System Energy Resources, Inc., et al.
(70-8511)

System Energy Resources, Inc. ("SERI"), Echelon One, 1340 Echelon Parkway, Jackson, Mississippi 39213, Arkansas Power & Light Company ("AP&L"), 425 West Capitol, 40th Floor, Little Rock, Arkansas 72201, Louisiana Power & Light Company ("LP&L"), 639 Loyola Avenue, New Orleans, Louisiana 70113, Mississippi Power & Light Company ("MP&L"), 308 East Pearl Street, Jackson, Mississippi 39201, New Orleans Public Service Inc. ("NOPSI" and together with AP&L, LP&L and

MP&L, "Operating Subsidiaries"), 639 Loyola Avenue, New Orleans, Louisiana 70113, and Entergy Corporation ("Entergy"), 225 Baronne Street, New Orleans, Louisiana 70112, a registered holding company, have filed an application-declaration with this Commission pursuant to Sections 6(a), 7, 9(a), 10 and 12(d) of the Public Utility Holding Company Act of 1935 ("Act") and Rules 44 and 54 thereunder. A notice of this transaction was originally issued by the Commission on November 28, 1994 (HCAR No. 26173).

SERI proposes from time to time through December 31, 1996 (a) to issue and sell one or more series of its first mortgage bonds ("Bonds") and/or its debentures ("Debentures") in a combined aggregate principal amount not to exceed \$265 million, and (b) to enter into arrangements for the issuance and sale of tax-exempt revenue bonds ("Tax-Exempt Bonds") in an aggregate principal amount not to exceed \$235 million. Additionally, SERI requests authority through December 31, 1996 to issue and pledge one or more new series of its first mortgage bonds in an aggregate principal amount not to exceed \$251 million ("Collateral Bonds") as security for the Tax-Exempt Bonds.

Each series of Bonds will have such interest rate, maturity date, redemption and sinking fund provisions, be secured by such means and sold in such manner and at such price and have such other terms and conditions as shall be determined at the time of sale. However, the maturity of the Bonds and the Debentures will in no case exceed forty years. Further, the rate on the Bonds and the Debentures, which may be fixed or variable, will not exceed 15%. Additionally, holders of Bonds or Debentures would have the right to tender, or be required to tender, their Bonds or Debentures and have them purchased at a price equal to the principal amount thereof, plus any accrued and unpaid interest thereon, on dates specified in, or established in accordance with the indenture pursuant to which they will be issued.

In order to provide additional security for its obligations with respect to the Bonds, SERI may assign for the benefit of the holders of the Bonds certain of its rights under the Availability Agreement, dated as of June 21, 1974, as amended ("Availability Agreement"). Pursuant to this agreement, the Operating Subsidiaries have agreed to pay SERI certain amounts for expenses incurred by SERI in connection with the operation of a nuclear-powered electric generating station in Mississippi.

As further security for its obligations with respect to the Bonds, SERI may assign certain of its rights under the Capital Funds Agreement dates as of June 21, 1974 ("Capital Funds Agreement"). Pursuant to the terms of this agreement, Entergy has agreed to provide SERI, among other things, capital sufficient to enable SERI to maintain a 35% equity ratio, as defined in that agreement.

SERI proposes to use the net proceeds derived from the issuance and sale of the Bonds for general corporate purposes, including, but not limited to, (i) the acquisition and retirement, by means of tender offer, or open market, negotiated or other forms of purchases, or redemption in whole or in part, prior to their respective maturities, of one or more series of SERI's outstanding first mortgage bonds, (ii) the payment of construction costs and nuclear fuel costs, (iii) the repayment of long- and short-term borrowings and/or (iv) other working capital needs.

SERI also requests authority to enter into arrangements for the issuance of Tax-Exempt Bonds by governmental authorities ("Issuer") in an aggregate principal amount not to exceed \$235 million. Each series of Tax-Exempt Bonds will have such interest rate, maturity date, redemption and sinking fund provisions, be secured by such means, be sold in such manner and at such price, and have such other terms and conditions as shall be determined at the time of sale. However, it is proposed that each series of the Tax-Exempt Bonds mature not earlier than five years from the first day of the month of issuance nor later than forty years from the date of issuance.

Under the proposed arrangements, SERI would enter into one or more installment purchase, refunding or other facilities agreements ("Facilities Agreement") or one or more supplements and/or amendments thereto with one or more Issuers. Pursuant to the terms of each Facilities Agreement, the Issuer will pay to or provide for the benefit of SERI the total amount of the proceeds of the Tax-Exempt Bonds and SERI will agree to pay amounts sufficient to pay the principal or redemption price of, premium, if any, and interest on the Tax-Exempt Bonds.

In order to obtain a more favorable rating on any series of Tax-Exempt Bonds, SERI may arrange for one or more irrevocable letter(s) of credit ("Letter of Credit") for an aggregate amount up to \$285 million from one or more banks ("Bank"). In connection with any such Letter of Credit, SERI would enter into a Reimbursement
