Becoming an Intervenor

In addition to involvement in the EA scoping process, you may want to become an official party to the proceeding or become an "intervenor". Among other things, intervenors have the right to receive copies of case-related Commission documents and filings by other intervenors. Likewise, each intervenor must provide copies of its filings to all other parties. If you want to become an intervenor you must file a motion to intervene according to Rule 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.214) (appendix 2).

The date for filing of timely motions to intervene in this proceeding has passed. Therefore, parties now seeking to file late interventions must show good cause, as required by Section 385.214(b)(3), why this time limitation should be waived. Environmental issues have been viewed as good cause for late intervention. You do not need intervenor status to have your scoping comments considered.

Additional information about the proposed project is available from Mr. Jeff Shenot, EA Project Manager, at (202) 219-0295.

[Docket No. CP95-298-000]

Columbia Gas Transmission Corporation Columbia Gulf Transmission Co., Notice of Joint Application

April 6, 1995.

Take notice that on April 4, 1995, Columbia Gas Transmission Corporation (Columbia Gas), 1700 MacCorkle Avenue, S.E., P.O. Box 1273, Charleston, West Virginia, 25325-1273, and Columbia Gulf Transmission Company (Columbia

Gulf), 1700 MacCorkle Avenue, S.E., P.O. Box 1273, Charleston, West Virginia, 25325-1273, filed a joint application pursuant to Section 7(b) of the Natural Gas Act requesting authority to abandon a transportation service provided by Columbia Gas and Columbia Gulf for FMC Corporation (FMC) performed under Columbia Gas' Rate Schedule X-128, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

The transportation service was authorized in Docket No. CP85-606-000 which approved the agreement that Columbia Gas and Columbia Gulf would transport of up to 5,000 Dth/d of gas for FMC's Baltimore, Maryland plant. Columbia Gulf would receive gas from the producer, Amoco Production Company (Amoco) at various points of receipt in Cameron, Vermilion, Lafourche, and Jefferson Davis Parishes, Louisiana. Columbia Gulf transported gas to Columbia Gas at an existing point of interconnection near Leach, Kentucky. Columbia Gas, in turn, would transport the gas to existing points of interconnection with Baltimore Gas and Electric Company (BG&E) for ultimate delivery to FMC in Baltimore, Maryland. Volumes were last transported in March of 1993 under Rate Schedule X-128. The transportation agreement provided for a primary term of three years and could continue on month to month thereafter until terminated by any party upon written notice to the other. On June 23, 1993 Columbia Gas notified FMC of its cancellation of the transportation service to be effective July 25, 1993. Columbia Gas notified Columbia Gulf and BG&E on June 25, 1993, of its intent to terminate the transportation agreement, X-128 to be effective July 25, 1993.

Any person desiring to be heard or to make a protest with reference to said application should, on or before April 27, 1995, file with the Federal Energy Regulatory Commission (825 North Capitol Street, NE., Washington, DC 20426) a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 285.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken, but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene

in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that permission and approval for the proposed abandonment are required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Columbia Gas or Columbia Gulf to appear or be represented at the hearing.

Linwood A. Watson, Jr.,

Acting Secretary.
