### WEEKLY COMPILATION OF PRESIDENTIAL DOCUMENTS

This unique service makes available transcripts of the President's news conferences; messages to Congress; public speeches, remarks, and statements; and other Presidential materials released by the White House.

The Weekly Compilation carries a Monday date-line and covers materials released during the preceding week. It includes an Index of Contents and a

system of cumulative indexes. Other finding aids include lists of laws approved by the President and of nominations submitted to the Senate, a checklist of White House releases, and a digest of other White House announcements.

This systematic publication of Presidential items provides users with up-to-date information and a permanent reference source concerning Presidential policies and pronouncements.

## Title 16—COMMERCIAL PRACTICES

### Chapter I—Federal Trade Commission

#### SUBCHAPTER A—PROCEDURES AND RULES OF PRACTICE

[Docket No. C-1814]

#### PART 13—PROHIBITED TRADE PRACTICES

##### Century Brick Corporation of America et al.

Subpart—Advertising falsely or misleadingly: § 13.15 *Business status, advantages, or connections*: 13.15-270 *Size and extent*; § 13.50 *Dealer or seller assistance*; § 13.60 *Earnings and profits*; § 13.75 *Free goods or services*; § 13.85 *Government approval, action, connection or standards*: 13.85-27 *Federal Housing Administration*; § 13.185 *Refunds, repairs and replacements*; § 13.260 *Terms and conditions*. Subpart—Misrepresenting oneself and goods—Business status, advantages or connections: § 13.1555 *Size, extent or equipment*; Misrepresenting oneself and goods—Goods: § 13.1608 *Dealer or seller assistance*; § 13.1615 *Earnings and profits*; § 13.1625 *Free goods or services*; § 13.1645 *Government standards or specifications*; § 13.1725 *Refunds*; § 13.1760 *Terms and conditions*. Subpart—Securing agents or representatives by misrepresentation: § 13.2120 *Dealer or seller assistance*; § 13.2130 *Earnings*; § 13.2132 *Exclusive territory*.

(Sec. 6, 38 Stat. 721; 15 U.S.C. 46. Interprets or applies sec. 5, 38 Stat. 719, as amended; 15 U.S.C. 45) [Cease and desist order, Century Brick Corporation of America et al., Erie, Pa., Docket C-1814, Oct. 27, 1970]

*In the Matter of Century Brick Corporation of America, Century Bonded Products, Inc., Lancer Advertising Agency, Inc., First National Credit Corporation of America, Associated Leasing Corporation of America, Corporations, and Colman J. Seman, David C. Seman, and Fredrick P. Seman, Individually and as Officers or Directors of Said Corporations*

Consent order requiring five affiliated Erie, Pa., distributors of simulated brick facing and seamless floor-covering material to cease representing that investors in respondents' dealerships would get exclusive territories or be paid if territory was shared, that visits or training at respondents' home office would be paid by respondents, that a refund would be granted in case dealership discontinued, that taping machines and other equipment would be furnished free, that a dealer needs no prior skill, knowledge or training, that dealer will be furnished free sale literature or that products will be delivered to dealer's job site, and that

respondents' products have been approved by an agency of the Federal Government.

The order to cease and desist, including further order requiring report of compliance therewith, is as follows:

*It is ordered*, That the respondents, Century Brick Corporation of America, Century Bonded Products, Inc., Lancer Advertising Agency, Inc., First National Credit Corporation of America, and Associated Leasing Corporation of America, corporations, and their officers and directors, and Colman J. Seman and Fredrick P. Seman, individually and as officers or directors of said corporations, and respondents' agents, representatives, and employees, directly or through any corporate or other device, in connection with the advertising, offering for sale, sale, or distribution of simulated brick facing, seamless floor-covering material, or any other product, or any franchise, license, or dealership with respect thereto, in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

1. Representing, directly or by implication, that persons investing in respondents' franchises, dealerships, or other products will be granted an exclusive territory in which to locate and sell products purchased from respondents unless respondents provide in all contracts or purchase agreements with dealers, franchisees, or purchasers of respondents' products, to whom such exclusive territories have been granted, a description of the size and limits of the territories, and a statement that no other investor, dealer, franchisee, or purchaser of the same products will be granted the same territory or any part thereof and respondents in all instances abide by such provisions.

2. Representing, directly or by implication, that a dealer will receive payment from respondents if additional dealers are permitted to do business within his designated territory, unless such payments are actually made by respondents.

3. Representing, directly or by implication, that any expenses, other than those actually paid by the respondents, for the dealer or his employee to visit and receive training at the respondents' home office or any other place will be paid by the respondents.

4. Representing, directly or by implication, that a dealer will receive any refund of the dealership fee or initial investment from the respondents if the dealer decides not to continue in said dealership, unless such refunds are actually made by the respondents.

5. Falsely representing, directly or by implication, that a representative of the respondents will be sent to assist a new dealer in the hiring and training of employees, securing job orders, establishing contacts and credit at local banks, or to assist or perform any other function

or service not actually performed and readily available to such dealers.

6. Representing, directly or by implication, that respondents will provide, free of charge, the taping machines used in the installation of respondents' products, unless such is actually provided on the represented terms and conditions; misrepresenting, in any manner, the machinery, equipment, or supplies furnished or made available to dealers or franchisees or the cost thereof.

7. Representing, directly or by implication, that respondents will provide dealers with sales leads obtained through national advertising or any other means, unless respondents are able to provide to each dealer a significant number of bona fide prospective buyers for respondents' products.

8. Representing, directly or by implication, that respondents will provide the dealer with the names and addresses of other active dealers or that respondents have many successful dealers, unless respondents have current information establishing the success of such dealers and provide such names and addresses as promised.

9. Representing, directly or by implication, that a dealer needs no skill, knowledge, or prior training, or experience to operate a successful dealership, unless the prospective dealer is fully apprised of all facts and responsibilities of operating such a dealership.

10. Misrepresenting, in any manner, the assistance furnished or made available to the dealer.

11. Falsely representing that respondents are building warehouses at various locations, operating or maintaining a marble-crushing plant or manufacturing and marketing prefabricated homes; or misrepresenting, in any manner, the size or kind of respondents' business organization.

12. Representing, directly or by implication, that respondents will provide dealers with free sales literature, when in fact such sales literature is not free; or misrepresenting, in any manner, the cost of sales literature to dealers.

13. Representing, directly or by implication, that respondents' products will be delivered to the dealer's job site at any cost other than the actual one.

14. Falsely representing, directly or by implication, that respondents' products are approved by the Federal Housing Administration, the General Services Administration, or any agency of the U.S. Government; or misrepresenting, in any manner, the acceptance or approval of respondents' products.

15. Representing that dealers will earn any stated amount; or representing, in any manner, the past earnings of dealers, unless in fact, the past earnings represented are those of a substantial number of dealers and accurately reflect the average earnings of these dealers under circumstances similar to those of the

dealer to whom the representation is made.

16. Representing, directly or by implication, that dealers will be supplied with respondents' products within a reasonable time after they are ordered, unless such is actually the fact.

17. Failing to deliver a copy of this order to cease and desist to all present and future salesmen or other persons engaged in the sale of respondents' product dealerships and failing to secure from each such salesman or other persons a signed statement acknowledging receipt of said order.

*It is further ordered.* That the respondent corporations shall forthwith distribute a copy of this order to each of their operating divisions.

*It is further ordered.* That respondents notify the Commission at least thirty (30) days prior to any proposed change in a corporate respondent, such as dissolution, assignment, or sale, resulting in the emergence of a successor corporation, the creation or dissolution of subsidiaries or any other change in a corporation which may affect compliance obligations arising out of the order.

*It is further ordered.* That the respondents herein shall, within sixty (60) days after service upon them of this order, file with the Commission a report, in writing, setting forth in detail the manner and form in which they have complied with this order.

Issued: October 27, 1970.

By the Commission.

### PART 13—PROHIBITED TRADE PRACTICES

#### General Nutrition Corp. et al.

Subpart—Advertising falsely or misleadingly: § 13.170 *Qualities or properties of product or service*: 13.170-52 *Medicinal, therapeutic, healthful, etc.*: 13.170-64 *Nutritive*.

(Sec. 6, 38 Stat. 721; 15 U.S.C. 46, Interprets or applies sec. 5, 38 Stat. 719, as amended; 15 U.S.C. 45) [Modified order to cease and desist, General Nutrition Corp. et al., Pittsburgh, Pa., Docket C-1517, Nov. 4, 1970]

*In the Matter of General Nutrition Corp., a Corporation, Also Trading as Natural Sales Co., and David B. Shakkarian, Individually and as an Officer of Said Corporation*

Order modifying a previous consent order dated April 4, 1969, 34 F.R. 7276, which prohibited a drug company from making certain claims for the nutritional significance of vitamin and mineral ingredients.

The modified order to cease and desist, is as follows:

*It is ordered.* That paragraph 2 of the Commission's order dated April 4, 1969 be, and it hereby is, modified to read as follows:

2. Disseminating, or causing to be disseminated, by means of the U.S. mails

or by any means in commerce, as "commerce" is defined in the Federal Trade Commission Act, any advertisement of a product which is advertised or promoted for sale by reason of its vitamin and/or mineral content, which lists, or otherwise refers to as an ingredient, except in the name of such product, any ingredient, the need for which in human nutrition has not been established, or any ingredient whose presence in the preparation is without nutritional significance, unless the advertisement also discloses clearly and conspicuously, in immediate or close proximity, and with equal prominence, that the presence of such ingredient in such preparation is without nutritional significance; nor shall any representation be made that the need for such an ingredient in such product for human nutrition has been established.

For the purposes of enforcement of this paragraph, any regulation by the Food and Drug Administration, in full force and effect, which affirmatively permits claims for nutritional significance of a vitamin or mineral in a specified amount in a product labeled for use as a food supplement, will be accepted as evidence that the presence of that amount of the specified nutrient has nutritional significance.

Issued: November 4, 1970.

By the Commission.

(Sec. 6, 38 Stat. 721; 15 U.S.C. 46, Interpret or apply sec. 5, 38 Stat. 719, as amended, 82 Stat. 146, 147; 15 U.S.C. 45, 1601-1605) [Cease and desist order, Pool City, Inc., et al., Chevy Chase, Md., Docket C-1813, Oct. 26, 1970]

*In the Matter of Pool City, Inc., a Corporation, and Norman Schulman, Individually and as an Officer of Said Corporation*

Consent order requiring a Chevy Chase, Md., corporation engaged in the

construction and sale of residential swimming pools to cease violating the Truth in Lending Act by failing to disclose in terminology prescribed by Regulation Z the annual percentage rate, all charges included in the deferred payment price, the number of payments required, and all applicable disclosures required; and also to cease making statements that there is no charge for credit unless it states the cash price, the amount of downpayment, the number, amount, and due date of the payments, the finance charge in annual percentage rate, and the deferred payment charge.

The order to cease and desist, including further order requiring report of compliance therewith, is as follows:

*It is ordered.* That respondents Pool City, Inc., a corporation, and its officers, and Norman Schulman, individually and as an officer of said corporation, and respondents' agents, representatives, and employees, directly or through any corporate or other device, in connection with any extension of consumer credit or any advertisement to aid, promote, or assist directly or indirectly any extension of consumer credit, as "consumer credit" and "advertisement" are defined in Regulation Z (12 CFR Part 226) of the Truth in Lending Act (Public Law 90-321, 15 U.S.C. 1601 et seq.), do forthwith cease and desist from:

1. Failing, in any consumer credit transaction, to disclose the annual percentage rate accurately to the nearest quarter of 1 percent, computed in accordance with § 226.5 of Regulation Z, as required by § 226.8(b)(2) of Regulation Z.

2. Failing, in any consumer credit transaction, to disclose accurately the sum of the cash price, all charges which are included in the amount financed but which are not part of the finance charge, and the finance charge, and to describe that sum as the "deferred payment price", as required by § 226.8(c)(8)(ii) of Regulation Z.

3. Failing, in any consumer credit transaction, to disclose the number of payments scheduled to repay the indebtedness, as required by § 226.8(b)(3) of Regulation Z.

4. Failing, in any consumer credit transaction, to make all applicable disclosures required to be made by § 226.8 of Regulation Z, in the form and manner prescribed therein.

5. Stating, in any advertisement, the amount of the downpayment required or that no downpayment is required, the amount of any installment payment, the dollar amount of any finance charge, the number of installments or the period of repayment, or that there is no charge for credit, unless it states all of the following items in terminology prescribed under § 226.8 of Regulation Z, as required by § 226.10(d)(2) of Regulation Z:

- The cash price;
- The amount of the downpayment required or that no downpayment is required, as applicable;
- The number, amount, and due dates or period of payments scheduled to repay the indebtedness if the credit is extended;

(d) The amount of the finance charge expressed as an annual percentage rate; and

(e) The deferred payment price.

6. Failing, in any advertisement, to make all disclosures in the manner, form and amount required by § 226.10 of Regulation Z.

*It is further ordered,* That a copy of this order to cease and desist be delivered to all present and future personnel of respondents engaged in the consummation of any consumer credit transaction or any aspect of preparation, creation, or placing of advertising, and failing to secure from each such person a signed statement acknowledging receipt of said order.

*It is further ordered,* That respondents notify the Commission at least thirty (30) days prior to any proposed change in the corporate respondent, such as dissolution, assignment, or sale resultant in the emergence of a successor corporation, the creation or dissolution of subsidiaries, or any other change in the corporation which may affect compliance obligations arising out of the order.

*It is further ordered,* That respondents shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which they have complied with the order to cease and desist contained herein.

Issued: October 26, 1970.

By the Commission.

**PART 13—PROHIBITED TRADE PRACTICES**

**Samuel Shindler and Bugle Toy Manufacturing Co.**

Subpart—Importing, selling, or transporting flammable wear: § 13.1060 *Importing, selling, or transporting flammable wear.*

(Sec. 6, 38 Stat. 721; 15 U.S.C. 46. Interpret or apply sec. 5, 38 Stat. 719, as amended, 67 Stat. 111, as amended; 15 U.S.C. 45, 1191) [Cease and desist order, Samuel Shindler et al., Pawtucket, R.I., Docket C-1816, Nov. 2, 1970]

*In the Matter of Samuel Shindler, an Individual Trading as Bugle Toy Manufacturing Co.*

Consent order requiring a Pawtucket, R.I., distributor of various party products including paper hula skirts to bring such skirts within the applicable flammability standards of the Flammable Fabrics Act or destroy said skirts.

The order to cease and desist, including further order requiring report of compliance therewith, is as follows:

*It is ordered,* That respondent Samuel Shindler, individually and trading as

Bugle Toy Manufacturing Co., or under any other name or names, and respondent's representatives, agents, and employees, directly or through any corporate or other device, do forthwith cease and desist from manufacturing for sale, selling, offering for sale, in commerce, or importing into the United States, or introducing, delivering for introduction, transporting or causing to be transported in commerce, or selling or delivering after sale or shipment in commerce, any product, fabric or related material; or manufacturing for sale, selling or offering for sale, any product made of fabric or related material which has been shipped or received in commerce, as "commerce," "product," "fabric," or "related material" are defined in the Flammable Fabrics Act, as amended, which product, fabric or related material, fails to conform to an applicable standard or regulation continued in effect, issued or amended under the provisions of the aforesaid Act.

*It is further ordered,* That the respondent herein shall, within ten (10) days after service upon it of this order, file with the Commission an interim special report in writing setting forth the respondent's intentions as to compliance with this order. This interim special report shall also advise the Commission fully and specifically concerning the identity of the product which gave rise to the complaint, (1) the amount of such product in inventory, (2) any action taken to notify customers of the flammability of such product and the results thereof, and (3) any disposition of such product since January 16, 1970. Such report shall further inform the Commission whether respondent has in inventory any fabric, product or related material having a plain surface and made of paper, silk, cotton, rayon, acetate and nylon, acetate and rayon, or combinations thereof in a weight of 2 ounces or less per square yard or fabric with a raised fiber surface made of cotton or rayon or combinations thereof. Respondent will submit samples of any such fabric, product or related material with this report. Samples of the fabric, product or related material shall be of no less than 1 square yard of material.

*It is further ordered,* That the respondent herein either process the hula skirts which gave rise to this complaint so as to bring them within the applicable flammability standards of the Flammable Fabrics Act, as amended, or destroy said hula skirts.

*It is further ordered,* That the respondent herein shall, within sixty (60) days after service upon him of this order, file with the Commission a report in writing setting forth in detail the manner and form in which he has complied with this order.

**Unique Industries, Inc., and Everett Novak**

Subpart—Importing, selling, or transporting flammable wear: § 13.1060 *Importing, selling, or transporting flammable wear.*

(Sec. 6, 38 Stat. 721; 15 U.S.C. 46. Interpret or apply sec. 5, 38 Stat. 719, as amended; 15 U.S.C. 45) [Cease and desist order, Unique Industries, Inc., et al., Philadelphia, Pa., Docket C-1815, Nov. 2, 1970]

*In the Matter of Unique Industries, Inc., a Corporation, and Everett Novak, Individually and as an Officer of Said Corporation*

Consent order requiring a Philadelphia, Pa., seller of novelty items and party favors to cease selling or distributing wood chips leis unless they are within the applicable flammability standards of the Flammable Fabrics Act.

The order to cease and desist, including further order requiring report of compliance therewith, is as follows:

*It is ordered,* That respondents Unique Industries, Inc., a corporation, and its officers, and Everett Novak, individually and as an officer of said corporation, and respondents' representatives, agents and employees, directly or through any corporate or other device, do forthwith cease and desist from the advertising, offering for sale, sale or distribution of wood chip leis in commerce, as "commerce" is defined in the Federal Trade Commission Act, unless and until said wood chip leis or wood chip products are flameproofed to such an extent that they will not ignite, burn or glow.

*It is further ordered,* That respondents notify all of their customers who have purchased or to whom have been delivered the products which gave rise to this complaint of the flammable nature of such products, and effective recall of such products from said customers.

*It is further ordered,* That the respondents herein either process the fabrics which gave rise to this complaint and any wearing apparel made from said fabrics so as to bring them within the applicable flammability standards of the Flammable Fabrics Act, as amended, or destroy said fabrics or any wearing apparel made therefrom.

*It is further ordered,* That the respondents herein shall within ten (10) days after service upon them of this order, file with the Commission an interim special report in writing setting forth the respondents' intention as to compliance with this order. This interim special report shall also advise the Commission fully and specifically concerning the identity of the product or related material which gave rise to the complaint (1) the number of such products in inventory, (2) any action taken and any further actions proposed to be taken to notify customers of the flammability of such products and of the results of

such actions, (3) any disposition of such products since December 15, 1969, and (4) any action taken or proposed to be taken to flameproof or destroy such products and the results of such action.

*It is further ordered,* That respondents notify the Commission at least thirty (30) days after any proposed change in the corporate respondent such as dissolution, assignment or sale resulting in the emergence of a successor corporation, the creation or dissolution of subsidiaries or any other change in the corporation which may affect compliance obligations arising out of the order.

*It is further ordered,* That the respondent corporation shall forthwith distribute a copy of this order to each of its operating divisions.

*It is further ordered,* That the respondents herein shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with this order.

*In the Matter of Washington Careers, Inc., a Corporation, Trading as Juliet Gibson Career College and Finishing School, and Richard A. Parrott and R. Wade Murphree, Individually and as Officers of Said Corporation*

Consent order requiring a Washington, D.C., school of fashion merchandising, professional modeling and secretarial skills to cease misrepresenting that it is affiliated with the Juliet Gibson Corp. or any nationwide chain, misrepresenting its placement and tutoring facilities, failing to disclose additional obligations connected with its courses, misrepresenting that its courses qualify students to be airline hostesses, and misrepresenting

that its curriculum or methods of instruction are on the college level.

The order to cease and desist, including further order requiring report of compliance therewith, is as follows:

*It is ordered,* That respondents Richard A. Parrott, and R. Wade Murphree individually and their agents, representatives and employees in connection with the advertising, offering for sale, sale or distribution of any course of instruction or any other service or product, in commerce as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

1. Representing, directly or by implication, that respondents are associated or affiliated with, or are a franchisee of Juliet Gibson Corp.; or misrepresenting, in any manner, respondents' trade or business connections, associations, affiliations or identity.

2. Representing, directly or by implication, that respondents are a part of a national corporation, or that they are a part of a nationwide chain which operates career schools in major cities in the United States; or misrepresenting, in any manner, the size, scope, or extent of respondents' business.

3. Representing, directly or by implication, that respondents' school or respondents' courses have been accredited, unless such is the fact.

4. Misrepresenting, in any manner, the building or facilities which respondents have or made available for student use.

5. Representing, directly or by implication, that respondents provide a placement service which places a significant number of students or graduates in positions for which they have been trained unless such is the fact; or misrepresenting, in any manner, their capabilities or facilities for assisting students or graduates in finding employment, or the assistance actually afforded students or graduates in obtaining employment.

6. Representing, directly or by implication, availability of jobs or the positions available to graduates of respondents' school as the result of the training afforded the students by respondents unless such is the fact.

7. Representing, directly or by implication, that individual tutoring will be provided to those students having difficulty with their classwork upon request unless such is the fact; or misrepresenting, in any manner, the assistance provided students during their enrollment at respondents' school.

8. Representing, directly or by implication, that there is any urgency or need for haste in enrolling in any class unless such is the fact; or that enrollment in any class will not be permitted after a class has commenced, unless respondents refuse in every instance to allow enrollment after commencement of a class.

9. Advertising or soliciting enrollment in any course of instruction when there is any limitation or additional obligation imposed or attempted to be imposed upon enrollment in that course without clearly disclosing such limitation or additional obligation in any advertisement and during any solicitation.

10. Representing, directly or by implication, that the subjects taught by re-

spondents are equivalent to college level subjects, unless such is the fact; or misrepresenting, in any manner, the level of training afforded students through any subject or course of instruction, or the comparability of any subject or course of instruction given by respondents with any other school.

11. Representing, directly or by implication, that students will receive instruction in conversational Spanish or that students will receive training through practical exercise in fencing or modern dance unless such is the fact; or misrepresenting, in any other manner, the curriculum, subjects, method of instruction or training that students receive.

12. Representing, directly or by implication, that respondents offer courses of instruction which qualify students to be airline stewardesses; or misrepresenting in any manner, the position or positions which a student will be qualified for as the result of attending any course which respondents offer.

13. Failing to deliver a copy of this order to cease and desist to all present and future salesmen or other persons engaged in the sale of respondents' courses or services, and failing to secure from each such salesman or other person a signed statement acknowledging receipt of said order.

*It is further ordered,* That the respondents herein shall, within sixty (60) days after service upon them of this order, file with the Commission a report, in writing, setting forth in detail the manner and form in which they have complied with this order.

### SUBCHAPTER E—RULES, REGULATIONS, STATEMENTS OF GENERAL POLICY OR INTERPRETATION AND EXEMPTIONS UNDER THE FAIR PACKAGING AND LABELING ACT

#### PART 501—EXEMPTIONS FROM REQUIREMENTS AND PROHIBITIONS UNDER PART 500

##### Paper Table Covers, Sheets, and Pillow Cases

The Federal Trade Commission on October 8, 1970 (35 F.R. 15843), proposed § 501.5 of the Fair Packaging and Labeling Act regulations which would exempt table covers, bed sheets, and pillow cases fabricated from paper from certain mandatory requirements of § 500.12 of the regulations. As proposed, paper table covers, bed sheets, and pillow cases would not be required to express area or dimensions in largest whole units of length and width, but would require these commodities to express actual length and width in inches. This is in keeping with the convention of measuring textile articles of the same categories in inches.

In response to the invitation to comments suggested that the proposed exemption be extended to these commodities when fabricated from textiles,

plastics, or fiberglass. It is to be noted that textiles in general are already outside the scope of the definition of "consumer commodity" and thus excluded from coverage under the Act. Likewise, plastic table cloths (covers) are also not "consumer commodities" within the meaning of the Act. A fiberglass table cover would be considered a durable commodity. Thus, the Commission notes there is no necessity to extend the proposed § 501.5 to embrace more than the defined subjects fabricated from paper.

Having considered the comments and all relevant data, the Commission has concluded that the exemption as proposed should be adopted without changes.

Accordingly, pursuant to the provisions of the Fair Packaging and Labeling Act (sections 5, 6, 80 Stat. 1298, 1299, 1300; 15 U.S.C. 1454, 1455), Part 501 of Subchapter E is amended by adding the following new section:

**§ 501.5 Paper table covers, bedsheets, pillowcases.**

Table covers, bedsheets, and pillowcases, fabricated from paper, are exempt from the requirements of § 500.12 of this chapter which specifies the expression of measurement of bidimensional commodities: *Provided*, That such commodities shall clearly present their actual length and width in terms of inches.

Any person who will be adversely affected by the foregoing order may at any time within 30 days from the date of its publication in the FEDERAL REGISTER, file with the Secretary, Federal Trade Commission, Washington, D.C. 20580, written objections thereto, specifying with particularity the provisions of the order deemed objectionable, stating the grounds therefor, and requesting a public hearing upon such objections. Objections will be deemed sufficient to warrant the holding of a public hearing only: (1) if they establish that the objector will be adversely affected by the order; (2) if they specify with particularity the provisions of the order to which objection is taken; and (3) if they are supported by reasonable grounds which if valid and factually supported may be adequate to justify the relief sought. Anyone who files objections which are not deemed by the Commission sufficient to warrant the holding of a public hearing will be promptly notified of that determination.

As soon as practicable after the time for filing objections has expired, the Commission will publish a notice in the FEDERAL REGISTER specifying those parts of the order which have been stayed by the filing of objections or, if no objections sufficient to warrant the holding of a public hearing have been filed, stating the fact. This order shall become effective 30 days following the date of its publication in the FEDERAL REGISTER, except as to any provision that may be stayed by the filing of valid objections.

Issued: December 10, 1970.

By direction of the Commission.

Secretary.

**Title 13—BUSINESS CREDIT AND ASSISTANCE**

**Chapter I—Small Business Administration**

**PART 121—SMALL BUSINESS SIZE STANDARDS**

**Definition of Terms "Annual Sales" and "Annual Receipts"**

On October 8, 1970, there was published in the FEDERAL REGISTER (35 F.R. 15844), a notice that the Small Business Administration proposed to change the definition of the terms "annual sales" and "annual receipts" as used in various definitions of small business in Part 121.

Interested parties were given 15 days in which to submit written statements of facts, opinions and arguments concerning the proposed changes. After consideration of all comments submitted and all other relevant matter in connection with the proposal it has been determined to adopt the changes as proposed.

Accordingly the amendment set forth below is hereby adopted:

Part 121 of Chapter I of Title 13 of the Code of Federal Regulations is hereby amended by:

1. Substituting the term "annual receipts" for the terms "annual sales" and "annual sales or receipts" wherever they appear in various definitions of small business, and

2. Revising § 121.3-2(b) to read as follows:

**§ 121.3-2 Definition of terms used in this part.**

\* \* \*

(b) "Annual receipts" means the gross income (less returns and allowances, sales of fixed assets and interaffiliate transactions) of a concern (and its affiliates) from sales of products and services, interest, rents, fees, commissions, and/or from whatever other source derived, as entered on its regular books of account for its most recently completed fiscal year (whether on a cash, accrual, completed contracts, percentage of completion, or other acceptable accounting basis) and reported or to be reported to the U.S. Treasury Department, Internal Revenue Service, for Federal income tax purposes.

\* \* \*

*Effective date.* This amendment shall become effective thirty (30) days after publication in the FEDERAL REGISTER provided however that, for the purpose of Government procurement, it shall apply only to procurements for which invitations for bids or request for proposals are issued on or after such effective date.

Dated: December 10, 1970.

**SUBCHAPTER A—GENERAL RULES AND REGULATIONS**

[Ex Parte No. MC-19 (Sub-No. 11)]

**PART 1056—TRANSPORTATION OF HOUSEHOLD GOODS IN INTERSTATE OR FOREIGN COMMERCE**

**Practices of Motor Common Carriers of Household Goods**

*Order.* At a General Session of the Interstate Commerce Commission, held at its office in Washington, D.C., on the 18th day of November 1970.

It appearing, that by petition filed June 16, 1970, in Ex Parte No. MC-19 (Sub-No. 11), American Movers Conference requests the Commission to institute a rulemaking proceeding for the purpose of amending 49 CFR 1056.3, 1056.6(a) (1) and (b), 1056.7, 1056.8 (a) and (b), 1056.9(a) (3) and (5), 1056.10(b)(1), and 1056.11:

It further appearing, that investigation of the matters and things involved in these proceedings has been made and that the Commission has made and filed its report herein containing its findings of facts and conclusions thereon, which report is hereby referred to and made a part hereof:

*It is ordered,* That the petition in Ex Parte No. MC-19 (Sub-No. 11) be, and it is hereby, denied.

*It is further ordered,* That, on the Commission's own motion, the following section of Part 1056 of Chapter X of Title 49 of the Code of Federal Regulations, Transportation of Household Goods in Interstate or Foreign Commerce, be, and it is hereby, supplemented and modified so as to add after § 1056.11(b)(12) the following:

**§ 1056.11 Vehicle-load manifest; information required.**

\* \* \*

(b) \* \* \*

(13) Each motor common carrier may, at its option, increase or decrease the number of horizontal lines in part B of the form specified herein: *Provided, however,* That the number of horizontal lines in such part shall not be less than 16 nor more than 35.

*It is further ordered,* That the amendment specified in the next preceding paragraph be, and it is hereby, prescribed to become effective November 1970, and will apply only on household goods removed from the shipper's premises on and after the said effective date.

*And it is further ordered,* That notice of this order shall be given to the general public by depositing a copy thereof in the office of the Secretary of the Commission at Washington, D.C., and by filing a copy with the Director, Office of the Federal Register.

By the Commission.

**AUTHORITY:** The provisions of this Part 213 issued under 5 U.S.C. 3301, 3302, E.O. 10577; 3 CFR, 1954-1958 Comp.

##### Subpart A—General Provisions

###### § 213.101 Definitions.

In this chapter:

(a) Excepted service has the meaning given that term by section 2103 of title 5, United States Code, and includes all positions in the executive branch of the Federal Government which are specifically excepted from the competitive service by or pursuant to statute, by the President, or by the Commission under § 6.1 or § 9.20 of the civil service rules (Subchapter A of this chapter).

(b) "Excepted position" means a position in the excepted service.

###### § 213.102 Identification of positions in Schedule A, B, or C.

The Commission shall decide whether the duties of any particular position are such that it may be filled as an excepted position under Schedule A, B, or C.

##### Subpart B—[Reserved]

##### Subpart C—Excepted Schedules

###### SCHEDULE A

§ 213.3101 Positions other than those of a confidential or policy-determining character for which it is not practicable to examine.

(a) The positions enumerated in §§ 213.3102 to 213.3199 are positions other than those of a confidential or policy-determining character for which it is not practicable to examine and which are excepted from the competitive service and constitute Schedule A.

(b) An agency (including a military department) may not appoint the son or daughter of a civilian employee of that agency, or the son or daughter of a member of its uniformed service, to a position listed in Schedule A for summer or student employment within the United States. This prohibition does not

apply to the appointment of persons (1) who are eligible for placement assistance under the Commission's Displaced Employee (DE) Program, (2) who are employed to meet urgent needs resulting from an emergency posing an immediate threat to life or property, or (3) who are members of families which are eligible to receive financial assistance under a public welfare program or the total income of which in relation to family size does not exceed limits established by the Commission and published in the Federal Personnel Manual.

(e) An agency may appoint for summer employment within the United States in positions listed in Schedule A only in accordance with the terms of the Commission's summer employment program. This restriction does not apply to positions that are excepted only when filled by particular types of individuals.

(d) In this section "summer employment" means any employment beginning after May 12 which will end before October 1 of the same year. "Student employment" means the employment of persons who are enrolled or who have been accepted for enrollment, on a substantially full-time basis, as resident students of a secondary school or of an institution of higher learning; a resident student, for this purpose, is a student in actual physical attendance at a school as distinguished from a correspondence student.

§ 213.3102 Entire executive civil service.

(a) Positions of Chaplain and Chaplain's Assistant.

(b) Cooks, except at fixed locations such as hospitals, quarantine stations, and penal institutions.

(c) Positions to which appointments are made by the President without confirmation by the Senate.

(d) Attorneys.

(e) Law clerk trainee positions. Appointments under this paragraph shall be confined to graduates of recognized law schools or persons having equivalent experience and shall be for periods not to exceed 14 months pending admission to the bar. No person shall be given more than one appointment under this paragraph. However, an appointment which was initially made for less than 14 months may be extended for not to exceed 14 months in total duration.

(f) Chinese, Japanese, and Hindu interpreters.

(g) Any position the duties of which are part-time or intermittent in which the appointee will receive compensation during his service year that aggregates not more than 40 percent of the annual salary rate for the first step of GS-3. This limitation on compensation includes any premium pay such as for overtime, night, Sunday, or holiday work. It does not, however, include any mandatory within-grade salary increases to which the employee becomes entitled subsequent to appointment under this authority. Appointments under this authority shall not be for job employment. In the metropolitan area of Washington, D.C., appointments under this authority shall

be subject to the prior approval of the Commission.

(h) Subject to prior approval by the Commission, positions in Federal mental institutions when filled by persons who have been patients of such institutions and been discharged and are certified by the medical head thereof as recovered sufficiently to be regularly employed but it is believed desirable and in the interest of the persons and the institution that they be employed at the institution.

(i) Subject to prior approval of the Commission, positions requiring temporary, part-time, or intermittent employment in wage board type occupations (i.e., position excluded from Classification Act coverage by section 202(7) of the Act) on construction or repair work, where the activity is carried on in localities where examination coverage for the positions has not been provided and where because of employment conditions there is a shortage of available candidates for the positions. Appointments under this paragraph shall not extend beyond 1 year, and the employment thereunder shall not exceed 180 working days a year. Seasonal employments of a recurring nature are not authorized under this paragraph.

(j) [Reserved]

(k) Positions without compensation provided appointments thereto meet the requirements of applicable laws relating to compensation.

(l) Positions requiring the temporary or intermittent employment of professional, scientific, or technical experts for consultation purposes.

(m) Nonsupervisory positions of custodial laborer (levels 1, 2, and 3) and general laborer (levels 2 and 3) in field establishments outside central office and regional office cities of the Commission where examination coverage has not been provided for the positions, as follows:

(1) For temporary, intermittent, or seasonal employment (exclusive of positions covered by paragraph (i) of this section) not to exceed 180 working days a year in the Departments of Agriculture, Commerce, and Interior, in the Federal Aviation Agency, and in the International Boundary and Water Commission; or

(2) When it is specifically held by the Commission that this authority is applicable, for employment in localities that are isolated with respect to labor supply and where there is a shortage of available candidates for the positions.

(n) Any local physician, surgeon, or dentist employed under contract or on a part-time or fee basis when, in the opinion of the Commission, appointment through competitive examination is impracticable.

(o) Positions of a scientific, professional or analytical nature when filled by bona fide members of the faculty of an accredited college or university who have special qualifications for the positions to which appointed. Employments under this provision shall not exceed 130 working days a year.

(p) Positions of a scientific, professional, or analytical nature when filled

by bona fide graduate students at accredited colleges or universities provided that the work performed for the agency is to be used by the student as a basis for completing certain academic requirements toward a graduate degree. Employments under this provision may be continued only so long as the foregoing conditions are met, and the total period of such employment shall not exceed one year in any individual case: *Provided*, That such employment may, with the approval of the Commission, be extended for not to exceed an additional year.

(q) Temporary or intermittent positions at GS-7 and below when the appointees are to assist scientific, professional, or technical employees. Persons employed under this provision shall be (1) bona fide students at high schools or accredited colleges or universities pursuing courses related to the field in which employed; or (2) bona fide high school science and mathematics teachers. No person shall be employed under this provision (i) in a position of a routine clerical type; or (ii) in excess of 1,040 working hours a year; except that the 1,040-working-hours-a-year limitation shall not apply to persons employed under this provision in positions at GS-5 and below which are established in connection with an organized work-study program involving alternating periods of work experience and related study at an accredited college or university in a cooperative curriculum in which the work experience is a prerequisite to the award of a degree. Appointments under this authority may be made only to positions for which qualification standards established under part 302 of this chapter are consistent with the education and experience standards established for comparable positions in the competitive service.

(r) All positions of a project nature when filled by individuals the salaries for whom are paid out of funds allocated by the President under authority of Public Law 87-658, approved September 14, 1962, the Public Works Acceleration Act. Employment under this authority shall be for a temporary period not to exceed one year.

(s) [Reserved]

(t) Positions when filled by mentally retarded persons in accordance with written agreements executed between an agency and the Commission. Provisions to be included in such agreements are specified in the Federal Personnel Manual.

(u) Subject to prior approval of the Commission, positions when filled by severely handicapped persons who, under temporary appointment, have demonstrated their ability to perform the duties satisfactorily.

(v) Temporary Summer Aid positions whose duties involve work of a routine nature not regularly covered under the General Schedule and requiring no specific knowledges or skills, when filled by youths appointed for summer employment under such economic or educational needs standards as the Commission may

prescribe. A person may not be appointed unless he has reached his 16th but not his 22d birthday, or employed for more than 700 hours under this paragraph. This paragraph shall apply only to positions whose pay is fixed at the equivalent of the minimum wage rate established by the Fair Labor Standards Amendments of 1966 (currently \$1.60 an hour), at the equivalent of an applicable State or municipal minimum wage rate if that is higher, or by prior agreement with the Commission, at some other rate, when an agency is precluded by law from fixing pay at one of the foregoing rates.

(w) Part-time or intermittent positions the duties of which involve work of a routine nature when filled by students appointed in furtherance of the President's Youth Opportunity Stay-in-School Campaign and when the following conditions are met: (1) Appointees are enrolled in or accepted for enrollment in a resident secondary school or institution of higher learning, accredited by a recognized accrediting body; (2) employment does not exceed 16 hours in any calendar week (40 hours in any calendar week which falls within a vacation period); (3) while employed, appointees continue to maintain an acceptable school standing, although they need not attend school during the summer; (4) appointees need the earnings from the employment to continue in school; and (5) salaries are fixed by the agency head at a level commensurate with the duties assigned and the expected level of performance. Appointments under this authority may not extend beyond 1 year: Provided, That such appointments may be extended for additional periods of not to exceed 1 year each if the conditions for initial appointment are still met. A person may not be appointed under this authority unless he has reached his 16th but not his 22nd birthday. No new appointments may be made under this authority between May 1 and August 31, inclusive.

(x) Subject to prior approval of the Commission, positions for which a local recruiting shortage exists when filled by inmates of Federal and District of Columbia penal and correctional institutions under work release programs authorized by the Prisoner Rehabilitation Act of 1965 and the District of Columbia Work Release Act. Initial appointments under this authority may not exceed one year. An initial appointment may be extended for one or more periods not to exceed one additional year each with the prior approval of the Commission upon a finding that the inmate is still in a work release status and that a local recruiting shortage still exists. No person may serve under this authority longer than one year beyond the date he is released from custody.

(y) Positions at grade GS-2 and below for summer employment, as defined in § 213.3101(d), of assistants to scientific, professional, and technical employees, when filled by finalists in national science contests under hiring programs approved by the Commission.

(z) Not to exceed 30 positions of assistants to top-level Federal officials

when filled by persons designated by the President as White House Fellows.

(aa) Scientific and professional research associate positions at GS-12 and above when filled on a temporary basis by persons having a doctoral degree in an appropriate field of study for research activities of mutual interest to appointees and their agencies. Appointments are limited to persons referred by the National Research Council under its post-doctoral research associate program and may be made initially for 1 year only. An agency may extend an appointment made under this authority for up to one additional year when the program committee at the laboratory concerned determines that extension will benefit both the associate and the laboratory.

(bb) Subject to prior approval of the Commission, positions when filled by aliens in the absence of qualified citizens.

(cc) Positions at GS-15 and below when filled by persons identified as Interchange Executives by the President's Commission on Personnel Interchange. Appointments made under this authority may not extend beyond 2 years.

**Carter County.** That portion of the county bounded by a line beginning at the point where the crest of Stone Mountain intersects the Unicoi-Carter County line; thence extending northeast to the Watauga River; thence southeast and east along the Watauga River and Watauga Lake to the Carter-Johnson County line; thence southeast along said line to the Carter-Avery County line; thence south and west along said county line to the Carter-Mitchell County line; thence westerly along said county line to the Carter-Unicoi County line; thence northwest along said county line to the point of beginning, including all of the town of Hampton.

**Claiborne County.** That portion of the county within the corporate limits of the city of Cumberland Gap.

**Cocke County.** All of the county except that portion of the county bounded on the east by Pigeon River and on the north by U.S. Highway 70, and excluding the unincorporated urban boundary of the city of Newport.

**Greene County.** That portion of the county within the Cherokee National Forest lying southwest of Tennessee Highway 70.

**Hawkins County.** That portion of the county lying within the incorporate city boundaries of Church Hill, Mount Carmel, and Bulls Gap.

**Jefferson County.** That portion of the county lying southeast of a line beginning at a point where Tennessee Highway 66 intersects the Hamblen County line; thence southwest along said highway to its intersection with U.S. Highway 70; thence west along said highway to its intersection with Tennessee Highway 92; thence southeast along said highway to Douglas Lake; thence southwest along said lake to its intersection with the Sevier County line.

**Monroe County.** That portion of the county bounded by a line beginning at a point where U.S. Highway 411 intersects the McMinn County line; thence northeast along said highway to its intersection with FAS 2415; thence easterly along said road to its intersection with the Cherokee National Forest boundary; thence southerly along said boundary to its intersection with Tennessee Highway 68; thence south along said highway to its intersection with the Polk County line; thence northwesterly along said county line to the McMinn County line; thence northerly along said county line to the point of beginning.

**Polk County.** That portion of the county lying north of the Hiwassee River and east of Tennessee Highway 68.

**Roane County.** That portion of the county bounded by a line beginning at the intersection of U.S. Highway 70 and Federal Aid Secondary Road 2555; thence easterly along U.S. Highway 70 to the Roane-Loudon County line; thence south along said line to its intersection with the Tennessee River; thence in a westerly direction along the north shoreline of said river to its intersection with Wolf Creek; thence north along said creek to its intersection with Federal Aid Secondary Road 2555; thence north along said road to the point of beginning.

That portion of the county lying southeast of Tennessee Highway 58 and southwest of Watts Bar Lake.

**Sevier County.** That portion of the county lying north of FAS 2419 known as Cooby Road and south of U.S. Highway 411; and that portion of the county within the Chero-

kee National Forest and the city of Gatlinburg.

**Unicoi County.** That portion of the county lying within the unincorporated urban boundaries of the city of Erwin.

These amendments shall become effective upon publication in the FEDERAL REGISTER.

The Director of the Plant Protection Division has determined that infestations of the Japanese beetle exist or are likely to exist in the civil divisions and parts of civil divisions listed above, or that it is necessary to regulate such localities because of their proximity to infestations or their inseparability for quarantining enforcement purposes from infested localities. The Director has further determined that each of the quarantined States, wherein only portions of the State have been designated as regulated areas, is enforcing a quarantine or regulation with restrictions on intrastate movement of the regulated articles substantially the same as the restrictions on interstate movement of such articles imposed by the quarantine and regulations in this subpart, and that designation of less than the entire State as a regulated area will otherwise be adequate to prevent the interstate spread of the Japanese beetle. Therefore, such civil divisions and parts of civil divisions listed above are designated as Japanese beetle regulated areas.

This amendment adds to the regulated areas all or parts of the following previously nonregulated counties: Clarke, Douglas, Hart, Henry, Newton, Oconee, and Walton Counties in Georgia; Edgar, Fayette, Rock Island, Tazewell, Vermilion, and Will Counties in Illinois; Clay, Dearborn, Delaware, Hendricks, Jackson, Jennings, Ohio, and Washington Counties in Indiana; Bracken, Fayette, Lee, McCreary, and Montgomery Counties in Kentucky; Macomb, Washtenaw, and Wayne Counties in Michigan; Clinton, Fayette, Henry, Ottawa, and Pickaway Counties in Ohio; Calhoun, Chester, Darlington, and York Counties in South Carolina; and Claiborne, Cocke, Greene, Hawkins, Jefferson, Monroe, Polk, Sevier, and Unicoi Counties in Tennessee. It also extends the regulated area in some previously regulated counties. Two counties in Indiana—Jefferson and Switzerland—were changed from suppressive areas to generally infested areas. Horry County in South Carolina has been released from Federal regulation after 3 years of negative surveys.

This document imposes restrictions that are necessary in order to prevent the dissemination of the Japanese beetle and should be made effective promptly to accomplish its purpose in the public interest. Accordingly, it is found upon good cause under the administrative procedure provisions of 5 U.S.C. 553, that notice and other public procedure with respect to the foregoing regulation are impracticable and contrary to the public

interest and good cause is found for making it effective less than 30 days after publication in the FEDERAL REGISTER.

Done at Hyattsville, Md., this 11th day of December 1970.

J. W. GENTRY,  
Acting Director,  
Plant Protection Division.

Chapter IX—Consumer and Marketing Service (Marketing Agreements and Orders; Fruits, Vegetables, Nuts), Department of Agriculture

[Navel Orange Reg. 217]

PART 907—NAVEL ORANGES GROWN IN ARIZONA AND DESIGNATED PART OF CALIFORNIA

Limitation of Handling

§ 907.517 Navel Orange Regulation 217.

(a) Findings. (1) Pursuant to the marketing agreement, as amended, and Order No. 907, as amended (7 CFR Part 907, 35 F.R. 16359), regulating the handling of Navel oranges grown in Arizona and designated part of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), and upon the basis of the recommendations and information submitted by the Navel Orange Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of such Navel oranges, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication hereof in the FEDERAL REGISTER (5 U.S.C. 553) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. The committee held an open meeting during the current week, after giving due notice thereof, to consider supply and market conditions for Navel oranges and the need for regulation; interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; the provisions of this section, including its effective time, are

identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such Navel oranges; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period herein specified; and compliance with this section will not require any special preparation on the part of persons subject hereto which cannot be completed on or before the effective date hereof. Such committee meeting was held on December 15, 1970.

(b) Order. (1) The respective quantities of Navel oranges grown in Arizona and designated part of California which may be handled during the period December 18, 1970, through December 24, 1970, are hereby fixed as follows:

(i) District 1: 360,000 cartons;

(ii) District 2: 50,000 cartons;

(iii) District 3: 40,000 cartons;

(2) As used in this section, "handled," "District 1," "District 2," "District 3," and "carton" have the same meaning as when used in said amended marketing agreement and order.

(Secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674)

Dated: December 15, 1970.

PAUL A. NICHOLSON,

Vegetable Division, Consumer  
and Marketing Service.

*Effective date.* The foregoing amendment shall become effective upon publication in the FEDERAL REGISTER.

The amendment adds the following additional area to the list of areas designated as Modified Certified Brucellosis Areas because it has been determined that such area comes within the definition of § 78.1(i): Hillsborough County, Fla.

Choctaw County in Oklahoma was deleted from the list of areas designated as Modified Certified Brucellosis Areas

on June 30, 1970, because it was determined that such County no longer came within the definition of § 78.1(i); the amendment restores Choctaw County to such list because it has been determined to come within the definition of § 78.1(i), thereby restoring the entire State of Oklahoma to the Modified Certified Brucellosis Areas.

The amendment imposes certain restrictions necessary to prevent the spread of brucellosis in cattle and relieves certain restrictions presently imposed. It should be made effective promptly in order to accomplish its purpose in the public interest and to be of maximum benefit to persons subject to the restrictions which are relieved. Accordingly, under the administrative procedures provisions of 5 U.S.C. 553, it is found upon good cause that notice and other public procedures with respect to the amendment are impracticable, unnecessary, and contrary to the public interest, and good cause is found for making the amendment effective less than 30 days after publication in the FEDERAL REGISTER.

Done at Washington, D.C., this 11th day of December 1970.

R. E. OMOHUNDRO,

Division, Agricultural Research Service.

## Title 14—AERONAUTICS AND SPACE

### Chapter I—Federal Aviation Administration, Department of Transportation

[Airspace Docket No. 70-WA-38]

#### PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS

##### Alteration of Terminal Control Area in Atlanta, Ga.

On October 17, 1970, a notice of proposed rule making was published in the FEDERAL REGISTER (35 F.R. 16321) stating that the Federal Aviation Administration was considering an amendment to Part 71 of the Federal Aviation Regulations that would alter the Atlanta, Ga., terminal control area by eliminating the VFR corridor; lowering the floor in an area south of the Atlanta Airport and a small area southeast of the Fulton County Airport; and raising the floor in an area north of the Atlanta Airport.

Interested persons were afforded an opportunity to participate in the proposed rule making through the submission of comments. Nine comments were received in response to this proposal. The National Business Aircraft Association, Inc., and the Air Transport Association concurred in the proposal, and the Air-

craft Owners and Pilots Association concurred but suggested that Area "D" be eliminated from the proposed airspace configuration. Area "D" extends from 6,000 feet MSL to 8,000 feet MSL and is used extensively for IFR arrival and departure routes. The normal airport operations at Fulton County, De Kalb-Peachtree, and Stone Mountain Airports should not be adversely affected by these altitudes.

Other commentors stated that the elimination of the VFR corridor would be more restrictive to VFR aircraft; however, as stated in the notice, a 90-day survey indicated that very few aircraft actually used the VFR corridor. Actual counts during 8-hour periods indicated that only three to six aircraft used the corridor. The remainder of the comments were directed to the merits of the TCA concept versus the corridor concept. Since this controversy was discussed at great length in the original designation of the Atlanta TCA and related meetings, further discussion appears unnecessary.

In consideration of the foregoing, Part 71 of the Federal Aviation Regulations is amended, effective 0901 G.m.t., February 4, 1971, as hereinafter set forth.

Section 71.401(a) (35 F.R. 7784, 12836) is amended by changing the Atlanta, Ga., Terminal Control Area to read as follows:

#### ATLANTA, GA., TERMINAL CONTROL AREA PRIMARY AIRPORT

Atlanta Airport (lat. 33°38'42" N., long. 84°25'37" W.)

##### BOUNDARIES

###### Area A

That airspace extending upward from the surface to 8,000 feet MSL within a 7-mile radius of the Atlanta Airport including that area within lines drawn 2 statute miles each side of the 268° radial of the Rex VOR extending from the 7-mile-radius circle to the Rex VOR, excluding the Fulton County control zone and excluding the airspace north of a line 4 miles north of and parallel to the extended centerline of Runways 9L/27R.

###### Area B

That airspace extending upward from 2,500 feet MSL to 8,000 feet MSL within a 12-mile radius of the Atlanta Airport, excluding area A, the Fulton County control zone, and the airspace north of a line 4 miles north of and parallel to the extended centerline of Runways 9L/27R.

###### Area C

That airspace extending upward from 3,500 feet MSL to 8,000 feet MSL within a 20-mile radius of the Atlanta Airport, excluding area A, area B, and the airspace north of a line 1 mile south of and parallel to the 271° and 091° radials of the Fulton County VOR.

###### Area D

That airspace extending upward from 6,000 feet MSL to 8,000 feet MSL north of the Atlanta Airport bounded on the east by a 20-mile-radius arc from the Atlanta Airport, on the south by a line 1 mile south of and parallel to the 271° and 091° radials of Fulton County VOR, on the west by a 20-mile-radius arc from the Atlanta Airport, and on the north by the southern boundary of the area described as the Dobbins AFB control zone and the 260° radial of Norcross VOR east of the Dobbins AFB control zone.

#### PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS

##### Alteration of Control Zone

On October 9, 1970, a notice of proposed rule making was published in the FEDERAL REGISTER (35 F.R. 15937) stating that the Federal Aviation Administration was considering an amendment to Part 71 of the Federal Aviation Regulations that would alter the Roosevelt Roads, P.R., control zone.

Interested persons were afforded an opportunity to participate in the proposed rule making through the submission of comments. All comments received were favorable.

Subsequent to the publication of the notice, a revision has been made to the instrument approach procedure based upon the Roosevelt Roads TACAN 234° radial. This revised procedure obviates the requirement for the control zone extension based upon the TACAN 234° radial. In addition, it has been determined to retain the control zone extension based upon the Roosevelt Roads radio beacon 052° bearing in lieu of the 054° bearing as proposed. Accordingly, action is taken herein to effect these revisions.

Since this amendment is minor in nature and no substantive change in the regulation is effected, notice and public procedure thereon are unnecessary.

In consideration of the foregoing, Part 71 of the Federal Aviation Regulations is amended, effective 0901 G.m.t., February 4, 1971, as hereinafter set forth.

In § 71.171 (35 F.R. 2054) "Roosevelt Roads, Puerto Rico" is amended to read:

##### ROOSEVELT ROADS, P.R.

Within a 5-mile radius of NS Roosevelt Roads (lat. 18°15'05" N., long. 65°38'35" W.); within 3 miles each side of the 052° bearing from Roosevelt Roads RBN, extending from the 5-mile-radius zone to 8.5 miles northeast of the RBN.

## PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS

### PART 73—SPECIAL USE AIRSPACE

#### Designation of Restricted Area and Alteration of Restricted Area and Continental Control Area

On October 9, 1970, a notice of proposed rule making was published in the FEDERAL REGISTER (35 F.R. 15938) stating that the Federal Aviation Administration was considering an amendment to Part 73 of the Federal Aviation Regulations that would designate a joint-use restricted area at Eielson AFB, Alaska, and renumber the Yukon, Alaska, restricted area.

Interested persons were afforded an opportunity to participate in the proposed rule making through the submission of comments. Only one comment was received. The Aircraft Owners and Pilots Association objected to the large size of the proposed restricted area and stated it would block off a major piece of geography for a large part of the year. They also stated that this action would place a burden on the pilot to determine the status of the restricted area. This restricted area overlies a remote area where aviation activities are very low. The area is designated as a part-time joint-use area so that it will be available to the public at all times when not actually in use by the using agency. It is incumbent upon the pilot to determine the status of this area or any other joint-use restricted area. This can be determined by contacting any air traffic control facility in the Fairbanks area.

It has been determined that proposed annual period of designation (December 12 to March 15) can be reduced to January 7 to March 15.

The first period of designation during which live missile firings could occur begins January 7, 1971, which is also the date on which new low altitude en route charts become effective. Since a situation exists where safety requires early adoption of this amendment, good cause exists for making this amendment effective on less than 30 days notice.

In consideration of the foregoing, Parts 71 and 73 of the Federal Aviation Regulations are amended, effective January 7, 1971, as hereinafter set forth.

1. In § 71.151 (35 F.R. 2043) the Continental Control Area is amended by deleting "R-2205 Yukon, Alaska" and substituting therefor "R-2205A Yukon, Alaska" and "R-2205B Asa P. Gray Missile Range, Alaska".

2. In § 73.22 (35 F.R. 2313) the Yukon, Alaska, Restricted Area R-2205 is amended by changing the number to read "R-2205A" and the Asa P. Gray Missile Range, Alaska, Restricted Area R-2205B is added as follows:

R-2205B ASA P. GRAY MISSILE RANGE, ALASKA

Boundaries: Beginning at latitude 65°22' 35" N., longitude 143°31'54" W., to latitude 64°56'10" N., longitude 143°13'42" W., to

latitude 64°36'50" N., longitude 146°11'15" W., to latitude 64°35'18" N., longitude 146° 11'15" W., to latitude 64°33'24" N., longitude 146°18'30" W., to latitude 64°33' 25" N., longitude 146°23'00" W., to latitude 64°33'25" N., longitude 146°38'00" W., to latitude 64°36'45" N., longitude 146°50'00" W., thence clockwise via the arc of 4-nautical-mile radius circle centered on: latitude 64°39'54" N., longitude 146°44'07" W., to latitude 64°43'02" N., longitude 146° 50'00" W., thence to latitude 64°46'53" N., longitude 146°50'00" W., to latitude 64°55' 36" N., longitude 145°48'00" W., thence to point of beginning.

Designated altitudes: Surface to unlimited. Time of designation: January 7 to March 15 annually. Activation of area for actual firing periods by Notice to Airmen.

Controlling agency: Federal Aviation Administration, Fairbanks ARTC Center.

Using agency: Commanding General U.S. Army Alaska, Fort Richardson, Alaska.

(Sec. 307(a), Federal Aviation Act of 1958, 49 U.S.C. 1348; sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

#### PART 301—PROCEDURES

##### Obtaining of Approval for Construction in Tennessee River System and Regulation of Structures

The requirements of section 102 of the National Environmental Policy Act (Sec. 102, Public Law 91-190, 83 Stat. 852) and section 21(b) of the Federal Water Pollution Control Act, as amended (Sec. 103, Public Law 91-224, 84 Stat. 107), necessitate certain revisions in the procedures for obtaining approval for the construction, operation, and maintenance of structures in the Tennessee River system under section 26a of the Tennessee Valley Authority Act of 1933, as amended (16 U.S.C. section 831y-1). In addition, the Board of Directors of the Tennessee Valley Authority has approved certain regulations respecting commercial boat docks on TVA reservoirs and the maintenance of structures on and in such reservoirs. In order to incorporate the requirements of the National Environmental Policy Act and the Federal Water Pollution Control Act in TVA's published procedures and to give notice of the new regulations, § 301.2 is amended by revising paragraphs (b), (c), and (f) (1) thereof, and a new § 301.3 is added, as follows:

§ 301.2 Obtaining of approval for the construction, operation, and maintenance of structures in the Tennessee River System.

(b) *Contents of request.* The request shall be accompanied by four complete sets of detailed plans for the construction, operation, and maintenance of the structure desired to be built, which shall include: (1) Accurate maps showing the exact location where the structure is sought to be built, (2) detailed plans, in scale, of the structure sought to be built, (3) detailed statements of the plans formulated for the maintenance and operation of the structure when built, (4) sufficient information to describe adequately all of the persons, corporations, organizations, agencies, or others who propose to build such structure, and (5) a report of the anticipated environmental consequences resulting from the erection of the proposed structure. This report of anticipated environmental consequences shall include a discussion of:

(i) The probable impact of the proposed structure on the environment; (ii) any probable adverse environmental consequences which cannot be avoided; (iii) alternatives to the proposed structure; (iv) the relationship between the local short-term uses of the environment and the maintenance of long-term productivity which will result from the proposed structure; and (v) any irreversible or irretrievable commitments of resources which would be involved by virtue of the proposed structure. If construction or operation of the proposed structure or any part thereof, or the conduct of the activity in connection with which approval is sought, may result in any discharge into navigable waters of the United States, applicant shall also submit with the request a certification from the State in which such discharge would originate, or, if appropriate, from the interstate water pollution control agency having jurisdiction over the navigable waters at the point where the discharge would originate, or from the Environmental Protection Agency, that such State or agency or the Environmental Protection Agency has determined after public notice of applicant's proposal that there is reasonable assurance that applicant's proposed activity will be conducted in a manner which will not violate applicable water quality standards. If construction or operation of the proposed structure will affect water quality but is not subject to any applicable water quality standards, applicant shall submit a written statement to that effect by such State, agency, or the Environmental Protection Agency. The applicant shall further submit such supplemental and additional information as TVA may deem necessary for the review of the application.

(c) *Determination of request.* (1) Subject to the necessity for Board approval of structures coming within the terms of section 26a, administration of the handling of applications has been delegated to TVA's Division of Reservoir Properties. This division conducts preliminary investigations; coordinates the processing of applications within TVA; notifies the applicant if preparation and review of an environmental statement

are required under the National Environmental Policy Act, and of what additional information must be submitted to TVA by applicant so that TVA may comply with the requirements of that Act and related legal requirements, and complete its review of the application; and arranges for notification to the Environmental Protection Agency of applications that request approval of plans for structures which may result in a discharge into navigable waters of the United States and are certified in accordance with the requirements of paragraph (b) of this section. TVA conducts hearings (i) when requested by the applicant, (ii) when it deems that a hearing is necessary or appropriate in determining the issues presented by the application, (iii) when required on the objection of another State under the provisions of section 21(b)(2) of the Federal Water Pollution Control Act, as amended, or (iv) when required to determine the necessity for suspending, under section 21(b)(4) of said Act, as amended, a previously granted, approval. Upon completion of the investigation, coordination of the review of water quality aspects of the application under the Federal Water Pollution Control Act, as amended, completion of review under the National Environmental Policy Act, if required, and hearing or hearings, if any, the Director of the Division of Reservoir Properties makes a report to the Board and recommends approval or disapproval of the application. The Board then makes a final determination based upon the application and supporting papers, the report of investigation, the transcript of the hearing or hearings, if any be held, the recommendation of the Director, and the applicable provisions of the TVA Act, the Federal Water Pollution Control Act, and the National Environmental Policy Act.

(2) If an approval is granted under section 26a of the structure or facility with respect to which a certificate of compliance with applicable water quality standards has been obtained pursuant to section 21(b)(1) of the Federal Water Pollution Control Act, as amended, and no additional Federal permit or license is required for operation of such structure or facility, the holder of the TVA approval shall, prior to initial operation of the approved structure or facility, provide an opportunity for the certifying State or, if appropriate, the interstate agency or the Environmental Protection Agency to review the manner in which the structure or facility will be operated or conducted, for the purpose of assuring that applicable water quality standards will not be violated.

(f) *Hearings.* If a hearing is to be held for any of the reasons described in paragraph (e) of this section, TVA gives notice of the hearing to all known interested parties. The notice indicates the place and time of hearing, so far as feasible indicates the particular issues to which the hearing will pertain, and provides other relevant information.

§ 301.3 Designation of harbor areas at commercial boat docks; regulation of houseboats and bathhouses; numbering of floating bathhouses and houseboats; treatment of sewage from watercraft and from fixed and floating structures; removal of unauthorized or unsafe structures.

In the interest of safe and unobstructed navigation on TVA reservoirs and the protection of lands and land rights of the United States in and adjacent to said reservoirs in TVA's custody, the Board of Directors of TVA has established the following rules and regulations concerning the designation of harbor areas at commercial boat docks, the mooring and use of houseboats and bathhouses on the Tennessee River system, and the treatment of sewage from watercraft and from fixed land floating structures:

(a) *Designation of harbor areas at commercial boat docks.* The landward limits of harbor areas are determined by the extent of land rights held by the dock operator. The lakeward limits of harbors at commercial boat docks will be designated by TVA. Mooring buoys or slips and indefinite anchoring are prohibited beyond such lakeward limits, except as hereinafter provided.

(b) *Houseboats.* (1) Mooring of houseboats not fully navigable in the judgment of TVA's Director of Reservoir Properties to buoys or in slips in the designated harbors of commercial boat docks is prohibited.

(2) Existing houseboats not fully navigable as defined in subparagraph (1) of this paragraph may be moored side by side to the bank of the reservoir within the designated harbor limits of commercial boat docks if they are so moored within 1 year from the effective date of the regulations in this part. Ordinary maintenance and repair of such houseboats may be continued, including replacement of metal drums as required by § 301.2(i), but such houseboats may not be replaced when they are abandoned, destroyed, removed from the reservoir, or have deteriorated so as to be unusable and unrepairable. Such houseboats may be moored outside designated harbor limits of commercial boat docks only at locations where the houseboat owner is the owner or lessee of the abutting property or the licensee of such owner or lessee, and where TVA has determined that such mooring will not interfere with navigation and has issued a written approval or permit establishing the conditions for such mooring.

(3) No new houseboat not fully navigable as defined in subparagraph (1) of this paragraph shall be moored in any TVA reservoir after the effective date of the regulations in this part.

(c) *Floating bathhouses.* (1) Existing floating bathhouses may be moored side by side to the bank of the reservoir within the designated harbor limits of commercial boat docks if they are so moored within one year from the effective date of the regulations in this part. Ordinary repair and maintenance of

such bathhouses may be continued, including replacement of metal drums as required by § 301.2(i), but they may not be replaced when they are abandoned, destroyed, removed from the reservoir, or have deteriorated so as to be unusable and unrepairable, except in accordance with new plans approved by TVA under paragraph (d) of this section. Existing floating bathhouses may be moored outside designated harbor limits of commercial boat docks only at locations where the bathhouse owner is the owner or lessee of the abutting property or the licensee of such owner or lessee and where TVA has determined that such mooring will not interfere with navigation and has issued a written approval or permit establishing the conditions for such mooring.

(2) New floating bathhouses complying with § 301.2(i) and paragraph (d) of this section may be moored in TVA reservoirs after submittal and approval of plans and assignment of a number under paragraph (d) of this section subject to the same restrictions with respect to mooring locations as are prescribed for existing floating bathhouses in subparagraph (1) of this paragraph.

(d) *Numbering of houseboats and floating bathhouses; bathhouse facilities.* Owners of houseboats and floating bathhouses permitted under the conditions of paragraphs (b)(2) and (c)(1) of this section and not subject to the numbering requirements of either the Federal Boating Act of 1958 or a state boating statute adopted in accordance with the Federal Boating Act of 1958 shall, not later than 6 months from the effective date of these regulations, submit to TVA plans showing in reasonable detail the size, shape, and location of such structures in accordance with the provisions of § 301.2 for review under section 26a of the Tennessee Valley Authority Act. Plans for new floating bathhouses permitted under paragraph (c)(2) of this section must be submitted and approved prior to construction. In the interest of conserving space for navigation on the reservoirs and facilitating their operation in the interest of flood control, the inclusion of enclosed living quarters, toilets, or enclosed lockers with more than 25 square feet of floor space in new bathhouses, whether floating or fixed, is prohibited. Floating houseboats and bathhouses approved or found unobjectionable under this paragraph (d) will be assigned a number by TVA, which number the owner shall paint on or attach to a readily visible part of the structure in figures not less than 3 inches high. Approvals or permits for the mooring, use, and maintenance of such houseboats or floating bathhouses on TVA reservoirs shall not be transferable without the written consent of TVA.

(e) *Treatment of sewage from watercraft and floating and fixed structures.* No person operating a commercial boat dock on or over land of the United States in the custody and control of TVA or subject to provisions for the control of water pollution in a deed, grant of easement, lease, license or other instrument

from or to the United States shall permit the mooring on or over such land of any watercraft or floating structure equipped with a marine toilet unless such toilet is equipped with a treatment device approved by the State in which the watercraft or floating structure is registered or regularly moored, or, in the absence of applicable State regulations, by TVA, nor shall any such watercraft or floating structure be moored on or over any such land not within the TVA-designated harbor limits of a commercial boat dock without a similarly approved treatment device. However, such State or TVA approval shall be sufficient only until the effective date of the standards and regulations on marine sanitation devices to be promulgated by the Secretary of the Interior under section 13 of the Federal Water Pollution Control Act, as amended, compliance with which will thereafter be required.

(f) *Removal of unauthorized or unsafe structures.* If, at any time, any dock, wharf, boathouse, houseboat, or other floating structure anchored, installed, or moored under a license, permit, or approval from TVA is not constructed in accordance with plans approved by TVA or is not kept in a good state of repair and in good, safe, and substantial condition, and the owner fails to repair or remove such structure within 90 days after written notice from TVA to do so, TVA may cancel such license, permit, or approval and remove or cause to be removed such structure from TVA waters and lands. TVA will remove or cause to be removed any such structure anchored or moored without such license, permit, or approval.

(Sec. 26a, 49 Stat. 1070; 16 U.S.C. sec. 831y-1)

*Effective date.* This amendment shall become effective upon publication. These regulations supersede all prior regulations of the use of houseboats on TVA reservoirs informally promulgated by TVA.

### PART 9—COLOR CERTIFICATION

#### Deletion of Obsolete Material

Part 9 is amended below to delete certain obsolete sections. The subject color additives failed to meet the statutory requirements for provisional listing under Title II of the Color Additive Amendments of 1960. When the closing dates for the provisional listing of these additives expired, there was no evidence

that scientific studies were underway for obtaining their permanent listing.

Therefore, pursuant to provisions of title II of the Color Additive Amendments of 1960 (Public Law 86-618, 74 Stat. 404-07; 21 U.S.C. 376, note) and the Federal Food, Drug, and Cosmetic Act (sec. 701(a), 52 Stat. 1055; 21 U.S.C. 371(a)) and under authority delegated to the Commissioner of Food and Drugs (21 CFR 2.120), Part 9 is amended by deleting the following sections:

The areas described aggregate approximately 300 acres in Plumas County.

2. In DA-1096-California, dated October 16, 1970, the Federal Power Commission vacated the withdrawal created pursuant to the filing on February 24, 1953, for application for preliminary permit for Power Project No. 2126 to the extent that the lands described in paragraph 1 hereof are withdrawn therein. Some of the lands are withdrawn in Power Project No. 1258, pursuant to the filing of an application for preliminary permit to which the Commission's General Determination of April 17, 1922, is applicable.

3. Some of the lands are withdrawn from national forest roadside zones by Public

Land Order No. 2971 of March 18, 1963. At 10 a.m. on January 16, 1971, the lands described in paragraph 1 hereof, not otherwise withdrawn or appropriated, shall be opened to such disposition as may by law be made of national forest lands.

The lands not otherwise reserved or withdrawn have been and continue to be open to applications and offers under the mineral leasing laws and to location under the U.S. mining laws.

Inquiries concerning the lands should be addressed to the Manager, Land Office, Bureau of Land Management, Sacramento, Calif.

**Revocation of Public Land Order No. 831 of May 16, 1952**

By virtue of the authority vested in the President and pursuant to Executive Order No. 10355 of May 26, 1952 (17 F.R. 4831), it is ordered as follows:

1. Public Land Order No. 831 of May 16, 1952, withdrawing the following described lands for use of the Bureau of Land Management, Department of the Interior, as an administrative site, is hereby revoked:

SEWARD MERIDIAN

**Withdrawal for Browns Park National Wildlife Refuge**

By virtue of the authority vested in the President and pursuant to Executive Order No. 10355 of May 26, 1952 (17 F.R. 4831), it is ordered as follows:

1. Subject to valid existing rights, and the provisions of existing withdrawals, the following described public lands, which are under the jurisdiction of the Secretary of the Interior, are hereby withdrawn from all forms of appropriation under the public land laws, including the mining laws, and reserved as a noninviolate refuge as part of the Browns Park National Wildlife Refuge:

## Partial Revocation of Reclamation Withdrawal; Opening of Lands Under Section 24 of the Federal Power Act

By virtue of the authority contained in section 3 of the Act of June 17, 1902, 32 Stat. 388, 43 U.S.C. section 416 (1964), and section 24 of the Federal Power Act of June 10, 1920, 41 Stat. 1075, as amended, 16 U.S.C. section 818 (1964), and pursuant to the determination of the Federal Power Commission in DA-2-Nebraska, it is ordered as follows:

1. The order of the Bureau of Reclamation dated July 15, 1952, concurred in by the Bureau of Land Management on

July 11, 1955, which withdrew lands for reclamation purposes in connection with the Missouri River Basin Project is hereby revoked, so far as it affects the following described land:

## SIXTH PRINCIPAL MERIDIAN

- T. 34 N., R. 27 W.,  
 Sec. 27, lots 9 and 10 (formerly lot 6).

The area described aggregates 29.51 acres in Cherry County.

The lands are located about 2 $\frac{1}{2}$  miles east and north of Valentine, Nebr., adjacent to the Niobrara River, in the Niobrara River Valley. Access is via State Highway 12, which bisects the lands.

2. The above described lands are also withdrawn in Powersite Reserve No. 408 of December 26, 1913. In DA-2-Nebraska, the Federal Power Commission determined that the power values of the lands will not be injured or destroyed by restoration to location, entry, or selection under the appropriate public land laws, subject to the provisions of section 24 of the Federal Power Act, supra.

3. The lands remain withdrawn for the Fort Niobrara National Wildlife Refuge established by Executive Order No. 1461 of January 11, 1912. The partial revocation of the reclamation withdrawal, and the restoration of the lands from Powersite Reserve No. 408, subject to section 24 of the Federal Power Act, supra, were made in furtherance of an exchange of lands under the Act of October 15, 1966, 80 Stat. 926, by which acquisition of the offered lands will benefit the land program within the wildlife refuge. The lands, therefore, are not subject to other use or disposition under the public land laws.

## Title 47—TELECOMMUNICATION

## Chapter I—Federal Communications Commission

[Docket No. 18881; FCC 70-1293]

## PART 73—RADIO BROADCAST SERVICES

## Table of Assignments; Charlotte Amalie and Christiansted, V.I.

*Report and order.* In the matter of amendment of § 73.606 of the Commission's rules, Table of Assignments, Television Broadcast Stations (Charlotte Amalie and Christiansted, V.I.); Docket No. 18881, RM-1369.

1. This proceeding, begun by notice of proposed rule making issued June 19, 1970 (FCC 70-637), concerns the possible amendment of § 73.606 of the Commission's rules, the Table of Television Assignments, to add Channels \*3 and \*12

as assignments in the U.S. Virgin Islands, reserved for educational use. As outlined in the notice, the matter has two problems: (1) The sites contemplated for the stations on these channels would have to be considerably less than the minimum mileage separations specified in the rules with respect to stations on these channels in western Puerto Rico (145 miles on Channel 3 and 169 miles on Channel 12, compared to 190 miles minimum separation specified in § 73.610(b) of the rules for stations in Zone II); and (2) about December 1, 1968, the International Frequency Registration Board (an agency of the I.T.U.) published a notification of use of these channels for television stations in the nearby British Virgin Islands, on the island of Tortola. Since Tortola is only some 10 miles from the nearest of the U.S. Virgin Islands, this use would clearly preclude United States use of the channels. The stations contemplated in this British notification have apparently not yet been constructed. In fact, the British notifications have been deleted from the IFRB master register.

*The petition for rule making and responsive comments.* 2. This proceeding was begun in response to a lengthy petition filed in November 1968 by the public television authority of the U.S. Virgin Islands (then the Public Television Commission of the Government of the Virgin Islands, now the Virgin Islands Public Television System, hereinafter Public Television). It was opposed in pleadings by the licensee of the Puerto Rico Channel 12 commercial station (WOLE-TV, Aguadilla-Mayaguez), Association of Maximum Service Telecasters, Inc. (MST, an association of television stations which has consistently opposed short separations), and the licensee of the Virgin Islands Channel 10 commercial station, WBNB, the latter chiefly on the ground of impact to its translator service on the two channels involved. Public Television replied to these oppositions, and the extensive arguments pro and con were set out at some length in the notice of proposed rule making.

3. In brief summary, Public Television urged: (1) The need for an ETV service of maximum efficiency and effectiveness, in this area of low incomes, only limited funds and resources for conventional education, and some language problems; (2) the ineffectiveness of UHF, both because of the higher cost compared to VHF for generally equal facilities, and because of low UHF set circulation in the Islands (said to be 20 percent or less), especially among the low-income groups the new service would particularly benefit; (3) the effectiveness of "equivalent protection", which the Commission has recognized in past cases and which Public Television proposed to use, in removing any potential interference to the cochannel stations in Puerto Rico (particularly in view of the rough terrain of that island, which prevents signals from the east from reaching the western portions); and (4) the alleged "uniqueness" of the situation involved here as contrasted with earlier situations where the Commission refused to permit short VHF spacings to provide additional service,

such as the 1963 "VHF drop-in" decisions.<sup>1</sup> In the latter connection, it was urged that there is no question of helping or retarding the development of UHF, since the Virgin Islands population is assertedly too small to support a "mixed" television system or probably a third commercial station of any kind (unlike the "drop-in" situations); and that here, unlike some of the proposals rejected by the Commission in the past, there is no problem of adjacent-channel interference (for which no equivalent-protection standards were devised), no alternative transmitter sites which would meet separations, and no artificial limitation on developing full service which was one factor in some of the earlier cases and one reason for their rejection. The opponents urged the Commission's commitment (at least since 1963) to a fully intermixed television system, and rejection of drop-ins designed to provide additional VHF channels instead; in the increasing number of UHF sets in the Virgin Islands as elsewhere (Public Television in reply contended that these are mostly for hotels and similar places, not for the general population); the feasibility of an adequate UHF operation at considerably less cost than claimed by Public Television (including two stations with power fairly low but adequate to serve the limited area of each of the main islands, plus one UHF translator, or possibly only one regular station plus two translators); and the loss to WBNB if it is forced to give up its two translators on Channels 3 and 12, and thus lose a portion of its audience which is important in view of the small total population of the Islands, and which sometimes receives no, or only one, other service.

*Comments filed in response to the notice.* 4. Comments in response to the notice of proposed rule making were filed by Public Television, MST, the licensee of the Channel 12 station in Aguadilla, P.R. (Western Broadcasting Corporation of Puerto Rico), the licensee of the educational Channel 3 station at Mayaguez (the Department of Education of Puerto Rico), and the licensee of Station WSVI, the commercial station on Channel 8 at Christiansted, St. Croix, V.I. (Quality Telecasting Corp.). Reply comments were filed by Public Television and the National Association of Educational Broadcasters (NAEB). The licensee of the other Virgin Islands station, WBNB-TV, did not file in response to the Notice. Public Television and NAEB supported the proposed assignments; the two commercial licensees and MST opposed them; and the Department of Education of Puerto Rico stated that it did not oppose the proposed Channel 3 assignment provided that the Commission imposes requirements on its use so as to afford maximum protection to the Channel 3 educational station, WIPM-TV Mayaguez, including protection of its operation at a location to which it contemplates moving.

5. Public Television's comments repeat its earlier arguments concerning the need

<sup>1</sup> Report on VHF Drop-Ins, 25 Pike & Fischer R.R. 1687 (1963).

for ETV and, in particular, for a VHF service, mentioning the continuing limitations on other educational approaches, the need to reach, particularly, low-income groups including a large number of aliens, the continuing lack of UHF sets among such groups, with new sets going largely to hotels and the homes of economically well-off retired persons, and the tremendous impact which programs such as Sesame Street have had when they have been available via VHF television and CATV. It is asserted that it is very doubtful that Virgin Islands governmental support could be obtained for a service—i.e., UHF—which would not reach a clear majority of the Islands' homes; and that, in short, assignment of Channel 3 at Charlotte Amalie and Channel 12 at Christiansted "will assure that effective educational television will be available to the people of the Virgin Islands in the near future." Public Television states that it is prepared to secure the necessary funding for VHF. It is also stated that petitioner will accept "equivalent protection" conditions along the lines set forth in its petition (which it believes adequate); and urges early action, since the delay resulting from the conflicting British Virgin Islands notification has, allegedly, already cost it money. Prompt action is also urged so that the Department of Health, Education, and Welfare can act on a request for funds.

6. The position of MST and Western Broadcasting (WOLE-TV) is essentially that Public Television has not carried the burden which must be sustained to justify any waiver of our rules, and in particular the particularly heavy burden on one seeking waiver of the TV mileage separation rules, which will be granted only "for the most cogent of reasons." (Camella Broadcasting Co., 20 R.R. 12, 14 (1960)). Their position is that UHF is available and can do the job, so that no justification for departure from established VHF separation standards exists. MST claims that the cost argument is not persuasive, since Public Television in its petition offered to abandon its VHF facilities and go to UHF in 10 years if the Commission should impose this requirement, obviously a tremendously expensive prospect belying any real cost-consciousness. As to the availability of UHF sets, MST asserts that Public Television has not shown any evidence in support of its claim of only 20 percent or less conversion; and that, in any event, this is the same situation which the Commission took into account and rejected in the 1963 VHF drop-in decisions, even where the need for additional service was critical. Moreover, it is said that the situation in the Virgin Islands is not now unique in this respect, since in many large markets where there is only UHF educational service, hundreds of thousands of homes are still without UHF capacity according to ARB figures set forth in the 1970-71 Television Factbook (Los Angeles, over 560,000, Detroit, 233,000, and Washington, D.C. 227,500).

7. Western Broadcasting's argument is along the same line but emphasizes the matters of comparative cost and

service. It is asserted that Public Television has advanced "an excessive and unnecessarily costly" proposal, wasting tremendous amounts of energy over water and amounting to using a sledge hammer when a fly swatter would do the job, and in some respects resulting in less coverage than would a much cheaper UHF operation. A supporting engineering statement discusses using three UHF channels (two now assigned in the Islands plus another which could be) and one transmitter with 2,000 watts and two with 100 watts transmitter power (E.R.P. of 16.3 kw. and 795 and 630 watts). Analyzing the population distribution of the three islands, this statement claims that the great majority of the population is within three principal cities, Charlotte Amalie on St. Thomas and Christiansted and Frederiksted on St. Croix, so that its proposed UHF operation, putting a good-quality signal over these centers and other populated areas, would bring ETV service to 95 percent of the population. In fact, it is claimed that it would be definitely superior to Public Television's VHF proposal in that it would provide good service to Frederiksted, which is cut off by mountains from the site where the VHF transmitter on Channel 12 is proposed to be located and thus would not receive as much as a Grade B signal under that proposal.<sup>8</sup> However, it is recognized that in some isolated areas, small populations (totalling less than 1,000) would be better served by VHF.<sup>9</sup>

8. With respect to the matter of "equivalent protection", the opponents do not question its feasibility as a means of preventing interference. Rather, it is claimed that Public Television has not established the present situation as one of those unusual cases calling for its application. It is pointed out that in the proceeding in which this approach was first advanced (Docket No. 13340, 21 R.R. 1695, 1699), it was described as being for use only "where there is the most pressing urgency for the addition of a third service in major markets", and not as a general substitute for mileage separation standards. It is pointed out that in considering this matter recently in connection with the Grand Rapids, Mich., Channel 13 station, we stated that:

\* \* \* equivalent protection by itself is only a means of reducing interference, and is not a substitute for spacing requirements.

(West Michigan Telecasters, Inc.) (WZZM-TV, 22 F.C.C. 2d 943, 946). It is also asserted that, even if appropriate equivalence standards are applied, this means interference where there is none now and none would be expected under the rules.

9. The opposition of Quality Telecasting Corp., licensee of Station WSVI, Christiansted, mentions the availability of UHF but is largely devoted to another possible approach to meeting the need for effective ETV service: Use of its facilities

<sup>8</sup>This deficiency in the VHF proposal could of course be cured by adding a third transmitter to it, just as the UHF proposal contemplates three transmitters.

<sup>9</sup>With respect to the actual population distribution as shown in preliminary 1970 U.S. Census reports, see paragraph 11, below.

by Public Television. It is pointed out that early in 1970 the Virgin Islands Public Television System entered into a contract with WSVI to use its facilities for ETV service for 2½ hours every weekday (10-11 a.m. and 4-5:30 p.m. Monday-Friday) through June 30, 1970, at about half the usual commercial rate for this time, and the station offered to make even more time available if needed. It is stated that petitioner was unable to fill this time, reduced its use to 1½ hours per day and (as of August 26) had not made known its requirements, if any, for the fall season. WSVI asserts its continued willingness to make its time and facilities available, and urges that this type of co-operative effort should be encouraged to continue. It is claimed that this is much less costly than a separate operation would be, and that the amount which Public Television claimed in its petition to be available—about \$500,000—would guarantee the immediate availability of several years of ETV programs, even if only half of it were available. WSVI asserts that, with commercial demand less in the Islands than in the United States generally, it is able to make available more time, and provide for more flexible scheduling, for ETV, than an ordinary commercial station could do; that it has recently increased power (to 58 kw.) and added two color videotape machines, so that it can do an adequate job; and that this expanded use of its facilities would strengthen the station as well as being cheaper for the public television authorities. It is also stated that WSVI is available for sale if Public Television wishes to pursue that course. WSVI also asks that before the Commission seriously considers Public Television's VHF proposal, it requires the petitioner to demonstrate that it still has the same resources it had 2 years ago to carry out its ambitious plans.

10. The reply comments of NAEB, vigorously supporting the proposal, urges that the Commission reject the "hyper-technical" approach urged by MST, and instead look at the facts and circumstances of this matter; The possibility of satisfactory protection to cochannel stations; the uniqueness of this situation so that a waiver of the separation rules would have no precedential significance; the inadequacy of any alternative approach; the commitment of Public Television and the Government of the Virgin Islands to the cause of public television; the lack of a significant impact on other facilities; the mountainous terrain and the isolation from the mainland. It is also pointed out that in a number of cases in recent years the Commission has recognized that the special needs of ETV warrant waiver of the separation rules, e.g. Nebraska Educational Television Commission, 4 R.R. 2d 771 (1965) and seven other cases since. The same arguments as those made by Public Television are advanced concerning the inadequacy of UHF in light of low set circulation, no history of UHF activity or interest, and no significant impact on possible UHF development which might otherwise take place. As to the WSVI suggestion, NAEB asserts that as long ago as 1952, in the sixth report and order, the Commission

made it clear that use of commercial facilities cannot be a substitute for true educational stations, with educators having to meet their special needs and timing requirements without reference to commercial exigencies.

*Data concerning the Virgin Islands.*  
11. The U.S. Territory of the Virgin Islands lies in the Caribbean to the east of Puerto Rico, and consists of three principal islands—St. Thomas (containing the capital of Charlotte Amalie) and St. John, lying from about 40 to about 55 miles east of Puerto Rico, and St. Croix (with the city of Christiansted) about 40 miles south of St. John. Preliminary 1970 U.S. Census population figures show somewhat less concentration of population in the larger towns than indicated by the Western Broadcasting engineering statement mentioned above. The figures are as follows: Total population, 63,200; St. Thomas, 29,565, and Charlotte Amalie, 12,372; St. John, 1,743; St. Croix, 31,892, Christiansted 2,966, and Frederiksted 1,548. The present channel assignments in § 73.606 of the rules are as follows, with only the two VHF channels in use or applied for:

City	Channel No.
Charlotte Amalie	10-, 17, *23, 43
Christiansted	8+, 15, *21, 27

*Equivalent protection.* 12. Western Broadcasting (KOLE-TV), opposing the proposed assignment of Channel 12, requested that if the assignment is made it be subject to certain detailed and rather elaborate conditions, similar to those recently imposed on the modification of license of a station changing channels in New Orleans.<sup>4</sup> The Department of Education of Puerto Rico, licensee of the Mayaguez Channel 3 station, urges three other points in this connection, on which its nonopposition to the proposal is conditioned: (1) That it take into account the transmitter move of the station which the Department contemplates, to a point near Maricao, some 15 miles northeast of its present location toward the center of the island; (2) that the formulation of "equivalent protection" criteria be based on the assumption that Puerto Rico and the Virgin Islands are located in television Zone III, under which a 220-mile cochannel separation is required between stations, instead of Zone II (190 miles) specified in the rules;<sup>5</sup> and (3) that the

<sup>4</sup>Western Broadcasting appears to agree that the proposal of Public Television, to operate on Channel 12 with radiation reduced toward Puerto Rico to the level of 4.4 kw. effective radiated power, is satisfactory with respect to the power to be used.

<sup>5</sup>The argument in the comments and supporting engineering statement is that while § 73.609(a) of the rules puts these islands in Zone II, this is simply because under normal spacing rules there is no possibility of cochannel assignments in Puerto Rico or the Virgin Islands in either event, and therefore for convenience they were included in Zone II along with most of the area of the United States. It is urged that in fact propagation conditions in these Caribbean land areas are the same as those along the gulf coast of the continental United States, where, because of tropospheric propagation, Zone III was established, with wider cochannel spacings than Zones I or II.

somewhat mountainous terrain of Puerto Rico, which Public Television urges as one reason for a waiver of the separation rules in this case, not be taken into account in formulating the protection requirements.

**International matters.** 13. As mentioned in paragraph 1, about December 1, 1968, the Commission received, through the regular circulars issued by the International Frequency Registration Board (IFRB), the notification that the Channel 3 and Channel 12 frequencies were to be used for television in the British Virgin Islands (on Tortola). Such use would, of course, preclude United States use in the U.S. Virgin Islands. The United States objected to this notified use, not because of its preclusive effect but because the power proposed (particularly the 100 kw. proposed for Channel 3) would cause harmful interference to the U.S. stations on these channels in western Puerto Rico and appeared to be in excess of that reasonably necessary to adequately serve the relatively small area of the British Virgin Islands, in both respects conflicting with the Geneva Radio Regulations (1959). The IFRB suggested that the two countries attempt to resolve this matter. Even though there has been a lack of timely construction of the stations and the British notifications have been deleted from the IFRB master register, the Commission believes that negotiations with the British should continue at this time. We shall consider the status of these negotiations when the applications for construction permits come before the Commission.

**Conclusions.** 14. Upon careful consideration of the foregoing matters, we believe that, as far as domestic considerations are concerned, the proposed assignments should be made, and § 73.610 of the rules waived to permit this.

15. In reaching this conclusion, we recognize the importance of the considerations of general principles urged by MST and Western Broadcasting, and referred to above, as well as the availability of UHF and the high importance which we have attached in many situations to furthering its development (including refusal to make short-spaced VHF assignments to provide needed service). Also, in reaching this decision, we do not attach great weight to all of the factors urged by Public Television and mentioned earlier herein. But, on balance, we believe that the public interest is well served by waiving the rule and making the assignments.

16. Of the factors involved, perhaps the most significant is the fact that channels for educational, or public television are involved. We have recognized the special importance of this service and of encouraging it in many actions over the last 18 years—for example, the basic concept of reserving a large number of channels, and continuing the reservation often in the face of substantial commercial demand in areas of channel

shortage—and we believe that this factor warrants special consideration here, and a different result from that which would be involved in unreserved, or "commercial", channel assignments. As NAEB points out, in numerous individual actions in recent years we have taken similar actions waiving § 73.610, where educational stations are involved.

17. Also, we conclude that the objective of encouraging UHF development is not significantly impaired by this action. In view of the small size of the U.S. Virgin Islands, and the complete absence of any interest in UHF there up to now, we are not persuaded that commercial UHF would be at all likely to develop there in the near future. Therefore, there is nothing to be gained in this respect by withholding the VHF assignment. There are also certain other aspects of this situation which make the action appropriate when it might not be in their absence, such as the unavailability of any other site which could be used and meet separations, and the fact that (despite the power reduction required to afford "equivalent protection"), full service can be provided to the entire U.S. Virgin Islands from the operation as proposed (perhaps with an additional translator).

18. Essentially, the reason for taking the action is because VHF appears to be the best way to bring the highly important service of public television, with maximum efficiency and effectiveness, to the people of the Virgin Islands at an early date. We agree with Western Broadcasting that, despite some terrain problems, UHF could probably do the job from a technical standpoint. But the fact remains that the amount of UHF set circulation is small; we believe that considerable weight must be attached to the assertion of Public Television that among the relatively low-income native population of the Islands—who will benefit most—VHF is necessary to reach them on the wide scale which is desirable.

19. In reaching this decision, we have also taken into account the possibilities urged by WSVI and mentioned above. In the 1952 Sixth Report and Order, and in decisions such as Ogden, Utah (RM-1569, FCC 70-1136, October 1970) we have noted the undesirable aspects of the restrictions on ETV development imposed by having to rely on a portion of the time of a commercial operation. See the sixth report and order in Dockets 8736 et al., 1 Pike & Fischer R.R. Part 3, p. 91:601, paragraph 46-49 (17 F.R. 3905 (1952)). We adhere to these views.

20. We emphasize that this decision is not to be taken as an indication that the Commission will favorably consider requests for short-spaced VHF assignments in other situations not involving the same circumstances as those here.

21. "Equivalent protection". Of course, one concept which makes this result possible is that of equivalent protection, so that no existing station loses service as a result of the less than standard spacing. Public Television has recognized this, and advanced proposals along these

lines. With respect to the power to be radiated on Channel 12 in the pertinent directions, its proposal appears to be acceptable to the cochannel licensee affected, Western Broadcasting.

22. In past assignment actions involving short-spaced use, we have not generally put any specific conditions on the assignment in the Table itself, and we do not do so here, beyond the general statement that stations using them shall afford equivalent protection. Thus, we do not at this time pass upon the specific conditions requested by Western Broadcasting, or on the three matters raised by the Puerto Rican Department of Education. These can be better considered if raised when a specific application is filed, since we will then know which channel and what specific site are involved.

23. *The assignments adopted.* As mentioned, it is not clear that either of the two channels involved will in fact ultimately be available, and certainly not clear that both will be, or (if one) which will be available. Accordingly, we are assigning both channels, on a hyphenated basis, to Charlotte Amalie-Christiansted, V.I.

24. In view of the foregoing: *It is ordered*, That, effective January 20, 1971, and pursuant to authority contained in section 4(i), 303 (g) and (r), and 307(b) of the Communications Act, § 73.606(b) of the Commission's rules, the Table of Assignments, Television Broadcast Stations, is amended, by the addition of the following entry and footnote to it:

City	Channel No.
Charlotte Amalie-Christiansted, V. Is.	*3, * 12

\* Stations using these assignments shall limit radiation toward stations on the same channel in Puerto Rico, to no more than the effective radiated power which would be radiated by an omnidirectional station using maximum permissible effective radiated power for antenna height above average terrain, at the minimum distances from such stations specified in § 73.310(b). The Commission shall consider the status of the negotiations with the appropriate British authorities concerning these assignments when the applications for construction permits come before the Commission.

25. *It is further ordered*, That this proceeding, Docket No. 18881, is terminated.

# Proposed Rule Making

## DEPARTMENT OF THE TREASURY

Internal Revenue Service

[ 26 CFR Parts 1, 31, 301 ]

### INCREASE IN AMOUNT OF DEDUCTION ALLOWED FOR PERSONAL EXEMPTIONS

#### Notice of Proposed Rule Making

Notice is hereby given that the regulations set forth in tentative form below are proposed to be prescribed by the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury or his delegate. Prior to the final adoption of such regulations, consideration will be given to any comments or suggestions pertaining thereto which are submitted in writing, preferably in quintuplicate, to the Commissioner of Internal Revenue, Attention: CC:LR:T, Washington, D.C. 20224, within the period of 30 days from the date of publication of this notice in the FEDERAL REGISTER. Any written comments or suggestions not specifically designated as confidential in accordance with 26 CFR 601.601(b) may be inspected by any person upon written request. Any person submitting written comments or suggestions who desires an opportunity to comment orally at a public hearing on these proposed regulations should submit his request, in writing, to the Commissioner within the 30-day period. In such case, a public hearing will be held, and notice of the time, place, and date will be published in a subsequent issue of the FEDERAL REGISTER. The proposed regulations are to be issued under the authority contained in section 7805 of the Internal Revenue Code of 1954 (68A Stat. 917; 26 U.S.C. 7805).

[SEAL] RANDOLPH W. THROWER,  
Commissioner of Internal Revenue.

In order to conform the Income Tax Regulations (26 CFR Part 1), the Employment Tax Regulations (26 CFR Part 31), and the Regulations on Procedure and Administration (26 CFR Part 301) to the amendments to sections 151 and 6013(b)(3)(A) of the Internal Revenue Code of 1954 by sections 801 and 941(b) of the Tax Reform Act of 1969 (83 Stat. 675, 726), such regulations are amended as follows:

PARAGRAPH 1. Paragraphs (b)(3)(ii) and (4) of § 1.1-2 are revised to read as follows:

§ 1.1-2 Rates of tax on heads of households.

(b) Definition of head of household.

(3) . . . .

(ii) Any other person who is a dependent of the taxpayer, if the taxpayer

is entitled to a deduction for the taxable year for such person under section 151 and the regulations thereunder. Under section 151 the taxpayer may be entitled to a deduction for any of the following persons:

(a) His brother, sister, stepbrother, or stepsister;

(b) His father or mother, or an ancestor of either;

(c) His stepfather or stepmother;

(d) A son or a daughter of his brother or sister;

(e) A brother or sister of his father or mother; or

(f) His son-in-law, daughter-in-law, father-in-law, mother-in-law, brother-in-law, or sister-in-law;

if such person has a gross income of less than the amount determined pursuant to § 1.151-2 applicable to the calendar year in which the taxable year of the taxpayer begins, if the taxpayer supplies more than one-half of the support of such person for such calendar year and if such person does not make a joint return with his spouse for the taxable year beginning in such calendar year. The taxpayer may not be considered to be a head of a household by reason of any person for whom a deduction is allowed under section 151 only by reason of section 152(a)(9), 152(a)(10), or 152(c) (relating to persons not related to the taxpayer, persons receiving institutional care, and persons covered by multiple support agreements).

(4) The father or mother of the taxpayer may qualify the taxpayer as a head of a household, but only if the taxpayer is entitled to a deduction for the taxable year for such father or mother under section 151 (determined without regard to section 152(c)). For example, an unmarried taxpayer who maintains a home for his widowed mother may not qualify as the head of a household by reason of his maintenance of a home for his mother if his mother has gross income equal to or in excess of the amount determined pursuant to § 1.151-2 applicable to the calendar year in which the taxable year of the taxpayer begins, or if he does not furnish more than one-half of the support of his mother for such calendar year. For purposes of subparagraph (B) of section 1(b)(2), a person who legally adopted the taxpayer is considered the father or mother of the taxpayer.

PAR. 2. Paragraph (a) of § 1.4-1 is revised to read as follows:

§ 1.4-1 Number of exemptions.

(a) For the purpose of determining the optional tax imposed under section 3, the taxpayer shall use the number of exemptions allowable to him as deduc-

tions under section 151. See sections 151, 152, and 153, and the regulations thereunder. In general, one exemption is allowed for the taxpayer; one exemption for his spouse if a joint return is made, or if a separate return is made by the taxpayer and his spouse has no gross income for the calendar year in which the taxable year of the taxpayer begins and is not the dependent of another taxpayer for such calendar year; and one exemption for each dependent whose gross income for the calendar year in which the taxable year of the taxpayer begins is less than the applicable amount determined pursuant to § 1.151-2. No exemption is allowed for any dependent who has made a joint return with his spouse for the taxable year beginning in the calendar year in which the taxable year of the taxpayer begins. The taxpayer may, in certain cases, be allowed an exemption for a dependent child of the taxpayer notwithstanding the fact that such child has gross income equal to or in excess of the amount determined pursuant to § 1.151-2 applicable to the calendar year in which the taxable year of the taxpayer begins. The requirements for the allowance of such an exemption are set forth in paragraph (c) of § 1.152-1. See paragraphs (c) and (d) of § 1.151-1 with respect to additional exemptions for a taxpayer or spouse who has attained the age 65 years and for a blind taxpayer or blind spouse.

PAR. 3. The example contained in paragraph (e)(4) of § 1.72-17 is revised to read as follows:

§ 1.72-17 Special rules applicable to owner-employees.

(e) Penalties applicable to certain amounts received by owner-employees.

(4) . . . .

Example. B, a sole proprietor and a calendar-year basis taxpayer, established a qualified pension trust to which he made annual contributions for 10 years of 10 percent of his earned income. B withdrew his entire interest in the trust during 1973 when he was 55 years old and not disabled and for which, without regard to the distribution, he had a net operating loss and for which he is allowed under section 151 a deduction for one personal exemption. The portion of the distribution includible in B's gross income is \$25,750. In addition, B had a net operating loss for 1972. The other 3 taxable years involved in the computation under subparagraph (2)(i) of this paragraph were years of substantial income. For purposes of determining B's increase in tax attributable to the receipt of the \$25,750 (before the application of the provisions of subparagraph (2)(i)(b) of this paragraph), B's taxable income for the year he received the \$25,750 is treated, under subparagraph (3)(ii) of this paragraph, as being \$25,000 (\$25,750 minus \$750, the amount of the deduction

allowed for each personal exemption under section 151 for 1973). For purposes of determining whether 110 percent of the aggregate increase in taxes which would have resulted if 20 percent of the amount of the withdrawal had been included in B's gross income for the year of receipt and for each of the 4 preceding taxable years is greater (and thus is the amount of his increase in tax attributable to the receipt of the \$25,750), B's taxable income for the taxable year of receipt, and for the immediately preceding taxable year, is treated, under subparagraph (3) (1) of this paragraph, as being \$5,150 (\$25,750 divided by 5).

PAR. 4. The example contained in paragraph (d) (2) of § 1.72-18 is revised to read as follows:

§ 1.72-18 Treatment of certain total distributions with respect to self-employed individuals.

(d) Computation of tax.

(2) Example.

Example. B, a sole proprietor and a calendar-year basis taxpayer, established a qualified pension trust to which he made annual contributions for 10 years of 10 percent of his earned income. B withdrew his entire interest in the trust during 1973, for which year, without regard to the distribution, he had a net operating loss and is allowed under section 151 a deduction for one personal exemption. At the time of the withdrawal, B was 64 years old. The amount of the distribution that is includible in his gross income is \$25,750. Because of B's net operating loss, the tax attributable to the distribution is determined under the rule of subparagraph (1) (ii) of this paragraph. For purposes of determining the tax attributable to the \$25,750, B's taxable income for 1973 is treated, under subparagraph (1) (ii) of this paragraph, as being 20 percent of \$25,000 (\$25,750 minus \$750, the amount of the deduction allowed for each personal exemption under section 151 for 1973). Thus, under subparagraph (1) of this paragraph, the tax attributable to the \$25,750 would be 5 times the increase which would result if the taxable income of B for the taxable year he received such amount equaled \$5,000. B has had no amounts withheld from wages and thus is not entitled to reduce the increase in taxes by the credit against tax provided in section 31 and may not reduce the increase in taxes by any other credits against tax.

PAR. 5. Section 1.151 is amended by revising section 151 (b), (c), (d) (1) and (2), and so much of section 151(e) (1) as precedes subparagraph (B), and by adding a historical note. These amended and added provisions read as follows:

§ 1.151 Statutory provisions; allowance of deductions for personal exemptions.

Sec. 151. Allowance of deductions for personal exemptions.

(b) Taxpayer and spouse. An exemption of \$750 for taxable years beginning after Dec. 31, 1972; \$700 for taxable years beginning after Dec. 31, 1971, and before Jan. 1, 1973; \$650 for taxable years beginning after Dec. 31, 1970, and before Jan. 1, 1972; \$625 for taxable years beginning after Dec. 31, 1969, and before Jan. 1, 1971] for the taxpayer; and an additional exemption of \$750 for taxable years beginning after Dec. 31, 1972; \$700 for taxable years beginning after Dec. 31, 1971, and before Jan. 1, 1973; \$650 for taxable years beginning after Dec. 31, 1970, and before Jan. 1, 1972; \$625 for taxable years beginning after Dec. 31, 1969, and before Jan. 1, 1971] for the spouse if he has attained the age of 65 before the close of his taxable year.

1970, and before Jan. 1, 1972; \$625 for taxable years beginning after Dec. 31, 1969, and before Jan. 1, 1971] for the spouse of the taxpayer if a joint return is not made by the taxpayer and his spouse, and if the spouse, for the calendar year in which the taxable year of the taxpayer begins, has no gross income and is not the dependent of another taxpayer.

(c) Additional exemption for taxpayer or spouse aged 65 or more—(1) For taxpayer. An additional exemption of \$750 for taxable years beginning after Dec. 31, 1972; \$700 for taxable years beginning after Dec. 31, 1971, and before Jan. 1, 1973; \$650 for taxable years beginning after Dec. 31, 1970, and before Jan. 1, 1972; \$625 for taxable years beginning after Dec. 31, 1969, and before Jan. 1, 1971] for the spouse of the taxpayer if a joint return is not made by the taxpayer and his spouse, and if the spouse has attained the age of 65 before the close of his taxable year.

(2) For spouse. An additional exemption of \$750 for taxable years beginning after Dec. 31, 1972; \$700 for taxable years beginning after Dec. 31, 1971, and before Jan. 1, 1973; \$650 for taxable years beginning after Dec. 31, 1970, and before Jan. 1, 1972; \$625 for taxable years beginning after Dec. 31, 1969, and before Jan. 1, 1971] for the spouse of the taxpayer if a joint return is not made by the taxpayer and his spouse, and if the spouse has attained the age of 65 before the close of such taxable year, and, for the calendar year in which the taxable year of the taxpayer begins, has no gross income and is not the dependent of another taxpayer.

(d) Additional exemption for blindness of taxpayer or spouse—(1) For taxpayer. An additional exemption of \$750 for taxable years beginning after Dec. 31, 1972; \$700 for taxable years beginning after Dec. 31, 1971, and before Jan. 1, 1973; \$650 for taxable years beginning after Dec. 31, 1970, and before Jan. 1, 1972; \$625 for taxable years beginning after Dec. 31, 1969, and before Jan. 1, 1971] for the taxpayer if he is blind at the close of his taxable year.

(2) For spouse. An additional exemption of \$750 for taxable years beginning after Dec. 31, 1972; \$700 for taxable years beginning after Dec. 31, 1971, and before Jan. 1, 1973; \$650 for taxable years beginning after Dec. 31, 1970, and before Jan. 1, 1972; \$625 for taxable years beginning after Dec. 31, 1969, and before Jan. 1, 1971] for the spouse of the taxpayer if a separate return is made by the taxpayer, and if the spouse is blind and, for the calendar year in which the taxable year of the taxpayer begins, has no gross income and is not the dependent of another taxpayer. For purposes of this paragraph, the determination of whether the spouse is blind shall be made as of the close of the taxable year of the taxpayer; except that if the spouse dies during such taxable year such determination shall be made as of the time of such death.

(e) Additional exemption for dependents—(1) In general. An exemption of \$750 for taxable years beginning after Dec. 31, 1972; \$700 for taxable years beginning after Dec. 31, 1971, and before Jan. 1, 1973; \$650 for taxable years beginning after Dec. 31, 1970, and before Jan. 1, 1972; \$625 for taxable years beginning after Dec. 31, 1969, and before Jan. 1, 1971] for each dependent (as defined in section 152)—

(A) Whose gross income for the calendar year in which the taxable year of the taxpayer begins is less than \$750 for taxable years beginning after Dec. 31, 1972; \$700 for taxable years beginning after Dec. 31, 1971, and before Jan. 1, 1973; \$650 for taxable years beginning after Dec. 31, 1970, and before Jan. 1, 1972; \$625 for taxable years beginning after Dec. 31, 1969, and before Jan. 1, 1971], or

[Sec. 151 as amended by secs. 801 and 941 (b), Tax Reform Act 1969 (83 Stat. 675, 726)]

PAR. 6. Paragraphs (b), (c) (1), and (d) (1) and (2) of § 1.151-1 are revised to read as follows:

§ 1.151-1 Deductions for personal exemptions.

(b) Exemptions for individual taxpayer and spouse (so-called personal exemptions). Section 151(b) allows an exemption for the taxpayer and an additional exemption for the spouse of the taxpayer if a joint return is not made by the taxpayer and his spouse, and if the spouse, for the calendar year in which the taxable year of the taxpayer begins, has no gross income and is not the dependent of another taxpayer. Thus, a husband is not entitled to an exemption for his wife on his separate return for the taxable year beginning in a calendar year during which she has any gross income (though insufficient to require her to file a return). Since, in the case of a joint return, there are two taxpayers (although under section 6013 there is only one income for the two taxpayers on such return, i.e., their aggregate income), two exemptions are allowed on such return, one for each taxpayer spouse. If in any case a joint return is made by the taxpayer and his spouse, no other person is allowed an exemption for such spouse even though such other person would have been entitled to claim an exemption for such spouse as a dependent if such joint return had not been made.

(c) Exemptions for taxpayer attaining the age of 65 and spouse attaining the age of 65 (so-called old-age exemptions). (1) Section 151(c) provides an additional exemption for the taxpayer if he has attained the age of 65 before the close of his taxable year. An additional exemption is also allowed to the taxpayer for his spouse if a joint return is not made by the taxpayer and his spouse and if the spouse has attained the age of 65 before the close of the taxable year of the taxpayer and, for the calendar year in which the taxable year of the taxpayer begins, the spouse has no gross income and is not the dependent of another taxpayer. If a husband and wife make a joint return, an old-age exemption will be allowed as to each taxpayer spouse who has attained the age of 65 before the close of the taxable year for which the joint return is made. The exemptions under section 151(c) are in addition to the exemptions for the taxpayer and spouse under section 151(b).

(d) Exemptions for the blind. (1) Section 151(d) provides an additional exemption for the taxpayer if he is blind at the close of his taxable year. An additional exemption is also allowed to the taxpayer for his spouse if the spouse is blind and, for the calendar year in which the taxable year of the taxpayer begins, has no gross income and is not the dependent of another taxpayer. The determination of whether the spouse is blind shall be made as of the close of the taxable year of the taxpayer, unless

the spouse dies during such taxable year, in which case such determination shall be made as of the time of such death.

(2) The exemptions for the blind are in addition to the exemptions for the taxpayer and spouse under section 151 (b) and are also in addition to the exemptions under section 151(c) for taxpayers and spouses attaining the age of 65 years. Thus, a single individual who has attained the age of 65 before the close of his taxable year and who is blind at the close of his taxable year is entitled, in addition to the so-called personal exemption, to two further exemptions, one by reason of his age and the other by reason of his blindness. If a husband and wife make a joint return, an exemption for the blind will be allowed as to each taxpayer spouse who is blind at the close of the taxable year for which the joint return is made.

PAR. 7. Section 1.151-2 is revised to read as follows:

§ 1.151-2 Additional exemptions for dependents.

(a) Section 151(e) allows to a taxpayer an exemption for each dependent (as defined in section 152) whose gross income (as defined in section 61) for the calendar year in which the taxable year of the taxpayer begins is less than the amount provided in section 151(e) (1) (A) applicable to the taxable year of the taxpayer, or who is a child of the taxpayer and who—

(1) Has not attained the age of 19 at the close of the calendar year in which the taxable year of the taxpayer begins, or

(2) Is a student, as defined in paragraph (b) of § 1.151-3.

No exemption shall be allowed under section 151(e) for any dependent who has made a joint return with his spouse under section 6013 for the taxable year beginning in the calendar year in which the taxable year of the taxpayer begins. The amount provided in section 151(e) (1) (A) is \$750 in the case of a taxable year beginning after December 31, 1972; \$700 in the case of a taxable year beginning after December 31, 1971, and before January 1, 1973; \$650 in the case of a taxable year beginning after December 31, 1970, and before January 1, 1972; \$625 in the case of a taxable year beginning after December 31, 1969, and before January 1, 1971; and \$600 in the case of a taxable year beginning before January 1, 1970. For special rules in the case of a taxpayer whose taxable year is a fiscal year ending after December 31, 1969, and beginning before January 1, 1973, see section 21(d) and the regulations thereunder.

(b) The only exemption allowed for a dependent of the taxpayer is that provided by section 151(e). The exemptions provided by section 151(c) (old-age exemptions) and section 151(d) (exemptions for the blind) are allowed only for the taxpayer or his spouse. For example, where a taxpayer provides the entire support for his father who meets all the requirements of a dependent, he is en-

titled to only one exemption for his father (section 151(e)), even though his father is over the age of 65.

PAR. 8. Immediately after § 1.151-3 the following new section is added:

§ 1.151-4 Amount of deduction for each exemption under section 151.

The amount allowed as a deduction for each exemption under section 151 is (a) \$750 in the case of a taxable year beginning after December 31, 1972; (b) \$700 in the case of a taxable year beginning after December 31, 1971, and before January 1, 1973; (c) \$650 in the case of a taxable year beginning after December 31, 1970, and before January 1, 1972; (d) \$625 in the case of a taxable year beginning after December 31, 1969, and before January 1, 1971; and (e) \$600 in the case of a taxable year beginning before January 1, 1970. For special rules in the case of a fiscal year ending after December 31, 1969, and beginning before January 1, 1973, see section 21(d) and the regulations thereunder.

PAR. 9. Paragraph (c) of § 1.152-1 is revised to read as follows:

§ 1.152-1 General definition of a dependent.

(c) In the case of a child of the taxpayer who is under 19 or who is a student, the taxpayer may claim the dependency exemption for such child provided he has furnished more than one-half of the support of such child for the calendar year in which the taxable year of the taxpayer begins, even though the income of the child for such calendar year may be equal to or in excess of the amount determined pursuant to § 1.151-2 applicable to such calendar year. In such a case, there may be two exemptions claimed for the child: One on the parent's (or stepparent's) return, and one on the child's return. In determining whether the taxpayer does in fact furnish more than one-half of the support of an individual who is a child, as defined in paragraph (a) of § 1.151-3, of the taxpayer and who is a student, as defined in paragraph (b) of § 1.151-3, a special rule regarding scholarships applies. Amounts received as scholarships, as defined in paragraph (a) of § 1.117-3, for study at an educational institution shall not be considered in determining whether the taxpayer furnishes more than one-half the support of such individual. For example, A has a child who receives a \$1,000 scholarship to the X college for 1 year. A contributes \$500, which constitutes the balance of the child's support for that year. A may claim the child as a dependent, as the \$1,000 scholarship is not counted in determining the support of the child. For purposes of this paragraph, amounts received for tuition payments and allowances by a veteran under the provisions of the Servicemen's Readjustment Act of 1944 (58 Stat. 284) or the Veterans' Readjustment Assistance Act of 1952 (38 U.S.C. ch. 38) are not amounts received as scholarships. See also § 1.117-4. For definition of the terms "child," "stu-

dent," and "educational institution," as used in this paragraph, see § 1.151-3.

PAR. 10. Paragraph (a) (3) (i) of § 1.213-1 is revised to read as follows:

§ 1.213-1 Medical, dental, etc., expenses.

(a) Allowance of deduction. \* \* \*

(3) (i) For medical expenses paid (including expenses paid for medicine and drugs) to be deductible, they must be for medical care of the taxpayer, his spouse, or a dependent of the taxpayer and not be compensated for by insurance or otherwise. Expenses paid for the medical care of a dependent, as defined in section 152 and the regulations thereunder, are deductible under this section even though the dependent has gross income equal to or in excess of the amount determined pursuant to § 1.151-2 applicable to the calendar year in which the taxable year of the taxpayer begins. Where such expenses are paid by two or more persons and the conditions of section 152(c) and the regulations thereunder are met, the medical expenses are deductible only by the person designated in the multiple support agreement filed by such persons and such deduction is limited to the amount of medical expenses paid by such person.

PAR. 11. Paragraph (d) (2) (iii) of § 1.214-1 is revised to read as follows:

§ 1.214-1 Expenses for the care of certain dependents.

(d) Dependents. \* \* \*

(2) Special rules. \* \* \*

(iii) The rules provided in sections 151 and 152, with respect to the definition and qualification of an individual as a dependent, govern for the purpose of section 214. Thus, expenses for the care of a child or stepchild under the age of 13 years for taxable years beginning before Jan. 1, 1964, under the age of 12 years) whom the taxpayer supports are deductible even though the child or stepchild has gross income equal to or in excess of the amount determined pursuant to § 1.151-2 applicable to the calendar year in which the taxable year of the taxpayer begins. On the other hand, expenses for the care of an aged parent would not be deductible if the gross income condition of § 1.151-2 is not met.

PAR. 12. Section 1.6013 is amended by revising subsection (b) (3) (A) (ii) and (iii) of section 6013 and the historical note to read as follows:

§ 1.6013 Statutory provisions; joint returns of income tax by husband and wife.

Sec. 6013. Joint returns of income tax by husband and wife. \* \* \*

(b) Joint return after filing separate return. \* \* \*

PAR. 13. Paragraph (d)(3)(iii) of § 31.3402(f)(1)-1 is revised to read as follows:

§ 31.3402(f)(1)-1 Withholding exemptions.

(d) *Withholding exemptions to which an employee is entitled in respect of dependents.* \* \* \*

(3) \* \* \*  
(iii) Either (a) reasonably be expected to have gross income of less than the amount determined pursuant to § 1.151-2 of this chapter (Income Tax Regulations) applicable to the calendar year in which the taxable year of the taxpayer begins, or (b) be a child (son, stepson, daughter, stepdaughter, adopted son, or adopted daughter) of the employee who (1) will not have attained the age of 19 at the close of the calendar year or (2) is a student as defined in section 151.

PAR. 14. Section 301.6013 is amended by revising subsection (b)(3)(A)(ii) and (iii) of section 6013 and the historical note to read as follows:

§ 301.6013 Statutory provisions; joint returns of income tax by husband and wife.

SEC. 6013. *Joint returns of income tax by husband and wife.* \* \* \*

RESTRICTION ON EXAMINATION OF CHURCHES

Notice of Proposed Rule Making

Notice is hereby given that the regulations set forth in tentative form below are proposed to be prescribed by the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury or his delegate. Prior to the final adoption of such regulations, consideration will be given to any comments or suggestions pertaining thereto which are submitted in writing, preferably in quintuplicate, to the Commissioner of Internal Revenue, Attention: CC:LR:T, Washington, D.C. 20224, within the period of 30 days from the date of publication of this notice in the FEDERAL REGISTER. Any person submitting written comments or suggestions who desires an opportunity to comment orally at a public hearing on these proposed regulations should submit his request, in writing, to the Commissioner within the 30-day period. In such case, a public hearing will be held, and notice of the time, place, and date will be published in a subsequent issue of the FEDERAL REGISTER. The proposed regulations are to be issued under the authority contained in section 7805

of the Internal Revenue Code of 1954 (68A Stat. 917; 26 U.S.C. 7805).

[SEAL] RANDOLPH W. THROWER,  
*Commissioner of Internal Revenue.*

In order to conform the Regulations on Procedure and Administration (26 CFR Part 301) under section 7605(c) of the Internal Revenue Code of 1954 to section 121(f) of the Tax Reform Act of 1969 (83 Stat. 548), such regulations are amended as follows:

PARAGRAPH 1. Section 301.7605 is amended by adding at the end thereof a new subsection (c) and by revising the historical note. These amended and added provisions read as follows:

§ 301.7605 Statutory provisions; time and place of examination.

Sec. 7605. *Time and place of examination.* \* \* \*

(c) *Restriction on examination of churches.* No examination of the books of account of a church or convention or association of churches shall be made to determine whether such organization may be engaged in the carrying on of an unrelated trade or business or may be otherwise engaged in activities which may be subject to tax under part III of subchapter F of chapter 1 of this title (sec. 511 and following, relating to taxation of business income of exempt organizations) unless the Secretary or his delegate (such officer being no lower than a principal internal revenue officer for an internal revenue region) believes that such organization may be so engaged and so notifies the organization in advance of the examination. No examination of the religious activities of such an organization shall be made except to the extent necessary to determine whether such organization is a church or a convention or association of churches, and no examination of the books of account of such an organization shall be made other than to the extent necessary to determine the amount of tax imposed by this title.

[Sec. 7605 as amended by sec. 4(1), Act of Apr. 2, 1956 (Public Law 466, 84th Cong., 70 Stat. 91); sec. 208(d)(4), Highway Revenue Act 1956 (70 Stat. 396); sec. 121(f), Tax Reform Act 1969 (83 Stat. 548)]

PAR. 2. Section 301.7605-1 is amended by adding at the end thereof a new paragraph (c). This added provision reads as follows:

§ 301.7605-1 Time and place of examination.

(c) *Restriction on examination of churches—(1) In general—(i) Examination to determine unrelated business taxable income.* Section 7605(c) imposes certain restrictions upon the examination of the books of account and religious activities of a church or convention or association of churches for the purpose of determining whether such organization may be engaged in activities the income from which is subject to tax under section 511 as unrelated business taxable income. The purposes of these restrictions are to protect such organizations from undue interference in their internal financial affairs through unnecessary examinations to determine the existence of unrelated business taxable income, and

to limit the scope of examination for this purpose to matters directly relevant to a determination of the existence or amount of such income.

(ii) *Examinations for other purposes.* The restrictions imposed by section 7605(c) and subparagraphs (2) and (3) of this paragraph shall apply only to determinations of the unrelated business income tax liability of a church or convention or association of churches and have no application to an examination of the books of account and religious activities of such an organization for the purpose of determining the initial or continuing qualification of the organization under section 501(c)(3) or for any other purpose of the Code, such as, for example, determining the deductibility of contributions, transfers, or gifts to the organization under section 170, 2055, or 2522, or the tax liability of another person as authorized by section 7602.

(2) *Books of account.* Under the restrictions imposed by section 7605(c), no examination of the books of account of a church or convention or association of churches shall be made to determine whether such organization may be engaged in the carrying on of an unrelated trade or business or may be otherwise engaged in activities which may be subject to tax under part III of subchapter F of chapter 1 (section 511 and following, relating to taxation of business income of exempt organizations) unless the Regional Commissioner believes that such organization may be so engaged and so notifies the organization in writing in advance of examination. In any examination of a church or convention or association of churches for the purpose of determining unrelated business income tax liability pursuant to such notice, no examination of the books of account of the organization shall be made except to the extent necessary to determine such liability.

(3) *Religious activities.* The notice requirements of section 7605(c) do not apply to an examination of the religious activities of an organization for the purpose of determining whether the organization is a church or convention or association of churches subject to the provisions of part III of subchapter F of chapter 1 and therefore entitled under subparagraph (2) of this paragraph to notice from the Regional Commissioner prior to examination of its books of account to determine unrelated business income tax liability. However, once it has been so determined that the organization is a church or convention or association of churches, no further examination of its religious activities may be made in connection with determining its liability, if any, for unrelated business income tax.

(4) *Effective date.* The provisions of this paragraph shall apply to audits and examinations of taxable years beginning after December 31, 1969.

[Docket No. AO-361-A2-RO2]

#### MILK IN CHICAGO REGIONAL MARKETING AREA

##### Notice of Partial Recommended Decision and Opportunity To File Written Exceptions on Proposed Amendments to Tentative Marketing Agreement and To Order

Notice is hereby given of the filing with the Hearing Clerk of this partial recommended decision with respect to proposed amendments to the tentative marketing agreement and order regulating the handling of milk in the Chicago Regional marketing area.

Interested parties may file written exceptions to this decision with the Hearing Clerk, U.S. Department of Agriculture, Washington, D.C. 20250, by the 7th day after publication of this decision in the FEDERAL REGISTER. The exceptions should be filed in quadruplicate. All written submissions made pursuant to this notice will be made available for public inspection at the office of the Hearing Clerk during regular business hours (7 CFR 1.27(b)).

The above notice of filing of the decision and of opportunity to file exceptions thereto is issued pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900).

##### PRELIMINARY STATEMENT

The hearing on the record of which the proposed amendments, as herein-after set forth, to the tentative marketing agreement and to the order as amended, were formulated, was conducted at Madison, Wis., on October 20 and 21, 1970, pursuant to notices thereof which were issued on August 3, 1970 (35 F.R. 12545) and August 21, 1970 (35 F.R. 13660).

This decision deals only with the issue relating to the allocation to Class I milk of specified receipts from a producer-handler. All other issues are reserved for later decision.

The material issues on the record of the hearing relate to:

1. Pool plant performance requirements for supply plants and reload points.
2. Diversion of producer milk.
3. Allocating to Class I milk specified receipts from a producer-handler.

##### FINDINGS AND CONCLUSIONS

The following findings and conclusions on the material issues are based on evidence presented at the hearing and the record thereof:

3. *Allocating to Class I milk specified receipts from a producer-handler.* Packaged fluid milk products received at a pool distributing plant from a producer-handler should be allocated to Class I milk if the pool distributing plant transfers during the same month to the producer-handler's plant for custom bottling purposes, an equivalent amount of skim milk and butterfat in bulk fluid milk products that are classified and priced as Class I milk. Such receipts at the pool distributing plant would not be subject to a compensatory payment.

Any skim milk and butterfat in packaged fluid milk products received at a pool distributing plant from a producer-handler in excess of an equivalent amount of bulk fluid milk products transferred from the pool distributing plant that are classified and priced as Class I milk, however, should be allocated to the lowest use class and subject to a compensatory payment in the same manner as any other receipt from a producer-handler.

Presently, the order allocates to Class II milk, to the extent possible, any receipt of fluid milk products from a producer-handler. If any such receipt is allocated to Class I milk, the pool plant handler must pay the difference between the Class I price and the Class II price in to the producer-settlement fund on such quantity. This allocation and payment procedure applies regardless of whether the producer-handler has received any Class I milk from the pool plant.

A producer-handler proposed that any packaged fluid milk products received at a pool plant from a producer-handler be allocated to Class I milk, not to be subject to a compensatory payment if the producer-handler has received an equivalent quantity of Class I milk (either bulk or packaged) from any pool plant. A group of operating cooperative associations supported this proposal.

In recent years the sale of milk in glass containers has declined. The single service disposable container, plastic coated paper, has become the major consumer package for milk. Many handlers no longer handle milk packaged in glass bottles.

The proponent producer-handler who packages milk in glass bottles desires to custom package fluid milk products in glass containers for a pool distributing plant. A pool handler who packages most of his milk in paper cartons wishes to discontinue processing milk in glass containers entirely although he would like to continue to serve his customers who desire milk in glass containers. He has indicated interest in having the proponent producer-handler custom package milk in glass containers for him.

Since the present order provides that any fluid milk product received at a pool plant from a producer-handler shall receive credit only at the lowest class price, and any transfer to the producer-handler is Class I, the cost of such an arrangement would be prohibitive unless the producer-handler has sufficient

surplus milk to fill the custom-packaged sales. The custom-packaged sales would require a constant supply of milk and the producer-handler would need to carry sufficient surplus milk, in addition to his own reserve requirements, to supply such sales.

The proposal was made to allow a producer-handler to offset his transfers of packaged fluid milk to pool plants with purchases of Class I fluid milk products from pool plant sources, rather than assign his own production to surplus in the amount of the custom packaging operation.

Proponent operates a 120-cow dairy farm in addition to his milk plant. Milk produced on his farm accounts for about 60 percent of his total glass bottling operation and the remaining 40 percent is purchased in bulk from pool plants. In addition, he purchases packaged milk products from the pool handler for whom he wants to custom bottle.

The issue relates to whether a pool distributing plant should be required to assign milk which it transfers to a producer-handler as Class I for custom packaging, to its own Class II use when such milk reenters the pool plant in packaged form. As stated previously, because fluid milk products (in bulk or packaged form) disposed of by a producer-handler to another handler normally are deemed to be surplus to the producer-handler's operation, they are allocated to the lowest use class at the transferee handler's plant and any such milk allocated to Class I is subject to a compensatory payment.

In the situation where a producer-handler is clearly performing a custom bottling operation for a pool plant handler, and the transfers of fluid milk products between the two plants are strictly for this purpose, the custom-packaged milk returned to the same pool distributing plant would not represent the producer-handler's surplus. Such milk may be clearly identified as the quantity of bulk Class I milk received from the pool distributing plant for custom processing.

In accommodating this custom-packaging transfer, however, certain safeguards are necessary. Otherwise, through certain combinations of transfers of milk between one or more pool plants and the plant of a producer-handler, the producer-handler could assign his own surplus to the custom-packaging operation.

Receipts of packaged fluid milk products at a pool distributing plant from a producer-handler should be assigned to Class I and made exempt from compensatory payments only to the extent that the same pool distributing plant has transferred as Class I milk an equivalent quantity of fluid milk products in bulk to the producer-handler's plant. Obviously, only bulk transfers from the pool distributing plant would be made for custom bottling.

Proponent requested further, however, that packaged fluid milk products received from the pool distributing plant for which he is custom bottling, and Class I bulk receipts from other pool

plants, also should count toward the offset. Neither of these two alternatives should be adopted.

Producer-handlers are allowed under this order to purchase unlimited quantities of fluid milk products from pool plant sources. Although the matter of limiting a producer-handler's supplemental supplies was not an issue at the hearing, no change should be made that would expand the possibilities for a producer-handler to shift to pool producers the burden of his reserve supplies.

If a producer-handler were allowed to use packaged fluid milk products he receives from the pool distributing plant for which he is custom bottling or any fluid milk products, bulk or packaged, he receives from other pool plants to offset his custom packaging operation, the situation could arise where a pool distributing plant could purchase milk at less than the Class I price. A producer-handler who receives Class I milk on a continuing basis from a pool plant and who also has own farm milk in excess of his Class I requirements might well be willing to package this milk in surplus and sell it to a pool distributing plant at a price which would net the seller something in excess of its value as surplus but less than the Class I price. The operator of the pool distributing plant obviously would have an incentive to purchase such milk for competitive advantage.

For the reasons set forth above, it is concluded that only bulk Class I milk shipments of fluid milk products from the pool distributing plant for which the producer-handler is custom bottling should be permitted to offset as Class I the packaged fluid milk products transferred to such pool distributing plant by the producer-handler.

No testimony was presented at the hearing in opposition to the producer-handler's proposal. However, two briefs were filed expressing opposition to it. An association of Chicago milk dealers filed a brief opposing any change which would enable a producer-handler to receive more favorable treatment under the order than currently. A large Wisconsin bargaining cooperative association, also filing an opposition brief, contended that when a handler's business expands beyond the point of occasional need for supplementary fluid milk supplies, he should no longer be considered a producer-handler. While many Federal milk orders do place a limit on the quantities that an exempt producer-handler may purchase from regulated sources, there was no proposal before the hearing to deny producer-handler status on the basis of the amount of fluid milk products he purchases from pool plants.

#### RULINGS ON PROPOSED FINDINGS AND CONCLUSIONS

Briefs and proposed findings and conclusions were filed on behalf of certain interested parties. These briefs, proposed findings and conclusions and the evidence in the record were considered in making the findings and conclusions

set forth above. To the extent that the suggested findings and conclusions filed by interested parties are inconsistent with the findings and conclusions set forth herein, the requests to make such findings or reach such conclusions are denied for the reasons previously stated in this decision.

#### GENERAL FINDINGS

The findings and determinations hereinafter set forth are supplementary and in addition to the findings and determinations previously made in connection with the issuance of the aforesaid order and of the previously issued amendments thereto; and all of said previous findings and determinations are hereby ratified and affirmed, except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein.

(a) The tentative marketing agreement and the order, as hereby proposed to be amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the Act;

(b) The parity prices of milk as determined pursuant to section 2 of the Act are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supply and demand for milk in the marketing area, and the minimum prices specified in the tentative marketing agreement and the order, as hereby proposed to be amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and

(c) The tentative marketing agreement and the order, as hereby proposed to be amended, will regulate the handling of milk in the same manner as, and will be applicable only to persons in the respective classes of industrial and commercial activity specified in, a marketing agreement upon which a hearing has been held.

#### RECOMMENDED MARKETING AGREEMENT AND ORDER AMENDING THE ORDER

The recommended marketing agreement is not included in this decision because the regulatory provisions thereof would be the same as those contained in the order, as hereby proposed to be amended. The following order amending the order, as amended, regulating the handling of milk in the Chicago Regional marketing area is recommended as the detailed and appropriate means by which the foregoing conclusions may be carried out:

In § 1030.46(a) subparagraphs (1-a) and (3) (iii) are revised as follows:

§ 1030.46 Allocation of skim milk and butterfat classified.

• • • • •

(a)

(1-a) Subtract from the total pounds of skim milk in Class I milk the pounds of skim milk in exempt milk and in packaged fluid milk products received at a pool distributing plant from a producer-handler to the extent that an equivalent

amount of skim milk in bulk fluid milk products classified pursuant to § 1030.44 (b) are transferred from the same pool distributing plant to the producer-handler's plant for custom bottling purposes;

(3) \* \* \*

(iii) Receipts of fluid milk products from a producer-handler as defined under this or any other Federal order that were not subtracted pursuant to subparagraph (1-a) of this paragraph and from an exempt distributing plant;

Signed at Washington, D.C., on December 14, 1970.

JOHN C. BLUM,  
Deputy Administrator,

### MEAT INSPECTION

#### Labeling and Containers of Federally Inspected Meat Products and Official Marks of Inspection

On August 14, 1969, there was published in the FEDERAL REGISTER (34 F.R. 13194-13255), a notice of intention of the Consumer and Marketing Service to revise the Federal Meat Inspection Regulations in 9 CFR Subchapter A, pursuant to the Federal Meat Inspection Act, as amended by the Wholesome Meat Act (21 U.S.C. 601 et seq.). The notice included proposed new §§ 317.3, 317.4, and 317.15 pertaining to approval of labeling, marking devices, and containers for meat products subject to the Act and authorizations to make devices bearing official marks and related matters. A 60-day period was provided for interested persons to file comments concerning the proposed revision of the regulations.

On October 2, 1969, there was published (34 F.R. 15362), a notice of extension of the time until December 12, 1969, for filing comments on the proposed revision of the regulations.

*Statement of considerations.* Preventing the distribution of adulterated, mislabeled, and improperly packaged meats and meat food products is a principal objective of the Federal Meat Inspection Act. Sections 317.3, 317.4, and 317.15 of the regulations as contained in the notice were proposed to implement the provisions of the amended law that are intended to assure that products distributed under the Act are wholesome, not adulterated, and properly marked, labeled, and packaged, and that the official marks of the Department's inspection service are not printed, cast, lithographed, or otherwise made or used improperly.

The many comments and opinions expressed on these proposed sections gave the Department the benefit of a broad range of viewpoints, information, and data to consider in relation to the issues. These responses on the proposed amendments were principally from pack-

ers and their representatives, suppliers of labeling and packaging materials, and State and local government officials having responsibility for regulation of weights and measures and the inspection of meat and poultry products.

The number and nature of comments received emphasized the importance of the subject matter involved in the proposed regulations. The Department has carefully considered all of the information presented to it in these comments and all other currently available information, and in the light thereof, now proposes, in accordance with the administrative procedure provisions in 5 U.S.C. 553, to issue the following new §§ 317.3, 317.4, and 317.15 of the regulations under the Federal Meat Inspection Act as alternatives to the corresponding proposed sections in the notice of rulemaking of August 14, 1969, and to make a related change in § 320.1 of the subchapter as hereinafter set forth.

#### § 317.3 Prior approval required for certain labeling and marking devices; conditions and procedure.

(a) (1) No device containing an official mark or simulation thereof, and no label or other labeling to be used for any product at any official establishment shall be made or caused to be made in finished form until it has been approved in sketch form as provided for in this section: *Provided, however,* That no more than 100 labels or other units of labeling may be printed in finished form if marked "Proof" before removal from the printing establishment: *And provided further,* That this section does not apply to labeling used on the outside of an immediate or shipping container under an approval in accordance with § 316.13 (g) of this subchapter. No such device or labeling shall be used for any product at any official establishment until it has been approved for such product under this section or § 316.13(g) of this subchapter.

(2) Inserts, tags, liners, pasters, and similar articles containing written, printed or graphic matter and for use on products, or on, or to be placed within, coverings or other immediate or shipping containers of products at any official establishment shall be submitted for approval in the same manner as provided for in this section for other labeling.

(b) (1) Requests for sketch approval required under paragraph (a) (1) of this section shall be made on Form CP-480<sup>1</sup> (as set forth in Appendix A to this part) and in accordance with the procedures prescribed in this section. The operator of the official establishment where the product involved is to be prepared (or his agent) shall present the completed form, with four copies of a sketch as prescribed in subparagraph (3) of this paragraph, to the program inspector under whose jurisdiction the product will be prepared. The program inspector will write any comments that he may have

<sup>1</sup> Form CP-480 filed as part of original document.

on the back of the application form and sign the form to indicate that he has verified the application. The application will then be returned to the applicant for him to forward to the Director, Technical Services Division, Consumer and Marketing Service, U.S. Department of Agriculture, Washington, D.C. 20250.

(2) Any person preparing identical products at more than one official establishment may submit applications for sketch approval required under paragraph (a) (1) of this section for such products through any of such official establishments in the following manner:

(i) The operator of the establishment through which the application is made shall submit a completed form and sketch for each product to a program inspector under whose jurisdiction such product will be prepared in at least one plant, for comment and signature by such inspector, prior to forwarding the form and sketch to the Technical Services Division for approval, as provided in subparagraph (1) of this paragraph.

(ii) The operator of the establishment applying will provide sufficient copies of the forms and sketches so that an approved copy of the form and sketch may be provided to the program inspector and the operator of each official establishment concerned for each product involved.

(3) The sketch for labeling or a device submitted for approval under this paragraph (b) shall be a representation of the finished labeling or device, showing all features, including, as appropriate, type size, colors of design and packaging, and the placement of features. In order to meet these requirements the sketch shall be presented in any form prescribed in subdivision (i), (ii), (iii), (iv), (v), (vi), or (vii) of this subparagraph, including all matter specified in the subdivision selected:

(i) A comprehensive sketch consisting of a true color reproduction of the finished labeling or device in all details; or

(ii) A semicomprehensive sketch consisting of:

(a) Velox or photostat showing actual size and location of the product name, net weight statement, illustrations, and other bold features such as brand name or serving suggestion with black line location of other features;

(b) Tissue overlays indicating color location, black line printed type and official inspection legend;

(c) Color photograph, color transparencies, or C-Print of the pictorial if one is shown on the labeling; and

(d) Color chips indicating actual colors of the finished labeling or device; or

(iii) Completed black and white artwork sketch presentation including:

(a) Finished velox or photostat of the complete black and white artwork constituting a true reproduction of the finished labeling or device in black and white;

(b) Tissue overlay indicating color location;

(c) Color photograph, color transparency, or C-Print of the pictorial if one is shown on the labeling; and

(d) Color chips indicating actual colors of the finished labeling or device; or

(iv) Color copier sketch consisting of a facsimile produced by a color photocopy machine of a sketch as described in subdivision (i) or (ii) of this subparagraph or of a finished velox or photostat as described in subdivision (iii) of this subparagraph or of previously approved finished labeling, accompanied by tissue overlays showing proposed modifications; or

(v) Previously approved finished labeling with tissue overlays showing proposed modifications; or

(vi) In the case of any lithographed labels; Metal containers, or sections therefrom shall not be submitted for approval. Paper takeoffs can be used to represent lithographed labels for approval purposes. Such paper takeoffs shall not be in the form of a negative but shall be a complete reproduction of the label as it will appear on the package, including any color scheme involved; or

(vii) In the case of fiber containers: Printed layers, such as kraft paper sheet, showing the entire label, shall be submitted for approval in lieu of the complete container.

(4) Sketches provided for in subparagraph (3) of this paragraph may have the following information shown by means of velox, photostat, or tissue overlays, submitted with a master sketch, instead of submission of a separate sketch for each product to be prepared at each official establishment involved:

(i) The official inspection legend, if the labeling or device is to be used at more than one official establishment; but the official inspection legend of each establishment must be shown with respect to the product of that establishment.

(ii) If the labeling or device is to be used for more than one product, or for one product with more than one ingredient statement, the appropriate additional features to show the differences between the products.

(5) "Rough" sketches may be submitted directly to the Washington office of the Technical Services Division for "comment" only. Comments on rough sketches are intended as an aid to operators of official establishments in developing labeling for products and are not to be considered as a substitute for the normal procedures for sketch approval described in this section.

(6) (i) Each copy of the sketch of any labeling or device being submitted for approval shall be accompanied by a completed application Form CP-480.<sup>1</sup> Copies of this form may be obtained from the Technical Services Division, Consumer and Marketing Service of the Department. The information supplied thereon by the applicant shall be treated as confidential information insofar as authorized under the provisions of 5 U.S.C. 552, 18 U.S.C. 1905, and section 407 of the Act and 15 U.S.C. 50, and the public information regulations of the Department

<sup>1</sup> Form CP-480 filed as part of original document.

of Agriculture (7 CFR 1.1 et seq. and 900.500 et seq.). All information requested must be given either in the space provided or by attaching additional sheets if necessary.

(ii) The following information must be entered by the applicant in the spaces in the application form as indicated below:

Space 1. Enter the product name as it will be shown on the labeling.

Space 2. Enter the official establishment number, in the case of domestic products, and the foreign establishment number in the case of products for importation.

Space 3. Indicate by a check mark the action requested. If application is for temporary use of any labeling, indicate the number of days needed to exhaust the existing supply of labeling already made under a prior authorization and the quantity involved.

Space 4. Specify the approval number of previously approved similar labeling or date of correspondence, if any, with the Technical Services Division relating to this application for sketch approval.

Space 5. Indicate by a check mark whether the labeling or device is for an immediate container or for a shipping container.

If the labeling or device is not for use on a container, indicate it is for "other" use, with information on exactly how it is to be used, such as "Band around product," "Placed on product," "Placed in shipping container," etc.

Space 6A. Check applicable block. If answer in space 6A was "yes," enter acceptance number in space 6B from Form CP-481. If answer in space 6A was "no," submit a complete packaging composition statement on Form CP-481 as required in space 6C.

Space 7. Specify standard can size, casing diameter carton dimensions, or analogous measurement details on other kinds of containers.

Space 8. Specify natural or artificial casings (fibrous, cellulose, etc.), films, plastics, fiberboard, or other materials.

Space 9. Enter, in square inches, the area of the "principal display panel" of the package as defined in § 317.2(d).

Space 10. Enter the net weight as shown on the label. Packing materials or substances that are not normally consumed, such as brine, vinegar, and agar agar, are not to be included in the net weight.

Space 11. Specify head space for canned products, and except for products that do not have distinct components, such as stew, chili, and soup, indicate the quantity of each major component used in filling the container. For examples: A frozen dinner is composed usually of three major distinct components, the meat and gravy or sauce portion, potatoes and vegetables. The quantity of each should be specified. "Beef and Gravy" is composed of two major components. For that product, show the quantity of cooked beef and the quantity of gravy in the finished product.

Space 12. For products that are composed of two or more major components, such as "Meatballs in Sauce," a formula shall be shown in space 12, listing the ingredients and quantity of each used in the preparation of each major component, e.g., for "Meatballs in Sauce," a statement of the ingredients, and quantity of each, used in the "Sauce" component. Approximate percentages may be given in cases where the percentages of ingredients may vary from time to time, if the limits of variations are stated. When a complex ingredient is shown in the formula, it must be explained further by showing the

common name of each ingredient therein but the quantity need not be shown for each ingredient in flavorings, colorings, spices, gravy bases, gravy mixes, sauces, seasoning mixes, and relishes. For example, show the total quantity of "flavorings" used. However, only the common name of each ingredient making up the flavoring mixture must be listed. Confidential formulations for spices, flavoring mixtures, and similar substances that have been placed on file with the Technical Services Division may be indicated in the statement of product formulations by code name or number.

For products that do not have distinctly separate components, such as stew, chili, soup, and sausage, space 12 shall be marked "N/A" (not applicable).

Space 13. Give the complete formula for the product. List all of the ingredients used in the preparation of the total product with each ingredient in its correct order of predominance and specify the quantity of each ingredient. Approximate percentages may be given in cases where the percentages of ingredients may vary from time to time, if the limits of variations are stated. List spices, flavoring and similar substances as prescribed for space 12.

Space 14. Details of preparation to be listed may be limited to the operations that may significantly affect the physical properties of the product and its status as nonadulterated, such as fabricating, cooking, curing, or smoking, with approximate times and temperatures of each operation. A brief explanation shall be included of the control measures to be used by the official establishment to insure compliance with the procedures of preparation listed.

Space 15. The date on which the application is verified by the program employee shall be inserted by such employee in space 15.

Space 16. The program employee verifying the application shall sign his name in space 16.

Space 17. The date of which the application for approval is signed by the applicant or his representative shall be entered in space 17.

Space 18. The applicant for approval or his representative shall sign his name in space 18.

(7) Samples of a product for which labeling approval is sought may be required to be furnished to enable a determination of the acceptability of the labeling proposed for the product.

(8) Sketch approval shall be contingent upon approval under § 317.4 of the packaging and other containers proposed to be used for the product.

(c) (1) All applications for the approval as required by §§ 327.14 and 327.15 of this subchapter of labeling intended for use on or with products to be imported into the United States shall be submitted to the Director, Technical Services Division, Consumer and Marketing Service, U.S. Department of Agriculture, Washington, D.C. 20250, as provided in this paragraph.

(2) The application shall be made on Form CP-480, completed in accordance with paragraph (b) (6) of this section and accompanied with three copies of a sketch as prescribed in paragraph (b) (3) and (4) of this section for each article of labeling. If the product is to be prepared in more than one foreign plant, one additional copy of the completed form and sketch shall be submitted for each such plant.

(3) Paragraph (b) (7) and (8) of this section are also applicable with respect to products for importation.

(4) Upon receipt of an approved sketch, and not before, a list of the ports of entry to which the product will be shipped, with sufficient copies of the finished labeling for distribution to the inspection office at each designated port, must be submitted to the Technical Services Division for distribution. The import inspector will not allow entry of the product until a copy of the finished labeling has been received by him.

(d) Copies of the approved application for domestic product will be mailed to the program employee at the official establishment concerned who will deliver a copy to the applicant. When applicants desire wider than usual disposition of approved copies, sufficient extra copies of the application should be provided by the applicant along with mailing or other distribution instructions. Approved applications for foreign product will be returned to the applicant. Copies will be sent to the foreign government concerned for the inspector of each plant in which the product is to be prepared. Any conditions that are applicable to the use of any labeling will be specified on the approved application.

(e) Each article of labeling or device made, or caused to be made by the applicant for approval of such labeling or device, shall conform to the approved sketch except that minor variations in color are permitted. Other deviations not specifically authorized under § 317.5 shall be submitted to the Technical Services Division for approval. Requests for temporary approval for the use of finished labeling or devices not in accordance with the approved sketch shall be submitted to the Technical Services Division for approval.

**§ 317.4 Packaging and other containers, approval required; conditions and procedure.**

(a) (1) Labeling approval for any product shall be contingent upon acceptance of a prototype of the immediate container to be used in contact with the product. Such acceptance will be conditioned upon compliance with criteria<sup>\*</sup> established by the Technical Services Division to assure that the use of the container for any product will not result in the adulteration or misbranding of the product. These criteria are designed to, among other things, exclude the use of toxic substances in or on the immediate container, classify components of containers according to the temperature under which they may safely be used, and prohibit the use of components that are adversely affected by the acidity, salinity, or other particular properties of the food product to be placed in the container. An acceptable immediate container must be safe; that is, composed entirely of materials known to be completely lacking in poisonous or deleteri-

<sup>\*</sup>A pamphlet containing such criteria may be obtained from the Technical Services Division, Consumer and Marketing Service, U.S. Department of Agriculture, Washington, D.C. 20250.

ous substances which could be transmitted to the food product contained therein under the conditions of use. It must be adequate to protect the product and must not be deceptive.

(2) The Technical Services Division shall determine the acceptability of prototypes of immediate containers in accordance with such criteria. An acceptance number will be assigned to each prototype of a container found acceptable. This acceptance number will identify the prototype as chemically acceptable for the proposed use with the proposed labeling. Such number shall be shown in space 6B on Form CP-480.

(b) (1) Application for acceptance of a prototype of an immediate container shall be made by any interested person by completing Form CP-481, "Packaging Composition Statement" and submitting it, in duplicate, to the Director, Technical Services Division, Consumer and Marketing Service, U.S. Department of Agriculture, Washington, D.C. 20250. (Form CP-481<sup>\*</sup> is set forth as Appendix B to this part and copies thereof can be obtained from the Technical Services Division, Consumer and Marketing Service of the Department.)

(2) The fabricator, manufacturer, or supplier of the immediate container must also submit sufficient information to identify all the component parts of the container. This information shall be submitted in written communication separate from Form CP-481. The communication shall set forth for each component: (i) The manufacturer's brand name or code designation of the component, (ii) a description of how the component will be used in making the container, and (iii) a list of the substances composing the component, each chemically identified; *Provided*, That a listing by brand name or code designation will constitute sufficient chemical identification if upon inquiry the applicant is advised that the Technical Services Division has prior information of the chemical composition of the component. The chemical identification must be sufficiently explicit to permit correlation with the provisions of Parts 8 and 121 of Chapter I, Title 21 of the Code of Federal Regulations promulgated by the Food and Drug Administration and with the criteria established by the Technical Services Division. Amounts of substances present in the component need be given only when limits have been established by regulations of the Food and Drug Administration. All information of a confidential or proprietary nature submitted to the Technical Services Division will be used only to evaluate the material and will be held in confidence insofar as authorized under the applicable laws and regulations cited in § 317.3(b) (6). Subsequent reference by the Department to the component will be by manufacturer's brand name or code, without identifying its chemical composition, unless otherwise required under said laws and regulations.

<sup>\*</sup>Form CP-481 filed as part of original document.

(3) The following information must be entered in the spaces in the Form CP-481 as indicated below:

*Space 1.* Enter the type or class of the product(s) to be packaged (such as raw meats, cooked sausages, sliced coldcuts, cooked meat food products).

*Space 2.* Enter the name and complete address of the fabricator, manufacturer, or supplier of the container.

*Space 3A.* State the size and type of container and how it will be used in relation to the product. Include temperature of use and whether ink or adhesive will contact product. Do not include formulation or processing details of a secret or proprietary nature.

*Space 3B.* Designate each component part of the package as to type or class, e.g., ink, adhesive, or coating. It is not unusual for a package to have more than one ink, adhesive, or coating.

*Space 3C.* Enter the name and address of the manufacturer for each of the packaging components shown in 3B.

*Space 3D.* Enter the brand name or manufacturer's code for each of the packaging components shown in 3B. Do not include secret or proprietary information.

*Space 4.* Enter the date on which the application was signed by the applicant or his representative.

*Space 5.* This space is for the signature of the applicant or his representative.

Spaces 6, 7, and 8 are reserved for use by the Washington office of the Consumer Protection Program.

(4) Each outside container used for the shipping of unfilled immediate containers to official establishments shall have legibly printed or embossed upon it the acceptance number assigned to the immediate container prototype by the Technical Services Division.

**§ 317.15 Authorization required to make labeling or other devices bearing official marks.**

(a) No person shall cast, print, lithograph, or otherwise make or cause to be made, any labeling or other device, bearing any official mark, or simulation thereof, except as authorized by the Administrator as provided for in this section or in § 317.3(a).

(b) Upon approval of a sketch under § 317.3 the operator of the official establishment involved is authorized to make or cause to be made labeling or other devices, bearing official marks, in accordance with the approved sketch. The operator of the official establishment shall supply a copy of the approved sketch to the manufacturer from which the approved labeling or device is to be obtained. Records identifying the labeling and devices, bearing official marks, which were ordered and received and the disposition of such articles shall be maintained by the operator of the official establishment as provided in Part 320 of this subchapter. Such records shall include the official approval number issued for each article of labeling or device, the identity of the manufacturer, the quantity ordered and the quantity received, and the disposition of the articles.

(c) (1) Labeling and other devices, bearing any official mark, may be made only by a manufacturer authorized to make such articles under this paragraph.

Any person desiring to cast, print, lithograph or otherwise make labeling or devices, bearing any official inspection mark, shall apply for annual authorization to make such articles, by letter addressed to the Technical Services Division, Consumer and Marketing Service, U.S. Department of Agriculture, Washington, D.C. 20250. A new application shall be made for such an authorization for each fiscal year (July 1 through June 30) and shall state the name and address of the applicant and the nature of the business conducted by the applicant. The Technical Services Division will issue such authorization to any such applicant and assign a registration number for labeling or devices to be made by the applicant. The manufacturer of such labeling or devices shall show the registration number so assigned to him, in legible letters of not less than one-eighth inch, on an outer edge of each article of labeling printed or lithographed, and shall permanently apply such number to each device made by him, which bears any official mark or simulation thereof, and shall maintain, as provided in Part 320 of this subchapter, records as required in this paragraph relative to the manufacture of such labeling and devices. Such records shall show the identity of each different article of labeling or device so made by the manufacturer, the quantity of such labeling or devices so made, and the disposition made of such articles by the manufacturer; and shall also include the authorization from the Technical Services Division to make such articles and copies of all approved sketches received from the operators of the official establishments for the manufacture of such articles. The manufacturer of any such labeling or devices shall afford to the authorized representatives of the Secretary, upon their request, an opportunity to inspect and copy such records during regular hours of business.

(2) Authorization to make any labeling or other device issued to any manufacturer under this section may be withdrawn if it is found by the Administrator, after notice and opportunity to present views are afforded to such manufacturer, that the manufacturer has failed to comply with any requirement of this paragraph or has made or delivered any such labeling or device to any person who was not authorized under paragraph (b) of this section to receive such articles.

Section 320.1 of the regulations would be amended by adding at the end thereof the following:

**§ 320.1 Records required to be kept.**

(c) The operator of each official establishment, and the manufacturer of any labeling or other device bearing any official inspection mark, shall also maintain the records required by § 317.15 of this subchapter.

Any person who wishes to submit written data, views, or arguments concerning the proposed amendments may

do so by filing them, in duplicate, with the Hearing Clerk, U.S. Department of Agriculture, Washington, D.C. 20250, within 60 days after the date of publication of this notice in the FEDERAL REGISTER. All written submissions made pursuant to this notice will be made available for public inspection at the office of the Hearing Clerk during regular business hours and in a manner convenient to the public business (7 CFR 1.27(b)). Comments on the proposal should bear a reference to the date and page number of this issue of the FEDERAL REGISTER. Persons desiring opportunity for oral presentation of views should address such requests to the Technical Services Division, Consumer and Marketing Service, U.S. Department of Agriculture, Washington, D.C. 20250, so that arrangements may be made for presentation of such views within the 60-day period. A transcript of all views orally presented will be made and filed in the office of the Hearing Clerk for public inspection during regular office hours in a manner convenient to the public business (7 CFR 1.27(b)).

Done at Washington, D.C., on December 14, 1970.

**ON-THE-JOB TRAINING PROGRAM REGULATIONS**

**Proposed Waiver Provision**

Notice is hereby given that, pursuant to the authority of 42 U.S.C. 2587, the Department of Labor proposes to amend § 20.21 of Title 29 of the Code of Federal Regulations by amending paragraph (a) to read as follows:

**§ 20.21 Requirements for agreements for on-the-job training.**

Prior to entering into an agreement with a training facility it shall first be determined that there is:

(a) Joint agreement to the training program and the wage scale by the training facility and the bargaining agent where there is a collective bargaining agreement applicable to the establishment and the occupation; provided, that the Secretary may waive the requirements of this paragraph when, in his judgment, such a waiver is reasonably necessary for the establishment of a training program pursuant to an affirmative action plan approved as meeting the requirements of Executive Order 11246 (30 F.R. 12319) or Title VII of the Civil Rights Act of 1964 (42 U.S.C. 2000(e)).

(Section 207, 76 Stat. 29; 42 U.S.C. 2587)

Interested persons are invited to submit written comments regarding the proposed amendment to Mr. Malcolm R. Lovell, Assistant Secretary for Manpower, Department of Labor, Washington, D.C. 20210, within 30 days after date of publication of this notice in the FEDERAL REGISTER.

Signed at Washington, D.C., this 14th day of December 1970.

**DEPARTMENT OF TRANSPORTATION**

**Hazardous Materials Regulations Board**

[ 49 CFR Part 173 ]

[Docket No. HM-72; Notice No. 70-27]

**TRANSPORTATION OF HAZARDOUS MATERIALS**

**Phosphorus Oxychloride in Cargo Tanks**

The Hazardous Materials Regulations Board is considering amending the Department's Hazardous Materials Regulations to confirm that phosphorus oxychloride may be transported in MC 310, MC 311, and MC 312 cargo tanks fabricated wholly of type 316 stainless steel. In so doing, it is also proposed to combine current paragraph (a) (8), (13), (14), and (15) of 49 CFR 173.271 into a new paragraph (a) (8) for consistency and clarification. Also, it is proposed to clarify the cargo tank cladding thickness requirement.

This proposal is based, in part, upon a petition submitted by the Bureau of Explosives, Association of American Railroads at the request of the Manufacturing Chemists Association, Inc. Presently, § 173.271(a)(13) prescribes the use of these specification cargo tanks when tanks are clad with a minimum of 20 percent type 316 stainless steel. Earlier, because ambiguous language implied that only such tanks clad with the subject steel are authorized, special permits were issued to accommodate tanks made wholly of type 316 stainless steel. Subsequent thereto, and upon further consideration, it was determined administratively that cargo tanks made wholly of type 316 stainless steel qualify for use under the words authorizing cargo tanks with a minimum of 20 percent cladding. The change proposed herein clarifies the application of that determination.

It is intended that the 20 percent minimum thickness factor be directed to the thickness of the cladding material which is the product of multiplying the design thickness of the tank's parent metal times 0.2. The thickness of the cladding material is not to be considered an integral part of the parent metal thickness but an addition thereto.

In consideration of the foregoing, it is proposed to amend 49 CFR Part 173:

In § 173.271 paragraph (a)(8) would be amended; paragraph (a)(13), (14), and (15) would be canceled as follows:

§ 173.271 Phosphorus oxybromide, phosphorus oxychloride, phosphorus trichloride, and thiophosphoryl chloride.

(a) \* \* \*

(8) Specification MC 310,<sup>1</sup> MC 311,<sup>1</sup> or MC 312 (§§ 178.340, 178.343 of this chapter).

Tank motor vehicles, subject to the following conditions:

(i) Lead-lined or nickel-lined tanks. If nickel-lined, the lining must consist of at least  $\frac{1}{32}$ -inch of uncontaminated nickel at all points including rivets, welds and other joints, and edges of tank plates.

(ii) Tanks clad with type 316 stainless steel having minimum thickness of 0.2 times the design thickness of the parent metal. Authorized only for phosphorus oxychloride.

(iii) Tanks made from type 304 or 347 stainless steel. Authorized only for phosphorus trichloride.

(iv) Tanks made from type 316 stainless steel. Authorized only for phosphorus oxychloride and phosphorus trichloride.

(v) Specification MC 311<sup>1</sup> or MC 312 tank motor vehicles only. Tanks must be constructed of nickel at least 99 percent pure with all cast metal parts of the tank in contact with the lading having a minimum nickel content of approximately 96.7 percent. Authorized only for phosphorus oxychloride and phosphorus trichloride.

(15) [Canceled]

Interested persons are invited to give their views on this proposal. Communications should identify the docket number and be submitted in duplicate to the Secretary, Hazardous Materials Regulations Board, Department of Transportation, 400 Sixth Street SW., Washington, DC 20590. Communications received on or before February 2, 1971, will be considered before final action is taken on the proposal. All comments received will be available for examination by interested persons at the Office of the Secretary, Hazardous Materials Regulations Board both before and after the closing date for comments.

This proposal is made under the authority of sections 831-835 of title 18, United States Code, and section 9 of the Department of Transportation Act (49 U.S.C. 1657).

<sup>1</sup> Use of existing cargo tanks authorized, but tanks of new construction not authorized for use.

## ATOMIC ENERGY COMMISSION

10 CFR Parts 2, 20, 30, 40, 50, 55,  
70, 71, 73, 150 1

### CIVIL PENALTIES

#### Notice of Proposed Rule Making

The Atomic Energy Commission has under consideration amendments to its rules of practice, 10 CFR Part 2, which would implement section 4 of Public Law 91-161 (83 Stat. 444). That legislation, which became effective December 24, 1969, added a new section 234 to the Atomic Energy Act of 1954, as amended, which provides that any person who (1) violates any licensing provision of section 53, 57, 62, 63, 81, 82, 101, 103, 104, 107, or 109 of the Act, or any rule, regulation or order issued thereunder, or any term, condition, or limitation of any license issued thereunder, or (2) commits any violation for which a license may be revoked under section 186, shall be subject to a civil penalty, to be imposed by the Commission, of not to exceed \$5,000 for each such violation, with a total penalty of \$25,000 payable by any person for all violations occurring within a period of 30 consecutive days.

The proposed amendments set forth below set out the procedures which the Commission will follow in imposing civil penalties. In compliance with the legislation, the proposed amendments to Part 2 provide that the Commission will give notice of violation and the amount of the proposed penalty, and opportunity to show in writing why the penalty should not be imposed, or why it should be mitigated. Although not required by Public Law 91-161, the proposed amendments would provide for a hearing if requested by the person charged with violation. Upon conclusion of the hearing, or consideration of the matters raised by the answer to the notice of violation, an order would be issued dismissing the proceeding or imposing, compromising, mitigating or remitting a civil penalty. If no answer is filed to the notice of violation, an order imposing the civil penalty in the amount set forth in the notice of violation would be issued. Provisions would also be made for compromising the penalty.

The proposed amendments also provide that if any civil penalty imposed is not paid within 10 days of service of the above described orders, the matter may be referred to the attorney general for collection. Subsection 234c of the Act authorizes the Attorney General to institute a civil action to collect penalties imposed pursuant to section 234. Conforming amendments to Parts 20, 30, 40, 50, 55, 70, 71, 73, and 150 are also proposed.

Pursuant to the Atomic Energy Act of 1954, as amended, and section 553 of title 5 of the United States Code, notice is hereby given that adoption of the following amendments to 10 CFR Parts 2, 20, 30, 40, 50, 55, 70, 71, 73, and 150 is contemplated. All interested persons who desire to submit written comments or suggestions for consideration in connection with the proposed amendments should send them to the Secretary of the Commission, U.S. Atomic Energy Commission, Washington, D.C. 20545, Attention: Chief, Public Proceedings Branch, within 60 days after publication of this notice in the FEDERAL REGISTER. Comments received after that period will be considered if it is practicable to do so, but assurance of consideration cannot be given except as to comments filed within the period specified. Copies of comments received by the Commission may be examined at the Commission's Public Document Room, 1717 H Street NW., Washington, DC.

1. Section 2.1 of 10 CFR Part 2 is amended to read as follows:

#### § 2.1 Scope.

This part governs the conduct of all proceedings under the Atomic Energy Act of 1954, as amended, for (a) granting, suspending, revoking, amending, or taking other action with respect to any license, authorization, construction permit, or application to transfer a license; (b) imposing civil penalties under section 234 of the Act; (c) public rulemaking; and (d) declaring a patent to be affected with the public interest, and the granting of a patent license under section 153 of the Act, but excluding all other patent matters.

2. The heading of Subpart B of 10 CFR Part 2 is amended to read as follows:

#### Subpart B—Procedure for Imposing Requirements by Order, or for Modification, Suspension, or Revocation of a License, or for Imposing Civil Penalties

3. Section 2.200 of 10 CFR Part 2 is amended to read as follows:

#### § 2.200 Scope of subpart.

(a) This subpart prescribes the procedure in cases initiated by the regulatory staff to impose requirements by

order on a licensee or to modify, suspend or revoke a license, or for such other action as may be proper.

(b) This subpart also prescribes the procedures in cases initiated by the regulatory staff to impose civil penalties pursuant to section 234 of the Act.

4. A new § 2.205 is added to 10 CFR Part 2 to read as follows:

**§ 2.205 Civil penalties.**

(a) Before instituting any proceeding to impose a civil penalty under section 234 of the Act, the Director of Regulation shall serve a written notice of violation upon the person charged. This notice may be included in a notice issued pursuant to § 2.201. The notice of violation shall specify the date or dates, facts, and the nature of the alleged act or omission with which the person in charged, and shall identify specifically the particular provision or provisions of the law, rule, regulation, license, permit or cease and desist order involved in the alleged violation and shall state the amount of each penalty which the Director of Regulation proposes to impose. The notice of violation shall also advise the person charged that the civil penalty may be paid in the amount specified therein, or the proposed imposition of the civil penalty may be protested in its entirety or in part, by a written answer, either denying the violation, or showing extenuating circumstances. The notice of violation shall advise the person charged that upon failure to pay a civil penalty subsequently determined by the Commission, if any, the penalty may be collected by civil action pursuant to section 234c. of the Act.

(b) Within twenty (20) days of the date of a notice of violation or other time specified in the notice, the person charged may either pay the penalty in the amount proposed or answer the notice of violation. The answer to the notice of violation shall state any facts, explanations, and arguments, denying the charges of violation, or demonstrating any extenuating circumstances, error in the notice of violation, or other reason why the penalty should not be imposed and may request remission or mitigation of the penalty. The person charged may request a hearing. If a hearing is requested, the answer must so state.

(c) The Director of Regulation may compromise any civil penalty.

(d) If the answer requests a hearing, the Commission will, within ten (10) days after receipt of the answer, issue an order designating the time and place of hearing.

(e) If a hearing is held, an order will be issued after the hearing by a presiding officer or the Commission dismissing the proceeding or imposing, mitigating, or remitting the civil penalty. If the person charged with violation fails to answer within the time specified in paragraph (b) of this section, the Director of Regulation will issue an order imposing the civil penalty in the amount set forth in the notice of violation described in paragraph (a) of this section. If no hearing

has been requested, the Director of Regulation, upon consideration of the answer to a notice of violation, will issue an order dismissing the proceeding or imposing, compromising, mitigating, or remitting the civil penalty.

(f) If the civil penalty is not remitted by the Commission and if payment is not made within ten (10) days following the service of the order described in paragraph (e) of this section, the Director of Regulation may refer the matter to the Attorney General for collection.

(g) Except when payment is made after compromise or mitigation by the Department of Justice or as ordered by a court of the United States, following reference of the matter to the Attorney General for collection, payment of civil penalties imposed under section 234 of the Act shall be made by check, draft or money order payable to the Treasurer of the United States, and mailed to the Director of Regulation.

5. Section 20.601 of 10 CFR Part 20 is amended to read as follows:

**§ 20.601 Violations.**

An injunction or other court order may be obtained prohibiting any violation of any provision of the Act or any regulation or order issued thereunder. A court order may be obtained for the payment of a civil penalty imposed pursuant to section 234 of the Act for violation of section 53, 57, 62, 63, 81, 82, 101, 103, 104, 107, or 109 of the Act or any rule, regulation or order issued thereunder, or any term, condition or limitation of any license issued thereunder, or for any violation for which a license may be revoked under section 186 of the Act. Any person who willfully violates any provision of the Act or any regulation or order issued thereunder may be guilty of a crime and, upon conviction, may be punished by fine or imprisonment or both, as provided by law.

6. Section 30.63 of 10 CFR Part 30 is amended to read as follows:

**§ 30.63 Violations.**

An injunction or other court order may be obtained prohibiting any violation of any provision of the Act or any regulation or order issued thereunder. A court order may be obtained for the payment of a civil penalty imposed pursuant to section 234 of the Act for violation of section 53, 57, 62, 63, 81, 82, 101, 103, 104, 107, or 109 of the Act or any rule, regulation or order issued thereunder, or any term, condition or limitation of any license issued thereunder, or for any violation for which a license may be revoked under section 186 of the Act. Any person who willfully violates any provision of the Act or any regulation or order issued thereunder may be guilty of a crime and, upon conviction, may be punished by fine or imprisonment or both, as provided by law.

7. Section 40.81 of 10 CFR Part 40 is amended to read as follows:

**§ 40.81 Violations.**

An injunction or other court order may be obtained prohibiting any viola-

tion of any provision of the Act or any regulation or order issued thereunder. A court order may be obtained for the payment of a civil penalty imposed pursuant to section 234 of the Act for violation of section 53, 57, 62, 63, 81, 82, 101, 103, 104, 107, or 109 of the Act, or any rule, regulation or order issued thereunder, or any term, condition or limitation of any license issued thereunder, or for any violation for which a license may be revoked under section 186 of the Act. Any person who willfully violates any provision of the act or any regulation or order issued thereunder may be guilty of a crime and, upon conviction, may be punished by fine or imprisonment or both, as provided by law.

8. Section 50.110 of 10 CFR Part 50 is amended to read as follows:

**§ 50.110 Violations.**

An injunction or other court order may be obtained prohibiting any violation of any provision of the Act or any regulation or order issued thereunder. A court order may be obtained for the payment of a civil penalty imposed pursuant to section 234 of the Act for violation of section 53, 57, 62, 63, 81, 82, 101, 103, 104, 107, or 109 of the Act or any rule, regulation or order issued thereunder, or any term, condition or limitation of any license issued thereunder, or for any violation for which a license may be revoked under section 186 of the Act. Any person who willfully violates any provision of the Act or any regulation or order issued thereunder may be guilty of a crime and, upon conviction, may be punished by fine or imprisonment or both, as provided by law.

9. Section 55.50 of 10 CFR Part 55 is amended to read as follows:

**§ 55.50 Violations.**

An injunction or other court order may be obtained prohibiting any violation of any provision of the Act or any regulation or order issued by the Commission under the Act. A court order may be obtained for the payment of a civil penalty imposed pursuant to section 234 of the Act for violation of section 53, 57, 62, 63, 81, 82, 101, 103, 104, 107, or 109 of the Act or any rule, regulation or order issued thereunder, or any term, condition or limitation of any license issued thereunder, or for any violation for which a license may be revoked under section 186 of the Act. Any person who willfully violates any provision of the Act or of the regulations in this part, may be guilty of a crime and, upon conviction, may be punished by fine or imprisonment or both, as provided by law.

10. Section 70.71 of 10 CFR Part 70 is amended to read as follows:

**§ 70.71 Violations.**

An injunction or other court order may be obtained prohibiting any violation of any provision of the Act or any regulation or order issued thereunder. A court order may be obtained for the payment of a civil penalty imposed pursuant to section 234 of the Act for violation of section 53, 57, 62, 63, 81, 82, 101, 103, 104, 107, or 109 of the Act or any

rule, regulation or order issued thereunder, or any term, condition, or limitation of any license issued thereunder, or for any violation for which a license may be revoked under section 186 of the Act. Any person who willfully violates any provision of the Act or any regulation or order issued thereunder may be guilty of a crime and, upon conviction, may be punished by fine or imprisonment or both, as provided by law.

11. Section 71.64 of 10 CFR Part 71 is amended to read as follows:

**§ 71.64 Violations.**

An injunction or other court order may be obtained prohibiting any violation of any provision of the Act or any regulation or order issued thereunder. A court order may be obtained for the payment of a civil penalty imposed pursuant to section 234 of the Act for violation of section 53, 57, 62, 63, 81, 82, 101, 103, 104, 107, or 109 of the Act or any rule, regulation or order issued thereunder, or any term, condition or limitation of any license issued thereunder, or for any violation for which a license may be revoked under section 186 of the Act. Any person who willfully violates any provision of the Act or any regulation or order issued thereunder may be guilty of a crime, and upon conviction, may be punished by fine or imprisonment or both, as provided by law.

12. An undesignated centerhead "Enforcement" is added to 10 CFR Part 73 following § 73.42.

13. A new § 73.51 is added to 10 CFR Part 73 to read as follows:

**§ 73.51 Violations.**

An injunction or other court order may be obtained prohibiting any violation of any provision of the Act or any regulation or order issued thereunder. A court order may be obtained for the payment of a civil penalty imposed pursuant to section 234 of the Act for violation of section 53, 57, 62, 63, 81, 82, 101, 103, 104, 107, or 109 of the Act or any rule, regulation or order issued thereunder, or any term, condition or limitation of any license issued thereunder, or for any violation for which a license may be revoked under section 186 of the Act. Any person who willfully violates any provision of the Act or any regulation or order issued thereunder may be guilty of a crime and, upon conviction, may be punished by fine or imprisonment or both, as provided by law.

14. Section 150.30 of 10 CFR Part 150 is amended to read as follows:

**§ 150.30 Violations.**

An injunction or other court order may be obtained prohibiting any violation of any provision of the Act or any regulation or order issued thereunder. A court order may be obtained for the payment of a civil penalty imposed pursuant to section 234 of the Act for violation of section 53, 57, 62, 63, 81, 82, 101, 103, 104, 107, or 109 of the Act or any rule, regulation or order issued thereunder, or any term, condition or

limitation of any license issued thereunder, or for any violation for which a license may be revoked under section 186 of the Act. Any person who willfully violates any provision of the Act or any regulation or order issued thereunder may be guilty of a crime and, upon conviction, may be punished by fine or imprisonment or both, as provided by law.

### UNIFORM SYSTEMS OF ACCOUNTS, FOR NATURAL GAS COMPANIES AND ANNUAL REPORT FORM

#### Date for Submission of Responses

DECEMBER 9, 1970.

Revision in uniform systems of accounts, for natural gas companies (Classes A, B, C, and D) and Annual Report Form No. 2 to adopt full-cost accounting for exploration and development costs incurred by pipeline companies on natural gas leases acquired on or after October 7, 1969.

On November 6, 1970, Arthur Andersen & Co. petitioned the Commission to permit interested parties to submit responses to any data, views comments or suggestions which are submitted in the above designated notice of proposed rule making.

Upon consideration, notice is hereby given that interested parties may submit responses by May 20, 1971, to the data, views or comments to be filed April 30, 1971, to the notice of proposed rule making issued October 5, 1970 (35 F.R. 15939), in the above designated matter

By direction of the Commission.

### TRUTH IN LENDING

#### Delay of Performance in Agricultural Credit Transactions Subject to the Right of Rescission

Pursuant to the authority contained in the Truth in Lending Act (15 U.S.C.

1601), the Board of Governors is considering amending § 226.9(c) of Part 226 to read as follows:

#### § 226.9 Right to rescind certain transactions.

(c) *Delay of performance.* Except as provided in paragraph (e) of this section, the creditor in any transaction subject to this section, other than an extension of credit primarily for agricultural purposes, shall not perform, or cause or permit the performance of, any of the following actions until after the rescission period has expired and he has reasonably satisfied himself that the customer has not exercised his right of rescission:

(1) Disburse any money other than in escrow;

(2) Make any physical changes in the property of the customer;

(3) Perform any work or service for the customer; or

(4) Make any deliveries to the residence of the customer if the creditor has retained or will acquire a security interest other than one arising by operation of law.

The amendment consists of the insertion of the words "other than an extension of credit primarily for agricultural purposes." The purpose of the amendment is to permit farmers to obtain money, goods, or services in agricultural credit transactions involving the right of rescission without being obliged to wait until the expiration of the rescission period.

To aid in the consideration of this matter by the Board, interested persons are invited to submit relevant data, views, or arguments. Any such material should be submitted in writing to the Secretary, Board of Governors of the Federal Reserve System, Washington, D.C. 20551, to be received not later than January 18, 1971. Such material will be made available for inspection and copying upon request, except as provided in § 261.6(a) of the Board's rules regarding availability of information.

### SMALL BUSINESS SIZE STANDARDS

#### Ammunition Industry

Notice is hereby given that the Administrator of the Small Business Administration proposes to amend Part 121 of Chapter I of Title 13 of the Code of Federal Regulations by establishing new

definitions of a small business in Standard Industrial Classification Industry No. 1929, Ammunition, Except for Small Arms, Not Elsewhere Classified, for the purpose of Government procurement and SBA loans.

The currently effective size standards for this industry are 500 employees for the purpose of Government procurement, and 250 employees for the purpose of SBA loans.

Based on an analysis of statistics for this industry obtained from the Bureau of the Census, and a review of ammunition procurements at major Department of Defense procurement centers, we have determined that the number of qualified eligible small manufacturers of this kind of ammunition has diminished considerably in recent years due in large part to mergers and acquisitions. In view of the above, we have concluded that the procurement size standard for SIC Industry 1929 should be raised to 1,500 employees, and that the SBA loan size standard for such industry should be increased to 1,000 employees.

Interested persons may file with the Small Business Administration within 15 days after publication of this proposal in the FEDERAL REGISTER, written statements of facts, opinions or arguments concerning the proposal.

All correspondence should be addressed to:

Associate Administrator for Procurement and Management Assistance, Small Business Administration, 1441 L Street NW., Washington, DC 20416, Attention: Size Standards Staff.

It is proposed to amend the regulation as follows:

1. Schedule B of Part 121 of Chapter I of Title 13 of the Code of Federal Regulations is hereby further amended by revising the size standard for Industry No. 1929, Ammunition, Except for Small Arms, Not Elsewhere Classified, to read as follows:

Census classification code	Industry	Employment size standard (number of employees)
1929	Ammunition, except for small arms, n.e.c.	1,500

2. Schedule A of Part 121 of Chapter I of Title 13 of the Code of Federal Regulations is hereby further amended by revising the size standard for Industry No. 1929, Ammunition, Except for Small Arms, Not Elsewhere Classified, to read as follows:

Census classification code	Industry or class of products	Employment size standard (number of employees)
1929	Ammunition, except for small arms, n.e.c.	1,000

Dated: December 4, 1970.

### UNIFORM SYSTEM OF ACCOUNTS FOR RAILROAD COMPANIES

#### Notice of Proposed Rule Making

NOVEMBER 25, 1970.

Notice is hereby given pursuant to the provisions of section 553 of the Administrative Procedure Act that the Commission has under consideration proposed amendment of the Uniform System of Accounts for Railroad Companies, to be effective as of January 1, 1970, with regard to the availability and retention of records supporting transactions with affiliated companies, other than those related to ordinary railroad operations.

The proposed instruction will require carriers to maintain a separate file of records sufficient to support such transactions with affiliated companies. The records required to be retained and made available for examination would help the Commission in determining whether such transactions are detrimental to the interests of the carrier, thereby affecting the economy and efficiency of the carrier's service.

It is proposed to add instruction 1-10 to read as follows:

1-10 *Transactions with affiliated companies.* Each carrier shall maintain a separate file of records on all transactions with affiliated companies pertaining to the sale or transfer of assets, dividends, allocation of income taxes and similar items. It is not intended that the file include data relating to ordinary railroad operation such as lawful tariff charges, interchange of equipment and similar items.

The file maintained pursuant to this instruction shall be kept in such a manner as to enable the carrier to furnish accurately and expeditiously information and supporting documentation relating to the transactions. Transactions with affiliated companies shall be entered in the appropriate accounts for transactions of the same nature. Nothing herein contained, however, shall be construed as restraining the carrier from subdividing accounts for the purpose of recording separately transactions with affiliated companies.

Any party desiring to make representation in favor of or against the proposed change may do so through submission of written data, views or comments for consideration. An original and five copies of any such representation must be filed with the Secretary of the Interstate Commerce Commission, Washington, D.C. 20423, within 30 days after publication of this notice in the FEDERAL REGISTER. The Commission will consider all such responses and representations before deciding this matter, after which such order as may be found appropriate will be entered.

Notice shall be given railroad companies hereby affected and to the general public by depositing this notice in the Office of the Secretary of the Commission at Washington, D.C., and by filing this notice with the Director, Office of the Federal Register.

### ANNUAL REPORTS OF CLASS I RAILROAD COMPANIES

#### Notice of Proposed Rule Making

NOVEMBER 25, 1970.

Notice is hereby given pursuant to the provisions of section 553 of the Administrative Procedure Act that the Commission has under consideration revision of annual reports of class I railroad companies (49 CFR 1241.11) so as to require the reporting of additional data relating to transactions between the carriers and their affiliates, and additional financial data on Federal income taxes and sources and application of funds, effective with reports for the year ending December 31, 1970.

The Commission proposes to revise and replace certain schedules, instructions and requirements of Railroad Annual Report Form A with revised schedules, instructions and requirements; and, add new schedules<sup>1</sup> with related instructions and requirements as follows:

1. Replace Schedule 104A, Corporations Controlled by Respondent Other Than Through Title to Securities, Schedule 104B, Corporations Indirectly Controlled by Respondent, and Schedule 108, Corporate Control Over Respondent, and related instructions and requirements, with revised Schedule 104A, Companies Controlled by Respondent, revised Schedule 104B, Companies Indirectly Controlled by Respondent, new Schedule 104C, Companies Under Common Control with Respondent, and new Schedule 104D, Companies Controlling Respondent, and related instructions and requirements. Schedule 108A, Stockholders Reports, will be retained and renumbered to conform with the revised annual report.

2. Schedule 200, Comparative General Balance Sheet-Explanatory Notes, is revised to require additional information relating to pension fund accounting and administration.

3. Replace Schedule 350C, Analysis of Federal Income Taxes, and related instruction 2 of Schedule 350, with Schedule 351, Reconciliation of Reported Net Income with Taxable Income for Federal Income Taxes, Schedule 352, Computation of Federal Income Taxes, and

<sup>1</sup> Filed as part of the original document.

Schedule 353, Consolidated Federal Income Tax Information, and related instructions and requirements.

4. Introduce new Schedule 397, Statement of Source and Application of Funds During the Year.

5. Revise Schedule 563, Payments for Services Rendered by Other Than Employees, and related instructions, to specifically eliminate services rendered by affiliates. This information will be reported, together with other transactions between affiliated companies in new Schedule 564, Transactions Between Respondent and Companies or Persons Affiliated with Respondent for Services Received or Provided, Schedule 565, Other Transactions Between Respondent and Companies or Persons Affiliated with Respondent, and Schedule 566, Transactions Between Noncarrier Subsidiaries of Respondent and Other Affiliated Companies or Persons, and related instructions and requirements. Modify instructions to Schedule 562.

6. Schedule 581, Contracts, Agreements, Etc., is revised to require information on the routing of affiliates' traffic.

The proposed schedules and explanatory notes will facilitate the proper interpretation of financial statements and the disclosure of data deemed essentially related to the establishment and maintenance of reasonable charges for transportation services, to the promotion of adequate and efficient service and to the fostering of sound economic conditions in the railroad industry.

Any party desiring to make representations in favor of or against the proposed changes may do so through submission of written data, views, or comments for consideration. An original and five copies of such representations must be filed with the Secretary of the Interstate Commerce Commission, Washington, D.C. 20423, within 30 days after publication of this notice in the FEDERAL REGISTER. The Commission will consider all such responses and representations before deciding this matter, after which such order as may be found appropriate will be entered.

Notice shall be given railroad companies hereby affected subject to the provision of Part I of the Interstate Commerce Act, and the general public by depositing a copy of this notice in the Office of the Secretary of the Commission at Washington, D.C., and by filing a copy with the Director, Office of the Federal Register. Copies of the proposed reporting forms may be procured from the Commission by any interested parties.

## ANNUAL REPORTS OF CLASS I RAILROAD COMPANIES

### Notice of Proposed Rule Making

NOVEMBER 25, 1970.

Notice is hereby given pursuant to the provisions of section 553 of the Administrative Procedure Act that the Commission has under consideration proposed amendments to the reporting requirements of class I railroad companies (49 CFR 1241.11) so as to require the submission of a report from an independent accountant attesting to the conformity of certain schedules in the Railroad Annual Report Form A with the relevant accounting requirements of the Commission, effective with reports for the year ending December 31, 1971.

The proposed change is designed to supplement existing Commission compliance procedures and improve the Commission's effectiveness in interpreting financial data which is deemed essential to the establishment and maintenance of reasonable charges for transportation services. The proposed rule implements the Commission's accounting responsibilities by facilitating an early resolution of questionable accounting procedures. The independent certification of certain schedules of Annual Report Form A would provide the Commission, and affected carriers, annual checks of compliance with the accounting and reporting requirements. For most carriers this will be accomplished largely within the framework of the present annual examination by an independent accountant.

Accordingly, it is proposed to amend the applicable section of the reporting regulations for class I railroad companies and amend the General Instructions to Annual Report Form A. The proposed revisions are set forth below and made a part of this notice.

Any party desiring to make representations in favor of or against the proposed changes may do so through submission of written data, views, or comments for consideration. The original and five copies of such representations must be filed with the Secretary of the Interstate Commerce Commission, Washington, D.C. 20423, within 30 days after publication of this notice in the FEDERAL REGISTER. The Commission will consider all such responses and representations before deciding this matter, after which such order as may be found appropriate will be entered.

Notice will be given railroad companies hereby affected and to the general public by depositing this notice in the Office of the Secretary of the Commission at Washington, D.C., and by filing this notice with the Director, Office of the Federal Register.

(Secs. 12, 20, 24, Stat. 383, 386, as amended, 49 U.S.C. 12, 20)

By the Commission.

[SEAL] ROBERT L. OSWALD,  
Secretary.

### DETAILED STATEMENT OF PROPOSED RULE

*Item No. 1.* The text of § 1241.11 is redesignated § 1241.11(a); and, § 1241.11 is amended by adding paragraphs (b), (c), and (d) as follows:

§ 1241.11 Form prescribed for class I railroads.

(b) All class I railroad companies shall secure, for the year 1971 and each year thereafter, the services of an independent public accountant, certified or licensed by a regulatory authority of a State or other political subdivision of the United States, to test compliance in all material respects, of those schedules as are indicated in the General Instructions set out in Annual Report Form A, with the Commission's Uniform System of Accounts for Railroad Companies, with orders issued by the Commission and with other accounting as prescribed in publications issued by the Commission. The Commission expects the identification of questionable matters by the independent public accountant will facilitate their early resolution and that the independent public accountant will seek advisory rulings by the Commission on such items. This examination shall be deemed supplementary to the periodic compliance audits of the Commission.

(c) Each class I railroad company shall file with its Annual Report Form A a letter or report of the independent public accountant certifying compliance with the Commission's accounting requirements. The letter or report shall cover the subjects and be in the form prescribed in the General Instructions of the annual report. The letter or report shall also set forth which, if any, of the examined schedules do not conform to the Commission's requirements and shall describe the discrepancies that exist. The Commission, however, shall not be bound by the opinion of the independent public accountant as set forth in the letter or report.

(d) The Commission will not recognize any public accountant who is not in fact independent. An accountant will not be considered independent with respect to any company if he has, or had during the period of the report, any direct financial interest or any material indirect financial interest in the company, its parents, subsidiaries or other affiliates. The Commission will determine the fact of independence by considering all the relevant circumstances including evidence bearing on the relationships between the accountant and the company or any affiliate thereof.

*Item No. 2.* The Annual Report Form A is amended by adding the following general instruction to read as follows:

The respondent shall file together with this form a letter or report signed by an independent public accountant, certified or licensed by a regulatory authority of a State or other political subdivision of the United States, attesting to the conformity, in all material respects, of the following schedules in this report with the Commission's accounting requirements.

### PIG IRON FROM CANADA

#### Withholding of Appraisal Notice

Information was received on February 3, 1969, that pig iron from Canada was being sold at less than fair value within the meaning of the Antidumping Act, 1921, as amended (19 U.S.C. 160 et seq.) (referred to in this notice as "the Act"). This information was the subject of an "Antidumping Proceeding Notice" which was published in the *FEDERAL REGISTER* of September 6, 1969, on page 14136. The "Antidumping Proceeding Notice" indicated that there was evidence on record concerning injury to or likelihood of injury to or prevention of establishment of an industry in the United States.

Pursuant to section 201(b) of the Act (19 U.S.C. 160(b)), notice is hereby given that there are reasonable grounds to believe or suspect that the purchase price (section 203 of the Act; 19 U.S.C. 162) of such pig iron from Canada is less, or likely to be less, than the foreign market value (section 205 of the Act; 19 U.S.C. 164).

*Statement of reasons.* Three manufacturers were found to be exporting pig iron to the United States.

Sales to the United States appear to be made to unrelated parties within the meaning of section 207 of the Act (19 U.S.C. 166).

There appears to be sufficient quantities of such or similar merchandise sold in the home market to furnish a basis of comparison.

Accordingly, purchase price will probably be compared with the adjusted home market price of such or similar merchandise.

In the case of one exporter, less than 25 percent of its merchandise was sold in the home market. Accordingly, in this case purchase price will probably be compared with the price at which such or similar merchandise is sold for consumption in Canada by a Canadian exporter whose volume of sales in the home market is 25 percent or more of the quantity sold by such exporter, other than for exportation to the United States.

Purchase price will probably be computed by deducting from the delivered, or delivered duty-paid price for exportation to the United States, the included freight charges, and U.S. duty and border clearance expenses where applicable. In the case of one manufacturer, an addition will probably be made for rebated foreign import duty granted on electrodes consumed in the production of pig iron.

The adjusted home market price will probably be computed on the basis of the

delivered price at which a preponderance of the merchandise was sold less delivery expenses or at f.o.b. plant price, as appropriate. Where a clear preponderance of the merchandise is not sold at one price, a weighted-average price is likely to be used. An adjustment appears warranted for differences in selling expenses where applicable.

The comparisons indicate that purchase price is probably lower than adjusted home market price.

Customs officers are being directed to withhold appraisal of pig iron from Canada in accordance with § 153.48, Customs Regulations (19 CFR 153.48).

In accordance with §§ 153.32(b) and 153.37, Customs Regulations (19 CFR 153.32(b), 153.37), interested parties may present written views or arguments, or requests in writing that the Secretary of the Treasury afford an opportunity to present oral views.

Any written views or arguments or requests that the Secretary of the Treasury afford an opportunity to present oral views should be addressed to the Commissioner of Customs, 2100 K Street NW., Washington, DC 20226, in time to be received by his office not later than 14 days from the date of publication of this notice in the *FEDERAL REGISTER*.

This notice, which is published pursuant to § 153.34(b), Customs Regulations, shall become effective upon publication in the *FEDERAL REGISTER*. It shall cease to be effective at the expiration of 6 months from the date of such publication, unless previously revoked.

#### Order Opening Public Lands to Mineral Location, Entry, and Patent

By virtue of the authority of the Act of April 23, 1932 (47 Stat. 136; 43 U.S.C. 154) and the regulations thereunder contained in 43 CFR Subpart 3816, it is ordered as follows:

1. Subject to valid existing rights and the provisions of existing withdrawals, the following described lands shall, commencing at 10 a.m. on January 13, 1971, be open to location, entry, and patenting under the U.S. Mining Laws, subject to the stipulations hereinafter quoted, to be executed and acknowledged in favor of the United States by the locators, for themselves, their heirs, successors, and assigns, and recorded in the county records and in the U.S. Land Office at Phoenix, Ariz., before any rights attach by virtue of this order:

GILA AND SALT RIVER MERIDIAN, ARIZONA  
T. 4 S., R. 11 E.,  
Sec. 17, E½.

The area described contains 320 acres.  
2. The land lies within the withdrawal for the Middle Gila River project made by Public Land Order No. 3835, dated September 27, 1965.

3. Location, entry, and/or patenting of the land shall be subject to the following stipulations:

a. In carrying on the mining and milling operations contemplated hereunder applicant will, by means of substantial dikes or other adequate structure, confine all tailings, debris, and harmful chemicals in such a manner that the same shall not be carried into Gila River bottom lands by storm waters or otherwise.

b. There is reserved to the United States, its successors and assigns, the prior right to use any of the lands above described, to construct, operate, and maintain dams, dikes, reservoirs, canals, wasteways, laterals, ditches, telephone and telegraph lines, electric transmission lines, roadways, railroads, and appurtenant irrigation structures, without any payment made by the United States or its successors for such right, with the agreement on the part of the applicant that if the construction of any or all of such dams, dikes, reservoirs, canals, wasteways, laterals, ditches, telephone and telegraph lines, electric transmission lines, roadways, railroads, or appurtenant irrigation structures across, over, or upon said lands should be made more expensive by reason of the existence of improvements or workings of the applicant thereon, such additional expense

is to be estimated by the Secretary of the Interior, whose estimate is to be final and binding upon the parties hereto, and that within thirty (30) days after demand is made upon the applicant for payment of any such sums, the applicant will make payment thereof to the United States or its successors constructing such dams, dikes, reservoirs, canals, wasteways, laterals, ditches, telephone and telegraph lines, electric transmission lines, roadways, railroads, or appurtenant irrigation structures across, over, or upon said lands. The applicant further agrees that the United States, its officers, agents, and employees and its successors and assigns shall not be held liable for any damage to the improvements or workings of the applicant resulting from the construction, operation, and maintenance of any of the works hereinabove enumerated.

Inquires concerning these lands shall be addressed to Manager, Land Office, Bureau of Land Management, 3023 Federal Building, Phoenix, AZ 85025.

JOE T. FALLINI,  
State Director.

The areas described aggregate 330 acres.

The applicant desires the withdrawal of the land for the protection of an established research area.

For a period of 30 days from the date of publication of this notice, all persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal may present their views in writing to the undersigned officer of the Eastern States Land Office, Bureau of Land Management, Department of the Interior, 7981 Eastern Avenue, Silver Spring, MD 20910.

The authorized officer of the Bureau of Land Management will undertake such

investigations as are necessary to determine the existing and potential demand for the lands and their resources. He will also undertake negotiations with the applicant agency with the view of adjusting the application to reduce the area to the minimum essential to meet the applicant's needs, to provide for the maximum concurrent utilization of the lands for purposes other than the applicant's, to eliminate lands needed for purposes more essential than the applicant's, and to reach agreement on the concurrent management of the lands and their resources.

The authorized officer will also prepare a report for consideration by the Secretary of the Interior who will determine whether or not the lands will be withdrawn as requested by the applicant agency.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER. A separate notice will be sent to each interested party of record.

### Notice of Proposed Withdrawal and Reservation of Lands

DECEMBER 9, 1970.

The Forest Service, U.S. Department of Agriculture, has filed an application, Serial No. S 4056, for the withdrawal of the lands described below, subject to valid existing rights, from location, prospecting, entry, and patenting under the mining laws (30 U.S.C., Ch. 2), but not from leasing under the mineral leasing laws.

The applicant desires the land for the development of campgrounds and recreation sites located approximately 5½ miles southwest of Orleans, Calif., adjacent to Red Cap Creek, within 1 mile of the Klamath River, in Humboldt County.

For a period of 30 days from the date of publication of this notice, all persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal may present their views in writing to the undersigned officer of the Bureau of Land Management, U.S. Department of the Interior,

Room E-2807, Federal Office Building, 2800 Cottage Way, Sacramento, CA 95825.

The Department's regulations in 43 CFR 2351.4(c), 35 F.R. 9557, dated June 13, 1970 (formerly 43 CFR 2311.1-3 (c)), provide that the authorized officer of the Bureau of Land Management will undertake such investigations as are necessary to determine the existing and potential demand for the lands and their resources. He will also undertake negotiations with the applicant agency with the view of adjusting the application to reduce the area to the minimum essential to meet the applicant's needs, to provide for the maximum concurrent utilization of the lands for purposes other than the applicant's, to eliminate lands needed for purposes more essential than the applicant's, and to reach agreement on the concurrent management of the lands and their resources.

The authorized officer will also prepare a report for consideration by the Secretary of the Interior who will determine whether or not the lands will be withdrawn as requested by the applicant agency.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER. A separate notice will be sent to each interested party of record.

If circumstances warrant, a public hearing will be held at a convenient time and place, which will be announced.

The lands involved in the application are:

### Notice of Public Sale

DECEMBER 10, 1970.

Under the provisions of the Public Land Sale Act of September 19, 1964 (78 Stat. 988; 43 U.S.C. 1421-1427), 43 CFR Subpart 2721, a tract of land will be offered for sale to the highest bidder at a sale to be held at 2 p.m., m.s.t., on Wednesday, January 27, 1971, at the Idaho Land Office, Room 380 Federal Building, 550 West Fort Street, Boise, ID 83702. The land is described as follows:

BOISE MERIDIAN, IDAHO

T. 9 S., R. 13 E.,  
Sec. 2, SE¼SW¼, SW¼SE¼;  
Sec. 11, NE¼NW¼.

The area described contains 120 acres. The appraised value of the tract is \$7,800 and the publication cost to be assessed is \$10.

The land will be sold subject to all valid existing rights and rights-of-way of record and to a reservation to the United States for rights-of-way for ditches and canals under the Act of August 30, 1890 (26 Stat. 391; 43 U.S.C. 945). All minerals will be reserved to the United States and withdrawn from appropriation under the public land laws, including the mining and mineral leasing laws.

Bids may be made by the principal or his agent, either at the sale, or by mail. An agent should be prepared to show that the person he represents is a qualified bidder.

Bids must be for all the land in the parcel. A bid for less than the appraised value of the land is unacceptable. Bids sent by mail will be considered only if received at the Idaho Land Office, Bureau of Land Management, Room 334, Federal Building, 550 West Fort Street, Boise, ID 83702, prior to 1 p.m., m.s.t., on Wednesday, January 27, 1971. Bids made prior to the public auction must be in sealed envelopes and accompanied by certified checks, postal money orders, bank drafts, or cashier's checks, payable to the Bureau of Land Management, for the full amount of the bid plus publication costs. The envelopes must be marked in the lower left-hand corner "Public Sale Bid, I-3180, sale of January 27, 1971."

The authorized officer shall publicly declare the highest qualifying sealed bid received. Oral bids shall then be invited in specified increments. After oral bids, if any, are received, the authorized officer shall declare the high bid. A successful oral bidder must submit a guaranteed remittance, in full payment for the tract and cost of publication, before 3:30 p.m. of the day following the sale.

If no bids are received for the sale tract on Wednesday, January 27, 1971, the tract will be reoffered on the first Wednesday of subsequent months at 1:30 p.m., beginning February 3, 1971.

Any adverse claimants to the above described lands should file their claims or objections, with the undersigned before the time designated for the sale.

The land described in this notice has been segregated from all forms of appropriation, including locations under the general mining laws, except for sale under this Act, from the date of notation of the proposed classification decision. Inquiries concerning this sale should be addressed to the Land Office, Bureau of Land Management, Room 334, Federal Building, 550 West Fort Street, Boise, ID 83702.

DECEMBER 10, 1970.

Under the provisions of the Public Land Sale Act of September 19, 1964 (78 Stat. 988; 43 U.S.C. 1421-1427), 43 CFR Subpart 2721, a tract of land will be offered for sale to the highest bidder at a sale to be held at 3 p.m., m.s.t., on Wednesday, January 27, 1971 at the Idaho Land Office, Room 380, Federal Building, 550 West Fort Street, Boise, ID 83702. The land is described as follows:

BOISE MERIDIAN, IDAHO

T. 2 N., R. 1 E.,  
Sec. 10, NE $\frac{1}{4}$ SE $\frac{1}{4}$ .

The area described contains 40 acres. The appraised value of the tract is \$10,000 and the publication cost to be assessed is \$15.

The land will be sold subject to all valid existing rights and rights-of-way of record and to a reservation to the United States for rights-of-way for ditches and canals under the Act of August 30, 1890 (26 Stat. 391; 43 U.S.C. 945). All minerals will be reserved to the United States and withdrawn from appropriation under the public land laws, including the mining and mineral leasing laws.

Bids may be made by the principal or his agent, either at the sale or by mail. An agent should be prepared to show that the person he represents is a qualified bidder.

Bids must be for all the land in the parcel. A bid for less than the appraised value of the land is unacceptable. Bids sent by mail will be considered only if received at the Idaho Land Office, Bureau of Land Management, Room 334 Federal Building, 550 West Fort Street, Boise, ID 83702, prior to 2 p.m., m.s.t., on Wednesday, January 27, 1971. Bids made prior to the public auction must be in sealed envelopes and accompanied by certified checks, postal money orders, bank drafts, or cashier's checks, payable to the Bureau of Land Management, for the full amount of the bid plus publication costs. The envelopes must be marked in the lower left-hand corner "Public Sale Bid, I-3542, Sale of January 27, 1971."

The authorized officer shall publicly declare the highest qualifying sealed bid received. Oral bids shall then be invited in specified increments. After oral bids, if any, are received, the authorized officer shall declare the high bid. A successful oral bidder must submit a guaranteed remittance, in full payment for the tract and cost of publication, before 3:30 p.m. of the day following the sale.

If no bids are received for the sale tract on Wednesday, January 27, 1971, the tract will be reoffered on the first Wednesday of subsequent months at 1:30 p.m., beginning February 3, 1971.

Any adverse claimants to the above-described lands should file their claims

or objections with the undersigned before the time designated for the sale.

The land described in this notice has been segregated from all forms of appropriation, including locations under the general mining laws, except for sale under this Act, from the date of notation of the proposed classification decision. Inquiries concerning this sale should be addressed to the Land Office, Bureau of Land Management, Room 334 Federal Building, 550 West Fort Street, Boise, ID 83702.

## MONTANA

Notice of Classification of Public Lands  
for Multiple-Use Management

DECEMBER 8, 1970.

1. Pursuant to the Act of September 19, 1964 (43 U.S.C. 1411-18) and the

regulations in 43 CFR Parts 2400 and 2460, the public lands described below were classified for multiple-use management (33 F.R. 12387-12388) on September 4, 1968.

2. Publication of this notice has the effect of further segregating the lands described below from all forms of appropriation under the public lands laws, including the general mining laws, but not from the mineral leasing laws. The area contains the Square Butte laccolith, a volcanic formation which rises 1,700 feet above the surrounding plain. As used herein, "public lands" means any lands withdrawn or reserved by Executive Order No. 6910 of November 26, 1934, as amended, or within a grazing district established pursuant to the Act of June 28, 1934 (48 Stat. 1269), as amended, which are not otherwise withdrawn or reserved for a Federal use or purpose.

3. Several comments were received following publication of the notice of proposed classification in the FEDERAL REGISTER of October 8, 1970 (35 F.R. 15853-15854), most of them favorable to the proposal. All comments were carefully considered in the light of the law and regulations, and it was determined that no change in the proposed classification is warranted. The record showing comments received and other information is on file and can be examined in the Lewistown District Office, Lewistown, Mont.

4. As provided in paragraph 2 above, the public lands effected by this classification are located within the following described area and are shown on a map designated by serial number M 8905 in the Lewistown District Office, Bureau of Land Management, Bank Electric Building, Lewistown, Mont. 59457, and on plats in the Land Office, Bureau of Land Management, Federal Building, 316 North 26th Street, Billings, MT 59101.

#### Notice of Classification of Public Lands for Multiple-Use Management

DECEMBER 8, 1970.

1. Pursuant to the Act of September 19, 1964 (43 U.S.C. 1411-18) and the regulations in 43 CFR Parts 2400 and 2460, the public lands described below were classified for multiple-use management (35 F.R. 11062) on July 9, 1970.

2. Publication of this notice has the effect of further segregating the lands described below from all forms of appropriation under the public land laws, including the general mining laws, but not from the mineral leasing laws. The area contains a multitude of dense stable granite spires, fingers, towers, and walls intermingled with pine covered ridges. As used herein, "public lands" means any lands withdrawn or reserved by Executive Order No. 6910 of November 26, 1934, as amended, or within a grazing district established pursuant to the Act of June 28, 1934 (48 Stat. 1269), as amended, which are not otherwise withdrawn or reserved for a Federal use or purpose.

3. Several comments were received following publication of the notice of proposed classification in the FEDERAL REGISTER of October 8, 1970 (35 F.R. 15854), most of them favorable to the proposal. All comments were carefully considered in the light of the law and regulations, and it was determined that no change in the proposed classification is warranted. The legal description within the proposed classification did contain an error. The lands in sec. 24 of T. 1 S., R. 9 W., P.M.M., should have read N $\frac{1}{2}$ NE $\frac{1}{4}$  rather than N $\frac{1}{2}$ NW $\frac{1}{4}$ . This correction is reflected in the lands described below. The records showing comments received and other information is on file and can be examined in the Dillon District Office, Dillon, Mont.

4. As provided in paragraph 2 above, the public lands affected by this classification are located within the following described area and are shown on maps on file in the Dillon District Office, Bureau of Land Management, Dillon, Mont. 59725 and on plats in the Land Office,

Bureau of Land Management, Federal Building, 316 North 26th Street, Billings, MT 59101.

2. The publication costs to be assessed for each parcel are estimated at \$4. The

appraised value of these parcels has not yet been determined. Interested parties may contact the Nevada Land Office or the Winnemucca District Office prior to the sale date for this information.

3. The lands will be sold subject to all valid existing rights. Reservations will be made to the United States of rights-of-way for ditches and canals in accordance with the Act of August 30, 1890 (26 Stat. 391; 43 U.S.C. 945). All minerals are to be reserved to the United States and withdrawn from appropriation under the public land laws, including the general mining laws.

4. Bids may be made by a principal or his agent, either at the sale, or by mail. An agent must be prepared to establish the eligibility of his principal. Eligible purchasers are: (1) Any individual (other than an employee, or the spouse of an employee, of the Department of the Interior) who is a citizen or otherwise a national of the United States, or who has declared his intention to become a citizen, aged 21 years or more; (2) any partnership or association, each of the members of which is an eligible purchaser, or (3) any corporation organized under the laws of the United States, or of any State thereof, authorized to hold title to real property in Nevada.

5. Bids must be for all the land in a parcel. A bid for less than the appraised value of the land is unacceptable. Bids sent by mail will be considered only if received by the Winnemucca District Office, Bureau of Land Management, Highway Interstate 80 East, Post Office Box 71, Winnemucca, NV 89445, prior to 4 p.m. on Tuesday, September 14, 1971. Bids made prior to the public auction must be in sealed envelopes and accompanied by certified checks, postal money orders, bank drafts, or cashier's checks, payable to the Bureau of Land Management, for the full amount of the bid plus estimated publication costs, and by a certification of eligibility, defined in the preceding paragraph. The envelopes must show the sale and parcel numbers and date of sale in the lower left hand corner: "Public Sale Bid, Sale N-3508, Parcel No. \_\_\_\_\_, 10 a.m., September 15, 1971."

6. The authorized officer shall publicly declare the highest qualifying sealed bid received. Oral bids shall then be invited in specified increments. After oral bids, if any, are received the authorized officer shall declare the high bid. A successful oral bidder must submit a guaranteed remittance, in full payment for the tract and cost of publication, before 4:30 p.m. of the day of the sale.

7. Any parcel not sold on Wednesday, September 15, 1971, shall be reoffered on the first Wednesday of subsequent months at 10 a.m., beginning October 6, 1971.

8. Any adverse claimants to the above-described lands should file their claims, or objections, with the undersigned before the time designated for sale.

An agent must be prepared to establish the eligibility of his principal. Eligible purchasers are: (1) Any individual (other than an employee, or the spouse of an employee, of the Department of the Interior) who is a citizen or otherwise a national of the United States, or who has declared his intention to become a citizen, aged 21 years or more; (2) any partnership or association, each of the members of which is an eligible purchaser, or (3) any corporation organized under the laws of the United States, or of any State thereof, authorized to hold title to real property in Nevada.

Bids must be for all the land in a parcel. A bid for less than the appraised value of the land is unacceptable. Bids sent by mail will be considered only if received by the Ely District Office, Bureau of Land Management, Pioche Star Route, Ely, NV 89301, prior to 4 p.m. on Monday, May 10, 1971. Bids made prior to the public auction must be in sealed envelopes and accompanied by certified checks, postal money orders, bank drafts, or cashier's checks, payable to the Bureau of Land Management, for the full amount of the bid plus estimated publication costs, and by a certification of eligibility, defined in the preceding paragraph. The envelopes must show the sale and parcel numbers and date of sale in the lower left hand corner: "Public Sale Bid, Sale N-1002, et al., Parcel No. \_\_\_\_\_, 10 a.m., May 11, 1971."

The authorized officer shall publicly declare the highest qualifying sealed bid received. Oral bids shall then be invited in specified increments. After oral bids, if any, are received the authorized officer shall declare the high bid. A successfully oral bidder must submit a guaranteed remittance, in full payment for the tract and cost of publication, before 4:30 p.m. of the day of the sale.

Any parcel not sold on Tuesday, May 11, 1971, shall be reoffered on the first Tuesday of subsequent months at 10 a.m., beginning June 1, 1971.

Any adverse claimants to the above-described lands should file their claims, or objections, with the undersigned before the time designated for sale.

The lands described in this notice have been segregated from all forms of appropriation, including locations under the general mining laws, except for sale under this act, from the date of notation of the proposed classification decision. Inquiries concerning this sale should be addressed to the Land Office Manager, Bureau of Land Management, Room 3008, Federal Building, 300 Booth Street, Reno, NV 89502, or to the District Manager, Bureau of Land Management, Pioche Star Route, Ely, NV 89301.

### Notice of Offering of Land for Sale

DECEMBER 10, 1970.

1. Notice is hereby given that under the provisions of the Public Land Sale Act of September 19, 1964 (78 Stat. 988; 43 U.S.C. 1421-1427), 43 CFR Subpart 2720, the Secretary of the Interior will offer for sale to Humboldt County the following tract of land:

MOUNT DIABLO MERIDIAN, NEVADA

T. 37 N., R. 37 E.,  
Sec. 36, S $\frac{1}{2}$ SE $\frac{1}{4}$ .

2. The area described contains 80 acres. The land is located about 8 miles north of Winnemucca, Nev., and is planned for use as a dump site.

3. It is the intention of the Secretary to enter into an agreement with Humboldt County to permit their purchase of the land at fair market value, which has not yet been determined. The county will also be required to pay for the publication of the notice of this offering.

4. The lands will be sold subject to all valid existing rights. Reservation will be made to the United States for rights-of-way for ditches and canals in accordance with the Act of August 30, 1890 (26 Stat. 391; 43 U.S.C. 945). All minerals are to be reserved to the United States and withdrawn from appropriation under the public land laws, including the general mining laws.

5. Any adverse claimants should file their claims or objections with the undersigned within 30 days of the filing of this notice.

### Notice of Offering of Land for Sale

DECEMBER 8, 1970.

Notice is hereby given that under the provisions of the Public Land Sale Act of September 19, 1964 (78 Stat. 988; 43 U.S.C. 1421-1427), 43 CFR Part 2720, the

Secretary of the Interior will offer for sale to Humboldt County the following tracts of land:

MOUNT DIABLO MERIDIAN, NEVADA

T. 47 N., R. 30 E.,  
Sec. 4, SE $\frac{1}{4}$ NW $\frac{1}{4}$ SW $\frac{1}{4}$ .  
T. 43 N., R. 36 E.,  
Sec. 25, SE $\frac{1}{4}$ SE $\frac{1}{4}$ NE $\frac{1}{4}$ .  
T. 39 N., R. 38 E.,  
Sec. 4, S $\frac{1}{2}$ S $\frac{1}{2}$ SE $\frac{1}{4}$ SE $\frac{1}{4}$ .  
T. 42 N., R. 39 E.,  
Sec. 27, NE $\frac{1}{4}$ SE $\frac{1}{4}$ SE $\frac{1}{4}$ .  
T. 35 N., R. 40 E.,  
Sec. 4, SE $\frac{1}{4}$ SE $\frac{1}{4}$ SW $\frac{1}{4}$ .  
T. 33 N., R. 43 E.,  
Sec. 4, N $\frac{1}{2}$ NW $\frac{1}{4}$ NE $\frac{1}{4}$ NW $\frac{1}{4}$ .

The areas described aggregate 55 acres. The parcels of land are located near the small communities of Denio, Orovada, Paradise Hill, Paradise Valley, Golconda, and Valmy, Nev., and are planned for use as dump sites.

It is the intention of the Secretary to enter into an agreement with Humboldt County to permit the county to purchase the lands at their fair market value, which has not yet been determined. The county will also be required to pay the publication of the notice of this offering.

A protest to the proposed classification of the SE $\frac{1}{4}$ SE $\frac{1}{4}$ NE $\frac{1}{4}$  sec. 25, T. 43 N., R. 36 E., was filed. The protest was dismissed in the initial classification decision of November 23, 1970. Sale of this parcel will be made only if there is no protest to the initial classification, or, if there is a protest, only if the Secretary of the Interior does not exercise his supervisory authority and the initial classification becomes the final order of the Secretary.

The lands will be sold subject to all valid existing rights. Reservation will be made to the United States for rights-of-way for ditches and canals in accordance with the Act of August 30, 1890 (26 Stat. 391; 43 U.S.C. 945). All minerals are to be reserved to the United States and withdrawn from appropriation under the public land laws, including the general mining laws.

Any adverse claimants should file their claims or objections with the undersigned within 30 days of the filing of this notice.

### Notice of Public Sale

DECEMBER 9, 1970.

Under the provisions of the Public Land Sale Act of September 19, 1964 (78 Stat. 988; 43 U.S.C. 1421-1427), 43 CFR Subpart 2720, 360 acres of land will be offered for sale to the highest bidder at 10 a.m., Wednesday, May 12, 1971, at the Las Vegas District Office, 1859 North Decatur Boulevard, Las Vegas, NV 89108. The lands are more particularly described below.

MOUNT DIABLO MERIDIAN, NEVADA

T. 1 S., R. 69 E.,  
Sec. 6, SE $\frac{1}{4}$ SW $\frac{1}{4}$ ;  
Sec. 7, SE $\frac{1}{4}$ NE $\frac{1}{4}$ , NE $\frac{1}{4}$ NW $\frac{1}{4}$ ;  
Sec. 18, W $\frac{1}{2}$ E $\frac{1}{2}$ , SE $\frac{1}{4}$ NW $\frac{1}{4}$ , SE $\frac{1}{4}$ SW $\frac{1}{4}$ .

The appraised value of the tract is \$9,550 and the publication costs to be assessed are estimated at \$12.

The lands will be sold subject to all valid existing rights. Reservations will be made to the United States of rights-of-way for ditches and canals in accordance with the Act of August 30, 1890 (26 Stat. 391; 43 U.S.C. 945). All minerals are to be reserved to the United States and withdrawn from appropriation under the public land laws, including the general mining laws.

Bids may be made by a principal or his agent, either at the sale, or by mail. An agent must be prepared to establish the eligibility of his principal. Eligible purchasers are: (1) Any individual (other than an employee, or the spouse of an employee, of the Department of the Interior) who is a citizen or otherwise a national of the United States, or who has declared his intention to become a citizen, aged 21 years or more; (2) any partnership or association, each of the members of which is an eligible purchaser, or (3) any corporation organized under the laws of the United States, or of any State thereof, authorized to hold title to real property in Nevada.

Bids must be for all the land. A bid for less than the appraised value of the land is unacceptable. Bids sent by mail will be considered only if received by the Las Vegas District Office, Bureau of Land Management, 1859 North Decatur Boulevard, Las Vegas, NV 89108, prior to 4 p.m. on Tuesday, May 11, 1971. Bids made prior to the public auction must be in sealed envelopes and accompanied by certified checks, postal money orders, bank drafts, or cashier's checks, payable to the Bureau of Land Management, for the full amount of the bid plus estimated publication costs, and by a certification of eligibility, defined in the preceding paragraph. The envelopes must show the sale and date of sale in the lower left hand corner: "Public Sale Bid, Sale N-1908, 10 a.m., May 12, 1971."

The authorized officer shall publicly declare the highest qualifying sealed bid received. Oral bids shall then be invited in specified increments. After oral bids, if any, are received the authorized officer shall declare the high bid. A successful oral bidder must submit a guaranteed remittance, in full payment for the tract and cost of publication, before 4:30 p.m. of the day of the sale.

If the land is not sold on Wednesday, May 12, 1971, it shall be reoffered on the first Wednesday of subsequent months at 10 a.m., beginning June 2, 1971.

Any adverse claimants to the above-described lands should file their claims, or objections, with the undersigned before the time designated for sale.

The lands described in this notice have been segregated from all forms of appropriation, including locations under the general mining laws, except for sale

under this act, from the date of notation of the proposed classification decision. Inquiries concerning this sale should be addressed to the Land Office Manager, Bureau of Land Management, Room 3008, Federal Building, 300 Booth Street, Reno, NV 89502, or to the District Manager, Bureau of Land Management, 1859 North Decatur Boulevard, Las Vegas, NV 89108.

### Notice of Classification of Lands for Multiple-Use Management

DECEMBER 10, 1970.

1. Pursuant to the Act of September 19, 1964 (43 U.S.C. 1411-18) and the regulations in 43 CFR Parts 2400 and 2460, the public lands within the areas described below are hereby classified for multiple use management. Publication of this notice has the effect of segregating the described lands from appropriation only under the agricultural land laws (43 U.S.C. Parts 7 and 9; 25 U.S.C. Sec. 334) and from sales under section 2455 of the Revised Statutes (43 U.S.C. 1171) and the lands shall remain open to all other applicable forms of appropriation, including the mining and mineral leasing laws. As used herein, "public lands" means any lands withdrawn or reserved by Executive Order No. 6910 of November 26, 1934, as amended, or within a grazing district established pursuant to the Act of June 28, 1934 (48 Stat. 1269), as amended, which are not otherwise withdrawn or reserved for Federal use or purpose.

2. No adverse comments were received following publication of a notice of proposed classification (35 F.R. 15854-15855). The record showing the comments received and other information is on file and can be examined in the Albuquerque District Office, 1304 Fourth Street NW., Albuquerque, NB 87107. The public lands affected by this classification are located within the following described areas and are shown on maps designated Upper Rio Grande Planning Unit No. 01-01 on file in the Albuquerque District Office, Bureau of Land Management, 1304 Fourth Street NW., Albuquerque, NM 87107, and at the Land Office, U.S. Post Office and Federal Building, Santa Fe, NM 87501.

Pursuant to the Act of September 19, 1964 (43 U.S.C. 1411-18) and the regulations in 43 CFR Parts 2400 and 2460, the public lands within the areas described below are hereby classified for multiple-use management. Publication of this notice has the effect of segregating the described lands from appropriation only under the agricultural land laws (43 U.S.C. Parts 7 and 9; 25 U.S.C. sec. 334) and from sales under section 2455 of the Revised Statutes (43 U.S.C. 1171) and the lands shall remain open to all other applicable forms of appropriation, including the mining and mineral leasing laws. As used herein, "public lands" means any lands withdrawn or reserved by Executive Order No. 6910 of November 26, 1934, as amended, or within a grazing district established pursuant to the Act of June 28, 1934 (48 Stat. 1269), as amended, which are not otherwise withdrawn or reserved for Federal use or purpose.

2. No adverse comments were received following publication of a notice of proposed classification (35 F.R. 15768-15769). The record showing the comments received and other information is on file and can be examined in the Roswell District Office, Bureau of Land Management, 1902 South Main Street, Roswell, NM 88201. The public lands affected by this classification are located within the following described areas and are shown on a map designated Roswell District Planning Unit No. 06-11 on file in the Roswell District Office and in the Land Office, Bureau of Land Management, U.S. Post Office and Federal Building, Santa Fe, N. Mex. 87501.

2. The publication costs to be assessed for each parcel are estimated at \$4. The appraised value of these parcels has not yet been determined. Interested parties may contact the Nevada Land Office, Reno, or the Las Vegas District Office prior to the sale date for this information.

3. Protests and/or comments to the proposed classification of the lands in secs. 26, 27, 28, 32, 33, 34, 35, and 36, T. 18 S., R. 59 E., and secs. 5 and 6, T. 19 S., R. 60 E., were filed. These protests and/or comments were dismissed in the Notice of Classification of December 4, 1970. Sale of these parcels will be made only if there are no protests to the classification, or, if there are protests, only if the Secretary of the Interior does not exercise his supervisory authority and the classification becomes the final order of the Secretary.

4. The lands will be sold subject to all valid existing rights. Reservations will be made to the United States of rights-of-way for ditches and canals in accordance with the Act of August 30, 1890 (26 Stat. 391; 43 U.S.C. 945). All minerals are to be reserved to the United States and withdrawn from appropriation under the public land laws, including the general mining laws.

5. Bids may be made by a principal or his agent, either at the sale, or by mail. An agent must be prepared to establish the eligibility of his principal. Eligible purchasers are: (1) Any individual (other than an employee, or the spouse of an employee, of the Department of the Interior) who is a citizen or otherwise a national of the United States, or who has declared his intention to become a citizen, aged 21 years or more; (2) any partnership or association, each of the members of which is an eligible purchaser, or (3) any corporation organized under the laws of the United States, or of any State thereof, authorized to hold title to real property in Nevada.

6. Bids must be for all the land in a parcel. A bid for less than the appraised value of the land is unacceptable. Bids sent by mail will be considered only if received by the Las Vegas District Office, Bureau of Land Management, 1859 North Decatur Boulevard, Las Vegas, NV 89108, prior to 4 p.m. on Tuesday, September 14, 1971. Bids made prior to the public auction must be in sealed envelopes and accompanied by certified checks, postal money orders, bank drafts, or cashier's checks, payable to the Bureau of Land Management, for the full amount of the bid plus estimated publication costs, and by a certification of eligibility, defined in the preceding paragraph. The envelopes must show the sale and parcel numbers and date of sale in the lower left hand corner: "Public Sale Bid, Sale N-3260, et al, Parcel No. ----- 10 a.m., September 15, 1971."

7. The authorized officer shall publicly declare the highest qualifying sealed bid received. Oral bids shall then be invited in specified increments. After oral bids, if any, are received the authorized officer shall declare the high

bid. A successful oral bidder must submit a guaranteed remittance, in full payment for the tract and cost of publication, before 4:30 a.m. of the day of the sale.

8. Any parcel not sold on Wednesday, September 15, 1971, shall be reoffered on the first Wednesday of subsequent months at 10 a.m., beginning October 6, 1971.

9. Any adverse claimants to the above described lands should file their claims, or objections, with the undersigned before the time designated for sale.

10. The lands described in this notice have been segregated from all forms of appropriation, including locations under the general mining laws, except for sale under this Act, from the date of notation of the proposed classification decision. Inquiries concerning this sale should be addressed to the Land Office Manager, Bureau of Land Management, Room 3008, Federal Building, 300 Booth Street, Reno, NV 89502, or to the District Manager, Bureau of Land Management, 1859 North Decatur Boulevard, Las Vegas, NV 89108.

### National Bureau of Standards VOLUNTARY PRODUCT STANDARDS

#### Notice of Action on Proposed Withdrawal

In accordance with the provisions of § 10.12 of the Department's published "Procedures for the Development of Voluntary Product Standards" (15 CFR Part 10, as amended; 35 F.R. 8349 dated May 28, 1970), notice is hereby given of the withdrawal of 43 Voluntary Product Standards identified below, including 39 standards previously identified as "Simplified Practice Recommendations" (R), and four standards previously identified as "Commercial Standards" (CS). Each of these standards has been found to be obsolete, technically inadequate, no longer acceptable to and used by the industry, or otherwise not in the public interest.

Public notice of the Department's intention to withdraw these standards was published in the FEDERAL REGISTER on July 15, 1970 (35 F.R. 11304), and a 30-day period was provided for the submission of comments or objections concerning the proposed withdrawal of any of these standards. No objections to the Department's intention of withdrawing any of these standards have been received by the National Bureau of Standards.

The effective date for the withdrawal of these standards will be 60 days after the publication of this notice. This withdrawal action terminates the authority to refer to these standards as Voluntary Product Standards developed under the Department of Commerce Procedures.

[Dept. Organization Order 25-3B]

### OFFICE OF FOREIGN DIRECT INVESTMENTS

#### Organization and Functions

The following order was issued by the Secretary of Commerce on December 4,

1970. This material supersedes the material appearing at 34 F.R. 18097 of November 8, 1969.

**SECTION 1. Purpose.** This order prescribes the organization and assignment of functions within the Office of Foreign Direct Investments (the "Office").

**Sec. 2. Organization structure.** The organization structure and line of authority within the Office shall be as depicted in the attached organization chart. (A copy of the organization chart is on file with original of this document with the Office of the Federal Register.)

**Sec. 3. Office of the Director.** .01 The Director, as head of the Office, shall direct and be responsible for all operations of the Office.

.02 The Deputy Director shall assist the Director in the management of the Office, coordinate the activities of the divisions, and assume the functions of the Director during the latter's absence.

.03 The Assistant Director shall assist the Director by representing the Office in contacts with representatives of foreign governments and commercial and banking communities and by maintaining liaison with U.S. banking, business and trade associations and with agencies of the U.S. Government, and shall coordinate such projects and activities as the Director may assign.

.04 The Special Assistant to the Director shall perform such duties as the Director assigns.

.05 The Administrative Officer shall arrange for and facilitate the provision of administrative services from the Office of the Secretary; formulate and execute the budget of the Office; develop and maintain the internal administrative management system of the Office; and perform other specific administrative assignments as directed by the Director.

.06 The Information Officer shall provide public information services for the Office.

**Sec. 4. Research and Policy Division.** The Research and Policy Division shall:

a. Measure the effect of the Foreign Direct Investment Program on U.S. balance of payments and on relevant national indices;

b. Formulate recommendations concerning policy issues relating to the Foreign Direct Investment Program;

c. Conduct studies of foreign borrowing trends and problems associated with financing direct investment abroad, of certain industries, of particular direct investment problems, and of the relationship between the Foreign Direct Investment Program and other U.S. Government balance of payments programs, utilizing the advice and assistance of the Office of Business Economics and other interested Federal agencies as appropriate;

d. Plan, coordinate and prepare reporting forms and respective instructions; prepare special periodic internal analytical reports and special studies requested by the Director; and prepare data on the Program for publication; and

e. Provide policy input in the specific authorization, exemption, and compliance processes.

**Sec. 5. Legal Division.** .01 The Legal Division shall:

a. Provide legal advice concerning applications for specific authorization or exemption, and prepare necessary communications relative to rulings, recommendations and decision with respect thereto;

b. Participate in determinations concerning the need and appropriate format for amendments of the Foreign Direct Investment Regulations (the "Regulations") and of the Foreign Direct Investment Rules of General Practice and Procedure (the "Rules"); prepare the final text of such amendments; and take appropriate action for proper promulgation;

c. Prepare General Bulletins embodying narrative and descriptive explanation of the scope and effect of the Regulations and the Rules and current policy positions of the Office with respect thereto;

d. Render interpretive opinions to direct investors and to staff and officials of the Office, upon request, concerning application and effect of the Regulations;

e. Provide legal advice and assistance to officials of the Office, the Foreign Direct Investments Appeals Board, and the Office of the Secretary concerning issues involving or related to the Program or the administration thereof; and

f. Participate in the determination of need for reporting forms and changes in reporting forms and in the preparation of such forms.

.02 The Chief Counsel shall be the head of the Division and the chief law officer of the office, subject to the overall authority of the Department's General Counsel as provided in Department Organization Order 10-6.

**Sec. 6. Authorizations and Reports Division.** The Authorizations and Reports Division shall:

a. Review and recommend action on applications from direct investors for specific authorization or exemption;

b. Provide assistance and advice to current or potential investors regarding any problems they may have under the Regulations and to help them proceed with their investment plans within the context of goals of the Foreign Direct Investment Program;

c. Maintain central files of: Specific authorization, exemption, and compliance cases; direct investor reports regarding conditions attached to authorizations and exemptions; and certificates regarding foreign borrowing filed by direct investors;

d. Evaluate reporting forms and related instructions on the basis of problems and difficulties experienced by reporters; answer inquiries about reporting forms and instructions; monitor and assure timely receipt of reports from direct investors, and contact reporters who have not filed on time; review direct investors' reports for completeness, accuracy, validity, and potential compliance problems; evaluate reports from direct investors for consistency with specific authorizations or exemptions previously granted; and contact reporters regarding problems encountered on their reports; and

e. Process reports in an orderly manner to assure timely provision of data; arrange for computer programing and

processing of quarterly, annual, and special reports; provide data required by the Research and Policy Division in the conduct of special studies and analyses; and develop statistical and special reports with respect to specific authorizations or exemptions, and foreign borrowing certified to the Office.

**SEC. 7. Compliance division.** The Compliance Division shall:

a. Conduct routine and special audits and investigations to determine whether direct investors are complying with the requirements of the Foreign Direct Investment Program and take appropriate action;

b. Develop and present evidence in any administrative proceeding instituted for the enforcement of the Foreign Direct Investment Program;

c. Examine investigation reports and information from other sources for possible violations of the Regulations or other agency actions and prepare materials for use in connection with proceedings in the Federal Courts; and

d. Advise and assist in the preparation of forms required to be filed by direct investors and advise other divisions on general accounting matters.

**SEC. 8. Support services.** The Office of the Assistant Secretary for Administration shall provide personnel, finance, and administrative services to the Office.

Effective date: December 4, 1970.

LARRY A. JOBE,  
Assistant Secretary  
for Administration.

Coast Guard

[CGFR 70-152]

SOUTH CHANNEL, FLA.

### Notice of Public Hearing on Proposed Bridge

Notice is hereby given that the Commandant has authorized a public hearing to be held by the Commander, Seventh Coast Guard District in Room 1201, Federal Building, 51 Southwest First Avenue, Miami, FL 33130. This hearing will start at 10 a.m. on January 19, 1971. Authority for this action is set forth in section 502, 60 Stat. 847, as amended, sections 4(f) and 6(g), 80 Stat. 934 and 941, as amended; 33 U.S.C. 525, 49 U.S.C. 1653(f) and 1655(g) (6) (C); and 49 CFR 1.46(c) (10) (35 F.R. 4959). The purpose of the hearing is to consider the application dated October 30, 1970, from the Mailman Development Corp. for approval of the location and plans to construct a fixed bridge across the South Channel of Three Islands Development between De Soto Waterway and the Intracoastal

Waterway at Hallandale, in Broward County, Fla.

The plans submitted by the applicant show the bridge to have clearances within the navigational spans of 19.8 feet vertical above mean low tide and 61.4 feet horizontal. These plans are available for inspection in the offices of the Commander, Seventh Coast Guard District by any interested person. All interested persons may present data, views, and comments orally, or in writing at the public hearing concerning the impact of the proposed bridge on land and water transportation, potential commercial development and on the environment, including but not limited to the impact of the bridge as it relates to recreational areas, wildlife and waterfowl refuges, public parks, and historical sites which are of National, State, or local significance as determined by the Federal, State, or local officials having jurisdiction thereof. The hearing will be an informal one conducted by a representative of the Commander, Seventh Coast Guard District who will make an opening statement presenting a brief summary of the proposed structure. Interested persons will then have an opportunity to present their oral statements. Additional procedures for conduct of the hearing will be announced at the hearing. A transcript of the hearing will be made and anyone may buy a copy of the transcript from the reporting service. Interested persons who are unable to attend this hearing may also participate in this consideration by submitting written data, views, arguments, or comments as they may desire on or before February 1, 1971. All submissions should be made in writing to the Commander, Seventh Coast Guard District, Federal Building, Miami, Fla. 33130. It is requested that each submission state the subject to which it is directed, the reason for any recommendations and the name, address and firm or organization, if any, of the person making the submission. Each communication received within the time specified will be fully considered and evaluated before final action is taken on the proposal in this document. Copies of all written communications received will be available for examination by interested persons at the office of the Commander, Seventh Coast Guard District. After the time set for the submission of comments by the interested parties, the Commander, Seventh Coast Guard District will forward the record, including all written submissions and his recommendations with respect to the proposals and the submissions, to the Commandant, U.S. Coast Guard, Washington, D.C. The Commandant will thereafter make a final determination with respect to these proposals.

Dated: December 14, 1970.

C. R. BENDER,  
Admiral, U.S. Coast Guard,  
Commandant.

## ATOMIC ENERGY COMMISSION

[Docket No. 50-336]

CONNECTICUT LIGHT & POWER CO.  
ET AL.

### Notice of Issuance of Construction Permit

Notice is hereby given that, pursuant to the Initial Decision of the Atomic Safety and Licensing Board, dated December 11, 1970, the Director of the Division of Reactor Licensing has issued Construction Permit No. CPPR-76 to The Connecticut Light & Power Co., The Hartford Electric Light Co., The Western Massachusetts Electric Co., and The Millstone Point Co., for the construction of a pressurized water nuclear reactor at the applicants' site on the north shore of Long Island Sound and on the east side of Niantic Bay, in the town of Waterford, Conn. The reactor is designed for initial operation at approximately 2,560 thermal megawatts.

A copy of the Initial Decision is on file in the Commission's Public Document Room, 1717 H Street NW., Washington, DC. Copies of Construction Permit No. CPPR-76 are also on file in the Commission's Public Document Room or may be obtained upon request addressed to Director, Division of Reactor Licensing, U.S. Atomic Energy Commission, Washington, D.C. 20545.

Dated at Bethesda, Md., this 11th day of December 1970.

For the Atomic Energy Commission,

PETER A. MORRIS,  
Director,

Division of Reactor Licensing.

## CIVIL AERONAUTICS BOARD

[Docket No. 14235; Order 70-12-69]

AIR WEST, INC., ET AL.

### Order Regarding Promotional Area- Fare Tariffs for Foreign Visitors

Adopted by the Civil Aeronautics Board at its office in Washington, D.C., on the 14th day of December 1970.

On November 9, 1970, Hughes Air Corp. doing business as Air West, Inc., on behalf of itself and certain other air carriers filed with the Board an amendment of an existing agreement concerning the "Visit USA" tariff. The existing agreement was first approved by Order E-19961, on August 29, 1963, and by subsequent amendments the carriers have continued this agreement in effect

<sup>1</sup> Alaska Airlines, Inc.; Allegheny Airlines, Inc.; Frontier Airlines, Inc.; Mohawk Airlines, Inc.; North Central Airlines, Inc.; Ozark Air Lines, Inc.; Piedmont Airlines; Southern Airways, Inc.; Texas International Airlines, Inc.

through December 31, 1970.<sup>2</sup> By the instant amendment the carriers would extend the expiration date on the current "Visit USA" tariff for 1 year, to December 31, 1971, and would change the name of Air West, Inc., to Hughes Air Corp. doing business as Air West, Inc.<sup>3</sup>

In view of the nature of this amendment, and for the same reasons as were stated by the Board in Order E-19961, the Board does not find Agreement CAB 17281-A7 to be adverse to the public interest or in violation of the Act.

Accordingly, pursuant to the Federal Aviation Act of 1958, and particularly sections 204(a), 412, and 414 thereof:

*It is ordered, That:*

1. Agreement, CAB 17281-A7 is approved.

2. Any air carrier party to the agreement, or any interested person, may within 10 days from the date of service of this order submit statements in writing containing reasons deemed appropriate, together with supporting data in support of or in opposition to the Board's action herein. An original and 19 copies of the statement should be filed with the Board's Docket Section. The Board may, upon consideration of any statements filed, modify or rescind its action herein by subsequent order.

This order will be published in the FEDERAL REGISTER.

By the Civil Aeronautics Board.

Secretary.

## FEDERAL MARITIME COMMISSION

[Docket No. 70-48]

### HAPAG-LLOYD AKTIENGESELLSCHAFT

#### Order To Show Cause Regarding Publication of Discriminatory Rates

Hapag-Lloyd Aktiengesellschaft (Hapag-Lloyd) is a common carrier by water in the foreign commerce of the United States operating, inter alia, in the trade between U.S. Atlantic ports and Continental European ports in the Hamburg/Bremen/Bremerhaven (HBB) range. A review of certain rates in the trade including the major moving commodities reveals that significant disparities exist between export and import rates of Hapag-Lloyd (Attachment).<sup>1</sup> Despite the fact that Hapag-Lloyd offers a

transportation service in both directions of the U.S. Atlantic/HBB trade area, the lower rates are applicable to the commodities concerned only if they are carried in a westbound direction. Therefore this carrier charges significantly different rates for what appear in all respects to be like services differing only in directional movement. Thus shippers of like traffic will not enjoy the same or even approximately equivalent rates and, specifically, American exporters will be charged rates significantly higher than their European counterparts.

The Commission is aware of no transportation circumstances or conditions which would justify the maintenance by Hapag-Lloyd of discriminatory rates in the manner described especially since they may very likely require that the American exporter compensate for any losses that may occur because of the decline in revenues accruing to the carrier.

Section 17 of the Shipping Act, 1916, provides in pertinent part that " \* \* \* no common carrier by water in foreign commerce shall demand, charge, or collect any rate, fare, or charge which is unjustly discriminatory between shippers \* \* \* . Whenever the Commission finds that any such rate, fare, or charge, is demanded, charged or collected it may alter the same to the extent necessary to correct such unjust discrimination \* \* \* and make an order that the carrier shall discontinue demanding, charging, or collecting any such unjustly discriminatory \* \* \* rate, fare, or charge." Therefore, in the Commission's opinion, unless Hapag-Lloyd can offer valid reasons which would justify these rates, Hapag-Lloyd is charging rates which must be considered to be unjustly discriminatory between shippers in violation of section 17 of the Shipping Act, 1916, 46 U.S.C. 816.

Now therefore, it is ordered, Pursuant to sections 22 and 17 of the Shipping Act, 1916, That Hapag-Lloyd be named respondent in this proceeding and that it be ordered to show cause why the Commission should not order the unjust discrimination existing in its export/import rate structures as set forth in the Attachment to be eliminated by increasing rates in its westbound services to the level of its eastbound rates, or by reducing the comparable rates charged by Hapag-Lloyd in its eastbound services, or by changing rates in both directions so as to eliminate rate disparities on the commodities in question.

*It is further ordered.* That this proceeding shall be limited to the submission of affidavits and memoranda of law, replies, and oral argument. Should any party feel that an evidentiary hearing be required, that party must accompany any request for such hearing with a statement setting forth in detail the facts to be proven, their relevance to the issues in this proceeding, and why such proof cannot be submitted through affidavit. Requests for hearing shall be filed on or before December 31, 1970. Affidavits of fact and memoranda of law shall be filed by respondent and served

upon all parties no later than the close of business December 31, 1970. Reply affidavits and memoranda shall be filed by the Commission's Bureau of Hearing Counsel and intervenors, if any, no later than close of business January 15, 1971. Oral argument will be scheduled at a later date.

*It is further ordered.* That a notice of this order be published in the FEDERAL REGISTER and that a copy thereof be served upon respondent.

*It is further ordered.* That persons other than those already party to this proceeding who desire to become parties to this proceeding and to participate therein shall file a petition to intervene pursuant to Rule 5(1) of the Commission's rules of practice and procedure (46 CFR 502.72) no later than close of business December 21, 1970.

*It is further ordered.* That all documents submitted by any party of record in this proceeding shall be directed to the Secretary, Federal Maritime Commission, Washington, D.C. 20573 in an original and 15 copies as well as being mailed directly to all parties of record.

By the Commission,

Secretary.

It is further ordered, That a notice of this order be published in the FEDERAL REGISTER and that a copy thereof be served upon respondent.

Agreement No. 9913, a cooperative working arrangement between American Maritime Association (AMA), States Marine Lines, Inc. (SML), and United States Lines, Inc. (USL), has been filed for section 15 approval pursuant to the Commission's decision in Docket No. 70-17. The subject agreement is a stipulation agreed to by the parties during administrative proceedings before the Maritime Subsidy Board of the Maritime Administration. The stipulation provided that USL (1) would not seek or accept operating differential subsidy for military carryings whether on break bulk or containership, and (2) would seek to have included in any new operating differential subsidy agreement granted as a result of the then pending application, a formula for abatement of operating

differential subsidy similar to that for domestic intercoastal service. SML and AMA agreed that they (3) would withdraw from the proceedings then before the Maritime Subsidy Board with respect to operating differential subsidy for both break bulk and containership service, and (4) would not oppose any use by USL of any nonsubsidized vessel in any non-subsidized service.

## FEDERAL POWER COMMISSION

[Docket No. CP71-156]

### COLUMBIA GULF TRANSMISSION CO. AND TEXAS GAS TRANSMISSION CORP.

#### Notice of Application

DECEMBER 9, 1970.

Take notice that on December 4, 1970, Columbia Gulf Transmission Co. (Columbia Gulf), 3805 West Alabama Avenue, Houston, TX 77027, and Texas Gas Transmission Corp. (Texas Gas), 3800 Frederica Street, Owensboro, KY 42301, filed in Docket No. CP71-156 a joint application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing applicants to perform a transportation service for Michigan Wisconsin Pipe Line Co. (Michigan Wisconsin), all as more fully set forth in the application on file with the Commission and open to public inspection.

Specifically, applicants propose to transport through their jointly-owned pipeline system in the Eugene Island Area, offshore Louisiana, 20,548 Mcf of gas per day under a long-term contract with Michigan Wisconsin. Michigan Wisconsin has contracted to purchase the gas from the Eugene Island Block 273 Field and will cause it to be delivered to applicants at Block 273 for redelivery to Michigan Wisconsin at Eugene Island Block 250.

Applicants state that the rate for the offshore transportation is a monthly demand charge of 61 cents per Mcf of contract demand. No new facilities will be required for the proposed service.

Any person desiring to be heard or to make any protest with reference to said application should on or before January 4, 1971, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition

for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

### TEXAS EASTERN TRANSMISSION CORP.

#### Notice of Proposed Changes in Rates and Charges

DECEMBER 9, 1970.

Take notice that Texas Eastern Transmission Corp. (Texas Eastern) on November 30, 1970, tendered for filing proposed rate changes in its FPC Gas Tariff, Second Revised Volume No. 1 to become effective on January 1, 1971. The proposed rate changes would increase Texas Eastern's total annual revenues by approximately \$196,000.

Texas Eastern states that these changes reflect increases in the cost of purchased gas arising from an amended rate filing by Southern Natural Gas Company (Southern) on November 20, 1970, in Docket No. RP70-38, to become effective after suspension on January 1, 1971.

Copies of the filing were served on Texas Eastern's customers and interested State commissions.

Any person desiring to be heard or to make any protest with reference to said application should on or before December 29, 1970, file with the Federal Power Commission, Washington, D.C. 20426, petitions to intervene or protests in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make protestants parties to the proceeding. Persons wishing to become parties to a proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with the Commission's rules. The application is on file with the Commission and available for public inspection.

### FEDERAL OPEN MARKET COMMITTEE

#### Current Economic Policy Directive

In accordance with § 271.5 of its Rules Regarding Availability of Information, there is set forth below the Committee's Current Economic Policy Directive is-

sued at its meeting held on September 15, 1970.<sup>1</sup>

The information reviewed at this meeting suggests that real economic activity, which edged up slightly in the second quarter, is expanding somewhat further in the third quarter, led by an upturn in residential construction. Wage rates generally are continuing to rise at a rapid pace, but improvements in productivity appear to be slowing the rise in costs, and some major price measures are rising less rapidly than before. Interest rates declined in the last half of August, but most yields turned up in early September, as credit demands in securities markets have continued heavy; existing yield spreads continue to suggest concern with credit quality. The money supply rose rapidly in the first half of August but moved back down through early September. Bank credit expanded sharply further in August as banks continued to issue large-denomination CD's at a relatively rapid rate, while reducing their reliance on the commercial paper market after the Board of Governors acted to impose reserve requirements on bank funds obtained from that source. The balance of payments deficit on the liquidity basis diminished somewhat in July and August from the very large second-quarter rate, but the deficit on the official settlements basis remained high as banks repaid Euro-dollar liabilities. In light of the foregoing developments, it is the policy of the Federal Open Market Committee to foster financial conditions conducive to orderly reduction in the rate of inflation, while encouraging the resumption of sustainable economic growth and the attainment of reasonable equilibrium in the country's balance of payments.

To implement this policy, the Committee seeks to promote some easing of conditions in credit markets and moderate growth in money and attendant bank credit expansion over the months ahead. System open market operations until the next meeting of the Committee shall be conducted with a view to maintaining bank reserves and money market conditions consistent with that objective.

By order of the Federal Open Market Committee, December 9, 1970.

ARTHUR L. BROIDA,  
*Deputy Secretary.*

### MARINE MIDLAND TRUST COMPANY OF CENTRAL NEW YORK

#### Order Approving Merger of Banks

In the matter of the application of Marine Midland Trust Co. of Central New York for approval of merger with Marine Midland Trust Co. of the Mohawk Valley.

There has come before the Board of Governors, pursuant to the Bank Merger Act (12 U.S.C. 1828(c)), an application by Marine Midland Trust Co. of Central New York, Syracuse, N.Y. (Marine Midland-Syracuse), a member State bank of the Federal Reserve System, for the Board's prior approval of the merger

<sup>1</sup> The Record of Policy Actions of the Committee for the meeting of Sept. 15, 1970, is filed as part of the original document. Copies are available on request to the Board of Governors of the Federal Reserve System, Washington, D.C. 20551.

of that bank and Marine Midland Trust Co. of the Mohawk Valley, Utica, N.Y. (Marine Midland-Utica), under the charter of Marine Midland-Syracuse and with the name Marine Midland Bank-Central. As an incident to the merger the 15 offices of Marine Midland-Utica would become branches of the resulting bank. Notice of the proposed merger, in form approved by the Board, has been published pursuant to said Act.

In accordance with the Act, the Board requested reports on the competitive factors involved from the Attorney General, the Comptroller of the Currency, and the Federal Deposit Insurance Corporation. The Board has considered all relevant material contained in the record in the light of the factors set forth in the Act, including the effect of the proposal on competition, the financial and managerial resources and prospects of the banks concerned, and the convenience and needs of the communities to be served, and finds that:

Marine Midland-Syracuse (deposits \$251 million) and Marine Midland-Utica (deposits \$196 million) are subsidiaries of Marine Midland Banks, Inc., Buffalo, N.Y., a registered bank holding company, which owns approximately 99 percent of the outstanding stock of each bank. The holding company acquired control of Marine Midland-Syracuse in 1951 and of Marine Midland-Utica in 1954. The banks serve separate markets, their main offices are 50 miles apart and closest offices are situated approximately 35 miles from each other. The proposed merger represents an internal reorganization of the banks undertaken to effect economies in their operations and to alleviate personnel shortages.

The merger of Marine Midland-Syracuse and Marine Midland-Utica would not eliminate existing or potential competition. The financial and managerial resources and prospects of the merging banks and the resulting bank are satisfactory and consistent with approval of the application. Consummation of the proposed merger would enable the resulting bank to better serve customers in the Syracuse and Utica markets by making available to them increased lending limits and more convenient access to international banking services. Convenience and needs considerations are, therefore, consistent with approval of the application. It is the Board's judgment that consummation of the proposal would be in the public interest and that the application should be approved.

It is hereby ordered, On the basis of the findings summarized above, that said application be and hereby is approved; *Provided*, That the action so approved shall not be consummated (a) before the 30th calendar day following the date of this order or (b) later than 3 months after the date of this order, unless such period is extended for good cause by the Board, or by the Federal Reserve Bank of New York pursuant to designated authority.

By order of the Board of Governors,  
December 10, 1970.

[SEAL] KENNETH A. KENYON,  
Deputy Secretary.

## SECURITIES AND EXCHANGE COMMISSION

[812-2808]

### AMERICAN GENERAL BOND FUND, INC., AND AMERICAN GENERAL INSURANCE CO.

#### Notice of Application for Exemption

DECEMBER 4, 1970.

Notice is hereby given that American General Bond Fund, Inc. (Fund), a registered, closed-end, diversified management, investment company and American General Insurance Co. (Insurance), 2727 Allen Parkway, Houston, TX 77002 (referred to collectively with Fund as Applicants), have filed an application

<sup>1</sup> Voting for this action: Vice Chairman Robertson and Governors Mitchell, Malsel, and Sherrill. Absent and not voting: Chairman Burns and Governors Deane and Brimmer.

for an exemption from section 17(d) of the Investment Company Act of 1940 (Act), and pursuant to section 17(b) of the Act for an order exempting the transaction described below from the provisions of section 17(a) of the Act. All interested persons are referred to the application on file with the Commission for a statement of the representations therein which are summarized below.

Applicants state that Fund's investment objective is to seek interest income with conservation of capital through investing solely in a diversified portfolio of nonconvertible debt securities. Fund's investment adviser is American General Management Company (Adviser) which is a wholly owned subsidiary of Insurance.

Subsequent to the filing of a Form S-4 Registration Statement under the Securities Act of 1933 but prior to the registration statement's effective date, which was October 14, 1970, Insurance purchased certain bonds, described below, having a par value of \$10,280,000.00 at a cost of \$10,346,324.57. Applicants state that Fund proposes to acquire an option from Insurance pursuant to which Fund has the right but not the obligation to purchase for a period of 30 days from the date that the Commission enters the order herein requested any or all of the bonds acquired by Insurance. The bonds subject to this option are described as follows:

Description	Par	Unit price to Insurance	Total cost to Insurance	Purchase date(s)	Moody's ratings

Public Service Co. of Colorado, 1st mortgage bonds, 8½ percent due Sept. 1, 2000.	500 M	99.125	497,569.45	Aug. 27, 1970 to Sept. 10, 1970.	Aa.
Pullman Equipment Trust Certificates, 10 percent due June 15, 1985.	500 M	103.50	526,027.78	Aug. 31, 1970.....	A.
Quaker State Oil Refining Corp., sinking fund debentures, 9 percent due Aug. 1, 1995.	600 M	100.58	608,800.00	Aug. 27, 1970.....	A.
Ryder System, Inc., bonds, 11½ percent due July 1, 1990.	500 M	102.75	520,458.33	Aug. 6, 1970.....	Baa.
U.S. Department of Agriculture, FHA insured notes, 8½ percent due July 31, 1985.	1,000 M	100.00	1,002,166.32	Aug. 12, 1970.....	Aaa.

Applicants state that the option to Fund is irrevocable during the option period; that the option may be exercised by Fund by giving written notice to Insurance and by delivery of the purchase price of the bonds; and that the option is nontransferable without the prior

written consent of Insurance. Applicants further state that should the option be exercised, the purchase price of the bonds will be their cost to Insurance; that Fund will not be required to pay any transfer fee; and that the purchase of any or all of the bonds will meet, at the

time of the exercise of the option, Fund's investment policies and restrictions.

Applicants state that it is the contention of Insurance that the granting of the option and the exercise thereof by Applicant will not result in the taking of a corporate opportunity of Insurance. The management of Insurance arranged for the purchase of the bonds subject to the option for the sole purpose of granting the option to the Applicant, but for which Insurance would not have otherwise purchased such bonds. Applicants state that the management of Insurance proposed to grant this option because, in their good faith business judgment, such option would, in addition to benefiting the future shareholders of Applicant, ultimately benefit the shareholders of Insurance by promoting the sale of shares of Applicant thus increasing the aggregate net asset value by Applicant and thereby increasing the management fee payable to Applicant's investment adviser, which is a wholly-owned subsidiary of Insurance. Applicants state that this anticipation is the consideration for the granting of the option to Fund. Should Fund not exercise the option, the bonds will be retained in the portfolio of Insurance subject to the investment decisions of Insurance.

Applicants state that the bonds subject to the option were fully paid for by and are owned by Insurance, and that the bonds have the type of yields and terms which Fund would have desired to acquire when they were purchased if Fund could have done so then. Applicants further state that the bonds were selected for purchase by the Executive and Finance Committee of Insurance which consists of six directors of Insurance and that if the application for exemption is granted, the Adviser will recommend and the directors of Fund not affiliated with the Adviser will determine which bonds, if any, will be acquired by Fund. Applicants represent that none of the management of Insurance will personally benefit from the proposed transaction except to the extent that they may be shareholders of Insurance or Fund, and then, in no way different from any other shareholders.

Section 17(a) of the Act, as here pertinent, prohibits an affiliated person of a registered investment company from selling to such registered company any securities unless the Commission, upon application pursuant to section 17(b), grants an exemption from the provisions of section 17(a) if evidence establishes that the terms of the proposed transactions, including the consideration to be paid, are reasonable and fair and do not involve overreaching on the part of any person concerned. In addition, the proposed transaction must be consistent with the policy of the registered investment company concerned and with the general purposes of the Act. Section 17(d) of the Act and Rule 17d-1 thereunder, taken together, provide among other things, that it shall be unlawful for any affiliated person of a registered investment company or any affiliated person of such a person, acting as prin-

cipal, to participate in, or effect any transaction in connection with any joint enterprise or arrangement in which any such registered company, or a company controlled by such registered company, is a participant unless an application regarding such arrangement has been granted by an order of the Commission, and that, in passing upon such an application, the Commission will consider whether the participation of such registered or controlled company in such arrangement is consistent with the provisions, policies, and purposes of the Act and the extent to which such participation is on a basis different from or less advantageous than that of other participants. A joint enterprise or arrangement, as used in Rule 17d-1 is defined as a written or oral plan, contract, authorization, or arrangement, or any practice or understanding concerning an enterprise or undertaking whereby a registered investment company or a controlled company thereof and any affiliated person of such person have a joint or a joint and several participation, or share in the profits of such enterprise or undertaking.

Applicants have agreed that any order the Commission may issue pursuant to this notice may be conditioned upon the following:

1. Applicants will file with the Commission within 15 days after the exercise of the option, if exercised, a copy of all records with respect to the option and the subject bonds required to be kept pursuant to Rule 31a-1(b)(10) and Rule 31a-1(b)(11) promulgated under the Act; and

2. Fund will not exercise its option with respect to any bond if, at the time of the exercise, the option price is greater than the market price plus commission.

Notice is further given that any interested person may, not later than December 24, 1970, at 5:30 p.m., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request, and the issues of fact or law proposed to be controverted, or he may request that he be notified if the Commission shall order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request shall be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon ECC at the address set forth above. Proof of such service (by affidavit or in case of an attorney at law by certificate) shall be filed contemporaneously with the request. At any time after said date, as provided by Rule 0-5 of the Rules and Regulations promulgated under the Act, an order disposing of the application herein may be issued by the Commission upon the basis of the information stated in said application, unless an order for hearing upon said application shall be issued upon request or upon the Commission's own motion. Persons who request a hearing or advice as to whether a hearing is ordered will receive notice of further develop-

ments in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Corporate Regulation, pursuant to delegated authority.

Recording Secretary.

MOTOR CARRIER, BROKER, WATER  
CARRIER, AND FREIGHT FOR-  
WARDER APPLICATIONS

DECEMBER 11, 1970.

The following applications are governed by Special Rule 1100.247<sup>1</sup> of the Commission's general rules of practice (49 CFR, as amended), published in the FEDERAL REGISTER issue of April 20, 1966, effective May 20, 1966. These rules provide, among other things, that a protest to the granting of an application must be filed with the Commission within 30 days after date of notice of filing of the application is published in the FEDERAL REGISTER. Failure seasonably to file a protest will be construed as a waiver of opposition and participation in the proceeding. A protest under these rules should comply with section 247(d)(3) of the rules of practice which requires that it set forth specifically the grounds upon which it is made, contain a detailed statement of protestant's interest in the proceeding (including a copy of the specific portions of its authority which protestant believes to be in conflict with that sought in the application, and describing in detail the method—whether by joinder, interline, or other means—by which protestant would use such authority to provide all or part of the service proposed), and shall specify with particularity the facts, matters, and things relied upon, but shall not include issues or allegations phrased generally. Protests not in reasonable compliance with the requirements of the rules may be re-

jected. The original and one copy of the protest shall be filed with the Commission, and a copy shall be served concurrently upon applicant's representative, or applicant if no representative is named. If the protest includes a request for oral hearing, such requests shall meet the requirements of section 247(d)(4) of the special rules, and shall include the certification required therein.

Section 247(f) of the Commission's rules of practice further provides that each applicant shall, if protests to its application have been filed, and within 60 days of the date of this publication, notify the Commission in writing (1) that it is ready to proceed and prosecute the application, or (2) that it wishes to withdraw the application, failure in which the application will be dismissed by the Commission.

Further processing steps (whether modified procedure, oral hearing, or other procedures) will be determined generally in accordance with the Commission's General Policy Statement Concerning Motor Carrier Licensing Procedures, published in the FEDERAL REGISTER issue of May 3, 1966. This assignment will be by Commission order which will be served on each party of record.

The publications hereinafter set forth reflect the scope of the applications as filed by applicants, and may include descriptions, restrictions, or limitations which are not in a form acceptable to the Commission. Authority which ultimately may be granted as a result of the applications here noticed will not necessarily reflect the phraseology set forth in the application as filed, but also will eliminate any restrictions which are not acceptable to the Commission.

No. MC 2860 (Sub-No. 88), filed November 4, 1970. Applicant: NATIONAL FREIGHT, INC., 57 West Park Avenue, Vineland, NJ 08360. #### RAILROAD FREIGHT RATE STRUCTURE

##### Investigation

At a General Session of the Interstate Commerce Commission, held at its office in Washington, D.C., on the 11th day of December 1970.

It appearing, that in recent proceedings regarding general increases in railroad freight rates, a number of parties have taken the position that the application of general increases, particularly when measured as percentages of existing rates, has over the years caused a misalignment of rate relationships and a distortion of proper rate levels. As has been pointed out, the criteria for determining revenue need and the lawfulness of general freight rate increases including those set forth in section 15a(2) of the act, do not comprehend consideration of the extent to which overall movements of particular commodities contribute to net carrier revenue. (Increased Freight Rates, 1968, 332 ICC 714, 716). The Department of Transportation in its statement supporting the proposed increases filed in Increased Freight Rates, 1971, Ex Parte No. 267, recognizes that distinction and suggests a separate proceeding "to investigate all relevant rate structure issues." Among these issues are: (a) The possibly self-defeating nature of general rate increases with respect to generating revenues; (b) disparities and distortions in the basic rate structure; (c) uneven effects on individual railroads; and (d) lack of railroad incentive to improve service in line with shipper requirements;

It further appearing, that, in consideration of those matters, among others, the Commission is preparing to enter upon a thorough investigation of the railroad freight rate structure to, from, and within all rate territories.

It further appearing, that comparison of the results of rail burden studies for the years 1966 (the last full calendar year prior to the recent series of general increase cases) and 1969 (the last year for which traffic flow and revenue data may be reasonably available) should present factual data helpful in identifying any shifts in the relative burdens imposed on particular traffic groups as a result of the general rate increases, to determine the nature of further investigations.

It further appearing, that in the past, the Commission's Bureau of Accounts prepared such annual studies, entitled Distribution of the Rail Revenue Contribution by Commodity Groups, based on the application of costs derived from the Bureau's rail cost formula, Rail Form A, to traffic and revenue data derived from the Commission's Bureau of Economic's rail carload waybill sample. Subsequent to the discontinuance of the carload waybill sample by the Commission in 1968, due to budgetary stringency, the Commission entered into a memorandum of agreement with the Department of Transportation, dated July 16, 1970, under which the Commission made available to the Department railroad waybills and related documents received since 1967 from the railroads, as well as associated records, for processing the information contained therein as part of its comprehensive Freight Flow Data Program. The Department agreed to furnish to the Commission files, reports, or studies prepared from the information transferred under the agreement. Completion of the Department's processing of 1969 data is anticipated early in 1971. The rail burden study for 1969 is dependent upon the receipt of the rail carload waybill sample data for that year from the Department of Transportation, and a request therefor has been made; therefore,

It is ordered, That this proceeding be, and it is hereby, instituted to enable the Commission to develop a full record containing the views of all interested parties, and such materials and data as they may wish to present for the purpose of determining the nature of further proceedings.

It is further ordered, That all persons having an interest in the subject matter of this proceeding, and who desire to present evidence, views, or arguments may direct them to any relevant subject, but should cover the following:

1. The specific objectives or goal of the investigation;
2. The legal, economic or other issues which should be considered;
3. The kinds of statistical and other information which may be relevant to the investigation and the form in which data should be presented;
4. The procedures which might usefully be employed; and
5. A schedule of proposed procedural dates.

It is further ordered, That an original and 15 copies of such views be filed with the Commission within 60 days of publication of this notice in the FEDERAL REGISTER. Subsequent to evaluation of all pertinent information and views, an

order or orders will be entered instituting one or more investigations.

*It is further ordered*, That a copy of this notice be posted in the office of the Secretary of the Commission for public inspection, and that a copy be filed with the Director, Office of the Federal Register, for publication therein.

*And it is further ordered*, That this proceeding, as well as subsequent related proceedings, be, and they are hereby, referred to Division 2 of the Commission for administrative handling.

By the Commission.

[SEAL] ROBERT L. OSWALD,  
Secretary.

[Ex Parte No. 271]

### RAILROAD RATE BASE Net Investment

At a General Session of the Interstate Commerce Commission, held at its office in Washington, D.C., on the 11th day of December 1970.

It appearing, that in considering railroads' petitions for general freight rate increases, the Commission has used the railroads' net investment in transportation property plus the original cost of the land and an allowance for working capital to measure the rate of return, as most recently discussed in Ex Parte No. 259, Increased Freight Rates, 1968, 332 ICC 590, 604-607, which is one of the elements entering into the decisions in general revenue proceedings; and that the Commission, as presently informed, remains of the view, without prejudging any conclusions in the pending proceedings in Ex Parte Nos. 265 and 267, Increased Freight Rates, 1970, and Increased Freight Rates, 1971, respectively, that such a rate base is proper;

It further appearing, that, however, the validity of such a rate base has been called into question by parties to various general increase proceedings, and in other matters before the Commission, and that there may be other interests whose views have not been made known; therefore,

*It is ordered*, That a proceeding be, and it is hereby, instituted to enable the Commission to develop a full record containing the views of all interested parties, and such materials and data as they may wish to present in support thereof, and to permit a determination of whether the rate base used for determining rate of return, or some other rate base, should be utilized by the Commission in the future.

*It is further ordered*, That all persons having an interest in the subject matter of this proceeding, and who desire to present evidence, views, or arguments pertinent to the issue of whether the rate base referred to above should or should not continue to be used for determining rate of return, or who otherwise desire to participate, shall notify the Office of Proceedings of the Commission of that fact, and of their position, within 30 days of publication of this order in the FEDERAL REGISTER; and that thereafter, a list of names and addresses of all persons upon whom service of all pleadings shall be served will be furnished, and at that time, the nature of further proceedings herein will be designated.

*It is further ordered*, That a copy of this order be posted in the office of the Secretary of the Commission for public inspection, and that a copy be filed with the Director, Office of the Federal Register, for publication therein.

*And it is further ordered*, That this proceeding be, and it is hereby, referred to Division 2 of the Commission for administrative handling.

By the Commission.

[SEAL] ROBERT L. OSWALD,  
Secretary.
