Williams Natural Gas Company; Proposed Changes in FERC Gas Tariff

January 31, 1995.

Take notice that on January 27, 1995, Williams Natural Gas Company (WNG), tendered for filing certain revised tariff sheets to Second Revised Volume No. 1 of its FERC Gas Tariff. The proposed

effective date of these tariff sheets is March 1, 1995.

The Company states that the increased rates are required to permit the Company to recover various substantial cost increases experienced by the Company, as well as to reflect changes in the mix of services being rendered to the Company and the abandonment of most of its gathering facilities. The filing also includes certain tariff modifications.

WNG states that a copy of its filing was served on each of its jurisdictional customers and affected state commissions pursuant to § 154.16(b) of the Commission's Regulations.

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, NE., Washington, DC 20406, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 395.214).
