DETERMINATION OF EQUIVALENT PRICE

Notice was published in the May 19, 1950, issue of the FEDERAL REGISTER (15 F. R. 3057) that pursuant to the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), consideration was being given to the determination of a price equivalent to the weighted average price per 40-quart can of 40 percent bottling quality cream, f. o. b. Boston, referred to in §§ 904.7 (b) (1) and 904.9 (d) of the order, as amended, regulating the handling of milk in the Greater Boston, Massachusetts, milk marketing area; §§ 934.6 (d) (1) and 934.8 (c) of the order, as amended, regulating the handling of milk in the Lowell-Lawrence, Massachusetts, marketing area; and in §§ 947.6 (b) (1) and 947.6 (c) of the order, as amended, regulating the handling of milk in the Fall River, Massachusetts, marketing area; in §§ 996.7 (b) (1) and 996.9 (d) of the order regulating the handling of milk in the Springfield, Massachusetts, marketing area; and in §§ 999.7 (b) (1) and 999.9 (d) of the order regulating the handling of milk in the Worcester, Massachusetts, marketing area. In view of the decreasing volume of cream received at Boston from sources outside New England, the United States Department of Agriculture has not published the aforesaid price during one or more price reporting periods recently and may not publish such prices in the immediate future. A determination of a price equivalent to the weighted average price per 40-quart can of 40 percent bottling quality cream f. o. b. Boston was made April 20, 1950 (15 F. R. 2283).

In accordance with the Administrative Procedure Act (5 U. S. C. 1001 et seq.), all persons were afforded an opportunity to submit written data, views, or arguments with respect to the necessity for the action under consideration to the United States Department of Agriculture, Washington 25, D. C., not later than the close of business on May 22, 1950.

After reviewing the data, views and arguments submitted in response to the aforesaid notice and other relevant material available to the Department of Agriculture, it is hereby found that the determination of equivalent price made

on April 20, 1950 (15 F. R. 2283) continues to be the price equivalent to or comparable with the weighted average price per 40-quart can of 40 percent bottling quality cream f. o. b. Boston, referred to in each of the aforesaid sections of the respective orders, if for any reason such price is not reported by the United States Department of Agriculture for any price reporting period. It is therefore determined that the determination of equivalent price made on April 20, 1950, shall continue in full force and effect with respect to each of the orders.

In accordance with section 4 of the Administrative Procedure Act (5 U. S. C. 1001 et seq.), it is hereby found and determined that good cause exists for making this determination of equivalent or comparable price immediately effective because it results in no modification of the current regulation and requires no preparation by the persons affected thereby.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup., 608c)

Issued at Washington, D. C., this 1st day of June 1950, to become effective immediately.

Secretary of Agriculture.

TITLE 12—BANKS AND BANKING

Chapter II—Federal Reserve System

Subchapter A—Board of Governors of the Federal Reserve System

[Reg. F]

PART 206—TRUST POWERS OF NATIONAL BANKS

FEES CHARGED TRUSTS HOLDING PARTICIPATIONS IN COMMON TRUST FUND

§ 206.106 *Fees charged trusts holding participations in common trust fund.*

(a) The Board has considered an inquiry by a national bank relating to the fees which the bank may charge for the administration of trusts which hold participations in a common trust fund operated by the bank.

(b) It appears that the bank has a schedule of trust fees based on principal and that a higher rate is charged for a trust's investments in real estate loans than for its investments in other personal property. Since there is this difference in rates when the funds of a trust are invested separately, the bank inquired whether, upon the investment of funds of a trust in a participation in the bank's common trust fund which holds some real estate loans, the fee charged for the administration of the participating trust may be based in part upon the rate for real estate loan investments. For example, if 15 percent of the assets of the common trust fund consist of real estate loans, can the bank charge the real estate loan rate on 15 percent of

a trust's participation in the common trust fund?

(c) The bank's inquiry was prompted by the following provision of § 206.17 (c) (8):

A national bank * * * shall not * * * receive, either from the Common Trust Fund or from any trusts the funds of which are invested in participations therein, any additional fees, commissions, or compensations of any kind by reason of such participation.

(d) In the Board's opinion, this provision of this part does not prohibit the bank from basing its fee in part on the real estate loan rate as suggested above. It is the Board's view that the bank would not be receiving any additional fee by reason of the trust's participation in the common trust fund if it received no greater fee than would be charged if the funds of the trust were separately invested in the same classes of investments as are held by the common trust fund.

(e) The Board has not undertaken to rule on any aspect of this matter other than the application of the above-quoted provision of this part. The fees which a national bank may charge for the administration of trusts depend, of course, on the facts of particular cases, including the terms of the trust instruments, court orders, and State laws; and, in this connection, consideration should be given to the provisions of § 206.14 (a) dealing generally with trust fees of national banks.

¹ The effect of these amendments is to delete from the Positive List all iron or steel pipe valves not specifically described in the above entries.

² The effect of these amendments is to delete from the Positive List all pipe valves of brass, bronze, or other non-ferrous metals not specifically described in the above entries.

Parts 1 through 4 of this amendment shall become effective as of June 1, 1950, and Parts 5 and 6 thereof as of July 1, 1950.

PART 65—HOMESTEADS

MISCELLANEOUS AMENDMENTS

In order to show the procedure in connection with the recording in the land offices of notices of the initiation of homestead settlement claims in Alaska, pursuant to the act of April 29, 1950 (Public Law 493—81st Congress), Part 65 is amended as follows:

1. Section 65.3 is amended to read:

§ 65.3 *Notice of settlement.* (a) A person making settlement on or after April 29, 1950 on unsurveyed land, in order to protect his rights, must file a notice of the settlement for recordation in the land office for the district in which the land is situated, and post a copy thereof on the land, within 90 days after the settlement. Where settlement is made on surveyed lands, the settler, in order to protect his rights, must file a notice of the settlement for recordation, or application to make homestead entry, in the land office for the district in which the land is located within 90 days after settlement.

(b) Any person maintaining a settlement claim on April 29, 1950, on surveyed or unsurveyed public land, shall file notice of the initiation of the claim in the land office for the district in which the land is situated, (1) within 90 days from that date, if the notice of location had not theretofore been filed in the recording district, or (2) within two years from April 29, 1950, if notice of the location had theretofore been filed in the recording district.

2. The following new sections are added:

§ 65.3a *Form of notice.* The notice must be filed on Form 4-1154, in triplicate if the land is unsurveyed, or in duplicate if surveyed and shall contain: (a) The name and address of the settler, (b) age and citizenship; (c) date

of settlement, and (d) the description of the land by legal subdivisions, section, township and range, if surveyed, or, if unsurveyed, by metes and bounds with reference to some natural object or permanent monument, giving, if desired, the approximate latitude and longitude.

§ 65.3b *Failure to file notice.* Unless a notice of the claim is filed within the time prescribed in § 65.3, no credit shall be given for residence and cultivation had prior to the filing of notice, petition for free survey, or application to make entry, whichever is earliest.

§ 65.3c *Recordation of notice.* Upon receipt of notice of a settlement claim, if satisfactory in form, the manager will advise the claimant of its receipt and the current serial number assigned thereto. If the notice is found unsatisfactory for proper recording, the manager, before assigning the serial number, or recording, will call upon the claimant to cure the defects by filing a new or supplemental notice. If the application is for land which is not subject to the form of disposition specified in the notice, the applicant will be advised that the filing of the notice has not conferred on him any right to the land.

§ 65.3d *Recordation fee.* The notice of settlement claim must be accompanied by a remittance of \$10.00, which will be applied as a service charge for recording the notice and will not be returnable, except in cases where the notice is not acceptable to the land office for recording because the land is not subject to homestead settlement.

3. Section 65.4 is amended to read:

§ 65.4 *Marking corners of claim on unsurveyed lands; rights acquired by settlement on surveyed lands.* (a) A settler on unsurveyed land is required to mark the claim by permanent monuments at each corner, in order to establish the boundaries thereof.

(b) Settlement on any part of a surveyed quarter-section subject to homestead entry gives the right to enter all of the quarter section; but if a settler desires to initiate a claim to surveyed tracts which form part of more than one technical quarter-section, he should define the claim by placing some improvements on each of the smallest subdivisions claimed.

4. Paragraphs (a), (b), and (c) of § 65.20 are amended to read:

§ 65.20 *Survey without expense to settler.* (a) The land included in a settlement claim may be surveyed without expense to the settler, provided he has sufficiently complied with the law in the matter of residence, cultivation and improvements to submit 3-year proof. A petition for a free survey may be filed whenever such requirements have been met before notice of the settlement claim is required to be filed, or at any time within 5 years after such notice has been filed.

(b) Petition for survey should be filed in triplicate and should describe the land settled upon by metes and bounds with

relation to some natural or permanent monument, and give the approximate latitude and longitude and otherwise with as much certainty as possible without actual survey. Reference should be made to the serial number of the notice of settlement previously filed. If there has been any material deviation made in the description of land claimed, a full explanation must be given of the reason for such deviation. The petition should show the date when the settlement was made, the dates from which and to which the settler has resided upon the land, the number of acres cultivated each year and the results of the cultivation, and the character and value of the improvements on the land. The petition should also show that the land does not extend more than 160 rods along the shore of any navigable water or that the restriction as to length of claim has been waived and that at the date of the initiation of the claim the land was not within a distance of 80 rods along any such water from any homestead or headquarters authorized by the acts of March 3, 1927, and May 26, 1934 (44 Stat. 1364; 48 Stat. 809; 48 U. S. C. 461), or from any location theretofore made with soldiers' additional rights or trade and manufacturing site, homestead, Indian or Eskimo allotment, or school indemnity selection. This showing, however, is not required where a petition for restoration, based on an equitable claim is filed with the application, or the land has been restored from the reservation. The petition must be signed by the applicant and should be corroborated by the statements of two persons having knowledge of the facts.

(c) Upon receipt of the petition, the manager will assign thereto the same serial number that was assigned to the notice of settlement, if one was previously filed; if not, he will assign a current serial number to the petition and will transmit the duplicate to the regional administrator. If the manager finds the showing satisfactory and no shore-space question is involved, he will, in the absence of other objection, send the triplicate copy of the petition to the Regional Chief, Division of Cadastral Engineering, Survey Office, Juneau, Alaska, who, not later than the next succeeding surveying season, will issue instruction for survey of the land without expense to the applicant. The original copy of the petition will be retained by the manager for filing with the case record.

NOTE: The record keeping or reporting requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

If the application is for land which is not subject to the form of disposition specified in the notice, the applicant will be advised that the filing of the notice has not conferred on him any right to the land.

HANDLING OF MILK IN ROCKFORD-FREEPORT, ILL., MARKETING AREA

NOTICE OF HEARING ON PROPOSED AMENDMENTS TO THE TENTATIVELY APPROVED MARKETING AGREEMENT AND ORDER

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR, Part 900), notice is hereby given of a public hearing to be held at the Faust Hotel, Rockford, Illinois, beginning at 1:30 p. m., e. d. s. t., June 13, 1950, for the purpose of receiving evidence with respect to economic and emergency conditions which relate to the handling of milk in the Rockford-Freeport, Illinois, marketing area and to the proposed amendments to the tentatively approved marketing agreement and to

the order regulating the handling of milk in the said marketing area (7 CFR, 991.0 et seq.) set forth herein below, or modifications thereof. The amendments proposed have not received the approval of the Secretary of Agriculture.

The following amendment has been proposed by the Rockford, Illinois, handlers:

Proposal No. 1: Amend § 991.50 (c) to read as follows:

(1) Multiply by 4.24 the simple average, as computed by the market administrator, of the daily wholesale selling prices (using the midpoint of any price range as one price) of Grade AA (93-score) bulk creamery butter per pound at Chicago, as reported by the Department during the delivery period: *Provided*, That if no price is reported for Grade AA (93-score) butter, the highest of the prices reported for Grade A (92-score) butter for that day shall be used in lieu of the price for Grade AA (93-score) butter;

(2) Multiply by 8.2 the simple average, as computed by the market administrator, of the weighted averages of carlot prices per pound for nonfat dry milk solids, spray and roller process, respectively, for human consumption, f. o. b. manufacturing plants in the Chicago area, as published for the period from the 26th day of the immediately preceding delivery period through the 25th day of the current delivery period by the Department; and

(3) From the sum of the results arrived at under subparagraphs (1) and (2) of this paragraph, subtract 67 cents.

Amendments proposed by the Dairy Branch, Production and Marketing Administration:

Proposal No. 2: Add the following as § 991.34:

§ 991.34 *Retention of records.* All books and records required under this order to be made available to the market administrator shall be retained by the handler for a period of three years to begin at the end of the calendar month to which such books and records pertain: *Provided*, That if, within such three year period, the market administrator notifies the handler in writing that the retention of such books and records, or of specified books and records, is necessary in connection with a proceeding under section 8c (15) (A) of the act or a court action specified in such notice, the handler shall retain such books and records, or specified books and records, until further

written notification from the market administrator. In either case the market administrator shall give further written notification to the handler promptly, upon the termination of the litigation or when the records are no longer necessary in connection therewith.

Proposal No. 3: Add the following as § 991.85:

§ 991.85 *Termination of obligation.* The provisions of this section shall apply to any obligation under this order for the payment of money. (a) The obligation of any handler to pay money required to be paid under the terms of this order shall, except as provided in paragraphs (b) and (c) of this section, terminate two years after the last day of the calendar month during which the market administrator receives the handler's utilization report on the milk involved in such obligation, unless within such two year period the market administrator notifies the handler in writing that such money is due and payable. Service of such notice shall be complete upon mailing to the handler's last known address, and it shall contain but need not be limited to, the following information:

- (1) The amount of the obligation;
- (2) The month(s) during which the milk, with respect which the obligation exists, was received or handled; and

(b) If a handler fails or refuses, with respect to any obligation under this order, to make available to the market administrator or his representative all books and records required by this order to be made available, the market administrator may, within the two year period provided for in paragraph (a) of this section, notify the handler in writing of such failure or refusal. If the market administrator so notifies a handler, the said two year period with respect to such obligation shall not begin to run until the first day of the calendar month following the month during which all such books and records pertaining to such obligation are made available to the market administrator or his representatives.

(c) Notwithstanding the provisions of paragraphs (a) and (b) of this section, a handler's obligation under this order to pay money shall not be terminated with respect to any transaction involving fraud or willful concealment of a fact, material to the obligation, on the part of the handler against whom the obligation is sought to be imposed.

(d) Any obligation on the part of the market administrator to pay a handler any money which such handler claims to be due him under the terms of this order shall terminate two years after the end of the calendar month during which the milk involved in the claim was received if an underpayment is claimed, or two years after the end of the calendar month during which the payment (including deduction or set-off by the mar-

ket administrator) was made by the handler if a refund on such payment is claimed, unless such handler, within the applicable period of time, files, pursuant to section 8c (15) (A) of the act, a petition claiming such money.

Proposal No. 4: Make such other changes as may be required to make the entire marketing agreement and order conform with any amendments thereto that may result from this hearing.

All notices of unfavorable action shall state the reasons therefor. In order to receive final approval, applications must be acted upon favorably by the board.

(d) *Approval by area director.* Except as otherwise indicated in the regulations in this part, loans acted upon favorably by the board, where the applicant's indebtedness to the fund will exceed \$4,000 but not exceed \$10,000, shall be approved by the area director. Loans to cooperatives; loans for the purchase of livestock, equipment, or machinery with maturities exceeding six years; loans to members under 21 years of age; loans with maturities exceeding ten years; loans for the purchase of land; educational loans; and loans to individuals who are Government employees shall require approval of the area director regardless of amount. (f) *Restrictions on approval.* Loans shall not be approved for less than \$25. Any loans to borrowers who are delinquent in payment of previous indebtedness to the fund shall require the approval of the business committee in addition to the approval set forth in other sections of the regulations in this part. Unless an exception is approved by the area director, not more than two loan agreements may be in effect with the same borrower at the same time, and only joint loans may be made to a husband and wife who are both eligible for loans, and any existing loan to either spouse shall be consolidated with such loans.

(h) *Modifications.* The Board may approve one modification of any loan agreement extending the terms of repayment up to 90 days beyond the maturity date scheduled in the original loan agreement when the original loan agreement has been approved by the Board in accordance with paragraph (b) of this section. Unless otherwise authorized by the Commissioner, all other modifications of loans approved by other than the Commissioner shall require approval by the area director. The area director may approve modifications of loan agreements approved by the Commissioner in accordance with paragraph (e) of this section, in cases where the amounts of the loans are not increased.

(i) *Advances.* Advances on all approved loans shall be made within 30 days of the date of final approval of the applications, unless otherwise requested by the borrowers and so provided in their loan agreements.

Borrowers also shall pay a penalty of one-half of 1 percent per month, or fraction thereof, on all amounts which are not paid on the due dates set forth in their loan agreements as originally approved, or as subsequently modified. (b) Advise the board in writing of any application approved by the board in accordance with § 28.7 (b) which, although not in violation of the regulations in this part, does not indicate, in his opinion, reasonable assurance of repayment to the fund. He shall state the reasons for his opinion. Disbursements on such loans may be withheld pending reconsideration by the board. If, after reconsideration, the board again approves such loan, and the superintendent is still of the opinion that it does not indicate reasonable assurance of repayment to the fund, he shall advise the business committee in writing of his opinion and the facts in the case. Disbursements on such loan may be withheld until it also receives the approval of the business committee.

(c) Advise the board in writing of the action which should be taken on any loan delinquent for a period longer than 30 days, in payment of either principal or interest, and prescribe a time limit within which such action shall be taken. If the board fails to take such action within the period prescribed, the case shall be reported to the business committee. The business committee may direct the board in writing to take the action which it deems necessary to protect the loan. In the event the board fails to take such action within 10 days after receipt of the business committee's directive, the business committee may take any action which the board could have taken.
