years ago, I was commanding a Marine recon unit in Alaska. One of my soldiers—one of my sergeants, one of my marines, a great marine—was killed. We had a memorial service. It was a small memorial service for this young Marine sergeant at Fort Richardson. It was outside. We were in our dress blues in a very somber service. Four guys pulled up on Harley Davidson motorcycles. They were older. They pulled up on their bikes, and they just sat there

through the whole service—a very, very powerful presence.

At the end of the service they came up to me. I was a captain at the time. They asked if I was the senior officer, and I told them I was. I said: Thanks for coming. What are you doing here? Did you know my sergeant?

They said: No, we just read about the service in the paper today, and we wanted to be here to show our respect and honor for this young Marine sergeant.

Think about that. Vietnam vets who weren't treated well at all when they came home were making sure that one Marine Corps sergeant in Alaska got the respect and dignity he deserved as a veteran. Our Vietnam vets used their painful experience to become our Nation's guardians of military respect, honor, and dignity.

So, right now, where are we as a country? Well, I think we are back at that high level. I think we are back at that high level of not only respecting members of the military—veterans, Active Duty, Reserves—but certainly our wounded and fallen warriors. It is, in large measure, because of the efforts, sacrifice, and courage of our Vietnam veterans. So we can't thank them enough. As Alaska's Senator, I am so honored to represent so many veterans and so many Vietnam veterans.

Here is what I think is important to talk about on the Senate floor. As we move into Memorial Day weekend, let's resolve—not just as a community, in places like Alaska, but as a country, as a Senate—that we will always, always stay at this high level of respect for our fallen, for our veterans and their families, and, particularly, for those who have given the ultimate sacrifice and the men, women, wives, husbands, and children they have left behind.

I think this is also important. Even though we are back as a nation at this very high level—you always hear it; you always hear it; it is always in the background—some start to question the service and sacrifice of America's military. You have heard it a little bit when ISIS was running amok in Iraq and Syria. You heard some people say: Geez, we took these places with a lot of blood and treasure, and now they have fallen to terrorists. Was that worth the cost of the young men and women who died in those battles? Did our soldiers, marines, and sailors die in vain?

I think it is really important to answer that question right here on the Senate floor, and it is something I hope we can all agree on. No American who has ever worn the uniform of our country to fight for freedom and defend our Nation and die for this country—whether at Valley Forge, Iwo Jima, Hue City, Ramadi, Fallujah—has ever, ever died in vain. We always need to remember that, particularly as we are coming upon Memorial Day weekend.

I wish to thank again all of the members of the military and their families who protected our freedom for cen-

turies and will continue to do so. We are working hard in the Senate to make sure our veterans are taken care of. The VA MISSION Act, which we just passed and which is going to the President's desk for his signature, is part of that sacred commitment we have to our veterans and their families. I wish to thank them all as we come upon Memorial Day weekend.

I yield the floor.

I suggest the absence of a quorum.

The legislative clerk proceeded to call the roll.

Mr. WARNER. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

TRIBUTE TO FEDERAL EMPLOYEES

STEPHEN CURREN, GUY DEMETER, MATT NIMS, ANDY NEAL, AND DAVID HUIZENGA

Mr. WARNER. Mr. President, I rise today to call attention to the important efforts made each day by our public servants.

At the beginning of this month, this very body honored our public servants by adopting a resolution marking the first week of May as Public Service Recognition Week. We need to do more to continue that sentiment year round. But on the same day the Senate adopted a resolution honoring our public servants, Congress received a letter from the administration looking to use Federal employees to solve our budget problems, with cuts to retirement and freezes in pay. Is this really in the best interest of our public servants? Is this really the best method to attract and retain the best and the brightest to work across vital agencies to keep our government running?

That is why today I wish to continue the longstanding tradition of honoring exemplary Federal employees—a tradition that was begun by my friend Senator Ted Kaufman from Delaware. It is my hope that the story of these five Virginians will remind my colleagues and the administration that public servants go to work every day with the sole mission to make this country a better and safer place to live.

First, I would like to acknowledge Stephen Curren. In Stephen's capacity as Director of the Division of Resilience at the Department of Health and Human Services, he coordinated the national response to help protect public and private healthcare computer systems from the worst effects of WannaCry, a global cyber attack that threatened patients' health and safety.

Stephen's team applied existing processes for dealing with physical disasters like hurricanes and tornados and adapted them to prepare for a cyber attack response. They continue the critical work necessary to improve the collaboration on cyber security with private healthcare agencies and the public.

Next, I would like to share a bit about Guy Demeter, the FBI's first-

ever data scientist. In his work, Guy develops technological solutions to organize the Bureau's data and has helped the FBI to track down child predators, identify banks evading sanctions, assist counterterrorism investigations, and guard against internal threats. His innovative strategies are efficient, cost-effective, and have been a crucial part of increasing our national security.

Third, I would like to recognize the work of Matt Nims, the Acting Director of the Office of Food for Peace at USAID. Under Matt's leadership, last year his office distributed emergency food and nutrition assistance to 20 million people facing severe hunger and starvation in Yemen, Somalia, South Sudan, and northeast Nigeria as a result of drought, extreme poverty, and violent armed conflicts.

Matt's team used data from USAID's Famine Early Warning Systems Network to anticipate food shortages before they became full-fledged crises and then developed innovative ways to deliver food, plan managed food distribution, and keep up with the day-to-day challenges of working under difficult and dangerous conditions, saving countless lives.

Next, I would like to recognize Andy Neal. Andy is the Branch Chief for Actuarial and Catastrophic Modeling at FEMA. We have all seen the devastating effects of floods across the country, but what many don't know is that the National Flood Insurance Program provides critical financial help to victims of hurricanes and other storms. By the end of 2016, the program was \$25 billion in debt.

In response, Andy led his team in an unprecedented effort to persuade private reinsurers for the first time to assume some potential flood damage liability. They were extremely successful. The government paid 25 private insurance companies \$150 million in premiums in 2017, and the insurers ended up covering more than \$1 billion of the \$7.6 billion in claims to policyholders in the aftermath of Hurricane Harvey, and has secured even more coverage for 2018.

Last, but certainly not least, I would like to recognize David Huizenga, the Principal Assistant Deputy Administrator for Defense Nuclear Nonproliferation at the National Nuclear Security Administration.

In his everyday work, David confronts some of our most pressing international security threats, formulating national security policy, monitoring compliance with nuclear agreements, and working with other nations to safeguard nuclear stockpiles and reduce the threat of nuclear terrorism.

In the past 3 years, David has worked to remove nuclear material from Poland, Georgia, Kazakhstan, Japan, and Ghana, relying on relationships with his international counterparts to make the world more secure. Here in the United States, David and his team have also worked to reduce the amount of

radioactive materials used in medical and commercial applications. A Federal employee for 28 years, David's work as a nonproliferation expert is widely respected both in the United States and around the world.

I hope my colleagues will join me in honoring these outstanding individuals, as well as government employees at all levels around the country, for their excellent work and their commitment to public service.

I yield the floor.

I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The bill clerk proceeded to call the roll.

Mr. MARKEY. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

GAS PRICES

Mr. MARKEY. Mr. President, as we head into Memorial Day weekend and the summer driving season, gas prices are up nearly 25 percent since President Trump took office. That means American consumers are paying \$350 more per year to fill up under President Trump, and here is why:

No. 1, President Trump's incoherent foreign policy has been exacerbating the geopolitical risk premium on oil prices and driving them up, and President Trump's decision to withdraw the United States from the Iran deal is further roiling oil markets. Because of these actions that increase risks around the world, gas prices could keep going up even more this summer. I call this the "Trump oil risk tax," and its impacts are being felt right now.

The oil risk tax completely wipes out any tax savings from the Republican tax scam for the poorest Americans. The lowest 40 percent of earners are projected to get roughly \$200 this year from the GOP tax plan. That is eliminated, obviously, by the \$350 more they are paying now to gas up thanks to Donald Trump's policies.

Donald Trump loves having his name on things—towers, steak, universities. Now his name is associated with higher gas prices for every American family.

Reason No. 2, while consumers are getting tipped upside down at the gasoline pumps, oil companies are benefiting from a \$25 billion tax cut this year alone from the GOP tax scam. That is on top of the \$7 billion to \$8 billion a year they get in permanent tax breaks and also free drilling loopholes. All of that is on top of the \$25 billion of tax breaks this year alone. Is Big Oil using those GOP tax giveaways to help drivers across America? Nope. They are using it to buy back tens of billions of dollars' worth of their own stock. Big oil companies are using this tax windfall to pump up their own profits rather than to help consumers at the pump.

Reason No. 3, the United States is exporting historic amounts of American oil, even while we remain dependent on OPEC and the Middle East. Exporting

U.S. oil is only a further giveaway to Big Oil. We are now exporting more than 2.5 million barrels a day of U.S. crude overseas, even while we are still forced to import that exact same amount—2.5 million barrels a day—from OPEC and the Middle East, and we are sending our oil overseas to benefit foreign nations like China, which is getting one-quarter of U.S. oil exports.

Why would we send our oil overseas instead of keeping it here to help our consumers and our security? Well, because Big Oil stands to see \$500 billion in new revenue over the next 20 years as a result of U.S. oil exports because they can charge more for U.S. oil overseas. They make more money if they sell it to foreigners than if they sell it to U.S. citizens—U.S. consumers. Exporting American crude means our consumers are more vulnerable to supply shops and more closely tied to rising international prices.

Reason No. 4, OPEC and Russia are colluding to manipulate oil markets. In response to the millions of barrels a day of U.S. oil we are exporting, OPEC, Russia, and other nations are working together to simply cut their production by an equal amount. You don't need to be Robert Mueller to know collusion is going on between Russia and OPEC to boost oil prices and hurt American consumers at the pump as they are getting ready for the Memorial Day weekend.

That is why I introduced the OPEC Accountability Act. This legislation would require President Trump to negotiate with OPEC, with Russia, and other nations to put an end to this cartel that is manipulating markets and harming American consumers. This legislation would further direct our Trade Representative to take action against any country in the cartel that refuses to stop conspiring to raise prices.

President Trump is doing nothing to hold OPEC and Russia accountable. It is time for him to immediately begin negotiations with this cartel to put an end to their manipulation of the oil markets of the world but also of the United States of America.

Reason No. 5, the Trump administration is attacking fuel economy standards that help consumers and reduce our reliance on foreign oil.

The historic fuel economy emissions standard of 54.5 miles per gallon by the year 2025 that is currently on the books is projected to save consumers more than \$1 trillion at the pump. They will reduce our consumption of oil by 2.5 million barrels of oil a day by 2030. That is how much oil we import from OPEC every single day. Why would the Trump administration seek to eliminate all of the increases in fuel economy standards for the vehicles we drive if they know that it will back out all of that imported oil from the Middle East? You don't have to be a detective to figure this out. They would do it at the behest of the big oil companies, the big auto companies, and the Trump administration so that they can put these

fuel economy standards in their cross-hairs.

The Trump administration is in the process of making a U-turn and putting us in reverse on these critical fuel economy emissions standards. That will mean that consumers will pay even more at the pump, and it will mean that we will be even more reliant on oil from OPEC and other foreign nations and unstable regions around the world.

President Trump likes to tout American energy dominance, but thanks to his policies, it is high gasoline prices that are dominating American consumers' pocketbooks. President Trump says his agenda is "America First," but the policies he and the Republicans are pursuing are putting Big Oil, OPEC, Russia, and China first and American consumers last. It is time for this to end. It is time for us, in our country, to have a debate about this oil agenda.

The President always says that he wants to have an agenda that is "all of the above"—meaning every energy source—but when you examine it very closely, it just comes down to oil above all. We are seeing that, and the consumers are paying the price at the pump. We need to ensure that everyone in our country understands who is responsible, whose name is on this price increase, and that name is Donald J. Trump. They are his oil policies. It is his foreign policy that is creating this problem for every consumer as we head into the Memorial Day weekend and as we continue throughout the summer and into the rest of this year and next year.

It is a very important issue for every American. They are going to feel it in their pocketbooks because the tax break that the President is touting is going to be completely wiped out by the high energy prices that will go right to the Koch brothers, right to Big Oil, and right to OPEC.

If the President wants to do something about this, he should call up his pals, the Saudi Arabians. He should call up his pals in the United Arab Emirates. He should call up his pals in the big oil companies and bring them in and tell them that he wants this to end, that he wants there to be lower oil prices, that he does not want them to be taking advantage of this tight American marketplace as we export 2.5 million barrels a day.

It is time for us to begin to understand what is happening to our economy. Ultimately, it is not just going to be drivers at the pump. It is going to be businesses. It is going to be large and small who are going to be impacted by this, and it is ultimately going to have a supreme, negative impact on our economy—not for the oil companies but for anyone else who purchases this oil, which is everyone.

Thank you for the time.

WORKERS' MEMORIAL DAY

Mr. DURBIN. Mr. President, last month, during Workers' Memorial Day, we honored and remembered those killed or injured on the job. It is a day we reaffirm our commitment to workers and their families to do all we can to prevent these tragedies.

Forty-seven years ago, when the Occupational Safety and Health Administration was established, an estimated 14,000 workers were killed on the job. By 2016, the number was reduced to nearly 5,200. We have come a long way in worker safety, but when more than 14 people die on the job every day—and only 2.9 million work-related injuries are reported annually even though the real number could be as much as 7.4 to 11.1 million—more work needs to be done. Clearly, the workplace remains too dangerous. We owe it to America's working men and women to ensure their safety, but too often, we are reminded of our failure to do so.

I want to talk about Pamela Knight, from Dixon, in my home State of Illinois. An employee of the Illinois Department of Children and Family Services, Pamela was asked last September to check on the welfare of a child. When Pamela arrived, sensing a dangerous environment, she decided to remove the 2-year-old boy from the home and place him in protective custody. That is when the child's father

knocked her to the floor, kicked her in the head, and continued beating Pamela's fractured skull. After this horrific incident, she was airlifted to a hospital in nearby Rockford, IL, where she underwent two surgeries, but it was too late. Pamela suffered permanent brain damage and passed away about four months after the attack. Pamela Knight was 59 years old.

The job of our investigators and first responders, like Pamela, at the Illinois Department of Children and Family Services is not easy. They are on the frontlines to those in crisis, but we can all agree, it should never be fatal. My heart goes out to Pamela's family, friends, colleagues, and all our public service workers protecting and serving the most vulnerable in our communities.

The theme of this year's Workers' Memorial Day was "Safe Jobs. Every Worker's Right." While the administration attempts to walk back many vital protections and existing safeguards for our workers, let's recommit ourselves in Congress to live up to those words and provide the right every worker deserves: a safe job. In doing so, we can honor the legacy of courageous Americans, like Pamela Knight, who simply did her job.

I urge all my colleagues to join me in fighting for secure workplaces everywhere and once and for all, live up to the promise of the Occupational Safety and Health Administration's mission to assure the dignity of a safe and healthy working condition for all Americans. With the right commitment, we can protect, strengthen, and advance the gains we have made over the last half century and make the safety of all workers a reality.

CONFIRMATION OF ANNIE CAPUTO AND DAVID WRIGHT

Mr. BARRASSO. Mr. President, I rise today to congratulate Annie Caputo and David Wright on their confirmation as members of the Nuclear Regulatory Commission.

Regrettably, it has taken almost a year for the Senate to confirm these excellent nominees. This is yet another example of how broken the Senate's confirmation process is and why we need to change the rules so we can process nominees in a timely manner.

Annie and David will make outstanding commissioners. For over a decade, Annie has served as a top adviser on nuclear energy issues to members of the House of Representatives and the Senate. She has worked on the House Energy and Commerce Committee and the Senate Environment and Public Works Committee, advising the committees' chairmen, including former Chairman JIM INHOFE and, now, me.

Here on Capitol Hill, Annie is considered the dean of nuclear energy policy. More than any other staff member, she knows the nuclear power sector. As a nuclear engineer, Annie knows the

physics behind nuclear power. She also knows the challenges it faces and the bright future it can have if we make the right decisions here in Washington. Likewise, Annie knows our Nation's nuclear regulatory agencies, especially the Nuclear Regulatory Commission. She understands how the NRC can be improved, how it can be more responsive to the public and its licensors, and the best way to accomplish that goal.

Prior to becoming chairman, I found Annie to be instrumental in helping me conduct oversight of the nuclear industry and the NRC. She was particularly helpful following Fukushima. Since becoming chairman, I have seen how she is an invaluable part of the Environment and Public Works staff. For example, Annie was largely responsible for drafting S. 512, the Nuclear Energy Innovation and Modernization Act. This is a bill that will help facilitate the licensing of advanced reactors and reform how the NRC collects fees from its shrinking pool of licensees. It is a bill that we need if this country is going to allow nuclear power to succeed in the future. Last year, the committee passed this bill by a broad bipartisan vote of 18 to 3. It remains a top priority of mine and is legislation Congress should send to the president by the end of the year.

Beyond the area of policy, I want to thank Annie for the role she played at the committee office. I want to thank her for helping my other staff, especially the way in which she served as a mentor to them. They are better staffers for the time they spent learning from and alongside Annie. I know other Members of Congress in the House and Senate feel the same way and share my gratitude to her.

So congratulations, again, Annie. Congress will be a poorer place without you. But our loss will be the NRC's gain.

While I do not know David on a personal level, I also believe he will be an asset to the NRC. For about a decade, David served as a member and chairman of South Carolina's Public Service Commission. He also served as the president of the National Association of Regulatory Utility Commissioners. David is held in high esteem among those who work on nuclear issues.

Like Annie, he is a dedicated public servant. I wish the two of them the very best in their new roles on the Commission.

Thank you.

MEMORIAL DAY

Mr. CARDIN. Mr. President, this Monday, we will celebrate Memorial Day. Across our proud Nation this Memorial Day weekend, we remember the men and women of our Armed Forces who made the greatest sacrifice imaginable. Whether it was on the battlefield of Antietam, the beaches of Normandy, or in the mountains of Afghanistan, thousands of Americans have taken up the mission to defend our Nation, ideals, and freedoms at home and

abroad, knowing that they may not survive. This Memorial Day, let us pause to pay honor to their immense courage.

I specifically remember the sacrifices of my fellow citizens from Maryland such as SPC Tocarra Green. She was the first woman from Maryland to die in the Iraq War. I remember SGT Erick M. Houck, a Baltimore native like me, who died in Afghanistan just last year. It is a remarkable notion that our fellow citizens were willing to pay such a high cost for our own freedom. They and those like them deserve every honor we can bestow.

Memorial Day weekend often serves as an opportunity for Americans to spend time with friends and family. As we consider the cost of our freedom, let us also remember the families of our fallen, our Gold Star families. As we remember the sacrifices of our fallen servicemembers, we also recognize the tremendous loss to their families and admire their patriotism and perseverance.

Despite all of these sacrifices, the struggle to preserve our freedom continues. Just as in times past, our enemies seek to threaten the freedom for which our American brothers and sisters have laid down their lives. These enemies don't just fight our troops on the battlefield; they have attacked the integrity of our electoral system and our freedom of speech while seeking to reverse our progress against racial inequity and religious freedom. One of the best ways to honor our fallen comrades is for us to work together to defend our freedom and our American principles. We cannot allow the erosion of the liberties our family members and friends have fought so hard to defend.

As I pray for the fallen and their families this weekend, I will also pray for our men and women currently serving in harm's way and for their families too. I am truly grateful for those who have served our country, past and present, and I will continue to do my very best to serve them in return.

TAX REFORM

Mr. RISCH. Mr. President, as you know, Congress passed, and the President signed, the Tax Cuts and Jobs Act late last year. While much media attention has been focused on certain aspects of tax reform, one topic that has not received due attention is the positive effect that tax reform is already having on small businesses. As chairman of the Senate Committee on Small Business and Entrepreneurship, I strongly supported this legislation because I saw the potential it had to spur investment, create economic growth, and provide tax relief to the millions of small business owners whose resilience and work ethic provide ample evidence that the American Dream is alive and well. This piece of legislation has had a positive impact, not just for small business owners and their employees in

my home State of Idaho, but also for small business owners and employees all across our country. I plan to introduce and highlight these small businesses on a weekly basis for the near future.

While there are more and more uplifting stories of small businesses that are benefiting from tax reform each day, today I wish to share the story of Renaissance Property Management, LLC located in Dearborn, MI. Renaissance Property Management's owner, Rudaina Hamade, and her son Michael operate this successful small business, which specializes in acquiring rental properties, asset management, and 24 hour property maintenance. Through their business, the Hamades and their 5 to 10 employees, some of whom are seasonal, strive to offer tenants affordable and distinguished homes. During the last recession, when so many small businesses were suffering, her determination was on full display. Though the Detroit housing market experienced a steep decline, the Hamades persevered, and after finding financial backing, they continued to invest in the Detroit market even while many others were reducing their footprint in the city.

Ms. Hamade, a Lebanese immigrant, is a prime example of the American Dream, having exhibited an amazing drive and work ethic throughout her life. She received her finance degree from Davenport University while raising her children and running a small business. In addition to running her company and raising a family, Ms. Hamade is also an active member of the Dearborn Chamber of Commerce and the Small Business Council at the U.S. Chamber of Commerce.

Changes in the tax law have offered welcome relief to the Hamades' employees and their families. This new law has enabled the Hamades to provide their employees with bonuses ranging from \$1,000 to \$2,000. They have also been able to make capital investments in their company. These investments include upgrades to their computer system and the purchasing of new software, machinery, and tools. Stories like these show that tax reform was a more than worthwhile goal that has improved small businesses' outlook, provided employee bonuses, lowered taxes, and increased investment in many sectors of our economy. In the coming weeks and months, I intend to bring more attention to the positive effects that tax reform has had on small businesses across our great country.

HUNGARY

Mr. CARDIN. Mr. President, this week, the Senate is poised to confirm the nomination of David Cornstein to serve as the next U.S. Ambassador to Hungary. Against that backdrop, as well as reports that Secretary of State Pompeo will meet with the Hungarian Foreign Minister in Washington at the end of this month, it is timely to con-

sider the troubling situation in Hungary.

Budapest is a fabulous city. The Parliament is regarded by many as one of the most beautiful legislative houses in the world. Hungarians are a warm and generous people, and the United States and Hungary have a shared history dating to the times of Lajos Kossuth, whose bust graces the halls of the U.S. Congress. Hungarians have come to this country as both immigrants and refugees, enriching our national fabric.

The beauty of Budapest masks a growing climate of fear, however. For the past 8 years, Hungary's ruling Fidesz party has tried to pass majoritarianism off as democracy. Media pluralism has disappeared. The government plays favorites with religions, preferring some while discriminating against others, like the Hungarian Evangelical Fellowship. Moreover, the checks and balances that are essential for democracy are missing in action. To say that the ruling party now exercises unchecked legal power is not an exercise in hyperbole, but merely a concise analysis of the facts.

Prime Minister Viktor Orban has allowed corruption to flourish, enriching his own friends and family. The government has recentralized, and more of the economy is either under state control or in the hands of Orban's cronies. Once Fidesz won two-thirds of the seats in Parliament in 2010, the party changed the election system to perpetuate that outcome. As Organization for Security and Co-operation in Europe, OSCE, elections observers concluded, separation of state and party is no longer respected. For a country that suffered under a one-party regime, that is a deeply disturbing conclusion.

In 2013, I chaired a Helsinki Commission hearing on the trajectory of democracy in Hungary. Frankly, I did not think things would get this bad, in part because I did not think the ruling Fidesz party would become more extremist than Hungary's strongest opposition party, Jobbik, but after 2010, with Jobbik's anti-Semitic and anti-Roma rhetoric serving as a Greek chorus, Fidesz leaders carved out their own revisionist bona fides, worked to rehabilitate fascist-era figures, and repeatedly awarded, elevated, and amplified one of the country's most extremist polemicists. They determined that they could get away with further escalating hate-mongering against racial and religious minorities with one tweak: call them Muslims and migrants. Hatred, it seems, is fungible.

Not surprisingly, the politics of fear, historical revisionism, and national grievances have found expression in the ruling party's foreign policy too. The most alarming example has been Hungary's opportunistic approach to Ukraine following Russia's 2014 invasion, with Hungary's rhetoric often echoing Moscow's. Overall, the Hungarian Government's approach suggests that it is not interested in a dialogue about the Hungarian minority in

Ukraine, but in finding a new political enemy. The fact that this is music to Vladimir Putin's ears may be just a coincidence.

In any case, Hungary's posture regarding Russia is unusual in the region, to say the least. As suggested in the Senate Foreign Relations Committee Report we issued on "Putin's Asymmetric Assault," Russian disinformation isn't just creeping in over the transom; the Hungarian Government has opened the door and put out a welcome mat. Paradoxically, however, while Prime Minister Orban may tilt his country to east, Hungarians themselves remain among the most pro-European Union of Europeans and many still vote with their feet, forming a steady exodus west. In fact, the outward exodus is contributing to an emerging labor shortage.

It is not surprising that Hungary gets compared to Russia: the nongovernmental organization, NGO, Law adopted in Budapest last year was inspired by Russia, proposed by Jobbik, and passed by Fidesz, but there are still big differences between Hungary and Russia. Journalists are not murdered in Hungary, and no one goes to jail for his or her opinions. Instead, Hungary is using a fist in a velvet glove to silence civil society and thwart political dissent without ever leaving a mark. Viktor Orban has mastered nonviolent means of repression. He has used the renationalization of segments of the economy, the recentralization of state authority, and the kleptocratic control of putatively private business to stymie opposition and dissent. I know political analysts are using a lot of different terms to describe the specific system that has emerged in Hungary under Orban—illiberal or mafia state? Oligarchy or kleptocracy? One of the most apt may be "goulash authoritarianism."

There are worrying signs that things may get worse before they get better. Viktor Orban now appears set to fulfill his campaign pledge to extract "moral, political and legal" retribution from those who opposed him. He welcomed the publication of an "enemies list" containing some 200 names—including numerous American citizens—and urged the close-to-Orban media to do more to root them out. This is the kind of smear campaign that often comes just before the gloves come off and the blows begin.

Under these challenging circumstances, the United States needs to speak with a clear and unambiguous voice. As Senator CORKER said at the confirmation hearing last week, "Mr. Cornstein will have the important task of reminding the Government of Hungary that its future lies not in a return to the dark days of the past but in remaining an active member of the community of liberal democracies." Messages delivered behind closed doors are likely to have little effect or may even be completely misrepresented in public by Hungarian officials.

The United States will always have a relationship with Hungary, but the question is: What kind of relationship will that be? One built on deeply shared values or only fleeting transactional interests? Our strongest alliances are with countries where human rights are respected and democracy is strong, and that is the kind of relationship I hope Mr. Cornstein will help build.

TRIBUTE TO CHRIS KOLSTAD

• Mr. DAINES. Mr. President, this week I have the honor of recognizing Chris Kolstad of Liberty County for his years of dedication to Montana agriculture.

Chris is a fourth-generation farmer in Montana's Golden Triangle. For the past 100 years, wheat has paid the bills for his family and put food on people's plates, and that will continue moving forward with his son Cory as a partner on the family farm. Chris and his wife, Vicki, have four children, and Chris's father Allen Kolstad served as Montana's Lieutenant Governor from 1989–1991.

While Chris runs an impressive and successful operation on the farm, it is his involvement in the community that makes him stand out. He has been an active member of the Montana Grain Growers Association, as well as the Montana Farm Bureau. In February of 2016, Chris was elected secretary-treasurer of U.S. Wheat Associates. Most recently, Chris was elected chairman of the U.S. Wheat Associates.

Chris works hard to ensure that U.S. wheat is the best in the world. While pushing for that, he proudly represents Montana's farmers and ranchers. I congratulate and thank Chris for his years of hard work and dedication to Montana's farmers and ranchers. •

TRIBUTE TO VAUGHN GRAHAM

• Mr. INHOFE. Mr. President, today I wish to recognize my good friend Mr. Vaughn Graham as he nears the end of his term as the 113th chairman of the Nation's largest insurance association, the Independent Insurance Agents and Brokers of America, also known as the Big "I." He was installed as chairman of the Big "I" in September 2017 in Chicago, IL, and over the past year, he has done an amazing job of piloting the association as a strong and thoughtful leader for independent insurance agents across the country.

Vaughn graduated from the University of Oklahoma and is currently the president of Rich & Cartmill, Inc., headquartered in Tulsa, OK, and with offices in Oklahoma City; Ozark, MO; Olathe, KS; and Greeley, CO. He is a past chairman of the Independent Insurance Agents of Oklahoma, IIAO, and has served as the Oklahoma director to the Big "I" national board of directors. He was recognized in 2012 with IIAO's highest honor, the Eagle of Excellence Award.

On the national association level, Graham has chaired the Membership Services, Inc., board and has served on several Big "I" committees and boards including the Big "I" advantage board, InsurPac board of trustees, and the Large Agents and Brokers Council. In addition, he has been engaged as a member of several insurance companies' agent advisory councils.

I would also like to recognize Candace Graham, Vaughn's esteemed

wife. Vaughn has been married to his wife, Candace, for more than 40 years. Together, they reside in Tulsa, OK, and they have two adult children, Hayden and Vaughn, Jr., and five grandchildren. Graham is also active in his community with charitable and civic organizations. He is a member of Leadership Tulsa, the Rotary Club of Tulsa, and is a volunteer mentor to students of Celia Clinton Elementary School.

The State of Oklahoma is proud of Vaughn Graham and wishes him and Candace well following his successful year as chairman of the Big "I."●

RECOGNIZING MAINE EMPLOYERS' MUTUAL INSURANCE COMPANY

● Mr. KING. Mr. President, today I wish to honor and recognize the Maine Employers' Mutual Insurance Company, MEMIC, a workers' compensation company based in Portland, ME. MEMIC was recently recognized as the best workers' compensation company in the country according to a New York nonprofit that analyzes health insurance companies. A cause for celebration in itself, MEMIC also celebrates its 25th anniversary this year.

One of the greatest success stories in Maine's history, MEMIC revolutionized workplace safety by focusing directly on case management and results. Prior to its incorporation, the workers compensation system was in peril, negatively affecting Maine's economy and workplace environment. Insurance companies that offered workers' compensation were steadily bailing, as costs of writing policies increased. Liability costs climbed as work-related injuries reached peak in the early 1990s. MEMIC's mission was founded on a need for change; both employees and employers need to feel protected from mishap and accidents.

By prioritizing fair and equal treatment of all stakeholders, MEMIC helped Maine's economy avert a crisis. In 1993, Governor John McKernan, Jr., signed legislation that reformed worker safety and appointed a board of directors to set attainable goals and accountability. By its third year, workplace injuries in Maine had dropped to the lowest level in over 16 years, leading to a significant drop in premiums. By its fifth year, MEMIC was able to partially return investment capital to its policyholders with a promise to return the rest within the next 5 years. In addition to lowering costs, reducing fraud, and boosting the economy, MEMIC reinforced transparency, social accountability, and market stability for business leaders. That trend continues to this day when, in November 2017, MEMIC announced that approximately 18,000 employers who purchased insurance through MEMIC would share in a \$21 million dividend, the highest shareholder return in history, and a true reward for improving workplace safety and helping injured workers get well and back to work as soon as possible. That is money going directly

back into Maine's economy through private, public, and nonprofit sectors in all 16 counties. Since 1998, MEMIC has returned more than \$240 million to Maine policyholders, a truly remarkable track record and testament to its integral role and value in strengthening Maine's workforce and economy.

With a 25-year foundation of success, MEMIC's current management and leadership team continue this strong commitment to a work environment conducive to innovation, as well as workplace safety and fair claims management. I commend MEMIC for its groundbreaking history, stabilizing Maine's economy and revolutionizing the workers' compensation industry.●

CENTENNIAL OF THE AMERICAN LEGION DEPARTMENT OF MICHIGAN

● Ms. STABENOW. Mr. President, today I wish to pay special tribute to the American Legion Department of Michigan, which this year is celebrating its 100th convention.

When the American Legion was chartered by Congress 1919, its members were veterans of what was termed the War to End All Wars: World War I. They served alongside people like John F. Roehl, a former major in the Air Service and chief inspector for the Detroit Department of Health, first commander of American Legion Post 1 in Warren; Captain James Wilson, who was awarded the Distinguished Service Cross and received a citation for bravery in action from General John Pershing, first commander of Post 36 in Kalamazoo; and Lilly Larson of Ishpeming, who served in the U.S. Army Nurse Corps and today is the namesake of American Legion Post 114 in Greenwood.

Today's American Legion members have served on many fronts and in many capacities. However, they share a few key attributes with the American Legion's very first members. They all have a deep and profound love for this country. They all have served in uniform with honor, and they all are dedicated to continuing to serve their communities, their country, and their fellow veterans.

They do this in as many ways as there are American Legion posts in big cities, small towns, and rural areas across Michigan and across this country.

Post 44 in Marquette sponsors a youth hockey team, which gives area young people a chance to stay active and involved during those months when the snow is a bit too deep in the Upper Peninsula to play American Legion baseball.

Post 459 in Grand Rapids teams up with organizations including the Children's Advocacy Center of Kent County to raise funds to support children who are victims of abuse and to build communities where all young people are respected and safe.

Post 202 in Detroit has a strong focus on connecting young people in south-

east Michigan with educational and service opportunities, including Boys State, Student Trooper, JROTC, and college scholarships.

Post 68 in Paw Paw hosts an "All Gave Some . . . Some Gave All" golf outing to raise money for items like Trackchairs, so that wounded Michigan warriors can continue to enjoy the active, offroad life so many people in our State enjoy.

Whether they are finding housing for homeless veterans, connecting separating servicemembers with employment opportunities, supporting military families, or inspiring the next generation of patriots, every day, American Legion members are doing all they can to build stronger communities and a stronger country.

Their hard work and dedication is a testament to their organization and to the values that have been the foundation of the American Legion from the beginning: love of country, respect for continued service, promotion of a strong national defense, and devotion to their fellow servicemembers and veterans.

For a century, the American Legion has made sure that the voices of our veterans are heard and their service and sacrifice have not been forgotten. On its 100th anniversary, it is my honor to do the same for them.

Thank you.●

PETITIONS AND MEMORIALS

The following petition or memorial was laid before the Senate and was referred or ordered to lie on the table as indicated:

POM-237. A resolution adopted by the House of Representatives of the State of Hawaii urging the President of the United States and the United States Congress to mitigate the high, disproportionately adverse impacts of the Tax Cuts and Jobs Act of 2017 on Hawaii citizens by increasing federal funding of Hawaii housing initiatives; to the Committee on Banking, Housing, and Urban Affairs.

HOUSE RESOLUTION NO. 187

Whereas, Hawaii's cost of living is the highest in the nation; and

Whereas, utility costs in Hawaii are 106.5 percent higher than national average; and

Whereas, housing costs in Hawaii are 103.3 percent higher than the national average; and

Whereas, the national median price of a single-family home is currently \$241,700, while the median price in Hawaii is currently \$772,000; and

Whereas, experts estimate that Hawaii faces a shortage of five thousand housing units, illustrating the depth of the State's housing crisis; and

Whereas, the median age of a single-family home in Hawaii is between thirty to thirty-nine years old, which is disproportionately older than the median age in other states; and

Whereas, the older age of Hawaii homes means homeowners often invest considerable amounts for repairs and upgrades; and

Whereas, the Tax Cuts and Jobs Act of 2017 reduces the debt amount eligible for the mortgage interest deduction from \$1,000,000 to only \$750,000, and eliminates the tax deduction interest on home equity loans if the loan proceeds are used for purposes unrelated to the taxpayer's home; and

Whereas, many tax credits that benefit persons with lower incomes will sunset in 2027, creating a more regressive tax system with higher tax liabilities for those who can afford it least; and

Whereas, the changes created by the Tax Cuts and Jobs Act of 2017 will affect a disproportionately high percentage of Hawaii residents compared to other states because of Hawaii's unique physical and economic environment; and

Whereas, Hawaii currently ranks as one of the states that is least dependent on federal aid, with federal assistance comprising only 22.8 percent of general revenues: Now, be it

Resolved, By the House of Representatives of the Twenty ninth Legislature of the State of Hawaii, Regular Session of 2018, that the President of the United States and the United States Congress are urged to mitigate the high, disproportionately adverse impacts of the Tax Cuts and Jobs Act of 2017 on Hawaii citizens by increasing federal funding of Hawaii housing initiatives; and be it further

Resolved, That the President of the United States and the United States Congress are urged to request the United States Department of Housing and Urban Development to increase funding levels to Hawaii programs, regardless of potential budget cuts to that department in pending federal appropriation bills; and be it further

Resolved, That certified copies of this Resolution be transmitted to the President of the United States, Vice President of the United States, Majority Leader of the United States Senate, Speaker of the United States House of Representatives, members of Hawaii's congressional delegation, United States Secretary of Housing and Urban Development, Governor, Director of Human Services, and Executive Director of the Hawaii Public Housing Authority.

“(D) VIOLATION DESCRIBED.—A violation described in this subparagraph is—

“(i) unwelcome harassment by an individual described in subparagraph (A) on any basis protected by section 201(a) or 206(a) that has the purpose or effect of unreasonably interfering, and is sufficiently severe or pervasive to unreasonably interfere, with a covered employee’s work performance or create an intimidating, hostile, or offensive working environment; or

Upon that transfer, the Secretary of the Treasury shall collect the debt, in accordance with section 3711 of title 31, United States Code, including by administrative wage garnishment of the wages of the individual described in subparagraph (A) from the position described in subparagraph (A)(ii). The Secretary of the Treasury shall transfer the collected amount to the account described in subsection (a).

“(4) NOTIFICATION TO OFFICE OF PERSONNEL MANAGEMENT AND SECRETARY OF THE TREASURY.—If the individual does not obtain employment in a subsequent position referred

to in paragraph (3)(A)(ii), not later than 90 days after the individual is first no longer receiving compensation as a Member or a Senator, the amounts withheld or collected under this subsection have not been sufficient to reimburse the account described in subsection (a) for the reimbursable portion of the award or settlement described in paragraph (1), the payroll administrator—

“(6) RIGHT TO INTERVENE.—An individual who is subject to the reimbursement requirement of this subsection shall have the unconditional right to intervene in any mediation, hearing, or civil action under this title to protect the interests of the individual in the determination of whether an award or settlement described in paragraph (1) should be made, and the amount of any such award or settlement, except that nothing in this paragraph may be construed to require the covered employee who filed the claim to be deposed by counsel for the individual in a deposition that is separate from any other deposition taken from the employee in connection with the hearing or civil action.

“(7) DEFINITIONS.—In this subsection, the term ‘payroll administrator’ means—

“(A) in the case of an individual who is a Member of the House of Representatives, the Chief Administrative Officer of the House of Representatives, or an employee of the Office of the Chief Administrative Officer who is designated by the Chief Administrative Officer to carry out this subsection; or

By Mr. WICKER (for himself, Ms. HASSAN, and Mr. MORAN):

S. 2955. A bill to reform the Mobility Fund Phase II challenge process conducted by the Federal Communications Commission; to the Committee on Commerce, Science, and Transportation.

Mr. WICKER. Mr. President, I rise this morning to encourage my colleagues to support and cosponsor the Mobile Accuracy and Precision Broadband Act, also known as the MAP Broadband Act.

If we want to get broadband deployment right in this country, if we want to close the digital divide, particularly in rural America—in that great heartland of America—we need for the FCC to be working with an accurate map, and right now they are not working with an accurate map. The agency needs to know which areas are in the most desperate need for consistent wireless service, and the FCC’s current map does not even come close to doing this.

I certainly was not alone in my surprise when I saw the coverage shown on the map released by the FCC in late February. It portrayed my home State of Mississippi as basically a wireless hot spot, with only 2 percent of my State not covered with a reliable 4G LTE connection.

This was an absurd conclusion based on what is actually taking place on the ground. That would mean that 98 percent of my State should have one of the fastest mobile broadband connections on the market. That is ridiculous.

I doubted that the map was accurate based on my own experiences, but I wanted to know what others had to say. So I did a survey in April. I sent out a survey asking Mississippians to tell me about their issues with connectivity. Their responses, which totaled more than 1,800, supported my conclusion that the FCC map is just wrong, and something needs to be done about it. The responses also reaffirmed what is at stake if the FCC does not correct the situation and get these maps right.

Mississippians and Americans across this great country need better service so their children can do their homework. They need it so they can FaceTime with loved ones who are away from home in military service. They need it for jobs. They need it for healthcare. A bad connection is inconvenient, to be sure, but it means so much more to public safety and jobs.

Americans in rural areas should not be at a disadvantage because of where we live. Strong, dependable broadband paves the way for economic growth for us all, and it allows for life-giving telehealth and cutting-edge agricultural technologies.

No one thinks my State is an exception to the FCC map. I have yet to hear

from any colleague in the Senate who thinks this national map accurately reflects the coverage back in our State. So I propose that we continue to work together with legislation to direct the FCC to get this right. Let’s harness the best data for closing the digital divide. Let’s make sure decisions are informed by the most accurate maps possible.

Now, what is at stake here? There is \$4.53 billion that is at stake here. The way we are headed now with this program and with this inaccurate map, the Mobility Fund Phase II program is about to go forward with funds being distributed based on a map that is absolutely wrong.

So my bill would do four things that I think would help. My bill would give challengers more time to voice their concerns and submit better data.

It would require the FCC to extend the challenge process by 90 days.

My bill would also require the FCC to disclose which phones should be getting 4G LTE service so consumers can know whether their service meets these expectations. In addition, it would require the FCC to provide monthly updates on the percentage of areas on the map that are being challenged and the number of challengers.

Fourth, we would monitor the effectiveness of the Mobility Fund Phase II program by the agency offering annual updates on how mobile wireless service is being expanded.

If anyone in the Senate, if anyone in the House, if anyone who can hear me today has a better idea, I am open to adding that to the bill. But at the end of the day, rushing through this challenge process is not in the best interests of Americans who are waiting for fast wireless coverage. It is not in the best interests, frankly, of the Commission, which needs to take the time to get it right, and we are out to help them to do that.

There will be original cosponsors from both sides of the aisle today when I drop the bill. Those who want to be a part of the challenge process need time and resources to put forward sound information—information to help the FCC develop a map that truly portrays broadband limitations in this country. An accurate map would also help ensure the proper use of billions of taxpayer dollars—public dollars—to lead to real results to get us where we need to go.

We cannot go forward and we should not go forward with the data we have. My legislation today would take a big step in ensuring that before we distribute these billions of dollars, we need to make sure that we know what we are talking about, that we have the right information, and that we get it right.

Thank you.

By Mr. UDALL (for himself and Mr. GARDNER):

S. 2958. A bill to require the Federal Communications Commission to make the provision of Wi-Fi access on school

buses eligible for E-rate support; to the Committee on Commerce, Science, and Transportation.

Mr. UDALL. Mr. President, the Federal Communications Commission Schools and Libraries program, commonly known as E-Rate, has helped connect our schools and libraries to high-speed broadband. Recent changes allowed for schools to pay for Wi-Fi on campuses, recognizing that students are using laptops and other devices for learning. This bill, cosponsored by my friend Senator GARDNER, would allow schools to receive reimbursement for Wi-Fi on school buses—an idea inspired by a New Mexico high school student. A few years ago, a football player from Hatch Valley High School in Hatch, New Mexico told me how, after being on a bus for hours after a game, he would sit in the dark parking lot of his school doing his homework—because he didn't have high-speed broadband at home. Making Wi-Fi available on school buses is one piece to solving the homework gap—especially in rural areas. Adequate internet is an absolute necessity in this day and age. And I will continue to work with my colleagues to make sure every home in the Nation has adequate internet access.

Mr. President, I ask unanimous consent that the text of the bill be printed in the RECORD.

There being no objection, the text of the bill was ordered to be printed in the RECORD, as follows:

S. 2958

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. E-RATE SUPPORT FOR SCHOOL BUS WI-FI.

(a) DEFINITION.—In this section, the term “school bus” means a passenger motor vehicle that is—

(1) designed to carry a driver and not less than 5 passengers; and

(2) used significantly to transport early child education, elementary school, or secondary school students to or from school or an event related to school.

(b) RULEMAKING.—Not later than 180 days after the date of enactment of this Act, the Federal Communications Commission shall conduct a rulemaking to make the provision of Wi-Fi access on school buses eligible for support under the E-rate program of the Commission set forth under subpart F of part 54 of title 47, Code of Federal Regulations.

By Mr. LEAHY (for himself and Mr. NELSON):

S. 2974. A bill to amend section 923 of title 18, United States Code, to require an electronic, searchable database of the importation, production, shipment, receipt, sale, or other disposition of firearms; to the Committee on the Judiciary.

Mr. LEAHY. Mr. President, right now, in a small town in West Virginia 90 miles outside of our Nation's capital, dedicated employees of the Bureau of Alcohol, Tobacco, Firearms, and Explosives (ATF) are diligently searching through millions of firearms sales records at the National Tracing Center. They are busily responding to urgent requests from detectives and agents to trace firearms found at crime scenes throughout the country. By the end of the day, they will likely have completed more than 1,000 requests, providing law enforcement with information that can lead to arrests, prosecutions, and ultimately justice for victims of violent crime.

The tracing center plays a critical and unique role in keeping our communities safe. It is the only crime gun tracing facility in the country. Its sole purpose is to help track down and hold criminals accountable.

One would expect Congress to fully and unequivocally support this mission. Yet, inexplicably, Congress has done the opposite. Relenting to pressure from the gun lobby, Congress placed archaic hurdles on crime gun traces, prohibiting the ATF from digitizing or electronically searching through firearms records.

These restrictions were born out of an unfounded fear that can only be described as a conspiracy theory: that allowing records to be electronically searched would lead to firearms—presumably to include my own—being seized by the government en masse, in clear violation of both the Second and Fourth Amendments.

This unworldly fear is having a very real-world impact. In an era when an electronic trace could be completed in an instant, the ATF is instead forced to locate individual records by visiting Federal firearms licensees or searching by hand through the records housed at the National Tracing Center; these National Tracing Center records currently number 800 million, and are

growing by an additional 2 million each month.

Some of these records have been damaged by flooding and mold. Countless more have been relegated to rented shipping containers in the parking lot, as the floor of the tracing center is structurally unable to support the weight of so many thousands of boxes. Other records are stored as images on microfilm, forcing ATF employees to reel through up to 10,000 records on a single roll to find the one desired firearm.

Tracing requests are processed every single day, 24 hours a day, so that when a homicide detective finds a firearm believed to have been used in a murder, the detective can determine the chain of custody for that firearm, which may lead to a suspect.

I asked the ATF about the impact of these restrictions on crime gun traces at a recent hearing of the Judiciary Committee Acting Director Thomas Brandon stated that in these criminal investigations, “time matters, [and] getting accurate information can develop the critical lead.” He testified that if the ATF were able to electronically search through records it would be “beneficial for public safety.”

I agree. That is why today I am introducing the Crime Gun Tracing Modernization Act, which will bring our nation’s tracing capabilities into the 21st century. This legislation would empower the ATF to digitize and electronically search through its firearms records, so that it can quickly and accurately connect crime guns with purchasers. Yet this legislation is also narrowly tailored; it only permits the ATF to search through firearms sale and disposition records that it already has access to, and only for the purposes of criminal and national security investigations, and it strictly prohibits searches using an individual’s name or other personally identifiable information.

This legislation represents only a modest step, but an important step. There are few signs more revealing of Congress’s inability to responsibly legislate gun policy than its insistence that law enforcement not be allowed to effectively search through records already in its possession. The gun lobby cannot be permitted to tie the hands of agents and detectives investigating violent gun crime. We cannot let a baseless conspiracy theory drive our public safety policies.

It is time for Congress to fix our mistakes. It is time to bring one of our Nation’s premier law enforcement agencies, which in turn serves every Federal, State, and local agency in the country, out of the Stone Age. It is no surprise that this legislation is supported by important voices within the law enforcement community, including the Federal Law Enforcement Officers Association, Major Cities Chiefs Association, and Association of Prosecuting Attorneys.

I am also proud that March For Our Lives, led by the students of Marjory Stoneman Douglas High School in Parkland, Florida, strongly supports this legislation. We in Congress owe it to those who have been victimized by gun violence to do something. There are many commonsense steps we can and should take right now. That includes removing indefensible restrictions on law enforcement that waste public safety resources and delay critical investigations of violent gun crime. I urge my fellow senators to join me and Senator NELSON in supporting this important legislation.

By Mr. CARDIN:

S. 2984. A bill to amend the Higher Education Act of 1965 to provide greater access to higher education for America’s students, to eliminate educational barriers for participation in a public service career, and for other purposes; to the Committee on Health, Education, Labor, and Pensions.

Mr. CARDIN. Mr. President, today, I am introducing the Strengthening American Communities (SAC) Act of 2018. My bill seeks to expand access to debt-free public service career pathways for Americans who want to serve their communities, States, or Nation. No one should be denied the opportunity to serve their community as a law enforcement officer, public health practitioner, social worker, or educator based on his or her ability to afford the rising cost of an undergraduate education. My bill is a first step toward correcting public sector workforce disparities by enabling people to serve their communities without being hobbled by massive student loan debt, and by providing current public servants with the financial freedom to continue to heed their calling to service.

Every city, town, and rural community in the United States relies on individuals who choose to utilize their talents for the betterment of others while accepting the lower pay of public service careers. The very foundation of our civil society is based on these public servants making such sacrifices. Far too many individuals who feel drawn to public service do not pursue such careers—or they are forced to abandon such careers prematurely—due to the high cost of obtaining their college educations. When I had the opportunity to hear directly from a student at an Historically Black College and University (HBCU) in my home State of Maryland, I was saddened to hear from an academically successful sophomore who was planning to drop out of school because she feared further indebtedness herself and her family. She said that while she appreciated the financial assistance she did receive, it simply wasn’t sufficient to cover her cost of attendance. While this student had aspirations to serve in her own community, she could not bear to burden her family with the cost of her education. As a result, my home City of Baltimore lost out on a young, engaged aspiring public servant.

Our current system of indebtedness of individuals at the onset of their careers has led to minority underrepresentation in the public sector workforce. First generation college students and students from low-income families cannot afford to take on student loan debt and enter into lower-paying public service careers. As a result, our Nation is deprived of the talents and perspectives of individuals who want to serve their communities but simply cannot afford to do so. As a result, our workforce is less representative of the people it serves. We must find new ways for people to earn the degrees they need to serve our communities. I believe that students who make a commitment to public service should be afforded a debt-free pathway to the baccalaureate degree they need to start their public service career. And those individuals who have already made the decision to choose service over salary should not have to wait for ten years in a lower-paying public career before seeing any reward in the form of Federal student loan forgiveness.

The Strengthen American Communities Act I am introducing today offers a new path for future public servants to earn their baccalaureate degree. Through a new partnership between the Federal Government, States, and public and private, non-profit institutions of higher education, students will have the ability to receive the first two years of their education at a community college, Minority Serving Institution, or Historically Black College or University tuition- and fee-free. Colleges would be required to commit to ensuring student success, and students would have to meet certain academic standards and complete their education within two years. Once students transfer into a four-year institution for their junior and senior years, those who commit themselves to at least three years of public service and meet academic standards will receive a National Public Service Education Grant to pay a significant portion of their college’s tuition, fees, and room and board costs. Universities must provide students with opportunities to engage in public service commitments, academic counseling and student support services, and the opportunity to earn to finish their degree in fewer than two years. Depending on a student’s financial need, under the Strengthening American Communities Act, she or he may be able to graduate with a baccalaureate degree debt-free before embarking on the path to becoming a public servant.

For those individuals who have already answered their calling to public service, my legislation would assist more public servants continue serving their communities by accelerating the existing Public Service Loan Forgiveness program. Under current law, these dedicated workers must work for 10 years in a public service career and make 120 payments on their Federal student loans before they see a dime of

Federal student loan forgiveness. Economic, family, and other reasons can cause individuals to leave the public sector workforce and despite their years of service, the service these workers provided are not taken into consideration. I propose to accelerate the Public Service Loan Forgiveness program to provide more immediate student loan relief. For every two years of employment and corresponding monthly Federal student loan payments, hard-working public sector employees will receive a percentage of their student loans forgiven, with 100 percent of the Federal student loan balance being forgiven at the end of 10 years of service. By accelerating Public Service Loan Forgiveness, we can encourage additional individuals to stay in the public sector workforce despite the lower-paying salaries, reduce their cost of borrowing for home and auto loans, and set aside additional money for their own retirement.

As Congress moves forward with an overdue reauthorization of the Higher Education Act, I urge my colleagues to join in this effort to help individuals who are wholly committed to public service by supporting the Strengthening American Communities Act. No individual willing to serve his or her community in a public service career should be held back from that calling due to the high cost of obtaining a college education. No individual willing to serve his or her community should be forced to leave public service because of financial hardship.

SUBMITTED RESOLUTIONS

SENATE RESOLUTION 522—DESIGNATING THE WEEK OF SEPTEMBER 23 THROUGH SEPTEMBER 29, 2018 AS “GOLD STAR FAMILIES REMEMBRANCE WEEK”

Mrs. HYDE-SMITH submitted the following resolution; which was referred to the Committee on the Judiciary:

S. RES. 522

Whereas the last Sunday in September—
(1) is designated as “Gold Star Mother’s Day” under section 111 of title 36, United States Code; and

(2) was first designated as “Gold Star Mother’s Day” under the Joint Resolution entitled “Joint Resolution designating the last Sunday in September as ‘Gold Star Mother’s Day’, and for other purposes”, approved June 23, 1936 (49 Stat. 1895);

Whereas there is no date dedicated to families affected by the loss of a loved one who died in service to the United States;

dividuals in the United States to sacrifice and work diligently for the good of United States; and

Whereas the sacrifices of the families of the fallen members of the Armed Forces and the families of veterans of the Armed Forces should never be forgotten: Now, therefore, be it

Resolved, That the Senate—

SENATE RESOLUTION 523—ENCOURAGING COMPANIES TO APPLY PRIVACY PROTECTIONS INCLUDED IN THE GENERAL DATA PROTECTION REGULATION OF THE EUROPEAN UNION TO CITIZENS OF THE UNITED STATES

Mr. MARKEY (for himself, Mr. DURBIN, Mr. SANDERS, and Mr. BLUMENTHAL) submitted the following resolution; which was referred to the Committee on Commerce, Science, and Transportation:

S. RES. 523

Whereas the European Union has enacted the General Data Protection Regulation (referred to in this preamble as the “GDPR”), which provides the 508,000,000 residents of the European Union with significant new privacy protections;

Whereas the GDPR takes effect on May 25, 2018;

Whereas the rules of the GDPR will apply to many entities in the United States that serve users and customers in both Europe and the United States;

Whereas the GDPR requires that—

(1) data processors have a legal basis for processing the data of users; and

(2) opt-in, freely given, specific, informed, and unambiguous consent from users is a primary legal basis;

Whereas polling shows that people in the United States are increasingly concerned about their privacy and the security of their personal information;

Whereas recent data breaches and privacy invasions affecting millions of people in the United States underscore the need for enhanced privacy protection in the United States; and

Whereas people in the United States have a right to privacy, and entities that control and process the data of people in the United States have an obligation to protect that data: Now, therefore, be it

Resolved, That the Senate encourages entities covered by the General Data Protection Regulation of the European Union (referred to in this resolving clause as the “GDPR”), including edge providers, broadband providers, and data brokers—

(1) to provide the people of the United States with the privacy protections included in the GDPR in a manner consistent with existing laws and rights in the United States, including the First Amendment; and

(2) to include in the protections described in paragraph (1)—

(A) the requirement that—

(i) data processors (as described in the GDPR) have a legal basis for processing the data of users;

(ii) opt-in, freely given, specific, informed, and unambiguous consent from users be a primary legal basis for purposes of clause (i);

(iii) data processors design their systems in a way that—

(I) minimizes the processing of data to only what is necessary for the specific purpose stated to the individual; and

(II) by default, protects personal information from being used for other purposes;

(iv) entities processing the data of children institute special protections, particularly with reference to the use of the data of children for marketing purposes;

(v) data processors and controllers (as described in the GDPR) ensure compliance with relevant privacy rules; and

(vi) data processors implement appropriate oversight over third party data processors; and

(B) the right of an individual—

SENATE RESOLUTION 524—EX-PRESSING SUPPORT FOR THE DESIGNATION OF JUNE 1 THROUGH JUNE 3, 2018 AS “NATIONAL GUN VIOLENCE AWARENESS WEEKEND” AND JUNE 2018 AS “NATIONAL GUN VIOLENCE AWARENESS MONTH”

Mr. DURBIN (for himself, Ms. DUCKWORTH, Mrs. FEINSTEIN, Ms. HIRONO, Mr. MENENDEZ, Mr. REED, Mr. NELSON, Mr. MARKEY, Mr. CARPER, Mr. MURPHY, Mr. BLUMENTHAL, Mr. VAN HOLLEN, Mr. WYDEN, Mr. KAINE, Mr. COONS, Mrs. MURRAY, and Mr. BROWN) submitted the following resolution; which was referred to the Committee on the Judiciary:

S. RES. 524

Whereas, in the United States each year, more than—

(1) 35,000 individuals are killed and 80,000 individuals are injured by gunfire;

(2) 12,000 individuals are killed in homicides involving firearms;

(3) 21,000 individuals commit suicide by using firearms; and

(4) 500 individuals are killed in unintentional shootings;

Whereas, since 1968, more individuals have died from guns in the United States than have died on the battlefields of all the wars in the history of the United States;

Whereas, by one count, in 2017 in the United States, there were—

(1) 346 mass shooting incidents in which not fewer than 4 people were killed or wounded by gunfire; and

(2) 64 incidents in which a gun was fired in a school or college;

Whereas gun violence typically escalates during the summer months;

Whereas nearly 2,700 children and teens are killed by gun violence every year, including Hadiya Pendleton, who, in 2013, was killed at 15 years of age while standing in a Chicago park; and

Whereas, during the weekend of June 1 through June 3, 2018, the weekend in which Hadiya Pendleton would have had her 21st birthday, people across the United States will recognize National Gun Violence Awareness Weekend and wear orange in tribute to Hadiya and other victims of gun violence and the loved ones of those victims: Now, therefore, be it

Resolved, That the Senate—

(1) supports—

(A) the designation of June 2018 as “National Gun Violence Awareness Month” and the goals and ideals of that month; and

(B) the designation of June 1 through June 3, 2018 as “National Gun Violence Awareness Weekend” in remembrance of the victims of gun violence; and

(2) calls on the people of the United States to—

(C) concentrate heightened attention on gun violence during the summer months, when gun violence typically increases; and

(D) bring community members and leaders together to discuss ways to make communities safer.

SENATE RESOLUTION 525—DESIGNATING SEPTEMBER 2018 AS NATIONAL DEMOCRACY MONTH AS A TIME TO REFLECT ON THE CONTRIBUTIONS OF THE SYSTEM OF GOVERNMENT OF THE UNITED STATES TO A MORE FREE AND STABLE WORLD

Mr. GRASSLEY (for himself and Mrs. FEINSTEIN) submitted the following resolution; which was referred to the Committee on the Judiciary:

S. RES. 525

Whereas, 2,000 years after the ancient Greeks laid the groundwork for democracy, the founders of the United States built an even greater system of government, a democratic republic, propelling the United States to become the most advanced nation in human history;

Whereas the model of government of the United States has been reproduced around the world;

Whereas, according to Freedom House, despite the expansion of democracy worldwide, today more than 1 in 3 people in the world do not live in states considered free;

Whereas the Constitution of the United States and the Bill of Rights, with the addition of the Reconstruction Era amendments, including the 14th and 15th Amendments, and the 19th Amendment, enshrine the rights and civil liberties of citizens of the United States, including the right to vote in free and fair elections;

Whereas the perpetuation of the ideals of democracy does not happen on its own, and can be stalled or reversed;

Whereas surveys show that citizens of the United States are losing faith in the democratic system;

Whereas, according to a study published in the *Journal of Democracy*—

(1) 91 percent of young people in the United States in the 1930s thought it “essential” to live in a democracy;

(2) only 30 percent of young people in the United States in 2018 think that it is “essential” to live in a democracy; and

(3) 24 percent of young people in the United States in 2018 think that democracy is a “bad” or “very bad” way of running the country;

Whereas Freedom House concluded that “Democracy as the world’s dominant form of government is under greater threat than at any point in the last 25 years”;

Whereas former Supreme Court Justice Sandra Day O’Connor said “The practice of democracy is not passed down through the gene pool. It must be taught and learned anew by each generation of citizens”;

Whereas President John F. Kennedy said “Democracy is never a final achievement. It is a call to effort, to sacrifice, and a willingness to live and to die in its defense”;

Whereas President Ronald Reagan said “Democracy is worth dying for, because it’s the most deeply honorable form of government ever devised by man”;

Whereas World War II demonstrated the fragility of democracy and its accompanying civilized life;

Whereas British Prime Minister Winston Churchill observed that “Democracy is the worst form of government, except for all the others that have ever been tried”;

Whereas President George Washington said the United States must recognize the immense value of the national Union and work towards its preservation with “jealous anxiety” and wrote that the security of a free Constitution may be accomplished by “teaching the people themselves to know and to value their own rights”;

Whereas President Thomas Jefferson wrote “Educate and inform the whole mass of the people . . . They are the only sure reliance for the preservation of our liberty”;

Whereas evidence of the diminution of strong support for democratic principles in recent years among citizens of the United States suggests the government of the United States must once more teach and educate the people by taking appropriate actions to highlight and emphasize the importance of democratic principles and their essential role in our freedoms and way of life: Now, therefore, be it

Resolved, That the Senate—

(1) designates September 2018 as “National Democracy Month”;

(2) encourages States and local governments to designate September 2018 as “National Democracy Month”;

(3) recognizes the celebration of “National Democracy Month” as a time to reflect on the contributions of the system of government of the United States to a more free and stable world; and

(4) encourages the people of the United States to observe “National Democracy Month” with appropriate ceremonies and activities that—

(A) provide appreciation for the system of government of the United States; and

(B) demonstrate that the people of the United States shall never forget the sacrifices made by past generations of people of the United States to preserve the freedoms and principles of the United States.

SENATE RESOLUTION 526—EXPRESSING THE SENSE OF THE SENATE THAT POLITICIANS SHOULD NOT INTERFERE WITH A WOMAN’S PERSONAL HEALTH CARE DECISIONS OR ATTEMPT TO PREVENT PROVIDERS FROM OFFERING THEIR FULL MEDICAL RECOMMENDATIONS TO THEIR PATIENTS

Mrs. MURRAY (for herself, Ms. BALDWIN, and Mrs. GILLIBRAND) submitted the following resolution; which was referred to the Committee on Health, Education, Labor, and Pensions:

S. RES. 526

Whereas, since the enactment of title X of the Public Health Service Act (42 U.S.C. 300 et seq.) (referred to in this preamble as the “title X family planning program”) nearly half a century ago, the title X family planning program has provided family planning and related preventive health care services to those most in need and has enjoyed broad bipartisan support;

Whereas the title X family planning program was created to assist in making comprehensive voluntary family planning services readily available to all individuals desiring those services and to enable public and nonprofit private entities to plan and develop comprehensive programs that provide those family planning services;

Whereas the title X family planning program serves 4,000,000 individuals each year, many of whom would otherwise be unable to access the types of health care services supported under the title X family planning program;

Whereas the title X family planning program helps ensure that every individual, regardless of where the individual lives, how much money the individual earns, the background of the individual, or whether or not the individual has health insurance, has access to basic, preventive reproductive health care, such as birth control, cancer screenings, sexually transmitted disease testing and treatment, and well-woman exams;

Whereas the title X family planning program serves a racially and ethnically diverse patient base, not less than 1/3 of patients served under the title X family planning program are people of color, and 13 percent of patients served under the title X family planning program have limited proficiency in English;

Whereas, for decades, individuals receiving services supported under the title X family planning program have been given the full range of information needed to make fully informed decisions about their own pregnancy options, including access to safe and legal abortion;

Whereas efforts to stigmatize abortion care and providers of abortion care undermine the ability of patients to make fully informed health care decisions;

Whereas the Code of Medical Ethics of the American Medical Association states that health care providers should “[p]resent relevant information accurately and sensitively, in keeping with the patient’s preferences” and that “withholding information without the patient’s knowledge or consent is ethically unacceptable”;

Whereas the 1982 report of the President’s Commission for the Study of Ethical Problems in Medicine and in Biomedical and Behavioral Research stated that, “a physician is obliged to mention all alternative treatments, including those he or she does not provide or favor, so long as they are supported by respectable medical opinion”;

Whereas any policy that denies a patient seeking care from a health care provider receiving support under the title X family planning program full and accurate information on and referral for health care services, including abortion care, violates basic medical ethics by forcing the health care provider to withhold health care information from the patient and by denying the basic right of the patient to informed consent;

Whereas health care providers receiving support under the title X family planning program must not be subject to any limitation on providing full and accurate information so that those health care providers may communicate freely with patients and exercise their medical judgment in order to provide the safest and most beneficial medical treatment for each patient; and

Whereas any policy that seeks to prevent health care providers receiving support under the title X family planning program from providing full and accurate information and referral for health care services threatens patient health, discourages honest conversation, and undermines the vital relationship between health care providers and patients, who rely on their health care providers for complete and accurate information: Now, therefore, be it

Resolved, That it is the sense of the Senate—

(1) to recognize that the health of a patient should always come first and patients must be able to rely on their health care providers for medically accurate and evidence-based information about the full range of health care options, including information about access to safe and legal abortion;

(2) to urge the development and maintenance of trust between patients and health care providers by protecting the ability of health care providers to give complete medical advice and information in order to ensure no harm to patient health;

(3) to encourage efforts to enhance patient quality of care and access to confidential and safe care for all patients;

(4) to support efforts to promote the health care safety net;

(5) to recognize that any nationwide gag rule prohibiting information flow between patients and health care providers represents a radical departure from how health care has operated in the United States and fundamentally erodes the right of patients to informed consent and the ability of health care providers to provide appropriate and adequate health care and information; and

(6) to oppose efforts seeking to limit access to, and full information on, reproductive health care options in contradiction with the congressional intent underlying title X of the Public Health Service Act (42 U.S.C. 300 et seq.).

S. RES. 527

Whereas relations between the United States and Georgia have developed into a strong alliance based on shared values and principles;

Whereas, since 1994, the Georgia National Guard has had a partnership with the country of Georgia through the National Guard State Partnership Program, helping build capacity among partner forces and providing deterrence against the aggression of the Government of the Russian Federation;

Whereas the Government of Georgia has shown an unwavering commitment to strengthening transatlantic security by being the largest non-NATO troop contributor to the International Security Assistance Force mission in Afghanistan and one of the top overall contributors to Resolute Support;

Whereas the Government of Georgia has been a leader of the region in democratic development and has initiated positive commitments in the areas of judicial reforms, strengthening the role of Parliament, and utilizing international election monitoring organizations and transparency;

Whereas, on August 1, 2017, Vice President Mike Pence visited Georgia to condemn the Russian Federation's occupation of Georgian territory and attend Exercise Noble Partner, involving 800 Georgian and 1,600 United States troops;

Whereas, on November 20, 2017, the Department of State made a determination approving a sale of the Javelin missile system to Georgia, providing increased capacity to meet Georgia's national defense requirements;

Whereas, on January 26, 2018, the United States Government condemned the Russian Federation's ratification of an agreement with de facto leaders of South Ossetia regarding a joint military force; and

Whereas a democratic and stable Georgia is in the political, security, and economic interests of the United States: Now, therefore, be it

Resolved, That the Senate—

(1) congratulates the people of Georgia on the occasion of the 100th anniversary of the first Democratic Republic of Georgia;

Whereas there remains much to be done to ensure that Asian Americans and Pacific Islanders have access to resources and a voice in the government of the United States and continue to advance in the political landscape of the United States; and

Whereas celebrating Asian/Pacific American Heritage Month provides the people of the United States with an opportunity to recognize the achievements, contributions, and history of, and to understand the challenges faced by, Asian Americans and Pacific Islanders: Now, therefore, be it

Resolved, That the Senate—

(1) recognizes the significance of Asian/Pacific American Heritage Month as an important time to celebrate the significant contributions of Asian Americans and Pacific Islanders to the history of the United States; and

Whereas treatment of brain tumors is complicated by the fact that there are more than 130 different types of tumors;

Whereas the treatment and removal of brain tumors present significant challenges because of the uniquely complex and fragile nature of the brain;

Whereas brain tumors affect the primary organ in the human body that not only controls cognitive ability, but the actions of every other organ and limb in the body, leading to brain tumors being described as a disease that affects the whole individual;

Whereas brain tumor research is supported by a number of private, nonprofit research foundations, and by institutes at the National Institutes of Health, including the National Cancer Institute and the National Institute for Neurological Disorders and Stroke;

Whereas basic research advances may fuel research and development of new treatments for brain tumors;

Whereas there remain challenging obstacles to the development of new treatments for brain tumors, and there are no strategies for screening or early detection of brain tumors;

Whereas, despite the number of people newly diagnosed with a brain tumor every year, and their devastating prognoses, there have only been 4 drugs and 1 device approved by the Food and Drug Administration to treat brain tumors during the preceding 30 years;

Whereas the mortality rates associated with brain tumors have changed little during the past 30 years;

Whereas there is a need for greater public awareness of brain tumors, including the difficulties associated with research on those tumors and the opportunities for advances in brain tumor research and treatment; and

Whereas May 2018, when brain tumor advocates nationwide unite in awareness, outreach, and advocacy activities, is an appropriate month to recognize as “National Brain Tumor Awareness Month”: Now, therefore, be it

Resolved, That the Senate—

(1) supports the designation of May 2018 as “National Brain Tumor Awareness Month”;

(2) encourages increased public awareness of brain tumors to honor those who have lost their lives to that devastating disease or are currently living with a brain tumor diagnosis;

(3) supports efforts to develop better treatments for brain tumors that will improve the quality of life and the long-term prognosis of those individuals diagnosed with a brain tumor;

(4) expresses its support for those individuals who are battling brain tumors, as well as the families, friends, and caregivers of those individuals; and

(5) urges a collaborative approach to brain tumor research, which is a promising means of advancing understanding of, and treatment for, brain tumors.

Mr. DAINES. Mr. President, I am glad to introduce a resolution to designate May 2018 "National Brain Tumor Awareness Month." It is my hope that this resolution will show our support for the patients battling brain tumors, as well as their families, and friends who fight alongside them. It is estimated that 78,980 new cases of primary and non-malignant tumors in the brain and central nervous system will be diagnosed and 16,616 people in the United States will lose their battle with a primary brain tumor this year alone. This resolution will increase public awareness and honor those who have suffered, or are suffering from a brain tumor, while encouraging researchers to redouble their efforts in the search for a cure. I thank Senator MARKEY and our bipartisan colleagues for their support for this important cause.

EXTENSIONS OF REMARKS

HONORING KENDALL EVELYN MARCHANT'S EIGHTH GRADE GRADUATION AT THE HOCKADAY SCHOOL IN DALLAS, TEXAS

HON. KENNY MARCHANT

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 24, 2018

Mr. MARCHANT. Mr. Speaker, I rise to honor my granddaughter, Kendall Evelyn Marchant, on her eighth grade graduation today at The Hockaday School in Dallas, Texas. For over a hundred years, The Hockaday School has been a world-renowned institution and is located in my congressional district. The school educates over 1,000 students from pre-K to 12th grade, with students coming from not only North Texas, but across the country and around the globe.

An important milestone in a student's academic journey at the school is the eighth grade graduation. This is particularly true for Kendall; she has accomplished much in her academic studies, most recently winning the eighth grade history award. Kendall has made her parents, Matthew and Lindsay Marchant, very delighted in her successes. Kendall has two sets of proud grandparents, Kenny and Donna Marchant of Coppell, Texas and Rod and Sherry Hill of Frisco, Texas.

Students celebrate the conclusion of their Middle School academic studies by arriving in traditional white dresses and listening to congratulatory remarks from the administration, faculty, and a chosen student speaker. This terrific event marks the celebration of the eighth grade class and prepares them to assume added responsibilities as Upper School students in the fall. It is also one last hurdle to clear before the start of a well-earned summer vacation.

Kendall has excelled both inside and outside of the classroom at Hockaday. She embodies the four cornerstones of the school: character, courtesy, scholarship, and athletics. In addition to her academic studies, she excels in drama, most recently being in the school play *Annie*, and she shines on the basketball court and softball field for her athletic teams.

I ask all of my colleagues to join me in honoring Kendall Marchant, and all the members and families of The Hockaday School Class of 2022, today on their eighth grade class graduation.

RECOGNIZING THE OPENING OF THE GREAT RIVER ROAD INTERPRETIVE CENTER AT THE GENOA NATIONAL FISH HATCHERY

HON. RON KIND

OF WISCONSIN

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 24, 2018

Mr. KIND. Mr. Speaker, I rise before you today to commemorate the opening of the Great River Road Interpretive Center at the Genoa National Fish Hatchery. This Interpretive Center is along the Great River Road in Wisconsin and is one of our nation's most historic and extensive scenic byways. It is also part of the National Scenic Byways Program.

Today the Great River Road offers travelers not just a leisurely scenic drive but a unique and lasting journey through diverse communities and landscapes. At the Great River Road Interpretive Center in Genoa, visitors will have a chance to see Mississippi River fish species, birds native to the region and a history of the area's pearl button industry.

From its shores in Genoa, the new Interpretive Center provides a panoramic view of the majesty and magnitude of the Mississippi River. Standing outside its entrance doors, one recognizes the River's size, scale, and multiple uses. From outdoor recreation to commercial navigation, to serving as a primary corridor for North American waterfowl, the Mississippi River plays an essential role in the lives of the people of this region and nation. However, in addition to its recreational, navigation and wildlife use, the area and its landscape also tell an important part of our nation's history. It was here, near the new Interpretive Center that a significant battle of the Black Hawk War was fought. The new center features a description of this event with an exhibit dedicated to the Battle at Bad Axe. As a result, residents and tourist alike will better understand the story and history of the area and the role that the Mississippi River played in the region's development.

The Great River Road Interpretive Center is dedicated to protecting and honoring the Mississippi River as both a precious natural resource and an economic engine. Residents and visitors alike will benefit from the wealth of historical, cultural and ecological information that will be featured in this new facility here in Genoa.

The Great River Road Interpretive Center will serve as a gateway to the rich heritage of the Mississippi River for future generations.

RECOGNIZING AND COMMENDING JONAH MARI GUMATAOTAO ON BEING CHOSEN AS THE 2018 GUAM DEPARTMENT OF EDUCATION TEACHER OF THE YEAR

HON. MADELEINE Z. BORDALLO

OF GUAM

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 24, 2018

Ms. BORDALLO. Mr. Speaker, I rise today to commend and congratulate Mrs. Jonah Mari Gumataotao on being selected as the 2018 Guam Department of Education Teacher of the Year. Mrs. Gumataotao is currently a seventh grade Social Studies teacher and the chief advisor of the National Junior Honor Society at Augeda Johnson Middle School in Ordot, Guam.

Jonah has been a middle school teacher and serving with the Guam Department of Education for eight years. Jonah was chosen through a highly selective process to recognize one of the thousands of public school educators for demonstrating excellence in teaching. She was chosen from over 80 nominees and over 20 applicants by a panel of four judges.

Jonah is passionate about reaching all learners—English language learners, students in the Special Education program, and trying to meet diverse needs and learning styles of her students. She is also interested in discovering new ways to connect the classroom with the local community and instill in her students and NJHS members the importance of serving the island.

Jonah recently led the beautification of two vandalized bus stops in Chalan Pago, and was able to coordinate the help of students, parents, community partners, school staff and the village mayor. The end result was two stunning works of art that helped promote both team work and school spirit.

As a Social Studies, teacher her goals are to encourage students to keep an open mind about different cultures and be inspired to someday travel the world.

Jonah recognizes that all students get a chance and they have to take it. She acknowledges the power of teachers to influence young minds, help shape personalities and contribute directly to future generations. She stresses to her students that success comes from making mistakes and learning from them, sticking by a commitment, and pursuing goals without hesitation.

● This "bullet" symbol identifies statements or insertions which are not spoken by a Member of the Senate on the floor.

Jonah has worked diligently to promote excellence in academics and character in her students and she has made a positive influence in the lives of all the students she has taught. I join the people of Guam in congratulating Jonah on this prestigious accomplishment being named the 2018 Guam Department of Education Teacher of the Year. I commend Jonah for her years of service and look forward to many more contributions to our island and nation.

STROKE AWARENESS MONTH

HON. JOYCE BEATTY

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 24, 2018

Mrs. BEATTY. Mr. Speaker, I rise today in recognition of Stroke Awareness Month celebrated in May of each year.

Mr. Speaker, every 40 seconds someone in the U.S. has a stroke.

In fact, stroke is the third leading cause of death in the United States, killing nearly 430,000 Americans every year.

Yet, by making simple lifestyle changes, according to the National Stroke Association 80 percent of all strokes are preventable.

Unfortunately, many wait until it is too late: I know, because I had a stroke when I was 49 years old.

Since that fateful day and a year of rehabilitation, I have worked hard to increase awareness alongside the American Heart Association, National Stroke Association, Women's Heart Alliance and many others.

However, we can and must do more.

That is why, as Co-Chair of the Congressional Heart and Stroke Coalition, I urge my colleagues to join me in raising greater awareness of stroke by cosponsoring my resolution, H. Res. 337.

Together we can combat this devastating illness and help find long-term solutions to better prevent, treat, and improve the lives of Americans and their families affected by stroke.

I thank my colleagues for passing the FAST Act in the Omnibus, because it expands access to telehealth-eligible stroke services under the Medicare program.

NATIONAL DEFENSE AUTHORIZATION ACT FOR FISCAL YEAR 2019

SPEECH OF

HON. GERALD E. CONNOLLY

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, May 22, 2018

The House in Committee of the Whole House on the state of the Union had under consideration the bill (H.R. 5515) to authorize appropriations for fiscal year 2019 for military activities of the Department of Defense and for military construction, to prescribe military personnel strengths for such fiscal year, and for other purposes:

Mr. CONNOLLY. Mr. Chair, I rise today in support of my amendment to the National Defense Authorization Act for FY2019, which would require the Administrator for Federal Procurement Policy to define and track Procurement Administrative Lead Time (PALT).

PALT is the amount of time between when a solicitation or task order is issued and when a contract or task order is awarded.

A similar requirement for the Department of Defense was enacted as part of the FY2018 National Defense Authorization Act.

I commend the Department for acting quickly to establish a definition of PALT and a way to track it in the Federal Procurement Data System with minimal additional effort from contract officers.

This requirement should be expanded government-wide with relative ease.

Such tracking will help federal agencies ensure they are soliciting and acquiring goods and services in an efficient manner and help Congressional overseers identify agencies that are underperforming in this area.

I thank Chairman THORNBERRY and Ranking Member SMITH for working with me on this amendment.

SHARING STUDENTS' 'MARCH FOR OUR LIVES' REMARKS

HON. STENY H. HOYER

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 24, 2018

Mr. HOYER. Mr. Speaker, on May 9, I came to the Floor and spoke about the March For Our Lives on March 24 and the nine extraordinarily poised students in Morristown, New Jersey, who spoke at the rally there, which I attended. I include in the RECORD remarks by Danilo Lopez. I hope my colleagues will read them and internalize the sense of fear in which our nation's students are living every day—and our responsibility as Members of Congress to do something to address this crisis of gun violence.

MARCH FOR OUR LIVES' REMARKS BY DANILLO LOPEZ

Hello, my name is Danilo Lopez, and I am a junior at Dover High School. I would now like to read a list of those who lost their lives in the terrible shooting in Parkland, Florida, February 14, 2018: Alyssa Alhadeff; Scott Beigel; Martin Duque Anguiano; Nicholas Dworet; Aaron Feis; Jaime Guttenberg; Chris Hixon; Luke Hoyer; Cara Loughran; Gina Montalto; Joaquin Oliver; Alaina Petty; Meadow Pollack; Helena Ramsay; Alex Schachter; Carmen Schentrup; and Peter Wang.

Let us hope and pray that they are in a better place, and we will always remember. To honor the victims, I would now like us to all have a moment of silence.

REMEMBERING THE LIFE OF SISTER M. MAURICE WODARSKI, OSF

HON. MARCY KAPTUR

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 24, 2018

Ms. KAPTUR. Mr. Speaker, on this Memorial Day weekend, I rise to remember the life of Sister M. Maurice Wodarski, a dedicated servant of the Franciscan Order of Sylvania, Ohio. Of proud Polish/American heritage, she left us for God's grace this past January. Throughout her blessed life, she tended souls so faithfully, generously, and jovially. The sparkle in her eyes revealed a loving heart. And her crisply ironed beige habit with veil alerted you: this was a woman of serious purpose. Sr. Maurice was on a mission and she had no time to waste.

Having entered the convent from Nativity Parish in Toledo, OH in 1951, Sister Maurice lived her vows of poverty, chastity and obedience as a dedicated woman of faith and service who ministered for over six decades indefatigably to the young, young at heart, the home bound, those in nursing homes, and veterans. For 35 years she taught the young minds of students in Ohio, Michigan, Minnesota, and Maryland. She took great pride in teaching math, even helping other teachers decorate their bulletin boards, and instructing altar boys on Mass.

Sister Maurice had a gift for helping the elderly. After teaching, she began working on the ministry of care for Rosary Hall at St. Vincent Medical Center in Cleveland, OH for the elder Sisters, and then later at the new Franciscan Nursing Care Center in Sylvania, Ohio. She had trained as a home health aide, and went on to care for the elderly individually in their homes for over two decades. She brought joy and compassion. And she worked very hard.

A fierce and devoted advocate for veterans, Sister Maurice sought to honor her Korean War Veteran brothers who served in the Marines through her own service. She volunteered at the Toledo Community Veterans Outpatient Clinic, served as Chaplain for the Przybylski Post 642, and was a State Officer of the Ohio Chaplains. She received accolades for her veterans' work and was awarded the Volunteer of the Month in the VA's 2014 newsletter and the St. Agnes Medal from the National Catholic War Veterans Auxiliary. The St. Agnes Medal is the highest national honor a CWVA member can attain.

On June 1, 2018, I will attend a tree planting in honor of our late Sister at the Veterans Clinic in Toledo. I could not think of a more appropriate setting, as her memory will live on inspiring and comforting the veterans she cared for and appreciated. Please allow me to share a favorite memory recalling the sunny day when ground was first broken to build the new clinic. Photos were being arranged for those present and we soon realized Sister

Maurice was not to be found. Hurriedly, I rushed behind the stage and scaffolding to see if we could locate her and sure enough, I spotted Sister Maurice on her knees planting holy medals in the soil around the perimeter of what was to be the future new Veterans Clinic. That describes Sister Maurice. In her own words, "I've always had a big heart for the veterans, watching them come home crippled and with health problems. I am happy that we are able to help them at the VA Clinic." I hope the tree will also serve as a reminder of the sacrifices our veterans give that fosters the altruistic support of such remarkable individuals as Sister Maurice.

Sister Maurice's work and spirit will live on through her chosen Order—the Sisters of Saint Francis of Sylvania whom she loved. She will be fondly remembered and dearly missed for her dedication to God, service, and fellow men and women. Our country surely owes her a debt of gratitude.

The hallmark of a public servant is to leave the world a better place for humanity after you leave it. Sister Maurice Wodarski fulfilled her mission. May God bless her and keep her in celestial comfort and joy.

RECOGNIZING MARION COLEMAN

HON. ERIC SWALWELL

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 24, 2018

Mr. SWALWELL of California. Mr. Speaker, I rise today to recognize Marion Coleman in honor of her being named a National Endowment for the Arts National Heritage Fellow for her work as a traditional African-American quilter.

Marion first learned to sew from her grandmother and her great aunts in her home state of Texas. The love of quilting she garnered from her family inspired her to pass the quilting tradition down to the next generation through teaching. She began making quilts professionally in 2002 with her piece York in the Corp of Discovery, a quilt about the only African-American in the Lewis and Clark expedition. She went on to receive awards for her pieces, Neighborhood Watch and Ruby Bridges. These pieces all evoked narratives of the African-American experience.

Her professional career has taken her throughout the United States and around the world. In 2012, she was a guest artist at Quilt Week in Yokohama, Japan, and in 2013, her work was exhibited in the U.S. Consulate in Jerusalem through the Art in Embassies Program. In 2016, her work was added to the Nelson Mandela Gateway Museum in Cape Town, South Africa.

While Coleman's narrative quilt work has received national and international acclaim, she has been committed to helping her local community. Marion regularly spends time volunteering with local female detainees, and in 2008 she started the Minerva Project with the Alameda County Arts Commission. Through this project, Coleman taught female youth detainees how to quilt, and she led them in a creative exercise that emphasized the qualities of courage, strength and wisdom.

The National Endowment for the Arts National Heritage Fellowship is the nation's highest honor in the folk and traditional arts, it is

only fitting, then, that Marion Coleman is one of nine fellows selected this year, joining the ranks of former honorees such as B.B. King and Mavis Staples.

Marion Coleman has made an indelible mark on the quilting and fiber folk arts community. Her extensive body of work, and her commitment to education throughout the community is well deserving of the National Heritage Fellowship Award. I am honored to represent Marion Coleman, and I am grateful for her numerous contributions to the East Bay.

NATIONAL DEFENSE AUTHORIZATION ACT FOR FISCAL YEAR 2019

SPEECH OF

HON. KYRSTEN SINEMA

OF ARIZONA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, May 22, 2018

The House in Committee of the Whole House on the state of the Union had under consideration the bill (H.R. 5515) to authorize appropriations for fiscal year 2019 for military activities of the Department of Defense and for military construction, to prescribe military personnel strengths for such fiscal year, and for other purposes:

Ms. SINEMA. Mr. Chair, I rise in support of H.R. 5515, the National Defense Authorization Act for Fiscal Year 2019. This bipartisan bill gives our troops a well-deserved pay raise and makes important investments in our national defense that will keep our country safe and strong.

I thank Chairman THORBERRY and Ranking Member SMITH for their leadership on this important legislation, and for their support in including all four of my amendments, as part of the en bloc amendments, in this bipartisan bill.

Terrorists like Islamic State present a clear threat to our country and to our allies. As ISIS loses territory in Iraq and Syria, its strategies to obtain funding and spread violence evolve. My first amendment ensures we develop strategies to counter ISIS financing as the terrorist group, its affiliates, and their sources of revenue change. It requires the Secretaries of Defense, State, and Treasury to provide a joint report to Congress on the current and future funding mechanisms of the Islamic State and its affiliates, and what the U.S. is doing to stop them. I thank Congressman FITZPATRICK of Pennsylvania and Congressman BUDD of North Carolina for working across the aisle with me on this commonsense solution. The safety and security of Arizona families continues to be my top priority.

My second amendment is the latest in a series of actions I've taken to ensure Arizona has the resources it needs for wildfire season. My amendment formally acknowledges the dangers that wildfires pose to our security and requires the Department of Defense to consider how their assets—including air support—could complement the efforts of federal fire-fighting agencies in tackling the toughest, most dangerous fires. Arizonans know that when a wildfire is out of control, it's all hands on deck. My amendment directs government to do the same.

We owe a great debt to the men and woman who serve in our military, and it is critical that we support their transitions from military to civilian life. My third amendment helps

servicemembers transition successfully to civilian life by ensuring they receive quality financial literacy training prior to separation. When servicemembers go through the Transition Assistance Program, they learn about their earned benefits and ways to obtain jobs, healthcare, education, and housing. Financial literacy training will enable servicemembers to better utilize these benefits and the educational and career training available to them now and into the future. I thank Congressman HOLLINGSWORTH of Indiana for working with me to ensure our troops are prepared to succeed in civilian life and achieve the American Dream.

My fourth amendment helps address a technological vulnerability for both the public and private sectors. Government-owned mobile devices, including those owned by the Department of Defense, are targets for data breaches and hacking. It is important that we develop technologies that secure these types of devices and protect our information. My amendment requires the Department of Defense to brief Congress on certain threats to mobile devices and what actions the Department will take to prevent mobile device data breaches and hacks. I thank my fellow Arizonans, Congressmen BIGGS and GALLEGO for working with me to safeguard our national security.

CHINESE INVESTMENT IN EUROPE

HON. TED POE

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 24, 2018

Mr. POE of Texas. Mr. Speaker, China is a rising power with interests that more often than not come into conflict with our own. As Secretary Mattis identified last year in the National Defense Strategy, we are in a new era of great power rivalry.

The People's Republic of China is one of the most capable and competitive global rivals we face. China still adheres to an authoritarian philosophy with the state at the center of power. At the center of the state is President Xi Jinping [Shee Jin-Ping], who has made himself ruler for life and has made clear he wants China to be a dominate world power that challenges the United States.

Under Xi [Shee], China is building up its military power to compete with the U.S. Soon China will possess a larger naval fleet in Asia than we do and has begun establishing military bases outside of its own region. These new Chinese outposts are positioned at strategic choke points to control international shipping lanes.

The PRC does not believe in freedom of the seas or fair international order, it only believes in having an upper hand. Much like the elites of the communist party have over their own people.

They are also stealing American innovation to surpass our technological edge both militarily and commercially. It is commonly known, that China has zero respect for intellectual property rights.

But Beijing has also recognized that it can seize enormous global influence without firing a shot. Simply by using its checkbook and offering massive loans, China can manipulate weaker states eager for investment to bend to Beijing's will.

At the center of its strategy to use economic power to gain widespread influence is China's One Belt One Road initiative. This plan envisions expanding Chinese exports and trade access through major infrastructure projects across Asia and into Europe. So far many central Asian states and Eastern Europe have signed on to participate. In their view, China's investment is an opportunity to stimulate their lagging economies.

But there is a catch. With massive Chinese investment, comes Chinese control. According to a Bloomberg study, over the past 10 years, China has bought or invested in assets amounting to at least \$318 billion in Europe, which amounts to 45 percent more Chinese-related activity than the U.S. in the same period. This includes buying European ports, such as Greece's largest port, and high technology and manufacturing firms.

Meanwhile European companies still cannot gain much access to the Chinese market because of unfair business practices. This gives China an economic edge and growing market control that is under the thumb of the Chinese Communist Party.

Some of Beijing's investments are purely about making money but others are about gaining influence over countries' political decisions. So far we have seen countries with significant Chinese investment are hesitant to confront Chinese bad behavior on the inter-

national stage. Including watering-down condemnation of China's aggressive and illegal behavior in the South China Sea.

In developing countries, China has used predatory loans to force states to surrender sovereignty over critical infrastructure when they cannot repay. The same could occur in Europe.

Europe is a free and open market just like our own and should remain resistant to implementing protectionist trade policies. But with encroaching influence from Beijing, Europe—just like here—must be wary of Chinese motivations.

It is clear, China does not play fairly. It will do whatever it takes to gain strategic dominance.

And that's just the way it is.

PERSONAL EXPLANATION

HON. JARED POLIS

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 24, 2018

Mr. POLIS. Mr. Speaker, I was absent for Roll Call vote 205, on passage of H.R. 2. Had I been present, I would have voted "No" on final passage.

The partisan farm bill the Republican majority brought to the floor only sought to hurt millions of working families, children, older adults and persons with disabilities by cutting \$23 million in SNAP benefits and undermine programs that protect the environment and promote conservation.

NATIONAL DEFENSE AUTHORIZATION ACT FOR FISCAL YEAR 2019

SPEECH OF

HON. GERALD E. CONNOLLY

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, May 22, 2018

The House in Committee of the Whole House on the state of the Union had under consideration the bill (H.R. 5515) to authorize appropriations for fiscal year 2019 for military activities of the Department of Defense and for military construction, to prescribe military personnel strengths for such fiscal year, and for other purposes:

Mr. CONNOLLY. Mr. Chair, I rise today in support of my amendment to H.R. 5515, which would require a report related to human rights in North Korea.

The report would describe ongoing or planned efforts regarding the repatriation of members of the United States Armed Forces; the reunification of Korean Americans with relatives in North Korea; and an assessment of security risks posted by travel to North Korea for U.S. citizens.

The division of North and South Korea along the 38th Parallel offers one of the world's most striking dichotomies, yet on both sides of the Demilitarized Zone resides a shared pain.

The pain is that of the families ripped apart by the Korean War and an enduring division of one people into two countries.

Reunions are a welcome respite from the separation, but, in the end, provide yet another reminder that family reunification on the Korean Peninsula is fleeting.

Many of these Americans, more than 100,000 according to the last estimate, have been waiting to reunite with their family members in North Korea.

Too many have already passed away without realizing that hope.

This amendment would require an update on efforts to conduct family reunifications for these Korean Americans.

It would also help heal old wounds by addressing the repatriation of members of the U.S. Armed Forces who have been missing since the Korean War.

It is vital that our North Korea policy be informed with an understanding that there are human victims of the ongoing conflict on the Peninsula.

I thank the Chairman, the Ranking Member, and Rep. ROS-LEHTINEN for working with me on this amendment and ask that my colleagues support it.

RECOGNIZING COLSTRIP UNITED

HON. GREG GIANFORTE

OF MONTANA

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 24, 2018

Mr. GIANFORTE. Mr. Speaker, I rise today to honor a group of Montanans who banded together to protect their livelihoods and our communities against the war on coal.

Colstrip United emphasizes the importance of coal in Montana and the United States. The grassroots group counters false, anti-coal claims pushed by special interest groups and ensures the voices of their close-knit community are heard. Two members of the Colstrip community, Lori Shaw and Ashley Dennehy, lead Colstrip United to empower their community.

The hardworking folks at Colstrip supply the energy that keeps the lights on for millions of Americans. Colstrip United helps us remember the faces and communities behind the flick of a switch.

The group continues to grow its membership by advocating responsible development of our natural resources to grow our economy and protect our way of life. Colstrip United extends its focus beyond Colstrip, drawing attention to similar communities that are the backbone of our energy sector.

The group's motto is "Inform. Promote. Inspire." Colstrip United is about neighbor helping neighbor, a characteristic that defines the spirit of Montana.

Today, I pay tribute to the Montanans who are Colstrip United for their inspiring work to promote and protect our Montana way of life.

TRIBUTE TO ED GRIMES

HON. KEVIN MCCARTHY

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 24, 2018

Mr. MCCARTHY. Mr. Speaker, today I rise to honor the late Ed Grimes, who served as Mayor and chief executive of the City of Tehachapi for six years. He passed away on May 21, 2018 at the age of 75 after a lifetime of service to his community.

Mayor Grimes started his storied career in public service on the Tehachapi Unified School District as a member of the School Board, serving a career of 20 years, twelve of which were spent as the board chairman. He

would later campaign successfully for a seat on the Tehachapi City Council in 2003, and was first elected as Tehachapi's Mayor in 2006. Over his career in public service, Mayor Grimes served ten years on the Tehachapi City Council and served three terms as mayor during the years of 2006 through 2008, 2010 through 2012, and 2016 through 2018. A man with a true heart for his city, Mayor Grimes refused a paycheck during his tenure as an elected city official, instead donating his salary to fund scholarships for Tehachapi high school students preparing to go to college.

Ed, affectionately known at home as "Mr. Tehachapi," called Tehachapi his home for 68 years of his life. A lifelong football fan with a heart for the youth of the community he served, Mayor Grimes dedicated his free time to fundraising for Tehachapi High School's Warriors football team, raising over \$50,000 for high school athletics over a period of nearly two decades. His passion for youth athletics was not limited to the sidelines; Mayor Grimes could often be heard narrating Tehachapi High School football games over the stadium public address system, a hobby that earned him the nickname of "The Voice of the Warriors."

Mayor Grimes will be remembered for his kindness, leadership, and passion for life. His life of service illustrates the best of public service, and he will be remembered as a man who truly loved the city he called home. It didn't matter if we were discussing the local economy, family or simply football, time spent with Mayor Grimes was always time well spent. I will miss Mayor Grimes' words of wisdom, his humble manner, and his laugh that was so infectious that you could not help but join him. I extend my deepest condolences to his wife Ruthie, his children and grandchildren, and the entire Tehachapi community as we all mourn the loss of this local icon.

HONORING AMERICAN POW'S WHO DIED AT HIROSHIMA

HON. NIKI TSONGAS

OF MASSACHUSETTS

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 24, 2018

Ms. TSONGAS. Mr. Speaker, I rise today to bring to your attention a unique monument that is about to be installed in my district on Memorial Day. On May 28th a ceremony will be held at the Centralville Memorial Park in Lowell, Massachusetts to place a memorial stone in honor of the 12 American Army and Naval aviators who died as POWs from the atomic bombing of Hiroshima on August 6, 1945. Participating in the remembrance will be Mr. Shigeaki Mori from Japan, a Hiroshima survivor (a hibakusha) who has devoted nearly half his life to identifying these men and notifying their families of their fate.

One of the POWs was 19-year-old Navy Airman 3rd-class Norman Brissette from Lowell, Massachusetts. He was among the 12 American airmen who survived the downing of four planes while on missions over Hiroshima and Kure on July 28, 1945. At the memorial ceremony, the Brissette family and friends will be joined by the family of another Hiroshima POW Army Air Corps Staff Sgt. Ralph J. Neal from Corbin, Kentucky. Both families were featured in the documentary film, Paper Lanterns, about Mr. Mori's quest to honor the memory and bravery of these American POWs.

Mr. Mori was eight years old when he survived the bombing of Hiroshima, then a military city. His elementary school became a temporary hospital and soon a crematory. As an adult, haunted by the horror and doubting the official number of 800 dead, Mr. Mori sought to find out how many people had died at his school. The actual number was 2,300. During his research, he also discovered that 12 American POWs were among the 100,000 who perished in Hiroshima.

The Americans were prisoners of the Kempeitai and held in Hiroshima's Chugoku Military Police Headquarters near the atomic blast's epicenter. Mr. Mori has spent decades identifying these Americans and locating their surviving family members in the United States. With the family's permission, he had the names of each of the 12 airman inscribed in Hiroshima's Register of the Names of the Fallen Atomic Bomb Victims. In July 1998, Mr. Mori placed a memorial plaque to the men on the building that was their prison. It is the only memorial in Hiroshima dedicated to the Americans killed there.

On May 27, 2016 President Barack Obama became the first sitting president to visit Hiroshima. After the ceremony, the President hugged a tearful Mr. Mori and thanked him for his work on behalf of the American POWs. The image of President Obama and embracing Mr. Mori has come to define friendship and reconciliation between the United States and Japan.

I welcome Mr. Mori and his wife Kayoko to my district and thank them for their dedication to peace and to making a world free of nuclear weapons. As President Obama said at Hiroshima, "we have a shared responsibility to look directly into the eye of history and ask what we must do differently to curb such suffering again." This is what the Moris have done.

STOP PAYING PAKISTAN TO BETRAY US

HON. TED POE

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 24, 2018

Mr. POE of Texas. Mr. Speaker, we must remember that Pakistan continues to be an unreliable partner in the fight against terrorism. For nearly two decades, we have hoped that Pakistan would clear the terrorist safe havens along the Afghanistan border and end its support for violent extremist groups. We have even paid them \$13 billion to do this.

And yet, Pakistan still has not proven it is serious about combatting terrorism. Just earlier this month, the Pakistani Minister of Interior was shot by a man linked to an extremist political party in Pakistan. This political party believes Pakistan's blasphemy laws are not being strictly enforced to prosecute Christians or minority sects. The fact that Pakistan—a supposed ally of the United States—has a blasphemy law is troubling enough. Such intolerant laws only foster the extremism and hate that our terrorist foes thrive on.

But Pakistan's relationship with extremism is nothing new. Even when members of the Pakistan government become victims of the terrorism, they equivocate or blame someone else, like the U.S. or Afghanistan, while dismissing their own role in fueling such groups.

The evidence is clear, Pakistani sponsorship of terrorism can be traced to the Soviet-Afghan war and Pakistan's ongoing conflict with India. After 9/11, Osama bin Laden and his ilk fled to Pakistan for a clear reason: because they knew it was a safe place for extremists.

For too long, we have fooled ourselves into thinking Pakistan is a responsible nation. During the Cold War we made a mistake identifying an Islamist state like Pakistan as an ally. They do not share our values and have inflamed conflict across South Asia for a long time. We have poured billions of dollars into Pakistan hoping it will change. When will we accept that it will not? That violent extremism and anti-Americanism is too deeply rooted and that paying them only rewards bad behavior.

Currently, we authorize roughly \$700 million every year in coalition support funds for Pakistan to fight terrorism and support our efforts in Afghanistan. We long suspected, however, they were only taking token steps to fool us. Starting in FY2016, to be eligible for half of the CSF money, Congress required the Secretary of Defense to certify that Pakistan is taking adequate steps to combat the Haqqani Network—one of the worst terrorist groups in the region. And to no surprise, the Pentagon has been unable to certify that Pakistan is meeting this requirement since it was put into law. Despite failing to meet this certification, \$350 million of the CSF money still goes to Pakistan. If it is clear that Pakistan is permitting terrorist groups to operate on its territory, why are we giving them any money at all?

The time has come to end our delusion that Pakistan will fulfill its responsibility in the fight against terrorism. We should not be paying Pakistan to betray us. They will do it for free. And that's just the way it is.

Mr. JONES. Mr. Speaker, I rise today to honor my dear friend, Clark Patton, of Beau-

fort, North Carolina. Last month Chief Warrant Officer 4 Clark Alan Patton retired from the United States Army after 35 years of faithful service to our country. RECOGNIZING THE GUAM POWER
AUTHORITY ON 50 YEARS OF
SERVICE TO THE ISLAND OF
GUAM

HON. MADELEINE Z. BORDALLO

OF GUAM

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 24, 2018

Ms. BORDALLO. Mr. Speaker, I rise today to commend and congratulate the Guam Power Authority (GPA) as it celebrates its 50th anniversary of serving the people of Guam. The Guam Power Authority provides electrical services on Guam to residential, commercial, government, and military customers. GPA was created in 1968 as a public corporation and autonomous instrumentality of the Government of Guam, and since that time has maintained and expanded the island wide power system for the island of Guam. In its 50 years of serving the island, GPA has adapted to multiple changing conditions. It has progressed to have enhanced flexibility as a Guam-owned entity with the mission to provide safe, reliable, affordable, and environmentally responsible service to Guam's ratepayers.

GPA adds value to the services it provides through diversifying GPA's energy resources, and conducting maintenance throughout Guam's island wide power system. GPA also offers evolving online services for customers to conduct electric utility business at their convenience, all while continually upgrading its use of technology in all areas.

The agency has grown to meet the economic growth and rapid pace of technological advancements for the island. It has met the challenges of connecting all customers while aiming for superior customer service through accountability, efficiency and responsiveness. GPA has evolved from operating as an isolated power grid system to enhanced reliability with firm Integrated Resource Planning, optimizing energy production costs and forging beneficial public-private partnerships.

GPA has made great strides over the last 50 years to overcome obstacles and continue to grow. Today, the agency employs nearly 500 professional and technical individuals who bring electricity to the homes and businesses of Guam. These employees remain committed to providing energy service and solutions to the 52,000 customers of the Guam Power Authority.

Again, I commend and congratulate the Guam Power Authority (GPA) as it celebrates its 50th anniversary of serving the people of Guam. I commend the Guam Power Authority for their leadership in providing electricity to the local community. I recognize Mr. John M. Benavente, P.E., General Manager, the management team and all employees of the Guam Power Authority for their contributions to the success of GPA. I join the people of Guam in commending them for their service and growth over the last 50 years, and thanking them for their many contributions to our island. I look forward to many more years of success for the Guam Power Authority in support of improving the quality of life for the people of Guam.

CAROLE ONDERDONK, REST IN
PEACE

HON. JARED POLIS

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 24, 2018

Mr. POLIS. Mr. Speaker, today I rise to pay tribute to a pillar of our community, Carole Onderdonk of her adopted city of Eagle, Colorado.

Carole Onderdonk was a graduate of Upsala College and Fordham University, eventually becoming a Licensed Clinical Social Worker, and a gifted craftsperson. As a social worker, she became a tireless advocate for the most vulnerable, and truly believed she could make a difference in the world. I'm told that her positivity inspired her friends and family to be their best selves.

I've known Carole for almost 20 years, and represented her in Congress until they redistricted her part of Eagle County out of the 2nd Congressional District. She always considered me her honorary representative anyway, and I knew the progressive cause could always count on her passionate advocacy.

Carole was one of our favorite volunteers in Eagle County, and she carried within her a passion for improving the lives of others through the power of activism and political action. Her dedication to making a positive impact will be sorely missed.

Carol was a beloved daughter, sister, mother, grandmother, great-grandmother, and valued member of our community.

RECOGNIZING NATIONAL BUILDING
SAFETY MONTH

HON. LOU BARLETTA

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 24, 2018

Mr. BARLETTA. Mr. Speaker, as National Building Safety Month comes to a close, I would like to recognize the men and women of the International Code Council who have dedicated their livelihoods to ensuring the safety of Americans both in their homes and workplaces.

Each year, in observance of Building Safety Month, Americans are asked to consider projects to improve building safety at home and in their communities, and to acknowledge the essential services provided to all of us by local and state building departments and federal agencies in protecting life and property. Building Safety Month, which is sponsored by the International Code Council, reminds the public of the important role safety codes and code officials play in creating and sustaining safe communities.

"Building Codes Save Lives," the theme for Building Safety Month 2018, encourages all Americans to raise awareness of the importance of building safety. The International Codes, the most widely adopted building safety and fire prevention codes in the nations, are used by most U.S. cities, counties, and by all 50 states. These modern building safety codes also include safeguards to protect the public from natural disasters, such as hurricanes, snowstorms, tornadoes, wildland fires, and earthquakes.

Similarly, in the U.S. House of Representatives, we have made major strides in promoting pre-disaster mitigation. In particular, I am proud to say that my bill, H.R. 4460, the Disaster Recovery Reform Act, was included in H.R. 4, the FAA Reauthorization Act of 2018, which passed the House on April 27, 2018. The measures in this bill will help our communities better prepare for and respond to disasters of all kind, in keeping with the mission of National Building Safety Month.

Mr. Speaker, please join me in thanking the International Code Council for their work to highlight National Building Safety Month.

HON. ANDY BARR

OF KENTUCKY

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 24, 2018

Mr. BARR. Mr. Speaker, I would like to honor a special Kentuckian, Mr. Kenneth Cassidy from Bath County, Kentucky. Mr. Cassidy is a veteran of World War II.

Mr. Cassidy grew up during the Depression. At the age of 19, he had a good job with the L & N Railroad as a signalman assistant. On December 7, 1941, Pearl Harbor was attacked and life changed for all Americans, including Cassidy. He was drafted in February of 1942,

just prior to his 20th birthday. After training, he was shipped to Hawaii to rebuild communications that were destroyed when the Japanese bombed Pearl Harbor. After that, he was shipped to the Mariana Islands for 26 months of combat. He participated in the invasion of Saipan, the Philippines, and Okinawa. After the Japanese surrendered in 1945, Mr. Cassidy returned home to Bath County.

After coming home, Mr. Cassidy married Birdie Bell Ball in 1953. Mr. Cassidy farmed, logged, built houses, operated heavy equipment, and worked as a mechanic. He also worked for the L & N Railroad and Avon and he owned and operated his own restaurant.

Mr. Cassidy and the other men and women who served our country during World War II are true heroes. As members of the Greatest Generation, they bravely sacrificed to preserve the freedoms that we enjoy today. I am humbled to honor him before the United States Congress.

HONORING THE 100TH ANNIVERSARY OF THE INDEPENDENCE OF THE REPUBLIC OF AZERBAIJAN

HON. STEVE CHABOT

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 24, 2018

Mr. CHABOT. Mr. Speaker, I rise today to honor the Republic of Azerbaijan which celebrates the 100th anniversary of its independence on May 28—next Monday.

On May 28, 1918 the Republic of Azerbaijan declared independence. Tragically, independence was short lived as the Bolsheviks invaded Azerbaijan and the country was eventually absorbed into the Soviet Union. The Azeri people never lost their desire to be free from their Soviet occupiers, however. With the fall

of the U.S.S.R., Azerbaijan once again declared its independence in 1991. The United States recognized Azerbaijan's independence on both occasions.

Azerbaijan has proven to be a key security partner of the United States, providing unwavering support for the NATO mission in Afghanistan dating back to 2002. Azerbaijan also established diplomatic relations with our close ally Israel over 25 years ago and has a small but thriving Jewish community.

Azerbaijan is also a leader in the energy sector. Azerbaijan is spearheading the Southern Gas Corridor which will bring natural gas from the Caspian Sea to our allies in Europe. This diversification of energy supplies will lessen Europe's reliance on Russia. Azerbaijan also provides Israel with 40 percent of its imported energy.

Azerbaijan is a true friend of the United States and I once again commend the Republic of Azerbaijan on the 100th anniversary of its independence.

Mr. BARR. Mr. Speaker, I rise today to honor a great Kentuckian, Mr. J. Hagan Codell. Mr. Codell is retiring after a successful career as Senior Vice President and Market Leader of Traditional Bank, headquartered in Mt. Sterling, KY.

Prior to his banking career, Mr. Codell worked for Codell Construction Company for 28 years, serving as Vice President. He worked at First National Bank in Jackson, KY as a loan officer then began working at Traditional Bank in 2002. With strong community relations, Mr. Codell has grown the Winchester, KY market in loans, deposits, and a solid customer base. His co-workers describe his leadership style as considerate and selfless.

Mr. Codell is a true community leader. He serves as an elder at First Christian Church, a chairman/director at Cardinal Hill Hospital, a director of the Breathitt County Industrial Board, a director and treasurer of the Jackson-Breathitt County Airport Board, and a director of KY Easter Seals, in addition to other volunteer leadership positions. NATIONAL MISSING CHILDREN DAY

HON. TED POE

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 24, 2018

Mr. POE of Texas. Mr. Speaker, protecting our children is one of the most important things that we can do for society. In 1983, President Ronald Reagan proclaimed May 25th as National Missing Children's Day. There are very few situations more difficult than when a family member, especially a young child, disappears.

As a former Judge and prosecutor, this is something that I saw first-hand. What do you say to a parent of a missing child? Words are hard to find. 30 years ago, a missing child was akin to a death sentence. A child could be abducted, taken across state lines, and never be seen again. Our best method of locating a missing child was to plaster their images on the sides of milk cartons, encouraging our communities to be on the lookout—a stark reminder of how far we have come.

Last year, in 2017, there were 464,324 children reported as missing in the United States. The statistics paint a grim picture. Of the nearly 25,00 runaways reported to the National Center for Missing and Exploited Children, one in seven were likely victims of human trafficking.

As technology has evolved, so has the way in which we search for missing children. With today's technology, the likelihood of finding an abducted child has seen a sharp increase, mostly due to technological advances, social media, and the way in which searches are conducted.

Before the creation of the National Center for Missing and Exploited Children, there were little or no resources available to assist law enforcement with the cases of missing chil-

dren. In fact, there was no way for police to enter information about missing children into the FBI's national crime computer. Today, thanks to the work of this outstanding organization's work, this is no longer the case. Many children owe their rescue to the center, and many parents are grateful for the return of their kids.

Mr. Speaker, as we observe National Missing Children's Day 2018, it is our duty to ensure that children of this country are protected from those who wish to do them harm.

As we celebrate the good work that the National Center for Missing and Exploited Children does, we pray for those children who have not returned home.

And that's just the way it is.

NATIONAL DEFENSE AUTHORIZATION ACT FOR FISCAL YEAR 2019

SPEECH OF

HON. GERALD E. CONNOLLY

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 23, 2018

The House in Committee of the Whole House on the state of the Union had under consideration the bill (H.R. 5515) to authorize appropriations for fiscal year 2019 for military activities of the Department of Defense and for military construction, to prescribe military personnel strengths for such fiscal year, and for other purposes:

Mr. CONNOLLY. Mr. Chair, I rise today in support of my amendment to the FY2019 National Defense Authorization Act offered with Representative STEPHANIE MURPHY, which would provide not less than \$12 million for the assessment, monitoring, and evaluation of our defense security cooperation programs as part of the more than \$700 million this bill authorizes for the Defense Security Cooperation Agency.

Each year, the United States spends as much as \$10 billion on our security cooperation programs.

This includes the Afghanistan Security Forces Fund, the Counter-ISIL Fund, the cooperative threat reduction program, and other security programs that help build the capacity of foreign security forces.

The United States trains, educates, advises, and equips our foreign partners all around the world.

However, we have done next to nothing to understand the effectiveness of these programs at accomplishing their goals and advancing U.S. interests.

I commend the Department of Defense for its work to establish an office tasked with creating a monitoring and evaluation framework for security cooperation programs and conducting evaluations.

I am glad the first evaluation will be conducted this year on military logistics in the Baltics.

This amendment will ensure that this good work continues and expands in a manner commensurate with the amount of money we are currently spending on security cooperation programs.

I thank Chairman THORNBERRY, Ranking Member SMITH, Representative MURPHY for working with me on this amendment.

RECOGNIZING THE ST. JOSEPH-OGDEN GIRLS TRACK AND FIELD TEAM

HON. JOHN SHIMKUS

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 24, 2018

Mr. SHIMKUS. Mr. Speaker, I rise to recognize the St. Joseph-Ogden High School girls track and field team, who are the 2018 Illinois High School Association Class 1A state champions.

St. Joseph-Ogden won the title with a score of 43, easily outpacing the second place finisher by seven points. St. Joseph-Ogden benefited from having two event winners, Atleigh Hamilton, who won the long jump event with a mark of 18 feet two inches and the 4x200 Meter Relay team, composed of Abbey Mizer, Maclayne Taylor, Hailey Birt, and Atleigh Hamilton, who won with a time of 1:43.89. Also making important contributions to the overall victory were the 4x100 Meter Relay team of Abbey Mizer, Maclayne Taylor, Hailey Birt, and Atleigh Hamilton with a second place finish; the 4x400 Meter Relay team of Maclayne Taylor, Rylee Sjuts, Zea Maroon, and Atleigh Hamilton, which also finished second; and the 4x800 Meter Relay team of Rylee Sjuts, Zea Maroon, Hannah Rajlich, and Sam Mabry, which took third place.

Mr. Speaker, today it is an honor for me to acknowledge the hard work and dedication of the St. Joseph-Ogden High School girls track and field team in winning the 2018 championship, and I wish the team and their coach, Kelly Steffen, all the best in the future.

Mr. BURGESS. Mr. Speaker, I rise today to recognize Heroes Park in Providence Village, Texas. Today I would like to thank the Providence Village Hope Foundation for its work to establish this park and support our community's men and women in uniform.

Each Memorial Day, we remember the brave members of our Armed Services who put their service to our nation first. While Heroes Park is a physical tribute to them, our gratitude and respect extends far beyond the confines of its land.

I am grateful to join Providence Village Mayor Michael Jordan and Providence Village Hope Foundation Founders Eric and Karen Mattson to dedicate this beautiful park, and pay tribute to North Texas service members past and present.

Mr. Reffitt and all the brave men and women of the Greatest Generation are true heroes. Their bravery and their sacrifice preserved freedoms for ourselves and for future generations of Americans and for people around the world.

NATIONAL DEFENSE AUTHORIZATION ACT FOR FISCAL YEAR 2019

SPEECH OF

HON. PETER A. DeFAZIO

OF OREGON

IN THE HOUSE OF REPRESENTATIVES

Tuesday, May 22, 2018

The House in Committee of the Whole House on the state of the Union had under consideration the bill (H.R. 5515) to authorize appropriations for fiscal year 2019 for military activities of the Department of Defense and for military construction, to prescribe military personnel strengths for such fiscal year, and for other purposes:

Mr. DeFAZIO. Mr. Chair, I will vote against H.R. 5515, the National Defense Authorization Act for Fiscal Year (FY) 2019.

The legislation includes several provisions that I strongly support, including giving servicemen and women a well-deserved raise of 2.6 percent. Those who serve in uniform have made extraordinary sacrifices for our country and have earned and deserve a pay raise. It also includes funding for Ukraine and Eastern Europe security initiatives to counter Russia's heightened military provocations and annexation of Crimea.

Despite these important initiatives, I have strong concerns with H.R. 5515. This legislation authorizes more than \$708 billion, including \$69 billion to the Overseas Contingency Operations (OCO) fund, an account which is not counted in the budget and is not paid for. It adds to the deficit and is used as a slush fund by the Pentagon.

Unlike every other federal agency, the Department of Defense (DOD) has yet to complete a financial audit; taxpayers deserve to know how the biggest bureaucracy in the federal government spends their money. In fact, a shocking report released in December 2016 exposed \$125 billion in waste that the Pentagon tried to hide from the public.

I refuse to support increased bureaucratic waste at the expense of American taxpayers

and our men and women in uniform. A more accountable and transparent department would ensure taxpayer dollars are directed towards the needs of our troops and the benefits they deserve, rather than buying unnecessary weapon systems and giving the president a blank check to fund wars Congress hasn't authorized.

I have always advocated for maintaining Congress's constitutionally-continued prerogative to declare war under the War Powers Act and limiting the President's authority to engage in armed conflict without the consent of Congress. I strongly oppose the NDAA's continued authorization of spending for wars that are not congressionally approved. The Pentagon uses the 2001 Authorization of Use of Military Force (AUMF) to continue to justify the 17 years our troops have been fighting in the Middle East. President Trump has already sent troops to Syria, Yemen and elsewhere without seeking a new AUMF, a violation of the War Powers Act.

Additionally, the bill prohibits the closing of Guantanamo Bay, which costs more than \$100 million each year to house 41 prisoners and has been used as a top recruiting tool by terrorists. The prison at Guantanamo Bay has been a black eye for the United States, has eroded relationships with our allies, undermined U.S. missions abroad, and put U.S. citizens and our troops at risk of retaliation.

Congress can make responsible cuts to our defense budget without jeopardizing the safety of our troops or undermining our national security. Fiscal responsibility and accountability at the Pentagon would allow for funds to be better spent supporting the basic needs of our troops, meeting our obligations to veterans of past wars, and ensuring our true defense needs are prioritized.

HONORING MRS. EVELYN HICKS

HON. ROBERT B. ADERHOLT

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 24, 2018

Mr. ADERHOLT. Mr. Speaker, today I would like to honor Mrs. Evelyn Hicks of Winston County, Alabama. Mrs. Hicks is retiring from managing her local school cafeteria at Lynn School in Lynn, Alabama which is located in the Fourth Congressional District that I represent. I am honored to recognize Mrs. Hicks for her dedication to ensuring our children have nutritious and edible food. It should also be noted that she was honored on May 23, 2018 at Lynn School with a reception for her many years of service.

Mrs. Evelyn Hicks was born in my home county of Winston to Truman and Alice Baughn. She is a graduate of Lynn School and has been a member of Concord Missionary Baptist Church for 57 years. She has been married to Roy Hicks for 52 years. They have two daughters and four grandchildren. Mrs. Hicks also served on the Winston County Board of Education from 2000 to 2004.

Mrs. Hicks also played a major role in providing my office with "on the ground" feedback into how school lunch restrictions were having a negative effect on her job of feeding children. Because of Mrs. Hicks's assistance, we have been able to roll back many of the harmful restrictions and provide solutions that give

kids healthy food, while at the same time providing food they will actually eat and enjoy.

Mrs. Evelyn Hicks has been, in every sense, a devoted and passionate advocate for the children she has helped feed throughout her many years through school nutrition. I am proud to call Mrs. Hicks a friend and a fellow Alabamian, and she is truly deserving of this recognition from the United States House of Representatives.

I wish her all the very best for the future in all that she is involved with.

TRIBUTE TO HARVEY HALL

HON. KEVIN MCCARTHY

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 24, 2018

Mr. MCCARTHY. Mr. Speaker, I rise today with my colleague, the Honorable DAVID VALADAO, in memory of Mr. Harvey Hall. Mr. Hall served as the mayor of Bakersfield, California from 2000 to 2016 and will be remembered as a community icon who never stopped believing in the city he called home.

A lifelong resident of Bakersfield, Harvey Hall was a model civil servant, a community legend who would greet you wearing one of his trademark suits and a welcoming smile. Mayor Hall was a cheerleader for Bakersfield in the purest sense. He was an advocate for the businesses and organizations of the city he served, and it was not uncommon to see him each and every day at ribbon-cutting ceremonies or lending his support at community gatherings across Bakersfield. Everyone knew Mayor Hall, and Mayor Hall made it his goal to get to know everyone he met. He was a man who remembered names and would always make the time to pull you aside for a chat, no matter who you were. When you were with Mayor Hall, you always felt like the most important person in the room.

Outside of his responsibilities in City Hall, Mr. Hall focused himself on bettering the quality of life in Kern County. A consummate businessman, Mayor Hall founded Hall Ambulance Services, Inc., an emergency services company that has been a mainstay in Kern County for nearly 50 years. Mayor Hall had a heart for education and dedicated his mayoral salary to the Kern Community Foundation, awarding over \$250,000 to fund scholarships for local

high school students pursuing secondary education during his time in office.

More than anything else, Mayor Hall's love of community was illustrated in quieter ways. He used his own money to help Bakersfield's homeless get back on their feet and would regularly host community clean-ups to beautify a city he saw nothing but potential in. Mayor Hall welcomed the diverse communities that make Bakersfield the community that it is, and was a mainstay at the annual Sikh Parade and Harvest Festival. Most importantly, he understood the power of a thank-you note and would always offer his humble thanks for the smallest of gestures. This love of community extended outside of Bakersfield too, for Mayor Hall understood that Kern County was a better place when all of its communities succeeded. He often gave his ear to neighboring communities and always made himself available to provide assistance or advice when it was needed.

There is a lesson to be learned in the manner in which Mayor Hall lived. He was a man who lived life's purpose both in and out of public service. He was a man forged by a city that he made into his own. He was a man who never missed an obligation, who always knew the true potential and promise of Bakersfield and its residents. Harvey Hall made an indelible impression on Kern County, and it is our every hope that those whose lives he impacted honor his legacy by showing the same love, passion, and dedication to Bakersfield as our city's longest-serving mayor did. For some, he was "Mayor Hall." For others, he was just "Harvey." But for us, he will always be "Mr. Bakersfield." We extend our deepest condolences to his wife Lavonne, his children, grandchildren, and a community that loves him as much as he loved it. Mayor Hall exemplified the best qualities of Bakersfield and will be missed, but he leaves behind a legacy that will continue to shape our community for years to come.

HONORING GAIL K. WRIGHT

HON. ANDY BARR

OF KENTUCKY

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 24, 2018

Mr. BARR. Mr. Speaker, I rise today to honor a great Kentuckian, Gail K. Wright. Mrs.

Wright was born in Menifee County, Kentucky. Her parents taught her to love God and family and to be grateful. They taught her to treat everyone the same, no matter their economic status. These values shaped her life and carried over into her professional career. Mrs. Wright grew up on her family's farm and developed a love for reading. She went on to graduate from Morehead State University. She and her husband now live in Mt. Sterling, Kentucky.

Mrs. Wright has served as the Executive Director of the Gateway Area Development District in northeastern Kentucky for almost 30 years. She is unquestionably a leader in the field of economic and community development, with an extensive background in grant writing and administration. She has vast knowledge of federal, state, and local programs. Mrs. Wright became the chair of the Kentucky Area Development District's Executive Directors. She is quite an active member in her community and in the five county ADD region. Mrs. Wright serves on numerous boards related to community and economic development, education, tourism, downtown revitalization, and chambers.

After making tremendous progress in the Gateway ADD region over the past 30 years, Mrs. Wright is retiring. Her love for the people of Eastern Kentucky and her passion for helping to better their lives will certainly be missed. I wish her all the best of everything in her retirement and I thank her for her service and leadership. It is my honor to recognize Gail K. Wright before the United States House of Representatives.
