C. 160), I hereby create a board of three members, to be subsequently appointed by me, to investigate the said dispute. No member of the said board shall be pecuniarily or otherwise interested in any organization of railway employees or any carrier.

The board shall report its findings to the President with respect to the said dispute within thirty days from the date of this order.

As provided by section 10 of the Railway Labor Act, as amended, from this date and for thirty days after the board has made its report to the President, no change, except by agreement, shall be made by the River Terminal Railway Company or its employees in the conditions out of which the dispute arose.

Each member of the board shall receive compensation at the rate of seventy-five dollars a day for each day that he is actually engaged in the performance of his duties or in travel in connection therewith.

The compensation and expenses of the board and its employees shall be paid out of the appropriation "Arbitration and Emergency Boards, National Media-

§ 175.28 *Authority to make additional regulations.* The permit-issuing authorities in the Panama Canal Zone and in the Philippine Islands may prescribe, with the concurrence of the Secretary of State and the Attorney General, additional regulations regarding the departure of aliens from the Canal Zone and from the Philippine Islands, respectively, and such regulations may include such additional requirements, exemptions, and exceptions to the regulations prescribed by the Secretary of State with the concurrence of the Attorney General as the permit-issuing authorities in the Canal Zone and in the Philippine Islands may deem to be appropriate.

§ 175.29 *Departure not permitted in special cases.* (a) Any departure-control officer or other authorized official in any individual case may require any alien, or person he believes to be an alien, departing or attempting to depart, even if such person has a permit to depart or is exempted under §§ 175.21 to 175.32,

(b) Any departure-control officer or other authorized official shall temporarily prevent the departure of any person of the class mentioned in the preceding paragraph if such person refuses to answer interrogatories or to submit to such official inspection, or if the officer or official believes the departure of such person would under §§ 175.21 to 175.32, inclusive, be prejudicial to the interests of the United States or if directed by the Secretary of State or the Attorney General to prevent such departure. § 175.30 *Departure permitted in special cases.* (a) Notwithstanding the provisions of §§ 175.21 to 175.32, inclusive, the Secretary of State may in his discretion authorize the issuance of a permit to depart to any alien, or may allow any alien to depart without such permit if he deems such action to be in the interests of the United States: *Provided*, That any such authorization which may be applicable to aliens of a particular class shall be concurred in by the Attorney General.

(b) Any departure-control officer may grant any airman emergency permission to depart, but in all such cases a copy of the airman's application shall be forwarded immediately to the appropriate permit-issuing authority or to the Secretary of State. § 175.31 *Applications for permits to depart.* Any alien in whose case a permit to depart is required, desiring to depart from the United States, shall apply to the Secretary of State, or to such officer as may be designated, for a permit to depart from the United States as follows:

TITLE 10—ARMY: WAR DEPARTMENT

Chapter III—Claims and Accounts

PART 307—CLAIMS ON BEHALF OF THE UNITED STATES

RECOVERY OF PROPERTY UNLAWFULLY DETAINED BY CIVILIANS

Section 307.2 is rescinded and the following substituted in lieu thereof:

§ 307.2 *Recovery of property unlawfully detained by civilians—(a) Legal proceedings.* Whenever information is received that any property belonging to the military service of the United States is unlawfully in the possession of any person not in the military service, the property officer or other proper officer will make an immediate report direct to The Judge Advocate General (by telephone or telegraph when the use of such means of communication seems advisable) in order that legal proceedings may be instituted for the recovery of the property and, if the property has been stolen, for the arrest, trial, conviction, and punishment of the guilty person or persons. Each report will contain:

(1) A complete description of the property involved, and its location;

(2) The name and location of the person unlawfully in possession of such property; and

(3) The facts and circumstances surrounding the unlawful possession of the property.

(b) *Summary action.* (1) Upon satisfactory information that such United States property unlawfully in the possession of any party or parties is likely to be removed beyond the jurisdiction, concealed, or otherwise disposed of before the necessary proceedings can be had in the proper civil tribunal for its recovery, the post or detachment commander will, as hereinafter provided, accomplish its immediate recovery. In the event the property consists of clothes, arms, military outfits or accouterments furnished by the United States to any enlisted man,

the Federal statutes (R.S. 3748; 10 U.S.C. 1316) authorize such property to be seized and taken from any person not an enlisted man or officer of the United States, by any officer, civil or military, of the United States. With respect to other Government property, the post or detachment commander will cause the property to be seized, provided such seizure can be accomplished without committing a breach of the peace or a trespass on private premises, tendering to the person, if any, in possession or custody of the property a receipt or certificate showing that such property has been seized as belonging to the United States, and the post or detachment commander will thereafter hold the property subject to any legal proceedings that may be instituted by other parties.

(2) Persons caught in the act of stealing public property will be summarily arrested by the troops and turned over to the civil authorities for trial.

(c) *Reward.* (1) When public property has been lost or stolen and the officer responsible therefor has failed to regain possession of it by the ordinary means, the post commander may authorize the property officer to offer a reward for its recovery.

(2) Such reward will not exceed one-fifth of the value of the property lost or stolen, and in no case will it exceed \$50.

(3) If the property has been stolen, the reward will include payment for such information as the claimant possesses in regard to the larceny and recovery of the property as may lead to a conviction of the guilty party. The permit-issuing authorities in the Panama Canal Zone and in the Philippine Islands may prescribe, with the concurrence of the Secretary of State and the Attorney General, additional regulations regarding the departure of aliens from the Canal Zone and from the Philippine Islands, respectively, and such regulations may include such additional requirements, exemptions, and exceptions to the regulations prescribed by the Secretary of State with the concurrence of the Attorney General as the permit-issuing authorities in the Canal Zone and in the Philippine Islands may deem to be appropriate.

§ 58.29 Departure not permitted in special cases. (a) Any departure-control officer or other authorized official in any individual case may require any alien, or person he believes to be an alien,

departing or attempting to depart, even if such person has a permit to depart or is exempted under §§ 58.21 to 58.32, inclusive, from obtaining a permit to depart to reply to interrogatories and to submit for official inspection all documents, articles, or other things which are being removed from the United States upon, or in connection with such person's departure.

(b) Any departure-control officer or other authorized official shall temporarily prevent the departure of any person of the class mentioned in the preceding paragraph if such person refuses to answer interrogatories or to submit to such official inspection, or if the officer or official believes the departure of such person would under §§ 58.21 to 58.32, inclusive, be prejudicial to the interests of the United States or if directed by the Secretary of State or the Attorney General to prevent such departure. In every such case the officer or other official preventing departure shall temporarily take possession of any travel document presented by the alien. Such action shall be reported immediately by the departure-control officer to the head of his department with a full statement of the facts.

(c) Upon the receipt of a report as contemplated by the preceding paragraph the department head shall, if he considers that the departure of the alien would not be prejudicial to the interests of the United States, consult the Secretary of State. In such circumstances an individual so temporarily prohibited from departing shall not be permitted to depart and shall not be entitled to the benefits of any exemptions or limitations hereinbefore provided, unless the Secretary of State is satisfied that the departure of such person would not be prejudicial to the interests of the United States.

§ 58.30 Departure permitted in special cases. (a) Notwithstanding the provisions of §§ 58.21 to 58.32, inclusive, the Secretary of State may in his discretion authorize the issuance of a permit to depart to any alien, or may allow any alien to depart without such permit if he deems such action to be in the interests of the United States: *Provided*, That any such authorization which may be applicable to aliens of a particular class shall be concurred in by the Attorney General.

(b) Any departure-control officer may grant any airman emergency permission to depart, but in all such cases a copy of the airman's application shall be forwarded immediately to the appropriate permit-issuing authority or to the Secretary of State. Such emergency permission shall not be granted unless the departure-control officer is satisfied that such departure would not endanger the public safety or be prejudicial to the interests of the United States.

§ 58.31 Applications for permits to depart. Any alien in whose case a permit to depart is required, desiring to depart from the United States, shall apply to the Secretary of State, or to such officer as may be designated, for a permit to depart from the United States as follows:

(a) Blank application forms for permits to depart may be obtained from the Visa Division, Department of State,

Washington, D. C., or from an office of the Immigration and Naturalization Service, or from a permit-issuing authority in the outlying possessions of the United States. Applications should be mailed at least 30 days before the date of intended departure in order that any delay in departure may be avoided: *Provided*, That alien members of the armed forces of the United States departing on authorized leave must make application to do so, which may be in the form of a letter addressed to the Chief of the Exit Permit Unit, Visa Division, Department of State, Washington, D. C., containing the applicant's name and a statement of his nationality, date and place of birth, date and place of last entry into the United States, last residence address in civilian life, alien registration number, and date and port of intended departure, together with a letter from his commanding officer approving leave for the purpose indicated.

(b) Applications for permits to depart from the continental United States, excepting Alaska, shall be made to the Secretary of State, as provided in §§ 58.21 to 58.32, inclusive. Applications for permits to depart shall be made upon form AD-1¹ or such other form as may be prescribed by the permit-issuing authority and executed strictly in accordance with the instructions issued therewith.

(c) Any alien who departs, or attempts to depart, from the United States without complying with §§ 58.21 to 58.32 inclusive, may be subjected to the penalties provided in the act of May 22, 1918, as amended by the act of June 21, 1941.

(d) If the application for permission to depart is approved the applicant will be notified, and one copy of the application, appropriately endorsed, which shall thereupon become the permit to depart, will be forwarded to the appropriate departure-control officer at the port or place from which the applicant has stated in his application that he intends to depart. In the cases of members of the armed forces of the United States who make application in accordance with the proviso in paragraph (a) of this section, the notification sent to the applicant shall, upon its surrender to the departure-control officer, constitute the permit to depart. Upon the applicant's personal appearance before such departure-control officer, indicated in the notification to the applicant, and upon the identification of such applicant by the departure-control officer, to whom the applicant shall surrender the notification received, the departure-control officer may permit such applicant to depart from the United States and shall verify such departure. The departure-control officer shall thereupon place a notation or certification on the permit concerning the alien's departure and forward such permit, together with the notification surrendered by the alien, to the Secretary of State, Washington, D. C. Under no circumstances should

an alien be permitted to take such permit out of the United States or to have such permit in his possession while in the United States.

(e) A permit to depart shall be revocable at any time before departure of the alien in whose case such permit shall have been granted. The Secretary of State reserves the power to revoke a permit which has been issued by any permit-issuing authority.

(f) No permit to depart from the United States shall be construed as a permit to enter any place in the United States.

§ 58.32 *Effective date.* These regulations shall become effective on the first day of the month following the date of issuance and shall supersede the regulations issued on November 19, 1941, as amended.

PART 622—CLASSIFICATION

MEMBER OF LAND OR NAVAL FORCES OF UNITED STATES AND COBELLIGERANT NATIONS

Pursuant to authority contained in the Selective Training and Service Act of 1940, as amended, Selective Service regulations, Second Edition, are hereby amended in the following respect:

1. Amend paragraph (a) of § 622.15 as follows:

§ 622.15 *Class I-C: Member of land or naval forces of United States.* (a) In Class I-C shall be placed or retained:

(1) Every registrant who is, or who by induction, enlistment, or appointment becomes a commissioned officer, warrant officer, field clerk, pay clerk, or enlisted man of the Regular Army, the Navy, the Marine Corps, the Coast Guard, the federally recognized active National Guard, the Officers' Reserve Corps, the Army of the United States, the Regular Army Reserve, the Enlisted Reserve Corps, the Naval Reserve, the Marine Corps Reserve, the Coast Guard Reserve (other than temporary), or any other branch or component of the land or naval forces of the United States; or

(2) Every registrant who is a cadet of the United States Military Academy, a midshipman of the United States Naval Academy, or a cadet of the United States Coast Guard Academy; or

(3) Every registrant who has been separated from the land or naval forces by death at any time. (Each such registrant shall be identified with the abbreviation "Dec." in the manner provided in § 622.86.)

(4) Every registrant who has been separated from the land or naval forces of the United States on or after September 16, 1940, by honorable discharge or discharge under honorable conditions, or by an equivalent type of release from service if the registrant was an officer or a warrant officer. (Every such registrant shall be identified with the abbreviation "Disc." in the manner provided in § 622.86-1.) A registrant placed in Class I-C under the provisions of this subparagraph who has "completed his service" in the land or naval forces of the United States shall be retained in Class I-C unless (i) his reclassification is specifically authorized by the Director of Selective Service, or (ii) he volunteers for induction in the land or naval forces of the United States. A registrant shall be deemed to have "completed his service" in the land or naval forces of the United States if (i) he has been separated from service by reason of demobilization, or (ii) it is found that the registrant should be relieved from any future consideration for classification into a class available for service because the registrant has already made a sufficient contribution to the war effort as a member of the land or naval forces of the United States. The Cover Sheet (Form 53) of registrants who have been found to have "completed their service" shall be filed separately from those of other registrants. Except for a registrant who has been found to have "completed his service" as provided above, any registrant placed in Class I-C under the provisions of this subparagraph may be reclassified out of Class I-C at any time.

2. Add a new § 622.17 as follows:

§ 622.17 *Class I-G: Registrants who are members of or are honorably separated from land or naval forces of co-belligerent nations.* (a) In Class I-G shall be placed any registrant who is a member of the land or naval forces of a co-belligerent nation.

(b) In Class I-G may be placed any registrant who has been separated from the land or naval forces of a co-belligerent nation on or after September 16, 1940 by a type of discharge equivalent to an honorable discharge or a discharge under honorable conditions from the land or naval forces of the United States provided it is found that such registrant should be relieved from any future consideration for classification into a class available for service because the registrant has already made a sufficient contribution to the war effort as a member of the land or naval forces of a co-belligerent nation.

The foregoing amendment to the Selective Service Regulations, shall be effective within the continental United States immediately upon the filing here-

PART 1226—GENERAL INDUSTRIAL EQUIPMENT

[General Limitation Order L-311 as Amended
May 23, 1945]

LOGGING, LUMBER, AND WOOD PRODUCTS MACHINERY AND EQUIPMENT

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of materials used in the production of woodworking machinery for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense.

§ 1226.83 *General Limitation Order L-311—(a) Definitions.* For the purposes of this order:

(1) "Producer" means any person who produces, manufactures or assembles woodworking machinery.

(2) "Dealer" means any person engaged in the business of acquiring woodworking machinery for resale; it includes a wholesaler, distributor, jobber, retailer, branch warehouse or other distribution or sales outlet, whether or not owned or controlled by a producer, and any other person performing similar functions.

(3) "Woodworking machinery" means any new machinery or equipment of the kinds specified in Schedule A of this order.

(4) "Class I woodworking machinery" means any woodworking machinery which had a producer's list price on October 15, 1942, of more than \$350 for any single machine or piece of equipment.

(5) "Class II woodworking machinery" means any woodworking machinery which had a producer's list price on October 15, 1942, of \$350 or less for any single machine or piece of equipment.

(6) "Order" means any commitment or other arrangement for the delivery of woodworking machinery, whether by sale, lease, consignment or otherwise.

(7) "Producer's list price" means the sale price at which the producer's catalog or other price publication listed the woodworking machinery, exclusive of the motor, motor drive or any attachments. However, where the motor, motor drive or any attachments are initially built into the basic machine as an integral part of it, the "producer's list price" shall mean the sale price at which the producer listed the machine as an assembled unit.

(8) "Army, Navy, Maritime Commission, or War Shipping Administration" do not include any privately operated plant or shipyard financed by, or con-

trolled by, any of those agencies, or operated on a cost-plus-fixed-fee basis.

(b) *Restrictions on sale or delivery of Class I woodworking machinery—*(1) *Authorization of purchase orders for Class I woodworking machinery required.* After September 11, 1943, no person shall place an order for Class I woodworking machinery with a producer or dealer, and no producer or dealer shall accept any order for Class I woodworking machinery, or deliver any Class I woodworking machinery to fill any order received after that date, unless the order has been authorized by the War Production Board on Form WPB-3131. Application for an authorization and for a preference rating must be made by the purchaser by filing Form WPB-3131 with the War Production Board as explained in the instructions which accompany the form. When authorization is sought to purchase Class I woodworking machinery and at the same time a preference rating for the purchase of Class II woodworking machinery is applied for the application on Form WPB-3131 may also be used to include an application for such Class II woodworking machinery.

(2) *Exemptions.* The restrictions contained in paragraph (b) (1) shall not apply to:

(i) Any orders for or deliveries of Class I woodworking machinery to be used directly by the Army, Navy, Veterans' Administration, Maritime Commission or War Shipping Administration;

(ii) Any orders from or deliveries to a producer or dealer to enable him to fill orders authorized on Form WPB-3131 which he has actually received or to replace woodworking machinery delivered by him from his inventory to fill orders authorized on Form WPB-3131.

(iii) Any order bearing a preference rating assigned pursuant to application on Form WPB-617 (formerly PD-200).

(3) *Certification of authorization which may be used.* Any person applying or extending a preference rating on any order which any of the provisions of this paragraph (b) permit him to place may add to the certificate applying or extending the rating a statement substantially as follows: "This purchase is permitted by Order L-311 which I am familiar with." Any person receiving a certification and rating with this statement shall be entitled to rely on the representation thereof unless he knows or has reason to believe it to be false. However, the application or extension of a preference rating on any purchase order which a person is permitted under this paragraph (b) to place shall not be invalid for failure to place this statement on the order.

(c) *Ratings not required for orders for Class II woodworking machinery.* This order does not now prohibit deliveries of Class II woodworking machinery to fill purchase orders without a preference rating.

(d) [Revoked May 23, 1945.]

(e) [Revoked May 23, 1945.]

(f) *Operations reports.* Each producer shall, on or before the 10th day of each month after September 1943, file with

the War Production Board an operations report on Form WPB-3130 as explained in the instructions which accompany the form.

(g) *Miscellaneous provisions—*(1) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable regulations of the War Production Board as amended from time to time.

(2) *Violations.* Any person who willfully violates any provision of this order or who, in connection with this order, willfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime and, upon conviction, may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(3) *Appeals.* Any appeals from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

PRODUCTION OF BOILERS FOR STOCK

In order to conserve materials and manufacturing facilities for the production of high pressure steel boilers listed on Table 14 of General Scheduling Order M-293 and to prevent the accumulation of duplicate stocks of such high pressure steel boilers in the hands of manufacturers, dealers and warehouses, the following direction under Table 14 of M-293 is issued:

(1) Notwithstanding the provisions of Priorities Regulation 1, or of paragraphs (c) (2) and (d) (2) of General Scheduling Order M-293, no manufacturer shall, without specific authorization from the War Production Board, begin production of any high pressure steel boilers listed on Table 14 of General Scheduling Order M-293, which the manufacturer knows or has reason to believe, will be held in the stock of any manufacturer, wholesaler, dealer or any other person rather than shipped directly for installation.

PART 3274—MACHINE TOOLS AND INDUSTRIAL SPECIALTIES

[General Preference Order E-1-b, as Amended May 23, 1945]

PRODUCTION AND DELIVERY OF MACHINE TOOLS

Section 3274 General Preference Order E-1-b is amended to read as follows:

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of machine tools for defense, for private account, and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense.

§ 3274.1 General Preference Order E-1-b—(a) Definitions. For the purposes of this order:

(1) "Machine tool" means any new, non-portable, power driven, metal-working machine tool which is listed on the attached Exhibit A and has a retail sales price of \$1,000 or more. It includes all fixtures, equipment and tooling covered by the original purchase order which are required to be delivered with the machine tool to make it usable in production for

the purposes intended. It does not include replacements, spare parts or equipment, or extra tooling.

(2) "Producer" means any person engaged in producing machine tools.

(3) "Service purchasers" means those whose purchase orders for machine tools call for delivery to a supply arm or bureau of the Army or Navy, to the United States Maritime Commission, to one of their prime contractors, or to a subcontractor of such a prime contractor. However, no such purchaser shall be considered a service purchaser unless his preference rating certificate or endorsement accompanying his purchase order shows that the preference rating being applied to the purchase was assigned on Form WPB-542, CMPL-224, or GA-1456, or that the rating was assigned and certified in accordance with paragraph (e) (3) of War Production Board Directive 31.

(4) "Other purchasers" means all purchasers other than service purchasers whether or not a preference rating has been assigned to their purchase orders. Other purchasers include all foreign purchasers, and all Canadian purchasers except those who are service purchasers by reason of their purchasing machines for use on direct United States prime contracts or subcontracts.

(5) "Size" includes all of those dimensions or variations of a particular type of machine which can be used interchangeably for production purposes. Size classification shall be that used by each producer on June 22, 1944 unless he is hereafter authorized to use a different classification. Producers may apply for such permission by writing to the Tools Division, War Production Board, Ref.: E-1-b.

(b) Delivery of machine tools until August 1, 1945. Until August 1, 1945, each producer shall maintain his delivery schedules as established on May 23, 1945. An exception to this is any change in schedule required by a diversion or by any other specific direction of the War Production Board issued after May 23, 1945.

(c) Allocation of deliveries to service and other purchasers. Starting June 1, 1945, and on the first of each succeeding month, each producer shall schedule his deliveries of each size of machine tools for the third ensuing month (for example, on June 1 for the month of August) as follows:

(1) To the extent that he has rated orders on hand requiring delivery in the month being scheduled, each producer shall arrange his schedule so as to deliver 75 percent of his production of each size in that month to service purchasers and 25 percent of his production of each size to other purchasers on whose purchase orders a rating has been applied or extended.

(2) To the extent that a producer has not received rated orders requiring delivery of 25 percent of his production of a given size to other purchasers in the month being scheduled, he must schedule any orders for that size from service

purchasers requiring delivery in that month which he was not able to include in the 75 percent set aside for service purchasers. To the extent that he has not received orders requiring delivery of 75 percent of his production of a size to service purchasers in the month being scheduled a producer may schedule more than 25 percent for delivery to other purchasers.

(3) If a producer does not have enough rated orders requiring delivery in the month being scheduled to take up his full production of a given size for service, or other purchasers in that month, he may schedule deliveries of unrated purchase orders for that size in that month.

(d) *Distribution of 75 percent of production among service purchasers.* Each producer shall schedule deliveries to service purchasers as follows:

(1) Service purchasers are subdivided into seven groups, consisting of the following and their respective prime contractors and subcontractors: Bureau of Ships (Navy), Bureau of Ordnance (Navy), Ordnance Department (Army), Air Forces, Miscellaneous Branches and Bureaus, the Maritime Commission, and the Signal Corps. The fourth group, designated "Air Forces," includes the Army Air Forces and the Navy Bureau of Aeronautics and other respective prime contractors and subcontractors. The fifth group, designated "Miscellaneous Branches and Bureaus," includes the Quartermaster Corps, the Corps of Engineers, the Office of the Surgeon General (Army Medical Department), the Chemical Warfare Service, the Transportation Corps (Transportation Service), the Bureau of Yards and Docks, and the Marine Corps, together with any other corps, department, bureau or service of the Army or Navy not heretofore designated as a separate group, and their respective prime contractors and subcontractors.

(2) (i) Each producer shall figure the number of orders on his books for each size from each of the seven service purchaser groups as of sixty days prior to the first day of the month being scheduled or at the producer's option, the nearest date within ten days thereof on which he may have compiled his record of orders. Only orders which require delivery in the month being scheduled or in a previous month shall be counted. This figure shall be termed the net backlog of each service purchaser group. No order shall be counted unless it is a firm order accompanied by specifications or other description of the machine tool in sufficient detail to enable the producer to place the machine tool in his production schedule and by the information required by paragraph (f) of this order.

(ii) He shall then distribute the number of machine tools of this size allocated to all service purchasers for the month being scheduled among each of the seven service purchaser groups according to each group's quota. The quota of this size for each service group shall be the ratio of:

(a) Net backlog in this size of the service group to

(b) The total of all net backlogs in such size of all the service groups, multiplied by the total number of machine tools of this size allocated for the month

being scheduled to all service purchasers. An example of the calculation required by this paragraph is attached, marked "Illustration of paragraph (d) (2)."

(iii) The quota shall be determined monthly for the third ensuing month. For example: On the 1st of June quotas shall be determined for August, on the first of July quotas shall be determined for September, and on the first of August quotas shall be determined for October, etc.

(3) Each month a producer shall deliver to each service group the number of machine tools of that size equal to its quota for that month. However, no producer shall schedule delivery of any machine tool earlier than the date on which the purchaser requires delivery unless all required delivery dates on other orders are being met.

(e) *Treatment of fractions.* Where the number of machine tools which results from any computation required by this order contains a fraction of more than one-half, the fraction shall be counted as a whole machine tool. A fraction under one-half shall be disregarded, except that where the computation results in a fraction only (less than one whole machine tool) for any one month, and such fraction is less than one-half, it shall be counted in computing the next month's quota. Where each of the computations of two or more different quotas for the same month shows a fraction of one-half, and there is only one remaining machine tool to which such fractions can apply, such machine tool shall be allotted to the group having the largest quota, and the other fractions of one-half shall be disregarded for that month, but shall be counted in computing the other quota or quotas for the next month.

(f) *Additional information to be furnished with rated purchase orders.* In applying or extending a preference rating to an order for a machine tool, the purchaser must supply the following information in addition to the standard endorsement or certification applying the rating:

(1) The form of preference rating certificate or the number of the order or regulation by which the rating was assigned.

(2) The urgency standing assigned to the delivery of the machine tool, if any.

(3) The required delivery date of the machine tool.

(4) A statement as to whether the purchaser is a service purchaser or other purchaser, and if the machine tool is to be delivered to a foreign country, the foreign country to which the machine tool is to be delivered.

(5) In the case of service purchasers the supply arm or bureau of the Army or Navy, or the Maritime Commission which placed the prime or subcontract on which the machine tool being purchased is to be used, the number of the prime contract and the name of the prime contractor.

(g) *Operation of Numerical Master Preference List.* Numerical Master Preference List, Revision No. 6, designated "Restricted", has been supplied to machine tool builders (Exhibit B to this order). This list determines the se-

quence of deliveries as between service purchasers as follows:

(1) The sequence of deliveries among each group of service purchasers within its respective quota shall be determined each month without regard to preference ratings.

(2) Deliveries to service purchasers who are either on the list or are subcontractors of persons on the list shall take precedence over service purchasers who are not on the list.

(3) As between deliveries having conflicting required delivery dates and to be made to service purchasers on the list, priority shall be given to the service purchaser with the higher urgency standing in that service group. The highest urgency standing is No. 1.

(4) The sequence of conflicting deliveries to service purchasers not on the list shall be determined by the respective dates on which the producer receives the preference rating together with the information called for by paragraph (f).

(5) Delivery to a subcontractor not specifically named on the list shall take the urgency standing of his prime contractor. However, no subcontractor may use the urgency standing of his prime contractor unless it has been endorsed on the instrument assigning the preference rating by the supply arm or bureau concerned.

(6) If the urgency standing certified to by the purchaser differs from the urgency standing shown for the particular contractor in question on the Numerical Master Preference List, Revision No. 6, the latter shall govern.

(h) *Additions to list.* Changes may be made in the Numerical Master Preference List from time to time by the War Production Board. Where an urgency standing between existing urgency standings is assigned, the new urgency standing will consist of a number including a decimal. Such an urgency standing will take a position in the sequence of deliveries as indicated by the following example: Urgency Standard 792.1 will be scheduled after 792 and before 793.

(i) *Sequence of deliveries among other purchasers.* The sequence of deliveries among other purchasers within the proportion of production allocated to them shall be determined in accordance with the provisions of § 944.7 of Priorities Regulation No. 1.

(j) *"Frozen" period.* Unless the War Production Board specifically orders otherwise, no preference rating or urgency standing which may be received by a producer shall operate to postpone or in any way affect any delivery under a purchase order, whether rated or unrated, which is scheduled for delivery within sixty days of receipt of such preference rating or urgency standing or has been scheduled for delivery in accordance with paragraph (c) of this order.

(k) *Replacement parts.* Nothing in this order shall be construed to prohibit the delivery by any producer of repair and replacement parts for machine tools in accordance with applicable regulations and orders of the War Production Board concerning maintenance, repair and replacement items.

(l) *Changes in schedules.* Notwithstanding any other provision of this order, the War Production Board may direct or change any schedule of production or delivery of machine tools, allocate any order for machine tools to any other producer, divert or otherwise direct the delivery of any machine tools to any other person.

(m) *Specific directions concerning the disposition of second hand machine tools.* Whenever the War Production Board deems it necessary for the prosecution of the war, it may, in its discretion, issue a direction prohibiting the sale or other disposition of any specific second hand machine tool until further notice. In general, such action will only be taken when a sale or transfer of the machine tool is believed to be imminent, and it appears that the tool is urgently needed for war or war related production. No person to whom such direction is issued may thereafter sell or otherwise dispose of such machine tool until he receives directions as to its disposal from the War Production Board. For the purposes of this paragraph "second hand machine tool" means any machine tool which has previously been used or purchased for use, whether or not it has been rebuilt.

(n) *Violations.* Any person who willfully violates any provision of this order, or who, in connection with this order, willfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(o) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal. This appeal should be filed with the War Production Board, Tools Division, Washington 25, D. C., Ref.: E-1-b.

(p) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable regulations of the War Production Board, as amended from time to time.

(q) *Communications.* All reports required to be filed hereunder, and all appeals and other communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Tools Division, Washington 25, D. C., Ref.: E-1-b.

Issued this 23d day of May 1945.

PART 1499—COMMODITIES AND SERVICES [MPR 188, Amdt. 55]

APPLICATIONS FOR MAXIMUM PRICES FOR CONSUMERS' DURABLE GOODS

A statement of the considerations involved in the issuance of this amendment has been filed with the Division of the Federal Register.

Maximum Price Regulation No. 188 is amended in the following respects:

1. Section 1499.158 is amended to read as follows:

§ 1499.158 *Fourth pricing method; specific authorization by the Office of Price Administration—(a) Maximum prices.* The maximum price for any article which cannot be priced under any of the preceding pricing methods of this regulation shall be the price in line with the level of maximum prices established by this regulation fixed by the Price Administrator or his duly authorized representative. The maximum price will be fixed by an order establishing a maximum price or a method of determining maximum prices.

The order may also establish maximum prices for sales of the article by persons other than the manufacturer. Maximum prices so established for sales by persons other than the manufacturer supersede maximum prices fixed by other regulations for such sales.

(b) *Reports of maximum prices.* Prior to offering such an article for sale, the manufacturer shall submit a report in duplicate applying for the establishment of a maximum price or prices for his sales of the article. In the case of consumers' durable goods listed in paragraph (b) of Appendix A (§ 1499.166), the manufacturer shall submit the report to the District Office of the Office of Price Administration having jurisdiction over the area in which his principal place of business is located. In the case of any building materials listed in paragraph (a) of Appendix A, the report shall be submitted to the Office of Price Administration, Washington 25, D. C. A form for this purpose is obtainable at any District or Regional Office of the Office of Price Administration where assistance in preparing this form may be obtained.

The report shall contain a description in detail of the article (including the manufacturing process), a statement of the facts which make it necessary to price the article under this section, and the proposed maximum price together with the facts which support the proposed maximum price. If the manufacturer applies for approval of a pricing formula for a line or group of related articles, he shall also include a statement of the pricing formula he proposes for such articles and the reasons why such a pricing formula will establish maximum prices in line with the level of maximum prices established by this regulation.

The manufacturer shall also submit a sample of the article being priced, if practicable; or, if not practicable, he shall submit in lieu of a sample, a photograph or blueprint or other illustration of the article being priced. In addition, the manufacturer shall submit such other relevant information to supplement his report as the Office of Price Administration may require. Upon issuance of the order by the Price Administrator, or his duly authorized representative, the manufacturer may offer the article for sale in accordance with the terms of the order.

In the case of an article for which a maximum price must be determined under this section for a sale to the United States Government or an Allied Government, the manufacturer shall submit the report required in the above paragraph of this paragraph (b) ten days after the formation of the contract. The manufacturer may at any time offer for sale, sell, or deliver the article at a tentative price, to such government or agency if he informs the purchaser that the maximum price must be determined under this section. In such case he must refund any amounts collected in excess of the price so determined. The price shall remain tentative until the maximum price has been determined in the manner provided in this regulation.

NOTE: Notwithstanding the above provisions, certain orders issued under § 1499.159b require the manufacturer to file a report with the National Office of the Office of Price Administration, Washington, D. C. These orders and the articles to which they apply are:

- Order No. 1444... Toys and Games.
- Order No. 1470... New Metal Cots and Double Deck Beds.
- Order No. 1509... Upholstered Sofa Beds, Studio Couches and all Other Upholstered Dual Purpose Sleeping Equipment.
- Order No. 1849... Inner Constructions for Sofa Beds, Studio Couches and all other Upholstered Dual Purpose Sleeping Equipment.
- Order No. 3145... War Bicycles.
- Order No. 3261... Upholstered Household Furniture Covered with a Fabric Not Furnished by the Manufacturer.

This amendment shall become effective on the 2d day of June 1945.

Issued this 23d day of May 1945.

Acting Administrator.

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Maximum Price Regulation No. 189 is amended in the following respect:

The following is added at the end of § 1340.311 (b): "However, the supplier need not state separately from his selling price the amount of his transportation tax imposed by section 620 of the Revenue Act of 1942 on a sale to the United States or any agency thereof, the District of Columbia, any state government or any political sub-division thereof."

CERTAIN SPECIES OF FRESH AND FROZEN FISH AND SEAFOOD

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.

1. Section 3.11 (b) is redesignated section 3.11 (b) (1) and a new subparagraph (2) is added to read as follows:

(2) *New Bedford filets.* If a processor filets fresh fish at his place of business in New Bedford, Massachusetts, and freezes the filets at Boston, Massachusetts, where he delivers them to the Quartermaster Corps of the United States Army, he may add to his table price the transportation cost from New Bedford to Boston. (The allowance taken for such transportation may not exceed the common carrier rate from shipping to receiving points. See paragraph (a) of this section 3.11).

2. In section 10.1, Table IA, footnote 3 is added to the name of Schedule No. 9.

3. In section 10.1 following Table IA, footnote 3 is added to read as follows:

PART 1364—FRESH, CURED AND CANNED MEAT AND FISH PRODUCTS

[MPR 587]

MISCELLANEOUS CANNED FISH AND SEA FOOD

In the judgment of the Price Administrator, it is necessary in order to effectuate the purposes of the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328 that uniform maximum prices be established for the sales by canners, and in some cases importers, of miscellaneous varieties of canned fish and sea food.

So far as practicable, the Price Administrator has consulted and advised with representative members of the industry which will be effected by this regulation. In the judgment of the Price Administrator the prices established are generally fair and equitable and will effectuate the purposes of the Act.

A statement of the considerations involved in the issuance of the regulation has been issued herewith and filed with the Division of the Federal Register.

ARTICLE I—GENERAL PROVISIONS

SECTION 1.1 *What this regulation does.* This regulation fixes the maximum prices at which canners, and in some cases importers, may sell the varieties of canned fish and sea food for which maximum prices are fixed in the following articles.

SEC. 1.2 *Relation to other regulations.* (a) The provisions of this regulation supersede the provisions of the General Maximum Price Regulation and the provisions of the Maximum Import Price Regulation (and any order issued thereunder) with respect to sales and deliveries for which maximum prices are established by this regulation.

(b) The maximum price at which any person may export canned fish or sea food must be determined in accordance with the provisions of the Second Revised Maximum Export Price Regulation, as amended, issued by the Office of Price Administration.

SEC. 1.3 *Where this regulation applies.* The provisions of this regulation shall apply to the 48 states of the United States and to the District of Columbia.

SEC. 1.4 *Prohibitions.* Regardless of any contract or other obligation, no person shall make any sale, or any purchase in the course of trade or business, of canned fish or sea food, for which sale or purchase a maximum price is established by this regulation, at a price higher than that maximum price, and no person shall agree, offer, solicit or attempt to do any of these things. Prices lower than maximum prices may be charged and paid.

SEC. 1.5 *Enforcement.* Any person violating any provision of this regulation is subject to the criminal penalties, civil enforcement actions, suits for treble damages and proceedings for revocation of licenses provided by the Emergency Price Control Act of 1942, as amended.

SEC. 1.6 *Licensing.* The provisions of Licensing Order No. 1, licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation. A seller's license may be suspended for violations of the license or of one or more applicable price schedules or regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

SEC. 1.7 *Evasion.* No person shall evade any of the provisions of this regulation by any scheme or device, and no person covered by this regulation shall indirectly charge or receive for the varieties of canned fish or sea food listed in this regulation a price higher than the maximum price permitted by this regulation. No person shall, as a condition of selling any canned fish or sea food covered by this regulation, require a purchaser to buy any other canned fish or sea food or any other commodity.

SEC. 1.8 *Brokers.* In accordance with trade custom, every broker shall be considered the agent of the seller and not the agent of the buyer. In each case, the amount paid by the buyer to the seller plus any amount paid by the buyer to the broker shall not exceed the seller's maximum price, including allowable transportation actually paid by the seller or by the broker. In other words, the seller may not collect from the buyer any more than his maximum price, including allowable transportation so paid, less the amount which the buyer pays the broker.

SEC. 1.9 *Notification of change of maximum price.* If this regulation, or any amendment thereto, changes a canner's or an importer's maximum price for any item of canned fish or sea food, with the first delivery of that item after the effective date of the provision changing the maximum price, the canner or the importer, as the case may be, shall:

(a) Supply each wholesaler and retailer who purchases the item from him with the following written notice:

NOTICE TO WHOLESALERS AND RETAILERS

Our OPA ceiling price for (describe item by kind, variety, grade, brand, style of pack and container type and size) has been changed under the provisions of Maximum Price Regulation No. 587. We are authorized to inform you that if you are a wholesaler or retailer pricing this item under Maximum Price Regulation No. 421, 422 or 423, and if we are your customary type of supplier, you must refigure your ceiling price for the item in accordance with the applicable pricing provisions of those regulations (see section 6 in each case). You must refigure your ceiling price on the first delivery of this item to you on and after (insert effective date of regulation or amendment, whichever is applicable).

For a period of 90 days after the effective date of the provision changing the maximum price and with the first delivery after the 90-day period to each person who has not made a purchase within that time, the canner or the importer shall include in each box, carton or case containing the item the written notice set forth above.

(b) Supply each purchaser of the item who is a distributor other than a wholesaler and retailer with written notice of the establishment of the new maximum price. The notice, which shall be attached to, or stated on, the invoice covering the first delivery to such purchaser after the effective date of the provision changing the maximum price shall read as follows:

NOTICE TO DISTRIBUTORS OTHER THAN WHOLESALERS AND RETAILERS

Our OPA ceiling price for (describe item by kind, variety, grade, brand, style of pack and container type and size) has been changed from \$----- to \$----- under the provisions of Maximum Price Regulation No. ----- You are required to notify all wholesalers and retailers, for whom you are the customary type of supplier, purchasing the item from you after (insert effective date of the regulation or amendment, whichever is applicable) of any change in your maximum price. This notice must be made in the manner prescribed in section 1.9 of Maximum Price Regulation No. 587.

SEC. 1.10 *Records and reports.* (a) Every person making a sale subject to

this regulation, and every person in the course of trade or business making a purchase of canned fish or sea food subject to this regulation, or otherwise dealing therein, shall keep for inspection by the Office of Price Administration, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect, accurate records of each such purchase or sale, showing the date thereof, the name and address of the buyer and of the seller and the price contracted for and received for each item of canned fish or sea food sold, describing the item by kind, variety, grade, brand, style of pack and container type and size.

SEC. 1.11 *Petitions for amendment.* Any person seeking an amendment of any provision of this regulation may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1, issued by the Office of Price Administration.

SEC. 1.12 *Adjustable pricing.* Any person may agree to sell at a price which can be increased up to the maximum price in effect at the time of delivery; but no person may, unless authorized by the Office of Price Administration, deliver, or agree to deliver, at prices to be adjusted upward in accordance with action taken by the Office of Price Administration after delivery. Such authorization may be given when a request for a change in the applicable maximum price is pending, but only if the authorization is necessary to promote distribution or production and if it will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended. The authorization may be given by the Administrator or by any official of the Office of Price Administration to whom the authority to grant such authorization has been delegated. The authorization will be given by order.

SEC. 1.13 *Sales to Governmental procurement agencies.* The maximum price for sales by a canner or an importer of any variety of canned fish and sea food for which sales maximum prices are fixed by this regulation, to any procurement agency of the Armed Forces, the War Food Administration and any procurement agency thereof, the War Shipping Administration and the Veterans' Administration, shall be 97½% of the price fixed for the item in the applicable article of this regulation; from the price so computed there shall be deducted a cash discount of 1½% if payment is made within 10 days of receipt by the designated office of the war procurement agency of a properly authenticated claim.

SEC. 1.14 *General pricing instructions.* For container types and sizes and styles of pack not listed for any variety of canned fish or sea food covered by this regulation, the maximum price shall be the price determined by the Office of Price Administration to be in line with the prices listed in the applicable article for that variety of canned fish or sea food. Such determination shall be made upon written request addressed to the Office of Price Administration, Wash-

ington, D. C., and accompanied by statements showing costs and usual differentials between the pack for which a price is sought and the packs for which prices are listed in this regulation.

SEC. 1.15 Definitions. Various terms used in this regulation are defined in the following articles. Unless the context otherwise requires the definitions set forth in section 302 of the Emergency Price Control Act of 1942, as amended, shall apply to other terms used in this regulation.

ARTICLE II—CANNED PACIFIC SQUID

Sec. 2.1 Maximum prices for sales by canners—(a) General rule. The canner's maximum price, f. o. b. shipping point nearest the cannery, for sales of canned Pacific squid, is the price listed below, less his customary allowances, discounts, and differentials to purchasers of different classes.

Container size	Style of pack	Price per 48 cans
No. 1 tall.....	Natural.	\$4.85

(b) *Sales to governmental procurement agencies.* The canner's maximum price for sales of canned Pacific squid to governmental procurement agencies must be determined in accordance with the provisions of section 1.13.

However, the provisions of section 1.13 do not apply to sales of canned Pacific squid to any procurement agency of the War Food Administration until August 1, 1945. Until that date, the canner's maximum price for such sales shall be the price listed in paragraph (a) less a cash discount of 1½%, if payment is made within 10 days of receipt by the designated procurement agency of the War Food Administration of a properly authenticated claim.

SEC. 2.2 Definitions. (a) "Canned Pacific squid" means squid of the species *Loligo opalescens* packed in hermetically sealed containers.

(b) "No. 1 tall" means a can (301 x 411) packed to a net weight of not less than 15 oz. of Pacific squid.

SEC. 2.3 Cross references. Section 1.14, contains provisions with respect to pricing container types and sizes and styles of pack not listed.

This regulation shall become effective May 28, 1945, except as to sales or deliveries of canned Pacific squid which prior to May 28, 1945 has been received by a carrier, other than a carrier owned or controlled by the seller, for shipment to the purchaser.

NOTE: The record keeping and reporting provisions of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 23d day of May 1945.

PART 1385—NAVAL STORES

[MPR 446,² Amdt. 3]

PINE TAR AND PINE TAR OIL

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Maximum Price Regulation No. 446 is amended in the following respects:

1. A new listing is added to the table of contents between the listings of section 10 and Appendix A to read as follows:

11. Producers' adjustments for naval stores products produced by destructive distillation of pine wood.

2. A new section 11 is added between section 10 and Appendix A to read as follows:

Sec. 11. Producers' adjustments for naval stores products produced by destructive distillation of pine wood.—(a) Applicability. Either upon application for adjustment in accordance with Revised Procedural Regulation No. 1, or on his own motion, the Administrator may adjust under this section a pro-

ducer's maximum price established under Maximum Price Regulation No. 446, Pine Tar and Pine Tar Oil, Maximum Price Regulation No. 179, Pine Oil (only for pine oil produced by destructive distillation of pine wood), Maximum Price Regulation No. 431, Charcoal (for pine wood charcoal only) or the General Maximum Price Regulation for any naval stores product or products produced by the destructive distillation of pine wood, including, but not limited to, pine tar and pine tar oil, pine oil, pine wood charcoal, turpentine, dipentene and pitch so produced. The maximum price is to be adjusted according to the standards of this section which, in general, are based on the producer's operating position. Any application made shall be submitted to the Rubber, Chemicals and Drugs Price Branch, Office of Price Administration, Washington 25, D. C.

(b) *Amount of adjustment.* No adjustment will be made under this section unless the Administrator finds that a price increase is necessary to alleviate substantial hardship. Any such adjustment should ordinarily be limited as set forth below. The criteria set out below indicate, in general, the factors which will be considered, to the extent practicable, in processing adjustments under this section. The unit costs indicated below shall be taken as the average unit costs over a period of time—ordinarily a period of at least six months prior to adjustment—sufficient to assure a fairly representative basis for any adjustment action. In addition, the producer's current rate of production as compared to his rate of production during normal pre-war years may be taken into consideration. Thus, whenever the producer is currently operating at a level substantially lower than his normal volume, indirect factory cost and administrative and selling expenses may be adjusted to reasonable levels based upon a normal rate of operations. As used below: "over-all profits" means over-all aggregate dollar profits, adjusted for changes in investment and before deduction of income and excess profits taxes, of the producer or of the entire investment enterprise; "joint product" or "joint products" means any naval stores product or products produced by the destructive distillation of pine wood as specified in paragraph (a) above. Adjustments shall be limited as follows:

(1) The amount of adjustment per unit of one or more than one joint product shall be determined in such a way that the gross revenue realized from the total number of units of all the joint products produced from a cord of wood through carbonization at their respective adjusted or unadjusted maximum prices, shall be equal to direct labor and material cost per cord of wood carbonized plus indirect factory cost per cord of wood carbonized, where the producer's current over-all profits on an annual basis are favorable as judged by his own or the industry's experience during the years 1936-1939 (or other appropriate peacetime base period).

(2) The amount of adjustment per unit of one or more than one joint product shall be determined in such a way that the gross revenue realized from the

¹ 7 F.R. 5482.

² 8 F.R. 11375, 16032.

total number of units of all the joint products produced from a cord of wood through carbonization at their respective adjusted or unadjusted maximum prices, shall be equal to direct labor and material cost per cord of wood carbonized plus indirect factory cost and administrative and selling expenses per cord of wood carbonized, where the producer's current over-all profits on an annual basis are normal as judged by his own or the industry's experience during the years 1936-1939 (or other appropriate peacetime base period). However, any increase in excess of that permitted by (1) above shall not ordinarily exceed the least amount which will cause his current over-all profits on an annual basis to be favorable as judged by his own or the industry's experience during such base period.

(3) The amount of adjustment per unit of one or more than one joint product shall be determined in such a way that the gross revenue realized from the total number of units of all the joint products produced from a cord of wood through carbonization at their respective adjusted or unadjusted maximum prices, shall be equal to direct labor and material cost per cord of wood carbonized plus indirect factory cost and administrative and selling expenses per cord of wood carbonized, plus an adequate margin of profit per cord of wood carbonized, where the producer's current over-all profits on an annual basis are unfavorable as judged by his own or the industry's experience during the years 1936-1939 (or other appropriate peacetime base period). However, any increase in excess of that permitted by (1) above shall not ordinarily exceed the least amount which will cause his current over-all profits on an annual basis to be favorable as judged by his own or the industry's experience during such base period.

(c) *Orders issued under this section.* The Administrator may authorize or deny by order the maximum prices requested or any modification thereof, or may on his own motion authorize an adjustment by order. He may require in appropriate cases a compensatory decrease in the maximum prices for another product or products made by the producer.

In cases where an adjustment is granted to a producer, the Administrator may also adjust by order the maximum prices for sales by resellers.

(d) *Suggested steps before application.* Before filing an application for adjustment under this section, it is suggested that each producer obtain from the Rubber, Chemicals and Drugs Price Branch, Office of Price Administration, Washington 25, D. C., a statement as to what part of the information indicated below must be submitted for processing the application.

(1) Name, description, unit of sale and production, established maximum selling prices of the product or products, and full terms of sale.

(2) Sales volume of the designated product or products in units and dollars for the last complete calendar or fiscal year, for the latest periods of the current year for which information is available, the estimated future sales in units for the

next three months. Also total over-all sales in units and dollars of all the joint products produced by the destructive distillation of pine wood for the last complete calendar or fiscal year, for the latest periods of the current year for which information is available, and for the years 1936-1939 and 1942.

(3) Direct labor and material cost per cord of wood carbonized currently. If wage rates have been increased since October 3, 1942, a full explanation of the reason for the increase and a showing that any wage rate subject to approval by War Labor Board has been approved by that Board.

(4) Indirect factory cost per cord of wood carbonized currently and for the year 1942 (or the fiscal year ending nearest to December 31, 1942) such as: indirect labor, factory supplies, repairs and maintenance of building, machinery and equipment, insurance, property taxes, depreciation at normal rates on plant and equipment actually used in manufacture, purchased utility services, and other items commonly associated with factory operation. Indirect factory costs shall be broken down at least in the detail customarily used by the producer, and the method of allocating such costs per cord of wood carbonized must be shown.

(5) General administrative and selling expenses per cord of wood carbonized currently and for the year 1942 (or the fiscal year ending nearest to December 31, 1942) such as: executive and administrative salaries, office expenses, commissions, advertising and similar items but not including income or excess profit taxes, charges to war reserves, or reserves for contingencies. General administrative and selling expenses shall be broken down at least in the detail customarily used by the producer, and the method of allocating such expenses per cord of wood carbonized must be shown.

(6) Profit and loss statements, balance sheets, and analyses of surplus for the years 1936-1939, inclusive, on OPA Form A, Annual Financial Report, or the producer's own prepared statements and the same information for the most recent full fiscal or calendar year, and for the latest periods of the current year for which complete information is available: *Provided, however,* That if the producer seeks adjustment in accordance with paragraph (b) (1) above so that gross revenue realized from the total number of units of the joint products produced from a cord of wood through carbonization at their respective adjusted or unadjusted maximum prices, is no greater than direct labor, material cost, and indirect factory cost per cord of wood carbonized, he need not include in submitting information the profit and loss statements, balance sheets and analyses of surplus for the years 1936-1939.

Such financial data shall cover the producer's over-all operations, or in the event the producer is a parent, subsidiary or affiliate of other corporations or business units, the over-all operations of the entire investment enterprise. The filing of the financial data designated in this subparagraph is optional in certain cases. Should the producer prefer and so request, this information for years prior to 1943 will be obtained by the Office of

Price Administration directly from the Bureau of Internal Revenue if available. If the producer has submitted any such data on OPA Report Forms A or B for certain periods, he may so state and omit those periods in submitting information. (7) The proposed selling prices and terms of sale.

This amendment shall become effective May 28, 1945.

NOTE: Approval of the reporting requirements of this amendment in accordance with the Federal Reports Act of 1942 has been waived by the Bureau of the Budget.

Issued this 23d day of May 1945.

SEC. 37. Maximum prices for retail sales of electric irons—(a) *Marking ceiling price.* Notwithstanding the provisions of section 9 (b) of this regulation, no person may sell or deliver at retail any electric iron listed in the table below unless it has affixed to it a tag which plainly sets forth the ceiling price established by this section for sales of the particular model of electric iron, as follows: "Ceiling price (incl. Fed. excise tax) \$_____". Where the iron comes

into the possession of the seller with a statement of the domestic ceiling price affixed to it, such statement shall be removed and replaced with the seller's own tag as above provided.

Sec. 39. Maximum retail prices for beef—fresh, cured and frozen—(a) What this section does. This section fixes dollar-and-cents ceiling prices on all retail sales of beef cuts made on and after November 7, 1944. The only retail beef cuts which may be sold are those described in paragraph (e) of this section. Your ceiling prices depend on the locality where your store is, and the grade of beef you are selling.

(b) *Grades.* All carcasses and wholesale cuts of beef imported from the mainland must be graded in accordance with the rules for grading which are in

Revised Maximum Price Regulation No. 169 (Beef and veal carcasses and wholesale cuts) and in Office of Economic Stabilization Regulation No. 1 (Grading and Grade Labeling of Meats). The grades applicable to this section are these:

Choice or AA Good or A
Commercial or B Utility or C

Under the requirements of OES Regulation 1, grade marks placed on mainland beef carcasses and wholesale cuts in conformance with that regulation may not be removed before selling.

You must not put different grades of meat together in your showcase.

(c) *How you make retail cuts.* Paragraph (d) of this section describes the different cuts of beef which you may sell, and how they are to be cut. If you buy a carcass, or side or quarter or combination cut of meat, you must first cut it into the standard OPA wholesale cuts described in paragraph (f) before you make the retail cuts.

(d) *Description of retail beef cuts.* All retail beef cuts covered in the following specifications shall be trimmed as described by this section before the cuts may be weighed or sold to the customer. No fat shall be added to any of the cuts before they are weighed or sold to the customer.

(1) *Stews.* (i) Short ribs are the ends of the ribs which are removed when making a 7" rib.

(ii) *Plate (bone-in).* is made from the standard primal plate without removing the bones. The diaphragm or skirt muscles may or may not be removed, but the membrane on each side of the skirt and on the inside of the plate, and all loose fat shall be removed.

(iii) *Plate (boneless).* Boneless plate is the boneless meat of the primal plate after all bones, gristle, cartilage, membrane and excess fat have been removed.

(iv) *Brisket (bone-in).* is made from the standard primal brisket without removing the bones. No more than one inch of fat may be left on this cut.

(v) *Brisket (boneless).* Boneless brisket is the boneless meat of the primal brisket after all bone, gristle, cartilage, and excess fat have been removed. The fat must be trimmed so that no more than one inch of fat is left on any lean muscle.

(vi) *Flank meat* is the meat remaining after the flank steak, bone, gristle, membrane, and cod fat have been removed from the rough flank.

(vii) *Neck (bone-in).* The arm knuckle bone and the Atlas joint shall be removed from the neck. The throat side of the neck shall be trimmed and all fat in excess of one inch shall be removed. The neck may then be sold in pieces with the bone in.

(viii) *Neck (boneless).* The boneless neck is the meat remaining after all the bone, cartilage, fat, tendon, gristle, and throat trimmings have been removed from the neck. (See paragraph (d) (1) (vii).)

(ix) *Heel of round (boneless).* The heel of round may be separated from the hind shank according to the usual practice in each locality; however, it shall

not include the front muscle of the shin bone and it must be entirely boneless.

(x) *Hind shank (bone-in)* is the section of the round remaining after the rump, round steaks (or tip, inside and outside), heel of round and hock have been removed.

(xi) *Hind shank (boneless).* Boneless hind shank is the boneless meat from the hind shank.

(xii) *Foreshank (bone-in).* Remove the knee bone. Cut the shank into pieces with the bone in.

(xiii) *Foreshank (boneless).* The boneless shank meat is the boneless meat from the foreshank after all bone, gristle, cartilage and sinews have been removed.

(2) *Roasts.*—(i) Rib roasts are made in 10" or 7" cuts from the standard primal rib. The rib bone shall measure no longer than 10" or 7", respectively, in a straight line from the protruding edge of the chine bone. The blade bone or cartilage shall be removed from these roasts.

(ii) *Round tip.* The tip shall be removed from the flank side of the round in accordance with the customary procedure in each locality. All bone, including the knee cap, and all fat exceeding one inch in thickness must be removed.

(iii) *Rump (bone-in)* shall contain part of the rump (sitch) bone, but no rump knuckle bone or tail vertebrae. Not more than one inch of fat shall be left on the outside, or within the pelvic cavity, of this cut.

(iv) *Rump (boneless).* Boneless rump is the meat remaining after all the bones, cartilage, gristle and excess fat have been removed from the standing rump. (See paragraph (d) (2) (iii).)

(v) *Chuck blade pot roast* is made from the blade bone portion of the standard primal chuck. No portion of the arm knuckle shall be included in any blade pot roast. All fat exceeding one inch in thickness shall be removed from this cut.

(vi) *Chuck arm pot roast* is made from the shoulder arm bone portion of the standard primal chuck. The arm knuckle shall not be left in any arm pot roast. All fat exceeding one inch in thickness shall be removed from this cut.

(vii) *English cut.* This cut may be made from the standard primal chuck following the usual procedure in each locality.

(viii) *Chuck or shoulder (boneless).* Boneless chuck pot roasts are made from the blade bone and arm bone portions of the standard primal chuck. All fat exceeding one inch in thickness shall be removed from the boneless chuck.

(3) *Steaks.* (i) Porterhouse, T-bone and club steaks are made from the standard primal short loin. Porterhouse steaks contain a large portion of the tenderloin. T-bone steaks contain a small portion of the tenderloin. Club steaks contain no tenderloin. All fat exceeding one inch in thickness shall be trimmed from these steaks.

(ii) *Sirloin steak (bone-in)* and *pin bone steak (bone-in)* are made from the standard primal sirloin (loin end).

All fat exceeding one inch in thickness shall be trimmed from these steaks.

(iii) *Sirloin steaks (boneless)*. Boneless sirloin steaks are made from the standard primal sirloin (loin end). They shall contain no bone and no fat in excess of one inch in thickness.

(iv) *Rib steaks* are 10" or 7" cuts made from the standard primal rib after the blade bone or cartilage has been removed. The rib bone or bones in these cuts shall measure no longer than 10" or 7", respectively, in a straight line from the protruding edge of the chine bone.

(v) *Round steak (bone in—full cut)* includes a part of the top (inside) round, the bottom (outside) round, the eye of round, the tip, and the round bone. It shall contain the round bone but no part of the knee cap or double bone. All fat exceeding one inch in thickness shall be trimmed from each steak. This steak may be cut into two or more pieces in line with the customary procedure in the past.

(vi) *Round steak (boneless—top and bottom)*. The top (inside) round may be removed from the round according to the usual procedure in each locality. The shank end of this cut, however, shall contain no part of the heel of round. All fat exceeding one inch in thickness shall be trimmed from the outside of the steaks made from this cut. The top (inside) round shall contain no bone.

The bottom (outside) round, like the top round, may be made according to the usual procedure in each locality. It may contain part of the rump but the shank end of this cut shall contain no part of the heel of round. The bottom round shall contain no bone. It may be sold as pot roasts or steaks.

(vii) *Round top steaks* are cut from the tip roast (paragraph (d) (2) (ii)).

(viii) *Chuck blade steaks (bone-in)* are made from the blade bone portion of the standard primal chuck. No portion of the arm knuckle shall be included in any blade steak. All fat exceeding one inch in thickness shall be removed from this cut.

(ix) *Chuck arm steaks (bone-in)* are made from the shoulder arm bone portion of the standard primal chuck. The arm knuckle shall not be left in any arm steak. All fat exceeding one inch in thickness shall be removed from this cut.

(x) *Flank steak* is made from a standard wholesale beef flank. All membrane and fat must be trimmed from the flank steak. The steak shall not be cut into more than two pieces before selling.

(4) *Miscellaneous items*. (i) *Ground beef or hamburger* means ground, chopped or comminuted fresh lean muscle beef, including skirt, flank, shank, neck, plate, brisket, heel of round or lean beef trimmings, and must not contain more than 28% beef fat by chemical analysis. Head meat, glandular meats, blood, cartilage, gristle, bone, cereal of any kind, or any other ingredient shall not be put into ground beef.

(ii) *Suet* means the fat covering around the kidney and on the inside of the loin and pelvic cavities. It does not include cod or other beef fats.

NOTE 1. For Grade AA or choice cuts, add two cents per pound to the applicable Grade A price.

NOTE 2. For Grade C or utility cuts, deduct three cents per pound from the applicable Grade B price.

NOTE 3. You must not grind, bone, roll or cube any cut or grade of beef not authorized to be pre-ground, pre-boned, pre-rolled or pre-cubed in paragraph (e) of this section, unless such preparation is performed in the presence of the customer ordering it, and in such a manner that the customer can observe it. However, you may fill telephone orders for ground, boned, rolled or cubed cuts of beef even though the purchaser is not present in the store to observe the preparation provided you comply with the following rules:

RULE 1. The ground, boned, rolled or cubed beef must not be placed on display to the public.

RULE 2. The ground, boned, rolled or cubed beef must be wrapped immediately following its preparation.

RULE 3. The wrapper containing the ground, boned, rolled or cubed beef must be marked with the customer's name; the cut, grade and weight of the beef before preparation;

tion; the price per pound; and the total charge.

RULE 4. The ground, boned, rolled or cubed beef must not be sold, offered, delivered, or diverted in any manner to any customer other than the one making the telephone order.

RULE 5. You must not pre-grind, pre-bone, pre-roll or pre-cube any cut or grade of beef in anticipation of telephone orders if such preparation is not generally authorized in paragraph (e) of this section.

NOTE 4. No addition may be charged the customer for the grinding, boning, rolling, cubing, or any other special preparation, and no addition may be charged the customer for delivery service.

(f) *OPA standard beef wholesale cuts*. You must cut the beef carcasses, quarter, or other wholesale cuts into the following cuts before you make the standard retail cuts (see the skeletal chart for bone names contained in the trade bulletin issued by OPA):

(1) "Hindquarter" means the posterior portion of the side remaining after the severance of the 12-rib forequarter from the side, and comprising the round, full

loin including the 13th rib, flank, kidney, and hanging tender all in one piece, which posterior portion shall be obtained by cutting the beef side between the 12th and 13th ribs keeping the knife firmly against the 12th rib while cutting down the length of the rib to the point at the end of the rib where the rib joins the rib (costal) cartilage, from which point passing through the cartilage and meat of the flank and short plate in the same straight line, completing the cut.

(2) "Forequarter" means the anterior portion of the side remaining after the severance of the 1-rib hindquarter from the side, and comprising the rib, regular chuck, brisket, short plate and fore-shank all in one piece, which anterior portion contains the 1st to the 12th rib, inclusive. All heart (mediastinal) fat, but no other fat, shall be removed from the forequarter. The skirt (diaphragm) shall not be removed from any cut or part of the forequarter to which it is attached.

(3) "Round" means the portion of the hindquarter remaining after the severance of the untrimmed full loin, and flank from the hindquarter, which portion shall be obtained as follows: the untrimmed full loin and flank shall be severed from the hindquarter by cutting in a straight line perpendicular to the contour of the outside or skin surface of the hindquarter. The cut shall be made on a straight line formed by and starting from that point on the backbone which is the juncture of the last (5th) sacral vertebra and the first (1st) tail (caudal) vertebra, and passing through the point which just misses the end of the protuberance of the femur bone, and exposes the ball of the femur bone, continuing in the same straight line beyond the second point to complete the cut. Two tail vertebrae shall be left on the round. Attached to the tail bone of the round shall be the tip or rear corner of the fifth sacral vertebra. All cod, udder and pelvic fat remaining on the round after its severance from the full loin and flank shall remain on the round.

(4) "Trimmed full loin" means the portion of the hindquarter remaining after the severance of the round, flank, hanging tender (from the open side), kidney knob and excess loin (lumbar) and pelvic (sacral) fat from the inside of the loin, from the hindquarter, and comprising the short loin and sirloin (loin end) in one piece, the back bone of which portion shall include one and one-half (1½) thoracic vertebrae, six (6) lumbar vertebrae, and five (5) sacral vertebrae (the tip or rear corner of the fifth sacral vertebra shall have been sawed off in severing the round from the full loin and flank), and which portion shall be obtained as follows: Part of the kidney knob, all of the kidney and the fat lying closely around the kidney in open (left) and closed (right) sides shall be removed first by a cut starting at the rear end of the kidney and slanting directly to the front edge of the half of the 12th thoracic vertebra at the point of severance of the hindquarter and forequarter.

Second, the hanging tender, which means the cylindrical shaped piece of

lean meat attached at one end under the kidney knob in open (left) side hind-quarters, shall be removed entirely from open side loins by being severed at a point opposite the juncture of the 1st and 2nd lumbar vertebrae.

Third, after the severance of the round from the hindquarter, the flank shall be severed from the full loin by a cut starting at the heavy end of the full loin at the ventral point of severance of the round from the hindquarter and continuing in a straight line to a fixed point on the inside of the 13th rib determined by measuring off ten inches in a straight line from the center of the protruding edge of the 13th thoracic vertebra, but in making the cut no more than one (1) inch of cod or udder fat shall be left on the flank side of the face of the loin.

NOTE: The 10-inch measurement shall be made from the center of the protruding edge of the 13th thoracic vertebra and not from the hollow of the chine bone where the 13th rib joins the 13th thoracic vertebra.)

Fourth, the excess loin (lumbar) and pelvic (sacral) fat shall be trimmed from the inside of the full loin by placing the full loin upon a flat surface, with no other support to change its position, meat side down, and removing all fat which extends above a flat plane parallel with the flat surface supporting the full loin and on a level with the full length of the protruding edge of the lumbar section of the chine bone. Then all fat shall be removed which extends above a flat plane using the following two lines as guides for each edge of the plane: an imaginary line parallel with the full length of the protruding edge of the lumbar section of the chine bone which line extends one inch directly above such protruding edge; a line on the inside of the loin two inches from the flank edge and running parallel with such edge for the full length of the loin. All fat obstructing the measurement of the second line shall first be removed. In addition to the foregoing all rough fat in the pelvic cavity of the heavy end of the loin (sirloin) shall be trimmed smooth and trimming by a knife shall be apparent. No fat remaining in the pelvic cavity shall exceed one inch in depth.

(5) "Flank" means the portion of the hindquarter remaining after the severance of the round and untrimmed full loin from the hindquarter, which shall be obtained after the removal of the round by separation from the untrimmed full loin, starting the cut at the point at the lower end of the loin end (sirloin) which was the ventral point of separation of the full loin and round, leaving no more than one inch of cod or udder fat attached to the flank side of the face of the full loin, and continuing in a straight line to a fixed point on the inside of the 13th rib determined by measuring off ten inches in a straight line along the 13th rib from the center of the protruding edge of the 13th thoracic vertebra.

NOTE: The 10-inch measurement shall be made from the center of the protruding edge of the 13th thoracic vertebra and not from the hollow of the chine bone where the 13th rib joins the 13th thoracic vertebra.

(6) "Flank steak" means the flat,

oval-shaped lean muscle of meat imbedded in the cod or udder end of the flank which shall be obtained by loosening the narrow end of the steak piece at the cod or udder end of the flank, cutting through the membrane along both sides of the steak, then pulling and cutting the steak loose and severing it from the thick membrane which lies directly under and to which it is attached. None of the thick membrane shall be left on the steak. All fat shall be trimmed from the steak, but the thin membrane on the top surface of the steak shall not be removed.

(7) "Short loin" means that portion of the trimmed full loin remaining after the severance of the sirloin (loin end) from the trimmed full loin, which portion shall be obtained by a cut perpendicular to the contour of the outside or skin surface of the trimmed full loin begun at a point which is the juncture on the chine bone of the 5th and 6th lumbar vertebrae and continuing in straight line perpendicular to the contour of the outside or skin surface of the trimmed full loin to and through a point flush against the end of the hip (pin) bone, but leaving no part of the hip (pin) bone in the short loin. The backbone of the short loin shall include five (5) lumbar vertebrae, one and one-half (1½) thoracic vertebrae and part of the 13th rib.

(8) "Sirloin" (loin end) means the thick portion of the trimmed full loin remaining after the severance of the short loin from the trimmed full loin. The backbone of the sirloin shall include one (1) lumbar vertebra, five (5) sacral vertebrae (the tip or rear corner of the fifth (5th) sacral vertebra shall have been sawed off in separating the round from the trimmed full loin and flank), and the entire hip bone (ilium).

(9) "Regular chuck" means the portion of the cross cut chuck remaining after the severance of the foreshank and brisket from the cross cut chuck, and containing most of the blade bone (scapula), part of the arm bone (humerus), parts of the five ribs (1st to 5th, inclusive), that section of the back bone attached to the ribs, and the neck bone (cervical vertebrae from 1 to 7, inclusive), which portion shall be obtained by a cut through the cross cut chuck made in a straight line perpendicular to the contour of the outside or skin surface of the cross cut chuck (thereby separating the brisket and foreshank from the cross cut chuck) starting at a fixed point on the inside of the 5th rib determined by measuring off ten (10) inches along the 5th rib in a straight line from the center of the protruding edge of the 5th thoracic vertebra, continuing in the same straight line to the tip of the forward end of the breast bone (forward end of the 1st segment of sternum), and passing through the (humerus) arm bone in the same straight line to complete the cut.

NOTE: The 10-inch measurement shall be made from the center of the protruding edge of the 5th thoracic vertebra and not from the hollow of the chine bone where the 5th rib joins the 5th thoracic vertebra.

(10) "Foreshank" means the portion of the cross cut chuck remaining after the

severance of the regular chuck and brisket from the cross cut chuck, which portion shall be obtained (after separation of the regular chuck) by separation from the brisket by a cut following the natural seam and leaving the entire lip, or web muscle, on the brisket.

(11) "Brisket" means the portion of the cross cut chuck remaining after the severance of the regular chuck and fore-shank from the cross cut chuck, which portion contains parts of four ribs (2nd to 5th, inclusive), part of the breast bone and the rib (costal) cartilages which connect the ends of the rib bones with the breast bone. All heart (mediastinal) fat, but no other fat shall be removed from the brisket.

(12) "Rib" means the portion of the forequarter remaining after the severance of the cross cut chuck and short plate from the forequarter, and containing parts of seven ribs (6th to 12th, inclusive), that section of the backbone attached to the ribs, posterior tip and cartilage of the blade bone (scapula), part of the blade bone (scapula) which portion shall be obtained (by separation from the short plate) by a straight cut across the ribs starting at a fixed point determined by measuring off 10 inches on the inside of the 12th rib along the 12th rib from the center of the inside protruding edge of the 12th thoracic vertebra and continuing to and through a fixed point determined by measuring off 10 inches on the inside of the 6th rib along the 6th rib from the center of the inside protruding edge of the 6th thoracic vertebra.

NOTE: The 10-inch measurements shall be made from the centers of the protruding edges of the 6th and 12th thoracic vertebrae, and not from the hollow of the chine.

SEC. 40. *Maximum prices for drinks of distilled spirits, wine and beer sold by drinking establishments*—(a) *What this section does.* This section fixes dollars-and-cents ceiling prices for drinks of certain distilled spirits, wine and beer when sold by drinking establishments for consumption on the premises.

(b) *How your ceiling prices are fixed.*

(1) This section divides drinking establishments into two classes—Class A and Class B. Your establishment is in Class A if

(i) It is a cabaret subject to the Federal Excise tax on cabarets contained in Chapter 10 of the Internal Revenue Code, as amended; or

(ii) It is operated on the premises of a hotel containing more than 50 rooms for transient guests; or

(iii) It provides table service only for all patrons.

Your establishment is in Class B if it is not in Class A. If you operate on the same premises two drinking establishments, one of which is devoted exclusively to serving drinks at tables and the other is devoted to serving drinks at a

bar, and each such establishment is in a separate room with separate means of access from the street, the Class A prices may be charged for drinks served in the establishment devoted exclusively to table service.

(2) The ceiling prices for drinks of distilled spirits and wine are uniform for the entire Territory and depend only on the class to which your establishment belongs. Your ceiling prices for beer depend not only on the Class to which your establishment belongs, but also on the locality where your establishment is. For the purpose of pricing beer the Territory is divided into three zones—Zone I, Zone II and Zone III. These zones are defined in Schedule D.

(c) *Private clubs or non-profit associations.* A private club or non-profit association shall be subject to this section.

(d) *Posting ceiling prices.* Notwithstanding the provisions of Section 9 (b) of this regulation, you must conspicuously post and keep posted a copy of this section and the ceiling prices of the drinks covered by it, either by:

(1) Supplying your customers with menus or bills of fare showing the Class of your establishment, and showing the ceiling price of each class and type and portion of drink; or

(2) Posting a sign giving the same information as required on menus or bills of fare by subparagraph (1) above. Such a sign must be not less than 11" x 17" in size, printed in bold letters and figures, and must be posted in your establishment at a place where it can easily be seen and read by your customers.

(e) *Evasive practices.* You must not do anything which will result in an evasion of this section, including the following:

(1) You may not serve or sell any straight drink in a glass or other container unless it has a capacity of at least one fluid ounce.

(2) You may not serve or sell any highball, mixed drink or cocktail unless it contains at least one fluid ounce of distilled spirits.

(3) Except for table service, you may not pour or mix any drink unless it is done in full view of the customer ordering the drink, and in such a manner that he can observe it.

(4) You may not make any cover, minimum, service, entertainment, checking, parking, or other special charge. However, if any such charge was in effect on December 6, 1941, you may file an application with the Territorial Office of the OPA in Juneau for permission to continue to make such charge at the price in effect on December 6, 1941.

(5) You may not require, as a condition of selling any drink covered by this section, the purchase of other drinks, beverage, meals or food items, unless required to do so by Territorial or local laws.

(f) *Definitions.* When used in this section the term:

(1) "Beer" means any malt beverage and includes lager, ale and porter.

(2) "Chaser" means any soft drink served with a straight drink of distilled spirits.

(3) "Distilled spirits" means a distilled or compounded alcoholic beverage of not less than 80° proof, except that sloe gin of not less than 70° proof shall be considered "distilled spirits".

(4) "Domestic" means manufactured or produced in the continental United States or in Puerto Rico or the Virgin Islands.

(5) "Drink" means a single portion of distilled spirits, wine or beer served in a glass or other container.

(6) "Drinking establishment" includes any place, establishment, or location, whether temporary or permanent, at or from which any distilled spirits, wines or beers are sold primarily for consumption on the premises. The term drinking establishment includes, but is not limited to, establishments such as bars, cocktail bars, barrooms, taverns, cafes, restaurants, hotels, boarding houses, soda fountains, etc.

(7) "Highball" means a drink containing not less than one ounce of distilled spirits diluted with carbonated water or any soft beverage.

(8) "Imported" means manufactured or produced outside of the continental United States and its Territories.

(9) "Judicial Divisions" refers to the four district court and recording divisions of the Territory of Alaska and their boundaries established by Chapter XII, Article I, section 1091, Compiled Law of Alaska, 1933.

(10) "Mixed drink" or "cocktail" means a drink containing not less than one fluid ounce of distilled spirits mixed with such ingredients as bitters, sugar and flavorings in various proportions.

(11) "Straight drink" means a drink of not less than one fluid ounce of distilled spirits, served with or without a chaser as the customer may request.

(12) "Wine" means any vinous beverage, produced by fermentation, containing not less than 7 per cent, and not more than 24 per cent, alcohol by volume.

(13) "Proof" means the proof stated on the label of distilled spirits.

SEC. 42. Maximum prices for retail sales of new rubber tires and tubes for passenger cars, trucks and busses—(a) Definitions. When used in this section, the term:

- (1) "New" tire or tube means a tire or tube which has been used less than 1,000 miles.
- (2) "Retail sale" means a sale to a buyer for his use and not for resale.

(3) "Synthetic rubber" tire or tube means a tire or tube which contains any synthetic rubber and which is marked with the symbol designated by the War Production Board, Office of Rubber Director, to identify it as containing synthetic rubber. This symbol is an "S3" in the case of tires, and a colored circumferential band in the case of tubes.

(4) "Truck" or "bus" tire or tube means a new tire or tube of a type, size and ply listed in Schedule II, whether constructed from natural, synthetic or reclaimed rubber.

(5) "Truck and bus type of tire" means a tire of a type generally recognized as designed primarily for ordinary "on the road" use on trucks and busses.

(6) "Stop-start type of tire" means a tire having an extra heavy tread of a type generally recognized as designed primarily for city commercial use on trucks and busses.

(7) "Mud and snow type of tire" means a tire having a tread of a deep-cut, cleated type generally recognized as designed primarily for "on the road" use on trucks for traction through mud, snow, sand, or soft earth.

(b) Trade-in allowance. The seller must deduct from the maximum price of the tire or tube being sold a fair allowance for any tire or tube traded in to the seller by the buyer in connection with the sale. The "fair allowance" shall be the market price of the traded tire or tube in the seller's locality. If the

traded tire or tube has no market value in the seller's locality, no allowance is required.

(c) Service charges. No charge may be made for any service supplied in connection with a tire or tube sale unless the seller customarily made an extra charge for such service during March 1942. A seller who supplies a service for which he had an extra charge in effect during March 1942, may add an amount not exceeding his highest price then in effect for that service to the maximum price for tires or tubes. He must bill such extra charge separately. No seller may require as a condition of sale that the buyer must receive any service for which the seller makes an extra charge.

(d) Excise taxes. The Federal excise tax on new tires and tubes, if stated separately by the seller, may be added to the maximum prices set forth in Schedules I and II.

(e) Sales slips and receipts. Notwithstanding the provisions of section 9 (c) of this regulation, the seller must give every buyer a sales slip showing: (1) the date, (2) the name and address of the seller, (3) the type, size, ply and brand name of the new tire or tube, (4) the price exclusive of the Federal excise tax, and (5) the amount of Federal excise tax, if any, added to the price.

(f) Maximum prices. For all sales at retail in the Territory of Alaska the maximum prices for new rubber tires and tubes for passenger cars, trucks and busses shall be as follows:

(j) Make arrangements satisfactory to the Office of Civilian Defense, Washing-

ton, D. C., for the prompt return of all property loaned to his community (unless lost, destroyed, or consumed in the course of its use in accordance herewith and proper Report of Loss or Damage as required in § 1901.8 with respect thereto has been filed with and approved by the Office of Civilian Defense) if and when recalled for any reason whatsoever by the Office of Civilian Defense, Washington, D. C., and cause such property forthwith and without delay to be expeditiously transported and delivered to or upon the order of the Office of Civilian Defense, Washington, D. C.: *Provided, however*, That any reasonable expense incident to the return of such property will be borne by the Office of Civilian Defense upon the presentation of duly verified vouchers.

(k) Be responsible to the Office of Civilian Defense for the performance of his duties, including the storing, handling, maintaining, protecting, delivering, and returning of all property received by him or his agents until such property shall have been distributed by him to and received by individuals or organizations in accordance with rules, regulations, orders, and instructions of the Director; however, such distribution does not relieve the local property officer of his responsibility to return the property if and when recalled for any reason whatsoever by the Office of Civilian Defense, Washington, D. C.

(l) Initiate and transmit Reports of Loss or Damage as and when required by § 1901.8 and any other rules, regulations, orders, or instructions of the Director.

(m) Perform such other duties as may be necessary in administering his office, or as shall be prescribed by the Director with respect thereto.

(n) Local property officers may appoint agents to assist in the performance of their duties, but shall be responsible for the acts or omissions of such agents.

§ 1901.8 *Loss or damage.* (a) Executive Order No. 9088 requires that the Office of Civilian Defense "maintain at all times full and accurate records of all property received by it and of the disposition thereof." Further, it is the duty of the Director of Civilian Defense "to report to the Attorney General for appropriate prosecution under the applicable provisions of the Federal Criminal Code any theft, unlawful use, injury to or depredation committed against any such property." Executive Order No. 9088 further requires that such property "shall not be used otherwise than for the protection of persons or property from bombing attacks, sabotage or other war hazards, or for training or instruction incidental to such use, and that such property unless lost, destroyed, or consumed in the course of such use shall be returned to the United States Government at any time upon order of, or pursuant to rules or regulations prescribed by, the Director of Civilian Defense."

(b) This section is promulgated in order to establish a procedure which will enable the Director of the Office of Civilian Defense to determine instances where theft, unlawful use, injury to or depredation committed against OCD property has occurred and, conversely, to provide

relief, (clearance of responsibility and accountability records) for State and local property officers and for the Office of Civilian Defense for property which has been "lost or destroyed in the course of such use."

(c) There is hereby established within the Office of Civilian Defense a board to be known as the "O. C. D. Property Board" and hereinafter referred to as the "Board", composed of three members appointed by the Director of Civilian Defense; who are employees of the Office of Civilian Defense and who are not themselves responsible or accountable for OCD property; who do not maintain or are responsible for the maintenance of responsibility or accountability records for OCD property, or who certify in connection with the disposition of such property except insofar as their duties as members of the Property Board may require.

(d) The Property Board will receive evidence and information from interested persons with regard to lost or damaged OCD property; and upon review of such evidence and information, will make appropriate recommendations as to whether or not clearance of responsibility and accountability records should be granted which the Director may approve or disapprove.

(e) No relief for lost or damaged OCD property may be granted or be considered as binding upon the Office of Civilian Defense or the Director except under the procedure established by this part.

(f) (1) Any claim submitted either for a minor or a major loss may cover only one single loss.

(2) Procedure for the granting of relief in cases of loss will be divided into two categories: (i) Those cases where a single loss amounts in a money value to ten dollars (\$10.00) or less, and (ii) those cases where a single loss of property amounts in money value to more than ten dollars (\$10.00).

(3) "The money value" of OCD property will be established on the basis of average costs of OCD property and shall mean market value or cost price either wholesale or retail, whichever shall be greater. (See section 35 (c) of the U. S. Criminal Code.)

(4) Forms in all cases will be furnished by the Board only after submission to it of preliminary information by the property officer charged with responsibility for the property on the records of this office. Such preliminary information will indicate the general circumstances attendant upon the loss and will list by quantity and type the property involved in the loss. On the basis of this information the Board will make a preliminary determination as to whether the loss falls into the classification of a minor loss or a major loss. Based upon this determination appropriate forms will be furnished to the property officer.

(g) (1) In the case of a minor loss the Board may act upon the affidavit, shown on forms furnished by the Board, of the local or State property officer to whom the property is charged on the records of this office when supported by a certification of the chief executive officer as to whether or not the use or storage during which the loss occurred was au-

thorized by the State or community and in accordance with OCD regulations. The affidavit of the property officer and the certification of the chief executive officer must be made on OCD Forms which will be furnished by the Board upon receipt of preliminary information indicating that the claim is a minor loss. The affidavit of the property officer (i) will cover a list of the property involved which will be entered by him on the OCD Form provided by the Board in accordance with OCD nomenclature, which is attached as a part of these Regulations; (ii) will set forth the circumstances under which the loss occurred and (iii) if proper, will set forth that due care and good faith were used and that negligence or theft was not involved.

(2) In those cases where theft or fraud may have occurred the affidavit required under subparagraph (1) (iii) of this paragraph should not be made but the circumstances attendant upon the theft or fraud should be set forth and an additional certification then will be required by the chief of the appropriate law enforcement body or agency of the State or community as to whether or not the theft was reported together with a statement as to the result of any investigation which may have been conducted.

(3) In those cases where due care and good faith were not used and/or negligence was involved, the affidavit required under subparagraph (1) (iii) of this paragraph should not be made; the circumstances attendant upon the matter should be set forth so that the Board may give the claim special consideration and attention upon receipt of the forms.

(h) (1) Formal claim in a major loss where the time and place of occurrence can be established must be made on OCD Forms which will be furnished by the Board upon receipt of preliminary information indicating that the claim falls into that category.

(2) In such cases the Board may act upon the affidavit of the individual who had custody, control, or possession of the property at the time the loss occurred. Such individual will certify under oath to the circumstances under which the loss occurred; his affidavit will be supported by an affidavit of the Commander or other available supervisor of the unit of the U. S. Citizens Defense Corps or of the civil authority under which the individual having custody, control, or possession of the property at the time of the loss was acting. The Commander or other available supervisor will also certify under oath as to whether the use or storage during which the loss occurred was ordered by him or his designated agent, whether due care was exercised and whether negligence, theft or fraud was involved.

(3) The affidavits are to be countersigned and approved by the property officer who will certify as to whether or not the statements made are in accordance with his records, and will be further countersigned and approved by the chief executive officer who will certify as to whether the use or storage was authorized and in accordance with OCD regulations.

(4) In cases where theft or fraud may have occurred the appropriate changes

in the affidavits, the additional statement and the additional certification by the chief of the law enforcement body as required under paragraph (g) (2) of this section above will be accomplished.

(5) In cases where due care and good faith were not used and/or negligence was involved, the appropriate changes in the affidavits and the additional statement as required under paragraph (g) (3) of this section above will be accomplished. The matter will then be given special consideration and attention by the Board upon receipt of the forms.

(i) (1) Formal claim for relief in all cases of a major loss where the exact time and place of occurrence cannot be established will be made on OCD forms which will be furnished by the Board upon receipt of preliminary information indicating that the claim falls into that classification.

(2) In such cases an original affidavit will be required from the individual to whom the property was charged as being in his custody, control or possession in accordance with the records of the local property officer and the subsidiary records maintained by the individuals or units of the U. S. Citizens Defense Corps of the State or local government to which the property was distributed by the property officer. In such cases, the time at which the loss was discovered will be considered to be the time at which such loss occurred.

(3) The original affidavit will be supported by the supplementary affidavit of the Commander or other available supervisor as under paragraph (h) (2) of this section and by the certification and signature of the property officer together with the certification and signature of the chief executive officer as under paragraph (h) (3) of this section.

(j) (1) A copy of the finding of the Board when approved or disapproved by the Director will be furnished to the property officer involved to be maintained and filed as a part of his record account and will be authority to adjust his property inventory. The finding of the Board after approval or disapproval by the Director, will be furnished to the Accounts and Audit Section of the U. S. Office of Civilian Defense so that their records can be appropriately adjusted.

(2) In the case of a loss at the community level a copy of the finding of the Board will be furnished for the appropriate State property officer in addition to the copy for the local property officer so that the State property officer can act to adjust his records.

(k) In cases where it appears upon a finding by the Board approved by the Director that relief cannot be granted and that restitution is due the Government, a request for payment will be made by the Director; and unless satisfied within a reasonable time the matter will be certified to the Comptroller General of the United States for collection under Title 31, section 93, of the United States Code.

(l) In cases where it appears upon a finding by the Board approved by the Director that a claim involves theft, fraud or negligence, the matter, unless previously satisfied by restitution to the Government for the established money

value involved, will be reported to the Attorney General for appropriate prosecution under the applicable provision of the Federal Criminal Code. In such cases, however, the property officer may be granted relief (clearance of his responsibility and accountability records) insofar as it affects his personal responsibility if on a finding by the Board approved by the Director it is established that the property officer and/or the State or community did themselves use due care and good faith, were not negligent, and were not implicated in the theft or fraud. Such relief, however, will not act to relieve the individual who had actual custody of the property and who was found by the Board to be responsible for possible theft or fraud or not to have used due care and good faith or who was negligent.

(m) (1) The Director and the Board may from time to time issue supplementary instructions to State and local property officers relating to the procedures established herein.

(2) The Board may require in addition to the evidence specifically required by this part such other information, affidavits, surveys, etc., as in its opinion are necessary to make a proper finding in a case under consideration.

(3) In cases where OCD Forms No. 518 have been issued, a review will be made by the Board and where appropriate, relief under the procedures established by this part may be granted upon the approval of the Director without submission of further evidence. Where it is deemed necessary in the opinion of the Board, additional evidence will be required to be submitted by the State or local property officers and/or civil authorities.

(4) In cases where property is lost, whether or not relief has been given for such loss, such property if recovered remains the property of the United States Government, OCD, and the Board is to be immediately notified in order that appropriate action can be taken. In cases where property is damaged and whether or not relief is granted, the damaged property remains the property of the United States Government, Office of Civilian Defense, and the property officer will continue to be accountable for the damaged property and responsible for protecting such property until sold or otherwise disposed of by the Government in accordance with the applicable provisions of Federal law or statute.

§ 1901.9 *Forest Fire Fighters Service arm bands.* (a) The Forest Fire Fighters Service has been established by the Director to assist in safeguarding forest lands and other timber facilities and resources, to aid in prevention and suppression of fires which might endanger such facilities and resources, and to minimize the effects of any such fires. Its members (herein called the "members") are required to perform duties in localities which embrace national, State and private forest lands, national and State parks, rural areas and sparsely settled areas in the public domain. Members require arm bands embodying the prescribed insignia of the Forest Fire Fighters Service as a means of identification in order that they may be per-

mitted to move on the public ways during an air raid or other emergency. The aforesaid localities in which the members are to operate are in need of such arm bands so that the members may adequately perform their duties, including the protection of persons and property from fire resulting from bombing attacks, sabotage, or other war hazards; and such localities are unable satisfactorily to provide such arm bands. Accordingly, the Director has made such arm bands available to such localities by loans to the State Foresters, or other State officials responsible for administering affairs relative to forest lands and timber resources (herein referred to as the "foresters"), as the duly constituted civil authorities of the States comprising or situated within such localities.

(b) Each borrowing forester may distribute the arm bands only to duly enrolled members located within his State and shall promptly recall any arm band from any person ceasing to be a member. Distribution in every case shall be as directed by the State Coordinator of the Forest Fire Fighters Service. Whenever ordered by the Director, foresters shall distribute any such arm bands only with the approval of the State Defense Council.

(c) Each forester shall agree, as a condition of such loans, that the arm bands so loaned shall be adequately protected and maintained, that they shall not be used otherwise than for the protection of persons or property from bombing attacks, sabotage, or other war hazards, or for training or instructions incidental to such use, that such arm bands, unless lost, destroyed, or consumed in the course of such use, shall be returned to the United States Government at any time upon order of, or pursuant to rules and regulations prescribed by, the Director, and that he shall comply with all rules, regulations, orders, and instructions issued by the Director with respect to said arm bands.

(d) The duties and responsibilities of each forester with respect to borrowed arm bands shall be, to the extent applicable, the same as set forth in § 1901.7 with respect to local property officers. Foresters may appoint agents to assist in the performance of their duties, and may delegate all or any of their powers to such agents, but shall be responsible for the acts and omissions of such agents.

(e) Arm bands were shipped directly to the foresters, who shall be responsible and accountable therefor. The State property officers and local property officers shall have no duties, obligations, or responsibility with respect to such arm bands.

§ 1901.10 *Operating instructions.* The Office of Civilian Defense, Washington, D. C., will from time to time issue instructions to State and local property officers relating to procedures and forms for use in performance of their duties.

Effective date. This part shall become effective immediately.

Chapter XXIII—Surplus Property Board

[SPB Reg. 4, Order 1]

PART 8304—DISPOSAL OF SURPLUS AERONAUTICAL PROPERTY TO EDUCATIONAL INSTITUTIONS FOR NON-FLIGHT USE

AUTHORIZATION TO DISPOSAL AGENCIES TO DETERMINE CERTAIN AERONAUTICAL PROPERTY TO BE COMMERCIALY UNSALEABLE

Section 8304.3 provides that from time to time the Board will issue orders under this part specifying standards and procedures by which aeronautical property or certain types thereof listed on Exhibit A to this part shall be determined by the disposal agencies to be commercially unsaleable property. The term "commercially unsaleable property" is defined to mean property (1) which by reason of its condition resulting from damage, wear, obsolescence or otherwise, has no reasonable prospect of sale except as scrap, or (2) with respect to which by reason of its large supply or prior use the estimated cost of care and handling and disposal will exceed the estimated proceeds unless it is promptly sold as scrap, or (3) with respect to which the estimated cost of care and handling and disposal will exceed the estimated proceeds as scrap or otherwise. *It is hereby ordered, That:*

Disposal agencies shall determine any item or category of surplus aeronautical property appearing on Exhibit A to be commercially unsaleable in any case in which:

(a) The surplus declaration of such property indicates that, by reason of prior use in a service school, its condition is "X" (of no further value for use as originally intended but of possible value other than as scrap) or "Class 26" (school equipment, Army Air Forces classification) or "school equipment" (Navy, Bureau of Aeronautics designation); or

(b) The disposal agency finds that such property is so damaged or worn or has been so used that it has no reasonable prospect of sale except at scrap prices; or

(c) The disposal agency finds that (1) such property for reasons other than its condition does not conform to the standards required by the Civil Aeronautics Administration for civilian flight certification and (2) that the estimated cost of salvaging and disposing of saleable components from such property will exceed the estimated proceeds, or that such property is at that time in so large supply that it has no reasonable prospect of sale except at scrap prices.

This order shall become effective upon publication in the FEDERAL REGISTER.

TITLE 46—SHIPPING

Chapter I—Coast Guard: Inspection and Navigation

Appendix A—Waivers of Navigation and Vessel Inspection Laws

MARINE ENGINEERING AND MATERIAL SPECIFICATIONS; FLANGES FOR CLASS II PIPING

Vessels engaged in business connected with the conduct of the war.

The Acting Secretary of the Navy having by order dated October 1, 1942 (7 F.R. 7979), waived compliance with the navigation and vessel inspection laws administered by the U. S. Coast Guard in the case of any vessel engaged in business connected with the conduct of the war to the extent and in the manner that the Commandant, U. S. Coast Guard, shall find to be necessary in the conduct of the war; and

The United States Maritime Commission, Washington, D. C., having indicated that the efficient prosecution of the war would be impeded by the application of certain vessel inspection regulations in 46 C.F.R., Part 151, as amended, which requires that certain flanges used in connection with installation of Class II piping on vessels subject to jurisdiction of the Coast Guard shall, when shipped from point of manufacture, be accompanied by an affidavit that such flanges comply with the regulations, which affidavit is to be kept on file by the shipbuilder or repair yard for examination and checking by the inspectors;

Now, therefore, upon request of the United States Maritime Commission, I hereby find it to be necessary that for vessels engaged in business connected with the conduct of the war there be waived compliance with the vessel inspection regulation in 46 C.F.R. 151.23 (d) to the extent necessary to permit the installation of flanges used in connection with Class II piping only, which are not accompanied by the affidavits required by this section, on U. S. Maritime Commission vessels of designs EC2-S-C1, Z-EC2-S-C5, EC2-S-AW1, VC2-S-AP2, C1-M-AV1, Mod., VC2-S-AP3, and VC2-S-AP5, provided that such flanges are found by Coast Guard inspectors to be suitable in all other respects.

Vessels engaged in business connected with the conduct of the war.

war to the extent and in the manner that the Commandant, U. S. Coast Guard, shall find to be necessary in the conduct of the war; and

The United States Maritime Commission, Washington, D. C., having indicated that the efficient prosecution of the war would be impeded by the application of certain vessel inspection regulations in 46 C. F. R., Part 55, as amended, which prohibits the use of cast iron in the construction of valves and fittings for working pressures exceeding 125 pounds per square inch on vessels subject to the jurisdiction of the Coast Guard;

Now, therefore, upon request of the United States Maritime Commission, I hereby find it to be necessary in the conduct of the war that for vessels engaged in business connected with the conduct of the war there be waived compliance with the vessel inspection regulations in 46 C.F.R. 55.19-3 (1) to the extent necessary to permit the installation of cast iron six-way valves in the piping to the hydraulic steering gear on U. S. Maritime Commission vessels of designs VC2-S-AP2, VC2-S-AP3, and VC2-S-AP5.

FABRICATED MEAT CUTS

DESIGNATION OF FAIRLAWN AND PATERSON, N. J., AS DEFICIENCY AREA

Pursuant to § 1364.415 (c) (1) of Revised Maximum Price Regulation No. 169, I find that there exists in the cities of Fairlawn and Paterson in the State of New Jersey, quotas permitting sales of fabricated meat cuts which are insufficient to supply the requirements

of purveyors of meals located in those areas. I find, furthermore, that this condition has occurred because of an increase in population in such areas due to the maintenance of projects connected directly with the war effort and under the direction and control of the United States Government. The cities of Fairlawn and Paterson in the State of New Jersey, are hereby designated as deficiency areas, and the Administrator at Washington, D. C., may, in writing, authorize named sellers to sell and deliver specified quantities of fabricated meat cuts to purveyors of meals located in those areas for such period and subject to such terms and conditions as he may deem necessary.

This order may be revoked or amended at any time.

This order shall become effective May 15, 1945.

SURPLUS PROPERTY BOARD.

[Special Order 8]

CURTISS C-76 TRANSPORT PLANES

EXCEPTION TO PRICE POLICY FOR DISPOSAL OF SURPLUS AIRCRAFT

Regulation No. 4 of the Surplus War Property Administration (9 F.R. 11727) established pricing policies for the disposal of surplus aircraft and property peculiar to aircraft and also provided that cases for which no provision was made "should be referred to the Surplus War Property Administration, which, by direct action without amendment to this Regulation, may authorize exceptions when, in its opinion the public interest requires." Pursuant to this provision of Regulation No. 4 the following order is issued by the Surplus Property Board,

as successor to the Surplus War Property Administration, acting under the authority of the Surplus Property Act of 1944 (Pub. Law 457, 78th Cong., 2d Sess.; 58 Stat. 765).

The War Department has declared surplus eight two-engine troop transport planes of plywood construction built by Curtiss-Wright Corporation, Buffalo, N. Y. The Army's designation for this aircraft is C-76, and it is known as the "Caravan." These eight planes appear to constitute the entire present stock of the Army. This aircraft has been found ineligible for certification by the Civil Aeronautics Administration. In view of the small number of these planes which have been manufactured and of their ineligibility for certification by the Civil Aeronautics Administration, the Board deems it in the public interest that they be disposed of by negotiated sale at the best price obtainable after wide public advertising.

It is hereby ordered, That:

1. Notwithstanding the provisions of SWPA Regulation No. 4, the Reconstruction Finance Corporation and the Foreign Economic Administration are authorized to dispose of surplus Curtiss C-76 transport planes, also known as "Caravan", by negotiated sale at the highest price offered which is adequate in the light of a reasonable knowledge or test of the market, having due regard for the circumstances, nature, condition, quantity, and location of such planes.

2. Such sales shall be made only after wide public notice and a time interval between notice and sale adequate to give all interested purchasers a fair opportunity to buy.

This order shall become effective upon publication in the FEDERAL REGISTER.

By A. E. HOWSE,
Administrator.

VASILIOS LABANARIS

CONSENT ORDER

Vasilios Labanaris of 351 Cedar Street, Manchester, New Hampshire, began construction in December 1944, at 75 Spruce Street, Manchester, New Hampshire, without authorization from the War Production Board. The work consisted of the remodeling and conversion of the property into a clubroom at an estimated cost of approximately \$4,000, of which \$2,839 has been expended in this construction and it is at this time incomplete. Prior to the commencement of this construction, Vasilios Labanaris was informed of the restrictions of War Production Board Conservation Order L-41 and was supplied a copy of said order. In spite of this, construction was begun and was stopped when warned by the Manager of the Regional Compliance Department of the War Production Board on January 17, 1945.

Vasilios Labanaris admits the construction as aforesaid in violation of Conservation Order L-41 and does not care to contest the issue of wilfulness. Wherefore upon the agreement and consent of Vasilios Labanaris, the Regional Compliance Manager, the Regional Attorney, and upon the approval of the Compliance Commissioner; *It is hereby ordered, That:*

(a) Neither Vasilios Labanaris, his successors or assigns, nor any other person, shall do any construction on the premises located at 75 Spruce Street, Manchester, New Hampshire, including remodeling or converting the premises, unless hereafter specifically authorized in writing by the War Production Board.

(b) Nothing contained in this order shall be deemed to relieve Vasilios Labanaris, his successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board except insofar as the same may be inconsistent with the provisions hereof.

Issued this 23d day of May 1945.
