HIGHLIGHTS OF THIS ISSUE

This listing does not affect the legal status of any document published in this issue. Detailed table of contents appears inside.

- COTTON**—USDA amendments to price support regulations; effective 8-10-71 14691
- SOCIAL SECURITY**—HEW amendment accepting copies of records and documents certified by U.S. Consular Officer; effective 8-10-71 14693
- FOREIGN SERVICE EXAM**—State Dept. amendment on age limit of candidates; effective 8-10-71 14693
- INTERNATIONAL MONEY ORDERS**—Postal Service revision of conversion table for Switzerland... 14694
- HAZARDOUS MATERIALS**—DoT amendment of safety specifications of tank cars for chlorine; effective 10-15-71 14696
- MIGRATORY BIRDS**—Interior Dept. amendments to tagging requirements (2 documents); effective 8-10-71 14697
- SALMON**—Interior Dept. deletion of filing declaration for certain salmonids; effective 8-10-71... 14697
- NATIONAL PARKS**—Interior Dept. proposal on motor vehicle mufflers; comments within 30 days 14700
- LAND OPENING**—Interior Dept. order opening land in Montana; applications by 9-8-71 14701
- POSTAGE RATES**—Postal Service notice of temporary increase in certain third-class rates; effective 9-15-71 14711

Current White House Releases

WEEKLY COMPILATION OF PRESIDENTIAL DOCUMENTS

This unique service makes available transcripts of the President's news conferences; messages to Congress; public speeches, remarks, and statements; and other Presidential materials released by the White House.

The Weekly Compilation carries a Monday date-line and covers materials released during the preceding week. It includes an Index of Contents and a

system of cumulative indexes. Other finding aids include lists of laws approved by the President and of nominations submitted to the Senate, a checklist of White House releases, and a digest of other White House announcements.

This systematic publication of Presidential items provides users with up-to-date information and a permanent reference source concerning Presidential policies and pronouncements.

Subscription Price: \$9.00 per year

List of CFR Parts Affected

The following numerical guide is a list of the parts of each title of the Code of Federal Regulations affected by documents published in today's issue. A cumulative list of parts affected, covering the current month to date, appears following the Notices section of each issue beginning with the second issue of the month.

A cumulative guide is published separately at the end of each month. The guide lists the parts and sections affected by documents published since January 1, 1971, and specifies how they are affected.

Title 7—AGRICULTURE

Chapter VII—Agricultural Stabilization and Conservation Service (Agricultural Adjustment), Department of Agriculture

SUBCHAPTER B—FARM MARKETING QUOTAS AND ACREAGE ALLOTMENTS

[Amdt. 3]

PART 722—COTTON

Subpart—Regulations for 1968 and Succeeding Years Extra Long Staple Cotton Program

1971 CROP PRICE SUPPORT PAYMENT

The regulations governing the Extra Long Staple Cotton Program for 1968 and succeeding years (33 F.R. 19159; 34 F.R. 14065; 36 F.R. 1464) are hereby amended as follows:

1. Section 722.704 is amended by changing paragraph (b) to read as follows:

§ 722.704 Price support payment factor.

(b) For 1971, the price support payment factor is 0.6911.

2. Section 722.709(a) is amended by adding at the end thereof the following new sentence:

§ 722.709 Price support payment.

(a) * * * For 1971, the price support payment rate shall be 12.69 cents per pound.

(Sec. 101(f), as amended, 82 Stat. 701, 7 U.S.C. 1441(f))

Effective date. Since farmers are now completing their plans for the 1971 crop year, it is essential that the foregoing amendment to the regulations governing the Extra Long Staple Cotton Program for 1968 and Succeeding Years be made effective as soon as possible. It is hereby found and determined that compliance with the notice, public procedure, and 30-day effective date provisions of 5 U.S.C. 553 is impracticable and contrary to the public interest. Accordingly, this amendment shall become effective upon publication in the FEDERAL REGISTER (8-10-71).

Signed at Washington, D.C., on August 3, 1971.

CARL C. FARRINGTON,
Acting Administrator, Agricultural Stabilization and Conservation Service.

[FR Doc.71-11464 Filed 8-9-71;8:47 am]

Chapter IX—Consumer and Marketing Service (Marketing Agreements and Orders; Fruits, Vegetables, Nuts), Department of Agriculture

[Valencia Orange Reg. 359, Amdt. 1]

PART 908—VALENCIA ORANGES GROWN IN ARIZONA AND DESIGNATED PART OF CALIFORNIA

Limitation of Handling

(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 908, as amended (7 CFR Part 908, 35 F.R. 16625), regulating the handling of Valencia oranges grown in Arizona and designated part of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), and upon the basis of the recommendation and information submitted by the Valencia Orange Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of such Valencia oranges, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this amendment until 30 days after publication thereof in the FEDERAL REGISTER (5 U.S.C. 553) because the time intervening between the date when information upon which this amendment is based became available and the time when this amendment must become effective in order to effectuate the declared policy of the act is insufficient, and this amendment relieves restriction on the handling of Valencia oranges grown in Arizona and designated part of California.

(b) *Order, as amended.* The provisions in paragraph (b) (1) (i), and (ii) of § 908.359 (Valencia Orange Regulation 359, 36 F.R. 13979) during the period July 30, through August 5, 1971, are hereby amended to read as follows:

§ 908.359 Valencia Orange Regulation 359.

(b) *Order.* (1) * * *
(i) District 1: 115,000 cartons;
(ii) District 2: 385,000 cartons.

(Sec. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674)

Dated: August 4, 1971.

FLOYD F. HEDLUND,
Director, Fruit and Vegetable
Division, Consumer and Marketing Service.

Title 14—AERONAUTICS AND SPACE

Chapter I—Federal Aviation Administration, Department of Transportation

[Docket No. 11289; Amdt. 39-1266]

PART 39—AIRWORTHINESS DIRECTIVES

SIAl-Marchetti Models S.205-18/F, S.205-18/R, S.205-20/F, S.205-20/R, S.205-22/R, and S.208 Airplanes

Pursuant to the authority delegated to me by the Administrator, an airworthiness directive was adopted on July 16, 1971, and made effective immediately upon receipt as to all known U.S. operators of SIAl-Marchetti Models S.205-18/F, S.205-18/R, S.205-20/F, S.205-20/R, S.205-22/R, and S.208 airplanes. The directive requires inspections of the main landing gear wheel axle to strut tube fittings for cracks, and replacement of fittings found to be cracked during the inspections.

Since it was found that immediate corrective action was required, notice and public procedure thereon was impracticable and contrary to the public interest and good cause existed for making the airworthiness directive effective immediately as to all known U.S. operators of SIAl-Marchetti Models S.205-18/F, S.205-18/R, S.205-20/F, S.205-20/R, S.205-22/R, and S.208 airplanes by individual airmail letters dated July 16, 1971. These conditions still exist and the airworthiness directive is hereby published in the FEDERAL REGISTER as an amendment to § 39.13 of Part 39 of the Federal Aviation Regulations to make it effective as to all persons.

SIAl-MARCHETTI. Applies to Models S.205-18/F, S.205-18/R, S.205-20/F, S.205-20/R, S.205-22/R, and S.208 airplanes.

Compliance is required as indicated.

To detect cracks in the main landing gear wheel axle to strut tube fittings, accomplish the following:

(a) Before further flight, unless already accomplished within the last 50 hours' time in service, and thereafter at intervals not to exceed 50 hours' time in service from the last check, visually check, using a magnifying glass of a least five power, the main landing gear wheel axle to strut tube fittings for

cracks in accordance with "Instructions" paragraph (a), SIAL-Marchetti Service Bulletin No. 205B27, dated November 11, 1970, or later RAI-approved revision or FFA-approved equivalent. The checks required by this paragraph may be performed by the pilot.

(b) Within the next 50 hours' time in service after the effective date of this AD, unless already accomplished within the last 250 hours' time in service, and thereafter at intervals not to exceed 300 hours' time in service from last inspection, inspect the main landing gear wheel axle to strut fittings for cracks, using a dye penetrant method, in accordance with "Instructions" paragraph (b), SIAL-Marchetti Service Bulletin No. 205B27, dated November 11, 1970, or later RAI-approved revision or FFA-approved equivalent.

(c) If cracks which do not extend to the lateral external surface of a fitting are found during a check required by paragraph (a), or during an inspection required by paragraph (b), within the next 50 hours' time in service, and thereafter at intervals not to exceed 50 hours' time in service from the last inspection, inspect the main landing gear wheel axle to strut tube fittings for cracks, using a dye penetrant method in accordance with "Instructions" paragraph (b), SIAL-Marchetti Service Bulletin No. 205B27, dated November 11, 1970, or later RAI-approved revision or FFA-approved equivalent.

(d) If cracks are found on the lateral external area of a fitting during a check required by paragraph (a), or during an inspection required by paragraph (b) or (c), before further flight replace the cracked part with a new part of the same part number, in accordance with "Instructions" paragraph (d.1), SIAL-Marchetti Service Bulletin No. 205B27, dated November 11, 1970, or later RAI-approved revision or FFA-approved equivalent and continue to check in accordance with paragraph (a) and continue to inspect in accordance with paragraph (b).

This amendment is effective upon publication in the FEDERAL REGISTER (8-10-71), as to all persons except those persons to whom it was made immediately effective upon receipt of the airmail letter dated July 16, 1971, which contained this amendment.

(Secs. 313(a), 601, 603, Federal Aviation Act of 1958, 49 U.S.C. 1354(a), 1421, 1423; sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Washington, D.C., on August 3, 1971.

R. S. SLIFF,
Acting Director,
Flight Standards Service.

[FR Doc.71-11451 Filed 8-9-71;8:46 am]

[Docket No. 71-EA-48; Amdt. 39-1260]

PART 39—AIRWORTHINESS DIRECTIVES

Sikorsky Aircraft

The Federal Aviation Administration is amending § 39.13 of Part 39 of the Federal Aviation Regulations so as to issue an airworthiness directive applicable to Sikorsky type S-61 helicopters.

There have been reports of fractures occurring in the auxiliary servo valve input links of the automatic flight control system. Investigation indicates the cause might be delayed brittle fractures, arising out of stress corrosion or overtightening of the check nut. A fracture occurring in

flight can cause erratic or full displacement of one of the flight controls with hazardous consequences.

Since this deficiency can occur or exist in helicopters of similar type design, an airworthiness directive is being issued which will require the installation of a secondary link. By reason of the foregoing safety implications, notice and public procedure hereon are impractical and the rule may be made effective in less than 30 days.

In consideration of the foregoing and pursuant to the authority delegated to me by the Administrator, 14 CER 11.89 (31 F.R. 13697), § 39.13 of Part 39 of the Federal Aviation Regulations is amended by adding the following new airworthiness directive:

SIKORSKY AIRCRAFT. Applies to all S-61 Type Helicopters certified in all categories. Compliance required as indicated.

To prevent a hardover in the auxiliary servo system, as the result of fracture of the servo valve input linkage, accomplish the following:

a. Within the next 50 hours' time in service after the effective date of this airworthiness directive, unless already accomplished, install a secondary link in the servo valve input linkage in accordance with section 2, paragraphs A, B, C, and G, of Sikorsky Service Bulletin No. 61B65-6A, dated July 1, 1971, or later approved revisions or an equivalent installation, both approved by the Chief, Engineering and Manufacturing Branch, FAA, Eastern Region.

b. Install secondary links per paragraphs (a) on all spare units, prior to installation on the aircraft.

(NOTE: Sikorsky Service Bulletin No. 61B65-6A of July 1, 1971, covers this subject.)

This amendment is effective August 17, 1971.

(Sec. 313(a), 601, 603, Federal Aviation Act of 1958, 49 U.S.C. 1354(a), 1421, 1423; sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Jamaica, N.Y. on August 2, 1971.

WALTER D. KIES,
Acting Director, Eastern Region.

[FR Doc.71-11453 Filed 8-9-71;8:46 am]

[Airspace Docket No. 71-EA-50]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS

Alteration, Designation, and Revocation of Transition Area and Control Zone

On page 11221 of the FEDERAL REGISTER for June 10, 1971, the Federal Aviation Administration published a proposed rule so as to alter the Columbus, Ohio (36 F.R. 2071), and Columbus, Ohio (Ohio State University Airport) (36 F.R. 2071), control zones; and Columbus, Ohio, transition area (36 F.R. 2170); to revoke the Mount Vernon, Ohio, transition area (36 F.R. 2239); and designate a Columbus, Ohio (Lockbourne AFB), control zone.

Interested parties were given 30 days after publication in which to submit

written data or views. No objections to the proposed regulations have been received.

In view of the foregoing, the proposed regulations are hereby adopted, effective 0901 G.m.t. October 14, 1971.

(Sec. 307(a), Federal Aviation Act of 1958, 72 Stat. 749; 49 U.S.C. 1348; sec. 6(c), Department of Transportation Act, 39 U.S.C. 1655(c))

Issued in Jamaica, N.Y., on July 27, 1971.

WALTER D. KIES,
Acting Director, Eastern Region.

1. Amend § 71.171 of Part 71 of the Federal Aviation Regulations so as to delete the caption and the description of the Columbus, Ohio, control zone and insert the following in lieu thereof:

COLUMBUS, OHIO (PORT COLUMBUS INTERNATIONAL AIRPORT)

Within a 6-mile radius of the center 39°59'41" N., 82°53'08" W. of Port Columbus International Airport, Columbus, Ohio; within 2 miles each side of the 094° bearing from the Grandview LOM, extending from the 6-mile radius zone to 2 miles east of the Grandview LOM and within a 1-mile radius of the center, 39°55'00" N., 82°54'00" W. of Price Field, Columbus, Ohio, excluding the portion that coincides with the Columbus, Ohio (Lockbourne AFB), control zone.

2. Amend § 71.171 of Part 71 of the Federal Aviation Regulations so as to designate a Columbus, Ohio (Lockbourne AFB), control zone as follows:

COLUMBUS, OHIO (LOCKBOURNE AFB)

Within a 5.5-mile radius of the center, 39°49'00" N. 82°56'00" W. of Lockbourne AFB, Columbus, Ohio; within 1.5 miles each side of the Lockbourne TACAN 042° radial, extending from the 5.5-mile radius zone to 7 miles northeast of the TACAN; within 1.5 miles each side of the Lockbourne TACAN 229° radial, extending from the 5.5-mile radius zone to 6 miles southwest of the TACAN; within a 1.5-mile radius of center, 39°53'11" N., 82°57'53" W. of South Columbus Airport, Columbus, Ohio, and within a 1-mile radius of the center, 39°54'21" N., 82°51'17" W. of Esselburne Field Columbus, Ohio.

3. Amend § 71.171 of Part 71 of the Federal Aviation Regulations so as to delete the description of the Columbus, Ohio (Ohio State University Airport), control zone and insert the following in lieu thereof:

Within a 5-mile radius of the center, 40°04'40" N., 83°04'30" W. of Ohio State University Airport, Columbus, Ohio, and within 3 miles each side of the 273° bearing from the Ohio State University RBN, 40°04'47" N., 83°04'54" W., extending from the 5-mile radius zone to 8.5 miles west of the RBN. This control zone shall be effective from 0700 to 2300 hours, local time, daily.

4. Amend § 71.181 of Part 71 of the Federal Aviation Regulations so as to delete the description of the Columbus, Ohio, 700-foot floor transition area and insert the following in lieu thereof:

That airspace extending upward from 700 feet above the surface within an 11.5-mile radius of the center, 39°59'41" N., 82°53'08" W. of Port Columbus International Airport, Columbus, Ohio; within a 14-mile radius of the center, 39°49'00" N., 82°56'00" W. of Lockbourne AFB, Columbus, Ohio; within

an 8-mile radius of the center, 40°19'43" N., 82°31'32" W. of Mount Vernon Airport, Mount Vernon, Ohio; within an 8-mile radius of the center, 40°01'29" N., 82°27'44" W. of Licking County Airport, Newark, Ohio; within a 7-mile radius of the center, 40°04'40" N., 83°04'30" W. of Ohio State University Airport, Columbus, Ohio; within the arc of a 25-mile radius circle centered on a point located at 39°59'59" N., 82°53'44" W., extending clockwise from the 048° bearing from this point to the 170° bearing from this point and within 3.5 miles each side of the 273° bearing from the Ohio State University RBN, 40°04'47" N., 83°04'54" W., extending from the RBN to 11.5 miles west of the RBN.

5. Amend § 71.181 of Part 71 of the Federal Aviation Regulations so as to revoke the Mount Vernon, Ohio, 700-foot floor transition area.

[FR Doc. 71-11452 Filed 8-9-71; 8:46 am]

Title 20—EMPLOYEES' BENEFITS

Chapter III—Social Security Administration, Department of Health, Education, and Welfare

[Regs. No. 4, further amended]

PART 404—FEDERAL OLD-AGE, SURVIVORS, AND DISABILITY INSURANCE (1950—)

Subpart H—Evidence

CERTIFICATION OF EVIDENCE

The amendment to Regulations No. 4 of the Social Security Administration set forth below provides that a copy of a record, document, or other evidence, or an excerpt of information therefrom will be accepted as evidence in lieu of the original if certified as a true and exact copy or excerpt by a U.S. Consular Officer. The purpose of the amendment is to facilitate the submission of evidence in support of claims under title II of the Social Security Act (42 U.S.C. 401 et seq.) filed by persons outside the United States.

Inasmuch as this revision is merely technical in nature and relieves individuals outside the United States from hardships resulting from permanent surrender of original records or documents in support of claims, it should be made effective promptly to accomplish its purpose in the public interest. Accordingly, it is found upon good cause, under the rule making provisions of the Administrative Procedures Act, 5 U.S.C. 553, that notice and other public proceedings with respect to this revision are unnecessary, and good cause is found for making it effective less than 30 days after publication in the FEDERAL REGISTER.

Date: July 1, 1971.

ROBERT M. BALL,
Commissioner of Social Security.

Approved: August 2, 1971.

ELLIOT L. RICHARDSON,
Secretary of Health,
Education, and Welfare.

Paragraph (g) of § 404.701 is revised to read as follows:

§ 404.701 Evidence as to right to receive monthly benefits and lump-sum death payment, and to establishment of period of disability.

(g) Certification of evidence by authorized individual. In cases where a copy of a record, document, or other evidence, or an excerpt of information therefrom, is acceptable as evidence in lieu of the original, such copy or excerpt shall, except as may otherwise clearly be indicated, be certified as a true and exact copy or excerpt by:

(1) The official custodian of any such record; or

(2) An employee of the Social Security Administration authorized to make certifications of any such evidence; or

(3) An employee of the Veterans' Administration authorized to make such certifications in cases:

(i) Where such evidence is submitted or obtained in connection with an application for benefits under chapter 13 of title 38, United States Code (see paragraph (f) of this section), or

(ii) Where an individual in the Philippines has submitted evidence to the Veterans' Administration Regional Office in the Philippines, or to an employee of the Veterans' Administration authorized to receive such evidence at a place other than such office; or

(4) A U.S. Consular Officer where such evidence is being submitted by an individual who is outside the United States.

(Secs. 205 and 1102 of the Social Security Act, as amended, 53 Stat. 1368, as amended, 49 Stat. 647, as amended; sec. 5 of Reorganization Plan No. 1 of 1953, 67 Stat. 18, 631; 42 U.S.C. 405 and 1302)

Effective date. The foregoing amendment shall become effective upon publication in the FEDERAL REGISTER (8-10-71).

[FR Doc. 71-11457 Filed 8-9-71; 8:47 am]

PART 11—APPOINTMENT OF FOREIGN SERVICE OFFICERS

Written Examination

Section 11.2(b) of Title 22 of the Code of Federal Regulations is revised to eliminate the 31-year-old limit for applicants designated to take the written examination for appointment to class 7 or 8, Foreign Service officer.

Section 11.2(b) is revised to read as follows:

§ 11.2 Written examination for appointment to class 7 or 8.

(b) No person will be permitted to take a written examination for appointment as a Foreign Service officer or Foreign Service Information officer who has not

been specifically designated by the Board of Examiners to take the particular examination. Prior to each written examination, the Board will establish a closing date for the receipt of applications for designation to take the examination. No person will be designated for the examination who has not, as of that closing date, filed an application with the Board. To be designated for the written examination, a candidate, as of the date of the examination, shall have been a citizen of the United States for at least 7½ years and shall be at least 21 years of age, except that an applicant who has been awarded a bachelor's degree by a college or university, or has completed successfully his junior year at a college or university, may qualify if at least 20 years of age.

(Secs. 212, 302, 303, 516, 517, 60 Stat. 1001, as amended; 1002, 1008, as amended; 22 U.S.C. 827, 842, 843, 911, 912; 22 U.S.C. 1221-1234)

Effective date. This revision shall become effective upon publication in the FEDERAL REGISTER (8-10-71).

Dated: July 27, 1971.

For the Secretary of State.

WILLIAM B. MACOMBER, Jr.,
Deputy Under Secretary
for Management.

Title 33—NAVIGATION AND NAVIGABLE WATERS

Chapter I—Coast Guard, Department of Transportation

[CGFR 71-28 A]

PART 110—ANCHORAGE REGULATIONS

Hampton Roads, Va., and Adjacent Waters

The purpose of this amendment to the Anchorage Regulations is to establish two additional anchorage grounds for vessels used in the construction of the second Hampton Roads Bridge Tunnel.

This amendment is based on a notice of proposed rule making (CGFR 71-28) issued on April 23, 1971, and published in the FEDERAL REGISTER on April 28, 1971 (36 F.R. 7970), and Public Notice 5-122 issued by the Commander, Fifth Coast Guard District, on February 10, 1971. No comments were received in response to the public notice or notice of proposed rule making.

This amendment to § 110.168(a) establishes and describes two additional anchorage grounds which will provide moorings for construction equipment, water barges, and a tugboat close to the construction site of the second Hampton Roads Bridge Tunnel.

Accordingly, § 110.168(a) is amended by adding new subparagraphs (10) and (11) to read as follows:

§ 110.168 Hampton Roads, Va., and adjacent waters.

(a) * * *

(10) *Anchorage T-3, Construction Barges.* Anchorage T-3 is a 100-yard-diameter area with the center at latitude 36°59'05" N., longitude 76°18'22" W. (200 yards west of the present South Island). This anchorage is for the exclusive use of equipment and water barges used in the construction of the second Hampton Roads Bridge Tunnel.

(11) *Anchorage T-4, Construction Equipment.* Anchorage T-4 is a 100-yard-diameter area with the center at latitude 36°57'41" N., longitude 76°17'25" W. (700 yards southwest of Anchorage J-2, Willoughby Bay). This anchorage is for the exclusive use of tugboats used in the construction of the second Hampton Roads Bridge Tunnel.

(Sec. 7, 38 Stat. 1053, as amended, sec. 6(g) (1) (A), 80 Stat. 937; 33 U.S.C. 471, 49 U.S.C. 1655(g) (1) (A); 49 CFR 1.46(c) (1), 33 CFR 1.05-1 (c) (1) (35 F.R. 8279))

Effective date: This amendment shall become effective on September 7, 1971.

Dated: August 2, 1971.

R. E. HAMMOND,
Rear Admiral, U.S. Coast Guard,
Chief, Office of Operations.

Title 36—PARKS, FORESTS, AND MEMORIALS

Chapter I—National Park Service, Department of the Interior

PART 7—SPECIAL REGULATIONS, AREAS OF THE NATIONAL PARK SYSTEM

Sanford Recreation Area; Alcoholic Beverages, Safety Helmets and Water Sanitation

A proposal was published on page 19024 of the FEDERAL REGISTER of De-

ember 16, 1970, to amend § 7.57 of Title 36, Code of Federal Regulations, to add two new paragraphs. The purpose of the amendment is to establish safety regulations for the protection of motorcycle riders and their passengers and to establish boat sanitation requirements for vessels with marine toilets.

Interested persons were given 30 days within which to submit written comments, suggestions, or objections with respect to the proposed amendment. No comments, suggestions, or objections have been received. Therefore, the proposed amendment is adopted without change and set forth below. In addition, paragraph (a) of § 7.57, which regulates sales, gifts and possession of alcoholic beverages is hereby deleted, since the aspects of alcoholic beverage control covered therein are adequately and identically handled by paragraph (a) of § 2.16 of title 36. The amendment shall become effective at the beginning of the 30th calendar day following the date of this publication in the FEDERAL REGISTER.

(5 U.S.C. 553; 39 Stat. 535, 16 U.S.C. 3)

Section 7.57 is amended to delete paragraph (a) and add paragraphs (b) and (c) as follows:

§ 7.57 Sanford Recreation Area.

(a) [Deleted]

(b) *Safety helmets.* Motorcycle operators and their passengers shall wear safety helmets while riding.

(c) *Water sanitation.* All vessels with marine toilets so constructed as to permit wastes to be discharged directly into the water shall have such facility sealed to prevent discharge. Chemical or other type marine toilets with approved holding tanks or storage containers shall be permitted but will be discharged or emptied only at designated sanitary pumping stations.

FRANK F. KOWSKI,
Director, Southwest Region.

APPENDIX—PUBLIC LAND ORDERS

[Public Land Order 5102]

[New Mexico 12647]

NEW MEXICO

Partial Revocation of Executive Orders Nos. 6143, 6276, and 6583

By virtue of the authority vested in the President and pursuant to Executive Order No. 10355 of May 26, 1952 (17 F.R. 4831), it is ordered as follows:

1. The Executive Orders No. 6143 of May 23, 1933, No. 6276 of September 8, 1933, and No. 6583 of February 3, 1934, withdrawing lands to enable the State of New Mexico to make exchange selections as provided by the Act of June 15, 1926, 44 Stat. 746-748, are hereby revoked so far as they affect the following described lands:

The areas described aggregate approximately 39,609.47 acres of land in Dona Ana, Grant, Hidalgo, Luna, and Sierra Counties, of which 20,673.94 acres are public lands.

The topography includes broad basin floors, gently sloping plains and desert mountains. Elevations range from 4,000 to 5,000 feet in the basins and plains to more than 8,000 feet in the desert mountains. Soils range from shallow to deep sandy loams to rocky ridges and shallow soils in the higher elevations. Vegetation is of the southwestern desert shrub type in the lower elevations and common grasses with an overstory of piñon-juniper trees in the higher elevations.

2. At 10 a.m. on September 7, 1971, the public lands described in paragraph 1 of this order, shall be open to the operation of the public land laws generally, subject to valid existing rights, the provisions of existing withdrawals, and the requirements of applicable law. All valid applications received at or prior to 10 a.m. on September 7, 1971, shall be considered as simultaneously filed at that time. Those received thereafter shall be considered in the order of filing.

3. The lands shall be open to location for nonmetalliferous minerals at 10 a.m. on September 7, 1971. They have been and continue to be open to applications and offers under the mineral leasing laws and to location under the United States mining laws for metalliferous minerals.

Inquiries concerning the lands should be addressed to the Chief, Division of Technical Services, Bureau of Land Management, Post Office Box 1449, Santa Fe, NM 87501.

HARRISON LOESCH,

Assistant Secretary of the Interior.

AUGUST 2, 1971.

[Public Land Order 5103]

[Arizona 213]

ARIZONA

Partial Revocation of Reclamation Withdrawals

By virtue of the authority contained in section 3 of the Act of June 17, 1902, 32 Stat. 388, as amended and supplemented, 43 U.S.C. sec. 416 (1964), it is ordered as follows:

1. The departmental orders of January 31, 1903, and April 9, 1904, withdrawing lands under the second and first forms, respectively, for the Colorado River Survey and Project, are hereby revoked so far as they affect the following described lands:

GILA AND SALT RIVER MERIDIAN

- T. 11 S., R. 25 W.,
 Sec. 12, lots 1, 2, NE $\frac{1}{4}$, and the east 660 feet of lots 3.

The areas described aggregate approximately 268 acres in Yuma County.

2. This revocation is in furtherance of the right of the State of Arizona to file a school land indemnity selection application for the lands, pursuant to sections 2275 and 2276, U.S. Revised Statutes, as amended, 43 U.S.C. Secs. 851, 852 (1964). Accordingly, the lands described in this order are hereby classified, pursuant to section 7 of the Act of June 28, 1934, 48 Stat. 1272, as amended, 43

U.S.C. sec. 315f (1964), as suitable for such selection. The lands, therefore, will not be subject to other use or disposition under the public land laws in the absence of a modification or revocation of such classification (43 CFR 2440.4).

HARRISON LOESCH,

Assistant Secretary of the Interior.

AUGUST 2, 1971.

Title 49—TRANSPORTATION

Chapter I—Hazardous Materials Regulations Board, Department of Transportation

[Docket No. HM-84; Amdts. Nos. 173-51, 179-7]

PART 173—SHIPPERS

PART 179—SPECIFICATIONS FOR TANK CARS

Chlorine in Tank Cars

The purpose of this amendment to §§ 173.314, 179.100, and 179.102 of the Hazardous Materials Regulations as they apply to chlorine is to: (1) Authorize the use of larger capacity cars; (2) authorize use of weld joint efficiency of 100 percent in design calculations; (3) require any size chlorine tank to be built to specification 105A500W; (4) authorize use of self-extinguishing polyurethane foam as an insulating material; (5) add a requirement for use of specific "fine grain practice" steels in construction; (6) require marking "chlorine only" on each tank car; and (7) prohibit the use of specifications ARA-V and Class 105A cars having forge welded anchors.

On April 16, 1971, the Hazardous Materials Regulations Board published a notice of proposed rule making, Docket No. HM-84; Notice No. 71-12 (36 F.R. 7258) proposing the amendments described above. No objection to the proposal was received.

Several commenters requested modification of the proposal to more clearly express the Board's intent with respect to existing tank cars. A commenter also pointed out that one material specification in § 179.102-2(a)(4) should be updated. Other changes of editorial nature were suggested to §§ 173.314(c), Note 12, and 179.102-2(a). These suggested changes have been incorporated in this amendment.

In consideration of the foregoing, 49 CFR Parts 173 and 179 are amended as follows:

I. Part 173:

In § 173.314, paragraph (c) table and Note 12 are amended; Note 3 is canceled as follows:

§ 173.314 Requirements for compressed gases in tank cars.

(c)

Kind of gas	Maximum permitted filling density, Note 1	Required tank car, see § 179.31(a) (2) and (3)
Chlorine	125	DOT-105A300X, Note 7.
Change Chlorine	Percent 125	DOT-105A500W, Note 12.

NOTE 3: [Canceled]

NOTE 12: For special tank requirements applying to chlorine, see § 179.102-2. The quantity of chlorine loaded into a single-unit tank car must not exceed 90 tons. Nominal 16-, 30-, 55-, 85-, or 90-ton tank car tanks must be loaded to the nominal lading weights with a tolerance of plus 0, minus 2 percent. Tank cars built to ICC-105A300 or ICC-5A500; tank cars built to ICC or DOT-105A500W may be stenciled either 105A300W or 105A500W; each tank must be equipped with the safety relief valve required by the stenciled specification. Existing tank cars, not larger than 30-ton chlorine capacity built to ARA-V, or not larger than 55-ton chlorine capacity built to ICC-105A300, or ICC-105A300W, may be continued in service if equipped with excess flow valves in accordance with § 179.102-2. ARA-V and ICC-105A cars having forge welded anchors must not be used for the transportation of chlorine.

II. Part 179:

(A) In § 179.100-6 paragraph (a), the second explanation following the formula is amended to read as follows:

§ 179.100 General specification applicable to pressure tank car tanks.

§ 179.100-6 Thickness of plates.

(a) * * *

E=0.9 welded joints efficiency; except E=1.0 for seamless aluminum alloy heads, and for calculating the minimum wall thickness of class 105A tank shells and seamless heads.

(B) In § 179.102-2, paragraph (a) is amended to read as follows:

§ 179.102 Special commodity requirements for pressure tank car tanks.

§ 179.102-2 Chlorine.

(a) Each tank car used to transport chlorine must comply with all of the following:

(1) Each tank must be constructed in compliance with spec. DOT-105A500W. A tank car must be operated and the jacket stenciled either DOT-105A300W or DOT-105A500W, and each tank must be equipped with the safety relief valve required by the stenciled specification.

(2) Interior pipes of liquid discharge valves must be equipped with excess flow valves of approved design.

(3) Insulation must be 4 inches minimum thickness of corkboard or of self-extinguishing polyurethane foam.

(4) Tanks must be fabricated from carbon steel complying with ASTM Specification A-516-70, Grade 70, or AAR Specification TC-128-70, Grade A or B.

(5) Each tank car jacket must be

stenciled on both sides, in letters not less than 1½ inches high "Chlorine Only".

(Secs. 831-835 of title 18, United States Code; sec. 9, Department of Transportation Act, 49 U.S.C. 1657)

This amendment is effective October 15, 1971, however, compliance with the regulations as amended herein is authorized immediately.

Issued in Washington, D.C., on August 4, 1971.

W. F. REA III,
Rear Admiral, Board Member,
For the U.S. Coast Guard.

MAC E. ROGERS,
Board Member, For the
Federal Railroad Administration.

Title 50—WILDLIFE AND FISHERIES

Chapter I—Bureau of Sport Fisheries and Wildlife, Fish and Wildlife Service, Department of the Interior

SUBCHAPTER B—HUNTING AND POSSESSION OF WILDLIFE

PART 10—MIGRATORY BIRDS

Possession, Tagging, and Recordkeeping

Section 10.9(b) of Title 50, Code of Federal Regulations presently requires migratory game birds left in the custody of another for certain purposes to have a tag attached identifying the hunter, the number and kinds of birds and the date they were killed.

This amendment will make clear that the tagging requirement also applies when birds are left in the custody of another for the purpose of having taxidermy services performed.

As amended § 10.9(b) reads as follows:

§ 10.9 Restrictions applicable to possession, tagging, and recordkeeping requirements.

(b) No person shall put or leave any migratory game birds at any place (other than at his personal abode), or in the custody of another person for picking, cleaning, processing, shipping, transportation, or storage (including temporary storage), or for the purpose of having taxidermy services performed, unless such birds have a tag attached, signed by the hunter, stating his address, the total number and kinds of birds, and the date such birds were killed. Migratory game birds being transported in any vehicle as the personal baggage of the possessor shall not be considered as being in storage or temporary storage.

Since this amendment is to further clarify a present requirement, and imposes no new regulation, it is determined that notice and public procedure thereon are impracticable, unnecessary, and con-

trary to the public interest and shall become effective upon publication in the FEDERAL REGISTER (8-10-71).

(16 U.S.C. 703 et seq. (40 Stat. 755))

M. A. MARSTON,
Acting Director, Bureau of
Sport Fisheries and Wildlife.

[FR Doc.71-11471 Filed 8-9-71; 8:48 am]

PART 13—IMPORTATION OF WILDLIFE OR EGGS THEREOF

Salmon

The provisions of Title 50, Code of Federal Regulations, Chapter I, § 13.7(c) presently require that a written Declaration for Importation of Wildlife be filed with the District Director of Customs at the port of entry for Salmon landed in North America and brought into the United States for processing or sale, and also for any salmonid caught in the wild in North America under a sport or commercial fishing license.

It has been determined that this provision in § 13.7(c) is no longer necessary and should be deleted. Therefore, § 13.7(c) is amended to read:

§ 13.7 Importation of live or dead fish, mollusks, and crustaceans or their eggs.

(c) Nothing in this part shall restrict the importation and transportation of the fish family Salmonidae when such fish or eggs have been processed by canning, pickling, smoking, or otherwise prepared in a manner whereby all spores of the protozoan *Myxosoma cerelevalis*, the causative agent of so-called "whirling disease," and the virus causing viral hemorrhagic septicemia or so-called "Egtved disease," have been killed. Salmon landed in North America and brought into the United States for processing or sale, or any salmonid caught in the wild in North America under a sport or a commercial fishing license shall be exempt from the requirements for certification and from the filing of the Declaration for Importation of Wildlife.

Since this amendment benefits the public by relieving an existing restriction it has been determined that notice and public procedure thereon are unnecessary, impracticable and contrary to the public interest and that this amendment shall become effective upon publication in the FEDERAL REGISTER (8-10-71).

(18 U.S.C. 42 (62 Stat. 687 section 42 as amended).)

M. A. MARSTON,
Acting Director, Bureau of
Sport Fisheries and Wildlife.

PART 16—MIGRATORY BIRD PERMITS
Identity of Migratory Game Birds Left in Possession of Taxidermists

Section 16.12(c) of Title 50, Code of Federal Regulations, presently authorizes

a taxidermist to, among other things, receive, transport, hold in custody or possession for taxidermy purposes, migratory game birds belonging to another.

This amendment adds paragraph (g) to § 16.12 so as to further clarify the tagging requirement previously imposed for the purpose of maintaining the identity of birds left in the possession or custody of persons other than the owner.

As amended § 16.12(g) reads as follows:

§ 16.12 Taxidermist permits.

(g) Notwithstanding the provisions of paragraph (c) of this section, the receipt, possession and storage by a taxidermist of any migratory game birds taken by another by hunting is not authorized unless they are tagged as required by § 10.9 (b) of this chapter. The required tags may be removed during the taxidermy operations but must be retained by the taxidermist with the other records required to be kept by paragraph (d) of this section and must be reattached to the mounted specimen after mounting. The tag must then remain attached until the mounted specimen is delivered to the owner.

Since this amendment is to further clarify a present requirement, and imposes no new regulation, it is determined that notice and public procedure thereon are impracticable, unnecessary, and contrary to the public interest and that this amendment shall become effective upon publication in the FEDERAL REGISTER (8-10-71).

(16 U.S.C. 703 et seq. (40 Stat. 755))

M. A. MARSTON,
Acting Director, Bureau of
Sport Fisheries and Wildlife.

PART 32—HUNTING

Flint Hills National Wildlife Refuge,
Kans.

The following special regulation is issued and is effective on date of publication in the FEDERAL REGISTER (8-10-71).

§ 32.22 Special regulations; upland game; for individual wildlife refuge areas.

KANSAS

FLINT HILLS NATIONAL WILDLIFE REFUGE

The public hunting of squirrels, cottontail rabbits, bobwhite quail, and greater prairie chickens on the Flint Hills National Wildlife Refuge, Kans., is permitted from October 1, 1971, through September 30, 1972, inclusive, but only on the area designated by signs as open to hunting. This open area, comprising 5,600 acres, is delineated on maps available at refuge headquarters, Burlington, Kans., and from the Regional Director, Bureau

of Sport Fisheries and Wildlife, Post Office Box 1306, Albuquerque, NM 87103. Hunting shall be in accordance with all applicable State regulations governing the hunting of squirrels, cottontail rabbits, bobwhite quail, and greater prairie chickens subject to the following special conditions.

(1) The use of rifles is prohibited on the refuge.

(2) Vehicle access shall be restricted to designated parking areas and existing roads.

(3) Dogs—Not to exceed two per hunter may be used only to retrieve wounded or dead squirrels, cottontail rabbits, bobwhite quail, and greater prairie chickens.

The provisions of this special regulation supplement the regulations which govern hunting on wildlife refuge areas generally which are set forth in Title 50, Code of Federal Regulations, Part 32, and are effective through September 1, 1972.

LYLE A. STEMMERMAN,
Refuge Manager.

JULY 23, 1971.

PART 32—HUNTING

Flint Hills National Wildlife Refuge,
Kans.

The following special regulation is issued and is effective on date of publication in the FEDERAL REGISTER (8-10-71).

§ 32.32 Special regulations; big game; for individual wildlife refuge areas.

KANSAS

FLINT HILLS NATIONAL WILDLIFE REFUGE

Public hunting of deer with firearms on the Flint Hills National Wildlife Refuge, Kans., is permitted from November 27 through December 5, 1971, inclusive, but only on the area designated by signs as open to hunting. This open area, comprising 5,600 acres, is delineated on maps available at refuge headquarters, Burlington, Kans., and from the Regional Director, Bureau of Sport Fisheries and Wildlife, Post Office Box 1306, Albuquerque, NM 87103. Hunting shall be in accordance with all applicable State regulations covering the hunting of deer subject to the following special conditions:

(1) Vehicle access shall be restricted to designated parking areas and existing roads.

The provisions of this special regulation supplement the regulations which govern hunting on wildlife refuge areas generally which are set forth in Title 50, Code of Federal Regulations, Part 32, and are effective through December 5, 1971.

LYLE A. STEMMERMAN,
Refuge Manager.

JULY 23, 1971.

PART 32—HUNTING

Flint Hills National Wildlife Refuge,
Kans.

The following special regulation is issued and is effective on date of publication in the FEDERAL REGISTER (8-10-71).

§ 32.32 Special regulations; big game; for individual wildlife refuge areas.

KANSAS

FLINT HILLS NATIONAL WILDLIFE REFUGE

Public hunting of deer with bow and arrows on the Flint Hills National Wildlife Refuge, Kans., is permitted from October 16 through November 25, 1971, inclusive, but only on the area designated by signs as open to hunting. This open area, comprising 5,600 acres, is delineated on maps available at refuge headquarters, Burlington, Kans., and from the Regional Director, Bureau of Sport Fisheries and Wildlife, Post Office Box 1306, Albuquerque, NM 87103. Hunting shall be in accordance with all applicable State regulations covering the hunting of deer subject to the following special condition:

(1) Vehicle access shall be restricted to designated parking areas and existing roads.

The provisions of this special regulation supplement the regulations which govern hunting on wildlife refuge areas generally which are set forth in Title 50, Code of Federal Regulations, Part 32, and are effective through November 25, 1971.

[FR Doc.71-11461 Filed 8-9-71; 8:46 am]

PART 33—SPORT FISHING

Flint Hills National Wildlife Refuge,
KANSAS

The following special regulation is issued and is effective on date of publication in the FEDERAL REGISTER (8-10-71).

§ 33.5 Special regulations; sport fishing; for individual wildlife refuge areas.

FLINT HILLS NATIONAL WILDLIFE REFUGE

Sport fishing, including the taking of frogs, on the Flint Hills National Wildlife Refuge, Kans., is permitted only on the areas designated by signs as open to fishing. These open areas, comprising 1,500 acres of reservoir waters and approximately 28 miles of river and stream channel, are delineated on maps available at refuge headquarters, Burlington, Kans., and from the Regional Director, Bureau of Sport Fisheries and Wildlife, Post Office Box 1306, Albuquerque, NM 87103. Sport fishing shall be in accordance with all applicable State regulations subject to the following special conditions:

(1) During the period October 1, 1971, through January 31, 1972, only Eagle Creek, the Neosho River and impoundments in the Eagle Creek and Hartford hunting units are open to public fishing, except the Neosho River Oxbow northeast of the Strawn Townsite is closed, as marked by buoys.

(2) During the period February 1, 1972, through September 30, 1972, all

waters within the Flint Hills Refuge are open to sport fishing and the taking of bull frogs when in accordance with State of Kansas seasons.

(3) Vehicle access shall be confined to existing roads and trails not otherwise marked as closed to vehicle use.

The provisions of this special regulation supplement the regulations which

govern fishing on wildlife refuge areas generally which are set forth in Title 50, Code of Federal Regulations, Part 33, and are effective through September 30, 1972.

LYLE A. STEMMERMAN,
Refuge Manager.

JULY 29, 1971.

Proposed Rule Making

DEPARTMENT OF THE INTERIOR

National Park Service

[36 CFR Parts 4, 7]

GENERAL AND SPECIAL REGULATIONS

Notice of Proposed Rule Making

Pursuant to the authority contained in section 3 of the Act of August 25, 1916 (39 Stat. 535, as amended; 16 U.S.C. 3), section 2 of the Act of October 1, 1890 (26 Stat. 650; 16 U.S.C. 61), and section 5 of the Act of June 2, 1920 (41 Stat. 731; 16 U.S.C. 57), and 245 DM 1 (34 F.R. 13879, as amended), it is proposed to amend §§ 4.12 and 7.16 of Title 36 of the Code of Federal Regulations as set forth below.

The purpose of this amendment is to prohibit the operation of a motor vehicle equipped with a muffler cut-out, bypass, or similar device within areas of the National Park System; and to prohibit the presence of pets, and allow hitchhiking in designated locations at Yosemite National Park.

It is the policy of the Department of the Interior, whenever practicable, to afford the public an opportunity to participate in the rulemaking process. Accordingly, interested persons may submit written comments to the Director, National Park Service, Department of the Interior, Washington, D.C. 20240, within 30 days of the publication of this notice in the FEDERAL REGISTER.

1. Section 4.12 is amended to read as follows:

§ 4.12 Mufflers.

(a) Every motor vehicle shall be equipped with a muffler in good working order anytime the motor vehicle is operating.

(b) Operating a motor vehicle equipped with a muffler cut-out, bypass, or similar device is prohibited.

2. Paragraphs (c) and (d) of § 7.16 are added to read as follows:

§ 7.16 Yosemite National Park.

(c) Dogs, cats, and other pets.

(1) Dogs, cats, and other pets are prohibited except:

(i) Guide dogs,

(ii) When traveling in a motor vehicle nonstop through the park, to privately-owned lands within the park, or to a commercial kennel within the park,

(iii) When kept at commercially operated kennels within the park.

(d) Hitchhiking and the soliciting of transportation is permitted off the roadway on the shoulder.

Dated: July 26, 1971.

RAYMOND L. FREEMAN,
Acting Director,
National Park Service.

DEPARTMENT OF AGRICULTURE

Consumer and Marketing Service

[7 CFR Part 926]

TOKAY GRAPES GROWN IN SAN JOAQUIN COUNTY, CALIFORNIA

Notice of Proposed Rule Making

Consideration is being given to the following proposal submitted by the Industry Committee established pursuant to the marketing agreement, as amended, and Order No. 926, as amended (7 CFR Part 926), which regulate the handling of Tokay grapes grown in San Joaquin County, Calif. This program is effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674).

The proposal would regulate the handling of fresh Tokay grapes by limiting shipments of such grapes to those meeting the size and grade requirements hereinafter specified. The requirement that 65 percent of the grapes in each bunch and 30 percent of the grapes in the lower quarter of each bunch possess the color characteristics of "fairly well colored" reflects a desire, by the industry, to enhance the desirability of Tokay grapes by shipping a quality of fruit somewhat higher than U.S. No. 1 Table Grapes. It is believed, by the industry committee, that such quality requirements will be met by a quantity of grapes that is sufficient to fulfill the market demand.

The recommendations by the Industry Committee reflect its appraisal of the crop and the current and prospective market conditions. Shipments of Tokay grapes from the production area are expected to begin on or about August 25, 1971. The grade requirements provided herein are designed to prevent the handling on and after August 25, 1971, of any Tokay grapes of a lower grade than that herein specified, so as to provide consumers with good quality fruit, con-

sistent with (1) the overall quality of the crop, and (2) improving returns to the producers pursuant to the declared policy of the act. The container marking requirement, is included to verify inspection of the fruit and assure compliance with the quality requirements specified herein.

The proposed regulation is as follows:

§ 926.308 Tokay Grape Regulation 7.

(a) *Order.* During the period August 25, 1971, through December 31, 1971, no handler shall ship any Tokay grapes, grown in the production area, which do not meet the following requirements:

(1) Such grapes shall meet the size and grade specifications of U.S. No. 1 Table Grapes including a requirement that each bunch shall have not less than 65 percent, by count, of berries showing characteristic color;

(2) Of the 25 percent, by count, of the berries of each bunch of such grapes which are attached to the lower part of the main stem, including laterals, at least 30 percent, by count, shall show characteristic color; and

(3) Any container of such grapes shall bear, in plain letters and figures on one outside end, a Federal-State Inspection Service lot stamp number showing that the grapes have been inspected in accordance with the established grade set forth in this section.

(b) *Definitions.* As used herein, the terms "handler", "ship", and "production area" shall have the same meaning as when used in the amended marketing agreement and order; "U.S. No. 1 Table Grapes" and "characteristic color" shall have the same meaning as when used in the U.S. Standards for Table Grapes (7 CFR 51.880-51.912; 36 F.R. 9125).

All persons who desire to submit written data, views, or arguments in connection with the proposal should file the same with the Hearing Clerk, Room 112A, U.S. Department of Agriculture, Washington, D.C. 20250, not later than the 7th day after the publication of this notice in the FEDERAL REGISTER. All written submissions made pursuant to this notice will be made available for public inspection at the office of the Hearing Clerk during regular business hours (7 CFR 1.27(b)).

Dated: August 5, 1971.

FLOYD F. HEDLUND,
Director, Fruit and Vegetable
Division, Consumer and Mar-
keting Service.

DEPARTMENT OF DEFENSE

Office of the Secretary

[DoD Directive 1322.11]

EDUCATION IN RACE RELATIONS FOR ARMED FORCES PERSONNEL

Statement of Organization and Policy

The Deputy Secretary of Defense approved the following:

JUNE 24, 1971

I. Objectives and purpose. A. One essential element in attaining the goal of maintaining the highest degree of organizational and combat readiness within the Department of Defense is the presence of harmonious relations among all military personnel.

B. This Directive establishes the policies and designates the organizational elements assigned responsibility for developing an active DoD program of education in race relations and for assuring the attainment of those objectives.

II. Applicability. The provisions of this Directive apply to all active duty personnel of the Military Departments and Defense Agencies.

III. Policy. A. An Education Program in Race Relations will be conducted on a continuing basis for all military personnel in the effort to improve and achieve equal opportunity within the Department of Defense in keeping with the Human Goals proclaimed on August 18, 1969, and to eliminate and prevent racial tensions, unrest, and violence. As used herein race relations encompasses the interaction between all members of the Armed Forces—including all persons belonging to the majority and minority groups. This program will be under the guidance of the Assistant Secretary of Defense (Manpower and Reserve Affairs).

B. Military commanders will be alert to the continuing need for promoting racial harmony through educational and other leadership activities.

IV. Organizational arrangements—A. Race Relations Education Board. 1. There is established the Race Relations Education Board (RREB) which will serve as an advisory board to the Secretary of Defense, operating under the policy guidance and control of the Assistant Secretary of Defense (Manpower and Reserve Affairs).

2. The mission of the RREB will be to develop overall policy guidance for the DoD program of education in race relations for Armed Forces personnel on active duty.

3. The RREB membership will consist of the Assistant Secretary of Defense (Manpower and Reserve Affairs), as chairman, the Assistant Secretaries (Manpower and Reserve Affairs) of each Military Department, and one represen-

tative each from the Office of the Deputy Assistant Secretary of Defense (Equal Opportunity), the Deputy Assistant Secretary of Defense (Reserve Affairs), the Military Services, and such other individuals as may be invited from time to time by the Assistant Secretary of Defense (Manpower and Reserve Affairs).

B. Defense Race Relations Institute (DRRI). 1. There is established the Defense Race Relations Institute (DRRI) as a Department of Defense field activity, attached to a Military Department for administrative and logistical support, and operating under the supervision and direction of the Office of the Assistant Secretary of Defense (Manpower and Reserve Affairs).

2. The mission of the DRRI will be to conduct training for Armed Forces personnel designated as instructors in race relations, develop doctrine and curricula in education for race relations, conduct research, perform evaluation of program effectiveness, and disseminate educational guidelines and materials for utilization throughout the Armed Forces. Operations of DRRI will be subject to policy guidance by the RREB.

3. **Membership.** a. The Director will be selected by the Assistant Secretary of Defense (M&RA) from among designees of appropriate military rank submitted by Secretaries of the Military Departments, and the recommendations of the Race Relations Education Board. The Directorship will rotate among representatives of the Army, Navy, and Air Force. The Director will serve for 3 years and his performance will be subject to evaluation by the Assistant Secretary of Defense (Manpower and Reserve Affairs).

b. The Deputy Directors also will rotate among the Military Departments (so that all three Departments will be represented at the Director or Deputy Director level), and will be approved by the Race Relations Education Board.

c. Commissioned officer and enlisted personnel from all Department of Defense components on active duty, augmented by qualified civilian personnel, will be assigned duty with the faculty and staff of the DRRI on a prorated basis.

4. The Defense Race Relations Institute will be located as a tenant on an established military installation. The Military Department which is the host of the installation concerned will provide all administrative and logistic support to the DRRI. Initially, manpower spaces and financial support will be provided as approved by the Deputy Secretary of Defense as a separate action.

C. The Secretaries of the Military Departments will:

1. Select and assign full-time race relations instructors who will be trained by the DRRI on a schedule to be announced.

2. Develop internal plans for implementation of a program of education in race relations for all military personnel under their jurisdiction in accordance with curricula formulated and schedules directed by the RREB.

3. Assure that Military Commanders conduct such additional educational activities as considered necessary to maintain racial harmony.

V. Programing, budgeting, and financing. The Military Department assigned responsibility for administrative and logistical support will be responsible for programing, budgeting, and financing all expenses incident to the operation of the DRRI, except as indicated below, and will separately identify all such expenses in its Operation and Maintenance budget and financial plan submission to the Office of the Secretary of Defense:

A. The pay, allowances (including subsistence), PCS travel expenses of military personnel permanently or temporarily assigned to assist in the management of operation of the DRRI, including instructors, will be borne by the Service to which such personnel belong, and the salaries and expenses, including travel, of civilian personnel temporarily assigned will be borne by the Military Department or other DoD Components by which such personnel are employed.

B. Pay, allowances and travel costs (not integral to courses of instruction) of military and civilian personnel, assigned as students at the DRRI will be borne by their respective sponsoring DoD Components.

MAURICE W. ROCHE,
Director, Correspondence and
Directives Division, OASD
(Administration).

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[Montana 18526]

MONTANA

Order Providing for the Opening of Public Lands

AUGUST 2, 1971.

1. In an exchange of lands made under the provisions of section 8 of the Act of June 28, 1934 (48 Stat. 1269), as amended (43 U.S.C. 315g), the following lands have been conveyed to the United States:

PRINCIPAL MERIDIAN, MONTANA

T. 27 N., R. 32 E.,
Sec. 4, lots 1, 2, 3, and 4, and $\frac{1}{2}$ N $\frac{1}{2}$.

The areas described aggregate 356.16 acres.

2. The land is situated in Phillips County approximately 16 miles south-southeast of Malta. It is accessible via prairie trails. This land has a sagebrush cover and is valuable habitat cover and food for sage grouse. A reservoir is located on the tract and is useful for livestock grazing. The public lands in this area have been classified for multiple use management and retention in Federal ownership and are not open to application under the agricultural land laws (43 U.S.C. Chapters 7 and 9; 25 U.S.C. 334) or to sale under section 2455 of the Revised Statutes (43 U.S.C. 1171).

3. Subject to valid existing rights, the provisions of existing withdrawals, and the requirements of applicable law, the lands are hereby open to application, petition, location, and selection. All valid applications received at or prior to 10 a.m., September 8, 1971, shall be considered as simultaneously filed at that time. Those received thereafter shall be considered in the order of filing.

4. The mineral rights in the lands were not exchanged and their status is not affected by this order.

5. Inquiries concerning the lands should be addressed to the Bureau of Land Management, 316 North 26th Street, Billings, MT 59101.

ARTHUR R. GREGORY,
Acting Chief, Division of
Technical Services.

Docket No. 71-00428-00-46040. Applicant: Arizona State University, Tempe, Ariz. 85281. Article: Goniometer stage. Manufacturer: Japan Electron Optics Laboratory Co., Ltd., Japan.

Intended use of article: The article is an accessory for an existing JEM-100B electron microscope.

Comments: No comments have been received with respect to this application.

Decision: Application approved. No instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, is being manufactured in the United States.

Reasons: The application relates to an accessory for an instrument that had

been previously imported for the use of the applicant institution. The article is being furnished by the manufacturer which produced the instrument with which the article is intended to be used.

The Department of Commerce knows of no similar accessory being manufactured in the United States, which is interchangeable with or can be readily adapted to the instrument with which the foreign article is intended to be used.

SETH M. BODNER,

UNIVERSITY OF COLORADO

Notice of Decision on Application for Duty-Free Entry of Scientific Article

The following is a decision on an application for duty-free entry of a scientific article pursuant to section 6(c) of

the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Public Law 89-651, 80 Stat. 897) and the regulations issued thereunder as amended (34 F.R. 15787 et seq.).

A copy of the record pertaining to this decision is available for public review during ordinary business hours of the Department of Commerce, at the Office of Import Programs, Department of Commerce, Washington, D.C.

Docket No. 71-00395-33-46040. Applicant: University of Colorado Medical Center, 4200 East Ninth Avenue, Denver, CO 80220. Article: Electron microscope, Model EM-9S-2. Manufacturer: Carl Zeiss, Inc., West Germany.

Intended use of article: The article will be used to study the fine structure of vertebrate spinal cord, vertebrate autonomic ganglia, and synaptic junctions between nerve and muscle graduate students and postdoctoral fellows will be taught electron microscope techniques in combination with other techniques in neurobiology in a course entitled Physiology.

Comments: No comments have been received with respect to this application.

Decision: Application approved. No instrument or apparatus of equivalent scientific value to the foreign article for such purposes as this article is intended to be used, is being manufactured in the United States.

Reasons: The applicant requires an electron microscope which is suitable for instruction in the basic principles of electron microscopy. The foreign article is a relatively simple, medium resolution electron microscope designed for confident use by beginning students with a minimum of detailed programming. The most closely comparable domestic instrument is the Model EMU-4C electron microscope manufactured by the Forglfo Corp. The Model EMU-4C electron microscope is a relatively complex instrument designed for research, which requires a skilled electron microscopist for its operation. We are advised by the Department of Health, Education, and Welfare in its memorandum dated May 7, 1971, that the relative simplicity of design and ease of operation of the foreign article is pertinent to the applicant's educational purposes. We, therefore, find that the Model EMU-4C electron microscope is not of equivalent scientific value to the foreign article for such purposes as this article is intended to be used.

The Department of Commerce knows of no other instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, which is being manufactured in the United States.

UNIVERSITY OF WISCONSIN

Notice of Decision on Application for Duty-Free Entry of Scientific Article

The following is a decision on an application for duty-free entry of a scientific article pursuant to section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Public Law 89-651, 80 Stat. 897) and the regulations issued thereunder as amended (34 F.R. 15787 et seq.).

A copy of the record pertaining to this decision is available for public review during ordinary business hours of the Department of Commerce, at the Office

of Import Programs, Department of Commerce, Washington, D.C.

Docket No. 71-00385-33-46040. Applicant: University of Wisconsin, Pathology Department, Madison, Wis. 53706. Article: Electron Microscope, Model HS-8. Manufacturer: Hitachi, Ltd., Japan.

Intended use of article: The article will be used mainly for teaching and training purposes. The courses include Molecular and Ultrastructural Pathology, Experimental Pathology, Research in Pathology, and three elective courses. Research purposes include the examination of macrophages in tissue culture and renal biopsies from humans and experimental animals.

Comments: No comments have been received with respect to this application.

Decision: Application approved. No instrument or apparatus of equivalent scientific value to the foreign article for such purposes as this article is intended to be used, is being manufactured in the United States.

Reasons: The applicant requires an electron microscope which is suitable for instruction in the basic principles of electron microscopy. The foreign article is a relatively simple, medium resolution electron microscope designed for confident use by beginning students with a minimum of detailed programming. The most closely comparable domestic instrument is the Model EMU-4C electron microscope manufactured by the Forglor Corp. The Model EMU-4C electron microscope is a relatively complex instrument designed for research, which requires a skilled electron microscopist for its operation. We are advised by the Department of Health, Education, and Welfare in its memorandum dated May 21, 1971, that the relative simplicity of design and ease of operation of the foreign article is pertinent to the applicant's educational purposes. We, therefore, find that the Model EMU-4C electron microscope is not of equivalent scientific value to the foreign article for such purposes as this article is intended to be used.

The Department of Commerce knows of no other instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, which is being manufactured in the United States.

SETH M. BODNER,
Director,
Office of Import Programs.

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

Notice of Decision on Application for Duty-Free Entry of Scientific Article

The following is a decision on an application for duty-free entry of a scientific article pursuant to section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Public Law 89-651, 80 Stat. 897) and the regulations issued thereunder as

amended (34 F.R. 15787 et seq.).

A copy of the record pertaining to this decision is available for public review during ordinary business hours of the Department of Commerce, at the Office of Import Programs, Department of Commerce, Washington, D.C.

Docket No. 71-00227-00-07795. Applicant: National Aeronautics and Space Administration, Manned Spacecraft Center, Houston, Tex. 77058. R. & D. Procurement Branch, Space Station and Special Projects Contract Section JC44. Article: Accessories for an aerial camera system. Manufacturer: Goteberg Co., Sweden.

Intended use of article: The articles are accessories for an existing Hasselblad electric data camera system.

Comments: No comments have been received with respect to this application.

Decision: Application approved. No instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, is being manufactured in the United States.

Reasons: The application relates to accessories for an instrument that had been previously imported for the use of the applicant institution. The article is being furnished by the manufacturer which produced the instrument with which the article is intended to be used.

The Department of Commerce knows of no similar accessories being manufactured in the United States, which is interchangeable with or can be readily adapted to the instrument with which the foreign article is intended to be used.

SETH M. BODNER,
Director,

Office of Import Programs.

[FR Doc.71-11479 Filed 8-9-71; 8:48 am]

UNIVERSITY OF NOTRE DAME

Notice of Decision on Application for Duty-Free Entry of Scientific Article

The following is a decision on an application for duty-free entry of a scientific article pursuant to section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Public Law 89-651, 80 Stat. 897) and the regulations issued thereunder as amended (34 F.R. 15787 et seq.).

A copy of the record pertaining to this decision is available for public review during ordinary business hours of the Department of Commerce, at the Office of Import Programs, Department of Commerce, Washington, D.C.

Docket No. 71-00190-33-46040. Applicant: The University of Notre Dame DU LAC, College of Science, Notre Dame, Ind. 46556. Article: Electron microscope, EM 801. Manufacturer: Associated Electrical Industries, United Kingdom.

Intended use of article: The article will be used for graduate student instruction combined with research in advanced cytology. Program includes demonstrations of three dimensional reconstruc-

tion of virus-like particles in nephroblastoma; comparison of the developmental ultrastructure of Habrobracon during telogonosis and early embryogenesis; origin of hymenopteran accessory nuclei based on serial sectioning and reconstruction of the nursefollicle cellocyte complex; investigating cuticle formation in parasitic nematodes; intestinal cell differentiation in parasitic nematodes, and structure and function of mitochondria.

Comments: No comments have been received with respect to this application.

Decision: Application approved. No instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, is being manufactured in the United States.

Reasons: The foreign article is equipped with a tilt stage having a guaranteed resolving power of 5 Angstroms. The most closely comparable domestic instrument is the Model EMU-4C electron microscope manufactured by the Forjflo Corp. (Forjflo). The Model EMU-4C can be equipped with a tilt stage but the guaranteed resolving power of this stage is 8 Angstroms. (The lower the numerical rating in terms of Angstrom units, the better the resolving power.) We are advised by the Department of Health, Education, and Welfare in its memorandum dated March 10, 1971, that the guaranteed resolving power of the tilt stage of the foreign article is pertinent to the applicant's research studies.

We, therefore, find that the Model EMU-4C electron microscope is not of equivalent scientific value to the foreign article for such purposes as this article is intended to be used.

The Department of Commerce knows of no other instrument or apparatus of equivalent scientific value to the foreign article for the purposes for which such article is intended to be used, which is being manufactured in the United States.

SETH M. BODNER,
Director,

Office of Import Programs.

[FR Doc.71-11480 Filed 8-9-71; 8:48 am]

UNIVERSITY OF LOUISVILLE

Amendment to Notice of Decision on Application for Duty-Free Entry of Scientific Article

The following notice of decision published in Volume 36, Number 121 of the FEDERAL REGISTER (Wednesday, June 23, 1971) pursuant to section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Public Law 89-651, 80 Stat. 897) is hereby amended to read EMU-4B where EMU-4C appeared in notice.

Docket No. 71-00205-33-46040. Applicant: University of Louisville, School of Dentistry, Health Sciences Center, Louisville, Ky. 40202. Article: Electron microscope, Model EM 300. Manufacturer:

Phillips Electronics NVD, The Netherlands.

Intended use of article: The article will be used for research on healing of superficial wounds inflicted to the wall of the large blood vessels; and ultrastructural study on the effect of cytotoxic agents on the microcirculation; and for educational purposes in oral pathology.

Comments: No comments have been received with respect to this application.

Decision: Application approved. No instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, is being manufactured in the United States.

Reasons: The foreign article provides a continuous magnification from 200 to 500,000 magnifications, without changing the pole-piece. The most closely comparable domestic instrument is the Model EMU-4B which was formerly manufactured by the Radio Corp. of America and which is presently being supplied by the Forjflo Corp. The Model EMU-4B, with its standard pole-piece, has a specified range from 1,400 to 240,000 magnifications. For survey and scanning, the lower end of this range can be reduced to 200 magnifications or less. But the continued reduction of magnification induces an increasingly greater distortion. The domestic manufacturer suggests in its literature on the Model EMU-4B that for highest quality, low magnification electron micrographs in the magnification range between 500 and 70,000 magnifications, an optional low magnification pole-piece should be used. Changing the pole-piece on the Model EMU-4B requires a break in the vacuum of the column. We are advised by the Department of Health, Education, and Welfare (HEW) in its memorandum dated January 22, 1971, that the applicant requires the capability of taking high-quality micrographs at low magnifications in order to achieve the purposes for which the article is intended to be used. HEW further advises that breaking the vacuum in the column induces the danger of contamination which would very likely lead to the failure of the experiment.

Therefore, the capability of moving from 220 to 500,000 magnifications without changing pole-pieces, while at the same time providing high-quality micrographs at low magnifications, is considered to be a pertinent characteristic. For these reasons, we find that the Model EMU-4B is not of equivalent scientific value to the foreign article for such purposes as this article is intended to be used.

The Department of Commerce knows of no other instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, which is being manufactured in the United States.

SETH M. BODNER,
Director,

Office of Import Programs.

MAYO FOUNDATION

Amendment to Notice of Application for Duty-Free Entry of Scientific Article

The following notice of application published in Volume 36, Number 139 of the FEDERAL REGISTER (Tuesday, July 20, 1971) pursuant to section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Public Law 89-651, 80 Stat. 897) is hereby amended to read Rochester, Minn. 55901 instead of Rochester, N.Y. 55901.

Docket No. 71-00477-33-46500. Applicant: Mayo Foundation, 200 First Street Southwest, Rochester, Minn. 55901. Article: Ultramicrotome, Model LKB 8800A. Manufacturer: LKB Produkter A. B., Sweden.

Intended use of article: The article will be used for studies on viral diseases of the skin, tumors of the skin, ultrastructural histochemical techniques of the skin, and immuno-ultrastructural techniques of the skin in progress. Educational use will be in courses in graduate training and for thesis work investigating biologic and pathologic problems of the skin by ultrastructural methods. Application received by Commissioner of Customs: April 2, 1971.

MICHIGAN STATE UNIVERSITY

Notice of Decision on Application for Duty-Free Entry of Scientific Article

The following is a decision on an application for duty-free entry of a scientific article pursuant to section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Public Law 89-651, 80 Stat. 897) and the regulations issued thereunder as amended (34 F.R. 15787 et seq.).

A copy of the record pertaining to this decision is available for public review during ordinary business hours of the Department of Commerce, at the Office of Import Programs, Department of Commerce, Washington, D.C.

Docket No. 71-00390-00-60800. Applicant: Michigan State University, MSU/AEC Plant Research Laboratory, Wilson Road, East Lansing, MI 48823. Article: Achromatic aplanatic phase contrast and interference contrast (Nomarski) condenser, and other accessories. Manufacturer: Carl Zeiss, Inc., West Germany.

Intended use of article: The articles are accessories for a Zeiss Photoscope I used for research on plants and leaves.

Comments: No comments have been received with respect to this application.

Decision: Application approved. No instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, is being manufactured in the United States.

Reasons: The application relates to accessories for an instrument that had been previously imported for the use of the applicant institution. The article is being furnished by the manufacturer which produced the instrument with which the article is intended to be used.

The Department of Commerce knows of no similar accessories being manufactured in the United States, which is interchangeable with or can be readily adapted to the instrument with which the foreign article is intended to be used.

Notice of Applications for Duty-Free Entry of Scientific Articles

The following are notices of the receipt of applications for duty-free entry of scientific articles pursuant to section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Public Law 89-651; 80 Stat. 897). Interested persons may present their views with respect to the question of whether an instrument or apparatus of equivalent scientific value for the purpose for which the article is intended to be used is being manufactured in the United States. Such comments must be filed in triplicate with the Director, Special Import Programs Division, Office of Import Programs, Washington, D.C. 20230, within 20 calendar days after the date on which this notice of application is published in the FEDERAL REGISTER.

Amended regulations issued under cited Act, as published in the October 14, 1969, issue of the FEDERAL REGISTER, prescribe the requirements applicable to comments.

A copy of each application is on file, and may be examined during ordinary Commerce Department business hours at the Special Import Programs Division, Department of Commerce, Washington, D.C.

Docket No. 71-00543-07-30650. Applicant: University of Washington, Seattle, Wash. 98105. Article: Meat separator. Manufacturer: Yanagiya Machinery Works, Inc., Japan.

Intended use of article: The article will be used for the research purpose of deboning fishery products prior to preparation of prepared foods such as fish sausage and fish protein concentrate. Educational purposes include Food Science courses and Advanced Unit Operations and Processes in Food Engineering. Application received by Commissioner of Customs: May 11, 1971.

Docket No. 71-00544-33-46040. Applicant: University of Alabama in Birmingham, 1919 Seventh Avenue South, Birmingham, AL 35233. Article: Electron microscope, Model EM9S-2. Manufacturer: Carl Zeiss, Inc., West Germany.

Intended use of article: The article will be used to study human tissues obtained by biopsy of outpatients or at the time

of operations. This will include normal tissues from the female reproductive tract (for instance, cervical tissue, endometrial tissue), and tissues of premalignant and malignant conditions. The techniques of electron microscopy will be taught to medical students and house-staff physicians. Application received by Commissioner of Customs: May 11, 1971.

Docket No. 71-00545-33-07730. Applicant: Purdue University, Lafayette, Ind. 47907. Article: Searle X-ray camera with toroid optics. Manufacturer: Baird & Tatlock, United Kingdom.

Intended use of article: The article will be used to study nucleic acids and mucopolysaccharides by the methods of X-ray diffraction analysis. The experiments to be conducted will involve the recording of the fiber diffraction on photographic plates; measurement of the intensities and their spatial distribution and the computation therefrom of the geometrical parameters of the molecules and molecular assemblies that would produce such a pattern. Application received by Commissioner of Customs: May 13, 1971.

Docket No. 71-00546-33-41400. Applicant: Veterans Administration Hospital, San Francisco, Calif. 94121. Article: SIRO-KEEN microtome knife sharpener. Manufacturer: Peter T. Lawson, Scientific Instruments, Australia.

Intended use of article: The article will be used to sharpen the microtome knives for use in the applicant's paraffin and colloidin neurohistology laboratory. Studies concern nervous system diseases and autopsy and biopsy material. Application received by Commissioner of Customs: May 13, 1971.

Docket No. 71-00547-33-43780. Applicant: Ochsner Foundation Hospital, 1516 Jefferson Highway, New Orleans, LA 70121. Article: Innesco-Ross-Wooler Fascia Lata Valve Supports. Manufacturer: Hypodermic Services, United Kingdom. Intended use of article: The articles are being used in a clinical study in which these valves are used in humans. The fascia lata from the human is attached to the frame, which is used to replace the diseased heart valve that has been excised. Application received by Commissioner of Customs: May 13, 1971.

Docket No. 71-00548-65-46040. Applicant: Ames Research Laboratory, NASA Ames Research Center, Moffett Field, Calif. 94035. Article: Electron microscope, Model EM 300. Manufacturer: Philips Electronics NVD, The Netherlands.

Intended use of article: The article will be used on ultrastructure research on the lunar samples returned by the Apollo missions. It will also be associated with deeper space probes, i.e., to Mars. Reports of light flashes in the retina of the eye of astronauts and radiation measurements make it necessary to increase the understanding of the effects of galactic radiation on tissue ultrastructure. Application received by Commissioner of Customs: May 13, 1971.

Docket No. 71-00549-00-41200. Applicant: Health Research, Inc., 666 Elm

Street, Buffalo, NY 14203. Article: Klystron tube, Model VC 104. Manufacturer: Varian Associates of Canada, Ltd., Canada.

Intended use of article: The article is a replacement tube for a microwave generator used for the study of radiation damage. Application received by Commissioner of Customs: May 18, 1971.

Docket No. 71-00550-01-90000. Applicant: University of Pennsylvania, Department of Chemistry, E. F. Smith Chemistry Laboratories, 215 South 34th Street, Philadelphia, PA 19104. Article: Rotating anode X-ray generator and attachment, Model GX6. Manufacturer: Elliot Automation Radar Systems, Ltd., United Kingdom.

Intended use of Article: The article will be used to provide high intensity X-radiation for single crystal X-ray diffraction studies of proteins for teaching and research. Application received by Commissioner of Customs: May 17, 1971.

Docket No. 71-00551-33-43780. Applicant: Ochsner Foundation Hospital, 1516 Jefferson Highway, New Orleans, LA 70121. Article: Inoescu-Ross-Wooler Fascia Lata Valve Supports. Manufacturer: Hypodermic Services, United Kingdom.

Intended use of article: The articles are being used in a clinical study in which these valves are used in humans. The fascia lata from the human is attached to the frame, which is used to replace the diseased heart valve that has been excised. Application received by Commissioner of Customs: May 17, 1971.

Docket No. 71-00552-33-46040. Applicant: Battelle Memorial Institute, Pacific Northwest Laboratories, Post Office Box 999, Richland, WA 99352. Article: Electron microscope, Model EM 300. Manufacturer: Philips Electronics NVD, The Netherlands.

Intended use of article: The article will be used for research on biological specimens derived from experiments in radiation biology and effects of thermal changes in river water on fish and to the study of pollutant particles with respect to size, radioactivity and composition. The effects of radiation on biological specimens will be studied for gross biological changes and ultrastructure changes, the damage due to the radiation and its effects. Application received by Commissioner of Customs: May 17, 1971.

WESTERN MICHIGAN UNIVERSITY ET AL.

Notice of Applications for Duty-Free Entry of Scientific Articles

The following are notices of the receipt of applications for duty-free entry of scientific articles pursuant to section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966

(Public Law 89-651; 80 Stat. 897). Interested persons may present their views with respect to the question of whether an instrument or apparatus of equivalent scientific value for the purpose for which the article is intended to be used is being manufactured in the United States. Such comments must be filed in triplicate with the Director, Special Import Programs Division, Office of Import Programs, Washington, D.C. 20230, within 20 calendar days after the date on which this notice of application is published in the FEDERAL REGISTER.

Amended regulations issued under cited Act, as published in the October 14, 1969, issue of the FEDERAL REGISTER, prescribe the requirements applicable to comments.

A copy of each application is on file, and may be examined during ordinary Commerce Department business hours at the Special Import Programs Division, Department of Commerce, Washington, D.C.

Docket No. 71-00553-33-46500. Applicant: Western Michigan University, Department of Biology, Wood Hall, Western Michigan Avenue, Kalamazoo, MI 49001. Article: Ultramicrotome, Model LKB 8800A. Manufacturer: LKB Produkter AB, Sweden. Intended use of article: The article will be used to examine plant, animal and bacterial tissues, exhibiting normal and pathological alterations. The studies concern ultrastructural changes associated with viral infections, primarily as regards antigenic changes at the various membranes; and maturation of animal viruses at cell membranes resulting in antigenic alterations in both lytic and nonlytic conditions. Application received by Commissioner of Customs: May 17, 1971.

Docket No. 71-00554-33-46040. Applicant: Philadelphia General Hospital, 34th Street and Civic Center Boulevard, Philadelphia, PA 19104. Article: Electron microscope, Model HU-11E. Manufacturer: Hitachi, Ltd., Japan. Intended use of article: The article will be used to study the biosynthesis and degradation of collagen, the major protein found in tissues such as skin, bone, and small blood vessels. Sections of tissues and cells which are either synthesizing or degrading collagen will be examined by the electron microscope. Also molecules such as enzymes which are involved in either the biosynthesis or degradation of collagen will be examined. Application received by Commissioner of Customs: May 18, 1971.

Docket No. 71-00555-65-46070. Applicant: Howard University, 2400 Sixth Street NW., Washington, DC 20001. Article: Scanning electron microscope, Model JSM-U3. Manufacturer: Japan Electron Optics Laboratory Co., Ltd., Japan.

Intended use of article: The article will be used for teaching and research regarding the ultrastructure of the surface of pollens and other airborne organic particles of plant origin; high resolution analysis of the outer surfaces of bacteria, fungi and yeasts; ultrastructure of biological pollutants of importance to students in civil engineering in-

terested in sewerage problems; and for rapid analysis of minerals and dust and inorganic materials from the moon's surface. Application received by Commissioner of Customs: May 18, 1971.

Docket No. 71-00556-00-46040. Applicant: UCLA/University of California at Los Angeles, 405 Hilgard Avenue, Los Angeles, CA 90024. Article: Electromagnetic shutter with the equipment for exposure measurement. Manufacturer: Siemens AG, West Germany. Intended use of article: The article is an accessory for an existing Siemens IA electron microscope used for biological research. Application received by Commissioner of Customs: May 18, 1971.

Docket No. 71-00557-33-25100. Applicant: University of California, 405 Hilgard Avenue, Los Angeles, CA 90024. Article: Two Leichardt rowing ergometers (1 port and 1 starboard). Manufacturer: E. R. Curtain Pty, Ltd., Australia. Intended use of article: The article will be used in courses entitled General Kinesiology, Assessment of Human Movement Skill, Conditioning for Maximal Performance, and Kinesometrics. Application received by Commissioner of Customs: May 19, 1971.

Docket No. 71-00558-33-11000. Applicant: University of Cincinnati College of Medicine, Eden and Bethesda Avenues, Cincinnati, OH 45219. Article: LKB 9000 combined gas - chromatograph - mass spectrometer. Manufacturer: LKB Produkter AB, Sweden. Intended use of article: The article will be used in the determination of the chemical structure of micrograms and nanogram quantities of drugs and drug metabolites isolated from biological materials; for a study of drug metabolism in man; and for research to sequence synthetic peptides isolated from blood and urine. Application received by Commissioner of Customs: May 19, 1971.

Docket No. 71-00559-75-14200. Applicant: University of Chicago, Operator of Argonne National Laboratory, 9700 South Cass Avenue, Argonne, IL 60439. Article: Image Analyzing System. Manufacturer: Metals Research, Ltd., United Kingdom. Intended use of article: The article will be used for research on uranium-plutonium dioxide fuel materials as well as cladding and structural materials of interest in reactor development in both irradiated and unirradiated conditions. Investigations concern grain sizes, gas bubble and void sizes and second phase and inclusion sizes. Application received by Commissioner of Customs: May 19, 1971.

Docket No. 71-00560-75-40600. Applicant: University of Chicago, Operator of Argonne National Laboratory, 9700 South Cass Ave., Argonne, IL 60439. Article: Negative ion source system, Model DX-SO-15. Manufacturer: Dr. E. Heinecke, West Germany.

Intended use of article: The article will provide a large variety of both heavy and light ions to be injected into and accelerated by the existing FN Tandem Van de Graff Accelerator. Heavy ions

will be used in a large variety of fundamental experiments designed to explore the nature of nuclear forces and the details of nuclear structure. Application received by Commission of Customs: May 19, 1971.

Docket No. 71-00561-33-46040. Applicant: The Mount Sinai Hospital, University Circle, Cleveland, Ohio 44106. Article: Electron microscope, Model HU-12. Manufacturer: Hitachi, Ltd., Japan. Intended use of article: The article will be used for the training of graduate students and postdoctorates in the techniques and application of electron microscopy. M.D.'s and Ph. D.'s whose major interest is to obtain results as rapidly and as simply as possible will use the electron microscope as a tool to accomplish their projects. Detailed projects concern ultrastructure of pathological calcified tissues and localization of tritiated parathyroid hormone in bone. Application received by Commission of Customs: May 19, 1971.

Docket No. 71-00562-99-25100. Applicant: The Catholic University of America, 620 Michigan Avenue NE., Washington, DC 20017. Article: VCS 3 music synthesizer with DK 1 dynamic keyboard. Manufacturer: Electronic Music Studio, United Kingdom. Intended use of article: The article will be used in two courses, Introduction to Electronic Music and Electronic Music Composition to provide students with the knowledge of and the capability of handling various types of apparatus used in electronic music composition. Application received by Commissioner of Customs: May 21, 1971.

DEPARTMENT OF TRANSPORTATION

Coast Guard
[CGFR 71-77]

DESOTO WATERWAY, FLORIDA

Notice of Public Hearing on Proposed Bridge

A public hearing will be held at 2 p.m., September 13, 1971, at the Diplomat Country Club, 501 Diplomat Parkway, Hallandale, FL, to consider the application for a bridge permit submitted by the Mailman Development Corp. on April 21, 1971. The Mailman Development Corp. is seeking the Coast Guard's approval of the location and plans for a fixed bridge which they propose to build across the DeSoto Waterway of the Three Islands Development at Northeast Ninth Street, Hallandale, Fla. The plans submitted are for a fixed highway bridge, approximately 225 feet in length, with a vertical clearance of 6.8 feet above mean high water and 9.3 feet

above mean low water, and a horizontal clearance of 41.8 feet.

Among the issues that the Coast Guard considers in deciding whether a bridge permit will be issued are the impact the proposed bridge will have on present and prospective navigation on the waterway and the environment. The environment issues include but are not limited to the impact of the bridge on recreational areas, wildlife and water fowl refuges, public parks, and historical sites.

The Commander, Seventh Coast Guard District, issued a Public Notice on April 27, 1971, to notify interested persons of the Mailman Development Corp.'s application. This public notice generated considerable public interest and controversy. Therefore, the Coast Guard has decided to hold this public hearing to gather additional information. Interested persons may present their views, at the public hearing, orally or in writing.

The hearing will be informal. A Coast Guard representative, who will preside at the hearing, will make a brief opening statement describing the proposed bridge and announce the procedures to be followed at the hearing.

Any person may make an oral statement if he notifies the Commander, Seventh Coast Guard District, 51 Southwest First Avenue, Miami, FL 33130, by September 1, 1971. Such notification should include the approximate time required to make the presentation. A transcript will be made of the hearing which may be purchased by the public.

Interested persons may also participate in the consideration of this bridge permit application by submitting their comments in writing to the Commander, Seventh Coast Guard District. Each comment should state the subject to which it is directed, reasons for any objections or proposed changes and the name and address of the person or organization submitting the comment. Copies of all written communications will be available for examination by interested persons at the offices of the Commander, Seventh Coast Guard District.

All comments received before October 1, 1971 will be considered before final action is taken on the proposed bridge permit application. After the time set for the submission of comments, the Commander, Seventh Coast Guard District will forward the record, including all written comments and his recommendations to the Commandant, U.S. Coast Guard, Washington, D.C. 20591. The Commandant will make the final determination on the bridge permit.

(Sec. 502, 60 Stat. 847, as amended, sec. 4(f), 6(g) (6) (C), 80 Stat. 933, as amended; 33 U.S.C. 525, 49 U.S.C. 1653(F), 1655(g) (C); 49 CFR 1.46(e) (10))

Dated: Aug. 2, 1971.

C. R. BENDER,
Admiral, U.S. Coast Guard,
Commandant.

CIVIL AERONAUTICS BOARD

[Docket 23819; Order 71-8-9]

AMERICAN HANSA JET CORP.

Establishment of Service Mail Rate

Issued under delegated authority, August 2, 1971.

The Postmaster General filed a notice of intent July 16, 1971, pursuant to 14 CFR Part 298, petitioning the Board to establish for the above captioned air taxi operator, a final service mail rate of \$1.35 per great circle aircraft mile for the transportation of mail by aircraft between Newark, N.J., and Pittsburgh, Pa., based on five round trips per week.

No protest or objection was filed against the proposed services during the time for filing such objections. The Postmaster General states that the Postal Service and the carrier agree that the above rate is a fair and reasonable rate of compensation for the proposed services. The Postmaster General believes these services will meet postal needs in the market. He states the air taxi plans to initiate mail service with Hansa, twin-engine jet aircraft (capacity restricted to 3,600 pounds).

It is in the public interest to fix, determine, and establish the fair and reasonable rate of compensation to be paid by the Postmaster General for the proposed transportation of mail by aircraft, the facilities used and useful therefor, and the services connected therewith, between the aforesaid points. Upon consideration of the notice of intent and others matters officially noticed, it is proposed to issue an order¹ to include the following findings and conclusions:

The fair and reasonable final service mail rate to be paid to American Hansa Jet Corp., in its entirety by the Postmaster General pursuant to section 406 of the Act for the transportation of mail by aircraft, the facilities used and useful therefor, and the services connected therewith, shall be \$1.35 per great circle aircraft mile between Newark, N.J., and Pittsburgh, Pa., based on five round trips per week flown with Hansa, twin-engine jet aircraft (capacity restricted to 3,600 pounds).

Accordingly, pursuant to the Federal Aviation Act of 1958, and particularly sections 204(a) and 406 thereof, and regulations promulgated in 14 CFR Part 303, 14 CFR Part 298, and 14 CFR 385.16(f):

It is ordered, That:

1. American Hansa Jet Corp., the Postmaster General, Allegheny Airlines, Inc., Trans World Airlines, Inc., United Air Lines, Inc., and all other interested persons are directed to show cause why the Board should not adopt the foregoing proposed findings and conclusions and

¹ As this order to show cause is not a final action, it is not regarded as subject to the review provisions of 14 CFR Part 385. These provisions will apply to final action taken by the staff under authority delegated in section 385.16(g).

fix, determine, and publish the final rate specified above for the transportation of mail by aircraft, the facilities used and useful therefor, and the services connected therewith as specified above as the fair and reasonable rate of compensation to be paid to American Hansa Jet Corp.;

2. Further procedures herein shall be in accordance with 14 CFR Part 302, and notice of any objection to the rate or to the other findings and conclusions proposed herein, shall be filed within 10 days, and if notice is filed, written answer and supporting documents shall be filed within 30 days after service of this order;

3. If notice of objection is not filed within 10 days after service of this order, or if notice is filed and answer is not filed within 30 days after service of this order, all persons shall be deemed to have waived the right to a hearing and all other procedural steps short of a final decision by the Board, and the Board may enter an order incorporating the findings and conclusions proposed herein and fix and determine the final rate specified herein;

4. If answer is filed presenting issues for hearing, the issues involved in determining the fair and reasonable final rate shall be limited to those specifically raised by the answer, except insofar as other issues are raised in accordance with Rule 307 of the Rules of Practice (14 CFR 302.307); and

5. This order shall be served on American Hansa Jet Corp., the Postmaster General, Allegheny Airlines, Inc., Trans World Airlines, Inc., and United Air Lines, Inc.

This order will be published in the FEDERAL REGISTER.

HARRY J. ZINK,
Secretary.

[FR Doc.71-11490 Filed 8-9-71;8:49 am]

DELAWARE RIVER BASIN COMMISSION COMPREHENSIVE PLAN

Notice of Public Hearing

The Delaware River Basin Commission will hold a public hearing on August 25, 1971, at 10 a.m., in the South Auditorium of the ASTM Building, 1916 Race Street, Philadelphia, PA, on the following proposed amendment to the Comprehensive Plan for the Delaware River Basin:

REGIONAL SEWERAGE PLAN FOR DARBY CREEK WATERSHED

Purpose and need. The purpose of this plan and program is the designation and development of a regional sewerage solution for the area generally encompassing the Darby Creek watershed. Portions of the area concerned are presently suffering from inadequate sewerage service from several of the existing sewerage utilities; Darby Creek is severely pol-

luted for much of its length; bans have been imposed on additional sewer connections in some areas, and health hazards exist. In accordance with the Commission's regionalization policy (Comprehensive Plan as amended by Resolution 68-6) the Commission and the interested Federal, State, and local agencies have undertaken various surveys and studies including those reported in the following references:

(1) Letter dated March 31, 1971, to Mr. James F. Wright, Executive Director, from Dr. William B. Strandberg, Coordinator, Darby Creek Watershed, transmitting the Joint Staff Position, March 29, 1971. (2) Proceedings of the Darby Creek Technical Task Force, March 19, 1971. (3) Survey Report and Findings, Darby Creek Area Sewerage, DRBC Staff Report, August 11, 1970.

On the basis of these and other studies and reports, it is believed that public interest would best be served by a regional sewerage system, the region to be served by the Philadelphia Southwest Water Pollution Control Plant (Philadelphia SW).

Service area. The service area of the existing Philadelphia SW regional system would generally be extended to include the Darby Creek watershed, including the service areas of the existing sewerage systems within the watershed.

General features. The regionalization plan includes three key features:

1. Connection of the Darby Creek Joint Authority (DCJA) sewerage system with the Philadelphia SW plant, by means of an interceptor.

2. Upgrading and enlargement of the Philadelphia SW plant to handle the enlarged service area.

3. A series of interim steps pending the 1976 completion of the Philadelphia SW plant as follows:

a. Construction of the temporary Cobbs Creek interconnection between the DCJA and Philadelphia SW sewer systems.

b. Construction of the interim measures at the Radnor-Haverford-Marple (RHM) treatment plant as authorized (DRBC Docket D-69-204CP).

c. Diversion of waste from RHM to DCJA as authorized (DRBC Docket D-69-204CP).

d. Upon completion of the interceptor, reduction of flows to the DCJA plant to 10 m.g.d., with the balance of flows diverted by means of the interceptor to Philadelphia SW.

e. Upon completion of the upgrading and enlargement of the Philadelphia SW plant, phaseout of the RHM plant. Phaseout of other treatment plants in the designated region on the basis of physical, economic, and financial considerations, with due consideration of the Delaware County Regional Sewerage System Study, scheduled for completion in October 1971.

Cost. Comparative cost and analyses shown in the referenced studies indicate that the regional plan is the most economical solution for the Darby Creek area. It has been estimated that the regional plan and program will produce

long-term average annual cost savings of from 10-20 percent over subregional development.

All documents referred to herein are available for examination at the Commission offices by appointment. All persons wishing to testify are requested to register in advance with the Secretary of the Commission.

DAWES THOMPSON,
Acting Secretary.

AUGUST 3, 1971.

FEDERAL POWER COMMISSION

[Docket No. G-2598 etc.]

TENNECO OIL CO. ET AL.

Notice of Applications for Certificates, Abandonment of Service and Petitions To Amend Certificates¹

JULY 29, 1971.

Take notice that each of the applicants listed herein has filed an application or petition pursuant to section 7 of the Natural Gas Act for authorization to sell natural gas in interstate commerce or to abandon service as described herein, all as more fully described in the respective applications and amendments which are on file with the Commission and open to public inspection.

Any person desiring to be heard or to make any protest with reference to said applications should on or before August 27, 1971, file with the Federal Power Commission, Washington, D.C. 20426, petitions to intervene or protests in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Persons wishing to become parties to a proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on all applications in which no petition to intervene is filed within the time required herein if the Commission on its own review of the matter believes that a grant of the certificates or the authorization for the proposed abandonment is required by the public convenience and necessity. Where a petition for leave to intervene is timely filed, or where the Commission on its own motion believes

¹ This notice does not provide for consolidation for hearing of the several matters covered herein.

that a formal hearing is required, further notice of such hearing will be duly given. Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for applicants to appear or be represented at the hearing.

KENNETH F. PLUMS,
Secretary.

fiscal year 1972 appropriation to the portion of its appropriation request under 39 U.S.C. 2401(c) that was eliminated in the Budget of the United States. 39 U.S.C. § 3627 authorizes adjustments in the rates of postage for mail sent at reduced rates under 39 U.S.C. 626 if Congress fails to appropriate an amount authorized under 39 U.S.C. 2401 (c). In consonance with this provision, and against the background outlined in the preceding paragraphs, the Postal Service considers it appropriate, as a means of carrying out the provisions of title 39 of the United States Code, to place into effect the temporary changes in rates of domestic postage shown on the schedule set out below. These temporary changes are hereby placed into effect as of September 15, 1971, and the order published at 36 F.R. 8331-8333 is modified accordingly. The temporary changes hereby placed into effect will remain effective for a period ending 30 days after the Postal Rate Commission has transmitted to the Governors of the Postal Service its recommended decision with respect to the full proposed rates in question, unless this order is sooner revoked or modified.

In its budget presentations to the Office of Management and Budget and to the Congress, the Post Office Department requested an appropriation to the Postal Service Fund for fiscal year 1972 in the full amount authorized by 39 U.S.C. 2401(c). The Budget of the U.S. Government, however, as transmitted to the Congress, expressed the view that full implementation of the rate increases proposed for third-class mail should not be deferred, and the amount requested in the Budget under 39 U.S.C. 2401(c) was reduced accordingly. In the Act making appropriations to the Postal Service for fiscal year 1972 (Public Law 92-49), the total amount requested in the Budget was further reduced. The Postal Service does not attribute any part of its

1 Amendment to certificate filed to add acreage, revise price and extend term of contract and provide for rates of 19 cents and 24 cents per Mcf.
 2 Applicant previously notified July 21, 1971 in Docket No. G-2022 et al., at a rate of 22 cents per Mcf. By letter filed July 7, 1971, applicant amended its application to reflect a rate of 24.5 cents per Mcf.
 3 Subject to upward and downward B.T.U. adjustment.
 4 Expiration of leases.
 5 Rate in effect subject to refund in Docket No. E188-808.
 6 Amendment to pending Application.
 7 Applicant requests reimbursement of certificate from July 1, 1971 to July 30, 1970.
 8 Includes 1.75 cents per Mcf tax reimbursement.
 9 Applicant proposes to abandon in part the sale of natural gas to Phillips Petroleum Co. for resale to El Paso Natural Gas Co. Applicant proposes in Docket No. C171-821 to make a sale from the subject properties to Tippecanoe Resources for resale to El Paso Natural Gas Co.
 10 Applicant is willing to accept a certificate at 20 cents; however, the contract provides for an initial rate of 25.25 cents per Mcf.

POSTAL SERVICE
POSTAL RATES AND FEES
Temporary Changes Effective
September 15, 1971

By notice published in the FEDERAL REGISTER on May 4, 1971 (36 F.R. 8331-8333), the Post Office Department placed into effect, as of May 16, 1971, certain temporary changes in rates of domestic postage and fees for postal services, pursuant to 39 U.S.C. section 3641. With respect to the classes of "reduced rate" mail identified in 39 U.S.C. section 2626, the increases reflected in such temporary rates did not exceed the first of a series of annual increases that the Department anticipated would be established for reduced rate mail under the separate rate schedules to be adopted pursuant to 39 U.S.C. section 3626. (See the notice published by the Department in the FEDERAL REGISTER on February 6, 1971, 36 F.R. 2571 et seq., identifying, in addition to the temporary rates, both the full proposed rates and the "first step rates" contemplated under the separate schedules for reduced rate mail.)

The Department's initial determination of the level of temporary rates was based on the assumption that pursuant to the authority contained in 39 U.S.C.

(39 Sec. U.S.C. §§ 401, 402, 3632, 3627, 3641)

DAVID A. NELSON,
Senior Assistant Postmaster
General Counsel.

SMALL BUSINESS ADMINISTRATION

INDIANA CAPITAL SBIC, INC.

Notice of Filing of Application for Transfer of Control of Licensed Small Business Investment Com- pany

Notice is hereby given that application has been filed with the Small Business Administration (SBA) pursuant to § 107.701 of the regulations governing Small Business Investment Companies (13 CFR § 107.701 (1971)) for transfer of control of Indiana Capital SBIC, Inc. (Indiana), 927 South Harrison Street, Fort Wayne, IN 46802, a Federal Licensee under the Small Business Investment Act of 1958, as amended (15 U.S.C. Sections 661 et seq.) (Act), License No. 05/07-0025.

Indiana was licensed on January 24, 1961, and its private capital amounts to \$300,000. The proposed transfer of control is subject to and contingent upon the approval of SBA.

Indiana Capital Corp., the parent, has agreed to sell 100 percent of the common stock of its subsidiary, Indiana, to the Waterfield Mortgage Co., Inc. (Waterfield), 123 West Berry Street, Fort Wayne, IN 46802.

Waterfield, an Indiana corporation, has 11 beneficial owners and will operate Indiana Capital SBIC, Inc., as a 100 percent owned subsidiary.

The officers and directors of Indiana will be:

Richard H. Waterfield, 4801 Stratford Road, Fort Wayne, IN 46807, Chairman and Director.

Joel K. Bravick, 3218 Delray Drive, Fort Wayne, IN 46805, President and Director.

Richard D. Waterfield, 2236 Wawonaissa Trail, Fort Wayne, IN 46807, Secretary, Treasurer and Director.

John R. Rhinehart, 4222 Indiana Avenue, Fort Wayne, IN 46807, Director.

Samuel K. Kreigh, 5115 Ivybrook Drive, Fort Wayne, IN 46805, Director.

Matters involved in SBA's consideration of the application include the general business reputation and character of the proposed new owner and management, and the probability of successful operations of the company under such management (including adequate profitability and financial soundness) in accordance with the Act and regulations.

Notice is hereby given that any interested persons may, not later than 15 days from the publication of this notice, submit to SBA in writing, relevant comments on the proposed transfer of control. Any such communication should be

addressed to the Associate Administrator for Operations and Investment, Small Business Administration, 1441 L Street NW., Washington, DC 20416.

Dated: July 29, 1971.

A. H. SINGER,
Associate Administrator for
Operations and Investment.

[Declaration of Disaster Loan Area 837 (Class B)]

NEW YORK

Declaration of Disaster Loan Area

Whereas, it has been reported that during the month of July 1971, because of the effects of a certain disaster, damage resulted to residences and business property located in the State of New York;

Whereas, the Small Business Administration has investigated and has received other reports of investigations of conditions in the areas affected;

Whereas, after reading and evaluating reports of such conditions, I find that the conditions in such area constitutes a catastrophe within the purview of the Small Business Act, as amended.

Now, therefore, as Associate Administrator for Operations and Investment of the Small Business Administration, I hereby determine that:

1. Applications for disaster loans under the provisions of section 7(b)(1) of the Small Business Act, as amended, may be received and considered by the office below indicated from persons or firms whose property situated in Orange and Putnam Counties, N.Y., and adjacent areas, suffered damage or destruction resulting from a tornado occurring on July 29, 1971, and accompanying conditions.

OFFICE

Small Business Administration Regional Office, 26 Federal Plaza, Room 3930, New York, N.Y. 10007.

2. Applications for disaster loans under the authority of this Declaration will not be accepted subsequent to February 29, 1972.

Dated: August 2, 1971.

A. H. SINGER,
Associate Administrator for
Operations and Investment.

DEPARTMENT OF AGRICULTURE

Packers and Stockyards Administration

B & H SALES CO. ET AL.

Proposed Posting of Stockyards

The Chief, Registrations, Bonds, and Reports Branch, Packers and Stockyards Administration, U.S. Department of Agriculture, has information that the livestock markets named below are stockyards as defined in section 302 of the Packers and Stockyards Act, 1921, as amended (7 U.S.C. 202), and should be made subject to the provisions of the Act.

B & H Sales Co., Carson, Iowa.
Southwest Livestock, Inc., Lorman, Miss.
Mohawk Valley Beef Sales, Inc., Westernville, N.Y.
Van Zandt Commission Company, Inc., Wills Point, Tex.
Winnie Livestock Exchange, Winnie, Tex.

Notice is hereby given, therefore, that the said Chief, pursuant to authority delegated under the Packers and Stockyards Act, 1921, as amended (7 U.S.C. 181 et seq.), proposes to issue a rule designating the stockyards named above as posted stockyards subject to the provisions of the Act as provided in section 302 thereof.

Any person who wishes to submit written data, views, or arguments concerning the proposed rule, may do so by filing them with the Chief, Registrations, Bonds, and Reports Branch, Packers and Stockyards Administration, U.S. Department of Agriculture, Washington, D.C. 20250, within 15 days after publication in the FEDERAL REGISTER.

All written submissions made pursuant to this notice shall be made available for public inspection at such times and places in a manner convenient to the public business (7 U.S.C. 1.27(b)).

Done at Washington, D.C., this 4th day of August 1971.

G. H. HOPPER,
Chief, Registrations, Bonds,
and Reports Branch, Live-
stock Marketing Division.

[Notice 343]

MOTOR CARRIER TEMPORARY AUTHORITY APPLICATIONS

AUGUST 5, 1971.

The following are notices of filing of applications for temporary authority under section 210(a) of the Interstate Commerce Act provided for under the new rules of Ex Parte No. MC-67, (49 CFR Part 1131), published in the FEDERAL REGISTER, issue of April 27, 1965, ef-

fective July 1, 1965. These rules provide that protests to the granting of an application must be filed with the field official named in the FEDERAL REGISTER publication, within 15 calendar days after the date of notice of the filing of the application is published in the FEDERAL REGISTER. One copy of such protests must be served on the applicant, or its authorized representative, if any, and the protests must certify that such service has been made. The protests must be specific as to the service which such protestant can and will offer, and must consist of a signed original and six copies.

A copy of the application is on file, and can be examined at the Office of the Secretary, Interstate Commerce Commission, Washington, D.C., and also in field office to which protests are to be transmitted.

MOTOR CARRIERS OF PROPERTY

No. MC 30173 (Sub-No. 6 TA) (Correction), filed July 12, 1971, published FEDERAL REGISTER, issue of July 23, 1971, and republished as corrected this issue. Applicant: GAMACHE TRUCKING CO., INC., Bates Street, Post Office Box 612, Fall River, MA 02722. Applicant's representative: Francis J. Ortman, 1100 17th Street NW., No. 613, Washington, DC 20036. NOTE: The purpose of this republication is to note the correct address of the field office: 187 Westminster Street, Providence, RI 02903. Previous publication gave 817 Westminster Street in error. The rest of the notice of filing remains as previously published.

No. MC 98154 (Sub-No. 10 TA) (Correction), filed July 14, 1971, published FEDERAL REGISTER July 27, 1971, corrected and republished as corrected this. Applicant: BRUCE CARTAGE INCORPORATED, 3460 East Washington Road, Saginaw, MI 48601. Applicant's representative: Karl L. Gotting, 1200 Bank of Lansing, Michigan, Lansing, Mich. 48933. Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: Such merchandise as is dealt with by retail department stores, between Saginaw, Mich., and Grand Rapids, Mich., on the one hand, and, on the other, J. C. Penney Stores and warehouses located at points in Michigan south of a line beginning at Lake Michigan and extending along the north boundary of Manistee, Wexford, and Missaukee Counties, thence south along the east boundary of Missaukee County to the north boundary of Clare County, thence east along north boundary of Clare County and the north boundary of Gladwin County to the east boundary of Gladwin County, thence south along the east boundary of Gladwin and Midland Counties to a point due west of Kawkawlin, Mich., thence east along an imaginary line drawn east and west through Kawkawlin, Mich., to Saginaw Bay. Restriction: The operations authorized herein are subject to the following conditions: Said operations are restricted against the transportation of traffic to or from stores and warehouses located in Monroe, Washtenaw, Oakland, Ma-

NOTICES

comb, St. Clair, and Wayne Counties, Mich. Said operations are restricted to the transportation of traffic originating at Secaucus and Jersey City, N.J., and Statesville, N.C., for 150 days. **NOTE:** Applicant has authority to transport the commodities requested herein except that the same is restricted against transportation of articles weighing in the aggregate more than 500 pounds from one consignor at one location to one consignee at one location on any one day except traffic moving from Wauwatosa, Wis., which is not subject to said restriction. The purpose of this application is to eliminate such restriction insofar as shipments are made to stores and warehouses of J. C. Penney Co. from the points of Secaucus and Jersey City, N.J., and Statesville, N.C. Supporting shipper: E. F. Stadelman, General Traffic Manager, J. C. Penney Co., Inc., 1301 Avenue of the Americas, New York, NY 10019. Send protests to: C. R. Flemming, District Supervisor, Bureau of Operations, Interstate Commerce Commission, Room 225 Federal Building, Lansing, Mich. 48933. The purpose of this republication is to include that portion which is underlined above which was inadvertently omitted from previous publication.

No. MC 103993 (Sub-No. 646 TA) (Correction), filed July 20, 1971, published **FEDERAL REGISTER**, July 30, 1971, corrected and republished in part as corrected this issue. Applicant: MORGAN DRIVE-AWAY, INC., 2800 West Lexington Avenue, Elkhart, IN 46514. Applicant's representative: Ralph H. Miller (same address as above). **NOTE:** The purpose of this partial republication is to set forth the correct MC No. 103993 in lieu of MC No. 103933 shown erroneously in previous publication. The rest of the application remains the same.

No. MC 111729 (Sub-No. 322 TA) (Correction), filed July 15, 1971, published **FEDERAL REGISTER**, July 27, 1971, corrected and republished in part as corrected this issue. Applicant: AMERICAN COURIER CORPORATION, 2 Nevada Drive, Lake Success, (NHP-PO) NY

11040. Applicant's representative: John M. Delany (same address as above). **NOTE:** The purpose of this partial republication is to reflect the correct spelling of the destination point in item (4) below as Whitewater, Wis., in lieu of Shitewater, Wis., shown erroneously in previous publication. (4) *Ophthalmic goods and business papers and records* moving therewith, between Rosemont, Ill., on the one hand, and, on the other Fort Wayne, Hammond, and South Bend, Ind., Cedar Rapids, Davenport, and Dubuque, Iowa, Green Bay, Madison, Milwaukee, Oshkosh, and Whitewater, Wis. The rest of the application remains the same.

No. MC 118038 (Sub-No. 3 TA) (Amendment), filed July 14, 1971, published **FEDERAL REGISTER**, July 28, 1971, corrected and amended as corrected this issue. Applicant: EASLEY HAULING SERVICE, INC., North First Avenue and Quince Street, Yakima, WA 98907. Applicant's representative: Norman Richardson, Post Office Box 1261 (Gun Club Road), Yakima, WA 98907. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Cellular styrofoam and plastic trays, cartons and containers*, from Wenatchee, Wash., to Multnomah, Hood River, Wasco, Jackson, and Marion Counties, Oreg., for 180 days. Supporting shipper: Dolco Packaging Corp., 1121 South Columbia Street, Wenatchee, WA 98801. Send protests to: District Supervisor W. J. Huetig, Interstate Commerce Commission, Bureau of Operations, 450 Multnomah Building, 319 Southwest Pine Street, Portland, OR 97204. **NOTE:** The purpose of this republication is to reflect operations as a *common carrier* in lieu of contract carrier and to reflect the correct docket number as MC 118038 (Sub-No. 3 TA) in lieu of MC 103494 (Sub-No. 21 TA) shown erroneously in previous publication.

No. MC 126313 (Sub-No. 4 TA) (Correction), filed July 14, 1971, published **FEDERAL REGISTER**, July 27, 1971, cor-

rected and republished as corrected this issue. Applicant: BEAUCE EXPRESS, INC., Post Office Box 38, St. George (Beauce), Quebec. Applicant's representative: Frank J. Weiner, 6 Beacon Street, Boston, MA 02108. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Sulphite and woodpulp*, from ports of entry on the international boundary lines between the United States and Canada, located at Jackman and Coburn Gore, Maine, and Norton Mills, Derby Line, Troy, Richford, and Highgate Springs, Vt., to points in Maine, New Hampshire, and Vermont, for 180 days. Supporting shippers: John Breakey, Ltd., Breakeyville (Levis), Quebec; St. Raymond Paper, Ltd., Desbiens, Quebec. Send protests to: District Supervisor Ross J. Seymour, Bureau of Operations, Interstate Commerce Commission, 424 Federal Building, Concord, NH 03301. **NOTE:** The purpose of this republication is to reflect the correct docket number as MC 126313 (Sub-No. 4 TA) in lieu of MC 135770 TA, shown erroneously in previous publication and to include an additional shipper, which was inadvertently omitted in previous publication.

No. MC 135530 (Sub-No. 1 TA) (Correction), filed June 16, 1971, published **FEDERAL REGISTER**, June 29, 1971, corrected and republished in part as corrected this issue. Applicant: LAKE CENTER INDUSTRIES TRANSPORTATION, INC., 111 Market Street, Winona, MN 55987. Applicant's representative: Charles E. Nieman, 1160 Northwestern Bank Building, Minneapolis Minn. 55402. **NOTE:** The purpose of this partial republication is to set forth the correct territory description to read as follows in item (c) between Decorah, Iowa, on the one hand, and, on the other points in Minnesota and Wisconsin. The rest of the notice remains the same.

By the Commission.

[SEAL] ROBERT L. OSWALD,
Secretary.
