GENERAL STATEMENT AND SUMMARY

The Committee recommends new budget (obligational) authority of \$4,190,273,000, for the legislative branch for fiscal year 2012. This total is \$671,972,000 below the budget request, \$871,852,000 above the House, and \$353,641,000 below the fiscal year 2011 level.

The Committee notes that on March 16, 2011 the Senate as a whole voted 98–1 on a Sense of the Senate that funding for the agencies of the legislative branch should be reduced by no less than 5 percent. While the funding reductions proposed in this bill reflect that vote, the proposed reductions in no way suggest that the quality of work and professionalism of the agencies that serve the legislative branch should be questioned. To the contrary, the Committee has seen ample evidence that every agency that serves the legislative branch has always responded to any request or requirement by Congress with professionalism, efficiency, and accuracy. In terms of their primary responsibilities, CBO, LOC, and GAO consistently provide Congress with objective, nonpartisan and timely analyses, exactly as requested. The USCP are constantly adapting to changes in threats against Members in Washington, DC, and at home. The AOC diligently works behind the scenes to keep the Capital grounds and buildings a safe place to work and visit. And the GPO works around the clock to ensure that all information regarding the work of the three branches of government is available to all Americans immediately. Without exception, these agencies demonstrated great professionalism in working with the Committee to downsize their requirements and, where necessary, workforce for fiscal year 2012. The agencies of the legislative branch understand that we must lead by example when it comes to making difficult financial choices. The legislative branch cannot ask other Federal agencies or the private sector to make sacrifices if we are not willing to make them ourselves. Accordingly, this bill as reported, decreases overall funding for fiscal year 2012 by 5.2 percent below the fiscal year 2011 enacted level. As a result, the bill proposes significant reductions—11.4 percent—from the budget request. In certain circumstances, the Committee provides the agencies with flexibility to address, within the tight budget constraints, certain needs that if left unattended would be considered penny wise and pound foolish.

The bill includes \$331,403,000 for the U.S. Capitol Police; \$506,613,000 for the Architect of the Capitol to maintain, improve, and construct buildings and facilities for the Congress; \$504,518,000 for the Government Accountability Office; \$579,171,000 for the Library of Congress; \$116,814,000 for the Government Printing Office; and \$863,593,000 for operations of the Senate.

Reprogramming Guidelines.—A reprogramming, as defined in these procedures, includes the reallocation of funds from one budget activity, budget line-item or program area to another within any

appropriation funded in this act. In cases where the Senate report displays an allocation of an appropriation below those levels, that more detailed level shall be the basis for reprogramming. A reprogramming shall also consist of any significant departure from the program described in the agency's budget justifications. This includes proposed reorganizations, even without a change in funding. Any change to the organization table presented in the budget justification shall be subject to this requirement.

The Committee shall be notified by letter, at least 15 days prior to reprogramming of funds in excess of \$750,000 or 10 percent, whichever is less, between programs, projects or activities; or in excess of \$750,000 between object classifications (except for shifts within the pay categories, object class 11, 12, and 13 or as further specified in each agency's respective section). This provision is also applicable in cases where several activities are involved with each receiving less than \$750,000. In addition, the Committee is to be notified of reprogramming actions which are less than these amounts if such actions would have the effect of: committing the agency to significant funding requirements in future years; increasing funds or personnel by any means for any project or activity for which funds have been previously denied or restricted by Congress; creating new programs, offices, agencies or commissions or substantially augmenting existing programs, offices, agencies, or commissions; or reorganizing offices, programs, or activities.

Multiple reprogramming requests suggest an agency's inability to manage within appropriated funds and indicate the need for change in the execution of the agency's budget. The Committee expects each agency to manage its programs, projects and activities within the levels appropriated. A reprogramming of funds should be requested only after a careful analysis of available funding has been undertaken within the budget office. In general:

- A reprogramming should be made only when an unforeseen situation arises that could not have been anticipated when formulating the budget request for the current fiscal year; and then only if postponement of the project or the activity until the next appropriation year would result in actual loss or damage.
- Any project or activity, which may be deferred through reprogramming, shall not later be accomplished by means of further reprogramming; instead, funds should again be sought for the deferred project or activity through the regular appropriations process.
- Except under the most urgent situations, reprogramming should not be employed to initiate new programs or increase allocations specifically denied or limited by Congress, or to decrease allocations specifically increased by the Congress.
- Reprogramming proposals submitted for approval shall be considered approved 30 calendar days after receipt if the Committee has posed no objection. However, agencies will be expected to extend the approval deadline if specifically requested by the Committee.

SENATORS' OFFICIAL PERSONNEL AND OFFICE EXPENSE ACCOUNT

Appropriations, 2011	\$409,180,000
Budget estimate, 2012	446,967,000
House allowance	
Committee recommendation	396,180,000

The Committee recommends an appropriation for fiscal year 2012 of \$396,180,000 for the Senators' Official Personnel and Office Expense Account [SOPOEA], a decrease of \$13,000,000 below the fiscal year 2011 enacted level and a decrease of \$50,787,000 below the fiscal year 2012 budget request. The Committee recommendation along with the funding reduction included in Public Law 112-10 reflects a 6 percent reduction in funding for SOPOEA. Of the funding provided, \$18,921,206 is available until September 30, 2014.

This account funds salaries and benefits of Senators' staffs as well as the office expense allowance for Senators' offices. The SOPOEA is comprised of three components. Two of these are for salaries of personnel in Senators' offices.

The allowance for administrative and clerical assistance is based on the population of States, beginning with States with a population of fewer than 5 million people to States with a population of 28 million or more. The table illustrates the allowances per population category and the States which fall into those categories. The estimate for fiscal year 2012 totals \$253,834,990.

The second component of the salaries allowance is for legislative assistance to Senators, as authorized by Public Law 95-94. This allowance provides funding for three positions in each Senator's office at an annual rate of \$159,291 for a total of \$477,874 per office, or \$47,787,400 for all 100 Senators.

The third component of the SOPOEA account is for official office expenses and totals \$18,921,206. Each Senator's office is allocated an amount for office expenses, as displayed in the following table. In addition, an amount of \$200,000 is provided to cover additional expenses that may be incurred in the event of the death or resignation of a Senator, and to provide for transitional expenses during election years subject to regulations set by the Committee on Rules and Administration with respect to official mail.

It should be noted that the amounts provided for the various components of the SOPOEA are interchangeable. Amounts provided for salaries may be used for expenses, and vice versa, subject to regulations set by the Committee on Rules and Administration with respect to official mail. It should also be noted that the figures in the following table are preliminary, and that official notification of member budgets is issued by the Financial Clerk of the Senate after enactment of this bill.

The following table illustrates the several components of the SOPOEA.

According to the most recent employment data compiled by the Secretary of the Senate, as of April 30, 2011, there were 4,338 individuals employed in Senators' offices throughout the United States and covered by this appropriation.

In addition to providing funds for compensation of employees within Senators' offices, this appropriation also provides for agency contributions for those employees; that is, the Senate's share, as an employer, of the various employee benefit programs for which Senate employees are eligible. These payments are mandatory, and fluctuate according to the programs in which employees are enrolled, the level of compensation, and the degree of participation. Budget requests for this account prepared by the Financial Clerk must be based on both experience and evaluation of trends. The fiscal year 2012 funding level for this account anticipates \$100,642,000 in agency contribution costs.

The amount recommended by the Committee for the SOPOEA is less than would be required to cover all obligations that could be incurred under the authorized allowances for all Senators. The Committee is able to recommend an appropriation of a lesser amount than potentially necessary because Senators typically do not obligate funds up to the absolute ceiling of their respective allowances.

The Committee recommends an appropriation of \$4,490,002 for the Joint Economic Committee [JEC]. This is the same as the en-

acted level and \$323,998 below the request. The Joint Economic Committee was created by the Employment Act of 1946. The primary tasks of the JEC are to review economic conditions and to recommend improvements in economic policy. The JEC performs research and economic analysis, and monitors and analyzes current economic, financial, and employment conditions.

JOINT CONGRESSIONAL COMMITTEE ON INAUGURAL CEREMONIES

Appropriations, 2011	
Budget estimate, 2012	\$1,237,000
House allowance	
Committee recommendation	1,237,000

The Committee recommends an appropriation of \$1,237,000 for the 2013 Joint Congressional Committee on Inaugural Ceremonies [JCCIC]. This is the same amount that was provided for the 2009 JCCIC.

JOINT COMMITTEE ON TAXATION

Appropriations, 2011	\$10,530,048
Budget estimate, 2012	11,422,000
House allowance	10,424,000
Committee recommendation	10,761,000

The Committee recommends an appropriation of \$10,761,000 for salaries and expenses of the Joint Committee on Taxation. This is an increase of \$230,952 above the fiscal year 2011 enacted level, but \$661,000 below the fiscal year 2012 request. Of the funding provided, \$9,344,000 is for salaries, as requested, and \$1,417,000 is for expenses.

The Joint Committee is established under the Internal Revenue Code of 1986 to:

- investigate the operation and effects of internal revenue taxes and the administration of such taxes;
- investigate measures and methods for the simplification of such taxes;
- make reports to the House Committee on Ways and Means and the Senate Committee on Finance (or to the House and the Senate) on the results of such investigations and studies and to make recommendations; and
- review any proposed refund or credit of income or estate and gift taxes or certain other taxes set forth in Code section 6405 in excess of \$2,000,000. In addition to these functions that are specified in the Internal Revenue Code, the Congressional Budget Act of 1974 requires the Joint Committee to provide revenue estimates for all tax legislation considered by either the House or the Senate.

OFFICE OF THE ATTENDING PHYSICIAN

Appropriations, 2011	\$3,400,186
Budget estimate, 2012	3,403,000
House allowance	3,400,000
Committee recommendation	3,403,000

The Committee recommends an appropriation of \$3,403,000 for the Office of the Attending Physician. This is an increase of \$2,814

above the fiscal year 2011 enacted level, and the same as the request. The Office was first established by House Resolution 253, adopted December 5, 1928.

OFFICE OF CONGRESSIONAL ACCESSIBILITY SERVICES

Appropriations, 2011	\$1,374,246
Budget estimate, 2012	1,363,000
House allowance	1,363,000
Committee recommendation	1,363,000

The Committee recommends \$1,363,000 for the Office of Congressional Accessibility Services. This office is a successor to the Special Services Office following enactment of the Capitol Visitor Center Act of 2008.

The Office of Congressional Accessibility Services [OCAS] provides and coordinates accessibility services for individuals with disabilities, including Members of Congress, staff, and visitors to the U.S. Capitol complex. These services include sign language interpreting, adaptive tours, and wheelchair loans. OCAS also provides information regarding accessibility for individuals with disabilities, as well as related training and staff development to Members of Congress and employees of the Senate and House of Representatives.

ADMINISTRATIVE PROVISION

SEC. 1001. This provision authorizes employees of the Office of Congressional Accessibility Services to participate in the Senate employees student loan repayment program rather than establish a separate student loan program for their employees.

CAPITOL POLICE

	<i>Recommended</i>
Salaries	\$276,929,583
Expenses	54,473,325
Total, Capitol Police	331,402,908

The United States Capitol Police [USCP] is charged with the protection of the United States Congress, its legislative processes, Members, employees, visitors and facilities within the U.S. Capitol complex from crime, disruption or terrorism, so that the Congress may fulfill its constitutional responsibilities in a safe and open environment.

The Committee recommends \$331,402,908 for the U.S. Capitol Police. This is a decrease of \$8,733,456 below the fiscal year 2011 level, and \$56,213,092 below the request.

New Posts.—The Committee remains concerned about “mission creep” within the USCP, noting that new posts have been created causing additional unanticipated budgetary requirements. The Committee directs the USCP to provide a list of all new posts created in the past year, and further directs the USCP to notify the Committee when new posts are created, including the annualized cost of maintaining the new post, and how the cost will be offset (such as the elimination of lower priority posts).

Threat Assessment.—The USCP budget justification document identifies four priorities for the Department on which the entire

budget request is focused, first and foremost being the ability of the USCP to assess threats: “Provide a comprehensive internal assessment capability to identify and validate threats to Members of Congress; the legislative process; and the buildings, staff and visitors that make up the Capitol community.” The Committee understands that the Department conducts many different types of threat assessments, including analysis of threats to Members of Congress, and consistently works with other Federal and local law enforcement agencies in regard to collection and sharing of intelligence information. Within 30 days of enactment of this act, the Committee requests a report from the Chief of Police detailing these threat assessment activities, a list of the Federal and local law enforcement agencies with which the USCP has ongoing relationships, and the process and procedures currently in place for the sharing of intelligence information with regard to threats against Members of Congress and the Capitol community.

SALARIES

Appropriations, 2011	\$277,132,624
Budget estimate, 2012	299,343,000
House allowance	278,133,000
Committee recommendation	276,929,583

The amount provided covers salaries, benefits, and overtime costs. Capitol Police personnel are also eligible for hazardous duty pay and comparability pay similar to locality pay adjustments granted other Federal law enforcement personnel in the Washington, DC, area.

The Committee recommends \$276,929,583 and 2,149 FTEs for Capitol Police salaries, a decrease of \$203,041 below the enacted level and \$22,413,417 below the request. The total staffing level is expected to be approximately 1,775 sworn and 374 civilian staff under the Committee recommendation.

Overtime.—The Committee recommends no more than \$35,107,931 for overtime in fiscal year 2012. This provides for approximately 634,667 hours of additional duty.

The Committee directs the U.S. Capitol Police to provide for overtime in accordance with the budget request, reflecting an annualization of the savings provided in fiscal year 2011, as provided for in the following table. The Committee directs that the Capitol Police not transfer funding between overtime accounts without prior notification to the Committee on Appropriations in the Senate and the House including which account funding is being transferred from and which account funding is being transferred to and the number of overtime hours associated with that transfer:

	Funding	Hours (est.)
Scheduled	\$28,915,170	503,364
Annualization of overtime savings	(700,370)
Unscheduled	1,141,850	20,000
DPD	876,018	15,326
Conventions	1,626,240	28,000
Training	1,371,840	24,000
LOC—non-reimbursable events	214,896	3,700
Dome Skirt	1,853,739	31,917
Red Tunnel Project	485,548	8,360

	Funding	Hours (est.)
Dome Skirt and other project re-estimations	(677,000)
Total	35,107,931	634,667

The Committee commends the U.S. Capitol Police in their efforts to control the growth of and better manage overtime costs and for demonstrating a savings of over \$1,300,000 in fiscal year 2011. The U.S. Capitol Police in working with the Government Accountability Office have taken several steps and implemented measures to better track individual overtime as well as manage compensatory time to ensure that officers do not exceed the cap. However, the Committee believes that more needs to be done as budgets grow tighter and encourages the U.S. Capital Police to move forward with additional steps to further improve efficiencies and gain savings.

Specifically, the Committee is aware that any law enforcement organization faces emergencies and other workload demands requiring sworn officers to work overtime. However, the Committee has also become aware that USCP's sworn workforce earns a large percentage of overtime pay and compensatory time while performing routine duties, apart from emergencies, unscheduled events or uncontrollable work demands. USCP management has stated that it must schedule officers to work overtime because its sworn workforce is not large enough to perform all routine duties within regular shifts. The Committee directs USCP management to develop an action plan along with an implementation timeline for how it will deploy its sworn workforce in a manner that is cost-efficient and limits the use of overtime to emergencies and unscheduled events. The plan should include actions that will help reduce overtime expenditures this fiscal year through interim efficiencies and in the longer-term better align compensation for routine duties currently paid for as overtime. The Committee also requests that GAO periodically brief the Committee on USCP's progress in achieving immediate efficiencies and in developing this action plan.

GENERAL EXPENSES

Appropriations, 2011	\$63,003,740
Budget estimate, 2012	88,273,000
House allowance	63,004,000
Committee recommendation	54,473,325

Expenses include office supplies and equipment, laundry and dry cleaning, communications, motor vehicles, uniforms and equipment, investigations, training, and miscellaneous items.

The Committee recommends \$54,473,325 for general expenses, which is \$8,530,415 below the fiscal year 2011 level and \$33,799,675 below the request. The Committee recommendation includes \$2,572,064 for one-time costs associated with the 2012 conventions, as requested. The Committee commends the USCP for building on the successes of the 2008 Conventions and for submitting a budget request based on the actual 2008 costs.

Contractor Support and Other Services.—The Committee is concerned with the substantial increases in funding proposed to cover Contractor Support and other Technical Services. The budget request for fiscal year 2012 for non-Federal Contract Support Serv-

ices has increased 13.5 percent in 2 years, and the budget request for Software and Technical Support Services has increased 13 percent in 2 years. This level of growth cannot be sustained under the current budget constraints. The Committee directs the Chief of Police to report to the Committee on Appropriations of the House and the Senate no later than January 31, 2012, on what steps are being taken to reduce contract costs, including a process to re compete any contract that increases beyond the rate of inflation over a 3-year period beyond the original date of the contract.

ADMINISTRATIVE PROVISION

SEC. 1101. TRANSFER AUTHORITY. The Committee has included a routine provision which allows for funds to be transferred between the “Salaries” and “General expenses” accounts.

OFFICE OF COMPLIANCE

SALARIES AND EXPENSES

Appropriations, 2011	\$4,076,980
Budget estimate, 2012	4,782,000
House allowance	3,817,000

The Office of Compliance [OOC] is an independent nonpartisan agency established to administer and enforce the Congressional Accountability Act [CAA]. The OOC administers the dispute resolution system established to resolve disagreements that arise under the CAA; carries out an education and training program for the regulated community on the rights and responsibilities of the CAA; and advises Congress on needed changes and amendments to the CAA. The OOC General Counsel has independent investigatory and enforcement authority for certain violations of the CAA.

The Committee recommends an appropriation of \$3,870,499, for the salaries and expenses of the OOC, a decrease of \$206,481 below the fiscal year 2011 enacted level and \$911,501 below the request. The Committee recommendation reflects a 5 percent reduction from the fiscal year 2011 enacted level.

CONGRESSIONAL BUDGET OFFICE

SALARIES AND EXPENSES

Appropriations, 2011	\$46,771,270
Budget estimate, 2012	46,865,000
House allowance	43,787,000
Committee recommendation	44,409,000

CBO’s mandate is to provide the Congress with objective, non-partisan, and timely analyses to aid in economic and budgetary decisions on the wide array of programs covered by the Federal budget, and the information and estimates required for the congressional budget process.

The Committee recommends an appropriation of \$44,409,000 for the Congressional Budget Office. The amount provided is a decrease of \$2,362,270 under the enacted level, and \$2,456,000 below the request. The Committee recommendation reflects a 5 percent reduction from the fiscal year 2011 enacted level.

ARCHITECT OF THE CAPITOL

The Office of the Architect of the Capitol [AOC] is responsible to the United States Congress for the maintenance, operation, development, and preservation of 16.5 million square feet of buildings and more than 450 acres of land throughout the Capitol complex. This includes the Capitol, the Capitol Visitor Center, the House and Senate office buildings, the Library of Congress buildings, the U.S. Botanic Garden, the Capitol Power Plant, and other facilities. The AOC also provides professional expertise with regard to the preservation of architectural and artistic elements entrusted to its care, and provides recommendations concerning design, construction, and maintenance of the facilities and grounds.

The Committee commends the AOC for the progress they have made as it relates to their last strategic plan. The AOC's goal for the next strategic plan is to better measure metrics, plan their workforce to mission ratio, and level resources. The Committee is encouraged that the AOC intends to build on the successes of the past strategic plan and work to implement additional efficiencies such as the use of Quick Response [QR] Codes in the Library of Congress and Botanic Gardens. Such codes, which can be scanned using a handheld device, direct individuals to Web sites containing further information regarding the specified book, plant, or exhibit subject. This provides more information to visitors at a lower cost to taxpayers. Innovation and creative ideas, such as the QR Codes, that increase savings for American taxpayers highlight the AOC's drive to be a leader with less funding. The Committee notes the efforts the AOC has made to decrease their cost while still providing excellent services to their clients and employees.

The Committee is encouraged by the efforts of the Architect of the Capitol and the United States Capitol Police [USCP] to implement outdoor recycling programs on the Capitol grounds while maintaining security of the complex. The Committee encourages the Architect of the Capitol and the USCP to continue to collaborate and work to expand these efforts in high-traffic areas across the Capitol complex. An expansion of current efforts contributes to the greening of the Capitol in an inexpensive yet secure manner.

The Committee has recommended a funding level of \$506,613,000 for all activities of the Architect of the Capitol. The amount recommended is \$199,442,000 below the request and \$93,769,000 below the fiscal year 2011 enacted level. The Committee has funded only the most urgently needed projects.

The following table compares the Committee recommendation for the AOC accounts to the fiscal year 2011 enacted level.

Appropriations, 2011	\$74,243,216
Budget estimate, 2012	87,253,000

Committee recommendation	66,453,000

The Committee recommends an appropriation of \$66,453,000 for maintenance of the Senate office buildings, of which \$13,128,000 shall remain available until September 30, 2016. This is \$20,800,000 below the request, and \$7,790,216 below the enacted level.

Blue-Ribbon Panel.—A Blue-Ribbon Panel of experts was convened to assess the Office of Compliance Citation, 19–1, “29 CFR 1910.36.(b)(2) All exit stairwells are unprotected against fire, smoke, or toxic fumes, posing an undue danger to the lives and safety of occupants during the period of time necessary for escape in case of fire or other emergency.” The panel was directed to consider the level of risk from a fire to the building and the building’s current level of fire prevention and fire suppression infrastructure. The Blue-Ribbon Panel issued its final report on August 23, 2010. In order to reduce the risks of fire and life safety issues in the historic Russell Senate Office Building, the Blue-Ribbon Panel recommended that various immediate and short term actions be taken in conjunction with implementation of one of three design options. The Architect of the Capitol [AOC] has completed several of the immediate and short term recommendations and is aggressively pursuing completion of additional recommendations, such as removing higher hazard operations from the Russell Building basement. The AOC continues to pursue execution of design option 1 recommended by the Blue-Ribbon Panel. This recommendation extends the active fire suppression and fire detection systems in the Russell Senate Office Building.

The Committee notes that implementation of the short-term and immediate recommendations, in addition to implementation of design option 1, eliminates all high risk fire scenarios in the Russell Building while minimizing impact to its historic integrity, most effectively utilizing limited resources. The Blue-Ribbon Panel recognized compensatory features of the Russell Building that substantially mitigate life safety risk associated with open stairs, specifically: non-combustible materials, generously proportioned egress, well distributed stairs and circulation systems, quick emergency response operational capability, frequent fire drills, overall high level of maintenance, clutter free egress, relatively safe nature and dis-

tribution of combustibles, limited sources of potential ignition, training provided to building occupants, high level of management and oversight and presence of perimeter and interior security. Considering the risk mitigation of the compensating features and the fact that implementation of design options 2 and 3 result in similar risk exposure to the Russell Building, the Committee considers these options to be cost prohibitive with minimal additional safety improvements beyond those currently being implemented. The Committee concludes that as additional funding resources become available, that funding should be expended on other projects and deferred maintenance requirements that have a greater impact on life and safety throughout all of the Senate office buildings.

The Committee recommends \$9,582,000 for salaries and expenses of the Botanic Garden. This is \$2,762,000 below the requested level and \$1,785,000 below the enacted level.

Congressional Youth Park.—The Committee notes that the fiscal year 2002 Legislative Branch appropriations bill, Public Law 107–68, included a provision designating a specific parcel of Capitol grounds as the Congressional Youth Park. The Committee commends the Architect of the Capitol [AOC] for developing the Capitol Complex Master Plan as a guiding document for the future development of Capitol grounds. The plan embraces Frederick Law Olmstead’s original landscape design establishing grounds that enhance and elevate the U.S. Capitol. Integral to this plan, should be the original intent of the Botanic Garden to educate visitors about the aesthetic, cultural, economic, therapeutic, and ecological importance of plants. In this spirit, the Committee directs the AOC to develop, as part of the Capitol Complex Master Plan, the cultural landscape plan for the Congressional Youth Park that aligns the use of the Park with Olmsted’s historically important vision and the U.S. Botanic Garden’s efforts to educate youth about the importance of the natural world in their daily lives. This segment of the Master Plan shall also take into consideration landscape require-

ments necessary to ensure the continued security of the Capitol complex.

LIBRARY OF CONGRESS

The Library of Congress is the Nation's oldest cultural institution and largest repository of human knowledge in the world. It is the main research arm of the United States Congress. Its mission is to

support the Congress in fulfilling its constitutional duties and to further the progress of knowledge and creativity for the benefit of the American people. The Library's collections include more than 147 million artifactual items (books, photographs, maps, sound recordings, films, sheet music, legal materials) in 470 languages. Digital technology is transforming the way the Library does its work, and the institution plays an important leadership role in superimposing digital library collections and services on those that are analog based. The Library of Congress houses the Congressional Research Service, U.S. Copyright Office, National Library Service for the Blind and Physically Handicapped, Law Library of Congress, and numerous other programs and services.

The Committee recommends a total of \$579,170,680 for the Library of Congress, a decrease of \$49,505,320 below the fiscal year 2011 enacted level and \$87,560,320 below the budget request.

In addition to the appropriation, the Library estimates receipts and reimbursements of \$44,876,000, funds from gifts and trusts totaling \$18,348,000 and revolving funds totaling \$114,336,000. Total funds available to support Library operations, including the Architect of the Capitol account, are expected to be approximately \$784,492,680 in fiscal year 2012 under the Committee recommendation.

The Committee recognizes that its recommendation is an extremely austere 8 percent reduction from the fiscal year 2011 enacted level, which unfortunately was unavoidable under the given budgetary guidelines. Funding levels in the fiscal year 2011 appropriations bill already caused the Library to absorb numerous staffing reductions. The additional reduction in funding in fiscal year 2012 will require the Library to further reduce staffing to the point of causing major disruptions in the provision of all of the Library's core services. In preparation for potential reductions in funding, the Library has already instituted procedures for Voluntary Separation Incentive Payments and Voluntary Early Retirement Authority; however, these measures alone will not be sufficient to absorb the budget cuts proposed in this bill. The Committee understands that the Library will need to pursue additional cost reduction measures including furloughs and the possibility of a reduction-in-force. The reduction and/or elimination of critical positions will severely impact the timeliness of services to Congress and the public, while demand for these services already exceeds the Library's capacity within current funding levels. These cuts will slow the Library's acquisitions and preservation efforts, creating gaps in the collections that cannot be recovered, and will impede the Library's ability to provide timely, authoritative, and in-depth research and analysis to the Congress and the public.

Given that the budgetary constraints imposed on the Library in fiscal year 2012 will significantly alter the size of the work force and the level of responsiveness to the Library's constituency, the Committee directs the Library to report back to the Senate Committee on Appropriations within 30 days of enactment of this act with its proposal for realignment of personnel and services.

The following table displays the Committee recommendation for the Library of Congress appropriations compared to the budget request and the fiscal year 2011 level.

SALARIES AND EXPENSES

Appropriations, 2011	\$68,045,636
Budget estimate, 2012	71,927,000
House allowance	50,674,000
Committee recommendation	50,860,000

This appropriation supports a national reading program for eligible blind and physically handicapped residents of the United States and U.S. citizens living overseas. Books and magazines in braille and various recorded formats are produced by the National Library Service for the Blind and Physically Handicapped for distribution through a network of State and locally supported libraries. At present, 57 regional libraries in 49 States, the District of Columbia, Puerto Rico, and the U.S. Virgin Islands house and circulate books and magazines to eligible readers. Eighty-one subregional libraries in 15 States, and Guam, assist at the local public library level. Fifty-three of the regional libraries and 4 separate cooperating agencies distribute sound reproducers. Two multi-State centers, under contract to the National Library Service, store and distribute books and other materials in their geographical region. The program supports a readership of approximately 900,000.

The Committee recommends an appropriation of \$50,860,000 for salaries and expenses for Books for the Blind and Physically Handicapped. This is a decrease of \$21,067,000 below the request and \$17,185,636 below the fiscal year 2011 enacted level. The amount recommended includes \$605,150 to continue to provide newspapers to blind and physically handicapped individuals.

ADMINISTRATIVE PROVISIONS

SEC. 1301. The Committee has included a routine administrative provision regarding reimbursable and revolving funds carried in prior years.

SEC. 1302. Provides authority to transfer funds between Library of Congress accounts, subject to the approval of the Committees on Appropriations.

SEC. 1304. This provision authorizes LOC to retain proceeds from the sale of used or surplus personal property and vehicles and/or to obtain trade-in credit or discount when purchasing new similar items.

SEC. 1305. This provision amends the Library's gift statute at 2 U.S.C. 160 to allow the Librarian to accept services and in-kind gifts in addition to gifts of cash for immediate disbursement.

Budget estimate, 2012	100,001,000

The U.S. Government Printing Office's core mission dates to 1813 when Congress determined the need to make information regarding the work of the three branches of Government available to all Americans. GPO is the Federal Government's primary centralized resource for gathering, cataloging, producing, providing and preserving published information in all its forms. By law and tradition, the GPO's mission is to provide expert publishing and printing services to all three branches of Government; to provide, in partnership with Federal depository libraries, permanent public access to the printed and electronic information products of the Federal Government; and to sell copies of authentic printed and electronic documents and other government information products to the public. The Committee recommendation reflects a 12.4 percent reduction in overall funding for the GPO from the fiscal year 2011 enacted level.

The Committee recommends \$81,314,000 for congressional printing and binding. This is a decrease of \$12,266,464 below the fiscal year 2011 enacted level and \$18,687,000 below the budget request.

The following table compares the component categories within this account for fiscal year 2011. The Committee has not recommended separate amounts for each activity in order to give the GPO the flexibility to meet changing requirements. However, the Committee recommendation includes \$1,400,000, as requested, for the 2013 Presidential Inauguration.

This appropriation provides for salaries and expenses associated with the distribution of Government documents to depository and international exchange libraries, the cataloging and indexing of Government publications, and the distribution of publications authorized by law at the request of Members of Congress and other Government agencies.

The Committee recommends \$35,000,000 for salaries and expenses of the Office of the Superintendent of Documents. This is \$4,831,178 below the enacted level and \$7,173,000 below the request.

GOVERNMENT PRINTING OFFICE REVOLVING FUND

Appropriations, 2011	\$1,655,682
Budget estimate, 2012	6,300,000

Committee recommendation	500,000

The Committee recommends \$500,000 for the Government Printing Office [GPO] Revolving Fund. This is \$1,155,682 below the enacted level and \$5,800,000 below the budget request. The Committee notes that approximately 70 percent of the GPO's budget represents the prepress cost of congressional publications for online access and print production. The Committee commends the GPO for its willingness to work with less funding as their workload increases due to the demands of the Congress. One reason the GPO is able to meet the increased work demands and continually reduce costs is through its constant focus on capital investments to modernize information systems, production equipment, and major facility repairs. The Committee supports continued investment in the Revolving Fund as the most efficient solution to both cutting costs and ensuring efficient online access to government documents. The Committee supports the GPO's continued development of its Federal Digital System and its Business Information System given that these efforts continue to reduce costs.

GOVERNMENT ACCOUNTABILITY OFFICE

SALARIES AND EXPENSES

Appropriations, 2011	\$546,215,302
Budget estimate, 2012	556,849,000
House allowance	511,296,000
Committee recommendation	504,518,000

The U.S. Government Accountability Office [GAO] is an independent nonpartisan agency that was established by the Budget and Accounting Act of 1921, to act as an auditor for Congress and investigate how the Federal Government spends taxpayer dollars.

The function of the GAO includes auditing agency operations to determine whether Federal funds are being spent efficiently and effectively; investigating allegations of illegal and improper activities; reporting on how well Government programs and policies are meeting their objectives; performing policy analyses and outlining options for congressional consideration and issuing legal decisions and opinions, such as bid protest rulings and reports on agency rules.

The Committee commends the GAO for its efficiency in providing assistance to every standing congressional committee and over 70 percent of their subcommittees in the past year. The Committee further notes that the number of legislatively mandated studies requested by the Congress increased by over 30 percent from fiscal year 2010 to fiscal year 2011. Given the current fiscal constraints of this budget, it is evident that many of the services provided by the GAO will be curtailed due to reductions in staff and resources. The Committee recognizes that its recommendation will require the GAO to implement severe measures including a significant and historic reduction in staff to below 3,000 FTEs, through a hiring freeze, attrition and early retirement. In order to better understand the extensive amount of work that goes into producing reports and audits for Congress, the Committee directs the GAO to add a cost analysis to every report requested by a member or a committee including but not limited to the number FTEs that were associated with the production of the report, the number of hours required to produce the report, associated travel expenses, and the number of reports previously conducted on the particular issue.

The Committee recommends funding of \$504,518,000 for salaries and expenses of the Government Accountability Office, \$41,697,302 below the fiscal year 2011 enacted level and \$52,331,000 below the request. Additionally, \$18,304,000 is authorized in offsetting collections derived from rent receipts and reimbursements for conducting financial audits of Government corporations, for a total of \$522,822,000, which is a net decrease of \$42,893,000 over the fiscal year 2011 enacted level.

OPEN WORLD LEADERSHIP CENTER TRUST FUND

Appropriations, 2011	\$11,377,200
Budget estimate, 2012	12,600,000
House allowance	1,000,000
Committee recommendation	10,000,000

The Committee recommends \$10,000,000 as a payment to the Open World Leadership Center Trust Fund, which is \$2,600,000

below the request and \$1,377,200 below the enacted level. The Committee recommendation reflects a 12 percent reduction from the fiscal year enacted level. The Center for Russian Leadership Development was established on December 21, 2000 (Public Law 106-554) as a legislative branch entity. The Fiscal Year 2003 Consolidated Appropriation Resolution (Public Law 108-7) carried legislation (section 1401) changing the name to the Open World Leadership Center and expanding the mission of the program to include Newly Independent States of the former Soviet Union including the Baltic States. The mission of the Center is to enable emerging political leaders of Russia and Newly Independent States at all levels of government to gain significant, first-hand exposure to the American free market economic system and the operation of American democratic institutions through visits to comparable governments and communities in the United States.

The Committee recognizes that despite the fiscal constraints of the budget this program is necessary for the promotion of democratic principles in countries with historically oppressive rule. The Open World Leadership Center has a proven record in fostering democratic principles through providing firsthand experience of the American democratic process by hosting over 17,000 Eurasian leaders since the program began in 1999. Last year, Open World delegates discussed common problems and exchanged ideas for solutions with over 400 U.S. Federal, State and local VIPs during the course of their U.S. program, including Members of Congress, State governors, State legislators, city mayors, and judges. Since the inception of this program, 90 formal partnerships have been created or strengthened by Open World visits.

The Open World program operates as a public-private partnership that leverages cost-sharing and in-kind contributions from outside sponsors and American families with Federal funding. Specifically, 6,750 American families in nearly 2,000 host communities in all 50 States have home-hosted Open World participants and contributed, along with national grantees, local hosting organizations and other partners. These donations account for approximately 20 percent of the Open World budget. The Committee commends the Open World program for its efforts to expand its private partnerships and encourages the organization to further seek additional outside support to offset the costs of running the program.

**JOHN C. STENNIS CENTER FOR PUBLIC SERVICE TRAINING
AND DEVELOPMENT**

Appropriations, 2011	\$429,140
Budget estimate, 2012	430,000
House allowance
Committee recommendation	430,000

The John C. Stennis Center for Public Service Training and Development was created by Congress in 1988. The mandate of the Center is to promote and strengthen public service. The Committee recommends the budget request of \$430,000 as authorized by 2 U.S.C. 1105, for the Center's congressional staff training and development programs.

TITLE II
GENERAL PROVISIONS

Included are several routine general provisions carried annually in the bill (secs. 201–208), as follows:

Section 201 bans the use of appropriated funds for service and maintenance of private vehicles, except under such regulations as may be promulgated by the House Administration Committee and the Senate Rules and Administration Committee, respectively.

Section 202 limits the availability for obligation of appropriations to the fiscal year for which it is expressly provided in the bill accompanying this report.

Section 203 provides that any pay rate and title designation for a staff position created in this act, and not specifically established by the Legislative Pay Act of 1929, is to be made permanent law by this act. Further, any pay rate and title change for a position provided for in the 1929 Act is to be made permanent law by this act and any changes in the official expenses of Members, officers, and committees, and in the clerk hire of the House and Senate are to be made permanent law by this act.

Section 204 bans the use of funds for contracts unless such contracts are matters of public record and are available for public inspection.

Section 205 appropriates such sums as may be necessary for the payment of settlements and awards pursuant to Public Law 104–1.

Section 206 authorizes legislative branch entities participating in the Legislative Branch Financial Managers Council [LBFMC] to finance the costs of the LBFMC.

Section 207 authorizes the Architect of the Capitol to maintain certain property.

Section 208 prohibits unauthorized transfers of funds to other agencies.

Section 209 ensures continuation of the staff-led tours of the Capitol.

Section 210 rescinds \$17,482,000 from prior year unobligated balances under the heading “Architect of the Capitol.” In an effort to continue addressing the most pressing safety and life cycle needs, the Committee recommendation provides the Architect of the Capitol flexibility in both determining and identifying from which appropriation accounts this rescission shall come and the amount of such rescission that shall apply to each account. The Committee directs the Architect of the Capitol to submit a report to the Committees on Appropriations of the Senate and the House of Representatives and the Secretary of the Treasury of the accounts and amounts determined and identified for this rescission not later than 30 days after the date of enactment of this act.

COMPLIANCE WITH PARAGRAPH 7, RULE XVI, OF THE
STANDING RULES OF THE SENATE

Paragraph 7 of rule XVI requires that Committee reports on general appropriations bills identify, with particularity, each Committee amendment to the House bill “which proposes an item of appropriation which is not made to carry out the provisions of an existing law, a treaty stipulation, or an act or resolution previously passed by the Senate during that session.”

The Committee has recommended no such funding.

COMPLIANCE WITH PARAGRAPH 7(c), RULE XXVI OF THE
STANDING RULES OF THE SENATE

Pursuant to paragraph 7(c) of rule XXVI, on September 15, 2011, the Committee ordered favorably reported a bill (H.R. 2551) making appropriations for the Legislative Branch for the fiscal year ending September 30, 2012, and for other purposes, with an amendment in the nature of a substitute, provided that the bill be subject to further amendment and that the bill be consistent with its spending allocations, by a recorded vote of 28–2, a quorum being present.
