**SUPPLEMENTARY INFORMATION:** The FAA proposes to rule and invites public comment on the application to use PFC revenue at Lewiston-Nez Perce County Airport, under the provisions of 49 U.S.C. 40117 and part 158 of the Federal Aviation Regulations (14 CFR part 158). The City of Lewiston and County of Nez Perce has also requested that their previous application be amended. This amendment request will be addressed under Federal Aviation Regulation part 158.37(b)(1). On February 3, 1994, the FAA issued a Record of Decision approving the applicant's application for an Impose Only PFC in the amount of \$229,610, with an effective date of May 1, 1994. Collection of the PFC charge commenced July 1, 1994. The increased amount identified in the current application reflects action, by the City of Lewiston and County of Nez Perce, to identify a more accurate estimate of costs and necessary scope. This was accomplished through the development of a feasibility study.

On January 24, 1995, the FAA determined that the application to use

revenue from a PFC submitted by the Lewiston-Nez Perce County Airport was substantially complete within the requirements of § 158.25 of part 158. The FAA will approve or disapprove the application, in whole or in part, no later than May 12, 1995.

The following is a brief overview of the application.

Level of the proposed PFC: \$3.00.

Proposed charge effective date: July 1, 1994.

Proposed charge expiration date: July 1, 2003.

Total estimated PFC revenues: \$835,458.00.

Brief description of proposed project: Terminal building expansion and remodel.

Class or classes of air carriers which the public agency has requested not be required to collect PFC's: Charter carriers or air taxis which comprise less than 1% of total enplanements. More specifically, those operations by Air Taxi/Commercial Operators when enplaning revenue passengers in limited, irregular, special service air taxi/commercial operations such as air ambulance services, non-stop sightseeing flights that begin and end at the airport and are concluded with a 25 mile radius of the airport, and other limited, irregular, special service operations by such air taxi/commercial operators.
