

and the Commission's December 7, 1994 order.<sup>3</sup>

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, in accordance with Rules 211 or 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 or 385.214 (1994)). All such motions to intervene or protest should be filed on or before January 27, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

Lois D. Cashell,  
Secretary.

BILLING CODE 6717-01-M

**[Docket No. ER95-62-000]**

**TexPar Energy, Inc.; Notice of  
Issuance of Order**

January 13, 1995.

On October 24, 1994 and November 10, 1994, TexPar Energy, Inc. (TexPar) submitted for filing a rate schedule under which TexPar will engage in wholesale electric power and energy transactions as a marketer. TexPar also requested waiver of various Commission regulations. In particular, TexPar requested that the Commission grant blanket approval under 18 CFR Part 34 of all future issuances of securities and assumptions of liability by TexPar.

On December 27, 1994, pursuant to delegated authority, the Director, Division of Applications, Office of Electric Power Regulation, granted requests for blanket approval under Part 34, subject to the following:

Within thirty days of the date of the order, any person desiring to be heard or to protest the blanket approval of issuances of securities or assumptions of liability by TexPar should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of

<sup>3</sup> 69 FERC ¶61,310 (1994).

Practice and Procedure (18 CFR 385.211 and 385.214).

Absent a request for hearing within this period, TexPar is authorized to issue securities and assume obligations or liabilities as a guarantor, indorser, surety, or otherwise in respect of any security of another person; provided that such issuance or assumption is for some lawful object within the corporate purposes of the applicant, and compatible with the public interest, and is reasonably necessary or appropriate for such purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approval of TexPar's issuances of securities or assumptions of liability.

Notice is hereby given that the deadline for filing motions to intervene or protests, as set forth above, is January 26, 1995.

Copies of the full text of the order are available from the Commission's Public Reference Branch, Room 3308, 941 North Capitol Street, N.E., Washington, DC 20426.

Lois D. Cashell,  
Secretary.

BILLING CODE 6717-01-M

**[Docket No. CP95-148-000]**

**Transcontinental Gas Pipe Line Corp.;  
Notice of Request Under Blanket  
Authorization**

January 12, 1995.

Take notice that on January 10, 1995, Transcontinental Gas Pipe Line Corporation (Transco), Post Office Box 1396, Houston, Texas 77251, filed in Docket No. CP95-148-000 a request pursuant to Section 157.205 of the Commission's Regulations to construct and operate facilities to expand an existing point of delivery to Public Service Electric & Gas Company (PSE&G) and to abandon an existing 4-inch tap and approximately 300 feet of 4-inch pipeline located in Clifton, Passaic County, New Jersey (Clifton delivery point) under Transco's blanket certificate issued in Docket No. CP82-426-000, pursuant to Section 7 of the Natural Gas Act, all as more fully set forth in the request on file with the Commission and open to public inspection.

Transco proposes to expand the Clifton delivery point, requested by PSE&G, by removing and retiring the existing 4-inch tap on Transco's Caldwell Loop Line and approximately 300 feet of 4-inch pipeline connecting

the PSE&G metering facilities; and to construct and operate a new 8-inch tap on Transco's 36-inch Caldwell Loop Line "B" at milepost 1831.70 and approximately 300 feet of 8-inch pipeline and a meter station at the existing Clifton delivery point site. Transco states that PSE&G would reimburse Transco for all the cost of these facilities estimated to be \$636,532. Transco states that Transco currently delivers up to 10,000 Mcf of natural gas per day (Mcf/d) to PSE&G at the Clifton delivery point and that with the proposed expansion would be able to deliver up to 50,000 Mcf/d on a firm and/or interruptible basis at the Clifton delivery point.

Transco states that it is not proposing to alter the total volumes authorized for delivery to PSE&G. The addition of this delivery point would have no impact on Transco's peak day deliveries and little or no impact on Transco's annual deliveries, and is not prohibited by Transco's tariff.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the Natural Gas Act (18 CFT 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.

Lois D. Cashell,  
Secretary.
