TITLE 3—THE PRESIDENT

PROCLAMATION 3176

CHILD HEALTH DAY, 1957

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS the destiny of the Nation depends in large part upon the health and welfare of its children; and

WHEREAS it is therefore appropriate that we dedicate ourselves anew to the task of promoting the spiritual, emotional, and physical well-being of our children; and

WHEREAS the Congress, by a joint resolution of May 18, 1928 (45 Stat. 617), has authorized and requested the President of the United States to issue annually a proclamation setting apart May 1 as Child Health Day and calling for the appropriate observance of that day; and

WHEREAS Child Health Day is also a fitting time for the people of the United States to observe a Universal Children's Day, and to salute the work which the United Nations, through its specialized agencies, and the United Nations Children's Fund are doing to build better health for children:

NOW, THEREFORE, I, DWIGHT D. EISENHOWER, President of the United States of America, do hereby designate Wednesday, the first day of May 1957, as Child Health Day; and I invite all persons and all agencies and organizations interested in child welfare to unite on that day in observances that will emphasize the importance of a year-round program designed to protect and develop the health of all children.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the United States of America to be affixed.

DONE at the City of Washington this 8th day of April in the year of our Lord nineteen hundred and fifty-seven, and of the Independence of the United States of America the one hundred and eighty-first.

DWIGHT D. EISENHOWER

By the President:

JOHN FOSTER DULLES,
Secretary of State.

TITLE 38—PENSIONS, BONUSES, AND VETERANS' RELIEF

Chapter I—Veterans Administration

PART 4—DEPENDENTS AND BENEFICIARIES CLAIMS

DEPENDENCY AND INDEMNITY COMPENSATION

Immediately following § 4.436, a new centerhead and §§ 4.438, 4.439, and 4.440 are added to read as follows:

DEFINITIONS OF RELATIONSHIP

§ 4.438 *Widow*—(a) *Definition*. The term "widow" means a woman who was the wife of a person at the time of his death by reason of a marriage which occurred prior to or during his service or, if married after separation from service, was married to him:

(1) Before the expiration of 15 years after the termination of the period of active duty, active duty for training, or inactive duty training in which the injury or disease causing the death of such person was incurred or aggravated; or

(2) For 5 or more years; or

(3) For any period of time provided a child was born of the marriage (sec. 102 (8), Pub. Law 881, 84th Cong.).

(b) "*Child born of marriage*." The phrase "provided a child was born of the marriage" as used in paragraph (a) (3) of this section, means a birth subsequent to the marriage on which the widow's entitlement is predicated. The term includes a fetus advanced to the period of gestation required to constitute a birth under the law of the jurisdiction in which the fetus was delivered.

(c) *Continuous cohabitation*. No dependency and indemnity compensation shall be paid to any woman as a widow unless she continuously cohabited with the member of the uniformed service from the date of marriage to the date of his death, except where there was a separation which was due to the misconduct of or procured by the husband without fault on her part (sec. 209 (e), Pub. Law 881, 84th Cong.). See § 4.16

(d) *Remarriage*. Payments of dependency and indemnity compensation may not be made to any woman as a widow for any period after she has remarried unless the purported remarriage is void (sec. 209 (e), Pub. Law 881, 84th Cong.). See § 13.402 (c) of this chapter.

[Amdt. 194]

PART 608—RESTRICTED AREAS

MYRTLE BEACH, S. C.

The restricted area alteration appearing hereinafter has been coordinated with the civil operators involved, the Army, the Navy, and the Air Force, through the Air Coordinating Committee, Airspace Panel and is adopted to become effective when indicated in order to promote safety of the flying public. Since a military function of the United States is involved, compliance with the notice, procedure and effective date provisions of section 4 of the Administrative Procedure Act is not required.

Part 608 is amended as follows:
In § 608.48, the Myrtle Beach, South Carolina, area (R-515), is added to read:

PART 3—RADIO BROADCAST SERVICES

TABLE OF ASSIGNMENTS, TELEVISION BROADCAST STATIONS

In the matter of amendment of § 3.606, Table of Assignments, Television Broadcast Stations (Chattanooga, Tennessee-Rome, Georgia).

1. The Commission has before it for consideration the proposal set out in its Notice of Proposed Rule Making (FCC 57-13) issued in this proceeding January 4, 1957, to amend the Table of Assignments, contained in § 3.606 of the Commission's rules and regulations, to shift Channel 9 from Rome, Georgia, to Chattanooga, Tennessee, as follows:

City	Channel No.	
	Present	Proposed
Chattanooga, Tenn...	3+, 12-, 43+, 49+, *55	3+, 9, 12-, 43+, 49+, *55
Rome, Ga.....	9, 59	9, 59

Interested parties have been afforded an opportunity to submit comments directed to the Commission's proposal,¹ and we are now in a position to issue our Report.

2. Comments favoring the proposal were filed by WROM-TV, Inc., permittee of Station WROM-TV, authorized to operate on Channel 9 in Rome, Georgia, and by the American Broadcasting Company.²

3. WROM-TV asserts that the subject proposal would permit a more efficient use of Channel 9 than is now possible; that it would make possible additional television service to greater areas and populations; that Rome, Georgia, already receives a number of television services from Atlanta, Georgia, Chattanooga, Tennessee, and Birmingham, Alabama stations; and that the proposed assignment would insure the continuation of television service to the Rome, Georgia area from Channel 9, and would also provide a needed third service to the larger community of Chattanooga. WROM-TV asserts that, in spite of diligent effort for almost four years, it has been unable to make its non-network station economically successful in a relatively small market where network affiliated stations of nearby metropolitan centers are received; and that WROM-TV, operating

¹ At the request of James H. Scarborough of Rome, Georgia, the time for filing comments in this proceeding was extended from February 1 to March 4, 1957 (FCC 57-125). On February 8, 1957, WROM-TV, Inc., filed a petition for reconsideration of the Commission's Order extending the time for filing comments. Scarborough filed an opposition to this petition for reconsideration on February 18, 1957, and on February 20, WROM-TV filed a supplement to its petition. WROM-TV's petition for reconsideration, and its supplement thereto, do not afford sufficient bases for refusing to extend the time for filing comments in this proceeding, and hence are denied.

² On March 4, 1957, James H. Scarborough of Rome, Georgia, filed comments opposing the Commission's proposal. However, these comments were withdrawn on March 14, 1957.

The Commission having under consideration the above-captioned matter;

It appearing that, under § 1.329 (a) undesirable overlapping occurs in the use of Commercial radio operator application Form 756 entitled, "Application for Commercial Radio Operator License or Permit" and 753-1 entitled, "Application for Restricted Radiotelephone Operator Permit by Declaration" in that either form may be used in applying for the latter class of license; and

It further appearing that, in the interest of more orderly administration, provision should be made for the use of Form 756 in applying for verification of operator license or permit on FCC Form 759; and

It further appearing, that a greater degree of clarification of the use of the form would result by elimination of the words "or Permit" from the title of FCC Form 756, it is proposed that the title read, "Application for Radio Operator License"; and

It further appearing that the amendments herein ordered are procedural and editorial in nature, therefore compliance with the public rule-making procedure required by sections 4 (a) and (b) of the Administrative Procedure Act is not required.

It is ordered, That, effective May 8, 1957, in accordance with sections 4 (i) and 303 (r) of the Communications Act of 1934, as amended, Section 1.329 and the Table of Contents of Part 1 of the Commission's Rules is amended as set forth below.

(Sec. 4, 48 Stat. 1066, as amended; 47 U. S. C. 154. Interprets or applies sec. 303, 48 Stat. 1082, as amended; 47 U. S. C. 303)

Released: April 5, 1957.

FEDERAL COMMUNICATIONS
COMMISSION,

[SEAL] BEN F. WAPLE,
Acting Secretary.

1. Section 1.329 (a) is amended to read as follows:

§ 1.329 *Application for radio operator license.* (a) Application for a new, renewed, replacement or duplicate commercial radio operator license, for a verification card, or for a verification of operator license (For additional posting), FCC Form 759, shall be filed on FCC Form 756, entitled "Application for Radio Operator License": except that, if a restricted radiotelephone operator permit is being applied for, Form 756 shall not be used but application shall in all cases be filed on FCC Form 753-1, entitled "Application for Restricted Radiotelephone Operator Permit by Declaration."

2. Section 1.329 (c) is deleted.

3. The Table of Contents of Part 1, Rules Relating to Practice and Procedure, is amended by making the following change in "Table showing forms currently in effect and where they are referred to in Part 1 of this chapter": Change the entry: "759-1.329 (c)" to read "759-1.329 (a)."

[F. R. Doc. 57-2792; Filed, Apr. 9, 1957; 8:52 a. m.]

from its present site as a Rome station, has been confronted with "insurmountable receiver antenna orientation and adjustment problems with no impetus for viewers in the area to sacrifice a choice of several television services from nearby metropolitan areas in order to receive programs available from a local independent station".

4. The American Broadcasting Company asserts that a minimum of three competitive facilities is required in each of the major markets in the nation, including Chattanooga, the 83d market with a population of 131,041, to promote effective local television competition and to provide adequate competition among national networks. This will be accomplished, ABC claims, if Chattanooga is assigned its third VHF channel. ABC asserts that it has been unable to obtain a basic affiliation with either of the Chattanooga VHF stations and as a result the people of Chattanooga are denied many ABC network programs.

5. We believe that the subject proposal should be adopted. It would make more effective use of the spectrum, would permit an additional television service to an extensive area and population, would insure the continuation of television service from Channel 9 in the Chattanooga-Rome area and would provide a needed third local service in Chattanooga.

6. Authority for the adoption of the subject amendment is contained in sections 4 (i), 301, 303 (c), (d), (f), (r), 307 (b) and 316 (a) of the Communications Act of 1934, as amended.

7. In view of the foregoing, it is ordered, That effective May 6, 1957, the Table of Assignments contained in § 3.606 of the Commission's Rules and Regulations, is amended, insofar as the communities named are concerned, as follows:

City	Channel No.	
	Present	Proposed
Chattanooga, Tenn...	3+, 12-, 43+, 49+, *55	3+, 9, 12-, 43+, 49+, *55
Rome, Ga.....	9, 59	9, 59

8. It is further ordered, That, effective May 6, 1957, the outstanding construction permit of WROM-TV, Inc. for the operation of Station WROM-TV is modified to specify operation at Chattanooga, Tennessee, in lieu of Rome, Georgia subject to the following conditions:

(a) The submission to the Commission by April 15, 1957, of all necessary information, in addition to that already filed with the Commission in its presently pending application (File No. BMPCT-3852), on FCC Form No. 301, executed in triplicate, for the preparation of engineering specifications to cover operation of Station WROM-TV at a transmitter site meeting all requirements of the Commission's rules for operation at Chattanooga, Tennessee;

(b) Construction looking to a change of transmitter site of Station WROM-TV not to commence until specifically authorized by the Commission after the in-

formation requested in (a) above is submitted;

(c) In the event that WROM-TV, Inc. is unable to commence operation of Station WROM-TV at Chattanooga, Tennessee in full accordance with the Commission's rules by the effective date specified above, the Commission will consider a request for continued operation of the station, in accordance with the terms and conditions of the current WROM-TV special temporary authorization, at its present transmitter site until operation at Chattanooga, Tennessee, can be commenced;

(d) Acceptance of said modification of its construction permit for Station WROM-TV to operate as a Chattanooga, Tennessee, station shall be deemed a surrender of any and all rights that WROM-TV, Inc. may have with respect to operation at Rome, Georgia; and

(e) That WROM-TV, Inc. advise the Commission in writing by April 15, 1957, whether it accepts the modification of its construction permit for operation of Station WROM-TV at Chattanooga, Tennessee, subject to the conditions described above.

(Sec. 4, 48 Stat. 1066, as amended; 47 U. S. C. 154. Interprets or applies secs. 301, 303, 307, 48 Stat. 1081, 1082, 1083; 47 U. S. C. 301, 303, 307)

Adopted: April 3, 1957.

Released: April 5, 1957.

PART 9—AVIATION SERVICES

APPLICATION FOR RENEWAL OF AIRCRAFT RADIO STATION LICENSES

In the matter of amendment of § 9.105 (b) of the Commission's Rules to permit use of FCC Form 404 for renewal of aircraft radio station licenses.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 3d day of April 1957:

The Commission having under consideration the amendment of its Rules to permit the use of FCC Form 404 for renewal of aircraft radio station licenses, and the revision of FCC Form 404 to reflect such use as well as to simplify requirements relating to submission of information concerning radio equipment and aircraft ownership; and

It appearing that adoption of the above-described amendment will promote efficiency in the use and processing of aircraft radio station applications; and

It further appearing that since the amendment herein ordered is editorial in

¹ Commissioners Hyde, Doerfer, and Mack not participating.

nature, Notice of Proposed Rule Making under section 4 (a) of the Administrative Procedure Act is unnecessary and would serve no useful purpose;

It is ordered, That, pursuant to authority contained in sections 303 (r) and 308 (b) of the Communications Act of 1934, as amended, Part 9 of the Commission's rules be amended, effective July 1, 1957, as set forth below.

(Sec. 4, 48 Stat. 1066, as amended, 47 U. S. C. 154. Interpret or apply secs. 303, 308, 48 Stat. 1082, 1085; 47 U. S. C. 303, 308)

Released: April 5, 1957.

FEDERAL COMMUNICATIONS COMMISSION,

[SEAL] BEN F. WAPLE, Acting Secretary.

Amend Part 9, Rules Governing Aviation Services, as indicated below:

1. Delete §§ 9.106 and 9.117.
2. Amend § 9.105 (b) to read as follows:

§ 9.105 Aircraft radio station licenses.* * *

(b) Application for renewal of aircraft radio station license. Application for renewal of an aircraft radio station license shall be submitted on FCC Form 404. Unless otherwise directed by the Commission, each application for renewal of a license shall be filed during the last 60 days of the license term. In any case in which the licensee has, in accordance with the Commission's rules made timely and sufficient application for renewal of license, no license with reference to any activity of a continuing nature shall expire until such application shall have been finally determined.

[Docket No. 11898]

PART 10—PUBLIC SAFETY RADIO SERVICES

PHYSICIANS AND VETERINARIANS

In the matter of amendment of Part 10, § 10.453 (a), of the Commission's Rules Governing the Public Safety Radio Services so as to allow medical schools to be licensed in the Special Emergency Radio Service under certain conditions.

1. The Commission issued a Notice of Proposed Rule Making on January 4, 1957 (FCC 57-22), by which it proposed to amend § 10.453 (a) of its Rules Governing the Public Safety Radio Services by adding a subparagraph (3) to read as follows:

(3) As used in this part, the term "physician or veterinarian" shall be construed to mean individual physicians or veterinarians and schools of medicine, including schools of veterinary medicine.

The time for filing comments in response to the Notice of Proposed Rule Making expired February 4, 1957, and the time for filing replies to such comments expired February 14, 1957.

2. Eleven original comments, all in support of the proposed amendment, and

no reply comments were filed. Of the eleven original comments, nine were submitted by schools of veterinary medicine, one by the American Veterinary Medical Association, and one by the Sheriff of Greene County, Missouri.

These comments, when considered collectively, conclusively show that schools of veterinary medicine conduct rural veterinary practices, usually termed "ambulatory clinics," on a regular basis; that such "ambulatory clinics" constitute "the most important phase of the large animal clinical training program"; that "the clinicians who would be supervising the ambulatory clinic may vary throughout the year"; and that adoption of the proposed amendment "would avoid the administrative inconvenience and expense to the college and to the Commission of amending the licenses whenever there is a change in the veterinarian personnel."

3. Veterinarians employed by schools which conduct regular veterinary practices in rural areas may, when assigned to conduct such rural practices, be licensed in the Special Emergency Radio Service pursuant to the present provisions of § 10.453 of the Commission's rules. The proposed amendment would merely allow the schools rather than their employees to obtain licenses in that service. Therefore, the adoption of the proposed amendment would not have the effect of expanding the present limits of the Special Emergency Service.

4. Although no schools of medicine other than schools of veterinary medicine have evidenced any interest in the proposed amendment, there appears to be no reason for distinguishing between the different types of schools of medicine which conduct regular rural practices.

5. The Commission, after considering all comments filed in this proceeding and all other pertinent factors, finds that adoption of the proposed amendment will serve the public interest.

6. In view of all the foregoing, It is ordered, Pursuant to the authority contained in Sections 4 (i) and 303 (c), (f), and (r) of the Communications Act of 1934, as amended, that effective May 15, 1957, Part 10 of the Commission's Rules Governing the Public Safety Radio Services, be and is hereby amended in the particulars set forth below.

(Sec. 4, 48 Stat. 1066, as amended; 47 U. S. C. 154. Interprets or applies sec. 303, 48 Stat. 1082, as amended; 47 U. S. C. 303)

Adopted: April 3, 1957.

Released: April 5, 1957.

FEDERAL COMMUNICATIONS COMMISSION,¹

[SEAL] BEN F. WAPLE, Acting Secretary.

Amend § 10.453 (a) by adding the following new subparagraph (3):

(3) As used in this part, the term "physician or veterinarian" shall be construed to mean individual physicians or veterinarians and schools of medicine, including schools of veterinary medicine.

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[7 CFR Part 938]

[AO-294]

IRISH POTATOES GROWN IN CERTAIN DESIGNATED COUNTIES IN NORTH DAKOTA AND MINNESOTA

NOTICE OF HEARING WITH RESPECT TO PROPOSED MARKETING AGREEMENT AND ORDER

Pursuant to the Agricultural Marketing Agreement Act of 1937 as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq. 68 Stat. 906, 1047), and in accordance with the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR 900.0 et seq.), notice is hereby given of a public hearing to be held at the Council Rooms, City Hall, Grand Forks, North Dakota, beginning at 9:30 a. m., local time, May 20, 1957, with respect to proposed Marketing Agreement No. 135 and Order No. 38, regulating the handling of Irish potatoes grown in certain designated counties of North Dakota and Minnesota (the counties of Pembina, Walsh, Cavalier, Towner, Grand Forks, Nelson, Steele, Traill, Cass, Richland, and Ramsey of the State of North Dakota and Kittson, Marshall, Red Lake, Pennington, Polk, Norman, Mahnomen, Wilken, Otter Tail, Becker and Clay of the State of Minnesota). The proposed marketing agreement and order have not received the approval of the Secretary of Agriculture.

The public hearing is for the purpose of receiving evidence with respect to economic and marketing conditions which relate to the provisions of the marketing agreement and order, hereinafter set forth, or appropriate modifications thereof.

Growers in the certain designated counties in North Dakota and Minnesota, as represented by the Red River Valley Potato Growers Association, requested a hearing on the following proposed marketing agreement and order authorizing regulation of the handling of potatoes in the proposed production area.

DEFINITIONS

§ 938.1 *Secretary.* "Secretary" means the Secretary of Agriculture of the United States, or any officer or employee of the Department of Agriculture to whom authority has heretofore been delegated, or to whom authority may hereafter be delegated, to act in his stead.

§ 938.2 *Act.* "Act" means Public Act No. 10, 73d Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.; 68 Stat. 906, 1047).

§ 938.3 *Person.* "Person" means an individual, partnership, corporation, association, or any other business unit.

§ 938.4 *Production area.* "Production area" means all territory included within the boundaries of the Counties of Pembina, Walsh, Cavalier, Towner, Grand Forks, Nelson, Steele, Traill, Cass, Richland, and Ramsey of the State of North Dakota, and of Kittson, Marshall, Red Lake, Pennington, Polk, Norman, Mahnomen, Wilken, Otter Tail, Becker, and Clay of the State of Minnesota.

§ 938.5 *Potatoes.* "Potatoes" means all varieties of Irish potatoes grown within the production area.

§ 938.6 *Handler.* "Handler" is synonymous with "shipper" and means any person (except a common or contract carrier of potatoes owned by another person) who ships potatoes.

§ 938.7 *Handle.* "Handle" or "ship" means to sell or transport potatoes within the production area or between the production area and any point outside thereof, or to cause such sale or transportation.

§ 938.8 *Producer.* "Producer" means any person engaged in the production of potatoes for market.

§ 938.9 *Fiscal period.* "Fiscal period" means the period beginning and ending on the dates approved by the Secretary pursuant to recommendations by the committee.

§ 938.10 *Committee.* "Committee" means the Red River Valley Potato Committee, established pursuant to § 938.25.

§ 938.11 *Varieties.* "Varieties" means all classifications or subdivisions of Irish potatoes according to those definitive characteristics now or hereafter recognized by the United States Department of Agriculture.

§ 938.12 *Seed potatoes.* "Seed potatoes" or "seed" means all potatoes officially certified and tagged, marked, or otherwise appropriately identified under the supervision of the official seed potato certifying agency of the State in which the potatoes were grown or other seed certification agencies which the Secretary may recognize.

§ 938.13 *Table stock potatoes.* "Table stock potatoes" or "table stock" means all potatoes not included within the definition of "seed potatoes".

§ 938.14 *Pack.* "Pack" means a unit of potatoes in any type of container and which falls within specific weight limits or within specific grade limits recommended by the committee and approved by the Secretary.

§ 938.15 *Grade and size.* "Grade" means any one of the officially established grades of potatoes, and "size" means any one of the officially established sizes of potatoes, as defined and set forth in:

(a) The United States Standards for Potatoes issued by the United States Department of Agriculture (§§ 51.1540 to 51.1559 of this title), or amendments thereto, or modifications thereof, or variations based thereon;

(b) United States Consumer Standards for Potatoes as issued by the United States Department of Agriculture (§§ 51.1575 to 51.1587 of this title), or amendments thereto, or modifications thereof, or variations based thereon; and

(c) State standards for potatoes issued by the State in which the potatoes are shipped, or amendments thereto, or modifications thereof, or variations based thereon.

§ 938.16 *Grading.* "Grading" is synonymous with "preparing for market" which means the sorting or separating of potatoes into grades and sizes for market purposes.

§ 938.17 *Container.* "Container" means a sack, bag, crate, box, basket, barrel, or bulk load or any other unit used in the packaging, transportation, or sale of potatoes.

§ 938.18 *Export.* "Export" means shipment of potatoes beyond the boundaries of continental United States.

§ 938.19 *District.* "District" means each of the geographical divisions of the production area established pursuant to § 938.32.

§ 938.20 *Washed potatoes.* "Washed potatoes" means potatoes which have been processed through washing equipment acceptable to the Red River Valley Potato Committee and certified by the Federal-State Inspection Service as being properly washed so as to meet requirements for washed potatoes as established by the Red River Valley Potato Committee with the approval of the Secretary.

§ 938.21 *Label.* "Label" means to mark, brand, or otherwise designate on containers the official grade or size, or both, of potatoes therein.

COMMITTEE

§ 938.25 *Establishment and membership.* (a) The Red River Valley Potato Committee consisting of fourteen members, all of whom shall be producers, is hereby established. For each member of the committee there shall be an alternate who shall have the same qualifications as the member.

(b) An alternate member of the committee shall act in the place and stead of the member for whom he is an alternate during such member's absence. In the event of the death, removal, resignation, or disqualification of a member his alternate shall act for him until a successor for such member is selected and has qualified.

§ 938.26 *Procedure.* (a) Ten members of the committee shall be necessary to constitute a quorum and ten concurring votes shall be required to pass any motion or approve any committee action.

(b) The committee may provide for meeting by telephone, telegraph, or other means of communication and any vote cast at such meeting shall be confirmed promptly in writing: *Provided*, That if

any assembled meeting is held, all votes shall be cast in person.

§ 938.27 *Selection.* (a) Each person selected as committee member or alternate shall be a producer or an officer or employee of a producer in the district for which selected and each such person shall be a resident of such district.

(b) Committee members shall be selected on the basis of districts as established pursuant to § 938.32. One member and one alternate member shall be selected from each district.

(c) Any person selected by the Secretary as a committee member or as an alternate shall qualify by filing a written acceptance with the Secretary within ten days after being notified of such selection.

§ 938.28 *Term of office.* (a) The term of office of committee members and alternates shall be two years beginning July 1 and ending June 30, except that of the first fourteen members appointed, six shall serve for two years and eight shall serve for one year, and further, the first fourteen alternate members, will be appointed to the same term of office as members from respective districts. No member shall serve for more than three consecutive terms.

(b) Committee members and alternates shall serve during the term of office for which they are selected and have qualified, or during that portion thereof beginning on the date on which they qualify during the current term of office and continuing until the end thereof, and until their successors are selected and have qualified.

§ 938.29 *Powers.* The committee shall have the following powers:

(a) To administer the provisions of this part in accordance with its terms;

(b) To make rules and regulations to effectuate the terms and provisions of this part;

(c) To receive, investigate, and report to the Secretary complaints of violation of the provisions of this part; and

(d) To recommend to the Secretary amendments to this subpart.

§ 938.30 *Duties.* It shall be the duty of the committee:

(a) At the beginning of each fiscal period, to meet and organize, to select a chairman and such other officers as may be necessary, to select subcommittees of committee members, and to adopt such rules and regulations for the conduct of its business as it may deem advisable;

(b) To act as intermediary between the Secretary and any producer or handler;

(c) To furnish to the Secretary such available information as he may request;

(d) To appoint such employees, agents, and representatives as it may deem necessary and to determine the salaries and define the duties of each such person;

(e) To investigate, from time to time, and to assemble data on the growing, harvesting, shipping, and marketing conditions with respect to potatoes;

(f) To keep minutes, books, and records which clearly reflect all of the acts and transactions of the committee and such minutes, books and records shall

be subject to examination at any time by the Secretary or his authorized agent or representative;

(g) To make available to producers and handlers the committee voting record on recommended regulations and on other matters of policy;

(h) At the beginning of each fiscal period, to submit to the Secretary a budget of its expenses for such fiscal period, together with a report thereon;

(i) To cause the books of the committee to be audited by a competent accountant at least once each fiscal period, and at such other time as the committee may deem necessary or as the Secretary may request, and the report of such audit shall show the receipt and expenditure of funds collected pursuant to this part, and a copy of each such report shall be made available at the principal office of the committee for the inspection by producers and handlers;

(j) To consult, cooperate, and exchange information with other potato marketing committees and other individuals or agencies in connection with all proper committee activities and objectives under this part; and

(k) To establish, and pay the expenses of, advisory subcommittees for the purpose of consulting with Federal, State, and other appropriate agencies with respect to the establishment of marketing research and development projects pursuant to § 938.47.

§ 938.31 *Expenses and compensation.* Committee members and their respective alternates when acting on committee business may be reimbursed for expenses necessarily incurred by them in the performance of their duties and in the exercise of their powers under this part.

§ 938.32 *Districts.* (a) For the purpose of selecting committee members, the following districts of the production area are hereby initially established:

North Dakota District No. 1—Pembina County.

North Dakota District No. 2—Walsh County, that portion east of Highway No. 18.

North Dakota District No. 3—Towner and Cavalier Counties.

North Dakota District No. 4—Grand Forks and Nelson Counties.

North Dakota District No. 5—Trall and Steele Counties.

North Dakota District No. 6—Cass and Richland Counties.

North Dakota District No. 7—Ramsey and Walsh (that portion west of Highway 18) Counties.

Minnesota District No. 1—Kittson County.

Minnesota District No. 2—Marshall County.

Minnesota District No. 3—Pennington and Red Lake Counties.

Minnesota District No. 4—Polk County.

Minnesota District No. 5—Mahnomon and Norman Counties.

Minnesota District No. 6—Otter Tail and Wilken Counties.

Minnesota District No. 7—Clay and Becker Counties.

(b) The Secretary, upon the recommendation of the committee, may reestablish districts within the production area and may reapportion committee membership among the various districts: *Provided*, That in recommending any such changes in districts or representation, the committee shall give considera-

tion to (1) the relative importance of new areas of production, (2) changes in the relative position of existing districts with respect to production, (3) the geographic location of areas of production as they would affect the efficiency of administering this part and (4) other relevant factors: *Provided further*, That there shall be no change in the total number of committee members or in the total number of districts. No change in districting or in reestablishment of members within districts may become effective within less than 30 days prior to the date on which terms of office begin each year and no recommendations for such redistricting or reestablishment may be made within less than six months prior to such date.

§ 938.33 *Nominations and selections.* The Secretary may select the members of the Red River Valley Potato Committee and their respective alternates from nominations which may be made in the following manner, or from other eligible persons:

(a) Nominations for members and alternates of the committee may be submitted by producers, or groups thereof, on an elective basis or otherwise.

(b) In order to provide nominations for committee members and alternates:

(1) The committee shall hold or cause to be held prior to May 1 of each year, after the effective date of this subpart, a meeting or meetings of producers in each district in which the term of office of a committee member and alternate will commence the following July 1;

(2) In arranging for such meetings, the committee may, if it deems desirable, utilize the services and facilities of existing organizations and agencies;

(3) At each such meeting at least two nominees shall be designated for each position as alternate member on the committee which is vacant, or which is to become vacant the following June 30;

(4) Nominations for committee members and alternate members shall be supplied to the Secretary, in such manner and form as he may prescribe, not later than May 31 of each year;

(5) Only producers may participate in designating nominees for committee members and their alternates.

(6) Regardless of the number of districts in which a person handles or produces potatoes, each such person is entitled to cast only one vote on behalf of himself, his agents, subsidiaries, affiliates, and representatives, in designating nominees for committee members and alternates: *Provided*, That in the event a person is engaged in producing potatoes in more than one district, such person shall elect the district within which he may participate as aforesaid in designating nominees: *Provided further*, That an eligible voter's privilege of casting only one vote, as aforesaid, shall be construed to permit a voter to cast one vote for each position to be filled in the respective district in which he elects to vote.

(c) If nominations are not made within the time and in the manner specified by the Secretary pursuant to paragraph (b) of this section, the Secretary may,

without regard to nominations, select the committee members and alternates on the basis of the representation provided for in this part.

§ 938.34 *Vacancies.* To fill any vacancy occasioned by the failure of any person selected as a committee member or as an alternate to qualify or in the event of the death, removal, resignation, or disqualification of any qualified member or alternate, a successor for his unexpired term may be selected by the Secretary from nominations made in the manner specified in § 938.33, or from previously unselected nominees on the current nominee list from the district involved or from other eligible persons. If the names of nominees to fill any vacancy are not made available to the Secretary within 30 days after such vacancy occurs, the Secretary may fill such vacancy without regard to nominations, which selection shall be made on the basis of the representation provided for in this part.

EXPENSES AND ASSESSMENTS

§ 938.40 *Expenses.* The committee is authorized to incur such expenses as the Secretary may find are reasonable and likely to be incurred by it during each fiscal period for the maintenance and functioning of such committee and for such purposes as the Secretary, pursuant to this subpart, determines to be appropriate. Handlers shall share expenses on the basis of each fiscal period. Each handler's share of such expense shall be proportionate to the ratio between the total quantity of potatoes handled during a fiscal period by him as the first handler thereof and the total quantity of potatoes handled during such fiscal period by all first handlers thereof.

§ 938.41 *Budget.* At the beginning of each fiscal period and as may be necessary thereafter, the committee shall prepare a budget of estimated income and expenditures necessary for the administration of this part. The committee may recommend to the Secretary a rate or rates of assessment calculated to provide adequate funds to defray its proposed expenditures. The committee shall present such budget to the Secretary with an accompanying report showing the basis for its calculations.

§ 938.42 *Assessments.* (a) The funds to cover such expenses shall be acquired by the levying of assessments upon handlers as provided in this subpart. Each handler who first handles potatoes shall pay assessments to the committee upon demand, which assessment shall be in payment of such handler's pro rata share of the committee's expenses.

(b) Assessments shall be levied upon handlers at rates established by the Secretary. Such rates may be established upon the basis of the committee's recommendations or other available information. Such rates may be applied equitably to each pack or unit.

(c) At any time during or subsequent to a given fiscal period the committee may recommend the approval of an amended budget and an increase in the rate of assessment. Upon the basis of such recommendations, or other avail-

able information, the Secretary may approve an amended budget and increase the rate of assessment. Such increase shall be applicable to all potatoes which were regulated under this part and which were handled by the first handler thereof during such fiscal period.

(d) The committee, with the approval of the Secretary, may provide for collection of assessments through State agencies, such as the Red River Valley Control Board, or the Minnesota Potato Development Commission, or the North Dakota Potato Development Commission.

§ 938.43 *Accounting.* (a) All funds received by the committee pursuant to the provisions of this part shall be used solely for the purposes specified in this part.

(b) The Secretary may at any time require the committee, its members and alternates, employees, agents, and all other persons to account for all receipts and disbursements, funds, property, or records for which they are responsible. Whenever any person ceases to be a member or alternate of the committee he shall account for all receipts, disbursements, funds, and property (including but not being limited to books and other records) pertaining to such committee's activities for which he is responsible and deliver all such property and funds in his hands to such successor, agency, or person as may be designated by the Secretary, and shall execute such assignments and other instruments as may be necessary or appropriate to vest in the designated successor, agency, or person the right to all such property and funds and all claims vested in such member or alternate.

(c) The committee may make recommendations to the Secretary for one or more of the members thereof, or any other person, to act as a trustee for holding records, funds, or any other committee property during periods when regulations are not in effect and, if the Secretary determines such action appropriate, he may direct that such person or persons shall act as trustee or trustees for the committee.

§ 938.44 *Refunds.* At the end of each fiscal period, monies arising from the excess of assessments over expenses shall be accounted for as follows:

(a) Each handler entitled to a proportionate refund of the excess assessments at the end of a fiscal period shall be credited with such refund against the operation of the following fiscal period unless he demands payment thereof, in which event such proportionate refund shall be paid to him; or

(b) The Secretary, upon recommendation of the committee, may determine that it is appropriate for the maintenance and functioning of such committee that some of the funds remaining at the end of a fiscal period which are in excess of the expenses necessary for operation during such period may be carried over into following periods as a reserve for possible liquidation. Upon approval by the Secretary, such reserve may be used upon termination of this part to liquidate the affairs of the committee: *Provided*, That upon termination of this part any monies

in the reserve for liquidation which are not required to defray the necessary expenses of liquidation shall to the extent practical be returned upon a pro rata basis to all persons from whom such funds were collected.

RESEARCH AND DEVELOPMENT

§ 938.47 *Research and development.* The committee, with the approval of the Secretary, may provide for the establishment of marketing research and development projects designed to assist, improve, or promote the marketing, distribution, and consumption of potatoes.

REGULATION

§ 938.50 *Marketing policy—(a) Preparation.* Prior to each marketing season the committee shall consider and prepare a proposed policy for the marketing of potatoes. In developing its marketing policy the committee shall investigate relevant supply and demand conditions for potatoes. In such investigations the committee shall give appropriate consideration to the following:

(1) Market prices for potatoes, including prices by grade, size, and quality in different packs, or in different containers, or any other shipping units;

(2) Supply of potatoes by grade, size, quality, and maturity in the production area and in other potato producing areas;

(3) The trend and level of consumer income;

(4) Establishing and maintaining orderly marketing conditions for potatoes;

(5) Orderly marketing of potatoes as will be in the public interest; and

(6) Other relevant factors.

(b) *Reports.* (1) The committee shall submit a report to the Secretary setting forth the aforesaid marketing policy and it shall notify producers and handlers of the contents of such report.

(2) In the event it becomes advisable to shift from such marketing policy because of changed supply and demand conditions, the committee shall prepare a new marketing policy in accordance with the manner previously outlined. The committee shall submit a report thereon to the Secretary and notify producers and handlers of the contents of such report on the revised or amended marketing policy.

§ 938.51 *Recommendations for regulations.* The committee shall recommend to the Secretary, grade, size, quality, labeling and maturity regulations, or amendments thereto, or modifications thereof, whenever it finds that such regulations as provided in § 938.52 will tend to effectuate the declared policy of the act. The committee also may recommend modification, suspension, or termination of any regulation, or amendments thereto, in order to facilitate the handling of potatoes for the purposes authorized in § 938.54. The committee may also recommend termination or suspension of any regulation and amendment or modification thereof issued under this part.

§ 938.52 *Issuance of grade, size, quality, labeling and maturity regulations.* (a) The Secretary shall limit the shipment of potatoes whenever he finds from

the recommendations and information submitted by the committee, or from other available information, that such regulation would tend to effectuate the declared policy of the act. Such limitation may:

(1) Regulate in any or all portions of the production area, the handling of particular grades, sizes, qualities, or maturities of any or all varieties of table stock or of seed potatoes, or both, during any period; or

(2) Regulate the handling of particular grades, sizes, or qualities, of potatoes differently, for different varieties, for washed and unwashed table stock, for seed, for different portions of the production area, for different markets, for different packs, for different sizes and types of containers, or for any combination of the foregoing, during any period;

(3) Require that containers for potatoes handled hereunder shall be labeled to show the official grade or size, or both, thereof;

(4) Provide a method through rules and regulations issued pursuant to this part for fixing the size, capacity, weight, dimensions, or pack of the container, or containers, which may be used in the packaging or handling of potatoes, or both; or

(5) Regulate the handling of potatoes by establishing in terms of grades, sizes, or both, minimum standards of quality and maturity.

(b) The Secretary may amend or modify any regulation issued under this subpart whenever he finds that such regulation as amended or modified would tend to effectuate the declared policy of the act. The Secretary may also terminate or suspend any regulation whenever he finds that such regulation obstructs or no longer tends to effectuate the declared policy of the act.

(c) The Secretary shall notify the committee of each regulation issued pursuant to this section and the committee shall give reasonable notice thereof to handlers.

§ 938.53 Minimum quantities. The committee, with the approval of the Secretary, may establish, for any or all portions of the production area, minimum quantities below which shipments of potatoes will be free from regulations issued pursuant to §§ 938.42 through 938.60.

§ 938.54 Handling for specified purposes. (a) The Secretary upon the basis of recommendations of the committee, or upon the basis of other available information, may modify, suspend, or terminate regulations issued pursuant to §§ 938.42 to 938.60, inclusive, in order to facilitate the handling of potatoes for the purposes specified below, whenever he finds that such action tends to effectuate the declared policy of the act. Adequate safeguards may be established pursuant to paragraph (c) of this section to prevent such shipments from entering channels of trade for other than the specified purposes:

(1) Shipments of potatoes within the production area for the purpose of grading such potatoes or having such potatoes graded or stored within the production

area generally or within any specified portions thereof;

(2) Shipments of potatoes for export;

(3) Shipments of potatoes for distribution by relief agencies, or for consumption by charitable institutions;

(4) Shipments of potatoes for the purpose of having such potatoes manufactured or converted into specified products or by-products;

(5) Shipments of potatoes for livestock feed;

(6) For other specified purposes.

(b) Whenever the handling of seed potatoes is not subject to the same regulations as is the handling of table stock potatoes, issued pursuant to §§ 938.42 to 938.60, inclusive, the committee, with the approval of the Secretary, may prescribe adequate safeguards, pursuant to paragraph (c) of this section, to prevent diversion of such shipments from seed potato channels.

(c) The committee, with the approval of the Secretary, may prescribe adequate safeguards, authorized by paragraphs (a) and (b) of this section, which safeguards may include requirements that:

(1) Handlers shall file applications with the committee to handle potatoes pursuant to this section;

(2) Handlers shall obtain required inspection and certification required by § 938.60 and pay the pro rata share of expenses required by § 938.41 in connection with potatoes handled under the provisions of this section: *Provided*, That such inspection and payment of expenses may be required at different times than otherwise specified by the aforesaid sections; and

(3) Handlers shall obtain Certificates of Privilege from the committee for potatoes to be handled under the provisions of this section.

(d) The committee may rescind previously issued Certificates of Privilege or deny Certificates of Privilege to any handler if evidence is obtained that potatoes handled by him for the purposes stated in this section have been diverted from such purposes contrary to the provisions of this part.

(e) The committee shall make reports to the Secretary as requested showing the number of applications for such certificates, the quantity of potatoes covered by such applications, the number of such applications denied and certificates granted, the quantity of potatoes handled under duly issued certificates, and such other information as may be requested by the Secretary.

(f) The Secretary shall give prompt notice to the committee of any modification, suspension or termination of regulations pursuant to this section, or of any approval issued by him under the provisions of this section.

(g) The Secretary shall have the right to modify, change, alter, or rescind any safeguards prescribed and any certificates issued by the committee pursuant to the provisions of this section.

INSPECTION AND CERTIFICATION

§ 938.60 Inspection and certification. (a) During any period in which the handling of potatoes is regulated pursuant to § 938.52 or § 938.54, or both, no handler shall handle potatoes unless such pota-

atoes are inspected by an authorized representative of the Federal-State Inspection Service, or such other inspection service as the Secretary shall designate, and are covered by a valid inspection certificate, except when relieved from such requirements pursuant to § 938.53 or § 938.54, or both.

(b) Regrading, resorting, or repacking any lot of potatoes shall invalidate any prior inspection certificates insofar as the requirements of this section are concerned. No handler shall handle potatoes after they have been regraded, resorted, repacked, or in any way further prepared for market, unless such potatoes are inspected by an authorized representative of the Federal-State Inspection Service, or such other inspection service as the Secretary shall designate: *Provided*, That such inspection requirements on regraded, resorted, or repacked potatoes may be modified, suspended, or terminated under rules and regulations recommended by the committee, and approved by the Secretary.

(c) Upon recommendation of the committee, and approval of the Secretary, all potatoes so inspected and certified shall be identified by appropriate seals, stamps, or tags to be affixed to the containers by the handler under the direction and supervision of the Federal-State or Federal inspector or the committee. Master containers may bear the identification instead of the individual containers within said master container.

(d) Insofar as the requirements of this section are concerned, the length of time for which an inspection certificate is valid may be established by the committee with the approval of the Secretary.

(e) When potatoes are inspected in accordance with the requirements of this section, a copy of each inspection certificate issued shall be made available to the committee by the inspection service.

EXEMPTIONS

§ 938.65 Policy. (a) Any producer whose potatoes have been adversely affected by acts beyond his control or by acts beyond reasonable expectation and who, by reason of any regulation issued pursuant to § 936.52, is or will be prevented from shipping or having shipped during the then current marketing season, or a specific portion thereof, as large a proportion of his potato crop as the average proportion shipped or to be shipped during comparable portions of the season by all producers in his immediate area of production may apply to the committee for exemptions from such regulations for the purpose of obtaining equitable treatment under such regulations.

(b) Any handler who has storage holdings of ungraded potatoes acquired during or immediately following the digging season that have been adversely affected by acts beyond the handler's control or by acts beyond reasonable expectation and who, by reason of any regulation issued pursuant to § 938.52, is prevented from shipping during the then current marketing season as large a proportion of his storage holdings of ungraded potatoes as the average proportion of ungraded storage holdings shipped by all handlers in said handler's

immediate shipping area, may apply to the committee for exemptions from such regulations for the purpose of obtaining equitable treatment under such regulations.

§ 938.66 *Rules and procedures.* The committee may adopt, with approval of the Secretary, the rules and procedures for handling exemptions. Such rules and procedures shall provide for processing applications for exemptions, for issuing certificates of exemption, for committee determinations with respect to areas and averages (as required by § 938.65), and for such other procedures as may be necessary to carry out the provisions in this section and § 938.65.

§ 938.67 *Applications and issuance.* The committee shall issue certificates of exemption to any qualified applicant who furnished adequate evidence to such committee:

(a) That the grade, size, or quality of the applicant's potatoes have been adversely affected by acts beyond the applicant's control and by acts beyond reasonable expectation;

(b) That by reason of regulations issued pursuant to § 938.52, in case of an applicant who is a producer, he will be prevented from shipping or having shipped as large a proportion of his production as the average proportion of production shipped by all producers in said applicant's immediate area of production during the season, or a specific portion thereof;

(c) That by reason of regulations issued pursuant to § 938.52, in case of an applicant who is a handler who has storage holdings of ungraded potatoes acquired during or immediately following the digging season, he will be prevented from shipping as large a proportion of such storage holdings as the average proportion of similar storage holdings shipped by all handlers in said applicant's immediate shipping area during the season;

(d) Each certificate shall permit the person identified therein to ship or have shipped the potatoes described thereon, and evidence of such certificates shall be made available to subsequent handlers thereof.

§ 938.68 *Investigation.* The committee shall be permitted at any time to make a thorough investigation of any applicant's claim pertaining to exemptions.

§ 938.69 *Appeal.* If any applicant for exemption certificates is dissatisfied with the determination by the committee with respect to his application, said applicant may file an appeal with the committee. Such an appeal must be taken promptly after the determination by the committee from which the appeal is taken. Any applicant filing an appeal shall furnish evidence satisfactory to the committee for a determination on the appeal. The committee shall thereupon reconsider the application, examine all available evidence, and make a final determination concerning the application. The committee shall notify the appellant of the final determination and shall furnish the Secretary with a copy

of the appeal and a statement of considerations involved in making the final determination.

§ 938.70 *Review, records, and reports of exemptions.* (a) The Secretary shall have the right to modify, change, alter, or rescind any procedure and any exemptions granted pursuant to §§ 938.65, 938.66, 938.67, 938.68, 938.69, or any combination thereof.

(b) The committee shall maintain a record of all applications submitted for exemption certificates, a record of all exemption certificates issued and denied and the quantity of potatoes covered by such exemption certificates, a record of the amount of potatoes handled under exemption certificates, a record of appeals for reconsideration of applications, and such information as may be requested by the Secretary. Periodic reports on such records shall be compiled and issued by the committee upon request of the Secretary.

REPORTS

§ 938.71 *Reports.* Upon request of the committee, made with approval of the Secretary, each handler shall furnish to the committee, in such manner and at such time as it may prescribe, such reports and other information as may be necessary for the committee to perform its duties under this part.

(a) Such reports may include, but are not necessarily limited to the following:

(1) The quantities of potatoes received by a handler;

(2) The quantities disposed of by him, segregated as to the respective quantities subject to regulation and not subject to regulation;

(3) The date of each such disposition and the identification of the carrier transporting such potatoes; and

(4) Identification of the inspection certificates and the exemption certificates, if any, pursuant to which the potatoes were handled together with the destination of each exempted disposition, and of all potatoes handled pursuant to §§ 938.53 and 938.54.

(b) All such reports shall be held under appropriate protective classification and custody by the committee, or duly appointed employees thereof, so that the information contained therein which may adversely affect the competitive position of any handler in relation to other handlers will not be disclosed. Compilations of general reports from data submitted by handlers is authorized, subject to prohibition of disclosure of individual handlers identities or operation.

(c) Each handler shall maintain for at least two succeeding years such records of the potatoes received and disposed of by such handler as may be necessary to verify the reports he submits to the committee pursuant to this section.

MISCELLANEOUS PROVISIONS

§ 938.77 *Compliance.* Except as provided in this subpart, no handler shall handle potatoes, the handling of which has been prohibited by the Secretary in accordance with provisions of this subpart, and no handler shall handle

potatoes except in conformity to the provisions of this subpart.

§ 938.78 *Right of the Secretary.* The members of the committee (including successors and alternates), and any agent or employee appointed or employed by the committee, shall be subject to removal or suspension by the Secretary at any time. Each and every order, regulation, decision, determination or other act of the committee shall be subject to the continuing right of the Secretary to disapprove of the same at any time. Upon such disapproval, the disapproved action of the said committee shall be deemed null and void, except as to acts done in reliance thereon or in compliance therewith prior to such disapproval by the Secretary.

§ 938.79 *Duration of immunities.* The benefits, privileges, and immunities conferred upon any persons by virtue of this subpart shall cease upon the termination of this subpart except with respect to acts done under and during the existence of this subpart.

§ 938.80 *Effective time.* The provisions of this subpart shall become effective at such time as the Secretary may declare above his signature attached to this subpart, and shall continue in force until terminated in one of the ways specified in this subpart.

§ 938.81 *Termination.* (a) The Secretary may at any time terminate the provisions of this subpart by giving at least one day's notice by means of a press release or in any other manner which he may determine.

(b) The Secretary may terminate or suspend the operation of any or all of the provisions of this subpart whenever he finds that such provisions do not tend to effectuate the declared policy of the act.

(c) The Secretary shall terminate the provisions of this subpart at the end of any fiscal period whenever he finds that such termination is favored by a majority of producers who, during the preceding fiscal period, have been engaged in the production for market of potatoes: *Provided,* That such majority has, during such period, produced for market more than fifty percent of the volume of such potatoes produced for market; but such termination shall be effective only if announced at least 30 days prior to the end of the then current fiscal period.

(d) The provisions of this subpart shall in any event terminate whenever the provisions of the act authorizing them cease to be in effect.

§ 938.82 *Proceedings after termination.* (a) Upon the termination of the provisions of this subpart, the then functioning members of the committee shall continue as trustees, for the purpose of liquidating the affairs of the committee, of all the funds and property then in the possession of or under control of the committee, including claims for any funds unpaid or property not delivered at the time of such termination. Action by said trusteeship shall require the concurrence of a majority of the said trustees.

(b) The said trustees shall continue in such capacity until discharged by the Secretary; shall, from time to time, account for all receipts and disbursements and deliver all property on hand, together with all books and records of the committee and of the trustees, to such person as the Secretary may direct; and shall, upon request of the Secretary, execute such assignments or other instruments necessary or appropriate to vest in such person full title and right to all of the funds, property, and claims vested in the committee or the trustees pursuant to this subpart.

(c) Any person to whom funds, property, or claims have been transferred or delivered by the committee or its members, pursuant to this section, shall be subject to the same obligations imposed upon the members of the committee and upon the said trustees.

§ 938.83 *Effect of termination or amendment.* Unless otherwise expressly provided by the Secretary, the termination of this subpart or of any regulation issued pursuant to this subpart, or the issuance of any amendments to either thereof, shall not:

(a) Affect or waive any right, duty, obligation, or liability which shall have arisen or which may thereafter arise in connection with any provision of this subpart or of any regulation issued under this subpart;

(b) Release or extinguish any violation of this subpart or of any regulation issued under this subpart; or

(c) Affect or impair any rights or remedies of the Secretary or of any other person with respect to any such violation.

§ 938.84 *Agents.* The Secretary may by designation in writing, name any person, including any officer or employee of the Government, or name any agency in the United States Department of Agriculture, to act as his agent or representative in connection with any of the provisions of this subpart.

§ 938.85 *Derogation.* Nothing contained in this subpart is, or shall be construed to be, in derogation or in modification of the rights of the Secretary or of the United States to exercise any powers granted by the act or otherwise, or, in accordance with such powers, to act in the premises whenever such action is deemed advisable.

§ 938.86 *Personal liability.* No member or alternate of the committee, nor any employee or agent thereof, shall be held personally responsible, either individually or jointly with others, in any way whatsoever to any handler or any person for errors in judgment, mistakes, or other acts, either of commission or omission, as such member, alternate, employee, or agent, except for acts of dishonesty.

§ 938.87 *Separability.* If any provision of this part is declared invalid, or the applicability thereof to any person, circumstance, or thing is held invalid, the validity of the remainder of this part, or the applicability thereof to any other person, circumstance, or thing, shall not be affected thereby.

§ 938.88 *Amendments.* Amendments to this subpart may be proposed, from time to time, by the committee or by the Secretary.

§ 938.89 *Counterparts.*¹ This agreement may be executed in multiple counterparts and when one counterpart is signed by the Secretary all such counterparts shall constitute when taken together, one and the same instrument as if all signatures were contained in one original.

§ 938.90 *Additional parties.*¹ After the effective date hereof, any handler who has not previously executed this agreement may become a party hereto if a counterpart hereof is executed by him and delivered to the Secretary. This agreement shall take effect as to such new contracting party at the time such counterpart is delivered to the Secretary, and the benefits, privileges, and immunities conferred by this agreement shall then be effective as to such new contracting party.

§ 938.91 *Order with marketing agreement.*¹ Each signatory handler favors and approves the issuance of an order by the Secretary regulating the handling of potatoes in the same manner as is provided for in this agreement; and each signatory handler hereby requests the Secretary to issue, pursuant to the act, such an order.

Copies of this notice of hearing may be procured from the Hearing Clerk, United States Department of Agriculture, Room 112, Administration Building, Washington 25, D. C., or may be there inspected.

Issued at Washington, D. C., this 5th day of April 1957.

FEDERAL COMMUNICATIONS COMMISSION

[47 CFR Parts 2, 7, 8]

[Docket No. 11989; FCC 57-352]

MARITIME MOBILE SERVICE

ADDITIONAL FREQUENCIES IN RANGE 157.3
TO 162.0 MC.

1. Notice is hereby given of proposed rule making in the above entitled matter.

2. On January 21, 1957, a Baltic-North Sea Maritime VHF Telephone Conference was convened at The Hague, Netherlands to devise, among other things, a channelling and channel-usage plan that could be standardized in Baltic-North Sea areas in the Maritime Mobile Service. The Agreement growing out of that conference, although a regional agreement among Baltic and North Sea Administrations, may have an impact upon the Maritime Mobile Service that will be world-wide in nature. If United States ships are to obtain VHF communication service in European

¹ Applicable only to the proposed marketing agreement.

ports and conversely, European ships are to receive VHF communication in United States ports, it is to the advantage of interested administrations to standardize on the same channel spacing, channel pairing and channel functions to the maximum extent possible.

3. Fortunately, The Hague Agreement is built around those few frequencies upon which international or regional standardization had already been achieved and a small amount of change in the United States pattern of frequency usage in the maritime mobile service will afford a large measure of compatibility with that Agreement.

4. The date upon which the Agreement will come into force in the Baltic and North Sea region is October 1, 1957. Logically then, that should be the target date by which necessary changes in Parts 2, 7 and 8 of the Commission's rules should be completed.

5. As a first step in achieving compatibility with The Hague Agreement, it is proposed to amend Part 2 of the rules to halve the spacing between assignable public correspondence ship station frequencies at 157.3-157.4 Mc and the corresponding assignable public correspondence coast station frequencies at 161.90-162.00 Mc, thus making the additional frequencies 157.35 and 161.95 Mc available for assignment to ship and coast stations, respectively. Simultaneously, it is proposed to amend Parts 7 and 8 to (1) reflect the availability of these newly assignable frequencies and (2) to rearrange the pairing of coast and ship station frequencies for public correspondence in this portion of the spectrum. The details of these proposed changes are set forth below.

6. Attention is invited to the fact that the frequency-pairing rearrangement proposed herein requires a change in the transmitting frequency of ships but not of coast stations. This decision is influenced by two factors; (1) frequency assignments to coast stations have been made, in part, on a geographical basis and a frequency change required of any substantial number of those coast stations would result in a chain reaction that would require changes throughout the Great Lakes area, our coastal areas, and in Canada if interference problems were to be avoided; and (2) since it would be necessary for a service-man to board the vessel in any event, if the proposal is adopted, it would make little difference from a cost standpoint whether he changed the ship transmitter crystals or the receiver crystals.

7. There remains the matter of selecting an appropriate date upon which to physically change frequencies if the proposed rule amendments are adopted finally. Because of the operational necessity for close international cooperation between the United States and Canada in the Maritime Mobile VHF service, there is, in effect, an integrated system in operation in the border areas of the two countries. Therefore, from an operational viewpoint it is important that the changeover date be one which is mutually acceptable to United States and Canadian interests.

8. It is requested, therefore, that comments filed in this proceeding be directed

toward both the proposed rule changes and the date upon which they shall come into force, if adopted.

9. The proposed amendments to the rules are below and are issued pursuant to the authority of sections 303 (c), (f) and (r) of the Communications Act of 1934, as amended.

10. Any interested person who is of the opinion that the proposed amendments should not be adopted, or should not be adopted in the form set forth herein, may file with the Commission on or before June 10, 1957, written data, views or arguments setting forth his comments. Comments in support of the proposed amendments may also be filed on or before the same date. Comments in reply to the original comments may be filed within ten days from the last day for filing said original data, views or arguments. No additional comments may be filed unless (1) specifically requested by the Commission or (2) good cause for the filing of such additional

comments is established. The Commission will consider all such comments prior to taking final action in this matter, and if comments are submitted warranting oral argument, notice of the time and place of such oral argument will be given.

In accordance with the provisions of § 1.764 of the Commission's rules and regulations, an original and 14 copies of all statements, brief or comments filed shall be furnished the Commission.

Adopted: April 3, 1957.

Released: April 5, 1957.

FEDERAL COMMUNICATIONS
COMMISSION,
[SEAL] BEN F. WAPLE,
Acting Secretary.

1. It is proposed to amend those portions of § 2.104 (a) (5) pertaining to the frequency band between 157.3 and 157.4 Mc and the band 161.85-162.00 Mc to read as follows:

5	6	7	8	9	10	11
(US24).....	-----	161.85-162.00 (NG1)---	Maritime Mobile---	Coast---	157.30 157.35 157.40	Maritime Mobile (NG7). Maritime Mobile (NG7). Maritime Mobile (NG7).
					161.90 161.95 162.00	Coast (NG7, 19, 37). Coast (NG7). Coast (NG7).

2. It is proposed to amend Part 7 of the rules in the following particulars:

A. Section 7.132 (a) (2) is amended by changing that portion of the table dealing with the frequency band 156.35 Mc to 162.05 Mc to read as follows:

156.35 Mc to F3; and for brief operating signals F1 and F2; also F0 for brief testing and for minimizing interference to operation on adjacent radio channels used by any coast station in the same geographical area.

B. Amend § 7.304 (b) to read as follows:

(b) Each of the specific frequencies in megacycles hereinafter designated in this paragraph may be licensed as an authorized carrier frequency for use by public coast stations employing telephony by means of frequency modulation subject to and in accordance with the provisions of other applicable sections of this subpart and Subpart E of this part:

156.8 161.9 161.95 162.0

C. Amend § 7.307 (a) (1) to read as follows:

(1) For transmission and reception on the same radio channel:

156.8 Mc for calling and safety purposes; 157.3 Mc, 157.35 Mc and 157.4 Mc for working (under exceptional circumstances where in the method of working prescribed in subparagraph (2) of this paragraph would not be practicable) at locations where interference is not caused to the use of any these frequencies for reception from ship stations as contemplated under subparagraph (2) of this paragraph.

D. Amend § 7.307 (a) (2) to read as follows:

(2) For transmission on one radio-channel and associated reception on a different radio-channel:

For transmission (Mc):	For reception (Mc)
161.90-----	157.30
161.95-----	157.35
162.00-----	157.40

Each of these assignable frequencies is available on a shared basis only and shall not be construed as available for the exclusive use of any one station licensee.

E. Amend § 7.308 by adding a new paragraph (d) to read as follows:

(d) The carrier frequency 161.95 Mc is assignable to any public coast station employing frequency modulation for telephony: *Provided* (1) The carrier frequency 161.95 Mc normally shall be assigned only to a station licensee who already is licensed to use the carrier frequencies 161.9 Mc and/or 162.0 Mc to provide service to the particular harbor(s) or port(s) involved and who is utilizing the assigned frequency or frequencies at maximum capacity to provide such service under the prevailing conditions of operation; or the applicant for authority to use 161.95 Mc is not in a position to use the carrier frequency 161.9 Mc or 162.0 Mc because the use thereof in the geographic area involved would create interference to stations already authorized to use these carrier frequencies; and (2) the licensee of any coast station to which the carrier frequency(s) 161.9 and/or 162.0 Mc is already assigned who applies for additional authority to use the carrier frequency 161.95 Mc shall fully justify a need for such additional frequency assignment; and (3) any other applicant for authority to use the carrier frequency

161.95 Mc shall show a need for such frequency assignment in lieu of the carrier frequency 161.9 Mc and/or 162.0 Mc. (4) the frequency 161.95 Mc may be authorized only on the condition that the applicant for the involved coast station authorization shall have made a satisfactory showing that operation on this frequency and its associated ship station frequency 157.35 Mc in the respective geographic area(s) will not cause harmful interference to the service of any station of the maritime mobile service when operated on any of the following frequencies: 157.3, 157.4, 161.9 or 162.0 Mc. In the discretion of the Commission this showing shall include the results of initial operation on the coast station frequency 161.95 Mc and the ship station frequency 157.35 Mc under developmental station licenses over an adequate period of time and under conditions prescribed, if necessary, by the Commission.

3. It is proposed to amend Part 8 of the rules in the following particulars:

A. Section 8.351 (c) (2) is amended to read as follows:

(2) Available for ship stations only:

157.3 157.35 157.4

B. Amend § 8.356 (a) (1) to read as follows:

(1) For ship station transmission to public coast station when the same radio-channel is used for transmission by the coast station (under exceptional circumstances wherein the method of working prescribed in subparagraph (2) of this paragraph would not be practicable) in areas where interference is not caused to the use of any of these frequencies by ship stations working as contemplated under subparagraph (2) of this paragraph:

157.3 Mc 157.35 Mc 157.4 Mc

C. Amend § 8.356 (a) (2) to read as follows:

(2) For transmission to public coast stations when a different radio-channel is used for transmission by the coast station:

For ship station transmission (Mc)	For ship station reception (Mc)
157.30	161.90
157.35	161.95
157.40	162.00

D. Amend § 8.356 (a) by adding a new subparagraph (3) as follows:

(3) In respect to coast stations of the United States, the frequency 157.35 Mc may be used only for communication with any public coast station which has been authorized to operate on the associated coast station frequency 161.95 Mc under the provisions of § 7.308 (d) of this chapter.

E. Amend § 8.545 (a) (2) (i) to read as follows:

(i) The equipment shall be capable of being used for the effective transmission and reception of class F3 emission on the frequencies 156.3 Mc, 156.8 Mc, and on the working frequency 157.3, 157.35 or 157.4 Mc as necessary for communication

with one or more public coast stations serving the area in which the vessel is navigated.

F. Amend § 8.545 (a) (2) (iii) to read as follows:

(iii) The radiotelephone transmitter shall have a power output of at least 20 watts. The transmitter shall be considered to be capable of meeting this power requirement when it is properly adjusted for use with a ship station transmitting antenna meeting the requirements of these rules and has been demonstrated or is of a type that has been demonstrated to the satisfaction of the Commission as capable, with normal operating voltages applied, of delivering not less than 20 watts unmodulated radio frequency carrier power into 50 ohms effective resistance on each of the frequencies 156.8 Mc, 156.3 Mc and any of the frequencies 157.3, 157.35 or 157.4 Mc: *Provided*, That if a type demonstration has been made, an individual demonstration of the power capability of the transmitting apparatus of any individual radiotelephone installation as normally installed on board ship may be required to determine whether it complies with these power requirements.

TELEVISION BROADCAST STATIONS

AUTHORIZING OR REQUIRING TELEVISION REFERENCE TEST SIGNAL

1. Notice is hereby given of rule making in the above-entitled matter.
2. It is important in providing a high quality television transmission that optimum performance be maintained at each step during generation of the signal. Test signals which would enable monitoring checks to be made throughout the system would assist the television industry and the Commission in achieving this objective.
3. Numerous methods have been suggested for transmitting a test signal simultaneously with the video signal in such a manner that it will not significantly affect the picture information. From time to time the Commission has received inquiries and requests for authorization of various types of reference test signals. In order that such a test signal may be of the greatest benefit, its characteristics should be standardized.
4. National Broadcasting Company, Inc., in a letter dated August 23, 1956, has advised the Commission that it has developed a reference test signal providing measurement information concerning various factors of monochrome and color transmissions which can be transmitted simultaneously with picture information. NBC explains that this information can be transmitted near the edge of the vertical blanking signal with no interference or degradation resulting to either monochrome or color receivers.

NBC states that it is recommending that the industry adopt a reference test signal along these lines. In describing the test signal specifications NBC states:

The signal which has been developed for this purpose entails the transmission of pedestals with a superimposed frequency of 3.58 Mc during non-picture intervals. This signal would be introduced near the trailing edge of vertical blanking and would be contained within the vertical blanking interval. It would appear on the receiver above the top of the picture but would be concealed normally by the mask. Several variations of the basic reference signal structure have been employed successfully during experimental transmissions. It can be said that in none of these variations will the peak modulation exceed white level, and further that in all cases the test signal will consist of three or more pedestals of different levels upon which is superimposed a frequency of 3.58 Mc. By the use of oscilloscope, vector display devices, color monitors and monochrome monitors, it is possible to obtain continuous and accurate monitoring information, thereby permitting proper adjustment at the transmitters as well as of all other related equipment within the system.

5. In view of the foregoing, all interested parties are invited to submit comments and relevant data with respect to the desirability of adoption of a reference test signal to be employed by television broadcast stations. Comments should be directed to such questions as appropriate standards, time of transmission, effect on normal picture quality, effect on transmissions of other stations, and any other pertinent considerations. Comments should be directed also to the question of whether such transmissions should be required of all stations or should be merely authorized on a permissive basis.

6. Authority for the adoption of the amendment proposed herein is contained in sections 4 (i), 301, 303 (c), (d), (f) and (r) of the Communications Act of 1934, as amended.

7. Any interested party who is of the opinion that the amendments proposed should not be adopted, or should not be adopted in the form set forth herein, may file with the Commission on or before September 1, 1957, a written statement, or brief setting forth his comments. Comments in support of the proposed amendments may also be filed on or before the same date. Comments or briefs in reply to the original comments may be filed within 30 days from the last day for filing said original comments. No additional comments may be filed unless (1) specifically requested by the Commission or (2) good cause for the filing of such additional comments is established. The Commission will consider all such comments that are submitted before taking action in this matter, and if any comments appear to warrant the holding of a hearing or oral argument, notice of the time and place of such hearing or oral argument will be given.

8. In accordance with provisions of § 1.764 of the Commission's rules and regulations, an original and 14 copies of all statements, briefs, or comments shall be furnished the Commission.

Adopted: April 3, 1957.

Released: April 5, 1957.

TELEVISION BROADCAST STATIONS

TABLE OF ASSIGNMENTS; HAY SPRINGS, NEBR.

1. Notice is hereby given of rule making in the above-entitled matter.
2. The Commission has before it for consideration a petition filed January 8, 1957, and amended March 7, 1957, by Duhamel Enterprises, Inc., Rapid City, South Dakota, for rule making to amend § 3.606, Table of Assignments, in Hay Springs, Nebraska, and to make other necessary channel changes, as follows:

City	Channel No.	
	Present	Proposed
Hay Springs, Nebr.....	8	4+
North Platte, Nebr.....	2-, 4+	2-, 9+
Ainsworth, Nebr.....		18+

¹ Although not mentioned by petitioner the assignment of Channel 8 to Ainsworth would require other channel changes to meet all mileage separation requirements.

3. In support of its request, petitioner asserts that the Commission's mileage separation requirements preclude the use of Channel 8, presently assigned to Hay Springs, at a transmitter site less than 15 miles from Hay Springs; that, in view of the small size of the Hay Springs market, the cost of a Channel 8 station with sufficient power and tower height to place a principal city signal over Hay Springs from a site meeting all mileage separation requirements of the Commission's rules would be prohibitive; that the subject proposal will permit the construction of an inexpensive low-power Channel 4 station inside the Hay Springs city limits; and that no applications have been filed for either of the present two North Platte assignments.

4. The Commission in a separate proceeding has recently assigned Channel 3 to Ainsworth, Nebraska (Docket No. 11830). We do not believe that the allocation of two VHF channels to Ainsworth, a community of 2,150 persons, would be warranted. The Commission is of the view, however, that rule making proceedings should be instituted in order that all interested parties may submit their views and relevant data on the following:

City	Channel No.	
	Present	Proposed
Hay Springs, Nebr.....	8	4+
North Platte, Nebr.....	2-, 4+	2-, 9+

5. Any interested party who is of the view that the proposed amendment should not be adopted, or should not be adopted in the form set forth herein, may file with the Commission on or before May 1, 1957, a written statement setting forth his comments. Comments supporting the proposed amendment may also be filed on or before the same date. Comments in reply to original comments may be filed within 10 days from the last date for filing said original comments. No additional comments may be filed unless (1) specifically requested by the Commission or (2) good cause for the filing of such additional comments is established.

6. Authority for the adoption of the amendment proposed herein is contained in sections 1, 4 (i) and (j), 301, 303 (a), (b), (c), (d), (e), (f), (g), (h) and (r) and 307 (b) of the Communications Act of 1934, as amended, and Section 4 of the Administrative Procedure Act.

7. In accordance with the provisions of § 1.764 of the rules, an original and 14 copies of all written comments shall be furnished the Commission.

[Docket No. 11988; FCC 57-344]

TELEVISION BROADCAST STATIONS

TABLE OF ASSIGNMENTS, BUFFALO-NIAGARA FALLS, N. Y.

1. Notice is hereby given of proposed rule making in the above-entitled matter.

2. The Commission has before it for consideration a petition filed on March 7, 1957 by Frontier Television, Inc., requesting an amendment of § 3.606, Table of Assignments, Television Broadcast Stations, so as to substitute Channel 29+ for Channel 59 in Buffalo-Niagara Falls, New York as follows:

City	Channel No.	
	Present	Proposed
Buffalo-Niagara Falls, N. Y. ¹	2, 4- 7+, 59	2, 4- 7+, 29+

¹ See § 3.606 for other assignments in Buffalo, N. Y.

This proposal also involves the substitution of Channel 59 for Channel 29+ in Niagara Falls, Ontario. The Canadian authorities have agreed to this exchange of channels. Petitioner further requests that the Commission order it to show cause why its outstanding authorization for Station WNYT-TV should not be modified to specify operation on Channel 29 instead of Channel 59.

3. In support of its request Frontier Television submits that it is, the permittee of television Station WNYT-TV,

authorized to construct on Channel 59 in Buffalo, New York and that there is one other UHF station in addition to two VHF stations in operation in the area. Petitioner urges that in order to be successful in such a market, a UHF station must keep its investment to a minimum figure; that it has an opportunity to purchase the old equipment of WBUF-TV at a reasonable price, much of which can be utilized for a low UHF channel since it was designed for Channel 17; that the proposal is in conformance with the Rules; and that it would facilitate the establishment of another UHF station in the area.

4. The Commission is of the view that rule making proceedings should be instituted in this matter in order that interested parties may submit their views and relevant data.

5. Authority for the adoption of the amendment proposed herein is contained in sections 4 (i), 301, 303 (c), (d), (f) and (r) and 307 (b) and 316 of the Communications Act of 1934, as amended.

6. Any interested party who is of the view that the proposed amendment should not be adopted, or should not be adopted in the form set forth herein, may file with the Commission on or before April 15, 1957, a written statement setting forth his comments. Comments supporting the proposed amendments may also be filed on or before the same date. Comments in reply to original comments may be filed within 10 days from the last date for filing said original comments. No additional comments may be filed unless (1) specifically requested by the Commission or (2) good cause for the filing of such additional comments is established.

7. Frontier Television, Inc. is presently authorized to construct a television station on Channel 59 at Buffalo, New York and the rule making proposed herein would delete this assignment. In the event the Commission decides to amend the Rules as proposed, the Commission will determine what further steps should be taken in light of this outstanding authorization.

8. In accordance with the provisions of § 1.764 of the Commission's rules and regulations, an original and 14 copies of all statements, briefs, or comments shall be furnished the Commission.

Adopted: April 3, 1957.

Released: April 5, 1957.

MISCELLANEOUS RULES RELATING TO COMMON CARRIERS

CHARGES FOR UNITED STATES GOVERNMENT TELEGRAPH COMMUNICATIONS

1. Notice is hereby given of proposed rule making in the above-entitled matter.

2. It is proposed to amend § 64.310 term of Subpart C, United States Government Foreign and Overseas Telegraph Communications, of Part 64 of the Commission's Rules and Regulations, to read as follows:

§ 64.310 Term. The provisions of this subpart shall continue in effect through June 30, 1958, unless changed by order of the Commission.

Reason for change. It is necessary under the applicable cable landing licenses that the Commission act annually, and the section in its present form provides that the provisions of Subpart C shall continue in effect through June 30, 1957.

3. No changes are now being proposed in the other provisions of Subpart C.

4. The proposed amendment is issued under authority of sections 4 (i) and 601 (b) of the Communications Act of 1934, as amended, and pursuant to the provisions of the permits or licenses granted by the President of the United States, giving the Postmaster General authority to fix rates and charges for United States Government telegraph communications transmitted by any carrier or carriers subject to the terms of such permits or licenses, which authority was transferred to the Commission by section 601 (b) of the Communications Act.

5. Any interested person who is of the opinion that the proposed amendment should not be adopted, or should not be adopted in the form set forth herein, may file with the Commission on or before April 30, 1957 written data, views or arguments setting forth his comments. Comments in support of the proposed amendment may also be filed on or before the same date. Comments in reply to the original comments may be filed within 10 days from the last day for filing said original data, views or arguments. No additional comments may be filed unless (a) specifically requested by the Commission or (b) good cause for fil-

ing of such additional comments is established. The Commission will consider all such comments prior to taking final action in this matter, and if comments are submitted warranting oral argument, notice of the time and place of such oral argument will be given.

6. In accordance with the provisions of § 1.764 of the Commission's rules, an original and 14 copies of all statements, briefs or comments shall be furnished the Commission.

TERMINATION OF APPROVAL OF EQUIPMENT

By virtue of the authority vested in me as Commandant, United States Coast Guard, by Treasury Department Order

No. 120, dated July 31, 1950 (15 F. R. 6521), and Treasury Department Order 167-14, dated November 26, 1954 (19 F. R. 8026), and in compliance with the authority cited with each item of equipment, the following approvals of equipment are terminated because (1) the manufacturer is no longer in business; or (2) the manufacturer does not desire to retain the approval; or (3) the item is no longer being manufactured; or (4) the item of equipment no longer complies with present Coast Guard requirements; or (5) the approval has expired. Except for those approvals which have expired, all other terminations of approvals made by this document shall be made effective upon the thirty-first day after the date of publication of this document in the FEDERAL REGISTER. Notwithstanding this termination of approval of any item of equipment as listed in this document, such equipment in service may be continued in use so long as such equipment is in good and serviceable condition.

POST OFFICE DEPARTMENT

CURTAILMENT OF CERTAIN POSTAL SERVICES

A. The following is the text of Order No. 56314 of the Postmaster General dated April 5, 1957:

Because of factors beyond the control of the Department, sufficient funds are not available to provide normal postal services during the final quarter of the fiscal year ending June 30, 1957.

Effective April 6, 1957, the purchase of equipment for the maintenance and extension of city and rural mail delivery, labor saving equipment, and post office supplies will be curtailed by not less than \$3 million for the balance of the current fiscal year. All postal units will operate within existing inventories of supplies and equipment to the maximum extent.

As will be separately specifically directed, the following general curtailments will be made effective as stated, unless funds become available:

1. Commencing April 13, 1957, post offices will be closed to the public on all Saturdays and Sundays.

2. Effective April 13, 1957, all city, village and rural delivery service will be discontinued on Saturdays, except special delivery messenger service.

3. No third class mail, except certain medical items, will be accepted effective April 29, 1957.

4. Window service at post offices, except fourth class offices, will be limited to 8½ hours per day beginning April 15, 1957.

5. Deliveries to business areas will be restricted to a maximum of two per day also effective April 15, 1957.

6. Reimbursement to employees for purchases of uniforms for the balance of the quarter will be suspended. The mandatory date of April 22, 1957, for wearing items of uniform in conformity with new specifications will be extended to 30 days after the resumption of allowance payments.

7. The issuance of money orders will be suspended at all offices of the first and second class effective April 29, 1957.

Detailed instructions to effect the above will be issued by the Deputy Postmaster General.

B. The following are the instructions of the Deputy Postmaster General implementing Postmaster General Order No. 56314 of April 5, 1957, curtailing certain postal services:

Revision of window service. (1) Effective April 15, 1957, at all offices, except those of the fourth class, window service will be restricted to 8½ continuous hours during the business portion of the day. For example, from 8:30 a. m. to 5:00 p. m., or such other period of 8½ total hours as the local conditions may dictate. This schedule does not apply to firm callers and lock box patrons in the delivery of mail. In all cases exclusive money order and postal savings windows shall be open only from 9:00 a. m. to 5:00 p. m.

Saturday and Sunday service effective beginning April 13, 1957. (1) All post offices of the first, second and third

classes, including classified stations and branches, will be closed to the public on Saturdays and Sundays.

(2) All City, Village, and Rural Delivery Service will be discontinued on Saturdays. This does not apply to Special Delivery Messenger Service.

(3) Saturday Collection Service will operate on Sunday schedules. At offices where no collection is now made on Sunday, one collection shall be made on Saturday to connect with the principal dispatch.

(4) Distribution will be restricted to first-class mail and daily newspapers to the extent that all outgoing mail will be promptly dispatched and all incoming will be ready for carrier delivery on Monday morning. Nonpreferential mail accumulated on Saturdays and Sundays shall be delivered within the next five days, preference to be given parcel post.

Reduction in business deliveries; Monday through Friday. (1) Where more than two deliveries are being made, immediate action shall be taken, effective April 15, 1957, to reduce the deliveries to two trips per day. Surplus time of carriers shall be used to eliminate overtime and to reduce night differential and auxiliary time.

Drastic cut in third-class mail. (1) Effective April 29 no third-class matter will be accepted for mailing except medicines, serums, drugs and medical supplies.

Reduction in money order service. (1) Sale of money orders to the public will be discontinued at first- and second-class post offices, including all classified and contract stations and branches, effective April 29, 1957. Instructions will follow.

Utilization of employees. (1) Since the objective of the foregoing instructions is to reduce expenditures as sharply as possible, postmasters and PTS officials are directed to utilize all regular (annual rate) employees in the most efficient manner possible. Service curtailments will permit immediate reductions in number of temporaries employed and in hours of substitutes.

(2) Rural Carriers normally scheduled for Saturday service shall be used to the extent of their normal hours in work to reduce auxiliary clerk hire or in casing their mail for Monday delivery. Utility carriers will be used to the maximum extent possible to reduce auxiliary hire.

(3) Distribution of city mail in railway post offices arriving on Saturday morning will be considered accommodation distribution. Whenever possible without delaying other mail, city distributor assignments in such units will be omitted either by granting leave without replacement to regular employees who request it, or assignment of such regular employees to perform service equivalent to the trip value in other road assignments, terminals and airport mail facilities.

Suspension of uniform allowance payments. (1) Effective April 15, 1957, reimbursement to employees for purchases of items of uniform under Part 722 of the Postal Manual is suspended. This suspension of uniform allowance payments

will continue through June 30, 1957, unless funds become available earlier. Requests for reimbursement to Regional Controllers which were mailed prior to midnight April 14, 1957, will be honored. In addition, reimbursements will be made to the extent of any unexpended balance which an employee has to his credit on the date of this order provided his current uniform year ends prior to July 1, 1957.

(2) In recognition of the problem created by this necessary suspension of allowance payments, the mandatory date of April 22, 1957, for wearing items of uniform in conformity with the new specifications is extended to 30 days after the resumption of allowance payments. Thereafter, only items in conformity with the revised styling and new specifications may be worn.

Curtailment of procurement; equipment and supplies. (1) Effective immediately all Contracting Officers will limit local procurement to maintenance of essential equipment required for moving the mails. Payment of drayage to avoid demurrage is authorized. Purchase of housekeeping items either from local sources or GSA stores stock is not authorized.

(2) No local procurement order may be issued by a Contracting Officer in excess of existing authority and procurement may not be divided into more than one order to circumvent the limitations.

(3) Requisitions for supplies from Supply Centers shall be limited to minimum essential requirements. Accumulation of local inventories of any supplies will be avoided.

Sec. 23: N $\frac{1}{2}$, SW $\frac{1}{4}$.

2. The area described contains 4,867 acres, more or less. The lands in T. 29 N., R. 41 E. are located approximately 40 miles southwest of Battle Mountain, Nevada in northern Lander County, Nevada. The land is relatively flat but contains no known source of water for irrigation of crops. Its chief value is limited grazing, the vegetation being mostly alkaline tolerant plants such as greasewood and saltgrasses.

The lands in T. 14 S., R. 67 E. are located approximately 8 miles northeast of Glendale, Nevada in Clark County. It is on the southern end of the Morron Mesa, and is relatively level. Because of a lack of water, the land is unsuitable for crop production. It is non-timbered, and contains sparse stands of desert browse and grasses. It is best suited to the limited grazing of livestock.

The lands in T. 40 N., R. 39 E. are located approximately 9 miles southwest of the town of Paradise Valley in Humboldt County, Nevada. They are sloping lands lying at an elevation of 4,600 feet. Vegetation consists chiefly of sage brush and cheatgrass but contains no timber.

The land is chiefly valuable for the grazing of livestock.

The lands in T. 42 N., R. 36 E. are located approximately 6 miles southwest of Orobada, lying at an elevation of 4,200 feet. Vegetation consists chiefly of buckbrush, sagebrush, greasewood, rabbitbrush, saltgrass and annual weeds. The land is chiefly valuable for grazing.

The lands in T. 43 N., R. 37 E. are located approximately 4 $\frac{1}{2}$ miles northwest of Orovada at an elevation of approximately 4,200 feet. Vegetation consists chiefly of sagebrush, rabbitbrush and cheatgrass, and is chiefly valuable for the grazing of livestock.

The lands in T. 35 N., R. 58 E. are located approximately 20 miles east of Elko, Nevada, and one mile northwest of Halleck, Nevada. The land is valuable only for the grazing of livestock and cannot be farmed due to a lack of water. Vegetation consists of sagebrush, rabbitbrush, annual grasses and weeds.

The lands in T. 34 N., R. 65 E. are located approximately 28 miles southeast of Wells, Nevada. They are valuable only for the grazing of livestock due to adverse topography and lack of water. Vegetation consists of a sparse stand of brush and grass.

The lands in T. 32 N., R. 50 E. are located approximately 13 miles west of Carlin, Nevada. The land is valuable only for the grazing of livestock and cannot be cultivated due to adverse topography and a lack of water. Vegetation consists of sagebrush, rabbitbrush, annual and perennial grasses and weeds.

The lands in T. 36 N., R. 62 E. are located approximately 9 miles south of Wells, Nevada. They are valuable only for the grazing of livestock due to adverse topography and a lack of water. Vegetation consists of white sage, black sage and other desert grass.

The lands in T. 35 N., R. 63 E. are located approximately 18 miles southwest of Wells, Nevada. This land is valuable only for a limited grazing of livestock and is not suitable for cultivation due to a lack of water and heavy alkali soils. Vegetation consist of halogeton and weeds and a sparse stand of grass.

3. No application for these lands will be allowed under the homestead, desert land, small tract, or any other non-mineral public land law, unless the lands have already been classified as valuable or suitable for such type of application, or shall be so classified upon consideration of an application. Any application that is filed will be considered on its merits. The lands will not be subject to occupancy or disposal until they have been classified.

4. Subject to any existing valid rights and the requirements of applicable law, the lands described in paragraph 1 hereof, are opened to filing of applications, selections, and locations in accordance with the following:

a. Applications and selections under the nonmineral public land laws and applications and offers under the mineral leasing laws may be presented to the Manager of the land office, beginning on the date of this order. Such applications, selections and offers will be considered as filed on the hour and respective

dates shown for the various classes enumerated in the following paragraphs:

(1) Applications by persons having prior existing valid settlement rights, preference rights conferred by existing laws, or equitable claims subject to allowance and confirmation will be adjudicated on the facts presented in support of each claim or right. All applications presented by persons other than those referred to in this paragraph will be subject to the applications and claims mentioned in this paragraph.

(2) All valid applications by qualified veterans of World War II or of the Korean Conflict, and by others entitled to preference rights under the act of September 27, 1944 (58 Stat. 747; 43 U. S. C. 279-284 as amended), presented prior to 10:00 a. m. on May 4, 1957, will be considered as simultaneously filed at that hour. Rights under such preference right applications filed after that hour and before 10:00 a. m. on August 3, 1957, will be governed by the time of filing.

(3) All valid applications and selections under the nonmineral public land laws, other than those coming under paragraphs (1) and (2) above, and applications and offers under the mineral leasing laws, presented prior to 10:00 a. m. on August 3, 1957, will be considered as simultaneously filed at that hour. Rights under such applications and selections filed after that hour will be governed by the time of filing.

Persons claiming veterans' preference rights under paragraph (2) above, must enclose with their applications proper evidence of military or naval service, preferably a complete photostatic copy of the certificate of honorable discharge. Persons claiming preference rights based upon valid settlement, statutory preference, or equitable claims must enclose properly corroborated statements in support of their applications, setting forth all facts relevant to their claim. Detailed rules and regulations governing applications which may be filed pursuant to this notice can be found in Title 43 of the Code of Federal Regulations.

b. The lands will be open to location under the United States mining laws, beginning 10:00 a. m., August 3, 1957.

5. Inquiries concerning these lands shall be addressed to the Manager, Nevada Land Office, P. O. Box 1551, Reno, Nevada.

JAMES E. KEOGH, Jr.,
Manager, Land Office.

[73843]

APRIL 5, 1957.

I concur. The records of the Bureau of Land Management will be noted accordingly.

1. The lands in T. 15 S., R. 12 E., are located approximately 12 miles west of the city of El Centro, California. They are accessible by an unimproved dirt road leading north 1.5 miles from Dixieland, which is situated 12 miles west of El Centro on U. S. Highway 80. The lands in T. 16 S., R. 16 E., are situated approximately 8 miles southeast of the town of Holtville, and about 3.5 miles east of the Verde Elementary School. They are covered with sand dunes ranging from small hummocks to about 15 feet in height. The general elevation is about 40 feet above sea level. The soil is principally a fine sand silt, which supports a vigorous growth of creosote bush and mesquite.

2. No application for the lands may be allowed under the homestead, desert-land, small tract, or any other nonmineral public-land law unless the lands have already been classified as valuable

or suitable for such type of application, or shall be so classified upon the consideration of an application. Any application that is filed will be considered on its merits. The lands will not be subject to occupancy or disposition until they have been classified.

3. Subject to any valid existing rights and the requirements of applicable law, the lands are hereby opened to filing of applications, selections, and locations in accordance with the following:

a. Applications and selections under the nonmineral public-land laws may be presented to the Manager mentioned below, beginning on the date of this order. Such applications and selections will be considered as filed on the hour and respective dates shown for the various classes enumerated in the following paragraphs:

(1) Applications by persons having prior existing valid settlement rights, preference rights conferred by existing laws, or equitable claims subject to allowance and confirmation will be adjudicated on the facts presented in support of each claim or right. All applications presented by persons other than those referred to in this paragraph will be subject to the applications and claims mentioned in this paragraph.

(2) All valid applications under the Homestead, Desert Land, and Small Tract Laws by qualified veterans of World War II or of the Korean Conflict, and by others entitled to preference rights under the act of September 27, 1944 (58 Stat. 747; 43 U. S. C. 279-284 as amended), presented prior to 10:00 a. m. on May 11, 1957, will be considered as simultaneously filed at that hour. Rights under such preference right applications filed after that hour and before 10:00 a. m. on August 10, 1957, will be governed by the time of filing.

(3) All valid applications and selections under the nonmineral public-land laws, other than those coming under paragraphs (1) and (2) above, presented prior to 10:00 a. m. on August 10, 1957 will be considered as simultaneously filed at that hour. Rights under such applications and selections filed after that hour will be governed by the time of filing.

4. Persons claiming veterans preference rights must enclose with their applications proper evidence of military or naval service, preferably a complete photostatic copy of the certificate of honorable discharge. Persons claiming preference rights based upon valid settlement, statutory preference, or equitable claims must enclose properly corroborated statements in support of their claims. Detailed rules and regulations governing applications which may be filed pursuant to this notice can be found in Title 43 of the Code of Federal Regulations.

5. The lands have been open to applications and offers under the mineral-leasing laws. They will be open to location under the U. S. mining laws beginning at 10:00 a. m. on August 10, 1957.

Inquiries concerning the lands shall be addressed to the Manager, Land Office,

Bureau of Land Management, Los Angeles, California.

SUGARCANE WAGES AND PRICES IN FLORIDA

NOTICE OF HEARING AND DESIGNATION OF PRESIDING OFFICERS

Pursuant to the authority contained in subsections (c) (1) and (c) (2) of section 30 of the Sugar Act of 1948, as amended (61 Stat. 929; 7 U. S. C. Sup. 1131), and in accordance with the rules of practice and procedure applicable to fair price proceedings (7 CFR 802.1 et seq), notice is hereby given that a public hearing will be held in Clewiston, Florida, in the Sugarland Park Auditorium on May 9, 1957, beginning at 10:00 a. m.

The purpose of this hearing is to receive evidence which may be of assistance to the Secretary of Agriculture in determining (1) pursuant to the provisions of section 301 (c) (1) of the act, fair and reasonable wage rates for persons employed in the production, cultivation, or harvesting of sugarcane in Florida during the period July 1, 1957 through June 30, 1958, on farms with respect to which applications for payment under the act are made, and (2) pursuant to the provisions of section 301 (c) (2) of the act, fair and reasonable prices for the 1957 crop of sugarcane to be paid, under either purchase or toll agreements, by producers who process sugarcane grown by other producers and who apply for payments under the act.

In the interest of obtaining the best possible information, all interested persons are requested to appear at the hearing to express their views and present appropriate data in regard to wages and prices.

The hearing, after being called to order at the time and place mentioned herein, may be continued from day to day within the discretion of the presiding officers and may be adjourned to a later day or to a different place without notice other than the announcement thereof by the presiding officers.

Ward S. Stevenson and Charles F. Denny are hereby designated as presiding officers to conduct either jointly or severally the foregoing hearing.

Issued this 5th day of April 1957.

Federal Maritime Board

[Docket No. S-72]

ISTHMIAN LINES, INC.

OPERATING-DIFFERENTIAL SUBSIDY AGREEMENT; NOTICE OF HEARING

Notice is hereby given that a public hearing will be held under sections 605 (c) and 805 (a) of the Merchant Marine Act, 1936, as amended, upon an application of Isthmian Lines, Inc., for an operating-differential subsidy agreement on the following-described services:

ROUND-THE-WORLD WESTBOUND SERVICE

From United States Atlantic ports via the Panama Canal, completing loading at California ports, and thence to ports in the Far East (the Philippines and the Continent of Asia from the Union of Soviet Socialist Republics to Siam, inclusive) with the privilege of carrying cargo from U. S. Atlantic ports to Hawaii and Hawaiian cargo exports onward, Indonesia and Malaya (including Singapore), Southwest Asia (Suez to Burma, inclusive, and in Africa on the Red Sea and the Gulf of Aden), and the Mediterranean (when the Suez Canal is available), returning to Eastern Canadian ports and United States Atlantic ports via Suez Canal when available otherwise via Cape of Good Hope—24 to 36 sailings per year, of which 6 to 12 sailings per year would turn at Indonesia-Malaya and return to United States Atlantic ports via the Philippines, Hawaii and the Panama Canal.

INDIA-PAKISTAN-CEYLON SERVICE

TRADE ROUTE NO. 18

Between United States Gulf and Atlantic ports, via the Suez Canal (when available, otherwise via Cape of Good Hope), and ports on the Red Sea and Gulf of Aden and in Saudi Arabia, Pakistan, India, East Pakistan and Ceylon, with the privilege of calling at ports in the Eastern Mediterranean and Eastern Canada—12 to 24 sailings per year.

PERSIAN GULF SERVICE

TRADE ROUTE NO. 18

Between United States ports via the Suez Canal (when available, otherwise, via the Cape of Good Hope), and ports in Iran, Saudi Arabia, Bahrain Island, Kuwait, Iraq, West Pakistan and India, with the privilege of calling at ports on the Red Sea and Gulf of Aden and in the Eastern Mediterranean and Canada—12 to 24 sailings per year.

The purpose of the hearing under section 605 (c) of the act is to receive evidence relevant to the following: (1)

Whether the application with respect to the operations hereinabove described is one with respect to a vessel or vessels to be operated on a service, route or line, served by citizens of the United States which would be in addition to the existing service or services, and, if so, whether the service already provided by vessels of United States registry in such service, route, or line is inadequate, and in the accomplishment of the purposes and policy of the act, additional vessels should be operated thereon; (2) whether the application covering these operations is one with respect to a vessel operated or to be operated in a service, route or line served by two or more citizens of the United States with vessels of United States registry, and if so, whether the effect of such an agreement would be to give undue advantage or be unduly prejudicial, as between citizens of the United States, in the operation of vessels in competitive services, routes, or lines; and (3) whether it is necessary to enter into an agreement covering these operations in order to provide adequate service by vessels of United States registry.

An issue of the proceeding will be whether the Board should grant the written permission sought under section 805 (a) of the act to permit (a) the Applicant to operate a joint service with Matson Navigation Company between U. S. Atlantic and Gulf ports and ports in Hawaii; (b) the Applicant to load inbound cargo from Hawaii to U. S. Atlantic and/or Gulf ports on voyages inbound from the Far East; (c) the Applicant to carry cargoes from U. S. Atlantic ports to Hawaii with its Round-the-World vessels; and (d) the Applicant's parent companies, States Marine Corporation and States Marine Corporation of Delaware, to operate two intercoastal services, one between U. S. Gulf and U. S. Pacific ports, and the other, confined to lumber, eastbound from U. S. Pacific ports to U. S. Atlantic ports as part of its Tri-Continent Service.

The purpose of the hearing under section 805 (a) of the act is to receive evidence relevant to whether the Applicant and/or its parent companies, States Marine Corporation and States Marine Corporation of Delaware, or predecessors in interest were in bona fide operation as common carriers by water in the domestic intercoastal or coastwise services as described above in 1935 over the routes for which application is made and have so operated since that time, except as to interruptions to service over which the Applicant, its parent companies, or predecessors in interest, had no control, and if not (a) whether granting such application will result in unfair competition to any person, firm or corporation operating exclusively in the coastwise or intercoastal service or (b) would be prejudicial to the objects and policy of the act.

The hearing will be before an Examiner, at a time and place to be announced, in accordance with the Federal Maritime Board's Rules of Practice and Procedure and a recommended decision will be issued.

All persons (including individuals, corporations, associations, firms, part-

nerships, and public bodies) desiring to intervene in the proceeding are requested to notify the Secretary of the Federal Maritime Board within fifteen (15) days from publication hereof, and should promptly file petitions for leave to intervene in accordance with said rules of practice and procedure.

Dated: April 4, 1957.

By Order of the Federal Maritime Board.

List of changes, Proposed changes and Corrections in Assignments of Canadian Broadcast Stations Modifying Appendix containing assignments of Canadian Broadcast Stations (Mimeograph 47214-3) attached to the Recommendations of the North American Regional Broadcasting Agreement Engineering Meeting January 30, 1941.

[FCC 57-333; Docket No. 11922]

**CLASS B FM BROADCAST STATIONS
AMENDMENT TO REVISED TENTATIVE
ALLOCATION PLAN**

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 3d day of April 1957;

The Commission having under consideration a proposal to amend the Revised Tentative Allocation Plan for Class B FM Broadcast Stations in the following manner:

General area	Channels	
	Delete	Add
Worcester, Mass.	236	271
Holyoke-Springfield, Mass.	270	-----
Hartford, Conn.	291	290
Bay Shore, N. Y.	290	291
Boston, Mass.	290	-----
Albany, N. Y.	290	-----
Keene, N. H.	282	300
Mt. Washington, N. H.	283	241

It appearing, that Notice of Proposed Rule Making (FCC 57-78) setting forth the above amendment was issued by the Commission on January 24, 1957, and was duly published in the FEDERAL REGISTER (22 F. R. 585), which notice provided that interested parties might file statements or briefs with respect to the said amendment on or before February 25, 1957; and

It further appearing, that the two comments received in the matter, from Station WCRB-FM, Waltham, Massachusetts, and the General Broadcasting Corporation, both requested that Channel 271 not be added to the Worcester allocations. Station WCRB-FM pointed out that a station operating on Channel 271 in Worcester would interfere with reception of the WCRB-FM programs there; and the General Broadcasting Corporation pointed out that such a station in Worcester would interfere with reception of the programs of its Station WTMH (FM), Providence, Rhode Island, in the Worcester area. Since allocation of Channel 271 to Worcester is in accordance with the Commission's allocation standards, and inasmuch as no other channel has been suggested in its place, and as it appears that any channel allocated there will require a deletion of a channel from some other city in the area, and addition of Channel 271 in Worcester will leave that city with the same number of channels now allocated to it, it is the Commission's opinion that Channel 271 should be allocated to Worcester to replace Channel 236 to be deleted.

It further appearing, that the proposed changes in Hartford, Connecticut; Bay Shore, New York; Boston, Massachusetts; and Albany, New York, were to be made to permit assignment of Channel 290 to Station WFMQ, Hartford, and to insure its reception in New York City, Boston, and Albany, without interference from stations on this same channel in those cities; that an application, File No. BPH-2198, was received by the Commission April 1, 1957, for a new Class B station in Patchogue, New York,

for operation on Channel 290; that inasmuch as Patchogue is approximately 15 miles from Bay Shore, it is considered within the Bay Shore area for allocation purposes; that the Patchogue applicant is aware of the proposal to substitute Channel 291 for 290 in Bay Shore and has stated with the application that assignment of either channel is acceptable; and that use of either channel in Patchogue will result in no objectionable interference with other existing stations, pending applications, or vacant allocations in the area.

It further appearing, that authority for the adoption of the proposed amendment is contained in sections 4 (i), 301, 303 (c), (d), (f), and (r), and 307 (b) of the Communications Act of 1934, as amended.

It is ordered, That effective immediately, the Revised Tentative Allocation Plan for Class B FM Broadcast Stations is amended as follows in respect to the following listed cities:

General area	Channels	
	Delete	Add
Worcester, Mass.	236	271
Holyoke-Springfield, Mass.	270	-----
Hartford, Conn.	291	290
Bay Shore, N. Y.	290	291
Boston, Mass.	290	-----
Albany, N. Y.	290	-----
Keene, N. H.	282	300
Mt. Washington, N. H.	283	241

Released: April 5, 1957.

TRANSCONTINENT GAS PIPE LINE CORP.
AND J. P. OWEN

NOTICE OF APPLICATION AND DATE OF
HEARING

APRIL 4, 1957.

Take notice that on December 17, 1956, Transcontinent Gas Pipe Line Corporation (Transco), a Delaware corporation, with its principal office at Houston, Texas, filed an application for a certificate of public convenience and necessity, pursuant to section 7 of the Natural Gas Act, authorizing it to construct and operate approximately 0.9 of a mile of 4½-inch O. D. pipeline extending northerly from a point of connection with Transco's existing 6-inch South Duson lateral to a proposed meter station together with appurtenant. All facilities to be located in or near the Southeast Rayne Field, Lafayette Parish, Louisiana. The proposed facilities will be used to effectuate delivery of natural gas purchased from J. P. Owen (Operator). The estimated total cost of the proposed facilities is \$40,000, which cost is to be financed from company funds.

On December 17, 1956, J. P. Owen, an independent producer, of Overton, Texas, as Operator filed an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, authorizing him to sell natural gas in interstate commerce to Transco, a natural gas company, for resale. The gas to be sold as aforesaid is produced by J. P. Owen as operator of leases on lands located in the Southeast Rayne Field, Lafayette Parish, Louisiana, all as more fully represented in the application on file in the Commission and open to public inspection.

These related matters should be heard on a consolidated record and disposed of as promptly as possible under the applicable rules and regulations, and to that end:

Take further notice, that pursuant to the authority contained in and subject to the jurisdiction conferred upon the

Federal Power Commission by sections 7 and 15 of the act, and the Commission's rules of practice and procedure, a hearing will be held on April 29, 1957, at 9:30 a. m., e. d. s. t., in a hearing room of the Federal Power Commission, 441 G Street NW., Washington, D. SUNNYLAND CONTRACTING CO., INC., ET AL.

NOTICE OF APPLICATIONS AND DATE OF
HEARING

APRIL 4, 1957.

In the matters of Sunnyland Contracting Company, Inc., Operator, et al., Docket No. G-11546; Transcontinental Gas Pipe Line Corporation, Docket No. G-11601.

Take notice that on December 14, 1956, Transcontinental Gas Pipe Line Corporation (Transco) filed in Docket No. G-11601 an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, authorizing the construction and operation of a 4-inch tap to be installed at Milepost 738.0 on its existing 30-inch main transmission line in Jones County, Mississippi, in order to purchase and receive natural gas from Sunnyland Contracting Company, Inc., Operator (Sunnyland), et al., produced in the Sharon Field, Jones and Jasper Counties, Mississippi. Transco states that the estimated total initial cost of the proposed tap is \$2,900, which cost is to be financed from corporate funds.

On November 28, 1956, Sunnyland et al. filed in Docket No. G-11546 an

¹ Et al. includes Byron Alexander, Horace Huerto Hines, John Player, Delta Royalty Co., Inc., Alleta Billups Saunders, G. C. Billups, St., W. L. Billups, Mrs. Ethyl E. Stanford and Margaret Yeates Mellen, all of whom, together with Sunnyland, are signatory seller parties to the contract involved and are co-owners of the Sunnyland Wilson Unit in the Sharon Field.

application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, covering the above sale of gas to Transco.

Sunnyland's facilities consist of customary lease equipment and field lines. Proposed deliveries will be made at Transco's proposed tap.

Sunnyland is filing for its 100 percent interest in the Sunnyland Hyco Jasper County Board of Supervisors Unit, and for its interest and the interests of the other co-owners of the Sunnyland Wilson Unit, as listed in its subject application, and as operator of both units in the Sharon Field.

Transco will transport the gas received from Sunnyland commingled with its other gas supplies for sale in other States.

These related matters should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's Rules of Practice and Procedure, a hearing will be held on May 2, 1957, at 9:30 a. m., e. d. s. t., in a hearing room of the Federal Power Commission, 441 G Street NW., Washington, D. [Docket No. G-12338]

MAGNOLIA PETROLEUM CO.

ORDER SUSPENDING PROPOSED CHANGES
IN RATES

Magnolia Petroleum Company (Magnolia) on March 5, 1957, tendered for filing proposed changes in its presently effective rate schedule for sales subject to the jurisdiction of the Commission. The proposed changes are contained in the following designated filing:

Description: Notice of change, undated.
Purchaser: Phillips Petroleum Company.

Rate schedule designation: Supplement No. 9 to Magnolia's FPC Gas Rate Schedule No. 67.

Effective date: April 5, 1957.¹

Supplement No. 9 to Magnolia's FPC Gas Rate Schedule No. 67 includes increases in the base rates for gas sold as well as related increases and decreases in the Texas occupation tax applicable thereto. This order pertains only to the proposed increases in the base rate for gas sold and decreases reflected by changes in the Texas occupation tax.

In support of the proposed increased rates, Magnolia states that a long term contract was entered into in good faith as the result of arm's-length negotiations. Magnolia also states that to deny the increased prices, which were based upon the "supply and demand formula", would result in a shortage of gas. Magnolia further states that the increasing costs of exploration, production, and processing of natural gas with depletion of reserves, requires additional revenue.

The increases and decreases in the rates and charges proposed in the aforesaid filing have not been shown to be justified, and may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the said proposed changes, and that the above-designated supplement, only insofar as the designated supplement pertains to proposed increases in the base rate for gas sold and decreases reflected by changes in the Texas occupation tax, be suspended and the use thereof deferred as hereinafter ordered.

The Commission orders:

(A) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 15 thereof, the Commission's Rules of Practice and Procedure, and the Regulations under the Natural Gas Act (18 CFR, Chapter I), a public hearing be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of said proposed changes in rates and charges; and, pending such hearing and decision thereon, the above designated supplement, only insofar as it pertains to proposed increases in the base rate for gas sold and decreases reflected by changes in the Texas occupation tax, be and the same are hereby suspended and the use thereof deferred until April 6, 1957, and until such further time as it is made effective in the manner prescribed by the Natural Gas Act.

(B) Neither the supplement hereby suspended nor the rate schedule sought to be altered shall be changed until this proceeding has been disposed of, or until the period of suspension has expired, unless otherwise ordered by the Commission.

(C) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the Commission's Rules of

¹ The stated effective date is the first day after expiration of the required thirty days notice, or the effective date proposed by Magnolia, if later.

Practice and Procedure (18 CFR 1.8 and 1.37 (f)).

Issued: April 4, 1957.

By the Commission.

PAN AMERICAN PRODUCTION CO. ET AL.

NOTICE OF APPLICATIONS AND DATE OF
HEARING

APRIL 4, 1957.

In the matters of Pan American Production Company, Docket Nos. G-6976, G-6977, G-6978, G-6979, G-6980, G-6981, G-6982, G-6983, G-6985, G-6986, G-6987, and G-6988; Pan American Production Company and Pan American Petroleum Corporation,¹ Docket No. G-11405.

Take notice that Pan American Production Company (Production) and Pan American Petroleum Corporation (Petroleum), Delaware corporations with places of business in Tulsa, Oklahoma, filed a joint application in Docket No. G-11405 on August 17, 1956, for authority pursuant to section 7 of the Natural Gas Act to substitute, abandon and render service as hereinafter described, subject to the jurisdiction of the Commission, all as more fully represented in the application which is on file with the Commission and open to public inspection.

The joint application in Docket No. G-11405 seeks the following authorizations:

(1) Abandonment of the sales covered by certificates issued to Production in Docket Nos. G-3209, G-3216, G-3660, G-3766 and G-6976 through G-6980, simultaneously therewith, issuance to Petroleum of a certificate authorizing it to continue such sales.

(2) Substitution of Petroleum as Applicant in place of Production in certificate applications in Docket Nos. G-4294, G-4297 through G-4306 and G-10022, and in petitions for certificates and/or declaratory orders in Docket Nos. G-6981, G-6982, G-6983, and G-6985 through G-6988.

(3) Withdrawal of certificate applications in Docket Nos. G-4295, G-4296, and G-6984, or in the alternative, substitution of Petroleum for Production therein.

The application in Docket No. G-11405 states that as the result of a corporate reorganization Production will be merged with Petroleum and Petroleum will be the surviving corporation, and that upon the effective date of said merger, and by virtue thereof, Petroleum will succeed to all properties and rights of Production and will become liable for all its obligations.

RUSSELL MAGUIRE ET AL.

NOTICE OF APPLICATION AND DATE OF HEARING

APRIL 4, 1957.

In the matters of Russel Maguire et al., Docket No. G-11276; Texas Eastern Transmission Corporation, Docket No. G-11420.

Russel Maguire, Individually, and as Trustee for Marina Justine Jane Maguire Trust No. 1, Elizabeth Deane Maguire, Cary McIllwaine Maguire, and for W. O. Heinze, A. N. Spanel, John C. Newington and wife, Barbara Newington (Producer Applicant), with a principal office in New York City, New York, filed an application on October 22, 1956, pursuant to section 7 of the Natural Gas Act, for a certificate of public convenience and necessity authorizing Producer Applicant to sell natural gas in interstate commerce to Texas Eastern Transmission Corporation for resale, subject to the jurisdiction of the Commission, all as more fully represented in the application which is on file with the Commission, and open for public inspection.

Texas Eastern Transmission Corporation (Texas Eastern), a Delaware corporation, with its principal place of business in Shreveport, Louisiana, filed an application on November 5, 1956, as supplemented January 8, 1957, pursuant to section 7 of the Natural Gas Act, for a certificate of public convenience and necessity authorizing the construction and operation of approximately nine miles of 4½-inch O. D. pipe line extending from a point in the Barb-Mag Field, Fort Bend County, Texas, to Texas Eastern's 16-inch Provident City line, together with a main-line tap and appurtenant facilities, subject to the jurisdiction of the Commission, all as more fully represented in the application which is on file with the Commission and open for public inspection.

Texas Eastern proposes to construct and operate facilities for the purpose of purchasing from, and accepting deliveries of natural gas produced by Producer Applicant in the Barb-Mag Field, Fort Bend County, Texas. The contract covering the proposed sale of natural gas, dated August 1, 1956, is for a period of 20 years, and provides among other things for a daily contract quantity of 2,000 Mcf (Original Daily Contract Quantity).

Temporary authorizations were granted Producer Applicant and Texas Eastern on January 22, 1957.

These related matters should be heard on a consolidated record and disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's Rules of Practice and Procedure, a hearing will be held on Tuesday, April 30, 1957, at 9:30 a. m., e. d. s. t., in a hearing room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such applications: *Provided, however,* That the Commission may, after a noncontested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (c) (2) of the Commission's Rules of Practice and Procedure. GIBRALTAR URANIUM AND OIL CO.

ORDER TEMPORARILY SUSPENDING EXEMPTION, STATEMENT OF REASONS THEREFOR, AND NOTICE OF OPPORTUNITY FOR HEARING

APRIL 3, 1957.

I. Gibraltar Uranium and Oil Co., (Gibraltar) a Colorado corporation, 907 Midland Savings Building, Denver, Colorado, having filed with the Commission on June 14, 1955 a notification on Form 1-A and offering circular, relating to an offering of 3,000,000 shares of 1 cent par value common stock at 10 cents per share for an aggregate of \$300,000, and having filed various amendments thereto, for the purpose of obtaining an exemption

from the registration requirements of the Securities Act of 1933, as amended, pursuant to the provisions of section 3 (b) thereof and Regulation A promulgated thereunder; and

II. The Commission having reasonable cause to believe that:

A. The terms and conditions of Regulation A have not been complied with in that:

1. The notification failed to state therein each of the jurisdictions in which the securities were to be offered, as required by Item 1; and

2. Gibraltar has failed to file reports on Form 2-A as required by Rule 224; and

B. The notification and offering circular contain untrue statements of material facts and omit to state material facts necessary in order to make the statements made, in the light of the circumstances under which they are made, not misleading concerning, among other things: the portion of the offering that had been sold; the jurisdictions in which sales had been effected, and the contingent liabilities incurred as a result of previous stock sales.

C. The use of the offering circular referred to hereinabove in connection with the offering of Gibraltar's shares to which the notification related would and did operate as a fraud and deceit upon purchasers.

III. *It is ordered,* Pursuant to Rule 223 (a) of the general rules and regulations under the Securities Act of 1933, as amended, that the exemption under Regulation A be, and it hereby is, temporarily suspended.

Notice is hereby given that any person having any interest in the matter may file with the Secretary of the Commission a written request for a hearing; that, within 20 days after receipt of such request, the Commission will, or at any time upon its own motion may, set the matter down for hearing at a place to be designated by the Commission for the purpose of determining whether this order of suspension should be vacated or made permanent, without prejudice, however, to the consideration and presentation of additional matters at the hearing; and that notice of the time and place of said hearing will be promptly given by the Commission.

BALD EAGLE GOLD MINING CO.

ORDER TEMPORARILY SUSPENDING EXEMPTION, STATEMENT OF REASONS THEREFOR, AND NOTICE OF OPPORTUNITY FOR HEARING

APRIL 4, 1957.

I. Bald Eagle Gold Mining Company, organized under the laws of the State of Arizona, with an address at 701 Third Street, Needles, California, filed with the Commission on June 8, 1953 a Notification on Form 1-A and an Offering Cir-

cular relative to a proposed offering of 250,000 shares of its 10 cents par value common stock at 25 cents per share, for the purpose of obtaining an exemption from the registration requirements of the Securities Act of 1933, as amended, pursuant to the provisions of section 3 (b) thereof and Regulation A promulgated thereunder.

II. The Commission has reasonable cause to believe that the continuance of this offering would act as a fraud upon prospective purchasers in that the Offering Circular contains untrue statements of material facts, and omits to state material facts necessary in order to make the statements made, in light of the circumstances under which they were made, not misleading, in regard to:

A. the identity of the underwriter for the issue, and

B. the method of sale and the identity of the person or persons to whom commissions on sales of its securities are being paid.

III. *It is ordered,* Pursuant to Rule 223 (a) of the general rules and regulations under the Securities Act of 1933, as amended, that the exemption under Regulation A be, and it hereby is, temporarily suspended.

Notice is hereby given, that any persons having any interest in the matter may file with the Secretary of the Commission a written request for hearing; that, within 20 days after receipt of such request, the Commission will, or at any time upon its own motion may, set the matter down for hearing at a place designated by the Commission for the purpose of determining whether this order of suspension should be vacated or made permanent, without prejudice, however, to the consideration and presentation of additional matters at the hearing; and that notice of the time and place of said hearing will be promptly given by the Commission.

[No. 32139]

CENTRAL RAILROAD COMPANY OF NEW JERSEY AND NEW YORK & LONG BRANCH RAILROAD CO.

NEW JERSEY INTRASTATE COMMUTATION FARES

At a session of the Interstate Commerce Commission, Division 2, held at its office in Washington, D. C., on the 4th day of April A. D. 1957.

It appearing that a petition dated March 25, 1957, has been filed on behalf of The Central Railroad Company of New Jersey and The New York and Long Branch Railroad Company, common carriers by railroad engaged, among other things, in the transportation of passengers at commutation fares over their lines in interstate commerce between New York, N. Y., and points in New Jersey, and in intrastate commerce between points in New Jersey;

It further appearing that on December 28, 1956, petitioners filed tariffs with the Interstate Commerce Commission relating to interstate commutation fares which became effective on January 27, 1957, the effect of which was (1) to increase unlimited monthly commutation fares by \$3.00 provided that said unlimited monthly fares did not exceed 42 times the present permissible one-way coach fare; (2) to increase the standard monthly fare to 90 percent of the unlimited monthly commutation fare; (3) to increase the weekly commutation fare to 25 percent of the unlimited monthly commutation fare. Petitioners aver that by reason of the increased interstate fares the intrastate fares now in effect cause undue, unreasonable and unjust discrimination against, and impose an undue burden upon interstate commerce in violation of section 13 (4) of the Interstate Commerce Act; and

It further appearing that the said petition brings in issue fares made or imposed by authority of the State of New Jersey;

It is ordered, That, in response to the said petition, an investigation be, and it is hereby, instituted under Docket No. 32139, entitled as above, and that a hearing be held therein for the purpose of receiving evidence from the respondents hereinafter designated and any other persons interested to determine whether the present New Jersey intrastate commutation fares of The Central Railroad Company of New Jersey and The New York and Long Branch Railroad Company, applicable in the State of New Jersey for the intrastate trans-

portation of persons made or imposed by authority of the State of New Jersey, cause any undue or unreasonable advantage, preference, or prejudice, as between persons or localities in intrastate commerce, on the one hand, and interstate commerce, on the other, or any undue, unreasonable, or unjust discrimination against interstate commerce; and to determine what fares, if any, or what maximum or minimum, or maximum and minimum, fares shall be prescribed to remove the unlawful advantage, preference, prejudice, or discrimination, if any, that may be found to exist;

It is further ordered, That The Central Railroad Company of New Jersey and The New York and Long Branch Railroad Company be, and they are hereby, made respondents to this proceeding, that a copy of this order be served upon said respondents; and that the State of New Jersey be notified of this proceeding by sending copies of this order by registered mail to the Governor of said State and to the Board of Public Utility Commissioners of New Jersey at Trenton, N. J.;

It is further ordered, That notice of this proceeding be given to the public by depositing a copy of this order in the office of the Secretary of the Commission at Washington, D. C., and by filing a copy with the Director, Division of the Federal Register, Washington, D. C.;

And it is further ordered, That this proceeding be, and the same is hereby, assigned for hearing on April 25, 1957, at 9:30 o'clock a. m., U. S. standard time (or 9:30 a. m. local daylight saving time, if that time is observed) at the offices of the Board of Public Utility Commissioners of New Jersey, Room 214 Newark Center Building, 1100 Raymond Boulevard, Newark, N. J., before Examiner Oren G. Barber.

By the Commission, Division 2.
