DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[CA-068-95-1990-02]

Termination of Emergency Closure of Public Lands; California

AGENCY: Bureau of Land Management, Department of the Interior.

ACTION: Termination of the April 18, 1994 emergency closure of certain public lands to placer dry wash and sluice mining without prior approval of

the Bureau of Land Management [59 FR 78; pp. 19202-19203].

SUMMARY: The April 18, 1994 emergency closure, issued under Title 43, Code of Federal Regulations, § 8364.1, was necessary to stop a rapid increase in unauthorized placer mining within a 29,100 acre area of public lands located approximately 15 miles north of Barstow, California. This unauthorized mining was severely impacting designated critical habitat of the desert tortoise, a federally listed threatened species under the Endangered Species Act of 1973 (as amended), and was causing undue impairment to scenic, scientific and environmental values in this portion of the California Desert Conservation Area.

Since issuance of this closure, the BLM has achieved compliance with the applicable laws pertaining to mining in this area. This closure, therefore, is determined to be unnecessary. However, the BLM will vigorously pursue administrative, civil and/or criminal actions against any renewal of these unauthorized placer drywash and sluice mining activities.

DATES: This termination action becomes effective January 20, 1995.

FOR FURTHER INFORMATION CONTACT: John Kalish of the Barstow Resource Area (Tel. 619-255-8716).

Dated: January 20, 1995.

Tim Read,

Acting Area Manager.

Seasonal Closure

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Seasonal Closure of Cathedral Spires and Dome Rock in Jefferson County, Colorado to all public use from March 1 through July 31.

SUMMARY: Notice is hereby given that effective March 1, 1995, public lands described below are closed to all public use, under the authority and requirement of 43 CFR 8364.1, and in conformance with the principles established by the National Environmental Policy Act of 1969 and the Federal Land Policy and Management Act of 1976. This closure affects 320 acres of public lands in Jefferson County located in T. 7 S., R. 70 W., 6th PM, Sec. 19: SW¹/₄ SE¹/₄, SE¹/₄ SW¹/₄, Sec. 20: W¹/₂ E¹/₂, SE¹/₄ NW¹/₄, and the NE¹/₄ SW¹/₄. The purpose of this closure is to protect

critical nesting habitat for the federally listed endangered peregrine falcon. These restrictions do not apply to emergency, law enforcement and Federal, State or other governmental personnel who are in the area for official or emergency purposes and who are expressly authorized or otherwise officially approved by BLM. Any person who fails to comply with this closure order will be subject to the penalties provided by 43 CFR 8360.0-7 which includes fines not to exceed \$1000 and/or imprisonment not to exceed 12 months. Notice of this closure will be posted at the site and at the Canon City District Office.

DATES: This closure is in effect from March 1 to July 31 and shall remain in effect unless revised, revoked or amended.

ADDRESSES: Comments can be directed to the Area Manager, Royal Gorge Resource Area, 3170 East Main, Canon City, CO 81212 or District Manager, Canon City District Office, 3170 East Main, Canon City, CO 81212.

FOR FURTHER INFORMATION CONTACT: Area Manager at (719) 275-0631.

Donnie R. Sparks,

District Manager.

Conveyance of Mineral Interests in California

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Segregation.

SUMMARY: The private land described in this notice, aggregating 120.00 acres, is segregated and made unavailable for filings under the general mining laws and the mineral leasing laws to determine its suitability for conveyance of the reserved mineral interest pursuant to section 209 of the Federal Land Policy and Management Act of October 21, 1976.

The mineral interests will be conveyed in whole or in part upon favorable mineral examination.

The purpose is to allow consolidation of surface and subsurface of minerals ownership where there are no known mineral values or in those instances where the reservation interferes with or precludes appropriate nonmineral development and such development is a more beneficial use of the land than the mineral development.
