

(H) Article 15 Loans

The Department has conducted this review in accordance with section 751(b)(1) of the Tariff Act of 1930, as amended (the Act).

Scope of Review

Imports covered by this review are shipments of Mexican leather wearing apparel. These products include leather coats and jackets for men, boys, women, girls, and infants, and other leather apparel products including leather vests, pants, and shorts. Also included are outer leather shells and parts and pieces of leather wearing apparel. This merchandise is currently classifiable under Harmonized Tariff Schedule (HTS) item numbers 4203.10.4030, 4203.10.4060, 4203.10.4085 and 4203.10.4095. The HTS item numbers are provided for convenience and Customs purposes. The written description remains dispositive.

The review covers the period January 1, 1994 through September 30, 1994 and eight programs.

Applicable Statute and Regulations

Unless otherwise indicated, all citations to the Act and to the Department's regulations are in reference to the provisions as they existed on December 31, 1994.

Preliminary Results of Review

As a result of this review, we preliminarily determine that, during the first three quarters of 1994, MPP and Finapiel did not receive any benefits from the programs examined in the last administrative review of this order. Therefore, if the final results remain the same as these preliminary results, the Department will instruct the Customs Service to collect zero cash deposits of estimated countervailing duties, as provided by the Act, on shipments of Mexican leather wearing apparel from MPP and Finapiel exported on or after the date of publication of the final results of this review.

Interested parties may request a hearing not later than 10 days after the date of publication of this notice (See 19 CFR 355.38(b)). Interested parties may submit written arguments in case briefs on these preliminary results within 30 days of the date of publication. Rebuttal briefs, limited to arguments raised in case briefs, may be submitted seven days after the time limit for filing the case brief. Any hearing, if requested, will be held after the scheduled date for submission of rebuttal briefs. Copies of case briefs and rebuttal briefs must be served on interested parties in accordance with section 355.38(e) of the Commerce regulations.

Representatives of parties to the proceeding may request disclosure of proprietary information under administrative protective order no later than 10 days after the representative's client or employer becomes a party to the proceeding, but in no event later than the date the case briefs are due (See 19 CFR 355.34(b)(1)(iii)).

The Department will publish the final results of this changed circumstances administrative review including the results of its analysis of issues raised in any case or rebuttal brief.

This changed circumstances administrative review and notice are in accordance with section 751(b)(1) of the Act (19 U.S.C. 1675(b)(1)) and 19 CFR 355.22(h).

Dated: February 7, 1995.

Susan G. Esserman,
Assistant Secretary for Import Administration.

DEPARTMENT OF DEFENSE**Office of the Secretary****Defense Science Board Task Force on Joint Technology Issues**

ACTION: Notice of Advisory Committee Meetings.

SUMMARY: The Defense Science Board Task Force on Joint Technology Issues will meet in closed session on March 2-3, 1995 at the Pentagon, Arlington, Virginia.

The mission of the Defense Science Board is to advise the Secretary of Defense through the Under Secretary of Defense for Acquisition and Technology on scientific and technical matters as they affect the perceived needs of the Department of Defense. At this meeting the Task Force will work with the JCS Chairman and Vice Chairman in support of the Expanded JROC activities. The Task Force should place special emphasis on the application of technology to enhance the effectiveness of the evolving force structure within tight fiscal constraints and should also place a special focus on issues dealing with operations other than war.

In accordance with Section 10(d) of the Federal Advisory Committee Act, P.L. No. 92-463, as amended (5 U.S.C. App. II, (1988)), it has been determined that this DSB Task Force meeting, concerns matters listed in 5 U.S.C. 552b(c)(1) (1988), and that accordingly

this meeting will be closed to the public.

Dated: February 7, 1995.

Patricia L. Toppings,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

Corps of Engineers

Intent To Prepare a Draft Environmental Impact Statement (DEIS) for Dredged Material Placement at Duluth-Superior Harbor, Minnesota and Wisconsin

AGENCY: U.S. Army Corps of Engineers, DOD.

ACTION: Notice of intent.

SUMMARY: The U.S. Army Corps of Engineers, Detroit District, is evaluating the environmental impacts of dredged material placement alternatives for maintenance dredging at Duluth-Superior Harbor, Minnesota and Wisconsin. The Federal navigation project includes 17 miles of navigation channels, anchorage areas, and maneuvering basins, with channel depths ranging from 20 to 27 feet. Existing dredged material placement sites have insufficient capacity for future maintenance dredging needs. Alternatives under consideration for future dredged material placement include expansion of the existing Erie Pier Confined Disposal Facility (CDF) by increasing the dike heights, other diked in-water facilities, upland placement, habitat creation, and open water disposal. The no Federal action alternative will also be considered.

ADDRESSES: U.S. Army Corps of Engineers, Army Engineer District, Detroit, Environmental Analysis Branch, P.O. Box 1027; Detroit, Michigan 48231-1027.

FOR FURTHER INFORMATION CONTACT:

Duluth-Superior Harbor is located at the western end of Lake Superior between Duluth, Minnesota, and Superior, Wisconsin. The harbor is formed by the waters of the St. Louis River, the second largest tributary of Lake Superior. Approximately 113 docks or terminals at Duluth-Superior Harbor handle a variety of commodities including iron ore, coal, limestone, petroleum, steel and scrap iron, cement, general cargo, and grain.

Maintenance dredging for the Federal project averages about 150,000 yards per year. Much of the dredged material is placed in the Erie Pier CDF, which is located on approximately 82 acres along the northwest shore of Duluth-Superior Harbor. The CDF was constructed in 1979 to hold up to one million cubic yards of material dredged from the Federal navigation project over a 10 year period. Clean sand dredged from the outer parts of the harbor is generally used for beach nourishment to mitigate the effects of beach erosion along the lake.
