BILLING CODE 6210-01-F

CS Holding and Credit Suisse, both of Zurich, Switzerland; Application to Engage in Nonbanking Activities

CS Holding and Credit Suisse, both of Zurich, Switzerland (Applicants), have applied pursuant to section 4(c)(8) of the Bank Holding Company Act (12 U.S.C. 1843(c)(8)) (BHC Act) and § 225.23(a)(3) of the Board's Regulation Y (12 CFR 225.23(a)(3)), through BEA Associates, New York, New York (Company), to engage *de novo* in providing investment advisory services (including discretionary portfolio management services) to institutional customers with respect to futures and options on futures on certain financial and nonfinancial commodities. Company would provide the proposed services with respect to financial contracts previously approved by the Board (See SR Letter 93-27 (May 21, 1993)), Goldman Sachs Index Futures and options thereon that are traded on the Chicago Mercantile Exchange, and nonfinancial contracts previously approved by the Board. These activities would be conducted worldwide.

Section 4(c)(8) of the BHC Act provides that a bank holding company may, with Board approval, engage in any activity which the Board, after due notice and opportunity for hearing, has determined (by order or regulation) to

be so closely related to banking or managing or controlling banks as to be a proper incident thereto. This statutory test requires that two separate tests be met for an activity to be permissible for a bank holding company. First, the Board must determine that the activity is, as a general matter, closely related to banking. Second, the Board must find in a particular case that the performance of the activity by the applicant bank holding company may reasonably be expected to produce public benefits that outweigh possible adverse effects.

A particular activity may be found to meet the "closely related to banking" test if it is demonstrated that banks generally have provided the proposed activity, that banks generally provide services that are operationally or functionally similar to the proposed activity so as to equip them particularly well to provide the proposed services, or that banks generally provide services that are so integrally related to the proposed activity as to require their provision in a specialized form.

National Courier Ass'n v. Board of Governors, 516 F.2d 1229, 1237 (D.C. Cir. 1975). In addition, the Board may consider any other basis that may demonstrate that the activity has a reasonable or close relationship to banking or managing or controlling banks. Board Statement Regarding Regulation Y, 49 FR 806 (1984).

Applicants maintain that the Board previously has determined by order and regulation that providing general investment advisory services with respect to futures and options on futures on financial and nonfinancial commodities is closely related to banking. See 12 CFR 225.25(b)(19); *Swiss Bank Corporation*, 77 Federal Reserve Bulletin 126 (1991) (*Swiss Bank*); *J.P. Morgan & Co., Incorporated*, 80 Federal Reserve Bulletin 151 (1994) (*J.P. Morgan*). Applicants state that they would provide general investment advisory services in accordance with the Board's rules and orders.

Applicants also maintain that the Board previously has not determined that providing discretionary portfolio management services with respect to futures and options on futures on financial and nonfinancial commodities is closely related to banking. Applicants state that Company only would provide discretionary portfolio management services to institutional customers, and only with the consent of such customers. Applicants also state that Company would comply with applicable law, including fiduciary principles, and obtain the consent of its customer before engaging, as principal or as agent in a transaction in which an
