LIST OF CFR SECTIONS AFFECTED

1949-1963

This volume contains a compilation of the "List of Sections Affected" for all titles of the Code of Federal Regulations for the years 1949 through 1963. All sections of the CFR which have been expressly affected by documents published in the daily Federal Register are enumerated.

Reference to this list will enable the user to find the precise text of CFR provisions which were in force and effect on any given date during the period covered.

Price: \$6.75

Compiled by Office of the Federal Register, National Archives and Records Service, General Services Administration

Order from Superintendent of Documents, U.S. Government Printing Office
Washington, D.C. 20402

FEDERAL REGISTER

Area Code 202

Phone 962-8626

Published daily, Tuesday through Saturday (no publication on Sundays, Mondays, or on the day after an official Federal holiday), by the Office of the Federal Register, National Archives and Records Service, General Services Administration, Washington, D.C. 20408, pursuant to the authority contained in the Federal Register Act, approved July 26, 1935 (49 Stat. 500, as amended; 44 U.S.C., Ch. 15), under regulations prescribed by the Administrative Committee of the Federal Register, approved by the President (1 CFR Ch. I). Distribution is made only by the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for \$2.50 per month or \$25 per year, payable in advance. The charge for individual copies is 20 cents for each issue, or 20 cents for each group of pages as actually bound. Remit check or money order, made payable to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

The regulatory material appearing herein is keyed to the CODE OF FEDERAL REGULATIONS, which is published, under 50 titles, pursuant to section 11 of the Federal Register Act, as amended (44 U.S.C. 1510). The CODE OF FEDERAL REGULATIONS is sold by the Superintendent of Documents. Prices of new books are listed in the first FEDERAL REGISTER issue of each month.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER or the CODE OF FEDERAL REGULATIONS.

Rules and Regulations

Title 7—AGRICULTURE

Chapter IX—Consumer and Marketing Service (Marketing Agreements and Orders; Fruits, Vegetables, Nuts), Department of Agriculture

[Lemon Reg. 489]

PART 910—LEMONS GROWN IN CALIFORNIA AND ARIZONA

Limitation of Handling

§ 910.789 Lemon Regulation 489.

(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 910, as amended (7 CFR Part 910; 36 F.R. 9061), regulating the handling of lemons grown in California and Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), and upon the basis of the recommendations and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of such lemons, as hereinafter provided, will tend to effectuate the declared policy of the Act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication hereof in the FEDERAL REGISTER (5 U.S.C. 553) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. The committee held an open meeting during the current week, after giving due notice thereof, to consider supply and market conditions for lemons and the need for regulation; interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such lemons; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the

period herein specified; and compliance with this section will not require any special preparation on the part of persons subject hereto which cannot be completed on or before the effective date hereof. Such committee meeting was held on July 13, 1971.

(b) *Order.* (1) The respective quantities of lemons grown in California and Arizona which may be handled during the period July 18, 1971, through July 24, 1971, are hereby fixed as follows:

- (i) District 1: Unlimited;
- (ii) District 2: 300,000 cartons;
- (iii) District 3: Unlimited.

(2) As used in this section, "handled," "District 1," "District 2," "District 3," and "carton" have the same meaning as when used in the said amended marketing agreement and order.

(Secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674)

Dated: July 15, 1971.

PAUL A. NICHOLSON,
Deputy Director, Fruit and Vegetable Division, Consumer and Market Service.

[FR Doc. 71-10256 Filed 7-16-71; 8:52 am]

[Area No. 3]

PART 948—IRISH POTATOES GROWN IN COLORADO

Limitation of Shipments

Notice of rule making with respect to a proposed limitation of shipments regulation to be made effective under Marketing Agreement No. 97 and Order No. 948, both as amended (7 CFR Part 948), regulating the handling of Irish potatoes grown in Colorado, Area No. 3, was published in the FEDERAL REGISTER June 30, 1971 (36 F.R. 12307). This program is effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.). Interested persons were afforded an opportunity to file written data, views, or arguments pertaining thereto not later than 10 days after publication. None was filed.

Findings. After consideration of all relevant matters presented, including the proposal set forth in the aforesaid notice which was recommended by the Colorado Area No. 3 Potato Committee, established pursuant to said marketing agreement and order, it is hereby found that the limitation of shipments regulation, as hereinafter set forth, will tend to effectuate the declared policy of the act.

The recommendations of the committee reflect its appraisal of the composition of the 1971 crop and of the marketing prospects for this season. Shipments of new crop potatoes from the production area are expected to be-

gin about mid-July. The requirements provided herein are necessary to prevent potatoes of lower quality, undesirable sizes, and potatoes of lesser maturities from being distributed in fresh market channels, so as to improve returns to producers for the preferred qualities and sizes pursuant to the declared policy of the act.

It is hereby further found that good cause exists for not postponing the effective date of this section until 30 days after its publication in the FEDERAL REGISTER (5 U.S.C. 553) in that (1) shipments of potatoes grown in the production area will begin on or about the effective date specified herein, (2) to maximize benefits to producers, this regulation should apply to as many shipments as possible during the marketing season, (3) information regarding the provisions of this regulation, which are similar to those which were in effect during the previous marketing season, has been made available to producers and handlers in the production area, and (4) compliance with this regulation will not require any special preparation on the part of persons subject thereto which cannot be completed by such effective date.

§ 948.365 Limitation of shipments.

During the period July 17, 1971, through June 30, 1972, no person shall handle any lot of potatoes grown in Area No. 3 unless such potatoes meet the requirements of paragraphs (a) and (b) of this section, or unless such potatoes are handled in accordance with paragraphs (c) through (g) of this section.

(a) *Grade and size requirements.* (1) *Round varieties.* U.S. No. 1, or better grade, 2 inches minimum diameter; or U.S. No. 2, or better grade up to but not including U.S. No. 1 grade and not less than 1½ inches minimum diameter.

(2) *Long varieties.* U.S. No. 1, or better grade, 2 inches minimum diameter or 4 ounces minimum weight; or U.S. No. 2, or better grade up to but not including U.S. No. 1 grade and not less than 1½ inches minimum diameter or 4 ounces minimum weight.

(3) *All varieties.* Size B, if U.S. No. 1, or better grade.

(b) *Maturity (skinning) requirements.* All varieties. For U.S. No. 2 grade, not more than "moderately skinned," and for all other grades, not more than "slightly skinned".

(c) *Special purpose shipments.* (1) The grade, size and maturity requirements of paragraphs (a) and (b) of this section and the inspection and assessment requirements of this part shall not be applicable to shipments of potatoes for:

- (i) Livestock feed;
- (ii) Charity;

RULES AND REGULATIONS

(iii) Canning, freezing, and "other processing" as hereinafter defined.

(2) The maturity requirements set forth in paragraph (b) of this section shall not be applicable to shipments of potatoes for prepeeling.

(3) The quality and maturity requirements of paragraph (a) and (b) of this section shall not be applicable to shipments of certified seed potatoes (§ 948.6) but such shipments shall be subject to assessments.

(d) *Safeguards.* Each handler making shipments of potatoes pursuant to paragraph (c) of this section shall,

(1) Prior to shipment, apply for and obtain a Certificate of Privilege from the committee,

(2) Furnish the committee such reports and documents as requested, including certification by the buyer or receiver on the use of such potatoes, and

(3) Bill each shipment directly to the applicable buyer or receiver.

(e) *Inspection.* (1) No handler shall handle any potatoes for which inspection is required unless an appropriate inspection certificate has been issued with respect thereto and the certificate is valid at the time of shipment. For purposes of operation under this part is hereby determined pursuant to paragraph (d) of § 948.40, that each inspection certificate shall be valid for a period not to exceed 5 days following the date of inspection as shown on the inspection certificate.

(2) No handler may transport or cause the transportation by motor vehicle of any shipment of potatoes for which an inspection certificate is required unless each shipment is accompanied by, and made available for examination at any time upon request, a copy of the inspection certificate applicable thereto.

(f) *Minimum quantity.* For purposes of regulation under this part, each person may handle up to but not exceed 1,000 pounds of potatoes without regard to the requirements of paragraphs (a) and (b) of this section, but this exception shall not apply to any shipment of over 1,000 pounds of potatoes.

(g) *Definitions.* The terms "U.S. No. 1," "U.S. No. 2," "Size B," "moderately skinned" and "slightly skinned," shall have the same meaning as when used in the U.S. Standards for Grades of Potatoes (§§ 51.1540-51.1566 of this title, as amended, 35 F.R. 18257 which are to become effective Sept. 1, 1971) including the tolerances set forth therein. The term "prepeeling" means potatoes which are clean, sound, fresh tubers prepared commercially in a prepeeling plant by washing, removal of the outer skin or peel, trimming, and sorting preparatory to sale in one or more of the styles of peeled potatoes described in § 52.2422 (U.S. Standards for Grades of Peeled Potatoes, §§ 52.2421-52.2433 of this title). The term "other processing" has the same meaning as the term appearing in the act and includes, but is restricted to, potatoes for dehydration, chips, shoestrings, starch, and flour. It includes

only that preparation of potatoes for market which involves the application of heat or cold to such an extent that the natural form or stability of the commodity undergoes a substantial change. The act of peeling, cooling, slicing, or dicing, or the application of material to prevent oxidation does not constitute "other processing."

(h) *Applicability to imports.* Pursuant to section 608e-1 of the Act and § 980.1, "Import regulations" (7 CFR 980.1), round white varieties of Irish potatoes, except certified seed potatoes, imported into the United States during the period August 1, 1971, through June 4, 1972, shall meet the minimum grade, size, quality, and maturity requirements specified in paragraphs (a) and (b) of this section.

(Secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674)

Dated: July 14, 1971 to become effective July 17, 1971.

FLOYD F. HEDLUND,
Director, Fruit and Vegetable
Division, Consumer and Marketing Service.

[FR Doc.71-10202 Filed 7-16-71;8:51 am]

PART 958—ONIONS GROWN IN DESIGNATED COUNTIES IN IDAHO AND MALHEUR COUNTY, OREG.

Limitation of Shipments

Notice of rule making regarding a proposed limitation of shipments, to be effective under Marketing Agreement No. 130 and Order No. 958, both as amended (7 CFR Part 958), regulating the handling of onions grown in the production area defined therein, was published in the July 2, 1971, issue of the FEDERAL REGISTER (36 F.R. 12629). This program is effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.).

The notice afforded interested persons an opportunity to file data, views, or arguments pertaining thereto not later than 7 days following its publication in the FEDERAL REGISTER. None was filed.

After consideration of all relevant matters, including the proposal set forth in the aforesaid notice which was recommended by the Idaho-Eastern Oregon Onion Committee, established pursuant to the said marketing agreement and order, it is hereby found that the limitation of shipments regulation, hereinafter set forth, will tend to effectuate the declared policy of the act.

It is hereby further found that good cause exists for not postponing the effective date of this section until 30 days after publication in the FEDERAL REGISTER (5 U.S.C. 553) in that (1) shipments of 1971 crop early transplant onions grown in the production area will begin on or about July 15, (2) to maximize benefits to producers, this regulation should be made effective by July 17 to prevent immature onions from being distributed, (3) this regulation will not

require any special preparation by handlers which cannot be completed by such time, and (4) notice of the proposed regulation has been given to producers and handlers of onions in the production area and such notice was also published in the FEDERAL REGISTER of July 2, 1971.

§ 958.316 Limitation of shipments.

During the period July 17, 1971, through August 31, 1971, no person may handle any lot of yellow or white varieties of onions unless such onions are harvested at a stage which will not result in the onions becoming soft or spongy and are at least "moderately cured." The term "moderately cured" means that the onions are definitely fairly well cured but need not be completely dry.

Other terms used in this section have the same meaning as when used in Marketing Agreement No. 130 and this part. (Secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674)

Dated: July 14, 1971, to become effective July 17, 1971.

FLOYD F. HEDLUND,
Director, Fruit and Vegetable
Division, Consumer and Marketing Service.

[FR Doc.71-10203 Filed 7-16-71;8:51 am]

PART 980—VEGETABLES; IMPORT REGULATIONS

Onions

Notice of rule making regarding proposed restrictions on the importation of onions into the United States to be made effective under section 8e-1 of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 608e-1), was published in the July 3, 1971 FEDERAL REGISTER (36 F.R. 12695).

The notice afforded interested persons an opportunity to file data, views, or arguments in regard thereto not later than the seventh day after publication. None was filed.

Section 8e-1 of the act provides that whenever a Federal marketing order is in effect for onions, the importation of onions shall be prohibited unless it complies with the grade, size, quality, and maturity provisions of such order. The provisions hereinafter set forth comply with those which will become effective July 17, 1971, under Marketing Order No. 958 for onions grown in Idaho and Malheur County, Oregon. It is not contemplated that any other marketing order will have concurrent grade, size, quality, and maturity provisions in effect regulating onions until the spring of 1972.

Findings. (a) After consideration of all relevant matters, including the proposal set forth in the aforesaid notice, and other available information, it is hereby found that the proposal as published in the notice should be issued and that such restrictions on the importation of onions, as hereinafter provided, comply with the

RULES AND REGULATIONS

grade, size, quality, and maturity requirements applicable to onions produced in the United States, and effective under Marketing Order No. 958, as amended (7 CFR Part 958) regulating the handling of onions grown in designated counties of Idaho and Malheur County, Oreg. This regulation is subject to amendment with adequate notice as domestic regulations are changed.

(b) It is hereby further found that good cause exists for not postponing the effective date of this regulation beyond the time specified (5 U.S.C. 553) in that (1) the requirements established by this regulation are mandatory under section 8e-1 of the act; (2) all known onion importers were notified of the proposed regulation; and (3) notice hereof was published in the July 3, 1971, FEDERAL REGISTER (36 F.R. 12695), and such notice is determined to be reasonable.

§ 980.110 Onion import regulation.

Except as otherwise provided, during the period July 20, 1971, through August 31, 1971, no person may import onions of the yellow or white varieties unless such onions are inspected and meet the requirements of this section.

(a) *Quality requirement.* At least "moderately cured."

(b) *Minimum quantity.* Any importation which in the aggregate does not exceed 100 pounds in any day, may be imported without regard to the provisions of this section.

(c) *Plant quarantine.* Provisions of this section shall not supersede the restrictions or prohibitions on onions under the Plant Quarantine Act of 1912.

(d) *Designation of governmental inspection service.* The Federal or the Federal-State Inspection Service, Fruit and Vegetable Division, Consumer and Marketing Service, U.S. Department of Agriculture, and the Fruit and Vegetable Division, Production and Marketing Branch, Canada Department of Agriculture, are designated as governmental inspection services for certifying the grade, size, quality and maturity of onions that are imported into the United States under the provisions of section 8e-1 of the act.

(e) *Inspection and official inspection certificates.* (1) An official inspection certificate certifying the onions meet the U.S. import requirements for onions under section 8e-1 (7 U.S.C. 608e-1), issued by a designated governmental inspection service and applicable to a specific lot is required on all imports of onions.

(2) Inspection and certification by the Federal or Federal-State Inspection Service will be available and performed in accordance with the rules and regulations governing certification of fresh fruits, vegetables and other products (Part 51 of this title). Each lot shall be made available and accessible for inspection as provided therein. Cost of inspection and certification shall be borne by the applicant.

(3) Since inspectors may not be stationed in the immediate vicinity of some

smaller ports of entry, importers of onions should make advance arrangements for inspection by ascertaining whether or not there is an inspector located at their particular port of entry. For all ports of entry where an inspection office is not located, each importer must give the specified advance notice to the applicable office listed below prior to the time the onions will be imported.

All other points.	D. S. Matheson, Fruit and Vegetable Division, C&MS, Washington, D.C. 20250 (Phone 202-388-5870).	3 days.

(4) Inspection certificates shall cover only the quantity of onions that is being imported at a particular port of entry by a particular importer.

(5) In the event the required inspection is performed prior to the arrival of the onions at the port of entry, the inspection certificate that is issued must show that the inspection was performed at the time of loading such onions for direct transportation to the United States; and if transportation is by water, the certificate must show that the inspection was performed at the time of loading onto the vessel.

(6) Each inspection certificate issued with respect to any onions to be imported into the United States shall set forth, among other things:

- (i) The date and place of inspection;
- (ii) The name of the shipper, or applicant;
- (iii) The commodity inspected;
- (iv) The quantity of the commodity covered by the certificate;
- (v) The principal identifying marks on the containers;
- (vi) The railroad car initials and number, the truck and trailer license number, the name of the vessel, or other identification of the shipment; and
- (vii) The following statement, if the facts warrant: Meets import requirements of 7 U.S.C. 608e-1.

(f) *Reconditioning prior to importation.* Nothing contained in this part shall be deemed to preclude any importer from reconditioning prior to importation any

shipment of onions for the purpose of making it eligible for importation.

(g) *Definitions.* For the purpose of this section, "Onions" means all varieties of *Allium cepa* marketed dry, except dehydrated, canned and frozen onions, onion sets, green onions, and pickling onions. The term "moderately cured" means the onions are definitely fairly well cured but they need not be completely dry. "Importation" means release from custody of the U.S. Bureau of Customs.

(Secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674)

Dated July 14, 1971, to become effective July 20, 1971.

FLOYD F. HEDLUND,
Director, Fruit and Vegetable
Division, Consumer and Marketing Service.

Chapter XIV—Commodity Credit Corporation, Department of Agriculture

SUBCHAPTER B—LOANS, PURCHASES, AND OTHER OPERATIONS

[CCC Grain Price Support Regs., 1971 Crop Flaxseed Supp.]

PART 1421—GRAINS AND SIMILARLY HANDLED COMMODITIES

Subpart—1971 Crop Flaxseed Loan and Purchase Program

The General Regulations Governing Price Support for the 1970 and Subsequent Crops, published at 35 F.R. 7363 and 7781 and any amendments thereto and the 1970 and Subsequent Crops Flaxseed Loan and Purchase Program Regulations published at 35 F.R. 11456 and any amendments to such regulations, are further supplemented for the 1971 crop of flaxseed by adding §§ 1421.175-1421.178 to read as herein stated. The material previously appearing in these sections under centerhead "1970 Crop Flaxseed Loan and Purchase Program" remains in full force and effect as to the 1970 crop of flaxseed.

Sec.	1421.175	Availability.
	1421.176	Warehouse charges.
	1421.177	Maturity of loans.
	1421.178	Support rates, premiums, and discounts.

AUTHORITY: The provisions of this subpart issued under sec. 4, 62 Stat. 1070, as amended; sec. 5, 62 Stat. 1072; secs. 301, 401, 63 Stat. 1054; 15 U.S.C. 714 b and c. 7 U.S.C. 1447, 1421.

§ 1421.175 Availability.

A producer desiring a price support loan must request a loan on his eligible flaxseed on or before April 30, 1972, on flaxseed stored in Minnesota, Montana, North Dakota, South Dakota, and Wisconsin, and on or before March 31, 1972, on flaxseed stored in all other States. To obtain price support through sales, a producer must execute and deliver to the appropriate county ASCS office a Purchase Agreement (Form CCC-614)

RULES AND REGULATIONS

indicating the approximate quantity of 1971 crop flaxseed he may sell to CCC. The Purchase Agreement must be delivered to CCC on or before May 31, 1972, for flaxseed stored in the States of Minnesota, Montana, North Dakota, South Dakota, and Wisconsin, and on or before April 30, 1972, for flaxseed stored in all other States.

§ 1421.176 Warehouse charges.

The following schedule of deductions (gross weight basis) for flaxseed stored in an approved warehouse operating under the Uniform Grain Storage Agreement shall apply as provided in § 1421.157 (b):

SCHEDULE OF DEDUCTIONS FOR STORAGE CHARGES BY MATURITY DATES

Maternity date of April 30, 1972	Deduction (cents per bushel)	Maternity date of May 31, 1972

(b) Premiums and discounts. The basic support rate shall be adjusted, as applicable, by premiums and discounts as follows:

Cents per bushel

- Premium for low moisture. (Applicable to Grades U.S. No. 1 and U.S. No. 2):
Moisture content (percent): 9 or less +1
- Discounts:
(i) Grade U.S. No. 2 -6
(ii) Weed Control Law (where required by § 1421.25) -15
(iii) Other factors: Amounts determined by CCC to represent market discounts for quality factors not specified above which affect the value of flaxseed, such as (but not limited to) heat damage, musty, and sour. Such discounts will be established not later than the time delivery of flaxseed to CCC begins and will thereafter be adjusted from time to time as CCC determines appropriate to reflect changes in market conditions. Producers may obtain schedules of such factors and discounts at county ASCS offices approximately one month prior to the loan maturity date.

[CCC Grain Price Support Regs., 1971 Crop Grain Sorghum Supp.]

PART 1421—GRAINS AND SIMILARLY HANDLED COMMODITIES

Subpart—1971 Crop Grain Sorghum Loan and Purchase Program

The General Regulations Governing Price Support for the 1970 and subsequent Crops, published at 35 F.R. 7363 and 7781, and any amendments thereto, and the 1970 and Subsequent Crops Grain Sorghum Loan and Purchase Program regulations, published at 35 F.R. 10745, and any amendments to such regulations, are further supplemented for the 1971 crop of grain sorghum by adding §§ 1421.235-1421.239 to read as herein stated. The material previously appearing in these sections under centerhead "1970 Crop Grain Sorghum Loan and Purchase Program" remains in full force and effect with respect to that crop.

Sec.
1421.235 Availability.
1421.236 Compliance requirements.
1421.237 Warehouse charges.
1421.238 Maturity of loans.
1421.239 Support rates and discounts.

AUTHORITY: The provisions of this subpart issued under sec. 4, 62 Stat. 1070, as amended; 15 U.S.C. 714b. Interpret or apply sec. 5, 62 Stat. 1072, secs. 105, 401, 63 Stat. 1051, as amended; 15 U.S.C. 714c, 7 U.S.C. 1421, 1441.

§ 1421.235 Availability.

(a) *Loans.* A producer desiring a price support loan must request a loan on his eligible grain sorghum (1) on or before March 31, 1972, on grain sorghum stored in the following counties in Texas and all counties in Texas south thereof: Austin, Bexar, Caldwell, Colorado, Comal, Galveston, Gonzales, Harris, Hays, Kinney, Lavaca, Medina, Uvalde, Val Verde, and Waller; (2) on or before May 31, 1972, on grain sorghum stored in Oklahoma and in counties in Texas north of those named in subparagraph (1) of this paragraph; and (3) on or before June 30, 1972, on grain sorghum stored in States other than Texas and Oklahoma.

(b) *Purchases.* To obtain price support through sales, a producer must execute and deliver to the appropriate county ASCS office a Purchase Agreement (Form CCC-614), indicating the approximate quantity of 1971 crop grain sorghum he will sell to CCC, on or before the applicable maturity date specified in § 1421.238.

§ 1421.236 Compliance requirements.

A producer shall be eligible for a loan or purchase with respect to the grain sorghum being tendered if the producer

complies with the 1971 set-aside program appearing in regulations published in Part 775 of this title pertaining to Feed Grain Set-Aside Program for crop years 1971-73, and any amendments thereto, on the farm on which such grain sorghum was produced.

§ 1421.237 Warehouse charges.

Subject to the provisions of § 1421.216, the schedules of deductions set forth in this section shall apply to grain sorghum stored in an approved warehouse operating under the Uniform Grain Storage Agreement.

Title 9—ANIMALS AND ANIMAL PRODUCTS

Chapter I—Agricultural Research Service, Department of Agriculture

SUBCHAPTER C—INTERSTATE TRANSPORTATION OF ANIMALS AND POULTRY

[Docket No. 71-582]

PART 76—HOG CHOLERA AND OTHER COMMUNICABLE SWINE DISEASES

Areas Quarantined

Pursuant to the provisions of the Act of May 29, 1884, as amended, the Act of February 2, 1903, as amended, the Act of March 3, 1905, as amended, the Act of September 6, 1961, and the Act of July 2, 1962 (21 U.S.C. 111-113, 114g, 115, 117, 120, 121, 123-126, 134b, 134f), Part 76, Title 9, Code of Federal Regulations, restricting the interstate movement of swine and certain products because of hog cholera and other communicable swine diseases, is hereby amended in the following respects:

In § 76.2, paragraphs (e), (f), and (g) are amended to read as follows:

§ 76.2 Notice relating to existence of hog cholera; prohibition of movement of any hog cholera virus, exceptions; spread of disease through raw garbage; regulations; quarantines; eradication States; and free States.

(e) *Notice of quarantine.* Notice is hereby given that because of the existence of hog cholera in the States of Illinois, Michigan, Mississippi, Texas, and The Commonwealth of Puerto Rico, and the nature and extent of outbreaks of this disease, the following areas are quarantined because of said disease:

(1) *Illinois.* (i) That portion of Mercer County comprised of North Henderson Township.

(ii) That portion of Warren County comprised of Kelly Township.

(iii) That portion of Knox County comprised of Henderson and Rio Townships.

(2) *Michigan.* That portion of Cass County comprised of Newberg Township and that portion of St. Joseph County comprised of Fabius Township.

(3) *Mississippi.* That portion of Chickasaw County bounded by a line beginning at the junction of the Chickasaw-Pontotoc County line and State Highway 15; thence, following State Highway 15 in a generally southerly direction to State Highway 8; thence, following State Highway 8 in a southeasterly then easterly direction to the Chick-

asaw-Monroe County line; thence, following the Chickasaw-Monroe County line in a northerly direction to State Highway 45W; thence, following State Highway 45W in a northwesterly then northeasterly direction to the Chickasaw-Lee County line; thence, following the Chickasaw-Lee County line in a westerly direction to the Chickasaw-Pontotoc County line; thence, following the Chickasaw-Pontotoc County line in a westerly direction to its junction with State Highway 15.

(4) *Texas.* (i) All of Galveston, Harris, and Parker Counties.

(ii) That portion of Potter County bounded by a line beginning at the junction of the Potter-Oldham County line and the south bank of the Canadian River; thence, following the south bank of the Canadian River in a generally northeasterly direction to the south bank of Lake Meredith; thence, following the south bank of Lake Meredith in a generally northeasterly direction to the Potter-Moore County line; thence, following the Potter-Moore County line in an easterly direction to the junction of the Potter-Moore-Carson County lines; thence, following the Potter-Carson County line in a southerly direction to the junction of the Potter-Carson-Armstrong-Randall County lines; thence following the Potter-Randall County line in a westerly direction to the junction of the Potter-Randall-Oldham County lines; thence, following the Potter-Oldham County line in a northerly direction to its junction with the south bank of the Canadian River.

(iii) The adjacent portions of Tarrant and Johnson Counties bounded by a line beginning at the junction of the Tarrant-Johnson County line and Interstate Highway 35W; thence, following Interstate Highway 35W in a northerly direction to State Highway 121; thence, following State Highway 121 in a northeasterly direction to the junction of the Tarrant-Denton-Dallas County lines; thence, following the Tarrant-Dallas County line in a southerly direction to the junction of the Tarrant-Dallas-Ellis County lines; thence, following the Tarrant-Ellis County line in a westerly direction to the junction of the Tarrant-Johnson-Ellis County lines; thence, following the Johnson-Ellis County line in a southerly direction to U.S. Highway 67 in Johnson County; thence, following U.S. Highway 67 in a southwesterly direction to Interstate Highway 35W; thence, following Interstate Highway 35W in a northwesterly direction to its junction with the Tarrant-Johnson County line.

(iv) That portion of Tom Green County bounded by a line beginning at the junction of U.S. Highway 67 and State Highway 306; thence, following State Highway 306 in a southeasterly then northwesterly direction to U.S. Highway 277, 67; thence, following U.S. Highway 277, 67 in a northeasterly direction to U.S. Highway 277; thence, fol-

lowing U.S. Highway 277 in a northerly direction to Farm-to-Market Road 2105; thence, following Farm-to-Market Road 2105 in a westerly direction to U.S. Highway 87; thence, following U.S. Highway 87 in a northwesterly direction to Farm-to-Market Road 2288; thence, following Farm-to-Market Road 2288 in a generally southeasterly direction to U.S. Highway 67; thence, following U.S. Highway 67 in a northeasterly direction to its junction with State Highway 306.

(5) *The Commonwealth of Puerto Rico.* The entire Commonwealth.

(f) Notice is hereby given that there is no clinical evidence that the virus of hog cholera exists in swine in the following States, that systematic procedures are in effect to detect and eradicate the disease should it appear within any of such States, and that such States are designated as hog cholera eradication States:

Alabama.	Nebraska.
Arkansas.	New Hampshire.
Connecticut	New Jersey.
Delaware.	New Mexico.
Florida.	New York.
Hawaii.	Oklahoma.
Kansas.	Pennsylvania.
Louisiana.	Rhode Island.
Maryland.	South Carolina.
Minnesota.	Tennessee.
Missouri.	Virginia.

(g) Notice is hereby given that a period of more than 1 year has passed since there has been clinical evidence that the virus of hog cholera exists in the following States, that more than 1 year has passed since systematic procedures were placed in effect to exclude the virus of hog cholera and to detect and eradicate the disease should it appear within any of such States, and that the virus of hog cholera has been eradicated from such States and such States are designated as hog cholera free States:

Alaska.	North Dakota.
Arizona.	Oregon.
California.	South Dakota.
Georgia.	Utah.
Idaho.	Vermont.
Iowa.	Washington.
Kentucky.	West Virginia.
Maine.	Wisconsin.
Montana.	Wyoming.
Nevada.	

(Secs. 4-7, 23 Stat. 32, as amended, secs. 1, 2, 32 Stat. 791-792, as amended, secs. 1-4, 33 Stat. 1264, 1265, as amended, sec. 1, 75 Stat. 481, secs. 3 and 11, 76 Stat. 130, 132; 21 U.S.C. 111, 112, 113, 114g, 115, 117, 120, 121, 123-126, 134b, 134f; 29 P.R. 16210, as amended)

Effective date. The foregoing amendments shall become effective upon issuance.

The amendments exclude a portion of Tom Green County, Tex., from the areas quarantined because of hog cholera. Therefore, the restrictions pertaining to the interstate movement of swine and swine products from or through quarantined areas as contained in 9 CFR Part 76, as amended, will not apply to the excluded area, but will continue to apply to the quarantined areas described

RULES AND REGULATIONS

in § 76.2(e). Further, the restrictions pertaining to the interstate movement of swine and swine products from non-quarantined areas contained in said Part 76 will apply to the excluded area. No other changes are made in § 76.2(e), but all presently effective provisions of § 76.2(e) are set forth above for convenient reference.

The amendments add Missouri to the list of hog cholera eradication States in § 76.2(f), and the special provisions pertaining to the interstate movement of swine and swine products from or to such eradication States are applicable to Missouri. The amendments also add Arizona and Maine to the list of hog cholera free States in § 76.2(g), and the special provisions pertaining to the interstate movement of swine and swine products from or to such free States are applicable to Arizona and Maine.

Insofar as the amendments impose certain further restrictions necessary to prevent the interstate spread of hog cholera, they must be made effective immediately to accomplish their purpose in the public interest. Insofar as they relieve restrictions, they should be made effective promptly in order to be of maximum benefit to affected persons. It does not appear that public participation in this rule making proceeding would make additional relevant information available to this Department.

Accordingly, under the administrative procedure provisions in 5 U.S.C. 553, it is found upon good cause that notice and other public procedure with respect to the amendments are impracticable, unnecessary, and contrary to the public interest, and good cause is found for making them effective less than 30 days after publication in the FEDERAL REGISTER.

Done at Washington, D.C., this 14th day of July 1971.

F. J. MULHERN,
Acting Administrator,
Agricultural Research Service.

[Docket No. 71-583]

PART 76—HOG CHOLERA AND OTHER COMMUNICABLE SWINE DISEASES

Areas Quarantined

Pursuant to provisions of the Act of May 29, 1884, as amended, the Act of February 2, 1903, as amended, the Act of March 3, 1905, as amended, the Act of September 6, 1961, and the Act of July 2, 1962 (21 U.S.C. 111-113, 114g, 115, 117, 120, 121, 123-126, 134b, 134f), Part 76, Title 9, Code of Federal Regulations, restricting the interstate movement of swine and certain products because of hog cholera and other communicable swine diseases, is hereby amended in the following respects:

In § 76.2, in paragraph (e) (4) relating to the State of Texas, subdivision (i) relating to Galveston, Harris and Parker Counties is deleted.

(Secs. 4-7, 23 Stat. 32, as amended, secs. 1 and 2, 32 Stat. 791-792, as amended, secs. 1-4, 33 Stat. 1264-1265, as amended, sec. 1, 75 Stat. 481, secs. 3 and 11, 76 Stat. 130, 132; 21 U.S.C. 111-113, 114g, 115, 117, 120, 121, 123-126, 134b, 134f; 29 F.R. 16210, as amended)

Effective date. The foregoing amendment shall become effective upon issuance.

The amendment excludes all of Galveston, Harris, and Parker Counties in Texas from the areas quarantined because of hog cholera. Therefore, the restrictions pertaining to the interstate movement of swine and swine products from or through quarantined areas as contained in 9 CFR Part 76, as amended, will not apply to the excluded areas, but will continue to apply to the quarantined areas described in § 76.2(e). Further, the restrictions pertaining to the interstate movement of swine and swine products from nonquarantined areas contained in said Part 76 will apply to the excluded areas. No areas in Galveston, Harris, or Parker Counties in Texas remain under the quarantine.

The amendment relieves certain restrictions presently imposed but no longer deemed necessary to prevent the spread of hog cholera, and must be made effective immediately to be of maximum benefit to affected persons. It does not appear that public participation in this rule making proceeding would make additional relevant information available to this Department. Accordingly, under the administrative procedure provisions in 5 U.S.C. 553, it is found upon good cause that notice and other public procedure with respect to the amendment are impracticable and unnecessary, and good cause is found for making it effective less than 30 days after publication in the FEDERAL REGISTER.

Done at Washington, D.C., this 14th day of July 1971.

F. J. MULHERN,
Acting Administrator,
Agricultural Research Service.

[FR Doc.71-10206 Filed 7-16-71; 8:52 am]

[Docket No. 71-584]

PART 76—HOG CHOLERA AND OTHER COMMUNICABLE SWINE DISEASES

Areas Quarantined

Pursuant to provisions of the Act of May 29, 1884, as amended, the Act of February 2, 1903, as amended, the Act of March 3, 1905, as amended, the Act of September 6, 1961, and the Act of July 2, 1962 (21 U.S.C. 111-113, 114g, 115, 117, 120, 121, 123-126, 134b, 134f), Part 76, Title 9, Code of Federal Regulations, restricting the interstate move-

ment of swine and certain products because of hog cholera and other communicable swine diseases, is hereby amended in the following respects:

In § 76.2, the reference to the State of Illinois in the introductory portion of paragraph (e) and subparagraph (1) relating to the State of Illinois are deleted, and paragraph (f) is amended by adding thereto the name of the State of Illinois.

(Secs. 4-7, 23 Stat. 32, as amended, secs. 1, 2, 32 Stat. 791-792, as amended, secs. 1-4, 33 Stat. 1264, 1265, as amended, sec. 1, 75 Stat. 481, secs. 3 and 11, 76 Stat. 130, 132; 21 U.S.C. 111, 112, 113, 114g, 115, 117, 120, 121, 123-126, 134b, 134f; 29 F.R. 16210, as amended)

Effective date. The foregoing amendment shall become effective upon issuance.

The amendment excludes portions of Knox, Mercer, and Warren Counties in Illinois from the areas quarantined because of hog cholera. Therefore, the restrictions pertaining to the interstate movement of swine and swine products from or through quarantined areas as contained in 9 CFR Part 76, as amended, will not apply to the excluded areas, but will continue to apply to the quarantined areas described in § 76.2(e). Further, the restrictions pertaining to the interstate movement of swine and swine products from nonquarantined areas contained in said Part 76 will apply to the excluded areas. No areas in Illinois remain under the quarantine.

The amendment adds Illinois to the list of hog cholera eradication States in § 76.2(f), and the special provisions pertaining to the interstate movement of swine and swine products from or to such eradication States are applicable to Illinois.

Insofar as the amendment relieves certain restrictions presently imposed but no longer deemed necessary to prevent the spread of hog cholera, it must be made effective immediately to be of maximum benefit to affected persons. Insofar as it imposes restrictions it should be made effective promptly in order to prevent the spread of hog cholera. It does not appear that public participation in this rule making proceeding would make additional relevant information available to this Department. Accordingly, under the administrative procedure provisions in 5 U.S.C. 553, it is found upon good cause that notice and other public procedure with respect to the amendment are impracticable and unnecessary, and good cause is found for making it effective less than 30 days after publication in the FEDERAL REGISTER.

Done at Washington, D.C., this 14th day of July 1971.

F. J. MULHERN,
Acting Administrator,
Agricultural Research Service.

Title 21—FOOD AND DRUGS

Chapter I—Food and Drug Administration, Department of Health, Education, and Welfare

SUBCHAPTER B—FOOD AND FOOD PRODUCTS PART 121—FOOD ADDITIVES

Subpart C—Food Additives Permitted in Feed and Drinking Water of Animals or for the Treatment of Food-Producing Animals

SUBCHAPTER C—DRUGS

PART 135e—NEW ANIMAL DRUGS FOR USE IN ANIMAL FEEDS

Monensin Sodium and 3-Nitro-4-Hydroxyphenylarsonic Acid

The Commissioner of Food and Drugs has evaluated a supplemental new animal drug application (41-500V) filed by Elanco Products Co., Division of Eli Lilly & Co., to provide for the safe and effective use of monensin sodium and 3-nitro-4-hydroxyphenylarsonic acid in chicken

feed. The supplemental application is approved.

In addition, certain editorial changes are being made in the existing regulation on monensin and monensin sodium (21 CFR 135e.50). In order to facilitate referencing, the name and address of the sponsoring firm cited in the regulation is being replaced with the code number assigned to it in § 135.501 (21 CFR 135.501), which was published in the FEDERAL REGISTER of April 23, 1971 (38 F.R. 7656).

Therefore, pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 512(i), 82 Stat. 347; 21 U.S.C. 360b(1)), in accordance with § 3.517 (21 CFR 3.517), and under authority delegated to the Commissioner (21 CFR 2.120), Parts 121 and 135e are amended as follows:

1. Section 121.262(c) is amended by adding a new item 1.18 to table 1, as follows:

§ 121.262 3-Nitro-4-hydroxyphenylarsonic acid.

(c) * * *

TABLE 1—3-NITRO-4-HYDROXYPHENYLARSONIC ACID IN COMPLETE CHICKEN AND TURKEY FEED

Principal ingredient	Grams per ton	Combined with—	Grams per ton	Limitations	Indications for use
1.17 * * *	* * *	* * *	* * *	* * *	* * *
1.18 3-Nitro-4-hydroxyphenylarsonic acid.	45.4 (0.005%)	Monensin sodium.	110 (as monensic acid activity).	For broiler chickens; do not feed to laying chickens; feed continuously as the sole ration; withdraw 5 days before slaughter; as sole source of organic arsenic.	Growth promotion and feed efficiency; improving pigmentation; as an aid in the prevention of coccidiosis caused by <i>E. necatrix</i> , <i>E. tenella</i> , <i>E. acervulina</i> , <i>E. brunetti</i> , <i>E. micati</i> , and <i>E. maxima</i> .
* * *	* * *	* * *	* * *	* * *	* * *

2. Section 135e.50 is amended by revising paragraph (b) and by adding a new item 4 to the table in paragraph (f), as follows:

§ 135e.50 Monensin; monensin sodium.

(b) *Approvals.* (1) Premix level of 44 grams per pound of monensic acid activity from monensin has been granted; for the sponsor see Code No. 014 in § 135.501(c) of this chapter.

(2) Premix level of 44 grams per pound of monensic acid activity from monensin with 18 grams per pound of 3-nitro-4-hydroxyphenylarsonic acid has

been granted; for the sponsor see Code No. 014 in § 135.501(c) of this chapter.

(3) Premix level of 110 grams per pound of monensic acid activity from monensin sodium has been granted; for the sponsor see Code No. 014 in § 135.501(c) of this chapter.

(4) Premix level of 110 grams per pound of monensic acid activity from monensin sodium with 45 grams per pound of 3-nitro-4-hydroxyphenylarsonic acid has been granted; for the sponsor see Code No. 014 in § 135.501(c) of this chapter.

(f) * * *

Principal ingredient	Grams per ton	Combined with—	Grams per ton	Limitations	Indications for use
4. Monensin sodium.	110 (as monensic acid activity).	3-Nitro-4-hydroxyphenylarsonic acid.	45.4 (0.005%)	For broiler chickens; do not feed to laying chickens; feed continuously as the sole ration; withdraw 5 days before slaughter; as sole source of organic arsenic.	As an aid in the prevention of coccidiosis caused by <i>E. necatrix</i> , <i>E. tenella</i> , <i>E. acervulina</i> , <i>E. brunetti</i> , <i>E. micati</i> , and <i>E. maxima</i> ; growth promotion and feed efficiency; improving pigmentation.

Any person who will be adversely affected by the foregoing order may at any time within 30 days after its date of publication in the FEDERAL REGISTER file with

the Hearing Clerk, Department of Health, Education, and Welfare, Room 6-62, 5600 Fishers Lane, Rockville, Md. 20852, written objections thereto in quintuplicate.

Objections shall show wherein the person filing will be adversely affected by the order and specify with particularity the provisions of the order deemed objectionable and the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing. A hearing will be granted if the objections are supported by grounds legally sufficient to justify the relief sought. Objections may be accompanied by a memorandum or brief in support thereof. Received objections may be seen in the above office during working hours, Monday through Friday.

Effective date. This order shall be effective on its date of publication in the FEDERAL REGISTER (7-17-71).

(Sec. 512(i), 82 Stat. 347; 21 U.S.C. 360b(1))

Dated: July 9, 1971.

C. D. VAN HOUWELING,
Director,
Bureau of Veterinary Medicine.

Title 33—NAVIGATION AND NAVIGABLE WATERS

Chapter I—Coast Guard, Department of Transportation

[CGFR 71-75]

SUBCHAPTER A—GENERAL

PART 23—DISTINCTIVE MARKINGS FOR COAST GUARD VESSELS AND AIRCRAFT

Coast Guard Commission Pennant

The purpose of this amendment is to correct the description of the Coast Guard Commission Pennant.

Since this amendment relates to the Coast Guard's management, procedures, and practices, it is hereby found that notice and public procedure thereon are unnecessary and the amendment may be made effective in less than 30 days.

In consideration of the foregoing, Part 23 of Title 33 of the Code of Federal Regulations is amended as follows:

1. By striking out the words "white stars in a horizontal line on a blue field" in § 23.20 and inserting the words "blue stars in a horizontal line on a white field" in place thereof.

(Sec. 1. 63 Stat. 544, 545, 546, sec. 6(b)(1), 80 Stat. 937; 14 U.S.C. 633, 638, 49 CFR 1655(b)(1); 49 CFR 1.46(b))

Effective date. This amendment shall become effective July 20, 1971.

Dated: July 8, 1971.

C. R. BENDER,
Admiral, U.S. Coast Guard,
Commandant.

[FR Doc.71-10172 Filed 7-16-71; 8:48 am]

RULES AND REGULATIONS

SUBCHAPTER J—BRIDGES

[CGFR 70-108a]

PART 117—DRAWBRIDGE
OPERATION REGULATIONS

Petaluma River, Calif.

This amendment changes the regulations for the Northwestern Pacific railroad bridges across the Petaluma River at Blackpoint and Haystack Landing to eliminate the requirement for the use of bells and replace them with other sound producing devices and to define conditions under which sound signals should be used. This amendment was circulated as a public notice dated September 28, 1970 by the Commander, Twelfth Coast Guard District, and was published in the FEDERAL REGISTER as a notice of proposed rule making (CGFR 70-108) on September 17, 1970 (35 F.R. 14558). The notice proposed that at least 2 hours notice would be required for the bridge at Haystack Landing; however, a number of objections were received and after consideration of all known facts it is concluded that 2 hours notice would unduly restrict water traffic.

Accordingly, Part 117 of Title 33, Code of Federal Regulations is amended by revising § 117.712(g)(1) to read as follows:

§ 117.712 Tributaries of San Francisco Bay and San Pablo Bay, California.

(g) *Petaluma River*—(1) *Northwestern Pacific Railroad Drawbridge at Blackpoint and Haystack Landing*. The owner of or agency controlling these bridges need not keep a drawtender in constant attendance except when the draw is in the closed position. When the draw is closed and visibility at the drawtender's station is less than 1 mile, up or down the channel, the drawtender shall sound two long blasts every minute. When the draw is fully opened again, the drawtender shall sound 3 blasts once to indicate the draw is in the fully open position.

(Sec. 5, 28 Stat. 362, as amended, sec. 6(g)(2), 80 Stat. 937; 33 U.S.C. 499, 49 U.S.C. 1655(g)(2); 49 CFR 1.46(c)(5), 33 CFR 1.05-1(c)(4) (35 F.R. 15922))

Effective date. This revision shall become effective on August 18, 1971.

Dated: July 8, 1971.

D. H. LUZIUS,
Captain U.S. Coast Guard,
Acting Chief, Office of Operations.

[FR Doc.71-10173 Filed 7-16-71;8:48 am]

Title 39—POSTAL SERVICE

Chapter I—United States Postal Service

PART 144—POSTAGE METER AND METER STAMPS

Payment of Postage by Meter Tapes

In the daily issue of April 2, 1971 (36 F.R. 6114) the Postal Service published a notice of proposed rulemaking relating to postage meter tapes on second-, third-, or fourth-class mail. It was proposed to restrict mailings bearing such tapes to those presented during the month shown on the tapes, except that when in the judgment of the postmaster a mailing was unavoidably delayed it would be accepted through the third day of the following month. Presently, mailers may use a meter tape during the first 10 days of the month following the month shown on the tape.

Interested parties were given 30 days within which to submit written data, views, and arguments concerning the proposed regulations. After consideration of the comments received, the Postal Service has determined to adopt the proposal without change.

Accordingly, the regulation set out in § 144.4(f)(2) below is hereby adopted, to be effective on the 30th day following the date of this publication in the FEDERAL REGISTER.

The other regulations hereunder were inadvertently omitted from Subchapter C when former Subchapter A of title 39, CFR was superseded (35 F.R. 19399). These omitted regulations are effective upon publication. (7-17-71)

In § 144.4 add the following paragraphs (c), (d), (e), (f), (g), and (h):

§ 144.4 Meter stamps.

(c) *Meter stamps on tape*. When meter stamps are printed on tape, only tape approved by the Postal Service may be used.

(d) *Position*. Meter stamps must be printed or stuck in the upper right corner of the envelope, address label, or tag.

(e) *Content*. Meter stamps must show city, State, meter number, and amount of postage for all classes of mail. When it is necessary to print multidomination meter stamps on more than one tape, the circle showing the post office must appear on each tape.

(f) *Date of mailing*. (1) The actual date of deposit, including month, day, and year must be shown in the meter postmark on all first-class, airmail, and priority mail (heavy pieces), and on all registered, certified, insured, COD, special delivery, and special handling mail, whether the postmark is printed directly on the mailing piece or on a separate tape affixed to the mailing piece.

(2) A month, day, or year shall not be shown in the meter postmark printed

directly on a second-, third-, or fourth-class mailing piece, but if the meter postmark is printed on a separate tape a date must be shown to lessen the possibility of improper reuse of the tape. The date must include the month and year, but the day may be omitted when the mailer does not definitely know what the actual date of deposit will be. Mailing pieces bearing tapes which include only the month and year in the meter postmark may be accepted during the month shown, and through the third day of the following month when in the judgment of the postmaster the mailing was unavoidably delayed.

(g) *Hour of mailing*. The hour of mailing may be shown only on first-class, air, or special delivery mail, and then only when it is mailed in time to be dispatched at the hour shown.

(h) *Meter slogan and ad plates*. Licensees may print advertising matter simultaneously with meter stamps within space limitations. Licensees must obtain the plates for advertising from authorized manufacturers of meters to assure suitable quality and content in accordance with the requirements of the Postal Service. The plates may not be used to print postal endorsements on mail. Slogans must not be objectionable or misleading.

(39 U.S.C. 401, 403, 404)

DAVID A. NELSON,
Senior Assistant Postmaster
General and General Counsel.

[FR Doc.71-10189 Filed 7-16-71;8:50 am]

Title 49—TRANSPORTATION

Chapter III—Federal Highway Administration, Department of Transportation

SUBCHAPTER B—MOTOR CARRIER SAFETY REGULATIONS

[Docket No. MC-16; Notice No. 71-15]

PART 397—TRANSPORTATION OF HAZARDOUS MATERIALS; DRIVING AND PARKING RULES

Compliance With Safety Rules

Part 397 of the Motor Carrier Safety Regulations, which contain rules for the operation of motor vehicles transporting hazardous materials, has historically contained a provision requiring motor carriers transporting hazardous materials to comply with all provisions of the regulations (see 49 CFR 397.01(b) (January 1, 1971 ed.)). The basic purpose of this provision was to make the Motor Carrier Safety Regulations applicable to intrastate transportation of hazardous materials by interstate motor carriers.

In the recent revision of Part 397 (36 F.R. 4874, 9779), the rule which made the

regulations generally applicable to hazardous materials transportation was omitted. The omission was inadvertent and erroneous. Therefore, the Director of the Bureau of Motor Carrier Safety is amending Part 397 to correct the error by adding a restated version of that rule to the part.

Since this amendment merely adds a rule which was developed through full rule making procedure and has been a part of the regulations for many years, notice and public procedure upon it are unnecessary and it is effective upon publication in the FEDERAL REGISTER (7-17-71). However, any interested person may, within 30 days after publication of this amendment, file a petition seeking its reconsideration. The Director will also entertain petitions to suspend the effective date of the amendment for good cause shown.

In consideration of the foregoing Part 397 of the Motor Carrier Safety Regulations (Subchapter B of Chapter III in title 49 CFR) is amended as follows:

1. A new § 397.2 is added, reading as follows:

§ 397.2 Compliance with motor carrier safety regulations.

A motor carrier or other person to whom this part is applicable must comply with the rules in Parts 390 through 397, inclusive, of this subchapter when he is transporting hazardous materials by a motor vehicle which must be marked or placarded in accordance with § 177.823 of this title. However, the rules in Part 394 of this subchapter, except those in § 394.6, do not apply to the operations of a private carrier.

2. The table of contents is amended by adding the following after "397.1 Application of the rules in this part."

Sec.
397.2 Compliance with Motor Carrier Safety Regulations.

(Sec. 204, Interstate Commerce Act, 49 U.S.C. 304, 18 U.S.C. 834, sec. 6, Department of Transportation Act, 49 U.S.C. 1655, delegations of authority at 49 CFR 1.48 and 49 CFR 389.4)

Issued on July 12, 1971.

ROBERT A. KAYE,
Director,
Bureau of Motor Carrier Safety.

[FR Doc.71-10141 Filed 7-16-71; 8:46 am]

Title 10—ATOMIC ENERGY

Chapter I—Atomic Energy Commission

PART 2—RULES OF PRACTICE

Time for Filing Petition for Leave to Intervene on Antitrust Aspects of Facility License Application

The Atomic Energy Commission has adopted an amendment of § 2.102(d) (3)

of its Rules of Practice, 10 CFR Part 2, pertaining to the time within which a petition for leave to intervene and request for a hearing on the antitrust aspect of a facility license application must be filed. Presently, the notice published by the Commission in the FEDERAL REGISTER of the Attorney General's advice on the antitrust aspects of a facility license application states that petitions for leave to intervene and request for a hearing shall be filed within 15 days after publication of the notice. The amendment of § 2.102(d) (3) which follows provides that the notice will state that such petitions and requests shall be filed within 30 days after publication of the notice. A conforming amendment has also been made to Appendix A of Part 2, a statement of general policy pertaining to the conduct of proceedings for the issuance of licenses for production and utilization facilities for which a hearing is required under section 189a of the Atomic Energy Act of 1954, as amended.

Since the amendments relate solely to the Commission's Rules of Practice, notice of proposed rule making and public procedures thereon are not required.

Accordingly, pursuant to the Atomic Energy Act of 1954, as amended, and sections 552 and 553 of title 5 of the United States Code, the following amendments of Title 10, Chapter I, Code of Federal Regulations, Part 2, are published as a document subject to codification, to be effective upon publication in the FEDERAL REGISTER (7-17-71).

1. In § 2.102, paragraph (d) (3) is amended to read as follows:

§ 2.102 Administrative review of application.

(d) * * *

(3) The Director of Regulation will cause the Attorney General's advice received pursuant to subparagraph (1) of this paragraph (d) to be published in the FEDERAL REGISTER promptly upon receipt, and will make such advice a part of the record in any proceeding on antitrust matters conducted in accordance with subsection 105c(5) and section 189a of the Act. The Director of Regulation will also cause to be published in the FEDERAL REGISTER a notice that the Attorney General has not rendered any such advice. Any notice published in the FEDERAL REGISTER pursuant to this subparagraph will also include a notice of hearing, if appropriate, or will state that any person whose interest may be affected by the proceeding may, pursuant to and in accordance with § 2.714, file a petition for leave to intervene and request a hearing on the antitrust aspects of the application. The notice will state that petitions for leave to intervene and requests for hearing shall be filed within 30 days after publication of the notice.

2. Section VIII(d) of Appendix A is amended to read as follows:

VIII—PROCEEDINGS FOR THE CONSIDERATION OF ANTITRUST ASPECTS OF FACILITY LICENSE APPLICATIONS

(d) The Director of Regulation will publish the Attorney General's advice in the FEDERAL REGISTER promptly upon receipt, and will make such advice a part of the record in any proceeding on antitrust matters conducted in accordance with subsection 105c(5) and section 189a of the Act. The Director of Regulation will also publish in the FEDERAL REGISTER a notice that the Attorney General has not rendered any such advice. The notice published in the FEDERAL REGISTER will also include a notice of hearing, if appropriate, or, if the Attorney General has not recommended a hearing, will state that any person whose interest may be affected by the proceeding may, pursuant to and in accordance with § 2.714, file a petition for leave to intervene and request a hearing on the antitrust aspects of the application. The notice will state that petitions for leave to intervene and requests for hearing shall be filed within 30 days after publication of the notice.

(Sec. 161, 68 Stat. 948; 42 U.S.C. 2201)

Dated at Washington, D.C., this 15th day of July, 1971.

For the Atomic Energy Commission,

W. B. McCool,
Secretary of the Commission.

[FR Doc.71-10311 Filed 7-16-71; 11:11 am]

Title 5—ADMINISTRATIVE PERSONNEL

Chapter I—Civil Service Commission PART 213—EXCEPTED SERVICE

Department of Health, Education, and Welfare

Section 213.3316 is amended to show that the position of Special Assistant to the Secretary for Health Policy is excepted under Schedule C.

Effective on publication in the FEDERAL REGISTER (7-17-71) subparagraph (23) is added to paragraph (a) of § 213.3316 as set out below.

§ 213.3316 Department of Health, Education, and Welfare.

(a) Office of the Secretary. * * *
(23) Special Assistant to the Secretary for Health Policy.

Proposed Rule Making

DEPARTMENT OF AGRICULTURE

Commodity Exchange Authority

[17 CFR Part 150]

[Hearing Docket CE-P 17]

WHEAT, CORN, OATS, BARLEY, AND FLAXSEED

Limits on Position and Daily Trading

Exemption of livestock and poultry producers from limits on position and daily trading for future delivery used in connection with feed requirements.

The Commodity Exchange Commission has issued orders under section 4a of the Commodity Exchange Act (7 U.S.C. 6a), establishing maximum limits on position and daily trading in wheat, corn, oats, barley, and flaxseed (17 CFR 150.1, 150.11). Section 150.1 establishes limits on position and daily trading in wheat, oats, barley, and flaxseed at 2 million bushels in any one future or in all futures combined except that for positions shown to represent spreading between markets, and for purchases and sales shown to represent spreading or the closing of spreads between markets, such limits are established at 3 million bushels in all futures combined or 2 million bushels in any one future.

Section 150.11 establishes limits on position and daily trading in corn at 3 million bushels in any one future or in all futures combined.

Since the establishment of speculative limits in wheat, corn, oats, barley, and flaxseed, the rapid growth of livestock and poultry feeding operations has created the need to offset price risks incident to the acquisition of feed required for such operations by livestock and poultry producers through the purchase of feed grain futures contracts. The purchase of feed grain futures contracts against feed requirements is not now exempt from speculative limits by the commodity Exchange Commission in the orders cited herein. The administrative officials of the Commodity Exchange Authority consider that the purchase of grain futures contracts against feed requirements is sound commercial practice by livestock and poultry producers, and that an exemption should be made to permit such purchases without regard to existing speculative limits.

Accordingly, notice is hereby given that the Commodity Exchange Authority proposes that the Commodity Exchange Commission revise §§ 150.1(c) and 150.11 (c) to read as follows:

§ 150.1 Limits on position and daily trading in grain for future delivery.

(c) *Exemptions.* The foregoing limits upon position and upon daily trading shall not apply to:

(1) Bona fide hedging transactions as defined in section 4a(3) of the Commodity Exchange Act (7 U.S.C. 6a(3));

(2) Purchase transactions or net long positions in commodities covered by this order, if such transactions or positions are made or held by a producer of livestock or poultry or both, to the extent that the bona fide purpose of such transactions or positions is to offset the price risk incident to filling anticipated feed requirements of such producer for a specified operating period not in excess of 1 year: *Provided*, The producer availing himself of this exemption files with the Commodity Exchange Authority, U.S. Department of Agriculture, Washington, D.C. 20250, at least 10 days prior to making any transaction or acquiring any position in excess of any limit established by this order, a statement showing his unfilled anticipated requirements for feeding for a specified operating period not in excess of 1 year. Such statement shall set forth in detail such producer's anticipated requirements and explain the method of determination thereof, and shall include but not be limited to the following information:

(i) Annual requirements of feed for the 3 calendar years next preceding.

(ii) Anticipated feed requirements for a specified operating period not in excess of 1 year.

(iii) Inventory of feed on hand and/or purchases not yet delivered.

(iv) Unfilled anticipated feed requirements for a specified period not in excess of 1 year.

(v) Number of cattle, hogs, sheep, or poultry expected to be fed during a specified period not in excess of 1 year: *And provided further*, That whenever such producer's anticipated feed requirements shall change, he immediately files with the Commodity Exchange Authority a supplementary statement explaining such change and such producer also files with the Commodity Exchange Authority at least once each year, a statement setting forth the information described above.

§ 150.11 Limits on position and daily trading in corn for future delivery.

(c) *Exemptions.* The foregoing limits upon position and upon daily trading shall not apply to:

(1) Bona fide hedging transactions as defined in section 4a(3) of the Commodity Exchange Act (7 U.S.C. 6a(3));

(2) Purchase transactions or net long positions in corn covered by this order, if such transactions or positions are made or held by a producer of livestock or poultry or both, to the extent that the bona fide purpose of such transactions or positions is to offset the price risk incident to filling anticipated feed requirements of such producer for a specified operating period not in excess of 1

year: *Provided*, The producer availing himself of this exemption files with the Commodity Exchange Authority, U.S. Department of Agriculture, Washington, D.C. 20250, at least 10 days prior to making any transaction or acquiring any position in excess of any limit established by this order, a statement showing his unfilled anticipated requirements for feeding for a specified operating period not in excess of 1 year. Such statement shall set forth in detail such producer's anticipated requirements and explain the method of determination thereof, and shall include but not be limited to the following information:

(i) Annual requirements of feed for the 3 calendar years next preceding.

(ii) Anticipated feed requirements for a specified operating period not in excess of 1 year.

(iii) Inventory of feed on hand and/or purchases not yet delivered.

(iv) Unfilled anticipated feed requirements for a specified period not in excess of 1 year.

(v) Number of cattle, hogs, sheep, or poultry expected to be fed during a specified period not in excess of 1 year: *And provided further*, That whenever such producer's anticipated feed requirements shall change, he immediately files with the Commodity Exchange Authority a supplementary statement explaining such change and such producer also files with the Commodity Exchange Authority at least once each year, a statement setting forth the information described above.

If any interested person desires a hearing with reference to these proposed amendments, he should make a request to that effect stating the reasons therefor, addressed to the Administrator, Commodity Exchange Authority, U.S. Department of Agriculture, Washington, D.C. 20250, on or before August 23, 1971.

Written statements with reference to the subject matter of this proposal may be submitted by any interested person. Such statements should be mailed to the Administrator of the Commodity Exchange Authority prior to August 23, 1971.

The transcript of the proceedings at any hearing which may be held and all written submissions made pursuant to this notice will be made available for public inspection in the Office of the Administrator, Commodity Exchange Authority, during regular business hours (7 CFR 1.27(b)).

Issued this 14th day of July 1971.

ALEX C. CALDWELL,
Administrator,
Commodity Exchange Authority.

PROPOSED RULE MAKING

Consumer and Marketing Service

[7 CFR Part 909]

GRAPEFRUIT GROWN IN ARIZONA
AND DESIGNATED PART OF CALI-
FORNIAIncrease in Assessment Rate for
1970-71 Fiscal Year

Consideration is being given to the proposal set forth herein submitted by the Grapefruit Administrative Committee, established under Order No. 909, as amended (7 CFR Part 909), regulating the handling of grapefruit grown in Arizona and designated part of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), as the agency to administer the terms and provisions thereof. The committee now estimates that due to increased expenses caused by greater than anticipated shipments of regulated fruit, the currently approved expenses are not sufficient to meet the expenses of the committee.

The proposal is that the provisions of paragraph (a) Expenses of § 909.209 (35 F.R. 17653; 36 F.R. 12000) be amended to read as follows:

§ 909.209 Expenses, rate of assessment, and carry over of unexpended funds.

(a) Expenses. The expenses that are reasonable and likely to be incurred by the Administrative Committee during the period September 1, 1970, through August 31, 1971, will amount to \$122,500.

All persons who desire to submit written data, views, or arguments in connection with the aforesaid proposal should file the same, in quadruplicate, with the Hearing Clerk, U.S. Department of Agriculture, Room 112, Administration Building, Washington, D.C. 20250, not later than the 10th day after the publication of this notice in the FEDERAL REGISTER. All written submissions made pursuant to this notice will be made available for public inspection at the office of the Hearing Clerk during regular business hours (7 CFR 1.27(b)).

Dated: July 14, 1971.

FLOYD F. HEDLUND,
Director, Fruit and Vegetable
Division, Consumer and Mar-
keting Service.

[7 CFR Part 1004]

[Docket No. AO-160-A46]

MILK IN MIDDLE ATLANTIC
MARKETING AREANotice of Hearing on Proposed
Amendment to Tentative Marketing
Agreement and Order

Notice is hereby given of a public hearing to be held in the Pennsylvania Room, The Marriott Motel, City Line Avenue, Bala Cynwyd, PA, beginning at 10 a.m. on July 26, 1971, with respect to a proposed amendment to the tentative marketing agreement and to the order, regulating the handling of milk in the Middle Atlantic marketing area.

The hearing is called pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900).

The purpose of the hearing is to receive evidence with respect to the economic and marketing conditions which relate to the proposed amendment, hereinafter set forth, and any appropriate modifications thereof, to the tentative marketing agreement and to the order.

Evidence also will be taken to determine whether emergency marketing conditions exist that would warrant omission of a recommended decision under the rules of practice and procedure (7 CFR Part 900.12(d)) with respect to the issues being considered.

The proposed amendment, set forth below, has not received the approval of the Secretary of Agriculture.

Proposed by Inter-State Milk Producers' Cooperative, Inc.,

Proposal No. 1. In § 1004.15 Producer, revise the specified diversion limits where they appear in paragraphs (c)(2)(i) and (ii), respectively, to read 25 percent in lieu of the 15 percent figures now provided.

Proposed by the Dairy Division, Consumer and Marketing Service:

Proposal No. 2. Make such changes as may be necessary to make the entire marketing agreement and the order conform with any amendments thereto that may result from this hearing.

Copies of this notice of hearing and the order may be procured from the Market Administrator, 710 South Washington Street, Alexandria, VA 22314 or from the Hearing Clerk, Room 112-A, Administration Building, U.S. Department of Agriculture, Washington, D.C. 20250 or may be there inspected.

Signed at Washington, D.C., on July 15, 1971.

JOHN C. BLUM,
Deputy Administrator,
Regulatory Programs.

[FR Doc. 71-10245 Filed 7-16-71; 8:52 am]

[7 CFR Part 1065]

MILK IN NEBRASKA-WESTERN IOWA
MARKETING AREANotice of Proposed Suspension of
Certain Provisions of the Order

Notice is hereby given that, pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.), the suspension of certain provisions of the order regulating the handling of milk in the Nebraska-Western Iowa marketing area is being considered for the months of July and August 1971.

All persons who desire to submit written data, views, or arguments in connection with the proposed suspension should file the same with the Hearing Clerk, Room 112-A, Administration Building, U.S. Department of Agriculture, Washington, D.C. 20250, not later than 7 days from the date of publication of this notice in the FEDERAL REGISTER. All documents filed should be in quadruplicate.

All written submissions made pursuant to this notice will be made available for public inspection at the office of the Hearing Clerk during regular business hours (7 CFR 1.27(b)).

The provisions proposed to be suspended are as follows:

1. In § 1065.14(c)(1), "for at least 3 days during the month. The aggregate quantity of producer milk so diverted for the month, however, shall not exceed 15 percent of the cooperative handler's total member-producer milk receipts at all pool plants during the month;" and
2. In § 1065.14(c)(2), "for at least 3 days during the month. The aggregate quantity of producer milk for the month, however, shall not exceed 15 percent of the milk so diverted of all such producers received at his pool plant(s) exclusive of that milk received from producer-members of a cooperative association;"

STATEMENT OF CONSIDERATION

These provisions pertain to limitations on the volume of producer milk which may be diverted. The proposed suspension would have the effect of permitting unlimited diversions to nonpool plants during July and August 1971.

Mid-America Dairymen, Inc., requested the suspension action for July and August 1971. The cooperative alleges it is primarily responsible for handling the reserve supplies of milk for the market. Because of increased production of producer milk, the cooperative states that without the proposed suspension action it will be unable to pool the milk of all its producers who regularly supply the market.

The cooperative association states it intends to petition for an early hearing to revise the diversion provisions in the order.

Signed at Washington, D.C., on July 13, 1971.

JOHN C. BLUM,
Deputy Administrator,
Regulatory Programs.

[FR Doc. 71-10168 Filed 7-16-71; 8:48 am]

PROPOSED RULE MAKING

[9 CFR Parts 317, 318, 319]
MEAT INSPECTION REGULATIONS
Standard for "Country" Hams and
Pork Shoulders

Notice is hereby given in accordance with the administrative procedure provisions in 5 U.S.C. 553, that the Consumer and Marketing Service of this Department proposes to establish a standard of identity for products labeled "Country Ham," "Country Style Ham," "Country Pork Shoulder," and "Country Style Pork Shoulder," under the Federal Meat Inspection Act (21 U.S.C. 601 et seq.), pursuant to a petition by a group of meat processors in North Carolina.

Statement of considerations. The petitioners have provided considerable information on the processing practices that have been employed in the preparation of these pork products. This information which is on file with the Hearing Clerk, was obtained mainly from the following sources:

1. Universities.
2. Processors.
3. State agencies.
4. Trade organizations.

The petitioners contend that a standard of identity is needed to insure that ham and pork shoulder products merchandised in association with the term "Country" are accurately labeled for the benefit of consumers. They further contend that the term "Country" when applied to hams and pork shoulder products is associated by the consumer with a particular type of product and to use it otherwise tends to be deceptive.

The proposed amendment based on the petition would provide a standard of identity for "Country" or "Country Style" hams and pork shoulders which would include requirements for processing procedures that have been common and usual in the production of country-type hams and pork shoulders and are claimed to be necessary for producing a product consumers identify with the term "Country" or "Country Style".

The Department's regulations now provide for the unqualified term "Country" to be used on labels for hams and pork shoulders only when such products are actually prepared on the farm or in the country. The terms "Country Style Ham" and "Country Style Pork Shoulder" are approved for labeling of products made from these pork cuts that are processed with salt and cured and dried, or cured, dried, and smoked, without regard to the location of the processing facility or to specific curing and aging times and conditions. The products in all instances are required to comply with the Department's regulations for destroying possible live trichinae.

The proposed standard of identity for these pork products would classify the word "Country" as a generic term to indicate the type of product and not the location where produced.

The proposed amendment reflects full consideration of the processing details

and recommended product characteristics contained in the proposal received by the Department of these products.

1. Subpart D of Part 319 would be amended by adding thereto a new § 319.106 to read:

§ 319.106 "Country Ham" and "Country Pork Shoulder."

(a) "Country Ham" (or "Country Style Ham") or "Country Pork Shoulder" (or "Country Style Pork Shoulder") are the uncooked, cured, dried, smoked, or unsmoked meat food products made, respectively, from solid meat conforming to the definition of "ham" as specified in § 317.8(b)(13) of this subchapter or from solid meat from a pork shoulder. They are prepared in accordance with paragraph (b) of this section by the dry application of salt (NaCl), or salt (NaCl) and one or more of the optional ingredients as specified in paragraph (d) of this section.

(b) (1) The entire exterior of the ham or pork shoulder is coated with a dry application of salt or salt combined with other ingredients as permitted in paragraph (c) of this section. Additional salt or salt mixed with other ingredients, as permitted, is reapplied to the product when necessary to insure complete penetration of the cure. At the end of the curing period, all excess salt is washed or brushed from the product, whereupon it is placed under refrigeration for salt equalization. The combined minimum number of days for curing and salt equalization shall not be less than 50 days at a temperature not higher than 42° F. nor lower than 36° F. The product is then air dried under natural atmospheric or controlled atmospheric conditions, and smoked, if desired, with or without heat. If smoked with heat, the smokehouse temperature shall not exceed 100° F. and the internal temperature of the product shall not exceed 90° F.

(2) For the purpose of this section, controlled atmospheric conditions shall be defined as conditions including a maximum relative humidity of 65 percent and a temperature range of 70° F. to 100° F. The product shall be air dried under these controlled atmospheric conditions for a minimum of 45 days. Under natural atmospheric conditions, the product shall be air dried for a minimum of 90 days.

(3) The product shall attain a minimum shrinkage of 18 percent below the weight of the raw meat from which prepared and a salt concentration throughout the product of at least 4 percent.

(c) The required ingredients for the products defined in paragraph (a) of this section are:

(1) Ham or pork shoulder, as appropriate.

(2) Salt (NaCl).

(d) The optional ingredients for the products defined in paragraph (a) of this section are:

(1) One or more of the following sugars in dry form:

(i) Sucrose.

(ii) Dextrose.

(2) One or more of the following peppers in dry form:

(i) Black pepper.

(ii) White pepper.

(iii) Red pepper.

(3) One or more of the following curing agents in dry form, used in accordance with § 318.7(c) of this subchapter:

(i) Sodium or potassium nitrate.

(ii) Sodium or potassium nitrite.

(e) Products prepared in compliance with this section shall bear an ingredients statement and other labeling information as prescribed in Part 317 of this subchapter.

2. In § 317.8(b), the following provision would be added at the end of the first sentence in subparagraph (2): "And provided, further, That the provisions of this subparagraph shall not apply to products prepared in accordance with § 319.106 of this subchapter."

3. In § 318.10(b), the following phrase would be added in the first sentence after the term "Armed Services" in the list of products excepted from the trichinosis treatment requirements of that section: "or products prepared in accordance with § 319.106 of this subchapter."

Any person who wishes to submit written data, views, or arguments concerning the proposed amendments may do so by filing them in duplicate, with the Hearing Clerk, U.S. Department of Agriculture, Washington, D.C. 20250, within 60 days after the date of publication of this notice in the FEDERAL REGISTER.

All written submissions made pursuant to this notice will be made available for public inspection unless the person making the submission requests that it be held; confidential; otherwise notice will be given of denial of such a request and an opportunity afforded for withdrawal of the submission. Requests for confidential treatment will be held confidential as provided in 7 CFR 1.27(c).

Persons desiring opportunity for oral presentation of views should address such requests to the Standards and Services Division, Consumer and Marketing Service, U.S. Department of Agriculture, Washington, D.C. 20250, so that arrangements may be made for presentation of such views within the 60-day period.

A transcript of all views orally presented will be made and filed in the Office of the Hearing Clerk for public inspection during regular office hours in a manner convenient to the public business (7 CFR 1.27(b)), except when confidential treatment is requested and given to such views in accordance with 7 CFR 1.27(c).

Comments on the proposal should bear a reference to the date and page number of this issue of the FEDERAL REGISTER.

Done at Washington, D.C., on July 13, 1971.

KENNETH M. McENROE,
 Deputy Administrator, Meat
 and Poultry Inspection Program.

[FR Doc. 71-10210 Filed 7-16-71; 8:52 am]

DEPARTMENT OF TRANSPORTATION

Coast Guard

[33 CFR Part 147]

[CGFR 71-74]

ARTIFICIAL ISLANDS AND FIXED STRUCTURES ON THE OUTER CONTINENTAL SHELF

Safety Zones and Regulations

1. Notice is hereby given that the Commandant, U.S. Coast Guard, pursuant to his authority under section 4(e)(1) of the Outer Continental Shelf Lands Act (67 Stat. 462; 43 U.S.C. 1333(e)(1); section 6(f)(1) of the Department of Transportation Act (80 Stat. 937; 49 U.S.C. 1655(b)); and 49 CFR 1.46(b) to promulgate and enforce reasonable regulations with respect to matters relating to the promotion of safety of life and property on artificial islands and fixed structures or on the waters adjacent thereto is considering an amendment to Subchapter N of Title 33 of the Code of Federal Regulations to implement the provisions of Article 5 of the 1958 Geneva Convention on the Continental Shelf (TIAS 5578).

2. Interested persons are invited to participate in this rule making action by submitting such written data, views, arguments, or comments as they may desire on or before August 20, 1971. All communications must be in writing and be submitted to the Chief, Maritime and International Law Division, Office of the Chief Counsel, U.S. Coast Guard, 400 Seventh Street SW., Washington, DC 20591. All communications received on or before August 20, 1971, will be fully considered before any action is taken upon the proposed rules. The proposals contained in this notice may be changed in the light of comments received. All comments will be available, both before and after the closing date for comments, in the Office of the Chief Counsel, U.S. Coast Guard, for examination by interested persons.

3. Under the proposed regulations, the Commandant would delegate to district commanders the authority to establish safety zones around artificial islands and fixed structures on the Outer Continental Shelf for the purposes of promoting the safety of life and property on such islands and structures, their appurtenances, and attendant vessels within the safety zones; to issue and enforce reasonable regulations for those purposes; and to take appropriate measures for the protection of the living resources of the sea from harmful agents in the safety zones. The proposed regulations would also prescribe the procedures under which safety zones would be established and regulations relating to them would be adopted. The criminal sanction provided by 43 U.S.C. 1333(e)(2), referred to in 33 CFR 140.20-5 for violation of regulations in Subchapter N would apply to the pro-

posed regulations and any regulations issued thereunder.

4. The establishment of safety zones and attendant regulations would generally be subject to the notice and public procedure provisions of the Administrative Procedure Act (5 U.S.C. 554). In emergency situations, where compliance with these provisions would be impracticable, safety zones and attendant regulations may be established without notice and public procedure. The public would be given the opportunity to comment upon any safety zone or regulation established without notice. Then the rule may be modified or withdrawn on the basis of the comments received.

5. In view of the foregoing, it is proposed to add a new Part 147 to Subchapter N of Title 33 of the Code of Federal Regulations, reading as follows:

PART 147—SAFETY ZONES

Subpart 147.01—Purpose and Delegation

- Sec.
147.01-1 Purpose of safety zones.
147.01-3 Delegation of authority.

Subpart 147.03—Establishment of Safety Zones

- 147.03-1 Initial action by the district commander.
147.03-3 Procedures.
147.03-5 Extent of safety zones.
147.03-7 Prohibited activities.

AUTHORITY: The provisions of this Part 147 issued under the authority of sec. 4(e)(1), 67 Stat. 462; sec. 6 (b)(1), 80 Stat 937; 43 U.S.C. 1333(e)(1); 80 Stat 937, 49 U.S.C. 1655 (b)(1); 49 CFR 1.46(b); paragraphs 2, 3, and 7, Art. 5 Convention on the Continental Shelf (TIAS 5578); and Art. 2 Convention on the High Seas (TIAS 5200).

Subpart 147.01—Purpose and Delegation

§ 147.01-1 Purpose of safety zones.

Safety zones may be established around artificial islands and fixed structures being constructed, maintained, or operated on the Outer Continental Shelf to promote the safety of life and property on the islands and structures, their appurtenances and attendant vessels, and on the adjacent waters within the safety zones. Regulations adopted for safety zones may extend to the prevention or control of specific activities and access by vessels or persons, and include measures to protect the living resources of the sea from harmful agents. The regulations do not encompass the operating equipment or procedures used in the drilling for and production of oil, gas, or other minerals, or the transportation of oil, gas, or other minerals by pipeline except as they relate to the safety of life and property on the islands and structure and on the waters adjacent to the artificial islands and fixed structures or to the protection from harmful agents of the living resources of the sea within a safety zone.

§ 147.01-3 Delegation of authority.

The authority to establish safety zones and to issue and enforce safety zone regulations in accordance with the provi-

sions of this part is delegated to district commanders. This authority may not be redelegated.

Subpart 147.03—Establishment of Safety Zones

§ 147.03-1 Initial action by the district commander.

Whenever it comes to the attention of the district commander that a safety zone and regulations may be required concerning an artificial island or fixed structure being constructed, maintained, or operated on the Outer Continental Shelf or its appurtenances and attendant vessels or the adjacent waters, he may initiate appropriate inquiry to determine whether a safety zone and regulations should be established. In making this determination, the district commander considers all relevant safety factors, including existing or reasonably foreseeable congestion of vessels, the presence of unusually harmful or hazardous substances, and any obstructions within 500 meters of an artificial island or fixed structure. If the district commander determines that the circumstances warrant the establishment of a safety zone or regulations he takes action as he deems necessary consistent with the provisions of this part.

§ 147.03-3 Procedures.

(a) *General.* Except as provided in paragraph (b) of this section, a safety zone and necessary regulations may be established concerning any artificial island or fixed structure being constructed, maintained, or operated on the Outer Continental Shelf, following publication of a notice of proposed rule making in the FEDERAL REGISTER and after interested parties have been given the opportunity to submit comments. A zone and necessary regulations may be in effect during any period when construction equipment and materials are within 500 meters from the construction site until the removal of all portions of the artificial island or fixed structure.

(b) *Emergencies.* A safety zone and necessary regulations may be established without public rule making procedures when the district commander determines that imminent danger exists with respect to the safety of life and property on an artificial island, or fixed structure being constructed, maintained, or operated on the Outer Continental Shelf, its appurtenances and attendant vessels or adjacent waters. A safety zone and regulations may be made effective on the date the rule is published in the FEDERAL REGISTER. However, if circumstances require, they may be placed into effect immediately, followed promptly by publication in the FEDERAL REGISTER. The district commander may utilize broadcast Notices to Mariners, Local Notices to Mariners, newspapers, and broadcasting stations to disseminate information concerning a safety zone and regulations pertaining thereto. The public may comment concerning the establishment of a safety zone or regulation under this

PROPOSED RULE MAKING

paragraph. A safety zone or regulation may be modified or withdrawn, as appropriate, based on the comments received.

§ 147.03-5 Extent of safety zones.

A safety zone established under this part may extend to a distance of 500 meters around the artificial island, fixed structure, or construction site, but may not interfere with the use of recognized sea lanes essential to navigation.

Dated: July 12, 1971.

C. R. BENDER,
Admiral, U.S. Coast Guard,
Commandant.

Federal Aviation Administration

[14 CFR Parts 1, 91]

[Docket No. 11233; Notice No. 71-20]

OPERATIONS AT AIRPORTS WITHOUT CONTROL TOWERS

Notice of Proposed Rule Making

The Federal Aviation Administration is considering amendments to Parts 1 and 91 of the Federal Aviation Regulations relating to the standardizing of traffic pattern flight procedures at "uncontrolled airports"—those airports at which an operative control tower is not available to provide air traffic control service.

Interested persons are invited to participate in the making of the proposed rule by submitting such written data, views, or arguments as they may desire. Communications should identify the regulatory docket or notice number and be submitted in duplicate to the Federal Aviation Administration, Office of the General Counsel, Attention: Rules Docket GC-24, 800 Independence Avenue SW., Washington, DC 20590. All communications received on or before September 27, 1971, will be considered by the Administrator before taking action on the proposed rule. The proposal contained in this notice may be changed in the light of comments received. All comments submitted will be available, both before and after the closing date for comments, in the Rules Docket for examination by interested persons.

At the present time, the regulatory provisions relating to traffic patterns are found in Parts 91 and 93 of the Federal Aviation Regulations. The airport traffic patterns contained in Part 93 primarily relate to those airports at which noise or safety considerations dictate the necessity for traffic pattern procedures over and above those provided for in Part 91. The Part 91 regulatory provisions are intended primarily for use at tower controlled airports. At uncontrolled airports, the only air traffic requirement imposed on pilots of airplanes approaching to land is that they make all turns to the left unless light signals or visual markings indicate that turns should be made to the right.

Various segments of the aviation public have requested that the FAA restudy the unregulated area involving the traffic

pattern requirements at uncontrolled airports because of the conviction that further regulation in this area would produce a safer and more efficient use of the airspace. The FAA has for some time been involved in an extensive study of this area and has concluded that a need exists to further standardize air traffic procedures at uncontrolled airports. More particularly, in the course of this study, all of the existing regulations, policies, and procedures were considered in great detail to determine what changes would necessarily have to be made to achieve standardization.

Among the specifics considered by the FAA as essential to a standardized scheme are the following: traffic pattern altitudes, traffic pattern entry procedure, traffic pattern speed limitations, and the control of the direction of takeoff and landing. Each will be given specific consideration hereafter.

Definitions. While it is realized that the term "traffic pattern" has already been defined in the Federal Aviation Regulations, it is proposed to further include definitions of the terms upwind, crosswind, downwind, base and final approach legs, in order that the relationship of these terms to the components of the standard traffic pattern is clearly understood.

A diagram¹ visually portraying the application of these definitions, as well as the proposed standard left traffic pattern and pattern entry procedures, is included to assist in understanding this proposal.

Entry procedures. The FAA has received both complaints and advice directed toward the elimination of the present haphazard way in which aircraft enter the traffic flow at many non-tower airports. The FAA believes that the generally accepted practice of entering 45° to the downwind is unacceptable as a standard procedure because it requires an additional unnecessary maneuver by the pilot without providing an appreciable increase in safety. In fact, this type of an entry may actually create a hazard with low wing aircraft by requiring the pilot to bank away from the pattern and thereby block his vision at the very time he most needs to be able to observe and avoid other traffic. The FAA therefore proposes to eliminate this extra maneuvering by specifying pattern entry on a flight path tangent to any corner of the pattern except for the corners of the base or final legs, or straight in on any leg except the base or final legs. Such an entry, it is believed, would permit maximum view of the entire pattern while in straight and level flight and better enable the pilot to properly space himself. This provision would also require at least 180° of turn within the pattern and prohibit straight-in approaches to the runway unless the pilot is making a standard instrument approach.

Traffic pattern altitude. There is little question of the desirability of establishing a standard pattern altitude and re-

quiring that aircraft be at that altitude prior to entering the pattern. The primary question concerns the advisability of adopting a single standard pattern altitude for all fixed wing aircraft. It can be argued that requiring all aircraft to be at the same eye level provides the maximum opportunity to see and be seen and is, therefore, desirable for safety reasons. By the same token, it can be argued that a dual altitude concept, with one specified altitude for large aircraft and another for small aircraft, is equally desirable because of considerations of economy, convenience, and noise abatement. Due to the fact that most high performance or large aircraft are low wing, and many of the smaller light aircraft are high wing, the FAA is presently disposed towards the establishment of a single altitude concept as it improves the see and be seen capability when both types of aircraft are operating in the same pattern. After considering among other matters convenience, customs of pilots, noise abatement and applicable safety factors, the FAA has concluded that 1,000 feet above runway elevation should be proposed as the most suitable single altitude.

Speed limitation. Another item which the FAA believes essential is a traffic pattern speed rule. It is the view of the FAA that a speed limit of 156 knots (180 m.p.h.) for reciprocating engine aircraft, and 200 knots (230 m.p.h.) for turbine powered aircraft, would improve the see and be seen capability of aircraft in the pattern and enhance the pilot's ability to establish proper spacing and sequencing. It is the judgment of the FAA that the safety reasons for the establishment of these speed limitations at controlled airports also apply to the imposition of such limitations at uncontrolled airports.

Direction of takeoff and landing. An essential part of any standardized traffic pattern plan is the matter of determining what rules will govern the direction of takeoff and landing at an uncontrolled airport. Since a traffic pattern is the flow of traffic around a runway, rather than around an airport, an organized flow is not possible if random operations are permitted on crossing runways or in opposite directions on the same runway. Standardization will be ineffective if the choice of runway is left to the pilot who often will choose the most convenient runway to his operation. One solution to this problem would be to require aircraft to land and takeoff in the direction indicated by a landing direction indicator. However, because of the fact that tetrahedrons and wind tees are frequently stuck, tied down, or for various reasons indicate the wrong runway, such a requirement would not be feasible unless an inexpensive but reliable landing direction indicator was available and the removal of all unreliable indicators was made mandatory.

As an alternative, it would seem acceptable to require that the pilot takeoff and land on the runway most nearly aligned into the wind and to use the "calmwind" runway when the wind is less than 5 knots. Even though the pilot

¹ Filed as part of the original document.

may have difficulty in determining in borderline conditions whether or not to use the calmwind runway, it is nevertheless believed that these regulatory requirements would be an improvement over the present situation, and would provide sufficient guidance to assure a more orderly flow of traffic at the airport.

Finally, in addition to those items described above, there are several other matters that should be considered for inclusion in future related proposals. For example, it may be desirable to adopt a standard procedure for departing traffic or a requirement that traffic avoid the patterns, unless intending to use the airport. What about communication requirements? Since these items are not considered essential to this proposal, the FAA is only requesting comments as to the advisability of including them in a future notice of proposed rule making.

In consideration of the foregoing, it is proposed that Parts 1 and 91 of the Federal Aviation Regulations be amended as hereinafter set forth:

1. By amending the definition of "Traffic Pattern" in § 1.1 to read as follows:

§ 1.1 General Definitions.

"Traffic pattern" means the traffic flow that is prescribed for aircraft landing at, taxiing on, or taking off from an airport. A standard left traffic pattern consists of the following components:

- (1) *Upwind leg.* A flight path in the direction of landing, parallel to the landing runway, and a sufficient distance to the right of the landing runway to permit observance of other traffic operating on the airport.
- (2) *Crosswind leg.* A flight path perpendicular to the direction of landing and upwind of the landing runway.
- (3) *Downwind leg.* A flight path opposite to the direction of landing, parallel to the landing runway, and a sufficient distance to the right of the landing runway to permit a normal turn to the base leg and a subsequent normal turn to the final approach.
- (4) *Base leg.* A flight path perpendicular to the direction of landing and sufficiently downwind of the approach end of the landing runway to permit at least a 1,000-foot final approach after completion of a normal turn on final.
- (5) *Final approach leg.* A flight path in the direction of landing wherein an aircraft is in line with the landing runway and descending toward the runway threshold.

A standard right traffic pattern consists of the above components except that the upwind and downwind legs are to the left of the landing runway.

2. By amending § 91.70 to include paragraph (d) to read as follows:

§ 91.70 Aircraft speed.

(d) No person may operate an aircraft in the traffic pattern of an airport without a control tower at an indicated airspeed of more than—

(1) In the case of a reciprocating engine aircraft, 156 knots (180 m.p.h.); or

(2) In the case of a turbine powered aircraft, 200 knots (230 m.p.h.). However, if the minimum safe airspeed for any particular operation is greater than the maximum speed prescribed in this section, the aircraft may be operated at that minimum speed.

3. By amending § 91.89 to read as follows:

§ 91.89 Operation at airports without control towers.

Except where a pilot has an ATC clearance and is utilizing a standard instrument approach as prescribed in Part 97, or where a special traffic pattern has been prescribed for the particular airport by the Administrator, each person operating to or from an airport without an operating control tower shall comply with the applicable provisions of this section.

(a) Landing and takeoff shall be made on or parallel to the runway most nearly aligned into the wind unless the wind is 5 knots or less and a calmwind runway is designated for that airport in which case the calmwind runway shall be used. However, each pilot has final authority and responsibility for the safe operation of his aircraft and another runway shall be used if he determines it to be necessary in the interest of safety.

(b) Each pilot of an airplane approaching to land at an airport without an operating control tower shall:

(1) Conform to a standard left traffic pattern unless the airport displays approved light signals or visual markings indicating that a right traffic pattern should be flown, in which case the pilot shall conform to a standard right traffic pattern.

(2) Enter the traffic pattern in level flight on or prior to the downwind leg, either tangent to a corner of the pattern or straight-in on any leg except the base or final approach leg. All turns shall be in the direction of the pattern as prescribed above.

(3) Unless otherwise required by the applicable distance from clouds criteria, enter the pattern at an altitude of 1,000 feet above the elevation of the airport and maintain 1,000 feet until further descent is required for a safe landing.

(c) Each pilot of a helicopter approaching to land shall avoid the flow of fixed-wing aircraft; and

(d) Each pilot of an aircraft departing the airport shall comply with any FAA departure procedures prescribed for that airport.

This amendment is proposed under the authority of sections 307 (a) and (c), and 313(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1348 (a) and (c), and 1354(a)), and section 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).

Issued in Washington, D.C., on July 14, 1971.

WILLIAM M. FLENER,
Director,
Air Traffic Service, AT-1.

Federal Railroad Administration

[49 CFR Part 213]

[Docket No. RST-1; Notice 2]

TRACK SAFETY STANDARDS

Notice of Hearing

On June 16, 1971, the Federal Railroad Administration (FRA) issued a notice of proposed rule making, Docket No. RST-1; Notice 1 published as Part II of the June 23, 1971, issue of the FEDERAL REGISTER (36 F.R. 11974) proposing to amend Chapter II of Subtitle B of Title 49 of the Code of Federal Regulations by adding a Part 213 prescribing initial safety standards for track and track inspection as required by the Federal Railroad Safety Act of 1970 (84 Stat. 971, 45 U.S.C. 421 et seq.). Section 202(e) of the Act requires initial safety standards, based upon existing railroad safety standards and data, to be issued before October 17, 1971.

Numerous inquiries concerning the notice and the public procedure to be followed have caused FRA to conclude that further public participation, supplementing the submission of written data, of views, or comments, is desirable in this particular proceeding. Therefore, FRA will conduct a public hearing at 9 a.m., on August 2, 1971, in Room 6332, Nassif Building, 400 Seventh Street, SW., Washington, DC.

The hearing will be an informal one and will be conducted in accordance with 49 CFR 211.31 by a representative of the Acting Administrator as designated by him. The hearing will be a nonadversary proceeding and, therefore, there will be no cross-examination of persons presenting statements. The representative of the Administrator will make an opening statement outlining the scope of the hearing. Oral statements should highlight and summarize topics discussed and written comments filed pursuant to the notice published in the June 23, 1971, issue of the FEDERAL REGISTER, and should focus upon the contents of that notice. After all initial statements have been completed, those persons who wish to make brief rebuttal statements will be given the opportunity to do so in the same order in which they made their initial statements. Additional procedures, if necessary, for the conduct of the hearing will be announced at the hearing.

Interested persons are invited to attend the hearing and to present oral statements on the matters involved in this proceeding. These statements will be made a part of the public docket of the notice.

All communications concerning the hearing and notice should be addressed to the Docket Clerk, Office of Hearings and Proceedings, Federal Railroad Administration, Attention: Docket No. RST-1, 400 Seventh Street SW., Washington, DC 20590.

This notice is issued under the authority of the Federal Railroad Safety Act of 1970 (84 Stat. 971, et seq.; 45 U.S.C.

PROPOSED RULE MAKING

421 etc.) and section 1.49(n) of the regulations of the Office of the Secretary of Transportation (49 C.F.R. 1.49(n)).

Issued in Washington, D.C., on July 14, 1971.

CARL V. LYON,
Acting Administrator,
Federal Railroad Administration.

ENVIRONMENTAL PROTECTION AGENCY

[21 CFR Part 420]

TOLERANCES AND EXEMPTIONS FROM TOLERANCES FOR PESTICIDE CHEMICALS IN OR ON RAW AGRICULTURAL COMMODITIES

Hydrogen Cyanide; Proposed Tolerance

Dr. C. C. Compton, Coordinator, Inter-regional Research Project No. 4, State Agricultural Experiment Station, Rutgers University, New Brunswick, N.J. 08903, on behalf of the Agricultural Experiment Stations of California and Florida has requested a tolerance for residues of the insecticide hydrogen cyanide in or on the raw agricultural commodity group citrus fruits at 50 parts per million from postharvest fumigation.

The Agency reports that this insecticide is useful for the purpose for which the tolerance is proposed.

Based on consideration given the data submitted, and other relevant material, it is concluded that the proposed tolerance is safe and will protect the public health.

Therefore, pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 408(e), 68 Stat. 514; 21 U.S.C. 346a(e)), the authority transferred to the Administrator (35 F.R. 15623), and the authority delegated by the Administrator for Pesticides Programs of the Environmental Protection Agency (36 F.R. 9038), it is proposed that § 420.130 be amended by inserting after the paragraph "75 parts per million * * *" a new paragraph, as follows:

§ 420.130 Hydrogen cyanide; tolerances for residues.

50 parts per million in or on citrus fruits.

Any person who has registered or submitted an application for the registration of an economic poison under the Federal Insecticide, Fungicide, and Rodenticide Act containing any of the ingredients listed herein may request, within 30 days after publication hereof in the FEDERAL REGISTER, that this proposal be referred to an advisory committee in accordance with section 408(e) of the act.

Interested persons may, within 30 days after publication hereof in the FEDERAL REGISTER, file with the Objections Clerk, Environmental Protection Agency, 1626 K Street NW., Washington, DC 20460, written comments (preferably in quintuplicate) regarding this proposal. Comments may be accompanied by a memorandum or brief in support thereof.

Dated: July 13, 1971.

WILLIAM M. UPHOLT,
Deputy Assistant Administrator
for Pesticides Programs.

[FR Doc.71-10159 Filed 7-16-71; 8:47 am]

[21 CFR Part 420]

TOLERANCES AND EXEMPTIONS FROM TOLERANCES FOR PESTICIDE CHEMICALS IN OR ON RAW AGRICULTURAL COMMODITIES

Proposed Clarification of Pesticide Tolerances

Based on consideration given the data submitted by the Mobil Chemical Co., 401 East Main Street, Richmond, Va. 23208, and other relevant material, a regulation was published in the FEDERAL REGISTER of April 12, 1969 (35 F.R. 6418), establishing tolerances for residues of the insecticide O-ethyl S,S-dipropylphosphorodithioate in or on the raw agricultural commodities corn (in the grain and ear form) and corn fodder and forage at 0.02 part per million.

At the time, the raw agricultural commodity sweet corn was not specifically mentioned in the regulation (§ 420.262), and it is now concluded that the tolerances for residues of the above insecticide should be clarified by including the commodity.

Therefore, pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 408(e), 68 Stat. 514; 21 U.S.C. 346a(e)), the authority transferred to the Administrator of the Environmental Protection Agency (35 F.R. 15623), and the authority delegated by the Administrator to the Deputy Assistant Administrator for Pesticides Programs (36 F.R. 9038), it is proposed that § 420.262 be revised to read as follows:

§ 420.262 O-Ethyl S,S-dipropylphosphorodithioate; tolerances for residues.

Tolerances are established for negligible residues of the insecticide O-ethyl S,S-dipropylphosphorodithioate in or on the raw agricultural commodities bananas, corn (in the grain and ear form), corn fodder and forage (including field corn and sweet corn), fresh corn including sweet corn (kernels plus cob with husks removed), peanuts, peanut hay, pineapples, pineapple fodder and forage, soybeans, soybean forage and hay, and sweetpotatoes at 0.02 part per million.

Any person who has registered or submitted an application for the registration of an economic poison under the Federal Insecticide, Fungicide, and

Rodenticide Act containing any of the ingredients listed herein may request, within 30 days after publication hereof in the FEDERAL REGISTER, that this proposal be referred to an advisory committee in accordance with section 408(e) of the act.

Interested persons may, within 30 days after publication hereof in the FEDERAL REGISTER, file with the Objections Clerk, Environmental Protection Agency, 1626 K Street NW., Washington, DC 20460, written comments (preferably in quintuplicate) regarding this proposal. Comments may be accompanied by a memorandum or brief in support thereof.

Dated: July 13, 1971.

WILLIAM M. UPHOLT,
Deputy Assistant Administrator
for Pesticides Programs.

SMALL BUSINESS ADMINISTRATION

[13 CFR Part 121]

DEFINITION OF SMALL BUSINESS FOR PURPOSE OF GOVERNMENT PROCUREMENT OF CUSTODIAL AND JANITORIAL SERVICES

Notice of Hearing and Extension of Time for Comment

On June 15, 1971, the Small Business Administration published in the FEDERAL REGISTER (36 F.R. 11526) a notice inviting written comments on its proposal to decrease from \$3 million average annual receipts to \$2 million average annual receipts, the definition of a small business concern for the purpose of bidding on Government procurements for custodial and janitorial services.

The proposal was based in part on Bureau of the Census data which show that 9,434 business enterprises or 99 percent of the total number of businesses in the industry reported annual receipts of less than \$1 million and that these 9,434 businesses accounted for more than half of the total industry receipts. It also was based on Department of Defense data which show that in fiscal year 1970 there were 719 awards of \$10,000 or more for custodial and janitorial services in the total amount of \$39.4 million, and that small business concerns were awarded not only the 666 small business set-aside contracts for a total of \$34.6 million, but also received all of the awards made on unrestricted procurements which were available both to small and large business. The data also show that the average size contract was only \$50,000 and that the median or most typical size contract was only \$30,000.

It is the opinion of the Small Business Administration that, under the above circumstances, even though there have been further cost and price increases

PROPOSED RULE MAKING

since 1966, the \$3 million standard currently in effect is too high in that it clearly includes companies that are able to compete successfully without the assistance of set-aside protection.

If the small business set-aside program is to be of value to the small business community, it must be based on definitions of small business which have the effect of offering a protective umbrella only to those concerns which need such protection in order to successfully compete. Accordingly the Small Business Administration proposed to lower the size standard as indicated above.

The proposal invited comment by interested parties, and considerable adverse comment has been received. Following are some of the points made by those opposing the proposed decrease in the definition:

1. The facts on which the proposal is based are inaccurate.

2. The proposed definition change will have a calamitous impact on a number of firms doing Government contract work in the custodial and janitorial field.

3. Costs of labor, prices and other sundry monetary items have risen considerably in the recent past. Therefore the decrease of \$1 million would, in effect hurt the small business enterprises.

4. The average size of Government contracts for janitorial and custodial services has increased to the point that any small business concern receiving one (1) Government contract for such services could not longer classify itself as a small business concern. Accordingly the definition should be raised to \$5 million average annual receipts rather than lowered to \$2 million average annual receipts.

5. One company stated that, if the proposal is adopted, it will take at least 2 years before such company and its affiliates will be able to bid on additional Government custodial contracts, and that, in the meantime, their equipment and plant facilities will have to be liquidated at a forced sale or remain idle and more than 800 persons will have to be laid off.

6. In view of the rise in the cost of doing business, a contractor performing \$2 million worth of business in 1966

would have gross receipts of \$3 million in 1971 with no effective increase in the amount of work performed by the contractor.

In view of the above the Small Business Administration has decided to hold a public hearing on its proposal and thus permit opponents and supporters of the proposal to express their views orally. The hearing will be held on Tuesday, August 17, 1971, at 10 a.m., e.d.s.t., in Room 214, 1441 L Street NW., Washington, DC. The period for submitting written views also is extended to August 17, 1971.

For planning purposes it is requested that, on or before August 9, 1971, those who intend to present oral testimony, advise the Size Standards Staff, Office of the Assistant Administrator for Administration, Small Business Administration, 1441 L Street NW., Washington, DC 20416.

Dated: July 9, 1971.

THOMAS S. KLEPPE,
Administrator.

DEPARTMENT OF STATE

Agency for International
Development

LIST OF INELIGIBLE SUPPLIERS

The following "List of Ineligible Suppliers" under A.I.D. Regulation 8 is currently in effect. All persons who anticipate A.I.D. financing for a transaction involving any person whose name appears on this list should take special notice of its contents.

LIST OF INELIGIBLE SUPPLIERS

SECTION 1. Purpose of the list. The List of Ineligible Suppliers implements the provisions of A.I.D. Regulation 8, "Suppliers of Commodities and Commodity-Related Services Ineligible for A.I.D. Financing" (22 CFR Part 208). Subject to the conditions described below A.I.D. will not make funds available to finance the cost of commodities or commodity-related services furnished by any supplier whose name appears on the list. A debarred supplier whose name appears in section 3 of a printed or published list has been placed thereon for the causes specified in § 208.5 of Regulation 8; a suspended supplier whose name appears in section 4 of a printed or published list has been placed thereon for the causes specified in § 208.7 of Regulation 8. A.I.D. has taken such action in accordance with the procedures described in Subpart D of Regulation 8.

With respect to the interest of any U.S. bank which holds an A.I.D. Letter of Commitment, special attention is called to the fact that the list as periodically modified by A.I.D. constitutes a special amendment to every Letter of Commitment to the effect that A.I.D. will not provide reimbursement to a bank for payment to any supplier whose name appears on the list, excepting only (a) a payment made to a supplier on or before the initial date of suspension indicated for that supplier under an A.I.D. Letter of Commitment issued prior to that date, and (b) a payment made to a supplier under an irrevocable Letter of Credit opened or confirmed on or before the initial date of suspension indicated for that supplier under an A.I.D. Letter of Commitment issued prior to that date. A bank which receives copies of the List and the periodic modifications thereto shall be held in its relationship with A.I.D. to the standard of care described in § 201.73(f) of Regulation 1 (22 CFR 201.73(f)) with respect to every transaction governed by an A.I.D. Letter of Commitment issued to that bank.

Sec. 2. Contents of the list. The List of Ineligible Suppliers consists of all suppliers and affiliates who have been debarred or suspended by A.I.D. Additions to or deletions from the list are com-

municated directly to every U.S. bank holding an A.I.D. Letter of Commitment as they occur. A.I.D. endeavors to keep printed and published lists as current as possible by superseding or supplementary issuance. No prejudice whatsoever shall attach to a supplier whose name has been removed from this list.

Sec. 3. Suppliers debarred from A.I.D. financing.

Notice of Finding That Single Shift Measurements of Respirable Dust Will Not Accurately Represent Atmospheric Conditions During Such Shift

CROSS REFERENCE: For a document issued jointly by the Department of Health, Education, and Welfare and the Department of the Interior regarding coal mine health and safety, see F.R. Doc. 71-10150, Department of Health, Education, and Welfare, Office of the Secretary, *infra*.

National Park Service

KATMAI NATIONAL MONUMENT

Notice of Intention To Extend Concession Contract

Pursuant to the provisions of section 5, of the Act of October 9, 1965 (79 Stat. 969; 16 U.S.C. 20) public notice is hereby

given that thirty (30) days after the date of publication of this notice, the Department of the Interior, through the Director of the National Park Service, proposes to extend the concession contract with Wien Consolidated Airlines, Inc., authorizing it to provide concession facilities and services for the public at Katmai National Monument for an approximate period of five (5) years.

The foregoing concessioner has performed its obligations under the expired contract to the satisfaction of the National Park Service, and therefore, pursuant to the Act cited above, is entitled to be given preference in the renewal of the contract and in the negotiation of a new contract. However, under the Act cited above, the Secretary is also required to consider and evaluate all proposals received as a result of this notice. Any proposal to be considered and evaluated must be submitted within thirty (30) days after the publication date of this notice.

Interested parties should contact the Chief, Division of Concessions Management, National Park Service, Washington, D.C. 20240, for information as to the requirements of the proposed contract.

Dated: July 2, 1971.

EDWARD A. HUMMEL,
Assistant Director,
National Park Service.

SEQUOIA AND KINGS CANYON NATIONAL PARKS

Notice of Intention To Extend Concession Contract

Pursuant to the provisions of section 5, of the Act of October 9, 1965 (79 Stat. 969; 16 U.S.C. 20), public notice is hereby given that thirty (30) days after the date of publication of this notice, the Department of the Interior, through the Director of the National Park Service, proposes to extend the concession contract with Sequoia and Kings Canyon National Parks Co., authorizing it to provide concession facilities and services for the public at Sequoia and Kings Canyon National Parks for a period of two (2) years from October 1, 1971, through September 30, 1973.

The foregoing concessioner has performed its obligations under the expiring contract to the satisfaction of the National Park Service, and therefore, pursuant to the Act cited above, is entitled to be given preference in the renewal of the contract and in the negotiation of a new contract. However, under the Act cited above, the Secretary is also required to consider and evaluate all proposals received as a result of this notice. Any proposal to be considered and evaluated must be submitted within thirty (30) days after the publication date of this notice.

NOTICES

Interested parties should contact the Chief, Division of Concessions Management, National Park Service, Washington, D.C. 20240, for information as to the requirements of the proposed contract.

Dated: July 7, 1971.

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Food and Drug Administration

[DESI 11562]

CARBETAPENTANE CITRATE GEL

Drugs for Human Use; Drug Efficacy
Study Implementation

The Food and Drug Administration has evaluated a report received from the National Academy of Sciences-National Research Council, Drug Efficacy Study Group, on the following drug for oral use.

Candette Cough Jel, containing carbetapentane citrate; Chas. Pfizer & Co., Inc., 235 East 42d Street, New York, New York 10017 (NDA 11-562).

The Food and Drug Administration has considered the Academy's report, as well as other available evidence, and concludes that there is a lack of substantial evidence within the meaning of the Federal Food, Drug, and Cosmetic Act, that this drug is effective as a gel for use in the temporary relief of coughs due to colds. The Academy commented that this dosage form is an inappropriate means of dispensing the drug.

Although this drug was evaluated as effective by the Academy, the Commissioner of Food and Drugs concludes that the risks involved in its use outweigh any benefits that might be derived from such use. Carbetapentane citrate gel is regarded as unsafe for its recommended use because inexact methods of determining dosage are potentially dangerous, particularly in the care of children. Accordingly, the Commissioner intends to initiate proceedings to withdraw approval of the above-listed new drug application.

Prior to initiating such action, however, the Commissioner invites the holder of the new drug application for this drug and any interested person who might be adversely affected by its removal from the market to submit pertinent data bearing on the proposal within 30 days after publication hereof in the FEDERAL REGISTER.

To be acceptable for consideration in support of the effectiveness of a drug, any such data must be previously unsubmitted, well-organized, and include data from adequate and well-controlled clinical investigations (identified for ready review) as described in § 130.12(a)(5) of the regulations published in the FEDERAL REGISTER of May 8, 1970 (35 F.R.

7250). Carefully conducted and documented clinical studies obtained under uncontrolled or partially controlled situations are not acceptable as a sole basis for the approval of claims of effectiveness, but such studies may be considered on their merits for corroborative support of efficacy and evidence of safety.

This announcement of the proposed action and implementation of the Academy's report for this drug is made to give notice to persons who might be adversely affected by its withdrawal from the market. Promulgation of any order withdrawing approval of the new-drug application will cause any such drug on the market to be a new drug for which an approved new-drug application is not in effect and will make it subject to regulatory action.

The above-named holder of the subject new-drug application has been mailed a copy of the Academy's report. Any other interested person may obtain a copy by request to the Food and Drug Administration, Press Relations Office (CE-200), 200 C Street SW., Washington, D.C. 20204.

Communications forwarded in response to this announcement should be identified with the reference number DESI 11562, addressed to the Food and Drug Administration, 5600 Fishers Lane, Rockville, Maryland 20852, and directed to the Drug Efficacy Study Implementation Project Office (BD-5), Bureau of Drugs.

This announcement is issued pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (secs. 502, 505, 52 Stat. 1050-53, as amended; 21 U.S.C. 352, 355) and under authority delegated to the Commissioner (21 CFR 2.120).

Dated: June 23, 1971.

SAM D. FINE,
Associate Commissioner
for Compliance.

[FR Doc. 71-10136 Filed 7-16-71; 8:45 am]

[DESI 8615]

CERTAIN ANTIBIOTIC-STEROID COMBINATION DRUGS FOR OPHTHALMIC USE

Drugs for Human Use; Drug Efficacy Study Implementation

The Food and Drug Administration has evaluated reports received from the National Academy of Sciences-National Research Council, Drug Efficacy Study Group, on the following antibiotic-steroid drugs for ophthalmic use:

1. Predmycin-P Liquifilm Ophthalmic Suspension containing neomycin sulfate, polymyxin B sulfate, and prednisolone acetate; Allergan Pharmaceuticals, 1000 South Grand Avenue, Post Office Box 1958, Santa Ana, Calif. 92705 (NDA 50-081).

2. Neosone Ophthalmic Ointment containing neomycin sulfate and cortisone acetate; The Upjohn Co., 7171 Portage Road, Kalamazoo, Michigan 49001 (NDA 61-045).

3. Neo-Deltec Eye Drops containing neomycin sulfate and prednisolone; The Upjohn Co. (NDA 60-464).

4. Metimyd with Neomycin Ophthalmic Ointment containing neomycin sulfate, prednisolone acetate, and sodium sulfacetamide; Schering Corp., 60 Orange Street, Bloomfield, N.J. 07003 (NDA 50-362).

5. Isopto P-H-N Ophthalmic Suspension containing neomycin sulfate, polymyxin B sulfate, and hydrocortisone acetate; Alcon Laboratories, Inc., 6201 South Freeway, Fort Worth, Texas 76134 (NDA 60-452).

6. Di-Hydrin Ophthalmic Solution containing neomycin sulfate, polymyxin B sulfate, and hydrocortisone; Broemmel Pharmaceuticals, 1235 Sutter Street, San Francisco, Calif. 94109 (NDA 60-788).

7. Florinef-S Ophthalmic Ointment and Suspension containing neomycin sulfate, gramicidin, and fludrocortisone acetate; E. R. Squibb and Sons, Inc., Georges Road, New Brunswick, N.J. 08903 (NDA 60-925).

8. Neo-Polycin HC Ophthalmic Ointment containing bacitracin, neomycin sulfate, polymyxin B sulfate, and hydrocortisone acetate; The Dow Chemical Co., Post Office Box 10, Zionsville, Indiana 46277 (NDA 60-790).

9. Hydrocortisone-Neomycin Ophthalmic Ointment containing neomycin sulfate and hydrocortisone acetate; Day-Baldwin, Inc., 1460 Chestnut Avenue, Hillside, N.J. 07205 (NDA 60-315 and NDA 61-075).

10. Cortisporin Ophthalmic Suspension containing neomycin sulfate, polymyxin B sulfate, and hydrocortisone; Burroughs Wellcome and Co., Inc., 3030 Cornwallis Road, Research Triangle Park, North Carolina 27709 (NDA 50-169).

11. Bacitracin-Polymyxin-Neomycin with Hydrocortisone Ophthalmic Ointment containing zinc bacitracin, neomycin sulfate, polymyxin B sulfate, and hydrocortisone acetate; Kasco Laboratories, Inc., Cantiague Road, Post Office Box 73, Hicksville, New York 11802 (NDA 60-731).

12. Bacitracin-Neomycin-Polymyxin B and Hydrocortisone Ophthalmic Ointment containing bacitracin, neomycin sulfate, polymyxin B sulfate, and hydrocortisone acetate; Biocraft Laboratories, Inc., 92 Route 46, East Paterson, N.J. 07407 (NDA 60-965).

13. Neomycin Sulfate with Hydrocortisone Acetate Ophthalmic Ointment; Kasco Laboratories, Inc. (NDA 61-107 and NDA 61-146).

14. Ophthocort Ophthalmic Ointment containing chloramphenicol, polymyxin B sulfate, and hydrocortisone acetate; Parke, Davis & Co., Joseph Campau at the River, Detroit, Michigan 48232 (NDA 50-201).

15. Chloromycetin Hydrocortisone Ophthalmic Suspension containing chloramphenicol and hydrocortisone acetate; Parke, Davis & Co. (NDA 50-202).

16. Neomycin Sulfate with Hydrocortisone Acetate Ophthalmic Ointment;

Biocraft Laboratories, Inc. (NDA 60-310).

17. Achromycin Ophthalmic Ointment with Hydrocortisone containing tetracycline hydrochloride and hydrocortisone; Lederle Laboratories Division, American Cyanamid Co., Pearl River, New York 10965 (NDA 61-017).

The Food and Drug Administration concludes that these antibiotic/steroid ophthalmic preparations are possibly effective for their labeled indications relating to use in inflammatory or infectious conditions of the eye.

These drugs are subject to the antibiotic certification procedures under section 507 of the Federal Food, Drug, and Cosmetic Act. To allow applicants to obtain and submit data to provide substantial evidence of effectiveness of the drug in those conditions for which it has been evaluated as possibly effective, batches of preparations containing these drugs which bear labeling with these indications will continue to be accepted for certification by the Food and Drug Administration for a period of 6 months after publication of this announcement in the FEDERAL REGISTER.

To be acceptable for consideration in support of the effectiveness of a drug, any such data must be previously unsubmitted, well-organized, and include data from adequate and well-controlled clinical investigations (identified for ready review) as described in § 130.12(a) (5) of the regulations published in the FEDERAL REGISTER of May 8, 1970 (35 F.R. 7250). Carefully conducted and documented clinical studies obtained under uncontrolled or partially controlled situations are not acceptable as a sole basis for the approval of claims of effectiveness, but such studies may be considered on their merits for corroborative support of efficacy and evidence of safety.

At the end of the 6-month period, any such data will be evaluated to determine whether there is substantial evidence of effectiveness for such uses. After that evaluation, the conclusions concerning the drug will be published in the FEDERAL REGISTER. If no studies have been undertaken, or if the studies do not provide substantial evidence of effectiveness, such drug will not be eligible for release or certification.

A copy of the Academy's report has been furnished to each firm referred to above. Any other interested person may obtain a copy by request to the Food and Drug Administration, Press Relations Office (CE-200), 200 C Street SW., Washington, D.C. 20204.

Communications forwarded in response to this announcement should be identified with the reference number DESI 8615, directed to the Food and Drug Administration, 5600 Fishers Lane, Rockville, Maryland, 20852;

Amendments (identify with NDA number, if known): Division of Anti-Infective Drug Products (BD-140), Office of Scientific Evaluation, Bureau of Drugs.

All other communications regarding this announcement: Drug Efficacy Study Implementation Project Office (BD-5), Bureau of Drugs.

NOTICES

This notice is issued pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (secs. 502, 507, 52 Stat. 1050-51, as amended; 59 Stat. 463, as amended; 21 U.S.C. 352, 357) and under the authority delegated to the Commissioner of Food and Drugs (21 CFR 2.120).

Dated: June 21, 1971.

CHARLES C. EDWARDS,
Commissioner of Food and Drugs.

[FR Doc. 71-10138 Filed 7-16-71; 8:45 am]

[Docket No. FDC-D-361; NDA's 10-936, 10937]

WYNLIT PHARMACEUTICALS

Certain Drugs Containing Boric Acid-Tannic Acid Complex; Notice of Opportunity for Hearing on Proposal To Withdraw Approval of New-Drug Application

In the FEDERAL REGISTER of June 23, 1970 (35 F.R. 10242), the Food and Drug Administration announced its conclusions (DESI 10936) pursuant to evaluation by the National Academy of Sciences-National Research Council, Drug Efficacy Study Group of Onycho-Phytext solution (NDA 10-936) and Phytext liquid (NDA 10-937), both containing boric acid-tannic acid complex, salicylic acid, and ethyl alcohol, marketed by Wynlit Pharmaceuticals, Division of Unimed, Inc., Route 202 South, Morristown, N.J. 07960. The announcement stated that the drugs are regarded as possible effective for their labeled indications. Six months were allowed for the holder of the applications and any person marketing the drugs without an approved new-drug application to obtain and submit data to provide substantial evidence of effectiveness. In that such data have not been received the drugs have been reclassified as lacking substantial evidence of effectiveness for their labeled indications.

Therefore, notice is given to Wynlit Pharmaceuticals (Division of Unimed, Inc.) and to any interested person who may be adversely affected, that the Commissioner of Food and Drugs proposes to issue an order under section 505(e) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355(e)) withdrawing approval of said new-drug applications, and all amendments and supplements thereto, on the grounds that new information before him with respect to the drugs, evaluated together with the evidence available to him when the applications were approved, shows there is a lack of substantial evidence that the drugs will have the effects they purport or are represented to have under the conditions of use prescribed, recommended, or suggested in their labeling.

In accordance with the provisions of section 505 of the Act (21 U.S.C. 355) and the regulations promulgated thereunder (21 CFR Part 130), the Commissioner will give the applicant, and any interested person who would be adversely

affected by an order withdrawing such approval, an opportunity for a hearing to show why approval of the new-drug applications should not be withdrawn. Any related drug for human use, not the subject of an approved new-drug application, may be affected by this action.

Within 30 days after publication hereof in the FEDERAL REGISTER, such persons are required to file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 6-62, 5600 Fishers Lane, Rockville, Maryland 20852, a written appearance electing whether:

1. To avail themselves of the opportunity for a hearing; or
2. Not to avail themselves of the opportunity for a hearing.

If such persons elect not to avail themselves of the opportunity for a hearing the Commissioner without further notice will enter a final order withdrawing approval of the new-drug applications. Failure of such persons to file a written appearance of election within said 30 days will be construed as an election by such persons not to avail themselves of the opportunity for a hearing.

The hearing contemplated by this notice will be open to the public except that any portion of the hearing that concerns a method or process the Commissioner finds entitled to protection as a trade secret will not be open to the public, unless the respondent specifies otherwise in his appearance.

If such persons elect to avail themselves of the opportunity for a hearing they must file, within 30 days after publication of this notice in the FEDERAL REGISTER, a written appearance requesting the hearing, giving the reasons why approval of the new-drug application should not be withdrawn, together with a well-organized and full factual analysis of the clinical and other investigational data they are prepared to prove in support of their opposition. A request for a hearing may not rest upon mere allegations or denials, but must set forth specific facts showing that a genuine and substantial issue of fact requires a hearing. When it clearly appears from the data in the application and from the reasons and factual analysis in the request for the hearing that no genuine and substantial issue of fact precludes the withdrawal of approval of the application, the Commissioner will enter an order on these data, making findings and conclusions on such data.

If a hearing is requested and justified by the response to this notice, the issues will be defined, a hearing examiner will be named, and he shall issue, as soon as practicable after the expiration of such 30 days, a written notice of the time and place at which the hearing will commence (35 F.R. 7250, May 8, 1970; 35 F.R. 16631, October 27, 1970).

Received requests for a hearing and/or elections not to request a hearing may be seen in the office of the Hearing Clerk (address given above) during regular business hours, Monday through Friday.

This notice is issued pursuant to provisions of the Federal Food, Drug, and

Cosmetic Act (sec. 505, 52 Stat. 1052-53, as amended; 21 U.S.C. 355) and under the authority delegated to the Commissioner (21 CFR 2.120).

Dated: July 6, 1971.

SAM D. FINE,
Associate Commissioner
for Compliance.

[DESI 50254]

CERTAIN OPHTHALMIC AND/OR OTIC PREPARATIONS CONTAINING TETRACYCLINE HYDROCHLORIDE OR CHLORTETRACYCLINE HYDROCHLORIDE

Drugs for Human Use; Drug Efficacy Study Implementation

The Food and Drug Administration has evaluated reports received from the National Academy of Sciences-National Research Council, Drug Efficacy Study Group, on the following drugs:

1. Tetracycline Hydrochloride Eye and Ear Ointment; Day-Baldwin, Inc., 1460 Chestnut Avenue, Hillside, New Jersey 07205 (NDA 60-316).
2. Achromycin Ophthalmic Oil Suspension containing tetracycline hydrochloride; Lederle Laboratories Division, American Cyanamid Co., Pearl River, New York 10965 (NDA 50-268).
3. Achromycin Ophthalmic Sterilized Powder for Solution containing tetracycline hydrochloride, sodium chloride, and sodium borate; Lederle Laboratories (NDA 50-267).
4. Achromycin Eye and Ear Ointment containing tetracycline hydrochloride; Lederle Laboratories (NDA 50-266).
5. Aureomycin Ophthalmic Sterilized Powder for Solution containing chlortetracycline hydrochloride, sodium borate, and sodium chloride; Lederle Laboratories (NDA 50-254).
6. Aureomycin Ophthalmic Ointment containing chlortetracycline hydrochloride; Lederle Laboratories (NDA 50-404).

The Food and Drug Administration concludes that:

1. These tetracycline hydrochloride or chlortetracycline hydrochloride containing preparations are effective for the treatment of superficial ocular infections caused by organisms susceptible to the antibiotic component.
2. These tetracycline hydrochloride preparations are possibly effective when labeled for use in the treatment of external auditory canal infections.
3. Chlortetracycline hydrochloride ointment is possibly effective for treatment of ocular infections caused by viral and virus-like particles.

Preparations containing tetracycline hydrochloride or chlortetracycline hydrochloride are subject to the antibiotic certification procedures pursuant to section 507 of the Federal Food, Drug, and Cosmetic Act. Requests for certification of the drugs in the dosage forms described above should provide for labeling

information which is in accord with the reevaluation of the drugs as stated in this announcement.

The above-named firms and any other holder of applications approved for a drug of the kind described above are requested to submit, within 60 days following publication of this announcement in the FEDERAL REGISTER, amendments to their antibiotic applications to provide for revised labeling as described herein. The label of products consisting of a powder for preparation of a solution should state that the product is sterile. The label of ointments and suspensions in oil should state whether the product is or is not sterile.

The labeling of such articles should comply with all requirements of the Act and regulations, bear adequate information for safe and effective use of the drug, and be in accord with the guidelines for uniform labeling published in the FEDERAL REGISTER of February 6, 1970. The "Indications" sections should be as follows:

INDICATIONS

For the treatment of superficial ocular infections caused by organisms susceptible to the antibiotic component. (The indications section shall, in addition, enumerate those organisms against which the drug has been shown to be effective.)

Batches of the drugs which bear labeling with the indications evaluated as possibly effective and are otherwise in accord with the labeling conditions herein will be accepted for release or certification by the Food and Drug Administration for a period of 6 months from the publication date of this announcement to allow any applicant to obtain and submit data to provide substantial evidence of effectiveness of the drug for use in a condition for which it has been evaluated as possibly effective.

To be acceptable for consideration in support of the effectiveness of a drug, any such data must be previously unsubmitted, well-organized, and include data from adequate and well-controlled clinical investigations (identified for ready review) as described in § 130.12(a) (5) of the regulations published in the FEDERAL REGISTER of May 8, 1970 (35 F.R. 7250). Carefully conducted and documented clinical studies obtained under uncontrolled or partially controlled situations are not acceptable as a sole basis for the approval of claims of effectiveness, but such studies may be considered on their merits for corroborative support of efficacy and evidence of safety.

At the end of the 6-month period, any such data will be evaluated to determine whether there is substantial evidence of effectiveness for such uses. After that evaluation, the conclusions concerning the drug will be published in the FEDERAL REGISTER. If no studies have been undertaken, or if the studies do not provide substantial evidence of effectiveness, such drug will no longer be eligible for release or certification.

A copy of the Academy's report has been furnished to each firm referred to above. Any other interested person may obtain a copy by request to the Food and Drug Administration, Press Relations Office (CE-200), 200 C Street SW., Washington, D.C. 20204.

Communications forwarded in response to this announcement should be identified with the reference number DESI 50254, directed to the attention of the appropriate office listed below and addressed to the Food and Drug Administration, 5600 Fishers Lane, Rockville, Maryland 20852:

Amendments (identify with NDA number, if known): Division of Anti-Infective Drug Products (BD-140), Office of Scientific Evaluation, Bureau of Drugs.

All other communications regarding this announcement: Drug Efficacy Study Implementation Project Office (BD-5), Bureau of Drugs.

This notice is issued pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (secs. 502, 507, 52 Stat. 1050-51, as amended; 59 Stat. 463, as amended; 21 U.S.C. 352, 357) and under the authority delegated to the Commissioner of Food and Drugs (21 CFR 2.120).

Dated: June 23, 1971.

SAM D. FINE,
Associate Commissioner
for Compliance.

[DESI 12595]

COLISTIN SULFATE FOR ORAL SUSPENSION

Drugs for Human Use; Drug Efficacy Study Implementation

The Food and Drug Administration has evaluated a report received from the National Academy of Sciences-National Research Council, Drug Efficacy Study Group, on the following drug for oral use:

Coly-Mycin S Oral Suspension (formerly called Coly-Mycin S Pediatric) containing colistin sulfate; Warner-Chilcott Laboratories, Division of Warner-Lambert Pharmaceutical Co., 201 Tabor Road, Morris Plains, N.J. 07950 (NDA 50-355).

Preparations containing colistin sulfate are subject to the antibiotic certification procedures pursuant to section 507 of the Federal Food, Drug, and Cosmetic Act. Requests for certification of the drug in the dosage form described above should provide for labeling information in accord with this reevaluation of the drug and published in this announcement.

The Food and Drug Administration concludes that colistin sulfate for oral suspension is probably effective for use in the treatment of infections of the gastrointestinal tract caused by *Shigella* and diarrhea in infants and children caused by susceptible strains of enteropathogenic *E. coli*.

The drug should be labeled to comply with all requirements of the Act and regulations. Its labeling should bear adequate information for safe and effective use of the drug and be in accord with the guidelines for uniform labeling published in the FEDERAL REGISTER of February 6, 1970. The "Indications" section should be as follows:

INDICATIONS

For use in the treatment of infections of the gastrointestinal tract caused by *Shigella*, and diarrhea in infants and children caused by susceptible strains of enteropathogenic *E. coli*.

The Food and Drug Administration further concludes that colistin sulfate for oral suspension is possibly effective for use in the treatment of diarrhea in infants and children caused by *Salmonella*, *Pseudomonas*, *Klebsiella*, *Aerobacter*, or other susceptible gram-negative intestinal pathogens.

Batches of the drug which bear labeling with these indications and are otherwise in accord with the labeling conditions herein will be accepted for certification by the Food and Drug Administration for a period of 12 months and 6 months respectively from the publication date of this announcement to allow any applicant to obtain and submit data to provide substantial evidence of effectiveness of the drug for use in those conditions for which it has been evaluated as probably effective and possibly effective.

To be acceptable for consideration in support of the effectiveness of the drug, any such data must be previously unsubmitted, well-organized, and include data from adequate and well-controlled clinical investigations (identified for ready review) as described in § 130.12(a) (5) of the regulations published as a final order in the FEDERAL REGISTER of May 8, 1970 (35 F.R. 7250). Carefully conducted and documented clinical studies obtained under uncontrolled or partially controlled situations are not acceptable as a sole basis for the approval of claims of effectiveness, but such studies may be considered on their merits for corroborative support of efficacy and evidence of safety.

At the end of the 12-month and 6-month periods, any such data will be evaluated to determine whether there is substantial evidence of effectiveness for such uses. After that evaluation, the conclusions concerning the drug will be published in the FEDERAL REGISTER. If no studies have been undertaken, or if the studies do not provide substantial evidence of effectiveness, such drug will not be eligible for certification.

A copy of the NAS-NRC report has been furnished to the firm referred to above. Any other interested person may obtain a copy by request to the appropriate office named below.

Communications forwarded in response to this announcement should be identified with the reference number DESI 12595 and be directed to the attention of the appropriate office listed below and addressed (unless otherwise

NOTICES

[Docket No. FDC-D-305; NDA 11-657;
DESI 11657]

PROPIOLACTONE FOR STERILIZATION Drugs for Human Use; Drug Efficacy Study Implementation

The Food and Drug Administration has evaluated a report received from the National Academy of Sciences-National Research Council, Drug Efficacy Study Group, on the following drug:

Propiolactone for sterilization, marketed as Betaprone by Fellows-Testagar, Division of Fellows Medical Manufacturing Co., Inc., 1354 West Lafayette, Detroit, Mich. 48226 (NDA 11-657).

The drug is regarded as a new drug (21 U.S.C. 321(p)). Supplemental new drug applications are required to revise the labeling in and to update previously approved applications providing for such drug. A new drug application is required from any person marketing such drug without approval.

The Food and Drug Administration is prepared to approve new drug applications and supplements to previously approved new drug applications under conditions described in this announcement.

A. Effectiveness classification. The Food and Drug Administration has considered the Academy's report, as well as other available evidence, and concludes that:

1. Propiolactone is effective for the sterilization of (a) tissue grafts (arteries and bones but not cartilage or dura) and (b) rabies vaccine.
2. The drug is possibly effective in the sterilization of other vaccines.
3. Propiolactone lacks substantial evidence of effectiveness for sterilization of plasma, serum for tissue culture media, and bovine platelet factor.

B. Conditions for approval and marketing. The Food and Drug Administration

is prepared to approve new drug applications and supplements to previously approved new drug applications under conditions described herein.

1. **Form of drug.** Propiolactone preparations are in liquid form suitable for sterilization of biological materials. (Not to be used as an injection for humans or animals.)

2. **Labeling conditions.** a. The label bears the statement, "Caution: Federal law prohibits dispensing without prescription."

b. The drug is labeled to comply with all requirements of the Act and regulations. Its labeling bears adequate information for safe and effective use of the drug and is in accord with the guidelines for uniform labeling published in the FEDERAL REGISTER of February 6, 1970. The "Indications" section is as follows:

INDICATIONS

Propiolactone is indicated for the sterilization of (a) arterial and osseous (bone) tissue grafts; and (b) rabies vaccine.

3. **Marketing status.** Marketing of such drugs may be continued under the conditions described in the notice entitled "Conditions for Marketing New Drugs Evaluated in Drug Efficacy Study" published in the FEDERAL REGISTER July 14, 1970 (35 F.R. 11273), as follows:

a. For holders of "deemed approved" new drug applications (i.e., an application which became effective on the basis of safety prior to October 10, 1962), the submission of a supplement for revised labeling and a supplement for updating information as described in paragraphs (a) (1) (i) and (iii) of the notice of July 14, 1970.

b. For any person who does not hold an approved or effective new drug application, the submission of a full new drug application as described in paragraph (a) (3) (iii) of that notice.

c. For any distributor of the drug, the use of labeling in accord with this announcement for any such drug shipped within the jurisdiction of the Act as described in paragraph (b) of that notice.

d. For indications for which the drug has been classified as possibly effective, continued use as described in paragraphs (d), (e), and (f) of that notice.

C. Opportunity for a hearing. 1. The Commissioner of Food and Drugs proposes to issue an order under the provisions of section 505(e) of the Federal Food, Drug, and Cosmetic Act withdrawing approval of all new-drug applications and all amendments and supplements thereto providing for the indications for which substantial evidence of effectiveness is lacking as described in paragraph A.3 of this announcement. An order withdrawing approval of the applications will not issue if such applications are supplemented, in accord with this notice, to delete such indications. Promulgation of the proposed order may cause any related drug for human use offered for the indications for which substantial evidence of effectiveness is lacking to be a new drug for which an ap-

proved new-drug application is not in effect. Any such drug then on the market would be subject to regulatory proceedings.

2. In accordance with the provisions of section 505 of the Act (21 U.S.C. 355) and the regulations promulgated thereunder (21 CFR Part 130), the Commissioner will give the holders of any such applications, and any interested person who would be adversely affected by such an order, an opportunity for a hearing to show why such indications should not be deleted from labeling. A request for a hearing must be filed within 30 days after the date of publication of this notice in the FEDERAL REGISTER.

3. A request for a hearing may not rest upon mere allegations or denials but must set forth specific facts showing that there is a genuine and substantial issue of fact that requires a hearing, together with a well-organized and full-factual analysis of the clinical and other investigational data that the objector is prepared to prove in a hearing. Any data submitted in response to this notice must be previously unsubmitted and include data from adequate and well-controlled clinical investigations (identified for ready review) as described in § 130.12 (a) (5) of the regulations published in the FEDERAL REGISTER of May 8, 1970 (35 F.R. 7250). Carefully conducted and documented clinical studies obtained under uncontrolled or partially controlled situations are not acceptable as a sole basis for approval of claims of effectiveness, but such studies may be considered on their merits for corroborative support of efficacy and evidence of safety.

4. If a hearing is requested and is justified by the response to this notice, the issues will be defined, a hearing examiner will be named, and he shall issue a written notice of the time and place at which the hearing will commence.

A copy of the Academy's report has been furnished to the film referred to above. Any other interested person may obtain a copy by request to the appropriate office named below.

Communications forwarded in response to this announcement should be identified with the reference number DESI 11657, directed to the attention of the following appropriate office, and addressed (unless otherwise specified) to the Food and Drug Administration, 5600 Fishers Lane, Rockville, Maryland 20852:

Supplements (Identify with NDA number):
Office of Scientific Evaluation (BD-100),
Bureau of Drugs.
Original new-drug applications: Office of
Scientific Evaluation (BD-100), Bureau of
Drugs.

All other communications regarding this announcement: Drug Efficacy Study Implementation Project Office (BD-60), Bureau of Drugs.
Requests for NAS-NRC report: Press Relations Staff (CE-200), Food and Drug Administration, 200 C Street SW., Washington, DC 20204.

This notice is issued pursuant to the provisions of the Federal Food, Drug,

and Cosmetic Act (secs. 502, 505, 52 Stat. 1050-53, as amended; 21 U.S.C. 352, 355) and under the authority delegated to the Commissioner of Food and Drugs (21 CFR 2.120).

Dated: June 23, 1971.

[DESI 7936]

SELENIUM SULFIDE FOR TOPICAL USE Drugs for Human Use; Drug Efficacy Study Implementation

The Food and Drug Administration has evaluated a report received from the National Academy of Sciences-National Research Council, Drug Efficacy Study Group, on Selsun Suspension containing selenium sulfide, 2½ percent, marketed by Abbott Laboratories, 14th and Sheridan Road, North Chicago, Illinois 60064 (NAD 7-936).

Such drug is regarded as a new drug (21 U.S.C. 321(p)). Supplemental new drug applications are required to revise the labeling in and to update previously approved applications providing for such drugs. A new drug application is required from any person marketing such drug without approval.

A. Effectiveness classification. The Food and Drug Administration has considered the Academy's report, as well as other available evidence, and concludes that selenium sulfide is effective for the treatment of seborrheic dermatitis of the scalp, including dandruff.

B. Conditions for approval and marketing. The Food and Drug Administration is prepared to approve abbreviated new drug applications and abbreviated supplements to previously approved new drug applications under conditions described herein.

1. **Form of drug.** Selenium sulfide preparations are in aqueous suspension form suitable for topical administration.

2. **Labeling conditions.** a. The label for a 2½ percent preparation bears the statement, "Caution: Federal law prohibits dispensing without prescription."

b. The drug is labeled to comply with all requirements of the Act and regulations. The labeling bears adequate information for safe and effective use of the drug and is in accord with the guidelines for uniform labeling published in the FEDERAL REGISTER of February 6, 1970. The "Indication" section is as follows:

INDICATION

Selenium sulfide is indicated in the treatment of seborrheic dermatitis of the scalp, including dandruff.

3. **Marketing status.** Marketing of such drugs may be continued under the conditions described in the notice entitled "Conditions for Marketing New Drugs Evaluated in Drug Efficacy Study," published in the FEDERAL REGISTER July 14, 1970 (35 F.R. 11273), as follows:

a. For holders of "deemed approved" new drug applications (i.e., an application which became effective on the basis of safety prior to October 10, 1962), the submission of a supplement for revised labeling and an abbreviated supplement for updating information as described in paragraphs (a) (1) (i) and (iii) of the notice of July 14, 1970.

b. For any person who does not hold an approved or effective new drug application, the submission of an abbreviated new drug application as described in paragraph (a) (3) (i) of that notice.

c. For any distributor of the drug, the use of labeling in accord with this announcement for any such drug shipped within the jurisdiction of the Act as described in paragraph (b) of that notice.

A copy of the Academy's report has been furnished to the firm referred to above. Any other interested person may obtain a copy by request to the Food and Drug Administration, Press Relations Office (CE-200), 200 C Street SW., Washington, D.C. 20204.

Communications forwarded in response to this announcement should be identified with the reference number DESI 7936, directed to the attention of the appropriate office listed below, and addressed to the Food and Drug Administration, 5600 Fishers Lane, Rockville, Maryland 20852:

Supplements (Identify with NDA number):
Office of Scientific Evaluation (BD-100),
Bureau of Drugs.

Original abbreviated new drugs (Identify as such):
Drug Efficacy Study Implementation Project Office (BD-5), Bureau of Drugs.

All other communications regarding this announcement:
Drug Efficacy Study Implementation Project Office (BD-5), Bureau of Drugs.

This notice is issued pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (secs. 502, 505, 52 Stat. 1050-53, as amended; 21 U.S.C. 352, 355) and under the authority delegated to the Commissioner of Food and Drugs (21 CFR 2.120).

Dated: June 23, 1971.

SAM D. FINE,
Associate Commissioner
for Compliance.

[FR Doc.71-10134 Filed 7-16-71; 8:45 am]

Office of the Secretary COAL MINE HEALTH AND SAFETY Notice of Finding That Single Shift Measurements of Respirable Dust Will Not Accurately Represent At- mospheric Conditions During Such Shift

Section 202(f) of the Federal Coal Mine Health and Safety Act of 1969 (30 U.S.C. 801; 83 Stat. 742) provides that the term "average concentration" means a determination which accurately represents the atmospheric conditions with regard to respirable dust to which each miner in the active workings of a mine

is exposed (1) as measured, during the period ending June 30, 1971, over a number of continuous production shifts to be determined by the Secretary of the Interior and the Secretary of Health, Education, and Welfare, and (2) as measured thereafter, over a single shift only, unless the Secretary of the Interior and the Secretary of Health, Education, and Welfare find, in accordance with the provisions of section 101 of the Act, that such single shift measurement will not, after applying valid statistical techniques to such measurement, accurately represent such atmospheric conditions during such shift, that is, the shifts during which the miner is continuously exposed to respirable dust.

Notice is hereby given that, in accordance with section 101 of the Act, and based on the data summarized below, the Secretary of the Interior and the Secretary of Health, Education, and Welfare find that single shift measurement of respirable dust will not, after applying valid statistical techniques to such measurement, accurately represent the atmospheric conditions to which the miner is continuously exposed.

In April 1971, a statistical analysis was conducted by the Bureau of Mines, using as a basis the current basic samples for the 2,179 working sections in compliance with the dust standard on the date of the analysis. In accordance with the sampling procedures set forth in Part 70, Subchapter O, Chapter I, Title 30, Code of Federal Regulations, these current basic samples were submitted to the Bureau over a period of time prior to the date the analysis was conducted. The average concentration of the current 10 basic samples was compared with the average of the two most recently submitted samples of respirable dust, then to the three most recently submitted samples, then to the four most recently submitted samples, etc. The results of these comparisons showed that the average of the two most recently submitted samples of respirable dust was statistically equivalent to the average concentration of the current basic samples for each working section in only 9.6 percent of the comparisons. Figure 1 lists the results of the comparisons and shows that a single shift measurement would not, after applying valid statistical techniques, accurately represent the atmospheric conditions to which the miner is continuously exposed.

FIGURE 1

ATOMIC ENERGY COMMISSION

[Docket No. 50-293]

BOSTON EDISON CO.

Notice of Hearing on Facility Operating License

Pursuant to the Atomic Energy Act of 1954, as amended (the Act), and the regulations in Title 10, Code of Federal Regulations, Part 50, "Licensing of Production and Utilization Facilities," and Part 2, Rules of Practice, notice is hereby given that a hearing will be held at a time and place to be set in the future by the Atomic Safety and Licensing Board designated herein, in the vicinity of the town of Plymouth, Plymouth County, Mass., to consider the application filed under section 104b of the Act by the Boston Edison Co. (applicant) for a facility operating license which would authorize the operation of a boiling water reactor (facility), identified as Pilgrim Nuclear Power Station, at steady-state power levels up to a maximum of 1,998 megawatts thermal at the applicant's site in the town of Plymouth, Plymouth County, Mass.

The hearing will be conducted by an Atomic Safety and Licensing Board (Board) designated by the Atomic Energy Commission (Commission), consisting of Dr. Dixon Callihan, Dr. Eugene Greuling, and Nathaniel H. Goodrich, Esq., Chairman. Dr. M. Stanley Livingston has been designated as a technically qualified alternate, and Robert M. Lazo, Esq., has been designated as an alternate qualified in the conduct of administrative proceedings.

Construction of the facility was authorized by Provisional Construction Permit No. CPPR-49, issued by the Commission on August 26, 1968, following a public hearing.

A notice of consideration of issuance of a facility operating license for the facility was published by the Commission on April 23, 1971 (36 F.R. 7696). The notice provided that, within 30 days from the date of publication, any person whose interest may be affected by the issuance of the license could file a petition for leave to intervene in accordance with the requirements of 10 CFR Part 2, Rules of Practice. Petitions for leave to intervene were thereafter filed by the following: the Commonwealth of Massachusetts; the Sierra Club, a nonprofit California corporation, and the Union of Concerned Scientists, an unincorporated association of some 300 scientists and engineers who live and work in Massachusetts, as joint petitioners; and also, as joint petitioners, the Power Planning Committee of the Municipal Electric Association of Massachusetts, city of Chicopee Municipal Lighting Plant, town of Braintree Elec-

tric Light Department, town of Shrewsbury Electric Light Plant, and town of Wakefield Municipal Light Department (Massachusetts Municipals). Answers to these petitions were filed by the applicant and by the AEC regulatory staff.

By memorandum and order dated July 12, 1971, the Commission has determined that a public hearing will be held and that the Sierra Club and the Union of Concerned Scientists, and the Commonwealth of Massachusetts should be admitted to intervene as parties in this proceeding. The order denied the petition of the Massachusetts Municipals for leave to intervene in this proceeding, the Commission adding that, insofar as their petition requests intervention on anti-trust matters, the denial is without prejudice to the rights of the Municipals to renew that request at the appropriate time under the Commission's regulations. The order further provided that a number of other persons who had requested a hearing, but whose requests did not meet the requirements of 10 CFR § 2.714 (a), would be permitted to make a limited appearance in accord with 10 CFR § 2.715 of the Commission's Rules of Practice.

A prehearing conference will be held by the Board, at a date and place to be set by it, to consider pertinent matters in accordance with the Commission's Rules of Practice, 10 CFR Part 2, including section II of appendix A. The date and place of the hearing will be set by the Board at or after the prehearing conference. Notices as to the dates and places of the prehearing conference and the hearing will be published in the FEDERAL REGISTER.

The issues to be considered at the hearing will be the following:

1. Whether construction of the facility has been substantially completed in conformity with the construction permit and the application, as amended, the provisions of the Act, and the rules and regulations of the Commission.
2. Whether the facility will operate in conformity with the application, as amended, the provisions of the Act, and the rules and regulations of the Commission.
3. Whether there is reasonable assurance (i) that the activities authorized by the operating license can be conducted without endangering the health and safety of the public, and (ii) that such activities will be conducted in compliance with the regulations of the Commission.
4. Whether the applicant is technically and financially qualified to engage in the activities authorized by the operating license in accordance with the regulations of the Commission.
5. Whether the applicable provisions of 10 CFR Part 140, "Financial Protection Requirements and Indemnity Agreements," of the Commission's regulations have been satisfied.
6. Whether the issuance of the license will be inimical to the common defense and security or to the health and safety of the public.

In addition, any party may, in accordance with paragraph 11 of Appendix D of 10 CFR Part 50, raise as an issue in the proceeding whether the issuance of the license would be likely to result in a significant, adverse effect on the environment. If such a result were indicated, in accordance with the declaration of national policy expressed in the National Environmental Policy Act of 1969, the Board will give consideration to the need for the imposition of requirements for the preservation of environmental values consistent with other essential considerations of national policy, including the need to meet on a timely basis requirements for electrical power in the affected region. These additional issues do not include (i) radiological effects (since such effects are within the six numbered issues set forth above), or (ii) matters of water quality covered by section 21(b) of the Federal Water Pollution Control Act. If any party raises any such issues, the Board will make findings of fact on, and resolve, the matters in controversy among the parties with regard to those issues. With respect to those aspects of environmental quality for which environmental quality standards and requirements have been established by authorized Federal, State, and regional agencies, proof that the applicant is equipped to observe and agrees to observe such standards and requirements will be considered a satisfactory showing that there will not be a significant, adverse effect on the environment. Certification by the appropriate agency that there is reasonable assurance that the applicant for the license will observe such standards and requirements will be considered dispositive for this purpose.

Regarding the focus of the matters to be considered in the ensuing proceeding, the Commission, in its memorandum and order of July 12, 1971, set forth the following guidance:

A cardinal prehearing objective of the presiding Atomic Safety and Licensing Board will be to establish, on as timely a basis as possible, a clear and particularized identification of those matters related to the issues in this proceeding which are in controversy. As a first step in this prehearing process we expect the Board to obtain from petitioners a detailed specification of the matters which they seek to have considered in the ensuing hearing.

The memorandum and order adds:

"In the Commission's view, the course outlined above is central to the proper focus and orderly conduct of the prehearing process, including the scope of appropriate discovery, and of the later hearing itself."

While the matter of the full power operating license is pending before the Board, the applicant may make a motion in writing for an operating license authorizing low power testing (operation at not more than 1 percent of full power for the purpose of testing the facility), and further operations short of full power operation. Action by the Board on such a motion shall be taken with due regard to the rights of the parties to the proceeding, including the right of any party

to be heard to the extent that his contentions are relevant to the activity to be authorized. Prior to taking any action on such a motion which any party opposes, the Board shall make findings on the issues specified in this notice of hearing in the form of an initial decision with respect to the contested activity sought to be authorized. If no party opposes the motion, the Board will issue an order pursuant to 10 CFR 2.730(c) of the Commission's Rules of Practice, authorizing the Director of Regulation to make appropriate findings on the issues specified in this notice of hearing and to issue a license for the requested operation.

As they become available, the application, the proposed operating license, the applicant's summary of the application, the report of the Commission's Advisory Committee on Reactor Safeguards (ACRS), the Safety Evaluation by the Commission's regulatory staff, the applicant's Environmental Report, the AEC's Detailed Statement on Environmental Considerations, and the transcripts of the prehearing conference and of the hearing, will be placed in the Commission's Public Document Room, 1717 H Street NW., Washington, DC, where they will be available for inspection by members of the public. Copies of those documents will also be made available at the Plymouth Public Library, North Street, Plymouth, Mass., for inspection by members of the public between the hours of 9:30 a.m. and 8 p.m. Monday through Friday, and from 9:30 a.m. to 6 p.m. on Saturday. Copies of the proposed operating license, the ACRS report, the regulatory staff's Safety Evaluation, the applicant's Environmental Report, and the Commission's Detailed Statement on Environmental Considerations may be obtained, when available, by request to the Director of the Division of Reactor Licensing, U.S. Atomic Energy Commission, Washington, D.C. 20545.

Any person who wishes to make an oral or written statement in this proceeding setting forth his position on the issues specified, but who has not filed either a petition for leave to intervene or a request for a hearing as noted above, may request permission to make a limited appearance pursuant to the provisions of 10 CFR 2.715 of the Commission's Rules of Practice. Limited appearances will be permitted at the time of the hearing in the discretion of the Board, within such limits and on such conditions as may be fixed by the Board. Persons desiring to make a limited appearance are requested to inform the Secretary of the Commission, U.S. Atomic Energy Commission, Washington, D.C. 20545, by August 19, 1971. A person permitted to make a limited appearance does not become a party, but may state his position and raise questions which he would like to have answered to the extent that the questions are within the scope of the hearing as specified in the issues set out above. A member of the public does not have the right to participate unless he has been granted the right to

intervene as a party or the right of limited appearance.

An answer to this notice, pursuant to the provisions of 10 CFR 2.705 of the Commission's Rules of Practice, must be filed by the applicant and the intervenors on or before August 9, 1971.

Papers required to be filed in this proceeding may be filed by mail or telegram addressed to the Secretary of the Commission, U.S. Atomic Energy Commission, Washington, D.C. 20545, Attention: Chief, Public Proceedings Branch, or may be filed by delivery to the Commission's Public Document Room, 1717 H Street NW., Washington, DC.

Pending further order of the Board, parties are required to file, pursuant to the provisions of 10 CFR 2.708 of the Commission's Rules of Practice, an original and 20 conformed copies of each such paper with the Commission.

With respect to this proceeding, the Commission has delegated to the Atomic Safety and Licensing Appeal Board the authority and the review function which would otherwise be exercised and performed by the Commission. The Commission has established the Appeal Board pursuant to 10 CFR 2.785 of the Commission's Rules of Practice, and has made the delegation pursuant to subparagraph (a) (1) of this section. The Appeal Board is composed of the Chairman and Vice-Chairman of the Atomic Safety and Licensing Board Panel and a third member who is technically qualified and designated by the Commission. The Commission has designated Dr. Lawrence Quarles, Dean of the School of Engineering and Applied Science, the University of Virginia, as this third member.

Dated at Washington, D.C., this 12th day of July 1971.

UNITED STATES ATOMIC
ENERGY COMMISSION,
W. B. McCool,

Secretary of the Commission.

[Docket No. 50-241]

MISSISSIPPI STATE UNIVERSITY

Order Extending Construction Permit Expiration Date

By application dated May 28, 1971, the Mississippi State University requested an extension of the expiration date of Provisional Construction Permit No. CPRR-91. The permit authorizes the University to possess and store disassembled nuclear reactor components and a small amount of special nuclear material on its campus in State College, Mississippi.

Good cause having been shown for the extension of the expiration date of the permit pursuant to section 185 of the Atomic Energy Act of 1954, as amended, and § 50.55 of 10 CFR Part 50 of the Commission's regulations: It is hereby ordered, That the expiration date of Provisional Construction Permit No. CPRR-91, as amended, is extended from July 31, 1971, to July 31, 1973.

This order is effective as of its date of issuance.

Date of issuance: July 7, 1971.

For the Atomic Energy Commission.

PETER A. MORRIS,
Director,
Division of Reactor Licensing.

CIVIL AERONAUTICS BOARD

[Docket No. 23602, Order 71-7-07]

AMERICAN AIRLINES, INC.

Order of Investigation and Suspension

Adopted by the Civil Aeronautics Board at its office in Washington, D.C., on the 13th day of July 1971.

By tariff revision¹ bearing a posting date of June 4, 1971, and marked to become effective August 1, 1971, American Airlines, Inc. (American) proposes to increase its signature freight service charge from \$1 to \$10 per shipment. This service provides that each employee or agent of the carrier will execute a signed receipt upon accepting custody of a shipment and shall obtain a signed receipt upon relinquishing custody of the shipment to another employee or agent, or the consignee. No receipt, however, will

¹ Revision to Airline Tariff Publishers, Inc., agent, Tariff CAB No. 96.

be secured from the aircraft flight crew or attendants. Presently, all of the other carriers providing this service charge \$1 per shipment.

In support of its proposal, American states, inter alia, that costs incurred by the carrier in providing this service have increased substantially since 1954, when the current charge was established, and that a fee of \$10 is now required to recover the extra costs involved in handling such shipments.

Upon consideration of the tariff proposal and all relevant matters, the Board finds that the proposal may be unjust or unreasonable, or unjustly discriminatory, or unduly preferential, or unduly prejudicial, or otherwise unlawful, and should be investigated. The Board further concludes that the proposal should be suspended pending investigation.

The carrier's justification is not adequate to warrant the 10-fold rise in the charge proposed. While American presents cost data to support the \$10 charge, the carrier does not supply the detailed documentation essential to permit necessary evaluation of such data. For example, American presents figures purportedly indicating the average man-minutes required for the various parts of the service, and multiplies these figures by average 1970 labor costs, including fringe benefits. The carrier, however, does not describe the studies upon which the man-minute averages were based, indicating the sample taken and other facts upon which the reliability of the data can be determined.

Other data presented by American also are unsupported. The carrier claims a cost based on a 10-percent allowance for "irregularities and special handling," but does not show how this figure was reached. The carrier also includes a profit amounting to 20 percent of labor and training expenses without any demonstration that such profit is reasonable.

Accordingly, pursuant to the Federal Aviation Act of 1958, and particularly sections 204(a) and 1002 thereof,

It is ordered, That:

1. An investigation be instituted to determine whether the charges and provisions in Rule No. 82(D) on 26th Revised Page 42 of Airline Tariff Publishers, Inc., agent's CAB No. 96, and rules, regulations, or practices affecting such charges and provisions are, or will be, unjust, unreasonable, unjustly discriminatory, unduly preferential, unduly prejudicial, or otherwise unlawful, and if found to be unlawful, to determine and prescribe the lawful charges and provisions, and rules, regulations, or practices affecting such charges and provisions;

2. Pending hearing and decision by the Board, Rule No. 82(D) on 26th Revised Page 42 of Airline Tariff Publishers, Inc., agent's CAB No. 96, is suspended and its use deferred to and including October 29, 1971, unless otherwise ordered by the Board, and that no changes be made therein during the period of suspension, except by order or special permission of the Board;

3. The proceeding herein be assigned for hearing before an examiner of the

Board at a time and place hereafter to be designated; and

4. Copies of this order shall be filed with the tariffs and served upon American Airlines, Inc., which is hereby made a party to this proceeding.

This order will be published in the FEDERAL REGISTER.

By the Civil Aeronautics Board.

[SEAL]

HARRY J. ZINK,
Secretary.

[Docket No. 22967]

EASTERN AIR LINES, INC.

Notice of Hearing Regarding Deletion of Bowling Green, Ky.

Notice is hereby given, pursuant to the provisions of the Federal Aviation Act of 1958, as amended, that a hearing in the above-entitled proceeding will be held on July 28, 1971, at 10 a.m. (c.d.s.t.) in the County Court Room, Warren County Court House, 10th and College Streets, Bowling Green, KY, before Examiner Louis W. Sornson.

For information concerning the issues involved and other details in this proceeding, interested persons are referred to the prehearing conference report served on June 28, 1971, and other documents which are in the docket of this proceeding on file in the Docket Section of the Civil Aeronautics Board.

Dated at Washington, D.C., July 13, 1971.

ENVIRONMENTAL PROTECTION AGENCY

CIBA-GEIGY CORP.

Notice of Filing of Petition Regarding Pesticide Chemicals

Pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 408 (d) (1), 68 Stat. 512; 21 U.S.C. 34a(d) (1)), notice is given that a petition (PP 1F1153) has been filed by Ciba-Geigy Corp., Ardsley, N.Y. 10502, proposing establishment of a tolerance (21 CFR Part 420) for residues of the insecticide O,O-diethyl O-(2-isopropyl-4-methyl-6-pyrimidinyl) phosphorothioate in or on the raw agricultural commodity coffee beans at 0.1 part per million.

The analytical method proposed in the petition for determining residues of the insecticide is a gas chromatographic procedure using a flame photometric detector for phosphorus.

Dated: July 13, 1971.

WILLIAM M. UPHOLT,
Deputy Assistant Administrator
for Pesticides Programs.

[FR Doc. 71-10157 Filed 7-16-71; 8:47 am]

3-[2-(3,5-DIMETHYL-2-OXOCYCLO- HEXYL)-2-HYDROXYETHYL] GLU- TARIMIDE

Notice of Reextension of Temporary Tolerance

The Upjohn Co., Kalamazoo, Mich. 49001, was granted a temporary tolerance of 0.05 part per million for residues of the plant abscission agent 3-[2-(3,5-dimethyl-2-oxocyclohexyl)-2-hydroxyethyl] glutarimide in or on the raw agricultural commodity oranges on January 23, 1970 (notice was published in the FEDERAL REGISTER of January 30, 1970 (35 F.R. 1169)). At the request of the firm, the temporary tolerance was extended to April 21, 1971.

The firm has requested an additional 1-year reextension to obtain additional experimental data. It is concluded that such reextension will protect the public health. A condition under which this temporary tolerance is reextended is that the plant abscission agent will be used in accordance with the temporary permit which is being issued concurrently by the Environmental Protection Agency and which provides for distribution under the Upjohn Co. name.

This temporary tolerance will expire April 21, 1972.

This action is taken pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 408(j), 68 Stat. 516; 21 U.S.C. 346a(j)), the authority transferred to the Administrator (35 F.R. 15623), and the authority delegated by the Administrator to the Deputy Assistant Administrator for Pesticides Programs of the Environmental Protection Agency (36 F.R. 9038).

Dated: July 13, 1971.

WILLIAM M. UPHOLT,
Deputy Assistant Administrator
for Pesticides Programs.

DELAWARE RIVER BASIN COMMISSION

[Docket No. D-70-141]

PHILADELPHIA ELECTRIC COMPANY'S EDDYSTONE GENERATING STATION

Availability of Draft Environmental Statement

In accordance with the National Environmental Policy Act of 1969 and the Delaware River Basin Commission's rules of practice and procedure (section 2-3.5.2), notice is hereby given of the availability of a draft environmental statement dated June 1971 which discusses the environmental impact of a proposed expansion of the Philadelphia Electric Co.'s Eddystone Generating Station, Units No. 3 and No. 4, located at the confluence of Crum Creek and the Delaware River in Eddystone, Delaware County, Pa. The draft environmental statement has been prepared by Philadelphia Electric Co.

The existing Eddystone Generating Station consists of two coal fired steam-electric generating units with a combined electrical capacity of 726,000 kilowatts and four combustion turbine generating units with a combined electrical capacity of 76,000 kilowatts. The proposed expansion includes construction of two oil fired steam-electric generating units, each rated at 400,000 kilowatts, for cycling use.

Copies of the draft environmental statement may be examined at the following locations:

Library at office of Delaware River Basin Commission, 25 State Police Drive, Trenton, NJ.

Office of Water Resources Association of the Delaware River Basin, 21 South 12th Street, Philadelphia.

Office of Delaware County Planning Commission, Curran Building, Second and Orange Streets, Media, PA.

Library at office of Delaware Valley Regional Planning Commission, Penn Square Building, 1317 Filbert Street, Philadelphia, PA.

Pennsylvania State Planning Board, 503 Finance Building, Harrisburg, Pa.

Copies of the draft environmental statement are available for distribution to persons or agencies upon request. Comments on the subject statement may be submitted to the Delaware River Basin Commission by public or private agencies or individuals concerned with environmental quality. In order to be considered by the Commission, comments must be submitted no later than September 7.

W. BRINTON WHITALL,
Secretary.

JULY 12, 1971.

FEDERAL COMMUNICATIONS COMMISSION

[Report 552]

COMMON CARRIER SERVICES INFORMATION¹

Domestic Public Radio Services Applications Accepted for Filing²

JULY 12, 1971.

Pursuant to §§ 1.227(b)(3) and 21.30 (b) of the Commission's rules, an appli-

cation, in order to be considered with any domestic public radio services application appearing on the list set forth below, must be substantially complete and tendered for filing by whichever date is earlier: (a) The close of business 1 business day preceding the day on which the Commission takes action on the previously filed application, or (b) Within 60 days after the date of the public notice listing the first prior filed application (with which subsequent applications are in conflict) as having been accepted for filing. An application which is subsequently amended by a major change will be considered to be a newly filed application. It is to be noted that the cutoff dates are set forth in the alternative—applications will be entitled to consideration with those listed below if filed by the end of the 60-day period, only if the Commission has not acted upon the application by that time pursuant to the first alternative earlier date. The mutual exclusivity rights of a new application are governed by the earliest action with respect to any one of the earlier filed conflicting applications.

The attention of any party in interest desiring to file pleadings pursuant to section 309 of the Communications Act of 1934, as amended, concerning any domestic public radio services application accepted for filing, is directed to § 21.27 of the Commission's rules for provisions governing the time for filing and other requirements relating to such pleadings.

FEDERAL COMMUNICATIONS
COMMISSION,
[SEAL] BEN F. WAPLE,
Secretary.

¹All applications listed below are subject to further consideration and review and may be returned and/or dismissed if not found to be in accordance with the Commission's rules, regulations, and other requirements.

²The above alternative cutoff rules apply to those applications listed below as having been accepted in Domestic Public Land Mobile Radio, Rural Radio, Point-to-Point Microwave Radio, and Local Television Transmission Services (Part 21 of the rules).

APPLICATIONS ACCEPTED FOR FILING DOMESTIC PUBLIC LAND MOBILE RADIO SERVICE

File No., applicant, call sign, and nature of application

- 7574-C2-AL-71—Southern Telephone Co. Consent to assignment of license from Southern Telephone Co., Assignor, to: Allied Telephone Co. of Missouri Inc., Assignee. Station: KAH665, Purdy, Mo.
- 7689-C2-AL-(2)-71—Champaign National Bank, Executor of the Estate of Lyman Frank Stewart. Consent to assignment of license from Champaign National Bank, Executor of the Estate of Lyman Frank Stewart, Assignor, to: Champaign Radio Communications, Inc., Assignee. Stations: KSJ627, Champaign, Ill.; KSJ811, Champaign, Ill. (1-way).
- 7690-C2-AL-71—Lenoir Communications Co. Consent to assignment of license from Lenoir Communications Co., Assignor, to: Aircall, Inc., Assignee. Station: Lenoir, N.C.
- 7691-C2-P-71—Zipcall (KCB890), C.P. to change the antenna system operating on frequency 43.58 MHz and relocate facilities at location No. 1 to: The John Hancock Tower Building, Boston, Mass.
- 7692-C2-P-71—Electrocom Corp. (KCB891), C.P. to change the antenna system operating on 35.58 MHz and relocate facilities at location No. 1 to: The John Hancock Tower Building, Boston, Mass.
- 7693-C2-P-71—Jay En, Inc. (KFPJ901), C.P. to relocate facilities operating on 162.09 MHz to the corner of Observation Road and 11th Street, Duluth, MN.

NOTICES

DOMESTIC PUBLIC LAND MOBILE RADIO SERVICE—Continued

- 7694-C2-P-71—Jay En, Inc. (KRH654). Same as above except, operating on 152.24 MHz (1-way).
- 7695-C2-AL-71—Wells Fargo Alarm Services, Inc. Consent to assignment of license from Wells Fargo Alarm Services, Inc., Assignor, to: Baker Protective Services, Inc., Assignee. Station: KSD312, Chicago, Ill.
- 7696-C2-P-71—Delta Valley Radiotelephone Co., Inc. (KMA743), C.P. to replace the transmitter operating on 152.21 MHz and change the antenna system for same, at location No. 4: Alop North Peak of Mount Diablo, 7.5 miles northeast of Danville, Calif.
- 01-C2-P-72—Everett Ambulance & Doctors Services, Inc. (KLF898), C.P. to replace the transmitter operating on 152.03 MHz, change the antenna system and relocate facilities to 313 West 76th Street, Everett, WA.
- 09-C2-MP-72—Imperial Communications Corp. (KLF644). Modification of C.P. to replace the transmitter operating on 158.70 MHz at location No. 3: Mount Woodson, Calif.
- 10-C2-P-72—Illinois Bell Telephone Co. (KSA802), C.P. to establish auxiliary test facilities at 1520 West Northmoor Road, Peoria, Ill., to operate on frequencies 157.80, 157.86, 157.89, and 157.85 MHz.
- 11-C2-TC-72—AAA Answering Service, Inc. Consent to transfer of control from AAA Answering Service, Inc. to: Middle-South Communications Systems, Inc., Assignor, to: Jackson, Transferor, to: Middle-South Communications Systems, Inc., Assignee. Station: KLB703, Meridian, Miss.
- 12-C2-AP/AL-(5)-71—Jack Loperena. Consent to assignment of license from Jack Loperena, Assignor, to: Ahsignal of California, Inc., Assignee. Stations: KMA742, Porterville, Calif.; KMA267, Fresno, Calif.; KLF648, Auberry, Calif. (1-way); KMA261, Visalia, Calif.; KQZ798, Visalia, Calif. (1-way).

INFORMATIVE: It appears that the following applications may be mutually exclusive and subject to the Commission's rules regarding ex parte presentations, by reasons of potential electrical interference.

Texas

- Southwestern Bell Telephone Co., (KKA782), 2956-C2-P-(6)-71.
- General Telephone Co. of the Southwest, (KFL875), 4315-C2-P-71.

POINT-TO-POINT MICROWAVE RADIO SERVICE (TELEPHONE CARRIERS)

- 7697-C1-P-71—Wisconsin Telephone Co. (WDD44). Modification of C.P. (988-C1-P-71) to change transmitter location from latitude 44°31'48" N., longitude 87°55'59" W. to latitude 44°31'54" N., longitude 87°55'15" W. at 911 South University Circle Drive, Green Bay, Wis. Frequency: 6293.6 MHz on azimuth 332°24'.
- 3-C1-MP-72—The Mountain States Telephone & Telegraph Co. (KCO074). Modification of C.P. (6994-C1-P-70) to change frequencies 6049.0 and 10,975 MHz to 5989.7 and 10,955 MHz. Station location: Pueblo Junction, 3 miles southeast of Pueblo, Colo.
- 4-C1-MP-72—The Mountain States Telephone & Telegraph Co. (WBO99). Modification of C.P. (6935-C1-P-70) to change frequencies from 11,695 and 11,685 MHz to 11,405 and 11,685 MHz. Station location: 3.4 miles east of Greenhorn, Colo.
- 5-C1-MP-72—The Mountain States Telephone & Telegraph Co. (WBP20). Modification of C.P. (6936-C1-P-70) to change frequencies from 10,683, 10,755, 6049.0, 10,955, 10,975, and 11,135 MHz to 9980.0, 10,755, 5989.7, 10,955, 11,115, and 10,715 MHz. Station location: Ravenwood, 4.3 miles east-southeast of Walsenburg, Colo.
- 6-C1-MP-72—The Mountain States Telephone & Telegraph Co. (WBP21). Modification of C.P. (6937-C1-P-70) to change frequencies from 11,385, and 11,545 MHz to 11,565 and 11,245 MHz. Station location: 135 East Fifth Street, Walsenburg, CO.
- 8-C1-MP-72—The Mountain States Telephone & Telegraph Co. (WBP23). Modification of C.P. (6938-C1-P-70) to change frequency 6108.3 MHz to 5960.0 MHz. Station location: 3 miles north-northeast of Hoehne, Colo.
- American Telephone & Telegraph Co. C.P.'s (5) to construct additional radio relay channels between Alma, Holland, and Attica, N.Y., and between Holland and Buffalo, N.Y.
- 13-C1-P-72—American Telephone & Telegraph Co. (KEA47). Add: 3930 and 4150 MHz toward Franklinville, N.Y. Station location: 3.2 miles northeast of Alma, N.Y.
- 14-C1-P-72—American Telephone & Telegraph Co. (KEA79). Add: 3850 and 4110 MHz toward Alma and Holland, N.Y. Station location: 4.9 miles south of Franklinville, N.Y.

POINT-TO-POINT MICROWAVE RADIO SERVICE (TELEPHONE CARRIERS)—Continued

- 15-C1-P-72—American Telephone & Telegraph Co. (KEN467). Add: 3930 and 4150 MHz toward Franklinville, 3930, 4010, and 4090 MHz toward Attica, and add 4150 MHz toward Buffalo, N.Y. Station location: 1.2 miles northeast of Holland, N.Y.
- 16-C1-P-72—American Telephone & Telegraph Co. (KEA49). Add: 3890, 3970, and 4050 MHz toward Holland, N.Y. Station location: 2.75 miles west of Attica, N.Y.
- 17-C1-P-72—American Telephone & Telegraph Co. (KEA25). Add: 4110 MHz toward Holland, N.Y. Station location: 65 Franklin Street, Buffalo, NY.
- American Telephone & Telegraph Co. C.P.'s (11) to provide an additional pair of Type TH-3 telephone channels between Dahlonega, Ga., and Jasper, Ala.
- 18-C1-P-72—American Telephone & Telegraph Co. (KRS91). Add: 6093.5 MHz toward Warrior, Ala. Station location: 3.5 miles southwest of Jasper, Ala.
- 19-C1-P-72—American Telephone & Telegraph Co. (KRS94). Add: 6345.5 MHz toward Jasper and Nectar, Ala. Station location: 4.5 miles northwest of Warrior, Ala.
- 20-C1-P-72—American Telephone & Telegraph Co. (KRS92). Add: 6093.5 MHz toward Warrior and Douglas, Ala. Station location: 2.9 miles north-northwest of Nectar, Ala.
- 21-C1-P-72—American Telephone & Telegraph Co. (KRR79). Add: 6345.5 MHz toward Nectar and Crossville, Ala. Station location: 0.5 mile northwest of Douglas, Ala.
- 22-C1-P-72—American Telephone & Telegraph Co. (KRR78). Add: 6093.5 MHz toward Douglas and Fort Payne, Ala. Station location: 1 mile south of Crossville, Ala.
- 23-C1-P-72—American Telephone & Telegraph Co. (KRS89). Add: 6345.5 MHz toward Crossville and Summerville, Ga. Station location: 2 miles east of Fort Payne, Ala.
- 24-C1-P-72—American Telephone & Telegraph Co. (KRT23). Add: 6093.5 MHz toward Fort Payne and Shannon, Ala. Station location: 2.2 miles east of Summerville, Ga.
- 25-C1-P-72—American Telephone & Telegraph Co. (KRT21). Add: 6345.5 MHz toward Summerville and Fairmount, Ga. Station location: 2 miles east of Shannon, Ga.
- 26-C1-P-72—American Telephone & Telegraph Co. (KRS96). Add: 6093.5 MHz toward Shannon and Emma, Ga. Station location: 1.8 miles northeast of Fairmount, Ga.
- 27-C1-P-72—American Telephone & Telegraph Co. (KRS85). Add: 6345.5 MHz toward Fairmount and Dahlonega, Ga. Station location: 6.8 miles northwest of Emma, Ga.
- 28-C1-P-72—American Telephone & Telegraph Co. (KRS83). Add: 6093.5 MHz toward Emma, Ga. Station location: 5 miles east-southeast of Dahlonega, Ga.
- 29-C1-MP-72—New England Telephone & Telegraph Co. (KCL59). Modification of C.P. (8601-C1-P-70) to change frequency from 5937.5 MHz to 6145.3 MHz toward Acushnet, Mass. Station location: Pocomset Avenue, Tiverton, R.I.
- 30-C1-P-72—American Telephone & Telegraph Co. (KCA44), C.P. to add 3790 MHz toward Worcester (WSMW-TV), Mass. Station location: Asnebumskit Mountain, 5 miles north-west of Worcester, Mass.

Correction

4883-C1-MP-71—Pacific Northwest Bell Telephone Co. (KPB50). The following was omitted in Public Notice, Report 532 dated Feb. 22, 1971: Change frequency on path toward Malin, Oreg., from 10,985 to 11,465 MHz.

Major Amendments

- 3506-C1-P-71—North Florida Telephone Co. (KIP56). Change azimuth of radio path toward Perry, Fla., to 280°00'. Station location: Clark and Crawford Streets, Mayo, Fla. All other particulars same as reported in Public Notice dated Jan. 11, 1971.
- (INFORMATIVE: Applicant United Video, Inc., is amending 94 applications for new common carrier microwave facilities for specialized services between Minneapolis, Minn., and Dallas, Tex., pursuant to new standards contained in Docket 18920 released June 3, 1971. These amendments eliminate proposed frequency diversity, change certain frequencies, and eliminate periscope antenna systems.)
- 5729-C1-P-70—United Video, Inc. (New). Application amended to delete frequencies 5945.2V and 6094.2V and add frequency 6123.1H toward Hampton, Minn. Station location: Minneapolis, Minn.
- 5727-C1-P-70—United Video, Inc. (New). Application amended to delete frequencies 6301.0V and 6390.0V and add 6404.8V toward Minneapolis, Minn.; delete frequencies 6271.4V and 6375.2V and add 6345.5V toward Roscoe, Minn. Station location: Hampton, Minn.

POINT-TO-POINT MICROWAVE RADIO SERVICE (TELEPHONE CARRIERS)—Continued

5728-C1-P-70—United Video, Inc. (New), Application amended to delete frequency 6063.8H and retain 6004.5H toward Hampton, Minn.; delete frequencies 5974.8H and 6093.5H and add 5945.2H toward Chester, Minn. Station location: Roscoe, Minn.

5729-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 5989.7V and 6078.6V and add 6063.5H toward Chester, Minn. Station location: Rochester, Minn.

5730-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 6330.7H, 6390.0H and add frequency 6197.2H toward Roscoe, Minn.; delete frequencies 6360.3V and 6341.7V and add 6286.2H toward Rochester, Minn.; delete frequencies 6271.4H and 6375.2H and add 6226.9H toward Wyatville, Minn. Station location: Chester, Minn.

5731-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 5960.0H and 6049.0H and add 6093.5H toward Chester, Minn.; delete frequencies 6019.3H and 6108.3H and add 6152.8H toward Hokah, Minn. Station location: Wyatville, Minn.

5732-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 5989.7V and 6049.9V and add 6083.5H toward Hokah, Minn. Station location: La Crosse, Wis.

5733-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 6271.4H and 6330.7H and add 6404.8H toward Wyatville, Minn.; delete frequencies 6390.0V and add 6286.2H toward La Crosse, Wis.; delete 6256.5V and add 6375.2V and add 6226.9V toward Viroqua, Wis. Station location: Hokah, Minn.

5734-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 5960.0V and 6152.8V and add 5974.8V toward Hokah, Minn.; delete frequencies 6019.3V and 6123.1V and add 6123.1H toward Richland Center, Wis. Station location: Viroqua, Wis.

5735-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 6286.2V toward Dodgeville, Wis. Station location: Richland Center, Wis.

5736-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 6093.5H and 5989.7H and add 6083.5V toward Richland Center, Wis.; delete frequencies 5974.8H and 6034.2H and add 6123.1V toward Apple River, Ill. Station location: Dodgeville, Wis.

5737-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 6301.0V and 6360.3V and add 6404.8H toward Dodgeville, Wis.; delete 6271.4V and 6330.7V and add 6197.2H toward Freeport, Ill. Station location: Apple River, Ill.

5738-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 6108.3V and 6049.0V and add 6152.8V toward Apple River, Ill.; delete 5960.0V and 6019.3V and add 6004.5H toward Rockford, Ill.; delete 5989.7V and 6078.6V and add 6123.1H toward Sterling, Ill. Station location: Freeport, Ill.

5739-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 6241.7V and 6390.0V and add 6256.5H toward Freeport, Ill.; delete frequencies 6271.4V and 6330.7V and add 6286.2H toward Avalon, Wis. Station location: Rockford, Ill.

5740-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 5989.7V and 6078.6V and add 6093.5H toward Rockford, Ill.; delete 5960.0H and 6049.0H and add 6034.2H toward Lake Mills, Wis. Station location: Avalon, Wis.

5741-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 6226.9V and 6375.2V and add 6345.5H toward Avalon, Wis.; delete 6212.0H and 6330.0H and add 6286.5H toward Madison, Wis.; delete 6271.4V and 6345.5V and add 6286.2V toward Wales, Wis. Station location: Lake Mills, Wis.

5742-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 5945.2V and 6063.5V and add 6004.5H toward Lake Mills, Wis. Station location: Madison, Wis.

5743-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 5989.7V and 6078.6V and add 6152.8V toward Lake Mills, Wis.; delete frequencies 5960.0V and 6049.0V and add 5974.8V toward Milwaukee, Wis. Station location: Wales, Wis.

5744-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 6226.9V and 6375.2V and add 6404.5V toward Wales, Wis. Station location: Milwaukee, Wis.

5745-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 6271.4H and 6330.7H and add 6286.2V toward Freeport, Ill.; delete frequencies 6301.0H and 6360.3H and add 6226.9H toward Amboy, Ill. Station location: Sterling, Ill.

5745-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 6034.2H and add 6152.8H toward Peru, Ill. Station location: Amboy, Ill.

5747-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 6241.7V and 6404.8V and add 6375.2H toward Amboy, Ill.; delete frequencies 6301.0V and 6360.3V and add 6315.9V toward Princeton, Ill.; delete 6301.0H and 6360.3H and add 6315.9V toward Norway, Ill. Station location: Peru, Ill.

5748-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 5689.7V and 6108.3V and add 5974.8H toward Peru, Ill.; delete 6019.3V and 6049.0H and add 5974.8H toward Plainfield, Ill. Station location: Norway, Ill.

5749-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 6301.0V and 6330.0V and add 6315.9H toward Norway, Ill.; delete 6301.0H and 6360.3H and add 6256.5H toward Chicago, Ill. Station location: Plainfield, Ill.

5750-C1-P-70—United Video, Inc. (New), Application amended to delete frequency 6063.8H and retain 5945.2H toward Plainfield, Ill. Station location: Chicago, Ill.

5751-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 5960.0V and 6049.0V and add 5974.8V toward Peru, Ill.; delete 5989.7V and 6078.6V and add 10.975V toward Kewanee, Ill. Station location: Princeton, Ill.

5752-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 5360.3V and 6301.0V and add 11.665V toward Princeton, Ill.; delete 11.365H and 11.305H and add 11.665V toward Galesburg, Ill. Station location: Kewanee, Ill.

5753-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 10.935H and 11.015H and add 10.975V toward Kewanee, Ill.; delete frequencies 5689.7H and 6078.6H and add 5974.8H toward Monmouth, Ill. Station location: Galesburg, Ill.

5754-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 6212.0V and 6301.0V and add 6286.2H toward Galesburg, Ill.; delete 6241.7V and 6360.3V and add 6315.9H toward Dallas City, Ill. Station location: Monmouth, Ill.

5755-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 5960.0V and 6049.0V and add 6063.8H toward Monmouth, Ill.; delete 5989.7V and 6078.6V and add 5974.8H toward Sutter, Ill.; delete 6019.3V and 6108.3V and add 6152.8H toward Mount Pleasant, Iowa. Station location: Dallas City, Ill.

5756-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 6271.4V and 6330.7V and add 6404.8H toward Dallas City, Ill.; delete 6301.0H and 6360.0H and add 6226.2H toward Fairfield, Iowa. Station location: Mount Pleasant, Iowa.

5757-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 6019.3H and 6049.0V and add 6034.2H toward Mount Pleasant, Iowa; delete frequencies 5989.7V and 6049.0V and add 6123.1H toward Ottumwa, Iowa. Station location: Fairfield, Iowa.

5758-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 6271.4H and 6330.7H and add 6375.2H toward Fairfield, Iowa; delete 6301.0H and 6360.0H and add 6315.9H toward Lacey, Iowa. Station location: Ottumwa, Iowa.

5759-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 5960.0H and 6108.3H and add 6063.8H toward Ottumwa, Iowa; delete frequencies 6019.3H and 6078.6H and add 6152.8H toward Prairie City, Iowa. Station location: Lacey, Iowa.

5760-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 6271.4H and 6330.7H and add 6404.8H toward Lacey, Iowa; delete frequencies 6271.4H and 6330.7H and add 6404.8H toward Lacey, Iowa; delete 6212.0V and 6301.0V and add 6286.2H toward Des Moines, Iowa. Station location: Prairie City, Iowa.

5761-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 5989.7V and 6049.0V and add 6034.2H toward Prairie City, Iowa. Station location: Des Moines, Iowa.

5762-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 6212.0V and 6301.0V and add 6396.2H toward Dallas City, Ill.; delete 6341.7H and 6360.3H and add 6301.0V and add 6396.2H toward Dallas City, Ill.; delete 6341.7H and 6360.3H and add 6256.5H toward Philadelphia, Mo. Station location: Sutter, Mo.

5763-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 6019.3H and 6108.3H and add 6034.2H toward Sutter, Mo.; delete 5989.7V and 6137.9V and add 5945.2H toward Novelty, Mo.; delete 5945.2H and 6078.6H and add 5974.8H toward Hannibal, Mo. Station location: Philadelphia, Mo.

5764-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 6371.4V and 6330.7V and add 6226.9H toward Philadelphia, Mo.; delete 6182.4V and 6390.0V and add 6256.5H toward Louisiana, Mo. Station location: Hannibal, Mo.

NOTICES

POINT-TO-POINT MICROWAVE RADIO SERVICE (TELEPHONE CARRIERS)—Continued

5785-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 6271.4H and 6301.0H and add 6404.8H toward Paola, Kans.; delete 6241.7V and 6360.3V and add 6286.2H toward Iola, Kans. Station location: Garnett, Kans.

5786-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 5960.0V and 6137.9V and add 6034.2H toward Garnett, Kans.; delete 6019.3H and 6078.6H and add 6123.1H toward Chanute, Kans. Station location: Iola, Kans.

5787-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 6241.7H and 6301.0H and add 6375.2H toward Iola, Kans.; delete frequencies 6241.7V and 6360.3V and add 6256.5H toward Parsons, Kans. Station location: Chanute, Kans.

5788-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 5960.0V and 6137.9V and add 6004.5H toward Chanute, Kans.; delete 6019.3V and add 6004.5V toward Pittsburg, Kans. Station location: Parsons, Kans.

5792-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 5960.0H and 6049.0H and add 6123.1H toward Purdin, Mo.; delete 5989.7V and 6078.6V and add 6034.2H toward Polo, Mo. Station location: Chillicothe, Mo.

5793-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 6212.0V and 6301.0V and add 6286.2H toward Chillicothe, Mo.; delete 6241.7H and 6360.3H and add 6315.9V toward Smithville, Mo. Station location: Polo, Mo.

5794-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 5980.0H and 6049.0H and add 6152.8H toward Polo, Mo.; delete frequencies 6019.3H and 6108.3H and add 6078.6H and add 6152.8H toward Lenexa, Kans.; delete frequencies 5989.7H and 6078.6H and add 6034.2H and 5974.8H toward Lenexa, Kans.; delete frequencies 5989.7H and 6078.6H and add 6034.2H toward St. Joseph, Mo. Station location: Smithville, Mo.

5795-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 6271.4H and 6301.0H and add 6226.9H toward Smithville, Mo.; delete frequencies 6301.0V and 6390.0V and add 6345.5V toward Barnard, Mo. Station location: St. Joseph, Mo.

5796-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 6301.0V and 6390.0V and add 6152.8V toward St. Joseph, Mo.; delete 6019.3H and 6167.6H and add 6063.8H toward Braddyville, Iowa. Station location: Barnard, Mo.

5797-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 6271.4H and 6360.3H and add 6315.9H toward Barnard, Mo.; delete 6301.0H and 6390.0H and add 6375.2H toward Imogene, Iowa. Station location: Braddyville, Iowa.

5798-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 5989.7H and 6049.0H and add 6123.1H toward Braddyville, Iowa; delete 5960.0H and 6108.3H and add 6152.8H toward Carson, Iowa. Station location: Imogené, Iowa.

5799-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 6271.4H and 6301.0H and add 6404.8H toward Imogene, Iowa; delete frequencies 6301.0H and 6390.0H and add 6315.9H toward Omaha, Nebr. Station location: Carson, Iowa.

5800-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 6019.3H and 6167.6H and add 6004.5H toward Carson, Iowa; delete frequencies 6137.9V and 6049.0V and add 6167.6H and add 6004.5H toward Ashland, Nebr. Station location: Omaha, Nebr.

5801-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 6271.4V and 6390.0V and add 6256.5H toward Omaha, Nebr.; delete 6301.0H and 6360.3H and add 6330.7V and add 6256.5H toward Ashland, Nebr.

6197.2V toward Lincoln, Nebr. Station location: Ashland, Nebr.

5802-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 6049.0H and 6108.3H and add 5945.2V toward Ashland, Nebr. Station location: Lincoln, Nebr.

5803-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 6212.0H and 6301.0H and add 6256.5H toward Smithville, Mo.; delete frequencies 6182.4V and 6371.4V and add 6315.9H toward Paola, Kans. Station location: Lenexa, Kans.

5804-C1-P-70—United Video, Inc. (New), Application amended to delete frequencies 6108.3V and 6049.0V and add 6004.5H toward Lenexa, Kans.; delete 5989.7H and 6078.6H and add 6152.8H toward Garnett, Kans. Station location: Paola, Kans.

POINT-TO-POINT MICROWAVE RADIO SERVICE (TELEPHONE CARRIERS)—Continued.

- 5804-C1-P-70—United Video, Inc. (New). Application amended to delete frequencies 5289.7H and 6049.0H and add 6004.5V toward Ponca City, Okla.; delete 6019.3V and 6078.6V and add 6152.8H toward Udall, Kans. Station location: Arkansas City, Kans.
- 5808-C1-P-70—United Video, Inc. (New). Application amended to delete frequencies 6330.7V and 6404.8V and add 6404.8H toward Arkansas City, Kans.; delete 6301.0V and 6390.0V and add 6286.2H toward Wichita, Kans. Station location: Udall, Kans.
- 5808-C1-P-70—United Video, Inc. (New). Application amended to delete frequencies 5960.0V and 6108.3V and add 6034.2H toward Udall, Kans. Station location: Wichita, Kans.
- 5807-C1-P-70—United Video, Inc. (New). Application amended to delete frequencies 5960.0V and retain 6034.2V toward Lomax Ranch, Okla.; delete 5889.7V and 6108.3V and add 6152.8H toward Sand Springs, Okla. Station location: Tulsa, Okla.
- 5809-C1-P-70—United Video, Inc. (New). Application amended to delete frequencies 6301.0V and 6390.0V and add 6375.2V toward Tulsa, Okla.; delete 6241.7H and 6360.3H and add 6226.9V toward Shamrock, Okla. Station location: Sand Springs, Okla.
- 5809-C1-P-70—United Video, Inc. (New). Application amended to delete frequencies 6301.0V and 6390.0V and add 6375.2V toward Tulsa, Okla.; delete 6241.7H and 6360.3H and add 6019.3H and 6123.1V toward Carney, Okla.; delete 5889.7V and 6108.3V and add 6123.1V toward Carney, Okla. Station location: Shamrock, Okla.
- 5810-C1-P-70—United Video, Inc. (New). Application amended to delete frequencies 6301.0V and 6390.0V and add 6375.2V toward Shamrock, Okla.; delete 6241.7H and 6360.3H and add 6256.5H toward Oklahoma City, Okla. Station location: Carney, Okla.
- 5811-C1-P-70—United Video, Inc. (New). Application amended to delete frequencies 6019.3V and 6123.1V and add 6004.5H toward Carney, Okla.; delete 5889.7H and 6049.0H and add 6092.3H toward Norman, Okla. Station location: Oklahoma City, Okla.
- 5812-C1-P-70—United Video, Inc. (New). Application amended to delete frequencies 6301.0H and 6390.0H and add 6286.2H toward Oklahoma City, Okla.; delete 6241.7H and 6360.3H and add 6375.2H toward Byars, Okla. Station location: Norman, Okla.
- 5813-C1-P-70—United Video, Inc. (New). Application amended to delete frequencies 5960.0H and 6019.3H and add 6063.8H toward Norman, Okla.; delete 5889.7H and 6108.3H and add 6004.5V toward Scullin, Okla. Station location: Byars, Okla.
- 5814-C1-P-70—United Video, Inc. (New). Application amended to delete frequencies 6301.0H and 6390.0H and add 6197.2V toward Byars, Okla.; delete 6241.7H and 6360.3H and add 6315.0H toward Ardmore, Okla. Station location: Scullin, Okla.
- 5815-C1-P-70—United Video, Inc. (New). Application amended to delete frequencies 6078.6H and 6137.9H and add 6152.8V toward Scullin, Okla.; delete 5889.7V and 6108.3V and add 6123.1V toward Thackerville, Okla. Station location: Ardmore, Okla.
- 5816-C1-P-70—United Video, Inc. (New). Application amended to delete frequencies 6301.0V and 6390.0V and add 6375.2V toward Ardmore, Okla.; delete 6271.4V and 6330.7V and add 6197.2H toward Mountain Springs, Tex. Station location: Thackerville, Okla.
- 5817-C1-P-70—United Video, Inc. (New). Application amended to delete frequencies 5974.8H and 6157.9H and add 6063.8H toward Thackerville, Okla.; delete frequencies 5989.7V and 6078.6V and add 6004.5H toward Lewisville, Tex. Station location: Dallas, Tex.
- 5818-C1-P-70—United Video, Inc. (New). Application amended to delete frequencies 6301.0V and 6390.0V and add 6236.2H toward Mountain Springs, Tex.; delete 6241.7V and 6360.3V and add 6286.2H toward Dallas, Tex. Station location: Lewisville, Tex.
- 5819-C1-P-70—United Video, Inc. (New). Application amended to delete frequencies 6019.3V and 6049.0H and add 6004.5H toward Lewisville, Tex. Station location: Dallas, Tex.

POINT-TO-POINT MICROWAVE RADIO SERVICE (NONTELEPHONE)

- 7688-C1-MP-71—Microwave Transmission Corp. (WBO60). Modification of construction permit (1628-C1-P-70) to change point of communication from Grass Mountain, Wash., to Squak Mountain, Wash. (latitude 47°39'17" N, longitude 122°02'43" W), on same frequency (6123.1H MHz) and new azimuth 122°00'. Station location: Seattle, Wash.
- 7747-C1-P-71—Pacific Teletronics, Inc. (KTG45). C.P. to replace transmitters at station located 1.5 miles west of Dunsmuir, Calif. Frequencies 6056.5 and 6219.5 MHz.
- 7748-C1-P-71—Pacific Teletronics, Inc. (KYM59). C.P. to replace transmitters at station at Red Hill, approximately 20 miles northeast of Maryville, Calif. Frequency 6349.1 MHz.
- 7749-C1-P-71—Pacific Teletronics, Inc. (KYM60). C.P. to replace transmitters at station located at Cobasset Ridge 16 miles northeast of Chico, Calif. Frequencies 6189.8 and 6302.4 MHz.

- 7750-C1-P-71—Pacific Teletronics, Inc. (KYM58). C.P. to replace transmitter at station located Garden Highway, Sacramento, Calif. Frequency 6189.8 MHz.
- 31-C1-P-72—Laredo Microwave, Inc. (KLR77). C.P. to replace four of five existing transmitters and increase output power to 2 watts. Station location: Miguel, 15 miles east of Pearsall, Tex.
- 32-C1-P-72—Laredo Microwave, Inc. (KLR78). C.P. to replace four of five existing transmitters and increase output power to 2 watts. Station location: 4 miles east of Cotulla, Tex.
- 33-C1-P-72—Laredo Microwave, Inc. (KLR79). C.P. to replace four of five existing transmitters and increase output power to 2 watts. Station location: Hilltop, 12 miles west of Encinal, Tex.
- 7751-C1-P-71—American Microwave & Communications, Inc. (KYO47). C.P. to add frequency 5974.8V MHz on azimuth 85°09'. Location: 3.5 miles north of Williamston, Mich., at latitude 42°44'45" N, longitude 84°15'30" W.
- 7752-C1-P-71—American Microwave & Communications, Inc. (KYO48). C.P. to add frequency 6197.2V MHz on azimuth 94°55' and frequency 6256.5V MHz on azimuth 144°45'. Location: 2 miles southeast of Perrington, Mich., at latitude 43°09'37" N, longitude 84°39'11" W.
- 7753-C1-P-71—American Microwave & Communications, Inc. (KYO49). C.P. to add frequencies 6098.5V and 5974.8V MHz on azimuth 333°02' and 6098.5H MHz on azimuth 167°45'. Location: 2 miles south of Mount Pleasant, Mich., at latitude 43°33'38" N, longitude 84°48'15" W.
- 7754-C1-P-71—American Microwave & Communications, Inc. (New). C.P. for a new station 1.5 miles northeast of Midland, Mich., at latitude 43°33'17" N, longitude 84°10'59" W. Frequencies 6271.4V and 6390.0V MHz on azimuth 289°25'; frequency 6241.7H MHz on azimuths 94°59' and 85°32'.
- 7755-C1-P-71—American Microwave & Communications, Inc. (New). C.P. for a new station 0.25 mile north-northeast of Essexville, Mich., at latitude 43°37'20" N, longitude 83°49'58" W. Frequency 6019.3H MHz on azimuth 274°59'.
- 7756-C1-P-71—American Microwave & Communications, Inc. (New). C.P. for a new station 1.5 miles north of Standish, Mich., at latitude 44°00'15" N, longitude 83°57'15" W. Frequency 5960.0 MHz on azimuth 305°32' and 6019.3 MHz on azimuth 46°02'.
- 7757-C1-P-71—American Microwave & Communications, Inc. (New). C.P. for a new station 2 miles west of Tawas, Mich., at latitude 44°16'30" N, longitude 83°33'30" W. Frequency 6390.0V MHz on azimuth 228°02' and frequency 6360.3H MHz on azimuth 03°45'.
- 7758-C1-P-71—American Microwave & Communications, Inc. (New). C.P. for a new station 4 miles east-northeast of Barton City, Mich., at latitude 44°42'15" N, longitude 83°31'17" W. Frequency 6019.3H MHz on azimuth 6°00' and 6137.9H MHz on azimuth 183°45'.
- 7759-C1-P-71—American Microwave & Communications, Inc. (New). C.P. for a new station at Alpena, Mich., at latitude 45°03'41" N, longitude 83°26'17" W. Frequency 6301.0H MHz on azimuth 168°00'.
- 7760-C1-P-71—American Microwave & Communications, Inc. (KYO50). C.P. to add frequency 6345.0V MHz on azimuth 179°02' and frequency 6241.7H MHz on azimuth 3°49'. Location: 3 miles west of Harrison, Mich., at latitude 44°01'46" N, longitude 84°51'01" W.
- 7761-C1-P-71—American Microwave & Communications, Inc. (KQM44). C.P. to add frequency 5989.7V MHz on azimuth 183°49' and frequency 6108.3V MHz on azimuth 355°07'. Location: 7 miles southwest of Grayling, Mich., at latitude 44°35'41" N, longitude 84°47'44" W.
- 7762-C1-P-71—American Microwave & Communications, Inc. (KQM45). C.P. to add frequency 6301.0V MHz on azimuth 176°07' and frequency 6271.4V MHz on azimuth 353°45'. Location: 1.5 miles southeast of Elmira, Mich., at latitude 45°02'33" N, longitude 84°50'23" W.
- 7763-C1-P-71—American Microwave & Communications, Inc. (KQL24). C.P. to add frequencies 6049.0V MHz on 173°45'; 6130.5V MHz on azimuth 18°45' and 203°00'. Location: Nubs Nob, 4 miles northeast of Harbor Springs, Mich., at latitude 45°28'00" N, longitude 84°54'04" W.
- 7764-C1-P-71—American Microwave & Communications, Inc. (New). C.P. for a new station in Petoskey, Mich., at latitude 45°22'26" N, longitude 84°57'27" W. Frequency 6338.1V MHz on azimuth 28°00'.

NOTICES

POINT-TO-POINT MICROWAVE RADIO SERVICE (NONTELEPHONE CARRIERS)—Continued

7765-C1-P-71—American Microwave & Communications, Inc. (KQL25), C.P. to add frequencies 6219.5V MHz on azimuth 193°45' and 6249.1H MHz on azimuth 341°30'. Location: 1 mile west-southwest of Mackinaw City, Mich., at latitude 45°48'40" N., longitude 84°45'00" W.

7766-C1-P-71—American Microwave & Communications, Inc. (KSV63), C.P. to add frequencies 9952.6V MHz on azimuth 55°00' and 6071.2H MHz on azimuth 161°30'. Location: 4 miles east of Trout Lake, Mich., at latitude 46°11'09" N., longitude 84°56'49" W.

7767-C1-P-71—American Microwave & Communications, Inc. (New), C.P. for a new station in Sault Ste. Marie, Mich., at latitude 46°29'09" N., longitude 84°20'02" W. Frequency 6278.8V MHz on azimuth 235°00'.

(INFORMATIVE: Applicant proposes to provide microwave transmission service to National Electronic Transmission Service, Inc. Subscriber intends to use the service for (1) an instructional educational network throughout the State of Michigan; (2) a CATV program origination network throughout the State of Michigan. Applicant requests a waiver of section 21.701(1) of the Commission's Rules.)

7768-C1-P-71—Andrews Tower Rentals, Inc. (KLP96), C.P. to replace transmitters and add points of communication. Frequencies 6034.2, 6226.9, 6315.9, and 6404.8 MHz on azimuths 285°00', 154°30', and 124°00'. Location: 1.9 miles west of Brownwood, Tex., at latitude 31°43'33" N., longitude 99°00'54" W.

(INFORMATIVE: Applicant proposes to provide the television signals of stations KDFW, WFAA-TV, and KTVT of Fort Worth, Dallas, and KRBC, Abilene, and KWXI-FM of Fort Worth to CATV systems located in Goldthwaite and San Saba, Tex., for delivery to San Saba—Goldthwaite Cablevision, Inc.)

FEDERAL MARITIME COMMISSION

AMERICAN PRESIDENT LINES, LTD., ET AL.

Notice of Agreement Filed

Notice is hereby given that the following agreement has been filed with the Commission for approval pursuant to section 15 of the Shipping Act, 1916, as amended (39 Stat. 733, 75 Stat. 763, 46 U.S.C. 814).

Interested parties may inspect and obtain a copy of the agreement at the Washington office of the Federal Maritime Commission, 1405 I Street NW., Room 1202; or may inspect the agreement at the Field Offices located at New York, N.Y., New Orleans, La., and San Francisco, Calif. Comments on such agreements, including requests for hearing, may be submitted to the Secretary, Federal Maritime Commission, Washington, D.C. 20573, within 7 days after publication of this notice in the FEDERAL REGISTER. Any person desiring a hearing on the proposed agreement shall provide a clear and concise statement of the matters upon which they desire to adduce evidence. An allegation of discrimination or unfairness shall be accompanied by a statement describing the discrimination or unfairness with particularity. If a violation of the Act or detriment to the commerce of the United States is alleged, the statement shall set forth with particularity the acts and circumstances said to constitute such violation or detriment to commerce.

A copy of any such statement should also be forwarded to the party filing the agreement (as indicated hereinafter) and the statement should indicate that this has been done.

Notice of agreement filed by:

Mr. W. H. Williams, American President Lines, Ltd., 1625 I Street NW., Washington, DC 20008.

Agreement No. 8485-C-5, between American President Lines, Ltd. (APL),

American Mail Line, Ltd. (AML), and Pacific Far East Line, Inc. (PFEL), amends the basic agreement which provides for the establishment of a corporation known as Consolidated Marine, Inc., to conduct joint terminal operations at Los Angeles Harbor. The purpose of the modification is to delete paragraph 6(d) from the agreement so as to permit APL and AML to purchase the interest of PFEL and allow the agreement between the remaining two parties to continue in effect.

Dated: July 14, 1971.

By order of the Federal Maritime Commission.

FRANCIS C. HURNEY,
Secretary.

FARRELL LINES INCORPORATED AND DFDS A/S NORDANA LINE, LTD.

Notice of Agreement Filed

Notice is hereby given that the following agreement has been filed with the Commission for approval pursuant to section 15 of the Shipping Act, 1916, as amended (39 Stat. 733, 75 Stat. 763, 46 U.S.C. 814).

Interested parties may inspect and obtain a copy of the agreement at the Washington office of the Federal Maritime Commission, 1405 I Street NW., Room 1202; or may inspect the agreement at the Field Offices located at New York, N.Y., New Orleans, La., and San Francisco, Calif. Comments on such agreements, including requests for hearing, may be submitted to the Secretary, Federal Maritime Commission, Washington, D.C. 20573, within 20 days after publication of this notice in the FEDERAL REGISTER. Any person desiring a hearing on the proposed agreement shall provide a clear and concise statement of the matters upon which they desire to adduce evidence. An allegation of discrimination or unfairness shall be accompanied by a

statement describing the discrimination or unfairness with particularity. If a violation of the Act or detriment to the commerce of the United States is alleged, the statement shall set forth with particularity the acts and circumstances said to constitute such violation or detriment to commerce.

A copy of any such statement should also be forwarded to the party filing the agreement (as indicated hereinafter) and the statement should indicate that this has been done.

Notice of agreement filed by:

Hans Unterwiener, Manager, Freight Documentation and Inward Freight, Farrell Lines Incorporated, One Whitehall Street, New York, NY 10004.

Agreement No. 9957, between Farrell Lines Incorporated and DFDS A/S Nordana Line, Ltd., establishes a through billing arrangement for the movement of cargo between the Liberian Ports of Harbel, Buchanan, Sinoe, and Cape Palmas, and U.S. Gulf ports, with transshipment at Monrovia, Liberia, in accordance with the terms and conditions set forth in the agreement.

Dated: July 14, 1971.

By order of the Federal Maritime Commission.

FRANCIS C. HURNEY,
Secretary.

PORT OF OAKLAND AND MATSON TERMINALS, INC.

Notice of Agreement Filed

Notice is hereby given that the following agreement has been filed with the Commission for approval pursuant to section 15 of the Shipping Act, 1916, as amended (39 Stat. 733, 75 Stat. 763, 46 U.S.C. 814).

Interested parties may inspect and obtain a copy of the agreement at the Washington office of the Federal Maritime Commission, 1405 I Street NW., Room 1202; or may inspect the agreement at the Field Offices located at New York, N.Y., New Orleans, La., and San Francisco, Calif. Comments on such agreements, including requests for hearing, may be submitted to the Secretary, Federal Maritime Commission, Washington, D.C. 20573, within 20 days after publication of this notice in the FEDERAL REGISTER. Any person desiring a hearing on the proposed agreement shall provide a clear and concise statement of the matters upon which they desire to adduce evidence. An allegation of discrimination or unfairness shall be accompanied by a statement describing the discrimination or unfairness with particularity. If a violation of the Act or

detriment to the commerce of the United States is alleged, the statement shall set forth with particularity the acts and circumstances said to constitute such violation or detriment to commerce.

A copy of any such statement should also be forwarded to the party filing the agreement (as indicated hereinafter) and the statement should indicate that this has been done.

Notice of agreement filed by:

Mr. J. Kerwin Rooney, Port Attorney, Port of Oakland, 66 Jack London Square, Post Office Box 2064, Oakland, CA 94607.

Agreement No. T-1953-1, between the Port of Oakland (Port) and Matson Terminals, Inc. (Matson), modifies the basic agreement which provides for the 20-year lease of certain terminal property and berthing area at Oakland, Calif. The purpose of the modification is to add to the leased premises a certain Option Area A as well as modify the description of, and terms covering, Option Areas B-1 and B-2. As compensation, Matson is to pay \$1,288 monthly as rental for Option Area A.

Dated: July 12, 1971.

By order of the Federal Maritime Commission.

FRANCIS C. HURNEY,
Secretary.

[Docket No. RP71-137]

EL PASO NATURAL GAS CO.

Notice of Proposed Changes in Rates and Charges

JULY 6, 1971.

Take notice that El Paso Natural Gas Co., on June 30, 1971, tendered for filing proposed changes in its FPC Gas Tariff, contained in First Revised Volume No. 3, designed to supersede the presently effective Original Volume No. 3 of its tariff, to become effective on July 31, 1971. The proposed rate changes would increase charges for jurisdictional sales on El Paso's Northwest Division System by \$15,846,896 annually based upon volumes for the 12-month period ended February 28, 1971, as adjusted. The proposed increase would be applicable to El Paso's Rate Schedules ODL-1, SGS-1, IOS-1, DS-1, I-1, PL-1, PL-4, and PL-5. El Paso proposes substantial changes in its tariff to be effected by First Revised Volume No. 3 thereof, including the elimination of Rate Schedules DL-1, DI-1, S-1, and MDS-1, equating of priority and rate level for interruptible rate schedules and modifications in Rate Schedule IOS-1.

El Paso states that the principal reason for the proposed rate increases is an increase in the cost of purchased gas due to a new gas supply contract with Westcoast Transmission Co., Ltd., which is scheduled to become effective on November 1, 1971. El Paso requests that the tendered First Revised Volume No. 3, including the proposed increased rates, be suspended until November 1, 1971, or the date of initial deliveries under the Westcoast gas supply contract for the reason that the more significant of the proposed tariff changes are premised on and their effectiveness designed to be coordinated with initiation of deliveries under that contract.

El Paso also requests authority to reflect in its rates, from time to time from the effective date of the increased rates proposed herein through December 31, 1972, increases or decreases in purchased gas costs on its Northwest Division System, on terms and conditions not materially different from those now in effect for the Northwest Division System in Docket No. RP71-14.

Copies of the filing were served on El Paso's Northwest Division System customers and interested State commissions.

Any person desiring to be heard or to make any protest with reference to said application should on or before July 20, 1971, file with the Federal Power Commission, Washington, D.C. 20426, petitions to intervene or protests in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make protestants parties to the proceeding. Persons wishing to become parties to a proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with

Notice of agreement filed by:

Mr. T. P. McCutchan, Manager, Property Management, Port of Seattle, Post Office Box 1209, Seattle, WA 98111.

Agreement No. T-2542, between the Port of Seattle (Port) and Foss-Alaska Line, Inc. (Foss-Alaska), provides for the month-to-month lease of certain terminal facilities at Seattle, Wash., for the purpose of stuffing, unstuffing, and storage of containers. As compensation, Foss is to pay the Port \$3,760 monthly in lieu of all tariff charges.

Dated: July 14, 1971.

By order of the Federal Maritime Commission.

FRANCIS C. HURNEY,
Secretary.

FEDERAL POWER COMMISSION

[Docket No. RP72-4]

COLORADO INTERSTATE GAS CO.

Notice of Proposed Change in FPC Gas Tariff

JULY 13, 1971.

Take notice that on July 1, 1971, Colorado Interstate Gas Co. (CIG), filed changes in its FPC Gas Tariff pursuant to section 4 of the Natural Gas Act and § 154.63 of the Commission's regulations thereunder to be effective August 1, 1971. The proposed tariff revisions would increase charges for jurisdictional sales and services by \$9,383,510 per annum based on operations for the 12 months ended March 31, 1971, as adjusted.

This filing reflects a general increase in CIG's rates charged to its jurisdictional customers, except for its proposed S-1 Rate Schedule, which is presently under suspension, and its PS-1 Rate Schedule which, under the terms of its settlement agreement in RP70-8, may not be increased prior to November 1, 1972. That settlement which was approved by the Commission by order issued August 14, 1970, further provides that CIG should not file for a general increase in its jurisdictional rates which will become effective prior to January 1, 1972. CIG states that it makes this filing with expectation that the proposed increased rates will be suspended for the full 5-month statutory period.

CIG states the principal reasons for the change are increases (1) in costs related to gas supply, (2) taxes, (3) operation and maintenance expenses, and (4) in the cost of capital. The company further states that the increase in the cost of capital requires that it be allowed a rate of return of 9 percent on its jurisdictional activities, as reflected in the proposed change.

Copies of the proposed tariff changes were served on CIG's customers and interested State commissions.

Any person desiring to be heard or to make any protest with reference to said application should on or before July 26, 1971, file with the Federal Power Com-

mission, 441 G Street NW., Washington, DC 20426, petitions to intervene or protests in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make protestants parties to the proceeding. Persons wishing to become parties to a proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with the Commission's rules. The application is on file with the Commission and available for public inspection.

KENNETH F. PLUMB,
Secretary.

[Docket No. RP72-2]

EAST TENNESSEE NATURAL GAS CO.

Notice of Proposed Change in FPC Gas Tariff

JULY 13, 1971.

Take notice that on July 1, 1971, East Tennessee Natural Gas Co. (East Tennessee) filed changes in its FPC Gas Tariff pursuant to section 4(e) of the Natural Gas Act to be effective August 1, 1971. The proposed tariff revisions would increase charges for jurisdictional sales by 37 cents per Mcf. Based on test year sales as contained in East Tennessee's filing at Docket No. RP71-15, this change would result in an increase in charges to jurisdictional customers of \$332,799, annually.

The company states the change in its tariff is necessary to recover the company's increased purchase gas expense resulting from the rate increase of 37 cents per Mcf filed by Tennessee Gas Pipeline Co., the sole supplier of East Tennessee, to be effective on August 1, 1971.

Copies of the proposed tariff changes were served on East Tennessee's customers and interested State commissions.

Any person desiring to be heard or to make any protest with reference to said application should on or before July 26, 1971, file with the Federal Power Commission, 441 G Street NW., Washington, DC 20426, petitions to intervene or protests in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make protestants parties to the proceeding. Persons wishing to become parties to a proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with the Commission's rules. The application is on file with the Commission and available for public inspection.

KENNETH F. PLUMB,
Secretary.

[Docket No. CP71-312]

EL PASO NATURAL GAS CO.

Notice of Application

JULY 13, 1971.

Take notice that on June 24, 1971, El Paso Natural Gas Co. (applicant), Post Office Box 1492, El Paso, TX 79978, filed in Docket No. CP71-312 an application pursuant to section 7(b) of the Natural Gas Act for permission and approval to abandon certain natural gas facilities and service, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Specifically, Applicant proposes to abandon 14 natural gas tap and metering facilities and appurtenances used for the sale for resale of natural gas to Southern Union Gas Co. (Southern Union). Applicant states that these facilities, which were authorized in Docket No. CP69-43 and CP62-64, are located in San Juan and Rio Arriba Counties, N. Mex., and are no longer necessary because Southern Union is providing the service by the use of its own sources. Also authorized in Docket No. CP69-43, are similar facilities, which applicant proposes to abandon, employed for the sale for resale of natural gas to Jal Gas Co. in Lea County, N. Mex., and facilities for the direct sale of natural gas to Sid Richardson Carbon Co. in Ector County, Tex. Applicant states that service through these facilities is no longer necessary. The estimated cost of the proposed abandonment is \$370.

Any person desiring to be heard or to make any protest with reference to said application should on or before August 2, 1971, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no petition to inter-

vene filed within the time required herein, if the Commission on its own review of the matter finds that permission and approval for the proposed abandonment are required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

KENNETH F. PLUMB,
Secretary.

[FR Doc.71-10161 Filed 7-16-71;8:47 am]

[Docket No. RP72-3]

MIDWESTERN GAS TRANSMISSION CO.

Notice of Proposed Change in FPC Gas Tariff

JULY 13, 1971.

Take notice that on July 1, 1971, Midwestern Gas Transmission Co. (Midwestern) filed changes in its FPC Gas Tariff pursuant to section 4(e) of the Natural Gas Act to be effective August 1, 1971. The proposed tariff revisions would increase charges for jurisdictional sales by 37 cents per Mcf. Based on test year sales as contained in Midwestern's filing at Docket No. RP71-16 this change would result in an increase in charges to jurisdictional customers of \$788,422, annually.

The company states the change in its tariff is necessary to recover the company's increased purchase gas expense resulting from the rate increase of 37 cents per Mcf filed by Tennessee Gas Pipeline Co., the sole supplier of Midwestern, to be effective on August 1, 1971.

Copies of the proposed tariff changes were served on Midwestern's customers and interested State commissions.

Any person desiring to be heard or to make any protest with reference to said application should on or before July 26, 1971, file with the Federal Power Commission, 441 G Street NW., Washington, DC 20426, petitions to intervene or protests in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make protestants parties to the proceeding. Persons wishing to become parties to a proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with the Commission's rules. The application is on file with the Commission and available for public inspection.

KENNETH F. PLUMB,
Secretary.

[FR Doc.71-10165 Filed 7-16-71;8:48 am]

[Docket No. CP71-310]

MOUNTAIN GAS CO.

Notice of Application

JULY 13, 1971.

Take notice that on June 23, 1971, Mountain Gas Co. (applicant), Post Office Box 1473, Charleston, WV 25325, filed in Docket No. CP71-310, an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the construction and operation of certain natural gas facilities and the acquisition of certain facilities and interests of the Cabot Corp. for the transportation and sale of natural gas in interstate commerce, and pursuant to section 7(b) of the Natural Gas Act for permission and approval to abandon certain sales of natural gas, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Applicant states that it is a wholly owned subsidiary of the Cabot Corp. (Cabot), and that the acquisition proposed herein is part of a corporate reorganization designed to separate the functions of Cabot's present natural gas production, interstate transportation, and sales and distribution operations in the State of West Virginia. Specifically, applicant proposes to acquire:

(A) All those facilities presently used by Cabot to transport and deliver natural gas in interstate commerce;

(B) Certain facilities presently used by Cabot to transport natural gas to local distributors; and

(C) All those facilities presently leased to applicant from Cabot which are employed to make sales of natural gas pursuant to Commission authorization in Docket No. CP68-303.

Applicant states that it will continue all interstate natural gas service presently rendered by Cabot at the present rates under the existing conditions. Some facilities presently employed by Cabot for service to local distribution customers will be used for the exchange of natural gas with Consolidated Gas Supply Corp., in addition to continuing their present use. Applicant states that Cabot is presently making sales of natural gas through facilities leased to applicant from the Rocky Fork Field in West Virginia pursuant to Commission authorization in Docket No. CP68-303. Applicant proposes to acquire these facilities and interests from which the sales are made, to conduct studies to determine whether this field can be employed as a storage reservoir and to abandon the sales previously certificated in Docket No. CP68-303. Applicant states that the remaining supplies presently available from the Rocky Fork Field would be more economically employed as cushion gas for the storage facility, if one is to be developed.

Applicant also seeks authorization to construct facilities to enable it to continue natural gas service presently rendered by Cabot. The estimated cost of the

NOTICES

facilities to be constructed is \$66,876. The facilities to be acquired will cost \$6,019,366, which cost will be financed by the advancement of the necessary cash by Cabot.

Any person desiring to be heard or to make any protest with reference to said application should on or before August 2, 1971, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate and permission and approval for the proposed abandonment are required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for applicant to appear or be represented at the hearing.

KENNETH F. PLUMB,
Secretary.

[FR Doc.71-10162 Filed 7-16-71;8:48 am]

[Docket No. CP70-248]

PANHANDLE EASTERN PIPE LINE CO.

Notice of Petition To Amend

JULY 13, 1971.

Take notice that on June 25, 1971, Panhandle Eastern Pipe Line Co. (petitioner), Post Office Box 1642, Houston, TX 77001, filed in Docket No. CP70-248 a petition to amend the orders of the Commission heretofore issued in said docket pursuant to section 7(c) of the Natural Gas Act by authorizing the construction and operation of certain additional measurement facilities for the exchange of natural gas with Western Gas Interstate Co. (Western), all as more fully set forth in the petition to amend which is on file with the Commission and open to public inspection.

By order of the Commission issued on

May 27, 1970 (43 FPC 799), as subsequently amended, petitioner was authorized, inter alia, to construct and operate facilities for the exchange of natural gas with Western. Petitioner states that during the past winter months, it received exchange gas in the amount of 250,000 Mcf above the volume of gas it redelivered to Western. In order to alleviate this situation, petitioner seeks authorization for the construction and operation of additional natural gas measurement facilities, to be located in East Cimarron County, Okla., as provided in an amended agreement between the parties dated March 25, 1971. The estimated cost of the facilities proposed herein is \$6,500.

Any person desiring to be heard or to make any protest with reference to said petition to amend should on or before August 2, 1971, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules.

KENNETH F. PLUMB,
Secretary.

FEDERAL RESERVE SYSTEM

BANKS OF IOWA, INC.

Notice of Application for Approval of Acquisition of Shares of Bank

Notice is hereby given that application has been made, pursuant to section 3(a) (3) of the Bank Holding Company Act of 1956 (12 U.S.C. 1842(a) (3)), by Banks of Iowa, Inc., which is a bank holding company located in Cedar Rapids, Iowa, for prior approval by the Board of Governors of the acquisition by applicant of 80 percent or more of the voting shares of Valley Bank and Trust Co., Des Moines, Iowa.

Section 3(c) of the Act provides that the Board shall not approve:

(1) Any acquisition or merger or consolidation under section 3 which would result in a monopoly, or which would be in furtherance of any combination or conspiracy to monopolize or to attempt to monopolize the business of banking in any part of the United States, or

(2) Any other proposed acquisition or merger or consolidation under section 3 whose effect in any section of the country may be substantially to lessen competition, or to tend to create a monopoly, or which in any other manner would be in restraint of trade, unless the Board

finds that the anticompetitive effects of the proposed transaction are clearly outweighed in the public interest by the probable effect of the transaction in meeting the convenience and needs of the community to be served.

Section 3(c) further provides that, in every case, the Board shall take into consideration the financial and managerial resources and future prospects of the company or companies and the banks concerned, and the convenience and needs of the community to be served.

Not later than thirty (30) days after the publication of this notice in the FEDERAL REGISTER, comments and views regarding the proposed acquisition may be filed with the Board. Communications should be addressed to the Secretary, Board of Governors of the Federal Reserve System, Washington, D.C. 20551. The application may be inspected at the office of the Board of Governors or the Federal Reserve Bank of Chicago.

By order of the Board of Governors,
July 13, 1971.

MIDLAND INVESTMENT CORP. Notice of Application for Approval of Acquisition of Shares of Bank

Notice is hereby given that application has been made, pursuant to section 3(a)

(1) of the Bank Holding Company Act of 1956 (12 U.S.C. 1842(a)(1)), by Midland Investment Corp., Casper, Wyo., for prior approval by the Board of Governors of action whereby applicant would become a bank holding company through the acquisition of at least 80 percent of the voting shares of Hilltop National Bank, Casper, Wyo.

Section 3(c) of the Act provides that the Board shall not approve:

(1) Any acquisition or merger or consolidation under section 3 which would result in a monopoly, or which would be in furtherance of any combination or conspiracy to monopolize or to attempt to monopolize the business of banking in any part of the United States, or

(2) Any other proposed acquisition or merger or consolidation under section 3 whose effect in any section of the country may be substantially to lessen competition, or to tend to create a monopoly, or which in any other manner would be in restraint of trade, unless the Board finds that the anticompetitive effects of the proposed transaction are clearly outweighed in the public interest by the probable effect of the transaction in meeting the convenience and needs of the community to be served.

Section 3(c) further provides that, in every case, the Board shall take into consideration the financial and managerial resources and future prospects of the company or companies and the banks concerned, and the convenience and needs of the community to be served.

Not later than thirty (30) days after the publication of this notice in the FEDERAL REGISTER, comments and views regarding the proposed acquisition may be filed with the Board. Communications should be addressed to the Secretary, Board of Governors of the Federal Reserve System, Washington, D.C. 20551. The application may be inspected at the office of the Board of Governors or the Federal Reserve Bank of Kansas City.

By order of the Board of Governors,
July 13, 1971.

[SEAL] KENNETH A. KENYON,
Deputy Secretary.

GENERAL SERVICES
ADMINISTRATION

[Federal Property Management Regs.; Temporary Reg. F-110]

SECRETARY OF DEFENSE
Delegation of Authority

1. *Purpose.* This regulation delegates authority to the Secretary of Defense to represent the consumer interests of the executive agencies of the Federal Government in a telecommunications service rate proceeding.

2. *Effective date.* This regulation is effective immediately.

3. *Delegation.* a. Pursuant to the authority vested in me by the Federal Property and Administrative Services Act of 1949, 63 Stat. 377, as amended, particularly sections 201(a)(4) and 205(d)(40 U.S.C. 481(a)(4) and 486(d)), authority is delegated to the Secretary of Defense to represent the consumer interests of the executive agencies of the Federal Government before the Arizona Corporation Commission in a regulatory proceeding involving intrastate rates for telecommunications services provided by the Mountain States Telephone and Telegraph Co.

b. The Secretary of Defense may redelegate this authority to any officer, official, or employee of the Department of Defense.

c. This authority shall be exercised in accordance with the policies, procedures, and controls prescribed by the General Services Administration, and, further,

shall be exercised in cooperation with the responsible officers, officials, and employees thereof.

Dated: July 13, 1971.

ROD KREGER,
Acting Administrator
of General Services.

[FR Doc.71-10211 Filed 7-16-71;8:52 am]

[Federal Property Management Regs.; Temporary Reg. F-111]

SECRETARY OF DEFENSE
Delegation of Authority

1. *Purpose.* This regulation delegates authority to the Secretary of Defense to represent the consumer interests of the executive agencies of the Federal Government in a proceeding involving telecommunications service charges.

2. *Effective date.* This regulation is effective immediately.

3. *Delegation.* a. Pursuant to the authority vested in me by the Federal Property and Administrative Services Act of 1949, 63 Stat. 377, as amended, particularly sections 201(a)(4) and 205(d)(40 U.S.C. 481(a)(4) and 486(d)), authority is delegated to the Secretary of Defense to represent the consumer interests of the executive agencies of the Federal Government before the Virginia State Corporation Commission in a proceeding (Case No. 18766) involving telecommunications service charges of the Chesapeake and Potomac Telephone Co. of Virginia.

b. The Secretary of Defense may redelegate this authority to any officer, official, or employee of the Department of Defense.

c. This authority shall be exercised in accordance with the policies, procedures, and controls prescribed by the General Services Administration, and, further, shall be exercised in cooperation with the responsible officers, officials, and employees thereof.

Dated: July 13, 1971.

ROD KREGER,
Acting Administrator
of General Services.

INTERAGENCY TEXTILE
ADMINISTRATIVE COMMITTEE

CERTAIN COTTON TEXTILES AND COTTON TEXTILE PRODUCTS PRODUCED OR MANUFACTURED IN THE REPUBLIC OF KOREA

Entry or Withdrawal From Warehouse for Consumption

JULY 14, 1971.

On July 12, 1971, the Chairman of the President's Cabinet Textile Advisory Committee wrote a letter to the Commissioner of Customs, establishing levels of restraint applicable to certain specified categories of cotton textiles and cotton

textile products produced or manufactured in the Republic of Korea and exported to the United States during the 8-month period beginning January 1, 1971. As set forth in that letter, the levels of restraint are subject to adjustment pursuant to paragraph 7 of the bilateral cotton textile agreement of December 11, 1967, as amended and extended, between the Governments of the United States and the Republic of Korea, which provides that within the aggregate and applicable group limits, limits on certain categories may be exceeded by not more than five (5) percent. The aforementioned letter also provided that any such adjustment in the levels of restraint would be made to the Commissioner of Customs by letter from the Chairman of the Interagency Textile Administrative Committee.

Accordingly, at the request of the Government of the Republic of Korea and pursuant to the provisions of the bilateral agreement referred to above, there is published below a letter of July 12, 1971, from the Chairman of the Interagency Textile Administrative Committee to the Commissioner of Customs amending the levels of restraint applicable to cotton textile products in Categories 9, 18/19, 22, 26 (duck only), 26 (other than duck), 45, 46, 49, 50, 52, 53, 55, and 64 (tablecloths and napkins only) for the 8-month period which began on January 1, 1971.

STANLEY NEHMER,
Chairman, Interagency Textile
Administrative Committee,
and Deputy Assistant Secretary
for Resources.

THE ASSISTANT SECRETARY OF COMMERCE
INTERAGENCY TEXTILE ADMINISTRATIVE
COMMITTEE

COMMISSIONER OF CUSTOMS,
Department of the Treasury,
Washington, D.C. 20226.

JULY 12, 1971.

DEAR MR. COMMISSIONER: On July 12, 1971, the Chairman of the President's Cabinet Textile Advisory Committee, directed you to prohibit entry of cotton textiles and cotton textile products in certain specified categories, produced or manufactured in the Republic of Korea, and exported to the United States on or after January 1, 1971, in excess of the designated levels of restraint. The Chairman further advised you that in the event that there were any adjustments in the levels of restraint you would be so informed by letter from the Chairman of the Interagency Textile Administrative Committee.

Under the terms of the Long-Term Arrangement Regarding International Trade in Cotton Textiles done at Geneva on February 9, 1962, pursuant to paragraph seven

¹The term "adjustments" refers to those provisions of the bilateral cotton textile agreement of December 11, 1967, as amended and extended, between the Governments of the United States and the Republic of Korea which provide in part that within the aggregate and applicable group limits, limits on certain categories may be exceeded by not more than five (5) percent; for the limited carryover of shortfalls in certain categories to the next agreement year; and for administrative arrangements.

(7) of the bilateral cotton textile agreement of December 11, 1967, as amended and extended, between the Governments of the United States and the Republic of Korea, in accordance with Executive Order 11052 of September 28, 1962, as amended by Executive Order 11214 of April 7, 1965, and under the terms of the aforementioned directive of July 12, 1971, the levels of restraint provided in that directive for cotton textile products in Categories 9, 18/19, 22, 26 (duck only), 26 (other than duck), 45, 46, 49, 50, 52, 53, 55, and 64 (tablecloths and napkins only) produced or manufactured in the Republic of Korea and reported from the Republic of Korea to the United States, for the period beginning January 1, 1971, and extending through August 31, 1971, are hereby amended as follows, to be effective as soon as possible:

Category	Amended 8-month level of restraint ²
9 -----square yards	2,127,136
18/19 -----do	1,616,624
22 -----do	680,683
26 (duck only) ³ -----do	9,359,398
26 (other than duck) -----do	808,311
45 -----dozen	25,526
46 -----do	20,420
49 -----do	21,271
50 -----do	35,736
52 -----do	25,526
53 -----do	8,104
55 -----do	8,104
64 (only T.S.U.S.A. Nos.: 366.4500, 366.4600, and 366.4700) -----do	388,840

²These levels have not been adjusted to reflect entries made on or after Jan. 1, 1971.

³Only T.S.U.S.A. Nos.:

320...01 through 04, 06, 08
321...01 through 04, 06, 08
322...01 through 04, 06, 08
326...01 through 04, 06, 08
327...01 through 04, 06, 08
328...01 through 04, 06, 08

The actions taken with respect to the Government of the Republic of Korea and with respect to imports of cotton textiles and cotton textile products from the Republic of Korea have been determined by the President's Cabinet Textile Advisory Committee to involve foreign affairs functions of the United States. Therefore, the directions to the Commissioner of Customs, being necessary to the implementation of such actions, fall within the foreign affairs exception to the notice provisions of 5 U.S.C. 553 (Supp. V, 1965-69). This letter will be published in the FEDERAL REGISTER.

Sincerely yours,

STANLEY NEHMER,
Chairman, Interagency Textile Administrative Committee, and
Deputy Assistant Secretary for
Resources.

[FR Doc.71-10175 Filed 7-16-71;8:49 am]

CERTAIN COTTON TEXTILES AND COTTON TEXTILE PRODUCTS PRODUCED OR MANUFACTURED IN THE REPUBLIC OF KOREA

Entry or Withdrawal From Warehouse for Consumption

JULY 14, 1971.

On December 11, 1967, the Government of the United States and the Government of the Republic of Korea concluded a comprehensive bilateral cotton textile agreement concerning the

export of cotton textiles and cotton textile products from the Republic of Korea to the United States. Under this agreement the Republic of Korea has undertaken to limit its exports to the United States of certain cotton textiles and cotton textile products to specified annual amounts. The agreement was initially extended through June 30, 1971; and further extended through August 31, 1971. Among the provisions of the agreement, as extended, are those applying specific export limitations to Categories 7, 9, 18/19, 22, part of 26 (duck only), 26 (other than duck), 31 (wiping cloth only), 34, 38, 39, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 60, 63, and parts of 64 (tablecloths, napkins and zipper tapes only) for the period beginning January 1, 1971, and extending through August 31, 1971. On June 30, 1971, the Chairman of the President's Cabinet Textile Advisory Committee wrote a letter to the Commissioner of Customs establishing levels of restraint on the above categories for the period beginning January 1971, and extending through July 1, 1971. In order to conform to the full term of the bilateral agreement, as extended, that directive is being superseded by the letter published below.

Accordingly, there is published below a letter of July 12, 1971, from the Chairman of the President's Cabinet Textile Advisory Committee to the Commissioner of Customs, superseding the directive of June 30, 1971, and directing that the amounts of cotton textiles and cotton textile products in the above Categories produced or manufactured in the Republic of Korea which may be entered or withdrawn from warehouse for consumption in the United States for the 8-month period beginning January 1, 1971, be limited to the designated levels. The letter published below and the actions pursuant thereto are not designed to implement all of the provisions of the bilateral agreement, as extended, but are designed to assist only in the implementation of certain of its provisions.

STANLEY NEHMER,
Chairman, Interagency Textile
Administrative Committee,
and Deputy Assistant Secretary
for Resources.

THE SECRETARY OF COMMERCE
PRESIDENT'S CABINET TEXTILE ADVISORY
COMMITTEE

COMMISSIONER OF CUSTOMS,
Department of the Treasury,
Washington, D.C. 20226

JULY 12, 1971.

DEAR MR. COMMISSIONER: This letter supersedes the directive of June 30, 1971, from the Chairman of the President's Cabinet Textile Advisory Committee concerning exports of cotton textiles and cotton textile products produced or manufactured in the Republic of Korea.

Under the terms of the Long-Term Arrangement Regarding International Trade in Cotton Textiles done at Geneva on February 9, 1962, pursuant to the bilateral cotton textile agreement of December 11, 1967, as amended and extended, between the United States and the Republic of Korea, and in

NOTICES

accordance with the procedures outlined in Executive Order 11052 of September 28, 1962, as amended by Executive Order 11214 of April 7, 1965, you are directed to prohibit, effective as soon as possible, and for the 8-month period beginning January 1, 1971, and extending through August 31, 1971, entry into the United States for consumption and withdrawal from warehouse for consumption of cotton textiles and cotton textile products in Categories 7, 9, 18/19, 22, 26, 31 (T.S.U.S.A. No. 366.2740 only), 34, 38, 39, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 60, 63, and 64 (T.S.U.S.A. Nos.: 366.4500, 366.4600, 366.4700, and 347.3340 only), produced or manufactured in the Republic of Korea, in excess of the following 8-month levels of restraint.

Category	8-month level of restraint
7 square yards	405,170
9 do	2,025,844
18/19 do	1,539,642
22 do	648,270
26 (duck only) do	8,913,712
26 (other than duck) do	760,820
31 (only T.S.U.S.A. No. 366.2740) pieces	770,632
34 do	72,120
38 pounds	104,812
39 dozen pairs	88,656
45 dozen	24,310
46 do	19,448
47 do	19,294
48 do	7,718
49 do	20,258
50 do	34,034
51 do	46,190
52 do	24,310
53 do	7,718
54 do	36,466
55 do	7,718
60 do	21,068
63 pounds	67,976
64 (only T.S.U.S.A. Nos.: 366.4500, 366.4600, and 366.4700) do	370,324
64 (only T.S.U.S.A. No. 347.3340) do	45,378

Only T.S.U.S.A. Nos.:

320...01 through 04, 06, 08
321...01 through 04, 06, 08
322...01 through 04, 06, 08
326...01 through 04, 06, 08
327...01 through 04, 06, 08
328...01 through 04, 06, 08

In carrying out this directive, entries of cotton textiles and cotton textile products in the above categories except Categories 38, 39, 47, 48, 53, 55, and 63 produced or manufactured in the Republic of Korea, which have been exported to the United States from the Republic of Korea prior to January 1, 1971, shall, to the extent of any unfiled balances be charged against the level of restraint established for such goods for the 12-month period beginning January 1, 1970, and extending through December 31, 1970. In the event that the level of restraint for the 12-month period ending December 31, 1970, has been exhausted by previous entries, such goods shall be subject to the levels set forth in this letter. Entries of cotton textile products in Categories 39, 53, 55, and 63 produced or manufactured in the Republic of Korea, shall be subject to this directive regardless of the date of their export from the Republic of Korea. Cotton textile products in Categories 38, 47, and 48 produced or manufactured in the Republic of Korea and exported from the Republic of Korea prior to January 1, 1971, shall not be subject to this directive.

Cotton textile products which have been released from the custody of the Bureau of Customs under the provisions of 19 U.S.C. reative shall not be denied entry under this

1448(b) prior to the effective date of this directive.

The levels of restraint set forth above are subject to adjustment pursuant to the provisions of the bilateral agreement of December 11, 1967, as amended and extended, between the Governments of the United States and the Republic of Korea which provide in part that within the aggregate and applicable group limits, limits on certain categories may be exceeded by not more than 5 percent; for the limited carryover of shortfalls in categories to the next agreement year; and for administrative arrangements. Any appropriate adjustments pursuant to the provisions of the bilateral agreement referred to above, will be made to you by letter from the Chairman of the Interagency Textile Administrative Committee.

A detailed description of the categories in terms of T.S.U.S.A. numbers was published in the FEDERAL REGISTER on January 17, 1968 (33 P.R. 582), and amendments thereto on March 15, 1968 (33 P.R. 4600).

In carrying out the above directions, entry into the United States for consumption shall be construed to include entry for consumption into the Commonwealth of Puerto Rico.

The actions taken with respect to the Government of the Republic of Korea and with respect to imports of cotton textiles and cotton textile products from the Republic of Korea have been determined by the President's Cabinet Textile Advisory Committee to involve foreign affairs functions of the United States. Therefore, the directions to the Commissioner of Customs, being necessary to the implementation of such actions, fall within the foreign affairs exception to the notice provisions of 5 U.S.C. 553 (Supp. V, 1965-69). This letter will be published in the FEDERAL REGISTER.

Sincerely,

MAURICE H. STANS,
Secretary of Commerce, Chairman,
President's Cabinet Textile Advisory Committee.

SECURITIES AND EXCHANGE COMMISSION

[70-5051]

ARKANSAS POWER & LIGHT CO.

Notice of Proposed Charter Amendment and Solicitation of Proxies in Connection Therewith

JULY 13, 1971.

Notice is hereby given that Arkansas Power & Light Co. (Arkansas), Sixth Avenue and Pine Street, Pine Bluff, AR 71601, a public-utility subsidiary company of Middle South Utilities, Inc. (Middle South), a registered holding company, has filed a declaration with this Commission pursuant to the Public Utility Holding Company Act of 1935 (Act), proposing an amendment to its articles of consolidation of merger (Charter) and the solicitation of proxies in connection therewith. Arkansas has designated sections 6(a)(2), 7, and 12(e) of the Act and Rule 62 promulgated thereunder as applicable to the proposed transactions. All interested persons are referred to the declaration which is summarized below, for a complete statement of the proposed transactions.

Arkansas proposes to amend its Charter to permit the board of directors of the company to include, if it deems advisable, in the resolution creating any future series of the company's preferred stock appropriate provisions restricting redemption thereof. It is stated that present market conditions applicable to the issuance and sale of preferred stock make it advisable for the issuer thereof to restrict, for a period of at least 5 years, the refunding of such stock by the issuance of debt securities at lower interest costs or other preferred stocks, ranking prior to or on a parity with such stock as to dividend or assets, at lower dividend costs. It is represented that under present law, no additional shares of preferred stock can be issued without prior approval of the Arkansas Public Service Commission and the Tennessee Public Service Commission.

Arkansas intends to submit the proposed amendment of its Charter to its shareholders for their approval at a special meeting of shareholders to be held on October 21, 1971. In connection therewith, Arkansas proposes to solicit proxies from the holders of its preferred stock through the use of solicitation material which sets forth the proposed amendment in detail. The declaration states that under the applicable provisions of the Arkansas Business Corporation Act, the proposed amendment requires the affirmative vote of the holders of at least two-thirds of all of the outstanding shares of Arkansas preferred stock and common stock, as well as the affirmative vote of the holders of at least two-thirds of all of the outstanding shares of Arkansas' preferred stock voting separately from the common stock as one class. Middle South, holder of all of the outstanding shares of Arkansas' common stock, has indicated that all such shares will be voted in favor of the proposed amendment.

The fees and expenses incurred and to be incurred in connection with the proposed transactions are estimated at \$8,000, including counsel fees of \$3,000. The declaration states that the Arkansas Public Service Commission has asserted jurisdiction over the proposed Charter amendment and that no other State commission and no Federal commission, other than this Commission, has jurisdiction over the proposed transactions.

Notice is further given that any interested person may, not later than August 4, 1971, request in writing that a hearing be held with respect to the proposed transactions, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by said declaration which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request should be served personally or by mail (airmail if the person being served is located more than 500 miles

from the point of mailing) upon the declarant at the above-stated address, and proof of service (by affidavit or, in case of an attorney at law, by certificate) should be filed with the request. At any time after said date, the declaration, as filed or as it may be amended, may be permitted to become effective as provided in Rule 23 of the general rules and regulations promulgated under the Act, or the Commission may grant exemption from such rules as provided in Rules 20(a) and 100 thereof or take such other action as it may deem appropriate. Persons who request a hearing or advice as to whether a hearing is ordered will receive notice of further developments in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Corporate Regulation, pursuant to delegated authority.

[SEAL] THEODORE L. HUMES,
Associate Secretary.

TARIFF COMMISSION

[337-L-45]

PRESSURE SWITCHES

Notice of Complaint Received

The U.S. Tariff Commission hereby gives notice of the receipt on June 17, 1971, of a complaint under section 337 of the Tariff Act of 1930 (19 U.S.C. 1337), filed by Controls Company of America, 2001 North Janice Avenue, Melrose Park, IL 60160, alleging unfair methods of competition and unfair acts in the importation and sale of pressure switches which are embraced within the claims of U.S. Patent No. 2,720,564 owned by the complainant, General Electric Co., 470 Lexington Avenue, New York, N.Y. 10022 has been named as importer of the subject products.

In accordance with the provisions of § 203.3 of its rules of practice and procedure (19 CFR 203.3), the Commission has initiated a preliminary inquiry into the allegations of the complaint for the purpose of determining whether there is good and sufficient reason for a full investigation, and if so whether the Commission should recommend to the President the issuance of a temporary order of exclusion from entry under section 337 (f) of the Tariff Act.

A copy of the complaint is available for public inspection at the Office of the Secretary, U.S. Tariff Commission, Eighth and E Streets NW., Washington, DC, and at the New York office of the Tariff Commission located in Room 437 of the customhouse.

Information submitted by interested persons which is pertinent to the aforementioned preliminary inquiry will be considered by the Commission if it is received not later than August 13, 1971. Such information should be sent to the Secretary, U.S. Tariff Commission,

Eighth and E Streets NW., Washington, DC 20436. A signed original and nineteen (19) true copies of each document must be filed.

Issued: July 14, 1971.

By order of the Commission.

[SEAL] KENNETH R. MASON,
Secretary.

[FR Doc.71-10179 Filed 7-16-71; 8:49 am]

WATER RESOURCES COUNCIL

FORMULATION AND EVALUATION OF WATER AND RELATED LAND RESOURCES PROJECTS

Notice of Change in Discount Rate

Notice is hereby given that the interest rate to be used by Federal agencies in the formulation and evaluation of plans for water and related land resources is 5½ percent for the period July 1, 1971, through and including June 30, 1972.

The rate has been computed in accordance with § 704.39 of the rules and regulations of the Water Resources Council, 18 CFR 704.39, and is to be used by all Federal agencies in plan formulation and evaluation of water and related land resources projects for the purpose of discounting future benefits and computing costs, or otherwise converting benefits and costs to a common time basis.

The interest rate shall apply to all Federal and federally assisted water and related land resources project evaluation reports submitted to the Congress, or approved administratively, after the close of the 90th Congress, subject, however, to the provisions of 18 CFR 704.39(d) regarding projects authorized prior to the close of the second session of the 90th Congress where State or local governmental agencies have given, prior to December 31, 1969, satisfactory assurances to pay the required non-Federal share of project costs.

The Treasury Department informed the Water Resources Council pursuant to 18 CFR 704.39(b) that the interest rate would be 6½ percent based upon the formula set forth in 18 CFR 704.39(a): " * * * the average yield during the preceding fiscal year on interest-bearing marketable securities of the United States, which, at the time the computation is made, have terms of 15 years or more remaining to maturity * * *." This higher rate, however, cannot be used for plan formulation and evaluation for fiscal year 1972 because a further provision of the Council's rules and regulations provides " * * * [t]hat in no event shall the rate be raised or lowered more than one-quarter of 1 percent for any year." 18 CFR 704.39(a). Since the rate in fiscal year 1971 was 5½ percent, 18 CFR 704.39(e), the rate for fiscal year 1972 is 5½ percent.

Dated: July 13, 1971.

W. DON MAUGHAN,
Director.

[Notice 329]

MOTOR CARRIER TEMPORARY AUTHORITY APPLICATIONS

JULY 13, 1971.

The following are notices of filing of applications for temporary authority under section 210a(a) of the Interstate Commerce Act provided for under the new rules of Ex Parte No. MC-67 (49 CFR Part 1131) published in the FEDERAL REGISTER, issue of April 27, 1965, effective July 1, 1965. These rules provide that protests to the granting of an application must be filed with the field official named in the FEDERAL REGISTER publication, within 15 calendar days after the date of notice of the filing of the application is published in the FEDERAL REGISTER. One copy of such protests must be served on the applicant, or its authorized representative, if any, and the protests must certify that such service has been made. The protests must be specific as to the service which such protestant can and will offer, and must consist of a signed original and six copies.

A copy of the application is on file, and can be examined at the Office of the Secretary, Interstate Commerce Commission, Washington, D.C., and also in field office to which protests are to be transmitted.

[Notice 716]

MOTOR CARRIER TRANSFER PROCEEDINGS

JULY 14, 1971.

Synopses of orders entered pursuant to section 212(b) of the Interstate Commerce Act, and rules and regulations prescribed thereunder (49 CFR Part 1132), appear below:

As provided in the Commission's special rules of practice any interested person may file a petition seeking reconsideration of the following numbered proceedings within 20 days from the date of publication of this notice. Pursuant to section 17(8) of the Interstate Commerce Act, the filing of such a petition will postpone the effective date of the order in that proceeding pending its disposition. The matters relied upon by petitioners must be specified in their petitions with particularity.

No. MC-FC-72806. By order of July 12, 1971, the Motor Carrier Board, on reconsideration, approved the transfer to Echo Trucking Co. a Corporation, Benson, Ariz., of the operating rights in permits Nos. MC-30126, MC-30126 (Sub-No. 9), and MC-30126 (Sub-No. 11) issued August 27, 1959, November 16, 1962, and February 10, 1970, respectively, to Louis N. Villalanti, doing business as Villalanti Freight Lines, Morenci, Ariz., authorizing the transportation of commodities used or useful in mining operations, over a regular route between Morenci, Ariz., and Clifton, Ariz.; equipment, materials, and supplies used in mining operations, between Tyrone, N. Mex., and points within 10 miles thereof, on the one hand, and, on the other, Ajo, Bisbee, Clarksdale, Clifton, Douglas, Jerome, and Morenci, Ariz., and points within 10 miles of each; fire clay, from Clay Pitt, N. Mex., to Douglas, Ariz., and metal grinding balls and metal castings, from Peterson (Kyrene), Ariz., to the Tyrone Branch

Facilities of Phelps Dodge Corp. at Tyrone, N. Mex., Earl H. Carroll, 363 North First Avenue, Phoenix, AZ 85003, attorney for applicants.

No. MC-FC-72852. By order of July 13, 1971, the Motor Carrier Board approved the transfer to Frank H. Lochner, doing business as Lochner's Moving & Storage, Austin, Minn., of the operating rights in certificate No. MC-124501 issued January 16, 1963, to Armstrong Truck Line, Inc., Austin, Minn., authorizing the transportation of dry feed and dry feed ingredients, between Austin, Minn., on the one hand, and, on the other, Fremont and Omaha, Nebr., and points in Iowa on and north of U.S. Highway 20. Dual operations were authorized. Gary E. Leonard, Alderson, Catherwood and Ondov, 105 East Oakland Avenue, Austin, MN 55912, attorney for transferee.
