

(including availability) of the off-site alternatives; the lack of a Clean Water Act Section 404 (b) (1) evaluation; and the inadequacy of the discussion regarding proposed monitoring and mitigation measures.

ERP No. DS-GSA-L81009-WA Rating LO, Seattle Federal Courthouse Building (Project #ZWA 81061), Implementation, Site Selection, Construction and Operation, Additional Information, King County, WA.

Summary: EPA had no objection with the proposed action as this document effectively addressed EPA's previous concerns.

Final EISs

ERP No. F-BLM-L65175-OR, Coos Bay District Resource Management Plan, Implementation, Coos Bay District, Coos, Curry and Douglas Counties, OR.

Summary: EPA had no objection to the action as proposed. The final EIS adequately addressed previous environmental concerns raised by EPA.

ERP No. F-BLM-L65177-OR, Medford District Resource Management Plan, Implementation, Medford District, Douglas, Jackson, Coos and Curry, OR.

Summary: EPA had no objection to the action as proposed. The final EIS adequately addressed previous environmental concerns raised by EPA.

ERP No. F-COE-C36070-PR, Rio Guanajibo River Basin Flood Protection Project, Implementation and NPDES Permit, Mayaguez and San German, PR.

Summary: EPA does not object to implementation of the preferred alternative for this project. However, EPA requested that additional wetlands minimization efforts be addressed prior to the issuance of the Record of Decision.

ERP No. F-FHW-C40131-NY, Long Island Expressway (I-495)/Seaford—Oyster Bay Expressway (NY-135) Interchange Project, Improvements between Exit 43 South Oyster Bay Road to Exit 46 Sunnyside Boulevard, Funding and NPDES Permit, Town of Oyster Bay, Nassau County, NY.

Summary: EPA does not anticipate that the proposed project will result in significant adverse environmental impacts. Accordingly, EPA had no objections to the implementation of the proposed project. The final EIS for the LIE/SOBE project addressed the concerns EPA identified in its review of the draft EIS.

ERP No. F-NPS-L70012-ID, City of Rocks National Reserve, Comprehensive Management Plan and Development Concept Plan, Implementation, Cassia County, ID.

Summary: EPA had no objection to the preferred alternative as described in the EIS.

ERP No. F-SCS-D36112-WV, North Fork Hughes River Watershed Plan, Installation of a Multi-purpose Roller Compacted Concrete Dam, Implementation and Funding, Flood Protection and COE Section 404 Permits, Ritchie County, WV.

Summary: EPA continued to have environmental objections with the permanent inundation of 8.1 miles of high quality aquatic habitat and 305 acres of terrestrial habitat. Because the EIS remains inadequate, EPA recommended that a Revised Draft or Supplemental Draft EIS be prepared.

ERP No. F-USN-K11055-CA, Lemoore Naval Air Station Realignment, Relocation of 98 Military Construction Projects from Miramar Naval Air Station, Implementation, Lemoore County, CA.

Summary: EPA expressed environmental concerns and recommended that the Navy amend the cumulative impact section and present the expanded analysis in the Record of Decision.

ERP No. FS-SFW-A64056-00, Programmatic EIS, Federal Aid in Sports Fish and Wildlife Restoration Programs Operation and Management, Updated Information, Implementation and Funding.

Summary: EPA had no objections to the program.

Dated: January 24, 1995.

Joint Water Pollution Control Plant, Upgrade to Full Secondary Treatment; Intent To Prepare a Draft Environmental Impact Statement

AGENCY: U.S. Environmental Protection Agency (EPA).

ACTION: Notice of intent to prepare a draft environmental impact statement (DEIS) for the upgrade to full secondary treatment for the Joint Water Pollution Control Plant located in Carson, California.

PURPOSE: To fulfill the requirements of Section 102(2)(c) of the National Environmental Policy Act, EPA has identified the need to prepare a DEIS and therefore issues this Notice of Intent pursuant to 40 CFR 1501.7.

FOR FURTHER INFORMATION AND TO BE PLACED ON THE PROJECT MAILING LIST

CONTACT: Ms. Elizabeth Borowiec, Water Management Division, U.S. Environmental Protection Agency, Region IX, 75 Hawthorne Street, San Francisco, CA, 94105, Telephone: (415) 744-1948

Summary: Description of proposed action.

Need for Action

In January, 1992, EPA and California Regional Water Quality Control Board filed suit against the Districts under Section 309 of the Clean Water Act to comply with full secondary treatment at the JWPCP. A Consent Decree was negotiated between the Districts, the United States, the Natural Resources Defence Council, and Heal the Bay to

meet this requirement by December 31, 2002. The Districts have prepared the Joint Outfall System 2010 Master Facilities Plan which addresses the need to provide full secondary treatment, as well as the long-term need for wastewater treatment, reuse, and disposal through the year 2010. In addition, the Districts have completed a draft program environmental impact report (EIR) that analyzes the impacts of the 2010 Plan as required by the California Environmental Quality Act (CEQA). The draft EIR was circulated for public review on November 14, 1994. The comment period for the draft EIR concluded on January 17, 1995. Finally, unlike most EIRs, the Districts have initiated a consultation and review process with federal agencies on this draft EIR, which is similar to the process required under the National Environmental Policy Act (NEPA). This process was launched pursuant to requirements of the State Water Resources Control Board's State Revolving Fund (SRF) loan program.

EPA intends to award direct grant funds to the County Sanitation Districts of Los Angeles County (Districts) provided under the 1995 Appropriations Act (Public Law 103-327). The purpose of the grant is for the planning, design, and construction of wastewater treatment facilities to upgrade the Joint Water Pollution Control Plant (JWPCP) in the City of Carson, California to 400 million gallons per day (mgd) of secondary treatment capacity.

Alternatives

Alternatives to the proposed action anticipated to be analyzed in the DEIS consist of:

- those alternatives analyzed in the draft program EIR, which include upgrading the JWPCP to either 400 mgd or 350 mgd of secondary treatment capacity; and
- the No-Action Alternative, where no new facilities would be funded by EPA to upgrade the level of treatment at the JWPCP.

Scoping

The focus of the DEIS will be on the construction and operation of the secondary treatment and related solids processing facilities at the JWPCP. EPA Region IX invites comments on the proposed action and alternatives to the proposed action. A separate EIS scoping meeting is not planned at this time because of the extensive scoping process already undertaken by the Districts during preparation of the draft EIR. However, public comments will be accepted after the release of the DEIS.

For additional information, contact the person indicated above.

Estimated Date of DEIS Release

Spring of 1995.
Responsible Official: John Wise,
Deputy Regional Administrator.

Dated: January 24, 1995.

Richard E. Sanderson,

Director, Office of Federal Activities.

Designation of Ocean Dredged Material Disposal Site (ODMDS) Offshore Port Everglades, FL; Intent To Prepare an Environmental Impact Statement

AGENCY: U.S. Environmental Protection Agency (EPA) Region IV.

ACTION: Notice of intent to prepare an Environmental Impact Statement (EIS) on the final designation of an ODMDS offshore Port Everglades, Florida.

PURPOSE: The U.S. EPA, Region IV, in accordance with Section 102(2)(c) of the National Environmental Policy Act (NEPA) and in cooperation with the U.S. Army Corps of Engineers, Jacksonville District, will prepare a Draft EIS on the designation of an ODMDS offshore Port Everglades, Florida. An EIS is needed to provide the information necessary to designate an ODMDS. This Notice of Intent is issued Pursuant to Section 102 of the Marine Protection, Research and Sanctuaries Act of 1972, and 40 CFR Part 228 (Criteria for the Management of Disposal Sites for Ocean Dumping).

FOR FURTHER INFORMATION AND TO BE

PLACED ON THE PROJECT MAILING LIST CONTACT: Mr. Christopher McArthur, U.S. Environmental Protection Agency, Region IV, 345 Courtland St. NE, Atlanta, Georgia 30365, phone 404-347-1740 ext. 4289 or Mr. Rea Boothby, U.S. Army Corps of Engineers, Jacksonville District, Planning Division, P.O. Box 4970, Jacksonville, Florida 32232-0019, phone 904-232-3453.

SUMMARY: The entrance channel and turning basin of Port Everglades must receive periodic maintenance dredging to ensure safe navigation. The dredged material has been disposed of at the existing interim ODMDS for Port Everglades in the past. Designation of a Port Everglades ODMDS is being evaluated to determine the most feasible and environmentally acceptable ocean disposal site for anticipated future dredging.

NEED FOR ACTION: The Corps of Engineers, Jacksonville District, has
