RIN 2130-AA92

Selection and Installation of Grade Crossing Warning Systems; Notice of Proposed Rulemaking

AGENCY: Federal Railroad Administration (FRA), Department of Transportation (DOT).

ACTION: Change of hearing date and extension of comment period.

SUMMARY: On April 7, 1995, FRA published in the Federal Register a notice changing the hearing date in this rulemaking from May 9, 1995 to April 24, 1995.

FRA has reconsidered the hearing schedule as a result of comments from members of the public regarding the hardship that would be imposed on those wishing to participate in the hearings by the shortened time from resulting from the date change.

FRA is accordingly canceling the hearing scheduled for April 24, 1995 and will instead hold two days of hearings in this matter on Tuesday June 6, and Wednesday, June 7, 1995. The hearing location remains the same and will be held in room 2230 of the Nassif Building, DOT Headquarters Building, 400 Seventh S.W., Washington, D.C.

The comment period in this rulemaking is also being extended. Comments will be accepted through June 14, 1995.

We apologize for any inconvenience this rescheduling may cause however, we believe that this change in hearing dates will provide greater opportunity for all interested parties to participate in this rulemaking.

DATES: (1) Written comments must be received no later than June 14, 1995. Comments received after that date will be considered to the extent possible
