## Title 7—AGRICULTURE

### Chapter XIV—Commodity Credit Corporation, Department of Agriculture

#### SUBCHAPTER B—LOANS, PURCHASES, AND OTHER OPERATIONS

[Amdt. 1]

#### PART 1464—TOBACCO

##### Subpart—Tobacco Loan Program

The regulations issued by Commodity Credit Corporation, published in 31 F.R. 9679, with respect to the tobacco price support loan program are herein amended as follows:

1. In § 1464.1756 paragraph (d) (1) (iv) is amended to change the time during which price support will be available on untied tobacco in flue-cured tobacco belts other than the Georgia-Florida belt. The amended subdivision reads as follows:

#### § 1464.1756 Availability of price support.

\* \* \* \* \*

(d) \* \* \*

(1) \* \* \*

(iv) In the case of flue-cured tobacco, price support will be available on flue-cured tobacco markets in the Georgia-Florida Belt only if such tobacco is in untied form. During the first 95 hours of scheduled selling time for each flue-cured tobacco belt, other than the Georgia-Florida Belt, price support will be available on eligible tobacco of all grades of tied and untied tobacco. Beginning with the 96th hour of scheduled selling time for each such belt, price support will be available only on eligible tobacco offered for sale in tied form.

2. Section 1464.1762 is amended to clarify the condition for issuance of marketing cards which render a producer ineligible for price support. The amended section reads as follows:

§ 1464.1762 Eligible producer.

(a) All producers of Puerto Rican tobacco are eligible producers, since Puerto Rican tobacco is not under U.S. marketing quotas. Any producer of another kind of tobacco is an eligible producer if, under the applicable regulations of the Secretary of Agriculture with respect to tobacco marketing quotas for the applicable marketing year, a marketing card has been issued for his farm which, (1) if for flue-cured tobacco, does not bear the words "No Price Support," and (2) if for other than flue-cured tobacco, is designated a "Within Quota" marketing card. In general, the marketing quota regulations provide for the issuance of marketing cards designated "Within Quota" or not marked "No Price Support" where the tobacco acreage harvested for each kind of tobacco produced on the farm is not in excess of the applicable acreage allotment established under the marketing quota program for the farm. However, a "Within Quota" marketing card is not issued or a marketing card is marked "No Price Support" where (1) the farm operator fails to comply with provisions of Part 718 of this chapter with respect to disposition of excess acreage or certification of acreage or (2) tobacco is produced on land owned by the Federal Government in violation of the provisions of a lease restricting the production of tobacco.

(b) Marketing quota cards issued pursuant to the Agricultural Adjustment Act of 1938, as amended, when utilized for the purpose of obtaining price support under this subpart, are submitted, and the data in support thereof is reported, under the Agricultural Act of 1949, as amended, and under the Commodity Credit Corporation Charter Act, as amended, and may be utilized as CCC deems necessary or desirable for the conduct of the price support program.

(Sec. 4, 62 Stat. 1070, as amended, sec. 5, 62 Stat. 1072, secs. 101, 106, 401, 403, 63 Stat. 1051, as amended, 1054, sec. 125, 70 Stat. 198, 74 Stat. 6; 7 U.S.C. 1441, 1445, 1421, 1423, 7 U.S.C. 1813, 15 U.S.C. 714b, 714c)

Effective date: Date of filing with Office of Federal Register.

Signed at Washington, D.C., on July 6, 1967.

H. D. GODFREY,  
Executive Vice President,  
Commodity Credit Corporation.

## Title 14—AERONAUTICS AND SPACE

### Chapter I—Federal Aviation Administration, Department of Transportation

[Docket No. 7864; Amdt. 1-13]

#### PART 1—DEFINITIONS AND ABBREVIATIONS

##### Definitions

##### Correction

In F.R. Doc. 67-7527, appearing at page 9640 of the issue for Tuesday, July 4, 1967, in the definition for "operate" in item 1, a comma should appear immediately after the word "owner".

#### SUBCHAPTER F—AIR TRAFFIC AND GENERAL OPERATING RULES

[Reg. Docket No. 8262; Amdt. 95-156]

#### PART 95—IFR ALTITUDES

##### Miscellaneous Changes

The purpose of this amendment to Part 95 of the Federal Aviation Regulations is to make changes in the IFR altitudes at which all aircraft shall be flown over a specified route or portion thereof. These altitudes, when used in conjunction with the current changeover points for the routes or portions thereof, also assure navigational coverage that is adequate and free of frequency interference for that route or portion thereof.

As a situation exists which demands immediate action in the interest of safety, I find that compliance with the notice and procedure provisions of the Administrative Procedure Act is impracticable and that good cause exists for making this amendment effective within less than 30 days from publication.

In consideration of the foregoing and pursuant to the authority delegated to me by the Administrator (24 F.R. 5662), Part 95 of the Federal Aviation Regulations is amended, effective August 17, 1967, as follows:

1. By amending Subpart C as follows:

### SUBCHAPTER E—FELLOWSHIPS AND RESEARCH ASSOCIATES

#### PART 256—RESEARCH ASSOCIATE PROGRAM

Chapter II of Title 15 of the Code of Federal Regulations is amended by changing the title of Subchapter E and by adding a new Part 256, Research Associate Program.

The title of Subchapter E is changed from "Fellowships" to "Fellowships and Research Associates".

A new Part 256, Research Associate Program, is added as follows:

Sec.  
256.1 Introduction.  
256.2 The Research Associate Program.  
256.3 Procedure.  
256.4 Qualifications.  
256.5 Duration of projects.  
256.6 Information concerning the Research Associate Program.

AUTHORITY: Joint Resolution of April 12, 1892 (27 Stat. 395) and Act of March 3, 1901 (31 Stat. 1039; 20 U.S.C. 91).

##### § 256.1 Introduction.

This Part states policies and procedures concerning the Research Associate Program at the National Bureau of Standards. In the exercise of its functions as a major scientific agency of the Federal Government, the National Bureau of Standards may make its facilities available to persons other than Bureau employees to work with NBS scientists and engineers in collaborative research aimed at furthering the Nation's scientific, industrial, and economic growth. Such cooperative programs may be sponsored by professional, technical, or industrial organizations or associations. Such participants, when so sponsored, are designated "Research Associates".

##### § 256.2 The Research Associate Program.

The Bureau provides its facilities, scientific competence, and technical supervision for defined scientific or technical research by a Research Associate when such research is complementary to and compatible with scientific or technical research being performed or to be undertaken by NBS under its statutory mission and authority. The Sponsors pay the salaries of their Research Associates and Sponsor-furnished technical assistants and secretaries of the Research Associates, if any, their travel costs, and other related expenses. Additionally,

Sponsors reimburse NBS for the cost of research equipment, services, or materials obtained for the Research Associate. Beginning in the third year of continued sponsorship, Sponsors also reimburse the Bureau for other costs such as, supervision and administrative expenses at a rate comparable to the cost experienced for NBS employees for similar services.

#### § 256.3 Procedure.

Arrangements for collaborative research by NBS with a Research Associate generally begin through discussions or correspondence between NBS scientists and representatives of potential sponsoring companies, trade associations or professional organizations. These preliminary steps are followed by the consummation of a Memorandum of Agreement which is signed by NBS, the sponsoring organization and the Research Associate. The agreement sets out the respective responsibilities and obligations of all parties.

#### § 256.4 Qualifications.

Each candidate selected to serve as a Research Associate must be determined to be scientifically qualified by the Sponsor and by the NBS, and found by NBS to be of good moral character and to possess suitable personal qualities.

#### § 256.5 Duration of projects.

The work of a Research Associate is generally conducted on a full-time basis. Typically, Research Associates are in residence at NBS for 6 to 18 months; longer-term programs may be carried on by a succession of Research Associates. Agreements provide for cancellation by any of the parties.

#### § 256.6 Information concerning the Research Associate Program.

Information concerning the Research Associate Program may be obtained from the Office of Industrial Services, National Bureau of Standards, Washington, D.C. 20234.

Effective date: This amendment is effective upon publication in the FEDERAL REGISTER.

Dated: June 27, 1967.

ballots found to be valid shall be counted and treated in the same manner as other valid ballots. All ballots and mutilated ballots; registration lists of voters, both absentee and those appearing at the poll; all tally sheets; and all other election materials shall be placed in the ballot box which shall be locked. The supervisor shall then deliver the locked ballot box and keys to same to the Superintendent, Osage Agency, and the box shall be retained in a safe place until opened by order of the supervisor or election board in the event a contest is filed. If no contest is filed, the ballots shall be destroyed 180 days after the election. No information concerning voting shall be posted or made public information until after 8 p.m.

(b) Should any ballot be marked for more than one principal chief or assistant chief or for more than eight councilmen, only that section of the ballot wherein the error was made shall be declared void and the remaining section or sections shall be counted in the same manner as other ballots. Absentee ballots shall be declared void when items other than the ballot are enclosed in the inner envelope, the voter fails to sign the statement appearing on the outer envelope or fails to have his signature witnessed by two witnesses, and for failure to seal the inner envelope or enclose the inner envelope in the outer envelope. Votes cast for individuals whose names are not printed on the official ballot shall not be counted.

#### § 73.44 Statement of supervisor.

The election board or the supervisor shall order a recount and proceed with same as provided in this part. If the recount results in the contestant being elected, the deposit shall be refunded; otherwise, the deposit shall be used to defray all expenses of said recount and any balance not so used shall be returned to the contestant.

**Title 41—PUBLIC CONTRACTS AND PROPERTY MANAGEMENT**

**Chapter 101—Federal Property Management Regulations**

**SUBCHAPTER H—UTILIZATION AND DISPOSAL**

**PART 101-43—UTILIZATION OF PERSONAL PROPERTY**

**Subpart 101-43.3—Utilization of Excess**

**MACHINE MATCHING REQUIREMENTS AGAINST AVAILABILITIES**

This amendment provides an improved method by which General Services Administration regional offices cross-match agency requirements against reported excess personal property.

Subpart 101-43.3 is amended by revising § 101-43.315-2 as follows:

**§ 101-43.315-2 Information of availability.**

There are several methods of obtaining reliable information regarding the availability of excess property, among which are:

- (a) Personal contact with GSA or the holding installation;
- (b) Review of excess property catalogs and bulletins circularized by GSA;
- (c) Examination and inspection of reports and samples of excess property assembled for this purpose in GSA regional offices; and
- (d) Submission of current and future requirements for excess personal property to the appropriate GSA regional office, using GSA Form 1539, Request for Excess Personal Property, Section 101-43.4904 illustrates GSA Form 1539, and 101-43.4904-1 furnishes instructions for its acquisition and use. Property utilization specialists in GSA regional offices continually review completed forms in an effort to match agency needs with property becoming available for transfer. In addition, a mechanized method of cross matching agency requirements against reported excess property is used, keyed to the 11-digit Federal Stock Number (FSN) furnished by reporting agencies on Standard Form 120, Report of Excess Personal Property, and by requesting agencies on GSA Form 1539. A bank of requirements is maintained, recorded by agency, and identified by the applicable Federal Item Identification Number (FIIN) (the last seven digits of the Federal Stock Number). As excess property is reported, availability is matched against requirements on a direct FIIN to FIIN basis. It is important that wherever possible the 11-digit FSN be shown for each item requested. GSA will assist, to the limit of its ability, in obtaining FSNs in order that agency requirements may be incorporated into the mechanized matching system. If substitute items are acceptable, these should be furnished at the same time and identified by the 11-digit FSN. Agencies having electrical accounting machine punch-

card capability may elect to use this method of submitting requirements; in such cases instructions for submission of requirements can be obtained from the Property Management and Disposal Service, Personal Property Division, at the nearest GSA regional office. Agencies may also submit requirements in the form of a list of needed property. A purge date of approximately 180 days generally will be established for items submitted to the requirements bank. Unless agencies provide instructions to the contrary, requirements will be removed from the bank at the end of the 180-day period. Agencies should notify GSA when requirements on file with GSA are no longer needed, so that the file will continue to be current. Items of excess property for which needs are registered normally will not be offered in GSA Excess Property Catalogs and Bulletins; it will be to the advantage of all agencies that their interest in obtaining excess property items be made known immediately. GSA can thus offer available excess to them for transfer.

### PREPAID DUES INCOME OF CERTAIN MEMBERSHIP ORGANIZATIONS

#### Notice of Proposed Rule Making

Notice is hereby given, pursuant to the Administrative Procedure Act, approved June 11, 1946, that the regulations set forth in tentative form below are proposed to be prescribed by the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury or his delegate. Prior to the final adoption of such regulations, consideration will be given to any comments or suggestions pertaining thereto which are submitted in writing, in duplicate, to the Commissioner of Internal Revenue, Attention: CC: LR: T, Washington, D.C. 20224, within the period of 30 days from the date of publication of this notice in the FEDERAL REGISTER. Any person submitting written comments or suggestions who desires an opportunity to comment orally at a public hearing on these proposed regulations should submit his request, in writing, to the Commissioner within the 30-day period. In such case, a public hearing will be held and notice of the time, place, and date will be published in a subsequent issue of the FEDERAL REGISTER. The proposed regulations are to be issued under the authority contained in section 7805 of the Internal Revenue Code of 1954 (68A Stat. 917; 26 U.S.C. 7805).

(SEAL) SHELDON S. COHEN,  
Commissioner of Internal Revenue.

The following regulations relating to prepaid dues income of certain membership organizations, effective for taxable years beginning after December 31, 1960, are hereby prescribed under section 456 of the Internal Revenue Code of 1954, as added by Public Law 87-109 (75 Stat. 222):

#### § 1.456-1 Statutory provisions; prepaid dues income of certain membership organizations.

Sec. 456. *Prepaid dues income of certain membership organizations*—(a) *Year in which included.* Prepaid dues income to which this section applies shall be included in gross income for the taxable years during which the liability described in subsection (e) (2) exists.

(b) *Where taxpayer's liability ceases.* In the case of any prepaid dues income to which this section applies—

(1) If the liability described in subsection (e) (2) ends, then so much of such income as was not includible in gross income under subsection (a) for preceding taxable years shall be included in gross income for the taxable year in which the liability ends.

(2) If the taxpayer ceases to exist, then so much of such income as was not includible in gross income under subsection (a) for preceding taxable years shall be included in gross income for the taxable year in which such cessation of existence occurs.

(c) *Prepaid dues income to which this section applies*—(1) *Election of benefits.* This section shall apply to prepaid dues income if and only if the taxpayer makes an election under this section with respect to the trade or business in connection with which such income is received. The election shall be made in such manner as the Secretary or his delegate may by regulations prescribe. No election may be made with respect to a trade or business if in computing taxable income the cash receipts and disbursements method of accounting is used with respect to such trade or business.

(2) *Scope of election.* An election made under this section shall apply to all prepaid dues income received in connection with the trade or business with respect to which the taxpayer has made the election; except that the taxpayer may, to the extent permitted under regulations prescribed by the Secretary or his delegate, include in gross income for the taxable year of receipt the entire amount of any prepaid dues income if the liability from which it arose is to end within 12 months after the date of receipt. Except as provided in subsection (d), an election made under this section shall not apply to any prepaid dues income received before the first taxable year for which the election is made.

(3) *When election may be made*—(A) *With consent.* A taxpayer may, with the consent of the Secretary or his delegate, make an election under this section at any time.

(B) *Without consent.* A taxpayer may, without the consent of the Secretary or his delegate, make an election under this section for its first taxable year (i) which begins after December 31, 1960, and (ii) in which it receives prepaid dues income in the trade or business. Such election shall be made not later than the time prescribed by law for filing the return for the taxable year (including extensions thereof) with respect to which such election is made.

(4) *Period to which election applies.* An election under this section shall be effective for the taxable year with respect to which it is first made and for all subsequent taxable years, unless the taxpayer secures the consent of the Secretary or his delegate to the revocation of such election. For purposes of this title, the computation of taxable income under an election made under this section shall be treated as a method of accounting.

(d) *Transitional rule*—(1) *Amount includible in gross income for election years.* If a taxpayer makes an election under this section with respect to prepaid dues income, such taxpayer shall include in gross income, for each taxable year to which such election applies, not only that portion of prepaid dues income received in such year otherwise includible in gross income for such year under this section, but shall also include in gross income for such year an additional amount equal to the amount of prepaid dues income received in the 3 taxable years preceding the first taxable year to which such election applies which would have been included in gross income in the taxable year had the election been effective 3 years earlier.

(2) *Deductions of amounts included in income more than once.* A taxpayer who makes an election with respect to prepaid

dues income, and who includes in gross income for any taxable year to which the election applies an additional amount computed under paragraph (1), shall be permitted to deduct, for such taxable year and for each of the 4 succeeding taxable years, an amount equal to one-fifth of such additional amount, but only to the extent that such additional amount was also included in the taxpayer's gross income during any of the 3 taxable years preceding the first taxable year to which such election applies.

(e) *Definitions.* For purposes of this section—

(1) *Prepaid dues income.* The term "prepaid dues income" means any amount (includible in gross income) which is received by a membership organization in connection with, and is directly attributable to, a liability to render services or make available membership privileges over a period of time which extends beyond the close of the taxable year in which such amount is received.

(2) *Liability.* The term "liability" means a liability to render services or make available membership privileges over a period of time which does not exceed 36 months, which liability shall be deemed to exist ratably over the period of time that such services are required to be rendered, or that such membership privileges are required to be made available.

(3) *Membership organization.* The term "membership organization" means a corporation, association, federation, or other organization—

(A) Organized without capital stock of any kind, and

(B) No part of the net earnings of which is distributable to any member.

(4) *Receipt of prepaid dues income.* Prepaid dues income shall be treated as received during the taxable year for which it is includible in gross income under section 451 (without regard to this section).

(Sec. 456 as added by the Act of July 26, 1961 (Public Law 87-109, 75 Stat. 222))

#### § 1.456-1 Treatment of prepaid dues income.

Effective for taxable years beginning after December 31, 1960, a taxpayer which is a membership organization (as described in par. (c) of § 1.456-5) and which receives prepaid dues income as described in par. (a) of § 1.456-5 in connection with its trade or business of rendering services or making available membership privileges may elect under section 456 to include such income in gross income ratably over the taxable years during which its liability (as described in par. (b) of § 1.456-5) to render such services or extend such privileges exists, if such liability does not extend over a period of time in excess of 36 months. If the taxpayer does not elect to treat prepaid dues income under section 456, or if such income may not be reported under section 456, as for example, where the income relates to a liability to render services or make available membership privileges which extends beyond 36 months, then such income is includible in gross income for the taxable year in

which it is received (as described in par. (d) of § 1.456-5).

**§ 1.456-2 Scope of election under section 456.**

(a) An election made under section 456 and § 1.456-6, shall be applicable to all prepaid dues income received in connection with the trade or business for which the election is made. However, the taxpayer may further elect to include in gross income for the taxable year of receipt the entire amount of any prepaid dues income attributable to a liability extending beyond the close of the taxable year but ending within 12 months after the date of receipt, hereinafter referred to as the "within 12 months" election.

(b) If the taxpayer is engaged in more than one trade or business in connection with which prepaid dues income is received, a separate election may be made under section 456 with respect to each such trade or business. In addition, a taxpayer may make a separate "within 12 months" election for each separate trade or business for which it has made an election under section 456.

(c) A section 456 election and a "within 12 months" election shall be binding for the first taxable year for which the election is made and for all subsequent taxable years, unless the taxpayer secures the consent of the Commissioner to the revocation of either election. In order to secure the Commissioner's consent to the revocation of the section 456 election or the "within 12 months" election, an application must be filed with the Commissioner in accordance with section 446(e) and the regulations thereunder. However, an application for consent to revoke the section 456 election or the "within 12 months" election in the case of all taxable years which end before the date of publication of the regulations under section 456 in the FEDERAL REGISTER as a Treasury decision, must be filed within 90 days after the date of such publication. For purposes of Subtitle A of the Code, the computation of taxable income under an election made under section 456 or under the "within 12 months" election shall be treated as a method of accounting. For adjustments required by changes in method of accounting, see section 481 and the regulations thereunder.

(d) Except as provided in section 456 (d) and § 1.456-7, an election made under section 456 shall not apply to any prepaid dues income received before the first taxable year to which the election applies. For example, Corporation X, a membership organization which files its income tax returns on a calendar year basis, customarily sells 3-year memberships, payable in advance. In 1961 it received \$160,000 of prepaid dues income for 3-year memberships beginning during 1961, and in 1962 it received \$185,000 of prepaid dues income for 3-year memberships beginning on January 1, 1962. In March 1962 it elected, with the consent of the Commissioner, to report its prepaid dues income under the provisions of section 456 for the year 1962 and subsequent taxable years. The \$160,000 re-

ceived in 1961 from prepaid dues must be included in gross income in full in that year, and except as provided in section 456(d) and § 1.456-7, no part of such income shall be allocated to the taxable years 1962, 1963, and 1964 during which X was under a liability to make available its membership privileges. The \$185,000 received in 1962 from prepaid dues income shall be allocated to the years 1962, 1963, and 1964.

(e) No election may be made under section 456 with respect to a trade or business if, in computing taxable income, the cash receipts and disbursements method (or a hybrid thereof) of accounting is used with respect to such trade or business, unless the combination of the section 456 election and the taxpayer's hybrid method of accounting does not result in a material distortion of income.

**§ 1.456-3 Method of allocation.**

(a) Prepaid dues income for which an election has been made under section 456 shall be included in gross income over the period of time during which the liability to render services or make available membership privileges exists. The liability to render the services or make available the membership privileges shall be deemed to exist ratably over the period of time such services are required to be rendered, or such membership privileges are required to be made available. Thus, the prepaid dues income shall be included in gross income ratably over the period of the membership contract. For example, Corporation X, a membership organization, which files its income tax returns on a calendar year basis, elects, for its taxable year beginning January 1, 1961, to report its prepaid dues income in accordance with the provisions of section 456. On March 31, 1961, it sells a 2-year membership for \$48 payable in advance, the membership to extend from May 1, 1961, to April 30, 1963. X shall include in its gross income for the taxable year 1961  $\frac{3}{12}$  of the \$48, or \$12, and for the taxable year 1962  $\frac{9}{24}$  of the \$48, or \$24, and for the taxable year 1963  $\frac{6}{24}$  of the \$48, or \$8.

(b) For purposes of determining the period or periods over which the liability of the taxpayer exists, and for purposes of allocating prepaid dues income to such periods, the taxpayer may aggregate similar transactions during the taxable year in any reasonable manner, provided the method of aggregation and allocation is consistently followed.

**§ 1.456-4 Cessation of liability or existence.**

(a) If a taxpayer has elected to apply the provisions of section 456 to a trade or business in connection with which prepaid dues income is received, and if the taxpayer's liability to render services or make available membership privileges ends for any reason, as for example, because of the cancellation of a membership then so much of the prepaid dues income attributable to such liability as was not includible in the taxpayer's gross income under section 456 for preceding taxable years shall be included in gross

income for the taxable year in which such liability ends. This paragraph shall not apply to amounts includible in gross income under § 1.456-7.

(b) If a taxpayer which has elected to apply the provisions of section 456 ceases to exist, then the prepaid dues income which was not includible in gross income under section 456 for preceding taxable years shall be included in the taxpayer's gross income for the taxable year in which such cessation of existence occurs. This paragraph shall not apply to amounts includible in gross income under § 1.456-7.

(c) If a taxpayer is a party to a transaction to which section 381(a) applies and the taxpayer's method of accounting with respect to prepaid dues income is used by the acquiring corporation under the provisions of section 381(c) (4), then neither the liability nor the existence of the taxpayer shall be deemed to have ended or ceased. In such cases see section 381(c) (4) and the regulations thereunder for the treatment of the portion of prepaid dues income which was not included in gross income under section 456 for preceding taxable years.

**§ 1.456-5 Definitions and other rules.**

(a) *Prepaid dues income.* (1) The term "prepaid dues income" means any amount for membership dues includible in gross income which is received by a membership organization in connection with, and is directly attributable to, a liability of the taxpayer to render services or make available membership privileges over a period of time which extends beyond the close of the taxable year in which such amount is received.

(2) For purposes of section 456, prepaid dues income does not include amounts received by a taxpayer in connection with sales of memberships on a prepaid basis where the taxpayer does not have the liability to furnish the services or make available the membership privileges. For example, where a taxpayer has a contract with several membership organizations to sell memberships in such organizations and retains a portion of the amounts received from the sale of such memberships and remits the balance to the membership organizations, the amounts retained by such taxpayer represent commissions and do not constitute prepaid dues income for purposes of section 456.

(b) *Liability.* The term "liability" means a liability of the taxpayer to render services or make available membership privileges over a period of time which does not exceed 36 months. Thus, if during the taxable year a taxpayer sells memberships for more than 36 months and also memberships for 36 months or less, section 456 does not apply to the income from the sale of memberships for more than 36 months. For the purpose of determining the duration of a liability, a bona fide renewal of a membership shall not be considered to be a part of the existing membership.

(c) *Membership organization.* (1) The term "membership organization" means a corporation, association, federation, or

other similar organization meeting the following requirements:

(i) It is organized without capital stock of any kind,

(ii) Its charter, bylaws, or other written agreement or contract expressly prohibits the distribution of any part of the net earnings directly or indirectly, in money, property, or services, to any member, and

(iii) No part of the net earnings of which is in fact distributed to any member either directly or indirectly, in money, property, or services.

(2) For purposes of this paragraph an increase in services or reduction in dues to all members shall generally not be considered distributions of net earnings.

(3) If a corporation, association, federation, or other similar organization subsequent to the time it elects to report its prepaid dues income in accordance with the provisions of section 456, (i) issues any kind of capital stock either to any member or nonmember, (ii) amends its charter, bylaws, or other written agreement or contract to permit distributions of its net earnings to any member or, (iii) in fact, distributes any part of its net earnings either in money, property, or services to any member, then immediately after such event the organization shall not be considered a membership organization within the meaning of section 456(e) (3).

(d) *Receipt of prepaid dues income.* For purposes of section 456, prepaid dues income shall be treated as received during the taxable year for which it is includible in gross income under section 451, relating to the general rule for taxable year of inclusion, without regard to section 456.

#### § 1.456-6 Time and manner of making election.

(a) *Election without consent.* A taxpayer may make an election under section 456 without the consent of the Commissioner for the first taxable year beginning after December 31, 1960, in which it receives prepaid dues income in the trade or business for which such election is made. The election must be made not later than the time prescribed by law for filing the income tax return for such year (including extensions thereof). The election must be made by means of a statement attached to such return. In addition, there should be attached a copy of a typical membership contract used by the organization and a copy of its charter, bylaws, or other written agreement or contract of organization or association. The statement shall indicate that the taxpayer is electing to apply the provisions of section 456 to the trade or business, and shall contain the following information:

(1) The taxpayer's name and a description of the trade or business to which the election is to apply.

(2) The method of accounting used for prepaid dues income in the trade or business during the first taxable year for which the election is to be effective and during each of 3 preceding taxable

years, and if there was a change in the method of accounting for prepaid dues income during such 3-year period, a detailed explanation of such change including the adjustments necessary to prevent duplications or omissions of income.

(3) Whether any type of deferral method for prepaid dues income has been used during any of the 3 taxable years preceding the first taxable year for which the election is effective. Where any type of such deferral method has been used during this period, an explanation of the method and a schedule showing the amounts received in each such year and the amounts deferred to each succeeding year.

(4) A schedule with appropriate explanations showing:

(i) The total amount of prepaid dues income received in the trade or business in the first taxable year for which the election is effective and the amount of such income to be included in each taxable year in accordance with the election.

(ii) The total amount, if any, of prepayments of dues received in the first taxable year for which the election is effective which are directly attributable to a liability of the taxpayer to render services or make available membership privileges over a period of time in excess of 36 months, and

(iii) The total amount, if any, of prepaid dues income received in the trade or business in—

(a) The taxable year preceding the first taxable year for which the election is effective if all memberships sold by the taxpayer are for periods of 1 year or less,

(b) Each of the 2 taxable years preceding the first taxable year for which the election is effective if any memberships are sold for periods in excess of 1 year but none are sold for periods in excess of 2 years, or

(c) Each of the 3 taxable years preceding the first taxable year for which the election is effective if any memberships are sold for periods in excess of 2 years.

In each case there shall be set forth the amount of such income which would have been includible in each taxable year had the election been effective for the years for which the information is required.

In any case in which prepaid dues income is received from more than one trade or business, the statement shall set forth separately the required information with respect to each trade or business for which the election is made. See paragraph (c) of this section for additional information required to be submitted with the statement if the taxpayer also elects to include in gross income for the taxable year of receipt the entire amount of prepaid dues income attributable to a liability which is to end within 12 months after the date of receipt.

(b) *Election with consent.* A taxpayer may elect with the consent of the Commissioner, to apply the provisions of section 456 to any trade or business in which

it receives prepaid dues income. The request for such consent shall be in writing, signed by the taxpayer or its authorized representative, and shall be addressed to the Commissioner of Internal Revenue, Washington, D.C. 20224. The request must be filed on or before the later of the following dates: (1) 90 days after the beginning of the first taxable year to which the election is to apply, or (2) 90 days after the date of publication of the regulations under section 456 in the FEDERAL REGISTER as a Treasury decision and should contain the information described in paragraph (a) of this section. See paragraph (c) of this section for additional information required to be submitted with the request if the taxpayer also elects to include in gross income for the taxable year of receipt the entire amount of prepaid dues income attributable to a liability which is to end within 12 months after the date of receipt.

(c) *"Within 12 months" election.* (1) The "within 12 months" election shall be made by including in the statement required by paragraph (a) of this section or the request described in paragraph (b) of this section, whichever is applicable, a declaration that the taxpayer elects to include such income in gross income in the taxable year of receipt, and the amount of such income for each taxable year to which the election is to apply which has ended prior to the time such statement or request is filed. If the taxpayer is engaged in more than one trade or business or which the election under section 456 is made, it must include, in such statement or request, a declaration for each trade or business for which it wishes to make the "within 12 months" election.

(2) If the taxpayer does not make the "within 12 months" election for a trade or business at the time it makes the election under paragraph (a) or (b) of this section, but later wishes to make such election, it must apply for permission from the Commissioner. Such application shall be made in accordance with the provisions of section 446(e) and § 1.446(e) (3).

#### § 1.456-7 Transitional rule.

(a) Under section 456(d) (1), a taxpayer making an election under section 456 shall include in its gross income for the first taxable year to which the election applies and for each of the 2 succeeding taxable years not only that portion of prepaid dues income which is includible in gross income for each such taxable year under section 456(a), but also an additional amount equal to that portion of the total prepaid dues income received in each of the 3 taxable years preceding the first taxable year to which the election applies which would have been includible in gross income for such first taxable year and such 2 succeeding taxable years had the election under section 456 been effective during such 3 preceding taxable years. In computing such additional amounts—

## PROPOSED RULE MAKING

(1) In the case of taxpayers who did not include in gross income for the taxable year preceding the first taxable year for which the election is effective, that portion of the prepaid dues income received in such year attributable to a liability which is to end within 12 months after the date of receipt, no effect shall be given to a "within 12 months" election made under paragraph (c) of § 1.456-6, and

(2) There shall be taken into account only prepaid dues income arising from a trade or business with respect to which an election is made under section 456 and § 1.456-6.

Section 481 and the regulations thereunder shall have no application to the additional amounts includible in gross income under section 456(d) and this section, but section 481 and the regulations thereunder shall apply to prevent other amounts from being duplicated or omitted.

(b) A taxpayer who makes an election with respect to prepaid dues income, and who includes in gross income for any taxable year to which the election applies an additional amount computed under section 456(d)(1) and paragraph (a) of this section, shall be permitted under section 456(d)(2) to deduct for such taxable year and for each of the 4 succeeding taxable years an amount equal to one-fifth of such additional amount, but only to the extent that such additional amount was also included in the taxpayer's gross income for any of the 3 taxable years preceding the first taxable year to which such election applies. The taxpayer shall maintain books and records in sufficient detail to enable the district director to determine upon audit that the additional amounts were included in the taxpayer's gross income for any of the 3 taxable years preceding such first taxable year. If, however, the taxpayer ceases to exist, as described in paragraph (b) of § 1.456-4, and there is included in gross income, under such paragraph, of the year of cessation the entire portion of prepaid dues income not previously includible in gross income under section 456 for preceding taxable years (other than for amounts received prior to the first year for which an election was made), all the amounts not previously deducted under this paragraph shall be permitted as a deduction in the year of cessation of existence.

(c) The provisions of this section may be illustrated by the following example:

*Example.* (1) Assume that X Corporation, a membership organization qualified to make the election under section 456, elects to report its prepaid dues income in accordance with the provisions of section 456 for its taxable year ending December 31, 1961. Assume further that X Corporation receives

in the middle of each taxable year \$3,000 of prepaid dues income in connection with a liability to render services over a 3-year period beginning with the date of receipt. Under section 456(a), X Corporation will report income received in 1961 and subsequent years as follows:

Year of receipt	Total receipts	1961	1962	1963	1964	1965	1966	1967	1968
1961.....	\$3,000	\$500	\$1,000	\$1,000	\$500				
1962.....	3,000		500	1,000	1,000	\$500			
1963.....	3,000			500	1,000	1,000	\$500		
1964.....	3,000				500	1,000	1,000	\$500	
1965.....	3,000					500	1,000	1,000	\$500
1966.....	3,000						500	1,000	1,000
1967.....	3,000							500	1,000
1968.....	3,000								500
Total reportable under section 456(a).....		500	1,500	2,500	3,000	3,000	3,000	3,000	3,000

(2) Under section 456(d)(1), X Corporation must include in its gross income for the first taxable year to which the election applies and for each of the 2 succeeding taxable years, the amounts which would have been included in those years had the election been effective 3 years earlier. If the election had been effective in 1958, the following amounts received in 1958, 1959, and 1960 would have been reported in 1961 and subsequent years:

Year of receipt	Amount received	Years of including additional amounts		
		1961	1962	1963
1958.....	\$3,000	\$500		
1959.....	3,000	1,000	\$500	
1960.....	3,000	1,000	1,000	\$500
Total additional amounts to be included under section 456(d)(1).....		2,500	1,500	500

(3) Having included the additional amounts as required by section 456(d)(1), and assuming such amounts were actually included in gross income in the 3 taxable years preceding the first taxable year for which the election is effective, X Corporation is entitled to deduct under section 456(d)(2) in the year of inclusion and in each of the succeeding 4 years an amount equal to one-fifth of the amounts included, as follows:

Year of inclusion	Amount	Years of deduction						
		1961	1962	1963	1964	1965	1966	1967
1961.....	\$2,500	\$500	\$500	\$500	\$500	\$500		
1962.....	1,500		300	300	300	300	\$300	
1963.....	500			100	100	100	100	\$100
Total amount deductible under section 456(d)(2).....		500	800	900	900	900	400	100

(4) The net result of the inclusions under section 456(d)(1) and the deductions under section 456(d)(2) may be summarized as follows:

	1961	1962	1963	1964	1965	1966	1967	1968
Amount includible under section 456(a).....	\$500	\$1,500	\$2,500	\$3,000	\$3,000	\$3,000	\$3,000	\$3,000
Amount includible under section 456(d)(1).....	2,500	1,500	500					
Total.....	3,000	3,000	3,000	3,000	3,000	3,000	3,000	3,000

Marathon Oil Co. (Operator) et al. (Marathon), request an effective date of June 29, 1967, for their proposed supplemental contract and rate increase. Good cause has not been shown for waiving the 30-day notice requirement provided in section 4(d) of the Natural Gas Act to permit an earlier effective date for Marathon's rate filings and such request is denied.

All of the producers' proposed increased rates and charges exceed the applicable area price levels for increased rates as set forth in the Commission's statement of general policy No. 61-1, as amended (18 CFR 2.56).

The proposed changed rates and charges may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

Four of the producers herein, Sinclair Oil & Gas Co. (Operator) et al. (Sinclair); Union Oil Company of California (Union Oil); Marathon Oil Co. (Operator) et al., and Marathon Oil Co. have submitted contract amendments which provide for their proposed rate increases. We believe that it would be in the public interest to accept for filing

Sinclair,<sup>1</sup> Union Oil,<sup>2</sup> Marathon Oil Co. (Operator) et al.,<sup>3</sup> and Marathon Oil Co.'s<sup>4</sup> contract amendments to become effective July 1, 1967 (Sinclair); September 1, 1967 (Union Oil); July 9, 1967 (Marathon Oil Co. (Operator) et al., and Marathon Oil Co.).<sup>5</sup>

**The Commission finds:**

(1) Good cause has been shown for accepting for filing Sinclair, Union Oil, Marathon Oil Co. (Operator), et al., and Marathon Oil Co.'s proposed contract amendments, as set forth above, and for permitting such supplements to become effective on July 1, 1967 (Sinclair); September 1, 1967 (Union Oil); and July 9, 1967 (Marathon Oil Co. (Operator) et al., and Marathon Oil Co.).

(2) It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon hearings concerning the lawfulness of the proposed changes, and that the above-designated supplements be suspended and the use thereof deferred as hereinafter ordered.

**The Commission orders:**

(A) Supplement Nos. 8, 9, and 10 to Sinclair's FPC Gas Rate Schedule No. 157; Supplement No. 4 to Union Oil's FPC Gas Rate Schedule No. 47; Supplement No. 10 to Marathon Oil Co. (Operator) et al., FPC Gas Rate Schedule No. 30, and Supplement No. 13 to Marathon Oil Co.'s FPC Gas Rate Schedule No. 31, are accepted for filing and permitted to become effective on July 1, 1967 (Sinclair); September 1, 1967 (Union Oil); July 9, 1967 (Marathon Oil Co. (Operator) et al., and Marathon Oil Co.).

(B) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 15 thereof, the Commission's Rules of practice and procedure, and the regulations under the Natural Gas Act (18

CFR Ch. I), public hearings shall be held upon dates to be fixed by notices from the Secretary concerning the lawfulness of the proposed increased rates and charges contained in the above-designated supplements (except the supplements set forth in par. (A) above).

(C) Pending hearings and decisions thereon, the above-designated supplements are hereby suspended and the use thereof deferred until the date indicated in the above "Date Suspended Until" column, and thereafter until such further time as they are made effective in the manner prescribed by the Natural Gas Act.

(D) Neither the supplements hereby suspended, nor the rate schedules sought to be altered thereby, shall be changed until these proceedings have been disposed of or until the periods of suspension have expired, unless otherwise ordered by the Commission.

(E) Notices of intervention or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 and 1.37(f)), on or before August 15, 1967.

By the Commission.

**MOBIL OIL CORP. ET AL.**

**Order Providing for Hearing on and Suspension of Proposed Change in Rate, and Allowing Rate Change To Become Effective Subject to Refund**

JUNE 30, 1967.

Respondent named herein has filed a proposed change in rate and charge of a currently effective rate schedule for the sale of natural gas under Commission jurisdiction, as set forth in Appendix A hereof.

The proposed changed rate and charge may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is in the public interest and consistent with the

Natural Gas Act that the Commission enter upon a hearing regarding the lawfulness of the proposed change, and that the supplement herein be suspended and its use be deferred as ordered below.

**The Commission orders:**

(A) Under the Natural Gas Act, particularly sections 4 and 15, the regulations pertaining thereto (18 CFR Ch. I), and the Commission's rules of practice and procedure, a public hearing shall be held concerning the lawfulness of the proposed change.

(B) Pending hearing and decision thereon, the rate supplement herein is suspended and its use deferred until date shown in the "Date Suspended Until" column, and thereafter until made effective as prescribed by the Natural Gas Act: *Provided, however,* That the supplement to the rate schedule filed by Respondent shall become effective subject to refund on the date and in the manner herein prescribed if within 20 days from the date of the issuance of this order Respondent shall execute and file under its above-designated docket number with the Secretary of the Commission its agreement and undertaking to comply with the refunding and reporting procedure required by the Natural Gas Act and § 154.102 of the regulations thereunder, accompanied by a certificate showing service of a copy thereof upon the purchaser under the rate schedule involved. Unless Respondent is advised to the contrary within 15 days after the filing of its agreement and undertaking, such agreement and undertaking shall be deemed to have been accepted.

(C) Until otherwise ordered by the Commission, neither the suspended supplement, nor the rate schedule sought to be altered, shall be changed until disposition of this proceeding or expiration of the suspension period.

(D) Notices of intervention or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 and 1.37(f)) on or before August 15, 1967.

By the Commission.

Secretary.

\*\* Subject to a downward B.t.u. adjustment.

Mobil Oil Corp. (Operator) et al. (Mobil) proposes a rate increase from 15.0 cents to 15.015 cents per Mcf which reflects tax reimbursement for the recently enacted increase in the Oklahoma Excise Tax from 0.02 cent to 0.04 cent per Mcf to become effective on July 1, 1967. The proposed rate increase exceeds the area increased rate ceiling of 11.0 cents per Mcf for Oklahoma "Other" Area announced in the Commission's statement of general policy No. 61-1, as amended (18 CFR 2.56). However, since Mobil's rate filing relates only to a tax reimbursement increase, we conclude that such increase should be suspended for 1 day from July 1, 1967, the proposed effective date.

### Office of the Secretary

### NATURAL DISASTER AND PEACETIME RADIOLOGICAL DISASTER

#### Notice of Responsibilities in USDA

SECTION 1—General—1. Purpose. This notice outlines the natural disaster and peacetime radiological disaster responsibilities of the Department of Agriculture and the organization for carrying them out at the National, regional, State and county levels. It indicates the central point within the Department for assembling information on disasters and for overall coordination of disaster programs. It describes the major functions assigned to USDA agencies doing related work to provide for using natural disaster experience in building capability to handle USDA defense responsibilities.

As used herein, the term "natural disaster" is any flood, drought, fire, hurricane, earthquake, storm, or other catastrophe which the President or Secretary determines is or threatens to be of sufficient severity and magnitude to warrant assistance by the Federal Government to supplement efforts and resources of State and local governments. For the purpose of these regulations, "natural disaster" includes radioactive contamination above an acceptable level resulting from any cause other than an attack upon the United States.

2. Summary of USDA natural disaster responsibilities. The Department of Agriculture has the following natural disaster program responsibilities in the affected area:

- Providing assistance, where needed, to assure safe and adequate food;
- Providing assistance to farmers in maintaining their livestock and repairing damaged farms;
- Providing assistance to farmers wherever radioactive contamination affects farm operations or production;

d. Providing credit where not available from other sources for restoring farms and farm facilities and for continuing normal farming operations;

e. Controlling plant diseases and insect infestations;

f. Controlling contagious and infectious livestock diseases;

g. Performing emergency measures necessary to suppress fires on or adjacent to National forests and providing aid in suppressing other rural fires;

h. Extending credit and providing technical assistance for restoring electric and telephone service by REA-financed systems;

i. Giving technical advice on emergency protection countermeasures and rehabilitation from effects of natural disaster;

j. Providing and encouraging use of crop investment insurance against loss from the many natural hazards beyond the farmer's control.

SEC. 2—Coordination and Liaison—3. National level. The Assistant to the Secretary (Defense Mobilization Planning) is responsible to the Secretary for coordinating and facilitating USDA operations of natural disaster programs. This includes maintaining liaison with executive departments and the Congress on disaster matters.

Each agency shall inform the Assistant to the Secretary of requests for its programs and of the beginning, scope, and ending of any natural disaster program which it undertakes. Within the broad general guidance and coordination provided, each agency shall continue to carry out its program responsibilities. The Assistant to the Secretary may ask the USDA National Defense Board for needed advice.

4. State and county levels. For their respective jurisdictions, each USDA State and County Defense Board shall be the central point at which information is available concerning disaster operations of all agencies of USDA.

USDA State and County Defense Board Chairmen are responsible for exchanging disaster information among USDA and other Government agencies needing it. Other USDA representatives who receive inquiries about overall USDA disaster activities in the State or county shall refer such inquiries to the State or County Board Chairman. Each USDA agency shall continue to administer natural disaster programs for which it is responsible under this notice.

In addition, all USDA natural disaster programs shall be coordinated by USDA State and County Defense Boards when:

- Areas within their jurisdiction are declared a major disaster area by the President, or
- The Assistant to the Secretary determines coordination is necessary because of the number of agency programs involved, or the possibility that the President may later declare the disaster to be a major one.

This coordination shall be accomplished through an exchange of information by all agency Board members, and may include special Board meetings.

The Boards will not direct agency actions but may recommend actions to any agency through its Board member. The Chairmen of the USDA State and County Defense Boards shall be the Department's overall representatives on these natural disaster matters, including serving as focal points for providing USDA disaster program information to and receiving information from other Government agencies and the public. The Assistant to the Secretary shall determine when Board coordination is no longer necessary.

Emergency loans may be made to enable farmers to resume their normal farming operations, including the rehabilitation and repair of farm facilities, the purchase of feed for livestock, farm operating and living expenses, and for other related purposes.

The Farmers Home Administration is also responsible for recommending to the Secretary, in accordance with established procedures, the designation of disaster areas in which emergency loans may be made.

The administrative channels and procedures used to carry out assigned defense responsibilities shall also be used to the extent feasible for natural disaster responsibilities.

**15. Natural disaster requests to USDA field offices.** Any USDA county or other field office employee who receives a request for natural disaster assistance shall refer it:

a. If within his agency's area of responsibility, to the agency's county, State, or National office as appropriate;

#### MOTOR CARRIER APPLICATIONS AND CERTAIN OTHER PROCEEDINGS

JULY 7, 1967.

The following publications are governed by Special Rule 1.247 of the Commission's rules of practice, published in the FEDERAL REGISTER issue of April 20, 1966, which became effective May 20, 1966.

The publications hereinafter set forth reflect the scope of the applications as filed by applicant, and may include descriptions, restrictions, or limitations which are not in a form acceptable to the Commission. Authority which ultimately may be granted as a result of the applications here noticed will not necessarily reflect the phraseology set forth in the application as filed, but also will eliminate any restrictions which are not acceptable to the Commission.

#### APPLICATIONS ASSIGNED FOR ORAL HEARING MOTOR CARRIERS OF PROPERTY

No. MC 2770 (Sub-No. 11) (Republication), filed July 15, 1966, published Federal Register issues of August 29, 1966, and September 9, 1966, and republished this issue. Applicant: SANBORN'S MOTOR EXPRESS, INC., Box 312, Norway, Maine. Applicant's representative: Mary E. Kelley, 10 Tremont Street, Boston, Mass. 02108. By application filed July 15, 1966, and amended, applicant seeks a certificate of public convenience and necessity authorizing operation, in interstate or foreign commerce, as a common carrier by motor vehicle, over irregular routes, of the commodities set forth below, serving the ports of entry on the international boundary line between the United States and Canada at or near Houlton and Calais, Maine, in connection with the carrier's presently authorized regular-route operations in Maine, restricted to traffic moving to or from the Provinces of Nova Scotia and New Brunswick. An order of the Commission, Operating Rights Board No. 1, dated June 21, 1967, and served June 29, 1967, finds that the proposed operation more appropriately should be described as a regular-route service, and authority therefor should be granted in such terms, therefore, the present and future public convenience and necessity require operation by applicant, in foreign commerce only, as a common carrier by motor vehicle over regular routes, of general commodities (except those of unusual value, classes A and B explosives, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment), (1) between Topsfield, Maine, and the port of entry on the international boundary line between the United States and Canada located at or near Houlton, Maine: From Topsfield over U.S. Highway 1 to Houlton, thence over Maine Highway 5 to the port of entry, and return over the same routes, serving no intermediate points, and (2) Between Topsfield, Maine, and the port of entry on the international boundary line between the United States and Canada located at or near Calais, Maine, over U.S. Highway 1, serving no intermediate points, restricted in (1) and (2) above, to the transportation of traffic moving to or from the Provinces of Nova Scotia and New Brunswick, Canada; that applicant is fit, willing, and able properly to perform such service and to conform to the requirements of the Interstate Commerce Act and the Commission's rules and regulations

thereunder and that an appropriate certificate should be issued subject to the condition that the authority granted herein shall not be severable, by sale or otherwise, from the regular-route authority embraced in certificate No. MC 2770 (Sub-No. 6), dated June 4, 1964. Because it is possible that other persons, who have relied upon the notice of the application as published may have an interest in and would be prejudiced by the lack of proper notice of the authority described in the findings in this order, a notice of the authority actually granted will be published in the FEDERAL REGISTER and issuance of a certificate in this proceeding will be withheld for a period of 30 days from the date of such publication, during which period any proper party in interest may file a petition to reopen or for other appropriate relief setting forth in detail the precise manner in which it has been so prejudiced.

No. MC 113362 (Sub-No. 129) (Republication), filed October 25, 1966, published FEDERAL REGISTER issue of November 10, 1966, and republished this issue. Applicant: ELLSWORTH FREIGHT LINES, INC., 220 East Broadway, Eagle Grove, Iowa. Applicant's representative: William J. Boyd, 29 South La Salle Street, Chicago, Ill. By application filed October 25, 1966, applicant seeks a certificate of public convenience and necessity authorizing operation, in interstate or foreign commerce, as a common carrier by motor vehicle, over irregular routes, of candy and confectionery (except commodities in bulk in tank vehicles). (1) from the plantsite and storage facilities of M & M Candies at Hackettstown, N.J., and Port Elizabeth, N.J., to Cincinnati, Ohio, and Detroit, Mich., and (2) from the plantsite and storage facilities of Tootsie Roll Industries, Inc., at or near Hoboken, N.J., to Detroit and Grand Rapids, Mich. The application was referred to Examiner Kenneth A. Jennings for hearing and the recommendation of an appropriate order thereon. Hearing was held on March 1, 1967, at Washington, D.C. A report and order of the Commission, Division 1 served May 26, 1967, which became effective June 26, 1967, finds that the present and future public convenience and necessity require operation by applicant as a common carrier by motor vehicle, in interstate or foreign commerce, over irregular routes, of candy and confectionery (except commodities in bulk, in tank vehicles).

(1) From the plantsite of M & M Candies, Division of Mars, Inc., located at or near Hackettstown, N.J., and the storage facilities of M & M Candies, Division of Mars, Inc., located at or near Elizabeth, N.J., to Cincinnati, Ohio, and Detroit, Mich., restricted to the transportation of shipments originated at said plantsite or storage facilities, and (2) from the plantsite and storage facilities of Tootsie Roll Industries, Inc., located at or near Hoboken, N.J., to Detroit and Grand Rapids, Mich., restricted to the transportation of shipments originated at said plantsite or storage facilities; and that applicant is fit, willing, and able properly

to perform such service and to conform to the requirements of the Interstate Commerce Act and the Commission's rules and regulations thereunder. Because it is possible that other persons, who have relied upon the notice of the application as published, may have an interest in and would be prejudiced by the lack of proper notice of the authority described in the findings in this order, a notice of the authority actually granted will be published in the FEDERAL REGISTER and issuance of a certificate in this proceeding will be withheld for a period of 30 days from the date of such publication, during which period any proper party in interest may file a petition to reopen or for other appropriate relief setting forth in detail the precise manner in which it has been so prejudiced.

No. MC 128076 (Sub-No. 8) (Republication), filed March 2, 1967, published FEDERAL REGISTER issue of March 16, 1967, and republished this issue. Applicant: PROTECTIVE SERVICE COMPANY, A CORPORATION, 725-29 South Broad Street, Philadelphia, Pa. 19147. Applicant's representative: John M. Demcisak, 1035 Land Title Building, Philadelphia, Pa. 19110. By application filed March 2, 1967, applicant seeks a permit authorizing operations, in interstate or foreign commerce, as a contract carrier by motor vehicle, over irregular routes, of business papers, reports, records, and audit and accounting media (excluding plant removal), between Allentown, Pa., and Washington, D.C., under contract with The Service Bureau Corp. An order of the Commission, Operating Rights Board No. 1, dated June 21, 1967, and served June 29, 1967, finds that operation by applicant, in interstate or foreign commerce, as a contract carrier by motor vehicle, over irregular routes, of business papers, business records, and audit and accounting media, between Allentown, Pa., on the one hand, and, on the other, Washington, D.C., under a continuing contract with The Service Bureau Corp., of New York, N.Y., will be consistent with the public interest and the national transportation policy; that applicant is fit, willing, and able properly to perform such service and to conform to the requirements of the Interstate Commerce Act and the Commission's rules and regulations thereunder. Because it is possible that other persons, who have relied upon the notice of the application as published, may have an interest in and would be prejudiced by the lack of proper notice of the authority described in the findings in this order, a notice of the authority actually granted will be published in the FEDERAL REGISTER and issuance of a permit in this proceeding will be withheld for a period of 30 days from the date of such publication, during which period any proper party in interest may file a petition to reopen or for other appropriate relief setting forth in detail the precise manner in which it has been so prejudiced.

#### APPLICATIONS UNDER SECTIONS 5 AND 210a(b)

The following applications are governed by the Interstate Commerce Com-

mission's special rules governing notice of filing of applications by motor carriers of property or passengers under sections 5(a) and 210a(b) of the Interstate Commerce Act and certain other proceedings with respect thereto. (49 CFR 1.240.)
