BILLING CODE 3510-07-F

Agency Form Under Review by the Office of Management and Budget

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: Bureau of the Census.

Title: Current Industrial Reports Program, Bed and Bath Furnishings (formerly Sheets, Pillowcases, and Towels).

Form Number(s): MQ23X.

Agency Approval Number: 0607-0650.

Type of Request: Revision of a currently approved collection.

Burden: 282 hours.

Number of Respondents: 94.

Avg Hours Per Response: 45 minutes.

Needs and Uses: The Census Bureau conducts this quarterly survey to collect data on the production, quantity, value of shipments, inventories, and unified sales orders of bed and bath furnishings. Census requests only data needed by the

Office of Textiles and Apparel (OTEXA) to monitor several textile categories in multifiber agreements. OTEXA uses the data to support specific concerns and trade limitations in these categories and to provide the basis for developing a U.S. position for negotiations with countries with whom trade agreements are about to expire and to initiate appropriate action when exports from uncontrolled countries surge. The Committee for the Implementation of Textile Agreements, of which OTEXA is a part, uses the data to determine the health of the U.S. multifiber industry and to measure foreign penetration. Other Federal agencies, businesses, and trade organizations use the data to analyze and forecast long-term growth in the industry.

Affected Public: Businesses or other for-profit organizations.

Frequency: Quarterly.

Respondent's Obligation: Mandatory.

OMB Desk Officer: Maria Gonzalez, (202) 395-7313.

Form Number(s): MQ23A.

Agency Approval Number: 0607-0560.

Type of Request: Revision of a currently approved collection.

Burden: 5,808 hours.

Number of Respondents: 3,077.

Avg Hours Per Response: 53 minutes.

Needs and Uses: The Census Bureau conducts this survey quarterly (some

small companies report annually) to collect information on apparel production. The domestic apparel industry is provided some protection from imports through bilateral trade agreements. The Multifiber Arrangement (MFA) provides the legal framework for the regulation of trade. The Committee for the Implementation of Textile Agreements (CITA) negotiates bilateral trade agreements and determines whether and when to request consultations with an exporting country to avoid market disruptions in the United States. The MFA requires that requests for consultations be accompanied by a factual statement of market disruption prepared by the Office of Textiles and Apparel (OTEXA). Quarterly Census Bureau data from this survey provide the detailed information needed by CITA and OTEXA to meet this requirement.

Affected Public: Businesses or other for-profit organizations.

Frequency: Quarterly and Annually.

Respondent's Obligation: Mandatory.

OMB Desk Officer: Maria Gonzalez, (202) 395-7313.
