DEPARTMENT OF JUSTICE

Drug Enforcement Administration

Scott R. Barrett, Jr., M.D.; Revocation of Registration

On February 7, 1994, the Deputy Assistant Administrator, Office of Diversion Control, Drug Enforcement Administration (DEA), issued an Order to Show Cause to Scott R. Barrett, Jr., M.D., of Ballwin, Missouri. The Order to Show Cause sought to revoke Dr. Barrett's DEA Certificate of Registration, AB7432571, and to deny any pending applications for renewal of such registration.

The Order to Show Cause was first sent by registered mail to Dr. Barrett at his registered location, 13975 Manchester Road, Suite 4, Ballwin, Missouri. The Order to Show Cause was returned to DEA unclaimed with a notation on the envelope indicating that the forwarding order had expired. When DEA investigators visited Dr. Barrett's registered location, they found that the office was closed and had been boarded up. The Order to Show Cause was then sent registered mail to Dr. Barrett's home address of 591 Sunbridge Drive in Chesterfield, Missouri. Postal authorities were unsuccessful delivering the Order to Show Cause to the Sunbridge Drive address and therefore attempted to deliver the Order to Dr. Barrett at a third address of 1030 Meadowbrook in St. Charles, Missouri. The Order to Show Cause was returned unclaimed to DEA on June 9, 1994.

DEA has attempted to deliver the Order to Show Cause to Dr. Barrett at three different addresses. Despite the efforts of Postal authorities, each attempt has been unsuccessful. Dr. Barrett is therefore deemed to have waived his opportunity for a hearing. The Deputy Administrator now enters his final order in this matter without a hearing and based on the investigative file. See 21 CFR 1301.54(d) and 1301.57.

The Deputy Administrator finds that in May 1989, the Missouri Bureau of Narcotics and Dangerous Drugs (BNDD) inspected Dr. Barrett's clinic, located in Springfield, Missouri, for compliance with state controlled substance laws and regulations. Investigators found resigned prescription pads belonging to Dr. Barrett which were apparently to be used for providing patients with controlled substances when Dr. Barrett was out of the office. Investigators also found that Dr. Barrett maintained controlled substances on the clinic premises. The Deputy Administrator notes that Dr. Barrett's Springfield clinic was not a registered location under the

Controlled Substances Act and that Dr. Barrett was therefore not permitted to maintain controlled substances at that location.

Based on the May 1989 inspection, BNDD issued an Order to Show Cause to Dr. Barrett alleging that he was in violation of state regulations requiring all registrants to provide effective controls against theft of controlled substances. Dr. Barrett and BNDD subsequently entered into a Memorandum of Understanding which stipulated that he would surrender his state controlled substance registration for thirty days, at which time he could reapply. The agreement also imposed other restrictions on Dr. Barrett's state controlled substance registration.

Despite persistent requests from BNDD, Dr. Barrett never executed the necessary surrender forms. However, by letter dated January 2, 1992, BNDD advised Dr. Barrett's counsel that since Dr. Barrett had ceased practicing at both his offices, his state controlled substance registrations had automatically terminated. BNDD informed Dr. Barrett's attorney that Dr. Barrett was no longer authorized by the State of Missouri to possess, prescribe, administer or dispense controlled substances but that he could reapply for registration.

The Deputy Administrator further finds that Dr. Barrett's state medical license was revoked on August 6, 1992, by the Missouri State Board for the Healing Arts (Board). The Board concluded that Dr. Barrett was repeatedly negligent in his treatment of patients. The Board further found that Dr. Barrett had violated state controlled substance laws by signing blank prescriptions.

It is well established that the DEA cannot register a practitioner who is not duly authorized to handle controlled substances in the state in which he does business. See 21 U.S.C. 823(f). DEA has consistently held that practitioners who lack state authorization to handle controlled substances cannot be registered with the Drug Enforcement Administration. See *Ramon Pla, M.D.*, 51 FR 41168 (1986); *George S. Heath, M.D.*, 51 FR 26610 (1986); *Dale D. Shahan, D.D.S.*, 51 FR 23481 (1986).

Consequently, the Deputy Administrator concludes that since Dr. Barrett is no longer authorized to handle controlled substances by the State of Missouri, Dr. Barrett's DEA Certificate of Registration should be revoked. Accordingly, the Deputy Administrator of the Drug Enforcement Administration, pursuant to the authority vested in him by 21 U.S.C. 823 and 824 and 28 CFR 0.100(b) and 0.104,

hereby orders that DEA Certificate of Registration AB7432571, issued to Scott R. Barrett, Jr., M.D., be, and it hereby is, revoked, and that any pending applications for registration be, and they hereby are, denied. This order is effective May 15, 1995.

Dated: April 10, 1995.

Stephen H. Greene,

Deputy Administrator.

DEPARTMENT OF LABOR

Employment Standards Administration Wage and Hour Division

Minimum Wages for Federal and Federally Assisted Construction; General Wage Determination Decisions

General wage determination decisions of the Secretary of Labor are issued in accordance with applicable law and are based on the information obtained by the Department of Labor from its study of local wage conditions and data made available from other sources. They specify the basic hourly wage rates and fringe benefits which are determined to be prevailing for the described classes of laborers and mechanics employed on construction projects of a similar character and in the localities specified therein.

The determinations in these decisions of prevailing rates and fringe benefits have been made in accordance with 29 CFR Part 1, by authority of the Secretary of Labor pursuant to the provisions of the Davis-Bacon Act of March 3, 1931, as amended (46 Stat. 1494, as amended, 40 U.S.C. 276a) and of other Federal statutes referred to in 29 CFR Part 1, Appendix, as well as such additional statutes as may from time to time be enacted containing provisions for the payment of wages determined to be prevailing by the Secretary of Labor in accordance with the Davis-Bacon Act. The prevailing rates and fringe benefits determined in these decisions shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal and federally assisted construction projects to laborers and mechanics of the specified classes engaged on contract work of the character and in the localities described therein.

Good cause is hereby found for not utilizing notice and public comment procedure thereon prior to the issuance of these determinations as prescribed in 5 U.S.C. 553 and not providing for delay in the effective date as prescribed in that section, because the necessity to issue

current construction industry wage determinations frequently and in large volume causes procedures to be impractical and contrary to the public interest.

General wage determination decisions, and modifications and supersedeas decisions thereto, contain no expiration dates and are effective from their date of notice in the Federal Register, or on the date written notice is received by the agency, whichever is earlier. These decisions are to be used in accordance with the provisions of 29 CFR Parts 1 and 5. Accordingly, the applicable decision, together with any modifications issued, must be made a part of every contract for performance of the described work within the geographic area indicated as required by an applicable Federal prevailing wage law and 29 CFR Part 5. The wage rates and fringe benefits, notice of which is published herein, and which are contained in the Government Printing Office (GPO) document entitled "General Wage Determinations Issued Under The Davis-Bacon And Related Acts," shall be the minimum paid by contractors and subcontractors to laborers and mechanics.

Any person, organization, or governmental agency having an interest in the rates determined as prevailing is encouraged to submit wage rate and fringe benefit information for consideration by the Department. Further information and self-explanatory forms for the purpose of submitting this data may be obtained by writing to the U.S. Department of Labor, Employment Standards Administration, Wage and Hour Division, Division of Wage Determinations, 200 Constitution Avenue, NW., Room S-3014, Washington, DC 20210.
