[Docket No. CP89-637-009]

ANR Pipeline Co.; Notice of Application to Amend Certificate

January 12, 1995.

Take notice that on January 9, 1995, ANR Pipeline Company (ANR), 500 Renaissance Center, Detroit, Michigan 48243, filed in Docket No. CP89-637-009 an application pursuant to Section 7(c) of the Natural Gas Act to amend a certificate of public convenience and necessity issued in ANR Pipeline Company¹ (Certificate), all as more fully set forth in the application on file with the Commission and open to public inspection.

In the Certificate, ANR was authorized, among other things, to construct its Sulphur Springs Compressor Station in Henry County, Indiana. The Certificate authorized the installation and operation of 5,400 HP of compression at the Sulphur Springs Station. However, ANR determined that the most economical compressor package bid for this installation is 5,700 HP.

ANR requests that the Certificate be amended to reflect the installation of 5,700 HP of compression instead of the 5,400 HP authorized in the Certificate.

Any person desiring to be heard or to make any protest with reference to said application should on or before February 2, 1995, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission

by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for ANR to appear or be represented at the hearing.

Lois D. Cashell,

Secretary.
