The area described contains 26,313.25 acres in Washoe County, Nevada.

The purpose of the proposed withdrawal is to protect public land from potential impacts associated with nondiscretionary land and mineral activities while studies and a land use plan amendment addressing future management of the land is prepared. The recent acquisition of 8,136 acres of land created the solid block of public land being proposed for withdrawal, in an area that was previously a checkerboard pattern of public and private ownership. Consolidation of this area into Federal ownership offers numerous opportunities for wildlife habitat protection, riparian area protection, watershed protection, cultural resources protection, and recreational uses in addition to new opportunities for mineral extraction.

For a period of 90 days from the date of publication of this notice, all persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal may present their views in writing to the Nevada State Director of the Bureau of Land Management.

Notice is hereby given that a public meeting in connection with the proposed withdrawal will be held at a later date. A notice of the time and place will be published in the Federal Register and the Reno Gazette-Journal newspaper in Reno, Nevada, at least 30 days before the scheduled date of the meeting.

The application will be processed in accordance with the regulations set forth in 43 CFR 2300.

For a period of 2 years from the date of publication of this notice in the Federal Register, the land will be segregated as specified above unless the application is denied or canceled or the withdrawal is approved prior to that date. Proposals for temporary land uses that do not significantly disturb the surface of the land or impair values of resources will be considered by the

authorized officer during this segregative period.

Dated: April 6, 1995.

Lee F. Englesby,

Acting Deputy State Director, Operations.
