

The EIS evaluated potential impacts to Maryland Coastal Resources and concluded that the realignment of NAWCAD Patuxent River will be consistent with Maryland Coastal Zone policies to the maximum extent practicable.

Construction of a portion of the parking lot for the NAVAIR Headquarters facility will adversely affect a known archeological site. Pursuant to the National Historic Preservation Act, a Memorandum of Agreement with the Maryland Historical Trust (MHT) will coordinate further treatment of the site through a Phase III data recovery survey prior to allowing construction of that portion of the parking lot to ensure that adverse effects will be mitigated to the greatest extent possible. Building 408, a World War II-era temporary structure, will be demolished to accommodate the NAVAIR facility. Demolition of Building 408 will be conducted in accordance with the 1985 Programmatic Agreement covering such structures.

Regional impacts associated with the relocation of approximately 2,800 personnel and their families were addressed in the EIS. Extensive coordination with state and local agencies, economic development groups, school boards, and community officials were conducted to assess the potential economic and community impacts associated with the realignment. Because some personnel may stay at their current residences, it is conservatively estimated that 2,185 new households could relocate to the Tri-County region of southern Maryland. Direct and indirect employment income generated from the realignment is expected to reach \$300 million annually. Between 1,280 and 2,185 school age children could accompany relocating personnel, most of whom are expected to attend schools in St. Mary's County. The three school boards of the Tri-County area have stated their willingness to accept increases in student enrollment and have integrated the increase into their schools' planning. In accordance with E.O. 12898 (Environmental Justice), Navy considered potential impacts to minority and low-income persons and concluded that no disproportionate adverse impacts are to be expected.

There are adequate utilities in the region to support the realignment. The realignment is expected to generate a regional increase in groundwater withdrawal of approximately 2.5 percent over current use, which is well within the capacity of the aquifer. Additional wastewater inflows to area treatment facilities are not expected to

approach allocated capacities. Regional population growth has been and continues to be expected by community and regional planning organizations. The potential increase in population is within the growth projected for southern Maryland. Some community services such as police and fire protection may need to be expanded to accommodate increases in community populations, however, the realignment is not anticipated to result in a significant burden on these communities.

Questions regarding the Draft and Final Environmental Impact Statements prepared for this action may be directed to: Commanding Officer, Engineering Field Activity Chesapeake, Naval Facilities Engineering Command, Washington Navy Yard, Building 212, 901 M Street SE, Washington DC 20374-2121 (Attn: Mr. Mike Bryan, Code 20N), telephone (202) 685-3061, fax (202) 685-3061.

Dated: January 23, 1995.

Elsie L. Munsell,

*Deputy Assistant Secretary of the Navy
(Environment and Safety).*

BILLING CODE 3810-FF-P

CNO Executive Panel; Closed Meeting

Pursuant to the provisions of the Federal Advisory Committee Act (5 U.S.C. App. 2), notice is hereby given that the Chief of Naval Operations (CNO) Executive Panel will meet February 16-17, 1995, from 9:00 a.m. to 4:00 p.m., on each day at 4401 Ford Avenue, Alexandria, Virginia. These sessions will be closed to the public.

The purpose of this meeting will be to discuss naval warfare innovations in the areas of tactical innovation, defense application of industrial innovation, and naval support of the land battle. These matters constitute classified information that is specifically authorized by Executive order to be kept secret in the interest of national defense and are, in fact, properly classified pursuant to such Executive order. Accordingly, the Secretary of the Navy has determined in writing that the public interest requires that all sessions of the meeting be closed to the public because they will be concerned with matters listed in section 552b(c)(1) of title 5, United States Code.

For further information concerning this meeting, contact: Timothy J. Galpin, Assistant for CNO Executive Panel Management, 4401 Ford Avenue, Suite 601, Alexandria, VA 22302-0268, Phone: (703) 756-1205.

Dated: January 23, 1995.

L. R. McNees,

LCDR, JAGC, USN, Federal Register Liaison Officer.

BILLING CODE 3810-FF-F

DEPARTMENT OF EDUCATION

[CFDA No. 252]

Notice Inviting Applications for Designation as an Urban Grant Institution Under the Urban Community Service Program

Purpose: The Urban Community Service Program provides grants to institutions of higher education (IHEs) which have been designated urban grant institutions to devise and implement solutions to pressing and severe urban problems. The purpose of this notice is to invite requests for designation as an urban grant institution. Only IHEs with standing as urban grant institutions are eligible to apply for a grant under the Urban Community Service Program. Institutions seeking designation must submit an application to the Department by the deadline date set forth in this notice. All institutions determined to be eligible in 1992, 1993 or 1994 which intend to apply for a grant must first be re-designated. Once an IHE has been found eligible through this revised designation process, it need not apply for designation again. IHEs with ongoing UCS grants will retain their eligibility until their grants expire and should not apply for re-designation until that time. Requests for designation will be accepted each year. Institutions which for any reason are not named urban grant institutions this year may submit applications for designation in future years. A list of urban grant institutions will be published in the **Federal Register**.

Congress appropriated \$13 million for grants in Fiscal Year 1995. The Department will hold a competition for new awards later in the fiscal year. A separate notice inviting applications for grants from designated urban grant institutions will be published shortly which will announce the closing date and other important information concerning grant applications.

Deadline for Transmittal of Applications: March 1, 1995.

Applications Available: January 31, 1995.

Eligibility Information: To qualify as an urban grant institution, an IHE must demonstrate that it meets statutory requirements specified in Title XI, Part A, of the Higher Education Act of 1965,
