

E. Other test results or studies.

V. Marketing Dynamics

Describe where and how the market operates for the proposed crop.

Specifically, provide the following:

A. Market characteristics:

- (1) Use—fresh or processed;
- (2) If processed, how;
- (3) Market size;
- (4) Market location; and
- (5) Market age;

B. Marketing services:

- (1) Pricing—contract or open market;
 - (2) Grading;
 - (3) Marketing Orders;
 - (4) Storage facilities;
 - (5) Processing facilities; and
 - (6) Fresh market packing facilities.
- B. Market competition:
- (1) Domestic market; and
 - (2) International market.

Notice

Accordingly, pursuant to the authority contained in the Federal Crop Insurance Act, as amended (7 U.S.C. 1501, *et seq.*), the FCIC herewith gives notice of the availability of the "New Crop Program Development Handbook" containing the data collection guidelines for use in developing new crop insurance programs.

Authority: 7 U.S.C. 1506(l).

Done in Washington, D.C. on April 4, 1995.

Suzu Dittrich,

Acting Manager, Federal Crop Insurance Corporation.

BILLING CODE 3410-08-P

Forest Service

Cleanup and Rehabilitation of the White King and Lucky Lass Uranium Mines, Fremont National Forest, Lake County, OR

AGENCY: Forest Service, USDA.

ACTION: Cancellation of an environmental impact statement.

SUMMARY: On August 10, 1989, a Notice of Intent (NOI) to prepare an environmental impact statement (EIS) for the Cleanup and Rehabilitation of the White King and Lucky Lass Uranium Mines on the Lakeview Ranger District of the Fremont National Forest was published in the Federal Register (54 FR 32837). A revised NOI was published in the Federal Register on February 12, 1991 (56 FR 5676). The draft EIS was released in August 1991, with a Notice of Availability date of August 23, 1991 (56 FR 41842). The Forest Service has decided not to prepare the final EIS on this proposal

because an RI/FS will be prepared; therefore, this Notice of Intent is rescinded.

FOR FURTHER INFORMATION CONTACT:

Direct questions regarding this cancellation to Janine Cannon, Environmental Coordinator, Lakeview Ranger District, Lakeview, Oregon 97630; phone (503) 947-6333.

Dated: March 31, 1995.

Charles R. Graham,

Forest Supervisor.

BILLING CODE 3410-11-M

South Manti Timber Salvage; Manti-La Sal National Forest, Sanpete and Sevier Counties, UT

AGENCY: Forest Service, USDA.

ACTION: Revised Notice of Intent to prepare an environmental impact statement.

SUMMARY: The USDA, Forest Service, Manti-La Sal National Forest is preparing an environmental impact statement (EIS) to disclose the environmental effects of timber salvage on the Ferron and Sanpete Ranger Districts. The Notice of Intent to prepare an environmental impact statement published February 28, 1994 (Vol. 59, No. 39, page 9462) indicated the draft EIS would be available for public review June, 1994 and the final EIS released September 16, 1994.

Completion has been delayed and revised dates for filing the draft and final EIS have been developed. The Draft EIS is estimated to be filed with the Environmental Protection Agency and available for public review May, 1995. The final EIS is expected to be released September, 1995. All other information published in the February 28, 1994 Federal Notice remains relevant.

FOR FURTHER INFORMATION CONTACT:

Questions about the proposed action and EIS should be directed to David Hatfield, Interdisciplinary Team Leader, Manti-La Sal National Forest, 599 West Price River Drive, Price, Utah, 84501. Phone (801) 637-2817.

Dated: April 7, 1995.

Aaron L. Howe,

Acting Forest Supervisor.

BILLING CODE 3410-11-M

Natural Resources Conservation Service

Buffalo River Tributaries Watershed, Searcy, Marion, Newton, Pope and Van Buren Counties, AR

AGENCY: Natural Resources Conservation Service, USDA.

ACTION: Notice of a Finding of No Significant Impact.

SUMMARY: Pursuant to Section 102(2)(c) of the National Environmental Policy Act of 1969; the Council on Environmental Quality Regulations (40 CFR Part 1500); and the Natural Resources Conservation Service Regulations (7 CFR Part 650); the Natural Resources Conservation Service, U.S. Department of Agriculture, gives notice that an environmental impact statement is not being prepared for the Buffalo River Tributaries Watershed, Searcy, Marion, Newton, Pope, and Van Buren Counties, Arkansas.

FOR FURTHER INFORMATION CONTACT:

Thomas H. Wehri, State Conservationist, Natural Resources Conservation Service, Room 5404, Federal Office Building, 700 West Capitol Avenue, Little Rock, AR, 72201, (501) 324-5445.

SUPPLEMENTARY INFORMATION: The environmental assessment of action indicates that the project will not cause significant local, regional, or national impacts on the environment. As a result of these findings, Thomas H. Wehri, State Conservationist, has determined that the preparation and review of an environmental impact statement are not needed for this project.

The project purpose is watershed protection, (water quality improvement). The planned words of improvement include conservation plans which will provide for land treatment and nonstructural (conservation easements) measures. Land treatment measures include 33,000 acres of pasture improvement, three miles of streambank stabilization, 500 acres of critical area treatment, installation of 25 animal waste management facilities. Nonstructural measures include 820 acres of conservation easements needed to establish filter strips, preserve and reestablish riparian zones.

The Notice of a Finding of No Significant Impact (FONSI) has been forwarded to the Environmental Protection Agency and to various Federal, State, and local agencies and interested parties. A limited number of copies of the FONSI are available to fill single copy requests at the above address. Basic data developed during the environmental assessment are on
