FRIDAY, SEPTEMBER 3, 1971

WASHINGTON, D.C.

Volume 36 ■ Number 172

Pages 17637-17805

PART I

(Part II begins on page 17681)

HIGHLIGHTS OF THIS ISSUE

This listing does not affect the legal status of any document published in this issue. Detailed table of contents appears inside.

- ECONOMIC STABILIZATION—OEP Amendments and Guidelines (2 documents); effective 9-8-71** 17651
- MINIMUM WAGES—Labor Dept. determination for Federal and Federally assisted construction in specific localities** 17682
- FEED GRAINS—USDA set-aside program for crop years 1971-1973; effective 9-3-71** 17643
- DRUG EVALUATION—**
- FDA notice on withdrawal of approval of demeclocycline hydrochloride ointment 17645
 - FDA withdrawal of certification of penicillin for inhalation 17644
- HAZARDOUS SUBSTANCES—FDA exemption from labeling requirements for certain containers; effective 9-3-71** 17645
- INSECTICIDES—**
- EPA establishment of tolerances for dimethoate and hydrogen cyanide (2 documents); effective 9-3-71 17646
 - EPA exemption from the requirement of a tolerance; effective 9-3-71 17646
 - EPA notice of petition to establish tolerance for determining residue of specified chemical 17672
- FLOOD INSURANCE—HUD additions to hazard areas and insurance eligibility lists (2 documents)** 17647, 17648

(Continued inside)

SUBCHAPTER C—SPECIAL PROGRAMS

[Amdt. 1]

PART 775—FEED GRAINS

Subpart—Feed Grain Set-Aside Program for Crop Years 1971-73

MISCELLANEOUS AMENDMENTS

The regulations governing the 1971-73 Feed Grain Set-Aside Program, 36 F.R. 12835, are hereby corrected and amended as follows:

1. Section 775.6 is corrected by changing paragraph (b) (1) to read as follows:

§ 775.6 Farm yields and payment rates.

(b) * * *

(1) The per bushel payment rate for the 1971 crop of corn shall be the larger of \$1.35 or 70 percent of the parity price for corn as of the beginning of the marketing year, less the national average market price received by farmers for corn during the first 5 months of the marketing year. The per bushel payment rate for the 1971 crop of grain sorghums shall be 92 percent of the larger of \$1.35 or 70 percent of the parity price for corn as of the beginning of the marketing year, less the national average market price received by farmers for grain sorghums during the first 5 months of the marketing year. The payment rates for the 1972 and 1973 crops will be announced by amendment to this subpart. The term "marketing year" means the 12-month period beginning October 1 of the current year and ending September 30 of the succeeding year.

2. Section 775.7 is amended to read as follows:

§ 775.7 County program yields.

County program yields for the current year are determined for each feed grain producing county in the United States, except for counties in Alaska and Hawaii. They are determined on the basis of the yields established for the county for the preceding crop with such adjustments as are determined necessary to provide fair and equitable yields. The county program yields for the current year are available for inspection in the county ASCS office.

(Sec. 105, 84 Stat. 1368, 7 U.S.C. 1441 note)

Effective date. Since farmers are now completing their plans for the 1971 crop year, it is essential that the foregoing amendment to the regulations governing

the Feed Grain Set-Aside Program for Crop Years 1971-73 be made effective as soon as possible. It is hereby found and determined that compliance with the notice and public procedure provisions of 5 U.S.C. 553 is impracticable and contrary to the public interest. Accordingly, this amendment shall become effective upon publication in the FEDERAL REGISTER (9-3-71).

Signed at Washington, D.C., on August 27, 1971.

KENNETH E. FRICK,
Administrator, Agricultural Stabilization and Conservation Service.

[FR Doc. 71-12978 Filed 9-2-71; 8:48 am]

Title 14—AERONAUTICS AND SPACE

Chapter I—Federal Aviation Administration, Department of Transportation

[Airspace Docket No. 71-EA-117]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS

Alteration of Control Zones and Transition Area

The Federal Aviation Administration is amending §§ 71.171 and 71.181 of Part 71 of the Federal Aviation regulations so as to alter the following control zones: New York J.F.K. International Airport (36 F.R. 2110), Newburgh, N.Y. (36 F.R. 2110), and Schenectady, N.Y. (36 F.R. 2127); and Franklin, Pa., transition area (36 F.R. 2190).

To eliminate duplication of names of navigational aids, aids within the foregoing descriptions are being renamed. Other editorial changes of a clarifying nature are also made.

Since the amendment is editorial in nature, notice and public procedure hereon are unnecessary and the amendment may be made effective in less than 30 days.

In view of the foregoing, the Federal Aviation Administration, having completed review of the airspace requirements in the terminal airspace of the aforementioned locations, amends Part 71 of the Federal Aviation regulations, as follows, effective 0901 G.m.t., December 9, 1971:

1. Amend § 71.171 of Part 71 of the Federal Aviation regulations so as to amend the description of the New York, N.Y. (John F. Kennedy International Airport) control zone by deleting: (1) "NE localizer course," and substituting, "Runway 22-L localizer course" there-

for; (2) "NE OM" and substituting, "Laurel OM" therefor; (3) "SW localizer course," and substituting, "Runway 4-R localizer course" therefor; and (4) "OM-RBN," and substituting, "Conduit OM" therefor.

2. Amend § 71.171 of Part 71 of the Federal Aviation regulations so as to amend the Newburgh, N.Y. control zone by deleting, "Stewart RBN," and substituting, "Neely RBN" therefor.

3. Amend § 71.171 of Part 71 of the Federal Aviation regulations so as to amend the Schenectady, N.Y. control zone by deleting, "Schenectady RBN," and substituting, "Hunter RBN" therefor.

4. Amend § 71.181 of Part 71 of the Federal Aviation regulations so as to amend the Franklin, Pa. 700-foot-floor transition area by deleting, "Franklin, Pa. RBN," and substituting, "Cranberry, Pa. RBN" therefor.

(Sec. 307(a), Federal Aviation Act of 1958, 72 Stat. 749; 49 U.S.C. 1348; sec. 6(c), DOT Act, 49 U.S.C. 1655(c))

Issued in Jamaica, N.Y., on August 23, 1971.

LOUIS J. CARDINALI,
Acting Director, Eastern Region.

[FR Doc. 71-12955 Filed 9-2-71; 8:46 am]

[Airspace Docket No. 71-SO-118]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS

Alteration of Control Zone

On August 7, 1971, F.R. Doc. 71-11372 was published in the FEDERAL REGISTER (36 F.R. 14636), amending Part 71 of the Federal Aviation regulations by altering the Gulfport, Miss., control zone.

In the amendment, an extension predicated on Gulfport VORTAC 213" radial, was cited as extending from the 5-mile radius zone to 8.5 miles southeast of the VORTAC in lieu of southwest of the VORTAC. It is necessary to amend the FEDERAL REGISTER document to reflect this change.

In consideration of the foregoing, effective immediately, F.R. Doc. 71-11372 is amended as follows:

In line 6 of the Gulfport, Miss., control zone description, "southeast * * *" is deleted and " * * * southwest * * *" is substituted therefor.

(Sec. 307(a), Federal Aviation Act of 1958, 49 U.S.C. 1348(a); sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in East Point, Ga., on August 26, 1971.

JAMES G. ROGERS,
Director, Southern Region.

[FR Doc. 71-12956 Filed 9-2-71; 8:46 am]

[Airspace Docket No. 71-EA-87]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS**Designation of Transition Area**

On page 13157 of the FEDERAL REGISTER for July 15, 1971, the Federal Aviation Administration published a proposed rule which would designate a Culpeper, Va., transition area.

Interested parties were given 30 days after publication in which to submit written data or views. No objections to the proposed regulation have been received.

In view of the foregoing, the proposed regulation is hereby adopted, effective 0901 G.m.t., November 11, 1971.

(Section 307(a), Federal Aviation Act of 1958, 72 Stat. 749; 49 U.S.C. 1348; sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Jamaica, N.Y., on August 24, 1971.

LOUIS J. CARDINALI,
Acting Director, Eastern Region.

1. Amend § 71.181 of Part 71, Federal Aviation Regulations, so as to designate a Culpeper, Va., 700-foot-floor transition area as follows:

CULPEPER, VA.

That airspace extending upward from 700 feet above the surface within the arc of a 6.5-mile-radius circle centered on Culpeper Municipal Airport (38°31'20" N., 77°51'40" W.) Culpeper, Va., extending clockwise from a 245° bearing to a 090° bearing from the center of the airport; within the arc of a 5.5-mile-radius circle centered on Culpeper Municipal Airport, extending clockwise from a 090° bearing to a 245° bearing from the center of the airport and within 2.5 miles each side of the Casanova VORTAC 178° radial, extending from the 6.5-mile-radius arc to the VORTAC, excluding the portion that coincides with the Midland, Va., transition area.

[FR Doc. 71-12953 Filed 9-2-71; 8:46 am]

[Airspace Docket No. 71-EA-70]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS**Designation of Transition Area**

On page 13156 of the FEDERAL REGISTER for July 15, 1971, the Federal Aviation Administration published a proposed rule which would designate a Portsmouth, Va., transition area.

Interested parties were given 30 days after publication in which to submit written data or views. No objections to the proposed regulation have been received.

In view of the foregoing, the proposed regulation is hereby adopted, effective 0901 G.m.t., November 11, 1971.

(Sec. 307(a), Federal Aviation Act of 1958, 72 Stat. 749; 49 U.S.C. 1348; sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Jamaica, N.Y., on August 24, 1971.

LOUIS J. CARDINALI,
Acting Director, Eastern Region.

1. Amend § 71.181 of Part 71, Federal Aviation Regulations, so as to designate a Portsmouth, Va., 700-foot-floor transition area as follows:

PORTSMOUTH, VA.

That airspace extending upward from 700 feet above the surface within a 5-mile radius of the center, 36°46'45" N., 76°26'45" W. of Chesapeake Portsmouth Airport, Portsmouth, Va.; within 3 miles each side of the 203° bearing from the Portsmouth RBN, 36°46'54" N., 76°26'39" W., extending from the 5-mile-radius area to 8.5 miles southwest of the RBN; and within 3 miles each side of the 189° bearing from the Portsmouth RBN, extending from the 5-mile-radius area to 6.5 miles south of the RBN excluding the portion that coincides with the Norfolk, Va., transition area.

[FR Doc. 71-12952 Filed 9-2-71; 8:46 am]

[Airspace Docket No. 71-CE-90]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS**Revocation of Federal Airway Segment**

The purpose of this amendment to Part 71 of the Federal Aviation Regulations is to revoke VOR Federal airway No. 138 segment between the Fort Dodge, Iowa, VORTAC and the Mankato, Minn., VOR.

This segment of airway was designated April 1, 1971, in Airspace Docket No. 70-CE-106. Since that time, however, little use has been made of the segment.

Since this amendment restores airspace to the public use and relieves a restriction, notice and public procedure thereon are unnecessary, and good cause exists for making this amendment effective on less than 30 days' notice. However, since it is necessary that sufficient time be allowed to permit appropriate changes to be made on aeronautical charts, this amendment will become effective more than 30 days after publication.

In consideration of the foregoing, Part 71 of the Federal Aviation Regulations is amended, effective 0901 G.m.t., October 14, 1971, as hereinafter set forth.

In § 71.123 (36 F.R. 2010, 974), V-138 is amended by deleting all after the phrase "253° T radials; Neola;" and substituting therefor "Fort Dodge, Iowa."

(Sec. 307(a), Federal Aviation Act of 1958, 49 U.S.C. 1348(a); sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Washington, D.C., on August 30, 1971.

H. B. HELSTROM,
*Chief, Airspace and Air
Traffic Rules Division.*

Chapter II—Civil Aeronautics Board**SUBCHAPTER A—ECONOMIC REGULATIONS**

[Reg. ER-692; Amdt. 1]

PART 208—TERMS, CONDITIONS, AND LIMITATIONS OF CERTIFICATES TO ENGAGE IN SUPPLEMENTAL AIR TRANSPORTATION**Tariffs and Terms of Service****Correction**

In F.R. Doc. 71-12599, appearing at page 17033 of the issue for Friday, August 27, 1971, the third paragraph is corrected to read as follows:

In the case of a round-trip passenger charter, one-way passengers shall not be carried except that up to 5 percent of the charter group may be transported one way in each direction * * *. In the case of a charter contract calling for two or more round trips, there shall be no intermingling of passengers and each plane-load group, or less than plane-load group * * * shall move as a unit in both directions.

Title 21—FOOD AND DRUGS**Chapter I—Food and Drug Administration, Department of Health, Education, and Welfare****SUBCHAPTER C—DRUGS****PART 141a—PENICILLIN AND PENICILLIN-CONTAINING DRUGS; TESTS AND METHODS OF ASSAY****PART 146a—CERTIFICATION OF PENICILLIN AND PENICILLIN-CONTAINING DRUGS****Penicillin for Inhalation**

In the FEDERAL REGISTER of June 22, 1971 (36 F.R. 11874) (DESI 60105), the Commissioner of Food and Drugs announced the conclusions of the Food and Drug Administration following evaluation of reports received from the National Academy of Sciences-National Research Council, Drug Efficacy Study Group, regarding the following preparation:

Aerohalor, containing potassium penicillin G; Abbott Laboratories, 14th and Sheridan Road, North Chicago, Illinois 60064 (NDA 60-105).

The announcement gave notice that the Food and Drug Administration concluded that there is a lack of substantial evidence that the effectiveness of penicillin for inhalation therapy is sufficient to justify its use in view of the known serious hazards associated with such use.

The Commissioner announced his intention to initiate proceedings to amend the antibiotic drug regulations to delete from the list of drugs acceptable for certification or release the above drug and any similar drug for inhalation therapy in man.

Interested persons who might be adversely affected by removal of this drug from the market were invited to submit within 30 days after publication of the announcement in the FEDERAL REGISTER any pertinent data bearing on the proposal to revoke the antibiotic drug reg-

ulation. No data were received in response to the announcement.

Accordingly, the Commissioner concludes: (1) That the antibiotic drug regulations should be amended to revoke provision for certification of such antibiotic drugs; and (2) that all outstanding certificates heretofore issued for such drugs should be revoked.

Therefore, pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (secs. 502, 507, 52 Stat. 1050-51, as amended, 59 Stat. 463, as amended; 21 U.S.C. 352, 357) and under authority delegated to the Commissioner (21 CFR 2.120), Parts 141a and 146a are amended by revoking §§ 141a.28 and 146a.46 *Crystalline penicillin for inhalation therapy*. All certificates issued under this section are also revoked.

Any person who will be adversely affected by the removal of any such drugs from the market may file objections to this order and request a hearing, showing reasonable grounds therefor. The statement of reasonable grounds and request for a hearing shall be submitted in writing within 30 days after FEDERAL REGISTER publication hereof, shall state the reasons why the antibiotic drug regulations should not be so amended, and shall include a well-organized and full factual analysis of the clinical and other investigational data the objector is prepared to present in support of his objections.

A request for a hearing may not rest upon mere allegations or denials, but must set forth specific facts showing that a genuine and substantial issue of fact requires a hearing. When it clearly appears from the data incorporated into or referred to by the objections and from the factual analysis in the request for a hearing that no genuine issue of fact precludes the action taken by this order, the Commissioner will enter an order on these data, making findings and conclusions on such data.

If a hearing is requested and justified by the objections, the issue will be defined and a hearing examiner named to conduct the hearing, in which case the provisions of Subpart F of 21 CFR Part 2 shall apply to such hearing, except as modified by 21 CFR 146.1(f) and to judicial review in accord with section 701(f) and (g) (21 U.S.C. 371(f) and (g)) of the Federal Food, Drug, and Cosmetic Act. (35 F.R. 7250, May 8, 1970.)

Objections and requests for a hearing should be filed (preferably in quintuplicate) with the Hearing Clerk, Department of Health, Education, and Welfare, Room 6-62, 5600 Fishers Lane, Rockville, Md. 20852. Received objections and requests for a hearing may be seen in the above office during regular business hours, Monday through Friday.

Effective date. This order shall become effective 40 days after its date of FEDERAL REGISTER publication. If objections are filed, the effective date will be extended for ruling thereon. In so ruling, the Commissioner will specify another effective date and how the outstanding stocks of the affected drugs are to be handled.

(Secs. 502, 507, 52 Stat. 1050-51, as amended, 59 Stat. 463, as amended; 21 U.S.C. 352, 357)

Dated: August 24, 1971.

SAM D. FINE,
Associate Commissioner
for Compliance.

[FR Doc.71-12971 Filed 9-2-71; 8:47 am]

[DESI 50260]

PART 141c—CHLORTETRACYCLINE (OR TETRACYCLINE) AND CHLORTETRACYCLINE- (OR TETRACYCLINE-) CONTAINING DRUGS; TESTS AND METHODS OF ASSAY

PART 146c—CERTIFICATION OF CHLORTETRACYCLINE (OR TETRACYCLINE) AND CHLORTETRACYCLINE- (OR TETRACYCLINE-) CONTAINING DRUGS

Demeclocycline Hydrochloride Topical Ointment

In a notice (DESI 50260) published in the FEDERAL REGISTER of October 7, 1970 (35 F.R. 15772), the Commissioner of Food and Drugs announced his conclusions pursuant to evaluation of a report received from the National Academy of Sciences-National Research Council, Drug Efficacy Study Group on Declomycin Ointment containing demeclocycline hydrochloride; Lederle Laboratories, Post Office Box 500, Pearl River, N.Y. 10965 (NDA 50-260).

The notice stated that this drug was regarded as possibly effective for its labeled indications. The indications have been reclassified as lacking substantial evidence of effectiveness in that such evidence has not been submitted pursuant to the notice of October 7, 1970. Accordingly, the Commissioner concludes that the antibiotic drug regulations should be amended to delete provisions for certification of such drug.

Therefore, pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (secs. 502, 507, 52 Stat. 1050-51, as amended, 59 Stat. 463, as amended; 21 U.S.C. 352, 357) and under authority delegated to the Commissioner (21 CFR 2.120), Parts 141c and 146c are amended by revoking §§ 141c.258 and 146c.258, *Demeclocycline hydrochloride ointment*.

Any person who will be adversely affected by the removal of any such drug from the market may file objections to this order, request a hearing, and show reasonable grounds for the hearing. The statement of reasonable grounds and request for a hearing shall be submitted in writing within 30 days after publication hereof in the FEDERAL REGISTER, shall state the reasons why the antibiotic drug regulations should not be so revoked and shall include a well-organized and full-factual analysis of the clinical and other investigational data the objector is prepared to prove in support of his objections.

A request for a hearing may not rest upon mere allegations or denials, but must set forth specific facts showing that

a genuine and substantial issue of fact requires a hearing. When it clearly appears from the data incorporated into or referred to by the objections and from the factual analysis in the request for a hearing that no genuine issue of fact precludes the action taken by this order, the Commissioner will enter an order on these data, making findings and conclusions on such data.

If a hearing is requested and justified by the objections, the issues will be defined and a hearing examiner named to conduct the hearing. The provisions of Subpart F of 21 CFR Part 2 shall apply to such hearing, except as modified by 21 CFR 146.1(f), and to judicial review in accord with section 701(f) and (g) of the Federal Food, Drug, and Cosmetic Act. (35 F.R. 7250, May 8, 1970.)

Objections and requests for a hearing should be filed (preferably in quintuplicate) with the Hearing Clerk, Department of Health, Education, and Welfare, Room 6-62, 5600 Fishers Lane, Rockville, Maryland 20852. Received objections and requests for a hearing may be seen in the above office during regular business hours, Monday through Friday.

Effective date. This order shall become effective 40 days after its date of publication in the FEDERAL REGISTER. If objections are filed, the effective date will be extended for ruling thereon. In so ruling, the Commissioner will specify another effective date.

(Secs. 502, 507, 52 Stat. 1050-51, as amended, 59 Stat. 463, as amended; 21 U.S.C. 352, 357)

Dated: August 23, 1971.

SAM D. FINE,
Associate Commissioner
for Compliance.

[FR Doc.71-12970 Filed 9-2-71; 8:47 am]

SUBCHAPTER D—HAZARDOUS SUBSTANCES

PART 191—HAZARDOUS SUBSTANCES: DEFINITIONS AND PROCEDURAL AND INTERPRETATIVE REGULATIONS

Exemption From Labeling Requirements for Certain Containers

Information available to the Commissioner of Food and Drugs indicates that products containing 10 percent or more of toluene, xylene, or petroleum distillates do not present a hazard due to aspiration into the lungs with resulting chemical pneumonitis if the product has a viscosity of not less than 100 Saybolt Universal Seconds at 100° F.

Therefore, pursuant to provisions of the Federal Hazardous Substances Act (sec. 3(c), 74 Stat. 375; 15 U.S.C. 1262) and under authority delegated to the Commissioner (21 CFR 2.120), § 191.63 (a) (13) is amended to read as follows:

§ 191.63 Exemptions for small packages, minor hazards, and special circumstances.

(a) * * *

(13) Containers of liquid and semi-solid substances such as viscous-type

paints, varnishes, lacquers, roof coatings, rubber vulcanizing preparations, floor covering adhesives, glazing compounds, and other viscous products containing toluene (also known as toluol), xylene (also known as xylol), or petroleum distillates in concentrations described in § 191.7(a)(4) are exempt from the labeling requirements of § 191.7(b)(3)(ii) insofar as that paragraph applies to such toluene, xylene, or petroleum distillates: *Provided*, That the viscosity of the substance or of any liquid that may separate or be present in the container is not less than 100 Saybolt Universal Seconds at 100° F.

Notice and public procedure and delayed effective date are not necessary prerequisites to the promulgation of this order, since the Federal Hazardous Substances Act contemplates such modification of labeling requirements under certain conditions.

Effective date. This order shall be effective upon publication in the FEDERAL REGISTER (9-3-71).

(Sec. 3(c), 74 Stat. 375; 15 U.S.C. 1262)

Dated: August 25, 1971.

SAM D. FINE,
Associate Commissioner
for Compliance.

Chapter III—Environmental Protection Agency

PART 420—TOLERANCES AND EXEMPTIONS FROM TOLERANCES FOR PESTICIDE CHEMICALS IN OR ON RAW AGRICULTURAL COMMODITIES

Hydrogen Cyanide

A notice was published by the Environmental Protection Agency in the FEDERAL REGISTER of July 17, 1971 (36 F.R. 13277), proposing establishment of a tolerance for residues of the insecticide hydrogen cyanide in or on the raw agricultural commodity group citrus fruits at 50 parts per million from postharvest fumigation. No comments or requests for referral to an advisory committee were received.

It is concluded that the proposal should be adopted.

Therefore, pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 408(e), 68 Stat. 514; 21 U.S.C. 346a(e)), the authority transferred to the Administrator (35 F.R. 15623), and the authority delegated by the Administrator to the Deputy Assistant Administrator for Pesticides Programs of the Environmental Protection Agency (36 F.R. 9038), § 420.130 is amended by inserting after the paragraph "75 parts per million * * *" a new paragraph, as follows:

§ 420.130 Hydrogen cyanide; tolerances for residues.

Fifty parts per million in or on citrus fruits.

Any person who will be adversely affected by the foregoing order may at any time within 30 days after its date of publication in the FEDERAL REGISTER file with the Objections Clerk, Environmental Protection Agency, 1626 K Street NW., Washington, D.C. 20460, written objections thereto in quintuplicate. Objections shall show wherein the person filing will be adversely affected by the order and specify with particularity the provisions of the order deemed objectionable and the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing. A hearing will be granted if the objections are supported by grounds legally sufficient to justify the relief sought. Objections may be accompanied by a memorandum or brief in support thereof.

Effective date. This order shall become effective on its date of publication in the FEDERAL REGISTER (9-3-71).

(Sec. 408(e), 68 Stat. 514; 21 U.S.C. 346a(e))

Dated: August 30, 1971.

WILLIAM M. UPHOLT,
Deputy Assistant Administrator
for Pesticides Programs.

[FR Doc.71-12969 Filed 9-2-71;8:48 am]

PART 420—TOLERANCES AND EXEMPTIONS FROM TOLERANCES FOR PESTICIDE CHEMICALS IN OR ON RAW AGRICULTURAL COMMODITIES

Dimethoate

A petition (PP 1F1087) was filed by the American Cyanamid Co., Post Office Box 400, Princeton, N.J. 08540, in accordance with provisions of the Federal Food, Drug, and Cosmetic Act as amended (21 U.S.C. 346a), proposing establishment of a tolerance for total residues of the insecticide dimethoate (O,O-dimethyl S-(N-Methylcarbamoylmethyl) phosphorodithioate) including its oxygen analog (O,O-dimethyl S-(N-methylcarbamoylmethyl) phosphorothioate) in or on the raw agricultural commodity alfalfa at 2 parts per million.

Part 120, Chapter I, Title 21 was redesignated Part 420 and transferred to Chapter III (36 F.R. 424).

Based on consideration given data submitted in the petition and other relevant material, it is concluded that:

1. The pesticide is useful for the purpose for which the tolerance is being established.

2. Established tolerances for eggs, meat, milk, and poultry are adequate to cover residues resulting from the proposed and established uses. The uses are in the category specified in § 420.6(a)(2).

3. The tolerance established by this order will protect the public health.

Therefore, pursuant to provisions of the Federal Food, Drug, and Cosmetic

Act (sec. 408(d)(2), 68 Stat. 512; 21 U.S.C. 346a(d)(2)), the authority transferred to the Administrator (35 F.R. 15623), and the authority delegated by the Administrator to the Deputy Assistant Administrator for Pesticides Programs (36 F.R. 9038), § 420.204 is amended by revising the paragraph "2 parts per million * * *" to read as follows:

§ 420.204 Dimethoate including its oxygen analog; tolerances for residues.

Two parts per million in or on alfalfa, apples, beans (dry, lima, snap), broccoll, cabbage, cauliflower, collards, endive (escarole), grapefruit, kale, lemons, lettuce, mustard greens, oranges, pears, peas, peppers, spinach, Swiss chard, tangerines, tomatoes, turnips (roots and tops), and wheat (green fodder and straw).

Any person who will be adversely affected by the foregoing order may at any time within 30 days after its date of publication in the FEDERAL REGISTER file with the Objections Clerk, Environmental Protection Agency, 1626 K Street NW., Washington, D.C. 20460, written objections thereto in quintuplicate. Objections shall show wherein the person filing will be adversely affected by the order and specify with particularity the provisions of the order deemed objectionable and the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing. A hearing will be granted if the objections are supported by grounds legally sufficient to justify the relief sought. Objections may be accompanied by a memorandum or brief in support thereof.

Effective date. This order shall become effective on its date of publication in the FEDERAL REGISTER (9-3-71).

(Sec. 408(d)(2), 68 Stat. 512; 21 U.S.C. 346a(d)(2))

Dated: August 30, 1971.

WILLIAM M. UPHOLT,
Deputy Assistant Administrator
for Pesticides Programs.

[FR Doc. 71-12988 Filed 9-2-71;8:48 am]

PART 420—TOLERANCES AND EXEMPTIONS FROM TOLERANCES FOR PESTICIDE CHEMICALS IN OR ON RAW AGRICULTURAL COMMODITIES

Subpart D—Exemptions From Tolerances

INERT INGREDIENTS IN PESTICIDE FORMULATIONS

A petition (PP 0F0963) was filed by The Dow Chemical Co., Post Office Box 1706, Midland, Michigan 48640, pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 346a), proposing that § 420.1001(d) be amended to permit increased poly(oxyethylene) con-

tent in the surfactant α -(di-sec-butyl) phenyl-poly(oxypropylene) block polymer with poly(oxyethylene) content 5 moles.

Prior to December 2, 1970, the Secretary of Agriculture certified that this pesticide chemical is useful for the purposes for which the exemption is being established.

Part 120, Chapter I, Title 21 has been redesignated Part 420 and transferred to Chapter III (36 F.R. 424).

Based on consideration given data submitted in the petition, and other relevant material, it is concluded that the exemption established by this order will protect the public health.

Therefore, pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 408(d)(2), 68 Stat. 512; 21 U.S.C. 346a(d)(2)), the authority transferred to the Administrator (35 F.R. 15623), and the authority delegated by the Administrator to the Deputy Assistant Administrator for Pesticides Programs of the Environmental Protection Agency (36 F.R. 9038), § 420.1001(d) is

amended by revising the item " α -(di-sec-butyl) phenyl- . . ." in the table to read as follows:

§ 420.1001 Exemptions from the requirement of a tolerance.

Inert Ingredients	Limits	Uses
α -(Di-sec-butyl)phenyl-poly(oxypropylene) block polymer with poly(oxyethylene); the poly(oxypropylene) content averages 4 moles, the poly(oxyethylene) content averages 5 to 12 moles, the molecular weight averages 600 to 965.	...	Surfactants, related adjuvants of surfactants.

Any person who will be adversely affected by the foregoing order may at any time within 30 days after its date of publication in the FEDERAL REGISTER file with the Objections Clerk, Environmental

Protection Agency, 1626 K Street, NW., Washington, D.C. 20460, written objections thereto in quintuplicate. Objections shall show wherein the person filing will be adversely affected by the order and specify with particularity the provisions of the order deemed objectionable and the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing. A hearing will be granted if the objections are supported by grounds legally sufficient to justify the relief sought. Objections may be accompanied by a memorandum or brief in support thereof.

Effective date. This order shall become effective on its date of publication in the FEDERAL REGISTER (9-3-71).

(Sec. 408(d)(2), 68 Stat. 512; 21 U.S.C. 346a(d)(2))

Dated: August 30, 1971.

WILLIAM M. UPHOLT,
Deputy Assistant Administrator
for Pesticides Programs.

Title 41—PUBLIC CONTRACTS AND PROPERTY MANAGEMENT

Chapter 101—Federal Property Management Regulations

SUBCHAPTER D—PUBLIC BUILDINGS AND SPACE

PART 101-19—MANAGEMENT OF BUILDINGS AND GROUNDS

Firesafety

This amendment prescribes the concurrent responsibilities of occupant agencies and GSA for the development and maintenance of sound fire prevention programs for the safety and well-being of all persons within Government-occupied space under the control of GSA.

The table of contents for Part 101-19 is amended by adding the following entry:

Sec.
101-19.109-9 Fire prevention activities of occupant agencies.

Subpart 101-19.1—Operation and Maintenance

Section 101-19.109-9 is added as follows:

§ 101-19.109-9 Fire prevention activities of occupant agencies.

(a) All agencies shall be concurrently responsible with GSA for the development and maintenance of sound fire prevention programs to insure that: (1) Facilities are kept in the safest condition practical; (2) employees are trained to make optimum use of the building safety features; and (3) other necessary actions are taken to insure the maximum safety and well-being of the occupants in case of fire or similar emergency. Specific areas of participation of each agency shall include:

(b) Periodic inspections of the space and building features as they relate to the safety of all persons and property located within or on the real property. Such inspections shall not relieve GSA of its responsibilities for such areas, nor shall inspections by GSA or others relieve occupant agencies of their respon-

sibilities for maintaining full knowledge of firesafety conditions. Where hazards are found, agencies shall be responsible for correcting the hazardous conditions within their responsibilities and for reporting those not their responsibility to GSA.

(c) Cooperation and participation with facility self-protection organizations as described in Subpart 101-19.5 and participation in one or more building fire drills each year that include evacuation or movement of personnel.

(d) Education programs conducted unilaterally and in cooperation with GSA to familiarize employees with the problems and hazards related to fire, including instructions to observe safe practices for fire prevention.

(e) Motivation of their employees to conduct their work in a firesafe manner. (Sec. 205(c), 63 Stat. 390; 40 U.S.C. 486(c))

Effective date: This regulation is effective upon publication in the FEDERAL REGISTER (9-3-71).

Dated: August 30, 1971.

ROBERT L. KUNZIG,
Administrator of General Services.

[FR Doc.71-13003 Filed 9-2-71;8:50 am]

Title 49—TRANSPORTATION

Chapter I—Hazardous Materials Regulations Board, Department of Transportation

[Docket No. HM-22; Amdt. 171-12]

PART 171—GENERAL INFORMATION AND REGULATIONS

Matter Incorporated by Reference

The purpose of this amendment to the Hazardous Materials Regulations of the Department of Transportation is to incorporate by reference, in § 171.7, Bureau of Explosives' pamphlets Nos. 6, 6A, 6C, and 22 which are referred to throughout the regulations.

On June 29, 1971, the Board published a notice of proposed rule making, Docket No. HM-22; Notice No. 71-21 (36 F.R. 12239), proposing to make the above change. All comments received were in agreement with the proposal.

In addition, paragraph (d) (1) of § 171.7 is being amended to update the ASME Boiler and Pressure Vessel Code from 1970 to 1971. The 1971 edition of the Code includes the 1970 addenda which were covered in Docket No. HM-22; Amendment No. 171-10 (36 F.R. 13093) on July 14, 1971. This amendment does not impose any burden on anyone as the material was updated in the form of addenda, therefore, public notice and procedure thereon is unnecessary.

In consideration of the above, 49 CFR Part 171 is amended as follows:

In § 171.7, paragraph (d) (1) is amended; paragraph (d) (7) is added to read as follows:

§ 171.7 Matter incorporated by reference.

(d) * * *

(1) ASME Code means sections VIII (Division I) and IX of the 1971 edition of the "American Society of Mechanical Engineers Boiler and Pressure Vessel Code."

(7) Bureau of Explosives, Association of American Railroads:

(i) Bureau of Explosives Pamphlet No. 6 is titled, "Illustrating Methods for Loading and Bracing Carload and Less Than Carload Shipments of Explosives and Other Dangerous Articles," 1962 edition.

(ii) Bureau of Explosives Pamphlet No. 6A (includes appendix No. 1, October 1944, and appendix No. 2, December 1945) is titled, "Illustrating Methods for Loading and Bracing Carload and Less Than Carload Shipments of Loaded Projectiles, Loaded Bombs, etc.," 1943 edition.

(iii) Bureau of Explosives Pamphlet No. 6C is titled, "Illustrating Methods for Loading and Bracing Trailers and Less-Than Trailer Shipments of Explosives and Other Dangerous Articles via Trailer-on-Flat-Car (TOFC) or Container-on-Flat-Car (COFC)," September 1968.

(iv) Bureau of Explosives Pamphlet No. 22 is titled, "Handling Collisions and Derailments Involving Explosives, Gasoline and Other Dangerous Articles," revised September 1969.

These amendments are effective October 15, 1971, however, immediate compliance with the regulations, as amended herein, is authorized.

(Secs. 831-835, title 18, United States Code, sec. 9, Department of Transportation Act, 49 U.S.C. 1657; title VI, sec. 902(h), Federal Aviation Act of 1958, 49 U.S.C. 1421-1430, 1472(h))

Issued in Washington, D.C., on August 30, 1971.

G. H. READ,
Captain, Alternate Board Member,
for the U.S. Coast Guard.

MAC E. ROGERS,
Board Member for the
Federal Railroad Administration.

KENNETH L. PIERSON,
Alternate Board Member for the
Federal Highway Administration.

JAMES F. RUDOLPH,
Board Member for the
Federal Aviation Administration.

Chapter X—Interstate Commerce Commission

SUBCHAPTER A—GENERAL RULES AND REGULATIONS

[S.O. 1078]

PART 1033—CAR SERVICE

Distribution of Boxcars

At a session of the Interstate Commerce Commission, Railroad Service Board, held in Washington, D.C., on the 12th day of August 1971.

It appearing, That an acute shortage of plain boxcars with inside length of 50 feet or longer and less than 70 feet, exists throughout the United States; that shippers are being deprived of such cars required for loading creating great economic loss and resulting in a severe emergency; that present rules, regulations, and practices with respect to the use, supply, control, movement, distribution, exchange, interchange, and return of such boxcars to the owning railroads are ineffective; and that orders issued by the Association of American Railroads to promote more equitable distribution have proved ineffective. It is the opinion of the Commission that an emergency exists requiring immediate action to promote car service in the interest of the public and the commerce of the people. Accordingly, the Commission finds that notice and public procedure are impracticable and contrary to the public interest, and that good cause exists for making this order effective upon less than 30 days' notice.

It is ordered, That:

§ 1033.1078 Service Order No. 1078.

(a) *Distribution of boxcars.* Each common carrier by railroad subject to the Interstate Commerce Act shall observe,

enforce, and obey the following rules, regulations, and practices with respect to its car service:

(1) Return to owner empty, except as otherwise authorized in subparagraphs (a) (3) and (5) of this paragraph, all plain boxcars which are listed in the registration of the railroad named herein in the Official Railway Equipment Register, I.C.C. R.E.R. 380, issued by E. J. McFarland, or successive issues thereof as having mechanical designation XM, with inside length 50 feet or longer and less than 70 feet, which bear the identification marks shown:

Chicago and North Western Railway Co.,
identification marks—CGW, CMO, CNW,
MSL.

(2) Plain boxcars described in subparagraph (1) of this paragraph include both plain boxcars in general service and plain boxcars assigned to the exclusive use of a specified shipper.

(3) Except as otherwise provided in subparagraph (5) of this paragraph, boxcars described in subparagraph (1) of this paragraph may be loaded to stations on the lines of the owning railroad, or to any other station which is closer to the owner than the station at which loaded. After unloading at a junction with the car owner, such cars shall be delivered to the car owner at that junction, either loaded or empty.

(4) Boxcars described in subparagraph (1) of this paragraph shall not be back-hauled empty from a junction with the car owner.

(5) Boxcars described in subparagraph (1) of this paragraph located at a point other than a junction with the car owner shall not be back-hauled empty, except for the purpose of loading to a junction with the car owner or to a station on the lines of the car owner.

(6) The return to the owner of a boxcar described in subparagraph (1) of this paragraph shall be accomplished when it is delivered to the car owner, either empty or loaded as authorized by subparagraph (3) or (5) of this paragraph.

(7) Junction points with the car owner shall be those listed by the car owner in its specific registration in the Official Railway Equipment Register, I.C.C. R.E.R. No. 380, issued by E. J. McFarland, or successive issues thereof, under the heading "Freight Connections and Junction Points."

(8) The railroad named in subparagraph (1) of this paragraph shall restrict its use of plain boxcars of the type described in this order, which are owned by any railroad not listed therein, to traffic destined to a station closer to the car owner than the station at which the car is loaded.

(i) *Exception.* For the purpose of securing utilization of cars for which the owners have no immediate need, car owners, other than the carrier named in subparagraph (1) of this paragraph, may remove their cars from the provisions of this paragraph by written notice to W. H. Van Slyke, Chairman, Car Service Division, Association of American Railroads, Washington, D.C., for

submission to R. D. Pfahler, Director, Bureau of Operations, Interstate Commerce Commission.

(9) In determining distances to the car owner from points of loading or unloading, tariff distances applicable via the lines of the carriers obligated under Car Service Rules 1 and 2 to move the car shall be used.

(10) No common carrier by railroad subject to the Interstate Commerce Act shall accept from shipper any loaded boxcar for movements contrary to the provisions of subparagraph (3), (5), or (8) of this paragraph.

(b) *Application.* The provisions of this order shall apply to intrastate, interstate, and foreign commerce.

(c) *Effective date.* This order shall become effective at 12:01 a.m., August 15, 1971.

(d) *Expiration date.* This order shall expire at 11:59 p.m., November 30, 1971, unless otherwise modified, changed, or suspended by order of this Commission.

(Secs. 1, 12, 15, and 17(2), 24 Stat. 379, 383, 384, as amended; 49 U.S.C. 1, 12, 15, and 17(2). Interprets or applies secs. 1 (10-17), 15(4), and 17(2), 40 Stat. 101, as amended, 54 Stat. 911; 49 U.S.C. 1(10-17), 15(4), and 17(2))

It is further ordered, That a copy of this order and direction shall be ordered upon the Association of American Railroads, Car Service Division, as agent of all railroads subscribing to the car service and car hire agreement under the terms of that agreement, and upon the American Short Line Railroad Association; and that notice of this order be given to the general public by depositing a copy in the Office of the Secretary of the Commission at Washington, D.C., and by filing it with the Director, Office of the Federal Register.

By the Commission, Railroad Service Board.

[SEAL] ROBERT L. OSWALD,
Secretary.

Title 50—WILDLIFE AND FISHERIES

Chapter I—Bureau of Sport Fisheries and Wildlife, Fish and Wildlife Service, Department of the Interior

SUBCHAPTER C—THE NATIONAL WILDLIFE REFUGE SYSTEM

PART 32—HUNTING

Sherburne National Wildlife Refuge, Minn.

Notice is hereby given that pursuant to the authority vested in the Secretary of the Interior by the Migratory Bird Conservation Act of February 18, 1929, as amended (45 Stat. 1222; 16 U.S.C. 715), and the National Wildlife Refuge System Administration Act of 1966 (80 Stat. 927 as amended; 16 U.S.C. 668dd), that 50 CFR Part 32 is amended by the

addition of Sherburne National Wildlife Refuge, Minn., to the list of areas open to the hunting of upland game, and migratory game birds, and big game, as legislatively permitted.

It has been determined that regulated hunting of upland game, migratory game birds, and big game may be permitted as designated on the Sherburne National Wildlife Refuge without detriment to the objectives for which the area was established.

Since this amendment is to conform to the State of Minnesota game and fish laws, we find that notice and public procedure in accordance with the Administrative Procedures Act (5 U.S.C. 553(b)(B)) are impracticable and unnecessary, and since this amendment benefits the public by relieving existing restrictions on hunting of migratory game birds, upland game, and big game, it shall become effective upon publication in the FEDERAL REGISTER (9-3-71).

(Sec. 7, 80 Stat. 929, 16 U.S.C. 668dd(c)(d))

1. Section 32.11 is amended by the following addition:

§ 32.11 List of open areas; migratory game birds.

* * * * *

MINNESOTA

Sherburne National Wildlife Refuge.

* * * * *

2. Section 32.21 is amended by the following addition:

§ 32.21 List of open areas; upland game.

* * * * *

MINNESOTA

Sherburne National Wildlife Refuge.

* * * * *

3. Section 32.31 is amended by the following addition:

§ 32.31 List of open areas; big game.

* * * * *

MINNESOTA

Sherburne National Wildlife Refuge.

PART 32—HUNTING

Sherburne National Wildlife Refuge, Minn.

The following special regulation is issued and is effective on date of publication in the FEDERAL REGISTER (9-3-71).

§ 32.12 Special regulations; migratory game birds; for individual wildlife refuge areas.

MINNESOTA

SHERBURNE NATIONAL WILDLIFE REFUGE

Public hunting of ducks, coots, Wilson snipe, rails and woodcock on the Sherburne National Wildlife Refuge is permitted only on the area designated as

open to hunting. This open area, comprising 11,100 acres for ducks and coots and 27,300 acres for Wilson snipe, rails, and woodcock, is delineated on maps available at refuge headquarters, Princeton, Minn. and from the Regional Director, Bureau of Sport Fisheries and Wildlife, Federal Building, Fort Snelling, Twin Cities, Minn. 55111. Hunting shall be in accordance with all applicable State regulations covering the hunting of these species. The provisions of this special regulation supplements the regulations which govern hunting on wildlife refuge areas generally, which are set forth in Title 50, Code of Federal Regulations, Part 32, and are effective through November 20, 1971.

TRAVIS S. ROBERTS,
Regional Director.

AUGUST 27, 1971.

[FR Doc.71-12993 Filed 9-2-71;8:49 am]

PART 32—HUNTING

Alamosa and Monte Vista National Wildlife Refuges, Colo.

The following special regulation is issued and is effective on date of publication in the FEDERAL REGISTER (9-3-71).

§ 32.22 Special regulations; upland game; for individual wildlife refuge areas.

COLORADO

ALAMOSA NATIONAL WILDLIFE REFUGE

The public hunting of rabbits, skunk, badger, raccoon, coyote, bobcat, feral cat, magpie, and crow on the Alamosa National Wildlife Refuge, Colo. is permitted from October 2, 1971 through October 14, 1971 inclusive and November 1, 1971 through January 16, 1972 inclusive, but only on the area designated by signs as open to hunting. This open area, comprising 3,267 acres is delineated on maps available at refuge headquarters, Alamosa, Colo., and from the Regional Director, Bureau of Sport Fisheries and Wildlife, Post Office Box 1306, Albuquerque, NM 87103.

Hunting shall be in accordance with all applicable State regulations governing the hunting of rabbits, skunk, badger, raccoon, coyote, bobcat, feral cat, magpie, and crow subject to the following special conditions:

(1) *Hunting Hours*—Shooting hours shall coincide with the most restrictive hours as those set by Federal and State proclamation for pheasant or migratory waterfowl.

(2) *Dogs*—Not to exceed two dogs per hunter may be used in the hunting of the above species.

(3) *Admittance*—Entrance to the open area and parking of vehicles will be restricted to designated parking areas.

(4) *Hunting with rifles and hand guns* is prohibited.

The provisions of this special regulation supplement the regulations which govern hunting on wildlife refuge areas generally which are set forth in Title 50, Code of Federal Regulations, Part 32.

and are effective through January 17, 1972.

MONTA VISTA NATIONAL WILDLIFE REFUGE

The public hunting of rabbits, skunk, badger, raccoon, coyote, bobcat, feral cat, magpie, and crow on the Monte Vista National Wildlife Refuge, Colo., is permitted from October 2, 1971 through October 14, 1971 inclusive and November 1, 1971 through January 16, 1972 inclusive, but only on the area designated by signs as open to hunting. This open area, comprising 5,314 acres is delineated on maps available at refuge headquarters, Monte Vista, Colo., and from the Regional Director, Bureau of Sport Fisheries and Wildlife, Post Office Box 1306, Albuquerque, NM 87103.

Hunting shall be in accordance with all applicable State regulations governing the hunting of rabbits, skunk, badger, raccoon, coyote, bobcat, feral cat, magpie, and crow subject to the following special conditions:

(1) **Hunting Hours**—Shooting hours shall coincide with the most restrictive hours as those set by Federal and State proclamation for pheasant or migratory waterfowl.

(2) **Dogs**—Not to exceed two dogs per hunter may be used in the hunting of the above species.

(3) **Admittance**—Entrance to the open area and parking of vehicles will be restricted to designated parking areas.

(4) **Hunting with rifles and hand guns** is prohibited.

The provisions of this special regulation supplement the regulations which govern hunting on wildlife refuge areas generally which are set forth in Title 50, Code of Federal Regulations, Part 32, and are effective through January 17, 1972.

LELAND E. HERZBERGER,
Acting Refuge Manager, Monte Vista National Wildlife Refuge, Monte Vista, Colo.

AUGUST 24, 1971.

PART 32—HUNTING

Ouray National Wildlife Refuge, Utah

The following special regulation is issued and is effective on date of publication in the FEDERAL REGISTER (9-3-71).

§ 32.22 Special regulations; upland game; for individual wildlife refuge areas.

UTAH

OURAY NATIONAL WILDLIFE REFUGE

Public hunting of pheasants on the Ouray National Wildlife Refuge, Utah, is permitted from November 13 through November 28, 1971, inclusive, but only on the area designated by signs as open to hunting. This open area, comprising 7,500 acres, is delineated on maps available at refuge headquarters, Vernal, Utah, and from the Regional Director, Bureau of Sport Fisheries and Wildlife, Post Office Box 1306, Albuquerque, NM 87103. Hunting shall be in accordance

with all applicable State regulations covering the hunting of pheasants.

The provisions of this special regulation supplement the regulations which govern hunting on wildlife refuge areas generally which are set forth in Title 50, Code of Federal Regulations, Part 32, and are effective through November 28, 1971.

H. J. JOHNSON,
Refuge Manager, Ouray National Wildlife Refuge, Vernal, Utah.

AUGUST 27, 1971.

TITLE 32A—NATIONAL DEFENSE, APPENDIX

Chapter I—Office of Emergency Preparedness

[Economic Stabilization Reg. No. 1 Amndt. 3]

E.S. REG. 1—STABILIZATION REGULATIONS FOR PRICES, RENTS, WAGES, AND SALARIES

Change in Sequence of Criteria

SECTION 1. The purpose of the amendment contained in section 2 is to change the order of the criteria to be used in determining ceiling prices as stated in section 3(a)(2) of Economic Stabilization Regulation No. 1, as amended, hereinafter referred to as the regulation.

Sec. 2. Subparagraph (a)(2) of section 3 of the regulation is hereby amended to read as follows:

Sec. 3 Guidance.

(a) *Prices.* * * *

(2) If a seller delivers or offers a commodity or service which he did not previously deliver or furnish, he can determine his ceiling price either by (i) using the ceiling price prevailing for comparable commodities or services in the same locality, or (ii) applying to his current direct unit cost or to his net invoice cost the percentage mark-up he is currently receiving on the most nearly similar commodity or service he sells.

Effective date. This regulation, unless modified, superseded or revoked, is effective on the date of publication for a period terminating at midnight of November 13, 1971.

Dated: September 2, 1971.

G. A. LINCOLN,
Director.

Office of Emergency Preparedness.

[FR Doc.71-13185 Filed 9-2-71;8:44 pm]

[OEP Economic Stabilization Reg. 1; Circular No. 8]

SUPPLEMENTARY GUIDANCE FOR APPLICATION

Economic Stabilization Circular No. 8

This circular is designed for general information only. The statements herein are intended solely as general guides drawn from OEP Economic Stabiliza-

tion Regulation No. 1 and from specific determinations by the Cost of Living Council and do not constitute legal rulings applicable to cases which do not conform to the situations clearly intended to be covered by such guides.

NOTE: Provisions of this and subsequent circulars are subject to clarification, revision, or revocation.

This eighth circular covers determinations by the Council through September 1, 1971.

APPENDIX I

ECONOMIC STABILIZATION CIRCULAR NO. 8

100. *Purpose.* (a) On August 15, 1971, President Nixon issued Executive Order No. 11615 providing for stabilization of prices, rents, wages, and salaries and establishing the Cost of Living Council, a Federal agency. The order delegated to the Council all of the powers conferred on the President by the Economic Stabilization Act of 1970, as amended. The effective date of the order was 12:01 a.m., August 16, 1971.

(b) By its Order No. 1 the Council delegated to the Director of the Office of Emergency Preparedness authority to administer the program for the stabilization of prices, rents, wages, and salaries as directed by section 1 of Executive Order No. 11615.

(c) The purpose of this circular, the eighth in a series to be issued, is to furnish further guidance to Federal officials and the public in order to promote maximum understanding and cooperation in the application of the program.

200. *Authority.* Relevant legal authority for the program includes - the following:

- The Constitution
- Economic Stabilization Act of 1970, Public Law 91-379, 84 Stat. 799; Public Law 92-15, 85 Stat. 38
- Executive Order No. 11615, 36 F.R. 15127, August 17, 1971
- Cost of Living Council Order No. 1, 36 F.R. 16215, August 20, 1971
- OEP Economic Stabilization Regulation No. 1, as amended, 36 F.R. 16515, August 21, 1971

300. *General guidelines.* (a) The guidance provided in this circular is in the nature of additions to or clarifications of previous determinations of the Cost of Living Council covered in previous OEP Economic Stabilization Circulars.

(b) The numbering system used in this circular corresponds to that used in previous OEP Circulars.

301. *Seasonal patterns.* (a) The Cost of Living Council policy on seasonality contains the requirement that to qualify as seasonal the seller or employer "... must have ... records available to demonstrate the existence of the traditional practice in 3 preceding years. ..." The seasonality rule may not be applied to industries, products, or activities that have been in existence for less than 3 years.

400. *Price guidelines.*

401. *General guidelines.* (a) Increases in prices charged by military commissary stores are not permitted during the freeze.

(b) If a product or service is delivered or furnished on August 15 at a new higher price, this does not set the price for the freeze period. The higher price is effective only for the 1 day of August 15. On August 16, the seller must return to the price in effect evidenced by a substantial number of transactions during the base period.

(c) A contractor (low bidder) has been advised by a school district that the rates for busing which it had agreed upon in a contract to be effective on September 1 may not go into effect because they are increased over last year's rates. The school district cannot go ahead with the rates in this year's contract since the contractor is frozen at last year's rate.

(d) A company required by antipollution laws to purchase more expensive fuel during the freeze than it purchased in the base period cannot adjust its prices to reflect the higher cost of fuel.

403. *Government-regulated industries.*

(a) A municipality cannot increase a utility franchise fee as this is a charge for service and not a tax.

(b) A utility company cannot pass on to customers a franchise fee that has been recently increased. Its rates are frozen and increased costs cannot be passed on during the freeze.

(c) Even if a regulatory agency permits a utility company to adjust its rates upward when the cost of fuel increases, the utility company cannot raise its rates if fuel costs increase during the freeze.

408. *Exemptions.* (a) Honey which has been strained is still considered a raw agricultural product (although it may be purchased in jars, etc.—at this point it remains a raw agricultural product). Pasteurizing, mixing with other products, or any form of further treatment is considered processing and the resulting product is subject to the freeze.

500. *Wage and salary guidelines.*

502. *Specific guidelines.* (a) If a person's wage increase became effective on August 15, he only gets the higher pay for that date. To continue to get the higher pay after August 15, the wage increase would have had to be "in effect" prior to August 15. "In effect" means that it was agreed to before August 15, and that the person either performed or accrued pay under the increased rate prior to August 15.

600. *Rent guidelines.*

602. *Specific guidelines.* (a) If a tenant's rent is increased on August 15, the increase is not effective during the freeze or is effective only for the 1 day of August 15. On August 16, the landlord must return to the rent charged during the base period.

1001. *Effective date.* This circular, unless modified, superseded, or revoked, is effective on the date of publication for a period terminating at midnight of November 13, 1971.

Dated: September 2, 1971.

G. A. LINCOLN,
Director,

Office of Emergency Preparedness.

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Food and Drug Administration
[21 CFR Parts 146a, 146e]

ANTIBIOTIC DRUGS

Proposed Revocation of Exemption From Certification for Certain Penicillin and Bacitracin Drugs; Extension of Time for Filing Comment

The notice published in the FEDERAL REGISTER of August 6, 1971 (36 F.R. 14477), proposing revocation of exemption from certification for certain penicillin and bacitracin drugs, provided for the filing of comments within 30 days after said date.

The Commissioner of Food and Drugs has received requests for an extension of such time and, good reason therefor appearing, the time for filing comments on the subject proposed is hereby extended to October 5, 1971.

This action is taken pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 507, 59 Stat. 463, as amended; 21 U.S.C. 357) and under authority delegated to the Commissioner (21 CFR 2.120).

DELINQUENT DEFERRED TAXES

Notice of Proposed Amendment To Require Collection of Interest on Imported Alcoholic Beverages

AUGUST 23, 1971.

Notice is hereby given pursuant to the authority contained in section 251 of the Revised Statutes, as amended, section 624, 46 Stat. 759 (19 U.S.C. 66, 1624), section 201, 72 Stat. 1322, 1334, 1335, 68A Stat. 817, as amended, 917 (26 U.S.C. 5007, 5054, 5061, 6601, 7805) that it is proposed to amend § 24.4 of Title 19, Chapter 1, of the Code of Federal Regulations to provide for collection of interest on delinquent deferred alcoholic beverage taxes by the Customs officers concerned.

The amendment as tentatively proposed is set forth below:

In § 24.4, paragraph (f) is amended as follows:

§ 24.4 Optional method for payment of estimated import taxes on alcoholic beverages upon entry or withdrawal from warehouse, for consumption.

(f) *Payment procedure*—(1) *Billing*. Each importer who has deferred tax payments on imported alcoholic beverages will be billed at the end of each tax deferral period for all taxes deferred during the period. A statement will accompany each bill listing each tax amount deferred and the related entry number. These bills must be paid in full by the last day of the next succeeding deferral period.

(2) *Interest on overdue accounts*. When any bill for deferred taxes is not paid within the period specified in subparagraph (1) of this paragraph, interest thereon at the rate of 6 percent per annum from the date following the end of the specified period to the date of payment of the bill shall be assessed, collected and paid in the same manner as the basic tax.

Consideration will be given to relevant data, views, or arguments pertaining to the proposed amendment which are submitted to the Commissioner of Customs, Washington, D.C. 20226, and received no later than 30 days after the date of publication of this notice in the FEDERAL REGISTER.

[SEAL] EDWIN F. RAINS,
Acting Commissioner of Customs.

JOHNNIE M. WALTERS,
Commissioner of Internal Revenue.

Approved: August 23, 1971.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

[14 CFR Part 71]

[Airspace Docket No. 71-CE-95]

CONTROL ZONE AND TRANSITION AREAS

Proposed Alteration

The Federal Aviation Administration is considering amending Part 71 of the Federal Aviation Regulations so as to alter the control zone and transition area at Duluth, Minn., and alteration of transition area at Cloquet, Minn.

Interested persons may participate in the proposed rule making by submitting such written data, views, or arguments as they may desire. Communications should be submitted in triplicate to the Director, Central Region, Attention: Chief, Air Traffic Division, Federal Aviation Administration, Federal Building, 601 East 12th Street, Kansas City, Mo. 64106. All communications received within 45 days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendments. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Administration officials may be made by contacting the Regional Air Traffic Division Chief. Any data, views, or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposals contained in this notice may be changed in the light of comments received.

A public docket will be available for examination by interested persons in the Office of the Regional Counsel, Federal Aviation Administration, Federal Building, 601 East 12th Street, Kansas City, MO 64106.

Since designation of controlled airspace in the Duluth, Minn., terminal area some of the instrument approach procedures for Duluth International Airport have been altered and the criteria for the designation of controlled airspace have changed. In addition, for the simplification of airspace descriptions in the Duluth terminal area the present 1,200-foot floor transition area at Cloquet, Minn., should be contained in the Duluth transition area designation. Accordingly, to protect these amended approach procedures, to comply with the new airspace criteria and to merge the Cloquet 1,200-foot floor transition area into the Duluth transition area designation, it is necessary to alter the Duluth, Minn., control zone and transition area and the Cloquet, Minn., transition area.

In consideration of the foregoing, the Federal Aviation Administration proposes to amend Part 71 of the Federal Aviation Regulations as hereinafter set forth:

In § 71.171 (36 F.R. 2055), the following control zone is amended to read:

DULUTH, MINN.

Within a 6.5-mile radius of Duluth International Airport (latitude 46°50'30" N., longitude 92°11'25" W.); and within 3 miles each side of the Duluth VORTAC 197° radial extending from the 5-mile radius zone to 11 miles south of the VORTAC.

In § 71.181 (36 F.R. 2140), the following transition areas are amended to read:

DULUTH, MINN.

That airspace extending upward from 700 feet above the surface within a 9-mile radius of Duluth International Airport (latitude 46°50'30" N., longitude 92°11'25" W.); within a 17.5-mile radius of the Duluth International Airport, extending from the Duluth VOR 262° radial clockwise to the Duluth VOR 058° radial; within 4½ miles north and 9½ miles south of Duluth localizer west course, extending from 4 miles east to 18½ miles west of the OM; and within 4½ miles east and 9½ miles west of the Duluth VORTAC 023° radial, extending from the 15-mile radius area to 28 miles northeast of the VORTAC; and that airspace extending upward from 1,200 feet above the surface within a 35-mile radius of Duluth International Airport; within 8 miles northwest and 5 miles southeast of the Duluth VORTAC 051° radial, extending from the 35-mile radius area to 41 miles northeast of the VORTAC; and within 4½ miles northwest and 9½ miles southeast of the Duluth VORTAC 244° radial, extending from the 35-mile radius area to 41 miles southwest of the VORTAC; excluding the portions which overlie the Hibbing, Minn., and Cloquet, Minn., transition areas.

CLOQUET, MINN.

That airspace extending upward from 700 feet above the surface within a 6½-mile radius of the Cloquet-Carlton County Airport (latitude 46°42'10" N., longitude 92°30'20" W.); within 3 miles each side of the 355° bearing from the Cloquet-Carlton County Airport extending from the 6½-mile radius to 8 miles north of the airport; within 3 miles each side of the 175° bearing from the Cloquet-Carlton County Airport extending from the 6½-mile radius area to 8 miles south of the airport.

These amendments are proposed under the authority of section 307(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1348), and of section 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).

Issued in Kansas City, Mo., on August 18, 1971.

CHESTER W. WELLS,
Acting Director, Central Region.

TRANSITION AREA

Proposed Designation

The Federal Aviation Administration is considering amending Part 71 of the Federal Aviation Regulations so as to designate a transition area at Xenia, Ohio.

Interested persons may participate in the proposed rule making by submitting such written data, views, or arguments as they may desire. Communications should be submitted in triplicate to the Director, Central Region, Attention: Chief, Air Traffic Division, Federal Aviation Administration, Federal Building, 601 East 12th Street, Kansas City, MO 64106. All communications received within 45 days after publication of this notice in the FEDERAL REGISTER will be

considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Administration officials may be made by contacting the Regional Air Traffic Division Chief. Any data, views, or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

A public docket will be available for examination by interested persons in the Office of the Regional Counsel, Federal Aviation Administration, Federal Building, 601 East 12th Street, Kansas City, MO 64106.

A new public use instrument approach procedure has been developed for the Greene County Airport, Xenia, Ohio. Consequently, it is necessary to provide controlled airspace protection for aircraft executing this new approach procedure by designating a transition area at Xenia, Ohio.

In consideration of the foregoing, the Federal Aviation Administration proposes to amend Part 71 of the Federal Aviation Regulations as hereinafter set forth:

In § 71.181 (36 F.R. 2140), the following transition area is added:

XENIA, OHIO

That airspace extending upward from 700 feet above the surface within a 5.5-mile radius of the Greene County Airport (latitude 39°41'30" N., longitude 83°59'25" W.); and within 3.5 miles each side of the 063° bearing from the Greene County Airport extending from the 5.5-mile radius to 14.5 miles northeast of the airport excluding that airspace that overlies the Dayton, Ohio transition area.

This amendment is proposed under the authority of section 307(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1348), and of section 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).

Issued in Kansas City, Mo., on August 18, 1971.

CHESTER W. WELLS,
Acting Director, Central Region.

[Airspace Docket No. 71-CE-101]

TRANSITION AREA

Proposed Designation

The Federal Aviation Administration is considering amending Part 71 of the Federal Aviation Regulations so as to designate a transition area at West Branch, Mich.

Interested persons may participate in the proposed rule making by submitting such written data, views, or arguments as they may desire. Communications should be submitted in triplicate to the Director, Central Region, Attention: Chief, Air Traffic Division, Federal Avia-

tion Administration, Federal Building, 601 East 12th Street, Kansas City, MO 64106. All communications received within 45 days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Administration officials may be made by contacting the Regional Air Traffic Division Chief. Any data, views, or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

A public docket will be available for examination by interested persons in the Office of the Regional Counsel, Federal Aviation Administration, Federal Building, 601 East 12th Street, Kansas City, MO 64106.

A new public use instrument approach procedure has been developed for the West Branch, Mich., Community Airport. Consequently, it is necessary to provide controlled airspace protection for aircraft executing this new approach procedure by designating a transition area at West Branch, Michigan. The new procedure will become effective concurrently with the designation of the transition area.

In consideration of the foregoing, the Federal Aviation Administration proposes to amend Part 71 of the Federal Aviation Regulations as hereinafter set forth:

In § 71.181 (36 F.R. 2140), the following transition area is added:

WEST BRANCH, MICH.

That airspace extending upward from 700 feet above the surface within a 5½-mile radius of West Branch Community Airport (latitude 44°14'36" N., longitude 84°10'58" W.); and within 3 miles each side of the 87° bearing from West Branch Community Airport, extending from the 5½-mile radius area to 13 miles east of the airport.

This amendment is proposed under the authority of section 307(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1348), and of section 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).

Issued in Kansas City, Mo., on August 13, 1971.

CHESTER W. WELLS,
Acting Director, Central Region.

[14 CFR Part 71]

[Airspace Docket No. 71-CE-104]

TRANSITION AREA

Proposed Designation

The Federal Aviation Administration is considering amending Part 71 of the Federal Aviation Regulations so as to designate a transition area at Charlevoix, Mich.

Interested persons may participate in the proposed rule making by submitting

such written data, views, or arguments as they may desire. Communications should be submitted in triplicate to the Director, Central Region, Attention: Chief, Air Traffic Division, Federal Aviation Administration, Federal Building, 601 East 12th Street, Kansas City, MO 64106. All communications received within 45 days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Administration officials may be made by contacting the Regional Air Traffic Division Chief. Any data, views, or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

A public docket will be available for examination by interested persons in the Office of the Regional Counsel, Federal Aviation Administration, Federal Building, 601 East 12th Street, Kansas City, MO 64106.

A new public use instrument approach procedure has been developed for the Charlevoix, Mich., Municipal Airport. Consequently, it is necessary to provide controlled airspace protection for aircraft executing this new approach procedure by designating a transition area at Charlevoix, Mich. This approach procedure will be controlled so there will be no effect on the operations of Oil Burner Routes 9 and 14. The new procedure will become effective concurrently with the designation of the transition area.

In consideration of the foregoing, the Federal Aviation Administration proposes to amend Part 71 of the Federal Aviation Regulations as hereinafter set forth:

In § 71.181 (36 F.R. 2140), the following transition area is added:

CHARLEVOIX, MICH.

That airspace extending upward from 700 feet above the surface within a 5½-mile radius of Charlevoix Municipal Airport (latitude 45°18'15" N., longitude 85°16'00" W.); and within 3 miles each side of the 270° bearing from Charlevoix Municipal Airport, extending from the 5½-mile radius area to 8 miles west of the airport, and within 3 miles each side of the 69° bearing from Charlevoix Municipal Airport, extending from the 5½-mile radius area to 8 miles east of the airport; that airspace extending upward from 1,200 feet above the surface within 4½ miles south and 9½ miles north of the 270° and 90° bearings from Charlevoix Municipal Airport, extending from the airport to 18½ miles west and 6 miles east of the airport, and within 4½ miles south and 9½ miles north of the 69° and 249° bearings from Charlevoix Municipal Airport, extending from the airport to 18½ miles east and 6 miles west of the airport.

This amendment is proposed under the authority of section 307(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1348), and of section 6(c) of the Depart-

ment of Transportation Act (49 U.S.C. 1655(c)).

Issued in Kansas City, Mo., on August 18, 1971.

CHESTER W. WELLS,

Acting Director, Central Region.

CIVIL AERONAUTICS BOARD

[14 CFR Parts 207, 208, 212, 214, 372]

[Docket No. 21666; EDR-173C; SPDR-25]

OVERSEAS MILITARY PERSONNEL CHARTERS

Supplemental Notice of Rule Making

AUGUST 27, 1971.

The Board, by circulation of Notice of Proposed Rule Making EDR-173, dated December 1, 1969, and publication at 34 F.R. 19297, gave notice that it had under consideration proposed amendments to Parts 208, 214, 295 of its economic regulations which would establish a class of charter for overseas military personnel and their immediate families.

For the reasons set forth in the attached explanatory statement, the Board has determined to withdraw the proposal in EDR-173, in part, and by this supplemental notice proposes to amend Parts 207, 208, 212, and 214 of its economic regulations (14 CFR Parts 207, 208, 212, and 214), and adopt a new Part 372 of its special regulations (14 CFR Part 372). These proposals would establish a new class of charter for military personnel and their dependents, enable air carriers and foreign air carriers to perform such charters, and relieve charter operators from certain provisions of the Federal Aviation Act in order to authorize them to act as indirect air carriers with respect to such charters.

The principal features of the proposals are described in the explanatory statement and the proposed amendments are set forth in the proposed rule. The amendments are proposed under the authority of sections 101(3), 204(a), 401, 402, 407, and 416(a) of the Federal Aviation Act, as amended (72 Stat. 737, as amended, 743, 754 (as amended), 757, 766 and 771; 49 U.S.C. 1301 1324, 1371, 1372, 1377, and 1386).

Interested persons may participate in the proposed rule making through submission of twelve (12) copies of written data, views, or arguments pertaining thereto, addressed to the Docket Section, Civil Aeronautics Board, Washington, D.C. 20428. All relevant material in communications received on or before October 18, 1971, will be considered by the Board before taking final action on the proposed rules. Copies of such communications will be available for examination by interested persons in the Docket Section of the Board, Room 712 Universal

Building, 1825 Connecticut Avenue, NW., Washington, DC upon receipt thereof.

By the Civil Aeronautics Board.

[SEAL] HARRY J. ZINK,
Secretary.

EXPLANATORY STATEMENT

In EDR-173, December 1, 1969 (34 F.R. 19297), the Board proposed to amend Parts 208, 214, and 295 of its economic regulations to establish a new class of charter denominated as "overseas military personnel charter." "Overseas military personnel charter" was defined as a charter, either one-way or round-trip, limited to military personnel of the U.S. Armed Forces stationed outside the United States, its territories and possessions, and/or their immediate families, where the following conditions are met: (1) The military personnel are on official furlough, leave, pass, or other authorized absence from duty; (2) the transportation is between the United States and a foreign country in which military personnel of the United States are stationed; (3) a fixed charge for the transportation is not authorized, and the cost of the charter flight is prorated equally among the charter participants, except to the extent a lesser charge is provided for children; and (4) solicitation for, and administration of, the charter flight is handled entirely by members of the U.S. Armed Forces or an organization operated by DOD for and on behalf of its military personnel, and the charter contract is signed by a member of the Armed Forces or such organization. The proposed amendments would also relieve these charters from restrictions providing that in case of a round-trip charter no one-way passengers shall be carried (except that up to 5 percent of the charter group may be transported in each direction), and from the prohibition against intermingling passengers.¹

In explaining the proposed rule, the Board pointed out that regulatory problems have arisen in connection with pro rata charters of U.S. military personnel, DOD civilian employees, and dependents. For example, participants have been solicited by travel agents through widespread advertising of a series of flight dates, and flights have been advertised at flat one-way and round-trip fares, rather than the prorated share of the total charter price. And subterfuges have been employed by travel agents to avoid the prohibition against chartering to travel agents. The Board also noted that existing restrictions on one-way passengers and on intermingling failed to take account of the special characteristics of military personnel on leave. Since the duration of military furloughs varies widely, it is generally impractical for

military personnel (and accompanying dependents) to travel in both directions as a group, and dependents joining military personnel abroad are precluded by the intermingling regulations from being included on the return leg of a round-trip charter. For the above reasons, it was proposed to exclude travel agents and other intermediaries from organizing the charters and to relieve these charters from the one-way and intermingling restrictions. Further, since the proposal was essentially grounded on the proposition that these charters serve a significant morale purpose in facilitating military personnel abroad to visit home,² neither retired military personnel nor DOD civilian personnel come within this objective, and they would not be eligible to participate in the new class of charter.

In response to the notice of rule making a large number of comments were received, virtually all opposing the proposals in whole or in part. In addition, the proposed rule, *inter alia*, was, in January and February 1970, a subject of inquiry in hearings before the Subcommittee on Military Airlift of the House Committee on Armed Services.³ In its report of June 24, the Subcommittee found that the performance of military charter services, substantially as now provided, should be allowed to continue.⁴

The Subcommittee hearings have provided a valuable adjunct to the Board's rule making proceedings. Considerable testimony and documentation were received by the Subcommittee, which afforded the Board and other interested persons a full and fair opportunity to present their views. In its determinations herein, the Board has made use of the record compiled in the hearings, as well as comments filed in this docket, and has carefully considered the recommendations of the Subcommittee in the light of the Board's statutory responsibilities. Upon consideration of the foregoing, the Board has decided to withdraw the proposals in EDR-173, in part, and submit for public comment in this supplemental notice the substitute proposals which will be hereafter described.

In its comment the Department of Defense opposes, among other things, the proposal that solicitation for, and administration of, the charter be handled entirely by members of the U.S. Armed Forces or an organization operated by DOD for and on behalf of its military personnel. It urges that every effort be made to insure the continued availability of charter service for DOD-

affiliated personnel, utilizing the professional knowledge and experience of the commercial entrepreneurs.⁵

In view of DOD's position, a regulation which would eliminate private intermediaries from organizing overseas military personnel charters would not constitute a solution to the problem. The Board here proposes instead to adopt a new Part 372 of its Special Regulations which would exempt overseas military personnel charter operators from section 401 of the Act for the purpose of enabling them to provide overseas military personnel charters.⁶ "Overseas military personnel charters" would, however, be confined, as proposed in EDR-173, to military personnel of the U.S. Armed Forces⁷ on active duty stationed outside the United States, its territories and possessions, and their dependents, where the following conditions are met: (1) The military personnel are on official furlough, leave, pass or other authorized absence from duty, and (2) the transportation is between the United States and a foreign country in which military personnel of the United States are stationed. Appropriate amendments of Parts 207, 208, 212, and 214 would be made to enable air carriers and foreign air carriers to charter aircraft to overseas military personnel charter operators, and there would be no prohibition against advertising or collecting a fixed charge for the transportation.

Other details of the proposed rule will be discussed subsequently, but we turn next to the reasons for exempting charter operators.

1. *Exemption of overseas military personnel charter operators.* For reasons which will subsequently appear, the Board concludes that overseas military personnel charter operators are to be deemed indirect air carriers. In addition, the Board tentatively concludes that it is in the public interest to relieve overseas military personnel charter operators from the provisions of section 401 of the Act.

In reaching this conclusion the Board has considered the fact that a serviceman stationed overseas is in strange and unfamiliar surroundings and the cost and difficulty of traveling to his home, or having his dependents travel overseas to visit him, is much greater than would be the case with military personnel stationed in the United States. Domestically, the distances are normally less, with bus or rail transportation being a feasible alternative to air transportation. Furthermore, low military standby rates (50-percent discount from coach rates) are available to servicemen stationed in

¹ While Davis Agency attributes to the Board a finding that the traffic consists solely of military traffic visiting home, there is no such finding. See Explanatory Statement, pp. 3 and 4.

² Hearings on Military Airlift before the Subcommittee on Military Airlift of the House Committee on Armed Services, 91st Cong., Second sess. (H.A.S.C. No. 91-51) (1970).

³ Report by the Subcommittee on Military Airlift of the House Committee on Armed Services, 91st Cong. Second sess. (H.A.S.C. No. 91-59) (1970).

⁴ The exclusion of travel agents with respect to the charters is also opposed, *inter alia*, in comments filed by certain scheduled and supplemental carriers, the American Society of Travel Agents, American Express, Davis Agency, Shoftours and United Service Club.

⁵ This proposal has been suggested by both American Express and Davis.

⁶ To make clear that Coast Guard personnel are within the term "Armed Forces," the definition would be clarified.

the United States. While the Board believes that its proposal in EDR-173, if accepted by DOD, would have assured continued low-cost charter transportation to overseas military personnel and their immediate families there is no longer feasible. It further appears that in order to assure low-cost air transportation to overseas military personnel and their immediate families there is no reasonable alternative to authorizing charterers to conduct charters as indirect carriers and without the limitations applicable to pro rata charters, including the requirement that the costs of the charter be prorated among the flight participants.

Pro rata charters are designed essentially to fit the circumstances of vacation travelers who can plan well in advance of the time of their departure. The great bulk of military/dependent charter traffic has not been made up of vacation travelers, but servicemen on furlough or dependents visiting military personnel stationed overseas. As Shoftours points out, unlike the usual manner of booking charters in the normal commercial transatlantic market wherein the groups contract for flight services 6 months to a year in advance of the departure date, military/dependent charters are contracted on comparatively short notice. More specifically, Davis states that more often than not, charters for most of the flights are contracted from 30 to 60 days before departure.

As a concomitant to the circumstance that military dependent traffic is basically short notice, nonvacation traffic, charter participants are at a disadvantage in organizing themselves into a charter group well in advance of departure and negotiating and arranging a charter contract with a direct air carrier, either through a travel agent or otherwise, with the pro rata cost to each charter participant being determinable within close limits. While we believe that this disadvantage would have been overcome if the charters were handled by the Armed Forces or an organization operated by DOD for and on behalf of its military personnel, there appears no practical alternative to permitting charter agents to charter aircraft and perform primary and accessory services as indirect air carriers in relation to these charters.

To sum up, we believe that the performance of military charter services, substantially as now provided, can only be feasibly achieved through the services of charter agents as indirect air carriers. Furthermore, we are of the opinion that it is in the public interest to exercise our powers under section 101(3) of the Act to relieve such indirect carriers from the provisions of the Act to the extent indicated in § 372.10, *infra*.⁴ To require such agents to secure certificates under section 401 of the Act would be an unnecessary and substantial burden on both the Board and the charter operators and

would be inconsistent with our treatment of, for example, tour operators under Parts 378 and 378a and air freight forwarders under Parts 296 and 297 of the regulations. In addition, as will subsequently appear, we shall impose conditions and limitations on the exemption for the protection of charter participants.

2. *The Davis proposal.* As indicated previously, we are proposing issuance of a new Part 372 which would authorize charter operators to organize charters and act as indirect air carriers. This proposal is consistent with a request contained in Davis' comment. Davis further proposes that these charters be made available to the following persons in both domestic and foreign air transportation: military personnel, military retirees, civilian employees of the Department of Defense, and the respective "dependents" of all the foregoing.⁵

Under the Davis proposal the number of persons eligible to participate in military/dependent charters is estimated as follows:

DOD military personnel on active duty ¹	2,799,600
Dependents ²	6,999,000
DOD civilian employees ³	1,193,884
Dependents ⁴	4,775,536
Retired military personnel ⁵	811,304
Dependents ⁶	3,245,215
Total	19,824,539

¹ As of June 30, 1970 (Source: 1971 World Almanac and there attributed to official sources).

² Assuming two and one-half dependents per military person (see footnote 7, *supra*).

³ Footnote 8, *supra*.

⁴ Assuming four dependents per employee (see footnote 7, *supra*).

⁵ Average number during fiscal year 1970 (DOD source).

⁶ Assuming four dependents per retiree (see footnote 7, *supra*).

We are not prepared under current applicable concepts to authorize indirect air carriers to formulate charter groups from such a large segment of the population in circumstances which, as previously noted, the individual participants in the charter flights may make arrangements therefor on relatively short notice and without the restraints applicable to pro rata and inclusive tour charters which are designed to preserve the distinctions between charter and individually ticketed transportation. Moreover, we are not convinced in any event that the public interest warrants an accession to the Davis proposal. In the past, military personnel charters have been con-

⁴ Davis would consider spouses, parents, and children as dependents, without regard to whether they are in fact dependents. In this connection it appears from comments received that parents of military personnel stationed in Europe have been using military personnel charters for visits to Europe from the United States notwithstanding the requirement in § 295.2(j) that "immediate family" means only the spouse, dependent children, and parents of a member of a charter organization "who are living in the household of a member." (Part 295 was repealed effective April 6, and the definition now appears in § 208.212(b).)

finned to the transatlantic market, and, according to the Davis figures, 85 percent of its traffic would have been eligible for transportation under the proposal here advanced.⁷ While we recognize that our proposal will not permit U.S.-based and retired military personnel and DOD civilian employees and their dependents to participate, the availability of charter transportation to these persons under other provisions of the Board's regulations will be subsequently described. Furthermore, we cannot conclude that these persons are any more entitled to special treatment with respect to charter travel here involved than are other government employees and former military personnel. Accordingly, we conclude that the Davis proposal cannot be granted.

3. *The Board's proposal.* As noted, we propose to restrict overseas military personnel charters geographically to transportation between the United States and a foreign country in which military personnel of the United States are stationed.⁸ And the class we find eligible would be limited to military personnel of the United States stationed abroad and their "immediate families." This is a readily identifiable group whose unique status and eligibility for charters has not been challenged by anyone.

As a practical matter, the eligible participants will largely be restricted to military personnel stationed in Europe—estimated at 300,000—and their immediate families traveling between Europe and the United States. While large numbers of military personnel are stationed in Asia and a charter program has been inaugurated to transport persons between the United States and Viet Nam, these charters appear confined to military personnel alone.

We also conclude that the overseas military personnel charterers are indirect air carriers under our jurisdiction.⁹ These charterers are in the nature of passenger consolidators, i.e., they purchase air carrier capacity in bulk for purposes of sale to travelers on an individually ticketed basis. The comments of

⁷ Ninety-eight percent or ninety-nine percent according to Shoftours.

⁸ Pan American notes that this proposal differs from IATA Resolution 045 which provides that: (a) Military personnel eligible to travel must be stationed in the same country abroad; and (b) charters on behalf of spouses and dependent children must be to or from the country where the military personnel are stationed. However, we see no reason to exclude, for example, military personnel stationed in Belgium from participating in a charter with military personnel stationed in West Germany. In addition, Shoftours states that the exclusion from the class of charter of persons based in geographically remote places such as Guam is without merit. We are amenable to revising the rule to afford charters to military personnel stationed in remote territories or possessions and their dependents, if it can be shown that such charters are economically practicable.

⁹ Cf. Order 69-4-138, Apr. 30, 1969; SPR-46, Mar. 30, 1971.

⁴ The exemption is adopted from that accorded air freight forwarders in Parts 296 and 297.

Davis Agency and Shoftours¹¹ show that they have engaged in the direct solicitation of participants for the charter flights and have assumed sole responsibility for providing the charters as principal for their own account. The fact that a fixed price for the flights is advertised, and apparently collected, is strong evidence that they are risk takers. The persons to whom the charterers would be holding out transportation—namely, military personnel stationed abroad and their immediate families—is sufficiently large, in our judgment, to be considered a segment of the public insofar as the charterers, who are passenger consolidators acting as independent entrepreneurs, are concerned. Any general holding out to transport members of this group constitutes common carriage subject to our jurisdiction. Any other conclusion would leave the activities of these charterers almost wholly outside of economic regulations, a result which is incompatible with the scheme of the scheme of the Act.

We next examine the impact of the Board's proposal on the availability of charter travel on military personnel stationed abroad and other DOD-affiliated personnel.

4. *Impact of the Board's proposal on the availability of charter travel for DOD-affiliated personnel.* According to Davis, the Board's proposal to restrict the class eligible to travel on military/dependent charters would eliminate approximately 15 percent of the traffic presently transported on these charters.¹² It further states that this restriction would have two effects: (1) The frequency of flights would be curtailed, and (2) the price to the passenger traveling on the charter would be increased. While the Davis contention was made in the light of a proposal which would have eliminated travel agents from organizing charters and requiring a pro rata charge to participants, we shall examine Davis' comment in the light of our new proposal.

Davis estimated that in 1970 the total military/dependent traffic would be 155,000. Eliminating 15 percent of this traffic would leave a total of 131,750. In 1969, Davis estimates the total of 106,400. In other words, had the Board's proposal been in effect in 1970, there would still have been an increase of about 12 percent over 1969, when the Board's rule was not in effect. Moreover, Davis estimates 700 charter flights carrying 155,000 persons which is roughly 220 persons per flight. If the Board's rule had been in effect in 1970, there would have been an estimated 600 charter flights,¹³ as compared to 486 in 1969.

In view of the foregoing, it is quite apparent that under the Board's proposal, there would still be available a very high frequency of charters to over-

seas military personnel and their immediate families without substantial reduction in frequency. Moreover, since the operators will be able to maintain their past price practices which do not depend on volume,¹⁴ the charge to participants would not be measurably affected, if at all, by the Board's proposal restricting the size of the eligible class.¹⁵

We shall next consider the impact of the Board's proposal on other DOD-affiliated personnel who would be excluded from overseas military personnel charters.

(a) *Military personnel stationed in the United States.* As indicated above, while Davis estimates that 15 percent of the market would be excluded from the charters under the Board's proposal, there is no other breakdown. Consequently, we have no estimate of the participation in the charters by military personnel stationed in the United States and their dependents. However, it would appear that very little use has been made of these charters by such persons.

According to Davis, military personnel and dependents stationed in the United States do not travel to Europe to take a vacation, but generally the travel consists of visits to families of their wives. The number of wives of military personnel stationed in the United States with families in Europe would be small in relation to the total number of U.S. military personnel and dependents. Accordingly, the impact of the Board's rule on stateside military personnel and dependents would be minimal.

Moreover, if there is a large potential charter market for stateside military personnel and dependents for travel to Europe for vacations or family visits, low-cost "conventional" charters (i.e., pro rata charters under the Board's current regulations) are available to them as discussed in more detail subsequently.

(b) *DOD civilian personnel.* Again we have no precise knowledge of the extent to which these charters have been used by DOD civilian personnel, although none have been carried by Shoftours, according to its figures. Davis, however, states that the group is principally composed of teachers assigned to military installations who use the charters chiefly to return to the United States on visits to their families. This group therefore cannot be very sizeable.

On the other hand, the number of DOD civilian employees is huge—1,193,884¹⁶—a number which far exceeds that of any other executive department or agency. The ability of DOD civilian employees to charter aircraft for conventional charters is unmatched among government agencies¹⁷ and, indeed is also probably

unmatched by any other non-governmental organization which can qualify as an "affinity" group under the Board's regulations. Employees of single government agencies far smaller than DOD have for many years been receiving low-cost charter travel to Europe. The far greater frequencies which DOD's size would permit to be offered to its civilian employees affords these employees a substantial advantage over other civil servants. We cannot be impressed therefore by arguments that the morale of these employees will suffer if they are not included among those eligible for overseas military personnel charters.

(c) *Retired military personnel.* Except for Shoftours, we have no information as to the use retired military personnel have made of the military charters in the past. Shoftours, however, estimates that only 1 or 2 percent carried on its charters have been retirees. Accordingly, it appears that excluding this class from the charters would have small impact upon them.

The Retired Officers Association appears to represent that the participation of retirees in military dependent charters constitutes a fringe benefit which the Board would take away. We cannot agree. In the first place using Davis' traffic figures and Shoftours' higher percentage for retirees, only 250 retirees were carried on such charters in 1966 and only 3,100 estimated for 1970. In light of the fact that there are presently an estimated 2½ million military retirees and "immediate family,"¹⁸ it can hardly be said that retired military personnel have regarded and used these charters as a fringe benefit. Moreover, since military/dependent charter traffic has reached meaningful proportions only since 1966, it can scarcely be contended that retirees during their term of active duty regarded these charters as a benefit to be enjoyed on retirement. Finally, although the Board's charter regulations permit charters to "employees of a single Government agency," this has never been interpreted to include "retired employees." In addition, it is to be emphasized that conventional charters are available to retirees either through membership, for example, in civilian fraternal organizations, or organizations of retired military personnel. In this connection it is noted that the Retired Officers Association alone has approximately 120,000 members. An organization of this size has the capability of mounting a sizable charter program, not only to Europe, but elsewhere in the world.

Moreover, charter prices comparable to those which have been offered on military/dependent charters are attainable for conventional pro rata charters which will continue to be available for stateside military personnel, DOD civilian-employees, retirees and the immediate

¹¹ In 1969, for example, Davis charged as low as \$65 per passenger from Frankfurt to New York. In 1970, with much greater volume, it charged \$80 from Frankfurt to New York.

¹² The Board's surety requirements, *infra*, might, however, cause a price increase.

¹³ 135,760 outside the United States.

¹⁴ The Board's charter regulations permit charters to "employees of a single Government agency" as a charterworthy organization.

¹⁸ As defined in Part 208 assuming two dependents per retiree.

¹¹ United Service Club states that it has adopted substantially the same procedure and format employed in previous military charters that has been going on for years.

¹² Shoftours, on the other hand, estimates only 1 or 2 percent would be eliminated.

¹³ 131,750 divided by 220.

families of the foregoing.²² For example, prices advertised by Davis for fall 1969 and winter 1969-70 included one-way fares between New York and Frankfurt of \$100, with a one-way fare of \$95 from New York to Frankfurt on certain days in January and February. Special round-trip fares of \$165 and \$195 applied between Frankfurt and New York during the Christmas holidays. By contrast, during the same winter season American Flyers was advertising a pro rata round-trip price of \$151 New York-Frankfurt on stretched DC-8 aircraft at a 100-percent load factor.²³ Load factors on pro-rata charters usually approach 100 percent, but even at a 90 percent load factor the pro rata round-trip price would be \$175.

It is also to be noted that in the case of conventional pro rata charters, chartering organizations themselves largely determine the origin and destination of charter flights. The origin and destination of military/dependent charters, on the other hand, is determined by charter operators on the basis of predominant traffic flows, and participants from and for a different origin and destination must pay additional transportation charges.

It is simply not the case, therefore, that eliminating Stateside military personnel, DOD civilian personnel and retirees from these charters will compel them and their dependents to travel to Europe on higher individually ticketed fares.²⁴ They will have available the same opportunities for low-cost charter travel as enjoyed by the rest of the citizenry. Indeed, as indicated above, in the case of DOD civilians and active military stateside personnel, the size of these groups gives them a decided advantage over the general public so far as greater frequencies are concerned, and finally there are available to all these groups, as to the general public, the lower cost affinity fares offered by the scheduled carriers, and the package tours offered in conjunction with the service of both the scheduled and supplemental carriers.

5. *Other provisions of Part 372.* Proposed new Part 372 has been patterned after Parts 378²⁵ and 378a,²⁶ but with certain features not present in the latter.

Rather than a blanket exemption, there would be a prior approval procedure requiring the filing of an application for an Operating Authorization, as in the case of domestic and international air freight forwarders under Parts 296 and 297.²⁷ While a blanket exemption approach would minimize administrative burden on the Board, the stakes are too

high in terms of protection of charter participants and the maintenance and development of a sound air transportation system to warrant general relief from regulation at this time. The Board's past experience with certain operators indicates that a blanket exemption would be inappropriate, and it also appears that the Subcommittee on Military Airlift has received a large number of letters from charter participants left at the gate "because of changes in scheduled services or eliminating charters or not fulfilling contracts by the travel agent."²⁸ In sum, the authority being granted overseas military personnel charter operators is broad in scope, novel and experimental in character, and too little is known of operators presently in the business to permit general relief from regulation. In addition, there may be new entrants into the business of whom we know nothing. Further, in the case of persons engaged in operations as overseas military personnel charter operators on the date of this notice, § 372.20 provides that such persons may continue so to engage until such time as the Board shall pass upon an application for an Operating Authorization if within 45 days after the effective date of this part such person files an application pursuant to § 372.30.

As in the case of Parts 378 and 378a, we shall require a surety bond to insure the financial responsibility of the charter operator and the supplying of the air transportation contracted for by charter participants. Davis has suggested a \$100,000 surety bond plus a depository agreement similar to Parts 378 and 378a.²⁹ We propose to adopt Davis' suggestion. However, since smaller operators may be hard pressed to undertake surety arrangements of this dimension, we also propose an alternate bond in an amount not less than the maximum fare held out for charter flights scheduled during each calendar month multiplied by 90 percent of the number of available seats on such flights. The bond would be filed with the Board not less than 45 days prior to the commencement of the calendar month covered by the bond, together with schedules for the month showing fares, departure dates, equipment to be used for each flight and the seating capacity. We propose in this rule to modify the bond requirement contained in Parts 378 and 378a in another respect, namely, by deleting the words "prima facie" from the standard for determining the qualification of a bonding company to issue bonds under the part. This will have the effect of imposing an absolute standard for qualification of a bonding company, namely, acceptance of such company's surety bonds by the Interstate Commerce Commission and listing of such company in Best's Insurance Reports with a rating of "A" or better. The purpose of this change is to

relieve the Board from making determinations in this field. Moreover, there is no evidence that tour operators have been unable to obtain bonds from bonding companies which do qualify under the above standards.

As in the case of air freight forwarders, we shall require charter operators to file tariffs (§ 372.25) and prohibit operations unless tariffs of direct air carriers are observed (§ 372.26). The tariff provisions would require, inter alia, the filing of rules, regulations, practices, and services in connection with the transportation. In order to protect charter participants from unreasonable discriminatory fares and conditions, we propose that, as a condition to the exemption, tariffs shall be subject to suspension, rejection, or cancellation by the Board, on reasonable notice but without the necessity of an evidentiary hearing.

In order to assure that only eligible charter participants are carried, proposed § 372.21 prohibits solicitation within the United States, its territories and possessions. Finally, in order to assess the character and extent of the traffic and the direct carriers involved, we shall require an annual report by month, as specified in § 372.40.³⁰

It is proposed to amend Parts 207, 208, 212, and 214 of the Board's Economic Regulations (14 CFR Parts 207, 208, 212, and 214) and to adopt a new Part 372 of the Special Regulations as follows:

1. Amend § 207.11(b) by adding a new subparagraph (6) as follows:

§ 207.11 Charter flight limitations.

Charter flights (trips) in air transportation shall be limited to the following:

(b) * * *

(6) By an overseas military personnel charter operator as defined in Part 372 of this chapter.

2. Amend § 208.3 by revising the definition of "Indirect air carrier" in paragraph (u) to read as follows:

§ 208.3 Definitions.

(u) "Indirect air carrier" means any citizen of the United States who engages indirectly in air transportation including air freight forwarders, persons authorized by the Board to transport by air used household goods of personnel of the Department of Defense, tour operators, and overseas military personnel charter operators.

3. Amend § 208.6(b) by adding a new subparagraph (6) as follows:

§ 208.6 Charter flight limitations.

Charter flights in air transportation performed by supplemental air carriers shall be limited to the following:

²² At such time as the rules proposed herein may become final, Part 389 will be amended to provide for a filing fee of \$55 for a waiver of any of the provisions of Part 372; \$275 for an application for an operating authorization; and \$25 for bonds filed pursuant to § 372.24.

²² Charter prices on military/dependent charters have varied considerably depending on such variables as the charter operation time of year and direction of flight. Conventional charter prices also vary widely with the added ingredient that the charter price is the prorated share of the tariff.

²³ See Hearings, op. cit., p. 6553.

²⁴ Cf. Hearings, op. cit., p. 6627.

²⁵ Inclusive tours by supplemental air carriers, certain foreign air carriers, and tour operators.

²⁶ Bulk inclusive tours by tour operators.

²⁷ These parts have served as a model for provisions respecting Operating Authorizations.

²⁸ Hearings, op. cit. pp. 6634-6635 (responsibility for certain of these occurrences, however, may have been on the direct carrier rather than the agent).

²⁹ In these parts the depository arrangement is an alternative to furnishing a bond of not less than twice the amount of the charter for air transportation.

(b) * * *

(6) By an overseas military personnel charter operator as defined in Part 372 of this chapter; or

4. Amend § 212.8(a) by adding a new subparagraph (6) as follows:

§ 212.8 Charter flight limitations.

Charter flights (trips) shall be limited to foreign air transportation performed by a foreign air carrier holding a foreign air carrier permit issued pursuant to section 402 of the Act authorizing such carrier to engage in foreign air transportation on an individually ticketed or individually waybilled basis—

(a) * * *

(6) By an overseas military personnel charter operator as defined in Part 372 of this chapter.

5. Amend § 214.7(a) by adding a new subparagraph (4) as follows:

§ 214.7 Charter flight limitations.

Charter flights shall be limited to air transportation performed by a direct foreign air carrier on a time, mileage or trip basis where—

(a) * * *

(4) By an overseas military personnel charter operator as defined in Part 372 of this chapter;

6. Adopt a new Part 372 as follows:

PART 372—OVERSEAS MILITARY PERSONNEL CHARTERS

Subpart A—General Provisions

Sec.	
372.1	Applicability.
372.2	Definitions.
372.3	Waiver.
372.4	Enforcement.
372.5	Suspension of exemption authority.

Subpart B—Exemption

372.10	Exemption.
--------	------------

Subpart C—Conditions and Limitations

372.20	Requirement of operating authorization.
372.21	Solicitation.
372.22	Discrimination.
372.23	Methods of competition.
372.24	Surety Bond.
372.25	Tariffs to be filed for charter trips; suspension.
372.26	Prohibition on operations unless tariffs are observed.
372.27	Name of operator.

Subpart D—Operating Authorization

372.30	Application.
372.31	Issuance.
372.32	Effective period.
372.33	Nontransferability.

Subpart E—Reporting Requirements

372.40	Reporting requirements.
--------	-------------------------

Subpart A—General Provisions

§ 372.1 Applicability.

This part establishes the terms and conditions governing the furnishing of overseas military personnel charters in foreign air transportation by direct air

carriers and foreign air carriers and by overseas military charter operators. This part also relieves charter operators from the provisions of section 401 of the Act for the purpose of enabling them to provide overseas military personnel charters utilizing aircraft chartered from such direct air carriers or foreign air carriers. Nothing contained in this part shall be construed as repealing or amending any provisions of any of the Board's regulations, unless the context so requires.

§ 372.2 Definitions.

As used in this part, unless the context otherwise requires—

"Charter" means overseas military personnel charter.

"Charter operator" means overseas military personnel charter operator.

"Charter participant" means a member of the overseas military personnel charter group.

"Charter price" means the total amount of money paid by the charter participant to the charter operator for air transportation.

"Immediate family" means only the following persons: The spouse, children and parents of military personnel on active duty with the U.S. Armed Forces (including Coast Guard) stationed outside the United States, its territories and possessions or the District of Columbia.

"Overseas military personnel charter" means a charter, either one-way or round-trip, limited to military personnel on active duty with the U.S. Armed Forces (including the Coast Guard), stationed outside the United States, its territories and possessions or the District of Columbia and/or their immediate family where the following conditions are met: (a) All military personnel participating in the charter are on official furlough, leave, pass, or other authorized absence from duty, and (b) the transportation is between the United States and a foreign country in which military personnel of the United States are stationed.

"Overseas military personnel charter operator" means any citizen of the United States, as defined in section 101(13) of the Federal Aviation Act (49 U.S.C. 1301(13)) authorized hereunder to engage in the formation of overseas military personnel charter groups and who complies with the provisions of this part.

"Person" means any individual, firm, association, partnership, or corporation.

§ 372.3 Waiver.

A waiver of any of the provisions of this regulation may be granted by the Board upon its own initiative, or upon the submission by a charter operator of a written request therefor, provided that such a waiver is in the public interest and it appears to the Board that special or unusual circumstances warrant a departure from the provisions set forth herein.

§ 372.4 Enforcement.

In case of any violation of the provisions of the Act, or this part, or any

other rule, regulation, or order issued under the Act, the violator may be subject to a proceeding pursuant to sections 1002 and 1007 of the Act before the Board or a U.S. District Court, as the case may be, to compel compliance therewith, to civil penalties pursuant to the provisions of section 901(a) of the Act, or in the case of willful violation, to criminal penalties pursuant to the provisions of section 902(a) of the Act; or other lawful sanctions.

§ 372.5 Suspension of exemption authority.

The Board reserves the power to suspend the exemption authority of any charter operator, without hearing, if it finds that such action is necessary in order to protect the rights of the traveling public.

Subpart B—Exemption

§ 372.10 Exemption.

Subject to the other conditions of this part, charter operators are hereby relieved from the provisions of section 401 of the Act.

Subpart C—Conditions and Limitations

§ 372.20 Requirement of operating authorization.

No person shall engage in air transportation as an overseas military personnel charter operator by organizing, providing, selling, or offering to sell, soliciting or advertising an overseas military personnel charter or charters unless there is in force an Operating Authorization issued by the Board pursuant to § 372.31 authorizing such person to engage in such transportation: *Provided*, That any person engaged in operations as an overseas military personnel charter operator on August 27, 1971, may continue so to engage until such time as the Board shall pass upon an application for an Operating Authorization if within 45 days after the effective date of this part such person files an application pursuant to § 372.30.

§ 372.21 Solicitation.

Charter operators shall not solicit charter participants within the United States, its territories and possessions, or the District of Columbia, and advertising by charter operators shall be restricted to:

(a) Newspapers or periodicals published outside such area;

(b) Other printed media disseminated and distributed solely to military personnel stationed outside such area; and

(c) Radio and television stations operated by the U.S. Armed Forces outside such area.

§ 372.22 Discrimination.

No charter operator shall make, give, or cause any undue or unreasonable preference or advantage to any particular person, port, locality, or description of traffic in air transportation in any respect whatsoever or subject any particular person, port, locality, or description of traffic in air transportation to any

unjust discrimination or any undue or unreasonable prejudice or disadvantage in any respect whatsoever.

§ 372.23 **Methods of competition.**

No charter operator shall engage in unfair or deceptive practices or unfair methods of competition in air transportation or the sale thereof.

§ 372.24 **Surety bond.**

(a) Except as provided in paragraph (b) of this section, the charter operator shall furnish a surety bond in an amount not less than the maximum fare held out for charter flights proposed to be operated during each calendar month multiplied by 90 percent of the number of available seats on such flights. Such bond shall be filed with the Board not less than 45 days prior to the commencement of the calendar month covered by the bond together with a list of flights proposed to be operated during the month showing charter price, departure dates, equipment to be used for each flight and the seating capacity: *Provided, however,* That the amount of the bond shall be increased if additional charter flights are proposed or may be reduced if proposed charter flights are canceled, in which event a substitute bond and amended list of proposed flights shall be filed with the Board within 10 days of the date that the charter operator adds flights or cancels flights previously proposed, but in no event later than 2 days prior to the operation of any such additional charter flights.

(b) The charter operator may elect in lieu of furnishing a surety bond as provided under paragraph (a) of this section to comply with the requirements of subparagraphs (1) and (2) of this paragraph as follows:

(1) Before selling or offering to sell, soliciting, or advertising such charter flights, charter operators shall furnish and file with the Board a surety bond in the amount of \$100,000 for the protection of the charter participants: *Provided, however,* That the liability of the surety to any charter participant shall not exceed the charter operator's applicable tariff fare.

(2) The charter operator shall enter into an agreement with a bank, the terms of which shall include the following:

(i) Each participant shall pay for his deposit and subsequent payments comprising the charter participant's tariff fare only by check or money order payable to such bank which shall maintain a separate accounting for each flight: *Provided, however,* That if the participant makes a cash deposit, the charter operator who receives such cash deposit shall forthwith remit to the designated bank a check for the full amount of the deposit;

(ii) The bank shall not pay the air carrier or foreign air carrier the charter price for the transportation earlier than 60 days (including day of departure) prior to the scheduled day of departure of the originating or returning flight,

upon certification of the departure date and price by the charter operator;

(iii) The bank shall reimburse the charter operator for refunds made by the latter to the participants upon written notification from the charter operator;

(iv) If the charter operator notifies the bank that a flight has been canceled, the bank shall make the applicable refunds directly to the participants;

(v) Except as provided in subdivision (iii) of this subparagraph, the bank shall not pay any funds from the account to the charter operator prior to 2 banking days after completion of each flight, when the balance in the account shall be paid to the charter operator upon certification of the completion date by the charter operator and direct air carrier;

(vi) Notwithstanding any provisions above, the amount of total deposits required to be maintained in the depository account of the bank may be reduced by one or both of the following: The amount of any surety bond in the form prescribed herein in excess of the minimum bond required by paragraph (b) (1) of this section; an escrow with the designated bank of Federal, State, or municipal bonds or other negotiable securities which are publicly traded on a securities exchange: *Provided,* That, such other securities shall be substituted for cash in an amount no greater than 80 percent of their market value at time of deposit in escrow with the bank; *And provided, further,* That should the valuation of such other securities decrease in an amount in excess of 20 percent of the valuation at time of original deposit, additional securities shall be placed in escrow so as to compensate for such decrease in value below 20 percent;

(vii) As used in this subparagraph, the term "bank" includes (a) in the United States, a bank, savings and loan association, or other financial institution insured by the Federal Deposit Insurance Corporation or the Federal Savings and Loan Insurance Corporation, and (b) outside the United States, any foreign bank, savings and loan association or other financial institution with assets in excess of \$5 million.

(c) The bond required under paragraphs (a) and (b) (1) of this section shall insure the financial responsibility of the charter operator and the supplying of the air transportation in accordance with the contract between the charter operator and the charter participants, and shall be in the form set forth in the appendix attached to Part 372.² Such bond shall be issued by a reputable and financially responsible bonding or surety company which is legally authorized to issue bonds of that type in the State in which the charter originates or in which the charter operator is incorporated. For purposes of this section, the term "State" includes any territory or possession of the United States, or the District of Columbia. The Board will consider that a bonding or

² The bond shall be in the form attached as an appendix to Part 378 (14 CFR Part 378).

surety company is qualified under this section if such company's surety bonds are accepted by the Interstate Commerce Commission under 49 CFR 1084.6 and if such company is listed in Best's Insurance Reports (Fire and Casualty), with a general policyholders' rating of "A" or better. If the bond does not comply with the requirements of this section, or for any reason fails to provide satisfactory or adequate protection for the public, the Board will notify the direct air carrier and the charter operator, by registered or certified mail, stating the deficiencies of the bond. Unless such deficiencies are corrected within the time set forth in such notification, the subject charters shall in no event be operated.

(d) The bond required by this section shall provide that unless the charter participant files a claim with the charter operator within sixty (60) days after completion of the charter, the surety shall be released from all liability under the bond to such charter participant. The contract between the charter operator and the charter participants shall contain notice of this provision.

§ 372.25 **Tariffs to be filed for charter trips; suspension.**

A charter operator shall not operate or sell or offer to sell, solicit, or advertise, any charter trips unless such operator shall have on file with the Board a currently effective tariff showing all rates, fares, and charges for such charter trips and showing the rules, regulations practices, and services in connection with such transportation. It shall be an express condition of the grant of the exemption provided for herein and the operating authorizations issued hereunder that, in order to protect charter participants from unreasonable or discriminatory fares and conditions, tariffs shall be subject to suspension, rejection, or cancellation by the Board on reasonable notice but without the necessity of an evidentiary hearing.

§ 372.26 **Prohibition on operations unless tariffs are observed.**

No charter operator shall charter aircraft to provide air transportation to charter participants except in accordance with the rates, fares, and charges and all applicable rules, regulations, and other provisions for such transportation as set forth in the currently effective tariff or tariffs of the direct air carrier transporting charter participants; and no such operator shall demand, collect, accept, or receive, in any manner or by any device, directly or indirectly, or through any agent or broker, or otherwise, any portion of the rates, fares, or charges so specified in the tariffs of such direct air carrier, and shall not demand, accept, or receive, either directly or indirectly, any privilege, service, or facility except those specified in the currently effective tariffs of such direct air carrier.

§ 372.27 **Name of operator.**

It shall be an express condition upon the exercise of the exemption herein granted and the operating authorizations issued hereunder, that the charter oper-

ator concerned, in holding out to the public and in performing air transportation services, shall do so only in a name the use of which is authorized under the provisions of Part 215 of this chapter.

Subpart D—Operating Authorization

§ 372.30 Application.

(a) *Application form.* Any person desiring to operate as an overseas military personnel charter operator may apply to the Board for an appropriate operating authorization. Such an applicant shall execute in duplicate an "Application for Operating Authorization as an Overseas Military Personnel Charter Operator" (CAB Form _____). The application shall be certified by a responsible official of such person and shall contain the following information:²⁰ (1) Date; (2) name of applicant, trade names, and name in which authorization is to be issued; (3) address of principal office and mailing address; (4) form of organization (i.e., corporation, partnership, etc.), State under whose laws company is authorized to operate and date company was formed; (5) a list containing the names of each officer, director, partner, owner, or member of applicant, and holder of more than 5 percent of outstanding stock if a corporation, or owner of a more than 5-percent interest if other than a corporation; an indication as to whether or not 75 percent or more of the voting interest is owned or controlled by citizens of the United States or one of its possessions; if more than 5 percent of applicant's stock is held by a corporation, an indication must be made as to whether or not 75 percent or more of the voting interest in such corporation is owned or controlled by citizens of the United States or one of its possessions; (6) a description of current business activities and of former business experience in, or related to, the transportation field; (7) description of operating authority granted applicant by agencies of the U.S. Government (such as customs broker, surface or air freight forwarder, motor carrier, ocean freight forwarder, etc.), and, if applicable, reasons for revocation or other termination; (8) list of names of the officers, owners, etc., of applicants who have at any time applied for any type of authority or registration from the Civil Aeronautics Board and, if applicable, reasons for revocation or other termination; (9) list of officers, owners, etc., of applicant who have at any time been employed by or associated with any air

²⁰ Note: Any person who claims to have been engaged in operations as an overseas military personnel charter operator on Aug. 27, 1971, and who has filed an application within 45 days after the effective date of this part shall also include certification as to the periods during which it has been continuously engaged in such operations. (See § 372.20.)

carrier authorized to operate by the Civil Aeronautics Board indicating dates of employment and capacity in which employed; (10) any additional information in support of application; (11) Balance Sheet as of a date not more than 3 months prior to application and Profit and Loss Statement for the full year ending as of date of Balance Sheet; (12) brief account of any arrangement by which applicant will have available financial sources and facilities of other companies or individuals; (13) the charter operator's surety bond and, where applicable, a copy of the depository agreement with a bank as provided in § 372.23(b)(2).²⁰

(b) *Additional information.* The applicant shall also submit such other additional information pertinent to its proposed activities as may be requested by the Board with respect to any individual application.

§ 372.31 Issuance.

(a) If, after the filing of an application for an Operating Authorization, it appears that the applicant is capable of performing the air transportation authorized by this part as an overseas military personnel charter operator and of conforming to the provisions of the Act and all rules and requirements thereunder, and that the conduct of such operations by the applicant will not be inconsistent with the public interest, the applicant will be notified by letter. Such notification will advise the applicant that, upon the filing of a valid tariff pursuant to § 372.25 of this part an Operating Authorization will be issued to the applicant.

(b) If, after the filing of an application for an Operating Authorization, it appears that the applicant has not made a due showing of capability or that the conduct of operations by the applicant might otherwise be inconsistent with the public interest, the Board shall by letter notify the applicant of its findings to that effect. The Board may dismiss any such application unless within 30 days of the date of the mailing of such letter, the applicant has in writing requested reconsideration and submitted such additional information as it believes will make the necessary showing, or requested that the application be assigned for hearing, in which case the applicant shall outline the evidence to be presented at such hearing and shall show the need for hearing in order properly to present its case.

(c) In the event that reconsideration or hearing is requested, the Board may, without notice or hearing, enter an order

²⁰ The surety bond and, where applicable, a copy of the depository agreement with the bank should not be filed with the Board until the applicant is notified by the Board to do so. See instructions to CAB Form _____, infra.

of approval or of disapproval in accordance with its determination of the public interest upon the showing made, or on its own initiative may assign the application for hearing.

§ 372.32 Effective period.

Each operating authorization shall be effective upon the date specified therein, and shall continue in effect, unless sooner suspended or revoked, during such period as the authority provided by this part shall remain in effect, or if issued for a limited period of time, shall continue in effect until the expiration thereof unless sooner suspended or revoked.

§ 372.33 Nontransferability.

(a) An Operating Authorization shall be nontransferable and shall be effective only with respect to the person named therein or his successor by operation of law, subject to the provisions of this section. The following persons may temporarily continue operations under an Operating Authorization issued in the name of another person, for a maximum period of 6 months from the effective date of succession, by giving written notice of such succession to the Board within 60 days after the succession:

- (1) Administrators or executors of deceased persons;
- (2) Guardians of incapacitated persons;
- (3) Surviving partner or partners collectively of dissolved partnerships; and
- (4) Trustees, receivers, conservators, assignees, or other such persons who are authorized by law to collect and preserve the property of financially disabled persons.

(b) All operations by successors, as above authorized, shall be performed in the name or names of the prior holder of the Operating Authorization and the name of the successor, whose capacity shall also be designated. Any successor desiring to continue operations after the expiration of the 6-month period above authorized must file an application for a new Operating Authorization within 120 days after such succession. If a timely application is filed, such successor may continue operations until final disposition of the application by the Board.

Subpart E—Reporting Requirements

§ 372.40 Reporting requirements.

Each charter operator shall prepare and file with the Bureau of Accounts and Statistics, within 45 days of the end of each calendar year, the following:

- (a) The number of charter flights performed during each month of the year;
- (b) The direct air carrier used on each flight;
- (c) The total number of passengers carried on each flight with a breakdown of (1) the number of military personnel, and (2) the number of members of immediate family carried on each flight.

PROPOSED RULE MAKING

13. OPERATING AUTHORITY (SUCH AS CUSTOMS BROKER, SURFACE FREIGHT FORWARDER, MOTOR CARRIER, OCEAN FREIGHT FORWARDER, ETC.) ISSUED TO APPLICANT BY THE UNITED STATES GOVERNMENT:

(a) Kind of operating authority				
(b) Permit, registration or certificate number, or other evidence of registration				
(c) Issuing agency				
(d) Effective date of license held				

14. HAS ANY OPERATING AUTHORITY OR REGISTRATION INCLUDED IN ITEM 13, ABOVE, BEEN REVOKED, CANCELLED, SUSPENDED OR OTHERWISE TERMINATED? YES NO IF YES, GIVE REASONS:

15. WITH RESPECT TO ANY OF THE OFFICERS, DIRECTORS, MANAGERS, STOCKHOLDERS, PARTNERS, MEMBERS, OR OWNERS OF APPLICANT, WHO HAVE:

(a) At any time applied for or been issued any form of operating authority or evidence of registration by the Civil Aeronautics Board.	Name of Person	Type of Authorization	Date of Application or Issuance	Name in which Applied for or/for Issued
(b) At any time been employed by or associated with, in such capacity, any air carrier authorized to operate by the Board.	Name of Person	Name of Air Carrier	Beginning and Ending Dates of Employment	Capacity in which Employed or Associated

16. COMPLETE THE INFORMATION OUTLINED BELOW FOR ALL COMPANIES WHICH HOLD AN OWNERSHIP OR STOCK INTEREST IN THE APPLICANT OR IN WHICH THE APPLICANT IS AN OWNER OR STOCKHOLDER:

(a) Name of company			
(b) Address of principal office			
(c) Type of organization (incorporation or other)			
(d) State in which incorporated or formed			
(e) Date of incorporation or formation			
(f) Percentage of company's stock or other interest held by applicant			
(g) Percentage of applicant's stock or other interest held by company			

17. DESCRIBE THE CURRENT BUSINESS ACTIVITIES OF EACH OF THE ABOVE COMPANIES:

18. OPERATING AUTHORITY (CUSTOMS BROKER, SURFACE FREIGHT FORWARDER, MOTOR CARRIER, OCEAN FREIGHT FORWARDER, ETC.) ISSUED TO THE COMPANIES NAMED IN ITEM 16 BY THE UNITED STATES GOVERNMENT:

(a) Kind of operating authority				
(b) Permit, registration or certificate number, or other evidence of registration				
(c) Effective dates				
(d) Issuing agency				

19. HAS ANY OPERATING AUTHORITY OR REGISTRATION INCLUDED IN ITEM 18 ABOVE, BEEN REVOKED, CANCELLED, SUSPENDED OR OTHERWISE TERMINATED? YES NO IF YES, GIVE REASONS:

20. STATE ANY ADDITIONAL INFORMATION OR COMMENTS AS DESIRED IN SUPPORT OF THE APPLICATION

21. SUBMIT WITH THIS APPLICATION, IN DUPLICATE, THE FOLLOWING:

- (a) Statement of Profit and Loss of applicant for the full year ending as of the date of the Balance Sheet in item (b).
- (b) Balance Sheet of applicant as of a date not more than 3 months prior to date of application (Schedule , CAB Form). Use footnotes to explain items fully, in order to avoid time-consuming correspondence for explanation of balance sheet entries.
- (c) Surety Bond required by §372.24 and, where applicable a copy of the bank depositary agreement. **NOTE:** Filing of Surety Bond and a copy of the bank depositary agreement MAY BE POSTPONED UNTIL LATER NOTIFICATION. (See General Instructions at end of this form).
- (d) Report of ownership of stock and other interests, CAB Form 2786, completed by each officer, director, member, partner or owner of applicant. Each individual filing CAB Form 2786 should indicate in Item 4 the position that will be held in applicant's management in the event applicant is granted authority to operate as an indirect air carrier. In addition, each individual should indicate on page two, the ownership interest held in the applicant during the period covered by the report (only one copy of CAB Form 2786 need be filed for each person).
- (e) Profit and Loss Statements of each company named in Item 16, for the full year ending as of the date of the Balance Sheet in item (b).
- (f) Balance Sheet of each company named in Item 16, as of the date of the Balance Sheet in item (b).
- (g) Organizational chart, a diagram of inter-company ownership and interlocking relationships, annotated to show percentages of stock holdings, officers, directors, members, partners, and owners in each company.

22. CERTIFICATION:

I certify that the information contained in this application, and in the attachments hereto, is complete and accurate to the best of my knowledge.

Date _____; Place (City and State) _____;

Signature _____ Title _____
(See Instructions)

INSTRUCTIONS

General Instructions:

A. File original and one copy with the Civil Aeronautics Board, Washington, D.C. 20428.

B. Complete all items by check mark or fill in, as appropriate. If additional space is needed, use good quality letter-size paper, label each page with applicant's name and date of application, and number the items to correspond with those on the application form to which it relates.

C. The procedure in handling applications for Operating Authorizations is as follows:

(1) The application, CAB Form _____, is reviewed;

(2) Applicant is required to make formal application for and obtain Board approval of, or, in the alternative, to terminate any control and interlocking relationships within the purview of sections 408 and 409 of the Federal Aviation Act—i.e., where applicant, who would become an air carrier upon grant of the application for an Operating Authorization, has common ownership with other air carriers, other common carriers or persons engaged in a phase of aeronautics, and/or where applicant has officers and directors in common with such companies;

(3) When the application, CAB Form _____ has been completed in all respects, when approval of control and interlocking relationships, if any, has been obtained, or when such relationships have been terminated, and when all other matters pertaining to the application have been resolved

and it appears that grant of the application for an Operating Authorization is warranted, applicant is notified to file a valid tariff. At that time applicant is also notified to file a surety bond, and where applicable a copy of the bank depositary agreement, item 21(c), not later than the effective date of applicant's proposed tariff;

(4) The Operating Authorization is then issued upon acceptance of applicant's tariff as a valid tariff.

Instructions for Specific Items:

Item 1(c)—Operating Authorization will be issued in the name of applicant or in the name of applicant doing business in whatever trade name may be authorized by the Board. Applicant will be required to show on its tariffs, surety bond and such other documents as the Board may require exactly the same name as that appearing on its Operating Authorization as issued by the Board. Where applicant's proposed business name as set forth in item 1(c) is so similar to that of some other air carrier currently authorized by the Board as to cause confusion of identity to the public, applicant may be required to use some other name.

Item 21(c)—See General Instruction C(3) above.

Item 22—Application must be signed by a responsible officer, such as the President, Vice President, Secretary, or Treasurer of a corporation or association, or partner or owner of other applicants.

FEDERAL POWER COMMISSION

[18 CFR Part 260]

[Docket No. R-428]

ANNUAL REPORT FOR NATURAL GAS COMPANIES (CLASS A AND B)

Notice of Proposed Rulemaking

AUGUST 30, 1971.

Pursuant to 5 U.S.C. 553, the Commission gives notice it proposes to revise, effective for the reporting year 1971, schedule pages 545 and 546, depreciation, depletion and amortization of gas plant (Accounts 403, 404.1, 404.2, 404.3, 405) of the FPC Form No. 2, Annual Report for Natural Gas Companies, Class A and Class B, prescribed by section 260.1, Chapter I, Title 18 of the Code of Federal Regulations.

The aforesaid revision in schedule pages 545 and 546, depreciation, depletion and amortization of gas plant, in FPC Form No. 2, provides for expansion of section A, thereof, to include an additional plant function, "Common Plant," so as to have this section all inclusive of depreciation, depletion, and amortization expenses, as they relate to each plant function. In addition, section B is now being proposed to relate only to details of amortization rather than depreciation and amortization as formerly. And finally, a new section C is being proposed to allow for more detailed reporting of information on methods of determining depreciation charges. Specifically, section C as proposed will require reporting the depreciable plant base, estimated average service life, net salvage percent, applied depreciation rate, mortality curve type (when available), and the average remaining life (when available), for each electric plant account. The revisions being proposed will be of considerable benefit to the Commission staff in their continuing analysis of depreciation adequacy and practices.

The proposed revision to FPC Form No. 2, would be issued under authority granted the Federal Power Commission by the Natural Gas Act, particularly sections 8, 9(b), 10, and 16 (52 Stat. 825, 826, 830, 15 U.S.C. sections 717g, 717h(b), 717i, and 717o).

Accordingly, it is proposed to revise, effective for the reporting year 1971, schedule pages 545 and 546 of FPC Form No. 2, Annual Report for Natural Gas Companies, Class A and Class B, prescribed by § 260.1, Subchapter G, Chapter I, Title 18 of the Code of Federal Regulations, all as set out in Attachment A hereto.¹

Any interested person may submit to the Federal Power Commission, Washington, D.C. 20426, not later than October 13, 1971, data, views, comments or suggestions, in writing, concerning the proposed revised report form. Written submittals will be placed in the Commission's file.

¹ Filed as part of the original document.

PROPOSED RULE MAKING

sion's public files, and will be available for public inspection at the Commission's Office of Public Information, Washington, D.C. 20426, during regular business hours. The Commission will consider all such written submittals before acting on the matters herein proposed. An original and 14 conformed copies should be filed with the Secretary of the Commission. In addition, interested persons wishing to have their comments considered in the clearance of the proposed revisions in

the report form under the provisions of 44 U.S.C. 3501-3511 may, at the same time, submit a conformed copy of their comments directly to the Clearance Officer, Office of Management and Budget, Washington, D.C. 20503. Submissions to the Commission should indicate the name, title, address and telephone number of the person to whom communications in regard to the proposal should be addressed, and whether the person filing them requests a conference with the staff

of the Federal Power Commission to discuss the proposed revisions in the report form. The staff, in its discretion, may grant or deny requests for conference.

The Secretary shall cause prompt publication of this notice to be made in the FEDERAL REGISTER.

By direction of the Commission.

KENNETH F. PLUMB,
Secretary.

[Treasury Dept. Additional Duty Order 3]

TARIFF SCHEDULES OF THE UNITED STATES

Articles Exempt From Additional Duty

Pursuant to the authority vested in the Secretary of the Treasury by Headnote 4(a) subpart C of part 2 of the Appendix to the Tariff Schedules of the United States, I hereby determine that it is consistent with safeguarding the balance of payments position of the United States to establish exemptions from the additional duty provided for in subpart C as set forth in Headnote 5 thereof which I hereby amend to add the following:

(b) Articles exported to the United States before 12:01 a.m., August 18, 1971: *Provided*, That any such articles entered for warehouse or placed in foreign trade zone shall be exempt only if withdrawn from warehouse for consumption or entered or with-

drawn for consumption from a foreign trade zone under a request properly filed on or before October 1, 1971.

By virtue of the authority vested in the Secretary of the Treasury, including the authority in Reorganization Plan No. 26 of 1950 (3 CFR Ch. III), the Commissioner of Customs, with the approval of the Assistant Secretary of the Treasury (Enforcement, Tariff and Trade Affairs, and Operations) is authorized to prescribe such regulations and issue such instructions as may be necessary to carry out the purposes of this order.

This modification of Headnote 5 is published in the FEDERAL REGISTER pursuant to Headnote 4(b) to subpart C.

Dated: August 31, 1971.

[SEAL] CHARLES E. WALKER,
Acting Secretary of the Treasury.

DEPARTMENT OF THE INTERIOR

Bureau of Indian Affairs

[Anadarko Area Office Redlegation Order 2]

CERTAIN OFFICIALS AND EMPLOYEES IN ANADARKO AREA

Delegation of Authority

AUGUST 4, 1971.

This notice is published in exercise of authority delegated by the Secretary of the Interior to the Commissioner of Indian Affairs by 230 DM 2 (32 F.R. 13938).

This delegation is issued under the authority delegated to the Commissioner of Indian Affairs from the Secretary of the Interior in section 25 of Secretarial Order 2508 (10 BIAM 2.1) and redelegated by the Commissioner to the Area Directors in 10 BIAM 3.

The Anadarko Area Office Redlegation Order 1 published beginning on page 2091 of the April 2, 1955 issue of the FEDERAL REGISTER (20 F.R. 2091), as amended, is hereby revoked and the following is substituted therefor:

PART 1—GENERAL

- Sec.
- 1.1 Authorities from the Area Director.
 - 1.2 Limitations.
 - 1.3 Appeals.
 - 1.4 Authority of the Deputy Area Director.
 - 1.5 Authority of persons designated as Acting Area Director.

PART 2—AUTHORITY OF SUPERINTENDENTS FUNCTIONS RELATING TO FUNDS AND FISCAL MATTERS

- 2.10 Individual Indian moneys.
- 2.11 Loan agreements and modifications.
- 2.12 Loan security.
- 2.13 Assignments of trust property.
- 2.14 Release of United States interests.

FUNCTIONS RELATING TO LANDS AND MINERALS Sec.

- 2.20 Oil and Gas Leases.
- 2.21 Allotment Applications.
- 2.22 Leases and permits (nonmineral).
- 2.23 Rights-of-Way.
- 2.24 Release of Mortgages.
- 2.25 Sand, Gravel and Building Stone Leases and Permits.
- 2.26 Exceptions.

PART 3—AUTHORITY OF SPECIFICALLY DESIGNATED EMPLOYEE WITH RESPECT TO THE BUY INDIAN ACT

- 3.10 Buy Indian Act authority.

PART 1—GENERAL

SECTION 1.1 *Authorities from the Area Director.* The authorities of the Commissioner of Indian Affairs delegated to the Area Director in 10 BIAM 3 are hereby redelegated to Superintendents in the Anadarko Area as set out herein. For the purposes of this redelegation order, the term Superintendent means Agency Superintendents and School Superintendents.

Sec. 1.2 *Limitations.* Delegations of authority made by this order are not to be construed as depriving the Area Director of the authority to issue guidelines or instructions for the implementation of the delegated authorities which shall be binding on the Agency and School Superintendents.

Sec. 1.3 *Appeals.* Any action by any Superintendent or other officer pursuant to Part 2 of this order shall be subject to the right of appeal. An appeal may be taken from the decision of such Superintendent or other officer to the Area Director, Anadarko Area Office. An appeal must be filed in writing with such Superintendent or other officer and shall be promptly transmitted by him with the record in the case to the Area Director, Anadarko Area Office. Any action taken by the Area Director pursuant to this order shall be subject to the right of appeal to the Commissioner of Indian Affairs pursuant to 10 BIAM 3.1. Any action taken by the Commissioner of Indian Affairs pursuant to this order shall be subject to the right of appeal to the Secretary of the Interior, pursuant to section 1(a) of Order 2508, as amended, of the Secretary of the Interior.

Sec. 1.4 *Authority of the Deputy Area Director.* The Deputy Area Director, Anadarko Area Office, is authorized to exercise all the power and authority of the Area Director of the Anadarko Area Office, as delegated by the Commissioner of Indian Affairs in 10 BIAM 3. This redelegation also includes future authorities of the Commissioner to the Area Director.

Sec. 1.5 *Authority of persons designated as Acting Area Director.* Persons designated as Acting Area Director during his absences may severally exercise any and all authority conferred upon

the Area Director by the Commissioner of Indian Affairs, except when specific limitations are enumerated.

PART 2—AUTHORITY OF SUPERINTENDENTS

Subject to the provisions of Part 1, Superintendents may exercise the following authority of the Area Director as indicated in this part.

FUNCTIONS RELATING TO FUNDS AND FISCAL MATTERS

Sec. 2.10 Individual Indian Moneys. All those matters set forth in 25 CFR Part 104.

Sec. 2.11 Loan Agreements and Modifications. The approval of applications for and modification of loans, subject to the availability of funds, in the case of loans by the United States to individuals pursuant to 25 CFR Part 91, where the total indebtedness of the applicant to the lender will not exceed \$50,000 except loans for educational purposes.

Sec. 2.12 Loan Security. The approval of mortgages of trust chattels and crops on trust or restricted land of an Indian and assignments of income from trust or restricted land of an Indian, except income from restricted land of heirs or devisees of members of the Five Civilized Tribes, Oklahoma, as security for a loan by any lender subject to the following exception:

Superintendents may not approve assignments of income from trust or restricted land as security for a loan by a non-Bureau lender if the borrower is indebted for a loan made pursuant to 25 CFR Part 91 that is secured by such an assignment.

Sec. 2.13 Assignments of Trust Property. The approval of assessments of any trust property on an Indian, except land, and authority to act as the Indian's attorney in fact to execute leases on any trust land in which the Indian borrower may have an interest and to apply the rentals on the Indian's indebtedness, for a loan made pursuant to 25 CFR Parts 91 and 92.

Sec. 2.14 Release of United States Interests. The release of interests of the United States in any trust or restricted property of an Indian, except land.

FUNCTIONS RELATING TO LANDS AND MINERALS

Sec. 2.20 Oil and Gas Leases. (1) The execution and approval of oil and gas leases covering lands or interests in lands held by the United States in trust for individual Indians, or tribes of Indians, or subject to restrictions against alienation without the consent of the Secretary of the Interior, pursuant to 25 CFR Parts 171 and 172.

(2) The execution and approval of leases for and on behalf of the United States, as trustee, of mineral lands acquired by or for Indians under the act of June 26, 1936 (49 Stat. 1967). The execution of leases on behalf of the United States, where the title to the mineral estate has been acquired by the United States by purchase where funds used were appropriated under grants of authority referred to in section 7 of the act of June 26, 1936, supra.

(3) The authority conferred by subparagraphs (1) and (2) extends to and includes the approval of, or other appropriate administrative action required on, assignments of leases, whether heretofore or hereafter executed, individual bonds and other instruments required in connection with such leases or assignments thereof; the acceptance of voluntary surrender of leases by the lessee; and cancellation of leases for violation of the terms thereof.

Sec. 2.21 Allotment applications. The issuance of certificates of eligibility for allotments on the public domain under authority of the act of February 8, 1887 (25 U.S.C. 334), or the acts of February 28, 1891, and June 25, 1910 (25 U.S.C. 336), and in the national forests pursuant to the act of June 25, 1910 (25 U.S.C. 337).

Sec. 2.22 Leases and permits (non-mineral). All those matters set forth in 25 CFR Part 131 including the approval of leases on tribal land for homesite purposes to members of the tribe involved and tribal housing authorities and the leasing of individually-owned allotted land to tribal housing authorities, except the following:

(a) The approval of farming and grazing, business, commercial and other development leases which provide for a duration in excess of 10 years, and (b) the approval of permits (1) on lands permitted to the tribes with provision for the subpermitting thereof, or (2) on Government-owned land.

Sec. 2.23 Rights-of-way. The approval of rights-of-way pursuant to 25 CFR Part 161. This authority extends to and includes the issuance of grants of easements.

Sec. 2.24 Release of mortgages. The approval of releases of mortgages given as security for loans made from the restricted funds of individual Indians, upon proof of payment of the loan.

Sec. 2.25 Sand, gravel and building stone leases and permits. The approval of sand, gravel, pumice and building stone leases and permits of tribal and allotted lands pursuant to provisions of 25 CFR Parts 171 and 172.

Sec. 2.26 Exceptions. The authorities redelegated above do not include the following:

(a) Approval of leases on lands purchased or reserved for agency or school purposes;

(b) Approval of instruments providing for the payments of overriding royalty;

(c) Approval of assignments of separate horizons or strata of the subsurface;

(d) Approval of royalty rates other than as authorized in 25 CFR for oil, gas and other minerals, except sand, gravel, pumice and building stone;

(e) Approval or revision of forms prescribed by 25 CFR.

(f) Approval of collective or nationwide bonds.

(g) Approval of unit and communization agreements.

(h) Execution and approval of mining leases on the Chilocco School Reservation lands, pursuant to the act of June 21, 1906 (34 Stat. 325, 362).

PART 3—AUTHORITY OF SPECIFICALLY DESIGNATED EMPLOYEE WITH RESPECT TO THE BUY INDIAN ACT

Sec. 3.10 Buy Indian Act Authority. The Area Property and Supply Officer, or anyone acting in his stead, is authorized to exercise all authority under section 23 of the act of June 25, 1910 (Public Law 313, 61st Congress 2d Session; 36 Stat. 861, as amended, 25 U.S.C. 47), which relates to the employment of Indian labor and for purchases of the products of Indian industry in the open market, delegated to the Commissioner by the Secretary of the Interior, subject to the exceptions contained in the authority delegated by the Secretary to the Commissioner.

Effective date. This notice shall become effective upon date of publication in the FEDERAL REGISTER (9-3-71).

SIDNEY CARNEY,
Area Director.

Approved: August 26, 1971.

JOHN O. CROW,
Deputy Commissioner
of Indian Affairs.

[FR Doc. 71-12938 Filed 9-2-71; 8:48 am]

[Aberdeen Area Office Redelegation Order 2, Amdt. 16]

SUPERINTENDENT, FORT BERTHOLD AGENCY

Delegation of Mineral Leasing and Permitting Authority

AUGUST 9, 1971.

This notice is published in exercise of authority delegated by the Secretary of the Interior to the Commissioner of Indian Affairs by 230 DM 2 (32 F.R. 13938).

This delegation is issued under the authority delegated to the Commissioner of Indian Affairs from the Secretary of the Interior in section 25 of Secretarial Order 2508 (10 BIAM 2.1) and redelegated by the Commissioner to the Area Director in 10 BIAM 3.

The Aberdeen Area Office Redelegation Order 2 published on page 8756 of the December 21, 1954, issue of the FEDERAL REGISTER (19 F.R. 8756), as amended, is further amended by adding a new section 3.133 under the heading "Functions Relating to Lands and Minerals" in Part 3—Authority of Specifically Designated Employees. The new section 3.133 delegates approval authority for mineral leases and permits to the Superintendent of the Fort Berthold Agency.

As amended, Part 3 reads as follows:
PART 3—AUTHORITY OF SPECIFICALLY DESIGNATED EMPLOYEES

FUNCTIONS RELATING TO LANDS AND MINERALS

Sec. 3.133 Approval of mineral leases and permits. (a) The Superintendent of the Fort Berthold Agency may exercise all authority of the Area Director relating to the approval of oil and gas, coal, sand, gravel, pumice, and building

stone leases and permits, on forms approved by the Commissioner of Indian Affairs, of tribal lands and of trust or restricted individually owned lands in accordance with advertisements soliciting bids therefor pursuant to 25 CFR Parts 171 and 172.

(b) The authority conferred by subparagraph (a) extends to and includes the approval of, or other appropriate administrative action required on, assignments of leases, whether heretofore or hereafter executed; bonds and other instruments required in connection with such leases or assignments thereof; the acceptance of voluntary surrender or leases by the lessee; the cancellation of leases for violation of the terms thereof; and the approval of agreements for settlement of claims for damage to Indian lands, resulting from oil, gas, or other mineral operations.

(c) The authority delegated in paragraphs (a) and (b) does not include:

(1) Approval of leases on lands purchased or reserved for agency or school purposes.

(2) Approval of leases, assignments, and bonds on any forms except those approved by the Commission of Indian Affairs.

(3) Modification of any forms approved by the Commissioner of Indian Affairs.

(4) Extension of time for drilling.

(5) Approval of unit and communication agreements.

(6) Assignment of separate horizons or strata of the subsurface.

(7) Approval of royalty rates other than as authorized in 25 CFR for oil, gas, and other minerals, except sand, gravel, pumice, and building stone.

(8) Approval of well-spacing orders.

W. D. BABBY,
Area Director.

Approved: August 26, 1971.

JOHN O. CROW,
Deputy Commissioner of
Indian Affairs.

RICHARD J. WABBERSEN

Notice of Loan Application

AUGUST 30, 1971.

Richard J. Wabbersen, Route 2, Box 3229, New Port Richey, FL 33552, has applied for a loan from the Fisheries Loan Fund to aid in financing the purchase of a used wood vessel, about 57 feet in length, to engage in the fisheries for snapper and groupers.

Notice is hereby given, pursuant to the provisions of 16 U.S.C. 742c, Fisheries Loan Fund Procedures (50 CFR Part 250, as revised), and Reorganization Plan No. 4 of 1970, that the above entitled application is being considered by the National Marine Fisheries Service, National Oceanic and Atmospheric Administration, Department of Commerce, Interior Building, Washington, D.C. 20235. Any person desiring to submit evidence that the contemplated operation of such vessel will cause economic hardship or injury to efficient vessel operators already operating in that fishery must submit such evidence in writing to the Director, National Marine Fisheries Service, within 30 days from the date of publication of this notice. If such evidence is received it will be evaluated along with such other evidence as may be available before making a determination that the contemplated operation of the vessel will or will not cause such economic hardship or injury.

CERTAIN SYMPATHOMIMETIC DRUGS FOR PARENTERAL USE

Drugs for Human Use; Drug Efficacy Study Implementation

In the FEDERAL REGISTER of February 23, 1971 (36 F.R. 3387), the Food and Drug Administration announced its conclusions pursuant to evaluation of reports received from the National Academy of Sciences-National Research Council, Drug Efficacy Study Group, concerning the following drugs;

1. Levophed Bitartrate 0.02 percent and 0.2 percent Injections containing levarterenol bitartrate; Winthrop Laboratories, Division of Sterling Drug Inc., 90 Park Avenue, New York, N.Y. (NDA 7-513).

2. Vasoxyl Injection containing methoxamine hydrochloride; Burroughs

Wellcome and Co. (USA) Inc., 3030 Cornwallis Road, Research Triangle Park, N.C. 27709 (NDA 6-772).

3. Vasoxy 1 in 1 percent Procaine Hydrochloride Solution containing methoxamine hydrochloride and procaine hydrochloride; Burroughs Wellcome and Co. (USA) Inc. (NDA 7-238).

4. Wyamine Sulfate Injection containing mephentermine sulfate; Wyeth Laboratories, Division of American Home Products Corp., Post Office Box 8299, Philadelphia, Pa. 19101 (NDA 8-248).

5. Methedrine Injection containing methamphetamine hydrochloride; Burroughs Wellcome and Co. (USA) Inc. (NDA 5-674) (previously incorrectly listed as 5-504).

6. Desoxyn Sterile Solution containing methamphetamine hydrochloride; Abbott Laboratories, 14th and Sheridan Road, North Chicago, Ill. 60064 (NDA 6-017).

7. Aramine Injection containing metaraminol bitartrate; Merck Sharp and Dohme, Division of Merck and Co., West Point, Pa. 19101 (NDA 9-509).

8. Drinalfa Injection containing methamphetamine hydrochloride; E. R. Squibb and Sons, Georges Road, New Brunswick, N.J. 08903 (NDA 5-757).

For all of the listed drugs, that announcement required, among other things, that complete updating information be provided with respect to previously approved new-drug applications, and that full new-drug applications be submitted by persons who distribute or intend to distribute such drug.

Upon reconsideration, the Commissioner of Food and Drugs concludes that, for certain of the listed drugs (levarterol bitartrate, methoxamine hydrochloride with or without procaine hydrochloride, mephentermine sulfate, and metaraminol bitartrate injections) abbreviated supplements and abbreviated original new drug applications will be accepted. Therefore, in the case of previously approved applications, updating information is required as needed to make the application current in regard to items 6 (components), 7 (composition), and 8 (methods, facilities, and controls) of the new drug application form FD-356H to the extent described for abbreviated new drug applications, § 130.4(f), published in the FEDERAL REGISTER April 24, 1970 (35 F.R. 6574). New applications should meet the conditions specified in regulation 130.4(f) (1) and (2), published in the FEDERAL REGISTER April 24, 1970 (35 F.R. 6574).

For methamphetamine hydrochloride injection, the requirements set forth in the announcement of February 23, 1971, are unchanged.

This notice is issued pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (secs. 502, 505, 52 Stat. 1050-53, as amended; 21 U.S.C. 352, 355) and under authority delegated to the Commissioner of Food and Drugs (21 CFR 2.120).

Dated: August 24, 1971.

[Docket No. FDC-D-366; NADA No. 8-321V]

E. R. SQUIBB & SONS, INC.

Narton; Notice of Opportunity for Hearing

In an announcement in the FEDERAL REGISTER of July 21, 1970 (35 F.R. 11650), the Commissioner of Food and Drugs announced the conclusions of the Food and Drug Administration and the National Academy of Sciences-National Research Council, Drug Efficacy Study Group, following evaluation by the Administration of a report received from the Academy on Narton, NADA (new animal drug application) No. 8-321V. Narton contains oxytetracycline fermentations solubles and oxytetracycline quaternary salt equivalent to 1.0 gram of oxytetracycline hydrochloride per pound, sodium arsenilate, vitamin B₁₂, strychnine, manganese sulfate, and copper sulfate; by E. R. Squibb & Sons, Inc., Agricultural Research Center, Three Bridges, N.J. 08887.

The announcement invited the holder of said new animal drug application and any other interested persons to submit pertinent data on the drug's effectiveness.

No data were received in response to the announcement and available information fails to provide substantial evidence that the drug is effective as a flock treatment for use in feed and water for stimulating appetite and rate of growth for poultry of all ages.

Therefore, notice is given to the above named firm and to any interested person who may be adversely affected that the Commissioner proposes to issue an order under the provisions of section 512(e) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360b(e)) withdrawing ap-

proval of the new animal drug application listed above and all amendments and supplements thereto held by said firm for the listed drug product on the grounds that:

Information before the Commissioner with respect to the drugs was evaluated together with the evidence available to him when the application was approved. These data do not provide substantial evidence that the drug has the effect it purports or is represented to have under the conditions of use prescribed, recommended, or suggested in the labeling.

In accordance with the provisions of section 512 of the act (21 U.S.C. 360b), the Commissioner will give the applicant and any interested person who would be adversely affected by an order withdrawing such approval an opportunity for a hearing at which time such persons may produce evidence and arguments to show why approval of the above named new animal drug application should not be withdrawn. Promulgation of the order will cause any drug similar in composition to the above listed drug product and recommended for similar conditions of use to be a new animal drug for which an approved new animal drug application is not in effect. Any such drug then on the market would be subject to regulatory proceedings.

Within 30 days after publication hereof in the FEDERAL REGISTER, such persons are required to file with the Hearing Clerk, Department of Health, Education, and Welfare, Office of the General Counsel, Room 6-62, 5600 Fishers Lane, Rockville, Md. 20852, a written appearance electing whether:

1. To avail themselves of the opportunity for a hearing; or
2. Not to avail themselves of the opportunity for a hearing.

If such persons elect not to avail themselves of the opportunity for a hearing, the Commissioner without further notice will enter a final order withdrawing approval of the new animal drug application.

Failure of such persons to file a written appearance of election within said 30 days will be construed as an election, by such persons not to avail themselves of the opportunity for a hearing.

The hearing contemplated by this notice will be open to the public except that any portion of the hearing that concerns a method or process which the Commissioner finds is entitled to protection as a trade secret will not be open to the public, unless the respondent specifies otherwise in his appearance.

If such persons elect to avail themselves of the opportunity for a hearing, they must file a written appearance requesting the hearing and giving the reasons why approval of the new animal drug application should not be withdrawn together with a well-organized and full-factual analysis of the clinical and other investigational data they are prepared to prove in support of their opposition to this notice. A request for

a hearing may not rest upon mere allegations or denials, but must set forth specific facts showing that there is a genuine and substantial issue of fact that requires a hearing. When it clearly appears from the data in the application and from the reasons and factual analysis in the request for the hearing that there is no genuine and substantial issue of fact which precludes the withdrawal of approval of the application, the Commissioner will enter an order stating his findings and conclusions on such data. If a hearing is requested and is justified by the response to this notice, the issues will be defined, a hearing examiner will be named, and he shall issue a written notice of the time and place at which the hearing will commence. The time shall be not more than 90 days after the expiration of said 30 days unless the hearing examiner and the applicant otherwise agree.

Responses to this notice will be available for public inspection in the Office of the Hearing Clerk (address given above) during regular business hours, Monday through Friday.

This notice is issued pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 512, 82 Stat. 343-51; 21 U.S.C. 360b) and under the authority delegated to the Commissioner (21 CFR 2.120).

Dated: August 24, 1971.

SAM D. FINE,
Associate Commissioner
for Compliance.

[FR Doc. 71-12975 Filed 9-2-71; 8:47 am]

[Docket No. FDC-D-367; NADA No. 10-630V]

WYETH LABORATORIES, INC.

Equanil (Meprobamate Tablets) Veterinary; Notice of Opportunity for Hearing

In an announcement in the FEDERAL REGISTER of July 22, 1970 (35 F.R. 11711), the Commissioner of Food and Drugs announced the conclusions of the Food and Drug Administration and the National Academy of Sciences-National Research Council, Drug Efficacy Study Group, following evaluation of a report received from the Academy on Equanil (Meprobamate Tablets) Veterinary, NADA (new animal drug application) No. 10-630V. Equanil contains meprobamate and is marketed by Wyeth Laboratories, Inc., Post Office Box 8299, Philadelphia, Pa. 19101.

The announcement invited the holder of said new animal drug application and any other interested person to submit pertinent data on the drug's effectiveness.

No data were received in response to the announcement and available information fails to provide substantial evidence that the drug is effective in small animals for anxiety and tension, neurological conditions with associated muscle spasms, or muscle spasms due to rheumatic conditions. The efficacious use of meprobamate has not been adequately documented for veterinary purposes.

Therefore, notice is given to the above-named firm and to any interested person who may be adversely affected that the Commissioner proposes to issue an order under the provisions of section 512(e) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360b(e)) withdrawing approval of the new animal drug application listed above and all amendments and supplements thereto held by said firm for the listed drug product on the grounds that:

Information before the Commissioner with respect to the drug was evaluated together with the evidence available to him when the application was approved. These data do not provide substantial evidence that the drug has the effect it purports or is represented to have under the conditions of use prescribed, recommended, or suggested in the labeling.

In accordance with the provisions of section 512 of the Act (21 U.S.C. 360b), the Commissioner will give the applicant and any interested person who would be adversely affected by an order withdrawing such approval an opportunity for a hearing at which time such persons may produce evidence and arguments to show why approval of the above named new animal drug application should not be withdrawn. Promulgation of the order will cause any drug similar in composition to the above listed drug product and recommended for similar conditions of use to be a new animal drug for which an approved new animal drug application is not in effect. Any such drug then on the market would be subject to regulatory proceedings.

Within 30 days after publication hereof in the FEDERAL REGISTER, such persons are required to file with the Hearing Clerk, Department of Health, Education, and Welfare, Office of the General Counsel, Room 6-62, 5600 Fishers Lane, Rockville, Md. 20852, a written appearance electing whether:

1. To avail themselves of the opportunity for a hearing; or
2. Not to avail themselves of the opportunity for a hearing.

If such persons elect not to avail themselves of the opportunity for a hearing, the Commissioner without further notice will enter a final order withdrawing the approval of the new animal drug application.

Failure of such persons to file a written appearance of election within said 30 days will be construed as an election by such persons not to avail themselves of the opportunity for a hearing.

The hearing contemplated by this notice will be open to the public except that any portion of the hearing that concerns a method or process which the Commissioner finds is entitled to protection as a trade secret will not be open to the public, unless the respondent specifies otherwise in his appearance.

If such persons elect to avail themselves of the opportunity for a hearing, they must file a written appearance requesting the hearing and giving the reasons why approval of the new animal drug application should not be withdrawn, together with a well-organized

and full-factual analysis of the clinical and other investigational data they are prepared to prove in support of their opposition to this notice. A request for a hearing may not rest upon mere allegations or denials, but must set forth specific facts showing that there is a genuine and substantial issue of fact that requires a hearing. When it clearly appears from the data in the application and from the reasons and factual analysis in the request for the hearing that there is no genuine and substantial issue of fact which precludes the withdrawal of approval of the application, the Commissioner will enter an order stating his findings and conclusions on such data. If a hearing is requested and is justified by the response to this notice, the issues will be defined, a hearing examiner will be named, and he shall issue a written notice of the time and place at which the hearing will commence. The time shall be not more than 90 days after the expiration of said 30 days unless the hearing examiner and the applicant otherwise agree.

Responses to this notice will be available for public inspection in the Office of the Hearing Clerk (address given above) during regular business hours, Monday through Friday.

This notice is issued pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 512, 82 Stat. 343-51; 21 U.S.C. 360b) and under the authority delegated to the Commissioner (21 CFR 2.120).

Dated: August 24, 1971.

DIAMOND LABORATORIES, INC.

Penicillin, Streptomycin, Arsanilic Acid Premixes With Vitamins and Minerals; Notice of Drugs Deemed Adulterated

In the FEDERAL REGISTER of August 22, 1970 (35 F.R. 13488), the Commissioner of Food and Drugs announced the conclusions of the Food and Drug Administration following evaluation of reports received from the National Academy of Sciences-National Research Council, Drug Efficacy Study Group concerning Proleen 200 Swine Dia-Ferm Brand and Proleen 300 Swine Dia-Ferm Brand (products containing penicillin, streptomycin, arsanilic acid with various vitamins and minerals), marketed by Diamond Laboratories, Inc., Post Office Box 863, Des Moines, Iowa 50304.

Said announcement informed the manufacturer and all interested persons that such articles to be marketed must be subject of an approved new animal drug application. Diamond Laboratories, Inc., did not submit a new animal drug application for the above-named products. In their response to the announcement, the firm stated that they had discontinued these products.

Based on the foregoing, and on the information before him, the Commissioner of Food and Drugs concludes that Proleen 200 Swine Dia-Ferm Brand and Proleen 300 Swine Dia-Ferm Brand are adulterated within the meaning of section 501(a) (5) or (6) of the Federal Food, Drug, and Cosmetic Act, in that they are not the subject of approved new animal drug applications pursuant to section 512 of the Act. Therefore, notice is given to Diamond Laboratories, Inc., and to all interested persons, that all stocks of said drugs and all animal feeds bearing or containing these products within the jurisdiction of the act are deemed adulterated within the meaning of the act and are subject to appropriate regulatory action.

This notice is issued pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (secs. 501(a) (5) and (6), 512, 52 Stat. 1049, as amended, 82 Stat. 343-51; 21 U.S.C. 351(a) (5) and (6), 360b) and under the authority delegated to the Commissioner (21 CFR 2.120).

Dated: August 25, 1971.

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. N-71-104]

ASSISTANT SECRETARY FOR HOUSING PRODUCTION AND MORTGAGE CREDIT

Notice of Availability

Notice is hereby given that the Assistant Secretary for Housing Production and Mortgage Credit is issuing program descriptions and related material with respect to the Turnkey III and Turnkey IV public housing homeownership opportunity programs. These issuances provide technical standards, guidelines, and other information applicable to the respective programs, and copies are being transmitted concurrent with the issuance of this notice to HUD Regional, Area, and Insuring Offices, where they will be available for public examination. Interested persons may also request copies of the material from Regional, Area, and Insuring Offices, or from the Rules Docket Clerk, Room 10256, Office of General Counsel, Department of Housing and Urban Development, 451 Seventh Street SW., Washington, DC 20410, in accordance with the provisions of 24 CFR Subtitle A, Part 15.

Interested parties are invited to submit written data, views, and statements with regard to the proposed issuances, and all relevant comments will be considered by the Assistant Secretary in the preparation of the final document. Communications should be filed, in triplicate, on or before October 2, 1971, with the Rules Docket Clerk at the above address. Copies of comments submitted will be available

during business hours, before and after the closing date, at the above address for examination by interested persons.

Issued at Washington, D.C., August 31, 1971.

HARRY MORLEY,
Deputy Assistant
Secretary-Commissioner.

FEDERAL POWER COMMISSION

[Docket No. CI64-26]

GULF OIL CORP.

Notice of Petition To Amend

AUGUST 30, 1971.

Take notice that on August 24, 1971, Gulf Oil Corp. (petitioner) filed in Docket No. CI64-26 a petition to amend the order issuing a certificate of public convenience and necessity in said docket on December 19, 1963 (30 FPC 1559), pursuant to section 7(c) of the Natural Gas Act by authorizing the sale of natural gas at rates and under circumstances other than those heretofore authorized and by authorizing the sale of additional volumes of gas, all as more fully set forth in the petition to amend which is on file with the Commission and open to public inspection.

Petitioner is authorized in Docket No. CI64-26 to sell natural gas to Texas Eastern Transmission Corp. (Texas Eastern) pursuant to petitioner's FPC Gas Rate Schedule No. 278 for 26 years or until 4,437,675,000 Mcf of gas have been delivered, whichever occurs first. The daily contract quantity is 500,000 Mcf and Texas Eastern has the right to receive 625,000 Mcf per day. No specific leases are dedicated to the sale; however, petitioner anticipated that the major portion of the gas would be produced from petitioner's leases in the West Delta Block 27 Field, Plaquemines Parish, La. It was estimated that 2.7 billion Mcf of gas were available from that field for sale to Texas Eastern and that the wells would be capable of delivering daily contract quantities through 1977 and maximum daily contract quantities through 1976, with reduced but substantial remaining quantities being produced from the field for several years thereafter. The gas was to be gathered by petitioner and delivered to Texas Eastern at petitioner's Venice Plant near Venice, La. The gas was to be sold at the initial rate of 19 cents per Mcf at 15.025 p.s.i.a. at 100 percent load factor.

Petitioner states that deliveries to Texas Eastern commenced November 1, 1964, and that after the various sands in the West Delta Block 27 Field were placed on production it was discovered that there had been a substantial error in petitioner's original estimate of recoverable reserves. On October 31, 1968, a redetermination of the reserves from the Block 27 Field reflected that the original reserves available for sale to Texas Eastern, after deducting a prior commitment of 775 million Mcf to Southern Natural Gas Co., were 1,006 billion Mcf. Petitioner states that among the measures taken to secure gas for delivery under the subject rate schedule, petitioner has secured the release of the Southeastern Bastian Bay Field from a contract with United Gas Pipeline Co. which added in excess of 600 million Mcf of reserves to the Texas Eastern contract; petitioner has laid pipelines as far

as 75 miles into the Gulf of Mexico to connect oil wells producing casinghead gas; petitioner and Texas Eastern have amended their contract to provide for new delivery points on Texas Eastern's pipelines far removed from the Venice area; petitioner has committed 40 million Mcf of gas from three fields in Texas which petitioner had been using for fuel at its Port Arthur refinery; and petitioner has contracted for the purchase of reserves from the SLAM group¹ in the West Delta Block 58 Field.

Petitioner states that it has a reserve deficit of 1.225 billion Mcf and that as of January 1, 1971, 978 million Mcf had been delivered to Texas Eastern, nearly half from other than the Block 27 Field. Petitioner estimates that it can maintain maximum required deliveries of 625,000 Mcf per day through 1973 from fields presently connected to Texas Eastern but that thereafter Petitioner's capability of performing its delivery obligations will depend upon its ability to secure additional reserves through acquisition of new leases or the purchase of gas from other producers.

In order to augment petitioner's ability to secure additional reserves, Petitioner and Texas Eastern have amended their contract by providing that:

1. Except for the SLAM gas there will be no change in price for gas produced from leases presently delivering gas to Texas Eastern;

2. Petitioner will be kept whole on deliveries made from gas purchased from the SLAM group in the West Delta Block 58 Field;

3. The price for gas from South Louisiana leases connected after July 1, 1971, will be 26 cents per Mcf at 15.025 p.s.i.a., with 1 cent per Mcf escalations every 4 years, or the highest just and reasonable area ceiling rate;

4. The price for gas from Texas fields connected after July 1, 1971, will be 24 cents per Mcf at 14.65 p.s.i.a., with 1 cent per Mcf escalations every 4 years, or the highest just and reasonable area ceiling rate;

5. Texas Eastern will not reimburse petitioner for future tax increases on gas produced from fields connected before July 1, 1971, but will reimburse petitioner for 7/8 of future tax increases on gas produced from fields connected after July 1, 1971;

6. Texas Eastern will have an option to purchase, at the prevailing price at the time the option is exercised, 1 billion Mcf of gas from petitioner at any time petitioner has gas available for sale anywhere in the vicinity of Texas Eastern's pipeline system in excess of quantities required for the fulfillment of the obligations under the contracts comprising petitioner's FPC Gas Rate Schedule Nos. 378 and 391² and for petitioner's internal use; and

7. Texas Eastern will have the right to purchase the remaining reserves in leases then connected, at prevailing prices, after petitioner has completed delivery of the 4.438 billion Mcf under its FPC Gas Rate Schedule No. 278, with such remaining reserves first applied to the fulfillment of petitioner's obligations, if any, under petitioner's FPC Gas Rate Schedule No. 391, and second, against fulfillment of the obligation to deliver 1 billion Mcf of option gas and petitioner's internal requirements (not to exceed 500 million Mcf).

By letter filed August 26, 1971, petitioner urges expeditious consideration of its petition in order that petitioner may be in a position to bid at the December 1971 Federal offshore Louisiana lease sale on a competitive basis with other producers.

It appears reasonable and consistent with the public interest in this case to prescribe a period shorter than 15 days for the filing of protests and petitions to intervene. Therefore, any person desiring to be heard or to make any protest with reference to said petition to amend should on or before September 15, 1971, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules.

KENNETH F. PLUMB,
Secretary.

[Dockets Nos. RP71-18, etc.]

COLUMBIA GULF TRANSMISSION CO. ET AL.

Notice of Extension of Time

AUGUST 25, 1971.

On August 20, 1971, Commission Staff Counsel filed a motion for a 2-week extension of time within which to file protests or comments on the Stipulation and Agreement filed by Columbia Gulf Transmission Co. et al., in the above-designated proceedings. The motion states that counsel for most of the parties represented at the rate conferences held herein have stated that they do not object to the requested extension.

Upon consideration, notice is hereby given that the time is extended to and including September 7, 1971, within which any person may file protests or

Eastern 100,000 Mcf of gas per day for 20 years, subject to petitioner's obligation to fulfill its prior commitments to Southern Natural Gas Co. and Texas Eastern.

comments on the stipulation and agreement.

[Docket No. RP72-26]

TEXAS GAS TRANSMISSION CORP.

Notice of Proposed Changes in Rates and Charges

AUGUST 30, 1971.

Take notice that Texas Gas Transmission Corp. (Texas Gas), on August 17, 1971, tendered for filing proposed changes in its FPC Gas Tariff, Third Revised Volume No. 1, to become effective on September 19, 1971. The proposed rate changes would increase charges for jurisdictional sales by approximately \$4,636,850 annually based on volumes for the 12-month period ended June 30, 1971. The proposed increase would be applicable to all of Texas Gas' jurisdictional rate schedules.

Texas Gas states that the reason for the proposed increase is to reflect the net increase in the cost of gas purchased by Texas Gas resulting from Commission Opinion No. 598, issued July 16, 1971 in Docket Nos. AR61-2 et al. and is filed in accordance with the tracking provision contained in Texas Gas' stipulation and agreement in the settlement of its rate proceedings in Dockets Nos. RP69-41 and RP70-14.

Copies of the filing were served on Texas Gas' customers and interested State commissions.

Any person desiring to be heard or to make any protest with reference to said application should on or before September 10, 1971, file with the Federal Power Commission, Washington, D.C. 20426, petitions to intervene or protests in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make protestants parties to the proceeding. Persons wishing to become parties to a proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with the Commission's rules. The application is on file with the Commission and available for public inspection.

Any order or orders issued in these proceedings will be subject to the Commission's Statement of Policy Implementing the Economic Stabilization Act of 1970 [Public Law 91-379, 84 Stat. 799, as amended by Public Law 92-15, 85 Stat. 38] and Executive Order 11615, including such amendments as the Commission may require.

KENNETH F. PLUMB,
Secretary.

[Docket No. RP72-28]

LAWRENCEBURG GAS TRANSMISSION CORP.**Notice of Proposed Changes in Rates and Charges**

SEPTEMBER 1, 1971.

Take notice that Lawrenceburg Gas Transmission Corp. (Lawrenceburg), on August 18, 1971, tendered for filing proposed changes in its FPC Gas Tariff, Original Volume No. 1, to become effective on September 19, 1971. The proposed rate changes would increase charges for jurisdictional sales by approximately \$27,400 annually based on volumes for the 12-month period ended June 30, 1969. The proposed increase would be applicable to Lawrenceburg's two jurisdictional rate schedules, CDS-1 and EX-1.

Lawrenceburg states that the reason for the proposed increase is occasioned solely by, and will compensate Lawrenceburg only for, an increase in its cost of purchased gas resulting from the rate filing of its sole supplier, Texas Gas Transmission Corp. on August 17, 1971 in Docket No. RP72-26. In case of suspension of the proposed rate increase, Lawrenceburg requests that the increased rates be suspended to a date no later than the date on which the proposed rates of Texas Gas become effective.

Copies of the filing were served on Lawrenceburg's customers and interested state commissions.

Any person desiring to be heard or to make any protest with reference to said application should on or before September 10, 1971, file with the Federal Power Commission, Washington, D.C. 20426, petitions to intervene or protests in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make protestants parties to the proceeding. Persons wishing to become parties to a proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with the Commission's rules. The application is on file with the Commission and available for public inspection.

Any order or orders issued in these proceedings will be subject to the Commission's Statement of Policy Implementing the Economic Stabilization Act of 1970 (Public Law 91-379, 84 Stat. 799, as amended by Public Law 92-15, 85 Stat. 38) and Executive Order 11615, including such amendments as the Commission may require.

KENNETH F. PLUMB,
Secretary.

[Docket No. RP72-20]

PANHANDLE EASTERN PIPE LINE CO.**Notice of Proposed Changes in Rates and Charges**

SEPTEMBER 1, 1971.

Take notice that Panhandle Eastern Pipe Line Co. (Panhandle), on August 9,

1971, tendered for filing proposed changes in its FPC Gas Tariff, Original Volume No. 1, to become effective on September 19, 1971. The proposed rate changes would increase charges for jurisdictional sales by approximately \$1,941,231 annually based on sales volumes for the 12-month period ended May 31, 1971. The proposed increase would be applicable to all of Panhandle's jurisdictional rate schedules.

Panhandle indicates that the reason and basis for the proposed increase is to reflect the simultaneously filed increased rates of its supplier, Trunkline Gas Co. which, in turn reflect producer increased rate filings which include new area rates prescribed in Commission Opinion No. 598, issued July 16, 1971 in Dockets Nos. AR61-2 et al. and AR69-1.

Copies of the proposed tariff changes were served on all of Panhandle's customers and interested State commissions.

Any person desiring to be heard or to make any protest with reference to said application should on or before September 10, 1971, file with the Federal Power Commission, Washington, D.C. 20426, petitions to intervene or protests in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Persons wishing to become parties to a proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with the Commission's rules. The application is on file with the Commission and available for public inspection.

Any order or orders issued in these proceedings will be subject to the Commission's Statement of Policy Implementing the Economic Stabilization Act of 1970 Public Law 91-379, 84 Stat. 799, as amended by Public Law 92-15, 85 Stat. 38 and Executive Order 11615 including such amendments as the Commission may require.

KENNETH F. PLUMB,
Secretary.

FEDERAL RESERVE SYSTEM**ZIONS UTAH BANCORPORATION****Proposed Acquisition of Guaranty Industrial Bank**

Zions Utah Bancorporation, Salt Lake City, Utah, a bank holding company, has applied, pursuant to section 4(c)(8) of the Bank Holding Company Act (12 U.S.C. 1843(a)(8)) and § 222.4(b)(2) of the Board's Regulation Y, for permission to acquire voting shares of Guaranty Industrial Bank, Loveland, Colo. Notice of the application was published on July 3, 1971, in the Loveland Daily Reporter-Herald, a newspaper circulated in Loveland, Colo.

The proposed subsidiary would perform the activity of an industrial bank. Such activity has been specified by the Board in § 222.4(a) of Regulation Y as permissible for bank holding companies, subject to Board approval of individual proposals in accordance with the procedures of § 222.4(b).

The application may be inspected in Room 1020 of the Board's building or at the Federal Reserve Bank of San Francisco.

Interested persons may express their views on the question whether consummation of the proposal can "reasonably be expected to produce benefits to the public, such as greater convenience, increased competition, or gains in efficiency, that outweigh possible adverse effects such as undue concentration of resources, decreased or unfair competition, conflicts of interests, or unsound banking practices." Any request for a hearing on this question should be accompanied by a statement summarizing the evidence the person requesting the hearing proposes to submit or to elicit at the hearing and a statement of the reasons why this matter should not be resolved without a hearing.

Any views or requests for hearing should be submitted in writing and received by the Secretary, Board of Governors of the Federal Reserve System, Washington, D.C. 20551, not later than September 27, 1971.

Board of Governors of the Federal Reserve System, August 27, 1971.

NATIONAL COMMISSION ON STATE WORKMEN'S COM- PENSATION LAWS

STATE WORKMEN'S COMPENSATION LAWS

Notice of a Public Hearing

Notice is hereby given of a public hearing to be held by the National Commission on State Workmen's Compensation Laws at Room 1220, 219 South Dearborn Street, Chicago, IL, commencing at 10 a.m., on October 4, 1971, and continuing through October 5, 1971. At the hearing, interested parties may make oral or written presentations of data, views, and arguments relating to the general question of whether State workmen's compensation laws provide an adequate, prompt, and equitable system of compensation, and to possible methods which might be used by, and sources of information available to, the National Commission on State Workmen's Compensation Laws in making its study and preparing its report under section 27 of the Occupational Safety and Health Act of 1970 (84 Stat. 1616).

Interested persons shall, not later than ten (10) days prior to the commencement of the hearing, file with the Chairman, National Commission on State Workmen's Compensation Laws, 1825 K Street NW., Washington, DC 20006, a notice of intention to appear which shall contain the following information:

1. Name and address of the person appearing.
2. The subject matter or matters to be discussed.
3. If such person is appearing in a representative capacity, the name and address of the persons or organizations he is representing.
4. The date and approximate length of time requested for his presentation.

Interested persons may also file written data, views, or arguments with the Commissioner at the above address.

The oral proceedings shall be stenographically reported and transcripts will

be available to interested persons on payment of fees therefor. The Presiding Officer shall regulate the proceedings, dispose of procedural requests, objections, and comparable matters, and confine the presentation to matters pertinent to the inquiry. He shall have discretion to keep the record open after the close of the hearing to permit any person who participated in the oral presentation to submit additional data, views, and arguments responsive to the oral presentations made by other persons.

Signed at Washington, D.C., this 27th day of August 1971.

JOHN F. BURTON, Jr.,
Chairman.

SMALL BUSINESS ADMINISTRATION

NEW AMSTERDAM CAPITAL CORP.

Notice of License Surrender

Notice is hereby given that New Amsterdam Capital Corp., 535 Fifth Avenue, New York, NY 10017, has surrendered its license to operate as a small business investment company pursuant to § 107.105 of the regulations governing small business investment companies (13 CFR § 107.105 (1971)).

New Amsterdam Capital Corp. was licensed as a small business investment company on May 31, 1961, to operate solely under the Small Business Investment Act of 1958 (the Act), as amended (15 U.S.C., 661 et seq.), and the regulations promulgated thereunder.

Under the authority vested by the Act, and pursuant to the cited regulation, the surrender of the license is hereby accepted and all rights, privileges, and the franchises derived therefrom are canceled.

Dated: August 24, 1971.

A. H. SINGER,
Associate Administrator
for Operations and Investment.

TARIFF COMMISSION

[TEA-F-31]

BIBB MANUFACTURING COMPANY

Petition for Determination of Eligibility To Apply for Adjustment Assistance; Investigation and Hearing

Upon petition under section 301(a)(2) of the Trade Expansion Act of 1962, filed by Bibb Manufacturing Co., Macon, Ga., the U.S. Tariff Commission, on August 30, 1971, instituted an investigation under section 301(c)(1) of the said Act to determine whether, as a result in major part of concessions granted under trade agreements, articles like or directly competitive with yarns, fabrics, and other articles (of the types described in the following provisions of the Tariff Schedules of the United States (TSUS): yarns—301.01-19, 302.01-19, and 310.01, -02, -10, -11, -40, -50; fabrics—320.01-30, 321.01-30, 322.01-30, 323.01-30, 324.01-30, 325.01-30, and 357.80; sheets and pillowcases—363.30; and blankets—363.40, 363.45 and 363.85) produced by the aforementioned firm, are being imported into the United States in such increased quantities as to cause, or threaten to cause, serious injury to such firm.

A public hearing in connection with the investigation requested by the firm will be held beginning at 10 a.m., e.d.s.t. on September 14, 1971, in the Hearing Room, Tariff Commission Building, Eighth and E Streets NW., Washington, DC. Appearances at the hearing should be entered in accordance with § 201.13 of the Tariff Commission's rules of practice and procedure.

The petition filed in this case is available for inspection at the Office of the Secretary, U.S. Tariff Commission, Eighth and E Streets NW., Washington, DC, and at the New York City office of the Tariff Commission located in Room 437 of the Customhouse.

Issued: August 31, 1971.

By order of the Commission.

[SEAL] KENNETH R. MASON,
Secretary.

DEPARTMENT OF LABOR

Office of the Secretary

ALASKA

Notice of Availability of Extended Unemployment Compensation

The Federal-State Extended Unemployment Compensation Act of 1970, title II of Public Law 91-373, establishes a program of extended unemployment compensation payable when unemployment is high (according to indicators set forth in the law) to unemployed workers who have received all of the regular compensation to which they are entitled. Pursuant to section 203(b)(2) of the Act, notice is hereby given that Frank E. Cashel, Director of the Alaska Employment Security Division, has determined that there was a State "on" indicator in Alaska for the week beginning January 10, 1971, and that an extended benefit period began in the State with the week beginning January 31, 1971.

Signed at Washington, D.C., this 30th day of August 1971.

J. D. HODGSON,
Secretary of Labor.

MAINE

Notice of Availability of Extended Unemployment Compensation

The Federal-State Extended Unemployment Compensation Act of 1970, title II of Public Law 91-373, establishes a program of extended unemployment compensation payable when unemployment is high (according to indicators set forth in the law) to unemployed workers who have received all of the regular compensation to which they are entitled. Pursuant to section 203(b)(2) of the Act, notice is hereby given that James C. Schoenthaler, Chairman of the Maine Employment Security Commission, has determined that there was a State "on" indicator in Maine for the week beginning February 28, 1971, and that an extended benefit period began in the State with the week beginning March 21, 1971.

Signed at Washington, D.C., this 30th day of August 1971.

J. D. HODGSON,
Secretary of Labor.

M. P. MOLLER, INC.

Notice of Certification of Eligibility of Workers To Apply for Adjustment Assistance

Under date of June 11, 1971, the U.S. Tariff Commission made a report of the results of its investigation (TEA-W-90) under section 301(c)(2) of the Trade Expansion Act of 1962 (76 Stat. 884) in response to a petition for determination of eligibility to apply for adjustment as-

sistance submitted on behalf of workers formerly employed by M. P. Moller, Inc., Hagerstown, Md. In this report, the Commission being equally divided, made no finding with respect to whether articles like or directly competitive with the pipe organs produced by M. P. Moller, Inc., are, as a result in major part of concessions granted under trade agreements, being imported into the United States in such increased quantities as to cause, or threaten to cause, the unemployment or underemployment of a significant number or proportion of the workers of such firm. The President subsequently decided, under the authority of section 330(d)(1) of the Tariff Act of 1930 as amended to consider the findings of those Commissioners who found in the affirmative as the finding of the Commission.

Upon receipt of the President's authorization, the Department, through the Director of the Office of Foreign Economic Policy, Bureau of International Labor Affairs, instituted an investigation. Following this, the Director made a recommendation to me relating to the matter of certification (Notice of Delegation of Authority and Notice of Investigation, 34 F.R. 18342; 36 F.R. 14788; 29 CFR Part 90). In that recommendation he noted that significant lay-offs caused by imports began after October 30, 1969, at M. P. Moller, Inc. After due consideration, I make the following certification:

All hourly and salaried employees of the M. P. Moller, Inc., plant located at Hagerstown, Md., who became or will become unemployed or underemployed after October 30, 1969, are eligible to apply for adjustment assistance under title III, chapter 3, of the Trade Expansion Act of 1962.

Signed at Washington, D.C., this 26th day of August 1971.

GEORGE H. HILDEBRAND,
Deputy Under Secretary
International Affairs.

[FR Doc.71-12942 Filed 9-2-71;8:48 am]

B. F. GOODRICH FOOTWEAR CO.

Notice of Revised Certification of Eligibility of Workers To Apply for Adjustment Assistance

Following a Tariff Commission report under section 301(c)(2) of the Trade Expansion Act of 1962 (76 Stat. 884), the President's decision under section 330(d)(1) of the Tariff Act of 1930, as amended, in respect thereto, and subsequent investigation as authorized under 29 CFR Part 90 and Notices in 34 F.R. 18342, 35 F.R. 16068, and Executive Order No. 11075 of 1963, a certification under section 302(c) of such Act was made on December 2, 1970, certifying that certain workers of the B. F. Goodrich Footwear Co., described in the notice of certification (35 F.R. 18769), are eligible to apply for adjustment assistance under chapter 3, title III, of such Act. On the basis of a further showing, and further investigation by the Director of the Office of Foreign Economic Policy, and pursuant to the provisions of section 302(d) of such Act, the certification set

forth in the notice of certification published in 35 F.R. 18769 is hereby revised to change the date shown therein and, accordingly, to include within the coverage of the certification additional unemployment or underemployment of a significant number or proportion of workers. Such revised certification is hereby made as follows:

All workers of the B. F. Goodrich Footwear Co. plant at Watertown, Mass., who became or will become unemployed or underemployed after September 27, 1968, are eligible to apply for adjustment assistance under chapter 3, title III, of the Trade Expansion Act of 1962.

Signed at Washington, D.C., this 27th day of August 1971.

GEORGE H. HILDEBRAND,
Deputy Under Secretary
International Affairs.

[FR Doc.71-12943 Filed 9-2-71;8:48 am]

INTERSTATE COMMERCE COMMISSION

[No. 35420]

ARIZONA INTRASTATE FREIGHT RATES AND CHARGES; 1971

In the matter of the assignment for hearing and directing special procedure.

Present: Laurence K. Walrath, Commissioner, to whom the matter which is the subject of this order has been referred for action thereon.

It appearing, that by order dated June 29, 1971, the Commission, Division 2, instituted an investigation under Section 13 of the Interstate Commerce Act to determine whether the intrastate freight rates and charges of the carriers by railroad or any of them, operating in the State of Arizona, for the intrastate transportation of property, made or imposed by the State of Arizona, cause or will cause, by reason of the failure of such rates and charges to include increases in amounts corresponding to those permitted by this Commission in Ex Parte No. 267, Increased Freight Rates, 1971, embraced in Increased Freight Rates, 1970 and 1971, 339 ICC 125, unjust discrimination against and undue burden on interstate or foreign commerce; and to determine what rates and charges, if any, or what maximum, or minimum, or maximum and minimum rates and charges should be prescribed to remove the unjust discrimination against and undue burden on interstate or foreign commerce, if any, that may be found to exist;

And it further appearing, that upon consideration of the record in the above-entitled proceeding, this matter is one which should be referred to a hearing examiner for hearing and requires the adoption of special procedure for the purpose of expediting the hearing; and for good cause shown:

It is ordered, That the above-entitled proceeding be, and it is hereby, referred to a hearing examiner for hearing and for recommendation of an appropriate

order thereon, accompanied by the reasons therefor.

It is further ordered. That on or before October 1, 1971, the respondents and any persons in support thereof shall file with the Commission three copies of the verified statements of their witnesses, in writing, together with any studies to be offered at the hearing, with a statement where the underlying work papers to such studies will be available for inspection by parties to the proceeding and at the same time, serve a copy of such prepared material upon all parties listed in Appendix A attached hereto and any additional persons who make known their desire to actively participate in the proceeding on or before September 24, 1971.

It is further ordered. That on or before November 1, 1971, protestants shall file with the Commission, three copies of reply verified statements of their witnesses, in writing, and at the same time, serve a copy of such prepared material upon all persons listed in Appendix A hereto and any additional persons who make known their desire to actively participate on or before September 24, 1971. Attached hereto as Appendix A is a list of all known persons who have indicated their desire to actively participate in the proceeding. Any additional persons who desire to actively participate and receive copies of the prepared material to be served shall notify the Commission, in writing, on or before September 24, 1971, as well as all persons listed in Appendix A attached hereto. Otherwise, any interested person desiring to participate in this proceeding may make his appearance at the hearing.

It is further ordered. That parties desiring to cross-examine witnesses who have submitted verified statements shall give notice to that effect, in writing, to the affiant and his counsel, if any, on or before November 15, 1971, a copy of such notice to be filed simultaneously with the Commission, together with a request for any underlying data that the witnesses will be expected to have available for immediate reference at the hearing. All verified statements and attachments as to which no cross-examination is requested will be considered as part of the record. Any witness who has been requested to appear for cross-examination but fails to do so, subjects his verified statement to a motion to strike.

It is further ordered. That a hearing will be held commencing on November 29, 1971, 9:30 a.m. U.S. Standard Time in Phoenix, Ariz., at a hearing room to be later designated, for the purpose of hearing cross-examination of witnesses so requested; to afford opportunity to present evidence in opposition to the cross-examination; and such other pertinent evidence which the examiner deems necessary to complete the record.

And it is further ordered. That a copy of this order be served upon the respondents and protestants; that the State of Arizona be notified of the proceeding by sending a copy of this order by certified mail to the Governor of Arizona, Phoenix, Ariz., and a copy to the Corporation

Commission of the State of Arizona, Phoenix, Ariz.; and that further notice of this proceeding be given to the public by depositing a copy of this order in the office of the Secretary of this Commission at Washington, D.C., and by filing a copy with the Director, Office of the Federal Register, Washington, D.C., for publication in the FEDERAL REGISTER.

Dated at Washington, D.C., this 19th day of August 1971.

By the Commission, Commissioner Walrath.

[SEAL] ROBERT L. OSWALD,
Secretary.

FOURTH SECTION APPLICATIONS FOR RELIEF

AUGUST 31, 1971.

Protests to the granting of an application must be prepared in accordance with Rule 1100.40 of the general rules of practice (49 CFR 1100.40) and filed within 15 days from the date of publication of this notice in the FEDERAL REGISTER.

LONG-AND-SHORT-HAUL

FSA No. 42267—*Vinyl Chloride from Baton Rouge, La.* Filed by Southwestern Freight Bureau, Agent (No. B-258), for interested rail carriers. Rates on vinyl chloride, in tank-carloads, as described in the application, from Baton Rouge, La., to Assonet, Fitchburg, and Leominster, Mass., also Bellefonte, R.I.

Grounds for relief—Market competition.

Tariff—Southwestern Freight Bureau, Agent, tariff ICC 4966. Rates are published to become effective on October 1, 1971.

FSA No. 42268—*Liquid Caustic Soda from Memphis, Tenn.* Filed by M. B. Hart, Jr., Agent (No. A6277), for and on behalf of the Southern Railway Co. Rates

on sodium (soda), caustic (sodium hydroxide), in tank-carloads, as described in the application, from Memphis, Tenn., to Enka, N.C.

Grounds for relief—Market competition and rate relationship.

Tariff—Supplement 318 to Southern Freight Association, Agent, tariff ICC S-484. Rates are published to become effective on October 7, 1971.

FSA No. 42269—*Fertilizer Solutions from and to Southwestern Territory.* Filed by Southwestern Freight Bureau, Agent (No. B-250), for interested rail carriers. Rates on fertilizer, fertilizer materials, and fertilizer solutions, as described in the application, from points in southwestern territory to points in various territories.

Grounds for relief—Market competition, modified short-line distance formula and grouping, revision of minimum weight.

Tariff—Supplement 22 to Southwestern Freight Bureau, Agent, tariff ICC 4941. Rates are published to become effective on November 13, 1971.

By the Commission.

[SEAL] ROBERT L. OSWALD,
Secretary.

MINIMUM WAGES FOR FEDERAL AND FEDERALLY ASSISTED CONSTRUCTION

Area Wage Determination Decisions for Specified Localities in Certain States and for Guam

There are set forth below general Area Wage Determination Decisions Nos. AM-2525 through AM-2535 of the Secretary of Labor. These decisions specify, in accordance with applicable law and on the basis of information available to the Department of Labor from its study of local wage conditions and from other sources, the basic hourly wage rates and fringe benefit payments which are determined to be prevailing for the described classes of laborers and mechanics employed in construction activity of the character and in the localities specified therein. The decisions are applicable to Federal and Federally assisted construction in described localities situated within the States of Arizona, California, Nevada, and Hawaii and for Guam. No general area wage determinations are currently applicable to localities within such States other than those described in these decisions; only determinations for specific projects are made in such other localities.

The determinations in these decisions of such prevailing rates and fringe benefits have been made by authority of the Secretary of Labor pursuant to the provisions of the Davis-Bacon Act of March 3, 1931, as amended (46 Stat. 1494, as amended, 40 U.S.C. 276a) and of other Federal statutes referred to in 29 CFR 1.1 (including the statutes listed at 36 F.R. 306 following Secretary of Labor's Order No. 24-70) containing provisions for the payment of wages which are dependent upon determinations by the Sec-

retary of Labor under the Davis-Bacon Act; and pursuant to the provisions of Part 1 of Subtitle A of Title 29 of the Code of Federal Regulations, Procedure for Predetermination of Wage Rates, and of Secretary of Labor's Orders 13-71 and 15-71 (36 F.R. 8755, 8756). The prevailing rates and fringe benefits determined in these decisions shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal or federally assisted construction projects to laborers and mechanics of the specified classes engaged in contract work of the character and in the localities described therein.

Good cause is hereby found for not utilizing notice and public procedure thereon prior to the issuance of these determinations as prescribed in 5 U.S.C. 533, and not providing for delay in effective date as prescribed in that section, because the necessity to issue construction industry wage determinations frequently and in large volume causes such procedures to be impractical and contrary to the public interest. These wage determination decisions shall, accordingly, be effective on publication in the FEDERAL REGISTER, except as otherwise provided hereinafter.

The wage determinations in these decisions replace all prior general or area wage determinations for localities in the above States, the expiration dates of which were extended by the notice of variation published in the FEDERAL REGISTER on April 3, 1971 (36 F.R. 6467). The replaced determinations are hereby canceled: *Provided, however*, That where bids have been opened or will be opened within 10 days from the date of publication of this document in the FEDERAL REGISTER, the expiration date of the prior wage determination decision provided for preparation of such bids may be extended by the contracting agency for an additional 30 day period to permit orderly contracting procedures.

These wage determinations are effective for a period of 120 days from the date of publication in the FEDERAL REGISTER and are to be used in accordance with the provisions of 29 CFR Part 5. Accordingly, the applicable determination together with any modification issued subsequent to this date during this 120 day period, shall be made a part of every contract for performance of the described work within the geographic area indicated as required by an applicable Federal prevailing wage law and 29 CFR Part 5. The wage rates contained herein shall be the minimum paid under such contract by contractors and subcontractors on the work.

Area wage determination decisions for specific localities in other States, the District of Columbia, and insular possessions have been published in series from August 6 thru September 3, 1971. This completes the publication of this series. Changes in published area decisions or additional area decisions will be made as necessary and will appear in Friday issues of the FEDERAL REGISTER.

Any person, organization, or governmental agency having an interest in the wages determined or to be determined as prevailing in any locality is encouraged to submit wage rate information for consideration by the Department. Further information and self-explanatory forms for the purpose of submitting this data may be obtained by writing to the U.S. Department of Labor, Employment Standards Administration, Wage and Hour Division, Division of Wage Determinations, Washington, D.C. 20210.

The area wage determination decisions for localities within the above States are set forth below.

Dated at Washington, D.C., this 27th day of August, 1971.

HORACE E. MENASCO,
Administrator,
Wage and Hour Division.

Slip-in or back cans
End dumps, unlicensed (Doelid, Mack,
Caterpillar, or similar); Tractor
trailer (hauling equipment)
WELDERS: Receive rate prescribed for
craft performing operation to which
welding is incidental.*
PAID HOLIDAYS:
A-New Year's Day; B-Memorial Day; C-Independence Day; D-Labor Day
E-Thanksgiving Day; F-Christmas Day.
FOOTNOTES:
a. Represents hourly equivalent of monthly cost for Health & welfare based on 40 hours
per week; average of 173 hours per month.
b. Employer contributes 4% of basic hourly rate for 5 years' service and 1% of basic
hourly rate for 6 months to 5 years' service as Vacation Pay Credit.
5 Paid Holidays: A through F.
c. EMMA plan 4; Single - \$9.86 per month; Family - \$27.40 per month.
d. Employee with 1 year's continuous service with employer is eligible for a vacation
of 2 weeks or 80 hours at his straight-time rate if he has worked at least 1,800
straight-time hours during his employment year; with 5 or more years' continuous
service, vacation of 3 weeks or 120 hours, at his straight-time rate.
9 Paid Holidays: A through F - Kumbhumba Day, President's Day and General
Election Day.
e. In lieu of vacations, Holiday Pay and Employment Office Assistance, employer
shall pay \$1.11 per hour into the Credit Union for employee.

LABORERS (CONT'D)

GROUP III

All clean-up work of debris, grounds & buildings; Bridge laborers; Construction laborers; Dumpman; Gardeners, horticultural & landscape laborers; General laborers; Limbers, brush loaders & pliers; Maintenance, repair (track and roadbeds)

MINERS' BELTERS

MASON TENDERS, more than 60 days' service

HIGH SCALER

CONCRETE OPERATOR

MIXERS

POWDERMAN

Cutting Torch Op. (Demolition); Tarman & Mortarman, Settlement, Potman and man applying asphalt, Lay-Rold Creosote, Lime, & similar type materials

Ceiling Chaser

Fine Grader, highway & street paving, airport, runways & similar type heavy construction; Landscape gardener & nursery-man.

Laborer-packing rod steel & pans

Underground laborer including Geissoon Bellows

Chocktender (except tunnels); Scaler; Septic Tank Digger and Installer (Lead man); Tank scaler & cleaner

Cesspool Digger & Installer

Concrete Curer - Impervious membrane & filler of all materials; Sliprapp stone-paver; Sandblaster (pot tender); Making & Caulking of all non-metallic pipe joints

Operators & tenders of pneumatic & electric tools, vibrating machines, hand propelled trenching machines, impact wrench multi-plate & similar mechanical tools not separately classified herein; Asphalt Baker, Ironer, spreader, Luteman; Suggy-mobile man; Cement dumper (on one

POWER EQUIPMENT OPERATORS

GROUP I
 BRADWALLS; Compressor Operator; Engineer
 Oiler; Generator; Heavy Duty Repairman
 Balper; Pump; Signalman; Switchman

GROUP II
 CONCRETE MIXER OPERATOR, SKIP TYPE;
 Conveyor Operator; Fireman; Generator;
 Pump or Compressor, (2-5 inclusive);
 Generator, Pump or Compressor Portable
 Units (over 5 miles, 104 per hour for
 each additional unit up to nine units)
 Hydraulic Pump; Oiler Grubber, (As-
 phalt or Concrete Plant); Plant Opera-
 tor, Generator, Pump or Compressor;
 Skiploader - Wheel type up to 3/4 yd.
 w/o attachment; Soils Field Technician;
 Tar Pot Fireman; Temporary Heating
 Plant; Trenching Machine Oiler; Truck
 Crane Oiler

GROUP III

A-FRAMES OR MIXER TRUCK; Elevator Operator
 (inside); Equipment Greaser (truck);
 Ford Ferguson (with dragtype attach-
 ments); Helicopter Radioman (ground);
 Power Concrete Curing Machine; Power
 Concrete Saw; Power-driven Jumbo Form
 Setter; Ross Carrier; Stationary Pipe
 Wrapping and Cleaning Machine

GROUP IV

A GREAT PLANT FIREMAN; Boring Machine;
 Boxman or Mixerman (Asphalt or Con-
 crete); Chip Spreading Machine; Con-
 crete Pump (small portable); Bridge
 Type Ballooner and Turntable; Disky
 Locomotive or Motorman (up to and
 including 10 tons); Equipment Greaser
 (grease truck); Helicopter Hoist;
 Highline Cableway Signalman; Hydra-
 Hammer - Aero Stomper; Power Sweeper;
 Roller (compacting); Screed (Asphalt
 or Concrete); Trenching Machine (up
 to 6 ft.)

LABORERS (Contd)

yard or larger mixers & handling
 bulk cement); Concrete saw man
 excluding tractor type, cutting,
 scoring old or new concrete; Concrete
 Core Cutter; Gas & oil pipelines
 wrapper- pot tender & form man;
 Operator of cement grinding machine;
 Soto-scraper; Tree climber, Faller,
 Chain saw opr., Pittsburgh Chipper
 & similar type brush shredders.

Rock Slinger; Scaler (using Bos's chain
 or safety belt or power tools)

Driller and/or pavement breaker

Oversize concrete vibrator 99., 70 lbs
 & over; Laying of all non-metallic
 pipe, including sewer pipe, drain
 pipe & underground tile.

Gas & oil pipeline wrapper - 6 inch
 pipe & over

Cribber or Shorer, lagging, sheeting,
 trench bracing, hand guided lagging
 hammer; Powderman-Blaster-all work of
 loading holes, placing and blasting
 of all powder and explosives of
 whatever type regardless of method
 used for such loading & placing.

Steel Headboard man

Sandblaster (nozzlemann); Driller
 (Core, Diamond or Wagon), Joy Driller
 Model TV-M-2A, Gardner-Denver Model
 DR 163 & similar type drills

Head Rock Slinger

HOODING: Same wage scale as classification to which is incidental.

ASSISTANT TO ENGINEER, Including
Brakeman, Beckhead, Fireman, Heavy
Duty Repairman Helper, Oilier, Partis-
man (heavy duty repair shops parts
room when needed), Switchman, Tar Pot
Fireman

GROUP II

COMPRESSOR (Electrically, diesel or
gas powered, etc.) Material Loader
and/or Conveyor (handling building
materials); Oilier (Truck Crane); Pump
Tar Pot Fireman (power agitated)

GROUP III

BOX OPERATOR (Bomber); Concrete Curing
Machines (streets, highways, airports,
canals); Conveyor Belt (Tunnel);
Engineer Generating Plant (500 K.W.);
Fireman Hot Plant; Hydraulic Monitor;
Lubrication and Service Engineer
(Mobile and Grease Back); Mixer Box
Operator (Concrete Plant); Motorman;
Bodman or Chainman; Botanist; Screed-
man (except asphaltic or concrete
paving)

GROUP IV

BALLAST JACK TAMPER; Ballast Regulator;
Ballast Tamper Multi-Purpose; Bombs
(asphalt plant); Concrete Mixer, Skip
Type; Binky (Assistant to Engineer
required); Fork lift (construction
job site); Boss Carrier; Skip Loader
(under 1 cu. yd.); Tie Spacer

GROUP V

CONCRETE MIXER (over 1 cu. yd.); Con-
crete Pumps or Pumpcrete Guns; Ele-
vator and Material Hoist (1 drum);
Gradesetter, Grade checker; Screedman
(Barber - Greene and similar) (as-
phaltic or concrete paving); Shuttle
car; Signalman

GROUP VI
BOOM TRUCK OR DUAL PURPOSE "A" FRAME
TRUCK; S.L.R. Lima Road Factor or
similar; Chip Box Spreader (fishberry
type or similar); Concrete Batch
Plant (wet or dry); Concrete Saws
(highways, streets, airports, canals)
Highline Cableway Signalman; Loco-
motives (over 30 tons); Magma Inter-
national Full Slab Vibrator (airports,
highways, canals, warehouses);
Mechanical Burn, Curb and/or Curb
Cutter Machine (concrete or asphalt);
Mechanical Finishers or Spreader
Machines (asphalt, Barber - Greene and
similar) (Screedman required); Power
Jumbo (setting slip forms, etc., in
tunnels); Roller: Self-propelled Con-
tractor (single engine); Slip Form
Pump (power driven by hydraulic,
electric, air gas, etc. lifting device
for concrete forms); Stationery Pipe
Wrapping, Cleaning and Bending Machine
Permut Breaker or Tamper (with or
without compressor combination); Per-
ment Breaker, Truck Mounted, with Com-
pressor Combination; Small Rubber-
tired Tractors

GROUP VII

ASPHALT PLANT ENGINEER, Compressor
(2 to 6) (electric, diesel or gas
powered); Concrete Batch Plant
(Multiple Units); Concrete Conveyor;
Concrete Conveyor or Concrete Pump,
Truck or equipment Mounted (Same
length to apply); Crusher Plant
Engineer; Deck Engineer; Drilling and
Boring Machinery, Vertical & Horiz-
tal (not to apply to waterliners,
wagon drills or jack hammers); Instru-
ment Man; Kolman Loader; Material
Hoist (2 or more drums); Mine or Shaft
Hoist; Pipe Bending Machines (pipelines
only); Pipe Cleaning Machines (Trac-
tor propelled and supported); Pipe
Wrapping Machines (Tractor propelled
and supported); Portable Crushing and
Screening Plants; Pumps (2 to 6);
