Pursuant to provisions of the Act of May 29, 1884, as amended, the Act of February 2, 1903, as amended, the Act of March 3, 1905, as amended, the Act of September 6, 1961, and the Act of July 2, 1962 (21 U.S.C. 111–113, 114g, 115, 117, 120, 121, 123–126, 134b, 134f), Part 76, Title 9, Code of Federal Regulations, restricting the interstate movement of swine and certain products because of hog cholera and other communicable swine diseases, is hereby amended in the following respects:

(Secs. 4–7, 23 Stat. 32, as amended, secs. 1, 2, 32 Stat. 791–792, as amended, secs. 1–4, 33 Stat. 1264, 1265, as amended, sec. 1, 75 Stat. 481, secs. 3 and 11, 76 Stat. 130, 132; 21 U.S.C. 111, 112, 113, 114g, 115, 117, 120, 121, 123–126, 134b, 134f; 29 F.R. 16210, as amended)

Effective date. The foregoing amendments shall become effective upon issuance.

The amendments quarantine portions of Etowah and Cherokee Counties in Alabama and portions of Surry and Isle of Wight Counties in Virginia because of the existence of hog cholera. This action is deemed necessary to prevent further spread of the disease. The restrictions pertaining to the interstate movement of swine and swine products from or through quarantined areas as contained in 9 CFR Part 76, as amended, will apply to such counties.

The amendments also exclude a portion of Charlotte County, Va., from the areas heretofore quarantined because of hog cholera. Therefore, the restrictions pertaining to the interstate movement of swine and swine products from or through quarantined areas as contained in 9 CFR Part 76, as amended, will not apply to the excluded area, but will continue to apply to the quarantined areas described in § 76.2. Further, the restrictions pertaining to the interstate movement from nonquarantined areas contained in said Part 76 will apply to the area excluded from quarantine.

Insofar as the amendments impose certain further restrictions necessary to prevent the interstate spread of hog cholera they must be made effective immediately to accomplish their purpose in the public interest. Insofar as they relieve restrictions, they should be made effective promptly in order to be of maximum benefit to affected persons.

Accordingly, under the administrative procedure provisions in 5 U.S.C. 553, it is found upon good cause that notice and other public procedure with respect to the amendments are impracticable, unnecessary, and contrary to the public interest, and good cause is found for

making them effective less than 30 days after publication in the FEDERAL REGISTER.

Done at Washington, D.C., this 1st of June 1970.

GEORGE W. IRVING, Jr.,
Administrator,
Agricultural Research Service.

Chapter II—Social and Rehabilitation Service (Assistance Programs), Department of Health, Education, and Welfare

PART 249—SERVICES AND PAYMENT IN MEDICAL ASSISTANCE PROGRAMS

Free Choice of Providers of Medical Services

Part 249 of Chapter II of Title 45 of the Code of Federal Regulations is amended by adding a new section 249.11 as set forth below. This section is added to provide that any individual eligible for medical assistance (including drugs) may obtain such assistance from any institution, agency, pharmacy or person qualified to perform the service(s) required.

§ 249.11 Free choice of providers of medical services: State plan requirement.

A State plan for medical assistance under title XIX of the Social Security Act must provide that any individual eligible for medical assistance under the plan may obtain the services available under the plan from any institution, agency, pharmacy, or practitioner, including an organization which provides such services or arranges for their availability on a prepayment basis, which is qualified to perform such services. This provision does not prohibit the State agency from establishing the fees which will be paid to providers for furnishing medical and remedial care available under the plan or from setting reasonable standards relating to the qualifications of providers of such care. In the case of Guam, Puerto Rico, and the Virgin Islands this provision applies only with respect to calendar quarters beginning after June 30, 1972.

(Sec. 1102, 49 Stat. 647, 42 U.S.C. 1302)

Effective date. This amendment shall be effective on the date of its publication in the FEDERAL REGISTER.

Dated: April 2, 1970.

JOE PARKS,
Acting Administrator, Social and Rehabilitation Service.

Approved: May 26, 1970.

ROBERT H. FINCH,
Secretary.

Title 36—PARKS, FORESTS, AND MEMORIALS

Chapter I—National Park Service, Department of the Interior

PART 11—ARROWHEAD AND PARKSCAPE SYMBOLS

Pursuant to authority contained in section 3 of the Act of August 25, 1916 (39 Stat. 535; 16 U.S.C. 3), Part 11, Title 36, Code of Federal Regulations, is hereby revised.

The purposes of the revision are to recognize reinstatement of the Arrowhead Symbol as the official emblem of the National Park Service, to recognize the Parkscape Symbol as the official tie tack or pin, to protect both symbols against unauthorized uses, and to effect certain technical changes in the regulations which relate to the terminology and uses applicable to these symbols.

It is the policy of the Department of the Interior, whenever practicable, to afford the public an opportunity to participate in the rulemaking process. However, since no substantive change is being made in the regulations and the revision thereof reflects primarily reinstatement of the previously prescribed Arrowhead Symbol as the official National Park Service emblem, it is not deemed necessary, or in the public interest, to request comments on such revision. Therefore, the revised regulation will become effective on the date of its publication in the FEDERAL REGISTER. (5 U.S.C. 553)

Part 11 of Chapter 1 of Title 36 of the Code of Federal Regulations is revised in its entirety to read as follows:

Sec.
11.1 Definitions.
11.2 Noncommercial use.
11.3 Commercial use.
11.4 Power to revoke.
11.5 Penalties.

AUTHORITY. The provisions of this Part 11 are issued under sec. 3, 39 Stat. 535; 16 U.S.C. 3.

§ 11.1 Definitions.

(a) The term "Arrowhead Symbol," as used in this part, refers to the insignia of the National Park Service prescribed as its official symbol by notice published in the FEDERAL REGISTER of March 15, 1962 (27 F.R. 2486). That symbol, use of which had been limited by notice published in the FEDERAL REGISTER of October 22, 1968 (33 F.R. 15605–06), has been reinstated as the Service's official emblem. The term "Parkscape Symbol," as used in this part, is the same insignia referred to in the FEDERAL REGISTER notice of October 22,

1968, as the "National Park Service Symbol." The "Parkscape Symbol" has been prescribed as the official tie tack or pin to be worn by all National Park Service uniformed employees. Moreover, the tie tack or pin may be worn by employees of the Service when not in uniform as a part of their civilian attire.

(b) The term "Director" means the Director of the National Park Service, U.S. Department of the Interior, or person designated to act for him.

(c) The term "commercial use" as used in the regulations of this part refers to use of the "Arrowhead Symbol" or the "Parkscape Symbol" on souvenirs or other items of merchandise presented for sale to the public by private enterprise operating either within or outside of areas of the National Park System.

(d) The term "noncommercial use" as used in the regulations of this part refers to nongovernmental use of the "Arrowhead Symbol" or the "Parkscape Symbol" other than as described in paragraph (c) of this section.

§ 11.2 Noncommercial use.

The Director may permit the reproduction, manufacture, sale, and use of the "Arrowhead Symbol" or the "Parkscape Symbol" for noncommercial purposes with or without charge under such conditions as will contribute to purposes of education and conservation as they relate to the program of the National Park Service. All other noncommercial use is prohibited.

§ 11.3 Commercial use.

The manufacture, reproduction or use of the "Arrowhead Symbol" or the "Parkscape Symbol" for commercial purposes is prohibited.

§ 11.4 Power to revoke.

Permission granted under this part by the Director may be rescinded by him at any time upon a finding that the use of the symbol or symbols involved is injurious to their integrity or inconsistent with the purposes of the National Park Service in the fields of conservation and recreation, or for disregard of any limitations or terms contained in the permits.

§ 11.5 Penalties.

Whoever manufactures, sells or uses the "Arrowhead Symbol" or the "Parkscape Symbol" in violation of the regulations of this part shall be subject to the penalties prescribed in section 701 of title 18 of the United States Code.

Dated: May 27, 1970.

Director,
National Park Service.

Title 49—TRANSPORTATION

Chapter X—Interstate Commerce Commission

SUBCHAPTER A—GENERAL RULES AND REGULATIONS

[Service Order No. 1040]

PART 1033—CAR SERVICE

Distribution of Refrigerator Cars

At a session of the Interstate Commerce Commission, Railroad Service Board, held in Washington, D.C., on the 28th day of May 1970.

It appearing, that an acute shortage of mechanical refrigerator cars exist in the areas served by the Southern Pacific Transportation Co. and the Union Pacific Railroad Co., and that shippers served by the Southern Pacific Transportation Co. and the Union Pacific Railroad Co. are being deprived of such cars required for loading perishable products, creating a great economic loss; that present regulations and practices with respect to the use, supply, control, movement, distribution, exchange, interchange, and return of such mechanical refrigerator cars owned by the Pacific Fruit Express Co., a wholly owned subsidiary of the Southern Pacific Transportation Co. and the Union Pacific Railroad Co. are ineffective. It is the opinion of the Commission that an emergency exists requiring immediate action to promote car service in the interest of the public and the commerce of the people. Accordingly, the Commission finds that notice and public procedure are impracticable and contrary to the public interest, and that good cause exists for making this order effective upon less than 30 days' notice.

It is ordered, That:

§ 1033.1040 Distribution of refrigerator cars.

(a) Each common carrier by railroad subject to the Interstate Commerce Act shall observe, enforce, and obey the following rules, regulations, and practices with respect to its car service.

(1) Withdraw from distribution and return to owners empty, except as otherwise provided in subparagraphs (2) and (3) of this paragraph, all mechanical refrigerator cars owned by the Pacific Fruit Express Co. which are listed in the Official Railway Equipment Register, ICC R.E.R. 375 issued by E. J. McFarland, or reissues thereof, as having mechanical designations RP or RPL and numbered in series 100,000 through 459,500.

(2) Pacific Fruit Express Co. refrigerator cars, described in subparagraph (1) of this paragraph, available empty at a station other than a junction with the Southern Pacific Transportation Co. or Union Pacific Railroad Co. may be loaded with freight requiring protection from heat or cold and subject to the provisions of Perishable Protective Tariff 18, ICC No. 37, issued by J. D. Sutherland, supplements thereto, or reissues thereof, if destined to any station on or routed via the Southern Pacific Transportation Co. or the Union Pacific Railroad Co.

(3) Pacific Fruit Express Co. refrigerator cars described in subparagraph (1) of this paragraph available empty at a junction with the Southern Pacific Transportation Co. or with the Union Pacific Railroad Co. must be delivered at that junction to either the Southern Pacific Transportation Co. or the Union Pacific Railroad Co., either empty or loaded with freight requiring protection from heat or cold, and subject to the provisions of Perishable Protective Tariff 18, ICC No. 37, issued by J. D. Sutherland, supplements thereto, or reissues thereof.

(4) Pacific Fruit Express Co. refrigerator cars described in subparagraph (1) of this paragraph available empty at stations on the Southern Pacific Transportation Co. or the Union Pacific Railroad Co. shall be loaded only with freight requiring protection from heat or cold and subject to the provisions of Perishable Protective Tariff 18, ICC No. 37, issued by J. D. Sutherland, supplements thereto, or reissues thereof. Exception: Cars with defective mechanical refrigeration units which the Pacific Fruit Express Co. certifies cannot be repaired and placed in operating condition within 30 days. The certification provided herein shall be made to R. D. Pfahler, Director, Bureau of Operations, Interstate Commerce Commission, Washington, D.C.

(5) Pacific Fruit Express Co. refrigerator cars, described in subparagraph (1) of this paragraph, must not be back hauled empty, or held empty more than 24 hours awaiting placement for loading for the purpose of obtaining a load as authorized in subparagraphs (2) and (3) of this paragraph.

(b) *Application.* The provisions of this order shall apply to intrastate, interstate and foreign commerce.

(c) *Effective date.* This order shall become effective at 12:01 a.m., June 3, 1970.

(d) *Expiration date.* This order shall expire at 11:59 p.m., August 31, 1970, unless otherwise modified, changed, or suspended by order of this Commission.

(e) This order is issued pursuant to the authority contained in secs. 1, 12, 15, 17(2), 24 Stat. 379, 383, 384, as amended; 49 U.S.C. 1, 12, 15, 17(2). Interprets or applies secs. 1 (10–17), 15(4), 17(2), 40 Stat. 101, as amended 54 Stat. 911; 49 U.S.C. 1 (10–17), 15(4), 17(2).

It is further ordered, That a copy of this order and direction shall be served upon the Association of American Railroads, Car Service Division, as agent of all railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the Office of the Secretary of the Commission at Wash-

ington, D.C., and by filing it with the Director, Office of the Federal Register.

[Ex Parte No. MC-77]

PART 1307—FREIGHT RATE TARIFFS, SCHEDULES, AND CLASSIFICATIONS OF MOTOR CARRIERS

Subpart B—Common Carrier Freight Tariffs and Classifications

RESTRICTIONS ON SERVICE BY MOTOR COMMON CARRIERS

At a General Session of the Interstate Commerce Commission, held at its office in Washington, D.C., on the 28th day of May 1970.

Upon consideration of the record in the above-entitled proceeding, including the report and order of the Commission, of February 18, 1970, reported at 111 M.C.C. 151, prescribing a tariff content rule; and of the joint petition of Central and Southern Motor Freight Tariff Association, Inc., Central States Motor Freight Bureau, Inc., Eastern Central Motor Carriers Association, Inc., Maine Motor Rate Bureau, Middlewest Motor Freight Bureau, Inc., New England Motor Rate Bureau, Inc., Niagara Frontier Tariff Bureau, Inc., Southern Motor Carriers Rate Conference, and Southwestern Motor Freight Bureau, Inc., filed April 22, 1970, seeking postponement, until September 1, 1970, of the date on or before which tariffs filed before April 17, 1970, shall be brought into conformity with the new rule; and

It appearing, that in seeking the postponement, the petitioners refer to the complexities involved in tariff analysis, and emphasize that additional time is necessary to bring tariffs filed prior to April 17, 1970, into conformity with the rule;

It further appearing, that the length of the postponement sought is reasonable, and is justified; and good cause appearing therefor:

It is ordered, That the said report and order of February 18, 1970, be, and they are hereby, modified, by substituting the date September 1, 1970, in lieu of June 1, 1970, where it appears in § 1307.27(k)(2).

It is further ordered, That the modification effected by the first ordering paragraph be reflected in the Commission's bound volumes.

It is further ordered, That petitioners be, and they are hereby, notified and required, within 30 days of the service date of this order, to submit a report to the Commission describing in detail the actions they have taken to bring their tariffs, filed prior to April 17, 1970, into compliance with the regulations adopted in the said report and order in this proceeding. That report should specify the type of restrictions which they propose to delete, those which they propose not to delete, and those which raise questions as to the need for deletion or modification pursuant to the said report and order.

It is further ordered, That notice of this order be published in the FEDERAL REGISTER.

Chapter I—Federal Aviation Administration, Department of Transportation

[Docket No. 70-CE-8-AD; Amdt. 39-1001]

PART 39—AIRWORTHINESS DIRECTIVES

Beech Models 36 and A36 Airplanes

On the basis of information developed by the manufacturer and furnished the Agency, it has been determined that Beech Models 36 and A36 (Serial Nos. E-1 through E-201) and Beech Model 58 (Serial Nos. TH-1 through TH-6) airplanes are not in compliance with § 3.386 of the Civil Air Regulations. Specifically, the attachment of the seat tracks on the two center seats in these model airplanes only withstand a force developed by an 8.5g acceleration whereas the regulation requires at least 9.0g. To correct this condition the manufacturer has issued Beechcraft Service Instructions No. 0343-314 which recommends the replacement of the seat track attaching screws on the two center seats with screws having a larger grip. In order to make the requirements of the Service Instruction mandatory, and at the request of the manufacturer, an airworthiness directive is being issued requiring within 50 hours' time in service after the effective date of this AD, modification of the seat track installation on Beech Models 36 and A36 (Serial Nos. E-1 through E-201) airplanes. The Beech Model 58 airplanes are not included in this AD inasmuch as only six airplanes are involved and the manufacturer has stated that it will modify these airplanes to correct this condition.

Since the purpose of this AD is to require the Beech Models 36 and A36 airplanes to meet a certification regulatory requirement and is in the interest of safety, it is found that notice and public procedure hereon is impracticable and good cause exists for making this amendment effective in less than thirty (30) days.

In consideration of the foregoing and pursuant to the authority delegated to me by the Administrator (31 F.R. 13697), § 39.13 of Part 39 of the Federal Aviation Regulations is amended by adding the following new AD.

BEECH. Applies to Models 36 and A36 (Serial Nos. E-1 through E-201) Airplanes.

Compliance: Required as indicated, unless already accomplished.

To effect compliance with a certification regulatory requirement, accomplish the following:

Within 50 hours' time in service after the effective date of this AD, modify the seat tracks on the two center seats in accordance with Beechcraft Service Instructions No. 0343-314, or an equivalent method approved by the Chief, Engineering & Manufacturing Branch, FAA, Central Region.

This amendment becomes effective June 9, 1970.

PART 39—AIRWORTHINESS DIRECTIVES

Fairchild Hiller Aircraft

On page 4333 of the FEDERAL REGISTER for March 11, 1970, the Federal Aviation Administration published a proposed rule which would require installation of mechanical stops to forestall overtravel in instances of structural and electrical malfunctions.

Interested parties were given 30 days after publication in which to submit written data or views. ATA requested that the compliance time be extended from 250 hours to 1,000 hours. However, it is opined that there was not sufficient justification to support the request, particularly in view of the fact that ATA had

been apprised of the agency's proposed action as early as January 2, 1970.

In view of the foregoing and pursuant to the authority delegated to me by the Administrator, 14 CFR 11.89 (31 F.R. 13697), § 39.13 of the Federal Aviation Regulations is amended by adopting the proposed airworthiness directive as published.

This amendment is effective July 6, 1970.

(Secs. 313(a), 601, and 603, Federal Aviation Act of 1958, 49 U.S.C. 1354(a), 1421, and 1423; sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Jamaica, N.Y., on May 19, 1970.

WAYNE HENDERSHOT,
Acting Director, Eastern Region.

Amend § 39.13 of Part 39 of the Federal Aviation Regulations by adding the following new airworthiness directive:

FAIRCHILD HILLER. Applies to F-27 and FH-227 type airplanes certificated in all categories.

To assure that the outboard flaps are contained in the event of overtravel, by the addition of positive stops to the screwjacks, accomplish the following within the next 250 hours in service after the effective date of this AD, unless already accomplished.

(a) Comply with the applicable Fairchild Hiller Service Bulletin, No. F-27-27-72 dated January 16, 1970, or No. FH-227-27-30 dated January 16, 1970, or later revision or equivalent method both approved by the Chief, Engineering and Manufacturing Branch, FAA, Eastern Region.

(b) Upon request with substantiating data submitted through an FAA Maintenance Inspector, the compliance time specified in this AD may be increased by the Chief, Engineering and Manufacturing Branch, FAA, Eastern Region.

PART 39—AIRWORTHINESS DIRECTIVES

Sikorsky Aircraft

The Federal Aviation Administration is amending § 39.13 of Part 39 of the Federal Aviation Regulations so as to issue an airworthiness directive applicable to Sikorsky S-55 and S-62A type rotorcraft.

There has been a report of a failure of the main rotor shaft due to a fatigue crack originating from a surface defect. Since this defect can exist in other rotorcraft of the same type design, an airworthiness directive is being issued to require an inspection and replacement where necessary of the main rotor shafts.

Since the foregoing requires expeditious adoption of the rule, notice and public procedure hereon are impractical and the rule may be made effective in less than 30 days.

In consideration of the foregoing and pursuant to the authority delegated to me by the Administrator, 14 CFR 11.89 (31 F.R. 13697), § 39.13 of Part 39 of the Federal Aviation Regulations is amended by adding the following new airworthiness directive:

SIKORSKY ROTORCRAFT. Applies to S-55, S-55B, S-55C, and S-62A type helicopters certificated in all categories.

Compliance required within the next 15 hours in service after the effective date of this AD, unless already accomplished.

To prevent failure of the main rotor shaft due to fatigue cracks originating from surface conditions, accomplish the following:

(a) Inspect main rotor shaft P/N S14-35-4308-1, -2, -3, or -4, for cracks and surface conditions in accordance with applicable Sikorsky Service Bulletin No. 55B35-3 or 62B35-10 dated April 3, 1970, or later FAA-approved revision, or an equivalent inspection procedure approved by the Chief, Engineering and Manufacturing Branch, FAA Eastern Region.

(b) Main rotor shafts exhibiting crack indications, or unreworkable surface conditions shall be retired from service prior to further flight and replaced with a shaft which has been inspected in accordance with paragraph (a).

(c) Main rotor shafts found with reworkable surface conditions may be reworked in accordance with applicable Sikorsky Service Bulletin No. 55B35-3 or 62B35-10 dated April 3, 1970, or later FAA-approved revision, or an equivalent rework procedure approved by the Chief, Engineering and Manufacturing Branch, FAA Eastern Region. Should the extent of rework necessitate removal of the shaft from the main gear box, then the replacement shaft must have been inspected in accordance with paragraph (a).

(d) Upon request of the operator, an FAA maintenance inspector, subject to prior approval of the Chief, Engineering and Manufacturing Branch, FAA Eastern Region may adjust the compliance time specified in this AD if the request contains substantiating data to justify the increase for that operator.

This amendment is effective June 17, 1970.

(Secs. 313(a), 601, and 603, Federal Aviation Act of 1958, 49 U.S.C. 1354(a), 1421, and 1423; sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Jamaica, N.Y., on May 21, 1970.

Acting Director, Eastern Region.

PART 39—AIRWORTHINESS DIRECTIVES

General Dynamics 340 and 440 Airplanes

There have been cracks in the MLG beam web upper flange radius area that could result in failure of the landing gear support structure. Since this condition is likely to exist or develop in other airplanes of the same type design, an airworthiness directive is being issued to require repetitive inspections and reinforcement or replacement of the MLG beam web in accordance with General Dynamics 640(340D) Service Bulletin 57-3, dated April 17, 1970, or later FAA-approved revision or an equivalent FAA-approved inspection and rework procedure.

Since a situation exists that requires immediate adoption of this regulation, it is found that notice and public procedure hereon are impracticable and good cause exists for making this amendment effective in less than 30 days.

In consideration of the foregoing, and pursuant to the authority delegated to me by the Administrator (31 F.R. 13697), § 39.13 of Part 39 of the Federal Aviation Regulations is amended by adding the following new airworthiness directive:

GENERAL DYNAMICS. Applies to all Model 340 and 440 Series airplanes including those modified in accordance with STC SA4-1100 or STC SA1096WE.

Compliance required as indicated.

Within the next 50 hours' time in service, after the effective date of this AD, unless already accomplished within the last 450 hours' time in service, visually inspect MLG beam webs P/N 340-1650551-7, -8, -53 and -54 for crack indications in the upper flange radius area by dye penetrant inspection procedures, in accordance with General Dynamics 640 (340D) Service Bulletin No. 57-3, dated April 17, 1970, or later FAA-approved revision, or an equivalent inspection procedure approved by the Chief, Aircraft Engineering Division, FAA Western Region.

(a) If no cracks are found, repeat the inspection procedure outlined above at intervals not to exceed 500 hours' time in service from the last inspection.

(b) If cracks are found as a result of any of the inspections outlined above, accomplish one of the following before further flight:

(1) If MLG beam web cracking exceeds 7 inches total length and/or extends more than 2 inches forward or aft of the 340-8510109 MLG trunnion fitting, the beam web must be replaced.

(2) If MLG beam web cracking is less than 2.75 inches long and oriented in a wing chordwise direction along the web flange bend radius, either:

(i) Stop drill the crack in accordance with section 2(B)(3) of S.B. 57-3 or an equivalent rework approved by the Chief, Aircraft Engineering Division, FAA Western Region, and reinspect for further crack propagation at intervals not to exceed 50 hours' time in service until the beam is reinforced per (3) below or replaced per (1) above, or

(ii) Replace the beam web.

(3) If cracks are between 2.75 inches and 7 inches in length and do not extend more than 2 inches forward or aft of the 340-8510109 MLG trunnion fitting, either replace the beam web or stop drill and reinforce the beam web per section 2(B)(4) of S.B. 57-3 or an equivalent rework approved by the Chief, Aircraft Engineering Division, FAA Western Region. If the beam web is stop drilled and reinforced, it must be reinspected for further crack propagation at intervals not to exceed 500 hours' time in service or until the beam web is replaced.

(c) Cracks propagating beyond a stop drill hole may be restop drilled providing the crack length remains within the limits outlined above.

(d) Normal inspection intervals may be resumed when the beam web is replaced.

This amendment becomes effective June 4, 1970.

(Sec. 313(a), 601, and 603, Federal Aviation Act of 1958, 49 U.S.C. 1354(a), 1421, and 1423; sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Los Angeles, Calif., on May 25, 1970.

PART 39—AIRWORTHINESS DIRECTIVES

Boeing Model 707/720 Airplanes

Amendment 326, Part 507, FEDERAL REGISTER, August 24, 1961, AD 61-18-1, applies to Boeing 707 Series aircraft Serial Nos. 17586-17652, 17658-17690, 17692-17712, 17718-17724, 17903-17906, 17919, 17925-17930, 18012, and 18054 and Boeing Series 720 aircraft Serial Nos. 17907-17917, 18013-18020, 18023, and 18041 as indicated.

Paragraph (e) of Amendment 326 requires repetitive inspections and repairs, as necessary, for 707 and 720 Series aircraft. United Airlines requested that they be permitted to extent the inspection intervals of AD 61-18-1, paragraph (e)(1) from 420 to 450 and paragraph (e)(2) from 840 to 1,050 hours, based upon their inspection program; the 8 years experience record, and lack of discrepancies.

The FAA initiated a fleet survey to evaluate the industry experience since issuance of AD 61-18-1. The survey indicates that the discrepancies occurred on two early 720 aircraft between 8,000 and 9,000 hours, and were considered to have been caused by a combination of manufacturing process and preloading of the trunnion assembly.

The manufacturer's service records confirm the findings of the survey and the manufacturer recommended approval of (UAL) a proposed inspection interval, provided no repairs have been accomplished, in accordance with Service Bulletin No. 859(R-2).

Based on the industry record, the FAA has determined that relief may be granted by way of deleting the requirements of paragraphs (e) (1) and (2), as applicable to 720 series aircraft only, if no cracks are found or repairs are or were made in accordance with Service Bulletin No. 859 (R-2).

Since this amendment is relaxatory in nature and imposes no additional burden on any person, notice and public procedure hereon are unnecessary and this amendment may be made effective in less than 30 days.

In consideration of the foregoing and pursuant to the authority delegated to me by the Administrator (31 F.R. 13697), § 39.13 of Part 39 of Federal Aviation Regulations, Amendment No. 326, FEDERAL REGISTER, August 24, 1961, AD 61-18-1, is hereby amended by revising the introductory language of paragraph (e) to read:

(e) The following repetitive inspections are required on all specified 707 Series aircraft upon completion of inspections and rework outlined in (d) and on all specified 720 Series aircraft. These provisions of paragraphs (e) (1) and (2) may be deleted from the 720 aircraft inspection intervals, provided that no cracks have been found in the steel main landing gear trunnion support rib. If cracks are found or have been found in the rib assembly and repaired per Service Bulletin No. 859 (R-2) the repetitive inspections of paragraphs (e) (1) and (2) shall apply.

NOTE: Paragraphs (e) (1) through (5) remains the same.

This amendment becomes effective June 6, 1970.

(Secs. 313(a), 601, and 603, Federal Aviation Act of 1958, 49 U.S.C. 1354(a), 1421, and 1423; sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Subsequent to publication of the document, a minor error was discovered in the description of the transition area. Action is taken herein to correct this error.

Since this amendment is editorial in nature and imposes no undue burden on any person, notice and public procedure hereon are unnecessary and it may be made effective immediately.

PART 71—DESIGNATION OF FEDERAL AIRWAYS, CONTROLLED AIRSPACE, AND REPORTING POINTS

Designation of Terminal Control Area at Washington, D.C.

On September 30, 1969, a notice of proposed rule making (Notice 69-42; Airspace Docket No. 70-WA-10; 34 F.R. 15254) was published stating that the Federal Aviation Administration was considering the establishment of a Terminal Control Area (TCA) for Washington, D.C. Proposed rules for the control and operation of aircraft operating within terminal control areas were published separately in Notice No. 69-41 (34 F.R. 15252).

Following these issuances, a public hearing was held in Washington, D.C., at which both notices were discussed. As a result of this and other meetings with users, supplemental notices were issued on both Washington TCA and the enabling rule (Notice 69-41B) on March 13, 1970. The air traffic rules for the control and operation of aircraft within TCAs become effective June 25, 1970.

A meeting was held in Washington on May 12, 1970, with approximately 15 local representatives of Washington aviation user groups to discuss and modify the proposal contained in Notice No. 70-WA-10. Only minor changes to the notice were proposed by the group. The FAA has incorporated one of these suggested changes into this amendment.

Six comments were received on this docket that specifically dealt with the Washington airspace proposal. Four were from individuals and two from organizations. One of the organizational comments was from the Eastern Regional Operations Office of the Air Transport Association (ATA). That office, together with the Washington office of ATA, has generally favored the TCA concept. However, in connection with this docket, it is claimed that the area is too complicated; would reduce the efficiency of the ATC system in the Washington area; result in inefficient utilization of airspace; impose an undue operational penalty on IFR traffic; and the VFR corridor would compromise safety. As an alternative, the ATA suggested implementation of the Terminal Radar Service Area (TRSA) Stage III Program. There is little reason to adopt this suggestion because in most respects a compulsory TRSA and a TCA are virtually indistinguishable.

The objections received from the individuals and the Aircraft Owners and Pilots Association (AOPA) can be catalogued into the following:

1. The TCA airspace area is too complex.
2. The TCA would encompass a large amount of airspace in which general aviation aircraft would be restricted.
3. VFR corridor is inadequate and would be unusable if aircraft were operating above a cloud layer.
4. VFR traffic would be compressed below the floors and at the outer boundaries of the TCA.
5. Corridors would be preferred.

Since these objections were extensively discussed by individuals and representatives of user organizations at the public hearing held in Washington, D.C., on January 15, 1970, and subsequent meetings and discussions with user groups, further discourse on each objection appears unnecessary.

From the inception of the TCA program, the FAA pointed out that the TCA concept or any other method of control and segregation of terminal traffic would impose certain penalties on all segments of aviation. We believe the distribution of these penalties is reasonably equitable. The flight paths of IFR traffic may be extended in order to stay within the TCA airspace; likewise, VFR traffic that elects

to stay out of the TCA may be inconvenienced.

The complexity of the area results from the tailoring of the airspace to special requirements and to insure that no more airspace than is necessary will be designated as terminal control area.

One change has been made in the airspace configuration. A floor of 1,500 feet has been established for that portion of Area "A" southeast of Andrews AFB between the 5- and 7-mile radius arcs of the Andrews VORTAC.

In consideration of the foregoing and for reasons stated in Notices 69-41 and 69-41B, Part 71 of the Federal Aviation Regulations is amended, effective 0901 G.m.t., July 23, 1970, as hereinafter set forth.

Section 71.401(a) (35 F.R. 7784) is amended by adding the following:

Title 7—AGRICULTURE

Chapter IX—Consumer and Marketing Service (Marketing Agreements and Orders; Fruits, Vegetables, Nuts), Department of Agriculture

[Lemon Reg. 430]

PART 910—LEMONS GROWN IN CALIFORNIA AND ARIZONA

Limitation of Handling

§ 910.730 Lemon Regulation 430.

(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 910, as amended (7 CFR Part 910), regulating the handling of lemons grown in California and Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), and upon the basis of the recommendations and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of such lemons, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication hereof in the FEDERAL REGISTER (5 U.S.C. 553) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. The committee held an open meeting during the current week, after giving due notice thereof, to consider supply and market conditions for lemons and the need for regulation; interested persons were afforded an opportunity to submit information and views at this meeting; the

recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such lemons; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period herein specified; and compliance with this section will not require any special preparation on the part of persons subject hereto which cannot be completed on or before the effective date hereof. Such committee meeting was held on June 3, 1970.

(b) *Order.* (1) The respective quantities of lemons grown in California and Arizona which may be handled during the period June 7, 1970, through June 13, 1970, are hereby fixed as follows:

(i) District 1: Unlimited movement;

(ii) District 2: 325,500 cartons;

(iii) District 3: Unlimited movement.

(2) As used in this section, "handled," "District 1," "District 2," "District 3," and "carton" have the same meaning as when used in the said amended marketing agreement and order.

ADMINISTRATIVE REVIEW

Notice of Proposed Rule Making

Notice is hereby given that under the authority of 5 U.S.C. 301, section 251 of the Revised Statutes (19 U.S.C. 66) and section 624, Tariff Act of 1930 (19 U.S.C. 1624), in order to conform the Customs Regulations to the changes in the Tariff Act of 1930 effected by the Customs Administrative Act of 1970, Public Law 91-271, approved June 2, 1970, and to implement the administrative review procedures authorized by the Act, it is proposed to amend the Customs Regulations as set forth in tentative form below:

Chapter I of title 19 of the Code of Federal Regulations is amended to add new parts 173 through 176 as follows:

PART 173—ADMINISTRATIVE REVIEW IN GENERAL

Sec.

AUTHORITY: The provisions of this Part 173 issued under R.S. 251, secs. 501, 624, 46 Stat. 730, as amended, 759; 19 U.S.C. 66, 1501, 1624.

§ 173.0 Scope.

This part deals with the general authority of review, the authority to reliquidate voluntarily, the authority to correct for clerical error, mistake of fact, or other inadvertence under section 520 (c)(1), Tariff Act of 1930, as amended, the authority to review an entry of household or personal effects, and the power to reliquidate an entry on account of fraud.

§ 173.1 Authority to review for error.

District directors have broad responsibility and authority to review transactions to insure that the rate and amount of duty assessed on imported merchandise is correct and that the transaction is otherwise in accordance with the law. This authority extends to errors in the construction of a law and to errors adverse to the Government as well as the importer.

§ 173.2 Transactions which may be reviewed and corrected.

The district director may review transactions for correctness, and take appropriate action under his general authority to correct errors, including those in appraisement where appropriate, at the time of:

(a) Liquidation of an entry;

(b) Voluntary reliquidation completed within 90 days after liquidation;

(c) Voluntary correction of an exaction within 90 days after the exaction was made;

(d) Reliquidation made pursuant to a valid protest covering the particular merchandise as to which a change is in order; or

(e) Modification, pursuant to a valid protest, of a transaction or decision which is neither a liquidation or reliquidation.

§ 173.3 Voluntary reliquidation.

(a) *Authority to reliquidate.* The district director within 90 days from the date notice of the original liquidation is given to the importer, consignee, or agent, may reliquidate on his own initiative a liquidation or a reliquidation to correct errors in appraisement, classification, or any other element entering into the liquidation or reliquidation, including errors based on misconstruction of applicable law. A voluntary reliquidation may be made even though a protest has been filed, and whether the error is discovered by the district director or is brought to his attention by an interested party.

(b) *Notice of reliquidation.* Notice of a voluntary reliquidation shall be given in accordance with the requirements for giving notice of the original liquidation.

(Sec. 501, 46 Stat. 730, as amended; 19 U.S.C. 1501)

§ 173.4 Correction of clerical error, mistake of fact, or inadvertence.

(a) *Authority to review and correct.* Even though a valid protest was not filed, the district director, upon timely application, may correct pursuant to section 520(c)(1), Tariff Act of 1930, as amended (19 U.S.C. 1520(c)(1)), a clerical error, mistake of fact, or other inadvertence meeting the requirements of paragraph (b) of this section, by reliquidation or other appropriate action.

(b) *Transactions which may be corrected.* Correction pursuant to section 520(c)(1), Tariff Act of 1930, as amended, may be made in any entry, liquidation, appraisement, or other Customs transaction if the clerical error, mistake of fact, or other inadvertence:

(1) Does not amount to an error in the construction of a law;

(2) Is adverse to the importer; and

(3) Is manifest from the record or established by documentary evidence.

(c) *Limitation on time for application.* A clerical error, mistake of fact, or other inadvertence meeting the requirements of paragraph (b) of this section must be brought to the attention of the district director:

(1) Within 1 year after the date of entry, or other transaction (including liquidation, reliquidation, or exaction) if the error, mistake of fact, or other inadvertence is in the entry, or other transaction (including a liquidation, reliquidation, or exaction), or

(2) Within 90 days after liquidation or exaction when the liquidation or exaction is made more than 9 months after the date of entry, or other transaction, except that in cases where the error is in liquidation, reliquidation, or exaction, the 1-year limitation shall apply.

(Sec. 520, 46 Stat. 739, as amended; 19 U.S.C. 1520)

§ 173.5 Review of entry covering household or personal effects.

An error in the liquidation of an entry covering household or personal effects may be corrected by the district director even though a timely protest was not filed if an application for refund is filed with the district director within 1 year after the date of the entry and no waiver of compliance with applicable regulations is involved other than a waiver which the district director has authority to grant. Where the district director has no authority to grant the waiver, the application shall be referred to the Commissioner of Customs.

(Sec. 520, 46 Stat. 739, as amended; 19 U.S.C. 1520)

§ 173.6 Review of entry for fraud.

The district director may review any entry in which fraud is suspected. Where probable cause to believe there is fraud in the case is found by the district director, he may reliquidate an entry within 2 years (exclusive of the time during which a protest is pending) after the date of liquidation or last reliquidation.

(Sec. 521, 46 Stat. 739; 19 U.S.C. 1521)

PART 174—PROTESTS

Sec.

Sec.
174.26 Disposition after further review.
174.27 Consideration of additional arguments.
174.28 Allowance or denial of protests.
174.29 Notice protest denied.

AUTHORITY: The provisions of this Part 174 issued under R.S. 251, as amended, sec. 624, 46 Stat. 759; 19 U.S.C. 66, 1624. Subpart B also issued under sec. 514, 46 Stat. 736, as amended; 19 U.S.C. 1514. Subpart C also issued under sec. 515, 46 Stat. 736, as amended; 19 U.S.C. 1515.

§ 174.0 Scope.

This part deals with the administrative review of decisions of the district director, including the requirements for the filing of protests against such decisions, amendment of protests, review and accelerated disposition, and provisions dealing with further administrative review.

Subpart A—General Provisions

§ 174.1 Definitions.

When used in this part, the following terms shall have the meaning indicated:

(a) *District director.* "District director" means the district director of Customs at a headquarters port other than the port of New York, N.Y., and the regional commissioner of Customs for Customs Region II at the port of New York, N.Y.

(b) *Further review.* "Further review" means review of the decision of the district director by Customs officers on a level higher than the district, and in Region II by Customs officers who did not participate directly in the decision which is the subject of the protest.

§ 174.2 Applicability of provisions.

(a) *In general.* The provisions of this part shall be applicable to protests against decisions involving:

(1) Articles excluded from entry or entered or withdrawn from warehouse for consumption on or after October 1, 1970;

(2) Articles entered or withdrawn from warehouse for consumption prior to October 1, 1970, for which appraisement has not become final by October 1, 1970;

(3) Articles entered or withdrawn from warehouse for consumption prior to October 1, 1970, for which the appraisement has become final but with respect to which the entry has not been liquidated prior to October 1, 1970;

(4) Articles entered or withdrawn from warehouse for consumption with respect to which the entry has been liquidated prior to October 1, 1970, if the time for filing a protest has not expired or a protest has not been disallowed in whole or in part before October 1, 1970; or

(5) Articles excluded from entry before October 1, 1970, with respect to which the time for filing a protest has not expired or a protest has not been disallowed in whole or in part before October 1, 1970.

(b) *Limitations*—(1) *Appraisement not final.* When the appraisement of articles entered or withdrawn from warehouse for consumption prior to October 1, 1970, is not final by October 1, 1970, because an appeal for reappraisement was timely filed prior to such date, the provisions of this part relating to protests shall be applicable to a protest filed after the court's decision on the appeal to reappraisement has become final. Such protest shall not include issues which were raised or could have been raised on the appeal for reappraisement.

(2) *Protest not disallowed.* When a protest filed prior to October 1, 1970, has not been disallowed in whole or in part before such date, the provisions of this part shall be applicable to such protests. The time within which any action must be taken under the provisions of this part with respect to such a protest shall commence on the date the protest was in fact filed.

§ 174.3 Power of attorney to file protest.

(a) *When required.* When a protest is filed by a person acting as agent or attorney in fact for the principal, other than an attorney at law or a customhouse broker or his authorized employee acting in his behalf, there shall have been filed or shall be filed with the protest a power of attorney which either specifically authorizes such agent to make, sign, and file the protest or grants unlimited authority to such agent. No power of attorney to file a protest shall be required in the following cases:

(1) *Attorney at law.* When the protest is filed by an attorney at law as agent or attorney for the principal, the signing of the protest as agent or attorney for the principal by the attorney at law shall be considered a declaration by him that he is currently a member in good standing of the highest court of a State, possession, territory, commonwealth, or the District of Columbia, and has been authorized to sign and file the protest for the principal.

(2) *Customhouse broker or his employee.* When the protest is filed by a customhouse broker, or an authorized employee acting in his behalf, as agent or attorney in fact for the principal, the signing of the protest by the customhouse broker or an authorized employee in his behalf shall be considered a declaration by the broker that he or the employee signing in his behalf, is authorized to sign and file the protest for the principal. The customhouse broker shall have on file, however, a general power of attorney to transact Customs business for the principal on Customs Form 5291.

(b) *Procedure when power of attorney not filed.* If a protest is filed by a person purporting to be an agent for the protesting party, and such person is not named in a power of attorney as required by paragraph (a), the protest shall be returned to the purported agent without being numbered or stamped with the date of receipt, and shall be deemed not filed. Return of such a protest shall not interrupt the running of the period for filing a protest prescribed by section 514, Tariff Act of 1930, as amended (19 U.S.C. 1514).

(c) *Execution of power of attorney*—(1) *Corporation.* A corporate power of attorney to file protests shall be signed by a duly authorized officer or employee of the corporation. If the district director is otherwise satisfied as to the authority of such corporate officer or employee to grant such power of attorney, compliance with the requirements of section 8.19(e) of this chapter may be waived with respect to such power.

(2) *Partnership.* A partnership power of attorney to file protests may be signed by one member in the name of the partnership, provided the power recites the name of all the members.

(d) *Duration.* Powers of attorney issued by a partnership shall be limited to a period not to exceed 2 years from the date of receipt thereof by the district director. All other powers of attorney may be granted for an unlimited period.

(e) *Revocation.* Any power of attorney shall be subject to revocation at any time by written notice given to and received by the district director.

(Secs. 514, 515, 46 Stat. 734, as amended; 19 U.S.C. 1514, 1515)

Subpart B—Protests

§ 174.11 Matters subject to protest.

The following decisions of the district director, including the legality of all orders and findings entering into the same, may be protested under the provisions of section 514, Tariff Act of 1930, as amended (19 U.S.C. 1514):

(a) The appraised value of merchandise;

(b) The classification and rate and amount of duties chargeable;

(c) All charges or exactions of whatever character within the jurisdiction of the Secretary of the Treasury;

(g) The refusal to reliquidate an entry under section 520(c), Tariff Act of 1930, as amended (19 U.S.C. 1520(c)).

§ 174.12 Consolidation of protests filed by different parties.

Separate protests relating to one category of merchandise covered by an entry shall oe considered as a single protest whether filed as a single protest or filed as separate protests relating to the same category by one or more parties in interest or an authorized agent.

§ 174.13 Contents of protest.

(a) *Contents and number of copies required.* Protests against decisions of the district director shall be filed in quadruplicate on Customs Form 19, addressed to the district director, and signed by the person protesting, or his agent or attorney. All schedules or other attachments to a protest shall also be filed in quadruplicate. A protest shall not be deemed filed, and shall be returned to the protesting party, unless the form contains the following information:

(1) The name and address of the protestant, and the name and address of his

agent or attorney if signed by one of these;

(2) The importer number of the protestant. If the protestant is represented by an agent having power of attorney, the importer number of the agent shall also be shown;

(3) The number and date of the entry;

(4) The date of liquidation of the entry;

(5) A specific description of the merchandise affected by the decision as to which protest is made; and

(b) *Optional designation for refunds.* If desired by the owner or protesting party, the statement "any refunds (and/or other information) with respect to the entry under protest shall be mailed to the owner in care of ---------- (Name and Address of Agent) ----------" may be appended to the protest. This designation supersedes any existing designation previously authorized on Customs Form 4811.

§ 174.14 Filing of protests.

(a) *By whom filed.* Protests may be filed by the importer, consignee, or the person paying any charge or exaction, filing any claim for drawback, or seeking entry or delivery with respect to merchandise which is the subject of the decision protested, or his agent or attorney subject to the provisions of section 174.3.

(b) *Manner of filing.* Each protest shall be addressed to the district director. Protests shall be filed with the district director to whom addressed except that when the protested entry is made at a port other than the district headquarters, the protest may be filed with the port director at the port of entry.

(c) *Time of filing.* Protests shall be filed, in accordance with section 514, Tariff Act of 1930, as amended (19 U.S.C. 1514), within 90 days after either:

MILK IN GEORGIA MARKETING AREA

Notice of Hearing on Proposed Amendments to Tentative Marketing Agreement and Order

Notice is hereby given of a public hearing to be held at the Holiday Inn Central, 1944 Piedmont Circle NE., Atlanta, Ga., beginning at 9:30 a.m., local time, on June 12, 1970, with respect to proposed amendments to the tentative marketing agreement and to the order, regulating the handling of milk in the Georgia marketing area.

The hearing is called pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900).

Several interested parties have indicated a need for clarification of certain of the base plan provisions of the order. The purpose of the hearing is to receive evidence with respect to the economic and marketing conditions which may require amendment of the provisions of §§ 1007.110 and 1007.111 as they relate to the establishment and transfer of bases.

Such a review of the base plan will include the following issues for consideration:

1. Whether a producer who did not earn a base in the base-forming period may acquire a base by transfer;

2. Whether such a producer may receive the base price for a volume of milk equal to the transferred base plus that for which he would have received the base price as a nonbase holding producer;

3. Whether further conditions should be imposed on the transfer of bases;

4. Whether transfers of base become effective as of the first day of the month in which the market administrator receives a request for transfer, or on the first day of the following month; and

5. Whether a base that is jointly held may be transferred only in its entirety.

Proposed by the Dairy Division, Consumer and Marketing Service:

Make such changes as may be necessary to make the entire marketing agreement and the order conform with any amendments thereto that may result from this hearing.

Copies of this notice of hearing and the order may be procured from the Market Administrator, E. Hickman Greene, 11 Corporate Square, Room 200, Post Office Box 49025, Atlanta, Ga 30329, or from the Hearing Clerk, Room 112-A, Administration Building, U.S. Department of Agriculture, Washington, D.C. 20250 or may be there inspected.

Signed at Washington, D.C., on June 1, 1970.

JOHN C. BLUM,
Deputy Administrator, Regulatory Programs.

CONTROL ZONES AND TRANSITION AREAS

Proposed Alteration, Designation and Revocation

The Federal Aviation Administration is considering amending §§ 71.171 and 71.181 of Part 71 of the Federal Aviation Regulations so as to designate a Cleveland, Ohio (Cuyahoga County Airport), and Willoughby, Ohio, control zone; alter the Cleveland, Ohio (Cleveland-Hopkins International Airport) (35 F.R. 2067), Cleveland, Ohio (Burke-Lakefront Airport) (35 F.R. 2067), control

zones and Cleveland, Ohio, 700-foot transition area (35 F.R. 2161); revoke the Chagrin Falls, Ohio (35 F.R. 2157), Painesville, Ohio (35 F.R. 2238), and Willoughby, Ohio (35 F.R. 2285), transition areas.

The U.S. Standard for Terminal Instrument Approach Procedures requires alteration of the Cleveland, Ohio, 700-foot transition area and Cleveland, Ohio (Cleveland-Hopkins International Airport), control zone to provide the necessary controlled airspace to protect aircraft executing the revised instrument approach procedures for Cleveland-Hopkins International Airport.

The Strongsville, Ohio, VOR will be decommissioned in the near future and the Strongsville Airpark VOR-RWY 9 instrument approach procedure will be canceled. The Cleveland, Ohio, transition area and Cleveland, Ohio (Cleveland-Hopkins International Airport), control zone descriptions must also be amended to delete the references to this facility.

The proposed alteration of the Cleveland, Ohio, transition area also includes the transition area airspace required to protect aircraft executing the instrument approach procedures for Burke-Lakefront Airport, Cuyahoga County Airport, Lost Nation Airport, Concord Airpark, Casement Airport, and Chagrin Falls Airport. Therefore, we are proposing to revoke the Chagrin Falls, Ohio; Painesville, Ohio; and Willoughby, Ohio, transition areas.

Control zones are proposed to provide additional controlled airspace to protect aircraft executing the instrument approach procedures at Cuyahoga County Airport and Lost Nation Airport. The communications requirement to support these control zones are available and the weather observations and reporting requirements will be met. The proposed alteration of the Cleveland, Ohio (Burke-Lakefront Airport), control zone will increase the basic control zone radius from 4 miles to 5 miles in accordance with current airspace criteria for designation of control zones.

Interested persons may submit such written data or views as they may desire. Communications should be submitted in triplicate to the Director, Eastern Region, Attention: Chief, Air Traffic Division, Department of Transportation, Federal Aviation Administration, Federal Building, John F. Kennedy International Airport, Jamaica, N.Y. 11430. All communications received within 30 days after publication in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No hearing is contemplated at this time, but arrangements may be made for informal conferences with Federal Aviation Administration officials by contacting the Chief, Airspace and Standards Branch, Eastern Region.

Any data or views presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

The official docket will be available for examination by interested persons at the Office of Regional Counsel, Federal Aviation Administration, Federal Building, John F. Kennedy International Airport, Jamaica, N.Y.

The Federal Aviation Administration, having completed a review of the airspace requirements for the terminal area of Cleveland, Ohio, proposes the airspace action hereinafter set forth:

1. Amend § 71.171 of Part 71 of the Federal Aviation Regulations so as to:

(a) Delete the description of the Cleveland, Ohio (Cleveland-Hopkins International Airport), control zone and insert the following in lieu thereof:

This control zone shall be effective from 0700 to 2300 hours, local time, daily.

(c) Designate a Cleveland, Ohio (Cuyahoga County Airport), control zone described as follows:

TEMPORARY RESTRICTED AREA AND CONTROLLED AIRSPACE

Proposed Designation and Alteration

The Federal Aviation Administration (FAA) is considering an amendment to Parts 71 and 73 of the Federal Aviation Regulations which would establish a temporary restricted area at White Sands Proving Grounds, N. Mex., and alter the description of the continental control area in order to reflect the establishment of the restricted area.

Interested persons may participate in the proposed rule making by submitting such written data, views, or arguments as they may desire. Communications should identify the airspace docket number and be submitted in triplicate to the Director, Southwest Region, Attention: Chief, Air Traffic Division, Federal Aviation Administration, Post Office Box 1689, Fort Worth, Tex. 76101. All communications received within 30 days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. The proposal contained in this notice may be changed in the light of comments received.

An official docket will be available for examination by interested persons at the Federal Aviation Administration, Office of the General Counsel, Attention: Rules Docket, 800 Independence Avenue SW., Washington, D.C. 20590. An informal docket also will be available for examination at the office of the Regional Air Traffic Division Chief.

In Airspace Docket No. 65-SW-23 (30 F.R. 9577), temporary Restricted Areas R-5116A and B at White Sands Proving Grounds, N. Mex., were designated for the period September 15, 1965, through February 1, 1966, in support of a classified project associated with the Hound Dog Missile Program.

Subsequently, R-5116A has been redesignated for three temporary periods (31 F.R. 958, 13987, 16127, and 33 F.R. 6085).

The Department of the Air Force has now submitted a further request for the designation R-5116A from sunrise to sunset, for the period October 1, 1970, through December 31, 1970. The area would be activated for only a period of minutes during each launching of a Hound Dog Missile and the same procedures in effect previously would apply to this designation. These procedures include (1) sufficient advance notice of the activation of this area that will permit notification to the public by all news media available and in regularly scheduled broadcasts of Flight Service Stations in the vicinity, and (2) coordination by the Air Force with the Albuquerque ARTC Center so the missile launchings will have a minimum impact on published air carrier schedules.

In consideration of the foregoing, the FAA proposes the airspace actions as hereinafter set forth.

1. R-5116A White Sands Proving Grounds, N. Mex.

Boundaries. Beginning at lat. 33°53'40" N., long. 106°44'35" W.; to lat. 34°20'35" N., long. 107°02'35" W.; to lat. 34°25'00" N., long. 106°51'45" W.; to lat. 34°09'55" N., long. 106°41'35" W.; to the point of beginning.

Designated altitudes. Surface to FL 240, excluding the airspace below 7,000 feet MSL west of long. 106°50'00" W.

Time of designation. Sunrise to sunset, October 1, 1970, through December 31, 1970, as published in NOTAMs at least 12 hours in advance of use.

Controlling agency. Federal Aviation Administration, Albuquerque ARTC Center.

Using agency. Commander, Air Force Missile Development Center, Holloman AFB, N. Mex.

2. The description of the continental control area would be altered to include Restricted Area R-5116A.

This amendment is proposed under the authority of section 307(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1348) and section 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).

Issued in Washington, D.C., on May 28, 1970.

T. MCCORMACK,
Acting Chief, Airspace and Air Traffic Rules Division.

Food and Drug Administration

[Docket No. FDC-D-181; NDA No. 3-911 etc.]

SULFAGUANIDINE

Notice of Opportunity for Hearing on Proposal To Withdraw Approval of the New-Drug Applications

In an announcement published in the FEDERAL REGISTER of June 7, 1969 (34 F.R. 9095), Lederle Laboratories, holder of new-drug application No. 3-911 for Sulfaguanidine Tablets (0.5 gram), and any interested person who might be adversely affected, were invited to submit pertinent data bearing on the intention of the Commissioner of Food and Drugs to initiate proceedings to withdraw approval of the new-drug application.

On June 24, 1969, Lederle Laboratories responded by proposing that sulfaguanidine be considered as an alternate choice for antimicrobial therapy in ulcerative colitis when salicylazosulfapyridine is not tolerated. The Commissioner concludes that this submission contained no new information providing substantial evidence of effectiveness for either this condition of use or any other condition of use for this drug.

No other persons have submitted data pertinent to the proposal. Therefore, notice is given to Lederle Laboratories, Division of American Cyanamid Co., Pearl River, N.Y. 10965 (NDA 3-911), Calco Chemical Co., Division of American Cyanamid Co., Bound Brook, N.J. (NDA 3-912), E. R. Squibb & Sons, New York, N.Y. (NDA 3-938), and Parke Davis & Co., Holland, Mich. (NDA 4-314), and to any other interested person who may be adversely affected, that the Commissioner of Food and Drugs proposes to issue an order under the provisions of section 505(e) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355(e)) withdrawing approval of the above-specified new-drug applications and all amendments and supplements thereto on the grounds that new information with respect to such drug, evaluated together with the information available when the applications were approved, shows there is a lack of substantial evidence that the drug will have the effect it is represented to have in the treatment of acute bacillary dysentery and as a preoperative and postoperative measure in colonic resection to reduce sequalae and shorten the period of hospitalization, in that the majority of strains of Shigella are now resistant to sulfonamides in vivo.

In accordance with provisions of section 505 of the act (21 U.S.C. 355) and regulations promulgated thereunder (21 CFR Part 130), the Commissioner will give the applicants, and any interested person who would be adversely affected by an order withdrawing such approval, an opportunity for a hearing to show why approval of any new-drug application listed herein should not be withdrawn. Promulgation of the proposed order will cause any drug for human use containing the same active substances and offered for the same conditions of use to be a new drug for which an approved new-drug application is not in effect. Any such drug then on the market would be subject to regulatory proceedings.

Within 30 days after publication hereof in the FEDERAL REGISTER, such persons are required to file with the Hearing Clerk, Department of Health, Education, and Welfare, Office of the General Counsel, Food, Drug, and Environmental Health Division, Room 6-62, 5600 Fishers Lane, Rockville, Md. 20852, a written appearance electing whether:

1. To avail themselves of the opportunity for a hearing; or

2. Not to avail themselves of the opportunity for a hearing.

If such persons elect not to avail themselves of the opportunity for a hearing, the Commissioner without further notice will enter a final order withdrawing approval of the new-drug applications. Failure of such persons to file such a written appearance of election within said 30 days will be construed as their election not to avail themselves of the opportunity for a hearing.

The hearing contemplated by this notice will be open to the public except that any portion concerning a method or process the Commissioner finds entitled to protection as a trade secret will not be open to the public, unless the respondent specifies otherwise in his appearance.

If such persons elect to avail themselves of the opportunity for a hearing, they must file a written appearance requesting the hearing, giving the reasons why approval of the new-drug application should not be withdrawn, together with a well-organized and full-factual analysis of the clinical and other investigational data they are prepared to prove in support of their opposition. The request must set forth specific showing there is a genuine and substantial issue of fact that requires a hearing. If the hearing is requested and is justified by the response to this notice, the issues will be defined, a hearing examiner will be appointed, and he shall issue a written notice of the time and place at which the hearing will commence. (35 F.R. 7250; May 8, 1970)

This notice is issued pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 505, 52 Stat. 1052-53, as amended; 21 U.S.C. 355) and under authority delegated to the Commissioner (21 CFR 2.120).

Dated: May 26, 1970.

Acting Associate Commissioner for Compliance.

[DESI 12585V]

TYLOSIN TARTRATE

Drugs for Veterinary Use; Drug Efficacy Study Implementation

The Food and Drug Administration has evaluated a report received from the National Academy of Sciences-National Research Council, Drug Efficacy Study Group, on the following preparation: Tylan Injectable Sterile; contains tylosin tartrate soluble powder which when mixed with water according to directions produces a solution equivalent in activity to 25 milligrams of tylosin base per cubic centimeter; marketed by Elanco Products Co., Division of Eli Lilly & Co., Post Office Box 618, Indianapolis, Ind. 46206.

The product is intended for use in chickens and turkeys for chronic respiratory disease and infectious sinusitis.

The Academy concluded that the drug is probably effective for use as an aid in the control of respiratory disease in broilers and replacement flocks in chickens and in the control of infectious sinusitis in turkeys. The Academy stated that the antimicrobial effect of the drug is recognized; however, several label changes are needed as follows:

1. Each disease claim should be properly qualified as "appropriate for use in (name of disease) caused by pathogens sensitive to tylosin."

2. Label claims made "for prevention of" or "to prevent" should be replaced with "as an aid in the control of" or "to aid in the control."

3. Dosage should be expressed on a milligram-per-pound of body weight basis.

The Academy further stated that more information is needed on blood concentrations to support the dosage schedule and claims made in the labeling.

The Food and Drug Administration concurs with the Academy's conclusions.

This evaluation is concerned only with the drug's effectiveness and safety to the animals to which administered. It does not take into account the safety for food use of food derived from drug-treated animals. Nothing in this announcement will constitute a bar to further proceedings with respect to questions of safety of the drug or its metabolites as residues in food products derived from treated animals.

This announcement is published (1) to inform the holders of new animal drug applications of the findings of the Academy and of the Food and Drug Administration and (2) to inform all interested persons that such articles to be marketed must be the subject of approved new animal drug applications and comply with all other requirements of the Federal Food, Drug, and Cosmetic Act.

Holders of new animal drug applications are provided 6 months from publication of this announcement in the FEDERAL REGISTER to submit adequate documentation in support of the labeling used.

Each holder of a "deemed approved" new animal drug application (i.e., an application which became effective on the basis of safety prior to Oct. 10, 1962) for such drugs is requested to submit updating information as needed to make the application current with regard to manufacture of the drug including information on drug components and composition, and also including information regarding manufacturing methods, facilities, and controls, in accordance with the requirements of section 512 (21 U.S.C. 512) of the Federal Food, Drug, and Cosmetic Act.

Written comments regarding this announcement, including requests for an informal conference, may be addressed to the Bureau of Veterinary Medicine, Food and Drug Administration, 5600 Fishers Lane, Rockville, Md. 20852.

The holder of the application for the subject drug has been mailed a copy of the NAS-NRC report. Any manufacturer, packer, or distributor of a drug of similar composition and labeling to it or any other interested person may also obtain a copy by writing to the Food and Drug Administration, Press Relations Office, 5600 Fishers Lane, Rockville, Md. 20852.

This notice is issued pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (secs. 502, 512, 52 Stat. 1050-51, 82 Stat. 343-51; 21 U.S.C. 352, 360b) and under authority delegated to the Commissioner of Food and Drugs (21 CFR 2.120).

Dated: May 25, 1970.

BRANIFF AIRWAYS, INC. ET AL.

Order of Investigation and Suspension

Adopted by the Civil Aeronautics Board at its office in Washington, D.C., on the 26th day of May 1970.

U.S. Mainland-Hawaiian Fare Revisions proposed by Braniff Airways, Inc., Continental Air Lines, Inc., Northwest Airlines, Inc., Pan American World Airways, Inc., Trans World Airlines, Inc., United Air Lines, Inc., Western Air Lines, Inc.

By tariff revisions[1] marked to become effective June 1, 1970, Braniff Airways, Inc. (Braniff), Continental Air Lines, Inc. (Continental), Northwest Airlines, Inc. (Northwest), Pan American World Airways, Inc. (Pan American), Trans World Airlines, Inc. (TWA), United Air Lines, Inc. (United), and Western Air Lines, Inc. (Western), propose to revise most of the U.S. Mainland-Hawaii fares.

All of the carriers propose to increase first-class fares (generally amounting to a one-way increase of $15), and eliminate first-class round-trip discounts. In addition, where applicable, the carriers propose to increase youth and military standby and reservation fares, Discover America fares, and fares for parents and spouses of U.S. military personnel (R & R) fares by reflecting the continuation of existing percentage relationships to respective coach fares. As for coach and third-class fares, three different proposals are now pending before the Board.

In essence, Continental proposes to increase both peak and offpeak coach and third-class fares and reduce the number of offpeak travel days from 4 to 3.[2] Northwest and Pan American, while proposing to increase peak and offpeak coach fares by different amounts, also seek to delete third-class fares and retain the existing offpeak period.[3]

In constructing its peak coach fares to interior mainland points, Continental applied the Los Angeles-Honolulu rate per mile of $.0467 to mileages constructed over the Los Angeles gateway and proposes an offpeak coach differential of $15. Similarly, the carrier's proposal establishes peak economy fares at the offpeak coach level with offpeak economy $10 below.

Northwest's proposal would increase only offpeak coach fares by $1, while Pan

[2] TWA and Braniff have filed to match Continental's proposal; however, Braniff does not propose to establish third-class fares.

[3] United and Western have filed to match Pan American's proposal.

American's proposal would increase peak/offpeak coach fares $5 and $6 respectively. Under these two proposals, coach fares to interior cities west of Chicago would reflect respective increases proposed at the gateways. For Chicago/Milwaukee and points east thereof, the increases would amount to $13/$14 for peak/offpeak coach respectively. Generally, the carriers propose to maintain the same $15 peak/offpeak coach fare differential to interior points as they do at the gateways.

In a separate proposal, Braniff proposes to reduce the minimum-stay provisions applicable to Group Inclusive Tour Basing Fares from 13 to 7 days after the date of departure.

In justifying the proposed increase, the carriers generally allege that inflationary trends have produced sharp increases in operating costs and that adjustments in Hawaii fares are clearly warranted. In addition, the carriers allude to the fact that fares in all other domestic and territorial operations were increased in 1969, while Hawaiian fares were reduced. In support of its proposal to cancel its thrift fares, Northwest alleges that third-class service is improperly priced, costly and difficult to administer, and also coach passengers are in actuality subsidizing third-class passengers, as fares applicable to economy service do not pay for the cost of providing the basic transportation. Continental asserts it is proposing to reduce the off-peak travel period from 4 days to 3 mainly because of a traffic imbalance in economy traffic during the existing 4-day off-peak period. The carrier shows coach traffic to be almost evenly split between peak and off-peak.

Braniff submits, as justification for reducing the minimum-stay requirement applicable to its Group Inclusive Tour Basing fares, that it has determined that the majority of such traffic currently moving to Hawaii takes advantage of stopover provisions for Los Angeles, Las Vegas or San Francisco, and stays in Hawaii an average of only 6 or 7 nights. Braniff does not serve these popular stopover points, and believes its proposal will put it in a better position to participate in this traffic.

Complaints have been filed by Continental, Northwest, and the Department of Defense (DOD)—each directed at different aspects of the various proposed revisions.

Continental requests that the proposals to eliminate third-class service as proposed by Northwest, Pan American, United and Western be suspended and investigated. Continental alleges that to eliminate a basic, low-fare service that has wide public use would be unreasonable in that such a move would place the burden of the increase on passengers using the lowest fare.[4] Furthermore, Continental alleges that elimination of economy service would be disastrous in view of the present softening of this predominantly tourist market; the increased capacity of B–747 aircraft now being introduced in these markets; and the fact that the majority of traffic is for vacation purposes and very price conscious.

Northwest's complaint is against Braniff's proposal to reduce the minimum-stay requirement applicable to Group Inclusive Tour Basing (GIT) fares from 13 days to 7 days after departure and requests suspension and investigation of the proposal. Northwest alleges that the liberalization of the minimum-stay requirement will produce widespread diversion of normal fares and individual Inclusive Tour Basing Fares. Based on 1968 data, Northwest contends that under the Braniff proposal, 73 percent of all Hawaii passengers would qualify for the GIT discounts. In conclusion, Northwest alludes to the fact that, while Braniff has proposed to increase all of its existing fares to Hawaii, it also proposes to make revisions to GIT fares which will only reduce the carriers' yields.

The complaint filed by DOD requests investigation and suspension of all proposed increases in military standby/reservation fares and local first-class fares. The complainant alleges that the proposed increases have not been justified by the carriers and that the increases will result in an unjust burden on U.S. Armed Forces personnel. Similarly, the complainant stresses the need for continued low fares for military personnel both from the standpoint of morale and national defense. DOD also alleges that the proposed increases in first-class fares will increase the cost of National Defense and be detrimental to the taxpayers in view of the fact that first-class service is used at times in the defense mission.

Upon consideration of all relevant matters, the Board has determined that the proposed fare revisions, except for the first-class fare increases, and the proposals of Continental and TWA to reduce the number of off-peak days from 4 to 3, may be unjust, or unreasonable, or unjustly discriminatory, or unduly preferential, or unduly prejudicial, or otherwise unlawful, and should be investigated. The Board further concludes that these proposals should be suspended pending investigation.

The fare increases proposed would result in revenue increases estimated by the carriers to be 9.4 percent under the Pan Am proposal, and 12.5 percent under Continental's proposal. Northwest did not provide an estimate for its proposal but we believe it too would be very substantial because it would discontinue the third-class fares. Increases of these magnitudes have not been justified, and may be excessive.

Each of the proposals would result in significant increases in the lowest fares presently available; the one-way increases ranging with the exception from $10 to $15 in the case of both peak and off-peak third-class fares. These increases range as high as 17.6 percent and could tend to have a depressing effect upon traffic, and be detrimental to the carriers' profitability in light of an admittedly soft market and the imminent introduction of B–747 aircraft. Moreover, the proposed cancellation of the economy-class fares coupled with the increase in coach fares produces a compounding effect for passengers who have been using the economy service.

While the Board has determined that the coach and economy-fare increases proposed by the carriers should be suspended, we believe that lesser increases in Hawaiian-Mainland fares are now warranted. These operations have been affected by the same inflationary pressures that resulted in two domestic fare increases during 1969, but the Hawaiian-Mainland fares were not increased last year and in fact were reduced. We conclude that a partial restoration of last year's reductions should be permitted.

Accordingly, we have decided to permit an increase of $5 in coach and economy fares ($6 in the case of off-peak coach) between Hawaii and the west coast gateways. We will permit similar increases to inland points provided the resulting fares-per-mile using direct miles do not exceed the Los Angeles-Hawaii fares-per-mile. Historically, fares between Hawaii and Mainland points have been constructed on the basis of combinations of fares over the west coast gateways. We see no reason for continuing this practice since direct services are now provided between many interior points and Hawaii.

If the carriers desire to refile to reflect the increases indicated above as acceptable to the Board, such filings should be made on at least 30 days' notice.[5] Many passengers are in the process of making their travel plans for the summer, and for this reason we will not permit the increases we deem warranted to be filed on short notice.

Turning to the Braniff proposal to reduce the minimum-stay requirements of its group inclusive tour basing fares from 13 days to 7 days, we have concluded that this sharp reduction in the minimum return period may result in diversion from higher-fared services of Braniff and other carriers, and should be suspended. Under Braniff's proposal, a considerable amount of additional traffic would qualify for GIT travel, and we are not persuaded that the proposal would generate enough traffic to offset the revenue lost through diversion.

With regard to Continental's proposal to reduce the number of offpeak days from 4 days to 3, the carrier has submitted data which shows that a considerable imbalance in economy traffic exists, with most of it moving during the off-peak period. The proposal should tend to spread traffic more evenly during the days of the week.

We will permit the carriers to increase first-class fares, as proposed because those services are considerably underpriced in relation to costs, particularly for B–747 aircraft, which in the near future will be carrying a substantial part of the Hawaiian traffic. We conclude that

[4] Continental alleges that 38.4 percent of its Los Angeles-Hawaii traffic and 69.2 percent of its Seattle/Portland traffic use economy service.

[5] The first-class fare increases are being permitted to become effective on June 1, 1970, as filed.

DOD's complaint does not establish grounds for suspending the first-class fare increases.

Accordingly, pursuant to the Federal Aviation Act of 1958, and particularly sections 204, 403, 404, and 1002 thereof.

It is ordered, That:

1. An investigation is instituted to determine whether the fares and provisions described in Appendix A attached hereto,* and rules, regulations, or practices affecting such fares and provisions, are or will be, unjust or unreasonable, unjustly discriminatory, unduly preferential, unduly prejudicial, or otherwise unlawful, and if found to be unlawful to determine and prescribe the lawful fares and provisions, and rules, regulations, and practices affecting such fares and provisions;

2. Pending hearing and decision by the Board, the fares and provisions described in Appendix A hereto * are suspended and their use deferred to and including August 29, 1970, unless otherwise ordered by the Board, and that no changes be made herein during the period of suspension except by order or special permission of the Board;

3. Except to the extent granted herein, the complaints of Northwest Airlines, Inc. in Docket 22198, the Department of Defense in Docket 22199, and Continental Air Lines, Inc. in Docket 22200, are hereby dismissed; and

4. A copy of this order will be filed with the aforesaid tariffs and be served on Braniff Airways, Inc., Continental Air Lines, Inc., Northwest Airlines, Inc., Pan American World Airways, Inc., Trans World Airlines, Inc., United Air Lines, Inc., Western Air Lines, Inc., and the complainants in Docket 22199.

This order will be published in the FEDERAL REGISTER.

[Dockets Nos. 21866-5, 22239; Order 70-5-142]

BRANIFF AIRWAYS, INC.

Order of Investigation and Suspension

Adopted by the Civil Aeronautics Board at its office in Washington, D.C., on the 28th day of May 1970.

By tariff revisions * marked to become effective June 1, 1970, Braniff Airways, Inc. (Braniff), proposed to cancel Discover America fares in markets under 600 miles; eliminate blackout restrictions on Discover America, youth reservation, military reservation, and family fares; and increase military reservation fares from 66⅔ percent to 80 percent of coach fares. The latter proposal would equalize Braniff's military reservation fares with the present level of its youth reservation fares. The blackout periods involved are from noon to midnight on Fridays, and Sundays in the case of Discover America and family fares; from noon to 9 p.m. on Fridays in the case of military and youth reservation fares.

Braniff states that the purpose of the adjustments is to bring the fares in line with demand, giving better recognition to the diversionary versus the generative effect of certain promotional fares in short-haul markets, the equalization of discounts afforded special classes of reserved-seat passengers, and the need for additional revenues.

Braniff alleges that costs continue to increase; that new labor agreements include raises not remotely offset by productivity gains and emphasize the need for additional revenues; that the domestic fare adjustments in effect since last October were scarcely sufficient to meet then known cost increases, and have done nothing to offset increases since that time; and that Braniff and the industry as a whole are earning less than a reasonable return on investment. Braniff estimates that the proposed changes would increase its passenger revenues by approximately one million dollars annually, or 0.5 percent.

With regard to Discover America fares, Braniff alleges that excursion fares are not economically justified on a system-wide basis, and that excursion travel in short-haul markets is composed primarily of traffic that would move in any event. It is contended that excursion fares should be applicable only in markets where maximum stimulation of new traffic is possible, and that they should be limited to markets of sufficient length that the dollar differential is meaningful in the decision whether to travel and in attracting passengers who might otherwise move by automobile.

Braniff alleges that military reservation fares should be increased to the level now pertaining to youth reservation travel, since there is no social or economic basis upon which to differentiate between military and youth travel in reserved-seat service.

Complaints have been filed by Eastern Air Lines, Inc. (Eastern), and the Department of Defense (DOD). Eastern requests that the Board suspend and investigate Braniff's proposal to eliminate all periods of unavailability now applicable to its major discount fares. Eastern alleges that discount fares traditionally have been justified on the ground that they generate new traffic, and shift demand of a segment of the traveling public from peak to off-peak periods, and that Braniff's proposal runs counter to this purpose. It is alleged that Braniff's proposal would result in a weekend superpeak with one of two results, either full-fare passengers would be lost because of lack of capacity, or the airlines would increase capacity for the peak with a resulting intensification of underutilization during the remaining 5 days of the week. Either result would allegedly destroy the economics of the discount fares.

Eastern also alleges that there is no logical basis in fact for suggesting that new traffic would be generated by elimination of the blackout periods; that it is clear that the removal of the weekend blackouts would be wholly diversionary and that the diversion would be large; and that it has a pool of Friday and Sunday afternoon revenues of approximately $162 million which would be subject to dilution. Eastern further alleges that Braniff's proposal to eliminate blackout periods involves several issues in the Domestic Passenger Fare Investigation, Docket 21866-5; that experiments which have broad adverse ramifications for the industry should be suspended pending investigation; and that Braniff has failed to provide the Board with any data or analysis relating to the cost or effect of the elimination of blackout restrictions, which is essential to the Board's consideration of a fare proposal which would introduce discount fares into major peak traffic periods for the first time.

The Department of Defense (DOD) has filed a complaint against the increase in military reservation fares. DOD alleges there has been absolutely no showing of need, nor any justification whatsoever, for increasing these fares, or showing that the basis upon which the fares are predicated is the proper basis to use. DOD also alleges that more than two and one-half million personnel in the armed forces regularly make use of the military leave reservation fares, and that the proposed increase in these fares will create a very real and unjust burden on these people. DOD claims it has an extreme interest in a continuation of the military leave reservation fares at the current level for a very simple but important reason—morale; that personnel in the armed forces receive low pay and are forced to seek low cost transportation for their leave and other personal travel; and that many of these persons use air service for periodic visits home that could not be made, because of the time element, by any means other than air travel. Finally, DOD alleges that discount fares of the air carriers are under investigation before the Board in the Domestic Passenger Fare Investigation, Docket 21866-5, and that the fares involved herein should not be increased until the Board concludes its investigation and renders its decision in that proceeding.

Upon consideration of the tariff proposals, the complaints and answers thereto and other relevant matters, the Board finds that Braniff's proposals may be unjust, unreasonable, unjustly discriminatory, unduly preferential, unduly prejudicial, or otherwise unlawful. The Board further concludes that the tariffs in question should be suspended pending investigation. These tariff proposals, except for the military reservation fares and related provisions, are already under investigation in Phase 5 of the Domestic Passenger Fare Investigation, Docket 21866-5. We will institute a separate

proceeding to investigate the military reservation fares and applicability provision herein suspended.

Braniff indicates that excursion fares should be limited to "markets of sufficent length (a) to make the dollar differential meaningful in the decision whether to travel and (b) to attract passengers who might otherwise move by private automobile." While we do not necessarily disagree with this statement as a general proposition, the Board is unable to conclude that it supports the reasonableness of eliminating Discover America excursion fares in all markets up to 600 miles in distance. The dollar differential between this fare and the normal round-trip cash fare in a 300-mile market is $11, a magnitude which whether or not to fly. The effect of this proposal is to raise the lowest available fare in markets under 600 miles by some 25 percent, which we believe could be expected to have adverse effect upon traffic and revenues. This is particularly true in light of the two general fare increases permitted in 1969, which in each case involved relatively greater increases in short-haul than in long-haul fares. For these reasons, we are not prepared to permit Braniff's proposed cancellation of Discover America fares without investigation.

Our decision to suspend the proposal to make the major discount fares available at all times is consistent with our recent action in Order 70-4-136, wherein the Board suspended a proposal of other carriers to provide that their military reservation fares would apply at all times systemwide. We suspended that proposal after concluding that it would tend to undermine the economic basis of the reduced fares, and we believe Braniff's proposal can be expected to have the same effect, as described by Eastern in its complaint.

We will suspend the proposed increases in military reservation fares due to the magnitude of the increase of approximately 20 percent. If permitted, this proposal would place a significant burden on military personnel, either in the form of higher fares, or less favorable service if they downgrade to standby fares. The Board permitted similar increases in youth reservation fares effective October 1, 1969; however, national defense considerations were not a factor with those fares. We are not persuaded that the continuation of the 50 percent standby fares adequately satisfies the need for the availability to our military personnel of low cost transportation on a broad basis.

Accordingly, pursuant to the Federal Aviation Act of 1958, and particularly sections 204, 403, 404, and 1002 thereof,

It is ordered, That:

1. An investigation is instituted to determine whether the military reservation fares and provisions described in Appendix A attached hereto,[2] and rules, regulations, or practices affecting such fares and provisions, are or will be, unjust or unreasonable, unjustly discriminatory, unduly preferential, unduly prejudicial, or otherwise unlawful, and if found to be unlawful to determine and prescribe the lawful fares and provisions, and rules, regulations, and practices affecting such fares and provisions;

2. Pending hearing and decision by the Board, the fares and provisions described in Appendix A hereto[2] are suspended and their use deferred to and including August 29, 1970, unless otherwise ordered by the Board, and that no changes be made therein during the period of suspension except by order or special permission of the Board;

3. Except to the extent granted herein, and in Order 70-5-40, dated May 8, 1970, the complaints in Dockets 22146 and 22154 are dismissed;

4. The investigation of the military reservation fares and provisions ordered in paragraph 1 be assigned for hearing before an examiner of the Board at a time and place hereafter to be designated; and

5. A copy of the order will be filed with the aforesaid tariffs and be served on Inc., and the complainant in Docket Braniff Airways, Inc., Eastern Air Lines, 22146, which are hereby made parties to the investigation ordered in paragraph 1.

This order will be published in the FEDERAL REGISTER.

FEDERAL POWER COMMISSION

[Docket Nos. G-2751 etc.]

E. J. DUNIGAN, JR. ET AL.

Findings and Order After Statutory Hearing

MAY 25, 1970.

Findings and order after statutory hearing issuing certificates of public convenience and necessity, amending orders issuing certificates, permitting and approving abandonment of service, terminating certificates, terminating proceedings, substituting respondents, making successors co-respondents, redesignating proceedings, accepting agreement and undertaking for filing, requiring filing of agreements and undertakings, and accepting related rate schedules and supplements for filing.

Each of the applicants listed herein has filed an application pursuant to section 7 of the Natural Gas Act for a certificate of public convenience and necessity authorizing the sale and delivery of natural gas in interstate commerce or for permission and approval to abandon service or a petition to amend an order issuing a certificate, all as more fully set forth in the applications and petitions, as supplemented and amended.

Applicants have filed related FPC gas rate schedules or supplements thereto and propose to initiate, abandon, add to or discontinue in part natural gas service in interstate commerce as indicated in the tabulation herein. All sales certificated herein are at rates either equal to or below the ceiling prices established by the Commission's statement of general policy No. 61-1, as amended, or involve sales for which permanent certificates have been previously issued; except that sales from areas for which area rates have been determined are authorized to be made at or below the applicable area base rates adjusted for quality of the gas, and under the conditions prescribed in the orders determining said rates.

E. J. Dunigan, Jr. et al., applicants in Docket No. G-2751, propose to continue the sale of natural gas heretofore authorized in said docket to be made pursuant to I. J. Huval et al., FPC Gas Rate Schedule No. 1. Said rate schedule will be redesignated as that of applicants. The presently effective rate under said rate schedule is in effect subject to refund in Docket No. RI61-7. Therefore, applicants will be made co-respondents in said proceeding. The proceeding will be redesignated accordingly; and applicants will be required to file an agreement and undertaking to assure the refund of any amounts collected by them in excess of the amount determined to be just and reasonable in said proceeding.

North American Royalties, Inc., applicant in Dockets Nos. G-7943, G-10700, and CI64-372, proposes, as the result of a merger, to continue the sales of natural gas heretofore authorized in said dockets to be made pursuant to Gordon Street, Inc., FPC Gas Rate Schedules Nos. 3, 4, and 5, respectively. Said rate schedules will be redesignated as those of applicant. Gordon Street, Inc., is retaining amounts collected under said rate schedules subject to refund in Dockets Nos. RI61-372, RI61-373, and RI65-212[1] heretofore ordered to be refunded by the order of November 26, 1968, in Docket No. AR61-1 et al., 40 FPC 1359, and permitted to be retained by the order of January 17, 1969, in Docket No. AR61-1 et al., 41 FPC 53. Therefore, applicant

[1] The proceedings in Dockets Nos. RI61-372 and RI65-212 are both applicable to the sales authorized in Dockets Nos. G-7943 and G-10700. The proceeding in Docket No. RI 61-373 is applicable to the sales authorized in Docket No. G-17459. The certificate issued in Docket No. G-17459 has been terminated. There are no refund liabilities with respect to the sale authorized in Docket No. CI64-372.

will be substituted in lieu of Gordon Street, Inc., as respondent in the proceedings pending in Dockets Nos. RI61–372, RI61–373, and RI65–212 and the proceedings will be redesignated accordingly.

Reading and Bates, Inc. (Operator) et al., applicant in Docket No. CI62–578, proposes to continue the sale of natural gas heretofore authorized in said docket to be made pursuant to Thornton Petroleum Corp. (Operator) et al., FPC Gas Rate Schedule No. 7. Said rate schedule will be redesignated as that of applicant. The presently effective rate under said rate schedule is in effect subject to refund in Docket No. RI68–678. Applicant indicates in its certificate application that it intends to be responsible for the total refund from the time that the rate was made effective subject to refund. Therefore, applicant will be substituted in lieu of Thornton as respondent in the proceeding pending in Docket No. RI68–678 and said proceeding will be redesignated accordingly. Applicant has heretofore filed a general undertaking to assure the refund of amounts collected in excess of amounts determined to be just and reasonable in proceedings under section 4(e) of the Natural Gas Act.

Graham-Michaelis Drilling Co., applicant in Docket No. CI70–631, proposes to continue in part the sale of natural gas heretofore authorized in Docket No. CI62–1240 to be made pursuant to Cities Service Oil Co. FPC Gas Rate Schedule No. 157. The contract comprising said rate schedule will also be accepted for filing as a rate schedule of applicant. The presently effective rate under Cities Service's rate schedule is in effect subject to refund in Docket No. RI69–520, and applicant has submitted an agreement and undertaking to assure the refund of any amounts collected by it in excess of the amount determined to be just and reasonable in said proceeding. Therefore, applicant will be made co-respondent in said proceeding; the proceeding will be redesignated accordingly; and the agreement and undertaking will be accepted for filing.

Phillips Petroleum Co., applicant in Docket No. CI70–706, proposes to continue in part the sale of natural gas heretofore authorized in Docket No. G–16973 to be made pursuant to Humble Oil & Refining Co. FPC Gas Rate Schedule No. 220. The contract comprising said rate schedule will also be accepted for filing as a rate schedule of applicant. The presently effective rate under Humble's FPC Gas Rate Schedule No. 220 is in effect subject to refund in Docket No. RI69–570, and a prior increased rate under said rate schedule was collected for a locked-in period subject to refund in Docket No. RI68–2. Applicant has filed a motion to be made co-respondent in the proceeding pending in Docket No. RI69–570. Therefore, applicant will be made a co-respondent in the proceedings pending in Dockets Nos. RI68–2 and RI69–570, and the proceedings will be redesignated accordingly. Phillips has heretofore filed a general undertaking to assure the refund of amounts collected by it in excess of the amounts determined to be just and reasonable in the proceedings under section 4(e) of the Natural Gas Act.

Petroleum Corporation of Texas (Operator) et al., applicant in Docket No. CI70–710, proposes to continue in part the sale of natural gas heretofore authorized in Docket No. G–18924 to be made pursuant to Humble Oil & Refining Co. FPC Gas Rate Schedule No. 157. The contract comprising said rate schedule will also be accepted for filing as a rate schedule of applicant. The presently effective rate under Humble's rate schedule is in effect subject to refund in Docket No. RI63–6. Applicant indicates in its certificate application that it intends to assume the total refund obligation from the time that the increased rate was made effective subject to refund. Therefore, applicant will be made a co-respondent in the proceeding pending in Docket No. RI63–6; the proceeding will be redesignated accordingly; and applicant will be required to file an agreement and undertaking to assure the refund of all amounts collected in excess of the amount determined to be just and reasonable in said proceeding with respect to sales from the acreage acquired from Humble.

Further, our action in this proceeding shall not foreclose nor prejudice any future proceedings or objections relating to the operation of any price or related provisions in the gas purchase contracts herein involved. Persons wishing to become parties to a proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure a hearing will be held without further notice before the Commission on all applications in which no petition to intervene is filed within the time required herein if the Commission on its own review of the matter believes that a grant of the certificates or the authorization for the proposed abandonment is required by the public convenience and necessity. Where a petition for leave to intervene is timely filed, or where the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

All certificates of public convenience and necessity granting applications for sales from the Permian Basin area will be

issued at rates not exceeding the applicable area ceiling rates established in Opinions Nos. 468 and 468–A, 34 FPC 159 and 1068, or the contractually authorized rates, whichever are less, unless at the time of filing of such certificate applications or within the time fixed for filing protests and petitions to intervene applicants indicate in writing that they are unwilling to accept such certificates.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for applicants to appear or be represented at the hearing.

GORDON M. GRANT,
Secretary.

FEDERAL RESERVE SYSTEM

FIRST VIRGINIA BANKSHARES CORP.

Order Approving Acquisition of Bank Stock by Bank Holding Company

In the matter of the application of First Virginia Bankshares Corp., Arlington, Va., for approval of acquisition of 90 percent or more of the voting shares of First Atlantic Bank, Hampton, Va., a proposed new bank.

There has come before the Board of Governors, pursuant to section 3(a)(3) of the Bank Holding Company Act of 1956 (12 U.S.C. 1842(a)(3)) and § 222.3 (a) of Federal Reserve Regulation Y (12 CFR 222.3(a)), the application of First Virginia Bankshares Corp., Arlington, Va. ("Applicant"), a registered bank holding company, for the Board's prior approval of the acquisition of 90 percent or more of the voting shares of First Atlantic Bank, Hampton, Va., a proposed new bank.

As required by section 3(b) of the Act, the Board gave written notice of receipt of the application to the Commissioner of Banking of the State of Virginia and requested his views and recommendation. The Commissioner recommended approval of the application.

Notice of receipt of the application was published in the FEDERAL REGISTER on April 9, 1970 (35 F.R. 5843), providing an opportunity for interested persons to submit comments and views with respect to the proposal. A copy of the application was forwarded to the U.S. Department of Justice for its consideration. Time for filing comments and views has expired and all those received have been considered by the Board.

The Board has considered the application in the light of the factors set forth in section 3(c) of the Act, including the effect of the proposed acquisition on competition, the financial and managerial resources and future prospects of the Applicant and the banks concerned, and the convenience and needs of the communities to be served. Upon such consideration, the Board finds that:

Applicant is the sixth largest banking organization, and the fourth largest bank holding company, in Virginia, controlling 12 subsidiary banks which hold 6.4 percent of total bank deposits in the State. (All banking data are as of June 30, 1969, adusted to reflect holding company formations and acquisitions approved by the Board to date.) Since Bank is a proposed new bank, consummation of the proposal would not increase concentration in any market.

While two of applicant's subsidiaries operate offices 14 and 17 miles distant, respectively, from Bank's proposed site, these offices are not readily accessible to the Newport News-Hampton area where Bank will be located, and Virginia law prohibits the subsidiaries of applicant referred to, on the one hand, and Bank, on the other, from branching into the others' service areas.

Applicant's entry should stimulate additional competition and lead to some deconcentration in the area. Consummation of the proposed acquisition would neither eliminate existing competition, foreclose potential competition, nor have adverse effects on the viability or competitive effectiveness of any competing bank.

Based upon the foregoing, the Board concludes that consummation of the proposed acquisition would not have an adverse effect on competition in any relevant area, and would have a procompetitive effect in the Newport News-Hampton area. The banking factors, as applied to the facts of record, and considerations relating to the convenience and needs of the communities to be served are consistent with approval of the application. It is the Board's judgment that the proposed transaction would be in the public interest, and that the application should be approved.

It is hereby ordered, For the reasons set forth in the findings summarized above, that said application be and hereby is approved, provided that the action so approved shall not be consummated (a) before the thirtieth calendar day following the date of this Order or (b) later than 3 months after the date of this order; and that First Atlantic Bank shall be opened for business not later than 6 months after the date of this order. The latter time periods may be extended for good cause by the Board, or by the Federal Reserve Bank of Richmond pursuant to delegated authority.

By order of the Board of Governors.[1]

[SEAL] KENNETH A. KENYON,
Deputy Secretary.

MARSHALL & ILSLEY BANK STOCK CORP.

Notice of Application for Approval of Acquisition of Shares of Bank

Notice is hereby given that application has been made, pursuant to section 3(a)(3) of the Bank Holding Company Act of 1956 (12 U.S.C. 1842(a)(3)), by Marshall & Ilsley Bank Stock Corp., which is a bank holding company located in Milwaukee, Wis., for prior approval by the Board of Governors of the acquisition by applicant of 80 percent or more of the voting shares of The First National Bank of the City of Superior, Superior, Wis.

Section 3(c) of the Act provides that the Board shall not approve:

(1) any acquisition or merger or consolidation under section 3 which would result in a monopoly, or which would be

[1] Voting for this action: Chairman Burns and Governors Robertson, Mitchell, Maisel, and Brimmer.
Absent and not voting: Governors Daane and Sherrill.

in furtherance of any combination or conspiracy to monopolize or to attempt to monopolize the business of banking in any part of the United States, or

(2) Any other proposed acquisition or merger or consolidation under section 3 whose effect in any section of the country may be substantially to lessen competition, or to tend to create a monopoly, or which in any other manner would be in restraint of trade, unless the Board finds that the anticompetitive effects of the proposed transaction are clearly outweighed in the public interest by the probable effect of the transaction in meeting the convenience and needs of the community to be served.

Section 3(c) further provides that, in every case, the Board shall take into consideration the financial and managerial resources and future prospects of the company or companies and the banks concerned, and the convenience and needs of the community to be served.

Not later than thirty (30) days after the publication of this notice in the FEDERAL REGISTER, comments and views regarding the proposed acquisition may be filed with the Board. Communications should be addressed to the Secretary, Board of Governors of the Federal Reserve System, Washington, D.C. 20551. The application may be inspected at the office of the Board of Governors or the Federal Reserve Bank of Chicago.

By order of the Board of Governors, May 28, 1970.

Deputy Secretary.

GENERAL SERVICES ADMINISTRATION

[Federal Property Management Regs., Temp. Reg. F-71]

ADVANCED RECORD SYSTEM

Administrative Control of Input Traffic During Emergency Conditions

1. *Purpose.* This regulation establishes procedures for administrative control of input traffic to the Advanced Record System (ARS) during emergency conditions. It also implements the "Minimize" guidelines prescribed by the National Communications System (NCS) Memorandum NCS 1-69, dated September 24, 1969.

2. *Effective date.* This regulation is effective immediately.

3. *Expiration date.* This regulation expires October 31, 1970. Prior to expiration, the provisions of this regulation will be incorporated in Part 101-35 of the Federal Property Management Regulations.

4. *Background.* Experience during emergencies and operational exercises has revealed that NCS telecommunications networks are not always adequate to support the normal peak period traffic in addition to traffic that may be generated as a result of an emergency situation. Various methods have been used in an effort to reduce nonessential traffic to facilitate the flow of essential traffic over these networks. The most effective way of eliminating nonessential traffic during emergencies is to assign responsibility for screening messages to the originator as directed by agency clearance officers.

5. *Definitions.*

a. The term "Minimize" as used herein is an administrative control procedure which restricts certain traffic on the ARS during an emergency to facilitate the expeditious handling of essential traffic.

b. Essential traffic is defined as messages of any precedence which must be transmitted electrically to avoid a serious detrimental impact on agency mission accomplishments or safety of life and property.

6. *Policy.* GSA will determine when to impose "Minimize" on the ARS to insure that essential messages are expeditiously handled. Contingent upon operational conditions encountered, "Minimize" control may apply to only portions of the system.

7. *Procedure.* GSA will inform headquarters offices of ARS subscriber agencies by ARS message when "Minimize" is imposed. The "Minimize" notice will identify the area affected by the action and the type of traffic excluded. The notice will contain "Minimize" as the first word in the text. GSA also will inform agencies when the "Minimize" condition is canceled.

8. *Agency responsibility.* Headquarters offices of subscriber agencies shall notify their field stations when a "Minimize" is imposed by GSA. Writers, originators, clearance officers, signatory officials, or other designated agency representatives shall evaluate each message to determine whether electrical transmission is essential and shall annotate those which must be sent immediately with the phrase "Minimize Considered."

9. *Information.* Agencies may obtain further information from:

General Services Administration, Transportation and Communications Service, Office of Telecommunications Operations (TO), Washington, D.C. 20405.
Telephone: IDS Code 183-2084, FTS 202 343-2084.

MINNESOTA MUTUAL LIFE INSURANCE CO. AND MINNESOTA MUTUAL VARIABLE FUND D

Notice of Application

JUNE 1, 1970.

Notice is hereby given that Minnesota Mutual Life Insurance Co. (Minnesota Mutual) and Minnesota Mutual Variable Fund D (Fund), 345 Cedar Street, St. Paul, Minn. 55101 (hereinafter collectively called Applicants) have filed an application pursuant to section 6(c) of the Investment Company Act of 1940 (Act), 15 U.S.C. sec. 80a-1 et seq., for an order exempting certain transactions from the provisions of section 22(d) of the Act. All interested persons are referred to the application on file with the Commission for a statement of the representations therein which are summarized below.

The Fund, an open-end diversified management company registered under the Act, was established by Minnesota Mutual in connection with the offering to the public of individual and group variable annuity contracts. Minnesota Mutual is the principal underwriter for the Fund.

A purchaser of a variable annuity contract may chose to have a portion of each net purchase payment allocated to Minnesota Mutual's general assets for accumulation at a guaranteed interest rate. The same rate of sales charge applies whether amounts are allocated to the Fund or to the general assets of Minnesota Mutual.

Section 22(d) of the Act provides, in pertinent part, that no registered investment company shall sell any redeemable security issued by it to any person except

at current offering price described in the prospectus. Section 6(c) permits the Commission, upon application, to exempt a transaction or transactions from any provision of the Act if it finds that such an exemption is necessary or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act.

Applicants seek an exemption from section 22(d) to the extent necessary to permit values accumulated at a guaranteed interest rate as previously described, to be transferred to the Fund during the period before the annuity commencement date, or applied to provide variable annuity payments at the annuity commencement date, without the imposition of any additional sales charge. Such transfer would be made upon written request by the contract owner (and, where applicable, the participant) and Minnesota Mutual's consent. Applicants assert that no selling expense is anticipated in connection with such transfers and that, since the same sales charge is deducted with respect to all purchase payments, whether allocated to Fund or to Minnesota Mutual's general assets, elimination of any additional sales charge upon the transfer would not involve unfair discrimination.

Notice is further given that any interested person may, not later than June 22, 1970, at 5:30 p.m., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reasons for such request and the issues of fact or law proposed to be controverted, or he may request that he be notified if the Commission shall order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request shall be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon applicants at the address stated above. Proof of such service (by affidavit or in case of an attorney at law by certificate) shall be filed contemporaneously with the request. At any time after said date, as provided by Rule 0-5 of the rules and regulations promulgated under the Act, an order disposing of the application herein may be issued by the Commission upon the basis of the information stated in said application, unless an order for hearing upon said application shall be issued upon request or upon the Commission's own motion. Persons who request a hearing or advice as to whether a hearing is ordered will receive notice of further developments in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission (pursuant to delegated authority).

It further appearing, that by an order entered May 27, 1970, the Commission suspended the operation of the said schedules but permitted the filing by the respondents of schedules providing for an increase not to exceed 5 percent, subject to specified holddowns, and continued the investigation for the purpose of investigating the lawfulness of all the rates, charges, and regulations which were contained in the suspended schedules as well as in the schedules authorized to be filed;

And it further appearing, that the aforesaid investigation will comprehend all issues cognizable under the Interstate Commerce Act and related statutes administered by the Commission to the

(a) The State agency will maintain or supervise the maintenance of records necessary for the proper and efficient operation of the plan, including records regarding applications, determination of eligibility, the provision of financial or medical assistance or social services, and administrative cost; and statistical, fiscal and other records necessary for reporting and accountability required by the Secretary; and will retain such records for such periods as are prescribed by the Secretary. Under this requirement, individual records are kept which contain pertinent facts about each applicant and recipient and include information as to the date of application and date and basis of its disposition; facts essential to determination of initial and continuing eligibility, need for, and provision of financial or medical assistance or social services, and basis for discontinuing assistance or services.

(b) The State agency will make such reports in such form and containing such information, as the Secretary may from time to time require, and comply with such provisions as he may from time to time find necessary to assure the correctness and verification of such reports.

§ 205.100 Single State agency.

(a) *State plan requirements.* A State plan under title I, IV–A, X, XIV, XVI, or XIX of the Social Security Act must:

(1) Except as provided in paragraph (b) of this section, provide for the establishment or designation of a single State agency with authority to administer or supervise the administration of the plan.

(3) In the event the single State agency responsible for the plan for MA is other than the State agency responsible for the plan for OAA or for AABD (insofar as it relates to the aged), provide:

(i) That determination of eligibility for medical assistance under the plan will be made by the State or local agency administering such plan for OAA or for AABD (insofar as it relates to the aged) in accordance with standards, rules, regulations, and policies established by the single State agency responsible for the MA program, and

(ii) That there is a written agreement between the two State agencies, showing the relationships and respective responsibilities of the two agencies.

(b) *Exceptions.* (1) A State plan for AABD may provide for the designation of a separate State agency to administer or supervise the administration of the plan which relates to blind individuals, but only if, on January 1, 1962, and on the date of the submittal of the plan for AABD, such separate agency was responsible for the plan for AB and was different from the State agency responsible for the plans for OAA and APTD. In such case, the requirements and conditions of this section must be met by each such agency.

(2) A State plan for MA may provide for the designation of a separate State agency to administer or supervise the administration of the plan which relates to blind individuals, but only if, on January 1, 1965, and on the date of the submittal of the plan for MA, such separate agency was responsible for the plan for AB or for AABD (insofar as it relates to the blind) and was different from the State agency responsible for the plan for OAA or for AABD (insofar as it relates to the aged). In such case, the requirements and conditions of this section must be met by each such agency.

(c) *Conditions for implementing the requirements of paragraph (a) of this section.* (1) The State agency will not delegate to other than its own officials its authority for exercising administrative discretion in the administration or supervision of the plan, including the issuance of policies, rules, and regulations on program matters.

(2) In the event that any rules and regulations or decisions of the single State agency are subject to review, clearance, or other action by other offices or agencies of the State government, the requisite authority of the single State agency will not be impaired.

(3) In the event that any services are performed for the single State agency by other State or local agencies or offices, such agencies and offices must not have authority to review, change, or disapprove any administrative decision of the single State agency, or otherwise substitute their judgment for that of the agency as to the application of policies, rules, and regulations promulgated by the State agency.

§ 205.101 Organization for administration.

(a) A State plan under title I, IV–A, X, XIV, XVI, or XIX of the Social Security Act shall include a description of the organization and functions of the single State agency and an organizational chart of the agency.

(3) Include a description of the kinds and numbers of professional medical personnel and supporting staff that will be used in the administration of the plan and of the responsibilities they will have.

(c) Where applicable, a State plan under title I, IV–A, X, XIV, or XVI of the Act shall identify the organizational unit within the State agency which is responsible for operation of the plan, and shall include a description of its organization and functions and an organizational chart of the unit. (See also Part 220 of this Chapter for requirements concerning the organization for administration of the service programs under title IV–A and title IV–B of the Act.)

State plan requirements: A State plan under title I, IV–A, X, XIV, XVI, or XIX of the Social Security Act must provide that the State agency, in discharging its fiscal accountability, will maintain an accounting system and supporting fiscal records adequate to assure that claims for Federal funds are in accord with applicable Federal requirements. Under this requirement, State and, where applicable, local agencies are required to maintain accounting records, identifiable for each of the above titles of the Act, for a period of 3 years after the end of the Federal fiscal year if audit by or on behalf of the Department has occurred by that time. If such audit has not occurred, the records must be retained until audit or until 5 years following the end of the Federal fiscal year, whichever is earlier. Statements of acceptance of these standards by all official local agencies included in the State plan must be obtained and methods must be established by the State to assure compliance by local jurisdictions. These statements and citations of applicable State laws, rules, regulations, and policies which provide assurance of conformity to the standards in 45 CFR Part 70 must be submitted to the Department of Health, Education, and Welfare for determination as to adequacy. 3. Part 206 is added as follows:

PART 206—APPLICATION, DETERMINATION OF ELIGIBILITY AND FURNISHING ASSISTANCE—PUBLIC ASSISTANCE PROGRAMS

§ 206.10 Application, determination of eligibility and furnishing of assistance.

(a) *State plan requirements.* A State plan under title I, IV–A, X, XIV, XVI, or XIX of the Social Security Act must provide that:

(1) Each individual wishing to do so will have the opportunity to apply for assistance without delay. Under this requirement the agency accepts application from the applicant himself or someone acting responsibly for him, in person, by mail or by telephone. Individuals eligible for financial assistance are eligible for medical assistance without a separate application.

(2) Applicants will be informed about the eligibility requirements and their rights and obligations under the program. Under this requirement individuals are given information in written form, and orally as appropriate, about coverage, conditions of eligibility, scope of the program, and related services available, and the rights and responsibilities of applicants for and recipients of assistance. Specifically developed bulletins or pamphlets explaining the rules regarding eligibility and appeals in simple, understandable terms, are publicized and available in quantity.

(3) A decision will be made promptly on applications, pursuant to reasonable State-established time standards not in excess of 30 days for OAA, AFDC, and AB (and in AABD and MA as to the aged and blind) and 60 days in APTD (and in AABD and MA as to the disabled). Under this requirement, the standard covers the time from date of application to the date that notification of authorization of payment, denial of assistance or change of award, or the eligibility decision with respect to medical assistance, is mailed to the applicant or recipient. The State's time standards apply except in unusual circumstances (e.g., where the agency cannot reach a decision because of failure or delay on the part of the applicant or an examining physician, or because of some administrative or other emergency that could not be controlled by the agency), in which instances the case record should show the cause for the delay. The agency's standards of promptness for acting on applications or redetermining eligibility may not be used as a basis for denial of an application or for terminating assistance.

(4) Written notice will be sent to applicants and recipients to indicate that assistance has been authorized (including the amount, if financial assistance) or that it has been denied or terminated for a specified reason. Under this requirement, the notice must include the right to request a fair hearing about the decision (see section 205.10 of this chapter).

(5) Financial assistance and medical care and services included in the plan will be furnished promptly to eligible individuals without any delay attributable to the agency's administrative process, and will be continued regularly to all eligible individuals until they are found to be ineligible. Under this requirement there must be arrangements to assist applicants and recipients in obtaining medical care and services in emergency situations on a 24-hour basis, 7 days a week.

(6) Individuals found eligible will qualify for medical assistance beginning no later than the date on which the individual applied for assistance, whether financial or medical. Eligibility for medical assistance may go back 3 months prior to the month of application, with Federal financial participation if the State plan so provides. Under this regulation, the period for which an individual is eligible for medical assistance can be different from the period of eligibility for financial assistance. Federal financial participation is available in payments for financial assistance for periods beginning with the month in which all eligibility conditions are met and in which an application has been received.

(7) The agency will give advance notice of questions it has about an individual's eligibility so that a recipient has an opportunity to discuss his situation before receiving formal written notice of reduction in payment or termination of assistance.

(8) Each decision regarding eligibility or ineligibility will be supported by information in the applicant's or recipient's case record. Under this requirement each application is disposed of by a finding of eligibility or ineligibility unless

(i) The applicant voluntarily withdraws his application, and there is an entry in the case record that a notice has been sent to confirm the applicant's notification to the agency that he does not desire to pursue his application; or

(ii) There is an entry in the case record that the application has been disposed of because the applicant died or could not be located.

(9) Where an individual has been determined to be eligible, eligibility will be reconsidered or redetermined:

(i) When required on the basis of information the agency had obtained previously about anticipated changes in the individual's situation;

(ii) Promptly, within 30 days, after a report is obtained which indicates changes in the individual's circumstances may affect the amount of assistance to which he is entitled or may make him ineligible; and

(iii) Periodically, within agency-established time standards, but not less

frequently than every 6 months in AFDC, and every 12 months in the other categories, including medical assistance, on eligibility factors subject to change.

(10) Standards and methods for determination of eligibility will be consistent with the objectives of the programs, will respect the rights of individuals under the United States Constitution, the Social Security Act, title VI of the Civil Rights Act of 1964, and all other relevant provisions of Federal and State laws, and will not result in practices that violate the individual's privacy or personal dignity, or harass him or violate his constitutional rights. Under this requirement, the agency especially guards against violations of legal rights and common decencies in such areas as entering a home by force, or without permission, or under false pretenses; making home visits outside of working hours, and particularly making such visits during sleeping hours; and searching in the home, for example, in rooms, closets, drawers, or papers, to seek clues to possible deception.

(11) With respect to title XIX, policies and procedures will assure that eligibility for medical assistance will be determined in a manner consistent with simplicity of administration and the best interests of the applicant or recipient.

(12) In determining initial and continuing eligibility:

(i) Applicants and recipients will be relied upon as the primary source of information in making the decision about their eligibility.

(ii) The agency will help applicants and recipients provide needed information, as necessary, or will obtain the information for them if, because of physical, mental, or other difficulties, they themselves are unable to provide it.

(iii) Verification of circumstances pertaining to eligibility will be limited to what is reasonably necessary to ensure the legality of expenditures under this program.

Under the requirements of this subparagraph:

(a) The agency takes no steps in the exploration of eligibility to which the applicant or recipient does not agree. It obtains specific consent for outside contacts, gives a clear explanation of what information is desired, why it is needed, and how it will be used;

(b) If other procedures are followed in an exceptional situation, they are consistent with subparagraph (10) of this paragraph, and the case record specifies what procedures were followed and why they were needed;

(c) When information available from the applicant or recipient is inconclusive and does not support a decision of eligibility, the agency explains to the individual what questions remain and how he can resolve or help to resolve them, what actions the agency can take to resolve them and the need for their resolution if eligibility is to be established or reconfirmed. If the individual is unwilling to have the agency seek verifying information, the agency, unable to determine that eligibility exists, denies or terminates assistance;

(d) if a simplified method is used in the determination and redetermination of eligibility, the requirements of § 205.20 of this chapter apply.

(13) The State agency will establish and maintain methods by which it will be kept currently informed about local agencies' adherence to the State plan provisions and to the State agency's procedural requirements for determining eligibility, and it will take corrective action when necessary.

(b) *Definitions.* For purposes of this section:

(1) "Applicant" is a person who has, directly, or through someone acting responsibly for him, requested public assistance from the agency administering the program, and whose application has not been terminated.

(2) "Application" is an action by which an individual indicates to the agency administering public assistance his desire to receive assistance. The relative with whom a child is living or will live ordinarily makes application for the child for AFDC. An application is distinguished from an inquiry, which is simply a request for information about eligibility requirements for public assistance. Such inquiry may be followed by an application.

4. Part 208 is added as follows:

PART 208—ASSISTANCE TO AGED INDIVIDUALS IN INSTITUTIONS FOR MENTAL DISEASES

§ 208.1 Assistance to individuals 65 years of age or older in institutions for mental diseases.

(a) *State plan requirements.* A State plan under title I, XVI, or XIX of the Social Security Act which includes assistance to or in behalf of individuals 65 years of age or older who are patients in institutions for mental diseases must provide for:

(1) Having in effect written agreements with the State authority (or authorities) concerned with mental diseases, and with those individual institutions not under the jurisdiction of such State authorities, in which assistance is provided, which clearly set forth the respective responsibilities of the State agency and the State authorities or institutions, with respect to the individuals to whom or on whose behalf payments are made, including arrangements for:

(i) Joint planning and for development of alternate methods of care;

(ii) Immediate readmittance to the institutions when needed for individuals in alternate methods of care;

(iii) Access by appropriate representatives of the State agency to the medical facility, the patient, and the patient's records as necessary for carrying out the State agency's responsibilities;

(iv) Necessary recording, reporting, exchange of medical and social information, and other procedures.

(2) A recorded individual plan of treatment and care to assure that the institutional care provided serves the best interest of each patient, i.e., maintains the patient at or restores him to the greatest possible degree of health and independent functioning, including:

(i) Initial and periodic review of his medical, psychiatric and social needs. In fulfilling this requirement initial reviews shall be conducted for each patient not later than 90 days after approval of the State plan, and for each recipient-patient subsequently included, not later than 30 days after payments are initiated in his behalf;

(ii) Appropriate medical treatment within the institution;

(iii) Periodic determination of his need for continued treatment in the institution and for alternate care arrangements. In fulfilling this requirement such determinations shall be conducted at least quarterly;

(iv) Appropriate social services.

(3) The development of alternate plans of care, making maximum utilization of available resources, for recipients 65 years of age or older who would otherwise need care in such institutions, to meet their medical, social, and financial needs.

(4) Making available social services referred to in section 3(a)(4)(A) (i) and (ii) or section 1603(a)(4)(A) (i) and (ii) of this Act which are appropriate for such recipients.

(5) Methods of determining the reasonable cost of institutional care for such patients in compliance with section 250.30 of this chapter.

(6) Methods of administration necessary to assure that the responsibilities of the State agency under the State plan with respect to such recipients and such patients will be effectively carried out.

(7) If the State plan includes patients in public institutions for mental diseases, showing that the State is making satisfactory progress toward developing and implementing a comprehensive mental health program for all age groups, through appropriate mental health and public welfare resources, including provision for utilization of community mental health centers, nursing homes and other alternatives to care in public institutions; for arrangements for joint planning with the State authority(ies) for this purpose; and for annual reports showing the progress made. In fulfilling this requirement such annual reports are to be submitted within three months after the close of each fiscal year in which the State has a program of assistance to individuals 65 years of age or older in public institutions for mental diseases.

(b) *Federal financial participation.* (1) Federal payments under this section for any quarter shall be made only to the extent that total State expenditures for mental health services for such quarter exceed the average of the total expenditures for such services for each quarter of the fiscal year ending June 30, 1965. As a basis for determination of the proper amount of Federal payments, the

State agency shall submit to the Secretary annual reports which show total expenditures from Federal, State and local sources for mental health services (including payment to or in behalf of individuals with mental health problems) under State and local public health and public welfare programs including total expenditures for each quarter of the fiscal year ending June 30, 1965, and total expenditures for each quarter in which the State has received Federal financial participation in making payments in behalf of individuals 65 years of age or over in institutions for mental diseases; and which show for each quarter all assistance payments and administrative costs incurred in behalf of individuals 65 years of age or older in institutions for mental diseases, and of Federal shares of such payments and such costs. In fulfilling this requirement such reports should be submitted not later than 3 months after the close of the fiscal year.

(2) For purposes of this section, an institution for mental diseases is one that meets the definition contained in § 249.10(b)(14)(iv) of this chapter.

233.50 Citizenship.

§ 233.10 General provisions regarding coverage and eligibility.

(a) *State plan requirements.* A State plan under title I, IV–A, X, XIV, or XVI, of the Social Security Act must:

(1) Specify the groups of individuals, based on reasonable classifications, that will be included in the program, and all the conditions of eligibility that must be met by the individuals in the groups. Under this requirement:

(i) States have substantial latitude and corresponding responsibility for determining the coverage, nature and scope of their public assistance programs. Although the public assistance titles define the coverage in which the Federal Government will participate financially, a State may provide coverage on a broader or more limited basis. However, it may not impose any eligibility condition that is prohibited under the Social Security Act.

(ii) The groups selected for inclusion in the plan and the eligibility conditions imposed must not exclude individuals or groups on an arbitrary or unreasonable basis, and must not result in inequitable treatment of individuals or groups in the light of the provisions and purposes of the public assistance titles of the Social Security Act.

(iii) There must be clarity as to what groups are included in the plan, and which are within, and which are outside, the scope of Federal financial participation.

(iv) Eligibility conditions must be applied on a consistent and equitable basis throughout the State.

(v) A plan under title XVI must have the same eligibility conditions and other requirements for the aged, blind, and disabled, except as otherwise specifically required or permitted by the Act.

(vi) Eligibility conditions or agency procedures or methods must not preclude the opportunity for an individual to apply and obtain a determination of eligibility or ineligibility.

(vii) Methods of determining eligibility must be consistent with the objective of assisting all eligible persons to qualify.

(2) Provide that the State agency will establish methods for identifying the expenditures for assistance for any groups included in the plan for whom Federal financial participation in assistance may not be claimed.

In addition, a State plan under title IV–A, X, XIV, or XVI of the Act, must:

(3) Provide that no aid or assistance will be provided under the plan to an individual with respect to a period for which he is receiving aid or assistance under a State plan approved under any other of such titles or under title I of the Act.

(b) *Federal financial participation.* (1) The provisions which govern Federal financial participation in assistance payments are set forth in the Social Security Act, throughout this chapter, and in other policy issuances by the Secretary. Where indicated, State plan provisions are prerequisite to Federal financial participation with respect to the applicable groups and payments. In general, State plan provisions on need also determine the limits of Federal financial participation. Questions of Federal financial participation are raised regarding assistance payments in which the State refuses to participate because of the failure of a local authority to apply State requirements. With these exceptions, the Federal agency does not ordinarily determine, for purposes of financial participation, whether State plan provisions which are not required by the Federal Act, regulations, or policies have been met.

(2) The following is a summary statement regarding the groups for whom Federal financial participation is available. (More detailed information is given elsewhere.)

(i) OAA—for needy individuals under the plan who are 65 years of age or older.

(ii) AFDC—for:

(*a*) Needy children under the plan who are:

(*1*) Under the age of 18, or under 21 if regularly attending a school, college, or university, or regularly attending a course of vocational or technical training;

(*2*) Deprived of parental support or care by reason of the death, continued absence from the home, or physical or mental incapacity of a parent, or unemployment of a father; and

(*3*) Living in the home of a parent or of certain relatives specified in the Act, or in foster care under certain conditions.

(*b*) The parent or other caretaker relative of a dependent child and, in certain situations, the parent's or relative's spouse.

(iii) AB—for needy individuals under the plan who are blind.

(iv) APTD—for needy individuals under the plan who are 18 years of age or older and permanently and totally disabled.

(v) AABD—for needy individuals under the plan who are aged, blind, or 18 years of age or older and permanently and totally disabled.

(3) Federal financial participation is available for assistance payments for the entire month if for any portion of the month the individual met all of the eligibility conditions imposed by Federal requirements.

(4) Federal financial participation is available in assistance payments which are continued, in accordance with the State plan, for a temporary period during which the effects of an eligibility condition are being overcome, e.g., blindness in AB, disability in APTD, physical or mental incapacity, continued absence of a parent, or unemployment of a father in AFDC.

§ 233.30 Age.

(a) *Condition for plan approval.* A State plan under title I or XVI of the Social Security Act may not impose any age requirement of more than 65 years.

(b) *Federal financial participation.* (1) Federal financial participation is available in financial assistance provided to otherwise eligible persons who were, for any portion of the month for which assistance is paid:

(i) In OAA or AABD with respect to the aged, 65 years of age or over;

(ii) In AFDC, under 18 years of age; or under 21 years of age if a student regularly attending a school, college, or university, or regularly attending a course of vocational or technical training designed to fit him for gainful employment;

(iii) In AB or AABD with respect to the blind, any age;

(iv) In APTD or AABD with respect to the disabled, 18 years of age or older.

(2) Federal determination of whether an individual meets the age requirements of the Social Security Act will be made according to the common-law method (under which a specific age is attained the day before the anniversary of birth), unless the State plan specifies that the popular usage method (under which an age is attained on the anniversary of birth), is used.

(3) The State agency may adopt an arbitrary date such as July 1 as the point from which age will be computed in all instances where the month of an individual's birth is not available, but the year can be established.

§ 233.50 Citizenship.

Conditions for plan approval. (a) A State plan under title I, X, XIV, or XVI of the Social Security Act may not exclude an otherwise eligible citizen of the

United States, regardless of how (by birth or by naturalization), or when, citizenship was obtained.

(b) A State plan may include all persons without regard to citizenship status. Where there is an eligibility requirement applicable to noncitizens, a State plan may, as an alternative to excluding all noncitizens, provide for qualifying noncitizens, otherwise eligible, who have resided in the United States for a specified number of years.

§ 233.60 Institutional status.

(a) *Federal financial participation.* (1) Federal financial participation under Title I, X, XIV, or XVI of the Social Security Act is not available in payments to or in behalf of any individual who is an inmate of a public institution except as a patient in a medical institution.

(2) (i) Federal financial participation under title X or XIV of the Social Security Act is not available in payments to or in behalf of any individual who is a patient in an institution for tuberculosis or mental diseases.

(ii) Federal financial participation under title XVI of the Social Security Act is not available in payments to or in behalf of any individual who has not attained 65 years of age and who is a patient in an institution for tuberculosis or mental diseases.

(3) For purposes of this paragraph:

(i) Federal financial participation is available in payments for the month in which an individual (if otherwise eligible) became an inmate of a public institution, or a patient in an institution for tuberculosis or mental diseases;

(ii) Whether an institution is one for tuberculosis or mental diseases will be determined by whether its overall character is that of a facility established and maintained primarily for the care and treatment of individuals with tuberculosis or mental diseases (whether or not it is licensed);

(iii) An institution for the mentally retarded may be distinguished from an institution for mental diseases;

(iv) An individual on conditional release or convalescent leave from an institution for mental diseases is not considered to be a patient in such institution.

(b) *Definitions.* For purposes of Federal financial participation under paragraph (a) of this section:

(1) "Institution" means an establishment which furnishes (in single or multiple facilities) food and shelter to four or more persons unrelated to the proprietor, and in addition, provides some treatment or services which meet some need beyond the basic provision of food and shelter.

(2) "In an institution" refers to an individual who is admitted to participate in the living arrangements and to receive treatment or services provided there which are appropriate to his requirements.

(3) "Public institution" means an institution that is the responsibility of a governmental unit or over which a governmental unit exercises administrative control.

(4) "Inmate of a public institution" means a person who is living in a public institution. An individual is not considered an inmate when:

(i) He is in a public educational or vocational training institution, for purposes of securing education or vocational training, or

(ii) He is in a public institution for a temporary emergent period pending other arrangements appropriate to his needs.

(5) "Medical institution" means an institution which:

(i) Is organized to provide medical care, including nursing and convalescent care;

(ii) Has the necessary professional personnel, equipment, and facilities to manage the medical, nursing, and other health needs of patients on a continuing basis in accordance with accepted standards;

(iii) Is authorized under State law to provide medical care;

(iv) Is staffed by professional personnel who have clear and definite responsibility to the institution in the provision of professional medical and nursing services including adequate and continual medical care and supervision by a physician; sufficient registered nurse or licensed practical nurse supervision and services and nurse aid services to meet nursing care needs; and appropriate guidance by a physician(s) on the professional aspects of operating the facility.

(6) "Institution for tuberculosis" means an institution which is primarily engaged in providing diagnosis, treatment, or care of persons with tuberculosis, including medical attention, nursing care, and related services.

(7) "Institution for mental diseases" means an institution which is primarily engaged in providing diagnosis, treatment or care of persons with mental diseases, including medical attention, nursing care, and related services.

(8) "Patient" means an individual who is in need of and receiving professional services directed by a licensed practitioner of the healing arts toward maintenance, improvement, or protection of health, or alleviation of illness, disability, or pain.

§ 233.70 Blindness.

(a) *State plan requirements.* A State plan under title X or XVI of the Social Security Act must:

(1) Contain a definition of blindness in terms of ophthalmic measurement. The following definition is recommended: An individual is considered blind if he has central visual acuity of 20/200 or less in the better eye with correcting glasses or a field defect in which the peripheral field has contracted to such an extent that the widest diameter of visual field subtends an angular distance of no greater than 20°.

(2) Provide that, in any instance in which a determination is to be made whether an individual is blind according to the State's definition, there will be an examination by a physician skilled in the diseases of the eye or by an optometrist, whichever the individual may select. Under this requirement, no examination is necessary when both eyes are missing.

(3) Provide that each eye examination report will be reviewed by a State supervising ophthalmologist who is responsible for making the agency's decision that the applicant or recipient does or does not meet the State's definition of blindness, and for determining if and when reexaminations are necessary.

(b) *Federal financial participation.*— (1) *Assistance payments.* Federal financial participation is available in assistance provided to or in behalf of any otherwise eligible person who is blind. Blindness may be considered as continuing until an examination by a qualified examiner establishes the fact that the recipient's vision has improved beyond the State's definition of blindness.

(2) *Administrative expenses.* Federal financial participation is available in any expenditures incident to the eye examination necessary to determine who is a blind individual.

§ 233.80 Disability.

(a) *State plan requirements.* A State plan under title XIV or XVI of the Social Security Act must:

(1) Contain a definition of permanently and totally disabled, showing that:

(i) "Permanently" is related to the duration of the impairment or combination of impairments; and

(ii) "Totally" is related to the degree of disability

The following definition is recommended:

"Permanently and totally disabled" means that the individual has some permanent physical or mental impairment, disease, or loss, or combination thereof, the substantially precludes him from engaging in useful occupations within his competence, such as holding a job.

Under this definition:

"Permanently" refers to a condition which is not likely to improve or which will continue throughout the lifetime of the individual; it may be a condition which is not likely to respond to any known therapeutic procedures, or a condition which is likely to remain static or to become worse unless certain therapeutic measures are carried out, where treatment is unavailable, inadvisable, or is refused by the individual on a reasonable basis; "permanently" does not rule out the possibility of vocational rehabilitation or even possible recovery in light of future medical advances or changed prognosis; in this sense the term refers to a condition which continues indefinitely, as distinct from one which is temporary or transient;

"Totally" involves considerations in addition to those verified through the medical findings, such as age, training, skills, and work experience, and the probable functioning of the individual in his particular situation in light of his impairment;

an individual's disability would usually be tested in relation to ability to engage in remunerative employment; homemaking would be an appropriate test only for individuals, such as housewives, who were homemakers prior to the disability and who do not require employment to meet their needs without public assistance; eligibility may continue, even after a period of rehabilitation and readjustment, if the individual's work capacity is still very considerably limited (in comparison with that of a normal person) in terms of such factors as the speed with which he can work, the amount he can produce in a given period of time, and the number of hours he is able to work.

(2) Provide for the review of each medical report and social history by technically competent persons—not less than a physician and a social worker qualified by professional training and pertinent experience—acting cooperatively, who are responsible for the agency's decision that the applicant does or does not meet the State's definition of permanent and total disability. Under this requirement:

(i) The medical report must include a substantiated diagnosis, based either on existing medical evidence or upon current medical examination;

(ii) The social history must contain sufficient information to make it possible to relate the medical findings to the activities of the "useful occupation" and to determine whether the individual is totally disabled, and

(iii) The review physician is responsible for setting dates for reexamination; the review team is responsible for reviewing reexamination reports in conjunction with the social data, to determine whether disabled recipients whose health condition may improve continue to meet the State's definition of permanent and total disability.

(3) Provide for cooperative arrangements with related programs, such as vocational rehabilitation services.

(b) *Federal financial participation*—(1) *Assistance payments.* Federal financial participation is available in payments to or in behalf of any otherwise eligible individual who is permanently and totally disabled. Permanent and total disability may be considered as continuing until the review team establishes the fact that the recipient's disability is no longer within the State's definition of permanent and total disability.

(2) *Administrative expenses.* Federal financial participation is available in any expenditures incident to the medical examinations necessary to determine who is a permanently and totally disabled individual.

§ 233.90 Factors specific to AFDC.

(a) *Condition for plan approval.* A child may not be denied AFDC either initially or subsequently "because of the conditions of the home in which the child resides", or because the home is considered "unsuitable", unless "provision is otherwise made pursuant to a State statute for adequate care and assistance with respect to such child". (Section 404(b) of the Social Security Act.)

(b) *Federal financial participation.* (1) Federal financial participation under title IV–A of the Social Security Act in payments with respect to a "dependent child", as defined in section 406(a) of the Act, is available within the following interpretations:

(i) *Needy child deprived by reason of.* The phrase "needy child * * * deprived * * * by reason of" requires that both need and deprivation of parental support or care exist in the individual case but does not require an affirmative showing that a causal relationship exists in the individual case. The phrase encompasses the situation of any child who is in need and otherwise eligible, and whose parent—father or mother—either has died, has a physical or mental incapacity, or is continually absent from the home. This interpretation is equally applicable whether the parent was the chief breadwinner or devoted himself or herself primarily to the care of the child, or whether or not the parents were married to each other. The determination whether a child has been deprived of parental support or care is made in relation to the child's natural parent or, as appropriate, the adoptive parent or stepparent described in § 203.1 of this chapter.

(ii) *Death of a parent.* If either parent of a child is deceased, the child may be deemed deprived of parental support or care, and may, if he is in need and otherwise eligible, be included within the scope of the program.

(iii) *Continued absence of the parent from the home.* Continued absence of the parent from the home constitutes the reason for deprivation of parental support or care when the parent is out of the home, the nature of the absence is such as either to interrupt or to terminate the parent's functioning as a provider of maintenance, physical care, or guidance for the child, and the known or indefinite duration of the absence precludes counting on the parent's performance of his function in planning for the present support or care of the child. If these conditions exist, the parent may be absent for any reason, and he may have left only recently or some time previously.

(iv) *"Physical or mental incapacity".* "Physical or mental incapacity" of a parent may be deemed to exist when one parent has a physical or mental defect, illness, or disability. The determination may be based on the simple fact of the existence of incapacity, and not upon its cause, degree, duration, or accompanying factors.

(v) *"Living with [a specified relative] in a place of residence maintained * * * as his * * * own home".* (a) A child may be considered to meet the requirement of living with one of the relatives specified in the Act if his home is with a parent or a person in one of the following groups:

(1) Any blood relative, including those of half-blood, and including first cousins, nephews, or nieces, and persons of preceding generations as denoted by prefixes of grand, great, or great-great;

(2) Stepfather, stepmother, stepbrother, and stepsister.

(3) Persons who legally adopt a child or his parent as well as the natural and other legally adopted children of such persons, and other relatives of the adoptive parents in accordance with State law.

(4) Spouses of any persons named in the above groups even after the marriage is terminated by death or divorce.

(b) A home is the family setting maintained or in process of being established, as evidenced by assumption and continuation of responsibility for day to day care of the child by the relative with whom the child is living. A home exists so long as the relative exercises responsibility for the care and control of the child, even though either the child or the relative is temporarily absent from the customary family setting. Within this interpretation, the child is considered to be "living with" his relative even though

(1) He is under the jurisdiction of the court (e.g., receiving probation services or protective supervision); or

(2) Legal custody is held by an agency that does not have physical possession of the child.

(vi) *"Regularly attending a school, college, or university, or regularly attending a course of vocational or technical training designed to fit him for gainful employment."* A child may be considered in regular attendance at school or a training course in months in which he is not attending because of official school or training program vacation, illness, convalescence, or family emergency, and for the month in which he completes or discontinues his school or training program.

(2) Federal financial participation is available in initial payments made on behalf of a child who is in a foster home or institution if the child goes to live with a relative specified in section 406(a)(1) of the Social Security Act within 30 days of the receipt of the first payment.

(3) Federal financial participation is available in payments with respect to an unborn child when the fact of pregnancy has been determined by medical diagnosis.

(4) Federal financial participation is available in payments made for the entire month in the course of which a child leaves the home of a specified relative, provided payments are not made for a concurrent period for the same child in the home of another relative or in AFDC–FC.

(5) Federal financial participation is available in payments made to persons acting for relatives specified in section 406(a)(1) of the Act in emergency situations that deprive the child of the care of the relative through whom he as been receiving aid, for a temporary period necessary to make and carry out plans for the child's continuing care and support.

(6) Federal financial participation (at the 50 percent rate) is available in any expenses incurred in establishing eligibility for AFDC, including expenses

incident to obtaining necessary information to determine the existence of incapacity of a parent or pregnancy of a mother.

6. Part 233 is further amended by revising section 233.110 to read as follows:

§ 233.110 AFDC Foster Care.

(a) *State plan requirements.* A State plan under title IV–A of the Social Security Act must:

(1) Provide that aid will be given in the form of foster care for each otherwise eligible child:

(i) Who was removed after April 30, 1961, from the home of a relative specified in the AFDC plan, as a result of a judicial determination that continuance in the home of the relative would be contrary to his welfare, for any reason, and who has been placed in foster care as a result of such determination; and

(ii) (*a*) Who, in or for the month in which that court action was initiated, was receiving AFDC, or would have received AFDC if application had been made, or

(*b*) Who lived with a relative specified in the AFDC plan within 6 months prior to the month in which that court action was initiated, and who would have received AFDC in or for such month if in such month he had been living with (and removed from the home of) such a relative and application had been made for him; and

(iii) Whose placement and care are the responsibility of the State agency administering or supervising the administration of the AFDC plan, or, if the State so elects, are the responsibility of any other public agency, or type or types of public agencies specified in the plan, with whom the State agency has a currently effective agreement that provides for development of a plan satisfactory to the State agency for AFDC–FC children in accordance with subparagraph (2) of this paragraph and that contains other provisions necessary to achieve the objectives of the State's AFDC plan.

(2) Provide for development of a plan for each child described in subparagraph (1) of this paragraph, so that:

(i) He will be placed in a foster family home or a child care institution in accordance with his needs;

(ii) His need for and the appropriateness of his care and services in such placement will be periodically reviewed;

(iii) Services will be provided to improve the conditions in the home from which he was removed or to make possible his placement in the home of another relative under the State's AFDC plan. (See § 220.19 of this chapter.)

(3) Provide that maximum use will be made of the services of employees of the State public welfare agency responsible for the plan for child-welfare services under title IV–B of the Act or of any local agency participating in the administration of such plan.

(4) Specify:

(i) In what types of child care institutions (private nonprofit, or public, or both), in addition to foster family homes, placement will be made; and

(ii) Whether payments will be made to foster homes and institutions only or also to other agencies.

(5) Provide that there will be specific criteria for determining the amount of payment for foster care in foster family homes and in child care institutions. In establishing rates of payment to institutions, only those items included for care in foster family homes will be included, and overhead costs of the institution will be excluded.

Under the requirements of this paragraph, provision must be made for both foster family care and institutional care in accordance with the individual child's needs; public institutions may be used, without Federal financial participation, to discharge the institutional obligation in whole or in part; and the use of institutions outside the State will also meet the requirement for the provision of institutional care.

(b) *Federal financial participation.* (1) Federal financial participation is available, effective January 1, 1968, in AFDC–FC payments not to exceed an average of $100 per month per recipient, made on behalf of children as specified in section 408 of the Social Security Act, who are included in the approved State AFDC plan. The maximum of $100 average per month per recipient may be disregarded when the State claims Federal funds under the provisions of section 1118 of the Act.

(2) Federal financial participation is available in AFDC–FC payments made to an individual providing care in a foster family home, to a private nonprofit child care institution, or to a cooperating public or nonprofit private child placement or child-care agency.

7. Part 235 is added as follows:

PART 235—ADMINISTRATION OF FINANCIAL ASSISTANCE PROGRAMS

Sec.
235.70 Notice to law enforcement officials.
235.110 Fraud.

§ 235.70 Notice to law enforcement officials.

State plan requirements: A State plan under title IV–A of the Social Security Act must provide that:

(a) The appropriate law enforcement officials will be notified in writing promptly as soon as AFDC has been furnished in respect to a child who is believed to have been deserted or abandoned by a parent. This requirement is fulfilled by providing the following information:

A statement that AFDC has been furnished (date) to relative (name and address) in behalf of children (name and ages) in his home, who appear to have been deserted or abandoned by their parent(s) (name and address, if known).

Under this requirement, the appropriate law enforcement officials are those responsible for initiating actions in cases of desertion or abandonment, as those terms are defined under State law.

(b) Criteria will be established for the selection of cases in which notice is given to law enforcement officials that AFDC has been furnished in respect to a dependent child believed to have been deserted or abandoned by a parent. In fulfilling this requirement, the criteria will include instructions for identification of the persons who, under State law, are defined as parents responsible for support of minor children, and against whom legal action may be taken under such laws for desertion or abandonment.

(c) All applicants affected by the reporting requirement will be informed as early as possible during the application process, and each applicant will be afforded the opportunity to withdraw his application, if he wishes, before payment is issued and the required notice sent to the law enforcement officials.

§ 235.110 Fraud.

State plan requirements: A State plan under title I, IV–A, X, XIV, or XVI of the Social Security Act must provide:

(a) That the State agency will establish and maintain:

(1) Methods and criteria for identifying situations in which a question of fraud in the program may exist, and

(2) Procedures developed in cooperation with the State's legal authorities for referring to law enforcement officials situations in which there is valid reason to suspect that fraud has been practiced.

The definition of fraud for purposes of this section will be determined in accordance with State law.

(b) For methods of investigation of situations in which there is a question of fraud, that do not infringe on the legal rights of persons involved and are consistent with the principles recognized as affording due process of law.

(c) For the designation of official position(s) responsible for referral of situations involving suspected fraud to the proper authorities.

8. Part 246 is added as follows:

PART 246—STATE ORGANIZATION—MEDICAL ASSISTANCE PROGRAMS

§ 246.10 State medical care advisory committees.

(a) *State plan requirements.* A State plan for medical assistance under title XIX of the Social Security Act must provide that:

(1) There will be an advisory committee to the State agency director on health and medical care services, appointed by the director of the State agency or a higher State authority. Appointments to the committee will provide for rotation and continuity.

(2) The medical care advisory committee will include:

(i) Board certified physicians and other representatives of the health professions who are familiar with the medical needs of low income population groups and with the resources available and required for their care;

(ii) Members of consumers' groups including title XIX recipients, and consumer organizations such as labor unions,

cooperatives, consumer-sponsored prepaid group practice plans, and others; and

(iii) The director of the public welfare department or of the public health department, whichever does not head the single State agency for the title XIX plan.

(3) The medical care advisory committee will have adequate opportunity for meaningful participation in policy development and program administration, including the furtherance of recipient participation in the program of the agency.

(4) The medical care advisory committee will be provided such staff assistance from within the agency and such independent technical assistance as are needed to enable it to make effective recommendations, and will be provided with financial arrangements, where necessary, to make possible the participation of recipients in the work of the committee.

(b) *Federal financial participation.* Federal financial participation of 50 percent is available for the activities of the medical care advisory committee.

9. Part 248 is amended to add the following sections:

PART 248—COVERAGE AND CONDITIONS OF ELIGIBILITY FOR MEDICAL ASSISTANCE

Sec.

§ 248.10 Coverage and conditions of eligibility for medical assistance.

(a) *Definitions.* When used in this part:

(1) The term "categorically needy" refers to an individual who is receiving financial assistance under the State's approved plan under title I, IV–A, X, XIV, or XVI of the Social Security Act, or is in need under the State's standards for financial eligibility in such plan. (See § 233.20 of this chapter.)

(2) The term "medically needy" refers to an individual whose income and resources equal or exceed the State's standards under the appropriate financial assistance plan but are insufficient to meet his costs for medical insurance premiums and for necessary medical and remedial care and services recognized under State law but not encompassed in the State plan for medical assistance, plus his costs for medical and remedial care and services included in the State plan.

(b) *State plan requirements.* A State plan under title XIX of the Social Security Act must:

(1) Provide that medical assistance will be available to the following groups of "categorically needy" persons:

(i) All individuals receiving aid or assistance under the State's approved plans under titles I, IV–A, X, XIV, and XVI of the Act;

(ii) All individuals under 21 who are, or would be, except for age of school attendance requirements, dependent children under the State's approved AFDC plan;

(iii) All persons who would be eligible for aid or assistance under one of the other approved State plans except for any eligibility condition or other requirement in such plan that is specifically prohibited in a program of medical assistance under title XIX of the Act.

(2) Specify any other groups of "categorically needy" individuals (not covered by subparagraph (1) of this paragraph), that will be included in the program. These may include:

(i) Persons who meet all the conditions of eligibility, including financial eligibility, of one of the State's other approved plans, but have not applied for such assistance.

(ii) Persons in a medical facility—skilled nursing home, hospital, institution for tuberculosis, or mental disease—who, if they left such facility, would be eligible for financial assistance under another of the State's approved plans. This includes persons in medical facilities who have enough income to meet their personal needs while in the institution, but not enough to meet their needs outside the facility according to the appropriate State plan.

(iii) Persons who would be eligible for financial assistance under another State public assistance plan, except that the State plan imposes eligibility conditions more stringent than, or in addition to, those required under the Social Security Act. For example, persons who are needy and 18 years of age or older and permanently and totally disabled under the Federal definition of permanent and total disability, but who are excluded from APTD under the State's more restricted definition of disability; or persons who would be eligible for AFDC if the State's program covered families with children deprived of parental support or care to the full extent permitted under title IV–A of the Act, including AFDC for families with unemployed fathers.

(iv) All individuals under 21 who qualify on the basis of financial eligibility, but do not qualify as dependent children under a State's AFDC plan; or groups of such individuals is based on reasonable classifications. Children in foster homes or private institutions for whom public agencies are assuming financial responsibility, in whole or in part, constitute a reasonable classification. The additional inclusion of children placed in foster homes or private institutions by private, nonprofit agencies would also be considered reasonable.

(v) Caretaker relatives enumerated in section 406(a)(1) of the Act who have in their care one or more children under 21 who, except for age or school attendance requirements, would be dependent children under the State's AFDC plan.

(3) Specify, if the plan includes the medically needy, that it covers all medically needy groups that correspond to the covered categorically needy groups. Exception: coverage of "essential" spouses of recipients of OAA, AB, APTD, or AABD does not require coverage of essential spouses of nonmoney payment recipients, either categorically needy or medically needy.

(4) Specify all conditions of eligibility that must be met by members of all optional groups included in the plan.

(5) If the plan includes groups of individuals for whose medical care and services Federal financial participation is not available, specify such groups, and provide that the State agency will establish methods for identifying the expenditures for medical care and services in which Federal financial participation may not be claimed.

(c) *Conditions for plan approval.* (1) All groups the State elects to include in the program are based on reasonable classifications, that is, they do not result in arbitrary or inequitable treatment of individuals or groups, or result in exclusion of groups or persons on the basis of any classification that is arbitrary or unreasonable, or is otherwise inconsistent with the broad objectives of title XIX of the Act.

(2) There is clarity as to what groups are included, and which are within the scope, and which are outside the scope, of Federal financial participation in the cost of medical assistance provided.

(3) Except for need, the conditions of eligibility that are imposed on elective groups (including any groups for whose medical care and services Federal financial participation is not available) are not more stringent or more numerous than those imposed on individuals receiving aid or assistance under any of the approved State plans.

(4) No age, residence, citizenship, or other requirement is imposed that is prohibited by title XIX of the Act.

(5) No person unrelated to the applicant or recipient is held financially responsible for him; nor is any condition of eligibility imposed that holds a relative responsible who is not the spouse of the individual who needs medical care or services, or the parent of such individual, who is under 21, or is blind, or is permanently and totally disabled.

(d) *Federal financial participation—*(1) *Administrative costs.* Federal financial participation is available in the administrative costs of providing medical care and services to all persons covered under the plan, including those in the cost of whose medical care and services the Federal Government does not share, provided all other provisions of the approved State plan are applicable to them.

(2) *Medical assistance.* Federal financial participation is available, pursuant to part 250 of this chapter, in payments for medical care and services provided under the State plan to any financially eligible individual who is:

(i) Under the age of 21; or

(ii) A parent or other caretaker relative specified in section 406(a)(1) of the Act (see § 233.90(b)(1)(v)(*a*) of this chapter with whom a child under the age of 21 is living, if such relative is eligible or would, except that the child is not regularly attending school or a course of vocational training, and except

for need, be eligible to receive payments within the scope of Federal financial participation under title IV–A of the Act; only one such parent or other caretaker relative, plus the spouse of such parent (who meets the conditions specified in section 406(b)(1) of the Act (see § 237.50(b) (3) (4) of this chapter)), are within the scope of Federal financial participation under title IV–A of the Act; or

(iii) 65 years of age or older; or

(iv) Blind; or

(v) 18 years of age or older and permanently and totally disabled; or

(vi) The spouse of a recipient of OAA, AB, APTD, or AABD who is considered "an essential person" (see § 248.11 of this part);

but excluding any such care or services provided to any individual who is an inmate of a public institution (except as a patient in a medical institution), or who is under age 65 and a patient in an institution for tuberculosis or mental diseases. See § 248.60.

(3) Federal financial participation is available in medical assistance provided to individuals who were eligible therefor in the month in which the medical care or services were provided.

(4) Federal financial participation is available in medical assistance for individuals, in accordance with the State plan, during a temporary period while the effects of certain eligibility conditions such as blindness, disability, continued absence or incapacity of a parent, or unemployment of a father, are being overcome.

10. Part 248 is further amended by revising section 248.21 to read as follows:

§ 248.21 Financial eligibility—medical assistance programs.

(a) *State plan requirements.* A State plan under title XIX of the Social Security Act must:

(1) With respect to the categorically needy:

(i) Specify that the financial eligibility conditions of the pertinent financial assistance plan will apply;

(ii) Provide for the application of income first to maintenance costs.

(2) With respect to both the categorically needy and, if they are included in the plan, the medically needy:

(i) Provide that only such income and resources as are actually available will be considered and that income and resources will be reasonably evaluated;

(ii) Provide that financial responsibility of any individual for any applicant or recipient of medical assistance will be limited to the responsibility of spouse for spouse and of parents for children under age 21, or blind, or permanently and totally disabled;

(iii) Specify the extent to which the financial responsibility of any such relatives is taken into account.

(3) With respect to the medically needy, if they are included in the plan:

(i) Provide levels of income and resources for maintenance, in total dollar amounts, as a basis for establishing financial eligibility for medical assistance. Under this requirement:

(*a*) Such income levels must be comparable as among individuals and families of varying sizes;

(*b*) The income levels for maintenance must be, as a minimum, at the levels of the most liberal money payment standard used by the State, at any time on or after January 1, 1966, as a measure of financial eligibility in any categorical money payment program in the State, or at the level for which Federal financial participation is available pursuant to paragraph (b) of this section, whichever is less. Where a State imposes any deduction, cost sharing, enrollment fee, premium, or similar charge under the plan with respect to any medical assistance furnished to an individual thereunder, such charge may not be imposed to the extent that it would reduce the individual's income below the most liberal money payment standard referred to in the preceding sentence;

(*c*) A lower income level for maintenance must be used for individuals not living in their own homes but receiving care in nursing homes, institutions for tuberculosis or mental diseases or other medical facilities providing long-term care. This lower income level must be reasonable in amount for clothing and personal needs for such individuals. When such an individual's home is maintained for a spouse or other dependents, the appropriate income level for such dependents, plus the individual's income level for maintenance in a long-term care facility, is applicable;

(*d*) Resources which may be held must, as a minimum, be at the most liberal level used in any money payment program in the State on or after January 1, 1966, and the amount of liquid assets which may be held must increase with an increase in the number of individuals in the family. There must be separate levels established for resources.

(ii) Provide that there will be a flexible measurement of available income which will be applied in the following order of priority:

(*a*) First, for maintenance, so that any income in an amount at or below the established level will be protected for maintenance;

(*b*) Next, income in excess of that needed for maintenance will be applied to costs incurred for medical insurance premiums and for necessary medical or remedial care recognized under State law and not encompased within the State plan for medical assistance. States may set reasonable limits on such medical services for which excess income may be applied.

(*c*) All of the remaining excess income will be applied to costs of medical assistance included in the State plan.

(iii) Provide that all income and resources (after all State policies governing the disregard, or setting aside for future needs, of income and resources in the State's approved plans under titles I, IV–A, X, XIV, and XVI have been applied) will be considered in establishing eligibility, and in the flexible application of income to medical costs not in the State plan, and payment toward the medical assistance costs.

(iv) Provide that only such income and resources will be considered as will be "in hand" within a period, preferably of not more than 3 months, but not in excess of 6 months, ahead, including the month in which medical services were rendered, for which payment would be made under the plan.

(b) *Federal financial participation.* (1) Federal financial participation is available in payments made in behalf of categorically needy individuals.

(2) Payments in behalf of medically needy individuals are subject to Federal financial participation only to the extent that they are made for a member of a family the annual income of which is within the income levels established in the following:

(i) In the case of any State, the applicable income levels with respect to periods after December 31, 1969 are 133⅓ percent of the amounts specified in subdivision (ii) of this subparagraph. Any total yearly income levels established by applying the above percentage which are not multiples of $100 shall be rounded to the next higher multiple of $100. Federal financial participation is available for a person whose annual income exceeds this level to the extent that medical expenses exceed the income excess (see subdivision (ii)(*c*) of this subparagraph).

(ii) The amounts to be applied in calculating the income levels referred to in subdivision (i) of this subparagraph are the highest amounts which would ordinarily be paid to a family of the same size without any income or resources in the form of money payments, under the approved AFDC plan of the State, subject to the following modifications:

(*a*) In the case of a single individual the amount of the income level shall be reasonably related to the amounts payable under such plan to families consisting of two or more individuals who are without income or resources.

(*b*) If the amounts established under such plan are subject to a maximum family limit, the income level for families which exceed such limit will be determined by adding an amount for each member of the family to such limit. The amounts to be added shall be reasonably related to those established under the plan for families which are within the maximum family limit.

(*c*) In computing a family's or individual's income for purposes of subdivisions (i) and (ii) of this subparagraph, there shall be excluded any costs (whether in the form of insurance premiums or otherwise) incurred by such family or individual for medical care or for any other type of remedial care recognized under State law.

(3) If a State furnishes medical assistance on the basis of income levels which are higher than those specified in this section, the State agency must

submit to the Department of Health, Education, and Welfare for its approval income levels which are calculated on the basis provided in this section, and must establish procedures to assure that claims for Federal financial participation are limited accordingly.

§ 248.30 Age.

(a) *Conditions for plan approval.* A State plan under title XIX of the Social Security Act may not impose:

(1) Any age requirement of more than 65 years;

(2) Any age requirement which excludes any individual who has not attained the age of 21 and is or would, except for the provisions of section 406(a)(2) of the Act (regarding attendance at school or a training course), be a dependent child under the State's AFDC plan; or

(3) Age requirements more stringent than are imposed in the State's approved plans for financial assistance.

(b) *Federal financial participation.* (1) Federal financial participation is available in medical assistance provided to otherwise eligible persons who were, for any portion of the month in which they received medical care or services, under 21 years of age, or 65 years of age or over, or 18 years of age or over and permanently and totally disabled. There is no Federal requirement as to age for blind persons.

(2) Federal determination of whether an individual meets the age requirements of the Social Security Act will be made according to the common-law method (under which a specific age is attained the day before the anniversary of birth), unless the State plan specifies that the popular usage method (under which an age is attained on the anniversary of birth) is used.

(3) The State agency may adopt an arbitrary date such as July 1 as the point from which age will be computed in all instances where the month of an individual's birth is not available, but the year can be established.

§ 248.50 Citizenship.

Conditions for plan approval:

(a) A State plan under title XIX of the Social Security Act may not exclude an otherwise eligible citizen of the United States, regardless of how (by birth or by naturalization), or when, citizenship was obtained.

(b) A State plan which includes the medically needy must include all otherwise eligible individuals, regardless of citizenship status, unless all of the State's approved financial assistance plans require citizenship as a condition of eligibility.

(c) A State plan may include persons without regard to citizenship status, even though all of the State's financial assistance plans contain such a requirement.

§ 248.60 Institutional status.

(a) *Federal financial participation.* (1) Federal financial participation under title XIX of the Social Security Act is not available in medical assistance for any individual who is an inmate of a public institution except as a patient in a medical institution.

(2) Federal financial participation under title XIX of the Social Security Act is not available in medical assistance for any individual who has not attained 65 years of age and who is a patient in an institution for tuberculosis or mental diseases.

(3) For purposes of this paragraph:

(i) Federal financial participation is available in the costs of medical assistance for the month in which an individual (if otherwise eligible) became an inmate of a public institution, or a patient in an institution for tuberculosis or mental diseases;

(ii) Whether an institution is one for tuberculosis or mental diseases will be determined by whether its overall character is that of a facility established and maintained primarily for the care and treatment of individuals with tuberculosis or mental diseases (whether or not it is licensed);

(iii) An institution for the mentally retarded may be distinguished from an institution for mental diseases;

(iv) An individual on conditional release or convalescent leave from an institution for mental diseases is not considered to be a patient in such institution.

(b) *Definitions.* For purposes of Federal financial participation under paragraph (a) of this section: (1) "Institution" means an establishment which furnishes (in single or multiple facilities) food and shelter to four or more persons unrelated to the proprietor, and in addition, provides some treatment or services which meet some need beyond the basic provision of food and shelter.

(2) "In an institution" refers to an individual who is admitted to participate in the living arrangements and to receive treatment or services provided there which are appropriate to his requirements.

(3) "Public institution" means an institution that is the responsibility of a governmental unit or over which a governmental unit exercises administrative control.

(4) "Inmate of a public institution" means a person who is living in a public institution. An individual is not considered an inmate when:

(i) He is in a public educational or vocational training institution, for purposes of securing education or vocational training, or

(ii) He is in a public institution for a temporary emergent period pending other arrangements appropriate to his needs.

(5) "Medical institution" means an institution which:

(i) Is organized to provide medical care, including nursing and convalescent care;

(ii) Has the necessary professional personnel, equipment, and facilities to manage the medical, nursing, and other health needs of patients on a continuing basis in accordance with accepted standards;

(iii) Is authorized under State law to provide medical care;

(iv) Is staffed by professional personnel who have clear and definite responsibility to the institution in the provision of professional medical and nursing services including adequate and continual medical care and supervision by a physician; sufficient registered nurse or licensed practical nurse supervision and services and nurse aid services to meet nursing care needs; and appropriate guidance by a physician(s) on the professional aspects of operating the facility.

(6) "Institution for tuberculosis" means an institution which is primarily engaged in providing diagnosis, treatment, or care of persons with tuberculosis, including medical attention, nursing care, and related services.

(7) "Institution for mental diseases" means an institution which is primarily engaged in providing diagnosis, treatment or care of persons with mental diseases, including medical attention, nursing care and related services.

(8) "Patient" means an individual who is in need of and receiving professional services directed by a licensed practitioner of the healing arts toward maintenance, improvement or protection of health, or alleviation of illness, disability, or pain.

§ 248.70 Blindness.

(a) *State plan requirements.* A State plan under title XIX of the Social Security Act must:

(1) Contain a definition of blindness in terms of ophthalmic measurement. The following definition is recommended:

An individual is considered blind if he has central visual acuity of 20/200 or less in the better eye with correcting glasses or a field defect in which the peripheral field has contracted to such an extent that the widest diameter of visual field subtends an angular distance of no greater than 20°.

(2) Provide that, in any instance in which a determination is to be made whether an individual is blind according to the State's definition, there will be an examination by a physician skilled in the diseases of the eye or by an optometrist, whichever the individual may select. Under this requirement, no examination is necessary when both eyes are missing.

(3) Provide that each eye examination report will be reviewed by a State supervising ophthalmologist who is responsible for making the agency's decision that the applicant or recipient does or does not meet the State's definition of blindness, and for determining if and when reexaminations are necessary.

(b) *Federal financial participation—*(1) *Assistance payments.* Federal financial participation is available in medical assistance provided to any otherwise eligible person who is blind. Blindness may be considered as continuing until an examination by a qualified examiner establishes the fact that the recipient's vision has improved beyond the State's definition of blindness.

(2) *Administrative expenses.* Federal financial participation is available in any expenditures incident to the eye examination necessary to determine who is a blind individual.

§ 248.80 **Disability.**

(a) *State plan requirements.* A State plan under title XIX of the Social Security Act must:

(1) Contain a definition of permanently and totally disabled, showing that:

(i) "Permanently" is related to the duration of the impairment or combination of impairments; and

(ii) "Totally" is related to the degree of disability.

The following definition is recommended. "Permanently and totally disabled" means that the individual has some permanent physical or mental impairment, disease, or loss, or combination thereof, that substantially precludes him from engaging in useful occupations within his competence, such as holding a job.

Under this definition:

"Permanently" refers to a condition which is not likely to improve or which will continue throughout the lifetime of the individual; it may be a condition which is not likely to respond to any known therapeutic procedures, or a condition which is likely to remain static or to become worse unless certain therapeutic measures are carried out, where treatment is unavailable, inadvisable, or is refused by the individual on a reasonable basis; "permanently" does not rule out the possibility of vocational rehabilitation or even possible recovery in light of future medical advances or changed prognosis; in this sense the term refers to a condition which continues indefinitely, as distinct from one which is temporary or transient;

"Totally" involves considerations in addition to those verified through the medical findings, such as age, training, skills, and work experience, and the probable functioning of the individual in his particular situation in light of his impairment; an individual's disability would usually be tested in relation to ability to engage in remunerative employment; homemaking would be an appropriate test only for individuals, such as housewives, who were homemakers prior to the disability and who do not require employment to meet their needs without public assistance; eligibility may continue, even after a period of rehabilitation and readjustment, if the individual's work capacity is still very considerably limited (in comparison with that of a normal person) in terms of such factors as the speed with which he can work, the amount he can produce in a given period of time, and the number of hours he is able to work.

(2) Provide for the review of each medical report and social history by technically competent persons—not less than a physician and a social worker qualified by professional training and pertinent experience—acting cooperatively, who are responsible for the agency's decision that the applicant does or does not meet the State's definition of permanent and total disability. Under this requirement:

(i) The medical report must include a substantiated diagnosis, based either on existing medical evidence or upon current medical examination;

(ii) The social history must contain sufficient information to make it possible to relate the medical findings to the activities of the "useful occupation" and to determine whether the individual is totally disabled; and

(iii) The review physician is responsible for setting dates for reexamination; the review team is responsible for reviewing reexamination reports in conjunction with the social data, to determine whether disabled recipients whose health condition may improve continue to meet the State's definition of permanent and total disability.

(b) *Federal financial participation*—(1) *Assistance payments.* Federal financial participation is available in medical assistance provided to any otherwise eligible individual who is permanently and totally disabled. Permanent and total disability may be considered as continuing until the review team establishes the fact that the recipient's disability is no longer within the State's definition of permanent and total disability.

(2) *Administrative expenses.* Federal financial participation is available in any expenditures incident to the medical examination necessary to determine who is a permanently and totally disabled individual.

11. Part 249 is amended to add the following sections:

PART 249—SERVICES AND PAYMENT IN MEDICAL ASSISTANCE PROGRAMS

Sec.

§ 249.70 **Liens and recoveries.**

State plan requirements: A State plan under title XIX of the Social Security Act must provide that:

(a) No lien or encumbrance of any kind will be required from or be imposed against the property of any individual prior to his death because of medical assistance paid or to be paid on his behalf or at any time if he was under 65 years of age when he received such assistance (except pursuant to the judgment of a court on account of benefits incorrectly paid on behalf of such individual).

(b) There will be no adjustment or recovery of medical assistance correctly paid, except from the estate of an individual who was 65 years of age or older when he received such assistance, and then only after the death of his surviving spouse, if any, and only at a time when he has no surviving child who is under age 21 or is blind or permanently and totally disabled.

Under this regulation, the term "property" includes not only the homestead but all other personal and real property in which the recipient has a legal interest; and a money payment under another program may not be reduced as a method of recovery for vendor payments incorrectly paid under title XIX of the Act.

§ 249.82 **Contracts with health insurance organizations, fiscal agents, and private nonmedical institutions.**

(a) *Definitions.*—(1) *Arrangement with health-insuring organization.* A health-insuring arrangement is present where the contractor agrees to pay the costs of benefits provided under the contract in consideration of an amount called a premium, paid by the State agency for each eligible individual. Under this arrangement, the State agency would be obligated to pay for eligible individuals a monthly premium for each month for which coverage of the medical care and services provided for in the contract is to be made available, whether or not such individuals needed such care and services. Such payment might be made in advance of the coverage period or shortly thereafter. Also, the State agency would not pay for any loss incurred by the contractor from claims exceeding premiums paid or from increases in administrative costs of the contractor during the covered period, and, normally, the State agency would not be charged separately for the administrative functions performed by the contractor since these functions are a coordinate part of the health insurance agreement.

(2) *Arrangement with fiscal agent.* A fiscal agent type arrangement is present where the contractor agrees to process and audit vendor claims for payment and may perform certain other functions which would otherwise be performed by the State agency in providing medical care and services to recipients for an amount sufficient to cover his costs of performing the agreed-upon functions. Under this arrangement, the State agency assumes liability for vendor claims for medical care and services rendered eligible recipients, and frequently pays a separate charge to the contractor for costs incurred in performing the agreed-upon functions.

(3) *Arrangement with private nonmedical institution.* An arrangement with a private nonmedical institution, such as a child-care institution or maternity home, is present where the contractor agrees to provide specified medical services through its own salaried medical personnel or to provide such services through contracts or other arrangements with medical providers. Under this arrangement, the State agency would be obligated to pay for eligible individuals a monthly capitation amount for each month for which coverage of the medical care and services provided for in the contract is to be made available, whether or not such individuals needed such care and services. Such payment might be made in advance of the coverage period or shortly thereafter.

(b) *State plan requirements.* (1) A State plan under title XIX of the Social Security Act which provides part or all

of its medical assistance through arrangement with health-insuring organizations must provide that, as a minimum, the contract will:

(i) Identify the amount of the premium to be paid, when it is to be paid, and the coverage group and period;

(ii) Specify the amount, duration, and scope of medical care and services to be provided, and the fee schedule or other basis on which the contractor will make payment;

(iii) Provide that the premium payment constitutes full discharge of all responsibility by the State for costs of covered medical care and services provided to covered eligible recipients during the contract period;

(iv) Provide for periodic renegotiation of the premium rate and/or medical care and services furnished under contract;

(v) Provide that the contractor shall maintain and provide such records as are necessary for the State to meet the requirements for reporting placed on the State by the Federal agency, and provide that the contractor shall furnish such other reports as required by the State or local agency; and

(vi) Include the period of time the contract will be in effect, together with provisions for termination.

(2) A State plan under title XIX of the Act which provides part or all of its medical assistance through arrangement with fiscal agents must provide that, as a minimum, the contract will:

(i) Identify the type of functions to be performed by the contractor, the amount to be paid the contractor for performing the functions, the basis for the amount, when payment is to be made, and the coverage group;

(ii) Provide that the contractor will make payments for medical care in accordance with the rules and regulations established by the State agency;

(iii) Provide that the contractor shall maintain and provide such records as are necessary for the State to meet the requirements for reporting placed on the State by the Federal agency, and provide that the contractor shall furnish such other reports as required by the State or local agency;

(iv) Provide for periodic renegotiation of the amount paid in relation to the costs of service provided; and

(v) Include the period of time the contract will be in effect together with provisions for termination.

(3) A State plan under title XIX of the Act which provides part of its medical assistance through arrangement with private nonmedical institutions must provide that, as a minimum, the contract will:

(i) Identify the capitation amount to be paid, when it is to be paid, and the coverage group;

(ii) Specify the amount, duration and scope of medical care and services to be provided;

(iii) Specify the basis for payment to the provider for authorized service;

(iv) Provide for periodic renegotiation of the amount paid in relation to the costs of services provided;

(v) Provide that the contractor shall maintain and provide such records as are necessary for the State to meet the requirements for reporting placed on the State by the Federal agency, and provide that the contractor shall furnish such other reports as required by the State or local agency; and

(vi) Include the period of time the contract will be in effect, together with provisions for termination.

(c) *Conditions for Federal financial participation.* (1) The total amount paid to the health-insuring organization (pursuant to paragraph (b)(1) of this section) for carrying out the provisions of the contract will be regarded as assistance costs for Federal financial participation even if the contract provides for a separate charge for the contractor's administrative costs.

(2) The total amount paid to the private nonmedical institution (pursuant to paragraph (b)(3) of this section) for carrying out the provisions of the contract will be limited to cost of medical care and services and will be regarded as assistance costs for Federal financial participation.

(3) Under contracts with fiscal agents, the amount paid to the supplier of medical care will be considered for Federal financial participation as assistance costs, and the amount paid to the contractor for performing the agreed-upon functions will be considered as administrative costs.

(4) For Federal financial participation, the State agency must submit the contract to the Social and Rehabilitation Service not later than the end of the first quarter for which Federal financial participation will be claimed for expenditures made thereunder.
