## SUPPLEMENTARY INFORMATION:

### Background

Pursuant to 19 U.S.C. 1505 and Treasury Decision 85-93, published in the **Federal Register** on May 29, 1985 (50 FR 21832), the interest rate paid on applicable overpayments or underpayments of Customs duties shall be in accordance with the Internal Revenue Code rate established under 26 U.S.C. 6621 and 6622. Interest rates are determined based on the short-term Federal rate. The interest rate that Treasury pays on overpayments will be the short-term Federal rate plus two percentage points. The interest rate paid to the Treasury for underpayments will be the short-term Federal rate plus three percentage points. The rates will be rounded to the nearest full percentage.

The interest rates are determined by the Internal Revenue Service on behalf of the Secretary of the Treasury based on the average market yield on outstanding marketable obligations of the U.S. with remaining periods to maturity of 3 years or less, and fluctuate quarterly. The rates effective for a quarter are determined during the first-month period of the previous quarter. The rates of interest for the third quarter of fiscal year (FY) 1995 (the period of April 1-June 30, 1995) are increased to 9 percent for overpayments and 10 percent for underpayments. These rates will remain in effect through June 30, 1995, and are subject to change for the fourth quarter of FY-95 (the period of July 1-September 30, 1995).

Dated: April 11, 1995.
