FEDERAL REGISTER

Area Code 202 Phone 962-8626

Published daily, Tuesday through Saturday (no publication on Sundays, Mondays, or on the day after an official Federal holiday), by the Office of the Federal Register, National Archives and Records Service, General Services Administration, Washington, D.C. 20408, pursuant to the authority contained in the Federal Register Act, approved July 26, 1935 (49 Stat. 500, as amended; 44 U.S.C., Ch. 15), under regulations prescribed by the Administrative Committee of the Federal Register, approved by the President (1 CFR Ch. I). Distribution is made only by the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $2.50 per month or $25 per year, payable in advance. The charge for individual copies is 20 cents for each issue, or 20 cents for each group of pages as actually bound. Remit check or money order, made payable to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

The regulatory material appearing herein is keyed to the CODE OF FEDERAL REGULATIONS, which is published, under 50 titles, pursuant to section 11 of the Federal Register Act, as amended (44 U.S.C. 1510). The CODE OF FEDERAL REGULATIONS is sold by the Superintendent of Documents. Prices of new books are listed in the first FEDERAL REGISTER issue of each month.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER or the CODE OF FEDERAL REGULATIONS.

List of CFR Parts Affected

The following numerical guide is a list of the parts of each title of the Code of Federal Regulations affected by documents published in today's issue. A cumulative list of parts affected, covering the current month to date, appears following the Notices section of each issue beginning with the second issue of the month.

A cumulative guide is published separately at the end of each month. The guide lists the parts and sections affected by documents published since January 1, 1971, and specifies how they are affected.

Title 7—AGRICULTURE

Chapter IX—Consumer and Marketing Service (Marketing Agreements and Orders; Fruits, Vegetables, Nuts), Department of Agriculture

PART 906—ORANGES AND GRAPEFRUIT GROWN IN LOWER RIO GRANDE VALLEY IN TEXAS

Expenses and Rate of Assessment

On July 9, 1971, notice of proposed rule making was published in the FEDERAL REGISTER (36 F.R. 12908) regarding a proposed increase in expenses for the fiscal period August 1, 1970, through July 31, 1971, pursuant to the marketing agreement, as amended, and Order No. 906, as amended (7 CFR Part 906), regulating the handling of oranges and grapefruit grown in the Lower Rio Grande Valley in Texas, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674). After consideration of all relevant matters presented, including the proposal set forth in the aforesaid notice which was submitted by the Texas Valley Citrus Committee (established pursuant to the said amended marketing agreement and order), it is hereby found and determined that:

Paragraph (a) of § 906.210 *Expenses and rate of assessment* (35 F.R. 14607) is amended to read as follows:

§ 906.210 Expenses and rate of assessment.

(a) *Expenses.* The expenses that are reasonable and likely to be incurred by the Texas Valley Citrus Committee during the period August 1, 1970, through July 31, 1971, will amount to $724,000.

* * * * *

It is hereby found that it is impracticable and contrary to the public interest to postpone the effective time hereof until 30 days after publication in the FEDERAL REGISTER (5 U.S.C. 553) in that (1) the increase in the budget set forth does not involve an increase in the rate of assessment heretofore established by the Secretary (36 F.R. 14607); (2) the said committee has incurred expenses in excess of that previously thought likely to be incurred; and (3) it is essential that the specification of expenses herein provided be issued immediately so as that said committee can meet its obligations and perform its duties and functions within the fiscal period in accordance with the said amended marketing agreement and order.

(Secs. 1–19, 48 Stat. 31, as amended; 7 U.S.C. 601–674)

Dated: July 26, 1971.

PAUL A. NICHOLSON,
Deputy Director, Fruit and Vegetable Division, Consumer and Marketing Service.

PART 911—LIMES GROWN IN FLORIDA

Order Amending Order, as Amended, Regulating Handling

§ 911.0 Findings and determinations.

The findings and determinations hereinafter set forth are supplementary and in addition to the findings and determinations made in connection with the issuance of the order and of the previously issued amendments thereto; and all of said previous findings and determinations are hereby ratified and affirmed except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein.

(a) *Findings upon the basis of the hearing record.* Pursuant to the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674), and the applicable rules of practice and procedure effective thereunder (7 CFR Part 900), a public hearing was held at Homestead, Fla., on January 27, 1971, upon proposed amendments to the amended marketing agreement and Order No. 911, as amended (7 CFR Part 911; 35 F.R. 16626) regulating the handling of limes grown in Florida. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order, as amended and as hereby amended, and all the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(2) The said order, as amended and as hereby amended, regulates the handling of limes grown in the designated production area in the same manner as, and is applicable only to persons in the respective classes of industrial or commercial activity specified in, the marketing agreement upon which hearings have been held;

(3) The said order, as amended and as hereby amended, is limited in application to the smallest regional production area that is practicable, consistently with carrying out the declared policy of the act, and the issuance of several orders applicable to subdivisions of such production area would not effectively carry out the declared policy of the act;

(4) There are no differences in the production and marketing of limes grown in the production area covered by the said order, as amended and as hereby amended, that makes necessary different terms and provisions applicable to different parts of such area;

(5) All handling of limes grown in the production area is in the current of interstate or foreign commerce or directly burdens, obstructs, or affects such commerce.

(b) *Determinations.* It is hereby determined that:

(1) The agreement amending the marketing agreement, as amended, regulating the handling of limes grown in Florida, upon which the aforesaid public hearing was held, has been signed by handlers (excluding cooperative associations of producers who were not engaged in processing, distributing, or shipping the limes covered by this order) who, during the period beginning April 1, 1970, through March 31, 1971, handled more than 50 percent of the volume of limes covered by the said order, as hereby amended;

(2) The issuance of this order, amending the aforesaid order, is favored or approved by at least two-thirds of the producers who participated in a referendum on the question of its approval and who, during the determined representative period (April 1, 1970, through March 31, 1971), were engaged in the production area, in the production of limes for market; such producers having also produced for market at least two-thirds of the volume of limes represented in such referendum.

It is, therefore, ordered, That, on and after the effective date hereof, all handling of limes grown in the production area shall be in conformity to, and in compliance with, the terms and conditions of the said order, as amended and as hereby amended, as follows:

Paragraph (a) of § 911.52 *Issuance of regulations* is revised by adding thereto a new subparagraph (5) reading as follows:

§ 911.52 Issuance of regulations.

(a) * * *

(5) Provide that any or all requirements effective pursuant to subparagraphs (1), (3), and (4) of this paragraph applicable to the handling of limes shall be different for the handling of limes within the production area and for the handling of limes between the production area and any point outside thereof.

PART 915—AVOCADOS GROWN IN SOUTH FLORIDA

Order Amending Order, as Amended, Regulating Handling

§ 915.0 **Findings and determinations.**

The findings and determinations hereinafter set forth are supplementary and in addition to the findings and determinations made in connection with the issuance of the order and of the previously issued amendments thereto; and all of said previous findings and determinations are hereby ratified and affirmed except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein.

(a) *Findings upon the basis of the hearing record.* Pursuant to the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674), and the applicable rules of practice and procedure effective thereunder (7 CFR Part 900), a public hearing was held at Homestead, Fla., on January 27, 1971, upon proposed amendments to the amended marketing agreement and Order No. 915, as amended (7 CFR Part 915; 35 F.R. 16627), regulating the handling of avocados grown in south Florida. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order, as amended and as hereby amended, and all the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(2) The said order, as amended and as hereby amended, regulates the handling of avocados grown in the designated production area in the same manner as, and is applicable only to persons in the respective classes of industrial or commercial activity specified in, the marketing agreement upon which hearings have been held;

(3) The said order, as amended and as hereby amended, is limited in application to the smallest regional production area that is practicable, consistently with carrying out the declared policy of the act, and the issuance of several orders applicable to subdivisions of such production area would not effectively carry out the declared policy of the act;

(4) The said order, as amended and as hereby amended, prescribes, so far as practicable, such different terms applicable to different parts of the production area covered thereby as are necessary to give due recognition to the differences in production and marketing of avocados covered thereby; and

(5) All handling of avocados grown in the production area is in the current of interstate or foreign commerce or directly burdens, obstructs, or affects such commerce.

(b) *Determinations.* It is hereby determined that:

(1) The agreement amending the marketing agreement, as amended, regulating the handling of avocados grown in South Florida, upon which the aforesaid public hearing was held, has been signed by handlers (excluding cooperative associations of producers who were not engaged in processing, distributing, or shipping the avocados covered by this order) who, during the period beginning April 1, 1970, through March 31, 1971, handled more than 50 percent of the volume of avocados covered by the said order, as hereby amended;

(2) The issuance of this order, amending the aforesaid order, is favored or approved by at least two-thirds of the producers who participated in a referendum on the question of its approval and who, during the determined representative period (April 1, 1970, through March 31, 1971), were engaged in the production area, in the production of avocados for market; such producers having also produced for market at least two-thirds of the volume of avocados represented in such referendum.

It is, therefore, ordered, That, on and after the effective date hereof, all handling of avocados grown in the production area shall be in conformity to, and in compliance with, the terms and conditions of the said order, as amended and as hereby amended, as follows:

Paragraph (a) of § 915.51 *Issuance of regulations* is revised by adding thereto a new subparagraph (5) reading as follows:

§ 915.51 **Issuance of regulations.**

(a) * * *

(5) Provide that any or all requirements effective pursuant to subparagraphs (1), (2), (3), and (4) of this paragraph applicable to the handling of avocados shall be different for the handling of avocados within the production area and for the handling of avocados between the production area and any point outside thereof.

Title 14—AERONAUTICS AND SPACE

Chapter I—Federal Aviation Administration, Department of Transportation

[Airworthiness Docket No. 69-WE-12-AD; Amdt. 39-1254]

PART 39—AIRWORTHINESS DIRECTIVES

Boeing Model 707/720 Series Aircraft

Amendment 39-1197 (36 F.R. 7841) AD 71-9-2 as amended by Amendment 39-1225), requires inspection and modification of the hydraulic power actuator support fitting. After issuing Amendments 39-1147 and 39-1225, the agency has determined, based on service experience, that the inspection program must be further strengthened, both with respect to the frequency of inspections and the method of accomplishment. The Boeing Co. has issued Revision 6 to Service Bulletin 2903, to provide a more precise inspection procedure; the hole oversize limits for rework referenced in paragraphs (f) and (g) are modified per Revision 6. Under the current inspection program, additional reports of cracks have been received, although the frequency of positive crack indications has varied substantially as between the operators. The use of the inspection program per Revision 6, or an equivalent FAA-approved inspection procedure coupled with increased inspections, will provide a substantial increase in public safety pending modification of the aircraft by replacement of the 7079-T6 fittings with fittings made of 7075-T73 material or other FAA approved replacement fitting.

The agency has also determined that the replacement of the present fittings must be accelerated. Paragraph (i) is being amended to provide for accomplishment of the terminating action by January 1, 1972.

Coordination of this amendment, including a meeting with various operators and the Air Transport Association and the Boeing Co. at the Western Regional Office on July 12, 1971, to evaluate the inspection programs, scheduling, and availability of parts, has been effected.

Since a situation exists that requires immediate adoption of this regulation, it is found that notice and public procedure, other than already taken hereon, are impracticable and good cause exists for making this amendment effective in less than 30 days.

In consideration of the foregoing, and pursuant to the authority delegated to me by the Administrator (31 F.R. 13697), § 39.13 of Part 39 of the Federal Aviation Regulations, Amendment 39-1197 (36 F.R. 7841), AD 71-9-2, as amended by Amendment 39-1225, is further amended as follows:

(1) Revise paragraph (e) to read as follows:

(e) After accomplishment of the eddy current inspection per (b) or (d), above, and until affected fittings are replaced or modified per (f) or (i), below, inspect such fittings by ultrasonic and/or eddy current as follows:

(1) Inspect by ultrasonic means at intervals not to exceed 650 hours' time in service until the next such inspection after the effective date of this amendment. Thereafter, inspect either by ultrasonic means at intervals not to exceed 325 hours' time in service or by eddy current, with bushings removed, at intervals not to exceed 650 hours' time in service.

(2) Inspect by eddy current, with bushings removed, at intervals not to exceed 1,200 hours' time in service until the next such inspection after the effective date of this amendment. Thereafter, inspect either by ultrasonic means at intervals not to exceed 325 hours' time in service or by eddy current, with bushings removed, at intervals not to exceed 650 hours' time in service.

(3) After the next 100 hours' time in service following the effective date of this amendment, perform all ultrasonic and eddy current inspections with the equipment and procedures outlined in Boeing Service Bulletin No. 2903, Revision 6, dated June 4, 1971, or later FAA approved revision, or in a manner approved by the Chief, Aircraft Engineering Division, FAA Western Region.

(2) Revise paragraph (f) to read as follows:

(f) When any fitting inspected in accordance with the foregoing paragraphs or paragraph (g), below, exhibits evidence of a crack which cannot be reworked within the hole oversize limits outlined in Boeing Service Bulletin 2903, Revision 6, dated June 4, 1971, or later FAA approved revision, either: replace the fitting prior to further flight with a new fitting made of 7075–T73 material; modify the fitting and install a steel replacement lug assembly in accordance with FAA-approved Boeing Service Bulletin 3042; or accomplish another replacement or modification approved by the Chief, Aircraft Engineering Division, FAA Western Region.

(3) Revise paragraph (g) to read as follows:

(g) When any fitting inspected in accordance with paragraphs (a) through (e), above, or in accordance with this paragraph, exhibits evidence of a crack which can be reworked within the hole oversize limits outlined in Boeing Service Bulletin 2903, Revision 6, dated June 4, 1971, or later FAA-approved revision, the fitting may be returned to service, provided:

(1) The fitting is reworked and new bushings are fabricated in accordance with Part II of Boeing Service Bulletin 2903, dated June 2, 1969, or later FAA approved revision;

(2) The new bushings are installed in the fitting in accordance with (h), below; and

(3) The fitting is inspected thereafter by ultrasonic means or, with bushings removed, by eddy current at intervals not to exceed 325 hours' time in service. After the next 100 hours' time in service following the effective date of this amendment, perform all such inspections in accordance with (e)(3), above. The intervals within which the eddy current inspections must be performed may then be increased to 650 hours' time in service.

(4) Revise paragraph (i) to read as follows:

(i) Before further flight after January 1, 1972, either:

(1) Replace all 7079–T6 fittings with fittings made of 7075–T73 material; or

(2) Modify the 7079–T6 fitting and install a steel replacement lug assembly in accordance with FAA-approved Boeing Service Bulletin 3042; or

(3) Accomplish another replacement or modification approved by the Chief, Aircraft Engineering Division, FAA Western Region.

The special inspections prescribed by this AD on any airplane are terminated when the fitting is replaced or modified in accordance with this paragraph.

(5) Revise paragraph (j) to read as follows:

(j) When a fitting is found to exhibit evidence of a crack, the airplane may not be ferried.

(6) Revise the first sentence in paragraph (k)(4) to read: "* * * unless the fitting is replaced or modified in accordance with (f), above."

(7) Revise paragraph (k)(5) to read: "All fittings modified per (k)(4) to incorporate flanged aluminum-nickel-bronze bushing must be reinspected * * *."

This amendment becomes effective August 3, 1971.

(Secs. 313(a), 601, 603, Federal Aviation Act of 1958, 49 U.S.C. 1354(a), 1421, 1423; sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Los Angeles, Calif., on July 21, 1971.

Director, FAA Western Region.

PART 39—AIRWORTHINESS DIRECTIVES

Continental Models IO-346-A, -B, IO-520-B, -C, and TSIO-520-B, -E and -J Engine Oil Filter Adapter

Amendment 39-1215 (36 F.R. 9241, 9242), AD 71-11-4, effective May 25, 1971, required within the next 100 hours after its effective date, replacement of Continental P/N 631645 oil filter adapter on Continental Models IO-346-A, -B, IO-520-B, -C, and TSIO-520-B, -E, and -J engines with strengthened Teledyne Continental P/N 631645 or AC P/N 5579663 (Package No. 6437861) oil filter adapter and replacement of the original base plate with an improved one. The FAA has since been advised by the manufacturer that the replacement adapters are not as yet available for all engines in the field because of the need for clarification of installation instructions and clearance requirements and finds that justification exists for extending the effectivity on paragraph A of the AD to 200 hours' time in service from May 25, 1971.

In addition, this amendment establishes requirements for inspection of the oil filter adapter and installation procedures for the oil filter housing assembly until such time as the replacement adapter has been installed.

Due to the many changes to AD 71-11-4, it is being reissued in its entirety.

Since this amendment is in part relaxatory in nature, provides clarification and is in the interest of safety, it is found that notice and public procedure hereon are impracticable and good cause exists for making this amendment effective in less than thirty (30) days.

In consideration of the foregoing and pursuant to the authority delegated to me by the Administrator (31 F.R. 13697), § 39.13 of Part 39 of the Federal Aviation Regulations, Amendment 39-1215 (36 F.R. 9241, 9242), AD 71-11-4, is amended so that it now reads as follows:

CONTINENTAL. Applies to Models IO-346-A, IO-520-B and -C, and TSIO-520-B, -E, and -J engines having Continental P/N 631645 oil filter adapter installed, used with AC OF -9-A oil filter assembly.

Compliance: Required as indicated, unless already accomplished.

To prevent loss of engine oil accomplish the following:

(A) Within 200 hours' time in service from May 25, 1971, replace Continental P/N 631645 oil filter adapter with strengthened Teledyne Continental P/N 631645 or AC P/N 5579663 (Package No. 6437861) oil filter adapter identified with ½-inch tall raised letter "A" and raised dot directly above it cast on the adapter between the two bottom attach bolts.

NOTE: Use extreme caution in installing the oil filter adapter to the oil pump housing to assure that there is no interference at the mounting face as outlined in the manufacturer's installation instructions.

(B) Within 100 hours' time in service from May 25, 1971, inspect the base plate to determine whether the gasket retaining seat is wedge shaped or rectangular. If the gasket seat is wedge shaped, replace this part with improved Teledyne Continental P/N 633750 or AC P/N 6437508 (Package No. 6436627) base plate having a rectangular shaped gasket retaining seat.

NOTE: The required base plate can be identified by the presence of a thin sheet metal square shouldered retaining ring spot welded around the gasket groove to hold the gasket in place.

(C) Unless accomplished within the last 50 hours of service prior to date of this amendment, accomplish the following within the next 25 hours' time in service and at every oil filter element change thereafter:

(1) Visually inspect the upper surface of the oil filter adapter face using a light and mirror for indications of radial cracks inward from the outer edge. Replace any cracked adapters with serviceable parts.

(2) After placing filter element in housing in accordance with oil filter element manufacturers instructions install assembled housing and base plate to adapter as follows:

a. Clean all gasket and seal surfaces.

b. Lubricate new gasket well on both sides using engine oil.

c. Install assembly on adapter and turn center stud to a light seal contact by hand.

d. Visually inspect base plate to adapter seal for proper positioning and seating.

e. Torque center studs to 15–18 lb.-ft. If torque wrench is not available or center stud is inaccessible to torque wrench, tighten center stud 1¾ turns beyond point of initial seal contact.

f. Reattach upper bracket and resafety.

g. Operate engine for approximately 5 minutes at 1,000–2,000 RPM. Check for oil leaks and proper assembly using a light and mirror if necessary. If a leak appears between top of housing and stud, remove stud and check for nicks or visual damage at sealing surface. Correct any damage and reinstall using a new copper gasket. Do not increase torque to stop leaks.

Continental Service Bulletin M66-6, dated April 28, 1966, refers to this subject.

(D) The requirements of paragraph C are no longer applicable when paragraph A has been complied with.

This AD supersedes AD 69-26-7 as amended.

This amendment becomes effective August 3, 1971.

(Secs. 313(a), 601, 603, Federal Aviation Act of 1958, 49 U.S.C. 1354(a), 1421, 1423; sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Kansas City, Mo., on July 23, 1971.

Director, Central Region.

[Docket No. 71-CE-19-AD; Amdt. 39-1255]

PART 39—AIRWORTHINESS DIRECTIVES

Learjet Models 23, 24, and 25 Airplanes

An Airworthiness Directive was adopted on July 19, 1971, and made effective immediately to all known owners of Learjet Models 23, 24, and 25 airplanes. This AD was issued because of failures of nickel-cadmium batteries installed in the tail cone of these model airplanes. The failures are characterized by thermo runaways, which are difficult for pilots to detect and have resulted in battery fires and in intense heat which has caused structural and component damage. In order to prevent battery temperature and charge conditions that can result in battery fires and in intense heat, the AD requires prior to the next flight a one time inspection of both batterys installed in Learjet Models 23, 24, and 25 airplanes for heat damage, and replacement where necessary and for the presence of marathon (sonotone) batteries, Model CA20H or CA21H and the type of cells (polystyrene, nylon or a combination thereof) contained in said batteries. The AD also requires installation of Learjet Modification Kit AMK 71-10 in these model airplanes, which includes battery temperature warning lights and an addition to the Airplane Flight Manual that instructs the operator to immediately remove the batteries from the charging source when either warning light is actuated. Until this modification is accomplished if any ground operation discloses a weak battery, prior to further flight, both aircraft batteries must be checked in accordance with applicable Learjet Service Manual instructions, needed repairs or replacements made, and all flight operations conducted in accordance with Learjet Service Bulletin 23/24/25-224 dated April 14, 1971. (The Service Bulletin was incorrectly cited as 23/24/25-225 in the airmail letter dated July 20, 1971.)

Since it was found that immediate action was required, notice and public procedure hereon was impracticable and contrary to the public interest and good cause existed for making the AD effective immediately to the owners of Learjet Models 23, 24, and 25 airplanes by individual air mail letters dated July 20, 1971. These conditions still exist and the AD is hereby published in the FEDERAL REGISTER as an amendment to § 39.13 of Part 39 of the Federal Aviation Regulations to make it effective as to all persons.

In consideration of the foregoing and pursuant to the authority delegated to me by the Administrator (31 F.R. 13697), § 39.13 of Part 39 of the Federal Aviation Regulations is amended by adding the following new AD.

LEAR. Applies to Models 23 (S/N 23-003 through 23-099); 24 (S/N 24-100 through 24-247); and 25 (S/N 25-002 through 25-080) Airplanes.

Compliance: Required as indicated, unless already accomplished.

To prevent battery temperature and charging conditions that can result in battery fires and in intense heat, accomplish the following:

(A) Prior to the next flight conduct a one-time inspection of both batteries for:

(1) Heat damage, and if any heat damage is found, replace the damaged battery with an airworthy one.

(2) The presence of marathon (sonotone) batteries, Model CA20H or CA21H and for the type of cells (polystyrene, nylon or a combination thereof) contained in said batteries.

NOTE: Polystyrene cells can be identified by their clear or slightly yellow plastic appearance. All marathon batteries manufactured prior to 1969 contained polystyrene cells. Marathon batteries manufactured in 1969 or later, contain nylon cells which are identifiable by their milky white or bluish appearance. All marathon batteries rebuilt since new may contain a mixture of polystyrene and nylon cells.

(B) Within ten (10) hours' time in service after the effective date of this AD, on those aircraft having marathon (sonotone) batteries Models CA20H or CA21H containing either all polystyrene cells or a combination of polystyrene and nylon cells, and within fifty (50) hours' time in service after the effective date of this AD and on those aircraft having other approved batteries or sonotone batteries containing all nylon cells install Learjet Modification Kit No. AMK 71-10 or any equivalent modification submitted to and approved by the Chief, Engineering and Manufacturing Branch, FAA, Central Region, and thereafter operate the aircraft in accordance with the flight manual revision provided with the kit.

NOTE: If polystyrene battery cells are replaced with nylon battery cells, the aircraft need not be modified within 10 hours' but may be operated up to 50 hours' time in service after the effective date of this AD.

(C) Until paragraph B is accomplished if any ground operation discloses a weak battery, prior to further flight, check both aircraft batteries in accordance with applicable Learjet Service Manual instructions and make needed battery repairs or replacement and conduct all flight operations in accordance with Learjet Service Bulletin 23/24/25-224 dated April 14, 1971.

NOTE: The Service Bulletin was incorrectly cited as 23/24/25-225 in the airmail letter dated July 20, 1971.

This amendment becomes effective August 3, 1971, to all persons except those to whom it was made effective by letter dated July 20, 1971.

PART 39—AIRWORTHINESS DIRECTIVES

Morane Saulnier Model MS.894A Airplanes

There have been reports that the Nylstop nuts used to attach the carburetor heating shutter on its axle have come loose on Morane Saulnier Model MS.-894A airplanes. Investigation discloses that the nuts are subject to nylon softening during long operation of the carburetor heater or when engine backfiring occurs and that failure of these nuts could result in failure of the carburetor heating system. Since this condition is likely to exist or develop in other airplanes of the same type design, an airworthiness directive is being issued to require replacement of the Nylstop nuts with self-locking nuts of an improved design in accordance with SOCATA-Service Bulletin No. 82-1 (Gr. 75-04), or an FAA-approved equivalent.

In view of the possible seriousness of failure of the carburetor heating system, a situation exists that requires immediate adoption of this regulation, and it is found that notice and public procedure hereon are impracticable and contrary to the public interest and good cause exists for making this amendment effective in less than 30 days.

In consideration of the foregoing, and pursuant to the authority delegated to me by the Administrator (14 CFR 11.89), § 39.13 of Part 39 of the Federal Aviation Regulations is amended by adding the following new airworthiness directive:

MORANE SAULNIER. Applies to Morane Saulnier Model MS.894A airplanes.

Compliance is required within the next 50 hours' time in service after the effective date of this AD unless already accomplished.

To prevent failure of the carburetor heating system, replace the Nylstop nut that secures the carburetor heating shutter on its axle with an ELBE H.100 or Simmonds 4 PHT 280 steel nut in accordance with SOCATA-Service Bulletin No. 82-1 (Gr. 75-04), dated November 1970, or an FAA-approved equivalent.

This amendment becomes effective August 4, 1971.

(Secs. 313a, 601, 603, Federal Aviation Act of 1958, 49 U.S.C. 1354(a), 1421, 1423; sec. 6(c), Department of Transportation Act 49 U.S.C. 1655(c))

Issued in Washington, D.C., on July 23, 1971.

PART 91—GENERAL OPERATING AND FLIGHT RULES

Fastening of Safety Belts; Correction

Amendment No. 91-89, published in the FEDERAL REGISTER on July 1, 1971 (36 F.R. 12511) and effective August 30, 1971, is corrected by changing the citation of "Part 137" appearing in § 91.14(b) to read "Part 127." Inclusion of the citation of Part 137 was due to a typographical error, and as indicated by the preamble to Amendment 91-89, the FAA did not intend to except Part 137 operations from the requirements of § 91.14(b).

Issued in Washington, D.C., on July 22, 1971.

Deputy Administrator.

PART 199—AIRCRAFT LOAN GUARANTEE PROGRAM

Performance of Operational Functions

The purpose of these amendments to Part 199 of the Federal Aviation Regulations is to state the general course and method by which the operational functions of the Aircraft Loan Guarantee Program under the Act of September 7, 1957, as amended (49 U.S.C. 1324 note; 82 Stat. 1003) are performed. These functions, formerly performed by the General Counsel, will now be performed by the Director of the Office of Aviation Economics.

Since these amendments relate to agency management, procedures, and practices, notice and public procedure thereon are not required and they may be made effective in less than 30 days.

In consideration of the foregoing, Part 199 of the Federal Aviation Regulations is amended, effective July 30, 1971, by striking out the term "General Counsel" wherever it appears in § 199.3, in the second sentence in § 199.9, and in the section heading and text of § 199.11, and substituting the term "Director of the Office of Aviation Economics" therefor in each case.

(Act of September 7, 1957, as amended, 49 U.S.C. 1324 note, 82 Stat. 1003; secs. 6(a)(3)(A), 9, Department of Transportation Act, 49 U.S.C. 1655(a)(3)(A), 1657; § 1.47(d), Regulations of the Office of the Secretary of Transportation (49 CFR 1.47(d))

Title 41—PUBLIC CONTRACTS AND PROPERTY MANAGEMENT

Chapter 5A—Federal Supply Service, General Services Administration

REVISION OF GSA FORM

Chapter 5A of title 41 is amended as follows:

PART 5A-1—GENERAL

Subpart 5A-1.3—General Policies

Section 5A-1.305-50 is revised as follows:

§ 5A-1.305-50 Use and availability of specifications and standards.

Where formal specifications or standards are referenced in the invitation for bids, the following provision should be inserted:

COPIES OF GOVERNMENT SPECIFICATIONS AND STANDARDS

The Government specification(s) or standard(s), if any, applicable to each article is stated in the invitation for bids in connection with the general description of the article. Copies of referenced Federal or Interim Federal Specifications or Standards are available without charge at the General Services Administration Business Service Centers in Boston; New York; Philadelphia; Washington, D.C.; Atlanta; Chicago; Kansas City, Mo.; Fort Worth; Denver; San Francisco; Los Angeles; and Seattle. Military Specifications, Military Qualified Products Lists and Joint Army-Navy Specifications may be obtained from: Commanding Officer, Naval Publications and Forms Center, 5801 Tabor Avenue, Philadelphia, PA 19120. If other specifications or standards are applicable, the Invitation for Bids will state where copies of such specifications or standards may be obtained.

PART 5A-2—PROCUREMENT BY FORMAL ADVERTISING

Subpart 5A-2.2—Solicitation of Bids

1. Section 5A-2.201-70 is amended as follows:

§ 5A-2.201-70 Forms to be used.

* * * * *

(d) Standard Form 36, Continuation Sheet, July 1966 edition. However, this form of continuation sheet is not required for Federal Supply Schedule invitations for bids.

(e) * * *

(1) GSA Form 1424, GSA Supplemental Provisions, July 1971 edition, shall be incorporated by reference in each solicitation for offers, except solicitations for offers under the AID buying program, by using the following provision:

GSA Form 1424, GSA Supplemental Provisions, July 1971 edition, receipt of which is acknowledged by the bidder, is hereby incorporated by reference. A copy of GSA Form 1424, if not enclosed, is available upon request.

* * * * *

2. Section 5A-2.202-70 is revised as follows:

§ 5A-2.202-70 Unsolicited samples, descriptive literature, or brand name references.

The following provision shall be inserted in each invitation for bids:

UNSOLICITED SAMPLES, DESCRIPTIVE LITERATURE, OR BRAND NAME REFERENCES

Where procurement is effected under specifications or purchase descriptions (other than "brand name or equal") and the Government does not specifically request bid samples, descriptive litertaure or references to brand names, models or part numbers as an integral part of the bid, bids which are accompanied by any of the foregoing will be rejected unless it is clear from the bid or accompanying papers that the samples, descriptive literature, or references to brand names, models or part numbers are not intended to qualify the bid and that the bidder proposes to furnish items fully in accordance with the specifications or purchase descriptions. Where offers contain unsolicited material such as samples, descriptive literature, or references to brand names, models, or part numbers, the Government will not be responsible in any way for determining whether the items which are offered meet the Government's requirements set forth in the applicable specifications or purchase descriptions.

PART 5A-7—CONTRACT CLAUSES

Subpart 5A-7.1—Fixed-Price Supply Contracts

1. Section 5A-7.101-4 is amended as follows:

§ 5A-7.101-4 Variation in quantity.

(a) * * *

VARIATION IN QUANTITY

A variation in quantity, when caused by the conditions specified in Article 4 of Standard Form 32 will be accepted, provided that such variation is not in excess of 3 percent of the quantity ordered.

(b) The Variation in Quantity clause set forth above is included in GSA Form 1424, GSA Supplemental Provisions, solely for the purpose of administrative convenience in avoiding the need to amend contracts or purchase orders when an overshipment or an undershipment within prescribed limits is determined to be acceptable. This standard clause is in no way intended to establish a general policy with respect to the extent to which FSS or the agencies it serves will accept variations in quantity. If experience indicates that a different variation percentage should be used in a particular procurement or class of procurements, due to the particular industry practices involved, the contracting officer may determine that a variation in percentage, other than the 3 percent normally called for in the Variation in Quantity clause, shall be used. In this regard, based on Central Office studies, it has been determined that (1) a 5 percent variation shall be specified when procuring printing stationery paper, (2) a 10 percent variation shall be specified when procuring aluminum foil items, and (3) a 10 percent variation shall be specified when purchasing special paint when the purchase is for 500 gallons or less, particularly if it is of an unusual type or color or a specialty item (e.g., gray or olive drab baking enamel for metal equipment).

* * * * *

2. Section 5A-7.101-5 is amended as follows:

§ 5A-7.101-5 Inspection.

* * * * *

(b) *Additional costs of inspection and testing.* The Contractor will be charged for any additional costs of Government inspection and test when (1) supplies are not ready at the time such inspection and test is requested by the Contractor, or (2) when reinspection or retest is necessitated by prior rejection. See Article 5(c) of Standard Form 32. When such inspection and test is performed by or under the direction of the General Services Administration, charges will be at the rate of $9 per man-hour if the inspection is at a GSA supply distribution facility, $14 per man-hour, plus travel costs incurred, if the inspection is at any other location, and $12 per man-hour for laboratory testing; except that when a testing facility other than a Federal Supply Service laboratory performs all or part of the required tests, the Contractor shall be assessed the

actual amount of the costs incurred by the Government as a result of testing in such a facility. When inspection is performed by or under the direction of any agency other than the General Services Administration, the same charges may be used or such agency may assess their costs for performing the inspection and testing.

* * * * *

3. Section 5A-7.101-75 is amended as follows:

§ 5A-7.101-75 Marking provisions.

* * * * *

(a) *Deliveries to civilian agencies.* Marking of exterior shipping containers shall be in strict accordance with Federal Standard 123A and shall include the purchase order number. Marking for unit and intermediate containers and special markings, if any, shall be as otherwise provided in the contract or as stated in purchase orders issued under the contract, all within the scope of the applicable provisions of Federal Standard 123A. GSA Form 1400, Guide for Marking Shipments, illustrates the principal marking requirements of Federal Standard 123A. Copies of GSA Form 1400 and Federal Standard 123A may be obtained from the office issuing the invitation or as indicated in the provision entitled "Copies of Specifications and Federal Standards".

(b) *Deliveries to military agencies.* Marking of shipments for delivery to military agencies shall be as otherwise specified in the contract or in purchase orders issued under the contract but, if not so specified, the interior packages and the exterior shipping containers shall be marked in accordance with Military Standard 129E.

(c) *Improperly marked material.* In the event any shipment is not marked in accordance with the contract requirements, the Government shall have the right, without prior notice to the Contractor, notwithstanding Article 5 of Standard Form 32 to: (1) Reject the shipment; or (2) perform the required marking by use of Government personnel and charge the contractor therefor at a rate of $11 per man-hour for the first or fractional hour and $6 for any succeeding or fractional hour; or (3) have the marking performed by an independent Contractor and charge the Contractor therefor at the above rates. In connection with any prompt payment discount offered, time will be computed from the date of completion of such remarking services.

PART 5A-72—REGULAR PURCHASE PROGRAMS OTHER THAN FEDERAL SUPPLY SCHEDULE

1. The table of contents for Part 5A-72 is amended to show amended subpart and section titles as follows:

Subpart 5A-72.1—Procurement of Stock Items

Sec.

5A-72.104	Uniform firm stock price policy requirements.
5A-72.105	Instructions for contracting for stock items.
5A-72.105-12	Report of orders received and shipments made.
5A-72.105-14	F.o.b. destination deliveries of less-than-carload quantities to GSA supply distribution facilities.

Subpart 5A-72.1—Procurement of Stock Items

2. Sections 5A-72.105-12 and 5A-72.105-18 are amended and the titles of §§ 5A-72.104, 5A-72.105, and 5A-72.105-14 are revised to read as follows:

§ 5A-72.104 Uniform firm stock price policy requirements.

* * * * *

§ 5A-72.105 Instructions for contracting for stock items.

* * * * *

§ 5A-72.105-12 Report of orders received and shipments made.

* * * * *

(c) * * *

REPORT OF ORDERS RECEIVED AND SHIPMENTS MADE

(a) The Contractor shall furnish monthly reports of orders received and shipments made under contracts awarded as a result of this solicitation. The reports shall be made on GSA Form 1227, Contractor's Report of Orders Received and Shipments Made, and be forwarded within 15 calendar days after the close of each reporting period to the Contracting Officer. The reporting period shall be from the first through the end of the month.

* * * * *

(c) Failure or refusal to furnish the required reports, or falsification thereof, shall constitute sufficient cause for applying the provisions of Article 11 of Standard Form 32.

* * * * *

§ 5A-72.105-14 F.o.b. destination deliveries of less-than-carload quantities to GSA supply distribution facilities.

* * * * *

§ 5A-72.105-18 Packing requirements.

(a) * * *

(1) Standard pack requirements are developed for stock items by the Standardization Division. Upon establishment of a standard pack requirement for an item, the Standardization Division notifies the appropriate commodity manager by means of a GSA Form 419A, SIPD Data Transmittal Worksheet. Standard pack items are identified by an "X" in block 4 of the March 1968 edition of GSA Form 419, Stock Item Purchase Description, or by the following notation on the face of the September 1954 edition of the form:

"STANDARD PACK ITEM—Include standard pack clause in purchases for stock."

* * * *

(b) * * *

(1) * * *

(b) Shipments delivered to a GSA supply distribution facility which do not conform to the contract requirements set forth above shall be subject to rejection and replacement, or correction in accordance with the provisions of Article 5(b) of the General Provisions.

PART 5A-73—FEDERAL SUPPLY SCHEDULE PROGRAM

Subpart 5A-73.1—Production and Maintenance

Section 5A-73.118 is amended as follows:

§ 5A-73.118 Contractor's report of orders received.

* * * * *

REPORT OF ORDERS RECEIVED

Successful bidders shall furnish, on or before the 15th day of each month, a report of orders received during the preceding month, by dollar value, on each item or subitem upon which an award is received. Negative reports are required for each month in which no orders are received. The report shall be made on GSA Form 72, Contractor's Report of Orders Received, and forwarded to the General Services Administration at the address overprinted on the form. The right is specifically reserved to the Government to inspect without further notice such records of the Contractor as pertain to sales under any contract resulting from this invitation. Failure or refusal to furnish the required reports, or falsification thereof, shall constitute sufficient cause for terminating the contract for default in accordance with the provisions of Article 11 of Standard Form 32.

* * * * *

NOTE: Copies of the above-revised form are filed with the original document. Copies may be obtained from General Services Administration Region 3, Office of Administration, Printing and Publications Division (3BRD), Washington, D.C. 20407.

PART 5A-2—PROCUREMENT BY FORMAL ADVERTISING

Considering Administrative Costs in Making Awards

The table of contents for Part 5A-2 is amended to add § 5A-2.407-5, reserve § 5A-2.407-77, and revise the title of § 5A-2.407-78 as follows:

Sec.

5A-2.407-5	Other factors to be considered.
5A-2.407-77	[Reserved]
5A-2.407-78	Consideration of administrative costs before making small value awards.

Subpart 5A-2.4—Opening of Bids and Award of Contract

1. Section 5A-2.407-5 is added as follows:

§ 5A-2.407-5 Other factors to be considered.

The factors set forth below should, among other things, be considered in evaluating offers:

(a) The costs of contract award and contract administration. (See § 5A-2.407-78.)

2. Section 5A-2.407-77 is revised as follows:

§ 5A-2.407-77 [Reserved]

3. Section 5A-2.407-78 is revised as follows:

§ 5A-2.407-78 Consideration of administrative costs before making small value awards.

(a) Administrative costs for issuing and administering separate contracts or purchase orders of small value may at times be greater than savings which on

the surface appear to be obtainable by purchasing every single item from the lowest offeror. To reduce the incidence of making such small awards at net losses to the Government, $50 shall be added in pre-award evaluations as the Government's administrative expense for each separate award, provided the separate small award would not exceed $500.

(b) If, according to the foregoing, it is found to be advantageous for the Government to add a small award ($500 or less) to an offeror already in line for award on other item(s), the de facto low offeror shall be advised that an award to him, even though he is the low offeror, would be costlier to the Government than if the award is made to the offeror already in line for other items because of the expense to the Government for administering a separate award. Usually the low offeror would not be interested in receiving only a small part of the items quoted on because of the high administrative expense for small orders for himself and would be inclined to agree to forego the small award. Contracting officers shall obtain the offeror's agreement in writing and make it a part of the contract file.

(c) The above procedures do not apply in cases where a separate small award would further procurement objectives with regard to establishing competitive sources on new items for which initial demand is low or unknown, assisting small businesses including minority entrepreneurs, or maintaining bidding opportunities for local suppliers who have previously satisfactorily furnished the items involved.

(Sec. 205(c), 63 Stat. 390; 40 U.S.C. 486(c); 41 CFR 5-1.101(c))

Effective date. These regulations are effective 30 days after the date shown below:

Dated: July 20, 1971.

PART 9-5—SPECIAL AND DIRECTED SOURCES OF SUPPLY

Use of GSA Supply Sources by Contractors Performing Cost-Reimbursement Type Contracts and Procurement of Special Items

These revisions to Part 9-5 bring AECPR in line with recent revisions to Federal Property Management Regulations pertaining to use of GSA sources.

1. In Subpart 9-5.9, Use of GSA Supply Sources by Contractors Performing Cost-Reimbursement Type Contracts, § 9-5.902, *Use of GSA supply sources by AEC cost-type contractors,* paragraph (a) is revised to read as follows:

Subpart 9-5.9—Use of GSA Supply Sources by Contractors Performing Cost-Reimbursement Type Contracts

§ 9-5.902 Use of GSA supply sources by AEC cost-type contractors.

(a) Managers of Field Offices may authorize cost-type contractors and cost-type subcontractors where all higher tier contracts and subcontracts are of cost type, to use General Services Administration (GSA) supply sources (i.e., items available through Federal Supply Schedule contracts and other GSA contracts and from GSA stores stock) in accordance with the requirements and procedures in FPR Subpart 1-5.9 and FPMR Subpart 101-26.7.

* * * * *

2. In Subpart 9-5.52, Procurement of Special Items, § 9-5.5202-4, *Purchase procedures and requirements,* paragraph (a) *Orders* is revised to read as follows:

Subpart 9-5.52—Procurement of Special Items

§ 9-5.5202 Typewriters.

* * * * *

§ 9-5.5202-4 Procedures and requirements for purchase, rental, repair, and maintenance.

(a) *Orders.* Purchase orders for typewriters, whether for replacement or otherwise and for rental, repair or maintenance of typewriters, shall be prepared and transmitted to the appropriate Federal Supply Schedule Contractor. AEC contracting officers shall use Form AEC-103 for such purpose. When cost-type contractors are authorized to make purchases under Federal Supply Schedules, Managers of Field Offices may authorize them to use their own purchase order forms properly identified according to FPR Subpart 1-5.9.

Withdrawal for National Forest Recreation Area

By virtue of the authority vested in the President and pursuant to Executive Order No. 10355 of May 26, 1952 (17 F.R. 4831), it is ordered as follows:

1. Subject to valid existing rights, the following described national forest land is withdrawn from appropriation under the mining laws (30 U.S.C., Ch. 2), but not from leasing under the mineral leasing laws, in aid of programs of the Department of Agriculture:

KLAMATH NATIONAL FOREST

MOUNT DIABLO MERIDIAN

East Fork Addition

T. 38 N., R. 11 W. (unsurveyed),
Sec. 21, a portion thereof described as follows: Beginning at a point on the centerline of the Callahan-Cecilville Road No. 40N18, also known as Forest Highway No. 93, said point of beginning being Engineer's Station 1472+62; thence S. 60° W., 800 feet; thence due south 400 feet; thence N. 65° E., 600 feet; thence N. 15° E., 570 feet to the point of beginning.

The area described aggregates 6.2 acres in Siskiyou County.

2. The withdrawal made by this order does not alter the applicability of those public land laws governing the use of the national forest lands under lease, license, or permit, or governing the dis-

posal of their mineral or vegetative resources other than under the mining laws.

Reservation for Constructed Forest Road

By virtue of the authority vested in the President and pursuant to Executive Order No. 10355 of May 26, 1952 (17 F.R. 4831), it is ordered as follows:

1. Subject to valid existing rights and to the provisions of existing withdrawals, the following described public land is hereby withdrawn from all forms of appropriations under the public land laws, including the mining laws (30 U.S.C., Ch. 2), but not from leasing under the mineral leasing laws, nor the disposal of materials under the Act of July 31, 1947, 61 Stat. 681, as amended, 30 U.S.C. sections 601–604 (1964), and reserved for use of the Department of Agriculture for the granting of easements or road rights-of-way as authorized by section 2 of the Act of October 13, 1964, 78 Stat. 1089, 16 U.S.C. sections 532–533 (1964):

WILLAMETTE MERIDIAN

COON JOHNSON ROAD NO. 1987

T. 20 S., R. 9 W.,
Sec. 15, lot 10;
Sec. 16, lots 1, 2, 3, 4, and 6.

A strip of land 100 feet in width, being 50 feet in width on both sides of the centerline of the Coon Johnson Road No. 1987, through the above-described subdivisions, as shown on plats filed in the State Office, Bureau of Land Management, Portland, Oreg.

The area described contains about 16 acres in Douglas County.

2. The withdrawal made by this order shall not preclude agricultural entries, or sales, exchanges or leases under applicable public land laws, of any legal subdivision traversed by any cooperator road constructed on any land withdrawn by this order: *Provided*, That any such entry, sale, exchange, or lease shall be subject to this order and to any road right-of-way easement over the land issued by the Department of Agriculture.

[Sacramento 4238]

CALIFORNIA

Partial Revocation of National Forest Recreation Area Withdrawal

By virtue of the authority vested in the President and pursuant to Executive Order No. 10355 of May 26, 1952 (17 F.R. 4831), it is ordered as follows:

1. Public Land Order No. 1817 of March 12, 1959, withdrawing national forest lands for the Squaw Valley Olympic Site and Recreation Area, is hereby revoked so far as it affects the following described land:

TAHOE NATIONAL FOREST

MOUNT DIABLO MERIDIAN

T. 16 N., R. 16 E.,
Sec. 28, portion of SE¼ described as lot No. 54, except the southerly 50 feet of Block E as designated on the map entitled "Tahoe Truckee Forest, Placer County, California" recorded July 14, 1910, in the office of the Recorder of Placer County in Map Book B at pages 7, 8, and 9.

The area described aggregates 1 acre in Placer County.

2. The land shall immediately be made available for consummation of a pending Forest Service exchange.

HARRISON LOESCH,
Assistant Secretary of the Interior.

[New Mexico 13542]

NEW MEXICO

Partial Revocation of Public Water Reserves

By virtue of the authority vested in the President and pursuant to Executive Order No. 10355 of May 26, 1952 (17 F.R. 4831), it is ordered as follows:

1. The Executive Order of April 17, 1926, creating Public Water Reserve No. 107 as construed in Interpretation No. 250 of February 6, 1939, and Executive Order of April 28, 1917, creating Public Water Reserve No. 50, New Mexico No. 3 are hereby revoked so far as they affect the following described lands:

NEW MEXICO PRINCIPAL MERIDIAN

T. 9 S., R. 4 W.,
Sec. 27, SW¼NW¼.
T. 1 S., R. 21 W.,
Sec. 9, E½SW¼, W½SE¼.

The areas described aggregate 200 acres in Socorro and Catron Counties.

The lands described in T. 1 S., R. 21 W., are patented lands, located along the New Mexico-Arizona State line. The remainder is public land located in the southwestern part of the State. The topography of the public land consists of low hills and shallow draws. The soil is a gravelly, clayey, sandy loam. Vegetation consists of black grama, sand dropseed, galleta and aristida grasses and Apache plume and chamise browse.

2. At 10 a.m. on August 28, 1971, the public land, described as the SW¼SW¼, Sec. 27, T. 9 S., R. 4 W., shall be open to operation of the public land laws generally, subject to valid existing rights, the provisions of existing withdrawals, and the requirements of applicable law. All valid applications received at or prior to 10 a.m. on August 28, 1971, shall be considered as simultaneously filed at that time. Those received thereafter shall be considered in the order of filing. This public land has been and continues to be open to applications and offers under the mineral leasing laws, and to location under the U.S. mining laws for metalliferous minerals. It will be open to location for nonmetalliferous minerals at 10 a.m. on August 28, 1971.

Inquiries concerning the land shall be addressed to Chief, Division of Technical Service, Bureau of Land Management, Post Office Box 1449, Santa Fe, NM 87501.

HARRISON LOESCH,
Assistant Secretary of the Interior.

OREGON

Reservation for Constructed Forest Road

By virtue of the authority vested in the President and pursuant to Executive Order No. 10355 of May 26, 1952 (17 F.R. 4831), it is ordered as follows:

1. Subject to valid existing rights and to the provisions of existing withdrawals, the following described Revested Oregon and California Grant Land is hereby withdrawn from all forms of appropriation under the public land laws, including the mining laws (30 U.S.C., Ch. 2), but not from leasing under the mineral leasing laws, nor the disposal of materials under the Act of July 31, 1947, 61 Stat. 681, as amended, 30 U.S.C. sections 601–604 (1964), and reserved for use of the Department of Agriculture for the granting of easements or road rights-of-way as authorized by section 2 of the Act of October 13, 1964, 78 Stat. 1089, 16 U.S.C. sections 532–533 (1964):

WILLAMETTE MERIDIAN

SWITCHBACK TIE ROAD NO. 1985

T. 19 S., R. 9 W.,
Sec. 21, NE¼.

A strip of land 100 feet in width, being 50 feet in width on both sides of the centerline of the Switchback Tie Road No. 1985, in and through the above-described subdivision, as shown on a plat filed in the Oregon State Office, Bureau of Land Management, Portland, Oreg.

The area described contains approximately 7 acres in Douglas County.

2. The withdrawal made by this order shall not preclude agricultural entries, or sales, exchanges, or leases under public land laws applicable to Revested Oregon and California Grant Lands of any legal subdivision traversed by any cooperator road constructed on any land withdrawn by this order: *Provided*, That any such entry, sale, exchange, or lease shall be subject to this order and to any road right-of-way easement over the land issued by the Department of Agriculture.

HARRISON LOESCH,
Assistant Secretary of the Interior.

Title 47—TELECOMMUNICATION

Chapter I—Federal Communications Commission

[RM-1675; FCC 71-749]

PART 1—PRACTICE AND PROCEDURE

Prehearing Procedures

Order. 1. The Commission has before it a petition for rule making (RM 1625), submitted by "The Telephone Company" of Nevada, to authorize the presiding officer to permit parties to attend prehearing conferences by means of a speakerphone.[1] The petition recommends that a telephone line separate from the government switched system be installed for use in speakerphone conferences. Parties requesting permission to use the speakerphone would submit a written request to the presiding officer, who would have authority to grant permission if use of a speakerphone would conduce to the proper dispatch of business and to the ends of justice.

2. It is the Commission's view that in appropriate cases this procedure may aid parties who are required to appear at prehearing conferences, and who have heretofore been disadvantaged by long distance travel for short appearances, without interfering with the expeditious and efficient handling of Commission business. We therefore believe the public interest will be served by giving presiding officers the authority to permit use of speakerphones at prehearing conferences. Because it is questionable whether the projected use of the speakerphone would justify a permanent installation, the procedure adopted will require that the party receiving permission to use a speakerphone assume full responsibility for the installation, operation and removal in each individual instance in which it is employed. The party will deal directly with the telephone company and shall pay all expenses involved.

3. We recognize that this procedural innovation may involve some difficulties or problems not yet ascertainable. Notice is hereby given that we intend to review the operation of this procedure and will change or eliminate it if experience warrants such action.

4. Authority for the adoption of the rule set forth below is contained in section 4(i), 4(j), and 303(r) of the Communications Act of 1934, as amended, 47 U.S.C. 154(i), 154(j), and 303(r). Because the amendment relates to matters of procedure, the notice and effective date provisions of 5 U.S.C. 553 do not apply.

5. In view of the foregoing: *It is ordered*, Effective August 4, 1971, that § 1.248 of the rules and regulations is amended as set forth below.

(Secs. 4, 303, 48 Stat., as amended, 1066, 1082; 47 U.S.C. 154, 303)

Adopted: July 23, 1971.

Released: July 27, 1971.

FEDERAL COMMUNICATIONS COMMISSION,[2]
[SEAL] BEN F. WAPLE,
Secretary.

In Part 1 of Chapter I of Title 47 of the Code of Federal Regulations, § 1.248(f) is added, to read as follows:

§ 1.248 Prehearing conferences; hearing conferences.

* * * * *

(f) The presiding officer may, upon the written request of a party or parties, approve the use of a speakerphone as a means of attendance at a prehearing conference if such use is found to conduce to the proper dispatch of business and to the ends of justice. The party or parties receiving permission to use a speakerphone will deal directly with the telephone company involved, will assume full responsibility for installation, operation and removal of the speakerphone, and shall bear all consequent expenses.

[FR Doc.71-10913 Filed 7-29-71;8:49 am]

[1] In a Memorandum Opinion and Order released May 13, 1971, Silver Beehive Telephone Co., FCC 71M-756, the presiding officer denied a request for permission to use a speakerphone at a prehearing conference essentially because it was inappropriate and perhaps beyond his authority to sanction use of a speakerphone pending the termination of this rule making proceeding.

[2] Commissioners Wells and Houser absent.

PART 12—DISPOSAL AND UTILIZATION OF SURPLUS REAL PROPERTY FOR EDUCATIONAL PURPOSES AND PUBLIC HEALTH PURPOSES

Increase in Public Benefit Allowance

Exhibits A and B to Part 12 of Title 45 of the Code of Federal Regulations are revised to read as set forth below.

This revision is minor and technical in nature, and is of greater benefit to participants in the porgram by increasing the public benefit allowance which may be available for property to be used for water systems, outdoor education programs, and buildings conveyed for off-site use. Therefore, public participation is not necessary and has not been invited, and the revised regulation shall be effective on the date of publication in the FEDERAL REGISTER (7-30-71).

Dated: July 26, 1971.

ELLIOT L. RICHARDSON,
Secretary.

Chapter V—National Highway Traffic Safety Administration, Department of Transportation

[Docket No. 71-17; Notice No. 1]

PART 571—FEDERAL MOTOR VEHICLE SAFETY STANDARDS

New Pneumatic Tires and Tire Selection and Rims for Passenger Cars

This amendment adds certain tire sizes and alternative rim size to the passenger car tire standard and the tire selection and rim standard.

On October 5, 1968, guidelines were published in the FEDERAL REGISTER (33 F.R. 14964) by which routine additions could be added to Appendix A, Standard No. 109 and to Appendix A, Standard No. 110. Under these guidelines, the addition becomes effective 30 days from date of publication in the FEDERAL REGISTER, if no objections to the proposed additions are received. If objections to the amendment are received, rulemaking pursuant to the procedures for motor vehicle safety standards (49 CFR Part 553) are followed. All changes made to the appendices as of April 16, 1971 were reissued and incorporated into the tables and republished in the FEDERAL REGISTER of May 4, 1971 (36 F.R. 8298).

The European Tyre and Rim Technical Organisation has petitioned for the addition of the 7-K alternative rim size for the 185/70 R15 tire size designation and the 6-JJ alternative rim size for the 205/70 R14 tire size designation to Table I, Appendix A of Standard No. 110.

The Rubber Manufacturers Association has petitioned for the addition of the 6½-JJ alternative rim size for the G78-15 tire size designation to Table I, Appendix A of Standard No. 110.

The Rubber Manufacturers Association has petitioned to change the test rim from 7½-inch to 7-inch for the J60-14, J60-15, and L60-15 tire size designations currently listed within the Table I-K, Appendix A of Standard No. 109.

Also, the Rubber Manufacturers Association has petitioned to correct the section width and minimum size factor measurements for the GR60-15 tire size designation listed within Table I-R, Appendix A of Standard No. 109.

On the basis of the data submitted by the European Tyre and Rim Technical Organisation and the Rubber Manufacturers Association indicating compliance with the requirements of Federal Motor Vehicle Safety Standards No. 109 and 110 and other information submitted in accordance with the procedural guidelines, § 571.21 of Part 571, Federal Motor Vehicle Safety Standards, Appendix A of Standard No. 109 and Appendix A of Standard No. 110 are amended as set forth below, effective 30 days from date of publication in the FEDERAL REGISTER.

(Secs. 103 and 119, National Traffic and Motor Vehicle Safety Act of 1966, 15 U.S.C. 1392, 1407; delegations of authority at 49 CFR 1.51 and 501.8)

Issued on July 22, 1971.

ROBERT L. CARTER,
Acting Associate Administrator,
Motor Vehicle Programs.

Chapter X—Interstate Commerce Commission

SUBCHAPTER A—GENERAL RULES AND REGULATIONS

[3rd Rev. S.O. No. 1064; Amdt. No. 1]

PART 1033—CAR SERVICE

Distribution of Boxcars

At a Session of the Interstate Commerce Commission, Railroad Service Board, held in Washington, D.C., on the 15th day of July 1971.

Upon further consideration of Third Revised Service Order No. 1064 and good cause appearing therefor:

It appearing, that, because of a work stoppage of certain of its operating employees, the Union Pacific Railroad Co. is unable to accept from connections its plain boxcars described in paragraph (a)(1) of this order; that the requirements of this order that such cars be returned empty to the Union Pacific Railroad Co. during the period this work stoppage is in effect would be of no benefit to shippers served by the Union Pacific Railroad Co. but would deprive shippers served by other railroads of the use of such cars.

It is ordered, That: Section 1033.1064, Service Order No. 1064 (Distribution of boxcars) Third Revised Service Order No. 1064 be, and it is hereby, amended by adding the following paragraph (a) subdivision (i) to paragraph (a) of Third Revised Service Order No. 1064:

(i) The provisions of subparagraph (1) of paragraph (a) of Third Revised Service Order No. 1064, insofar as they apply to cars owned by the Union Pacific Railroad Co. are hereby suspended until 12:01 a.m., July 24, 1971.

Effective date. This amendment shall become effective at 6 a.m., July 16, 1971.

(Secs. 1, 12, 15, and 17(2), 24 Stat. 379, 383, 384, as amended; 49 U.S.C. 1, 12, 15, and 17(2). Interprets or applies secs. 1(10–17), 15(4), and 17(2), 40 Stat. 101, as amended, 54 Stat. 911; 49 U.S.C. 1(10–17), 15(4), and 17(2))

It is further ordered, That a copy of this amendment shall be served upon the Association of American Railroads, Car Service Division, as agent of all railroads subscribing to the car service and car hire agreement under the terms of that agreement, and upon the American Short Line Railroad Association; and that notice of this amendment be given to the general public by depositing a copy in the Office of the Secretary of the Commission at Washington, D.C., and by filing it with the Director, Office of the Federal Register.

By the Commission, Railroad Service Board.

[SEAL] ROBERT L. OSWALD, *Secretary.*

DEPARTMENT OF THE INTERIOR

National Park Service

[36 CFR Part 7]

LAKE MEAD NATIONAL RECREATION AREA, ARIZONA AND NEVADA

Aircraft and Designated Airstrips

Notice is hereby given that pursuant to the authority contained in section 6 of the Act of October 8, 1964 (78 Stat. 1040; 16 U.S.C. 460n–5), section 3 of the Act of August 25, 1916 (39 Stat. 535, as amended; 16 U.S.C. 3), 245 DM1 (27 F.R. 6395) as amended, National Park Service Order No. 58 (36 F.R. 5627), it is proposed to amend § 7.48 of Title 36 of the Code of Federal Regulations as set forth below.

The purpose of this amendment is to delete the Callville Bay designated airstrip from the Code of Federal Regulations. Closure of the airstrip to all aircraft is necessary due to permanent construction of other public use facilities in its immediate vicinity.

It is the policy of the Department of the Interior, whenever practicable, to give the public an opportunity to participate in the rulemaking process. Accordingly, interested persons may submit written comments, suggestions, or objections regarding the proposed amendments to the Superintendent, Lake Mead National Recreation Area, 601 Nevada Highway, Boulder City, NV 89005, within 30 days of publication of this notice in the FEDERAL REGISTER.

Paragraph (a) is amended to revoke subparagraph (5) as follows:

§ 7.48 Lake Mead National Recreation Area.

[7 CFR Part 910]

LEMONS GROWN IN CALIFORNIA AND ARIZONA

Notice of Proposed Rule Making

Notice is hereby given that the Department is considering a proposed revision of the rules and regulations (Subpart—Rules and Regulations; 7 CFR 910.100 et seq.) currently in effect pursuant to the applicable provisions of the marketing agreement, as amended, and Order No. 910, as amended (7 CFR Part 910; 36 F.R. 9061); regulating the handling of lemons grown in California and Arizona. This is a regulatory program effective under the Agricultural Marketing Agreement Act of 1937, as amended (U.S.C. 601–674).

All persons who desire to submit written data, views, or arguments for consideration in connection with the proposed amendment shall file the same, in quadruplicate, with the Hearing Clerk, U.S. Department of Agriculture, Room 112, Administration Building, Washington, D.C. 20250, not later than the 15th day after publication of this notice in the FEDERAL REGISTER. All written submissions made pursuant to this notice will be made available for public inspection at the office of the Hearing Clerk during regular business hours (7 CFR 1.27(b)).

The revision of said rules and regulations was proposed by the Lemon Administrative Committee, established under said amended marketing agreement and order as the agency to administer the terms and provisions thereof and is as follows:

Subpart—Lemon Administrative Committee Rules and Regulations

GENERAL

§ 910.100 Application of terms.

Terms used in this subpart shall have the same meaning as when used in the marketing agreement and order (§§ 910.1 to 910.92). Commonly used terms are defined as follows:

(a) *Marketing agreement.* "Marketing agreement" means Marketing Agreement No. 94, as amended, regulating the handling of lemons grown in California and Arizona.

(b) *Order.* "Order" means Order No. 910, as amended (§§ 910.1 to 910.92) regulating the handling of lemons grown in California and Arizona.

(c) *Carload.* Pursuant to § 910.8, the quantity of lemons comprising a carload is the equivalent of 1,000 cartons of lemons.

(d) *Week or weekly.* The term "week" or "weekly" means the period Sunday through the following Saturday. "Weekly regulation period" applies to the same period of time.

(e) *Time.* Whenever a time of day is specified in this subpart, it shall relate to Pacific standard time or Pacific daylight saving time whichever is then in effect in California.

(f) *Legal holiday.* When the date for filing of applications, notices, requests or reports falls on a legal holiday, the due date shall be considered the next following business day.

(g) *Scheduled weekly meeting.* The term "scheduled weekly meeting" means the regularly scheduled weekly meeting, held on Tuesday, or such other day of the week as the committee designates: *Provided,* That when another day is designated notice thereof to handlers shall be published in the committee's weekly lemon bulletin and mailed to handlers at least 6 days prior to such meeting day.

(h) *District 1 Handler, District 2 Handler, District 3 Handler.* "District 1 handler," "District 2 handler," and "District 3 handler," shall mean a handler of lemons produced in District 1, District 2, and District 3, respectively.

COMMUNICATIONS

§ 910.106 Communications.

(a) *Committee location.* Unless otherwise prescribed in this subpart, or in Order No. 910, or required by the Lemon Administrative Committee, all reports, applications, submittals, requests, and communications in connection with Order 910, shall be submitted to: Lemon Administrative Committee, 117 West Ninth Street, Room 905, Los Angeles, CA 90015.

(b) *Filing of applications, notifications or requests.* Handlers who desire consideration by the committee on matters subject to this subpart which require action be taken for a specific weekly regulatory period, shall (unless otherwise specifically provided in this subpart) file such applications, notifications, or requests on or before 12 o'clock noon of the day preceding the day of the scheduled weekly committee meeting during which matters relating to that weekly regulatory period are to be considered, except when such day is a legal holiday, such documents shall be filed at such time on the day of the committee's scheduled weekly meeting. The committee shall not take action on applications, notifications, or requests filed after such deadline. Except as otherwise provided herein, applications, notifications, and requests shall be considered as filed when actually received in the committee offices specified in paragraph (a) of this section.

STORAGE AWAY FROM PACKING HOUSE

§ 910.107 Transportation of lemons.

Any handler who stores lemons within the production area other than on the premises where the lemons are packed shall notify the committee on LAC Form 8 of the transportation of such lemons to such storage. Such report shall show the location and name of the storage facility, and the quantity of lemons transported to such stores. Whenever any such stored lemons are thereafter handled, LAC Form 8 for the week in which the handling occurred shall show each quantity and date of shipment from the storage facilities.

NOMINATION PROCEDURE

§ 910.121 Time of nomination.

The time of nominating members, alternate members, and additional alternate grower members of the committee, shall be not later than 30 days preceding the date of expiration of the terms of the current committee representatives.

§ 910.122 Manner of nomination.

The manner of nominating committee representatives shall be as follows:

(a) Any cooperative marketing organization which handled more than 60 percent of the total volume of lemons handled during the fiscal year during which the nominations for members are submitted shall by resolution, adopted by its board of directors, nominate representatives as provided in § 910.20.

(b) Each cooperative marketing organization which markets lemons and which is not qualified under § 910.22(b), shall nominate by resolution adopted by its board of directors, members and alternate members as provided in § 910.20. The vote of each such organization shall be weighted as provided in § 910.22(e) by the quantity of lemons which it handled during the fiscal year in which nominations are made.

(c) Not less than four meetings shall be held at such times and places throughout the production area as may be designated by the agent to the Secretary, at which growers who are not members of, or affiliated with, the organizations included under paragraphs (a) and (b) of this section may vote. At each such meeting, the growers present shall nominate committee representatives as provided in § 910.20. All growers voting at any such meeting shall submit their names and addresses to the agent of the Secretary. Votes shall be cast in the manner prescribed under § 910.22(e). Votes for grower member at all nomination meeting places shall be totaled and the nominee receiving the highest number of votes shall have his name submitted as the nominee for grower member. Persons nominated for member and failing to receive a majority vote shall have their names listed with those nominated for alternate grower member and shall have the votes cast for them as member included with such votes, if any, they received for alternate grower member. The nominee receiving the highest total number of votes in this manner shall have his name submitted as the nominee for alternate grower member. Persons nominated for grower member or alternate grower member who failed to receive a majority vote for either of such positions shall have their names listed with those nominated for additional alternate grower member and shall have the votes cast under member and alternate member included with such votes, if any, they received for additional alternate grower member. The nominee securing the highest total number of votes in this manner shall have his name submitted as nominee for additional alternate grower member. The handler member and alternate handler member nominees shall be selected in the same manner as the grower member and alternate grower member nominees. Grower or handler ballots cast listing the same nominee for more than one position on the respective ballot shall be declared void.

§ 910.153 Prorate bases and allotments.

(a) *Application for a prorate base and allotment.* Any person who is handling or proposes to handle lemons as a first handler thereof, shall submit to the committee, at such time as the committee designates, an application on LAC Form 101 for a prorate base and allotment. Handlers of lemons produced in more than one district shall file a separate application covering the lemons produced in each district. Each application shall contain the following information:

(1) Name and address of applicant.

(2) Net capacity in pounds of each box or other container used by the applicant for the picking of lemons.

(3) Net capacity in pounds of each box or other container used by the applicant for the assembling and storage of lemons.

(4) The estimated production of lemons for the current season which the applicant owns or controls, and the bearing and nonbearing acreage of such lemons, including the acreage and number of trees planted to lemons during the preceding fiscal year, and the acreage and number of trees taken out of production during such fiscal year.

(5) Location of each of the applicant's packing houses and other designated receiving points, to which lemons are to be delivered to the applicants for which points the applicant seeks approval.

(6) If a handler desires a prorate base period different than that generally prevailing in the district in which the lemons are produced as provided in § 910.53(g), he shall so specify and present information showing how his operations with respect to such lemons are substantially different than those generally prevailing in such district, including differences in (i) production, such as the time when lemons under his control are mature and ready to harvest; (ii) storage, such as the capacity and type of his storage facilities; and (iii) marketing practices, such as the interval of time between harvesting and marketing of lemons. Based upon such information and information otherwise available, the committee shall determine the extent to which the handler should be granted a different prorate base period and notify the handler of its determination. Requests for such adjustment must be made at the time the handler submits his application for prorate base and allotment.

(b) *Computation of average weekly pick*—(1) *Determination of cartons of lemons picked and delivered.* Each week the committee shall determine the number of cartons of lemons picked and delivered to each handler in each district during the preceding weekly prorate base period by application of the appropriate field box conversion factor to the number of field boxes of lemons picked and delivered to such handler as is reported pursuant to § 910.170(d). The appropriate field box conversion factor shall be computed for lemons produced in each district pursuant to § 910.153 (b)(2).

(2) *Field box conversion factor*—(i) *Computation.* At least once every 8 weeks, the committee's designated employees shall take a detailed inventory by district of the lemons each handler has on hand in his packing house and at designated receiving points. The committee shall compute a field box conversion factor for each handler by district of production. This factor shall be applied each week to the handler's district picks and deliveries subsequent to this inventory and shall remain in effect until a revised factor is computed from the date of a subsequent inventory. An inventory period is comprised of the number of weeks between two successive detailed inventories. Field box conversion factors shall be computed by dividing the total number of field boxes of lemons picked and delivered to each handler during the interval between the current and immediately preceding inventory periods by the number of cartons, or their equivalent, utilized by the handler during this period as determined by adding to the current detailed inventory of lemons on hand, the total number of cartons of lemons shipped in fresh fruit channels, handled for conversion into byproducts and otherwise utilized (except decayed lemons dumped) during the same period, and subtracting therefrom the detailed inventory of cartons of lemons on hand at the beginning of such period.

(ii) *Initial conversion factors.* The Committee shall determine the initial conversion factor for all handlers at the beginning of the fiscal year. Such determination shall be based to the extent practicable upon a handler's average for the preceding 3 fiscal years. Such conversion factor shall be revised as provided in subdivision (i) of this subparagraph after the first detailed inventory by committee employees.

(3) *Storage box conversion factor.* In computing the quantity of lemons in terms of carloads that a handler has on hand, the standard storage box having a capacity of 50 pounds net weight of lemons shall be converted to cartons on the basis that one such box equals 1.316 cartons of lemons. If at any time the committee determines that such storage boxes or other containers do not substantially contain such net weight of lemons, appropriate adjustments may be made by the committee in such handler's storage box conversion factor to compensate for such difference.

(4) *Access to premises and records of handlers.* The committee, through its designated employees, shall have access at all reasonable hours to the premises and records of each handler whose application for a prorate base and allotment has been approved, for the purpose of determining the accuracy of the reports made to the committee. Such records include, but are not limited to, individual grower tickets covering the lemons delivered at the receiving door of the packing

house or designated receiving points, the wash records, the lemons in storage, lemons handled for conversion into by-products, lemons shipped under regulated movement and export, and lemons otherwise disposed of.

(c) *Average weekly pick computation.* Average weekly picks shall be computed pursuant to § 910.53 except that such average may be adjusted pursuant to § 910.153 (a)(6), (d), and (e).

(d) *Adjustment of prorate bases.* The prorate bases of handlers shall be adjusted to correct errors, omissions, or inaccuracies as provided in this part, during a period of 3 consecutive weeks, or during the remainder of the applicable season if of shorter duration than 3 weeks.

(e) *Adjustments of average weekly picks*—(1) *Application for upward adjustment by Districts 1 and 3 handlers.* Any District 1 or 3 handler desiring an upward adjustment in his average weekly picks for a designated week, shall, pursuant to § 910.53(f)(1), request such increase from the committee by telephone or telegram, or by filing LAC Form 101–A. Such request must be submitted to the committee offices in accordance with § 910.106(b). A telephone or telegram request shall be confirmed by application filed in like manner postmarked not later than the day preceding the committee's scheduled weekly meeting. Each application and each confirmation shall indicate the name and address of the applicant, and the amount of upward adjustment requested for a designated week.

(2) *Application for new prorate base, for accelerated averaging of weekly picks, and for upward adjustments by District 2 handlers.* Any District 2 handler whose picks are interrupted for 8 successive weeks or more may request the committee to start a new prorate base period and, if desired, for accompanying accelerated averaging of weekly picks of the type described in § 910.53(d)(2), and for upward adjustments of average weekly picks of the type described in § 910.53(f). The application for a new prorate base and the initial application for accelerated averaging and for upward adjustments of weekly picks shall be on LAC Form 101–A filed with the committee in accordance with § 910.106. Form LAC 101–A shall include the following information: (i) the length of the period of time the handler has not been picking; (ii) the handler's 16 average weekly picks (or such other prorate base period as the handler may have been granted) at the time of consideration of his application; (iii) the handler's actual storage; (iv) whether picks are increasing or decreasing in the handler's own and in other districts; (v) the manner in which his operation differs from other handlers in his district, and (vi) in the case of applications for upward adjustment, the amount of upward adjustment requested for each designated week. Upon being granted upward adjustments hereunder, District 2 handlers may file other such applications during the same fiscal year in the same manner as filed by Districts 1 and 3 handlers without supporting information.

(3) *Granting of upward adjustments for Districts 1 and 3 applicants.* Upon receiving a duly filed application for an upward adjustment by a District 1 or 3 handler pursuant to § 910.53(f)(1), the committee shall adjust the average weekly pick of such handler by increasing such picks in the amount requested, but not in excess of 50 percent of his average weekly pick. Such adjustment may be granted for any one or more weeks (not exceeding eight) during the period beginning with the first week of the initial prorate base period of a season for which the handler's average weekly pick is computed and ending not later than the middle week of such handler's picking season. The Committee shall determine such middle week to the extent practicable on the basis of the historical 3-fiscal-year performance of such handler, or a lesser time as being representative of his anticipated picking pattern for the current fiscal year; subject to Committee's re-evaluation based on pick performance.

(4) *Granting of application for a new prorate base, for accelerated averaging and for upward adjustment of weekly picks, to District 2 handlers.* The committee shall review the applications of District 2 handlers filed pursuant to § 910.153(e)(2) and take such action thereon as it deems necessary or appropriate in order to avoid or mitigate undue hardship to such handlers and to preserve equity among all handlers. In making its determination, the committee shall consider information presented in the handler's application, as well as other available information. The committee may grant upward adjustments to District 2 handlers for a period not to exceed 8 consecutive weeks, beginning with the first week of the new prorate base period. In computing the average weekly pick of a District 2 handler who has been granted a new prorate base period, the committee shall include lemons picked and delivered after approval of the handler's application, but not lemons picked and delivered prior thereto.

(5) *Repayment of upward adjustments.* All repayment of upward adjustments will be made in successive weeks by subtracting from the handlers' average weekly pick, the same quantity in the same order as upward adjustments were granted, except weeks wherein no upward adjustment was granted shall be excluded. Such adjustment shall be repaid starting the week following the designated midweek of each Districts 1 and 3 handler and the week following the last week that a District 2 handler is permitted to request any upward adjustment. The committee may require repayment at an accelerated rate when it is deemed necessary to assure repayment is made in full; provided written notice shall be mailed to the handler of the intent to accelerate repayment, and the rate thereof, at least 5 days prior to the effective date thereof, and upon the request of the handler, the effective date shall be deferred until after the next scheduled meeting of the committee and the handler shall be given an opportunity at such meeting to present any information he deems pertinent bearing upon his ability to repay such upward adjustments in the manner proposed. Such accelerated rate of repayment shall be applied, to the extent practicable, uniformly during the anticipated weeks remaining when allotment will be issued on the handler's prorate base. If during any week of the repayment period, the handler's average weekly pick is not sufficient to permit repayment in full, the obligation to repay the balance owed such week shall be carried forward to the following prorate base periods until all upward adjustments are repaid in full. Any handler who desires to repay an upward adjustment more rapidly than provided above shall notify the committee in accordance with § 910.106(b) and, in weeks designated, the committee shall deduct the additional quantities requested by the handler.

(f) *Shipping at the start of a prorate base period.* After submission of an application for prorate base and allotment for the current year and prior to issuance of allotments for lemons picked, for a single 2-week period only, all Districts 1 and 3 handlers and those District 2 handlers who have been authorized to begin a new prorate base period pursuant to § 910.53(f)(2), may handle lemons in anticipation of allotments to be issued to them. Such 2-week period shall commence with the first week in which picks are delivered in a new fiscal year for Districts 1 and 3 handlers and District 2 handlers with the first week in which picks are delivered in a new prorate base period. All of the first allotments issued to such handlers thereafter (or so much as is needed to cover the shipments) shall be applied to such shipments until all shipments have been entirely covered by allotment.

§ 910.154 Forfeiture credit.

(a) The forfeiture of any handler's undershipped allotment, other than off-bloom allotment, shall be applied to reduce overshipments of handlers as provided in § 910.57, unless the forfeiting handler makes a bona fide and timely offer to the committee to lend his undershipments. An offer shall be considered bona fide and timely if such offer (1) was received in the offices of the committee by 12 o'clock noon Wednesday and (2) included at least two payback dates.

(b) If the forfeited allotment in a district exceeds that required to offset overshipments in such district, and the overshipments exceed forfeitures in other districts, the surplus forfeiture credit shall be allocated as provided in § 910.57 to handlers in deficient districts in proportion to their permissible overshipments.

ALLOTMENT LOANS

§ 910.159 Allotment loans.

(a) *Loans arranged by handlers.* Handlers may, on an individual basis, negotiate intradistrict loans and shall confirm such loans pursuant to this subpart. Loans arranged by handlers shall be subject to the following:

(1) *Payback date.* Each allotment

loan agreement entered into by a handler must provide for a payback date agreeable to both lender and borrower.

(2) *Ability to repay.* Before approving allotment loans, the committee shall determine that the borrowing handler has, with a reasonable degree of certainty, the ability to make repayment within 1 year from the date of the loan.

(3) *Confirmation.* Handlers who make loans pursuant to § 910.59(a) shall report such transactions to the committee within 48 hours and the committee shall mail written confirmation to the parties within 48 hours after receipt of such notification: *Provided,* That parties to loans made on Saturday shall notify the committee not later than 10 a.m. the following Monday. Loans not in accordance with § 910.59(a) and this subparagraph shall not be valid and the committee shall so notify the parties within 48 hours after receipt of information concerning such transaction.

(b) *Loans arranged by the committee.* Handlers desiring to borrow or loan allotment may request the committee to arrange intradistrict loans on their behalf; and the committee shall arrange such loans subject to the provisions hereinafter setforth. All interdistrict loans shall be arranged through the committee subject to the provisions of this section. The committee shall consider offers to loan and requests to borrow allotment filed not later than 12 o'clock noon Wednesday separately from offers and requests received thereafter during the same prorate week. All such loan arrangements are subject to the following provisions:

(1) *General Provisions.*—(i) *Filing and confirmation.* Offers to loan and requests for allotment may be made in person or by telephone. Immediately after completing arrangements for a loan, the committee shall confirm the terms thereof, by mailing LAC Form 10, Confirmation of Loan of Allotment, to the handlers involved.

(ii) *Modification.* Loan offers and requests submitted to the committee may be modified or withdrawn any time prior to 12 o'clock noon Wednesday, after which time the committee shall arrange allotment loans on the basis of offers and requests received by such time including modifications thereof. Loan offers and requests not fully utilized in such loan allotment arrangements may be modified or withdrawn. Offers to loan and requests to borrow allotment received subsequent to 12 o'clock noon Wednesday may be modified or withdrawn at any time during such prorate week provided that arrangements with respect to such offered allotment have not been completed by the committee.

(iii) *Cancellation.* Loan offers and requests submitted subsequent to 12 o'clock noon Wednesday, remain in effect until midnight Saturday unless withdrawn before such time.

(iv) *Payback dates.* Each handler offering allotment for loan shall specify at least two payback dates for such allotment, or any part thereof. To receive the loan of such allotment, or portion thereof offered, the payback date specified by the requesting handler must be the same as one of the repayment dates specified by the offering handler. For loan arrangements made pursuant to subparagraph (2)(v) of this paragraph, payback dates may be negotiated by the handlers.

(v) *Ability to repay.* Before arranging or approving allotment loans, the committee shall determine that the borrowing handler has, with a reasonable degree of certainty, the ability to make repayment within 1 year from the date of the loan.

(2) *Method of arranging loans.*—(i) *District application.* Offers to loan allotment shall be applied first to the arrangement of loans to handlers within the same district. Any surplus to allotment from such district shall then be apportioned in like manner to requests for allotment by handlers in other districts.

(ii) *Arrangement when requests exceed quantity offered.* If the requests for allotment in a district exceed the quantity offered by the handlers in that district, the quantity offered shall be apportioned to each borrowing handler so that the amount each receives bears the same ratio to the total amount received by all borrowing handlers as his average weekly pick bears to the total of average weekly picks of all borrowing handlers, but not to exceed the amount originally requested.

(iii) *Arrangement when quantity offered exceeds requests.* If the quantity offered in any district exceeds the quantity requested in that district, the same proportion of each offering handler's allotment shall be loaned.

(iv) *Loan arrangements for requests filed before 12 o'clock noon.* Immediately after 12 o'clock noon deadline on Wednesday, the committee will, to the extent practicable, arrange loans on the basis of requests and offers received prior to this time using the methods prescribed in this section.

(v) *Loan arrangements for requests filed after 12 o'clock noon.* Offers to loan allotment received by the committee subsequent to 12 o'clock noon Wednesday, shall be applied pursuant to this section first to arrangement of loans to handlers within the same district whose requests were received prior to such time but have not been filled. Any remaining allotment shall be applied to the arrangement of loans to handlers filing requests subsequent to 12 o'clock noon Wednesday. Such requests shall be filled pursuant to the provisions of this section, to the extent practicable, in the order received. When repayment dates of borrowing and loaning handlers do not coincide, the committee may advise the requesting handler of the handlers in his district having allotment to loan, permitting them to work out and modify payback dates to accomplish loans.

§ 910.161a Off-bloom allotment.

(a) *Application for certification.* Applications are to be filed at such time as designated by the committee, but not later than 30 days prior to the anticipated picking of off-bloom lemons in Districts 1 and 3. Any handler controlling off-bloom lemons who desires to handle such lemons prior to the picking of his normal crop lemons, shall file an application for certification with the committee on LAC Form 103, pursuant to § 910.106. Such application shall show the name and address of the applicant, the specific location of the off-bloom lemon groves, the estimated quantity of off-bloom fruit available, and the estimated time of picking such fruit. On the basis of all the information available including factors prescribed in § 910.51(b), the committee shall certify the quantity of each handler's off-bloom lemons and determine the extent to which off-bloom allotment shall be granted.

(b) *Application for weekly allotment.* Any handler who desires to receive allotment for a specific week to handle lemons certified under the preceding paragraph shall request such allotments in person, by telephone, telegram, or by filing properly completed LAC Form 161 in accordance with § 910.106. All requests not made by properly completed LAC Form 161 shall be confirmed by filing such form as provided in § 910.106. Each application shall contain the name and address of the applicant, the number of cartons of off-bloom allotment desired to be shipped during a specific week and such other information as the committee may request.

(c) *Issuance of weekly allotment.* The committee shall allocate allotment each week in such proportion as the quantity of off-bloom lemons a handler has certified bears to the total quantity of all off-bloom lemons certified for all handlers, but not in excess of the amount a handler requests, and any allotment then remaining shall be granted in successive increments, as necessary, to handlers filing requests, in the same proportion as aforesaid, but not in excess of the amount requested: *Provided,* That the quantity of off-bloom allotments issued a handler shall not exceed the total quantity of off-bloom lemons he has certified.

(d) *Use of allotment.* Off-bloom allotments issued to any qualifying handler may be used pursuant to this section only during the week for which issued. The provisions of §§ 910.57 and 910.58 relating to over and under shipment are not applicable to off-bloom allotment.

(e) *Off-bloom allotment loans.* A handler to whom off-bloom allotment has been issued may lend such allotment to other handlers of lemons produced in the same district to whom off-bloom allotment has also been issued. Such loans must be arranged by the parties in accordance with the procedure set forth in § 910.159(a), and the committee shall not arrange loans for such handlers as provided in §910.159(b). Such loan agreements shall include a date for repayment of the allotments during the time the lender has off-bloom lemons available for shipment and during such time as the borrower may be reasonably expected to draw sufficient allotment to accomplish payback. If on the date of repayment specified in the loan agreement, the borrower has insufficient off-

bloom allotment to repay a loan, such loan will continue to be paid off during successive weeks while the borrower is being issued off-bloom allotment. Off-bloom allotments shall be repaid only from such allotments received during the current fiscal year.

SIZE REGULATION

§ 910.165 Exemption from size regulation.

(a) *Application.* Each grower who desires to be exempted, pursuant to § 910.67, from the provisions of any size regulation established by the Secretary, may file with the committee an application for one or more exemption certificates on LAC Form 200. Such application must, unless otherwise provided pursuant to paragraph (b) of this section, be furnished to the committee not later than the Monday of the week preceding the week during which the grower desires the committee to take action thereon, and shall contain the following information: (1) Name and address of the applicant; (2) location of the lemons which the grower wishes covered by the exemption certificates; (3) the estimated sizes of the lemons contained in the applicant's groves and percentages of the representative sizes; (4) the size tests or other facts upon which such estimates are based showing, with respect to the size tests, the number of lemons per tree tested and the total number of lemons tested per acre; (5) the quantity of lemons (in terms of cartons) which the applicant estimates will be needed to be exempted from size regulation to permit the applicant to handle, or have handled, a percentage of his lemons equal to the average percentage that may be handled on behalf of all growers in the same district, as provided in § 910.67; and (6) the name of each packinghouse through which the applicant's lemons are to be handled.

(b) *Final dates for filing application.* The committee may provide final dates for the filing of applications for exemptions from size regulations in each district.

(c) *Investigation by the field department.* The committee shall refer such application to its field department for investigation. The field department shall make such checks as it determines are necessary to establish the accuracy of the information submitted in the application and the need of the applicant for an exemption certificate. The report of the field department shall be submitted to the committee for its consideration in connection with the issuance of an exemption certificate. If the committee determines that the information furnished by the applicant is inadequate, it may require the applicant to submit additional information, including additional size tests.

(d) *Determination by the committee.* Based upon all available information, the committee may authorize the committee manager to issue exemption certificates on LAC Form 201 to the applicant which will permit the applicant to have as large a proportion of his lemons handled as the average proportion of lemons that will be handled on behalf of all growers in the same district. The initial exemption certificate issued pursuant to this section to any applicant may provide for exemption of not more than 75 percent of the applicant's estimated needs, and subsequent exemption certificates shall thereafter be issued to the extent required by the provisions of § 910.67.

(e) *Exemption certificate.* Upon authorization of the committee, the manager shall issue to growers who have applied therefor, exemption certificates which shall contain the following information: (1) Name and address of grower-applicant to whom issued; (2) location of grove or groves; (3) the respective quantities of lemons of each size permitted to be handled without regard to the existing size regulation; and (4) the period covered by the exemption certificate. The exemption certificate shall be issued in quadruplicate, one copy to be retained by the committee, and three copies to be issued to the grower. The grower shall endorse and deliver two copies to the handler who is to handle such lemons. Immediately upon shipping such lemons the handler shall sign and mail, or otherwise deliver, to the committee one copy of such certificate. An exemption certificate may be used only for the handling of lemons covered by the certificate. As required by § 910.67, all handling of such lemons shall be subject to, and limited by, allotment when volume regulation is in effect.

REPORTS

§ 910.170 Reports.

(a) Handlers shall submit to the committee all required reports, including those prescribed in this section. Copies of report forms may be obtained from the committee. Unless otherwise specified in the particular report form, information with respect to volume of lemons shall be reported in terms of packed cartons. For fresh shipments of lemons other than in cartons, the volume of such lemons shall be converted into cartons on the basis of 38 pounds net weight per carton.

(b) *Lemon Diversion Report (LAC Form 5).* Each Lemon Diversion Report submitted shall set forth the name and address of the approved byproducts manufacturer, charitable institution, relief agency, or other diversion outlet to which the lemons were shipped; the number of loose boxes of such lemons; total net weight of such lemons; and certification by the handler and the receiver of such lemons as to the accuracy of the information contained in the report. This report shall be submitted to the committee not later than Saturday of the then current week.

(c) *Daily Manifest Report and Certificate of Assignment of Allotment (LAC Form 203–6).* Within 24 hours after shipments of lemons is made to points within the continental United States or to Alaska or Canada, the handler thereof shall report such shipment to the committee on LAC Form 203–6 properly completed and signed by the handler or his authorized agent. Form LAC 203–6 shall include the following information with respect to each shipment:

(1) The total quantity of lemons and size distribution thereof.

(2) The date and time of pickup or shipment.

(3) The handler's invoice number.

(4) The destination.

(5) The truck license, or railroad car number.

In addition, for truck shipments, the name of the driver and the driver's signature, and the name and address of consignee shall be given.

(d) *Weekly Report (LAC Form 8).* (1) All handlers shall, on LAC Form 8, provide the committee with the following information concerning receipt and disposition of all lemons handled each week. Such report shall be mailed to the committee not later than Monday of the week following:

(i) The total shipments of fresh lemons subject to allotment; volume exported other than to Canada; volume handled for conversion into byproducts; volume shipped for distribution by relief agencies or for consumption by charitable institutions; and volume disposed of otherwise.

(ii) The total field boxes of lemons received.

(iii) The location of any lemons stored in loose or packed form within the production area other than the handler's own premises. The name of the storage facility where stored, the respective quantity of lemons transported to such facilities and so stored, and the date and quantity of each shipment of lemons from such storage.

(2) Information required to complete LAC Form 8 shall be compiled by handlers not later than noon Monday, and upon telephone request, handlers shall orally provide the committee with such information.

LEMONS NOT SUBJECT TO REGULATION

§ 910.180 Lemons not subject to regulation.

(a) *Byproduct lemons.* No handler shall be granted exemption from regulations to handle lemons for conversion into byproducts unless such lemons are shipped to an approved byproducts manufacturer. All shipments to an approved byproducts manufacturer shall be reported to the committee on LAC Form 5 pursuant to § 910.170(b).

(b) *Approved byproducts manufacturer.* Any person who desires to buy, as an approved byproducts manufacturer, lemons for conversion into byproducts shall, prior thereto, file with the committee a signed application therefor on LAC Form 104, which shall contain the following information: (1) Name and address of the applicant; (2) a statement that the lemons obtained for conversion into byproducts will be used for that purpose only and will not be resold, disposed of, or in any other way handled in fresh fruit channels; and (3) an agreement to submit such reports as may be required by the committee. The ap-

plication shall contain a statement that failure to submit the reports required under subparagraph (3) of this paragraph, will be cause for the removal of such person's name from the list of approved byproducts manufacturers. The application shall be signed by the applicant or his authorized agent. Upon filing of the application it will be referred to the committee's Compliance Department for investigation. When completed, the report of the investigation shall be given to the committee; and, based thereon and upon other available information, the committee shall approve or disapprove the application and notify the applicant accordingly. If the application is approved, the name of the applicant shall be placed on the list of approved byproduct manufacturers.

(c) *Lemons for export*—(1) *To Mexico.* With respect to all shipments of lemons to Mexico, the handler shall obtain from the purchaser, at the time of delivery of such lemons, a certification on LAC Form 11, to the U.S. Department of Agriculture and the Lemon Administrative Committee that such lemons are to be exported directly to Mexico and will not reenter the United States or be reshipped to Canada. Such certificate (LAC Form 11) shall state the date of shipment, the quantity of lemons included in such shipment, the truck license number or other identification of the carrier of such lemons, and the signature of the purchaser or his authorized agent and the address thereof. The certificate shall be filed with the handler's weekly report.

(2) *Armed Forces for export.* With respect to all sales of lemons to the Armed Forces for export, the handler shall complete LAC Form 12, "Certificate of Sale of Lemons for Export to the Armed Forces", showing date of shipment, the quantity of lemons included in such shipment, their destination or port of departure, and the purchase order number. Such certificate shall be signed by the handler or his authorized agent and shall be submitted to the committee with the handler's weekly report. Handlers who maintain documents in the regular course of their business containing all of the information required for completion of LAC Form 12, which bear the signature of the handler or his authorized agent, subject to committee approval, may in lieu thereof, submit to the committee a copy of these documents in the same manner as LAC Form 12.

(3) *Other shipments in export.* To be entitled to an exemption for export, except on shipments of lemons to Mexico, or the Armed Forces, the handler must stencil or otherwise mark the container for export purposes at his packinghouse, and thereafter forward the lemons directly to the point of export embarkation. Such handler shall submit to the committee, attached to LAC Form 8, documentary proof acceptable to the committee showing that the lemons were actually exported.

(d) *Minimum quantities and types of shipments.* (1) Any grower who is unable to market lemons produced by him because of the quantity involved or the location of his grove, or because he is unable to find a handler who is willing to market his lemons may file with the committee an application for exemption from regulation. Such application shall contain the following information: (i) Name and address of the applicant; (ii) location of grove or lemon trees; (iii) the number of lemon trees producing the lemons for which an exemption is requested; (iv) the name and address of the packinghouse nearest to such grove or trees; (v) a statement of the efforts the applicant has made to find a handler willing to accept his lemons; (vi) the outlet or outlets in which he intends to market his lemons if an exemption from regulation is granted and (vii) the estimated quantity of lemons that will be marketed during the season if exemption is granted. Such application shall be referred by the committee to its Compliance Department for investigation, and upon receipt of the report of investigation, the committee shall determine if an exemption should be granted. The committee shall notify the applicant in writing of its determination.

(2) Any person who markets or distributes lemons in containers different than those used in regular commercial practice, such as in gift packages, or in types of shipments not customarily made by lemon handlers, may file an application with the committee for exemption from regulation for such shipments. Such application shall contain the following information: (i) Name and address of the applicant; (ii) the type of shipment or container for which an exemption is requested; (iii) the estimated volume of lemons to be handled in such type of shipments during a marketing season; (iv) the outlets to which such shipments are to be made; and (v) a statement of applicant's reasons why such shipments should be exempted from regulation. Such application shall be referred to the committee's Compliance Department of investigation and upon receipt of the investigation report, the committee shall determine if an exemption should be granted to the applicant. The committee shall notify the applicant in writing of its determination.

PEACHES GROWN IN MESA COUNTY, COLO.

Expenses and Rate of Assessment For 1970–71 Fiscal Period

Consideration is being given to the following proposals submitted by the Administrative Committee, established under the marketing agreement, as amended, and Order No. 919, as amended (7 CFR Part 919), regulating the handling of peaches grown in the County of Mesa in the State of Colorado, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674), as the agency to administer the terms and provisions thereof:

(1) That expenses that are reasonable and likely to be incurred by the Administrative Committee during the period November 1, 1970, through October 31, 1971, will amount to $2,000.

(2) That there be fixed, at $0.01 per cwt. of peaches the rate of assessment payable by each handler in accordance with § 919.41 of the aforesaid marketing agreement and order.

All persons who desire to submit written data, views, or arguments in connection with the aforesaid proposals should file the same, in quadruplicate, with the Hearing Clerk, U.S. Department of Agriculture, Room 112, Administration Building, Washington, D.C. 20250, not later than the 10th day after publication of this notice in the FEDERAL REGISTER. All written submissions made pursuant to this notice will be made available for public inspection at the office of the Hearing Clerk during regular business hours (7 CFR 1.27(b)).

ONIONS GROWN IN DESIGNATED COUNTIES IN IDAHO AND MALHEUR COUNTY, OREG.

Notice of Proposed Rule Making

Consideration is being given to the issuance of an amendment to the limitation of shipments regulation, as hereinafter set forth, which was recommended by the Idaho-Eastern Oregon Onion Committee, established pursuant to Marketing Agreement No. 130 and Order No. 958, both as amended (7 CFR Part 958), regulating the handling of onions grown in the production area defined therein. This program is effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.).

All persons who desire to submit written data, views, or arguments in connection with this proposal shall file the same with the Hearing Clerk, Room 112-A, U.S. Department of Agriculture, Washington, D.C. 20250, not later than 5 days after publication of this notice in the FEDERAL REGISTER. All written submissions made pursuant to this notice will be made available for public inspection at the office of the Hearing Clerk during regular business hours (7 CFR 1.27(b)).

The recommendations of the committee reflect its appraisal of the composition of the 1971 crop of Idaho-Eastern Oregon onions and of the marketing prospects for this season. Harvesting of early transplant onions has already

begun and harvesting of the regular late summer crop planted from seed is expected to begin on or about August 9.

The grade, size, and quality requirements provided herein are necessary to prevent onions of poor quality or undesirable sizes from being distributed in fresh market channels. They will also provide consumers with good quality onions consistent with the overall quality of the crop, and maximize returns to producers for the preferred quality and sizes.

The regulations with respect to special purpose shipments for other than fresh market use are designed to meet the different requirements for such outlets. The proposal is as follows:

Regulation, as amended. Section 958.316 (36 F.R. 13260) is hereby amended to read as follows:

§ 958.316 Limitation of shipments.

During the period August 9, 1971, through May 15, 1972, no person may handle any lot of yellow or white varieties of onions unless such onions are at least "moderately cured," as defined in paragraph (e) of this section, and meet the requirements of paragraph (a) of this section, or unless such onions are handled in accordance with paragraphs (b), (c), or (d) of this section.

(a) *Grade, size, and pack requirements*—(1) *Yellow varieties.* U.S. No. 1, 2¼ inches minimum diameter; or U.S. No. 1, 1½ inches minimum to 2¼ inches maximum diameter, if packed separately; or U.S. No. 2 grade, 3 inches minimum diameter, of not more than 30 percent of the lot is comprised of onions of U.S. No. 1 quality.

(2) *White varieties.* U.S. No. 1, 1½ inches minimum diameter; or U.S. No. 2, if not more than 30 percent of the lot is comprised of onions of U.S. No. 1 quality, 1½ inches minimum diameter; or U.S. No. 2, 1 inch minimum to 2 inches maximum diameter if packed separately.

(b) *Special purpose shipments.* The minimum grade, size, and quality requirements of this section shall not be applicable to shipments of onions for any of the following purposes:

(1) Planting;
(2) Livestock feed;
(3) Charity;
(4) Dehydration;
(5) Canning; and
(6) Freezing.

(c) *Safeguards.* Each handler making shipments of onions for dehydration, canning, or freezing pursuant to paragraph (b) of this section shall:

(1) First apply to the committee for and obtain a Certificate of Privilege to make such shipments;

(2) Prepare, on forms furnished by the committee, a report in quadruplicate on each individual shipment to such outlets authorized in paragraph (b) of this section;

(3) Bill or consign each shipment directly to the applicable processor; and

(4) Forward one copy of such report to the committee office, and two copies to the processor for signing and returning one copy to the committee office. Failure of the handler or processor to report such shipments by promptly signing and returning the applicable report to the committee office shall be cause for cancellation of such handler's Certificate of Privilege and/or the processor's eligibility to receive further shipments pursuant to such Certificate of Privilege. Upon cancellation of any such Certificate of Privilege the handler may appeal to the committee for reconsideration.

(d) *Minimum quantity exception.* Each handler may ship up to, but not to exceed, 1 ton of onions each day without regard to the inspection and assessment requirements of this part, if such onions meet minimum grade, size, and quality requirements of this section. This exception shall not apply to any portion of a shipment that exceeds 1 ton of onions.

(e) *Definitions.* The terms "U.S. No. 1" and "U.S. No. 2" have the same meaning as when used in the U.S. Standards for Grades of Onions (§§ 51.2830–51.2854 of this title). The term "moderately cured" means the onions are definitely fairly well cured but need not be completely dry. Other terms used in this section have the same meaning as when used in Marketing Agreement No. 130 and this part.

Packers and Stockyards Administration

[9 CFR Part 203]

VOLUNTARY FILING OF SURETY BONDS UNDER THE PACKERS AND STOCKYARDS ACT

Proposed Statement of General Policy

Notice is hereby given that pursuant to § 407(a) of the Packers and Stockyards Act, 1921, as amended (7 U.S.C. 181 et seq.), the Packers and Stockyards Administration proposes to issue the following Statement of General Policy under said Act as § 203.13 of Title 9, Code of Federal Regulations:

§ 203.13 Statement with respect to voluntary filing of surety bonds under the Packers and Stockyards Act.

(a) In recent years, an increasing number of persons not specifically required to file bonds under §§ 201.27 through 201.38 of the regulations promulgated under the Packers and Stockyards Act have nonetheless voluntarily filed copies of various types of surety bonds with the Packers and Stockyards Administration. Such bonds have been filed by these persons, primarily meat packers, as a showing of good faith and assurance of payment to those with whom they engage in livestock purchase transactions. Since such bonds were not specifically required or requested of these persons unders the regulations, and because many such bonds did not fully meet the requirements for bonds to be filed under the Act, the Administration accepted such bonds for filing for informational purposes only. However, under many of these surety bonds, the Packers and Stockyards Administration has rendered assistance to claimants, surety companies, and trustees to bring about proper payment and settlement of claims when the conditions of the bonds were breached.

(b) The Packers and Stockyards Administration is concerned that misunderstandings may arise either with respect to the protection provided by these bonds or the statutory or other authority under which such bonds may be filed voluntarily. In order to better protect livestock producers and the integrity of bonds in fact required to be filed under the Act, this Agency will in the future only accept for filing on a voluntary basis surety bonds which meet the same conditions required of bonds filed under §§ 201.27 through 201.38 of the regulations in this chapter promulgated under the Act. The amount of the bond must be at least as large as if the person were required to file as a dealer under the Act. As in the past, in the event of default by the principals named therein, assistance will be furnished in bringing bona fide bond claims to a prompt and satisfactory conclusion.

(c) This policy statement will in no way alter or affect the present requirements of the Act and regulations as they apply to persons engaged in business as market agencies and dealers who are now subject to bonding under §§ 201.27 through 201.38 of the regulations in this chapter promulgated under the Packers and Stockyards Act.

Any person who wishes to file written data, views, or arguments concerning the proposed statement may do so by filing them in duplicate with the Hearing Clerk, U.S. Department of Agriculture, Washington, D.C. 20250, on or before October 1, 1971.

All written statements submitted pursuant to this notice will be made available for public inspection at the Office of the Hearing Clerk during regular office hours and in a manner convenient to the public business (7 CFR 1.27(b)).

Done at Washington, D.C., this 23d day of July 1971.

ODIN LANGEN,
Administrator, Packers and Stockyards Administration.

[42 CFR Part 73]

BIOLOGICAL PRODUCTS

Additional Standards for Poliovirus Vaccine, Live, Oral Prepared in Human Cell Cultures

Notice is hereby given that the Director, National Institutes of Health, proposes to amend Part 73 of the Public Health Service regulations by amending the additional standards for Poliovirus Vaccine, Live, Oral, which presently permit the product to be prepared only in monkey kidney tissue, to prescribe specific standards of safety, purity and potency for such product when prepared in human cell cultures.

Inquiries may be addressed, and data, views and arguments may be presented by interested parties, in writing, in triplicate, to the Director, Division of Biologics Standards, National Institutes of Health, Public Health Service, 9000 Rockville Pike, Bethesda, MD 20014. All comments received in response to this notice are available for public inspection in the Office of the Assistant to the Director, Division of Biologics Standards, Room 122, Building 29, National Institutes of Health, during regular business hours. All relevant material received not later than 30 days after publication of this notice in the FEDERAL REGISTER will be considered.

Notice is also given that it is proposed to make any amendments that are adopted effective 30 days after publication in the FEDERAL REGISTER.

It is therefore proposed to amend Part 73 as follows:

1. Amend § 73.1020 by revising paragraph (a) to read as follows:

§ 73.1020 The product.

(a) *Proper name and definition.* The proper name of this product shall be "Poliovirus Vaccine, Live, Oral," followed by a designation of the type. The vaccine shall be a preparation of one or more live, attenuated polioviruses grown in monkey kidney cell cultures, or a strain of human cell cultures found by the Director, Division of Biologics Standards, to meet the requirements of § 73.1022(b) and shall be prepared in a form suitable for oral administration.

* * * * *

2. Amend § 73.1022 by revising the section heading, by amending and redesignating present paragraph (b) as paragraph (c), and by adding a new paragraph (b) as follows:

§ 73.1022 Animal and tissue source; quarantine; personnel.

* * * * *

(b) *Human cell culture strains.* Strains of human cell cultures used for the manufacture of Poliovirus Vaccine, Live, Oral shall be (1) identified by historical records, (2) demonstrated to be free of oncogenic properties in a suitable animal test and free of adventitious microbial agents, and (3) shown to be capable of producing a vaccine which, by experience in at least 10,000 persons, has been found to be safe and antigenic. The field studies shall be so conducted that at least 5,000 of the individuals must reside when given vaccine in areas where health related statistics are regularly compiled in accordance with procedures such as those used by the National Center for Health Statistics. Data in such form as will identify each person receiving vaccine shall be furnished to the Director, Division of Biologics Standards.

(c) *Personnel.* All reasonably possible steps shall be taken to insure that personnel involved in processing the vaccine are immune to and do not excrete poliovirus.

3. Amend § 73.1023 to read as follows:

§ 73.1023 Manufacture.

(a) *Virus passages.* Virus in the final vaccine shall represent no more than five tissue culture passages from the original strain, each of which shall have met the criteria of acceptability prescribed in § 73.1020(b).

(b) *Virus propagated in monkey kidney cell cultures*—(1) *Continuous line cells.* When primary monkey kidney cell cultures are used in the manufacture of poliovirus vaccine, continuous line cells shall not be introduced or propagated in vaccine manufacturing areas.

(2) *Identification of processed kidneys.* The kidneys from each monkey shall be processed and the viral fluid resulting therefrom shall be identified as a separate monovalent harvest and kept separately from other monovalent harvests until all samples for the tests prescribed in the following subparagraph relating to that pair of kidneys shall have been withdrawn from the harvest.

(3) *Monkey kidney tissue production vessels prior to virus inoculation.* Prior to inoculation with the seed virus, the tissue culture growth in vessels representing each pair of kidneys shall be examined microscopically for evidence of cell degeneration at least 3 days after complete formation of the tissue sheet. If such evidence is observed, the tissue cultures from that pair of kidneys shall not be used for poliovirus vaccine manufacture. To test the tissue found free of cell degeneration for further evidence of freedom from demonstrable viable microbial agents, the fluid shall be removed from the cell cultures immediately prior to virus inoculation and tested in each of four culture systems: (i) Macaca monkey kidney cells, (ii) Cercopithecus monkey kidney cells, (iii) primary rabbit kidney cells, and (iv) human cells from one of the systems described in § 73.1024(a)(6), in the following manner: Aliquots of fluid from each vessel shall be pooled and at least 10 ml. of the pool inoculated into each system, with ratios of inoculum to medium being 1:1 to 1:3 and with the area of surface growth of cells at least 3 square centimeters per milliliter of test inoculum. The cultures shall be observed for at least 14 days. At the end of the observation period, at least one subculture of fluid from the Cercopithecus monkey kidney cell cultures shall be made in the same tissue culture system and the subculture shall be observed for at least 14 days. If these tests indicate the presence in the tissue culture preparation of any viable microbial agent, the tissue cultures so implicated shall not be used for poliovirus vaccine manufacture.

(4) *Control vessels.* Before inoculation with seed virus, sufficient tissue culture vessels to represent at least 25 percent of the cell suspension from each pair of kidneys shall be set aside as controls. The control vessels shall be examined microscopically for cell degeneration for an additional 14 days. The cell fluids from such control vessels shall be tested, both at the time of virus harvest and at the end of the additional observation period, by the same method prescribed for testing of fluids in subparagraph (b)(3) of this paragraph. In addition, the cell sheet in each control vessel shall be examined for presence of hemadsorption viruses by the addition of guinea pig red blood cells.

(5) *Virus harvest; interpretation of test results.* If the tissue culture in less than 80 percent of the control vessels is not free of cell degeneration at the end of the observation period, no tissue from the kidneys implicated shall be used for poliovirus vaccine manufacture. If the test results of the control vessels indicate the presence of any extraneous agent at the time of virus harvest, the entire virus harvest from that tissue culture preparation shall not be used for poliovirus vaccine manufacture. If any of the tests or observations described in subparagraphs (3) or (4) of this paragraph demonstrate the presence in the tissue culture preparation of any microbial agent known to be capable of producing human disease, the virus grown in such tissue culture preparation shall not be used for poliovirus vaccine manufacture.

(6) *Kidney tissue production vessels after virus inoculation—temperature.* After virus inoculation, production vessels shall be maintained at a temperature not to exceed 35.0° C. during the course of virus propagation.

(7) *Kidney tissue virus harvests.* Virus harvested from vessels containing the kidney tissue from one monkey may constitute a monovalent virus pool and be tested separately, or viral harvests from more than one pair of kidneys may be combined, identified and tested as a monovalent pool. Each pool shall be mixed thoroughly and samples withdrawn for testing as prescribed in § 73.1024(a). The samples shall be withdrawn immediately after harvesting and prior to further processing, except that samples of test materials frozen immediately after harvesting and maintained at −60° C. or below, may be tested upon thawing, provided no more than one freeze-thaw cycle is employed.

(8) *Filtration.* After harvesting and removal of samples for the safety tests prescribed in § 73.1024(a), the pool shall be passed through sterile filters having a sufficiently small porosity to assure bacteriologically sterile filtrates.

(c) *Virus propagated in human cell cultures*—(1) *Use of continuous line cells.* When a human cell culture strain, previously found to be suitable by the Director, Division of Biologics Standards, is used in the manufacture of poliovirus vaccine, no other continuous line cells or primary cell cultures shall be introduced or propagated in vaccine manufacturing areas.

(2) *Identification of human cell cultures.* The cell culture growth shall be characterized as to (i) identification as human cells, (ii) passage level, and (iii) karyology. Chromosome monitoring of the cell cultures used for vaccine production shall be made on permanent stained slide preparations which shall be maintained by the manufacturer as a permanent record. Monitoring shall be performed on each cell growth used for virus vaccine production. The karyologic determination shall include analyses of the exact chromosome count, karotype, polyploidy, chromosome breaks, structural chromosome abnormalities, other abnormalities such as despiralization or marked attenuations of the primary or secondary constrictions and the presence of minute chromosome. Findings based on these determinations shall not exceed the 95 percent confidence limits of the values established for the cell strain used. Cell cultures shall be processed in such a manner that the viral fluid resulting therefrom shall be identified as a separate monovalent harvest and kept separately from other monovalent harvests until all samples for the tests prescribed in the following subparagraph shall have been withdrawn from the harvest.

(3) *Human cell culture production vessels prior to virus inoculation.* Prior to inoculation with the seed virus, the cell culture growth shall be examined microscopically for evidence of cell degeneration after complete formation of the cell sheet. If such evidence is observed, the cell production lot shall not be used for poliovirus vaccine manufacture. To test the cell cultures found free of cell degeneraion for further evidence of freedom from demonstrable viable microbial agents, the fluid shall be removed from the cell cultures immediately prior to virus inoculation and tested in each of three culture systems: (i) Cercopithecus monkey kidney cells, (ii) primary rabbit kidney cells, and (iii) human cells from one of the systems described in § 73.1024(a)(6), in the following manner: Aliquots of fluid from each vessel shall be pooled and at least 10 ml. of the pool inoculated into each system, with ratios of inoculum to medium being 1:1 to 1:3 and with the area of surface growth of cells at least 3 square centimeters per milliliter of test inoculum. The cultures shall be observed for at least 14 days. At the end of the observation period, at least one subculture of fluid from the Cercopithecus monkey kidney cell cultures shall be made in the same tissue culture system and the subculture shall be observed for at least 14 days. If these tests indicate the presence in the tissue culture preparation of any viable microbial agent, the cell cultures so implicated shall not be used for poliovirus vaccine manufacture.

(4) *Control vessels.* Before inoculation with seed virus, a portion of the cell culture shall be set aside as control material. Such a portion either shall represent at least 25 percent of the cell suspension of a single cell growth or a volume of the fluid derived from the cell cultures equivalent to at least 25 percent of the volume of the final vaccine. The control vessels shall be examined microscopically for cell degeneration for an additional 14 days. The cell fluids from such control vessels shall be tested, both at the time of virus harvest and at the end of the additional observation period, by the same method prescribed for testing of fluids in subparagraph (3) of this paragraph. In addition, the cell sheet in each control vessel shall be examined (i) for presence of hemadsorption viruses by the addition of guinea pig red blood cells and (ii) a pool of cell suspension containing at least 10^5 cells shall be tested in embryonated chicken eggs by the allantoic cavity route of inoculation for the presence of adventitious agents.

(5) *Virus harvest; interpretation of test results.* If more than 20 percent of the cell substrates in the control vessels demonstrate cell degeneration at the end of the observation period, the cells implicated shall not be used for poliovirus vaccine manufacture. If the test results of the control vessels indicate the presence of any extraneous agent at the time of virus harvest, the entire virus harvest from that cell culture preparation shall not be used for poliovirus vaccine manufacture. If any of the tests or observations described in subparagraph (3) or (4) of this paragraph demonstrate the presence in the cell culture preparations of any microbial agent known to be capable of producing human disease, the virus grown in such cell culture preparation shall not be used for poliovirus vaccine manufacture.

(6) *Human cell culture production vessels after virus inoculation—temperature.* After virus inoculation, production vessels shall be maintained at a temperature not to exceed 35.0° C. during the course of virus propagation.

(7) *Virus harvest from human cell cultures.* Virus harvested from vessels representing a single cell growth may constitute a monovalent virus pool and be tested separately, or viral harvests from vessels representing more than one cell growth may be combined, identified and tested as a monovalent pool. Each pool shall be mixed thoroughly and samples withdrawn for testing for safety as prescribed in § 73.1024(a). The samples shall be withdrawn immediately after harvesting and prior to further processing, except that samples of test materials frozen immediately after harvesting and maintained at −60° C. or below, may be tested upon thawing, provided no more than one freeze-thaw cycle is employed.

(8) *Filtration.* After harvesting and removal of samples for the safety tests prescribed in § 73.1024(a), the pool shall be passed through sterile filters having a sufficiently small porosity to assure bacteriologically sterile filtrates.

[Airspace Docket No. 71-SO-131]

CONTROL ZONE AND TRANSITION AREA

Proposed Alteration

The Federal Aviation Administration is considering an amendment to Part 71 of the Federal Aviation Regulations that would alter the Tuscaloosa, Ala., control zone and transition area.

Interested persons may submit such written data, views, or arguments as they may desire. Communications should be submitted in triplicate to the Federal Aviation Administration, Southern Region, Air Traffic Division, Post Office Box 20636, Atlanta, GA 30320. All communications received within 30 days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Administration officials may be made by contacting the Chief, Airspace and Procedures Branch. Any data, views, or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in light of comments received.

The official docket will be available for examination by interested persons at the Federal Aviation Administration, Southern Region, Room 724, 3400 Whipple Street, East Point, GA.

The Tuscaloosa control zone described in § 71.171 (36 F.R. 2055) would be amended as follows:

"* * * 8.5 miles northeast of the VORTAC * * *," would be deleted and "* * * 8.5 miles northeast of the VORTAC; within 1.5 miles each side of the ILS localizer southwest course, extending from the 5-mile-radius zone to 0.5 mile northeast of the OM * * *," would be substituted therefor.

The Tuscaloosa transition area described in § 71.181 (36 F.R. 2140) would be amended as follows:

"* * * longitude 87°36'45" W.) * * *," would be deleted and "* * * longitude 87°36'45" W.); within 3 miles each side

of the ILS localizer southwest course, extending from the 8.5-mile-radius area to 8.5 miles southwest of the OM * * *" would be substituted therefor.

The proposed alterations are required to provide controlled airspace protection for IFR aircraft executing the proposed ILS Runway 4 Instrument Approach Procedure to Van De Graaff Airport.

This amendment is proposed under the authority of section 307(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1348(a)) and of section 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).

Issued in East Point, Ga., on July 22, 1971.

JAMES G. ROGERS,
Director, Southern Region.

TRANSITION AREA

Proposed Alteration

The Federal Aviation Administration is considering amending Part 71 of the Federal Aviation Regulations to alter the Beeville, Tex., transition area.

Interested persons may submit such written data, views, or arguments as they may desire. Communications should be submitted in triplicate to the Chief, Air Traffic Division, Southwest Region, Federal Aviation Administration, Post Office Box 1689, Fort Worth, TX 76101. All communications received within 30 days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Administration officials may be made by contacting the Chief, Air Traffic Division. Any data, views, or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

The official docket will be available for examination by interested persons at the Office of the Regional Counsel, Southwest Region, Federal Aviation Administration, Fort Worth, Tex. An informal docket will also be available for examination at the Office of the Chief, Air Traffic Division.

It is proposed to amend Part 71 of the Federal Aviation Regulations as hereinafter set forth.

In § 71.181 (36 F.R. 2140), the Beeville, Tex., transition area is amended to read as follows:

BEEVILLE, TEX.

That airspace extending from 700 feet above the surface within a 7-mile radius of NAS Chase Field (lat. 28°21'50" N., long. 97°39'40" W.); within 2 miles each side of the NAS Chase TACAN 129° and 321° radials extending from the 7-mile-radius area to 10 miles northwest and southeast of the TACAN; within 2 miles each side of the 339° bearing from the NAS Chase RBN extending from the 7-mile-radius area to 12 miles north of the RBN; within 6.5-mile radius of Beeville Municipal Airport (lat. 28°22'00" N., long. 97°48'00" W.).

The proposed alteration will provide airspace protection for aircraft executing approach/departure procedures proposed to serve the Beeville, Tex., Municipal Airport located approximately 9 statute miles west of NAS Chase Field. Communications are available through NAS Chase Field, Tex., Airport Traffic Control Tower.

This amendment is proposed under the authority of section 307(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1348) and of section 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).

Issued in Fort Worth, Tex., on July 21, 1971.

TRANSITION AREA

Proposed Alteration

The Federal Aviation Administration is considering amending Part 71 of the Federal Aviation Regulations to alter the Dallas-Fort Worth, Tex., transition area.

Interested persons may submit such written data, views, or arguments as they may desire. Communications should be submitted in triplicate to the Chief, Air Traffic Division, Southwest Region, Federal Aviation Administration, Post Office Box 1689, Fort Worth TX 76101. All communications received within 30 days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Administration officials may be made by contacting the Chief, Air Traffic Division. Any data, views, or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

The official docket will be available for examination by interested persons at the Office of the Regional Counsel, Southwest Region, Federal Aviation Administration, Fort Worth, Tex. An informal docket will also be available for examination at the Office of the Chief, Air Traffic Division.

It is proposed to amend Part 71 of the Federal Aviation Regulations as hereinafter set forth.

Proposed alteration of the Dallas-Fort Worth, Tex., 700-foot transition area will provide controlled airspace necessary to accommodate an instrument approach procedure proposed to serve the Lancaster, Tex., Municipal Airport. This proposed procedure will utilize the Lancaster NDB.

It is proposed to amend Part 71 of the Federal Aviation Regulations as hereinafter set forth:

In § 71.181 (36 F.R. 2140), the Dallas-Fort Worth, Tex., transition area 700-foot portion is amended in part by deleting "latitude 32°44'00" N., longitude 96°26'00" W.; to latitude 32°32'00" N., longitude 96°40'00" W.; to latitude 32°29'00" N., longitude 97°01'00" W." and substituting therefor "latitude 32°-44'00" N., longitude 96°26'00" W.; to latitude 32°34'00" N., longitude 96°37'-00" W.; to latitude 32°29'00" N., longitude 96°32'00" W.; to latitude 32°25'00" N., longitude 96°38'00" W.; to latitude 32°31'00" N., longitude 96°44'00" W.; to latitude 32°29'00" N., longitude 97°01'-00" W.;".

This amendment is proposed under the authority of section 307(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1348) and of section 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).

Issued in Fort Worth, Tex., on July 21, 1971.

TRANSITION AREA

Proposed Alteration

The Federal Aviation Administration is considering amending Part 71 of the Federal Aviation Regulations to alter the Crossett, Ark., transition area.

Interested persons may submit such written data, views, or arguments as they may desire. Communications should be submitted in triplicate to the Chief, Air Traffic Division, Southwest Region, Federal Aviation Administration, Post Office Box 1689, Fort Worth, TX 76101. All communications received within 30 days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Administration officials may be made by contacting the Chief, Air Traffic Division. Any data, views, or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

The official docket will be available for examination by interested persons at the Office of the Regional Counsel, Southwest Region, Federal Aviation Administration, Forth Worth, Tex. An informal docket will also be available for examina-

tion at the Office of the Chief, Air Traffic Division.

It is proposed to amend Part 71 of the Federal Aviation Regulations as hereinafter set forth.

In § 71.181 (36 F.R. 2140), the Crossett, Ark., transition area is amended to read:

CROSSETT, ARK.

That airspace extending upward from 700 feet above the surface within a 6.5-mile radius of Crossett Municipal Airport (latitude 33°10'30" N., longitude 91°52'45" W.); and within 3 miles each side of the 056° bearing from the Crossett RBN (latitude 33°10'30" N., longitude 91°52'45" W.), extending from the 6.5-mile-radius area to 8.5 miles northeast of the RBN.

Alteration of the Crossett, Ark., transition area will change the dimensions of the controlled airspace in accordance with Terminal Instrument Procedures (TERPs) standards and airspace criteria.

This amendment is proposed under the authority of section 307(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1348) and of section 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).

The official docket will be available for examination by interested persons at the Office of the Regional Counsel, Southwest Region, Federal Aviation Administration, Fort Worth, Tex. An informal docket will also be available for examination at the Office of the Chief, Air Traffic Division.

It is proposed to amend Part 71 of the Federal Aviation Regulations as hereinafter set forth.

In § 71.181 (36 F.R. 2140), the Monticello, Ark., transition area is amended to read:

MONTICELLO, ARK.

That airspace extending upward from 700 feet above the surface within a 6.5-mile radius of Monticello Municipal Airport (latitude 33°38'10" N., longitude 91°45'10" W.).

Alteration of the Monticello, Ark., transition area will change the dimensions of the existing 700-foot transition area to conform to Terminal Instrument Procedures (TERPs) standards and airspace criteria.

This amendment is proposed under the authority of section 307(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1348) and of section 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).

The official docket will be available for examination by interested persons at the Office of the Regional Counsel, Southwest Region, Federal Aviation Administration, Fort Worth, Tex. An informal docket will also be available for examination at the Office of the Chief, Air Traffic Division.

It is proposed to amend Part 71 of the Federal Aviation Regulations as hereinafter set forth.

In § 71.181 (36 F.R. 2140), the Batesville, Ark., 700-foot transition area is amended to read:

BATESVILLE, ARK.

That airspace extending upward from 700 feet above the surface within a 12-mile radius of the Batesville Regional Airport (latitude 35°43'50" N., longitude 91°38'25" W.).

The highest terrain within the 12-mile-radius area is 700 feet above airport elevation. Alteration of the Batesville, Ark., transition area will increase the dimension of the existing transition area in consideration of the terrain and in conformity with Terminal Instrument Procedures (TERPs) and airspace criteria.

This amendment is proposed under the authority of section 307(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1348) and of section 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).

The official docket will be available for examination by interested persons at the Office of the Regional Counsel, Southwest Region, Federal Aviation Administration, Fort Worth, Tex. An informal docket will also be available for examination at the Office of the Chief, Air Traffic Division.

It is proposed to amend Part 71 of the Federal Aviation Regulations as hereinafter set forth.

(1) In § 71.171 (36 F.R. 2055), the

Santa Fe, N. Mex., control zone is amended to read:

SANTA FE, N. MEX.

Within a 6.5-mile radius of the Santa Fe County Municipal Airport (latitude 35°37' 00'' N., longitude 106°05'25'' W.).

(2) In § 71.181 (36 F.R. 2140), the Santa Fe, N. Mex., transition area is amended to read:

SANTA FE, N. MEX.

That airspace extending upward from 700 feet above the surface within an 11.5-mile radius of the Santa Fe County Municipal Airport (latitude 35°37'00'' N., longitude 106°05'25'' W.), and within 3 miles each side of the Santa Fe VORTAC 165° radial, extending from the 1.5-mile-radius area to 9 miles south of the VORTAC.

(3) In § 71.181 (36 F.R. 2140), the New Mexico transition area is amended, in part, by deleting "lat. 35°47'00'' N., long. 106°15'00'' W., to lat. 35°47'00'' N., long. 105°50'00'' W.," and substituting therefor "lat. 35°47'00'' N., long. 106° 15'00'' W., to lat. 35°47'00'' N., long. 106°12'30'' W., to lat. 36°05'35'' N., long. 106°09'50'' W., to lat. 36°03'40'' N., long. 105°52'20'' W., to lat. 35°47'00'' N., long. 105°54'40'' W., to lat. 35°47''00'' N., long. 105°50'00'' W.,".

The proposed changes in controlled airspace are needed to conform to Terminal Instrument Procedures (TERPs) standards and airspace criteria.

This amendment is proposed under the authority of section 307(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1348) and of section 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).

Issued in Fort Worth, Tex., on July 22, 1971.

R. V. REYNOLDS,
Acting Director, Southwest Region.

FEDERAL AIRWAY AND JET ROUTE

Proposed Designation

The Federal Aviation Administration (FAA) is considering amendments to Parts 71 and 75 of the Federal Aviation Regulations that would designate the U.S. portion of an airway and a jet route from Bellingham, Wash., direct to Williams Lake, British Columbia.

Interested persons may participate in the proposed rule making by submitting such written data, views, or arguments as they may desire. Communications should identify the airspace docket number and be submitted in triplicate to the Director, Western Region, Attention: Chief, Air Traffic Division, Federal Aviation Administration, 5651 West Manchester Avenue, Post Office Box 92007 Worldway Postal Center, Los Angeles, CA 90009. All communications received within 30 days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendments. The proposals contained in this notice may be changed in the light of comments received.

An official docket will be available for examination by interested persons at the Federal Aviation Administration, Office of the General Counsel, Attention: Rules Docket, 800 Independence Avenue S.W., Washington, DC 20590. An informal docket also will be available for examination at the office of the Regional Air Traffic Division Chief.

The Ministry of Transport of Canada has proposed that the FAA designate the 3 NM U.S. portion of an airway and a jet route to serve air traffic between Bellingham, Wash., and airways presently terminating at Williams Lake. The FAA hereby proposes to take that action.

If these actions are taken, the airway and jet route described below would be designated as follows:

1. V-349 From Bellingham, Wash., to Williams Lake, B.C., Canada. The airspace within Canada is excluded.

2. Jet Route No. 528 (Bellingham, Wash., to Williams Lake, B.C., Canada) (Joins Canadian High Level Airway No. 528) from Bellingham, Wash., direct to Williams Lake, B.C., Canada, excluding the portion within Canada.

These amendments are proposed under the authority of section 307(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1348(a)) and section 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).

Issued in Washington, D.C., on July 22, 1971.

H. B. HELSTROM,
Chief, Airspace and Air Traffic Rules Division.

[49 CFR Part 393]

[Docket No. MC-30; Notice No. 71-16]

CONFORMITY WITH FEDERAL MOTOR VEHICLE SAFETY STANDARDS

Notice of Proposed Rule Making

The Director of the Bureau of Motor Carrier Safety is considering an amendment to Part 393 of the Motor Carrier Safety Regulations to require commercial motor vehicles originally manufactured in conformity with Federal Motor Vehicle Safety Standards to be equipped and to perform as required by the standards applicable to the vehicles at the time they were manufactured.

The Federal Motor Vehicle Safety Standards are issued by the Administrator of the National Highway Traffic Safety Administration pursuant to the National Traffic and Motor Vehicle Safety Act of 1966, 15 U.S.C. 1391 et seq. The standards require manufacturers of new motor vehicles and items of motor vehicle equipment to construct their products so that they perform in a manner deemed necessary to promote the public safety. Some standards apply to motor vehicles which are later used in interstate or foreign commerce. Among other things, the standards prescribe mandatory systems, parts, accessories, and equipment (such as lighting displays and associated equipment required by Standard No. 108) which must be installed on motor vehicles intended for commercial use when those vehicles are manufactured.

It seems obvious that the interests of motor vehicle safety require a vehicle manufactured in compliance with Federal standards to remain in that condition, to the maximum extent practicable, while it is in use. Removal, destruction, or impairment of the effectiveness of systems, parts, accessories, or devices installed pursuant to the standards tends to lower the vehicle's safety performance capability and thereby defeats the objective of requiring them in the first instance. There is, however, nothing in either the Motor Vehicle Safety Standards or the National Traffic and Motor Vehicle Safety Act that prohibits a vehicle user from altering it so that the vehicle no longer performs, or is no longer equipped, in the manner specified in the standards applicable to it at the time of manufacture. The authority exercised by the Director under Part II of the Interstate Commerce Act does permit him to issue and enforce such a prohibition to the extent that vehicles used in the operations of motor carriers engaged in interstate or foreign commerce are involved.

Consequently, the Director is considering adding a new § 393.4 to Part 393 of the Motor Carrier Safety Regulations (Subchapter B of Chapter III in Title 49, CFR). The new § 393.4 would read as follows:

§ 393.4 Conformity with Motor Vehicle Safety Standards.

(a) Except as provided in paragraph (b) of this section, a motor vehicle to which a Federal Motor Vehicle Safety Standard (§ 571.21 of this title) was applicable at the time it was manufactured shall be equipped with all systems, parts, equipment, and accessories required by that standard. A motor carrier shall not knowingly—

(1) Modify a motor vehicle so that it does not perform in the manner specified in a Federal Motor Vehicle Safety Standard applicable to the vehicle when it was manufactured; or

(2) Remove, destroy, or impair the effectiveness of any system, part, item of equipment, or accessory installed on a motor vehicle in compliance with a Federal Motor Vehicle Safety Standard.

(b) Paragraph (a) of this section does not apply to an aspect of performance of a motor vehicle or to a system, part, item of equipment, or accessory installed on a motor vehicle with respect to which—

(1) The Director has determined that deviation from the requirements of an applicable Federal Motor Vehicle Safety Standard will impose a higher standard of performance; and

(2) The Director includes notice of that determination in a rule in this subchapter requiring deviation from the re-

quirements of the Federal Motor Vehicle Safety Standard.

Interested persons are invited to submit written data, views, or arguments pertaining to the proposed new rule. Comments must identify the docket number and must be submitted in three copies to the Director, Bureau of Motor Carrier Safety, Washington, D.C. 20591. All comments received before the close of business on October 15, 1971, will be considered before further action is taken on this proposal. All comments will be available for examination in the docket of the Bureau of Motor Carrier Safety in Room 4134, 400 Seventh Street SW., Washington, DC, before and after the closing date for comments.

This notice of proposed rule making is issued under the authority of section 204 of the Interstate Commerce Act, as amended, 49 U.S.C. 304, section 6 of the Department of Transportation Act, 49 U.S.C. 1655, the delegation of authority by the Secretary of Transportation in 49 CFR 1.48, and the delegation of authority by the Federal Highway Administrator in 49 CFR 389.4.

Issued on July 22, 1971.

Director,
Bureau of Motor Carrier Safety.

ORGANIZATION AND OPERATION OF FEDERAL CREDIT UNIONS

Notice of Proposed Rule Making

Notice is hereby given that the Administrator of the National Credit Union Administration, pursuant to the authority conferred by section 120, 73 Stat. 635, 12 U.S.C. 1766, proposes to revise § 701.1 (12 CFR 701.1) as set forth below.

Interested persons are invited to submit written comments, suggestions, or objections regarding the proposed revision to the Administrator, National Credit Union Administration, 1325 K Street NW., Washington, DC 20456, to be received not later than September 3, 1971.

HERMAN NICKERSON, Jr.,
Administrator.

JULY 27, 1971.

§ 701.1 Organization of Federal credit unions.

(a) Persons desiring to form a Federal credit union shall, in conjunction with the preparation of a proposed Organization Certificate in accordance with paragraph (b) of this section, accomplish the following:

(1) Arrange a meeting and sufficiently advertise the meeting so as to afford all persons in the field of membership an opportunity to attend;

(2) Provide that an investigator shall be present at the meeting;

(3) Prior to the convening of the meeting, accomplish the following:

(i) Selection of at least seven but not more than 10 persons who will be the subscribers and who will be from and representative of the group to be served by the credit union;

(ii) Selection of at least five qualified persons who will agree to serve on the board of directors, three qualified persons who will agree to serve on the credit committee, and three qualified persons who will agree to serve on the supervisory committee (a signed written agreement to serve in these capacities until the first annual meeting and until the election of their successors shall be executed by those who will so serve. This agreement shall be submitted to the appropriate regional office of the National Credit Union Administration with other documents listed below);

(iii) Determination, by appropriate means, of the number of persons who intend to join and support the credit union, how much initial savings they will be willing to pledge to be paid in within 30 days of the approval of the charter (this information shall be supplied to the investigator at the preliminary meeting);

(4) Provide that the following shall be accomplished at the meeting:

(i) Review of necessary papers and presentation of general background by the investigator as directed by the Administrator, National Credit Union Administration;

(ii) Completion of the Investigation Report by the investigator;

(iii) Execution of page 3 of Organization Certificate;

(iv) Election of board of directors and credit committee by the subscribers;

(v) Election of officers and appointment of members of supervisory committee by board of directors;

(vi) Election of chairmen and secretaries by credit and supervisory commitees;

(vii) Voting by the board of directors to apply for Share Insurance as provided in title II of the Federal Credit Union Act and completion of the necessary application (said insurance will become effective upon approval of the charter);

(viii) Setting by the board of directors of the initial operating policies;

(ix) Forwarding by the investigator of the Investigation Report, Application and Agreements for Insurance, the proposed Organization Certificate, Confidential Report of Official (completed by each official), the Agreement to Serve, and the Report of Officials to the appropriate regional office of the National Credit Union Administration.

(b) Persons desiring to form a Federal credit union shall submit in duplicate, on forms prescribed by the Administration, a proposed Organization Certificate (Form NCUA 4006, 4007, or 4008). The certificate shall be subscribed to before an officer competent to administer oaths by not less than seven natural persons who have a common bond of occupation, or association, or are within a well-defined neighborhood, community, or rural district, and shall specifically state:

(1) The proposed name of the Federal credit union;

(2) The location of the proposed Fed-

eral credit union and the territory in which it will operate;

(3) The names and addresses of the subscribers to the certificate and the number of shares subscribed by each;

(4) The par value of the shares, which shall be $5 each;

(5) The proposed field of membership, specific in detail;

(6) The term of the existence of the corporation, which may be perpetual;

(7) The fact that the certificate is made to enable such persons to avail themselves of the advantages of the Federal Credit Union Act, as amended.

Copies of the form of the Organization Certificate may be obtained from the Washington Office of the Administration or from any Regional Office.

(c) The proposed Organization Certificates shall be submitted to the Regional Director together with a check or money order payable to the National Credit Union Administration in the amount of $25 in payment of the investigation fee of $20 and charter fee of $5. The Regional Director will investigate and make recommendations as to whether the proposed Organization Certificate conforms to the Act, as to the general character and fitness of the subscribers thereto, and as to the economic advisability of establishing and insuring the proposed Federal credit union. The report and recommendation of the Regional Director shall be forwarded to the Administration in Washington, D.C. The Administrator shall consider the proposed Organization Certificate and the recommendations of the Regional Director and shall approve or disapprove the proposed Organization Certificate. The Organization Certificate, if approved, shall be the charter of the Federal credit union. If the Organization Certificate is disapproved, the incorporators shall be notified of the basis for such action and the charter fee of $5 shall be returned to them. Under no circumstances shall the investigation fee of $20 be returned.

[OE Dockets Nos. 69-SW-2—69-SW-4]

DALLAS TEXAS CORP. ET AL.

Notice of Grant of Review

OE Docket No. 69-SW-2, the Dallas Texas Corp., OE Docket No. 69-SW-3, Ling-Temco-Vought, Inc. (First National Bank of Dallas), OE Docket No. 69-SW-4, Griffin Square, Ltd. (Arlen Griffin Ltd.).

On August 5, 1969, the Federal Aviation Administration Fort Worth Area Office, Fort Worth, Tex., issued determinations of hazard to air navigation with respect to proposals by the Dallas Texas Corp., Ling-Temco-Vought, Inc.,[1] and Griffin Square, Ltd.,[2] for the construction of buildings in Dallas, Tex. The determinations were issued under Aeronautical Studies Nos. 69-FTW-169-OE, 69-FTW-170-OE, and 69-FTW-171-OE.

[1] Changed to First National Bank of Dallas.
[2] Changed to Arlen Griffin Ltd.

On September 2, 1969, the construction sponsors petitioned the Administrator for a discretionary review of the determinations pursuant to section 77.37 of the Federal Aviation Regulations. By notice dated November 25, 1969, a review was granted in accordance with FAR, § 77.37 (c)(1). Upon completion of the review the Director, Air Traffic Service on February 6, 1970, issued a Determination of No Hazard to Air Navigation under OE Dockets Nos. 69-SW-2, 69-SW-3, and 69-SW-4. On July 12, 1971, the U.S. Court of Appeals for the Fifth Circuit ordered that the case upon discretionary review be reopened to consider anew the data and arguments presented by all parties. Therefore, the determination of February 6, 1970, is a nullity.

The construction sponsors having petitioned for review of the determinations pursuant to § 77.37 of the Federal Aviation Regulations, a review will be conducted on the basis of written materials in accordance with FAR, § 77.37(c)(1). The review will consider all material previously provided by interested persons, the original study file and all material submitted in reply to this notice. In addition, all aeronautical procedures for Dallas Love Field will again be closely examined.

Interested persons may, within 30 days of the issuance of this notice, submit relevant information in writing for consideration in the review to the Federal Aviation Administration, Airspace Obstruction and Airports Branch, AT-240, 800 Independence Avenue SW., Washington, DC 20590.

Submissions must be filed in triplicate and relevant to the effect of the proposed construction on the safe and efficient use of airspace.

Pending completion of the review and the issuance of a final determination the case reverts to its status of November 25, 1969. Therefore, the Determination of Hazard to Air Navigation issued by the Fort Worth Area Office in Aeronautical Studies Nos. 69-FTW-169-OE, 69-FTW-170-OE and 69-FTW-171-OE are not and will not be final determinations pending final disposition of the petitions.

Issued in Washington, D.C., on July 23, 1971.

WILLIAM M. FLENER,
Director, Air Traffic Service.

Notice of Application for Approval of Acquisition of Shares of Bank

Notice is hereby given that application has been made, pursuant to section 3(a)(1) of the Bank Holding Company Act of 1956 (12 U.S.C. 1842(a)(1)), by People's Mid-Illinois Corp., Bloomington, Ill., for prior approval by the Board of Governors of action whereby applicant would become a bank holding company through the acquisition of 80 percent or more of the outstanding voting shares of Peoples Bank of Bloomington, Bloomington, Ill.

Section 3(c) of the Act provides that the Board shall not approve:

(1) Any acquisition or merger or consolidation under section 3 which would result in a monopoly, or which would be in furtherance of any combination or conspiracy to monopolize or to attempt to monoplize the business of banking in any part of the United States, or

(2) Any other proposed acquisition or merger or consolidation under section 3 whose effect in any section of the country may be substantially to lessen competition, or to tend to create a monopoly, or which in any other manner would be in restraint of trade, unless the Board finds that the anticompetitive effects of the proposed transaction are clearly outweighed in the public interest by the probable effect of the transaction in meeting the convenience and needs of the community to be served.

Section 3(c) further provides that, in every case, the Board shall take into consideration the financial and managerial resources and future prospects of the company or companies and the banks concerned, and the convenience and needs of the community to be served.

Not later than thirty (30) days after the publication of this notice in the FEDERAL REGISTER, comments and views regarding the proposed acquisition may be filed with the Board. Communications should be addressed to the Secretary, Board of Governors of the Federal Reserve System, Washington, D.C. 20551. The application may be inspected at the office of the Board of Governors or the Federal Reserve Bank of Chicago.

INTERAGENCY TEXTILE ADMINISTRATIVE COMMITTEE

CERTAIN COTTON TEXTILE PRODUCTS PRODUCED OR MANUFACTURED IN BARBADOS

Entry or Withdrawal From Warehouse for Consumption

JULY 27, 1971.

On May 28, 1971, the U.S. Government requested the Government of Barbados to enter into consultations concerning exports to the United States of cotton textile products in Category 39 produced or manufactured in Barbados. Public notice of this request was published in the FEDERAL REGISTER on June 12, 1971 (36 F.R. 11491). In that request the U.S. Government indicated the specific level at which it considered that exports in this category from Barbados should be restrained for the 12-month period beginning May 28, 1971, and extending through May 27, 1972. Since no solution has been mutually agreed upon the U.S. Government in furtherance of the objectives of, and under the terms of, the Long-Term Arrangement Regarding International Trade in Cotton Textiles done at Geneva on February 9, 1962, including Article 3, paragraph 3 and Article 6(c) which relates to nonparticipants, is establishing a restraint at the level indicated in that request for the 12-month period beginning May 28, 1971, and extending through May 27, 1972. This restraint does not apply to cotton textile products in Category 39, produced or manufactured in Barbados exported to the United States prior to the beginning of the designated 12-month period.

There is published below a letter of July 23, 1971, from the Chairman of the President's Cabinet Textile Advisory Committee to the Commissioner of Customs, directing that the amount of cotton textile products in Category 39, produced or manufactured in Barbados, which may be entered or withdrawn from warehouse for consumption in the United States for the 12-month period beginning May 28, 1971, be limited to the designated level.

STANLEY NEHMER,
Chairman, Interagency Textile Administrative Committee, and Deputy Assistant Secretary for Resources.

PRESIDENT'S CABINET TEXTILE ADVISORY COMMITTEE

COMMISSIONER OF CUSTOMS
Department of the Treasury,
Washington, D.C. 20226.

JULY 23, 1971.

DEAR MR. COMMISSIONER: Under the terms of the Long-Term Arrangement Regarding International Trade in Cotton Textiles done at Geneva on February 9, 1962, including Article 6(c) thereof relating to nonparticipants, and in accordance with the procedures outlined in Executive Order 11052 of September 28, 1962, as amended by Executive Order 11214 of April 7, 1965, you are directed to prohibit, effective as soon as possible, and for the 12-month period beginning May 28, 1971, and extending through May 27, 1972, entry into the United States for consumption and withdrawal from warehouse for consumption, of cotton textile products in Category 39, produced or manufactured in Barbados, in excess of a level of restraint for the period of 70,819 dozen pairs.[1]

In carrying out this directive, entries of cotton textile products in Category 39, produced or manufactured in Barbados and which have been exported to the United States from Barbados prior to May 28, 1971, shall not be subject to this directive.

Cotton textile products which have been released from the custody of the Bureau of Customs under the provisions of 19 U.S.C. 1448(b) prior to the effective date of this directive shall not be denied entry under this directive.

A detailed description of Category 39, in terms of T.S.U.S.A. numbers was published in the FEDERAL REGISTER on January 17, 1968 (33 F.R. 582), and amendments thereto on March 15, 1968 (33 F.R. 4600).

In carrying out the above directions, entry into the United States for consumption shall be construed to include entry for consumption into the Commonwealth of Puerto Rico.

The actions taken with respect to the Government of Barbados and with respect to imports of cotton textile products from Barbados have been determined by the President's Cabinet Textile Advisory Committee to involve foreign affairs functions of the United States. Therefore, the directions to the Commissioner of Customs, being necessary to the implementation of such actions, fall within the foreign affairs exception to the notice provisions of 5 U.S.C. 553 (Supp. V, 1965-69). This letter will be published in the FEDERAL REGISTER.

Sincerely,

MAURICE H. STANS,
Secretary of Commerce, Chairman, President's Cabinet Textile Advisory Committee.

CERTAIN COTTON TEXTILE PRODUCTS PRODUCED OR MANUFACTURED IN HAITI

Entry or Withdrawal From Warehouse for Consumption

JULY 26, 1971.

On June 30, 1971, the U.S. Government in furtherance of the objective of, and under the terms of, the Long-Term Arrangement Regarding International Trade in Cotton Textiles, done at Geneva on February 9, 1962 and extended through September 30, 1973, requested the Government of Haiti to enter into consultations concerning exports to the United States of cotton textile products in Category 54 produced or manufactured in Haiti. In that request the U.S. Government stated its view that exports in this category from Haiti should be restrained for the 12-month period beginning June 30, 1971 and extending through June 29, 1972.

Notice is hereby given that under the provisions of Article 3 and 6(c) of the Long-Term Arrangement, if no solution is mutually agreed upon by the two governments within sixty (60) days of the date of the aforementioned note, entry and withdrawal from warehouse for consumption of cotton textiles in

[1] This level has not been adjusted to reflect any entries made on or after May 28, 1971.

Category 54 produced or manufactured in Haiti and exported from Haiti on and after the date of such note may be restrained.

STANLEY NEHMER,

CERTAIN COTTON TEXTILE PRODUCTS PRODUCED OR MANUFACTURED IN PERU

Entry or Withdrawal From Warehouse for Consumption

JULY 27, 1971.

On May 28, 1971, the U.S. Government requested the Government of Peru to enter into consultations concerning exports to the United States of cotton textile products in Category 22 produced or manufactured in Peru. Public notice of this request was published in the FEDERAL REGISTER on June 12, 1971 (36 F.R. 11491). In that request the U.S. Government indicated the specific level at which it considered that exports in this category from Peru should be restrained for the 12-month period beginning May 28, 1971, and extending through May 27, 1972. Since no solution has been mutually agreed upon the U.S. Government in furtherance of the objectives of, and under the terms of, the Long-Term Arrangement Regarding International Trade in Cotton Textiles done at Geneva on February 9, 1962, including Article 3, paragraph 3, and Article 6(c) which relates to nonparticipants, is establishing a restraint at the level indicated in that request for the 12-month period beginning May 28, 1971, and extending through May 27, 1972. This restraint does not apply to cotton textile products in Category 22, produced or manufactured in Peru exported to the United States prior to the beginning of the designated 12-month period.

There is published below a letter of July 23, 1971, from the Chairman of the President's Cabinet Textile Advisory Committee to the Commissioner of Customs, directing that the amount of cotton textile products in Category 22, produced or manufactured in Peru, which may be entered or withdrawn from warehouse for consumption in the United States for the 12-month period beginning May 28, 1971, be limited to the designated level.

STANLEY NEHMER,
Chairman, Interagency Textile Administrative Committee, and Deputy Assistant Secretary for Resources.

SECRETARY OF COMMERCE

PRESIDENT'S CABINET TEXTILE ADVISORY COMMITTEE

COMMISSIONER OF CUSTOMS,
Department of the Treasury,
Washington, D.C. 20226.

JULY 23, 1971.

DEAR MR. COMMISSIONER: Under the terms of the Long-Term Arrangement Regarding International Trade in Cotton Textiles done at Geneva on February 9, 1962, including Article 6(c) thereof relating to nonparticipants, and in accordance with the procedures outlined in Executive Order 11052 of September 28, 1962, as amended by Executive Order 11214 of April 7, 1965, you are directed to prohibit, effective as soon as possible, and for the 12-month period beginning May 28, 1971, and extending through May 27, 1972, entry into the United States for consumption and withdrawal from warehouse for consumption, of cotton textile products in Category 22, produced or manufactured in Peru, in excess of a level of restraint for the period of 1,481,802 square yards.[1]

In carrying out this directive, entries of cotton textile products in Category 22, produced or manufactured in Peru and which have been exported to the United States from Peru prior to May 28, 1971, shall not be subject to this directive.

Cotton textile products which have been released from the custody of the Bureau of Customs under the provisions of 19 U.S.C. 1448(b) prior to the effective date of this directive shall not be denied entry under this directive.

A detailed description of Category 22, in terms of T.S.U.S.A. numbers was published in the FEDERAL REGISTER on January 17, 1968 (33 F.R. 582), and amendments thereto on March 15, 1968 (33 F.R. 4600).

In carrying out the above directions, entry into the United States for consumption shall be construed to include entry for consumption into the Commonwealth of Puerto Rico.

The actions taken with respect to the Government of Peru and with respect to imports of cotton textile products from Peru have been determined by the President's Cabinet Textile Advisory Committee to involve foreign affairs functions of the United States. Therefore, the directions to the Commissioner of Customs, being necessary to the implementation of such actions, fall within the foreign affairs exception to the notice provisions of 5 U.S.C. 553 (Supp. V, 1965-69). This letter will be published in the FEDERAL REGISTER.

Sincerely,

MAURICE H. STANS,
Secretary of Commerce, Chairman, President's Cabinet Textile Advisory Committee.

ABLE ASSOCIATES FUND

Notice of Filing of Application for Order Exempting Proposed Transactions

JULY 26, 1971.

Notice is hereby given that Able Associates Fund (Applicant), 174 Birch Drive, Manhasset Hills, NY 11040, an open-end, nondiversified management investment company registered under the Investment Company Act of 1940 (Act), has filed an application pursuant to section 17(b) of the Act for an order exempting certain proposed transactions from section 17(a) of the Act. All interested persons are referred to the application, as amended, and exhibits thereto on file with the Commission for a statement of the representations therein which are summarized below.

Applicant was organized and registered with the Commision for the purpose of enabling Able Associates and Able Retirement Fund, general partnerships organized under the laws of the State of New York (the "Partnership"), to be dissolved and the net assets thereof distributed, thereby enabling each partner to take his pro rata share of the net assets in kind or exchange his respective interest for shares of Applicant.

Able Associates was organized in December 1959, and as of December 31, 1970, had 131 partners and assets of approximately $1,589,514. Able Retirement Fund was organized in September 1968, and as of December 31, 1970, had 80 partners and assets of $117,398. The assets of the Partnerships consist entirely of cash, securities listed on national securities exchanges, and securities traded in the over-the-counter market. The partners of the Partnerships and the Board of Directors of Applicant have approved a plan (the "Plan") to accomplish the dissolution of the Partnerships, distribution of the net assets of the Partnerships, and offer of exchange of shares of Applicant for respective interest in the net assets of the Partnerships.

The present Board of Directors of Applicant consists of eight persons, each of whom is a partner of one or both of the partnerships. These persons may be deemed "affiliated persons" of Applicant as that term is defined in section 2(a)(3) of the Act. Messrs. Burton R. Sax and Wallace M. Shaw are partners of both Partnerships, and directors and officers of Applicant. In addition, Mr. Sax has been the manager of each partnership and will serve as director and chief executive officer of Able Management, Inc., Applicant's investment adviser. Since Messrs. Sax and Shaw are providing Applicant with initial capital sufficient in amount to satisfy the capital requirements of section 14(a) of the Act, as explained below, and since both will serve as directors of Applicant, they may both be deemed to be "promoters" and "affiliated persons" of Applicant as those terms are defined in sections 2(a)(30) and 2(a)(3) of the Act, respectively. Since Applicant was formed for the purpose of transferring all of the assets of the Partnerships to Applicant, all of the other partners of the Partnerships who elect to exchange their interests for Applicant's shares, may also be deemed to be "promoters" of Applicant under section 2(a)(30) of the Act. Furthermore, consummation of the transactions contemplated in the Plan and the subscription agreements entered into by Messrs. Sax and Shaw may be deemed to involve the sale of securities and other property between a registered investment company and promoters and affiliated persons thereof.

Section 17(a) of the Act provides, in pertinent part, that it is unlawful for any affiliated person or promoter of a registered investment company, or any af-

filiated person of such affiliated person or promoter, to sell any security or other property to such registered company (except securities of which the buyer is the issuer) or to purchase from such registered company any security or other property (except securities of which the seller is the issuer).

Section 17(b) provides that a proposed transaction may be exempted from the provisions of section 17(a) upon application for an order if the evidence establishes that the terms of the proposed transactions are reasonable and fair, do not involve overreaching on the part of any person concerned, and the proposed transaction is consistent both with the policy of the investment company involved and with the general purposes of the Act.

Applicant has filed a registration statement on Form S–5 with the Commission under the Securities Act of 1933 (Securities Act) relating to a proposed offering of shares of its authorized common stock, 1 dollar par value, initially to present partners of the Partnerships and then to the general public. According to the Plan, Applicant and Messrs. Sax and Shaw (the "Subscribers") have entered into subscription agreements providing that prior to the effective date of Applicant's registration statement on Form S–5, Mr. Sax shall exchange all of his pro rata share of the cash and securities held by Able Associates for shares of Applicant, and Mr. Shaw shall exchange one-half of his respective interest in Able Associates for shares of Applicant. Securities so exchanged by the Subscribers will be valued at the market price thereof computed as of the close of business on the day prior to the date of the exchange. In exchange for such cash and securities, Applicant will issue its shares to the Subscribers in such amounts as will cause the net asset value of each of its outstanding shares (determined according to the procedures set forth in Applicant's prospectus) to be $10 immediately after the exchange. The value of the cash and securities to be exchanged by the Subscribers for shares of Applicant will exceed $100,000.

For a period of not more than 30 days after the effective date of Applicant's registration statement on Form S–5, Applicant shall offer (the "Offer"), and each partner of the Partnerships shall have the option to receive shares of the Applicant in exchange for an assignment of each respective partner's interest in the cash and securities held by the Partnerships. Under the Plan, each partner who does not elect to assign his interest may take his pro rata distribution in kind of the assets of the Partnership in which he has an interest. In the case of fractional shares, the market value thereof will be distributed in cash. The exchange of electing partners' interests for Applicant's shares, and the distribution in kind to nonelecting partners will take place collectively upon termination of the Offer. Shares of Applicant exchanged for partnership interests shall be issued at net asset value on the date of exchange. The net assets of each Partnership, now held in the name of each Partnership, will be mathematically prorated among the partners by the general partner of each Partnership. Upon the instructions of each respective partner his prorated portion of the assets will be assigned to Applicant or distributed to him. The portion of said interests consisting of securities shall be valued at the market value thereof as at the close of business on the day prior to the date of exchange. Securities listed or traded on an exchange will be valued at their last sales prices on such day. In the absence of any sales on that day, the securities will be valued at the mean between the current closing bid and asked prices. All other securities for which over-the-counter market quotations are readily available will be valued on the basis of current bid price on such day.

Applicant will assume no liabilities of the Partnerships. The assignment of the partners' interests for shares of Applicant will be a taxable exchange in accordance with the applicable provisions of the Internal Revenue Code of 1954. Upon completion of the exchange or the distribution in kind, as the case may be, the Partnerships will be dissolved. Upon termination of the Offer, shares of Applicant shall be continuously offered to the public at net asset value.

The Partnerships have outstanding loans from a bank in the aggregate amount of approximately $630,270. These loans are collateralized by a portion of each Partnership's portfolio securities. Upon termination of the Offer the Partnerships' loans will be called by the bank. Securities with a market value equal to the amount of the loans will be taken by the bank in full payment of the Partnerships' loans. The securities held by the bank as collateral and not needed to satisfy the loan will be returned to the Partnerships which will in turn transmit the securities to Applicant or to each respective partner in accordance with his instructions. Applicant will then obtain a loan from a second bank in an amount sufficient to purchase those securities taken by the first bank as payment for the Partnerships' loans. Applicant's loan will be collateralized in part by the securities purchased from the first bank as well as its portfolio securities obtained in exchange for its shares.

Applicant represents that the proposed transactions are, in accordance with section 17(b), reasonable and fair to all parties, are consistent with the investment policy of the Applicant, and are consistent with the policies of the Act. The consideration to be paid in exchange for shares of the Applicant consists entirely of cash and securities qualified for sale on national securities exchanges or traded in the over-the-counter market for which price quotes are readily available. Since the Applicant will have no assets prior to the exchange contemplated in the subscription agreements, that exchange will only have the effect of maintaining the interest of the Subscribers in the cash and securities distributed to them upon redemption of their Partnership interests. As to the other partners who elect to exchange their interests for shares of the Applicant, the exchange of their interests will be made after the consummation of the subscription agreements at net asset value determined in accordance with procedures set forth in Applicant's then current prospectus. The transactions contemplated do not involve overreaching on the part of any person concerned because the value of such securities may be objectively determined and none of the Subscribers or any of the other partners of the Partnerships have any connection with any of the companies whose securities are to be exchanged for shares of the Applicant.

The Applicant represents that the proposed transactions are consistent with its investment policy. Applicant's objectives and policies are the same as or consistent with those of the Partnerships. As a result of the proposed transactions, therefore, Applicant will acquire an investment portfolio, the composition of which will be wholly consistent with its investment policy.

Applicant also represents that the proposed transactions are consistent with the general purposes and policies of the Act. The exchange of cash and securities formerly held by the Partnerships for shares of the Applicant is not conducive to any of the practices sought to be eliminated or corrected by the Act; none of the evils to which section 17(a) is directed are present where cash, securities traded on national stock exchanges and securities traded in the over-the-counter market are exchanged for securities of a registered investment company, the major portion of which will be issued at net asset value and where no overreaching is involved. Furthermore, the transactions will permit the Applicant to acquire an investment portfolio without incurring brokerage fees.

Notice is further given that any interested person may, not later than August 12, 1971, at 5:30 p.m., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request and the issue if any, of fact or law proposed to be controverted, or he may request that he be notified if the Commission should order a hearing thereon. Any such communication shall be addressed to the Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request shall be served personally or by mail (airmail if the persons being served are located more than 500 miles from the point of mailing) upon Applicant at the address stated above. Proof of such service by affidavit (or in case of an attorney at law by certificate) shall be filed contemporaneously with the request. At any time after such date, as provided by Rule 0–5 of the rules and regulations promulgated under the Act, an order disposing of the application herein may be issued upon the basis of the information stated in said application, unless an Order for Hearing upon said application shall be issued upon request or upon the Commission's own motion.

Persons at whose request a hearing is ordered, will receive notice of further developments in the matter, including the date of the hearing, if ordered, and any postponements thereof.

For the Commission, by the Division of Corporate Regulation, pursuant to delegated authority.

VALUE LINE INCOME FUND, INC., ET AL.

Notice of Filing of Application for Order

JULY 26, 1971.

Notice is hereby given that the Value Line Income Fund, Inc. (Income Fund), an open-end diversified management investment company registered under the Investment Company Act of 1940 (Act), the Value Line Development Capital Corp. (Development Capital), 5 East 44th Street, New York, NY, a closed-end management investment company registered under the Act, and Liquidonics Industries, Inc. (Liquidonics), 45 South Service Road, Plainview, NY 11803, have filed an application pursuant to section 17(d) of the Act and Rule 17d-1 thereunder for an order permitting Income Fund and Development Capital to jointly participate in a program of recapitalization of Liquidonics, involving the holders of Junior and Senior Debt of Liquidonics. All interested persons are referred to the application, as amended, on file with the Commission for a statement of the representations therein, which are summarized below.

Income Fund owns a principal amount of $450,000 of 6 percent Convertible subordinated notes of Liquidonics due March 16, 1977 (6 percent notes), presently convertible into shares of Liquidonics common stock at a conversion price of $38.59 per share. Income Fund also owns a principal amount of $1,450,000 of 7¼ percent senior subordinated notes of Liquidonics due July 1, 1971–July 1, 1976 (7¼ percent notes), accompanied by warrants presently granting the right to purchase 17,400 shares of Liquidonics common stock at $10 per share. Development Capital owns a principal amount of $550,000 of the 6 percent convertible notes of Liquidonics presently convertible into shares of Liquidonics common stock at a conversion price of $38.59 per share.

The present aggregate principal amount of the term indebtedness of Liquidonics on a consolidated basis is approximately $39,500,000. Of this sum $16,500,000 consists of issues of senior secured indebtedness (Senior Debt) which includes the 7¼ percent notes. The balance of such indebtedness includes $22,488,500 of junior subordinated indebtedness (Junior Debt) which includes the 6 percent notes. It is represented that Liquidonics' present financial condition is such that in order to give it a chance to survive it is necessary to reduce materially its debt service burden. Accordingly, Liquidonics has proposed to the holders of its Junior and Senior Debt a program to reduce its debt service burden.

Included in the program is a plan to reduce the Junior Debt by 50 percent by requiring each holder of Junior Debt to sell to Liquidonics at least 50 percent of such holders' Junior Debt at a net cash price equal to 10 percent of the principal amount, or convert 50 percent of the principal amount of all such holders' Junior Debt, at a reduced conversion price, or sell and convert as above described, an aggregate of 50 percent of such holders' Junior Debt, or elect to exchange with Liquidonics all of such holders' Junior Debt on the following basis: each $1,000 of Liquidonics Junior Debt held by such holder for $500 of new 5½ percent convertible subordinate income notes due October 31, 1983, initially convertible at $30 per share, plus 50 shares of Liquidonics common stock.

Contingent on and subject to compliance with the foregoing part of the program by each of the holders of Junior Debt, except as shall have been waived by Liquidonics and the Mercantile National Bank at Dallas (Mercantile Bank), the program, also calls for the following:

(1) The Mercantile Bank will reduce the interest rate from 11 percent to 7 percent per annum as to Senior Debt held by it in the principal amount of $7 million.

(2) The holders of $7,800,000 outstanding principal amount of 7¼ percent notes, including the $1,450,000 principal amount held by Income Fund, will consent to a reduction in the interest under the notes from 7¼ percent to 5 percent per annum, and to a stretchout of principal repayment dates to a period continuing from 1974 to 1980.

(3) The holder of $1,500,000 principal amount of Senior Debt payable on demand will reduce the present interest rate from 10 percent per annum to 5 percent per annum and set dates for repayment of the principal, one-half in 1974 and the balance in 1975.

(4) The conversion prices with respect to all Junior Debt will be reduced to 50 percent of the present conversion price, and the exercise price of all outstanding warrants to purchase shares in connection with the 7¼ percent notes will be reduced from $10 to $5 per share.

It is stated that Income Fund and Development Capital both intend to elect to exchange the Junior Debt of Liquidonics held by them for the new 5½ percent Convertible subordinated income notes and Liquidonics Common Stock. Income Fund will also consent to a reduction in the interest rate under the $1,450,000 of 7¼ percent notes held by it, from 7¼ percent to 5 percent per annum, and to a stretchout of principal repayment dates to a period continuing from 1974 to 1980.

Not all of the holders of the Junior Debt have complied with the terms of the tender offer, including three holders of Junior Debt who did not tender any of the Junior Debt held by them. Nevertheless, because some of the holders have tendered for conversion or for purchase more than 50 percent of their holdings, the Junior Debt will be reduced by a total of $11,860,500 upon the completion of the program. Including tenders to be made by the Income Fund, and Development Capital, if the application to permit such tenders is approved by the Securities and Exchange Commission, holders of the Junior Debt have made the following tenders in response to the offer: holders of $7,150,000 of Junior Debt have tendered their notes for purchase; holders of $500,000 of Junior Debt have tendered their notes for conversion; and holders of $8,421,000 of Junior Debt have tendered their notes for exchange into notes in the amount of $4,210,500 and shares of Liquidonics Common stock.

The holders of the Senior Debt have also agreed to effect the program subject to receipt of appropriate orders from the Commission.

Section 17(d) of the Act and Rule 17d-1 thereunder, taken together, provide, among other things, that it shall be unlawful, with certain exceptions not applicable here, for an affiliated person of a registered investment company or any affiliated person of such a person, acting as principal, to participate in, or effect any transaction in connection with any joint enterprise or arrangement in which any such registered company, or a company controlled by such registered company, is a participant unless an application regarding such arrangement has been granted by the Commission, and that, in passing upon such an application, the Commission will consider whether the participation of such registered company or controlled company in such arrangement is consistent with the provisions, policies and purposes of the Act and the extent to which such participation is on a basis different from or less advantageous than that of other participants. A joint enterprise or arrangement, as used in Rule 17d-1, is defined as any written or oral plan, contract, authorization or arrangement, or any practice or understanding concerning an enterprise or undertaking whereby a registered investment company or a controlled company thereof and any affiliated person of such person or principal underwriter, have a joint or a joint and several participation in, or share in the profits of, such enterprise or undertaking.

The Income Fund and Development Capital may be affiliates of each other, within the meaning of section 2(a)(3) of the Act, since they may be considered to be under common control, as they (i) have the same manager and investment adviser, Arnold Bernhard & Co., Inc., and (ii) have officers and directors in common with each other and with the manager and investment adviser.

Notice is further given that any interested person may, not later than August 16, 1971, at 5:30 p.m., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reasons for such request and the issues of fact or law proposed to be

controverted, or he may request that he be notified if the Commission should order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request shall be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon Applicants at the addresses stated above. Proof of such service (by affidavit or in case of an attorney at law, by certificate) shall be filed contemporaneously with the request. At any time after said date, as provided by Rule 0-5 of the rules and regulations promulgated under the Act, an order disposing of the application herein may be issued upon the basis of the information stated in said application, unless an order for hearing upon said application shall be issued upon request or upon the Commission's own motion. Persons who request a hearing or advice as to whether a hearing is ordered will receive notice of further developments in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Corporate Regulation, pursuant to delegated authority.

[SEAL] THEODORE L. HUMES,
Associate Secretary.

The student-workers certificates were issued upon the applicant's representations and supporting materials fulfilling the statutory requirements for the issuance of such certificates, as interpreted and applied by Part 527.

Each learner certificate has been issued upon the representations of the employer which, among other things, were that employment of learners at special minimum rates is necessary in order to prevent curtailment of opportunities for employment, and that experienced workers for the learner occupations are not available. Any person aggrieved by the issuance of any of these certificates may seek a review or reconsideration thereof within 15 days after publication of this notice in the FEDERAL REGISTER pursuant to the provisions of 29 CFR 522.9. The certificates may be annulled or withdrawn, as indicated therein, in the manner provided in 29 CFR Part 528.

Signed at Washington, D.C., this 22d day of July 1971.

ROBERT G. GRONEWALD,
Authorized Representative of the Administrator.

CERTIFICATES AUTHORIZING EMPLOYMENT OF FULL-TIME STUDENTS WORKING OUTSIDE OF SCHOOL HOURS AT SPECIAL MINIMUM WAGES IN RETAIL OR SERVICE ESTABLISHMENTS OR IN AGRICULTURE

Notice is hereby given that pursuant to section 14 of the Fair Labor Standards Act of 1938 (52 Stat. 1060, as amended, 29 U.S.C. 201 et seq.), the regulation on employment of full-time students (29 CFR, Part 519), and Administrative Order No. 595 (31 F.R. 12981), the establishments listed in this notice have been issued special certificates authorizing the employment of full-time students working outside of school hours at hourly rates lower than the minimum wage rates otherwise applicable under section 6 of the act. While effective and expiration dates are shown for those certificates issued for less than a year, only the expiration dates are shown for certificates issued for a year. The minimum certificate rates are not less than 85 percent of the applicable statutory minimum.

The following certificates provide for an allowance not to exceed the proportion of the total hours worked by full-time students at rates below $1 an hour to the total number of hours worked by all employees in the establishment during the base period in occupations of the same general classes in which the establishment employed full-time students at wages below $1 an hour in the base year.

Each certificate has been issued upon the representations of the employer which, among other things, were that employment of full-time students at special minimum rates is necessary to prevent curtailment of opportunities for employment, and the hiring of full-time students at special minimum rates will not create a substantial probability of reducing the full-time employment opportunities of persons other than those

employed under a certificate. The certificate may be annulled or withdrawn, as indicated therein, in the manner provided in Part 528 of Title 29 of the Code of Federal Regulations. Any person aggrieved by the issuance of any of these certificates may seek a review or reconsideration thereof within 30 days after publication of this notice in the Federal Register pursuant to the provisions of 29 CFR 519.9.

Signed at Washington, D.C., this 23d day of July 1971.

DEPARTMENT OF AGRICULTURE

Commodity Credit Corporation

ACQUISITION OF 1970-CROP LOAN COTTON

Maturation and Payment of Outstanding Loans

All outstanding loans on cotton under Commodity Credit Corporation's 1970 Cotton Loan Program mature on August 2, 1971, unless Commodity Credit Corporation makes demand for payment at an earlier date. Notice is hereby given that if the borrower or a purchaser of his equity does not redeem the cotton securing any such outstanding loan before the close of business on August 2, 1971, and if Commodity Credit Corporation has not made demand for payment at an earlier date, Commodity Credit Corporation will, pursuant to the provisions of the loan agreement covering such loan, acquire title to such cotton at the close of business on August 2, 1971, and title thereto shall, without a sale thereof, vest in Commodity Credit Corporation at such time: *Provided*, That Commodity Credit Corporation will not acquire title to any cotton for which repayment has been mailed to the county ASCS office by letter postmarked (not patron postage meter date stamped) not later than August 2, 1971. As provided in the loan agreement, Commodity Credit Corporation will not pay for any market value which the cotton may have in excess of the loan value of the cotton plus applicable charges and interest. If the warehouse receipts representing any such cotton are sent to a local bank at the request of the producer or a purchaser of his equity, the loan value of the cotton, plus charges and interest, must be received by the local bank not later than the close of business on August 2, 1971. Any repayments made by mail to county ASCS offices must be postmarked (not patron postage meter date stamped) not later than August 2, 1971.

In the event a producer has made a fraudulent representation in the loan documents or in obtaining the loan, CCC shall credit the market value of the cotton as of the date title vests in CCC, as determined by CCC, against the amount due on the loan and the producer shall be personally liable for any balance due on the loan.

Signed at Washington, D.C., on July 23, 1971.

Consumer and Marketing Service

CHIEF, VEGETABLE BRANCH

Delegation of Authority

Pursuant to the authority (36 F.R. 13169-72) delegated to the Director, Fruit and Vegetable Division, Consumer and Marketing Service the following delegation is hereby made:

1. The Chief, Vegetable Branch, is hereby delegated the authority to perform all the duties and to exercise all the powers and functions (including the power of redelegation), which the Director, Fruit and Vegetable Division is, or may hereafter be authorized to perform as set forth in §§ 1207.1 to 1207.19 inclusive of Title 7 of the Code of Federal Regulations: *Provided, however*, No authority is delegated hereunder to issue rules or regulations or notices of rule making of such rules or regulations.

2. The Chief, Vegetable Branch, shall mail, or cause to be mailed, a true copy of the notice of hearing concerning a proposed plan to each of the persons as required by the regulations in 7 CFR 1207.4(b)(1), and to execute or cause to be executed, the determination as prescribed in 7 CFR 1207.4(c) that such notice has been given: *Provided, however*, If for any reason the Chief, Vegetable Branch, or his designee, finds it impractical or impossible to give the notice involved with respect to any hearing, he shall immediately notify the Director of such facts with the reasons for his so finding so that a determination may be made whether such notice is impractical, unnecessary, or contrary to the public interest. In the event it is determined that such notice is impractical, unnecessary, or contrary to the public interest, the Chief, Vegetable Branch, shall file said determination with the hearing clerk as provided in 7 CFR 1207.4(e).

3. No delegation or authorization prescribed herein shall preclude the Director or Deputy Director from exercising any of the powers or functions or from performing any of the duties conferred herein, and any such delegation or authorization is subject at all times to withdrawal or amendment by the Director.

Issued at Washington, D.C., this 26th day of July 1971, to become effective July 30, 1971.

The redelegation of authority and assignment of functions by the Assistant Secretary for Renewal and Housing Management to the Director, Property Disposition Division et al., published at 35 F.R. 4021, March 3, 1970, as amended (35 F.R. 10927, July 7, 1970), with respect to certain programs and matters, is amended in the following respects:

1. *Nomenclature changes.* Each current official or organization title listed below is changed wherever it appears in the redelegation of authority and assignment of functions to the respective new official or organization title listed below:

Current official or organization title	*New official or organization title*
Assistant Secretary for Renewal and Housing Management.	Assistant Secretary for Housing Management.
Director, Property Disposition Division.	Director, Office of Property Disposition.
Deputy Director, Property Disposition Division.	Deputy Director, Office of Property Disposition.
Property Disposition Division.	Office of Property Disposition.

2. A new section B is added to read:

SEC. B. *Director, Reconditioning and Contracting Division, Office of Property Disposition.* To the position of Director, Reconditioning and Contracting Division, Office of Property Disposition, there is redelegated the authority, as contracting officer, to enter into and administer procurement contracts and make related determinations except determinations under sections 302(c)(11), (12), and (13) of the Federal Property and Administrative Services Act, as amended (41 U.S.C. 252(c)(11), (12), and (13)), with respect to all contracts for goods and services for repair, construction, improvement, removal, demolition or alteration, maintenance, and operation of acquired properties, including properties held by HUD as mortgagee in possession, and broker management services in connection with such properties, the publication of notices and advertisements in newspapers, magazines, and periodicals; and contracts for credit reports.

3. The present section B is redesignated as section C.

(Secretary's delegation of authority published at 36 F.R. 5005, Mar. 16, 1971)

Effective date. This amendment of redelegation of authority and assignment of functions is effective as of May 10, 1971.

NORMAN V. WATSON,
Assistant Secretary for Housing Management.
