

and assurances are still required of the States eligible to receive TAP funding. FY 1995 funds must be obligated by the State agency no later than one year after the end of the Federal fiscal year in which the Department awarded the grant. There will be no carryover of unobligated funds into the FY 1996 grant award. Funds must be liquidated within two years after the end of the Federal fiscal year in which the Department awarded the grant. A State's final financial report on targeted assistance expenditures must be received no later than two years after the end of the Federal fiscal year in which the Department awarded the grant. If final reports are not received on time, the Department will deobligate any unexpended funds, including any unliquidated obligations, on the basis of a State's last filed report.

Although additional funding to Florida and New York for communities affected by Cuban and Haitian entrants and refugees whose arrivals in recent years have increased is part of the appropriation amount for targeted assistance, the scope of activities for these additional funds will be administratively determined. Applications for these funds are therefore not subject to provisions contained in this notice but to other requirements which will be conveyed separately. Similarly, the requirements regarding the 10% portion of the targeted assistance appropriation as well as the supplemental funds to the 10% portion of the targeted assistance appropriation that will be awarded separately have been addressed in the grant announcements for those funds.

IX. Application Requirements

The proposed State application requirements for grants for the FY 1995 targeted assistance formula allocation are as follows:

States that are currently operating under approved management plans for their FY 1994 targeted assistance program and wish to continue to do so for their FY 1995 grants may provide the following in lieu of resubmitting the full currently approved plan:

The State's application for FY 1995 funding shall provide:

A. Assurance that the State's current management plan for the administration of the targeted assistance program, as approved by ORR, will continue to be in full force and effect for the FY 1995 targeted assistance program, subject to any additional assurances or revisions required by this notice which are not reflected in the current plan. Any proposed modifications to the approved plan will be identified in the

application and are subject to ORR review and approval. Any proposed changes must address and reference all appropriate portions of the FY 1994 application content requirements to ensure complete incorporation in the State's management plan.

B. Assurance that, for each qualified local area, targeted assistance funds will be used primarily for, but not limited to, services to cash assistance recipients.

C. Assurance that targeted assistance funds will be used primarily for the provision of services which directly enhance refugee employment potential, have specific employment objectives, and are designed to enable refugees to obtain jobs with less than one year's participation in the targeted assistance program. States must indicate what percentage of FY 1995 targeted assistance formula allocation funds that are used for services will be allocated for employment services.

D. A line item budget and justification for State administrative costs limited to a maximum of 5% of the total award to the State. Each total budget period funding amount requested must be necessary, reasonable, and allocable to the project.

States administering the program locally: States that have administered the program locally or provide direct service to the refugee population (with the concurrence of the county) must submit a program summary to ORR for prior review and approval. The summary must include a description of the proposed services; a justification for the projected allocation for each component including relationship of funds allocated to numbers of clients served, characteristics of clients, duration of training and services, projected outcomes, and cost per placement. In addition, the program component summary must describe any ancillary services or subcomponents such as day care, transportation, or language training.

States with two or more counties receiving targeted assistance funds: As in FY 1994, a State with two or more local areas which qualify for the program may choose to determine respective county allocations. If the State chooses to determine county allocations differently from those set forth in Table 1 of this notice, the State must provide a description of the State's proposed allocation plan and the basis for the proposed allocations. The application must contain a description of the allocation approach, data used in its determination, the calculated allocation amount for each county, and the rationale for the proposed allocations. States are encouraged to

revise allocation formulas to assure appropriate funding among eligible counties for the duration of the grant such that targeted assistance activities within the State conclude simultaneously. Where the State chooses not to determine county allocation amounts, the State must provide the allocations which are specified in this notice.

X. Reporting Requirements

States will be required to submit quarterly reports on the outcomes of the targeted assistance program, using the same form which States use for reporting on refugee social services formula grants. This is Schedule A and Schedule C of the ORR-6 Quarterly Performance Report form. ORR is no longer using the ORR-12 form which was originally used to report on the outcomes of the targeted assistance program. ORR is consolidating its reporting requirements. The new reporting form will consolidate social services and targeted assistance performance reporting in one format in order to simplify and coordinate reporting. The new form will be available when reporting on FY 1995 grants begins, which would be at the end of the first quarter of FY 1996.

BILLING CODE 4184-01-P

Substance Abuse and Mental Health Services Administration

Supplemental Awards to Current High Risk Youth Demonstration Program Grantees

AGENCY: Center for Substance Abuse Prevention (CSAP), Substance Abuse and Mental Health Services Administration (SAMHSA), HHS.

ACTION: Availability of supplemental funds for currently funded grantees in the CSAP's Substance Abuse Prevention Demonstration Grant Program for High Risk Populations (specifically, Module A: High Risk Youth; Module B: Female Adolescents; and Module C: Alcohol and Other Drug (AOD)-Related Violence Among High Risk Youth grantees). Excluded are grantees under Module D: Replication of Model Programs for the Prevention of Alcohol, Tobacco, and Other Drug (ATOD) Uses Among High Risk Youth.

SUMMARY: This notice informs the public that CSAP is making available

approximately \$1 million in Fiscal Year 1995 for up to 20 supplemental awards to existing grantees in Modules A, B, and C of its Substance Abuse Prevention Demonstration Grant Program for High Risk Populations. The supplemental funding is intended to demonstrate the differential effectiveness of incorporating an HIV/AIDS Prevention curriculum into an ongoing substance abuse prevention program as compared to providing such a curriculum as a stand-alone activity. Youth at risk for ATOD use are also at risk for precocious and unprotected sexual behavior. Because there is so much overlap between the youth at risk for ATOD use and those at risk for HIV/AIDS, as a result of unprotected sexual behavior, it is logical to consider enhancing an ATOD prevention program with an HIV/AIDS prevention curriculum.

Only currently funded grantees in Modules A, B, and C are eligible to apply for supplemental funding. Eligibility is limited to existing grantees because, within the one year time frame of this supplement, available funds can be used more efficiently by existing grantees with established infrastructures, a clientele under care and an evaluation staff and program in place. Module D grantees are excluded because this added project would interfere with their design to replicate a CSAP high risk youth model program.

To apply for a supplemental award, a currently funded CSAP grantee in Module A, B, or C must have more than eighteen months remaining in their current grant as of October 1, 1995. Awards will be limited to one year and cannot exceed a total of \$50,000 in direct and indirect costs. The receipt date for applications is May 29, 1995. The application receipt and review and the award process will be handled in an expedited manner. Applications will be reviewed for merit by a panel of expert Federal and non-Federal reviewers, and supplements will be awarded on the basis of merit and availability of funds no later than September 30, 1995.

Fishers Lane, Rockville, MD 20857; telephone (301) 443-0353.

Authority: Awards will be made under the authority of Section 517 of the Public Health Service Act, as amended.

The Catalog of Federal Domestic Assistance (CFDA) number for the High Risk Youth program is 93.144.

Dated: April 12, 1995.
