CHESAPEAKE BAY GATEWAYS AND WATERTRAILS NETWORK REAUTHORIZATION ACT

JANUARY 26, 2012.—Ordered to be printed

Mrs. BOXER, from the Committee on Environment and Public
Works, submitted the following

R E P O R T

[To accompany S. 1740]

[Including cost estimate of the Congressional Budget Office]

The Committee on Environment and Public Works, to which was referred a bill (S. 1740) to amend the Chesapeake Bay Initiative Act of 1998 to provide for the reauthorization of the Chesapeake Bay Gateways and Watertrails Network, having considered the same, reports favorably thereon without amendment and recommends that the bill do pass.

GENERAL STATEMENT AND BACKGROUND

Originally authorized in 1998, the Chesapeake Gateways and Watertrails program set up a network of Chesapeake Bay-related sites, such as parks, wildlife refuges, and trails. The program includes 160 sites in six states and the District of Columbia. The National Park Service (NPS) provides matching grants for projects that enhance public education of and access to the Chesapeake Bay. Visitation at Gateways sites exceeds 10 million people annually, and the competitive grants program is currently oversubscribed.

At the direction of Congress, the National Park Service conducted its Chesapeake Bay Special Resource Study in 2004. The draft study concluded that an enhanced version of the Chesapeake Bay Gateways Network would be the most effective and efficient way for the NPS to help protect and raise interest in the Chesapeake Bay. The NPS has incorporated the Gateways Network into its permanent operations.

S. 1740, the Chesapeake Bay Gateways and Watertrails Network Continuing Authorization Act, will reauthorize this program.

OBJECTIVES OF THE LEGISLATION

The Chesapeake Bay Gateways and Watertrails Network Continuing Authorization Act amends the Chesapeake Bay Initiative Act of 1998 to reauthorize appropriations for the Chesapeake Bay Gateways and Watertrails Network.

U.S. Senate, Washington, DC.

DOUGLAS W. ELMENDORF.

Enclosure.

S. 1740—Chesapeake Bay Gateways and Watertrails Network Reauthorization Act

Summary: S. 1740 would authorize the appropriation of \$15 million over the 2012–2016 period for the Chesapeake Bay Initiative, a program carried out by the National Park Service (NPS) and other federal agencies to conserve resources in the Chesapeake Bay watershed. Assuming appropriation of the authorized amounts, CBO estimates that implementing the legislation would cost \$13 million over the 2012–2016 period. Enacting S. 1740 would not affect direct spending or revenues; therefore, pay-as-you-go procedures do not apply.

The bill contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act (UMRA) and would impose no costs on state, local, or tribal governments.

Estimated cost to the Federal Government: The estimated budgetary impact of S. 1740 is shown in the following table. The costs of this legislation fall within budget function 300 (natural resources and environment).

	By fiscal year, in millions of dollars—						
	2012	2013	2014	2015	2016	2017	2012–2017
CHANGES IN SPENDING SUBJECT TO APPROPRIATION							
Authorization Level ^a	1	3	3	3	3	0	13
Estimated Outlays	1	3	3	3	3	0	13

^aS. 1740 would authorize the appropriation of \$3 million for the Chesapeake Bay Initiative in 2012. The National Park Service has already allocated \$2 million from its fiscal year 2012 appropriation for programs under that initiative.

Basis of estimate: For this estimate, CBO assumes that S. 1740 will be enacted early in 2012 and that the authorized amounts will be appropriated for each fiscal year. Estimated outlays are based on historical spending patterns for this program.

S. 1740 would authorize the appropriation of \$3 million a year over the 2012–2016 period for projects carried out under the Chesapeake Bay Initiative Act of 1998. Based on information provided by the NPS and assuming appropriation of the authorized amounts, CBO estimates that implementing the legislation would cost \$13 million over the 2012–2016 period. That estimate reflects the fact that the NPS has already allocated \$2 million of its existing appropriation for 2012 for the Chesapeake Bay initiative.

Pay-as-you-go considerations: None.

Intergovernmental and private-sector impact: S. 1740 contains no intergovernmental or private-sector mandates as defined in UMRA and would impose no costs on state, local, or tribal governments. State and local governments could benefit from grants authorized by the bill.

Estimate prepared by: Federal Costs: Jeff LaFave; Impact on State, Local, and Tribal Governments: Ryan Miller; Impact on the Private Sector: Amy Petz.

Estimate approved by: Theresa Gullo, Deputy Assistant Director for Budget Analysis.
