On December 18, 1992, Arizona Public Service Company, licensee for the Irving and Childs Project No. 2069, filed an application for a new or subsequent license pursuant to the Federal Power Act (FPA) and the Commission's regulations thereunder. Project No. 2069 is located on Fossil Creek and the Verde River in Yavapai and Gila Counties, Arizona.

The license for Project No. 2069 was issued for a period ending December 31, 1994. Section 15(a)(1) of the FPA, 16 U.S.C. 808(a)(1), requires the Commission, at the expiration of a license term, to issue from year to year an annual license to the then licensee

under the terms and conditions of the prior license until a new license is issued, or the project is otherwise disposed of as provided in Section 15 or any other applicable section of the FPA. If the project's prior license waived the applicability of Section 15 of the FPA, then, based on Section 9(b) of the Administrative Procedure Act, 5 U.S.C. 558(c), and as set forth at 18 CFR 16.21(a), if the licensee of such project has filed an application for a subsequent license, the licensee may continue to operate the project in accordance with the terms and conditions of the license after the minor or minor part license expires, until the Commission acts on its application. If the licensee of such a project has not filed an application for a subsequent license, then it may be required, pursuant to 18 CFR 16.21(b), to continue project operations until the Commission issues someone else a license for the project or otherwise orders disposition of the project.

If the project is subject to section 15 of the FPA, notice is hereby given that an annual license for Project No. 2069 is issued to Arizona Public Service Company for a period effective January 1, 1995, through December 31, 1995, or until the issuance of a new license for the project or other disposition under the FPA, whichever comes first. If the project is not subject to Section 15 of the FPA, notice is hereby given that Arizona Public Service Company is authorized to continue operation of the Irving and Childs Project No. 2069 until such time as the Commission acts on its application for subsequent license.
