

in order to comply with the December 12, 1988 Court Order in *National Coalition for the Homeless v. Veterans Administration*, No. 88-2503-OG (D.D.C.).

Properties reviewed are listed in this Notice according to the following categories: Suitable/available, suitable/unavailable, suitable/to be excess, and unsuitable. The properties listed in the three suitable categories have been reviewed by the landholding agencies, and each agency has transmitted to HUD: (1) Its intention to make the property available for use to assist the homeless, (2) its intention to declare the property excess to the agency's needs, or (3) a statement of the reasons that the property cannot be declared excess or made available for use as facilities to assist the homeless.

Properties listed as suitable/available will be available exclusively for homeless use for a period of 60 days from the date of this Notice. Homeless assistance providers interested in any such property should send a written expression of interest to HHS, addressed to Judy Breitman, Division of Health Facilities Planning, U.S. Public Health Service, HHS, room 17A-10, 5600 Fishers Lane, Rockville, MD 20857; (301) 443-2265. For complete details concerning the processing of applications, the reader is encouraged to refer to the interim rule governing this program, 56 FR 23789 (May 24, 1991).

For properties listed as suitable/to be excess, that property may, if subsequently accepted as excess by GSA, be made available for use by the homeless in accordance with applicable law, subject to screening for other Federal use. At the appropriate time, HUD will publish the property in a Notice showing it as either suitable/available or suitable/unavailable.

For properties listed as suitable/unavailable, the landholding agency has decided that the property cannot be declared excess or made available for use to assist the homeless, and the property will not be available.

Properties listed as unsuitable will not be made available for any other purpose for 20 days from the date of this Notice. Homeless assistance providers interested in a review by HUD of the determination of unsuitability should call the toll free information line at 1-

Public Review Period of Proposed Classification Standards for Establishing Known Leasing Areas for Gilsonite

SUMMARY: The Secretary of the Interior, through Secretarial Orders 3071 and 3087 transferred the authority under 43 USC 21 to classify public lands for leasable minerals to the Director, Bureau of Land Management. On May 22, 1986, regulations were finalized at 43 CFR part 3500 which provided for prospecting permits for gilsonite on lands that were not known to contain valuable deposits of gilsonite. Lands with known gilsonite deposits will be subject to competitive leasing procedures only. The Utah State Office, Bureau of Land Management (BLM) is requesting the public to review the following proposed standard which would be used to determine whether lands will be subject to competitive leasing for gilsonite. Lands will be defined as a Known Gilsonite Area and subject to competitive leasing if they contain a gilsonite vein that can be mapped as a continuous vein based on surface exposures or other indications of a continuous linear feature. The Known Gilsonite Leasing Area shall be described by aliquot parts generally no smaller than a quarter-quarter section or when appropriate a lot. If any part of the lot or quarter-quarter section contains a portion of a mapped vein meeting the classification standard, that subdivision shall be included within the Known Gilsonite Leasing Area.

Information requested from the public via this notice may be in the form of a letter and should be as specific as possible. Comments submitted in response to this notice will be accepted

for a period of 60 days from the date of this **Federal Register** notice, and should be addressed to: Mat Millenbach, State Director, Bureau of Land Management, Utah State Office, P.O. Box 45155, Salt Lake City, Utah, 84145-0155.
