

[Docket No. CP95-129-000]

**Transcontinental Gas Pipe Line Corp.,
Notice of Abandonment**

January 3, 1995.

Take notice that on December 22, 1994, Transcontinental Gas Pipe Line Corporation (Transco), P.O. Box 1396, Houston, Texas 77251, filed in Docket No. CP95-129-000 an application pursuant to Section 7(b) of the Natural Gas Act for permission and approval to abandon certain facilities, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Transco proposes to abandon certain pipelines, compression facilities, meters, dehydration units and other miscellaneous facilities, all listed in Exhibit T to the application. Transco states that gas has not flowed through the facilities for at least one year, and in many cases, longer than one year. Transco also asserts that in many cases the producer has disconnected the well(s), or the well(s) have been depleted or abandoned and there are no volumes flowing into Transco's system. Transco also asserts that the proposed abandonment would have no impact on daily design capacity, operating conditions or services rendered on Transco's system.

Any person desiring to be heard or to make any protest with reference to said application should on or before January 24, 1995, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that permission and

approval for the proposed abandonment are required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Transco to appear or be represented at the hearing.
