BILLING CODE 4910-14-M

Federal Highway Administration**Environmental Impact Statement: Winnebago, Outagamie and Waupaca Counties, Wisconsin**

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of intent.

SUMMARY: The FHWA is issuing this notice to advise the public that an Environmental Impact Statement (EIS) will be prepared for a proposed highway improvement project in Winnebago, Outagamie and Waupaca Counties, in Wisconsin.

FOR FURTHER INFORMATION CONTACT: Mr. Richard C. Madrzak, Statewide Projects Engineer, Federal Highway Administration, 4502 Vernon Boulevard, Madison, Wisconsin 53705-4905; Telephone (608) 264-5968.

SUPPLEMENTARY INFORMATION: The FHWA, in cooperation with the Wisconsin Department of Transportation (WISDOT), is currently preparing an environmental impact statement for the construction of a four-lane facility for Highway 10. The project begins at Highway "U" west of the Village of Fremont and extends easterly for 38.6 km (24.7 mi) to Highway 45 (USH 10).

The improvement of USH 10, which is a two-lane rural highway, is considered necessary to reduce heavy congestion and the accident potential along the existing route.

Planning, environmental and engineering studies are underway to develop transportation alternatives. The EIS will assess the need, location, and environmental impacts of alternatives including: (1) No Build—This alternative assumes the continued use of existing facilities with the maintenance necessary to ensure their use; (2) Upgrade the Existing Facility—This alternative would improve the safety and traffic handling capability of the existing route; and (3) Construction on New Alignment—This alternative would involve constructing four lanes on new location. The proposed project would consist of adding two lanes to the existing facility, four lanes on new location or a combination of add lanes and new location.

Information describing the proposed action and soliciting comments will be sent to appropriate Federal, State and local agencies and to private organizations and citizens who have previously expressed, or are known to have interest in this proposal. A series of public meetings will be held in the project corridor throughout the data gathering and development of alternatives. In addition, a public hearing will be held. Public notice will be given of the time and place of the meetings and hearing. The Draft EIS will be available for public and agency review and comment prior to the hearing. As part of the scoping process, coordination activities have begun. Scoping meetings will continue to be held on an individual or group meeting basis. Agency coordination will be accomplished during these meetings.

To ensure that the full range of issues related to this proposed action are addressed and all significant issues are identified, comments and suggestions are invited from all interested parties. Comments or questions concerning this proposed action and the EIS should be directed to FHWA at the address provided above.

(Catalog of Federal Domestic Assistance Program Number 20.205, Highway Research, Planning, and Coordination. The regulations implementing Executive Order 12372 regarding intergovernmental consultation on Federal programs and activities apply to this program)

Issued on: February 21, 1995.

Richard C. Madrzak,
Statewide Projects Engineer, Madison, Wisconsin.
