

(Algonquin) submitted for filing as part of its FERC Gas Tariff, effective January 23, 1995, the following revised tariff sheets:

Fourth Revised Volume No. 1
 Sub Ninth Revised Sheet No. 21
 Sub Ninth Revised Sheet No. 22
 Sub Sixth Revised Sheet No. 33
 Original Volume No. 2
 Sub Third Revised Sheet No. 401

Algonquin states that the purpose of this filing is to replace tariff sheets that were accepted by the Commission effective January 1, 1995, with tariff sheets that have an effective date of January 23, 1995.

On December 1, 1994, Algonquin filed the above-referenced tariff sheets to implement revised firm transportation rates under Rate Schedules AFT-2 and X-38. In that filing Algonquin requested that the Commission accept the tariff sheets effective January 1, 1995, to coincide with the commencement of service on the upstream facilities of Columbia Gas Transmission Corporation. In a February 3, 1995 letter order, the Commission accepted the tariff sheets with a January 1, 1995 effective date, as requested by Algonquin. Due to a delay in construction, however, service by Columbia did not commence until January 23, 1995. Accordingly, Algonquin is providing to the Commission substitute tariff sheets that reflect the January 23, 1995 effective date. Except for the change in effective date, the substitute tariff sheets are identical to the sheets accepted by the Commission on February 3, 1995.

Algonquin states that copies of its filing were mailed to all affected customers and interested State Commissions.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, DC 20426, in accordance with Section 385.211 of the Commission's Rules of Practice and Procedures. All such protests should be filed on or before March 15, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

ANR Pipeline Co.; Notice of Request for Limited Waiver of FERC Gas Tariff

March 8, 1995

Take notice that on March 3, 1995, ANR Pipeline Company (ANR) filed, pursuant to Rule 207 of the Rules of Practice and Procedure of the Federal Energy Regulatory Commission, 18 CFR 385.207, a request for limited waiver, to the extent necessary, of its tariff provisions regarding the time for the filing of restatements of its Gas Supply Realignment (GSR) and Pricing Differential (PD) Reservation Surcharges. ANR explains that its tariff requires it to update its Eligible MDQ as of April 1, 1995.

In order to avoid using estimated Eligible MDQs or different Eligible MDQs for different transition cost surcharges, however, ANR is requesting that it be permitted to restate its GSR and PD Reservation Surcharges effective June 1, 1995, the same date that its next quarterly Above-Market Dakota Costs Reservation Surcharge will become effective.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Commission, 825 North Capitol Street NE., Washington, DC 20426 in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). All such motions or protests should be filed on or before March 15, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this application are on file with the Commission and are available for public inspection.
